

## Forgive My Ex-husband Chapter 355

"You attend the wedding of an illegitimate child. Aren't you afraid of being laughed at? The Gu family can't afford to lose this face." Queena wished she could point at Alston's nose and curse him. It could be said that Alston was the only person who could make Queena lose all her elegance.

"Don't call him illegitimate child all day long. It will be a joke if others hear it. As the Mistress of the Gu family, show some proper manners."

Hearing this, Alston's face darkened. Queena's words not only mocked Jerry, but also him.

He felt that his dignity as a man was provoked by Queena.

The Gu family was used to hearing the quarrel between the two people.

In order to attend Jerry's wedding, Alston wore a black handmade suit and a striped tie. Although it was simple, it was enough to show his value in the wedding.

Even though he was in his middle age, he was full of charm after dressing up. It could be seen that when he was young, he was also a handsome young man who attracted many young girls, and the appearance of Jonas and Jerry was more inherited from him.

"Manner? What is manner? Gentle and decent? Do you want me to encourage my man to have another illegitimate child to harm my child and grandson?" Queena was so angry that her chest was heaving violently. Thinking of what Jerry had done, she was even angrier.

In fact, she didn't care about herself, but she didn't want her child to be wronged.

"Jonas, do you also blame your father?" Looking at the family quarreling about these things every day, Melinda felt very uncomfortable. She wanted to dissuade them, but she did not know what to do.

At this time, Melinda always felt like an outsider and had no right to say anything.

"What?" Perplexed, Jonas looked at Melinda in confusion. He didn't know why she suddenly asked about it, but he didn't say anything.

In fact, only those who were in it could understand the feeling.

Jonas didn't know what he felt, but he just watched coldly.

"Jon, in fact, you can try to think about it from your father's point of view. Or, the existence of Jerry is already a fact. There is no need for us to investigate who made the mistake again."

Melinda hoped that Jonas could be broad-minded and not get to the bottom of it, which would only make him feel heavier.
