

## Chapter 10

"Leah". Alanna hissed braking my trance. "We need to leave now". Grabbing a hold of my arm she pulled me outside. Blinking a few times I fanned my face. I was hot. Never in my 18 years of being alive did I want to have sex with someone so badly. He made my body come alive and he hadn't even touched me. "What the hell was that?". She asked as we walked towards Kane's car.

"I don't know Alanna". And I didn't. I have never acted like that not even with Tommy. Even with a drink in me. It was like I couldn't control myself around him but it was like I didn't want to.

That was dangerous.

"Hey". She whispered "It's okay don't let that ruin your night". As we reached Kane's car I jumped in the back. She was right. I had dropped my guard yet again only this time I made myself extremely vulnerable. What if I was in there on my own with him? What would have happened?

The car journey was quiet the only sound was some music playing in the back ground. Bringing out my phone I opened up a new message sending one to my gran. I knew she'd know I was away out but I still liked to give her a little message.

'Don't worry I will be home by curfew. Hope you enjoy your dinner. See you in the morning xx'

I still had the unread message from Tommy sitting in my inbox but I was scared to read it. I didn't want bad news. I wouldn't be able to cope if something had happened to him or he had did is wrong something stupid.

"Leah you okay?". Alanna asked.

Putting my phone away I nodded. My buzz was disappearing fast.

As we pulled up to the club a groan fell from my lips when I noticed the length of the queue to get in. It was freezing and I wasn't prepared to stand in that line. We would be waiting outside all night at this rate.

"Jake Taylor's sister remember. We won't need to wait in that line". It was as if she could read my mind. I wondered why Jake had so much pull in this town? Alanna was forever dropping his name. Then again his parents were rich. Rich people always get what they want.

Opening the door I got out closing it behind me. Alanna was saying goodbye to Kane but I didn't miss the look in his eyes as she got out the car. He still really liked her.

"Are you sure I'll get in?". I asked feeling a little sceptical. I was after all under age, we both were.

"Stay here and watch this". As she walked towards the bouncer he bent down so she could whisper in his ear. Suddenly his eyes fell on me and he grinned. "Little lady". He yelled pointing at me "You don't wait in line ever now come through".

Well that was easy.

I could see the stares I was receiving from the people I passed but I kept my head straight. I wasn't waiting in line freezing my ass off all night. If she could get me in then I was going.

"See told you". She winked linking her arm through mine. "Lacey is already inside". I wanted to know what she said to that bouncer to get me in here. It was obvious that she came here quite often. As we pushed through the double doors to get into the main part of the club my eyes widened.

It was massive.

All I could see was colours.

Girls dancing on poles.

The bar area was mobbed.

And then my eyes landed on a little door with a bouncer standing outside it. That caught my attention. I wanted to see what was behind it.

"That's the VIP area. We'll go through there in a bit. Come on Lacey has a booth". Taking my hand she basically dragged me around with her until we found Lacey. A few other girls were with her, ones I had yet to meet.

"Hey girls". Lacey grinned as she hugged us both. "Drinks are on the table. Wow she reeks".

Lacey whispered to Alanna but I heard her loud and clear. Instantly my smile dropped.

Did she just say I reeked?

Discreetly trying to smell myself I frowned. I didn't smell and if she thought Alien smelled bad then we couldn't be friends. Feeling slightly offended I grabbed a drink off the table and downed it. I needed my buzz back before I started something I couldn't finish. I wasn't a bad person but I could handle myself if I needed too. I just didn't like mean girls.

What she said pissed me off. It made it even worse that she said it with a smile on her face. I thought Lacey was cool too.

"Come meet the girls". Lacey threw her arm around my shoulders and I went tense. Not even two seconds ago she was talking about me.

"Everything okay?". She asked.

"Peachy". Throwing back another drink I took a seat next to the famous blond girl that was always hanging over Jake.
