### Fortune Chapter 361

The Shouyi Sect Elder!

These words made Ye Han's eyes stare, so this Wu Yifeng was the disciple of the Shouyi Sect Elder, no wonder his Shouyi Quan was so exquisite, so he was being taught by the Shouyi Sect Elder, a famous teacher.

However, the Shouyi Sect Elder was still unable to suppress Ye Han, a mere Elder, could he still represent the Shouyi Sect? What's more, Ye Han originally had no good feelings towards the Form of Will Sect, asking him to apologise to Wu Yifeng was simply a delusion.

"Elder of the Form of Will Sect, what a big identity." Ye coldly smiled and said; "Then, I wonder how you want me to apologise to your useless disciple, Elder Li?"

"Bastard, who are you calling useless? I want you to kneel down and apologise to me." With these words, Ye Han angered Wu Yifeng and directly opened his mouth to ask Ye Han to kneel down and apologize to him, what martial artists were most concerned about was dignity and face, although this request was somewhat unreasonable, but when Elder Li heard this, he didn't say anything, Wu Yifeng was his disciple, so he naturally had to stand on his side.

"Seeking death!"

With these words, Wu Yifeng had undoubtedly offended everyone, kneeling, these two words were scars inside Ye Han's heart, anyone who dared to say such words again in front of him would not have a good outcome. Therefore, Foolish Ben was the first to become angry, that terrifying fist blasted out, the sound of breaking air was like the sound of an engine buzzing, the powerful oppressive force instantly made Wu Yifeng feel that he could not even breathe, it felt like someone was choking him, extremely uncomfortable.

Sensing the power of Silly Ben's punch, the heart of Li Changfeng, the Shouyi Sect's elder, was shocked. Li Changfeng also threw a punch, which was a collapsing fist of the Five Elements Fist. Don't look at the old man's age, but the power that burst out instantly was extremely strong.

His eyes swept over everyone in the room, and immediately, his eyes became extremely ugly, because only now did he realise that apart from Silly Ben, the expert, there were also Sun Bumian and Zhou Lie in the room, and if these three had struck together just now, it would have been difficult for him to escape.

Wu Yifeng was frightened by Silly Ben's punch, and after he reacted, he hurriedly hid behind the old man, and he couldn't understand why there was such an expert around Ye Han.

"Young man, who are you?" Li Changfeng's gaze looked at Ye Han, the people in here all seemed to be centred on this young man.

Ye Han said indifferently; "There won't be another person in the world who can make me kneel, could it be that your disciple didn't tell you my name before coming here? To make me kneel, he is too old to live, right?"

"Yifeng, who is he?" Li Changfeng asked indifferently.

“Master, his name is Ye Han, you must take revenge for me.”

“Ye Han, could it be ..... South Ye Han!” Li Changfeng’s brow furrowed, he didn’t expect that the person his disciple had provoked was the youth who was known to the world right now, right now, the word Ye Han was also circulating inside the ancient martial sects.

“So you are Ye Han, no wonder.” Li Changfeng said with a faint look in his eyes; “Although here is your territory, I can’t do anything about you, but if you don’t want to invite an enemy in, then, you have three days, after three days you’d better apologize in person, otherwise, my Shouyi Sect doesn’t care who you are, moreover, I heard that you are hanging out with my Shouyi Sect’s outcast, bring a message to Zhao Hengtian for me, soon, there will be people from the Form of Will Sect to find him.”

It was no secret that Ye Han had Zhao Hengtian’s presence behind him, in fact, the Form of Will Sect had long known that Zhao Hengtian had reappeared, but at the moment, the Form of Will Sect held two schools of thought, one school advocated abandoning the grudge, the other school advocated catching Zhao Hengtian, the opinion had not yet been unified, however, the situation could not last much longer, that woman could not protect Zhao Hengtian for much longer.

“To apologise on your doorstep, I think you are delusional.” Ye coldly laughed and said; “Since you know that I hang out with Zhao Hengtian, then you should know that if you want to find trouble with Zhao Hengtian, you still have to ask me, Ye Han, if I agree, no one can touch Zhao Hengtian, your Shouyi Sect is very powerful and has countless experts, but it doesn’t necessarily mean that you can do whatever you want.”

“Hmph, arrogant, it seems that the lesson brought to you by Nalan Miantian is not enough.” Li Changfeng snorted coldly and said; “I have left my words, I will wait for you at the Hangquan Hotel for three days, you had better think it over, after three days, if you do not appear, then you, Ye Han, are the enemy of my Form of Will Sect.”

“Hmph, enemy!” Ye Han laughed coldly and said; “I really want to know what it would be like to be the enemy of your Formal Will Sect? Old man, you need not press me with the signboard of the Form of Will Sect, although I am young, I have not been scared to come this far.”

“Being an enemy of the Form of Will Sect will definitely make you regret it, if you don’t want to be laughed at by the world once more, I advise you better think it over.”

After saying this, Li Changfeng with a cold face led Wu Yifeng out of the Heavenly Dragon Club, it was naturally impossible to make Ye Han apologize now, Li Changfeng also did not want to force Ye Han right here, if he really forced Ye Han, Li Changfeng himself was not sure he could leave here intact.

After all, Silly Ben, Sun Buwei and Zhou Lie were not vegetarians, and if they really started fighting, Li Changfeng’s master and disciple would not have to leave today.

“Damned old man, what kind of Shouyi Sect, is it great? You really think you’re some kind of supreme being, and you’re apologising at the door, what a nice thought, Hong Sen, find something for Liu Jian and the others to do, tell them to go to the Hangquan Hotel, arrest this old man and lock him up for a few days, I don’t believe he still dares to defy the state law enforcement forces.” Xu Qing’s face was very unpleasant, on this landlord of Jiangsu and Zhejiang, there was still someone who dared to force Ye Han, was this not a slap in his Xu Qing’s face.

Hong Sen nodded and said; "I will personally take care of this matter, and absolutely pit this old fellow to make him dumb and regret his actions today."

In this aspect of pitting people, Xu Qing and the others were veterans, and Ye Han did not stop them, although Li Changfeng held himself in high esteem, but in the face of state power, even if he was an elder of the Shouyi Sect, he would not dare to act recklessly, it was good to give this old fellow some trouble, lest he think that the Shouyi Sect was really omnipotent.

Ye Han said; "Brother Zhou, tell He Yaozong and the others to keep an eye on this Li Changfeng, after we settle the Heavenly Dignity Society and Jiang Yutang, it's best if this old man doesn't act recklessly, if he does, even if he is an elder of the Form of Will Sect I dare to let him know what it means that people can't bully the young."

### **Fortune Chapter 362**

It's a dark and windy night!

It was a dark night, with not a single star in the dark sky, and now that winter was approaching, the weather was getting colder and colder.

The stronghold of the Heavenly Dignity Society remained the same, the same courtyard as last time, but, as if foreseeing that something would happen tonight, it was dark inside the stronghold of the Heavenly Dignity Society, seemingly empty, and the whole atmosphere was quiet and eerie.

In this quiet atmosphere, with a creak, the door of the Heavenly Dignity Association's stronghold was pushed open. The sound from the thick wooden door in this quiet dark night gave people a feeling similar to watching a horror movie.

Ye Han entered the courtyard without hiding anything, just strolling in with a swagger, as if treating the place as if it was their home, relaxed and casual.

Standing inside the courtyard, under the darkness, a cold smile appeared on Ye Han's face. This stronghold appeared to be empty, but in fact, in the surroundings, the experts of the Heavenly Dignity Society had already ambushed them, and there were also several experts inside the courtyard who were quietly staying in some room at the moment.

Naturally, Ye Han's actions could not be concealed from the ears of the Heavenly Dignity Society, and of course, the Heavenly Dignity Society knew that he was going to make a move tonight, so that was why there was this scene now.

"First Heavenly King, we are considered old friends, since I, Ye Han, have arrived, as an old friend, shouldn't you come out to greet us?" Ye Han's voice passed out in the night sky, clear and bright, and the next moment, the entire courtyard became brightly lit, illuminating the night sky around it.

Immediately, a loud laugh came out from inside the main house, followed by the appearance of Angry Buddha Vajra, the First Heavenly King and the Third Heavenly King, all three of them walked out from inside that main house together, looking at Ye Han, and while they were laughing, there was an endless killing intent being released in their eyes.

Around them, footsteps came continuously, the experts of the Heavenly Dignity Society appeared in and around the courtyard, almost surrounding the courtyard with three layers inside and three layers outside, anyone who wanted to walk out from here, unless they killed them.

“Ye Han, you really dare to come, last time here you were allowed to win once by a fluke, but this time you won’t be so lucky, because tonight, this Heavenly King will definitely kill you with his own hands.” For Ye Han, among the masters of the Heavenly Honor Society, the First Heavenly King hated him the most, because of Ye Han, last time all the forces under him were wiped out, and he was still a bare commander to this day, also because of Ye Han, now his name existed in the Heavenly Honor Society, although he still had the name of the First Heavenly King hanging over his head, but there were not as many people who believed in him as before.

Moreover, the Black Widow also had a problem with him. If he hadn’t insisted on coming this time, the Black Widow would have told him to sit at the headquarters and not let him take part in this operation.

“First Day King, why wouldn’t I dare to come? That head of yours has been on my mind for a long time, I can’t sleep at night!” Ye Han looked around the scene, he smiled lightly and said; “It seems that Black Widow has learnt her lesson from last time, this time the line-up out is much stronger than last time, since Black Widow thinks so highly of me, I can’t let her down, I’ve been hungry for a long time, it’s just the right time to have a full meal tonight.”

“Hmph, trying to eat us, Ye Han, you’re too naive, it’s questionable whether you’ll live tonight.” Angry Buddha Vajra had a furious look on his face, the cross flesh on his face was like that of an executioner butcher, not at all like a monk.

“Angry Buddha, Qin Heavenly King, tonight, his life will be given to me.” The Third Heavenly King looked at Ye Han with a murderous intent, the last time Ye Han made the Heavenly Dignity Society suffer such a great loss, right now everyone inside the Heavenly Dignity Society wanted to kill Ye Han, and the Third Heavenly King was naturally the best of them.

The First Heavenly King said coldly; “No, his life is mine, and this Heavenly King is going to wipe out his shame tonight.”

Hearing the conversation between the First Heavenly King and the Third Heavenly King, Ye Han smiled lightly and said; “Don’t even argue, whoever comes is the same, because tonight, I won’t let you live to see the sun tomorrow.”

“Arrogant brat, with just the four of you?” The Angry Buddha said with a cold smile; “In terms of experts, we are evenly matched, and even if you still have a backhand, you will definitely die tonight. In her opinion, the lure of the East China Underworld is not enough to compare with killing you. In order to get rid of you, the poisonous tumor, and to deal with you, the madam has been preparing this plan for a long time.

At these words, Ye Han narrowed his eyes and smiled; “So, apart from you, you have other arrangements for this evening? If my guess is good, it should be related to the Blood Hand Hall, right?”

“Hmph, clever, no wonder the Black Widow is willing to give up the East China Underworld and not want to get rid of you, Ye Han, you are too clever and terrifying! You cannot be kept tonight.” In the darkness

of the night, a tall figure came flying, finally landing steadily in the middle of the courtyard, looking at Ye Han, standing with his hands folded, his eyes cold to the extreme.

Jiang Yutang, he had appeared!

Looking at the Jiang Yutang that appeared, Sun Buwei and Zhou Lie, who had an encounter with Jiang Yutang, both tensed their bodies, Jiang Yutang had actually appeared here, and looking at the situation, he should have gone together with the Heavenly Dignity Society to jointly deal with them.

So, the news that Jiang Yutang was still at the West River headquarters was simply a lie, he had arrived in Jiangzhe a long time ago, but had only been hiding and not appearing, in order to, wait for Ye Han to appear, and then unite with the experts of the Heavenly Dignity Society to completely kill Ye Han.

Jiang Yutang, Angry Buddha Vajra, together with the First Heavenly King and the Third Heavenly King, this kind of lineup was extremely powerful. If Ye Han hadn't broken through and secretly didn't have the Heavenly Dragon Guard, a killer weapon, then, tonight they came here is the end of the road, the end of their lives.

In order to deal with Ye Han, she was willing to make a gentleman's agreement with Jiang Yutang, willing to give up the underground world of East China, she only wanted Ye Han's life, in fact, from this point can also see how much the woman Black Widow hates Ye Han, she is known for her strategy, after the last time she came to Jiangsu and Zhejiang, twice and Ye Han crossed paths, did not have a half Not only did she not get the upper hand, but she almost left her life behind in Jiangzhe and fled back to South China in a mess with Angry Buddha and the others.

The appearance of Jiang Yutang took him by surprise, but only for a moment. Last time, in order to deal with the Black Widow, he could find the White Faced Warlord to unite with him.

With this move, the Black Widow was learning from him, or more aptly, she was using her own way to treat others.

### **Fortune Chapter 363**

"Even you, Hall Master Jiang, have shown up, it seems that the Black Widow has put down her blood money this time!" Ye Han looked at Jiang Yutang with a faint smile and said; "Hall Master Jiang, we haven't seen each other for quite some time, I don't know if you've recovered from your injuries?"

"Hmph, Ye Han, today this Hall Master wants to settle old scores with new ones, you will definitely die." Jiang Yutang's face emitted an extremely terrifying aura, his face was unusually hideous and terrifying, he also hated Ye Han to the bone, because of Ye Han, Blood Hand Hall had suffered repeated losses, it could be said that Blood Hand Hall had come to this point today, it had nothing to do with the Heavenly Dignity Association, the main reason was because of Ye Han.

If it wasn't for Ye Han who killed several of the Blood Hand Hall's great generals in succession, would the Blood Hand Hall have come to this state?

"Hall Master Jiang, why bother with him, it's better to settle him early to avoid accidents." Angry Buddha Vajra said indifferently to Jiang Yutang.

Jiang Yutang nodded and said; “Good, he’ll be handed over to you guys, as for the few guys around him, I’ll leave them to me, from today onwards, there will be no more Ye Han in East China.”

After saying that, Jiang Yutang stepped out, a domineering and terrifying aura enveloped the entire night sky, the three Angry Buddha Vajra likewise strolled out, their three gazes were fixed on Ye Han, tonight, the three of them together, Ye Han would never have a way to live.

“What a powerful line-up!”

Looking at this formation, Ye Han’s face gradually turned cold, but just at this moment, frightened screams rang out violently from the courtyard’s surroundings, the Heavenly Dignity Society’s experts were in chaos, which was interspersed with the sound of flesh being torn apart, which looked unusually terrifying and cold under this night sky.

Hearing this commotion, Jiang Yutang and Angry Buddha Vajra all stopped one after another and looked at Ye Han with cold eyes, was the backhand Ye Han had prepared finally going to appear?

In fact, Jiang Yu Tang and the others would naturally not believe that Ye Han had come with just three people, in secret, Ye Han must have other preparations, but even if Ye Han had other preparations, they would not worry, because this night, with this kind of formation of theirs, was quite terrifying.

Rumble!

Terrible sounds of battle rang out around the courtyard, in less than half a minute, the experts of the Heavenly Honor Society outside the courtyard were decimated, their bodies filled the ground, blood flowed into rivers, their deaths were gruesome, some of these people were directly torn in half by the powerful force, the Heavenly Dragon Guards had trained inside the forest for so long in life and death, facing those inhuman monsters all day long, they had long since developed their poisonous methods, at this moment, this group of experts of the Heavenly Honor Society in They were not human at all in their eyes, treating them like monsters inside the forest and killing them brutally.

The walls of the courtyard were knocked down by a terrifying force, the rumbling sound made the earth tremble, and amidst the dust, a group of men whose whole bodies were filled with a terrifying blood-devouring aura slowly appeared inside the courtyard, a powerful aura that instantly made the faces of the experts of the Heavenly Dignity Society change in unison.

Little Ren Yu, a whole dozen Little Ren Yu! Moreover, these people were not ordinary Little Ren Yu realm experts, the aura they carried was too terrifying!

Jiang Yutang’s face changed, as did the faces of the three Angry Buddha Vajra.

They all did not expect that the backhand Ye Han had prepared in secret would be so terrifying, Ye Han, where on earth had he found these twelve fierce men with terrifying strength? Why had there been no news at all before?

“Heavenly Dragon Guards, kill to your heart’s content, all the people here tonight will be your prey, this battle tonight is the time for you to become famous in the underground world, Heavenly Dragon Guards, with me you are invincible!”

“Kill!”

The cold voice fell, the four Heavenly Dragon Generals as well as the eight Heavenly Dragon Guards struck in unison, in an instant, those experts of the Heavenly Dignity Society inside the courtyard were killed by them with ruthless and terrifying methods, how could the battle force of the Heavenly Dignity Society be able to stop the Heavenly Dragon Guards who were known for killing.

“Damned Ye Han, Hall Master Jiang, let’s join forces to kill him.”

Raging Buddha Vajra was furious, fiercely shot towards Ye Han and the others, Jiang Yu Tang also did not dare to slow down, this situation tonight was simply greatly out of their expectation, right now, the only way to settle the battle was to kill Ye Han as soon as possible, those twelve people were too terrifying, sweeping his Blood Hand Hall was not even a problem.

However, once the three Angry Buddhas and Jiang Yutang moved, they were instantly separated, Silly Ben versus Angry Buddha, they were already old rivals, Sun Buwei, Zhou Lie and the four Heavenly Dragon Generals joined forces to deal with Jiang Yutang, the two Heavenly Dragon Guards versus the Third Heavenly King, Ye Han went straight for the First Heavenly King, as he himself said, that head of the First Heavenly King was on his mind for a long time.

As for the remaining six Heavenly Dragon Guards, it was completely impossible to find an opponent that could match them, killing the Heavenly Dignity Society’s experts in a one-sided manner.

“Ye Han, you seek your own death, then this Heavenly King will fulfill you.” Seeing that Ye Han had even approached him, the First Heavenly King laughed furiously while the murderous intent in his heart intensified, and that terrifying fist with was like a hammer that blasted the heavens and destroyed the earth, ruthlessly smashing into Ye Han’s body, this fist alone could definitely seriously injure an expert who had just stepped into the realm of Little Ren Yu in a single move.

However, in the face of this terrifying attack from the First Heavenly King, Ye Han did not evade it, his Dragon Spring Sword was sheathed, turning into a world-shattering train that stretched across the night sky, this sword, terrifying to the extreme, tore through the void and fell fiercely towards the First Heavenly King’s head.

“Not good, Little Ren Ren!” The First Day King felt the power of Ye Han’s sword, his heart shook as he hurriedly withdrew his fist and burst back, after Ye Han had broken through to the early stage of Little Ren Du, his combat power was already equivalent to that of an expert at the middle stage of Little Ren Du, right now, with the addition of a divine weapon like the Dragon Spring Sword, his combat power had even soared by several values.

The First Heavenly King’s realm was only at the middle stage of Little Ren Du, so his combat power was comparable to Ye Han’s. However, Ye Han still had the Dragon Spring Sword in his hand, and the First Heavenly King was only a little bit more powerful with his fists, could his fists still stop Ye Han’s Dragon Spring Sword?

Boom!

The merciless sword light swung down, a terrifying sword scar appeared on the whole ground, splitting into pieces, after the First Day King dodged Ye Han’s sword, his face was dripping with cold sweat, Ye Han, surprisingly, had already opened up the Governor’s Vein, and his combat power was so terrifyingly appalling.

Ye Han didn't give the First Day King a chance to be shocked, his second sword arrived right after him as he failed to win!

"Yin and Yang Two Yi Sword Technique!"

In the night sky, cold sword qi streaked across the sky, two extreme powers, one yin and one yang, were released at the same time, only to see that the void around the First Day King seemed to be imprisoned, the terrifying killing power came down furiously, the First Day King shouted, terrifying power was released from within his body, the invisible true qi wanted to block Ye Han's sword.

However, the First Day King had a good idea, he just didn't succeed.

Poof!

A mouthful of blood shot out from the First Heavenly King's mouth, and after landing on the ground, his expression instantly shriveled up, this sword had obviously caused him to suffer a heavy injury.

"First Heavenly King Qin, be careful!"

Suddenly, Raging Buddha Vajra noticed that Ye Han had at this moment waved out an earth-shattering sword mane, which stood across the sky, enveloping the night sky above the First Heavenly King's head, emitting endless power, and at the sound of these words from Raging Buddha Vajra, this sword also fell down towards the First Heavenly King who had just been awakened.

In the next moment, the First Day King did not even have a chance to escape, his body was directly engulfed by this sword aura!

#### **Fortune Chapter 364**

Horrified, a deep touch of horror appeared on the faces of those who saw this scene!

An old expert as strong as the First Day King had been killed by Ye Han within this short period of time, a scene that was simply unbelievable. Even if Ye Han was powerfully gifted and had opened up the Governor's Vein and entered the realm of Little Ren Yu, how could his combat power be so powerful?

The First Heavenly King, that was an old master of the Middle Realm of Little Ren Du, not to mention his combat experience, his abilities were also extremely strong, how could he have died just like that at Ye Han's hands?

"Little Ren Wu realm!" The eyes of Jiang Yutang and Raging Buddha Vajra both shook, Ye Han, he had actually broken through to this level, how old was he! This was like a miracle to them, among the martial arts world right now, the earliest genius to break through the Governor's Vessel and break through to the Realm of the Lesser Ren Du was the Northern Nalan Mietian, reaching this step at the age of twenty-eight, this had already shocked people, but Ye Han's strength at this moment was even more intense than the shock Nalan Mietian brought to the world.

"He must be killed!" This thought flashed through the minds of both Jiang Yutang and Raging Buddha Vajra at the same time, Ye Han's talent was too terrifying, it was impossible not to kill him, when Ye Han grew to the same level as them in the future, who would still be able to deal with him?

However, this thought in Jiang Yutang's and Raging Buddha's mind was doomed to fail, because at this moment, they were already in danger, as the other six Heavenly Dragon Guards had also joined them after killing the Heavenly Dignity Society's experts.

Right now, the pressure on Jiang Yutang and Angry Buddha Vajra was tremendous, as Foolish Ben, Sun Buwei, Zhou Lie, the Four Heavenly Dragon Generals, plus the six Heavenly Dragon Guards, were all thirteen experts who had opened their veins.

What's more, next to them was Ye Han watching intently, ready to take advantage of the opportunity to strike.

In the current situation, Jiang Yutang and Angry Buddha Vajra both never dreamed that they would be caught in such a dangerous situation. They originally thought that today's formation would be completely more than enough to kill Ye Han, and that was also the case, after all, even Jiang Yutang, an expert, had appeared. However, they still underestimated Ye Han, no one had expected that Ye Han still had such a powerful killer force hidden in the shadows.

"Third Heavenly King, suffer death!"

Unable to find a chance to deal with Jiang Yutang and Angry Buddha Vajra, Ye Han set his eyes on the Third Heavenly King. Right now, the Third Heavenly King could not hold on for much longer under the attacks of the two Heavenly Dragon Guards, but Ye Han no longer wanted to wait any longer, so after aiming for an opportunity, Ye Han directly swung his sword over.

Faced with Ye Han's sword, the Third Heavenly King wanted to flee, but all his retreats were blocked by the two Heavenly Dragon Guards.

"No!"

Looking at the sword light that was about to fall on him, the Third Heavenly King cried out in terror, his eyes desperate to the extreme, but his fate was already sealed this evening, he would not live to see the sun tomorrow.

Under Ye Han's sword, the Third Heavenly King was directly put to death, without even the ability to resist.

Since then, the First Heavenly King and the Third Heavenly King who had come to Jiangzhe had both died, and if we added the Second Heavenly King from the previous time, three of the Four Heavenly Kings of the Heavenly Dignity Society had already died, leaving only a Fourth Heavenly King and the trio of Raging Buddha Vajra and Cimmerian Vajra.

But tonight, would he still have the life to return alive?

The Third Heavenly King had been killed, and two more Heavenly Dragon Guards had joined the battle against the two Jiang Yutang and the Vajra of the Furious Buddha. The terrifying battle was extremely destructive, with a whole seventeen experts of the Realm of the Ren Dou clashing, and the courtyard had been so wrecked that it was on the verge of collapse at any moment.

In the shadows, there were actually several pairs of eyes staring at the terrifying battle inside the courtyard, what would be the outcome of the battle between Ye Han and the Heavenly Dignity Society

this evening? In fact, many people in the southern underground world were watching to see if the youth who was currently the laughing stock of the world would be able to continue to survive in East China.

Of course, the answer to this is actually clear now.

Outside the battle circle, Ye Han watched with cold eyes, the strength of Jiang Yutang and Raging Buddha Vajra were not weak, especially Jiang Yutang, under the combined pressure of many experts, he was only slightly injured, and still had some ability to defend himself, but the situation of Raging Buddha Vajra was not good, his body had already appeared multiple wounds, tonight, he lost his life was inevitable, irrevocable.

Snort!

At this moment, Ye Han, who was using the Yin Yang Dharma Eye at the side, could see a fatal crack in Nuyang Buddha Vajra, so he struck out with his sword, his whole body was like a black lightning, in less than a breath, his sword had already appeared at Nuyang Buddha Vajra's back, then with a snort, Nuyang Buddha Vajra's left arm was abruptly severed.

With a miserable scream, blood gushed out from the place of the broken arm of the Vajra of the Furious Buddha, and his face instantly turned pale beyond recognition.

Taking advantage of this moment, Foolish Ben's fist struck again without mercy, this time directly on top of Raging Buddha's bald head, with a bang, the bones inside Raging Buddha's head seemed to be shattered.

Seeing this opportunity, several Heavenly Dragon Guards immediately ran over without mercy, as well as its cruel way, divided the body of the Raging Buddha Vajra, Heavenly Dragon Guards, their heart, is extremely cruel, treating the people here as if they were monsters in the forest.

The poor Angry Buddha Vajra died in such a miserable and incomparable way, not even a complete body was left behind, the death of a generation of masters was saddening.

However, once the Raging Buddha Vajra died, Jiang Yutang suddenly became unable to support himself alone, a moment ago he was able to maintain his self-preservation, but now he was unable to even defend himself, seventeen Little Ren Ren Yu experts made it impossible for him to fight back.

"Bastards!"

This suffocating battle made Jiang Yutang furious, but he knew that he had to leave before he was completely in danger, otherwise, he too would leave his life here just like the Angry Buddha Vajra.

Thinking of this, Jiang Yutang bellowed, cultivating the hard gong White Jade Hands, his palms were as hard as iron, with one punch he struck the four Heavenly Dragon Generals, but even so, Jiang Yutang's back had taken the attacks of Sun Buwei and Zhou Lie and several Heavenly Dragon Guards hard.

Immediately after taking the attack, Jiang Yutang's face turned red and his body trembled slightly, and he spurted out blood with a sound.

"Don't chase after him, let's keep him alive for a few more days first." Ye Han stopped the Heavenly Dragon Guards who were going to chase after them, this battle tonight, they had already considered it a

complete victory, wiping out all the experts from the Heavenly Dignity Society who had come to Jiangzhe.

### **Fortune Chapter 365**

When the battle was over, the task of cleaning up the battlefield was naturally left to He Yaozong and his men.

When they came here and saw the dead bodies in a miserable state, He Yaozong and the others could not help but shiver.

He Yaozong's gaze swept over the bodies of the Heavenly Dragon Guards and their eyes froze in unison, the monstrous aura of blood and fury on this group of people made them tremble in fear, one look at them was like being targeted by the god of death.

Of course, the fact that Ye Han had such a powerful force under his hands also made He Yaozong and the others thankful that, fortunately, they were Ye Han's people and not Ye Han's enemies.

"Mr Ye, what should we do next?" He Yaozong looked at Ye Han and asked.

Ye Han said; "The next step is naturally to take down Blood Hand Hall and exterminate Jiang Yu Hall, a few leaders, I will not ask about how to control East China, you are my people, I believe you can do a good job, I only ask one thing, there must not be any opposition to me in East China, can you do that?"

Hearing Ye Han's words, He Yaozong and the others were excited, Ye Han's words were completely handing over the power to control East China to them, which was equivalent to them controlling the underground world in East China in the future, of course, they still had to follow Ye Han's orders.

When he was being stepped on and became the laughing stock of the world, He Yaozong and the others did not turn against him, which proved that his initial decision was not wrong, and He Yaozong and the others did not leave him at his most difficult time.

Of course, Ye Han was not interested in taking control of the underground world in East China himself, nor did he have the time to do so. In East China, with this power in his hands as a deterrent, no one would dare to stick their hands in again, because the Heavenly Respect Society was a bloody example.

"Please don't worry Mr. Ye, we will definitely guard East China for Mr. Ye, in the underground world of East China, it is absolutely Mr. Ye's word." He Yaozong's four said with a straight face.

"I believe you guys can do it."

.....

What happened in East China had actually spread in many parts of the southern underground world after that battle ended, and those who were secretly following the event had all gotten the news.

The Heavenly Dignity Society experts who had travelled to Jiangsu and Zhejiang were all wiped out, the Angry Buddha Vajra was dead, the First Heavenly King was dead, and the Third Heavenly King was likewise dead! Moreover, Jiang Yutang, who had joined forces with the Heavenly Dignity Society to deal with Ye Han, had also escaped with serious injuries!

This was a very explosive piece of news, in one night, three experts had died in the Southern Underworld, something that had not happened for a number of years.

Moreover, what was more important was that the First Day King had personally died at Ye Han's hands!

This news was the most explosive, the First Day King was also quite prestigious in the Southern Underground World and was considered an expert, he died in Ye Han's hands, did this not mean that Ye Han's strength was at least at the level of having opened up the Governor's Vein.

Those who heard this news were shocked at first while still somewhat unbelieving, but the battle where Ye Han killed the First Day King had been recorded by those who were secretly following the battle, and with the video there, Yung had to believe it.

In a flash, Ye Han's name was completely famous in the southern underground world, some time ago, although Ye Han's name had spread all over the south, but at that time, others only looked at him as a laughing stock, but now, no one would continue to treat Ye Han as a laughing stock.

Yes, it was true that he had knelt down in front of the Northern Nalan Miantian, but so what?

Tonight, he killed the First Heavenly King with his overwhelming strength, proving to the world that he deserves the name Nan Ye Han, and that there is nothing false about him.

From this night onwards, the title of the First Champion of the Chinese martial arts world has changed hands, not to Nalan Mietian of the North, but to Ye Han of the South.

At the age of twenty-eight, Nalan Mietian had broken through the Governor's Vein and was given the name of the First Genius of the Chinese Martial World.

But now, Ye Han had cleared the Governor's Vein at the age of less than twenty, and from this point of view, talent-wise, he was already much stronger than Nalan Mietian.

In the north, there is Nalan, in the south, there is Ye Han!

From today onwards, the world will no longer doubt these eight words, the South has seen the emergence of a supreme genius! Standing above the head of the first genius, Nalan Miantian.

After learning the news, the secular and ancient martial arts worlds in China were completely shaken, and the heads of the major ancient martial arts sects were all shocked.

If it wasn't for the soundproof metal doors, the people inside the Security Bureau would have wondered if their director had taken the wrong medicine.

"Have you had enough of laughing? Shut up if you've had enough." Opposite Situ Zhentian, there sat a middle-aged man with a cold face, and this man spoke, surprisingly, without putting Situ Zhentian, the head of the Security Bureau, in his eyes in the slightest.

When Situ Zhentian heard this, he was not angry, instead he licked his face and said; "Senior brother, how about it, I said that this kid will definitely surpass that Nalan family's kid in the future, am I right about that, it's just that this kid's speed in opening the Governor's Vein is also too fast, which surprised me."

“This time, count on your good eyesight, and it wasn’t in vain that I bailed him out once.” The middle-aged man with a cold face had an ancient look in his eyes, but if you looked closely, you would see that there was a touch of emotion hidden in his eyes, such as this kind of genius, there were not many of them in the ancient martial arts world, once they appeared, they would be a powerful person that would influence an era.

“Hey, I’m really looking forward to this kid’s next arrival! At that time, the clash between him and Nalan Miantian will definitely be one that will be watched by all!” Situ Zhentian grinned, his eyes slightly anticipating the next arrival of that youth who had been forced to kneel by Nalan Mietian, would it really be heavenly and earth-shattering?

“Hmph, don’t you forget who is standing behind Nalan Mietian?” The cold middle-aged man snorted coldly and said; “By the way, I heard that you have recently been enlisting talents inside the army, if my guess is right, it is for this kid, right?”

At these words, Situ Zhentian laughed; “Really nothing can be hidden from senior brother, worthy of being a military god.”

Military God, it turned out that this cold middle-aged man was the super strong man known as the Protector God Pillar, but he was Situ Zhentian’s senior brother, this was something that only a few people inside Yanjing City knew about.

### **Fortune Chapter 366**

“Humph, you don’t have to give me high hats, I’m telling you, it’s fine for him to want someone, but you better be able to control him.” The Military God snorted coldly, he would not stand in a private perspective to consider this issue, he stood in the perspective of the country, the nation, anything had to be under control so that there could be harmony and coexistence.

“Don’t worry, senior brother, this kid is not that kind of ungrateful person, for the sake of his brother, he can throw away his dignity and kneel down to people, I, Situ Zhentian, treat him with sincerity, I believe he can treat me with sincerity too.” Situ Zhentian said this.

“I hope so.” The Military God said; “Since we are recruiting people, then let’s recruit a group of elites over to him, I heard that in that battle in East China, this kid’s hands actually hid a powerful battle force force, this, even we didn’t find out, he must have a special training base, just let this kid train a group of experts out for us.”

At those words, Situ Zhentian rolled his eyes, the meat given to that kid, it was hard to say if he would be able to come back when the time came.

At this moment, inside that courtyard on the outskirts of Yanjing, Nalan Mietian, he likewise knew that Ye Han had already opened the Governor’s Vein.

Inside the courtyard, Nalan Mietian’s eyes looked calm, but his slightly white fingers indicated that he was angry in his heart at this moment, because the title of the first genius of the Chinese ancient martial arts world above his head had been silently snatched away by that youth who had knelt under him that day.

Half a month ago, he had proved to the world that Nan Ye Han was nothing in front of him and could only grovel and submit to him, but now, that youth who had knelt before him that day had actually snatched away the reputation that belonged to him.

“Exterminating Heaven, your heart is in turmoil, very unsettled, very angry, very eager to kill, isn’t it?” Opposite of Nalan Miantian was an old man who appeared somewhat immortal, the old man was wearing a grey robe, his eyes were ancient, his face was white and as delicate as a baby, making it impossible to tell his exact age.

Beside the two of them, stood the strategist Zhuge Bongyu.

Upon hearing this, Nalan Mietian said without objection; “Not bad, teacher, I want to go to the south and kill him now.”

“What can you do if you kill him?” Huangfu Qitian asked rhetorically.

Nalan Mietian was silent, killing Ye Han would allow him to vent his anger? Or would it allow him to take back his title as the first genius?

Huangfu Qitian said; “Mietian, even if you go and kill him now, the fact that he has cleared the Governor’s Vein at less than twenty years old is already an immutable fact, no one will continue to acknowledge you as the First Genius of the Ancient Martial World even if you kill him, a name is just a name, just lose it, if you don’t let go of the obsession in your heart, it only means that you are afraid of him, you are afraid of his talent, afraid that he will surpass you, so that’s why you want to kill him now with impatience to end the trouble.”

“Joke, I will be afraid of him, I can step on him once, I have the ability to tell him to never get up.” Nalan Mietian said coldly.

Huangfu Qitian said; “It’s good that you can think like that, although I also want to get rid of this obstacle for you, but now is not the time, the military god is involved, I have to be afraid of one or two things, what he represents is not an individual, but the country, Miantian, do you understand what I mean?”

“Teacher, I understand.” Nalan Miantian nodded, the last time the Military God appeared, he had already made his stance clear, he wanted to protect Ye Han, but he was not representing him personally, but the country he was guarding.

“It’s good that you understand, now you have to work hard to improve your strength, as for the underground world, let Bonnie manipulate it for you, when that kid enters the capital next time, it will be time for you to destroy him.”

Yan Capital City, Yan Family Compound.

Master Yan was currently looking at the old man standing in front of him and asked with a glare; “Old man Ke, I asked you to check out that kid’s previous information, not to focus on how powerful he is now, what are you giving me this for? But this kid is really good, such an achievement so many years ago.”

“Old master, he is indeed good, I have seen many geniuses in my life, and no one can match him yet, not even the kid from the Nalan family.” The old man surnamed Ke said with this smile.

“Come on, you old man, don’t give me this nonsense, did I ask you to look up his information or not?” Elder Yan glared at the old man and asked, what kind of achievement Ye Han had reached now, he didn’t care, what he cared about was Ye Han before, from the time he saw Ye Han, that feeling in his heart was getting stronger and stronger, moreover, not only he had it, his daughter Yan Qing Mu likewise had it.

Therefore, Elder Yan must find out whether that strong feeling was what he thought it was or not?

Ke Yanke said with a smile; “Old Master, the matter you asked me to do, I naturally have to do my best to get it done, this is that kid’s information for so many years, you take a look.”

Master Yan glared at Ke Yanke and snatched the information out of his hand, saying; “You old thing, you still won’t give it to me when you find out, you’re just talking nonsense.”

Although he was Elder Yan’s personal bodyguard, after so many years together, the two of them were more like old brothers, with no distinction between master and servant.

The information showed that Ye Han had lost his mother at the age of nine and his father at the age of fourteen, and since then he had followed his sister out of the village and into the outside world. Ye Han suddenly rose to prominence from the age of nineteen, that is, this year, and has come all the way to this point.

“Old master, see anything?” Ke Yanke asked with a smile from the side.

Elder Yan shook his head, there was no information he wanted on it, why would Ye Han suddenly rise to prominence at the age of nineteen? He didn’t care, not finding the information he wanted made him disappointed.

“Old master, in fact there is a suspicion on this child, this child is not the biological son of that villager, but one rainy night nineteen years ago, someone put this child in front of that villager’s house, so, this child started to follow that villager’s surname Ye, called Ye Han, this information, or I personally ran to that deep mountain village to inquire.” Ke Yanke said positively to Elder Yan.

“What! Not a biological .....” At this moment, Elder Yan’s voice trembled a little.

Like, too much like!

At this moment, there were two figures in Elder Yan’s mind that completely overlapped together, these two people, no matter their appearance, or their eyes, as well as that stinky temper, were all exactly the same, at this moment, Elder Yan’s mind had a bold guess, perhaps, that child was really related to him, otherwise he wouldn’t have that kind of affectionate feeling, all these coincidences overlapped together, then it wasn’t a coincidence, there must be a reason .

### **Fortune Chapter 367**

Jiangzhe, with the end of Ye Han’s total annihilation of the Heavenly Dragon Society, the entire East China underground world was roaring to a boil, amidst this roar, He Yaozong and his men took strong

control of the territory except for the two provinces of Xijiang and Jianfu, firmly holding it in their hands, Ye Han had delegated power to them, so they naturally had to do their best.

Moreover, Xu Qing had also started to infiltrate the stronghold of the Tian Long Clubhouse into other provinces and started to establish other branch offices. Ye Han was about to take over East China and he could not be too slow in his movements.

Xiao Yunyan also began to work on establishing the Tianlong Hotel.

Everything was developing in an orderly manner in the best possible direction.

But after exterminating the Heavenly Dragon Society experts who had come to Jiangsu and Zhejiang, Ye Han's footsteps did not stop there, he wanted to completely control the underground world in Eastern China, and he could not do so without exterminating Jiang Yutang.

Therefore, on this day, Ye Han started to fly to Jianfu from Jiangsu and Zhejiang, as for the Heavenly Dragon Guards, they had already rushed to Jianfu before him. At present, four of the six provinces and one city in the East China underground world were already under his control, only Jianfu and Xijiang were still under the control of the Blood Hand Hall.

After Jiang Yutang destroyed Jianfu Lin Changshou some time ago, he established a stronghold in Jianfu, because Jianfu and Xijiang were the closest, he had to establish a stronghold here to guard against it. Of course, Jianfu province was across the coastline and had a developed economy, and it was close to both sides of the border, so establishing a stronghold here was also a source of income.

But this was of little use to Ye Han, could Jiang Yutang's stronghold still hold off his Heavenly Dragon Guards? What belonged to Jiang Yutang would eventually belong to him as well.

Xia Men City in Jianfu Province, which was one of several special economic zones in the country.

The stronghold established by Jiang Yu Tang in Jianfu Province was located here. After arriving here, Ye Han did not rush to make his move, the scenery here was nice, it was not a bad idea to take Silly Ben and the others out to explore and relax, there was no rush to destroy Jiang Yu Tang in these two days.

In Xia Men City near the sea, a fishermen's village, where the seafood market is well-developed, and on weekdays are gathered in the three religions and nine streams of people, they control the seafood market.

"I heard He Yaozong say that the kid is here, he is good at hiding, no wonder he can escape the killings of the Blood Hand Hall." Looking at the small village which was cluttered and confusingly populated, Ye Han smiled lightly, he had come here because He Yaozong had told him that Jianfu Lin Changshou's only son was hiding here.

Zhou Lie said; "The population here is chaotic, there are seafood dealers from all provinces, hiding here, it is indeed not easy to find, but from what He Yaozong said this kid killed his sister at the age of ten, at the age of fifteen because he found his mother committing adultery with another man, in a fit of anger, he not only killed that man, but also killed his mother, such a ruthless kid really does not know how Lin How someone like Changshou could give birth to him."

“Go and have a look, I’m quite interested in him.” The four of them kept walking towards the inside of the village, which was well connected in all directions, with traders haggling above every street, the noise was so loud that some traders who couldn’t agree even hit each other, making the place look extremely chaotic.

“Hurry up, the Seventh Master’s wolf cub is here again!”

“What! That Heavenly Fury bastard is here again, quick, close the stall quickly .....

At this time, in front of Ye Han and the others, only to see a man running while still shouting to the vendors on both sides of the street, hearing his words, many vendors were angry while even cursing out loud, then quickly packing up their stalls and preparing to close early.

When they saw this, Ye Han and the others stood still... was the Seventh Master, the Lin Qi, the son of Lin Changshou, the one He Yaozong and the others were talking about?

In less than a minute, a young man with long hair appeared within Ye Han’s and their sight, the youth was very slim, his long hair covered half of his face and it was impossible to see what he actually looked like.

Some of the vendors who had not had time to close their stalls saw this and their bodies stiffened.

At this moment, I only saw the long-haired young man’s voice hoarse as he said to the few people behind him; “Take away all this seafood, just leave a hundred pieces for each family.”

Hearing this, the people behind him immediately took the sackcloth pockets to carry the seafood that they had not had time to collect from the stall, seeing this, the vendor said with a trembling voice; “Seventh master, this is the seafood that was just fished today, you can give more or less.”

“Humph, then I don’t want the seafood you have here, I want your life now.” Lin Qi coldly snorted, playing with a sharp knife in his hand, a cold bloodthirsty smile emanating from under his long hair covered face, the vendor heard this and his legs went weak in fear, sitting on his butt, although this Lin Qi hadn’t been here for long, but he was definitely capable of doing what he said, since Lin Qi came here, he had already exterminated five disobedient vendors in a row.

As the vendor sat on the ground in fear, he saw the sharp knife in Lin Qi’s hand immediately stabbing towards the vendor, killing people was already a common occurrence for him.

But just as the small knife in Lin Qi’s hand was about to stab into the body of that trader, a golden needle shot unerringly at his wrist, causing his knife to drop to the ground at once, his entire arm becoming sore and weak.

“Who is it?” Suddenly being attacked, Lin Qi’s hoarse voice contained a shocking killing intent, his gaze immediately looked towards Ye Han and their position, although he was no expert, he was at least a ruthless character who had often licked blood from the mouth of a sword, his eyesight was naturally not comparable to ordinary people.

A terrifying killing intent was released from Lin Qi’s body, this killing intent had an extremely cold aura among it, his eyes were as terrifying as a poisonous snake, feeling this killing intent, Ye Han was a little

surprised, this kind of killing intent, even executioners who had been on hundreds of people did not necessarily possess it, it was completely comparable to those people inside the Heavenly Dragon Guard.

“Kill the bones!”

Sun Buwei and Zhou Lie both had their brows furrowed, there was a kind of people in this world who were exceptionally gifted, those with supernatural abilities belonged to this kind of people, but there was another kind, they were born with a certain potential, just like Silly Ben, he also belonged to this kind of people, and right now, this Lin Qi also belonged to this kind of people.

“Killing bones?” Ye Han’s gaze looked towards Sun Buwei and the others.

Sun Buwei said; “Little Han, this son carries a killing bone, he was born to kill, once he grows up he is extremely terrifying, he is the same as Foolish Ben, Foolish Ben carries a strength bone, but there is another name for a strength bone, it is called a battle bone, so Foolish Ben was born to be a person born to fight, while this Lin Qi is a person born to kill.”

“Battle bone, killing bone.”

Ye Han smiled lightly, it seemed that he had come to the right place today, no wonder He Yaozong and the others held this person in extremely high esteem.

### **Fortune Chapter 368**

“Was it you who sneaked up on me just now?” Lin Qi’s gaze was very grim as he looked at Ye Han, he slowly raised his head, and it was then that Ye Han and the others realised that this Lin Qi had a long scar on his face that looked as terrifying as a centipede.

“Not bad, it’s me.” Ye Han smiled faintly and said; “Surprisingly, if you have the ability to kill, why don’t you go where you belong and kill, bullying these traders here is not much of a skill.”

“Hmph, I will naturally go where I should go and kill the people I should kill. But you don’t need to teach me this, one day, I, Master Seven, will dominate Jianfu Province and become famous all over the world.” Lin Qi said coldly; “But before that, since you have sneaked up on me, then, I will have to kill you first.”

After saying that, Lin Qi fiercely ran towards Ye Han holding his small knife with an amazing killing intent, but before his knife could get close to Ye Han’s body, he was sent flying with a kick from Silly Ben.

After being sent flying by Silly Ben’s kick, Lin Qi leapt up, the killing intent in his eyes intensified, and the more he fought, the braver he became as he ran wildly towards Ye Han once again.

“Lin Qi, give up, you can’t kill me now.”

Just as Lin Qi was about to approach Ye Han’s body once more, Ye Han spoke, hearing his words, Lin Qi stopped abruptly, his eyes looked at Ye Han even more grimly, the name Lin Qi, he hadn’t been using since he came here, to the outside he called himself Master Seven, so no one inside this village knew that his name was Lin Qi.

However, Ye Han was able to call out his name at once.

“Who the hell are you?” Lin Qi’s gaze was cold and wary as he looked at Ye Han, if he was from the Blood Hand Hall, then he would be in a bad way today, in order to avoid the Blood Hand Hall, he had not only changed his name, but also destroyed his own face.

Ye Han said; “You don’t need to be nervous, we are not your enemies, if you want to take revenge follow me, within a few days, I will let you carry Jiang Yu Tang’s head as a ball to kick, how about that?”

At those words, Lin Qi’s eyes flashed with shocking anger, he was able to get to where he was today, all because of Blood Hand Hall, because of Jiang Yutang, which made him hide here like a dog in distress, not daring to go out, because of Blood Hand Hall, the woman he loved the most had also died.

“You are Ye Han?” Lin Qi’s voice was hoarse as he said.

“Kid, you should be addressed as Mr. Ye.” Zhou Lie said indifferently.

“It doesn’t matter, it’s just a title.” Ye Han looked at Lin Qi and said; “Now, do you want to come with me?”

“Yes, I’ll come with you.” Lin Qi agreed crisply and directly threw away the small knife in his hand, since this person in front of him was Ye Han, then he didn’t have to worry about anything at all, because his old man used to be Ye Han’s subordinate.

Ye Han nodded his head and turned to walk away.

Behind him, Lin Qi looked at those merchants with shocked faces and said; “Seventh master I’m gone today, you bastards, you can have a big feast and lively celebration tonight, hahahaha!”

.....

“Lin Qi, revenge, I can give you revenge, but I need you to follow me and offer your loyalty, I don’t know if you are willing to do so?” In the car, Ye Han drew out two cigarettes, gave one to Lin Qi and lit one for himself.

Lin Qi took the cigarette and lit it and took a fierce puff, saying; “Vengeance, in fact, I can take revenge myself, it just takes a few years, but as long as you give me the chance, then, I, Lin Qi, can not only offer my loyalty, but I can even offer my life for you, Ye Han, will you give this chance?”

“If you want the chance, I will naturally give it to you.” Ye Han smiled lightly and said; “I wonder what kind of opportunity you need?”

“To kill someone and become famous like you!” Lin Qi’s eyes unleashed a surging desire and ambition to kill, a man with a killing bone in his body was not the kind of person who would be willing to be lonely, his life was destined, from the time he was born, to live only for killing, if he didn’t kill, he would instead feel that there was no meaning in living.

Ye Han laughed; “Yes, I have many enemies, enough for you to kill, when you kill to a certain extent, then, your name Lin Qi can be famous all over the world.”

“Haha, good, from now on I, Lin Qi, will follow you and kill all the enemies in the world for you!”

The day after arriving in Jianfu Province, Ye Han started to strike at the stronghold Jiang Yutang had established in Jianfu Province, this stronghold was not in the downtown area, in fact, there was an unspoken rule in the underground world, no matter how the firefight was, no innocent people should be hurt, let alone cause panic among the people, once this point was touched, then, people from above would intervene.

In the dark, you can kill people however you like, but when it comes to the open, no matter who you are, you have to be honest with me.

So, generally speaking, the strongholds are not set up in downtown areas.

When Ye Han arrived here, he was surprised to find that there were only a dozen people inside the stronghold, and the person who presided over the stronghold was the only remaining war general of the Blood Hand Hall, the Third General.

“Ye Han, very surprised are you?” Looking at Ye Han who walked in with a group of experts, the Third General’s face had a bland look like he was looking at death, Ye Han said; “A bit surprised indeed, the Blood Hand Hall shouldn’t have fallen to this level, right?”

“Hehe, people die for money, birds die for food, now that my Blood Hand Hall has sunset, who will continue to sell their lives.” The Third General smiled lightly, hearing that after Ye Han came to Jianfu, originally there were more than fifty people in this stronghold, but in just one day’s work, more than thirty people had run away, and the remaining ten or so were those who willingly stayed to sell their lives for him, the Third General.

“Understood.” Ye Han nodded and said; “Third General, I admire your loyalty, and we are considered old acquaintances, so I will give you a fair chance to fight me.”

“Haha, good, right now everyone is rumouring that you, Ye Han, are the first genius of the martial world, to fight with you, even if I die in battle, I have no regrets!” With that, the Third General laughed wildly and killed Ye Han, while the dozen or so Blood Hand Hall members also ran towards the Heavenly Dragon Guard, to kill these people, one Heavenly Dragon Guard was enough.

Facing the Third General’s attack, Ye Han was at ease, their figures moved horizontally and vertically, their fists and kicks clashed, the Third General fought soundly, this was the Third General’s last battle, so Ye Han did not rush to end the battle, let him play to his heart’s content, this was also his way of trampling on this loyal Han!

In the end, after a hundred strokes, the Third General died at Ye Han’s hands, Ye Han did not make him suffer and gave him a painful death.

Looking at the peaceful corpse of the Third General, Ye Han sighed, how could Jiang Yutang, that lord, be capable of having such loyal men?

The Third General was a loyal henchman, moreover a good man who was willing to lose his own life for the sake of being loyal. If it were not for the difference in position, Ye Han would have been willing to make such a friend of him.

**Fortune Chapter 369**

After Jiang Yutang's stronghold in Jianfu Province was pulled out, Ye Han did not stay in Jianfu Province and immediately rushed to Xijiang Province, preparing for the final battle to destroy Jiang Yutang, then, East China would be truly in his hands.

Today, in the big city of Xijiang Province, the capital of the country, it was as if a cloud was hanging over the city, with a misty rain falling from the grey sky and a cool feeling emanating from the humid air.

Halfway up the mountain to the Blood Hand Hall, on the road that winds along with the mountain peaks, a car is driving steadily along this road.

The old man looked very old, already in his sixties or seventies. At this moment, he was leaning against the car with his eyes closed, resting his eyes, and beside him sat the white-faced military commander.

"Senior, we'll be there soon." This trip was about to arrive at the Blood Hand Hall's headquarters, so the white-faced warlord couldn't help but speak up and remind him.

On hearing this, the old man opened his eyes and glanced ahead, amidst the misty rain, there was a magnificent building faintly looming in the rain.

"Jiang Yutang knows how to enjoy himself, this place is much better than my dark, ghostly city." The old man said indifferently.

When the white-faced warlord saw that the old man had finally spoken, he smiled; "Senior, if you like it, you can stay here, I think the Hall Master he will be very happy."

The old man said; "Forget it, this place is nice, but it is not the place for me to stay, it is too restrictive, it is better to be in my underground city, unrestrained and happy to be at ease."

"Senior is a senior, his mentality and realm are naturally not comparable to us commoners, if we want to reach this realm of senior where we see prosperity as nothing, I'm afraid it will be difficult for us to reach it in our lifetime!" The white-faced warlord gave the old man a small flattering pat on the back.

Although there was no expression on the old man's face, this flattery was obviously well received by him, and he spoke; "Has Jiang Yutang run into some big trouble this time? I can't believe that you have to ask me to come out with a favour from back then."

The white-faced warlord smiled; "Back to senior, the Hall Master has indeed run into some trouble recently, but with senior coming out, then, all this trouble is solved."

After the old man got out of the car, the white-faced warlord personally held an umbrella for him, and then the two of them walked into the main hall of the manor, at this moment, there were only two people in the hall, Jiang Yutang and his son Jiang Xiaofeng.

Compared to a while ago, the arrogance in Jiang Xiaofeng's eyes had diminished considerably, but in its place was a monstrous hatred that would never go away. He hated Ye Han, he wanted to drink his blood and eat his flesh, because of Ye Han, he had become the laughing stock of the underground world in eastern China, because of Ye Han, he had spent several months in that dark prison, because of Ye Han, he had lost a finger, and because of Ye Han, he had lost a finger. After he walked out of the prison cell, the world of East China had changed, the Blood Hand Hall was no longer the hegemon of the underground world in East China and was facing a precarious situation.

“Haha, old Mr. Hatake, Jiang has come to expect you, please take your seat.”

Inside the main hall, Jiang Yutang saw the old man walking in, he smiled broadly and immediately walked over to personally greet the old man.

When everyone inside the hall sat down, Hatakongzhi said; “Jiang Yutang, you invited me out from the Ghost Market all the way here, and you even used that one favour back then, tell me, what kind of trouble have you encountered that you want me to do?”

I am afraid that not many people in the underground world of China could remember the name of Hatakongzhi, but if this name was placed in the Ghost Market, this old man’s status would be just as respected as Murong Hetu, the Southern Martial Arts Alliance Master today.

Hearing these words, Jiang Yutang smiled lightly and said; “Old Mr. Hatake, to be honest, I have indeed met a big trouble right now, so I have no choice but to use a favor from back then, as long as old man helps me get through this, what you owe me, we will be cleared.”

“That’s fine.” Hatakongzhi took a sip of the tea that Jiang Yutang personally poured and said; “I don’t like to owe people favours either, what kind of person do you want to deal with? I can go and help you kill him right now, the atmosphere in this big city really doesn’t suit me, it’s better to go back sooner.”

“Old Mr. Hatake, there is no rush in this matter.” Jiang Yutang smiled lightly, a cold light flashed in his eyes as he said; “This person, even if we don’t go looking for him, he will come to us of his own accord, we just need to wait here quietly for him to appear.”

Hatakongzhi nodded and said; “The person who can force you Jiang Yutang to this extent, I think he is not a simple person, I have not left the ghost city for some years, I wonder what kind of powerful figures have appeared in this China nowadays? Is there still someone who remembers my name, Hatakonji?”

Jiang Yutang sneered; “Old Mr. Hatake, how difficult is it to get your name out again, as long as you help me kill this man, then your name, Old Mr. Hatake, will definitely be famous again in China, this man, right now, is known as the first genius of the martial arts world, and his popularity is immense.”

“Oh, the first genius of the martial arts world, what a great reputation, then I really need to meet this man and see if he is worthy of these words.” Hatakongzhi’s face emerged with a few hints of interest, after spending so much time in the Ghost Market, it seems that a new capable person has emerged in China, back then the Sword God and the Madman claimed the word genius and were unmatched, I wonder where these two people are now? Will this new genius emerge be a bit more outstanding compared to the Sword God and Madman back then?

“I think he will not let you down, Old Mr. Hatake, it is definitely an honour for him to die in your hands.” A bloodthirsty smile flashed across Jiang Yutang’s face, Ye Han wanted to exterminate his Blood Hand Hall, now, let’s see who will exterminate whom? It was his mistake to join forces with the Black Widow to deal with Ye Han, but this time, in order to deal with Ye Han, he had made all the preparations, even going so far as to use the one favor that Hatakongzhi owed him back then to ask him to come out.

He had seen many dead people and killed many living ones, including many experts who had become famous in China, which made many people hate and fear him.

**Fortune Chapter 370**

For Jiang Yutang to have invited an expert to help him, Ye Han naturally did not know, at this moment, he had already arrived in Xijiang Province, in the capital of Xijiang, where the Blood Hand Hall was established, to the entire Xijiang underground world, they were the absolute hegemon, firmly in control of everything in the Xijiang underground world, in Xijiang, any wind or movement could not be hidden from Jiang Yutang.

Therefore, just after Ye Han showed up in the capital of Xijiang Province, Jiang Yu Tang got the news.

“A hazy day of smoke and rain, a good time to kill!”

Feeling the damp coolness in the city’s air, Ye Han opened his hands, tilted his head and took a deep breath of cool air.

“Hanzi, are we going to Jiang Yutang’s lair now?” Zhou Lie asked, the extermination of Jiang Yu Tang was already the last step in their domination of East China, and anyone was very much looking forward to this day coming sooner rather than later.

“There is no rush, let’s find a place to stay first.” Ye Han said; “Jiang Yutang is a lord, moreover a person who will not sit around and wait for death, let the Heavenly Dragon Guard check out the movements of Jiang Yutang before we say anything, we must be careful with Jiang Yutang, this is already our last step, we can’t go wrong here.”

“Good, I’ll contact the four Heavenly Dragon Generals here.”

After Ye Han stayed in Xijiang Province, he didn’t stay idle, after destroying the three great experts of the Heavenly Dragon Association, the Black Widow’s side must be kept on the lookout at all times, this woman had a poisonous heart, with such a big loss this time, no one knew what she would do out.

However, Ye Han learned from He Yaozong and the others that the Heavenly Dignity Society was very calm and did not make any other unusual moves, only that the Black Widow had been catching men frequently in South China recently, and after these men were caught by the Black Widow, they came out of the Heavenly Dignity Society with their bodies already missing certain important parts of the men.

From this, we can actually see how strong the anger in the Black Widow’s heart is, although the Heavenly Dignity Society is indeed very calm, with the death of Angry Buddha Vajra, the death of the First Heavenly King, and the death of the Third Heavenly King, they have not made any retaliatory moves, which only proves that they have suppressed this anger in their hearts.

After knowing that the Heavenly Dignity Society did not make any other moves, Ye Han also put his heart down for the time being and prepared to deal with Jiang Yutang with single-mindedness.

However, in the midst of this waiting, something happened that made Ye Han’s brows tighten, the four Heavenly Dragon Generals who had gone to check on Jiang Yutang’s movements each returned with injuries, their faces very ugly and murderous, the first time they had done something for Ye Han, they had messed up, and they had been wounded and fled back.

“In the battle of Jiangzhe, Jiang Yutang had been seriously injured, he definitely didn’t recover so quickly, Ah Jun, who was the person you fought with?” Ye Han’s brows were locked, to be able to injure Ah Jun and the four of them was definitely an expert, but it couldn’t be Jiang Yutang, in his heyday Jiang Yutang had this kind of ability, but a wounded Jiang Yutang definitely didn’t.

Ah Jun said; “Young Ye, the one who fought with us was a very powerful old man, he was definitely three points more powerful than Jiang Yutang in his prime, the four of us had only just approached the Blood Hand Hall headquarters when he discovered us, if we hadn’t seen the opportunity and retreated immediately, we would have died at the hands of this old man.”

Upon hearing this, Sun Buwei said; “Little Han, it seems that Jiang Yutang has found an expert to help him, moreover, this expert is definitely an even more powerful and ruthless person than him.”

Ye Han nodded and said; “I didn’t expect Jiang Yutang to have this kind of ability, had I known this, I shouldn’t have let him escape that day in Jiangzhe, it seems that in order to deal with him, I will have to redeploy my plan.”

“Hanzi, what do you have in mind?” Zhou Lie asked, now that a powerful expert had appeared by Jiang Yutang’s side, it would be somewhat difficult for them to deal with Jiang Yutang, one Jiang Yutang, plus an expert who was even more powerful than Jiang Yutang in his heyday, unless there was an expert on their side as well, otherwise, with their power even if they took this place, they would only suffer losses.

Ye Han said; “I’m going to go back to Shanghai City, you guys stay here and don’t make any sudden moves for the next few days, everything will be discussed when I come from Shanghai City.”

In this current situation, Ye Han could only go back to Shanghai City to bring in help.

Of course, this rescue was not a person, but a mischievous fellow, the little tiger’s combat power was powerful and extraordinary, even now, Ye Han could not even fathom how powerful this little thing was, but, it was definitely possible to deal with Jiang Yutang.

On the same day, Ye Han took the plane to Shanghai City alone, the little tiger only recognized him, so if he asked Zhou Lie or Sun Bu Mian to go back, he was afraid that he would not be able to bring this little creature over.

When Ye Han returned to the villa, except for Little Qingcheng who had gone to school, Ye Qing and the girls were all there, but what was surprising to Ye Han was that the little tiger was not in the living room, given the personalities of Ye Qing and the girls, they would want to hold the little tiger in their arms and play with it all the time, they should not let it run around.

“Little Han, you’re back.”

Seeing Ye Han come back, a touch of tenderness appeared on the face of Ye Qing who hadn’t seen him for several days, personally taking off his coat, Zhao You You went to pour a cup of water over very nicely.

“Sister, the little tiger is up, why isn’t it there?” Ye Han sat down while his gaze searched the corners of the living room, but even when he used his yin and yang magic eye he could not find any trace of the little tiger.

Upon hearing this, Ye Qing said with a bitter smile; “Little Tiger was taken out to play by Grandpa Dao, saying that he was afraid that it would defecate and take it out for a walk at home.”

Hearing this, Ye Han brushed aside his mouth, how could the little tiger possibly defecate at home when it didn’t even have the ability to do so? It seemed that Old Dirt had seen the extraordinary features of

the little tiger, so he took it out for a walk, probably to study it in a corner, but in front of Ye Qing and the girls, Old Dirt was too embarrassed to say so.

Ye Han laughed; "Sister, it's fine, just let this old guy take it out for a walk, it's already past four, he should be back in a while."

"Yah, it's after four, no, I have to go pick up Little Qingcheng from school, if I go late, this girl should whine again." Noticing the time on her phone, Ye Qing stood up in a hurry all of a sudden, but again Ye Han pulled her to sit down and said; "Sister, I'll go pick up that girl, it's not too early now, you and Yoyo will cook at home, I'll stay with you tonight."

"That's fine, Little Han, then you come back early."

Hearing that Ye Han was going to accompany them tonight, Ye Qing and Zhao Youyou were quite happy, and after Ye Han went out, the two immediately went to the kitchen and got busy.

Ye Han drove his baby mama x6 to Little Qingcheng's school, speaking of which, since Little Qingcheng started going to school, he had only picked her up and dropped her off at school for those few days at the beginning, but never did this in the days after, thinking of this, Ye Han still had a few feelings of indebtedness towards this girl in his heart.
