Forsaken by my Mate

Chapter 30

Nico's POV

I sniff into Sabrina's neck again and inhale deeply. I am very stressed out right now. Jaden just went off on Sabrina, and he was always so kind to her, I cannot allow disrespect like that to occur by my pack members. Everyone seemed to be really skittish in the dining hall tonight when I introduced my mate Sabrina to them. Some looked outright scared, and I have no idea why. Sabrina is a kind a sweet soul, she will be an excellent Luna and I am so proud of her.

She is currently sitting on my lap in my office, and I had just gotten through having s*x with her again. It is like she is insatiable. We are having sex more now than we did when she was in heat. I cannot believe my luck, but I want my hands on her all the time. I am so glad she is done with the "warnings" that she was telling me because frankly, it was getting on my nerves. I may have a smaller-sized pack, but I am a very strong Alpha. I go to get up and Sabrina makes a little whining sound about being put down, and I have to say I really love this side to her, I love her

doing whatever I want, when I want her to, and with no backtalk. I feel like she respects me more now that she is here in my pack, and I am so glad that she is here with me. I heard a knock on my door, and I buzz it open to see my Gamma James standing there, he looks nervous. "Can I have a word with you Alpha?" Gamma James asked me.

"Sure, what did you need, James?" I asked him.

"Can we speak alone Alpha?" Gamma James asked me. Before I can open my mouth to agree, Sabrina spoke and said, "No, I am the

Luna, and anything you have to say to Nico, you can say in front of me". I thought it was phrased a little bit hostile, but I agree, anything he had to say to me, he can speak in front of the Luna.

"I am con cerned as I wanted to ask what your plans were in case Stone Moon decides to go to war with us Alpha? The 72 hours was

up last night, and they could be authorized to start the war proceedings now" Gamma James said and then looked over at Sabrina after he said it. What the hell is he thinking? They will not go to war with us. Sabrina is here in the pack, and they would never make her be at risk *Everything is fine no wJames, Sabrina is here with me, they would never wage a war where she could be hurt. It is fine, I will get wth Asher tomo rrowabout getting my pack members out of here safely, I have just been too busy today here with Sabrina to have called has to get it settled toda y.I will call him in the morning, and we will get it taken care of there, is nothing to worry about. They would

bewe wake war with ber on our pack lands" I told James and I felt Sabrina stiffen. Maybe she would like to call him herself, I don't know why I didn't think of that. The look on James' face is making me wonder what the hell is wrong with all of my top people all of a sudden. Jaden just up and rejected his position and his pack for no reason. We had been friends since we were pups, and then he leaves me for no "Would you like to be able to speak to tuin tomorow baby, I am sure that they miss you and are worrying about you. You can let the hew Vigi you all e OK wid that we will see them soon" I told her, and she is looking at me like she is about to burst out crying

My two highest ranks wolves left me, as soon as my mate came here. It doesn't even make sense. He is asking if we are going to war with Stone Moon when I have the Alphas sister literally sitting on my lap right now? This cannot be happening to me. I cannot make sense

of it. James excused himself from my office and took off like he knew that we were about to be surrounded. That is ridiculous. I helped Sabrina up and I am trying to figure out what the hell is going on. Those two men have been with me for a long time, we grew up together and I trusted them both with my life. They both implied that Sabrina was not Sabrina, but I can see for myself that it is indeed Sabrina. I would know my mate anywhere, I am not an i***t. I am done with today and I pick my mate up and nuzzle her as we head to my quarters. Sabrina has been at home this whole time, it was like she knew where everything was already and didn't have to ask. When I asked her about it, she just shrugged and said, "That's where I would have put it" and kept on going. It made sense so I left it alone. Sabrina is happy to shower with me and I was glad to have another round with her in the shower. I remember how she looked to me getting out of the tub when I first made it there to her when her heat started. I remember seeing her perky breasts getting hard as I looked at her, and I cannot wait to take her again.

making little noises in her throat. I love how much my little mate makes me completely happy. I wish I had gotten rid of Shelby that nigh and just took Sabrina right then and marked her as my mate. I continue to pound into her until she comes undone and cries out her pleasure into the room. No matter what, as long as I have Sabrina, I will be happy. All my members could leave, and as long as I have her, will be OK snuggle into her back and put my arm around her waist and said, "I love you Sabrina" and I feel her stiffing up again on me. She did it last night too like she got mad that I said it. But I do love her and would do anything for her. She will know in the following days

I cannot wait to bury myself in her again and I growl out in satisfaction as I enter her hard and keep that tempo up as I hear her

exactly how much I love her, as I dismantle my pack to go to their new packs, so we can be together forever at Stone Moon. We both fall into a peaceful sleep, and we awoke to a loud banging on my door. "Alpha please wake up. We are surrounded and Beta Jaden and Gamma James are no longer with the pack, and we don't know what to do" one of my wa rrors calls out to me.

Galt and he pave us 10 minutes to get you to the gate, or they would start to level our pack" "What in the "k?" What is going on n ow? I got up quickly and put my clothes on. I glanced over at Sabrina, and she is sitting there
