

## **Four Skills 211**

### Chapter 211: Twenty-Four Seconds

In the afternoon, the team competition began.

Both sides entered the arena. The five people from Nanping University looked at the five people from Yan University with serious expressions. They didn't know if they could go easy on them in the team battle.

The five people from Yan University were very relaxed. They talked and laughed on the field, looking very easy to talk to.

Seeing the state of Yan University and the others, the five people from Nanping University were relieved.

"Let the competition begin!"

With these words, the five people from Yan University, led by MO Xiu, disappeared on the spot.

Looking carefully, they were actually all running over.

MO Xiu followed the request and faced the long-haired girl.

The girl summoned an axe to block in front of her. Moxiu punched it and shattered it.

The axe shattered, and the girl was seriously injured. She took a few steps back and retreated out of the boundary.

Just as Moxiu wanted to see the situation of the other four and see if they needed reinforcements...

The other four also ended their battles and defeated their opponents.

Even the referee couldn't bear to watch such a result. He hesitated for a moment before announcing the result.

"Yan University wins!"

Cao Fenglin covered his face and didn't know what to say. It was fine if he could kill his opponent in the individual competition, but how could he kill his opponent in the team competition as well?

When the results of the competition came out, all the reporters present left in disappointment. They had been busy for the whole day and had not managed to capture anything. MO Xiu's speed was too fast just now, and they could not capture anything at all.

The audience in the stadium and the audience in front of the TV were stunned again. They didn't know how to describe the competition at Yan University. It was as if there was no competition.

The discussion on the Internet was even more heated.

"Did you guys watch Yan University's competition? Absolute suppression?"

"It's just that the difference in strength is too big. The University of Yan didn't go easy on us!"

"Second floor, correct answer!"

"I think it's Moxiu's scheme. He might have done it on purpose!"

"Don't brag again. Is there a conspiracy behind MO Xiu's fart?"

Listen to my analysis. I've studied the video of the match. MO Xiu used three seconds to end the battle. Xiao Hong used two seconds, Qiao Yang used five seconds, Liu Peixiong used eight seconds, and the team battle used six seconds. There are a total of 21+ seconds. I think the key is these 24 seconds. This is a secret code. Watch closely. The corresponding numbers will appear in the following matches." "Are you possessed?"

"Data King!"

"Awesome..."

After the competition ended, he immediately sneaked back to the martial arts field to avoid being interviewed.

"Teacher Cao, why are you so afraid of interviews?" Yang Qingzhuo asked. We won quickly. Just do as Moxiu said and tell the media!"

Cao Fenglin said," Don't make sarcastic remarks. If you're not careful, you'll ruin the reputation of our Yan University. These reporters are too smart. The problem is that they're all linked together. It's very easy to fall into their trap.

Your MO Xiu is so powerful. Why don't you let him go?!""

Yang Qingzhuo lowered his head and whispered, "My MO Xiu isn't going either! " After saying that, she immediately ran away.

Mu Mu said," Alright, don't think about those small things. Our real mission is to win the championship and represent Yan University to fight against the south and the north.""

From the start of the competition until now, they've been saying that Yan University was last year's champion. Isn't that the championship?" MO Xiu asked curiously."

Cao Fenglin explained," Last year, we lost regretfully and obtained second place!"

MO Xiu's interest was piqued. There's such a thing?"

Liu Peixiong came out and explained, " I also participated in the competition last year. There was a very strong team in the north. We lost after a hard battle."

"The northern part?" asked Moxiu.

Mu Qingyi was in the north, and he did not know if he would be able to see her this time. If he could, he had to have a good chat and see if there was a chance of escaping from her parents' control.

Mu Qingyi's skills did not have strong offensive power, but they were more flexible and could be used by any team.

MO Xiu thought about it, even if Mu Qingyi could not be the main force, there was definitely hope for her to be a substitute support.

Mu Mu continued, " Today's competition ended early. We trained for a while. You made some mistakes during the competition."

MO Xiu and the others were all surprised. How did he see through it? The battle just now lasted for an extremely short time, and all the time was wasted on running. How could he see that it was insufficient?

Mu Mu said, " First of all, it's MO Xiu. You weren't decisive enough. After releasing the skill, you looked at Yang Qingzhuo. I think you were checking if she had released the skill, right?"

' Yes," MO Xiu nodded and admitted. " I want to make sure that she can cast Light and Shadow. Only then will she be able to fight. If I run out, she won't be able to keep up with my speed, and she won't be able to cast her skills.

Wouldn't that be troublesome?"

Mu Mu corrected him.” This isn’t something you should think about. You are a perfect leader who thinks about everyone in the team. But what is the mission I gave you?”

MO Xiu replied, “The main attacker!”

“That’s right. It’s not the time for you to act on your own. You need to listen to orders now. Also, whether Yang Qingzhuo’s skill is successfully released is not your concern. Don’t you believe in her ability?” “No, I do have a problem!” Moxiu shook his head.”

Mu Mu continued,”Yang Qingzhuo, the same...”

Yang Qingzhuo took the initiative to say,” I know. I should have reminded MO Xiu. This is what a Support should do!”

MO Xiu turned to look at Yang Qingzhuo with a serious expression. It seemed like she was still concerned about his distrust of her.

Mu Mu nodded and turned to the others,””Xiao Hong, the mission I gave you was to fly in the air. Why did you run over with them?”

Xiao Hong replied, “I think it’s more efficient this way!””

Mu Mu continued,” Qiao Yang, Liu Peixiong, both of you ran into the same opponent. Later, Liu Peixiong reacted and immediately ran to another opponent, right?””

Qiao Yang said,” Leader Mu, you’re amazing. You can see Liu Peixiong’s speed clearly?” I didn’t even know what happened.”

Liu Peixiong laughed and gave Mu Mu a thumbs up.

Mu Mu’s expression was serious and a little angry.

MO Xiu had never seen Mu Mu's stern side.

Mu Mu sighed and said, "Do you know what the problem is?" You didn't listen to orders. Everyone has their own ideas."

"It's not that I don't want you to do whatever you want. It's just that your tacit understanding hasn't reached that stage yet."

"If you do as I say, it might not be the best choice, but it will allow you to have a better understanding of each other. I want to see how well you cooperate in various situations before making a plan."

"MO Xiu and Yang Qingzhuo made a special criticism. The two of you have trained with me before and know my training method. Why did you make such a mistake?"

MO Xiu was very embarrassed. He stood up and said, "I'm sorry, I was indeed careless!"

If anyone heard this, they would definitely be scolded.

He was too pretentious. What else did he want? The team battle had ended in six seconds, and the entire match had ended in twenty-four seconds.. How could they be careless?

Chapter 212: Twenty-Four Seconds Theory

Mu Mu was actually angry in such a match without any suspense, and severely criticized everyone.

Every detail was laid out in the open to let everyone know where the problem lay.

No one blamed Mu Mu. On the contrary, they all respected Mu Mu.

He was so serious and responsible, accurately catching everyone's mistakes. He was really amazing. He was an excellent leader.

Next, under Mu Mu's guidance, the five of them went through additional training.

Mu Mu was angry, but he didn't change his principles. The training time was very short, and he let everyone go home before dark.

After the five of them left, Cao Fenglin said, ""Why are you angry? This was just an ordinary match."

Mu Mu said unhappily, "You're just too casual. I've received news that our biggest opponent this year is not Magic University, but the martial arts universities we'll be facing in the semifinals!"

Cao Fenglin immediately realized the seriousness of the problem. If the martial arts universities were very strong and Yan University was unfortunately defeated, they wouldn't even be able to enter the finals.

Mu Mu saw that Cao Fenglin understood and said, ""That's why we can't let down our guard. We have to seize the time to get used to it!"

March 12th, the second day of the competition.

Today, Yan University's opponent was Snow Peak University. It was even worse than Nanping University.

The reason why Snowy Peak University was able to advance was because they had fought against the weakest team in the entire competition yesterday. They were so weak that it made one's hair stand on end.

Yesterday's joy turned into today's sorrow. It was impossible for them to win against Yan University, and when they heard that Yan University did not hold back yesterday, they were even more frightened.

The first was the individual battle. Today, the four of them didn't hesitate like yesterday. They went on stage and directly attacked to win the game.

Cao Fenglin was so angry that he couldn't say anything.

MO Xiu whispered into Cao Fenglin's ear, "We've already laid the foundation yesterday. We're not going to go easy on them. Let the netizens say whatever they want. If we go easy on them today, the netizens will say that we're not firm enough and that we're afraid of them!"

Cao Fenglin knew that he couldn't win against MO Xiu, so he didn't say anything else.

In the afternoon, during the team battle, Mu Mu said, "You guys aren't messing around today, right?"

"We'll definitely follow the strategy today. Just wait and see!" Moxiu took the lead and said.

After saying that, the other four people also expressed the same intention.

The five of them stood still on the stage, and the people opposite them began to whisper.

"Captain, I heard that they finished the team battle in six seconds yesterday. In such a big venue, it would take three to four seconds to run over, right?"

"What are you panicking about? Do you want to win?"

"It's impossible to win, as long as we don't lose too badly."

The captain said, "Don't worry. They didn't go easy on us yesterday and were almost scolded to death by the netizens. They will definitely go easy on us today. Listen to my instructions later."

The referee saw that they were talking and asked, "Snow Peak University, are you ready? Can we start?"

The captain of Snow Peak University smiled and said, "Alright, alright!"

"Let the competition begin!"

Before he could finish his sentence, the five people from the University of Yan reacted. The four of them instantly disappeared from where they were.

The most eye-catching one was Xiao Hong. She spread out her fiery feathers and flew into the air, looking very frightening.

On the Snow Peak University side, someone asked the captain, Captain, why do I feel like something is wrong? They..."

Before he could finish, he was knocked down by Liu Peixiong, who was the fastest.

The captain was also facing MO Xiu at this moment and was defeated in just one move.

The rest of them quickly dealt with their opponents. The slowest was Xiao Hong, who flew into the sky and threw out a Flame Burst.

At this moment, only one person from Snow Peak University was still standing. He had just been a little relieved that no one had come to deal with him. He might be the one who could last the longest.

However, when he saw the Flame Blast flying towards him, his heart turned cold. The Flame Blast was extremely fast, and it was too late to run. He could only release all his skills to defend himself.

"Boom!"

With the explosion of the Flame Blast, the match ended.

‘Yan University wins!’

After announcing the results, MO Xiu and the others got off the stage and looked at Mu Mu.

Mu Mu was recording something with her head lowered. When she raised her head and saw their gazes, she nodded slightly.

“You did well today. Everyone performed well. After this, you guys can go back first. There’s no need to train.”

Hearing Mu Mu’s words, MO Xiu and the others all smiled. They were in a joyous mood.

On the other hand, things were different for Snow Peak University. The player who was hit by the Flame Blast was carried off the stage.

On the stretcher, he did not forget to scold the captain. “Is this what you meant by going easy on me? Did they use this fireball in the last match? I... I feel wronged!”

As he spoke, he actually cried out in grievance. If not for the fact that this person’s skills were all focused on defense, he might have died.

The captain didn’t know what to say. He could only glare at Moxiu fiercely. Was this a hero? You beat us up so badly.

He muttered softly, “Damn it, how unlucky. These people are so heartless.”” Coincidentally, Moxiu happened to glance over and met the captain’s gaze.

The captain was so frightened that he quickly looked away and fled with his other team members.

This scene happened to be captured by the reporters who had not left the scene. At least they had some gains.

However, at this moment, no one dared to say anything bad about MO Xiu, not even the media.

He posted this photo, but the title was not like before, 'Mo Xiu bullies students from other schools.'

Instead, he wrote, "MO Xiu cast a caring gaze at his opponent after the match!"

After the match, Yan University was the first to leave the venue to avoid the media's questions.

After the match ended, the netizens started discussing again.

"Yan University won again. The competition is really exciting. I think Yan

University will definitely win this year's championship."

"First floor, don't boast. Did you see the competition of Yan University clearly? Do you know what happened on the field? You just said that it was wonderful.

"The bar spirit on the second floor, I saw Goddess Xiao Hong fly into the sky and shoot a big fireball."

I don't know what that is. It's called Flame Burst. However, Swallow Capital University is really merciless. They didn't go easy in both matches. It seems that this is the tone of Swallow Capital University's competition. No matter who they fight, they will give it their all."

"I can't listen to what you're saying now. I just calculated. MO Xiu has three seconds, Xiao Hong has two seconds, Qiao Yang has five seconds, Liu Peixiong has three seconds, and the team competition has eleven seconds. This... Could it really be a secret code? Where was the Almighty from yesterday?"

"F \* ck! It's true!"

"This..."

"I'm here. I told you it wasn't simple, but you didn't believe me!"

The 24-second theory spread quickly on the Internet.

Before the third day of the competition, Cao Fenglin saw the 24-second theory and had an idea.

"Let me say this, you can not go easy in the future matches, but you have to control the total duration of the match to 24 seconds!"

"Why?" asked MO Xiu.

"I know!" Yang Qingzhuo raised his hand. There were people online who said that Moxiu had set the total duration of the match at 24 seconds and that there was a conspiracy."

Moxiu immediately understood.. They were using this incident to divert the media's attention!

Chapter 213: The Eighth Day

On the third day of the competition, the opponents were still not strong, but the five people from Yan University were all worried.

It was not difficult to win the game, but it was rare to control the total length of the game to 24 seconds.

At first, everyone thought it was just fun. The total time of the first two matches was coincidentally 24 seconds.

This bored netizen on the internet even came up with a 24-second theory. This gave Cao Fenglin, who had been thinking about how to explain this to the media, a chance to change the topic.

Since this netizen loved it so much and wanted it to be popular, then she would give him enough popularity to analyze it and make him popular.

This way, the media would not gossip about Yan University.

The only person affected by this was Moxiu. If the 24-second theory was proven, no matter what Moxiu's goal was, he would be accused of manipulating his teammates or the entire Yan University team.

Moxiu didn't go online much. After hearing about this, he even went online to take a look.

This person had already changed his username to 'Twenty-four-second Theory'. His previous username was 'Little Li of the MO Family.' It was obvious that he was a loyal fan of MO Xiu.

MO Xiu flipped through his posts and replies and realized that it was simply an awkward bragging. No matter what MO Xiu did, he had to brag about it.

From time to time, he would post an analysis of a few thousand words. MO Xiu felt embarrassed reading it.

According to this person, the meteorite 'Shi' had landed in the human world and was related to Moxiu.

After watching, I can only say, "This brother, too praise!"

Since this brother wanted to be famous so much, then let him be famous.

Cao Fenglin suggested, and MO Xiu personally nodded his head. The others in the team naturally had to cooperate.

In order to reach the goal of 24 seconds, everyone had sped up during the individual competition today.

The four individual matches only took a total of nine seconds. In order to reserve time for the team competition, in case any accidents happened and they couldn't complete the 24-second mission.

The result was that in the team battle, the opponents had no competitive edge and four people instantly fell.

The remaining opponent, the few of them did not fight anymore. They quietly waited for the time to reach 24 seconds before sending this person out of bounds.

The actions of the five people from the University of Yan immediately caused a huge uproar.

This was obviously a stall for time. No one was blind. Everyone could see it.

First, the live audience exclaimed, then many people no longer paid attention to the game, but began to discuss.

After the competition ended, Cao Fenglin followed the same old routine and led the Yan University's group to escape first.

However, he had already used this trick twice. The media outlets had already figured out Cao Fenglin's tricks.

Cao Fenglin stopped Yan University and the others midway. This time, he didn't cower and accepted the interview with confidence.

"Mr. Cao, you are the person in charge of the Yan University team. Why do you leave early after every competition? Are you trying to avoid the interview?"

Cao Fenglin adjusted his tie and replied with a smile, ""No, our school held a joint competition previously, which delayed the selection of the inter-school team. This team has just been formed and needs to be trained as soon as possible."

Cao Fenglin's performance was elegant and graceful. He was also very polite when answering questions. He was dressed in formal attire, giving off the feeling that he was a talented person.

However, in MO Xiu's eyes, Cao Fenglin looked like a beast in human clothing.

The reporters continued to ask questions." The University of Yan had a total of three matches and they all defeated their opponents mercilessly. What's the reason?

Cao Fenglin nodded." We've already shown mercy. Can't you guys tell?"' When he said this, all the media were stunned. This...

MO Xiu and the others were also very surprised. Cao Fenglin, who had always been the one who didn't advocate showing off, had actually acted like he was the greatest in front of the media and the entire Alliance.

The reporter who had just asked the question was stunned. He had done countless homework and thought of countless possible answers that Cao Fenglin could give. He had also thought of ways to respond to them, but he didn't expect Cao Fenglin to say this.

"You're asking the wrong question. Let me ask."

"May I ask if the 24-second theory spread online is true? You guys seemed to be deliberately stalling for time in the match just now. In the end, the total duration of the match was really twenty seconds."

Cao Fenglin's performance was superb. After hearing the question, he glanced at Moxiu.

"This question is related to Moxiu. I'm not the person involved, so I won't answer it."

After saying that, he pointed at MO Xiu, and all the media's microphones were aimed at MO Xiu.

This Cao Fenglin was indeed a person who didn't care about himself. As long as he didn't implicate him, he would push MO Xiu out.

MO Xiu was expressionless as he spread out his hands and said, "'I'm sorry, I have no comment."

As soon as he said this, he was almost certain that there was definitely a problem with 24 seconds.

After that, the reporters asked some unimportant questions. After that, Cao Fenglin ended the interview with the excuse of training harder.

When they returned to the training grounds of Yan University, everyone looked at MO Xiu and Cao Fenglin. They thought that MO Yu was going to settle the score with Cao Fenglin. After all, he had pushed the entire matter to MO Xiu.

Even Cao Fenglin was a little frightened. Who knew that MO Xiu wouldn't care about these small matters at all, as if nothing had happened.

On the internet, in the forum.

A mythical ID, '24-second theory', was highly anticipated by the netizens, but he did not post for a day.

Until the evening, when he posted a 10,000-word post.

"To the people who once laughed at me and MO Xiu!"

This post was written in a very good way. It was well-founded and touching. It formed a new storm on the Internet.

On the fourth day of the competition, the total duration of Yan University's competition was still 24 seconds.

On the fifth and sixth day, the 24-second theory continued.

Cao Fenglin had also achieved his goal. He changed the topic of Yan University not going easy to the 24-second theory.

The twenty-four-second theory became the top trending topic, and the focus of the audience changed.

From the competition itself, it became a question of when the 24 seconds would be broken. Because the rules did not allow one to admit defeat, everyone wanted to see which team could end this theory.

This also made the matches that weren't exciting enough in the early stages a little more interesting.

On the seventh day, a team wanted to collectively jump off the stage and admit defeat despite knowing that they were no match for them. This was all to break the 24-second theory.

However, a miraculous scene happened. Liu Peixiong used her speed to pull someone back before they all jumped down.

This was something that had never happened before. This person would never have dreamed that he would be saved by his opponent.

In the end, he dragged it out for 24 seconds before he let this person admit defeat.

The headline of the day was: Why did Yan University insist on ending the match in twenty-four seconds?

What did 24 represent?

After the match, MO Xiu said to Liu Peixiong, ""Brother, saving your opponent is a little too much!"

Liu Peixiong laughed and said, "I thought it was interesting, so I did it. ""

Such behavior would have been criticized for not respecting the opponent in the past, but not now!

The eighth day!

The 24-second theory was finally over..

Chapter 214: The Fifth Support

March 18th, the eighth day of the competition.

The teams that could make it to this round would not be weak. If they won this round, they would have to face martial arts universities.

Mu Mu said in the martial arts field, "Today, we're fighting Kaojing University. I've seen the five people in the team battle. Each of them is not weak, but they haven't reached an amazing level. We're still using one main attack and four guerrilla tactics against the enemy."

"Leader Mu Mu, can we complete the 24-second mission today?" asked Liu Peixiong. "

These days, Liu Peixiong was the happiest. She wanted to carry out the 24-second theory to the end.

Mu Mu smiled and said, "It depends on your performance."""

Everyone came to the venue together and began the competition after some preparations.

The first was the individual competition. Moxiu was still the first to win.

The person sent by the other party had a smug look on his face, as if he had the confidence to defeat MO Xiu.

Moxiu found it interesting and asked, “Why is your expression like this?””

“I have studied the previous eight matches and have a certain understanding of you. I believe that I can last three seconds!”

Moxiu was amused by the other party. After all this time, it turned out that his goal was to last for three seconds.

This student was indeed very careful. In the previous few matches, MO Xiu did not even take more than three seconds to finish the match.

“Let the competition begin!”

As soon as the match began, this person immediately turned around to look behind him and realized that there was nothing.

He muttered to himself,” That’s strange. Moxiu uses that giant sword in every match.

As soon as he turned around, MO Xiu smiled and punched his opponent in the face. This opponent was knocked out of bounds before he could even use his skills.

“Yan University wins. Next round.”

The match had only been going on for three seconds, but this person still said unwillingly, “Moxiu, why aren’t you using that sword anymore?”

“You said you’ve been studying my recordings, so of course I have to change my approach,” said Moxiu.”

This person covered his face and said with a regretful expression, "Sigh, I was too careless!"

The next few matches ended very quickly, and only one person encountered trouble.

Qiao Yang was up against the opponent's strongest fighter. The order of the individual competition had never changed, and this was something that the opponent could use.

He used his strongest point to fight against Qiao Yang, who was relatively weaker on Yan University's side. However, Qiao Yang still won the game without any danger.

Even though Qiao Yang had used all four of his skills, it still took him a long time to use them. He had used eleven seconds.

MO Xiu took three seconds, Xiao Hong took two seconds, and Liu Peixiong took one second. A total of seventeen seconds had passed. In other words, if they wanted to maintain the twenty-four seconds mark, they only had seven seconds left.

In the afternoon, the team competition began.

Moxiu and the others were all rubbing their fists, determined to end the battle in seven seconds.

However, as soon as they got on the stage, MO Xiu and the others were dumbfounded. The five people who came up were completely different from the information given by Mu Mu.

According to the rules, each team could have ten people, five official members and five substitutes.

In the previous seven matches of Kaojing University, only one of these people had played, and that was their Support.

Could this sudden change be a tactic against Yan University?

“Let the competition begin!”

Just like before, the five of them disappeared at the same time. In order to save time, Xiao Hong didn't fly into the sky before attacking.

Moxiu faced one of them and punched out. A golden protective barrier appeared on the other party's body, blocking most of the damage. He only took two steps back.

The five people from Yan University shouted at the same time. The first attack didn't eliminate a single person.

They either had defensive skills or healing skills, but they were all left on the battlefield.

Moxiu continued to attack. After being injured, he immediately used a healing skill to recover more than half of his strength.

At this moment, Moxiu realized that something was wrong. He looked around and saw that the others were basically in the same situation.

This... Could this be the legendary five support???

The other party's five people were all support players. If they arranged their members like this, it would be equivalent to admitting defeat. However, it was very effective in delaying time.

In the next few moves, all five people from Kaojing University were eliminated. The referee also announced the results.

Even though they won, the few of them weren't too happy. Because of the opponent's strange move, the 24 second theory was broken. The final team battle took 18 seconds to end.

On the contrary, the five people from Kaojing University got off the stage excitedly and asked, “How is it? How many seconds? Did we succeed?”

The leading teacher was on the verge of tears. He said excitedly, "You've succeeded. You've succeeded. You're the pride of Kaojing University!"

What happened next was a strange and unsurprising scene. The five students from Yan University walked down the stage in frustration, and Kaojing University celebrated under the lead of their teachers.

He won as if he had lost, and he lost even more happily than he won.

Everyone from Kaojing University was cheering. It seemed to have brought the audience to the scene. Everyone began to clap for Kaojing University.

There were even some who cried as they clapped. "This is so touching. Kaojing University used their wisdom and hard work to break the twenty-four-second curse."

The person beside him was dumbfounded and said, "Big brother, do you have to do this?"

After this match, the 24-second's not a chance 'theory was put forward. There was no condemnation of the person who first proposed the theory on the Internet. After all, Yan University wanted to maintain the 24-second's' not a chance 'theory, but it did not succeed.

All of a sudden, the focus of the discussion on the Internet changed again. Everyone was saying that the teachers of Kaojing University were intelligent and the students were brave.

After eight days, someone finally broke the curse and broke the rule of Yan University.

After this battle. Kaojing University's popularity skyrocketed. It was more

useful than any advertisement, and there was no need to worry about enrollment next year.

The truth was that the higher-ups of Kao Jing University had held a meeting yesterday night to discuss how to deal with Yan University.

The final result was to give up on winning and losing. Everything was to stall for time and break the 24-second theory. This would bring benefits to the school.

The facts proved that they were right. Kaojing University was not strong. It was impossible for them to enter the finals or defeat Yan University.

For the sake of not being able to use this trick, immediately change the target, you can say that this is a high-level move.

After the five people from Yan University left the stage, Cao Fenglin couldn't stop laughing.

"Hahaha, there are times when you guys suffer? Being set up was worse than losing, right?"

Mu Mu rebuked, "Don't make sarcastic remarks. Everyone, don't mind them. I heard about their change of formation before the match, but I didn't tell you."

"Why didn't you tell us?" asked Liu Peixiong.

Mu Mu said, "No matter what, we won't lose this match. The next match is the key. It's against a martial arts university. They might be our strongest opponents. If we break the 24-second mark in this match, we won't have to worry about the next match."

"Mu Mu is right," MO Xiu said. "Without these 24 seconds, we can face the next strong enemy with peace of mind."

Cao Fenglin wanted to bring them back, but MO Xiu stopped and said, "The martial arts universities aren't done yet, right?"

Mu Mu nodded and said, "Yes, they're still competing."

"I want to take a look!"

## Chapter 215: Infinite Strengthening

Mu Mu thought for a moment and said, "Alright, let's go together!"

Cao Fenglin tried to stop him. "Don't do that. Our entire team will swagger over to watch the match. The media will think that we're afraid. Wouldn't it be the same if we went back to watch the recording?"

MO Xiu said, "All of you can go back. I'll go take a look myself. I have a friend in a martial arts university."

Cao Fenglin nodded his head and left with the others. Only MO Xiu walked towards another location.

Yang Qingzhuo looked around and decided to follow MO Xiu.

Moxiu wanted to take a look because he wanted to see the opponent's skills so that he could make preparations in advance.

MO Xiu was stunned for a moment when he arrived at the martial arts university's arena. The martial arts university's opponent was actually Qingyun University. He had not paid attention to it and had not known about it.

The team competition hadn't started for long, and both sides were fighting fiercely. Moxiu frowned before he could even use God's Sight.

This was different from what Mu Mu had said. He could tell at a glance that his strength was not particularly strong.

Looking closely, Liu Qingyu was the main attacker of the team and was fighting on the field.

After using God's Sight to scan the five martial arts university members present, Moxiu was even more puzzled.

An ordinary support, an ordinary assassin, and two ordinary mages.

Normal didn't mean that they were weak. To be able to reach this point, they were already in the top eight of the Alliance. They couldn't be weak.

However, compared to the members of Yan University, they were relatively ordinary. Other than Liu Qingyu, the strongest was a Mage. However, compared to Xiao Hong, they were at least two levels lower.

The strongest player on the field was Liu Qingyu, a first-year student. His skills were very strange, but they were strong enough.

"Skill 1: Unlimited Enhancement 4(in use)

Skill Effect: Increase in body size, increase in weight by 1,000 kg, increase in strength by 3,000%, increase in defense by 1,000%.

[Additional effect: Harden, skin harden, can be used for attack.]

[Additional skill: Iron Fist: Increases attack and Defense by 500%.]

[Duration time: 45 minutes. The skill will automatically turn off. After turning off, it will enter cooldown.]

[Cooldown time: 1 hour]

[Side effect: 50% physical consumption.]

[Second Skill: Unlimited Enhancement 1+(to be used)]

Skill effect: ”

There was too much to say about Liu Qingyu’s skills. The first and biggest problem was that the two skills were actually the same?

Moxiu had never heard of anyone having two identical skills. Putting aside the fact that two identical skills would appear when a skill was awakened, the probability was very low. Even if it did appear, most people would not choose it.

Most people thought that an additional skill meant an additional attack method.

However, the two skills were the same. The advantage was that the level of the two skills was the same. As long as they did not use potions to increase their level, their understanding of the skill would be the same. Therefore, there was no need to understand other skills. He could focus on studying one skill.

Also, the amplification of this skill was very terrifying. The increase in strength would also increase one’s weight and body size.

The increase in Strength was very special. It was equivalent to increasing many other attributes.

For example, even if he did not increase his speed, increasing his strength was equivalent to increasing his speed by a portion.

There was also the last point, the side effects. Moxiu had only read about it in books.

According to the book, there were only two types of skills that had side effects. They were either too useless or too powerful to be used.

Liu Qingyu’s infinite strengthening was obviously the second type, and it was very strong.

The side effect was the consumption of stamina. Activating one skill consumed 50% of one's stamina, and two would be 100% of one's stamina, which was all one's stamina.

Every time he used two skills, his body would be exhausted. It seemed that this was the reason why Liu Qingyu was so thin.

When a skill was at Level 4, it would consume 50% of its Stamina. When it was at a lower level, it would definitely consume more.

Moxiu didn't even dare to imagine using two skills at a low level. It was simply playing with his life.

However, when he recalled the first time Liu Qingyu fought alongside him, Liu Qingyu didn't seem to have any performance after using his skill. He only sweated a little more.

After experiencing such an intense battle, MO Xiu didn't pay much attention to it. In the end, Liu Qingyu found an excuse and left.

While MO Xiu was thinking, the competition had already ended. The result was that the martial arts university had won.

After Liu Qingyu returned to his original size, he still didn't seem to have any physical problems.

It seemed that he had been trained to hide his fatigue.

Liu Qingyu got off the stage and saw MO Xiu, who was watching from below the stage.

He walked over and said, "Xio, I'm very happy that you came to watch the match. We're going to play tomorrow.""

" Yeah, I heard you guys are very strong," Moxiu said with a smile." Didn't I come here to gather information?""

Liu Qingyu also laughed, but as he laughed, he became serious.

“MO Xiu, are you still going to be the first to go on stage for tomorrow’s individual battle?”

MO Xiu asked, “I need to listen to your arrangements. What’s wrong?”

“If possible, I hope you can be the first to go up. I want to fight you once and see the difference between us. It doesn’t matter even if I lose!” MO Xiu didn’t answer directly. After chatting for a while, he left.

When he left, he realized a problem.

When Liu Qingyu returned to the team, he didn’t talk much to the players who had just gone on stage. He talked more to the substitutes.

And those substitutes were similar to Liu Qingyu, they were all very thin.

MO Xiu was a little suspicious. Could it be that this martial arts university was still hiding their strength against Qingyun University?

Were those substitutes the real main force?

He looked at the cooldown time of the War God’s Arrival. There were still eight minutes left. He could not use God’s Snoop again. It would be suspicious if he stayed at this time, so he could only leave first. After they left, Yang Qingzhuo said, “It’s very strange!”

“What’s strange about it?” asked MO Xiu.

“Martial arts universities shouldn’t only have this kind of strength. If it’s the strength that they just displayed, they won’t be a threat to us at all. Mu Mu shouldn’t have taken it so seriously.”

MO Xiu placed his hand on Yang Qingzhuo’s head and said, “Yo, our Big Eater

Yang is actually starting to use his brain.”

“I’ve always been using my brain, okay?” Yang Qingzhuo said unhappily. It’s just that you didn’t notice.”

“Hahaha, good!”

The two of them chatted as they returned home.

They had entered the semi-finals. They would rest for a day on March 19th, and the competition would resume on March 20th.

Mu Mu did not waste the precious time of the day and gathered everyone for training.

Early in the morning, after arriving at the martial arts field, MO Xiu explained what he had seen the day before.

Mu Mu said,” MO Xiu, your suspicion is correct. The martial arts universities are indeed holding back their strength. As far as I know, they have at least two people who are stronger than Liu Qingyu. Their fighting methods are also quite similar.”“

MO Xiu recalled that when he had reunited with Liu Qingyu, Liu Qingyu had said that he was going to martial arts university to look for his brother.

Since it was her brother, wouldn’t it be more or less the same for her to have a skill to have a more or less?

“We need to simulate the opponent’s lineup and make tactical adjustments,” Mu Mu continued.”

“What kind of lineup do you think the opponent will use?” Cao Fenglin asked.”

“Three warriors, which means three strong attackers!”

## Chapter 216: The Imperial Family Was Eliminated

Mu Mu had changed his tactics many times during training. This was a crucial battle, so he had to be fully prepared.

Cao Fenglin and Cleansed Eye had a discussion and decided to use a method that could best showcase the strength of their members.

The two of them decided on the initial tactics and left the rest to the field to improvise. The commander on the field was MO Xiu.

Even though Moxiu was the least experienced among them, being only a first-year student, he was definitely the most experienced.

Not to mention anything else, just the fact that he commanded the Battle of Shun City was something that no one else could compare to.

Would it be difficult for a person who could perfectly command a battle to command a battle?

After a morning of high-intensity training, even MO Xiu and Liu Peixiong were a little tired.

Cleansing Eyes was really ruthless. At the critical moment, he trained to the death. At the beginning, everyone could use skills, so they used skills to train. Later on, everyone's skills went into cooldown, and when they didn't have any skills, they practiced in simulations.

Fortunately, she didn't need to train in the afternoon and could go home to rest.

Just as they were about to leave, Xiao Hong's behavior caught MO Xiu's attention.

Xiao Hong had received a phone call after training, and her entire person had changed. She had become absent-minded. This was the first time MO Xiu had

seen Xiao Hong like this.

Everyone else had left, but Xiao Hong was still sitting on the chair.

MO Xiu walked over and wanted to ask about the situation. Xiao Hong wasn't just a teammate and friend, she was also his ally.

When Yang Qingzhuo saw MO Xiu looking for Xiao Hong, he did not cause any trouble. Instead, he waited outside the door.

MO Xiu sat beside Xiao Hong, but Xiao Hong didn't seem to notice him. She kept her head lowered, deep in thought.

"What's wrong?" asked MO Xiu. What happened?"

At this moment, Xiao Hong realized that there was someone next to her. She raised her head abruptly and glanced at MO Xiu before quickly lowering her head.

MO Xiu was shocked by this glance. Xiao Hong's eyes turned red, and there were tears at the corner of her eyes.

Xiao Hong was crying?

For a moment, MO Xiu didn't know what to say. If Yang Qingzhuo cried, MO Xiu would go and coax him.

However, MO Xiu really didn't know what to do when a powerful woman like Xiao Hong cried.

He could only sit there and wait for Xiao Hong to calm down.

It was only five minutes before Xiao Hong spoke.

“Moxiu, are we still allies?”

His voice was soft and gentle. In the end, his tone was pleading.

This wasn't the Xiao Hong that MO Xiu knew. She was the woman who was independent and willing to do anything for the family's revival.

“What happened?” Moxiu asked seriously. ”

Xiao Hong raised her head again. Her tears were already flowing non-stop as she began to sob.

“The Xiao family has been removed from the imperial family! Ah!”

Xiao Hong couldn't take it anymore. The pressure and burden that she had been under for many years burst out at this moment. She cried out loud. “Moxiu, do you know how much I have sacrificed to revive the clan?”

“I gave up everything since I was young and worked hard. Others only needed to improve their strength, but I still had to read some management and historical information, causing me to not have a moment of leisure during my childhood.”

“Xiao Lan, Xiao Qing hates me. I want to cut off all ties and push forward.”

“I have never stopped. I have tried countless methods. As long as it is beneficial to the family, I will do it.”

‘ Sometimes, I don’t even think of myself as a woman. I even forget that I’m a woman. All these years, I’ve encountered countless difficulties, but I didn’t cry or give up, but... But why? Why?’

Xiao Hong sobbed. MO Xiu listened without saying a word.

MO Xiu could understand Xiao Hong’s feelings, and he could also understand how difficult it had been for Xiao Hong for so many years.

It would be difficult for any man to do such a thing, let alone a woman who was so domineering outside. It was inevitable that people would gossip about her.

Xiao Hong had always been working hard to return to the royal family. The news of her sudden expulsion was like a huge mountain collapsing in an instant. All her efforts had vanished into thin air.

Gradually, Xiao Hong stopped crying and returned to her usual cold demeanor.

MO Xiu saw that Xiao Hong had recovered and immediately asked, “Can I ask why the Xiao family was removed from the list?”

It’s because of some of my decisions,” Xiao Hong said.” But I don’t regret it. If

I had to choose again, I would still do the same thing.”

MO Xiu didn’t ask further. With Xiao Hong’s personality, if she wanted to say something, she would definitely say it. There was no need to ask further.

“If you’re not from the imperial family, can’t you revive the Xiao family?” asked MO Xiu. With your boldness, you should be able to bring the Xiao family to a higher level than the imperial family. Although you will lose some people who came to seek refuge because the Xiao family is the imperial family after the news gets out, you don’t need to keep such people by your side.” Xiao Hong stood up abruptly after hearing MO Xiu’s words.

“Are you comforting me? Also, I don’t need you to teach me how to do things!”

When MO Xiu heard Xiao Hong’s scolding, he didn’t get angry. Instead, he laughed.

Because MO Xiu knew that even such a blow did not crush Xiao Hong. Xiao Hong saw MO Xiuxiao and said fiercely, “Unreasonable!”

After saying that, she turned around and left. When she reached the door and opened it, she stopped.

“Thank you!” he said with his back facing Moxiu.”

She saw Yang Qingzhuo, who had been waiting for her at the door. He opened his mouth wide and looked at her in surprise. He quickened his pace and left. MO Xiu slowly stood up. This was a blow to Xiao Hong, but it could also be a change.

When he walked out of the training field, he saw Yang Qingzhuo looking at him with resentment.

MO Xiu hesitated. What was going on? It had been a long time since she saw Yang Qingzhuo’s expression.

“What’s wrong, stalker?”

“What were you two doing inside?” Yang Qingzhuo asked. Why was Sister Xiao Hong blushing when she came out? I’ve never seen her like that before.”

MO Xiu didn’t know how to answer. His phone suddenly rang. He picked it up and saw that it was a message from Xiao Hong.

“If anyone finds out about what happened today, I’ll fight you to the death! You know I can do it.”

‘I didn’t do anything,’ MO Xiu said with a smile.” Come, let’s go home!”

Yang Qingzhuo asked MO Xiu for a while, but MO Xiu still didn't say anything. He could only sulk.

March 20th, semifinals.

Today's match was very important. Not only would they advance to the finals if they won, but they would also be able to secure a spot to represent the central region of the Alliance.

There was only one match scheduled for today, between Swallow Capital University and Martial Arts University. As for Magic University's match, it was scheduled for tomorrow.

The staff was fully prepared, and the audience waited eagerly.

The match began amidst the cheers. In the face of a real heavyweight match, the 24-second theory that everyone had been paying attention to was no longer important. It could only be used as a seasoning. The main dish still had to be the match.

After a simple pre-match preparation, the game began.

The referee was no longer the host for this match. Instead, there was a dedicated host.

"For the first individual match, who will both sides send? Would Yan University still send MO Xiu to take the lead? How would martial arts universities deal

with it? Please enter!"

Chapter 217: Mo Xiu VS Liu Qingyu

As soon as the host finished speaking, the players from both teams went on stage.

Both teams went on stage almost at the same time. The two of them stood on the stage and smiled at each other.

“Thank you, you really went to battle!”

“Since you’ve spoken, of course I’ll come up and fight you.”

The first to go up was Liu Qingyu from Martial Arts University and MO Xiu from Swallow Capital University.

The two of them had known each other since high school. This was the first time they had fought!

They didn’t talk much and waited quietly for the match to begin.

In Liu Qingyu’s heart, MO Xiu was a mountain in front of him. In MO Xiu’s heart, Liu Qingyu was definitely a very strong opponent.

“Let the competition begin!”

Liu Qingyu and Moxiu released their skills at the same time. Moxiu used God’s Sight, and Liu Qingyu seemed to have used a skill first.

Liu Qing’s entire body swelled up. The muscles on his body were shocking even through his clothes.

The interesting thing was that Liu Qingyu’s clothes were very elastic. They should be specially made. Even with the increase in volume, the clothes did not burst.

His body size had increased by several times, and he was nearly three meters tall. It formed a sharp contrast with his previous skinny body, giving people a great visual impact.

The audience exclaimed.

[illegible]

"It's obvious that you've never paid attention to martial arts universities' competitions before. This Liu Qingyu is definitely the main force of martial arts universities."

In the arena, the two of them began to fight. The first to move was Liu Qingyu. MO Xiu only knew the value of Liu Qingyu's skill amplification, but he did not know his specific combat strength. He wanted to observe the situation first.

Liu Qingyu rushed over at a very fast speed. When he arrived in front of MO Xiu, his fist smashed down from above.

MO Xiu activated his full speed and appeared behind Liu Qingyu in a flash. He punched out.

Liu Qingyu's reaction was extremely fast. Before he could even turn his head, he swung his fist backward and smashed it towards MO Xiu.

Seeing the urgency of the situation, MO Xiu immediately withdrew his fist and blocked the attack with his arms in front of his chest!

“Bang!”

This punch forced MO Xiu to retreat a few steps before he stopped. His arms were slightly numb from the shock.

He raised his head and looked at Liu Qingyu in shock.

The power of this attack was too terrifying. According to the power of this punch, Liu Qingyu's own strength was very strong. He should have also used some special method to exert force.

Otherwise, it would have been impossible for Moxiu to be in such a sorry state with only 350% of his strength.

Liu Qingyu said, "Don't look down on me!" "

Moxiu stood up straight and said, "I've never underestimated you. I just want to test your attack power. I'm going to start attacking!" "

Liu Qingyu was about to charge at MO Xiu when he realized something was

wrong. He turned his body sideways and dodged the huge sword on his back.

Just now, when MO Xiu used the giant sword to launch a sneak attack, Liu

Qingyu smiled and said, "That's right, use your full strength!"

Liu Qingyu charged forward once again and attacked MO Xiu. MO Xiu also rushed forward, unwilling to be outdone.

The two of them each threw a punch. When the two fists collided, cracks appeared on the ground.

The two fists, one big and one small, met. No one wanted to give way.

MO Xiu had just estimated that Liu Qingyu's 350% of strength, after conversion, should be about the same as his 150% of all attributes attack power. He could meet it head-on!

But Liu Qingyu had an obvious weakness, and that was his defense.

Increasing strength could increase a portion of defense, and the skill also increased defense by an additional 1,000%.

However, this was far from enough. Liu Qingyu's defense could not support the use of all his strength. Otherwise, he would be injured. This was the weakness of infinite strengthening.

Since that was the case, in a situation where the two of them had almost the same attack power but much weaker defense, MO Xiu choosing to fight Liu Qingyu head-on was the safest way.

This way, he would first consume his energy and leave some backup to deal with Liu Qingyu's second skill.

The two of them faced each other with their fists, but there was no way to determine the winner. Both sides simply stopped and continued to fight.

A battle of skills made the two feel like they were punching each other.

The two of them hit each other with their fists, and the audience below the stage was exhilarated.

For a match of this level, the average audience would not know what had happened before the match ended.

It was rare for such hot-blooded men to fight. MO Xiu and Liu Qingyu stood on the spot and exchanged punches. Their speed was not particularly fast, but it was very friendly to the ordinary audience. They could understand what was going on.

"F \* ck, how many years has it been since I've seen such an enjoyable match?"

"Yeah, I think Liu Qingyu can do it. His muscles look strong."

“I think MO Xiu can do it. Compared to Liu Qingyu, he has such a small physique but has such combat strength.”

Outsiders watched the show, while insiders watched the show.

The players on the sidelines knew that Moxiu had the absolute advantage.

While the two of them were exchanging fists, MO Xiu’s giant sword was still attacking Liu Qingyu.

Liu Qingyu, who originally had the advantage, had to defend against the giant sword. It was very difficult.

MO Xiu, on the other hand, calmly struck out one move after another.

Suddenly, Liu Qingyu ignored the harassment of the giant sword and started to attack fiercely. MO Xiu started to retreat.

Just as the giant sword was about to stab into Liu Qingyu’s body, Liu Qingyu jumped high and dodged the sword.

His body grew bigger in the air, and when he landed on the ground, he smashed a huge hole in the ground.

The audience was shocked. Liu Qingyu was now more than four meters tall. His muscles were not only powerful, but also terrifying.

Even his face was covered with muscles. From afar, he didn’t look like a person, but a monster.

MO Xiu knew that Liu Qingyu didn’t want to waste any more energy. He finally used his trump card and released the second Infinite Enhancement.

Its huge body brought great pressure to MO Xiu and the audience below the stage.

Liu Qingyu threw a punch. The huge fist came into contact with the air, creating a whooshing sound.

The power of this punch was extremely great, and it came with a buzzing sound.

Moxiu didn't dare to receive the attack. After dodging the attack at full speed, he immediately jumped onto the greatsword.

Now that Liu Qingyu had activated two Infinite Enhancements, his strength and attack speed might surpass MO Xiu's.

The speed of the giant sword was faster. If he wanted to defeat Liu Qingyu, he had to be more agile.

Liu Qingyu also understood MO Xiu's intentions. He punched out with both fists, not wanting to give MO Xiu more space.

MO Xiu looked at Liu Qingyu's huge arms, blocking the space for him to fly.

With a flash of inspiration, he jumped onto Liu Qingyu's arm, and the giant sword took the opportunity to fly out.

How could MO Xiu let go of this opportunity where Liu Qingyu was unable to retaliate? He struck Liu Qingyu's elbow joint with all his strength.

Then, he jumped down again and the flying sword caught MO Xiu. With more space, MO Xiu would be able to display his abilities.

Liu Qingyu covered his arm joints and said, ""Do you think I'm a Demon Hawk?"

Moxiu replied, "I don't think so. However, I can use the experience I gained from killing the Magic Falcon on you.""

Liu Qingyu continued to attack, while MO Xiu carefully dodged and looked for an opportunity.

Liu Qingyu's attack was extraordinary. If he was not careful and took a punch, he might lose the match..

Chapter 218: Liu Clan (1)

The situation on the field was unexpected. As the hero of the Alliance, MO Xiu looked a little pathetic.

Liu Qingyu and MO Xiu were like a cat catching a mouse. Liu Qingyu tried his best to catch MO Xiu, but MO Xiu ran everywhere.

Liu Qingyu was getting tired from all the grabbing. MO Xiu seized the opportunity and released the explosive holy flames, aiming at Liu Qingyu's eyes.

Liu Qingyu reacted very quickly. He had one hand in front of his eyes and the other hand at the back of his neck when he heard the movement of the giant sword.

Boom! Boom! Boom!

Liu Qingyu was beaten until he retreated step by step and finally left the arena.

After Liu Qingyu removed his arm, he looked at his feet and knew that he had lost.

MO Xiu's tactics were extremely simple, but Liu Qingyu fell for it.

The purpose of MO Xiuls explosive holy flames was not to kill, but to block Liu Qingyu's line of sight.

After Liu Qingyu's line of sight was blocked, he heard the sound of the giant sword. In fact, it was MO Xiu who controlled the giant sword to move behind

Liu Qingyu while he stayed in front and quickly threw a few punches, forcing Liu Qingyu to retreat out of bounds.

The opportunity that MO Xiu had been waiting for was when Liu Qingyu was not far from the border.

The host took a while to react before announcing the results.

"MO Xiu is the winner. Prepare for the next match."

The audience below the stage cursed. They had thought that this would be an exciting match, starting and ending in a man's way.

He didn't expect it to end so easily. It was like watching a movie with high expectations. The beginning and middle were very exciting. Just when everyone thought that the movie would end with an even more exciting ending, the movie ended. Just like that, it was gone.

This uncomfortable feeling was indescribable. It could only turn into a scolding for MO Xiu, making an exciting game dull.

On the stage, Liu Qingyu said, "Mo Xiu, thank you!"

MO Xiu nodded and walked off the stage.

Liu Qingyu walked all the way down the stage before he retracted his skill and sat down on the chair. MO Xiu knew that he had already exhausted his stamina. Anyone with discerning eyes could see that Moxiu had a huge advantage in this match.

Although Liu Qingyu's attacks were stronger and his speed was faster, his body was too big and his agility was too poor.

If the battlefield was expanded, Liu Qingyu might be able to display his speed advantage, but on such a stage, flexibility was more important.

MO Xiu had too many ways to defeat Liu Qingyu. For example, he could use his flying sword to injure Liu Qingyu, or he could use Liu Qingyu's body to fight.

But no matter which method, if they wanted to win, Liu Qingyu would be heavily injured.

Fortunately, MO Xiu had come up with such an opportunistic method, allowing

Liu Qingyu to not be seriously injured. This was also the reason why Liu Qingyu thanked MO Xiu in the end.

The next match was between Xiao Hong and the opponent's Mage, and Xiao

Honghao won without a doubt.

Then, Liu Peixiong won without any suspense.

At this point in the competition, MO Xiu was starting to get suspicious. What was going on with martial arts universities? Was he hiding his strength in the individual competition?

It wasn't until the fourth match, when Qiao Yang went on stage, that MO Xiu's eyes lit up. The opponent was a player who hadn't participated in the team competition before.

This person's name was Liu Yue. According to the information from the individual competition, his skills were very similar to Liu Qingyu's.

After the match began, Liu Yue released his skill. How was this similar? It was basically the same as Liu Qingyu's skill.

This also made Moxiu wonder if this unlimited strengthening skill was wholesale? It wasn't just Liu Qingyu who had two, others also had one.

Xiao Hong seemed to have noticed MO Xiu's confusion and whispered, "You don't know about the Liu family?"

"Liu Ziyang's Liu Family?" MO Xiu asked.

Xiao Hong shook her head. "This Liu is not that Liu. This Liu family is called the imperial family that is not the imperial family!"

"Oh? Tell me the details!"

MO Xiu's interest was piqued.

"The Liu family can only awaken the same skill. It's called 'Infinite Strengthening'. You've seen the exact power. If a person has four similar skills, the power can be imagined, right?"

MO Xiu was surprised. There was actually such a thing. How interesting. "Then why is it called the imperial family that is not the imperial family?"

"During the great war, Liu Clan's ancestor offended the imperial clan. At that time, it was a special period, and the two sides agreed to have a martial arts competition. In the end, Liu Clan's ancestor won."

Moxiu was even more curious now. This unlimited evolution skill was so strong that it could rival the Imperial family with their innate skills.

As the two chatted, the fight had already begun. Liu Yue looked a little older than Liu Qingyu. He should be a third-year or fourth-year student.

The combat power displayed was no different from Liu Qingyu's. It seemed that it was also a level four skill.

Qiao Yang had the upper hand when Liu Yue used one skill, but when Liu Yue used two skills, Qiao Yang was struggling.

Qiao Yang's speed was not as fast as MO Xiu's, and he did not have the advantage in agility against Liu Yue. It was very difficult for him to parry, and he lost in the end.

This was also the first defeat for Yan University since the start of the competition. Qiao Yang walked off the stage dejectedly.

Cao Fenglin and Mu Mu consoled him. MO Xiu knew very well that Qiao Yang would definitely lose this round.

Liu Yue had at least three skills. Even if he couldn't defeat Qiao Yang with two skills, three would be enough.

Even Moxiu wasn't sure if he could win if he activated three unlimited enhancements. If it was four, he couldn't even imagine it.

However, there was one more thing worth noting. Theoretically, the limit of a Level 4 Infinite Enhancement was two. Three would consume 150% of one's stamina.

He didn't know what would happen to Moxiu if he used up so much of his stamina. He didn't know if he could still survive.

After the morning competition, the few of them had lunch together.

Mu Mu said worriedly, "Martial arts universities are very strong. Right now, Liu Qingyu and Liu Yue are very difficult to deal with. If there's another person who's about the same strength as the two of them, it'll be difficult for us. ""

Cao Fenglin wasn't so worried as he said, ""What are you afraid of? We have the best team members in Yan City."

Xiao Hong didn't tell anyone else about the Liu family. After all, this was a secret of the imperial family. Now that the Xiao family had been removed from the Imperial family, she couldn't guarantee that the Imperial family wouldn't settle the score with the Xiao family.

In the afternoon, the few of them returned to the backcourt. MO Xiu looked over and saw that the martial arts university teachers were explaining tactics to the team members.

Surrounding the martial arts university teachers were Liu Qingyu and Liu Yue, as well as three people who had not gone on stage before.

MO Xiu realized that things were not good. The other party was indeed hiding his strength, and it was possible that he was hiding a lot.

Mu Mu also saw this scene and said, ""Change tactics."

After the host finished warming up, he began to introduce the members of the two teams.

In the team competition, the members of the two teams had to report to the host ten minutes before the start of the match so that they could introduce their members.

"The first to be introduced is the University of Yan, and the member who will appear is MO Xiu..."

"Next up are the martial arts university members. Liu Qingyu, Liu Yue, Liu Wanghe, Liu Ci, and Liu Jin will be fighting!"

After introducing the members, MO Xiu and Xiao Hong looked at each other.. A bad feeling welled up in their hearts!

## Chapter 219: Five Warriors VS Five Guardians

After the host introduced the contestants, both sides went on stage.

When Moxiu saw the five of them, he knew that things were bad.

The five people on the other side were almost the same size. They were all very thin and small. This was a characteristic of using unlimited strengthening.

When the God's Sight was activated, MO Xiu read the skills of five people. When the information entered his mind, he was shocked even though he was prepared.

He had never seen such a spectacular scene. The skills of the five people were exactly the same!

All of them were infinitely strengthened, with only slight differences.

Liu Qingyu had two Level 4 skills, Liu Yue had three Level 4 skills, Liu Wanghe had three Level 3 skills, Liu Ci had four Level 4 skills, and Liu Jin had one Level 3 skill.

The weakest was Liu Jin, and the strongest was Liu Ci.

MO Xiu estimated that they would use one or two skills later, but it would be enough to pose a threat to Yan University.

MO Xiu and Xiao Hong weren't the only ones who felt that something was amiss. Everyone else had also noticed that something was amiss.

Moxiu gathered the other four people on the stage and whispered, ""Let's follow the strategy. I'll face Liu Ci later. Xiao Hong, you hold Liu Yue back. Qiao Yang, hold Liu Qingyu back for now. Yang Qingzhuo, you take Liu Wanghe."

Liu Peixiong said, "Then I'm facing Liu Jin, right?"

MO Xiu said, " That's right. It looks like Liu Jin is the youngest and should be the weakest. Your mission is to quickly finish off Liu Jin and then support Yang Qingzhuo to quickly finish off the second one!

In the current situation, Moxiu could only arrange for his men to face Liu Ci, the strongest. Xiao Hong could use her flying advantage to stall Liu Yue, the second strongest.

Qiao Yang should have no problem dragging Liu Qingyu out in a short time.

As for the remaining two, Liu Jin and Liu Wanghe both had Level 3 skills. MO Xiu had also seen them and his strength had increased by 1500%.

Yang Qingzhuo should be able to deal with one of them with Light and Shadow. Liu Jin was the weakest, and Liu Peixiong should be able to deal with him quickly.

After that, he would work with Yang Qingzhuo to kill Liu Wanghe and reduce his opponent's numbers. That was the way to win.

While Moxiu was discussing tactics, the other side was also discussing something.

Seeing that both sides were talking, the host did not start the match immediately. After both sides finished speaking, he announced the start of the match.

"Let the competition begin!"

In the beginning, the five people from the martial arts university all released their skills. The five of them grew in size at the same time and turned into five giants.

This scene had a huge impact on the audience. Although Liu Qingyu and Liu Yue had used their skills before, there were five of them!

Five giants appeared on the field at once, occupying almost one-fifth of the field.

The people who knew a little bit exclaimed.

“This is! Fifth, attack formation!”

The lineup of the martial arts universities was indeed five strong attackers. According to Wang Yu and MO Xiu, it was five warriors.

This lineup had a huge flaw, but at the same time, it had a strong offensive and protracted ability.

The martial arts university’s response was also very strange. Other than Xiao Hong who flew into the sky, the other four moved quickly.

Yan University’s lineup was relatively complete and reasonable. They did not take the usual path and changed their previous tactic of one main attack and four guerrilla attacks.

It turned into a five-way guerrilla!

This tactic had almost no shortcomings. It allowed flexibility and a high degree of support. While maintaining the rationality of the lineup, it also increased the movement and support.

The only drawback was that everyone had to pay attention to the situation on the field and support as much as possible. It required a very high level of tacit understanding between the five of them.

And tacit understanding was precisely what the five of them lacked the most.

The five people from the martial arts university were staring at Yan University. MO Xiu quickly found Liu Ci. This time, he did not hold back. He launched a fierce attack and aimed at his vital points.

Soon, Liu Ci was forced to use his second skill. Even so, MO Xiu still had the upper hand and firmly suppressed Liu Ci.

The other four were also doing very well. Qiao Yang and Xiao Hong had successfully stalled Liu Qingyu and Liu Yue.

Liu Peixiong used the skill to instantly take down Liu Jin. Liu Jin fell to the ground without any reaction. He had already been eliminated.

According to MO Xiu's plan, Liu Peixiong would support Yang Qingzhuo and the two of them would face Liu Wanghe together.

When Liu Wanghe saw that someone was coming, he immediately released his second skill and blocked the first wave of attacks from the two of them.

Liu Peixiong saw that Liu He's body had grown bigger again. He knew that Liu He had used two skills or the second skill.

He couldn't use his trump card at this time. He had to leave it for a stronger opponent. If he continued to attack Yang Qingzhuo, Liu Wanghe wouldn't be able to last long.

The battle was like this for the time being. When Moxiu observed the others, he realized that Liu Yue was beaten up by Xiao Hong, and he still only used one skill.

It was the same for Liu Qingyu. He was suppressed by Qiao Yang and did not use his second skill.

MO Xiu suddenly understood. How could he have overlooked this?

Liu Qingyu and Liu Yue had used two skills in the morning, which meant that they had used up 100% of their stamina. After only one afternoon, their stamina had not fully recovered, so they could not use the second skill.

However, there was one thing that Moxiu could not figure out. Since he had not fully recovered, why did he not postpone the match?

MO Xiu couldn't care less about the current situation and shouted towards the sky.

"Xiao Hong, help Qiao Yang deal with Liu Qingyu first!"

Xiao Hong received the order and lowered her altitude. She formed a circle with Qiao Yang and forced Liu Qingyu into a corner.

"Ah!"

Liu Qingyu shouted loudly. It seemed like he was about to use his second skill. At this time, a figure appeared and knocked Liu Qingyu out of bounds.

It was Liu Yue!

Liu Yue's current size clearly activated his second skill.

MO Xiu narrowed his eyes and understood Liu Yue's intentions. He wanted to protect Liu Qingyu and prevent Liu Qingyu from using his second skill.

After Liu Qingyu was knocked out of bounds, he shouted, "" Second brother, you!!!"

"We're here to gain experience, so I'm given this opportunity. ""

With that, he punched Xiao Hong and Qiao Yang.

Neither of them could resist such power. Liu Yue activated two skills, which were equivalent to 6,000 percent of his strength.

Fortunately, Xiao Hong reacted quickly. As Liu Yue spoke, she grabbed Qiao Yang and flew into the sky.

Liu Yue's punch missed, but he did not give up chasing. He took two steps forward and jumped up.

Xiao Hong wasn't rising fast enough and was about to be caught by Liu Yue's big hand.

Qiao Yang immediately used a barrier to block it, but after the barrier was shattered, he was injured.

Qiao Yang spat out a mouthful of blood. In order to get rid of Liu Yue, Xiao Hong shot out an Infernal Burst. Liu Yue used his body to block it and continued to attack.

At this moment, a figure appeared and punched Liu Yue's waist. With this release, Liu Yue fell from the air.

At this moment, MO Xiu rushed over!

MO Xiu saw that the two of them were in danger and immediately supported them. The two of them were very crucial in terms of tactics, and it was not the time to be eliminated yet.

"MO Xiu, be careful!"

Xiao Hong shouted anxiously!

Just as MO Xiu knocked Liu Yue down, a huge palm came from behind and slapped MO Xiu.

MO Xiu suffered a heavy blow and fell rapidly. Xiao Hong wanted to fly in the direction where MO Xiu fell, but she still could not catch up.

Moxiu fell heavily to the ground, creating a deep pit..

Chapter 220: Who Said That I Was Eliminated? 1

The four people from Yan University shouted at the same time. MO Xiu was seriously injured, so it would be very difficult to win this match.

Such a serious impact would definitely injure his bones. It would be impossible for MO Xiu to stand up again.

Mu Mu covered her mouth and looked at MO Xiu worriedly. Cao Fenglin grabbed Mu Mu's hand tightly.

The live audience exclaimed as their gazes shifted from the stage to the big screen.

He wanted to see if there was any replay, but he had been too fast. Before he could see clearly, MO Xiu had fallen to the ground.

When the replay was played, the audience's reaction was the same as Mu Mu's. They covered their mouths with their hands. This... This was no longer a matter of the competition. Was MO Xiu alright?

When the Internet saw this scene, they immediately posted the picture of Moxiu being shot down on the Internet.

"The hero has fallen!"

"Fall your grandmother's leg, MO Xiu isn't dead!"

“Hey, at least I’m walking down the altar!”

In the arena, four against three had the situation in a stalemate.

However, MO Xiu had lost his combat ability, and no one else could fight against Liu Ci and Liu Yue who had both their skills activated. Yan University was in a passive situation.

“You’ll pay the price for being so careless when fighting me!” Liu Ci said.”

When Yang Qingzhuo saw that something had happened to MO Xiu, he immediately went to check on him. Liu Peixiong said, ““Yang Qingzhuo, have you forgotten the mission that MO Xiu gave us?”

Yang Qingzhuo looked at MO Xiu and turned his head back to attack Liu Wanghe.

Liu Wanghe was thrown into disarray by Yang Qingzhuo’s sudden and desperate moves. Liu Peixiong took the opportunity to deliver a fatal blow and knocked him out.

Liu Wanghe fainted and retracted his skills. He was no longer able to fight.

Four against two!

After Liu Yue landed on the ground, Liu Peixiong and Yang Qingzhuo rushed over and fought the two of them head-on.

Liu Peixiong’s defense was not strong enough to fight Liu Yue head-on.

Yang Qingzhuo’s speed wasn’t at an advantage yet. At this time, he might as well give all of his Seraphic Speed to Liu Peixiong and retreat to the outside of the boundary, so as not to become a burden to Liu Peixiong!

Yang Qingzhuo’s sudden retreat surprised Liu Yue. He turned around to chase after Liu Peixiong.

However, Liu Peixiong's current speed was too shocking. He was the fastest among the people from Yan University. Coupled with Yang Qingzhuo's godly speed, he was so fast that even his afterimage could not be seen.

Even so, Liu Peixiong's attack power was somewhat insufficient. In the battle just now, he had used all the critical hits that he could use. Now, he only had one killing move left. He had to wait for an opportunity to use it.

He could only use his speed to run back and forth on Liu Yue's body. When he saw a joint, he had to punch it. Although it could not affect Liu Yue much, it still annoyed Liu Yue.

On the other side, Qiao Yang was heavily injured and could only command his doppelgangers to fight. Xiao Hong used her flying advantage to fight Liu Ci.

Yang Qingzhuo, who had just reached the outer circle, saw MO Xiu still lying in the middle of the huge pit and ran anxiously towards the field.

Before he could run in, he was stopped by the referee.

"You have already been eliminated and cannot enter. If the eliminated person enters the arena again, it will be judged that your school has committed a foul."

"But MO Xiu has already been eliminated. I'll go and carry him out. It won't affect the competition!" Yang Qingzhuo said anxiously.

The referee glanced in Moxiu's direction and said, "I'm sorry, but according to the rules, Moxiu hasn't been eliminated. As long as he can stand up before the end of the battle, he can continue fighting."

The referee also knew that with such heavy injuries, it was impossible for them to stand up. However, the rules were the rules. Liu Wang and Liu Jin had already retracted their skills and had no fighting strength at all. They were not eliminated.

Yang Qingzhuo gritted his teeth and said, "You...If Moxiu delays the treatment, I won't forgive you!"

At the same time, the battle on the field had reached its climax. Liu Peixiong was unable to attack efficiently and was still running non-stop, which consumed a lot of physical strength.

On the other side, Xiao Hong was still fine. Qiao Yang's clone had been shattered, and his main body was getting weaker and weaker.

Xiao Hong could only throw Qiao Yang out of the field for treatment. Any later might cause damage to Qiao Yang's body.

On the field, there were two teams and two teams. The numbers looked okay, but Yan University was in a desperate situation.

Just as Liu Peixiong and Xiao Hong were feeling helpless, and Yang Qingzhuo was being warned repeatedly by the referee.

A huge sword appeared out of nowhere and shot straight at Liu Yue!

At the same time, MO Xiu's voice rang out.

"Little stalker, go to the side and watch the match. The referee is right, I haven't been eliminated."

Moxiu slowly stood up and wiped the blood from the corner of his mouth.

His eyes locked onto Liu Ci, his eyes filled with anger.

"Bang!"

Moxiu stomped on the ground with all his might, expanding the already huge pit once more, and instantly disappeared from his spot.

The next moment, he appeared in front of Liu Ci and punched him in the head.

MO Xiu's sudden return caught Liu Ci off guard and he was knocked to the ground.

Xiao Hong smiled when she saw MO Xiu stand up and attack. Flame Burst, Flame Spear, and Fireball were all thrown at Liu Ci.

In fact, Xiao Hong's elemental attacks had dealt a lot of damage to Liu Ci. However, Liu Ci was too fast. Without anyone to help him, it was very difficult for Xiao Hong to hit him.

And MO Xiu's punch just now just happened to solve the urgent problem.

MO Xiu and Xiao Hong seemed to have a tacit understanding. After defeating Liu Ci, he didn't stay for a moment and immediately left to give Xiao Hong some space.

MO Xiu quickly supported Liu Peixiong, while Xiao Hong continued to attack Liu Ci with fireballs without cooldown.

Liu Peixiong reacted quickly. When MO Xiu's sword came over, he had already launched a fierce attack.

Now that Moxiu had also come to the battlefield, Liu Yue was a little flustered. He knew that Moxiu could suppress Liu Ci, who used two Level 4 skills, so he would definitely be able to suppress him.

Liu Peixiong went all out to fight MO Xiu. Just as he was exchanging blows with MO Xiu, Liu Peixiong activated his golden finger. When Liu Yue punched out, he pointed at Liu Yue's shoulder.

His shoulder turned golden in an instant, affecting his punch. Liu Yue's punch was stopped just like that.

MO Xiu attacked with all his might, knocking Liu Yue out of bounds.

Initially, Liu Yue was still unwilling to give up. When the goldenization on his shoulder disappeared, he felt a heart-wrenching pain. He could no longer use his right arm.

Only then did he understand that Liu Peixiong and MO Xiu had shown mercy. Otherwise, they would have been defeated after suffering serious injuries.

The situation on the field instantly reversed, three against one!

Mu Mu and Cao Fenglin exchanged glances and smiled. MO Xiu was indeed MO Xiu.

The audience was stunned. What was going on? Wasn't the situation reversed too quickly?

In the beginning, when the five martial arts universities released their skills, everyone thought that the martial arts universities had the advantage.

Then, under MO Xiu's command, Yan University quickly eliminated Liu Jin and Liu Qingyu. On the surface, it was five against three, and Yan University had the advantage.

Then, something unexpected happened. MO Xiu was hit, and Liu Wanghe was eliminated. It was a four versus two, and the University of Yan still had the advantage.

After that, Liu Ci and Liu Yue displayed astonishing combat strength and quickly eliminated Yang Qingzhuo and Qiao Yang. Two against two, the martial arts universities had the absolute advantage.

Just when the audience thought that it was about to end, King Moxiu returned and quickly knocked out Liu Ci and eliminated Liu Yue.

Three against one! Yan University was about to win. This plot was like a roller coaster, full of ups and downs!
