Chapter 7: Two In One

“Harder...Faster! Ohhhh...Zak!!!” I rocked my ass back against him faster, my breasts swaying back and forth as I rocked my body. As I had begged, Zak fucked me harder and faster burying his cock all the way while his balls slapped against the opening of my hole with each pump. His slip one hand in front and pinched my rock-hard clit making me squeeze my pussy wall tighter around his cock as I pulsated. I was near. He stroked my clit hard with his expert fingers and within a dozen thrusts, I climaxed once again throwing my head back screaming his name.

“Are you alright down there?” I heard a husky calming voice coupled with a gentle hand stroking my hair.

“Welcome back Zak...” I replied dreamily as I tried desperately to calm down from my orgasm. My normal Zak is back...finally. I thought my body would break before he returned.

“Did he give you a hard time again? You look quite bruised and broken,” he said as he kissed me gently as his tongue gently probed my mouth open to taste me. It was such a big change compared to this other self.

“Huh...so he used this toy with you already? That pisses me off, I ordered this for you...look it’s even in your favorite color, you know?” he said with a cutely depressed face as he picked up the used sex toy.

“Hey...it’s my turn now right? Judging from the state of this condom, I haven’t cummed yet,” he asked as he grabbed my hips jutting them out towards his face as he made me get on all fours. Although the normal Zak is sweeter than Black Zak but Zak is still Zak and not once since I’ve known him, was he able to get off on plain vanilla sex.

“Let me lubricate this properly so it doesn’t hurt you...using your own juices, of course,” Zak narrates in his sweet, gentle yet sadistic voice as he slowly glides the vibrator inside my cunt. I moaned a bit at the sensation of the toy slowly entering me. Then with mocking patience, Zak slowly pulled out the vibrator from my hole...completely.

“There...lubricated,” Zak smiled sweetly with joy as he shows me the now slick sex toy covered with my cum.

“No! Zak...please...” I begged him to stop when I realized what he was going to do. After turning on the switch of the vibrator he used his finger to spread my asshole open and rubbed the toy’s tip at the opening. I’ve done anal sex with Zak before but...my body shuddered at the memory. Ignoring my pleas, he started screwing the toy into my

anus. It hurts so much...I bit my lips as tears stung my eyes. I tried my best to relax my body so the pain would lessen. Soon with a final shove, it was buried to the hilt in my second hole and vibrating hard I could feel the vibration in the walls of my pussy as well.

Satisfied with his achievement, walked over and sat down on the edge of his bed.

“Come here and straddle me,” he ordered casually with dreamy eyes like a kid ordering their favorite flavor of ice-cream.

My body being a trained slave as it is, immediately started to obey his command. However, the vibration in my second hole was making me sensitive all over. Both my nipples were hard, my pussy was once again dripping honey nectar all over my inner thighs and getting up and walking over to him...was ecstasy in hell. I moaned with pleasure every step that I took towards Zak and the bed. My wetness was dripping down my legs and some onto the carpet below. Zak watched my every move intently, smiling with joy as his rubbed erect dick up and down with his hand.

Finally, after what felt like two eternities, I reached Zak and straddled him. He reached out to cup my cheek in his hands and kissed me gently, teasingly...without any tongue. I wanted more; I felt so frustrated. I swung my arms around his neck pushing his face down to bury it between my tits as my body begged him to suck me. He complied and sucked my nipples in turn, swirling his tongue around my rock-hard nubs while burying 3 fingers into my womanhood. I moaned loudly as I grinded my pussy downwards against his fingers to take them in deeper. The sensation of having both my holes filled was driving me wild as his fingers moved against my pussy wall while the vibrator was hitting the walls of my second hole. I was going to cum again...

Sensing my pussy twitching rapidly around his fingers, Zak suddenly stopped moving his fingers and withdrew them from my wetness.

“No...Zak...” I whined at him for denying me my release.

“Lower your pussy onto me. Take my cock inside you...Now.”

Both my hands planted on his shoulders, I lifted my body and hips up positioning my pussy directly above his fully-erected cock, exactly as he had commanded. I screwed the opening of my pussy onto the tip of his cock to take proper aim. His hands gripped my hips. All at once I dropped my hips down to take in his manhood as he his clenched hands yanked my hips towards him and thrust his hips upwards. His cock slammed hard into me all at once as my pussy made a squirting sound. It felt amazing, his whole dick was buried inside me to the hilt and I felt like cumming right away.

He started pumping into me fast and hard without waiting for me to adjust around his cock. Using his powerful arms to shake my body up and down making me ride his rock-hard pole. He would lift me up so his dick was almost out of my hole and then slam me right down to take in his whole length again. He bit my nipples hard and I screamed out

in both pain and pleasure. I felt his cock length grinding against my g-spot and the vibrator in my other hole and my body couldn't stop trembling...somewhere in the middle of all that I blacked out. This is what I came here for...to forget everything. For now.

"You shouldn't black out before I cum, you know...sis," Zak murmured to himself as he pumped his last final strokes into her cunt as her body sat limp leaning against his broad chest before his release took over him. He groaned with pleasure as he bit hard into her bared shoulder...

Shit...Now I gotta carry her home. Which movie should I tell Lucian that we watched?...
