

## Forgive My Ex-husband Chapter 297

"Can you help me now?" Emily looked at Jerry and said. Although her tone was mild, she was very proud of Jerry's scruple.

However, Emily did not notice the vicious look in Jerry's eyes. He was a man who would do anything to achieve his goal. Emily's threat really made him want to get rid of this person.

But it was not the right time.

"I can't break my plan now," Jerry finally compromised. He wanted Emily to know that he had his own plan, and there was not much difference between their goals.

If she really wanted to take revenge, she wouldn't ruin it.

"I know, so I won't make you too embarrassed. If necessary, you can just help me out," said Emily. Now the most important thing for her was to gain a firm foothold and find a patron, because the person who had bailed her out before might not be reliable.

But everything would be different with the help of Jerry.

"Okay. But if you let Stacy know about this, we will all be screwed." A hint of anger appeared in Jerry's eyes. He thought, 'Emily is really a tough woman to deal with. No wonder she took advantage of Jonas for so many times.'

"I know what I am doing." Emily was angry about being completely warned by Jerry, and said it stubbornly. In order to reach the goal, Emily did not continue to make things difficult for Jerry. There was nothing to talk about between the two, and when Stacy called Jerry, he left.

Ted's investigation done at a very fast speed. Not long after, a message was sent to Jonas. It turned out that Jerry indeed be with Stacy, and Stacy relied on him a lot.

David loved his daughter very much. If his daughter liked Jerry, he would of course help him.

With the help of David's position in A City, Jerry really could bring a lot of benefits to Soaring Group.

He seemed to understand why his father did this.

But, didn't Jerry know that maybe Alston was taking advantage of the relationship between him and David?

Or, it could be said that this value was deliberately released by Jerry in order to let Alston see.

All of a sudden, Jonas felt himself trapped in another trap and could not get out.

Sitting quietly beside, Melinda was nervous to see his reactions, sometimes he frowned and sometimes relaxed brows.

"Jonas, what are you thinking about?" Seeing that Jonas finally came out of his meditation, Melinda could not help but ask.
