

Forsaken by my Mate

Chapter 26

Nico's POV

I don't know why Sabrina is making such a big deal out of this. She is acting like I am going off to war and will never come back. I

love her and I will be back for her as soon as I can. She refused to have s*x with me anymore and apparently, I just cannot comfort her, as she isn't responding to me anymore. I mean, I love her, and she is important to me, but I need to make sure that my people are taken care of, and I want Jaden to stay with her and take care of her.

She is my mate, and she may just be emotional because she is already with child. I get excited by that, as her heat is gone, and she isn't interested in me having sex with her anymore. The heat literally kind of forced it onto her, and I don't know how long her heats

usually lasted. I did ask her how long they usually lasted, but she just curled up on her side with her back to me and ignored me. She is very angry with me, but I just wish she would let me take care of my people in peace. That is all I am trying to do, but she is acting like am public enemy #1 here.

I guess I can pack to go back to Golden Summit. I waited on her to come out of the bathroom, but she stayed in there for over 4 hours and I finally gave up and packed my bag. I was going to get an uber and then have someone come pick me up from another location. I will not take the chance on someone finding my house or finding Sabrina. She is so important to me, and I cannot see why she isn't aware that I would do anything for her.

Jaden let me out of the room and then locked it back and I spoke with him for a while as I waited for my uber. I told him my plans and that is an emergency came up, he should take Sabrina back to Stone Moon, as she would be safest there. I told him I planned on calling Asher when I was getting back to my pack and then getting my pack divided up, and then I would come back for Sabrina. That he still needed to act as if she were my Luna in e very way and protect her with his life. He nodded in agreement, and I know he has a special affection for her, as he does recognize her as being his actual Luna.

I glanced back upstairs as I wanted to go back up to her, she was right. Roan had a bad feeling about me going back too, and I didn't want to leave her, I did want to stay here, but I am the Alpha and I need to finish this. These were my people, my pack members, and they deserved for me to do my very best for all of them. I knew each and every one of them, as they were all important to me. I trained with the warriors, and I knew everyone from the oldest, to the youngest, and it was my responsibility to get them safely into their new parks

My uber is here and I gave Jaden a smile and told him again to take care of Sabrina again before heading out the front door to get my ride into town, where I would have a warrior pick me up at a local restaurant. I glanced back at the house as I went to get in and I saw Sabrina slaiding in the window, she is not hiding the fact that she was crying as she watched me go to leave. I waved to her, but she

didn't wave back, and I saw the curtain fall back into place as my driver drove off. I lean my head back onto the headrest and I wonder, am I

inadequate?

Is Sabrina wasically adamant about this being a mistake. She could be right. Both her will and mine felt something

I called Jaden and asked about Sabrina, and Jaden was upset because she was refusing to eat or drink and had mentioned to him that something bad was about to happen. Jaden believed her when she said it, and I feel guilty as I played down her fears, and acted like I didn't believe her when I actually felt them too.

I told him to do his best, but that if something bad happened I reminded him to take Sabrina to Stone Moon, and that she had told me the same thing. I heard a knock on my door and buzzed it open and I smelled the intoxicating scent of my mate at the door, and I leaped up and walked over to give her a kiss.

I cannot believe Jaden pranked me like this, playing like she was upset and crying when she was right here at my pack and looked fine, with no tears and clearly very happy. I won't be sending her away. Sabrina is here, and here she will stay with me until I get my pack taken care of. I will just keep her with me at all times, and she will be totally safe. I will tell Jaden about himself when I see him. Sabrina

hugs me tightly and tells me that she missed me. I just left an hour ago. She didn't have enough time to miss me yet, but she was really upset when I left, so maybe that was why. I sniffed her neck and gave it a little suck and my mate gave a low moan and it was music to my ears.

I missed her and having her body next to mine, and it looks like she has forgiven me, as she is taking her clothes off and laying across my desk with her legs spread for me and I need no other invitation. I locked my door and quickly strip and went to her and dropped to my knees to give her what she loved first.

Sabrina is screaming out her pleasure and I am so glad that she has forgiven me. I felt so guilty about coming back here because she was so upset, but I know she changed her mind, as she has joined me here now, so she can see that everything is fine here. There was nothing bad going to happen on my watch and I could keep her safe. I sucked on her clit, and I felt her come undone shaking and moaning on my desk and her moans are music to my ears. I quickly line up to her pa'y and drive into her hard and begin a pounding

pace as I hear my mate moaning harder than she has ever moaned before and I can tell how much she is getting into it.

I don't know how much longer I will be able to hold out as I am so happy to have my mate here with me. I increase my tempo and pull Sabrina closer down to me holding her waist steady as I continue to pound into her. I love her so much and she is really getting into this and being more vocal about it this time around. I am happy to be bringing her pleasure and her moans are driving me wild. I am trying to hold out as best I can, but I know that she is close, and I won't last too much longer. I let go of Sabrina's waist and used my thumb to press down on her clit and I heard her scream out her release and come hard. I felt the clench on my dink, and I come too, calling out my pleasure as well, and then leaned down and gave Sabrina a passionate kiss and before sniffing her neck at her marking spot, and taking in a deep breath. This felt so good, and I can still feel Sabrina's legs shaking with her o****m. I help her up on the desk

and tug her into my lap after I sit down on my chair and wait for my breathing to even out.

"That was the best, Nico. I love you so much", Sabrina told me and gave me a kiss.

I was so happy. I have my mate here with me at my pack and she loved me and wanted to be with me. I don't need anything else in this world other than Sabrina. I told her, "I love you utoo Sabrina", and I felt her stiffen in my arms a little, before relaxing. I stroked her hair and held her tomy chest, I wish I had been able to have her in my pack this whole time, but I was worried that Shelby would get her. I

hope Shelby slays a way for a while, so I won't have to worry about my little mate, as I know that she would want to hurt her, and I cannot allow that

I will do whatever it takes to make sure that we have our happily ever after. If I have to, I would ban Shelby from Golden Summit until I can get my pack members taken care of. I snitted Sabrina again and I am so glad that I will be able to sleep in our room together and in our bed together. I mindlinked an Omega lo come to my office after we got dressed and when she arrives, I asked her to go and Chiang out my bedding, as inymate had finally arrived. I saw her look al Sabrina in surprise and then look back at me in a questioning way and al aitted by saying, "I need you to change out the liners in my bedroom, from the ones on the bed now. My mate is here, and I would like the lo have fresh linens." The Ore pa looked surprised again but went ahead to go up to my room to change out the bedlinens.

I noticed my mate going with the probably to see where our room was, and smiled after them. I am happier than I have been in a long time, and it is because my mate is finally at my pack, I can't wait to introduce her to my pack members.
