Fortune Chapter 26

After leaving the South Suburban Branch, Ye Han followed Lin Baimo to the car, the driver was Tang Haibin, as for Zhou Yun'er, she drove a separate car by herself, after getting into the car, Ye Han said to Lin Baimo; "Brother Lin, it's so late to bother you, I thank you for this today."

Lin Baimo waved his hand and said; "Hanzi, that's not nice of you to say, you're my brother, how can I just sit back and do nothing, don't say thank you because I treat you like a brother."

Hearing Lin Baimo's words, Ye Han was very touched in his heart, if there was only one person in this world who really treated him as a brother, I'm afraid Lin Baimo was the only one who really treated him as a brother, although Lin Baimo had something to ask him, but Ye Han who had the Yin Yang Dharma Eye could still feel his sincerity, which could not be faked.

"Hey, hey, hey, I say you two should stop being sour, there should be a part for me in this matter of contributing." At this time, Tang Haibin, who was driving, couldn't help but whine, Lin Baimo laughed and said; "You guys did contribute to this today, by the way, Hanzi, this guy's name is Tang Haibin, just now he heard that you were detained at the police station and said he wanted to come with me to see you."

Ye Han nodded at Tang Haibin and smiled; "Thanks a lot Brother Tang, I'll treat you to dinner and drinks some day."

"Haha, good, Hanzi, just because you call this brother you brother I Tang Haibin identified, to drink I think not another day, choose a day rather than crash, let's do it today, also be considered to give you a pressure, you see how?" Tang Haibin said with a big smile.

Ye Han turned his gaze to Lin Baimo, who nodded, then Ye Han also said; "In that case, let's make it today, Brother Tang, you pick a place and take us there directly, it's my treat."

"Haha, good, I know a big stall that tastes good, it's a lively time, let's go somewhere." After saying that, Tang Haibin stepped on the gas and sped off, afraid that he wouldn't be able to find a place if he went late.

Lin Baimo took the time to call Zhou Yun'er and told her where she was going next. Not long after, under the leadership of Tang Haibin, a group of four people arrived at a lively street, which was known as the food street of Shanghai City, where the food was not expensive, but the taste was excellent, and many people liked to come here to try the food.

Of course, the average rich young master would not come to such a low-grade consumption place, but Lin Baimo and Tang Haibin were an exception, which also made Ye Han's good feeling towards them deepen a few points, after the four of them got off the bus and came to a brother stall place, which mainly dealt with barbecue category.

"Boss, give me four copies of all the barbecues you have here, as well as a few more cases of beer." As soon as he sat down, Tang Haibin shouted, you could tell he was familiar with the place, the boss answered cheerfully; "Okay, wait a moment, it'll be here soon."

“Fatty Tang, can you finish ordering so much?” Zhou Yun’er took a look at the variety on the grill and rolled her eyes. Hearing Zhou Yun’er’s words, Tang Haibin’s face darkened, then laughed bitterly; “I say, sister Yun’er, can you not call me Fatty Tang, I’ve lost over thirty pounds.”

“Hmph, that’s still a fatty.” Zhou Yun’er gave Tang Haibin a white glance, causing Ye Han and Lin Baimo to burst out laughing, then Lin Baimo looked at Zhou Yun’er and said; “Sister Yun’er, for this matter of Hanzi, you should have used your family’s connections, right, the provincial hall gave a direct order, this is not something that ordinary people can do.”

Zhou Yun’er smiled and said; “I didn’t do anything, I just called my grandfather, he arranged everything else.”

“So it was Elder Zhou who stepped in, no wonder.” Lin BoMo nodded in understanding, hearing the conversation between the two, Ye Han was more than touched in his heart, these three people were all using their hearts to treat him as a friend.

Zhou Yun’er then looked at Ye Han again and asked; “By the way, how did you get into the police station?”

Why did Ye Han enter the police station, Zhou Yun’er is not very clear, Lin Baimo called her only said that Ye Han had an accident, people in the southern suburbs branch, Lin Baimo and Tang Haibin also some curious, although in the phone Ye Han roughly said under the passage, but Lin Baimo still do not know the passage of this.

Ye Han looked at Zhou Yun’er and said; “Do you still remember the last time we were almost kidnapped? It was Master Feng, the owner of the No Drunkenness Bar, who sent someone to do it, I went to the No Drunkenness Bar and found Master Feng, and ended up fighting with them then went into the police station, and you all know what happened next.”

“Holy shit, Hanzi, that’s fierce enough!” Tang Haibin gave a thumbs up towards Ye Han and said; “As far as I know, that Master Feng used to be a famous ruthless man on the road, extremely skilled, and he also has dozens of fighters under his hands.

Lin Baimo said; “That Master Feng should not be the mastermind, he is just a dog raised by the Bai family, and he does not have the guts to kidnap Yun’er’s sister, there must be someone behind him.”

Ye Han nodded and said; “No surprise, it should be Bai Luofei, I had a grudge against him in Shanghai City.”

“Hmph, that stupid ass Bai Luofei dares to touch my brother and sister Yun’er, damn it, I’ll have to break both of his legs if I meet him one day.” Tang Haibin said with a fierce look on his face, as the top gentry in Shanghai City, the fact that he was saying this meant that he had the strength to do so.

“I won’t let him go either.” Zhou Yun’er also said with a frosty face.

“Forget it, let’s forget about him for now, come, come, let’s drink and forget all the unpleasantness tonight.” At this time, the wine and food were served, and the fragrance filled the table, so the four people started to eat. In order to celebrate knowing Ye Han as a brother, Tang Haibin frequently asked Ye Han to drink at the table, and Ye Han was really afraid of getting him drunk, but in Tang Haibin’s own words; my brother had one and a half catties of white wine, and beer was freely poured.

He was rarely drunk before, and his drinking capacity was very poor, but since he started his training, his drinking capacity has grown rapidly, and Tang Haibin, who rarely meets his rivals at the table, admires him.

Ye Han found that after Zhou Yun'er took off her disguise of being a strong woman in the business world, she was also very crazy about her drinking.

The time had already reached one in the morning in the process of drinking, and Tang Haibin, after drinking two and a half cases of beer, went straight to sleep under the table and started snoring.

The only one who wasn't drunk in the room was probably Ye Han, although Lin Baimo wasn't drunk, he was getting close, looking at the two drunken guys, Lin Baimo laughed and cursed and kicked Tang Haibin; "Damn it, I'm the one who carries you every time, the key is that you're still so fat!"

Ye Han glanced at Zhou Yun'er who had fallen on his shoulder, then looked at Lin Baimo and said with a bitter smile; "What should I do here?"

Hearing this, Lin Baimo rolled his eyes and said; "Are you really ignorant or not, can't you see that sister Yun'er is interested in you? What else can you do, of course you send her home to sleep."

Ye Han of course didn't really don't understand, it was just that this came a bit too suddenly. In the end, after some negotiation, Lin Baimo carried Tang Haibin home, while Ye Han naturally took a taxi home after paying the bill, as for driving Zhou Yun'er's car, he didn't know how to do it yet.

After stopping a taxi, Ye Han took Zhou Yun'er towards her villa complex, the place where Zhou Yun'er lived was called Jing Shan Villa Complex, Ye Han still remembered this place.

Looking at the sleeping woman in his arms, Ye Han had mixed feelings in his heart, everything that had happened during this time was like a dream to him.
