

Four Skills 171

Chapter 171: Marionette?_I

MO Xiu ignored Zhou Qiuwu's roar and walked out of the prison. When he reached the outside, he stopped in his tracks.

Zhou Qiuwu's words sounded funny, but it reminded MO Xiu of something.

Yes, why was it such a coincidence? How could it be such a coincidence?

The first time he accepted a mission, he received a mission from the Underground Arena to destroy the hidden line of firearms.

Moreover, the difficulty of the Underground Arena Arena quest was not bad. If it was not bad, Moxiu would not accept it.

After many quests, Shadow never had any quest-level evaluation errors.

After coming to Yan City, the people he met were more or less helpful to this matter.

Even when Moxiu was guessing the other party's plan, he had only deduced it based on his own experience.

This... It was indeed too coincidental. It was so coincidental that it seemed like it was deliberately arranged.

If it was deliberately arranged, then who was the one who arranged it?

MO Xiu's mind rumbled as he thought of someone.

Elder Tang!

It was Old Master Tang, the person who took him in as a disciple for no reason.

Back then, after meeting Mr. Tang in the library, he went to the martial arts field and the Demon Hawk appeared.

The Universe Cram School was even entered by Tang Lao La MO Xiu, and everyone inside was participating in this battle.

The first mission that he received after becoming a shadow was the Underground Arena!

At that time, he didn't think much of it, but now that he thought about it, it was really strange.

In a place like Shun City, the Shun City Army should have been able to easily destroy the Underground Arena. But why was it that nothing had happened even after it appeared for several months? In the end, it was destroyed by MO Xiu and the others.

Also, Moxiu had searched through so many missions, so why was this mission the only suitable one? It was as if someone had tampered with it.

He came to Yan City and lived in the Yunding Villa District, forming an alliance with the Liu family.

Everything pointed to Elder Tang, and MO Xiu suspected that everything he did was arranged by Elder Tang.

Otherwise, why would Master Tang disappear at this critical moment?

MO Xiu fell into self-doubt. Could it be that he wasn't the one who did all of this? Could it be that Elder Tang had arranged all of this?

Suddenly, MO Xiu felt as if he was being controlled, and his entire body felt uneasy.

However, after thinking about it, he felt relieved.

Although Elder Tang had provided many conveniences for Moxiu, he had still done many things.

Joining the support system and cooperating with Cao Fenglin to combine all their powers and come up with a solution was something that Old Master Tang couldn't control.

Most importantly, the strongest club was established through friends and their own strength. This was a force that did not rely on Mr. Tang.

After Moxiu thought it through, he felt a little better. He understood Elder Tang's intentions. There were two things. One was to train himself, and the other was to let the entire Alliance see the strength of the Dark Shadow Crown

Prince.

However, MO Xiu was still very unhappy that his life had been arranged.

MO Xiu wanted to control his own life and not be controlled by others.

There was another point that Moxiu was very concerned about.

Since it was Master Tang who shot down the Demon Hawk, it meant that Master Tang had already noticed something.

If Elder Tang had only found some clues and not the source, it would have been easier to hand all the clues over to MO Xiu for investigation.

However, if Tang had known about the City Lord's Mansion's conspiracy long ago and kept it hidden, causing so many people to die in vain, MO Xiu would definitely not be able to accept it.

In order to verify his guess, MO Xiu greeted Yang Zekun and hurriedly walked out of the Yan City military camp. He found a secluded place to call Wang Yu.

MO Xiu couldn't contact Elder Tang. Among the people he knew, the only one who could possibly contact Elder Tang was Wang Yu. "Hello, Teacher Wang Yu."

"Do you have any instructions for the next operation?"

"How did you know that I had a follow-up plan?" MO Xiu asked curiously.

"I analyzed it."

"How did you analyze it?"

"According to your analysis, the Yan City Army could have killed Bai Fan and Zhou Qiuwu without any follow-up actions. It would have been a blow to the morale of the firearms army."

"Amazing, amazing. I admire you!"

"Let's get down to business. Do you want to proceed to the next step?" "No, it's still early. I'm calling to ask you to help me contact Mr. Tang."

"Yes."

"What?" asked MO Xiu. Is there a problem?"

“Elder Tang said that we can only contact him when the Dark Shadow is on the verge of death or when something big happens in the Alliance.”

“Then now is the perfect time. Isn’t the firearms incident a big deal?”

“Actually, after you called me for the first time, I contacted Mr. Tang. He only said one sentence!”

“What?”

“I’ll listen to MO Xiu’s arrangements!”

MO Xiu’s eyes narrowed slightly. Elder Tang’s words basically confirmed his guess.

I understand,” Moxiu said.” I still have one more thing to ask. How many people have the authority to demote a mission and push it to a specific user?””

“Seven. Oh, eight including you.”

“Help me find out who downgraded the first mission I accepted, the Underground Arena, to me.”

Wang Yu was silent for a moment. After two minutes, she said, “I don’t have such high authority to check, but I can confirm that someone did send you the mission.”

“How many people are there that you have no right to check?”

“Three!”

“I understand. Thank you, Teacher Wang Yu!”

“Teacher Wang Yu?”

“Moxiu, I know what you want to ask, and I can roughly guess your feelings. You have to remember, in the entire Alliance, if there is only one person who does not have selfish desires for humanity, that is Elder Tang.”

“I understand, Teacher Wang Yu,” said MO Xiu seriously.”

After hanging up the phone, MO Xiu had mixed feelings. After making this call, he could confirm that Elder Tang indeed involved

However, he couldn't contact Mr. Tang now, so he couldn't ask him directly.

MO Xiu shook his head. He should go back to school first. He hadn't been back to school for many days.

He gave Cao Fenglin a call in advance. The principal wanted to see MO Xiu, so MO Xiu couldn't neglect him.

Yan University, Principal's office.

MO Xiu and Cao Fenglin sat in the guest seats while Principal Zeng Liugen sat in the main seat.

Zeng Liugen was very mysterious. He rarely attended school activities.

However, according to Cao Fenglin, Zeng Liugen had done many things in this incident.

Even though the incident was unexpected, Zeng Liugen managed to control the situation as soon as it happened.

He proposed the three principles of not being soft-hearted, not letting go, and not being wronged.

It was swift and decisive, allowing Yan University to quickly resume normal operations.

Later, he contacted various clubs that could be operated to help the residents of Yan City tide over their difficulties.

If MO Xiu was the hero of the whole incident, then Zeng Liugen and the City Lord of Yan City were the heroes of Yan City.

Zeng Liugen said, "MO Xiu, I called you here to express my gratitude to you on behalf of the entire school. Without your plan to relieve the pressure on Yan Cheng, this incident wouldn't have ended so quickly."

"You've contributed a lot too," Moxiu said with a smile. "Without your decision, my plan might not have gone so smoothly."

Chapter 172: Hao Ren Borrowing the East Wind

Zeng Liugen laughed out loud. "Hahaha, heroes are born from young people. I don't know exactly how you did it, but judging from the results, I can't do it. I'm not as good as you!"

MO Xiu was a little puzzled. Even if such a person did not think highly of himself, he should be very proud. Why would he say that he was inferior in front of a junior?

Zeng Liugen was really different.

"Principal, you're overpraising me," said MO Xiu. "Oh right, the Spirit Ring you gave me has come in handy."

Zeng Liugen stroked his cheek and pondered.

“Spirit Ring? Oh, you mean the reward for the first grade? Hahaha, you’re so young, yet you’re making fun of me. You’re the disciple of Old Tang, how could you be interested in a mere Spirit Ring?”

‘ Principal, this is no joke,” MO Xiu said.” It’s really useful. ’”‘

“Haha...

The three of them chatted for a while before MO Xiu and Cao Fenglin came out.

Zeng Liugen felt strange. There was no mission assigned, no appointment of MO Xiu to increase the influence of Yan University, no roping in, and no befriending. It was completely different from what MO Xiu had imagined.

It was as Zeng Liugen had said at the beginning. He wanted to thank MO Xiu, purely to thank him.

Zeng Liugen was a bit like Xiao Xinru. He was obsessed with one thing and didn’t care about anything else.

After coming out, Cao Fenglin said, “Mo Xiu, what happened yesterday...” Tell me about it?”

Moxiu hesitated for a moment but didn’t say anything.

“Teacher Cao, you’ll know when the time comes!”

Cao Fenglin laughed and scolded,”Brat, are you trying to keep me in suspense?’”‘

Cao Fenglin was actually very happy in his heart. MO Xiu’s improvement was too fast. In the past, he had even criticized MO Xiu for not being able to see the big picture.

In the blink of an eye, MO Xiu’s power was already far greater than Cao Fenglin’s.

Moxiu walked out of the office building and headed straight for the activity room of the Strongest Club.

It had been too long since he had come to the club. It was time for him to come back and take a look.

MO Xiu walked around the campus. The students who passed by all looked at him and said something to him.

MO Xiu wasn't surprised by this. Before the incident, he was already very famous. This incident had caused a huge commotion in the city. There were too many people involved, and it was impossible to hide it.

Some of the braver students actually ran over to ask for MO Xiu's autograph.

When the person who came handed a pen and paper to MO Xiu with an expectant gaze, MO Xiu pointed at himself.

Surely not? He actually asked me for an autograph?

Moxiu didn't think too much about it. He took the pen wash and wrote down his name.

They had thought that it was over, but they had never expected that this was just the beginning of a nightmare. The crowd suddenly surged over and surrounded Moxiu.

The majority of the students had only been watching because they didn't know if Moxiu would be easy to talk to. Such a heroic figure had already pulled apart the gap between him and the ordinary students.

The first person who went up to ask for an autograph succeeded. They all felt that Moxiu was easy to talk to, which led to the result of a swarm of people.

Everyone surrounded MO Xiu. Some asked for autographs, while others asked for photos.

MO Xiu glanced at the crowd. There weren't many people, so he refused to take a photo and buried his head in signing autographs.

Just when MO Xiu felt that he had signed a lot and the crowd was about to disperse, he looked up and saw that there were even more people surrounding Mo Xiu.

Moxiu knew that he had thought too simply. He began to reject the autographs and wanted to walk out of the encirclement.

However, MO Xiu couldn't get out of this encirclement.

"Are the members of the Strongest Club here?" Moxiu shouted helplessly.!!"

'Yes!"

MO Xiu was stunned. He had originally wanted to find a few club members to help him leave, but he did not expect that more than half of the people in the crowd would shout that they were here.

In other words, he was surrounded by his own people?

"Get out of my way!" MO Xiu was instantly enraged. Why are you causing trouble here?"

Seeing that Moxiu was angry, everyone hurriedly made way for him. "Why don't you do something proper when you have the time?!" Moxiu said as he walked."

After walking out of the crowd, he turned around and looked at the motionless

crowd.

“Are you treating my words as farts? Hurry up and do what you need to do!” This shout was effective, and the crowd dispersed.

MO Xiu walked all the way to the activity room and no one disturbed him.

When they entered the activity room, there were only six people sitting inside.

Hao Ren, Liu Ziyang, Du Ya, He Lingyue, Dong Fang, and Yang Qingzhuo.

These are the elders of the

As soon as MO Xiu entered, the six of them said in unison, “Welcome back!”

“What are you guys doing?” MO Xiu smiled faintly. I’m only going to Shun City for a few days, but it’s as if I haven’t been back for years.”

” Moxiu,” Hao Ren said,” although you’ve only been gone for a few days, we all know that you’ve been on the brink of death.”

“It’s not as exaggerated as you say. Most of the time, it’s a close call.”

MO Xiu said it very casually. In reality, when they were fighting in Shun City, especially when the special operations team was delaying the City Lord’s Estate, MO Xiu was not confident that he would not be injured.

Hao Ren shook his head and said,” While you were fighting on the front line, we didn’t stay idle either. We’ve prepared a surprise for you.””

MO Xiu glanced at them and couldn’t figure out what Hao Ren meant by surprise.

Hao Ren raised a finger and said, "The strongest club is the No.1 club of the University of Yan. It's definitely the No.1 club. There are more than 3,000 members in total, and more than 1,000 are still waiting to be approved. There are countless members in the branch."

This was indeed a surprise. The Strongest Club had only been established for a few months. He had achieved his current results.

Hao Ren continued, "Thanks to the elimination of many people in this firearms incident, we can recruit without worry. Also, the elite strategy you mentioned before, we will not accept anyone who has problems. We will ensure that we have the core and gradually expand."

Moxiu nodded in satisfaction.

Liu Ziyang said, "The most important thing is that your name has spread throughout the entire Yan City. Most people have come here because of your fame. Boss, you're really famous now.""

Dong Fang chimed in, "Mo Xiu, you can even consider debuting. Your popularity is definitely higher than those so-called young hunks now!"

"You two have been acting all day," said Moxiu."

Hao Ren then explained the current situation of Yan University and the strongest club to MO Xiu.

Yan University was the first place in Yan City to calm down because of Zeng Liugen's strategy and Hao Rents swift and decisive actions.

Hao Ren started his operation when Zhou Qiuwu gathered the firearms army.

The first move was to annex the clubs. Hao Ren didn't ask for help from the other clubs. Instead, he sent a letter to all of them, telling them that they could get the protection of the strongest club at any time.

In the beginning, few people went to Hao Ren's side. After one night, when Zhou Qiuwu and Bai Fan were trapped in White Town, the news came back that the strongest club was involved in the siege.

The threshold of the strongest club was almost broken, and countless clubs wanted to join.

Hao Ren listened to Moxiu's order to recruit elites and recruited all the clubs. However, he didn't join the strongest club, but only became a branch.

At this time, everyone was panicking. The trust between people did not exist at all. Seeing that the strongest society was not affected at all, and that all members were united and even participated in the battle, almost all the societies agreed immediately.

The benefits they could get were information sharing and the protection of the strongest society.

However, they had to be supervised by the strongest society. There would be two presidents, the original president and the new president sent by the strongest society, managing the branch together.

Every branch member who performed well could be promoted to the strongest club.

This way, not only could they ensure control, but they could also consolidate their position as the strongest club.

Originally, this method was not stable.

Until the news that MO Xiu had single-handedly extinguished the firearms incident reached Yan University...

Chapter 173: Reward (1)

Thanks to Hao Ren's correct operation, the Strongest Club quickly became the number one club in Yan University.

After this catastrophe, there were only three clubs left in Yan University. The strongest clubs were the Vermilion Bird Club and the Dawn Club.

It wasn't surprising that the Vermilion Bird Society could survive. After all, the president was Xiao Hong.

However, this Dawn was a little surprising to Moxiu. Compared to other established clubs, Dawn was established much earlier.

After asking Hao Ren, Moxiu found out that the president of Dawn was called Qiao Yang, a fourth-year student and a famous figure on campus.

He was very famous two years ago, but he gradually faded out of people's sight in the recent year.

He was proud and aloof, looking like an immortal, similar to Zhou Qiuwu from before.

Hence, some of the students in their third and fourth years called Zhou Qiuwu Xiao Qiaoyang when they saw him.

Qiao Yang reacted immediately after the incident. His approach was very straightforward. He gathered all the members together and fired those who did not come.

They had been sitting there for two days. If anyone made a move, Qiao Yang would personally kill them.

Not only were his methods swift and fierce, but he was also very confident in his own strength and was not afraid of a large-scale rebellion.

There were only two outcomes for the remaining clubs. One was to join the strongest club and become a branch, and the other was to disband.

For example, the Vermilion Bird was the only club left in the Four Divine Beasts Club. The other three clubs were unwilling to be ranked below the strongest club, so they had no choice but to disband.

It wasn't that these guild leaders hadn't thought of reuniting the clubs after the peace.

When there was danger, the club did not respond. When the matter subsided, they would come out and create it. No one would respond.

Almost all of these members had defected to other clubs during this period of time, seeking to form a group.

Not all the big clubs were so ignorant. Among the six big clubs, the Yan City Club was merged into the strongest club.

The reason was simple. The members of the strongest club joined Zhou Qiuwu and Bai Fan's encirclement and indirectly saved Yan City. Therefore, Yan City's club was willing to join.

After Xiao Hong came back and heard about the situation in Swallow Capital University, she gritted her teeth in anger. MO Xiu had tricked her into going to Shun City, but he had left Hao Ren behind to develop his business in secret.

Now that the situation had been set, Xiao Hong could no longer compete with the strongest club for members.

In the end, they had no choice but to put down the principles of the Vermilion Bird Club and began to recruit male students.

MO Xiu also laughed out loud after hearing this. He wanted to laugh when he thought of Xiao Hong's deflated appearance.

Then, Du Ya and Liu Ziyang reported the situation of the mission.

In the past two days, Yan City and Yan University had basically recovered their vitality. The teams of the strongest clubs had also begun to carry out missions.

The area that was almost dark had recently been cleared out by small forces, which were formed by individuals who used firearms.

After Moxiu understood the situation, he nodded and said, "Let's have a meeting, everyone!"

"Moxiu," Hao Ren said, "if you count the branch, there are probably close to 10,000 people. We are applying for the activity room, but it hasn't been approved yet."

"Not here. I'll arrange the location."

After that, Moxiu made two calls.

The location was arranged to be on the second floor of the No. 7 martial arts field.

The entire second floor was opened up. This was the venue for the first-year group's internal one-on-one competition. It was usually not open to outsiders.

MO Xiu had just called Cao Fenglin and asked him to apply for it.

There was only one reason why they chose this place. It was to display the strength of the strongest club.

During this period of time, Hao Ren had laid the foundation for the strongest club. As the president, MO Xiu couldn't just sit around and do nothing.

Any organization that wanted to seize the lowest level members would need two things: to prove their strength, to have good treatment, and to have room for advancement.

Perhaps some factions relied on feelings and faith, but Moxiu didn't want to do that.

Just like the previous meeting, Moxiu stood at the entrance and watched as every member entered the venue.

Other than those who were more experienced or had participated in the Battle of Shun City, they would greet MO Shi warmly when they saw him.

The rest of the players were all in fear. The boss of the strongest club, the hero of the entire Alliance, was standing at the door.

In particular, some rookies even heard that during the first meeting, MO Xiu stood at the door to remember everyone. After that, everyone was beaten up.

Moxiu nodded at everyone who entered the venue.

When he raised his head and saw an uninvited guest, Moxiu immediately turned around and prepared to enter the arena, but it was still too late.

A hand was placed on Moxiu's shoulder.

"What's wrong? Are you trying to avoid me?"

MO Xiu turned around and said, "Oh, it's Xiao Hong. How could I hide from you? Hao Ren asked me to go back and settle some things, so I didn't see you.

Welcome!" But this seems to be our club's meeting."

Xiao Hong ignored MO Xiu and directly walked past him into the arena.

"Can't I come here to study?"

MO Xiu was a little embarrassed. He couldn't chase them away at this time. After thinking about it, since Xiao Hong was here, she should invite Qiao Yang as well. She couldn't make it seem like she was isolating the Chen Xi Club.

Half an hour later, everyone had arrived.

MO Xiu stood at the front of the podium. There were only two guests sitting in the first row, Xiao Hong and Qiao Yang.

In the second row were the six elders, and behind them were the members of the strongest society, and behind them were the branch members.

Everyone looked at Moxiu, waiting for his speech.

"There are only two purposes for today's meeting, the welcoming ceremony and the commendation.

The people below the stage were a little puzzled. Shouldn't they brag at this time to prove the ability of the club and then brag about how to develop in the future? Shouldn't this be the routine?

Moxiu continued, "First, we will welcome the members of the branch clubs. Please welcome all the previous presidents on stage.""

As there was no prior notice, the crowd reacted for a while, and twenty to thirty people went up on stage one after another.

The order of the stations was also rather random. MO Xiu did not look for any of them, but introduced them from left to right.

"This is the president of the Truth Seeking Society, Li Qiu Zhen. The society was established in...Everyone, welcome!"

Not only did MO Xiu recognize the person in front of him at a glance, but he also explained the history of the club fluently.

There was a total of twenty-seven clubs, and he had introduced all of them without missing a single one.

MO Xiu asked Hao Ren for the information. It looked difficult to remember, but there were only a few sentences in the introduction of each club. The real difficulty was to match each club with the president. It would be awkward if he said the wrong person.

Fortunately, he did not make any mistakes throughout the entire process. This made all the members of the branch feel Moxiu's sincerity and the importance that the strongest club placed on the branch.

The elders all raised their thumbs.

The most interesting thing was Qiao Yang and Xiao Hong's reactions.

Qiao Yang nodded repeatedly. Xiao Hong actually took out a pen and paper to record. It seemed that Xiao Hong was really willing to do anything as long as she could become stronger.

After a round of applause, Moxiu didn't waste any words and directly proceeded to the next round.

"Next up is the commendation. Hao Ren, He Lingyue, Liu Ziyang, Du Ya, Yang Qingzhuo, and Dong Fang are on stage."

The six elders went on stage. MO Xiu said, "'I don't need to explain why these six people went up on stage, right? Each of them had contributed too much to the strongest club. If they were to explain it one by one here, it might take a long time."

The people below the stage didn't see what prize Moxiu had received, so what should he be rewarded with?

Moxiu took out the Dark Shadow Medal and raised it high.

“Reward...Join Shadow!”

Exclamations rang out, and the entire stadium exploded!

Chapter 174: Killing Two Birds with One Stone

Qiao Yang and Xiao Hong stood up and sighed at MO Xiu’s generosity.

Including Liu Ziyang and the other five people on the stage, they were so shocked that they could not speak.

Could Shadow join like this? MO Xiu had joined Shadow with just a few words?

Motheo continued,” Your information has been entered into the Shadow System. In a while, you can download the Shadow software and enter your identity information to log in. The Shadow Badge will be sent to your residence within seven days.”

Was this true?

This was what appeared in most people’s minds. Was all of this true?

After graduating from Yan University, he might be able to join the law enforcement team or the Yan City Army, but it would be difficult for him to join the Dark Shadow.

The assessment for Shadow was very difficult. Even the students from the best high schools in the central region of the Alliance might not be able to enter.

The average age to enter Shadow is 31.

In other words, most people had to work for a long time after graduation. During this period, they had to constantly take the shadow exam before they could get in.

Because Shadow had a very special selection criteria. Not only did it assess one's strength, but it also tested one's character over a long period of time. Thus, it was very difficult to join.

There were very few people who entered the Shadow during university. If what Motheo said was true, then this would be a very attractive reward.

Moxiu continued, "This reward isn't only available to these elders. Next, let's welcome Feng Danian to the stage. You can also join Shadow."

Feng Danian was the vice-captain of the MO family's army. His main contribution was to lead the strongest club members to Shun City to support them.

No one would feel that it was unfair for Feng Danian to take the stage now. He had gone to the most dangerous place and completed the most dangerous mission.

Feng Danian was unusually excited. He had not expected such a glorious day to come.

The applause started again. The applause was filled with both congratulations and envy.

"Everyone, quiet down and let me finish. ""

"Today, I'm giving out this reward as a reward for the hard work of the people on stage. I also want to tell everyone here that I still have a lot of spots in the Dark Shadow. As long as you perform well enough, you can join the Dark

Shadow."

After he said that, the crowd erupted into an uproar again.

The scariest thing was not that there were no rewards, but that there was no chance to obtain any rewards.

Now that the rewards were there, they were very generous. There were also opportunities. Everyone had a chance.

Everyone saw that other than the six elders, Feng Danian had also joined the Dark Shadow.

Feng Danian was just an ordinary member in the beginning, but he had achieved today's results step by step.

With such an opportunity in front of them, it greatly increased the cohesiveness of the strongest society. The branch members also wanted to join the strongest society even more.

Qiao Yang and Xiao Hong knew very well that after today, their clubs would

only be able to compete for second place. There would be no way to shake their position as the strongest club.

Hao Ren and Moxiu cooperated so well that Hao Ren secretly used Moxiu's fame to lay the foundation for the strongest club.

Moxiu, on the other hand, was stabilizing the foundation and making the strongest society indestructible.

Qiao Yang was not born into a wealthy family and could not compete with MO Xiu in terms of resources.

Xiao Hong had a lot of resources, but it was not worth it to take them out to compete with the strongest club.

Anyone who knew that MO Xiu was the Dark Shadow Crown Prince would understand one thing after thinking about it for a moment.

Moxiu's move seemed to be a benefit for the members of the strongest club, but what was the truth? Killing two birds with one stone!

What was the strongest club like now?

To join the strongest society, one had to first join the branch. After a round of selection, the main branch would have to go through another round of selection.

After entering the headquarters, one had to stand out among thousands of people before they could join Shadow.

What was this?

This was a set of selection mechanisms!

Enter the selection mechanism of Shadow!

This move could be used as the final reward to develop the club, and it could also nurture and select a group of shadows.

Moreover, it was not an ordinary shadow. It was a shadow with cohesion that could support Moxiu.

No one had resources like MO Xiu. No one could integrate resources like MO Xiu and improve together for mutual benefit.

It was a beautiful move to kill two birds with one stone. Xiao Hong and Qiao Yang looked at each other and silently noted it down in their notebooks.

MO Xiu's ability far surpassed Xiao Hong's, and Xiao Hong knew this very well.

Even a person like Xiao Hong wanted to give up on her efforts and rely on MO Xiu because MO Xiu was too reliable.

Hao Ren looked at MO Xiu's back with mixed emotions. He was glad to have met MO Xiu on the first day of school.

Otherwise, his university life would never have been as exciting as it was now.

Hao Ren had become much more mature and steady after this period of training. He had been a nosy man in the beginning, and now he was the vice president of the strongest club. Apart from Moxiu, he was the most prestigious person in the club, and all of this was thanks to Moxiu.

Moxiu had only held two meetings in total. The first time was when the club had just started to stabilize the situation and help the club tide over the difficulties.

This time, it was a boost to the club's rapid development, allowing the strongest club to rise to a higher level.

Everyone on the stage had the same thought.

No one was more suitable to be a leader than MO Xiu. Everyone was glad to be acquainted with MO Xiu, including Liu Ziyang.

He recalled the time when he first met MO Xiu, the meeting that the strongest club had in the school cafeteria, and that joke-like name.

Now, on this stage, everything was filled with meaning.

Who would have thought? The club that dominated Yan University was actually established by a few first-year students.

After the meeting ended, Moxiu didn't say anything. This meeting had established many things.

The absolute dominance of the strongest club and the subsequent development of the strongest club. In the future, new students would choose the strongest

Club nrst.

In two years, the new and old students would replace each other. After Qiao Yang and Xiao Hong graduated, the Vermilion Bird Club and the Dawn Club might no longer exist.

"Everyone, leave in an orderly manner and wait for the two guests to leave first," said Moxiu."

MO Xiu walked in front of Xiao Hong and the other man, wanting to send them off first.

However, the two of them had no intention of leaving, so Moxiu had to let Hao Ren lead the others away first.

When everyone else had left, only MO Xiu and the other seven, Qiao Yang and Xiao Hong were left.

Qiao Yang was the first to speak.

"MO Xiu, you are very powerful. Your development is too unreasonable.

Arenren't you afraid that Xiao Hong and I will join forces to fight against you?"

MO Xiu laughed." Senior Qiao must be joking. This is the path that the strongest club will have to take in the future. Otherwise, how can we manage so many people? I didn't mean to offend you."

Qiao Yang also smiled. He glanced at Xiao Hong and said, ""Dawn Club is willing to become the branch of the strongest club!"

"What?"

MO Xiu was a little surprised. It wasn't like the Dawn Club had nowhere to go. Why did they suddenly want to join?

Qiao Yang continued, "I'm about to graduate. It's time for me to retire and join the strongest club. At least Chenxi is still around!"

With that, MO Xiu understood that Qiao Yang was afraid that Chenxi Club would disappear completely after graduation.

MO Xiu was naturally willing and immediately agreed.

Then, everyone looked at Xiao Hong. With this, Xiao Hong's Vermilion Bird Club would be in trouble.

After all, there were only two clubs left in Yan University.

Xiao Hong had been keeping her head lowered and not saying a word. At this moment, she suddenly raised her head and looked at MO Xiu.

"Vermilion Bird Society...Join us too!"

Chapter 175: Unifying Yan University

Xiao Hong's words shocked everyone.

Qiao Yang's reason was acceptable, but Xiao Hong's biggest dream was to revive her family.

Although the Vermilion Bird Society was not Xiao Hong's core force, it was still a force to be reckoned with. They should not give up so easily.

"Are you serious?" asked Moxiu."

Xiao Hong replied," Of course. You said you would support me. I'm willing to give up on the Vermilion Bird Society and strengthen your strength. You'll support me anyway.""

As soon as he said this, Dong Fang didn't dare to say anything. Did MO Xiu really take Xiao Hong down?

Liu Ziyang looked at the two of them as if he had caught them in an affair. He did not expect that the two of them would go to Shun City together in just a few days. What kind of unspeakable deal did they make?

Yang Qingzhuo was even angrier. If not for the fact that there were so many

people, he would have exploded.

Xiao Hong and Qiao Yang's clubs were different, so they had other requests.

After a series of discussions, the final plan was finalized.

The Vermilion Bird Club and the Dawn Club had joined the strongest clubs and became branch clubs.

Xiao Hong and Qiao Yang no longer managed the two clubs. The two of them appointed someone to be the president of the club.

Moreover, both of them could choose 100 people from their respective clubs to enter the strongest club headquarters.

The last point was that both of them had become the vice presidents of the strongest society, but it was just a title. They were not responsible for management and had no actual power.

After the firearms incident, they did not expect the strongest club to be unified in Yan University.

The current Strongest Club Club was a little like the Student Union in the past, managing the entire club.

However, unlike the Student Union, all clubs were a whole.

The introduction of the Shadow Selection into the club had also played a key role.

MO Xiu had called Wang Yu before the meeting to ask if he had such authority.

Wang Yu's answer was yes. Moxiu could do whatever he wanted, but she reminded Moxiu to control the quality of the people who entered the Dark Shadow. It didn't matter if they were weaker, but their character couldn't be bad.

Moxiu also understood the importance of this, so he standardized the selection process for Shadow.

Except for special circumstances, twenty Shadow members would be selected every year. If these twenty people wanted to join the Shadow, they would need the unanimous approval of the six elders.

After the matter of the strongest club was settled, Moxiu and a few elders went to the cafeteria to eat.

As soon as they sat down, he Lingyue joked, "President MO, the strongest club is already developing so well. Why are we still coming to the cafeteria to eat?" "Yeah, it's more or less a drop in value!" said Dong Fang.

"I just want to remind all of you that even if you've made the Strongest Club to this extent, you still have to remember your original intentions!"

“Tsk! ”

The six of them said in unison. Everyone knew that Moxiu found it troublesome to go elsewhere.

In the next few days, Moxiu also led a team to the dark zone to carry out a mission. If he allowed these firearms wielders to continue gathering, it would become a hidden danger.

The Law Enforcement Team and the Yan City Army had also realized this. They had been running into these two forces frequently during their missions.

Everyone had the same goal. When they met, they would greet each other and continue clearing the dark zone.

The efficiency of the three forces was quite fast. In just three days, they had cleaned up the surroundings.

Moxiu could finally rest for a while. However, he was used to a stressful life, so he was still not used to it when he had nothing to do.

He might as well calm down and soak himself in the training field.

During this period, MO Xiu called home. His mother and Mrs. Ye took care of each other, and there was nothing for MO Xiu to worry about.

As for Ye Qian 'er, the godsister that he had taken in on impulse, she had also started attending school normally.

The entire Shun City had basically resumed operations.

Mo Xiu had also called Mu Qingyi wanting to ask if her parents would blame

her after she went back.

However, he did not get through even after calling many times. There was only one message from Mu Qingyi on his phone.

It was a message from Mu Qingyi when she reached home to report that she was safe.

“It’s safe, don’t worry!”

Although he used to be far away from Mu Qingyi, he could at least call and text her occasionally, but now he could not contact her at all.

When MO Xiu thought about how Mu Qingyi had traveled so far to find him, he had a strong urge to go to the northern part of the Alliance to see what kind of environment Mu Qingyi was living in. If she was not living well, he would save her.

Thinking of this, Moxiu made up his mind. Once he was done with his matters, he would definitely make a trip to the north.

11th month, 15th day, news came from Shun City.

The Alliance took back the management rights of Shun City and appointed Yue Long as the City Lord.

The situation in Shun City was completely clear.

MO Xiu also called Yue Long to congratulate him.

On the 19th of November, Qiu Qiming sent another message to the Alliance, inviting all the experts in the world to spar. His words were filled with arrogance, and the location was set.

This action confused Moxiu. What was going on? How did the shrewd fake Qiu Qiming become an idiot after leaving Shun City?

They kept sending out such stupid messages.

But what happened next shocked Moxiu and even the entire Alliance.

On the same day, someone challenged him. It was a reclusive expert who was over 50 years old. He was a famous expert when he was young. The outside world unanimously believed that this fake Qiu Qiming would definitely lose.

When the time came, Qiu Qiming came alone.

With just one move, he defeated the hermit expert and left. No one could stop him.

MO Xiu had also watched the video that day. Qiu Qiming had become stronger again, even stronger than when he was in the City Lord's Mansion.

What was going on with Qiu Qiming's strength? MO Xiu had no clue.

In the next few days, Qiu Qiming hid his firearms army and challenged the enemy himself.

Battle reports came one after another.

The commander-in-chief of the city army issued a challenge and was defeated!

The City Lord had personally issued a challenge and was defeated!

On the 1st of December, Qiu Qiming had won all ten battles.

From the video, it could be seen that Qiu Qiming was getting stronger and stronger.

MO Xiu kept thinking, what was Qiu Qiming's motive for doing this? How did he become stronger?

Before the first wave settled, another wave rose. Bai Fan had appeared!

Bai Fan appeared around Shun City and gathered the scattered soldiers who didn't join Qiu Qiming.

Relying on this small group of people, they traveled through the dark areas of various cities for more than half a month and recruited all the scattered soldiers.

After this round, many people had gathered. Together with Qiu Qiming, they formed the last two armies of firearms.

He had to use all the power he had to keep a close eye on Bai Fan.

Moxiu even picked a few experts from the shadows and pushed a quest to their accounts.

'Hidden Mission: Bai Fan Army.'

MO Xiu's actions also attracted the attention of others. For example, Xiao Hong, Cao Fenglin, Yang Zekun, Wang Yu, and the others who had been paying attention to what MO Xiu would do next.

Just as MO Xiu was about to head over to Bai Fan's side to check on him...

A piece of news disrupted Moxiu's plan.

On December 2nd, Principal Zeng Liugen of Yan University challenged Qiu Qiming!

Chapter 176: The Truth Is Revealed

12th month, 2nd day, in the square of the city.

There were countless people gathered here. Everyone tacitly moved out of the middle of the square and did not dare to take a step forward.

These people looked like spectators, but in fact, none of them were random people. They were all plainclothes clothes of the Yan City Army and the Law Enforcement Team.

Although Qiu Qiming had left after winning the previous few battles and didn't cause any trouble, this was Yan City, and he couldn't afford to make any mistakes.

In order to make sure everything was safe, the commander of Yan City's army came.

Since Zeng Liugen was the one who challenged him, he couldn't interfere with the normal competition. After the competition ended, the Yan City Army would arrest him immediately.

One thing at a time, two things at a time. This was the best method that the Yan City Army and the law enforcement team could think of.

This was because at this critical moment, all the official forces had to maintain a positive image.

Setting up an ambush to ambush Qiu Qiming, who had come to challenge him openly, would more or less cause a bad influence.

Therefore, after some discussion, they made this decision.

MO Xiu naturally came to the arena as well. Regardless of whether it was to investigate or to watch the battle between the two experts, this battle was something that he should attend.

Before coming here, MO Xiu had disguised himself. He had killed Qiu Qiu. If Qiu Qiming saw him go crazy, it would be troublesome.

From the video, he could see that Qiu Qiming's current strength was something that he could not compete with.

Ten minutes later, Zeng Liugen arrived first. He walked into the center of the square and stood still.

His entire body was in a relaxed state, and he closed his eyes without saying a word.

Half an hour later, it was exactly ten o'clock, the agreed time.

A demonic falcon descended rapidly and landed in the middle of the square. Qiu Qiming was on the back of the falcon.

He jumped down from the back of the Demon Hawk and said to Zeng

Zeng Liugen opened his eyes and said, "If you don't dare to challenge me, you'll be embarrassing Yan University!"

While the two of them were talking, Moxiu activated God's Snooping.

The first was Zeng Liugen's skill.

[Skill 1: Death Dagger 8]

[Skill Effect: Summon Death Dagger. Speed increased by 5,000%. 50% chance of Critical Hit (Critical Hit is 2,000 of the original attack power). When attacking from behind the enemy, the attack power is doubled.]

[Duration: 1 hour] [Cooldown time: 1 hour]

[Second Skill: Black Veil 6]

[Skill effect: Blocking the enemy's vision, reducing the enemy's speed and strength by 30%, and 50% defense (up to five targets).]

[Duration: 5 seconds]

[Cooldown time: 20 minutes.]

[Skill 3: Absolute Evasion 8]

[Skill effect: After activating this state, enter Absolute Evasion state and dodge all attacks.]

[Duration: 5 seconds]

[Cooldown time: 30 minutes]

[Fourth Skill: Hell Stab 8]

[Skill Effect: Instant Nether Stab in the palm, ignores defense and deals 3,000 percent of the original attack power to the target, causing the target to enter a nether state.]

[Nether State: All attributes reduced by 50%, wounds unable to heal.]

Cooldown time: 12 hours."

Zeng Liugen was actually an Assassin. This was something that MO Xiu had never imagined.

Looking at his usual state, he looked more like a warrior or mage.

These four skills were standard Assassin skills.

High explosive power, high speed, and high evasion.

Every skill could be said to be a godly skill. The lowest skill level was level 6. This was a true expert.

The first skill was an Assassin's normal skill, acceleration and burst.

The second skill blocks vision and reduces the enemy's speed, making it easier to attack.

The three skills were equivalent to five seconds of invincibility and could block enemy attacks.

The fourth skill was even more terrifying. It was a sure-kill skill! It was basically impossible to survive after being hit.

Then, he looked at Qiu Qiming's skills.

' Skill 1: Transformation 8

[Skill effect: Able to transform into any target (appearance, body shape, voice)]

[Duration: 18 hours] [Cooldown Time: 5 minutes.]

[Second Skill: Moon in Water 7]

[Skill Effect: Water Elementalization. Repairs the user to a certain extent.

Immune to 50% physical damage and 30% elemental damage.] [Additional skill: Water Bullet, can launch water bullets to attack.]

[Duration: 15 minutes] [Cooldown time: 15 minutes]

[Third Skill: Holy Amplification 7]

[Skill effect: Increases the user's overall status by 40%, eliminating all negative statuses.]

[Cooldown time: 1 hour]

[Fourth Skill: Faith Enrichment 8]

[Skill effect: After activating the skill, all people who use the main body as their leader will generate faith points. Everyone has different levels of faith and the amount of faith points they contribute is different. Each person can contribute up to five faith points. Every 100 faith points will increase 100% of attack, defense, speed, and elemental damage (capped at 15,000).]

[Duration: 1 hour]

Cooldown time: 1 hour." MO Xiu understood!

He understood everything!

When he saw Qiu Qiming's skill, all of Moxiu's doubts were answered.

The first question was why Qiu Qiming's strength fluctuated so much. It was because the four skills required faith. During the battle at the City Lord's Mansion, most of the 10,000-man army recognized Qiu Qiu as their leader, while a small number of people thought that Qiu Qiming was the leader.

Qiu Qiming's strength had not reached its peak. As the battle progressed, the conviction of the firearms army wavered, and Qiu Qiming's combat effectiveness continued to decline.

Later on, when Lord Devil Hawk appeared, the morale of the army was completely shattered, causing Qiu Qiming's combat strength to drop sharply.

The second doubt was that Qiu Qiming's two statements seemed stupid, but in fact, he was trying to increase the faith in the people. He announced that he was the king to tell everyone that he was the leader.

In order to show his strength, he had to increase his faith points to challenge the experts. This was also why Qiu Qiming had been fighting more and more bravely these days.

The third doubt was that Qiu Qiming's real identity was Qiu Qiu Qiu's older brother, the eldest son who was said to have passed away.

Due to the fake Qiu Qiming's concern for Qiu Qiu, coupled with the hereditary nature of the skill, Qiu Qiu's skill was Ten Thousand Devil Invasion, which was similar to the fake Qiu Qiming's four skills.

This was also why Qiu Qiu and the fake Qiu Qiming had chosen their first few skills with a clear purpose.

No, according to the time of death of the real Qiu Qiming, Qiu Qiu might not be the real Qiu Qiming's son at all, but the grandson of the fake Qiu Qiming. This explained everything.

The fourth and most crucial point was that the fake Qiu Qiming's motive for planning this incident had been discovered. He wanted power.

He was a fake Qiu Qiming. If there was no war, he would not be able to fight in front of the residents of Shun City.

Even if the residents of Shun City treated Qiu Qiming as their leader, they were treating the real Qiu Qiming as their leader. They couldn't transfer the power of faith to him, so he couldn't obtain power.

Although he still appeared as Qiu Qiming, he was himself this time. The faith of all the firearms corps would be focused on him, and he would gain power.

Moxiu sighed. In order to obtain power, he was willing to do anything.

However, there was still one thing that confused the game.. Why did the information say that Qiu Qiming's eldest son was already dead?

Chapter 177: Fierce Battle (1)

After figuring everything out, Moxiu looked back at the center of the arena.

In terms of skills, Zeng Liugen had no chance of winning.

Not only did Qiu Qiming have two support skills, but he could also crush Zeng Liugen with his four skills.

Zeng Liugen's only hope was to kill Qiu Qiming instantly with his fourth skill, Hell Spike.

The conversation between the two of them ended, and a great battle was about to break out.

Qiu Qiming immediately used the fourth skill, Faith, and his entire body shone with a faint golden light.

Zeng Liugen didn't dare to be negligent and used Death Dagger.

As an assassin, Zeng Liugen didn't attack first. He wanted to wait for Qiu Qiming to move and find his weakness.

Qiu Qiming didn't disappoint Zeng Liugen. He disappeared instantly.

It was so fast that even MO Xiu couldn't see it clearly.

Zeng Liugen disappeared the moment Qiu Qiming did.

MO Xiu could only see two black shadows probing each other. Neither of them took the initiative to attack.

Zeng Liugen could tell that Qiu Qiming was very experienced in battle. He dodged and moved in such a way that he didn't want to give Zeng Liugen any chance.

He knew that there was no point in dragging it out. Since there was no chance, he would create one.

He activated his second skill, Black Veil. Qiu Qiming's vision was blocked and he immediately stopped moving.

Moxiu knew what was going on and thought that this was an opportunity for Qiu Qiming to release his three skills, Holy Amplification, to remove the negative status.

Then, when Zeng Liugen used Hell Spike, Qiu Qimin wouldn't have any skills to remove the negative status.

Zeng Liugen instantly appeared behind Qiu Qiming. Now, it was up to Qiu Qiming to decide.

Choosing to release a skill to remove the current negative effects would allow him to avoid Ceng Liugen's attack and resolve the crisis in front of him. However, he might lose the entire competition.

If he chose not to remove it, he might be injured now, but it was beneficial to the overall situation.

Zeng Liugen didn't use the Hell Spike when the opportunity presented itself. He did so to prevent Qiu Qiming from using Purification skills.

In the end, Qiu Qiming didn't choose to use Holy Amplification to remove the negative status. Instead, he used Moon in Water, which could make him immune to some damage after elementalization.

MO Xiu sighed. Qiu Qiming was too difficult to deal with. This was indeed the best choice.

If it was Moxiu, he would probably have made the same choice without knowing the other party's skill.

Zeng Liu's Death Dagger slashed through the air, and a black shadow flashed, dealing a critical hit. With a 2,000 critical hit and double the attack from behind, it dealt a total of 4,000 damage.

However, Qiu Qiming's elemental essence conversion had reduced it by 50%, leaving 2,000%.

Qiu Qiming must have sensed the danger at the moment of the attack. He took a step forward and aimed at the back of his neck.

Zeng Liugen's own attack power should be extremely strong. With the weakening effect of the black veil, even if Qiu Qiming used four skills, it would be enough to break through the defense.

Blood splattered everywhere, and a deep wound appeared on Qiu Qiming's back.

The five-second cover of the black veil did not end. Qiu Qiming reacted immediately after he was injured. He ran a few steps forward and then began to move. He could not be a live target.

Zeng Liugen chased after Qiu Qiming. This time, Qiu Qiming's vision was blocked and he couldn't resist.

Soon, Qiu Qiming's body was covered in wounds. Fortunately, the Moon in the Water skill had healing effects.

Unfortunately, Ceng Liugen's attacks had a low critical hit rate. Although there was a 50% chance of success, there were very few critical hits.

Zeng Liugen didn't use Hell Spike because Qiu Qiming had only used two skills. The other two skills unknown, so he couldn't use his ultimate skill rashly.

He wanted to use his current fierce attack to force Qiu Qiming to use a few more skills.

However, as time passed, Qiu Qiming didn't use any other skills even though he was severely injured.

Qiu Qiming protected his vitals and attacked the rest of his body as he pleased. He looked like a dead pig that was not afraid of boiling water.

The audience below the stage could not help but cheer when they saw this.

Qiu Qiming had fought a total of 10 rounds in the past. Although he had been in a prolonged battle sometimes, he had never been injured, let alone now.

Zeng Liugen had beaten Qiu Qiming into a sorry state and he couldn't fight back at all.

"Principal Zeng is awesome!"

"Kill him!"

"Stop shouting. Don't affect Principal Zeng's performance. This fake Qiu

Qiming can't hold on much longer."

"I think so too. Look at the wounds on his body."

Almost everyone thought that Qiu Qiming was going to lose, and it would be difficult to turn the situation around.

Other than MO Xiu, MO Xiu's expression was solemn. He didn't expect Qiu Qiming to be so accurate in his judgment and to be able to tolerate it.

Qiu Qiming was still persevering despite being beaten up like this. In fact, this was the turning point of the battle. As long as Qiu Qiming persisted, he should be able to win.

Qiu Qiming had already gotten used to the last two seconds of the black veil's effect. He fought without being able to see.

He had blocked several attacks from Zeng Liugen.

The last second of the Black Veil's effect!

Zeng Liugen's expression was serious. He had to hand over the Hell Spike at this time.

Assassins weren't good at protracted battles. They relied on high explosive power to kill the enemy instantly.

Out of caution, in case Qiu Qiming had a healing or invincibility skill, he did not use Hell Spike at the beginning. Otherwise, he would have used this set of skills at the same time.

However, the effect of the Black Veil was about to end. If he did not use the Hell Thorn now, he might not have the chance to use it again in the future.

The black veil had the effect of blocking one's vision, increasing the probability of Hell Stab hitting. It also had a weakening effect, which could maximize the damage of Hell Stab.

Once the Black Veil Saint's effect ended, Qiu Qiming's elemental essence conversion would heal him.

He should be able to recover his full strength in two minutes. At that time, he would definitely lose.

Zeng Liugen rushed to Qiu Qiming's back at full speed and used the Underworld Spike.

The pitch-black spike in his palm shot out a golden light that resembled lightning around him, giving off a deep and powerful feeling.

The audience exclaimed in surprise. They all thought that this move would kill Qiu Qiming.

However, Zeng Liugen knew that this attack would not be able to kill Qiu Qiming, but as long as Qiu Qiming did not have any skills like dodge or invincibility, he would definitely be severely injured.

Now, he could only bet that Qiu Qiming had no dodge, no invincibility, no healing, and no purification effect in his remaining two skills.

If he didn't have any of those, he could defeat Qiu Qiming with the weakening effect of the Underworld Spike.

However, Moxiu knew that Qiu Qiming had the Holy Amplification skill, so Hell Spike's weakening effect was useless.

If he wanted to win, he had to either kill Qiu Qiming or seriously injure him.

No matter what, this attack would determine the direction of the battle and set the tone for the final victory.

If Qiu Qiming failed, he would definitely die because the crowd would swarm him. On the other hand, if Zeng Liugen failed, he might not necessarily die.

This was the risk of Qiu Qiming's public challenge.

Qiu Qiming had to bear this risk.

A cold light flashed. Just as the Hell Spike was about to pierce Qiu Qiming's neck..

Qiu Qiming...It moved!

Chapter 178: Deciding the victor

Qiu Qiming moved!

It was as if there were eyes on his back. He crouched slightly and tilted his head to the right, dodging the attack.

Zeng Liugen wasn't the only one who was shocked. Everyone else was shocked as well. Qiu Qiming was the only one who could predict and react so fast.

MO Xiu was also stunned. The fake Qiu Qiming's reaction speed and adaptability should not be any weaker than his.

Zeng Liugen couldn't just watch this opportunity slip away.

Since this move was a claw move, it was more troublesome to move to the right. He might not be able to attack in time, so he could only move downwards and hit Qiu Qiming's left shoulder with the Hell Spike!

The Nether Sting could ignore defense, but Qiu Qiming, who was elementalized, could cancel out a part of the pass.

However, this was enough to make Qiu Qiming wish he was dead.

On the surface, the Hell Spike did not cause any external injuries. It should have directly injured the internal organs of the body. This was also the reason why it ignored defense.

“Buzz!”

There was no loud noise, only a small sizzling sound. Then, Qiu Qiming shouted.

Zeng Liugen wanted to stab Qiu Qiming again, but Qiu Qiming reacted quickly and rushed forward.

During the process, Qiu Qiming felt that he was in a negative state, so he immediately used Divine Amplification. If he didn't use it now, he would lose!

After using it, Zeng Liugen had already caught up with the enemy.

This was Zeng Liugen's chance to defeat Qiu Qiming while he was seriously injured.

Qiu Qiming wasn't a weakling. He couldn't move his left arm, but the effect of the Body of Faith skill was too strong. He could still fight Zeng Liugen with one arm.

Zeng Liugen stopped his attack when he saw that he couldn't break through. Qiu Qiming wasn't in a hurry either. The two of them looked at each other.

Both of them had their own plans. Qiu Qiming was actually stronger than Zeng Liugen.

Zeng Liugen's moves were ever-changing, and his explosive power was extremely high. In addition, his attacks were very decisive, so he had a chance to fight back.

Now that both of them had released three skills on the surface, there was still one skill that the other party did not know about. As the two of them looked at each other, they were also thinking about how to deal with the next battle.

Qiu Qiming was the first to attack, not Zeng Liugen.

Qiu Qiming's thoughts were very simple. Zeng Liugen was standing there for some unknown reason. Maybe it was because his opponent's skill had a very short cooldown time, and he couldn't wait any longer.

Zeng Liugen was delighted. There was still a chance.

If Zeng Liugen attacked from the front and Qiu Qiming focused on defense, they would have no chance. Assassins were best at assassination, not frontal attacks.

Only when Qiu Qiming attacked Zeng Liugen and used his three skills, Absolute Evasion, could he get another chance.

At first, Moxiu didn't understand why Zeng Liugen was doing this, but after thinking about Zeng Liugen's remaining skills, he understood.

Qiu Qiming attacked with lightning speed. He either didn't attack or attacked with all his might.

Qiu Qiming's strength had recovered a little, and his overall strength was still higher than Zeng Liugen's. He could barely take one hit.

It was not so easy after that. The extra six sticks did not give the game any advantage in terms of strength, and the game slowly started to run out.

Before this, Zeng Liugen had been suppressing Qiu Qiming, and this was the first time the situation had reversed.

Everyone was worried for Zeng Liugen. It was only now that many people realized that Zeng Liugen had been at a disadvantage all this time and that he had only fought for an opportunity by attacking fiercely.

Now that Qiu Qiming had recovered, Zeng Liugen's weakness was exposed. When an assassin did not have the advantage in speed, it was difficult to win.

Zeng Liugen could no longer defend himself and was covered in wounds. Qiu Qiming had no doubt that this was not an act.

In fact, Zeng Liugen didn't act. He really wasn't Qiu Qiming's match. He could only hold on and wait for an opportunity.

Qiu Qiming fought harder and harder. He wanted to end the battle as soon as possible.

Finally, he threw a heavy punch and revealed a flaw.

Zeng Liugen wouldn't give up on this opportunity. He went up to Qiu Qiming. He was no match for Qiu Qiming in terms of speed.

Qiu Qiming's injuries were getting better, but Zeng Liugen's injuries were getting worse.

Qiu Qiming's fist landed on Zeng Liugen's face.

Most of the audience closed their eyes. Given Qiu Qiming's strength, it was not hard to imagine what would happen if he punched his face.

Moxiu was the exact opposite. He stared at this scene with his eyes wide open.

The third skill, Absolute Evasion, activated!

Qiu Qiming used all his strength in this punch, but it missed. He staggered.

Zeng Liugen's body turned illusory. He grabbed Qiu Qiming's right arm and jumped onto Qiu Qiming's back.

The dagger stabbed into Qiu Qiming's right shoulder. A black shadow flashed and a critical hit appeared.

"Ah!"

Qiu Qiming roared and threw Zeng Liugen to the ground.

This attack wouldn't cripple Qiu Qiming's right arm, but he wouldn't be able to move it for a while.

Zeng Liugen dragged his wounded body and attacked again. He couldn't waste the few seconds of Absolute Evasion.

Under Qiu Qiming's ribs, right leg, back, and many other places were injured.

Qiu Qiming couldn't move his arms, and it was difficult for him to defend himself with his legs. After taking so many hits, he finally kicked Zeng Liugen.

The kick was so powerful that Zeng Liugen fell to the ground, unable to get up. He was panting heavily.

On the other side, Qiu Qiming fell to the ground after the kick.

Everyone exclaimed in surprise.

Who won?

"This... Who won? Did Principal Zeng win?"

Everyone present, including MO Xiu, had this question.

This battle really didn't come. Not only did they discover Qiu Qiming's secret, but they also saw such a wonderful game. Now, both of them were seriously injured. Whoever stood up first would win.

MO Xiu looked at Zeng Liugen with reverence.

In a situation where they were at a complete disadvantage, they had used every single skill to their maximum potential, forcing their way into the current situation.

Ten seconds.

Thirty seconds.

Two minutes passed.

The two of them moved at the same time and stood up together. After a few seconds of staring at each other, Zeng Liugen spoke.

"I lost!"

I really admire you," Qiu Qiming said with a smile." You forced me into a desperate situation and prevented me from using my true strength."

Zeng Liugen didn't say anything else. He turned around and walked into the crowd.

Qiu Qiming won this battle because of his strength.

Zeng Liugen walked out of the crowd, and the surrounding audience became a circle that was shrinking.

"Qiu Qiming, oh, you're not Qiu Qiming."

The person who spoke was the commander of Yan City Army, Wei Lingyun!

If you want to fight, issue a challenge first,” Qiu Qiming said disdainfully.” I’m not playing with you anymore.”“

Wei Lingyun immediately flew out to capture Qiu Qiming.

Qiu Qiming punched the ground with all his strength, and the entire square was overturned.

In an instant, sand and stones flew into the sky, and the crowd was in chaos.

MO Xiu’s heart jumped. Qiu Qiming was indeed powerful. He was not seriously injured when he fell to the ground just now.

It was just to buy time and use the moon in the water to heal his injuries!

Chapter 179: Light and Shadow

Wei Lingyun waved his hand, and all the sand and stones in front of him scattered.

Just as he was about to walk forward, a huge figure descended from the sky.

“Bang!” It was Demon Hawk King!

King Demon Hawk’s eyes were already crippled, but it didn’t stop him from stopping Wei Lingyun.

Wei Lingyun furrowed his brows tightly. He did not hesitate in the slightest when facing King Demonic Eagle and continued to attack.

However, Qiu Qiming had no intention of continuing the battle. He jumped onto the Demonic Eagle King.

Order the Demon Eagle King to set off from the port.

Demon Hawk King waved his wings, blowing up the sand and stones that had just landed, and flew into the sky with Qiu Qiming.

Wei Lingyun wanted to continue chasing but was stopped by a voice. "Commander Wei, let him leave!"

Wei Lingyun originally wanted to ignore this voice, but when he turned his head, it turned out to be MO Xiu, the Mr. MO that everyone in the military camp knew.

"MO Xiu?" How dare you come to watch this competition? You have such a deep grudge against Qiu Qiming. Aren't you afraid that Qiu Qiming will go crazy and kill you?"

MO Xiu smiled and said, "Commander Wei is right. I was afraid, so I hid."

"Hahaha, you're very honest. Why did you ask me to let Qiu Qiming go?"

In the military camp, Yang Zekun had a very high evaluation of MO Xiu. He said that MO Xiu was a genius and that he had follow-up methods for the firearms incident.

Actually, Wei Lingyun didn't need to ask to know that MO Xiu had asked him to let Qiu Qiming go because he had a plan. The moment he saw that it was MO Xiu, he didn't plan to chase after him anymore.

"I'm not talented," said MO Xiu. "I just thought of a way to defeat Qiu Qiming."

"What method?"

“I can’t tell you yet!”

What kind of person was Wei Lingyun? A young lad actually kept him in suspense in front of him.

A cold snort turned into a “Hmph!” Today, you asked me to let Qiu Qiming go. I want to see how you defeat him. If anything happens, you will bear the consequences. ”

After saying that, he left with a straight face.

Moxiu stood there alone, not knowing what to say.

Just now, he really wanted to say to Wei Lingyun, ‘Just like how you can catch me if I ask you to chase me.’

Just as he was about to head back, MO Xiu turned around to take a look.

This glance caused MO Xiu to freeze on the spot.

Qiu Qiming’s crater was about five to six meters deep and more than ten meters in diameter.

This also showed how powerful Zeng Liugen was. He was able to suppress Qiu Qiming so much that he couldn’t use his true strength.

This was simply too terrifying. Moxiu realized that his strength was still not enough. It was far from enough.

After returning to the Cloud Top Villa Complex, Moxiu began his next step of work.

Moxiu contacted Hao Ren and asked him to select a 100-member elite team from the strongest club. The requirements were that the members had to be trustworthy, not too strong in combat, and mainly focused on concealment and reconnaissance.

He then contacted Yue Long and made the same request.

Moxiu began to pack his luggage. By nightfall, everyone was almost done with their preparations. They were ready to set off for Bai Fan's location.

When she went downstairs, she bumped into Yang Qingzhuo, who had just returned.

"MO Xiu, you want to go out in the middle of the night? Where are you going?"

"I'm going to take care of some serious matters," Moxiu replied. "It might take a little longer this time. ""
"I want to go too!"

"You can't go!"

Yang Qingzhuo angrily grabbed MO Xiu's sleeve and said, "Why can't I go?"

MO Xiu swung his sleeves twice, but he couldn't break free.

"You have to help me look after Little Fushun." Yang Qingzhuo stomped his foot in anger.

"Excuses, all excuses!"

"It's true!" MO Xiu said helplessly."

Yang Qingzhuo grabbed onto MO Xiu and refused to let go.

"Last time you let me stay at home, but you went to Shun City with Sister Xiao

Hong. When you came back, the two of you didn't seem right. In the past, Sister Xiao Hong was so fierce to you. Yesterday, the two of you were flirting with each other. Something's wrong. This time, I have to follow you no matter what."

"There's really nothing going on between Xiao Hong and me," MO Xiu said seriously. "You haven't met anyone who has anything going on."

MO Xiu thought that Yang Qingzhuo couldn't always be like this. The last time he returned to Shun City and met Mu Qingyi, although they didn't make their relationship clear, they both knew that they couldn't let Yang Qingzhuo do whatever he wanted.

Yang Qingzhuo wasn't as upset or angry as MO Xiu had imagined.

Instead, he said very calmly, "You're talking about Sister Qingyi, right?"

Sister Qingyi? What was the meaning of this? The two of them had never met before. How did they know each other?

Yang Qingzhuo started toot, "I can't shake Sister Qingyi's position, and I know that it's preconceived notions.

"I didn't think too much about it from the start. I just wanted to be a small support by your side. However, ever since the support system team battle, you rarely brought me along."

MO Xiu was caught off guard by Yang Qingzhuo's sudden revelation.

"I understand. It's not that I didn't want to bring you along. I just felt that you had to stay and take care of Little Fushun."

As he spoke, MO Xiu shot a look at Little Fushun, who was watching the show.

Little Fushun played along and rubbed his head against Yang Qingzhuo's body to express his fondness.

Yang Qingzhuo changed his usual attitude and said seriously, "Moxiu, I will follow you from now on. Otherwise, my support will be meaningless!"

Yang Qingzhuo's expression reminded MO Xiu of the first time they met.

The Yang Qingzhuo who wanted to challenge him. MO Xiu nodded slightly in agreement.

Yang Qingzhuo immediately returned to his normal state and said with a

cheeky smile, "Moxiu, you're the best."

"Alright, pack up and get ready to set off."

Yang Qingzhuo nodded firmly and said, "won't hold you back. My skills have leveled up during this period of time, and I've awakened a second skill. I won't let you down."

Moxiu's attention had been on the firearms incident during this period of time, so he had indeed neglected the people around him.

Yang Qingzhuo turned around and walked back to his room. MO Xiu looked at his back and used God's Snooping.

" Skill 1: Godly Speed 4

[Skill effect: Increases speed by 1,500% on one target. When used on two targets at the same time...]

[Additional effect: Flash, has a 5% chance of dodging attacks.]

[Duration: 20 minutes]

Cooldown time: 6 hours.”

Moxiu was shocked by the increase in the speed of the skill. 1,500%? It even had the ability to dodge. This was simply a divine skill.

Yang Qingzhuo’s second skill was even more amazing.

‘ Second Skill: Light and Shadow

[Skill effect: Increases all attributes of a target by 50%. At the same time, it is marked as Light. The target becomes Shadow. All attributes of Shadow become 50% of Light’s current state.]

[Duration: 10 minutes]

Cooldown time: 6 hours.”

This was only a Level 1 skill, and it gave Moxiu a huge shock. How could it be like this?

In other words, when Yang Qingzhuo released Light and Shadow on him, Yang Qingzhuo would receive 50% of his strength.

The main point of this skill was that the stronger MO Xiu was, the stronger Yang Qingzhuo would be.

Light and Shadow perfectly made up for the weak combat ability of the support unit and the weakness of being easily ambushed.

With half of MO Xiu’s strength, he could basically be the main attacker in the competition of Yan University..

Chapter 180: Real Fight!

MO Xiu and Yang Qinghuo went to Yan University to meet Hao Ren.

Little Fushun could only be watched over by Zheng Yi, even though he didn't really listen to Zheng Yi.

MO Xiu went to find Hao Ren when he arrived at Yan University.

At this moment, there were three old acquaintances beside Hao Ren.

Feng Danian, Cao Fengli, and Xiao Hong.

Feng Danian was the leader of the 100 people that Hao Ren had arranged for him, and he was familiar with MO Xiu, so it would be more convenient for him to cooperate with him.

As for Cao Fenglin and Xiao Hong, they came uninvited.

Xiao Hong was still the same. She wanted to learn from MO Xiu and see how he would deal with the situation.

Cao Fenglin's goal was similar. He was also curious about what MO Xiu would do next.

Everyone was here. Everyone set off!

MO Xiu didn't let the hundred people leave with the others. Instead, they moved separately.

MO Xiu was very famous in Yan City now, and his every move would attract attention. He didn't want to attract too much attention.

At this moment, the train had already opened. MO Xiu and the others took the train together and headed to a small city called Xiang City near Shun City.

Xiang City was located around Shun City. Back then, it had also suffered a disaster and was an empty city.

Fortunately, Yue Long had organized the residents of Shun City to clean up the surrounding cities during this month. The bodies were all buried. After all, the residents of Shun City did not want to live in a city surrounded by dead people.

Xiang City was still considered clean, but there was no sign of life.

The reason why MO Xiu chose to stay here was because Xiang City was the smallest and most remote city compared to the other dead cities.

After arriving at Xiang City, MO Xiu and the others quickly met up with the strongest 100-man team.

He also found the 100-man team from Shun City that had arrived here in advance.

The hundred people in Shun City were led by Yue Yuan. Before MO Xiu and the others arrived, they had already found a place to stay and cleaned up.

It was a factory, enough to house these two hundred people.

After meeting with Yue Yuan, everyone had arrived.

Yue Yuan and Feng Danian looked at MO Xiu, waiting for his orders.

Cao Fenglin and Xiao Hong also wanted to see how MO Xiu would arrange it. MO Xiu looked at everyone and asked, "Where is Bai Fan now?"

Yue Yuan stayed in Shun City and listened to MO Xiu's orders. He had been following this matter.

' Bai Fan's army has a lot of people, but they don't have the support of the Magic Falcons like Qiu Qiming. Their actual combat strength isn't very strong, and they're currently stationed in Kingstown!'"
"The Kang City?" MO Xiu asked.

Yue Yuan took out a map and showed it to MO Xiu.

"Kingstown is three small cities away from Xiang City."

Cao Fenglin asked," If you guys can find out where Bai Fan is staying, the other powers should be able to find out as well. Why does Bai Fan still dare to stay in Kingstown?"

Without waiting for Yue Yuan to speak, MO Xiu said, ""There should be two

reasons. One is that the other forces are too busy to take care of themselves."

"The other reason is that the various factions want to settle this once and for all. After Bai Fan gathers more people, they'll capture all of them."

"MO Xiu is right, that's what happened."

Yue Yuan looked at MO Xiu with admiration in his eyes. He had been following this matter in Shun City all this while, and that was why he was able to analyze it.

He didn't expect MO Xiu to be able to see through everything so clearly from Yan City.

In fact, MO Xiu had been paying attention to this matter. It wasn't just the information from Shun City, but also the information from the Dark Shadow and Yang Zekun.

MO Xiu did a unified analysis, but Bai Fan had been moving around a lot recently, so he wasn't sure if he was still in Kingstown. Cao Fenglin nodded." Mm. What should we do next?"

"Is Bai Fan still recruiting members?"

Yue Yuan said," Yes, he's been calling, but he hasn't moved. I don't know what Bai Fan is doing." "He's doing an experiment!" Moxiu said with a smile."

' Experiment?"

Yue Yuan, Cao Fenglin, and Xiao Hong asked at the same time.

Moxiu nodded." Yes, ever since the meeting room incident, I've been studying Bai Fan. I've studied him in depth. After observing him for such a long time and seeing what he does, I understand him very well. He's the breakthrough point of this incident."

The people present were all very puzzled, and they still did not quite understand what Moxiu meant.

Didn't Bai Fan rise up because he was treated unfairly? Why did he do the experiment? What experiment?

MO Xiu looked at everyone's puzzled expressions and shook his head.

"Yue Yuan, Feng Danian, the two of you choose five people from your respective teams to join Bai Fan's army in batches as spies!"

"Yes, sir!"

The two of them answered at the same time and then immediately turned around to do it.

MO Xiu said, " Wait, when you enter the enemy camp, you must be extra careful. Bai Fan is not a simple person. Don't let him see through you. As for how you choose people? You don't need me to teach you, do you?"

"No need, I will definitely choose the most reliable person!" Yue Yuan said."

Feng Danian nodded.

MO Xiu asked the two of them to do it immediately.

He had to be careful. It was unlikely that he would be discovered, but Bai Fan's charisma was too strong. MO Xiu was afraid that the people who went would betray him, so he warned him.

Soon, the two of them returned to report to Moxiu. They had already arranged for the people to set off immediately.

"What mission do we have next?" asked Yue Yuan.'

MO Xiu leaned back in his chair and said," Ask Uncle Yue to send more supplies over. Don't make things difficult for our brothers. We'll wait quietly. ""

"Wait for what?" Cao Fenglin asked.

"Wait for Bai Fan's experiment to fail!"

Cao Fenglin discovered that he was getting more and more confused about MO Xiu.

Next, the 200-man team set up camp in this unknown factory.

The next day, MO Xiu didn't give any orders. Instead, he asked about the situation of the people he sent out.

A total of ten people were carrying out the ambush plan. Now, six people had entered Bai Fan's camp.

On the third day, Moxiu was practicing his fist in the open space, seemingly pondering over something.

Feng Da Nian came to report that all ten of them had joined Bai Fan's team.

Moxiu gave the second order. Ten people, two people in a group, each group had a mission, a total of five missions.

First, observe the situation of the army. What orders did Bai Fan give and how did the army react?

Second, understand the crowd's ideas and try to understand everyone's ideas as much as possible.

Third, record what the army ate for every meal and try to find out the source of the food and supplies.

Fourth, observe and record in detail Bai Fan's schedule, where he went every day, and who he talked to.

Fifth, observe Bai Fan's every expression and record everything he says.

These five missions were not difficult. They were just daily observations. There were no investigation missions or assassination missions.

Cao Fenglin and the others immediately knew of MO Xiu's order.

MO Xiu wanted to fight a prolonged battle, but he still couldn't determine what MO Xiu's goal was.

In the next few days, Moxiu's life was very regular.

In the morning, he would read the information he had collected the day before in his room, and in the afternoon and evening, he would practice boxing in the hall. Occasionally, he would find someone to spar with.

Cao Fenglin, Xiao Hong, and Yang Qingzhuo would sit by the side and watch MO Xiu practice.

Cao Fenglin said to Xiao Hong and Yang Qingzhuo, ""What do you think Moxiu is trying to do? You've been too idle these past few days, haven't you?"

"I can't see through it, but Moxiu is indeed capable of creating miracles. I'm completely convinced of his ability in the Battle of Shun City.""

Yang Qingzhuo nodded without saying anything.

At this moment, MO Xiu, who was practicing his fist, suddenly stopped and shouted, ""Senior Sister Xiao Hong, I've been enlightened recently. Are you interested in sparring with me?"

Xiao Hong had always wanted to compete with MO Xiu.

"It's boring if we don't fight for real!"

"Really!"
