

Four Skills 151

Chapter 151: My Name Is MO Xiu

Moxiu immediately experimented with the passive skill, Self-Healing.

He took out Black Qilin and gently drew a line on his finger.

Hmm? There was no wound on his finger. Could it be that he didn't cut it?

Impossible. Ever since he obtained the Black Kirin, there was nothing that the Black Kirin could not cut open.

He tried again, but there was still no wound.

This time, Moxiu came closer to take a closer look and finally found the reason.

The wound was very small, and Moxiu's movements weren't fast. The wound healed instantly.

When he put down Black Qilin after cutting, the wound had already completely healed. That was why he felt that there was no wound previously.

However, wasn't this a little too abnormal? MO Xiu steeled his heart and used the black kylin to cut a deep wound.

This time, the wound did not heal immediately, but it healed at a speed visible to the naked eye. In the end, it took ten minutes.

According to his estimation, the healing speed this time was also very fast, but it was definitely not as fast as the first time he made a small cut.

Moxiu deduced that healing wasn't omnipotent, and it wouldn't make him immortal. The lighter the wound, the faster it would heal. The more serious the injury, the lower the healing efficiency.

Next, Moxiu experimented with the Sword Saint's Divine Weapon in his room. After summoning it, he stepped on it and carefully controlled the giant sword to fly.

However, the car still flipped over. MO Xiu did not control his strength well and crashed into the wardrobe.

Moxiu, who had fallen to the ground, was a little excited. Although his first attempt did not succeed, at least it proved that he could fly.

After trying a few more times in the room, he finally found the trick and could fly smoothly.

Time was of the essence, and MO Xiu didn't want to delay any longer. He called Yang Qingzhuo and left together.

Time returned to the present.

MO Xiu summoning a huge sword really surprised Fang Yong.

This sword was very strange. It was both agile and heavy.

It was thick and heavy because of its huge body. The sword was two meters long and half a meter wide. This was not counting the hilt. It gave people a feeling of being big and steady.

It was agile because the giant sword was actually floating in the air, as if it could attack into the distance.

Moxiu controlled the greatsword to lower its height and stepped on it.

“Brother Yong, come on up. I’ll bring you out of here.”

“What skill is this?” Fang Yong was stunned. This sword could fly? I’ve seen summoning weapons before, but I’ve never seen a weapon that can fly like this.”

‘Of course we can fly,” Moxiu said.” Hurry up and come up. Once the encirclement narrows, we won’t be able to escape.’”

Fang Yong, who had been very anxious just now, actually hesitated at this moment. Are you kidding me?

MO Xiu pulled Fang Yong up and controlled the giant sword to fly at high speed.

This gave Fang Yong quite a fright. He immediately squatted down and grabbed the hilt of his sword.

“Moxiu, slow down. Their encirclement hasn’t shrunk to the point where it’s a threat to us. There’s no hurry. We can observe first.”

“Brother Yong, I’m already very slow. If I wasn’t afraid that you wouldn’t be used to it, I could go even faster.”

Fang Yong squatted down and grabbed the hilt of his sword tightly. “Mo Xiu, you still dare to stand? Aren’t you afraid that you’ll slip and fall? If you fall, I can’t save you.”

MO Xiu found it funny. He was clearly afraid, yet he had to say it so righteously.

He handed the grenade to Courage and said,””Brother Yong, do you know how to use it?”

Fang Yong nodded and carefully took the grenade. After investigating firearms for so long, he naturally knew the relevant knowledge.

He pulled out the safety and threw one down.

With a loud explosion, one of the grenades was wasted because it didn't hit anyone.

"Brother Yong, what are you doing?" MO Xiu asked with a distressed expression. Below, there is no such thing as a 'surder'.

"Haha, didn't you ask me how to use it?" Fang Yong said awkwardly. Let me show you."

Looking at MO Xiu's black face, Fang Yong said,""I'm sorry, I'm a little nervous."

"To think that you're an investigator- You're so careless."

With this explosion, the firearms army determined the location of the two and accelerated their retreat.

Moxiu wasn't in a hurry to leave. Instead, he flew above the firearms army.

Brother Yong, throw the grenade."

Fang Yong looked at their current position. Below them was an army of firearms. Many people had already aimed their guns at the two of them.

Moxiu was trying to blow things up. However, he could only listen to Moxiu and throw down two grenades.

"Boom! Boom!"

rl/V0 explosions sounded, and the people below panicked. Many people fired at the two people in the sky.

However, the power of the bullets was limited. Moxiu controlled the position of the greatsword to be higher. In addition, with the greatsword blocking under his feet, it was not a threat to the two of them.

Then, Moxiu controlled his greatsword to fly in a circle above the firearms army until Fang Yong threw down all the grenades. "Brother Yong, do you still have grenades?"

"No, what should we do now?" Fang Yong said."

MO Xiu looked at the time. It had been almost half an hour. If he stayed any longer, Qiu Qiming would definitely arrive. It would be dangerous then. "Let's retreat. Oh right, throw the banner down?"

Fang Yong had been carrying a rolled up banner on his back. At this moment, he threw the banner down.

Moxiu controlled the greatsword to fly away quickly.

Fang Yong had gotten used to the huge sword and actually stood up at this moment.

"MO Xiu, don't tell me, your greatsword is quite handsome!"

When the firearms army saw something fall from the sky, many people opened fire.

At this moment, one of the captains shouted, "Stop! Everyone, don't shoot.

There shouldn't be any danger."

A soldier picked up the banner and handed it to a travel-worn man.

This person was Xue Jin, the former general manager of the Underground Arena.

Because the banner was very long, Xue Jin found two people to open it.

When he opened it and saw the words on it, the corners of his mouth twitched twice.

“Close, quickly close it!”

Then, she took the banner and left.

In the City Lord’s Mansion.

Qiu Qiming, Qiu Qiu, and Zhou Xianri were sitting together.

Zhou Xianri said, “My son and Bai Fan are trapped. City Lord, do you have any way to save them? After all, they are both very important.””

Qiu Qiming was a little frustrated.

“I don’t need you to remind me. I know how important this matter is. Right now, the most important thing is to defend Shun City.”

Qiu Qiu gritted his teeth and said, “Mo Xiu, I really want to go to Yan City and kill him right now.””

“There’s no rush,” Qiu Qiming said. “Since he’s ruined so many of our plans, he’ll definitely run into us. By the way, what was that noise outside?””

Qiu Qiu said, “I don’t know. It might be because someone misfired. This happened before. I’ve already asked Xue Jin to investigate.”” As he spoke, Xue Jin ran into the room, panting heavily.

Qiu Qiu frowned. He knew that things were not good.

“Xue Jin, why are you in such a hurry? What happened?”

“Yes, it’s MO Xiu!” Xue Jin said.”

If it was anyone else, Xue Jin wouldn’t be so flustered. He had seen how powerful MO Xiu was.

“What do you mean? What happened to MO Xiu?”

Xue Jin didn’t say much. He opened the banner on the ground and there was a sentence written on it.

‘My name is MO Xiu, and I’m here at the market today!’

Chapter 152: One Sword Break the Mansion

The words “ market ” on the banner on the ground were particularly eye-catching.

“What happened?” Qiu Qiu asked.”

Xue Jin reported the situation he had just learned.

“The two of them walked around the army and left?” Zhou Xianri asked doubtfully. What are you doing?

“Zhou Xianri, since when did I need you to manage my people?” Qiu Qiu said in a very unpleasant tone.”

Zhou Xianri was rebuked by Qiu Qiu. He looked at Qiu Qiming and said,””Look, this... This, sigh!”

Qiu Qiming was the calmest. He stood up and walked to Xue Jin, saying, ""You should know MO Xiu. Was that MO Xiu just now? Shouldn't he be dealing with Zhou Qiuwu in Yan City?"

Xue Jin said respectfully, "City Lord, when I arrived, those two people had already left. I didn't see them.""

"If you don't see it, why don't you go and check it out?" Qiu Qiming suddenly shouted. "

"Yes, yes! I'll go now."

Xue Jin hurriedly scrambled out. He knew that the City Lord's methods were ruthless, so he did not dare to offend him.

To be able to plan such a big scheme, how could he be soft-hearted? If he was unhappy, he would lose his life.

After Xue Jin left, Qiu Qiming sat down and said to Qiu Qiu, ""Don't act rashly. It's not certain whether MO Xiu is in Shun City or not. This could very well be a conspiracy. Otherwise, why would a smart person like MO Xiu leave behind this banner to provoke us?"

Qiu Qiu was burning with rage. He already had a grudge with MO Xiu, and this time, he had obstructed the grand plan and provoked him. He simply could not tolerate it.

Zhou Xianri saw that Qiu Qiu was a little excited and said, ""Qiu Qiu, if you're angry, you've fallen into MO Xiu's trap."

Qiu Qiu had nowhere to vent his anger. He turned around and shouted, ""I told you, you don't have to care! Who do you think you are? What right do you have to sit here?"

Zhou Xianri was also furious. In the past, he was scolded by Qiu Qiming, but now he was being taught a lesson by a young kid.

He suddenly stood up and said, "What right do you have to criticize me?" All the actions in front of them were according to the City Lord's plan, and there were no mistakes. Who knew that MO Xiu would appear out of nowhere?"

"How could we be in such a situation without any mistakes?" Qiu Qiu said disdainfully. Ridiculous!"

"Shut up!"

Qiu Qiming spoke.

Zhou Xianri said proudly, "Look, the City Lord has spoken. You've gone too far,

Qiu Qiu!"

"I told the two of you to shut up! Especially you, Zhou Xianri. What use are you? I'll kill you today. As long as your butler stays, the plan can still proceed smoothly."

Hearing Qiu Qiming's words, Zhou Xianri felt as if he had been struck by lightning. He sat back down in his seat and did not dare to say another word.

Qiu Qiu sat back down and waited for Qiu Qiming's orders.

At this time, Xue Jin ran back and said, "Reporting to City Lord, I've found out that someone took a photo and confirmed that it was MO Xiu!"

"You may leave." Qiu Qiming waved his hand."

"What should we do now?" Qiu Qiu asked. Should we search the whole city?"

"Let's wait until tomorrow morning."

Early morning, November 8th.

A night passed, and there was no movement.

Qiu Qiming said to Qiu Qiu, "Give the order to assemble!"

Zhou Xianri didn't understand why they had to gather.

He asked, "City Lord, why are we gathering? Shouldn't we be searching for Moxiu at this time?"

After a night of calming down, Qiu Qiu had figured it out.

"Although I don't want to admit it, MO Xiu's strategy is indeed very strong. He came to the camp to cause trouble at this time and left his name so that we can search the entire city."

Qiu Qiming said, "That's right. Don't even think about scattering our army. There are many motives. I'm not sure which one it is yet, but it won't be wrong for us to do the opposite. Gather!"

Qiu Qiu went to make arrangements.

After that, Qiu Qiming ordered the Shun City Army to strengthen their defenses and not let anyone out of the city.

Tens of thousands of soldiers gathered in the City Lord's Mansion. The courtyard and backyard of the City Lord's Mansion were filled with people.

"Everything has been arranged. What should we do next?" Qiu Qiu returned to his room and said.

Qiu Qiming stood up and led the two of them to the main hall, where they sat down.

“Let’s wait. If we act like this, Moxiu will know that the plan won’t work. He should have another move.”

Qiu Qiming thought that when MO Xiu found out that Shun City was an iron wall, he would leave Shun City while the army was still in the City Lord’s Mansion.

Time passed. When it was afternoon, Moxiu really did make a move.

However, it wasn’t like what Qiu Qiming had imagined. He didn’t want to leave the city. Instead, he came to the gate of the City Lord’s Mansion.

Xue Jin said,” City Lord, MO Xiu is outside the City Lord’s manor. It seems like he doesn’t want to leave. I’m afraid there’s a trap, so I’ve come to report. ”“

“Only MO Xiu himself?” Qiu Qiming asked.”

“A total of five people.”

Qiu Qiu was about to leave when Qiu Qiming stopped him.

“Let’s go and take a look together.”

At the same time, outside the City Lord’s Mansion.

The five members of the special operations team were all standing outside the door.

“You’re really a god, MO Xiu,” said Fang Yong. “How did you know that they

would gather together”“

Without waiting for MO Xiu to speak, Cao Fenglin said, "" Guessing that the opponent would move in the opposite direction and deliberately sneak an attack, how wonderful. MO Xiu, your command is correct, but I can't do it.""

The way Xiao Hong looked at MO Xiu now was different. Every step she took was accurate, and every attack hit a vital point.

Only Xiao Xinru didn't quite understand what everyone was talking about. She asked,""Moxiu, when can I try my skills?"

"Right away!" Moxiu said with a smile.

Not only Xiao Xinru, the others were also ready to fight.

"What should we do next?" Cao Fenglin asked."

MO Xiu pulled out the black kylin and held it in his hand."Let's make a scene after a long time!"

As he spoke, MO Xiu held the black kylin with both hands and raised it above his head. He activated the Descent of the Martial God and prepared to use his Bow Stance.

Just as the others were confused, Moxiu did something that they would never forget.

MO Xiu concentrated all his strength on the hilt of Black Qilin's saber and swung Black Qilin down viciously!

The black kylin instantly grew to thousands of meters long. With a slash of the sword, the black kylin looked like a bullet shadow under the sunlight as it descended from the sky!

It directly split the City Lord's Estate into two halves.

As the black kylin was extremely sharp, it did not encounter much resistance during the process.

After this slash, Moxiu retracted his strength, and Black Qilin returned to his original appearance. The other four looked at Moxiu as if they were looking at a monster. A crack was left on the door, and the tragedy inside could be vaguely seen.

He then looked at Black Qilin in Moxiu's hand. With this weapon, it was equivalent to having an extremely powerful skill.

After a second of silence, countless screams came from the City Lord's Mansion.

Qiu Qiming and the others, who had just stood up, saw a black shadow fall from above and cut Xue Jin, who was half-kneeling on the ground to report the situation, into two halves.

The black shadow quickly disappeared again. Qiu Qiu looked up and saw a ray of sunlight shining in. The entire building was split apart by a sword.

A neat crack appeared in the entire house. Since no load bearing walls were cut off, the entire house was still intact. However, the crack was too shocking.

Who was it? Was it MO Xiu?

Qiu Qiming knew that he had been set up and was furious.

"Kill him!"

This sword had broken the City Lord's Mansion!

Chapter 153: Shadow Assembly Order

Outside the City Lord's Mansion.

Cao Fenglin was the first to recover from his shock.

"Moxiu, what should we do now?"

Xiao Xinru said excitedly, "Brother MO, this move of yours is truly formidable. I admire you. Can we make our move now?" Xiao Hong and Fang Yong were also ready.

"Wait a little longer!" Moxiu said.

In the past two days, the most annoying thing they heard was to wait.

He had already waited countless times, yet he still had to wait.

Although Xiao Hong admired MO Xiu, it would seem like she was being a little wishy-washy if she didn't break in even though they were already at the main entrance.

Xiao Hong was about to enter but was stopped by MO Xiu.

"Why are you stopping me? Can the people inside hurt me? There are many of them. If there's danger, I'll retreat immediately."

"You're thinking too much." Moxiu smiled playfully. "I'm not afraid of you getting hurt. I'm afraid of my people getting hurt."

Cao Fenglin's eyes lit up. MO Xiu, are you saying that your people are among them?"

"Of course, you'll know soon enough."

This move caused Cao Fenglin and the others to be dumbfounded. Why was MO Xiu's man here? Weren't they all people from other cities in Shun City?

As if in response to Moxiu, the sound of firearms rang out in the City Lord's

Estate.

"Bang bang bang! Bang bang bang!"

In an instant, the City Lord's Estate was in a mess. It seemed that they were killing each other inside.

Cao Fenglin and the others immediately looked at MO Xiu. Wasn't this too godly? Under such circumstances, it was simply inconceivable that a spy could be planted in such a tight time.

In the City Lord's Mansion, Qiu Qiming did not receive a response from the army of firearms that rushed out of the city gate and tore MO Xiu into pieces. Instead, it was the killing of tens of thousands of soldiers.

Outside the city, Cao Fenglin asked, "MO Xiu, how did you do it?"

"Teacher Cao, haven't you been looking at the Shadow app these past few days?"

Cao Fenglin shook his head.

MO Xiu said, "Release the Shadow Assembly Assembly Order. All nearby

Shadow members will go to the cities around Shun City to ambush. Prepare..." He was taken into the army!"

The Shadow Assembly Order was to send a mission to all the shadows to gather. Of course, the management of the shadows was very loose, and they could not come if they wanted to.

The authority to issue the assembly order was obtained from Wang Yu.

The four of them broke out in a cold sweat. It wasn't because Moxiu had the authority to gather in the Dark Shadow, but because they all knew Moxiu's identity.

What truly made them feel terrified was that MO Xiu had actually calculated this.

Moxiu had already thought of this. At that time, he was basically certain that the masterminds were the Zhou family and Qiu Qiming.

Shun City was very special. It belonged to an independent city, so no matter what they wanted to do next, they would definitely clean up the surrounding cities because they needed a lot of manpower.

Therefore, after MO Xiu asked Wang Yu for permission, he immediately issued a gathering mission. At that time, the mission content was to be on standby.

No matter what, having more helpers was always useful. After MO Xiu received news that Qiu Qiu was sweeping through the surrounding cities, it was changed to an undercover mission.

The reason why Qingfeng Ye was able to sneak into the City Lord's Mansion so easily yesterday was because someone was there to help him.

The selection criteria for the Dark Shadow was the harshest. They were also part of the monitoring department, so Moxiu didn't have to worry that someone would leak the news.

However, Qiu Qiming had been the castellan for so many years, and his prestige was so high. It was possible that he wanted to plant some of his own people in the Dark Shadow.

MO Xiu asked Wang Yu to investigate again. This Shadow Assembly Order blocked everyone who might be related to Qiu Qiming and the Zhou family. Even if there was a 1% chance, it would not work.

Only then did MO Xiu feel at ease to release the Shadow Assembly Order. “When can we start?” Xiao Xinru asked impatiently.”

MO Xiu placed his finger on his mouth, signaling Xiao Xinru to be quiet. MO Xiu was listening carefully to the voices in the City Lord’s Estate.

“It’s almost time. We can go in now.”

At this moment, the main door of the city lord’s mansion was pushed open. It was really too chaotic inside. Finally, someone broke out of the door.

Motheo immediately activated his second Skill, Sword Saint’s Weapon, and summoned his greatsword.

Then, he activated the Ten Thousand Swords state. The giant sword turned into ten thousand small swords and shot towards the door.

Xiao Hong was shocked again after killing all the people who had just come out. This skill was quite strong. According to Fang Yong, this huge sword could even fly.

MO Xiu was two years younger than Xiao Hong, but the strength he displayed was no weaker than Xiao Hong’s.

Xiao Hong, who had always felt superior, suddenly felt that she was still not strong enough.

At the same time, he secretly decided to take Moxiu down and make him his spouse.

MO Xiu shouted after this move.

‘ Let’s make a scene!!’

His voice didn’t just enter the City Lord’s Mansion, it felt like it had spread throughout the entire city.

Other than Cao Fenglin, the other four all rushed through the door.

Xiao Hong was the fiercest. She activated all four skills at the same time.

First, he used a Flame Blast to open a path through the door. Then, he used his second skill, Flame Spear, third skill, Elemental Conversion, and fourth skill, Flame Feather.

His entire body became blurry, and his entire body was covered in flames. There were huge flaming wings on his back, and he held a flaming spear in his hand.

Not to mention strength, just this battle array that was like a god of war was enough to scare a group of people.

MO Xiu was also stunned. Wasn't this too cool? Compared to Xiao Hong, his skills were very low-key.

FangYong use speed advantage into the door inside, in the crowd flash and turn, as if into no one's territory.

MO Xiu didn't rush in directly. Instead, he recalled the ten thousand swords and condensed a huge sword once again. He brought Xiao Xin and flew into the air.

Let Xiao Xinru use her ultimate skill first.

At the same time, the Yue Clan received MO Xiu's signal.

Yue Yuan brought the main group and some family members and set off. Before he set off, he turned around and glanced at Yue Long, who was still sitting firmly on the sofa.

'Let's go,' Yue Long said. 'If MO Xiu says I'm fine, I'm fine. The faster you are, the safer I am.'"

“Understood. I will lead the residents out of the city as soon as possible.” Yue

Yuan said with a serious expression.”

Yue Long closed his eyes and said, “Go!””

After Yue Yuan left with the rest of the troops, Yue Long slowly got up from the sofa and walked out of the door step by step.

He opened the door and saw a hundred people standing outside.

There were both young and old, and most of them were people who had been working hard with Yue Long until now.

Yue Long said, “This operation will be very dangerous. If you lose, you will have nothing. If you win, you may not get anything substantial. Do you blame me?””

The crowd was silent. One of the old men said, “Boss, I’ve been with you for more than twenty years, right? You have never mistreated me, and Shun City has never mistreated me. Now is the moment of life and death for Shun City. If I can save Shun City, I am willing to be the first to charge.”

“Ah, Old Liu is right. What’s there to be afraid of? Countless people in Shun City will be saved because of us!”

“That’s right, let’s do it!”

The scene was very chaotic. Yue Long originally wanted to say a few words to boost morale, but it seemed that there was no need for that now.

Yue Long laughed out loud. This laughter reminded everyone of the young man who had nothing in the past.

He had come to Shun City alone, and he had fought his way up from a poor kid to the current leader of Shun City.

Tears welled up in Old Liu's eyes as he watched. He used to smile like this.

"Hahaha, good.. Brothers, let's go!"

Chapter 154: Lightning Like a Sword

Yue Long brought a hundred of his most trusted subordinates out of the Yue Residence. This battle had to be won.

On Yue Yuan's side, as soon as he left the Yue Residence, the main force immediately dispersed and went to various locations in the city, playing a sentence with the sound system!

"Yue Clan, save the city! Everyone, evacuate together!" "Young Master, why didn't anyone come out?" asked the Yue Family's butler." Yue Yuan frowned and said, "They don't trust us!"

The butler was a little anxious and said, "Up until now, only our Yue family dares to go against the City Lord. They still don't believe us?"

Yue Yuan sighed and said, It was normal to not trust him. Even the Old City Lord who had saved Shun City so many times could not be trusted. So what if it was my Yue Clan?"

The butler hesitated. Yue Yuan took the microphone and said,""Everyone, I am Yue Yuan, the son of Yue Long. I know that you don't trust anyone now, but please come out and take a look. I don't have an army here, only ordinary citizens like you. My father is facing the entire City Lord's Estate at this moment. Come out earlier and follow me out of the city to a safe place. I can come back earlier to fight the enemy with my father. I..."

Speaking up to this point, Yue Yuan actually choked up a little.

"I... I don't want to be a hero at this moment. I'm just a person, a son. I only want to save my father. Everyone, help me!"

Yue Yuan did not give an impassioned speech, nor did he try to persuade him with emotion.

However, as Yue Long's son, he wanted his father to live.

After Yue Yuan finished speaking, there was still no response from the building.

The butler snatched the microphone and tried to persuade him again.

At this moment, a man walked out with his wife and daughter.

He came to Yue Yuan and said, "Yue Yuan, right?" I'll go with you. Where are we going?"

Yue Yuan nodded to express his gratitude.

When the first person stood up, countless others stood up.

One by one, one by one, a hundred, everyone came out.

This situation spread, and everyone in the city stood on the streets.

Yue Yuan clenched his fists tightly and shouted into the microphone, "Let's go! Go to the north!"

The crowd surged. Everyone in the city was heading north. Every car was filled with people and sped north.

Yue Yuan stood on the street and laughed when he saw a large group of residents running.

Many passersby saw Yue Long and the hundred people behind him.

They... He was walking towards the City Lord's Mansion.

When they returned to the City Lord Manor, MO Xiu also saw from the sky that Yue Yuan had begun to take action and had successfully led the crowd to escape.

MO Xiu said to Xiao Xinru behind him, 'You haven't chosen a seat yet? Hurry up! This army is about to be out of control. Hurry up and give me a shot. I can still go down and help Xiao Hong.'

Xiao Xinru seemed to be calculating seriously when Zhou Xianri came out from the room! He walked out, looking like he wanted to take the opportunity to escape.

MO Xiu pointed at Zhou Xianri and said, 'Xiao Xinru, just blast over there. The range is the largest. After you cause damage, use some lightning like a sword to kill him.'

"Is he Qiu Qiming?" Xiao Xinru asked.

"Then I won't fight. I want to do the biggest!"

Moxiu almost fell off his greatsword. When did he want to steal the limelight?

"If you don't use your skill, I'll put you down!" Moxiu threatened." As he spoke, Moxiu intentionally tilted his greatsword.

"Hey, hey, hey! Stop fooling around. I'll let go, I'll let go!"

"Hurry up!"

Xiao Xinru pointed at the ground, and dark clouds immediately appeared in the sky.

This time, it was a million lightning bolts. It was much more spectacular than the last time MO Xiu had seen it.

Due to the huge commotion in the sky, the people below looked up and broke out in cold sweat.

Fang Yong was currently at the edge of the skill's range. When he saw the movement in the sky, he immediately retreated. It was too scary.

The lightning quickly descended, and the dense thunderbolts covered everyone in the area.

MO Xiu finally understood that Xiao Xinru's skill wasn't powerful or had a large range.

Instead, it could be cast instantly without any casting time.

Almost everyone fell in the lightning. Zhou Xianri's entire body was silver-white. It seemed that he had activated his skill and was slowly moving forward.

MO Xiu exclaimed in admiration. Zhou Xianri's information stated that he was ignorant, incompetent, and extremely lazy, but it seemed that he was still very strong.

The last time MO Xiu faced Xiao Xinru's skill, he was unable to walk in the lightning.

"Enough!" Moxiu shouted." Quickly restrain the lightning. Don't let him escape.

"Don't worry, I'm working on it." Xiao Xinru said."

Moxiu also noticed that the area of effect of his skill was slowly shrinking.

Zhou Xianri also felt that something was wrong. Why was the lightning getting denser and denser, and walking more and more difficult?

When Zhou Xianri was unable to walk, Xiao Xinru seized the opportunity and instantly gathered the lightning into the pillar.

Although he could not see the situation inside the lightning pillar, MO Xiu was certain that Zhou Xianri was not dead.

“Where’s your Thunderbolt Sword?” asked MO Xiu.”

“Don’t worry, I’m not very familiar with it yet,” Xiao Xinru said.”

After saying this, Xiao Xinru’s expression was serious as she looked in the direction of Thunderbolt.

At this moment, another group of people gathered on the ground and fired at Moxiu.

In order to allow Xiao Xinru to release her skill, they flew at a lower altitude.

MO Xiu was currently using [Descent of the Martial God]. Bullets couldn’t penetrate his defense, but Xiao Xinru couldn’t.

MO Xiu still had to control the giant sword and protect Xiao Xinru. It was quite strenuous.

“Success!”

The following scene was spectacular. The lightning pillar that was more than a meter in diameter instantly became thinner. Although it did not really reach the level of a sword, it still looked like a rod.

The lightning pillar became thinner. Zhou Xianri's body had just emerged from the lightning's cover when he was instantly reduced to ashes.

Moxiu felt a chill run down his spine. How terrifying. If he was used to test his skills, he would at least lose a layer of skin even if he did not die.

Xiao Xinru was very satisfied with his performance. He looked at MO Xiu and said, ""Brother MO, did I do well?"

MO Xiu cooperated and said, "Impressive, impressive. However, time is tight now. After I send you back, I still have to make a scene. If I can buy one more second, the residents of Shun City and Yue Long will be safer."

He swiftly flew out of the City Lord Manor and sent Xiao Xinru to Cao Fenglin.

'Xiao Xinru, this skill of yours is too powerful," MO Xiu said unintentionally." Shouldn't you knead the lightning together and shorten the time to one second? Then you can truly make the lightning like a sword! ""

Xiao Xinru seemed to understand something and stood rooted to the ground.

Inside the City Lord's Mansion.

"Father, MO Xiu is outside. Let me go out and kill him!" Qiu Qiu said to Qiu Qiming."

Qiu Qiming said, "There's no rush. This kid is full of tricks. I don't know if he has any more tricks up his sleeve. I'll ask Zhou Xianri to go out and take a look.

"What can that trash CIO"

At this moment, a guard hurriedly reported, ""City Lord, the citizens of the city are gathering in the north."

‘ Don’t be afraid,” Qiu Qiming said.” The Shuncheng Army is guarding the city.

No one can escape.””” The guard looked troubled.

“Just say it!” Qiu Qiming asked.” “The Shun City Army in the north has disappeared.” Qiu Qiming was furious and walked out.

What exactly...What was going on?

Chapter 155: There Might Be Something Wrong With Your Brain (1)

Qiu Qiming and Qiu Qiu walked out of the house angrily.

Qiu Qiming knew very well that Shun City would fall if all the citizens were moved.

Right now, the forces of the various cities could not even take care of themselves. Once things calmed down, there would definitely be many people coming to attack.

Qiu Qiming and Qiu Qiu gave the order as soon as they stepped out. “Everyone, leave the mansion and stop the residents from leaving the city!”

At the north of the city, just as Yue Yuan was mobilizing the entire city.

Qingfeng Ye arrived at the Shun City Army camp alone.

One of them ran into the camp in a panic to report.

“Deputy Lin, Captain Ye is here.”

Vice-Captain Lin immediately put down the teacup in his hand and stood up.

As the vice-captain, he was ordered to temporarily take over Qingfeng Ye's position and lock down the entire city.

These two days, he could not sleep or eat well, blocking one ordinary person after another who wanted to leave the city.

Although Vice-Captain Lin had ordered them to be more polite and not to use force, there would still be some casualties.

He was a rough man who never drank tea. For the past two days, he had been drinking tea in the camp, trying to calm his heart.

Vice-Captain Lin was about to go out to welcome him when Qingfeng Ye came in.

Everyone in the Shuncheng Army knew who Qingfeng Ye was.

Most people didn't understand what was going on and why Qingfeng Ye would come back at this time. Even so, no one dared to stop him.

Qingfeng Ye had been in charge of the Shun City Army for more than 20 years. No matter what, his prestige in the city army was unparalleled.

Seeing Qingfeng Ye approaching, the vice -captain grabbed his hand and said, ""Captain, you're finally here. I can't hold on much longer."

" Then don't be too full," Qingfeng Ye said lightly." "Captain, what do you mean?" Vice-Captain Lin asked in surprise."

"I didn't come here at the City Lord's behest."

“What is that?”

“I’m here for the citizens of the city!”

Vice-Captain Lin was very surprised. Qingfeng Ye was more loyal to the City Lord than anyone else. Why would he want to disobey the City Lord’s order at this time?

Qingfeng Ye noticed Deputy Lin’s abnormality and said, “You know what? After I came out, I first found my wife and daughter and chatted with them. Other than worrying about my safety, they were also afraid every day.”

Vice-Captain Lin lowered his head and said lightly, “Sigh, military orders are like mountains. I’m also very confused.”

“Have you brought your relatives over?”

Vice-Captain Lin lowered his head in shame. He had taken over his wife and children, but he had trapped someone else’s wife and children in the city.

“Are all your friends here? Were the families of every soldier in Shun City Army here? This is impossible.”

“Captain, are you thinking of...?” But the City Lord!”

“This is the border of the city. You can see the scene outside the city. Do you want the tragedy outside the city to happen inside the city?”

Vice-Captain Lin was silent. He looked at the teacup on the table and thought about something.

Qingfeng Ye continued, "I know that the City Lord has done you a great favor, and he has done me a great favor. I am not here to make the Shun City Army go against the City Lord. I just hope that the Shun City Army can make way for the people to leave the city. ""

Vice-Captain Lin picked up the teacup and looked around.

Qingfeng Ye heard the sound outside. Yue Yuan's side had succeeded. There was a commotion outside. Someone should have arrived and was preparing to leave the city.

If the city gates did not open, the Yue Clan would lose the hearts of the people. At that time, all their efforts would be for naught.

Even if Qingfeng Ye raised his arms and shouted, some of the Shun City Army would respond, but that was not a solution. It would lead to a chaotic battle, and the outcome was hard to say.

Right now, Vice-Captain Lin was in charge, and only his orders were the safest.

"Xiao Lin!" Qingfeng Ye said anxiously.

Vice-Captain Lin shook the teacup in his hand and drank the tea in one gulp.

Then, he smashed the teacup heavily on the ground. This teacup was useless...

He walked out of the camp and shouted, "Open the city!!! Release him!"

The firearms army and the guards of the City Lord's Mansion received the order at the same time, and tens of thousands of people rushed out of the City Lord's Mansion.

Seeing this, MO Xiu knew that things weren't good. Qiu Qiming reacted quickly and controlled the giant sword to land on the ground. He and Xiao Hong tried their best to stop him.

However, there were tens of thousands of people. Xiao Hong was still fine. Her entire body had been converted into elemental essence, so firearms could not deal any damage to her. As long as she calculated the time well, she would be able to retreat before the cooldown of her skills.

Fang Yong's speed wasn't of much use in such a dense crowd. At this moment, he had already retreated and joined up with Cao Fenglin and Xiao Xinru, preparing to leave the city.

The members of the Dark Shadow that had been hiding previously were now scattered to protect the residents out of the city. No matter how many people Yue Yuan had, it was not enough at this time.

At this moment, Moxiu seemed to be quite relaxed. He relied on the sharpness of Black Qilin to kill in all directions. Moreover, he controlled his greatsword to fight at the side. It seemed as if he was fighting alone.

MO Xiu and Xiao Hong only blocked the entrance for a few seconds before they were pushed away by the crowd.

MO Xiu immediately said, "Go find Yue Long and see if he can help." "I'll cover your back."

He thought that Xiao Hong would be polite to MO Xiu, but he didn't expect her to leave without even replying to him.

Moxiu faced the crowd alone. After another round of battle, he heard a voice.

"MO Xiu, this time, I will definitely kill you!"

Moxiu looked over. It was Qiu Qiu, the third leader. Killing him was of great significance.

He immediately gave up on blocking the crowd. It was not of much use anyway.

He faced Qiu Qiu.

Qiu Qiu snorted coldly, “You have guts. You actually didn’t run when you saw me.””

MO Xiu laughed loudly.

“Hahaha, there might be something wrong with your brain. I’ve already hit your door and split your house in half. What were you thinking? How can you say such pretentious words?”

“You did it?” Qiu Qiu narrowed his eyes.”

MO Xiu looked up at the sky and pretended to recall.”I remember someone saying that if you lose to me once, you will lose again. How many times have you lost?”

MO Xiu had angered Qiu Qiu in this manner because he wanted to delay Qiu Qiu as much as possible. If Qiu Qiu was not in the firearms army, the battle strength of the army would be greatly reduced.

It wasn’t that Moxiu didn’t have confidence in himself, but that he had used God’s Sight to see Qiu Qiu’s skill.

“Skill 1: Consecutive Fireball 1+(to be used)

[Skill effect: Summon fireballs to attack. Additional effect: Explosion. Fireballs will explode when they come into contact with objects, turning into several small fireballs to deal secondary damage.]

[Cooldown time: 5 seconds]

[Second Skill: 4 consecutive ice spikes (to be used)]

[Skill effect: Summons an ice spike to attack, with the additional effect of freezing, reducing the speed of the target by 20%.]

[Cooldown time: 5 seconds]

[Third Skill: Ten Thousand Demons Entering the Body 6(to be used)]

[Skill effect: After activating the skill, every life within 5 kilometers dies within 12 hours. Accumulate 1 Mana Point. Every 100 Mana Points increases 100% attack, defense, speed, and elemental damage (capped at 3,000).]

[Duration: 20 minutes]

“Cooldown time: 3 hours.”

Just now, many people had died in the City Lord’s Estate. Qiu Qiu’s three skills combined with one or two skills made it very difficult for MO Xiu to deal with him..

Chapter 156: Serious Injury (1)

Qiu Qiu’s three skills complemented each other. Moxiu had seen the Fireball Technique in the Underground Arena before.

These two skills were not strong on their own. They were just the most common elemental skills. However, the most valuable thing was that their cooldown time was very short, only five seconds, and they could provide continuous damage.

Combined with the three skills, Ten Thousand Demon Body, it was already very powerful. Skills that directly increased elemental damage were very rare. These three skills could not only increase elemental damage, but the increase was also very large.

Skills like this were very restrictive, and their explosive power was also very strong.

There was one thing that MO Xiu found strange. Qiu Qiu seemed to know that he would awaken the Ten Thousand Demons Invasion. He chose two skills that were suitable for the first two skills.

“You’re boasting shamelessly. Today, I’ll let you experience what it means to be better than others.”

After Qiu Qiu said this, he immediately activated his third skill, Myriad Demon Invasion.

Numerous black threads appeared around him, spiraling into Qiu Qiu’s body.

A strange black tattoo appeared on Qiu Qiu’s body, which perfectly accentuated his evil temperament.

Just as Qiu Qiu had released his skill, Moxiu had already quietly controlled his greatsword to circle around Qiu Qiu’s back.

Qiu Qiu turned his head and smiled at MO Xiu, looking very strange.

The giant sword flashed past at high speed, but it did not hit Qiu Qiu.

Qiu Qiu’s body flashed, easily dodging the giant sword.

According to MO Xiu’s estimation, Qiu Qiu’s speed had increased by at least 1,000%.

If that was the case, Qiu Qiu should be slightly stronger than MO Xiu based on his skills alone, and he would have to face a tough battle.

Moxiu had thought that Qiu Qiu would use two long-ranged skills with short cooldowns to attack.

He didn’t expect Qiu Qiu to directly rush towards MO Xiu, wanting to engage him in close combat.

Since he wanted to engage in close combat, Moxiu was even less afraid. This was his forte.

Qiu Qiu was forced back by MO Xiu in just two moves.

Moxiu's Descent of the Martial God increased all attributes, while Qiu Qiu's only increased attack, defense, speed, and elemental damage. He did not increase flexibility and other attributes that were compatible.

Therefore, theoretically speaking, there was no way for him to unleash his full strength.

Qiu Qiu took two steps back, his eyes still filled with killing intent.

"Moxiu, today I'll let you see my true strength."

Qiu Qiu summoned a fireball and threw it at the crowd.

"Bang! Boom! Boom! Boom!"

A simple fireball spell exploded with a huge momentum.

MO Xiu didn't understand Qiu Qiu's intentions. Why was he attacking his own people?

After seeing the scene, he understood everything.

Hundreds of black lines appeared at the spot where the fireball had exploded and finally fused into Qiu Qiu's body.

Moxiu immediately understood. Qiu Qiu's skill could actually evolve continuously in battle.

It was not the number of deaths when the skill was activated, but the so-called Mana that could be absorbed after the skill was activated.

Only now did MO Xiu realize that Qiu Qiu possessed this skill. He was a natural killer.

After thinking it through, Moxiu stopped stalling and took the initiative to attack. If this continued, Qiu Qiu would only become stronger and stronger.

When Qiu Qiu reached the limit of his skill, even Moxiu could only run.

MO Xiu's sword slashed down. Qiu Qiu clearly knew how powerful Black Qilin was. He did not take it head-on and dodged it.

Seeing Qiu Qiu's actions, MO Xiu was even more certain of his own thoughts, and his speed increased.

"Moxiu, you understand, right? I'll get stronger as I fight, but you can't." Moxiu attacked steadily, seizing every mistake in Qiu Qiu's movements.

Qiu Qiu slowly started to use two elemental skills because he realized that Moxiu was really strong.

He had investigated Motheo's skills and found that they had all increased attributes. At this moment, their physical strength was actually about the same.

Qiu Qiu's goal was to use one or two of his skills to stall Moxiu. As long as the time went on, Moxiu would definitely not be a match for him.

Moxiu, on the other hand, attacked with all his might, wanting to defeat Qiu Qiu in a short period of time.

However, he did not get what he wanted. Qiu Qiu's skills dealt high damage, but Moxiu was immune to a portion of the elemental damage. In addition, he did not take the damage head-on, so he did not take much damage.

The two of them were very concerned about dodging each other's moves, resulting in a temporary stalemate.

MO Xiu didn't want to stay in a stalemate any longer. After stabbing out, the giant sword harassed him from the side, taking advantage of Qiu Qiu's evasion to activate the explosive holy flames.

Holy flames exploded in Qiu Qiu's chest, sending him flying.

This attack was very sudden. Moreover, Qiu Qiu did not expect MO Yucheng to have a third skill. He was hit hard, and the explosion caused a second damage to Qiu Qiu.

This attack had injured Qiu Qiu, and it was not a light injury.

Qiu Qiu's eyes were filled with shock as he clutched his chest and asked, "How can you have three skills? Logically speaking, you can only have one skill. Did you eat two Heaven Defying Pearls?"

MO Xiu solemnly nodded and said, "That's right, that's it."

Moxiu didn't let this opportunity slip by and attacked again.

After just two moves, MO Xiu discovered something strange and his eyes widened.

Qiu Qiu panicked and turned to run.

This was because Qiu Qiu's strength had fallen. This was definitely not because of his injuries, but because his skill attributes had fallen.

MO Xiu immediately thought of the Explosive Holy Flames. It should be the Explosive Holy Flames that had a restraining effect on Qiu Qiu's Ten Thousand Devil Invasion.

Could it be the effect of purifying the soul? Originally, MO Xiu didn't want to use the Explosive Holy Flames. He wanted to use it when he helped Yue Long in the future.

However, he had just been unable to win the battle and could not drag it out any longer. Moxiu wanted to give it a try, but he did not expect it to be so useful.

Qiu Qiu wanted to run, but MO Xiu naturally wouldn't let him go

The huge impact created a deep pit in the ground. MO Xiu lay inside, clutching his shoulder. This almost made MO Xiu lose consciousness.

Enduring the pain, MO Xiu propped his body up with both hands and saw that it was Qiu Qiming.

Based on that attack, MO Xiu realized that he was no match for Qiu Qiming.

He immediately controlled the greatsword to fly over. It was a little difficult for Moxiu to stand up. He lay on the greatsword and immediately flew away.

Of course, Qiu Qiming wouldn't let MO Xiu off so easily. He only took a step forward, but he arrived in front of MO Xiu and threw another punch.

MO Xiu used the black kylin to block it, but Qiu Qiming's strength was too great, and the black kylin crashed into MO Xiu's body.

After spitting out a mouthful of blood, Moxiu used the momentum to control the giant sword to fly in the opposite direction.

MO Xiu flew away. Qiu Qiu said, "I'll chase after him. He's heavily injured and can't run far. ""

Qiu Qiming said, "With the current situation, if he runs to the south, he won't be able to find anyone to help him. Don't worry about him. He won't be able to survive either. Come with me to get down to business. If the Yue family wants to cause trouble, I'll kill him. ""

If someone were here, they would have noticed something strange. Qiu Qiming was covered in old injuries and had been unable to walk for many years. However, not only could he walk now, but he also possessed powerful combat strength.

MO Xiu lay on the giant sword and gripped the hilt tightly.

He had to stay as far away from the City Lord's Mansion as possible to survive.

MO Xiu's injuries were very serious. He bit his lips, not wanting to lose consciousness.

He didn't lose consciousness, but the Sword Saint's Divine Weapon entered a cooldown state. The giant sword disappeared, and Moxiu fell from the sky....

Chapter 157: Let Me Teach You a Class

North of Shun City.

Qingfeng Ye and Vice-Captain Lin were arranging for the Shuncheng Army to open up a path for the civilians to leave the city.

At this moment, the two of them no longer had any hesitation in their hearts.

Loyalty was a rare and valuable quality in any era, but blind loyalty was not.

A soldier could not judge right from wrong, but a general could not.

Wrong, it was wrong!

Vice-Captain Lin was very grateful to Qingfeng Ye for saving him from regret for the rest of his life.

Qingfeng Ye was the same. What he wanted the most now was to thank MO Xiu in person.

Especially when he saw every resident who walked out of Shun City and obtained safety.

‘ Captain,’ Deputy Captain Lin said to Qingfeng Ye,’ the city lord just gave the order. The Shun City Army must defend the north. The brothers in the south must enter the city to kill the enemy.’” I don’t care!” Qingfeng Ye said.

Vice-Captain Lin nodded slightly.

The army of tens of thousands of soldiers seemed strong, but they were actually not as strong as an elite army of a few thousand.

Now that the city was in chaos, without the help of the Shun City Army, Qiu Qiming would be in a difficult position.

On Yue Long’s side, he had been waiting on the road that the City Lord’s Estate had to take to the north of the city.

After the commotion, they finally saw the army of firearms rushing over.

Yue Long pulled out the long saber that he had been carrying on his back. He held it in his right hand and brushed it lightly with his left hand.

How many years had it been? He was going to use this saber to fight again.

Looking at the crowd getting closer and closer, Yue Long shouted, “Brothers, let’s go! Don’t let anyone pass by!”

There were only 100 of them, but their aura seemed to have suppressed the tens of thousands of enemy troops.

On the one hand, the firearms army was loosely managed, and they had yet to receive unified training.

On the other hand, the Yue Clan had Yue Long to lead the charge and boost their morale, while the firearms army had no leader.

The firearms army was getting closer and closer, almost reaching the range of the firearms. Yue Long immediately used the Rising Dragon Array to boost the hundred people behind him to prevent them from getting injured later.

Then, Yue Long used the True Dragon Array on himself. It increased all his attributes by 1,500%, and his entire body emitted a faint golden light.

He directly charged into the enemy with his long saber. The hundred soldiers behind him also charged into the enemy with an imposing manner!

White Town.

Yang Zekun had been guarding here for more than a day and had also received the battle report from Shun City.

The more he thought about it, the more he felt that MO Xiu wasn't human. He infiltrated Shun City, planted a dark shadow spy, rescued Qingfeng Ye, broke into the firearms army camp at night, and evacuated the civilians.

Every step had been calculated accurately. If one step was wrong, the whole game would be lost.

However, this was just the beginning. MO Xiu's side had fallen into a bitter battle. Yang Zekun wanted to transfer a portion of his troops to support them.

However, they really couldn't spare any manpower. In order to trap Bai Fan and Zhou Qiuwu, the most important thing was that they didn't know if there were any other forces causing trouble. They couldn't go too far away from Yan City.

Inside the White Town building.

Bai Fan and Zhou Qiuwu's hearts were in a mess. The news of Shun City's danger had been sent in the afternoon, but there was no other news.

Zhou Qiuwu made another call. After hanging up, he could not stay any longer.

"Bai Fan, let's go out. Shun City is in danger. MO Xiu is full of tricks. Even the city lord has fallen for it. I just called the butler."

"Isn't your father Zhou Xiangri?" Bai Fan asked. Why can't I see your sadness?"

Zhou Qiuwu said nonchalantly, "If it weren't for him and grandfather, the family wouldn't have fallen to this state. I've never treated him as my father. You haven't answered my question. Let's retreat!"

Bai Fan's eyes gradually turned cold. Everything was different from what he had imagined.

"How do we go? Leaving these people behind and letting the Yan City Army record a video and send it out?"

"Are you going to sacrifice them?" Bai Fan frowned. Let them die?" "As long as we run out, we will be able to gather a large army of firearms."

"I'm not going with you!" Bai Fan said."

Zhou Qiuwu slammed the table in anger. If he knew Bai Fan was so hard to control, he wouldn't have looked for him in the first place.

"Why not? Have you forgotten our original intention? You're giving up just like that? Was he willing to be trapped like this and finally be captured?"

“My original intention is different from yours. I hope that everyone like me can be treated fairly. I hope that everyone can have the ability to resist.” Hmph, you’re too naive,” Zhou Qiuwu mocked.” Your hope will never come

true.”“

Bai Fan looked out the window and said,” Maybe, but no matter what, I don’t want to be someone like you who doesn’t care about the lives of others for your own benefit. ““

“Ridiculous. If you don’t leave, don’t stop me!”

Zhou Qiuwu turned around and went out to gather everyone.

Bai Fan looked out of the window and didn’t move.

From the sound of it, Zhou Qiuwu should have finished mobilizing and was ready to set off.

Zhou Qiuwu sent out a signal, and the Demon Falcons flew over from all directions.

The Yan City Army outside saw this scene. Yang Zekun muttered to himself,”“Is there finally going to be a move?”

“Chief of Staff, should we stop the Magic Falcon?” the guard asked.”

Yang Zekun looked at Bai Fan through the window and said, “No need. Pass down the order. All the troops are on alert. When they escape on the Demon Falcons, shoot down all the Demon Falcons!”

“Yes, sir!”

Yang Zekun typed a line of words on his phone and sent it out.

“Zhou Qiu Wu was prepared to drag everyone down with him and escape by himself. Bai Fan didn’t move.”

MO Xiu and Yang Zekun had made a plan back then. The last step was to keep Bai Fan here so that Zhou Qiuwu could die.

But now, it seemed like Zhou Qiuwu might not be able to keep him. Bai Fan had no worries, so he might be able to escape with his spatial skill.

This way, through the video recording of Zhou Qiuwu’s actions, although his reputation was ruined, the most important thing was that Bai Fan was not.

Zhou Qiuwu led everyone to the rooftop. One of them asked, “Boss Bai Fan, aren’t you coming with us?”

Zhou Qiuwu didn’t want to talk about this at first, but Bai Fan had a high status in everyone’s heart. Now that someone asked, he had no choice but to answer.

“Bai Fan still has other missions to do. Let’s go first.”

“But...”

“No buts. There’s no time. Let’s go!”

The Demon Falcons were all on the rooftop.

Someone looked down from the platform and said, “But the Yan City Army seems to be preparing something. Can we run away later?” “Then do you want to wait here for death?” Zhou Qiuwu asked.

“I want to stay with Boss Bai Fan!” One of them stood up and said.

“Bang!”

This person fell to the ground.

“You’re a deserter!” Zhou Qiuwu roared. Who else wants to be a deserter?”

Everyone was scared out of their wits and could only follow Zhou Qiuwu’s order to get on the Demon Hawk.

Zhou Qiuwu sat on a single Demon Hawk, while the others sat on one with a dozen or even dozens of people.

‘ Let’s go!’

Bai Fan, who was in the building, sighed heavily when he saw this scene. What a pity, what a pity for so many people, what a pity for Mu Mu, I’m sorry!

Chapter 158: 10,000 Techniques, Super Yue Long

Shun City.

Yue Long was doing his best to kill the enemies, but a hundred people were still too few. The formation only lasted for a few minutes before it was broken up by the army.

A streak of fiery light descended from the sky and landed in front of Yue Long, causing a huge explosion. It cleared out an area and relieved Yue Long’s pressure. At the same time, it also allowed the hundred-man team to regroup.

Yue Long looked up into the sky. Xiao Hong had arrived.

“Thank you!” Yue Long said.

“My skill is about to enter cooldown, so I can’t help you anymore,” said Xiao Hong.”

After saying that, he flew away. After Yue Long relieved the pressure, he was surrounded by the crowd again.

It was already very strenuous, and the guards of the City Lord’s Estate came again.

There were only a few dozen guards, but their strength could not be underestimated.

“Are you going to help the tiger?” Yue Long shouted.”

The leader said,” I’m sorry, Brother Yue. We’ve served the Old City Lord for generations. Even if the Old City Lord wants to kill us, we won’t resist.””

“Foolish! Simply stupid.”

The addition of the City Lord Manor’s guards disrupted the battle situation. Yue Long’s side was instantly at a disadvantage.

100 players were far from enough to stop them. The original plan was to just hold them off for an hour. With Moxiu’s stalling, all the residents should be able to leave the city.

But now, it seemed that he couldn’t last for an hour.

The City Lord Manor’s guards were too strong. Yue Long had no choice but to use the Dragon Trapping Array, the Dragon Killing Array, and some of his brothers ‘killing moves. However, he only managed to kill more than half of them.

This way, Yue Long would have no more tricks up his sleeve.

There was always a way out. Just as Yue Long wanted to defend for a while longer, another flame shot into the crowd. This flame was different from Xiao Hong's and was very domineering.

When Yue Long turned around and saw who it was, he laughed loudly. Reinforcements had arrived. "Brother Wang Lei, why are you here?"

Wang Lei shot out another flame.

"If I didn't come, would you have been able to do it? MO Xiu told us to come here as soon as the Yan City Army takes over White Town."

Yue Long looked back and was shocked. Wang Lei had brought more than a thousand people.

At this time, everyone wanted to take control of their own city. It was unexpected that Wang Lei could bring so many people with him.

MO Xiu had made such preparations because he was very clear about the situation in Shun City. Shun City was an independent city, and the surrounding cities had been cleared. It was almost impossible for anyone to come to support them.

He could only use the most trustworthy core force in his hands.

Among these 1,000 people, there were some from the strongest clubs, Xiao Hong's people, and the members of the Dark Shadow that Wang Lei had gathered on his own.

The remaining members of the Liu family and the strongest club had returned to Yan City. They still had a lot of follow-up work to do.

These 1,000 people were all battle-hardened. They joined the battle the moment they arrived and reversed the situation once again.

However, the good times didn't last long. Qiu Qiming still came.

Qiu Qiming was like a god of war, shuttling back and forth on the scene. No one could stop him.

Seeing this, Yue Long and Wang Lei immediately went over.

One punch, just one punch and Yue Long and Wang Lei were forced back.

Qiu Qiming...He was simply too strong!

Yue Long, who was lying on the ground, said to Wang Lei, "Something is wrong! "

"I can see that too. How old is Qiu Qiming this year?" Wang Lei said. It was said that he could not walk for a long time, but how could he be so strong?"

Yue Long supported Wang Lei's shoulder and stood up. He took a deep breath and shouted, "Everyone! Add support skills to the body of the ship! No matter what species it is!"

Wang Lei looked at Yue Long's expression and was a little moved. He wanted to stall Qiu Qiming alone.

"Everyone!" Wang Lei shouted. Add the support skill to Yue Long!"

Among the hundred people that Yue Long had brought, more than half of them had support skills. At this moment, all of them were buffing Yue Long. It seemed like it was premeditated.

It was the same for the people that Wang Lei brought. All the people with support skills added their skills to Yue Long.

Countless rays of light flashed on Yue Long's body, and the light even blocked his body.

After the light faded, Yue Long's true form was revealed. At this moment, Yue Long's body was more than twice as big. There were all kinds of patterns on his body, and there were wings on his back.

Yue Long took a step forward, and the ground shook.

"Qiu Qiming! Today, I will fight you!"

Yue Long disappeared instantly. When he reappeared, he was already in front of Qiu Qiming.

Putting aside whether Yue Long could win or not, with so many skills on his body, after the skills lost their effectiveness, Yue Long's body would definitely suffer damage or even backlash!

"Yue Long, I didn't expect you to challenge my authority!" Qiu Qiming said with a smile."

Yue Long replied, "It's not that I 'to challenge your authority, but that you've lost the hearts of the people!'"

Qiu Qiming snorted coldly." Look at these tens of thousands of soldiers. How can you tell that I've lost the hearts of the people?"

Yue Long shook his head and said," Of course, some of these people have been treated unfairly, but most of them are not good people. They want to take the opportunity to turn things around, right?"

Yue Long only took half a step back and smiled. It seemed that Qiu Qiming was not invincible.

He waved his long saber and forced Qiu Qiming to retreat. The current situation was basically under control as long as he could stall Qiu Qiming.

Seeing that Yue Long could handle it, Wang Lei was relieved and continued to block the firearms army.

It was a chaotic battle. As the deputy of the MO family's army, Feng Danian didn't panic and continued to command in an orderly manner.

"Those with strong defensive skills, go forward and block. Elementalists, try your best to attack from a distance."

Almost all the members of the Strongest Club stayed in Yan City. After the chaos in Yan City, they were needed to help and maintain order.

Therefore, for this expedition, the person in charge of the strongest club became Feng Danian. It was commendable that he was willing to lead everyone to Shun City to rescue them.

As time passed, the evacuation of Shun City's residents was almost over. Wang Lei did not give up and defended to the death. He was retreating while fighting to reduce casualties as much as possible. As long as the firearms army did not advance too quickly, it would be fine.

Qiu Qiming and Yue Long seemed to be much lonelier now that the army had moved.

Only two people were fighting in front of the city lord's mansion.

Yue Long's status came from many people after all. The duration was long and short. Some skills had already disappeared, so Yue Long's strength was declining.

However, to Yue Long's surprise, Qiu Qiming's strength was also declining.

Qiu Qiming had once fought alone against a city, and the strength he had displayed was definitely not as strong as he was now. His skill had always been a mystery, and he only knew that the more he fought, the stronger he became.

The two of them had wins and losses in their moves, and it was difficult to tell the difference.

Qiu Qiming looked in the direction of the group. He knew that they would lose completely this time.

After pulling some distance away from Yue Long, he put his finger into his mouth and whistled.

Yue Long didn't understand Qiu Qiming's intentions, so he didn't act rashly.

Three seconds later, the earth shook and the mountains shook. The City Lord's Mansion that had been split into two by MO Xiu collapsed. A huge figure that was more than ten meters tall crawled out from the ground.

Yue Long felt a chill in his heart. This was the Demon Hawk King...

Such a monster had been hiding under Shun City all this time..

Chapter 159: Meeting Her Again (1)

White Town.

"Chief of Staff, under our full efforts, all the Demon Falcons were shot down.

Most of the people on top have died, and the remaining ones have been captured!"

"Is Zhou Qiuwu still alive?" Yang Zekun asked."

"Alive!"

"Bring him here to take a look!"

Zhou Qiuwu's hair was unkempt and he was no longer as imposing as before.

"Didn't you say I could leave? Didn't you want to shoot a video?"

Yang Zekun sneered. "You're mistaken. The person I want to keep is Bai Fan. As for you?" It's useless!"

Zhou Qiuwu gritted his teeth and trembled, unable to say a complete sentence.

"You..."

"I'll ask you two questions, but you don't have to answer them," Yang Zekun said playfully.

Zhou Qiuwu glared at Yang Zekun but did not say anything.

"Why didn't Bai Fan leave with you?"

Zhou Qiuwu remained silent.

"Okay, second question, what is Bai Fan's spatial skill?"

Both questions were about Bai Fan. Zhou Qiuwu lowered his head and said, "I don't know."

Yang Zekun waved his hand at the soldiers and said, "Take him away!"

After taking Zhou Qiuwu away, the deputy staff officer beside him asked, "Are you done asking?"

"I'm done asking. There's a key piece of information."

“What information?” the deputy staff officer asked with a dumbfounded expression. ”

“Let me teach you a lesson. He didn’t answer the first question I asked just now, and he lowered his head and said he didn’t know the second question.”

“He doesn’t want to say!”

“No, just looking at the first question, he really didn’t want to say it, but when combined with the second question, the answer is obvious. He has a conflict with Bai Fan.”

“Huh?” The deputy staff officer widened his eyes and said.??How did you know?”

‘ Look at his expression. The second question, when he said he didn’t know, he lowered his head and was a little disappointed. It proved that he wanted to tell me, but he really didn’t know.”

“You still don’t understand?” Yang Zekun continued. When I first came in, I said that he wasn’t important. The important one was Bai Fan. The next two questions were asked by Bai Fan. If he had a conflict with Bai Fan, he would definitely be jealous. If it were you and me, it would be the same.”

The deputy staff officer seemed to understand and nodded thoughtfully.

“So, from Zhou Qiuwu’s reaction, I can basically confirm that there’s a conflict between the two of them. Things are getting interesting. I have to tell that kid, MO Xiu, and see how he’ll use this.”

“Aren’t we going in to capture Bai Fan?””

“Go. You should know what to do!”

“Aren’t you in a hurry to catch him?”

"It's useless to be anxious. We don't know what his skill is like now. He could catch it at any time, but he couldn't. No matter how fast he moved, he couldn't catch it."

The deputy staff officer ordered to narrow the encirclement and set up an inescapable net, but after entering the building, he found that Bai Fan had disappeared.

The moment Moxiu fell from the sky, his consciousness was already blurry. He vaguely felt that someone had picked him up, but he did not know anything after that.

When he opened his eyes again, he found himself in a room. He looked around and saw a familiar figure.

His vision gradually became clearer. MO Xiu rubbed his eyes in disbelief. When he raised his arm, he tore open the wound and it still hurt.

"Qingyi?"

The figure turned around and smiled sweetly. "Mo Xiu, you're really stupid.

When we reunited, you were actually beaten up like this."

MO Xiu still did not believe it. Wasn't Mu Qingyi supposed to be in the northern part of the Alliance? The north was not affected by heat weapons, so why would they come to Shun City?

He propped his body up with his arms and was about to sit up when a wave of pain caused him to lie down again.

Mu Qingyi's expression changed as she moved closer with concern. She held MO Xiu's head and let him lie down slowly.

"Don't move around. Be careful of your wounds. I checked just now. There are basically no external injuries."

“Why don’t you see any wounds?” asked MO Xiu. Where are my clothes?”

Mu Qingyi glanced at MO Xiu and said, “”You’re still in the mood to joke?”

MO Xiu also laughed. That’s right, he was still in the mood to joke at a time like this, but he felt very relaxed every time he saw Mu Qingyi.

“How long have I been unconscious?”

“More than ten minutes.”

“It’s alright, not too long.”

Moxiu took out his phone and looked at the message before saying, “”There shouldn’t be any problems for now. Qingyi, why are you here?”

Mu Qingyi lowered her head and said, “I was a little worried, so I came over.”” The truth was not as easy as Mu Qingyi had said.

When she heard that something had happened in Yan City, Mu Qingyi was very worried about MO Xiu’s safety. Previously, MO Xiu had called to ask her about the firearms and she was certain that MO Xiu was involved.

She wanted to call MO Xiu, but she felt that MO Xiu must be extremely busy at this time. After thinking about it, she made a decision to go to Shun City.

Mu Qingyi took the train for an entire day and night before stopping at a city that was a thousand miles away from Shun City.

At that time, the train had been forced to stop. Mu Qingyi had no choice but to use all her skills and run at full speed. She finally reached Shun City this morning.

When they passed by the north of the city, they found someone guarding them. They used their skills to enter the city again.

After entering the city, Mu Qingyi was prepared to call MO Xiu. Since they were already here, she had to find MO Xiu, right?

Just as he was about to make a call, he saw a loud voice coming from City Lord

Du.

Mu Qingyi felt that MO Xiu was very likely there, hiding around the City Lord's Estate.

She saw a shocking scene. MO Xiu and a woman were fighting side by side against tens of thousands of people.

After that, MO Xiu let that woman leave first while he stayed behind to fight the enemy. Later on, when she fought Qiu Qiu, Mu Qingyi realized that MO Xiu had become much stronger.

Just as she was about to activate her skill to save Moxiu, Moxiu flew away while lying on his sword. She immediately followed, which was why the scene just now had happened.

MO Xiu was well aware of how difficult it was for Mu Qingyi to come here this time. It was such a long journey, she was alone, and she had to face the firearms incident.

MO Xiu's heart felt warm as he looked straight at Mu Qingyi, unable to say a word of thanks.

Mu Qingyi was a little embarrassed by MO Xiu's gaze, and she lowered her head slightly as she said, "Mo Xiu, what are you doing?"

MO Xiu came back to his senses. "It's nothing. Do your parents know that you're back in Shun City?" he asked. "I don't know."

“Will they agree to let you out?”

Actually, MO Xiu had asked a nonsensical question. With Mu Qingyi’s parents’ personalities, they would never let Mu Qingyi run so far alone. Mu Qingyi said rather helplessly, “Of course I won’t agree.”

MO Xiu saw that Mu Qingyi was a little sad, and his tone changed as he teased, “Then wouldn’t it be tragic if we were captured?”

Mu Qingyi looked at MO Xiu and did not say anything. After a moment of silence, the two of them said in unison, “Let’s elope!”

The two of them looked at each other with smiles.

“Hahaha, hahaha!”

“It’s settled then!” said MO Xiu.

Mu Qingyi quickly lowered her head, the corners of her lips unconsciously revealing a smile.

Sometimes, it was like this. Even though one knew that it was impossible, saying it out loud could make one happy for a long time.

“What should we do now?” Mu Qingyi asked seriously. Should we hide here and wait for the matter to end before leaving?”

“We’ll leave in a while and join the battle!” Moxiu shook his head.

Moxiu had always been concerned about the battlefield. However, he was not of much help in his current state, so he was not in a hurry.

There was also one more thing. Moxiu could clearly feel that his body was recovering rapidly.

The passive skill," Self-healing ", was shining in his mind..

Chapter 160: Fighting to the Death with the Demonic Eagle King

In Bai Town, Yang Zekun was cleaning up the battlefield and preparing to return to Yan City.

The mission this time was not as easy as he had imagined. The hundreds of demon falcons were also very powerful. They were all destroyed, and some of the army suffered casualties.

He suddenly received a message from Moxiu.

"Everything is under control. Bai Fan has escaped. Help me keep an eye on his movements."

"This kid is really good at acting cool. He even guessed that Bai Fan and Zhou

Qiuwu would have a conflict?" Yang Zekun muttered."

After thinking for a while, she called Yang Qingzhuo.

"Daughter, don't trust MO Xiu too much. This kid is too cunning. I'm afraid that I'll lose both my daughter and my soldier!"

North of Shun City.

' Captain," Deputy Captain Lin said to Qingfeng Ye," it seems that the residents have evacuated.'" "

Qingfeng Ye nodded.

At this moment, a soldier came to report.

“Captain, vice-captain, bad news. Someone from the east of the city is disobeying orders and is rushing over.” “Who is it?” Qingfeng Ye frowned.

“Vice Captain Cao.”

Ye Qingfeng understood. There were two vice-captains in the Shun City Army, one was a man and the other was a warrior.

Martial arts had Lin Wen and Cao Cao. Unlike Vice-Captain Lin, who was honest and honest, Vice-Captain Cao felt that he was not successful all day long.

This time, Vice-Captain Cao wanted to help the City Lord, and his purpose in ascending to the position was very obvious.

Qingfeng Ye didn't mind. He knew that Qiming Qiu would definitely plant spies in the Shun City Army. Someone would definitely come out to cause trouble.

Qingfeng Ye walked over alone.

“Captain, what do you mean?” asked Vice -Captain Lin.”

Qingfeng Ye let out a long sigh.” I've led the Shun City Army for more than 20 years. I don't want to see my brothers killing each other. I'll go alone and talk to Little Cao.”

Vice-Captain Lin stood with Qingfeng Ye resolutely.

“I'll go with you. The evacuation of the residents here is about to end. Vice-Captain Cao shouldn't be able to control the situation.”

Near the City Lord's Mansion.

Wang Lei received the signal from Yue Yuan. The last batch of residents had already left the City Lord's Mansion and were about to leave the city.

It was finally over.

However, it was not easy to escape from these 1,000 or so people, let alone the huge demonic eagle that had just appeared.

After Qiu Qiming summoned the Demonic Hawk King, everyone was shocked. There was actually such a wild beast hidden in Shun City.

Ordinary Demon Falcons and this Demon Falcon King were obviously two different concepts.

Most people would assume that an ordinary Demon Hawk had been tamed, but how could this Demon Hawk King be tamed?

Many people guessed that Qiu Qiming was being controlled by a wild beast.

The momentum of the firearms army plummeted.

At the same time, Qiu Qiming's strength dropped even faster than Yue Long's.

Yue Long seized the opportunity to take down Qiu Qiming, but Lord Demonic Hawk was too close. His huge body arrived behind Qiu Qiming in one step and picked him up and placed him on his shoulder.

Yue Long found it very strange. He had investigated the Demon Hawk before.

The Magic Falcon had two forms, the flying form and the combat form.

Flying mode was relatively easy to control. The Demon Falcon in combat mode was extremely bloodthirsty, and it could not even differentiate between friend and foe.

Right now, this Demonic Eagle King was standing. There were no wings, which meant that it was in battle mode.

Even so, he still knew to protect Qiu Qiming. It seemed that this Demon Hawk King was still under Qiu Qiming's control.

The Demon Hawk King roared, as if venting his long-held frustrations.

Yue Long was already prepared for battle, but the Demonic Hawk King did not attack him. Instead, he ran two steps and directly passed the army, arriving behind Wang Lei and the others.

The ground shook from the two steps. Almost everyone stopped fighting, wanting to see what this huge monster wanted to do. He was ready to escape at any time.

Wang Lei suddenly felt that something was wrong. The thing he was most worried about had happened.

The exact strength of the Demonic Hawk King was unknown. Wang Lei's generation had never fought with wild beasts, but according to the records, the strength of a Demonic Hawk King was absolutely terrifying. It was not something that anyone here could fight against.

Demon Hawk King stared at the ground as if he was looking at an ant.

With a swipe of its claws, everyone scattered, including the firearms army.

However, this attack was not slow. Wang Lei turned around and prepared to receive this attack, buying time for the others to escape.

A figure, Wang Lei, blocked the Demonic Hawk King's attack even faster. It was Yue Long.

Yue Long was sent flying by the claw and fell to the ground.

"Who else has support skills and healing skills? Hurry!" Wang Lei immediately shouted."

Another wave of skills was added to Yue Long's body. Yue Long propped himself up and looked at the Demon Hawk with a firm gaze. Step by step, he said,""My brothers are counting on you."

Wang Lei did not hesitate and immediately led everyone to escape.

However, the brothers in Yue Long's mouth did not run away. Out of the 100 people he brought with him, there were only 47 left.

Old Liu, who had said that he would rush to the front before they set off, was not among the forty-seven people.

Yue Long did not say anything when he saw these forty-seven people.

At this moment, Demon Hawk King struck out with both claws at Yue Long.

Yue Long dodged at full speed, but the Demonic Hawk King's claws seemed slow, but they seemed to have suddenly increased in speed and still hit Yue Long's back.

Her clothes were torn, revealing a shocking wound.

Yue Long seemed to have been hit by this attack, and this time, the one who guarded Shun City was Yue Long, the enemy... And a beast!

"Again!"

The Demonic Hawk King's claws struck out quickly. Yue Long was unable to block it at all. The forty-seven people behind him attacked at the same time, but they were blocked by one of the Demonic Hawk King's arms.

In order to save his brothers, Yue Long jumped high into the air and onto the Demon Hawk King's arm. He continued to climb upwards, wanting to attack the Demon Hawk King's head.

However, once this happened, Yue Long would completely lose his mobility if he jumped up without the advantage of speed.

As expected, Demon Hawk King did not give Yue Long a chance and slapped him.

Yue Long's reaction was very radical. He didn't dodge, but sprinted with all his might. This attack injured Yue Long's calf.

However, Yue Long acted as if nothing had happened. He only had eyes for Lord Demonic Hawk's head and Qiu Qiming beside him.

By the time King Demonic Hawk struck out a second palm, Yue Long had already arrived on King Demonic Hawk's shoulder, and his saber struck towards his eyes.

Qiu Qiming appeared to block the attack, but Yue Long still wanted to continue attacking.

Demon Hawk King was furious. He swung his head and grabbed Yue Long's left arm.

With another swing, Yue Long's entire arm was torn off.

This roar seemed to have spread throughout the entire city.

The Yue Clan brothers on the ground all cried out. Yue Yuan, who had just sent all the residents out of the city and rushed back, also saw this scene.

“Dad! No!”

He wanted to rush forward, but he was stopped by the uncles at the side.

The intense pain did not make Yue Long lose consciousness. Instead, he became even more clear-headed. He slashed at King Demonic Hawk again. This slash left a scar at the corner of King Demonic Hawk’s eye, a harmless scar.

One arm was only replaced with a scar.

The Demon Hawk King attacked again. At this moment, Yue Long’s body had basically entered cooldown. He no longer had the speed from before. He would not be able to escape this attack..
