

## Four Skills 221

### Chapter 221: I Can Still Fight!\_I

While the audience was enjoying the show, the netizens started to curse.

The old man who had just posted about the fall of a hero, don't hang him up and slap him in the face.

What was even more interesting was that the moderator didn't think it was a big deal and pinned this post to the top.

"Hahaha, brother, you're awesome. Your post is the fastest one I've ever seen to change the direction of the wind. One second, there were so many people supporting it, and the next second, it's already spurned by tens of thousands of people."

"The facts have proven that you can't place your bets on Moxiu's matter casually. Did you use five minutes to slap your face this time?"

"Indeed, we can't bet on MO Xiu's actions. This is a lesson learned through blood and tears."

"The person above is???"

Back at the scene, MO Xiu and Liu Peixiong didn't let their guard down. After eliminating Liu Yue, they immediately returned to Liu Ci's side.

It was now a three versus one situation. As long as they defeated Liu Ci, they would win.

Liu Ci had just stood up when he was attacked by MO Xiu and Liu Peixiong. He was forced back in a sorry state.

Liu Ci's body was covered in wounds. He looked like he was about to collapse, but he was struggling to hold on.

Liu Peixiong wanted to use the remaining two golden fingers to end Liu Ci, but he was stopped by MO Xiu.

He didn't understand what Moxiu meant, but he still obeyed his orders.

Just as Liu Ci was about to fall, a magical scene happened.

Liu Ci's body grew once again, and he was already more than five meters tall. MO Xiu did not expect Liu Ci to really dare to use three skills.

What was even more shocking was that all the wounds on Liu Ci's body had healed.

Moxiu used God's Sight to check again. There was no healing effect in the skill's effect. How could there be no healing effect?

Now was not the time to think about this. Liu Ci's strength and speed were too terrifying.

Liu Ci jumped up and slapped Xiao Hong.

Xiao Hong had nowhere to hide, so she could only use the Flame Blast that had just cooled down to attack Liu Ci's palm, removing a portion of the power.

MO Xiu's speed was not fast enough to save them.

Liu Peixiong jumped onto Liu Ci's shoulder, ran along his arm to his wrist, and pointed out his golden finger.

Liu Ci's wrist had been turned into gold, but he still used a portion of his strength to slap Xiao Hong.

This palm directly knocked Xiao Hongshan out of the arena and onto the audience seats with a bang.

Xiao Hong got up from the ground and walked back to the sidelines with a fierce look in her eyes.

Xiao Hong's eyes were so scary that the surrounding audience took the initiative to make way for her.

After walking back to Mu Mu, he sat down on the chair without saying a word.

Due to Liu Peixiong's protection and Xiao Hong's own response, the lethality of Liu Ci's palm was reduced by more than half. However, the huge impact still eliminated Xiao Hong.

Xiao Hong did not hate Liu Ci, but she hated herself for being too weak.

Recently, Xiao Hong had suffered a huge blow. She had always been arrogant, but she had first lost to MO Xiu, then to Liu Peixiong, and now to Liu Ci.

Xiao Hong closed her eyes and began to reevaluate herself.

On the field, MO Xiu and Liu Peixiong struggled to deal with Liu Ci.

Liu Peixiong's speed was still enough to deal with him, but MO Xiu was having a hard time. He could only use the speed of the giant sword to dodge.

MO Xiu and Liu Peixiong's attacks became vicious. If they wanted to win, they couldn't hold back.

The bigger Liu Ci's body was, the more inconvenient it was for him to move. The three skills of defense stacked together, giving him 3,000 percent defense.

MO Xiu could break the general's defense, but Liu Peixiong couldn't. He could only use his golden finger to attack, and the golden finger only had one attack left.

Liu Peixiong and MO Xiu weren't as relaxed as before. Liu Ci could sometimes hit the two of them. Although it was just a scratch, it still caused some injuries to the two of them.

Liu Peixiong said," MO Xiu, we can't drag this out any longer. My physical strength is reaching its limit. Let's fight! ""

MO Xiu originally wanted to drag it out for a while longer, thinking that Liu Ci would definitely consume more energy. However, after such a long battle, he was unable to do so.

Liu Ci didn't have many wounds on his body, nor did he show signs of exhaustion. However, it was enough to tire MO Xiu and Liu Peixiong out. Moxiu nodded, and the two of them launched their final attack

MO Xiu rode his giant sword in the air and attacked Liu Ci's upper body.

Liu Peixiong attacked Liu Ci's lower body from the ground.

Liu Ci wasn't stupid. Liu Peixiong didn't have any powerful killing skills. He only had the golden finger that he had just used to injure Liu Ci's right wrist.

He ignored Liu Peixiong and focused all his attention on MO Xiu.

Liu Peixiong's speed was even faster. He was the first to reach Liu Ci's feet. His golden finger tapped on Liu Ci's ankle, making it difficult for Liu Ci to move.

At the same time, the giant sword brought MO Xiu and charged at Liu Ci.

Liu Ci grabbed at the giant sword. After such a long battle, he knew that the damage caused by the giant sword was stronger than Moxiu's own body.

The giant sword was not faster than Liu Ci's hand. The large hand grabbed the giant sword, and Moxiu jumped onto the large hand and rushed towards Liu Ci.

Liu Ci grabbed Moxiu with his other hand, and Moxiu immediately released Holy Explosive Flames, which attached to his body. His attributes increased again, and he dodged the grab with extreme control. However, he also lost his foothold and fell.

Not long after MO Xiu fell, a black shadow appeared under his feet. Liu Peixiong had arrived!

Liu Peixiong's current role was to give MO Xiu a support.

MO Xiu stepped on Liu Peixiong's body without hesitation and leaped with all his might!

At this moment, MO Xiu and Liu Ci were very close to each other. Liu Ci had yet to retract his hands and was unable to stop MO Xiu.

But there was no too much care, no giant sword's Moxiu, causing no too much damage.

The corners of MO Xiu's mouth twitched slightly as he said, "Ten Thousand

Swords Open, Sword Come!"!"

The huge sword in Liu Ci's hand turned into tens of thousands of small swords and ran out from between his fingers.

MO Xiu's body was spread out like a bow. He put his hands together and raised them above his head.

The small sword rushed over at high speed and reformed into a huge sword in Moxiu's hands.

Sword form! He stabbed down with all his strength!

“Puff!”

The entire sword pierced into Liu Ci’s body and stabbed into his shoulder. Liu Ci roared.

“Ah!”

The intense pain caused Liu Ci to withdraw his hands and hammer MO Xiu.

MO Xiu’s gaze was vicious. He did not dodge. His feet pressed against Liu Ci’s body as he gripped the giant sword with all his strength. He did not pull it out but slashed it to the side.

The giant fist landed on MO Xiu’s back, and the giant sword also left a deep wound on Liu Ci’s body.

MO Xiu fell and Liu Ci fell backward!

Liu Peixiong, who was on the ground, was already exhausted, but he still tried his best to catch MO Xiu.

MO Xiu’s face was filled with pain, but he still forced himself to not lose consciousness.

Liu Ci fell backward onto the ground, shattering the entire stage and shaking the entire square.

At this point, the audience felt that the outcome was no longer important. It was too exciting.

However, Mu Mu and Cao Fenglin were staring at Liu Ci nervously. MO Xiu and Liu Peixiong didn’t have the strength to fight. If Liu Ci could still stand up, he would lose.

After a few seconds, Liu Ci did not stand up.

Everyone's eyes were focused on the referee. The referee raised his right hand and was about to announce the result.

But... A huge change occurred in the arena. Liu Ci's body grew bigger once again. She was already more than six meters tall and was close to seven meters tall.

The wound that was so deep that the bone could be seen healed instantly, as if it had never been injured.

Liu Ci slowly stood up, his eyes filled with endless fighting spirit!

"MO Xiu! I can still fight!"

MO Xiu looked at the mountain-like giant and shook his head. He could no longer continue fighting.

Everyone thought that Yan University had lost.

Liu Ci took a step forward and walked out of the boundary...

Chapter 222: Respect)\_1

"MO Xiu! I can still fight!"

These words caused the entire audience to tremble. That boundless battle intent infected everyone, including MO Xiu.

However, just when everyone thought that Liu Ci had victory in his grasp, he stepped out of the boundary.

‘Why?’ asked MO Xiu.

Liu Ci laughed out loud.” Hahaha, I used my skills again to prove that I can defeat you. I walked out of the circle because you guys deserve to advance. ”“

After saying that, he took two more steps and retracted his skill!

A mountain instantly became smaller than an ordinary person.

His eyes were still filled with fighting spirit. No one would treat him as a small person. He was still that big mountain.

He only took one step forward before he fell to the ground, unconscious.

This match could be described as exciting or exciting.

However, looking at the post-match scene, there was only one word in everyone’s heart: tragic!

Among the five people from the martial arts universities, only Liu Qingyu was still standing. The rest were all carried off.

Liu Jin and Liu Wanghe were killed by Liu Peixiong, so their injuries were relatively light.

Liu Yue had exhausted his body and was now unconscious.

Liu Ci was the one with the most severe injuries. He had used all four skills at once, consuming 200% of his stamina. This could be a fatal injury. Moreover, it had appeared twice in the process, and his injuries had instantly healed. He wondered if there were any side effects.

As for Yan University, they were in a better condition. Yang Qingzhuo was the only one who was not injured. Xiao Hong's injuries were the lightest, but they were not minor either.

Liu Peixiong's physical exhaustion was mainly due to the constant movement.

Qiao Yang and MO Xiu's injuries were the most severe, to the point where they could barely stand.

There had never been such a tragic match in history, and today could be considered as witnessing history.

The battle had ended, and Liu Ci had conceded defeat. Many people couldn't understand what was going on. Victory was right in front of them.

Only a few people understood Liu Ci's intentions, and MO Xiu was one of them.

There were too many martial arts university students who had exhausted their physical strength in this competition. Liu Ci and Liu Yue might have to lie in bed for ten days to half a month. Even if they advanced, they would not be able to participate in the finals.

They wouldn't even be able to participate in the finals of the entire Alliance. At that time, it would be equivalent to wasting a spot in the central region of the Alliance.

In addition, after this battle, everyone from Yan University recognized them and was willing to help Yan University advance. That was why they admitted defeat.

This was also what MO Xiu admired the most. To be able to maintain such a terrifying battle intent and also have such a clear mind, Liu Ci was worthy of respect.

Liu Peixiong supported MO Xiu and kept looking in the direction Liu Ci was being carried away. Her heart could not calm down for a long time.

Finally, he gave a deep bow. Liu Peixiong, who was standing at the side, also felt it and bowed along with MO Xiu.

Mu Mu, Cao Fenglin, and Xiao Hong also bowed.

Yan University's action caused the audience to bow.

The host, who was about to announce the results, was stunned. What was going on? He looked around and bowed.

The audience bowed because the two teams had contributed to such an exciting match.

MO Xiu and the others bowed because the five martial arts universities had taught them a lesson.

Especially MO Xiu, he was the one who felt it the most. That monstrous battle intent, that unyielding will.

It reminded MO Xiu of the first lesson Wang Lei had taught in the cosmic cram school, which was to not yield.

In this kind of battle, he didn't need to show that he wasn't strong, but he needed to maintain his fighting spirit at all times. Moxiu shook his head. Along the way, he had forgotten some things while improving.

There was also Liu Ci's form after he released his fourth skill. The more he fought, the braver he became- It reminded MO Xiu of the illusion he entered when he saw Little Fu Shun's back. The giant there was very similar to Liu Ci.

Not only was he a giant in form, but he was also a giant in spirit. It was as if he was carrying the entire human race on his shoulders, which was admirable.

MO Xiu's bow was not only to Liu Ci and the Liu Clan, but also to the towering giant.

MO Xiu didn't get up for a long time until he fainted on the stage. Cao Fenglin, Mu Mu, Yang Qingzhuo, and Xiao Hong rushed onto the stage and helped MO Xiu down.

This battle was also very tragic for Yan University. It was unknown if it would affect the next district finals.

The regional finals were scheduled for March 20th, and Yan University only had two days to rest.

It seemed that Yang Qingzhuo, Xiao Hong, and Liu Peixiong would have no problem fighting in two days.

Qiao Yang's injury was rather serious. It would depend on whether he would play or not.

As for MO Xiu, his injuries were too severe. He had suffered heavy injuries twice.

The first time, everyone thought that Moxiu would never stand up again.

However, not only did Moxiu stand up, but he also reversed the situation.

The second time, his injuries were even more severe. He directly withstood Liu Cisan's attack under his skill state. It was already unbelievable that he did not immediately lose consciousness.

The moment he stepped onto the stage, Cao Fenglin immediately treated Moxiu. However, he could only heal his external injuries and broken bones. His internal injuries weren't fully healed yet and he was in an extremely weak state. He was immediately sent to the hospital for treatment.

Yang Qingzhuo and Xiao Hong, who were slightly injured, also went to the hospital to see if there was anywhere they could take care of them.

Cao Fenglin and Mu Mu chatted with the martial arts university teachers for a while. After expressing their respect to each other, they left.

The two of them couldn't look after Moxiu. They had other things to do, which was to select at least two substitutes to fill Moxiu and Qiao Yang's positions.

Cao Fenglin also became serious. This inter-school competition wasn't going to be simple. Many unexpected things had happened.

The five people from the martial arts university were obviously from the famous Liu family.

Cao Fenglin didn't know so many secrets of the royal family, but he had heard of the Liu family.

According to the previous competitions, the Liu family would definitely not appear.

This time, it was very likely that due to the effects of the war of heat weapons, the various clans had sensed danger, or the younger generation wanted to exchange blows with Moxiu, which was why they had come out.

Thinking about it this way, if the martial arts universities were already so strong, the members sent by the Alliance's south and north might be quite terrifying as well. They had to prepare early. The inter-school competition this time was not that simple.

The match had ended and both teams had left the stage. The audience had no intention of dispersing and kept staring at the shattered stage.

Seeing that the audience was still there, the audience suddenly had an idea and replayed the video of the match. Watching it again, it was still so shocking.

In the online forum.

For the first time, the Internet was silent for a long time before someone posted a post to discuss it. Perhaps everyone in front of the TV was also reminiscing about this game and organizing their comments.

Very soon, a post titled "Who is stronger, MO Xiu or Liu Ci?" gained unprecedented popularity.

"There's no need to discuss this. Liu Ci is stronger!"

"The person above may not understand the meaning of the building lord. Based on his individual strength, it must be Liu Ciqiang." "I think it's Liu Ci. He has absolute strength."

"I feel that MO Xiu is the one who can control a war!"

"Both of them are the strongest. MO Xiu is the strongest commander and Liu Ci is the strongest battle general."

"The previous poster is correct.. This story ends here!"

Chapter 223: Safe and sound (1)

On the morning of the 21st of March, Cao Fenglin and Mumu were applying to the school for the selection of substitutes.

She received a call from Yang Qingzhuo.

"What's wrong?" Cao Fenglin asked. How's MO Xiu?"

"Teacher Cao, you and Mumu should come to the hospital. MO Xiu is looking for the two of you."

"What is it? MO Xiu woke up? How is he?"

At the hospital, MO Xiu took the phone and said, “Old Cao, don’t worry. I’m fine now. Come over and we’ll discuss the finals the day after tomorrow.”

“Nonsense. How can you still compete in a competition when you’re in such a state?”

“Just come over. Why are you so slow?”

After the call ended, Cao Fenglin cursed, “This brat.”

“What’s wrong?” Mu Mu asked. Was MO Xiu awake? How is he?”

“It sounds like he’s fine, but after all, he’s injured so badly. He should need to recuperate for a few days.”

“That’s good. As long as Moxiu can participate in the finals, it’s fine.”

Cao Fenglin looked at his phone and said, “MO Xiu wants us to go over. He said that he wants to discuss the division finals the day after tomorrow.”

Mu Mu frowned. “MO Xiu isn’t a stubborn person. Why is he still so stubborn at this time?”

Cao Fenglin shrugged and said, “I’m not sure. We can go and take a look. Now that the application has been completed, there’s no time for the selection. We can only choose the substitute members based on the information we have. The main members are all in the hospital now. Let’s ask for their opinions.” Mu Mu nodded and the two of them headed to the hospital together.

The two of them arrived at the hospital and found the ward of Yan University. After entering, they saw a scene that should not exist in the hospital.

The ward was very big. There were four beds in total. MO Xiu, Liu Peixiong, Qiao Yang, Xiao Hong, and Yang Qingzhuo had one bed.

All five of them were sitting and chatting. None of them looked like patients.

Mu Mu was instantly stunned. Cao Fenglin also stared at everyone with wide eyes. Were these the people who were carried away yesterday?

"What about your injuries?" Mu Mu asked.

"Xiao Hong gave me a herb," Qiao Yang said. "I feel much better after eating it."

"Me too," Liu Peixiong said. "After Xiao Hong gave me a herb, my strength has almost recovered. I think I can start training today."

MO Xiu picked up an apple beside him and took a bite. "I don't know why either."

Xiao Hong didn't give me any herbs to eat, so I could only eat apples. But I'm fine. I can train tomorrow and play the day after tomorrow."

Hearing MO Xiu's words, Xiao Hong was unwilling and snatched the apple from MO Xiu's hand.

"You have no conscience. Don't eat it. Isn't this apple for your recovery? I was afraid that your internal injuries would be too severe, so I didn't give you any medicine with strong medicinal effects. I let you eat this spirit fruit to recuperate first."

Yang Qingzhuo was secretly laughing. Last night, Yang Qingzhuo stayed behind to take care of the three of them while Xiao Hong went home to look for herbs. Both of them were very busy.

Xiao Hong snatched the apple away. MO Xiu didn't say anything. He smiled and stretched out his hands, wanting to take it back from Xiao Hong.

Xiao Hong had no choice but to return the apple to MO Xiu.

When Cao Fenglin saw this, he couldn't help but say,"Pfft, MO Xiu, you're quite a big man, yet you're still pretending to be pitiful!"

Although he was complaining, Cao Fenglin couldn't help but sigh at the strength of Xiao Hong's family. They could casually take out these herbs.

Cao Fenglin and the others still didn't know that the Xiao Clan had been removed from the royal family. However, a starving camel was still bigger than a horse. Xiao Hong didn't feel any heartache for taking out these herbs.

Mu Mu was still reliable. He handed over the information of the substitutes to everyone. Regardless of whether the five of them could play the day after tomorrow, the substitutes had to be chosen. The nature of this competition was different from the previous ones.

Cao Fenglin took this opportunity to walk out of the ward and look for their attending physician.

"Teacher Cao, you've come."

"Doctor He, how are the people in our school recovering? Can we compete the day after tomorrow?"

"There's no problem at all. After sending it over, I took a look. There's not much of a problem. With Xiao Hong's herbs, he's even more energetic than before. However, this MO Xiu... It's a little strange."

Cao Fenglin's heart skipped a beat. The most important person was MO Xiu. If MO Xiu didn't go on stage, the strength of the team would drop by half.

Doctor He could see Cao Fenglin's nervousness and immediately explained,"Don't worry, MO Xiu can go on stage the day after tomorrow. It's just that his injuries healed too quickly, which exceeded my expectations." "Oh?" Cao Fenglin asked. What's going on?"

"The speed at which Moxiu's injuries are recovering is unbelievable. I watched the live broadcast. At that time, I thought that Moxiu might not be able to recover for half a month to a month. When Moxiu

was sent here, his injuries didn't seem that serious, but it was certain that he wouldn't be able to leave the hospital for a week. However, after a night of rest, he was able to get up this morning. ”

Cao Fenglin was also surprised. Wasn't this too terrifying? Now, he really wanted to investigate what Moxiu had eaten when he was growing up. “Then...Can I be discharged tomorrow?”

“Not bad. With this recovery speed, we can leave in the afternoon.”

Cao Fenglin lowered his voice.” What do you think is the reason why MO Xiu has recovered so quickly?””

Doctor He pondered for a long time before saying, “I've used my skill to check. Moxiu's internal organs are recovering at a speed visible to the naked eye. Of course, I'm exaggerating, but the speed is indeed very fast.”

“The fourth skill?”

MO Xiu already had three skills. If he had a healing skill, wouldn't all four skills be awakened?

Doctor He said,” I don't think so. Such a powerful healing skill shouldn't appear on Moxiu. Moxiu is only eighteen years old. I don't think he's stupid enough to use the Heaven Defying Pearl to awaken all his skills.”” Cao Fenglin's gaze shifted.” Then what do you mean?””

“It's possible that an expert made a move, but we didn't notice it.”

Cao Fenglin was stunned for a moment before he thought of MO Xiu's identity.

The fact that MO Xiu was the Dark Shadow Crown Prince had become an open secret after the battle at Shun City.

Thinking about it this way, it wasn't hard to understand why someone would secretly help MO Xiu.

To be on the safe side, Cao Fenglin told Doctor He not to spread the news before returning to the ward.

If MO Xiu had heard their conversation, he would have been very grateful to Doctor He for his analysis and help him get away with it.

The truth was that Motheo's passive skill, Self-Healing, had taken effect. His recovery wasn't particularly fast, but he was constantly recovering. This was the reason why he could recover so quickly.

MO Xiu had a total of two passive skills, but he had no clue. He had even asked Xiao Hong in private.

Xiao Hong only knew that the Royal Family had one innate skill, but she had never heard of a Royal Family with two skills.

As for the Xiao family, it was because their bloodline was impure that they lost their innate skills and were sidelined.

The royal family had to marry internally to ensure the continuation of their innate skills. If they married an ordinary person and had children, they might lose their innate skills..

Chapter 224: Because of the En (1)

On March 22nd, MO Xiu, Liu Peixiong, and Qiao Yang were discharged from the hospital together.

Under Mu Mu's lead, the students of Yan University did some simple training.

It wasn't to improve anything, but to see how they were recovering.

The intensity of the training was not high. There was no other training after the simple battle.

Mu Mu gathered everyone and said, ""That's all for today's training. There's nothing much to say about tomorrow's game. Magic University's strength isn't particularly strong. As long as we play steadily, we can win the game."

Mu Mu said as he turned on the computer.

"Oh right, congratulations on winning against the university. Congratulations! Although Liu Ci went out of bounds in the end, you guys still won. You deserve praise."

The five of them were not very happy when they heard Mu Mu's praise. They all knew that the martial arts university should have won that match.

"But. ...."

The five of them had guessed that Mu Mu had a 'but'.

"But each of you has your shortcomings."

"First of all, Liu Peixiong. After you defeated Liu Jin, you followed MO Xiu's orders to attack Liu Wanghe. Why didn't you look at the situation when you didn't take him down immediately? If they had changed their target and attacked Liu Qingyu, things wouldn't have been so chaotic."

How could Liu Peixiong not know about this? On the night after the match ended, he had figured out this point. If he had attacked Liu Qingyu decisively, Qiao Yang and MO Xiu might not have been injured.

"Then there's Qiao Yang. There's nothing wrong with your tactics. It's just that you're not ruthless enough. If you were more ruthless, you might have forced Liu Qingyu into a desperate situation earlier."

Qiao Yang nodded and admitted his mistake.

"Xiao Hong did the best overall. She remained calm on the field, but there were some areas where support was not in place. Also, you should throw Qiao Yang out of bounds as soon as possible."

“Yang Qingzhuo, concern makes you confused. After MO Xiu was injured, your mind was in a mess. When Liu Yue attacked, you directly added your skill to Liu Peixiong and went out of bounds.”

Yang Qingzhuo lowered his head and continued.

“Finally, it’s MO Xiu. You’ve turned the tables for the team many times, but you’ve also made mistakes. The most serious mistake was saving Qiao Yang and Xiao Hong! You shouldn’t have saved them. It’s your mistake to put the team in a passive position.”

MO Xiu understood Mu Mu’s meaning. At that time, the best choice for Xiao Hong and himself was to give up on Qiao Yang.

Mu Mu clapped his hands and said, “Do you understand?” You no longer lack tacit understanding. What you lack is decisiveness. Don’t treat the competition as a war. Treat it as a game. It’s fine to eliminate one person. What you should consider is how to maximize your advantage.”

Mu Mu professionally analyzed the shortcomings of the last match. Everyone agreed that he did not do his best.

After the explanation, Mu Mu asked everyone to leave and go home to rest.

After all, there was still a competition tomorrow.

When MO Xiu and Yang Qingzhuo returned home and saw the table full of food, they wondered if they had gone the wrong way.

Zheng Yi walked out of the kitchen and said, “Mo Xiu, you were injured yesterday. I’ll make you something delicious to nourish yourself.

Looking at the dishes on the table, he didn’t know how they tasted, but they looked pretty good.

“Zheng Yi, you’re not bad. When did you learn how to cook?” MO Xiu asked. I remember that you weren’t interested in doing it before.”

Zheng Yi scratched his head in embarrassment and “I’m learning how to cook recently. I want to give my goddess a surprise.”

MO Xiu was shocked. He thought to himself that bootlickers were really awesome.

“Zheng Yi, are you giving me a tonic? Are you using me as an experiment?”

Although he said that, Moxiu was actually very touched. After the meal, he even gave suggestions for each dish.

There was a lot of food, but in front of Yang Qingzhuo, there was no leftovers at all. After finishing everything, they went back to their rooms to rest.

MO Xiu had just laid down when a call came in.

“Liu Qingyu, I was about to call you.” MO Xiu answered the call and smiled.”

“MO Xiu, you’re discharged? You’re really amazing. I came to the hospital to see you and asked if you were discharged.”

“Yes, I was discharged this morning.”

“Haha, I’m actually saying goodbye to you. We’re going back to Martial City soon.”

MO Xiu immediately sat up and said,”“Wait for me at the hospital. I’ll be there soon.”

Liu Qingyu was a guest after all, and he didn’t forget to bid farewell before he left. MO Xiu naturally had to be polite.

He immediately found Qiang Zi and rushed to the hospital. When they arrived, MO Xiu and Liu Qingyu found a quiet cafe and sat down.

“Zheng Yi didn’t come?” asked Liu Qingyu.”

“He went back to school after lunch. I just called him. He had something urgent at school and couldn’t come over. He asked me to help him say goodbye to you.”

“Alright!”

Liu Qingyu’s words were good, but they had a deeper meaning. It seemed that he was scared of Zheng Yi the last time they met.

“How are your brothers’ injuries?” asked MO Xiu.”

“Basically, they are all fine. The most serious one, Brother Liu Ci, has also woken up. Otherwise, we wouldn’t have left.”

It was Moxiu’s turn to be surprised. How could he recover so quickly?

Later on, he realized that Liu Qingyu would not tell the truth even if he had to put on a disguise.

If the aftereffects were so light, why did Liu Ci forfeit? He could just directly eliminate MO Xiu and Liu Peixiong.

Moxiu didn’t probe further after understanding the situation. He once again expressed his respect for the entire Liu Clan.

MO Xiu continued to ask,” I’ve heard of your Liu Family. Your family shouldn’t be in Shun City. Why are you studying in Shun City?””

Liu Qingyu laughed and said, "If I didn't go to Shun City, how could I have made such an outstanding friend like you?"

MO Xiu also smiled and said, "You really know how to joke."

"There's no harm in telling you. This is the way our Liu family cultivates our juniors. We were placed in an unfamiliar city to live alone since we were young.

It's fate that we met."

The pros and cons of this method of training juniors were very obvious.

The downside was that the clan's cohesiveness would be much weaker. It was not impossible to rule out the possibility of not returning to the clan after they grew up. However, seeing that all the disciples of the Liu Clan were in martial arts universities, this might be the Liu Clan's solution.

The benefits were even more obvious. It allowed the younger generation to learn how to endure and how life was not easy. This was also the reason why Liu Qingyu kept a low profile when he was in Shuncheng No.1 Middle School.

At the same time, he could also learn to be unyielding in a lonely life. This might be the reason why Liu Ci could erupt with such fighting spirit.

The Liu family would not be defeated by anyone, not even in life.

MO Xiu nodded lightly. Liu Qingyu asked, "Brother MO, I have a question to ask you."

"Ask away!"

"Xiao Hong...What's your relationship with him?"

“Xiao Hong? Friends and allies!”

“That’s strange. I thought the two of you would be closer.”

“What do you mean?”

“Don’t you know? The Xiao family was expelled from the imperial family because of you.”

What?”

Chapter 225: I’ve Determined to Be Your Ally

MO Xiu asked in surprise, “What?” “?”

Liu Qingyu was a little hesitant when he said this. The person involved did not say this, so it was not good to say it behind his back.

Seeing Liu Qingyu hesitate, MO Xiu asked, “”Brother Liu, quickly tell us what happened. Since it is related to me, I should know.”

Liu Qingyu thought about it and agreed, so he put down his burden and said, “”Our Liu Clan doesn’t belong to the imperial clan, so we don’t know much about it.”

Moxiu nodded.” Just tell me what you know. Thank you!”

Okay, here’s the thing. For some reason, the royal family is not allowed to participate in the firearms incident, nor is it allowed to save people. However, Xiao Hong violated the royal family’s orders and helped you from the beginning to the end, so...”

MO Xiu furrowed his brows tightly. What did the imperial family mean? They were not allowed to participate in this firearms incident. The Xiao family was involved and even removed from the list.

At this moment, Liu Qingyu said, "MO Xiu, I'll be leaving first. I'll go back and pack up. I still have to rush back to Martial City overnight." "Alright, I'll get someone to send you off."

Liu Qingyu rejected MO Xiu's good intentions and left alone.

MO Xiu's thoughts returned to the imperial family. Since the imperial family had such a rule, it was impossible for Xiao Hong not to know about it.

Since he knew, why did he still help him? If he explained it to her, she would definitely let Xiao Hong go.

Just as MO Xiu stood up and was about to leave, a voice rang out in his head like a clap of thunder.

"Because of some of my decisions, but I don't regret it. If I had to choose again, I would still do it!"

This was what Xiao Hong had said when MO Xiu had asked her why the imperial family wanted to remove the Xiao family's name.

So this was the reason why she didn't tell him?

Won't you regret it? MO Xiu was touched, but his opinion of Xiao Hong also changed.

It seemed that Xiao Hong was not a heartless person. She could not be indifferent to the deaths of so many people.

After figuring out all of this, Moxiu stood up and left.

No matter what, Xiao Hong had paid such a heavy price to help him, even if...

He owed her a favor.

3rd month, 23rd day, Yan City Central Square.

The match on the 20th was too exciting. On the 21st, Magic University won without any suspense and advanced to the finals.

The audience for this final match was particularly large, and the entire square was surrounded. It was difficult for people to enter, let alone cars.

The people who had arrived earlier had already moved their cars several times. All the cars were parked two streets away.

Everyone was in high spirits as they prepared for the finals.

In the beginning, there were not that many people. This was because many of them had seen the match between Yan University and the martial arts universities and thought that MO Xiu would not be able to go onstage.

But just before the match, the officials had released news that MO Xiu could play. This time, a lot of people surged in, which caused the current situation.

The discussion on the Internet had already ended the previous topic of who was stronger. This time, the topic before the match had changed.

“Liu Ci clearly had the absolute advantage, so why did he step out and admit defeat?”

Perhaps it was because the audience had just gotten out of the shock of the match these two days and started to study the outcome.

“This... It was indeed a question. Why did the Gundam admit defeat?”

I took a closer look at the scene after the competition. The five people from the martial arts university side were more seriously injured. Liu Yue and Liu Ci, the two awesome ones, both fainted after the competition for unknown reasons. I’m guessing that the skills they used might have doubled the damage, and the damage will be reflected after the skills are over.”

“Hahaha, indeed. If the two of them are seriously injured, it will affect the subsequent matches. The following matches represent the central region of the Alliance. There’s no problem with letting Yan University win!”

“Why are you talking so much? In fact, Liu Ci could win, but there was no need for that! ”

Backstage, Mu Mu introduced the other team members to everyone.

‘ Magic University isn’t that strong this time. There’s only one person who stands out. His name is Lu Zhihao. Power Assault System, MO Xiu...”

MO Xiu didn’t wait for Mu Mu to finish his sentence and continued, ““I understand. I’ll hold him back while the others finish off their opponents.”

Mu Mu smiled playfully and said, “You’re so smart.””

Cao Fenglin was unhappy. He stood in front of Mu Mu and said, ““Promise me that you will only give me this smile, okay?”

Cao Fenglin’s sudden action caused Mu Mu to lower his head in embarrassment.

MO Xiu and the other five felt nauseous. This...It was even more unbearable than the previous battle.

“What’s with your expressions?” Cao Fenglin asked. What do you mean?”

MO Xiu said," Old Cao, you're a middle-aged greasy uncle. You're not a young hunk anymore. Can you not be so mushy?"

Cao Fenglin didn't want to listen." Who's greasy?" he said angrily. I'm a fresh meat, Mumu, don't you think so?"

Mu Mu didn't want to bother with him. He pushed Cao Fenglin away and left.

Everyone was very familiar with each other, so Moxiu joked around without any scruples.

Ever since Cao Fenglin got together with Mumu, his intelligence had plummeted. He could say all kinds of stupid things.

According to Mu Mu's analysis, the Combat Demon Conference was relatively relaxed, and the atmosphere of Yan University was also relatively relaxed.

Everyone was warming up before the match. MO Xiu found Xiao Hong and whispered,"I know why the Xiao family was removed."

Xiao Hong looked at MO Xiu without saying anything.

"I didn't investigate on purpose. I found out by accident. I don't have any other intentions. I just want to tell you that I've confirmed that you're my ally."

After saying that, MO Xiu left.

Xiao Hong muttered to herself.

"Ha! He's quite a grown man, yet he's so childish and still acting cool!"

Time was up, and the match began.

Since both teams had already advanced, this match was equivalent to a ranking competition. The eight people in the individual competition had already advanced, so there was no individual competition and it was directly a team competition.

There were some problems with the individual competition at Yan University. There were four spots in total, and Yan University took three spots. The last one was Liu Yue.

However, he didn't know how Liu Yue's injury was now. He didn't know if he could still participate in the finals of the individual competition.

This would have to wait for the organizers of the competition to figure out a way, which meant that Qiao Yang might be able to replace this quota.

As it was the finals, the host said a lot of warm-up words and even talked about how intense the previous match was.

After that, they talked about the rewards. The rewards were very simple and straightforward. The champion of the division would receive 80 million in cash. If they advanced in both the individual and team competition, they could receive two rewards. The second runner-up would receive 50 million.

How should I describe this reward? The amount of cash was indeed quite a lot, but it was still quite inferior compared to the herbs.

However, no one cared. They knew that the reward this time was a small one. The big one could only be obtained by ranking in the finals.

When the two teams entered the arena, Moxiu recognized the core of the other team, Lu Zhihao, with a single glance.

The two of them nodded and did not communicate much. Both sides knew that there was a certain gap in the strength of the two teams.

“Let the competition begin!”

Chapter 226: Final (1)

MO Xiu read the skills of the five people from Magic University. Other than Lu Zhihao, the others were indeed very ordinary.

[Duration: 25 minutes] Cooldown time: 2 hours.”

This... Immortal set?

Lu Zhihao's skills belonged to Warriors, but he was different from other Warriors who focused on attack or defense. His skills were extremely balanced and could be said to be comprehensive.

However, this fourth skill would not be used in normal battles. Once it was used, it would go out of control.

The additional skills were even more perverse. When one unleashed a high explosive power, they would silence all their skills, which meant that they would lose their combat power.

If he released an additional skill immediately after using it, Lu Zhihao would have nowhere to cry.

However, just by looking at the previous three's skills, MO Xiu estimated that Lu Zhihao's personal strength might not be inferior to his.

If he activated all four of his skills, he might not be a match for him. None of his skills were as powerful as Motheo's Descent of the Martial God. However, they had many skills. When stacked together, they were very strong.

When Moxiu awakened his second skill, there was no skill that was similar to an amplification skill in the options.

Moxiu didn't want to choose the same type of skill either. After a long battle, he realized that what he lacked wasn't the increase in strength. The Martial God's Descent's increase was very large, but what he lacked was an attack method. That was why Moxiu had chosen the Sword Saint's Divine Weapon, a skill that could attack, escape, and even sneak attack.

It was similar to the Holy Explosive Flames, which could deal large-scale damage and support.

This greatly enriched Moxiu's attack methods and reduced his weaknesses.

"Let the competition begin!"

The five people from Yan University attacked together. This time, Mu Mu's tactical requirement was to be fast!

MO Xiu held Lu Zhihao back while the others quickly dealt with him and surrounded him.

Lu Zhihao's reaction was beyond everyone's expectations.

The three skills were released at the same time. Immortal Sword, Immortal Robe, and Immortal Feather instantly boosted his combat strength to the maximum.

Seeing that the situation wasn't looking good, Moxiu immediately used his greatsword to launch a sneak attack on his back.

However, Lu Zhihao had disappeared, and there was only a flying sword left in his original position.

The flying sword was much smaller than the greatsword, so it was very difficult for Moxiu to block it.

The flying sword flew straight in Qiao Yang's direction. Qiao Yang's expression was very ugly. How did he become a weakness? Shouldn't Yang Qingzhuo be the weakest?

MO Xiu knew that things were not good. Lu Zhihao had seen through Yan University's tactics. Yan University's tactics were easy to guess. Anyone would use this tactic.

If Lu Zhihao wanted to break out of this situation, he would have to use his own advantage to quickly eliminate the few people from Yan University and disrupt their plans.

At this time, attacking Qiao Yang was the best choice. Among the few people from Yan University, Yang Qingzhuo was the weakest, followed by Qiao Yang, and Qiao Yang was more useful than Yang Qingzhuo.

Qiao Yang's position was quite far away from MO Xiu. MO Xiu had learned his lesson from the previous match and decisively gave up on Qiao Yang to look for the other members of Magic University.

Qiao Yang's skill could stall Lu Zhihao for a few seconds, which was enough for Moxiu to kill one of his opponents.

At this moment, the flying sword arrived in front of Qiao Yang. When Qiao Yang saw Moxiu's expression, he knew that he had been given up on by the tactic. He immediately activated his skills, Soft and Hard, and Doppelganger, trying his best to stall for time.

After the flying sword arrived, Lu Zhihao appeared. As soon as he appeared, he was hit on the back.

It was Liu Peixiong's support. Liu Peixiong knew that MO Xiu had given up on Qiao Yang.

However, Liu Peixiong's position was very close and his speed was fast. He left after one attack and did not waste much time. He was not trying to save Qiao Yang, but to buy time for him.

Magic University also responded. Magic University's support summoned a shield-like thing behind Lu Zhihao and blocked the attack.

Lu Zhihao completely ignored this attack and attacked Qiao Yang fiercely. It could be seen that the tacit understanding between the members of Magic University was terrifying.

What MO Xiu was concerned about was that this support from Magic University, from such a long distance and with Liu Peixiong's speed, was able to accurately block this attack for Lu Zhihao.

Although his skill was not strong, his awareness far surpassed everyone present.

MO Xiu was originally going to deal with Qiao Yang's ability, but he immediately changed his target and attacked the Support with Yang Qingzhuo.

He couldn't keep this Support and had to eliminate it as soon as possible. At the same time, Moxiu wouldn't let the opponent's Esper class stay idle. He controlled his greatsword to split up and attack.

This multitasking skill shocked many people. The audience shouted that MO Xiu was cheating. Originally, Qiao Yang had clones, which was equivalent to six people from Yan University. MO Xiu could even control the flying sword to fight alone. Wasn't this seven against five? Wasn't he bullying them?

MO Xiu instantly appeared in front of the opponent's Support. Yang Qingzhuo had already forced the opponent into a corner, and with a little help from MO Xiu, he was immediately eliminated.

At the same time, Liu Peixiong had completed his mission and eliminated the opponent's Mage. He was supporting Xiao Hong, MO Xiu, and Yang Qingzhuo to surround the opponent's ability user.

Lu Zhihao had just eliminated Qiao Yang. He turned around and saw MO Xiu and the others from Yan University looking at him.

Not a single teammate from Shanghai University was left. It was still too late. Yan University had given up on Qiao Yang too decisively this time, causing Lu Zhihao's plan to fail.

Lu Zhihao didn't know that there was a strict leader in Yan University who was watching the group. If they were to hesitate in the same situation this time, they would be lectured.

Lu Zhihao spread his hands and turned to walk out. The people from Yan University knew that he was going to admit defeat.

At this moment, Lu Zhihao suddenly disappeared and entered the immortal sword. He shot straight at the four of them and showed his true body.

The flying sword shot straight at Xiao Hong. It spread its wings and attacked Liu Peixiong and Yang Qingzhuo. The additional skills of the Celestial Sword and Fairy Feather were released.

Moxiu threw a punch and felt a force rebound. He took half a step back. It was a rebound.

This time, Lu Zhihao used all his skills..

Chapter 227: MO Xiu VS Little Fu Shun (1)

Lu Zhihao attacked the four of them in an instant. He wanted to make a final gamble.

Yang Qingzhuo was the only one who retreated away from Lu Zhihao due to his lack of combat strength.

The other three, MO Xiu, Xiao Hong, and Liu Peixiong, reacted immediately and launched a counterattack.

Lu Zhihao entered the flying sword again, and this time, he ran out of the realm.

MO Xiu smiled. Lu Zhihao's actions were incompatible with his name and skills. He had quite a few tricks up his sleeve.

"Brother Lu, what's the meaning of this move?"

Lu Zhihao laughed." Haha, all is fair in war. I'll make one last effort. I've lost.

At this moment, the host announced the results.

"Yan University wins. Let's congratulate Yan University for winning the division championship!"

The audience was a little unhappy. The semi-finals were so exciting, but the finals were over just like that?

It felt as if he had taken off his pants and was showing him this.

The competition did not last more than five minutes. It was a far cry from the match between Yan University and Martial Arts University.

Seeing that the audience was not in high spirits, the host felt a little awkward and could only proceed with the award ceremony.

During the award ceremony, the audience could still be a little more active. After all, MO Xiu had quite a number of fans. In addition, Lu Zhihao also had quite a number of supporters. Most importantly, Mu Mu, who was the leader, went on stage.

After the award ceremony, the entire regional finals came to an end. They would rest for the next five days and prepare to face the schools in the north and south.

After the Yan University students left the plaza, they gathered for a while. In order to celebrate their victory, Cao Fenglin treated them to a meal.

Mu Mu was very satisfied with this competition. Everyone performed very well.

The next arrangement was to rest for two days.

Mu Mu and Cao Fenglin needed to investigate the situation of their opponents and make a response before training.

MO Xiu and Yang Qingzhuo went straight home after their meal. Zheng Yi was not there when they got home. He should still be busy.

Little Fushun slumped on the sofa gloomily. MO Xiu patted Little Fushun. Little Fu Shun gave up his seat, and Moxiu sat down and stroked his fur.

“Little Fushun, what’s wrong? Why are you so listless recently?”

“Awooo...”

Little Fushun called out weakly.

“What’s wrong? Didn’t Zheng Yi feed you meat recently?”

Xiaofu shook his head like a human.

“Then what? Missing love?”

Yang Qingzhuo glared at MO Xiu. Little Fushun was not even a year old yet.

“MO Xiu, don’t talk nonsense. How old is Little Fushun?”

“I read in a book that some cats can go into heat at six months,” said Moxiu.”

Yang Qingzhuo widened his eyes and pointed at Little Fushun in disbelief.

“Look at Little Fushun’s physique. Is he a cat?”

MO Xiu looked at Little Fu Shun

Little Fu Shun seemed to be unhappy with MO Xiu and Yang Qingzhuo discussing him. He jumped off the sofa and walked towards his room.

“Little Fushun, if you don’t have anything to do these two days, why don’t I take you out for a walk?”

When Little Fushun heard this, he immediately turned around and threw himself into MO Xiu’s arms.

In fact, Moxiu already knew that Little Fu Shun had been holding it in for a long time. He had planned to bring him out once the match was over. He had said that just now to tease him.

MO Xiu laughed when he saw how happy Little Fushun was.

It was fine when he was young. This villa was a big place for Little Fushun.

However, after awakening, his body was too big. He could no longer run away from the villa.

Little Fu Shun was still a wild beast, but because of MO Xiu, he stayed in his room obediently.

To a certain extent, it was MO Xiu who had mistreated Little Fushun.

Just like before, MO Xiu dressed Little Fushun up and prepared to leave. "Where are we going?" Yang Qingzhuo asked excitedly. I want to go too!"

"No, you stay here to guard the house. If there are too many people, it will be a big target," Moxiu said mercilessly."

Yang Qingzhuo was about to stand up, but he sat down again after hearing MO Xiu's words.

He looked to the other side and didn't look at MO Xiu. Clearly, he was angry.

"Take care of the house," said MO Xiu."I'll bring you delicious food when I come back!"

When Yang Qingzhuo heard the word 'yummy,' he felt a little better. He still didn't look at MO Xiu, but nodded to the side.

"Then let's go."

Little Fushun and Moxiu set off. Where to go was a problem. The place they scouted previously was not suitable for Little Fushun to play. Moreover, it was near the villa and there were some risks.

MO Xiu wanted to bring Little Fushun to a place with mountains, rivers, and no one.

In the end, after thinking about it, he felt that the place that Xiao Hong had brought him to investigate last time was not bad.

When he was scouting with Xiao Hong, he went to several places. There was one place that was empty and had a good view.

Thinking of setting off immediately, Moxiu drove to that location.

MO Xiu was a little worried. After all, he wasn't very familiar with this place. After driving around and confirming that there were no residents around, he finally relaxed and let Little Fushun out.

As soon as Xiaofu came out, he ran out like a wild horse.

It couldn't be said to be similar, but it was fundamental!

The scenery here wasn't bad. Moxiu found a place to sit down and enjoyed the rare peace and quiet.

After playing for a while, Little Fu ran back and bit MO Xiu's sleeve, wanting MO Xiu to play with him.

Moxiu rode on his Little Fushun and shuttled through the grass and forest. Moxiu was also very happy.

"Little Fushun, don't just play around. You haven't fought much since you awakened. Let's spar!"

Little Fu Shun seemed to have understood what he was saying, and he excitedly used his Overlord's land form.

MO Xiu also did not neglect to release the Martial God's Descent to respond, and Little Fu Shun pounced over.

However, Little Fu Shun's attack power was limited. He did not cause any damage to Moxiu and was instantly pressed to the ground by him.

Lying on the ground, Lil 'Fortune was unconvinced. He released another skill, Beast King, and his body enlarged to five times its original size.

This was the first time Little Fu Shun had used this skill, and it gave MO Xiu a huge shock.

Wasn't this the giant beast in the illusion? This... Wasn't this too ridiculous?

The giant was the ancestor of the Liu family, and the giant was the ancestor of Little Fushun?

Little Fu Shun pounced over again and fought with MO Xiu.

This time, Little Fu Shun's combat strength had increased greatly. MO Xiu couldn't afford to be careless. He dealt with it carefully and finally subdued Little Fu Shun.

After the battle ended, Little Fushun retracted his skill and returned to his original size. He sat down as if he was thinking. It seemed that this battle had helped him.

It wasn't just Little Fu Shun. He was also helpful to Moxiu. Little Fu Shun had followed him since he was young, but the combat skills he had displayed in the battle just now weren't weak. It seemed that the combat ability of wild beasts was innate.

There was also one more thing. Little Fu Shun's skill effect was five times that of all attributes. Moxiu had used his own data to calculate at first, but he had almost been injured during the battle.

No matter how hard humans trained their bodies, there was still a huge gap between their Basic Attributes and those of wild beasts.

Little Fushun's five times attributes were much stronger than a human's. Moreover, beasts seemed to be able to display more combat power with the same attributes..

Chapter 228: I See You)\_I

MO Xiu estimated that Little Fushun's basic attributes were about 1.5 times his strength and twice his defense. This was a very terrifying number. This might be the difference between humans and beasts.

There was another point. Although it was also an increase in all attributes, Little Fushun's strength was stronger.

For example, Moxiu Blessing could increase all attributes by 500%, which could increase attack power by about 800%.

Little Fushun's attributes were increased by 500%, and he could deal 900 or even 1,000 damage.

This was not a problem of skill, but the wild beasts were more open and could fight without any scruples.

Humans, on the other hand, were different. Due to pain, they would consider whether to stop and leave room for the next move, resulting in them being unable to unleash their strongest attack power.

In other words, human combat techniques were learned. There were many considerations in each move.

Beasts were born with combat skills, and there might be a process of learning, but their movements in battle were natural.

The fighting style of wild beasts was rigid, but they were extremely powerful. The fighting style of humans was varied, and on the contrary, they would sacrifice some power.

It seemed like he would have to spar with Xiaofu more in the future and learn the fighting style of wild beasts.

Little Fu Shun sat on the ground and rested for a while before he started

playing again. He looked at MO Xiu.

Moxiu sat down and said, " Go play. I'll rest for a while. It's getting late. Come back after you play for a while. I'll bring you out next time.""

Little Fushun nodded and ran out.

MO Xiu shook his head. This Little Fu Shun was really like a child. He wondered if he would want to leave him when he was older.

If he had to leave one day, MO Xiu would probably be very sad, right?

After all, Little Fu Shun was a wild beast, and his skill was not an ordinary beast. He had one skill that he had not used in the battle just now.

It was the most terrifying skill, Sky Devour. It devoured everything in front of it. The exact effect of this skill was unknown.

How did he devour it? Where did the things that were devoured go? He wasn't sure.

It seemed like Little Fushun had held back.

In her thoughts, she saw that Xiaofu had returned, and he seemed to be very happy running.

"Since we're back, let's go!" said MO Xiu."

Little Fushun had no intention of leaving, and he whimpered.

MO Xiu turned around and saw that Little Fushun was holding something in his mouth. He took it and saw that it was a herb.

He held it in his hand and examined it carefully. It emitted a faint spiritual energy. Its grade might not be low, but MO Xiu did not recognize what kind of herb it was.

Thinking that there might be herbs here, Moxiu became excited and said, "Little Fushun, where did you find it? Bring me there!"

Little Fushun nodded, and Moxiu immediately rode on it. It didn't take long for them to arrive.

When they arrived at the place, Moxiu was dumbfounded. This place was not just filled with herbs. It was a place that was more than 100 square meters, and it was filled with herbs.

However, Moxiu didn't let the medicinal herbs get to his head. He immediately reacted. There was no way that so many medicinal herbs had not been discovered. It seemed like someone was taking care of them.

Unknowingly, he might have intruded into the territory of some big shot. Just now, Little Fushun was able to take away a herb, so it was very likely that he had already been discovered.

At the thought of this, MO Xiu didn't care much and said, "Little Fushun, run!"

If Moxiu was here alone, he might have stopped for a while to meet the people here.

But Little Fushun was here. If he was found out, it would all be over.

The thing that MO Xiu was most worried about still happened. Little Fu Shun had just run a few steps when a voice came from behind him.

"Stop, I can see you, MO Xiu!"

MO Xiu originally wanted to run directly. It didn't matter even if the other party recognized him. As long as he ran, it would be fine as long as there was no evidence.

The voice sounded familiar. He turned around and saw that it was Xiao Hong.

Only then did MO Xiu realize that Xiao Hong had brought him to this place.

Now that she was here, it was obvious that this was the Xiao Family's territory.

If the other party was Xiao Hong, there was no point in MO Xiu running away. He might as well explain himself.

Xiao Hong walked over and looked at Little Fushun. "This is the friend you mentioned back then, the one with the flying skill, right?"

Moxiu replied, 'Well...' Yes!"

Xiao Hong was a member of the royal family, and MO Xiu knew that she might be disgusted by wild beasts. Since he did not say anything now, MO Xiu planned to leave quickly.

Little Fushun was very observant. He stepped forward and rubbed his head against Xiao Hong's leg.

"Eh? So obedient?"

MO Xiu was surprised to find that not only did Xiao Hong not dislike wild beasts, but she also liked Little Fu Shun very much. She looked left and right and even touched him from time to time. She was very curious.

"Xiao Hong, doesn't the imperial family hate wild beasts?" MO Xiu asked."

Xiao Hong squatted on the ground and looked up at MO Xiu. Then, she lowered her head and seemed to be thinking very seriously. She raised her head again and said, "I'm not a royal!"

This sentence left MO Xiu speechless. Indeed, Xiao Hong was no longer a member of the royal family.

“This big guy is so powerful and obedient. Where did you get it?” Xiao Hong asked. ”

“Uh... I picked it up!”

“If you don’t want to say it, then don’t say it.”

MO Xiu didn’t say that Little Fushun was given to him by Elder Tang. After all, Elder Tang’s identity was too special. He didn’t know what kind of influence it would have if he told others.

“Xiao Hong, can you help me keep this a secret?” “No problem, just lend it to me for two days!”

“Impossible!”

“Stingy!”

After a round of in-depth discussion, the two of them finally reached a consensus.

Little Fushun came here at least once a week to play, and Xiao Hong helped to clear out the people here.

This area was the Xiao family’s residence. The Xiao family’s residence was in the center of this area. It was protected by a camouflage spell, so MO Xiu did not notice anything unusual.

Although Xiao Hong was a trustworthy person, he still had to be careful.

Why did Xiao Hong want to get close to Little Fushun? With her personality, if she were to do any research, it might be detrimental to Little Fushun.

I remember the last time I went to your house to look for you, you chased me out angrily. Is it because of this big guy?” Xiao Hong said.”

“Yes, but he’s not a big guy. He’s less than a year old!” Moxiu nodded.”

“Oh, what’s his name?” “Little Fushun!”

“Hahaha...

Xiao Hong kept asking about Little Fushun’s childhood. MO Xiu told her about how Little Fushun had diarrhea and how he ate when he was young.

Xiao Hong kept laughing when she heard this. It was not a simple laugh, but a mockery!

This made MO Xiu and Little Fu Shun blush. Little Fu Shun, in particular, couldn’t bear to listen anymore and ran to the side to play.

However, Xiao Hong’s condition made MO Xiu feel at ease. She wasn’t sad because she had been expelled from the royal family. Instead, she was much more cheerful.

Perhaps after thinking it through, he had relieved himself of the burden of so many years.

In the end, MO Xiu returned the herbs picked up by Little Fushun to Xiao Hong. After all, this was her home.

After Xiao Hong saw the herbs, she laughed and said that she would give them to Mo Xiu.

When Little Fushun returned, he bid farewell to Xiao Hong and went home..

Chapter 229: It’s Still Because of You

3rd month, 24th day. Moxiu and Little Fushun were training in the basement.

They learned each other's combat techniques, but due to the limitations of the venue, they did not use any skills, so they could not relax.

3rd month, 25th day. MO Xiu and Little Fushun hit it off and prepared to go to the Xiao family's place again to facilitate their training.

He called Xiao Hong and went over.

As soon as they arrived, MO Xiu and Little Fu Shun couldn't wait to fight.

At first, Xiao Hong thought that a pet would be like its owner. Since MO Xiu had ruined Xiaofu, why couldn't she play with him for a while? He had to fight.

However, the more he looked, the more he felt that something was wrong. Their fighting style was very strange. They did not look like humans, and the beasts did not look like beasts.

Moxiu would occasionally use his hands to support himself on the ground and use all four limbs like a wild beast in an attempt to deal higher damage.

Little Fushun, on the other hand, had a very organized fighting style, and it looked like a set of moves.

The more Xiao Hong looked, the more shocked she became. She walked over and stood in the middle.

MO Xiu had just grasped some tricks when Xiao Hong suddenly interrupted him. He was a little unhappy.

"Xiao Hong, what are you doing? Didn't you promise us that we can move around freely here?"

Xiao Hong nodded." That's right. I'm not restricting you. I just want to join!" "You're a Mage, why do you need to learn melee combat?" Moxiu's face darkened. "

“Why can’t a Mage learn actual combat?” Xiao Hong asked with a straight face.

Didn’t you see Wei Lingyun’s close combat ability?”

MO Xiu originally wanted to say that Wei Lingyun had a skill that was compatible, but after thinking about it, Xiao Hong’s skill seemed to be compatible as well.

The Flame Spear, Flame Goddess, and Flame Feather could all be used in close combat.

MO Huan thought for a moment and said, “ Alright, let’s play like this. Be serious. The three of us will fight in a free-for-all. If we fall, we’ll be eliminated. The last one left will win. How about that?”“

“Alright!” Xiao Hong replied. It’s settled then!”

“Alright then! Begin!”

Xiao Hong released her skills to join the battle, but it was not what she had imagined.

In just three seconds, he was knocked to the ground by Moxiu and Little Fushun. They had agreed on a chaotic battle, but Moxiu and Little Fushun had joined forces to attack.

After that, the two of them fought like before.

Xiao Hong walked to the side and sat down. The more she thought about it, the angrier she got. If she didn’t want to bring him along, then she just said she didn’t want to. Wasn’t this bullying?

“MO Xiu, you bastard!”

Moxiu turned his head and smiled.” Don’t be anxious. This round is over. You can continue with the next round!””

Xiao Hong took a deep breath to calm herself down and muttered,””You’re indeed sinister. No wonder even Qiu Chunxia fell for your trick!”

His voice wasn’t loud, but Moxiu could still hear him. Even if he heard it, he still pretended not to hear it. Sometimes, he had to be more thick-skinned!

MO Xiu and Little Fu Shun were tired of fighting. MO Xiu suddenly slapped Little Fu Shun’s arm, causing Little Fu Shun to fall back exaggeratedly.

He fell to the ground and kept howling. This poor acting made Xiao Hong even angrier.

“Second round!”

“You should at least rest for a while after a round!” said Moxiu.

“Start immediately! Otherwise, don’t train here!”

“Uh... Fine!”

MO Xiu had not expected that he would fall into the trap he had set.

If they kept fighting like this, they would run out of stamina sooner or later. Xiao Hong would then be able to achieve her goal.

In the next few matches, MO Xiu and Little Fu Shun no longer acted shamelessly and trained Xiao Hong as usual.

He didn't disappoint MO Xiu. Xiao Hong was indeed a crazy woman. She learned the fighting style of wild beasts and was not slower than him at all. She fought without caring about her image.

At the end of the day, Xiaofu was so tired that he was panting heavily.

MO Xiu and Xiao Hong were also covered in mud, and they didn't look human anymore.

The two of them looked at each other's sorry state, then looked at themselves and laughed loudly.

"MO Xiu, thank you. It's been a long time since I've felt so happy from the bottom of my heart."

"You should let it go. Since you've been expelled from the imperial clan, you should relax and interact more with Xiao Lan and Xiao Qing."

Xiao Hong nodded." I will, but I won't relax. I want to do as you said. I want to bring the Xiao family to a higher position than the imperial family. "" Xiao Hong gritted her teeth as she said this.

This period of time Xiao Hong pressure is very big, under the one part of the forces collapse, unwilling to attach to the Xiao family.

Xiao Hong was waiting for all the forces to leave before regrouping.

March 26th.

Mu Mu urgently called for a meeting with the members of the inter-school competition.

MO Xiu and Yang Qingzhuo rushed over and bumped into Xiao Hong at the door.

"MO Xiu, you're quite late. Why aren't you as enthusiastic as yesterday?" Xiao Hong asked."

After saying that, he turned around and walked into the training field. Yang

Qingzhuo said angrily, "Mo Xiu, didn't you say that you went out with Little

Fushun yesterday? Why are you with Xiao Hong?"

"This... She did go out with Xiaofu and Xiao Hong."

"MO Xiu, you...No matter what, you can't lie to me. You didn't bring me along just to be with Xiao Hong, right?"

"No, I'm not lying to you. I met him before."

Yang Qingzhuo turned his head and said," My dad told me to be careful of you. I didn't think much of it. I didn't expect you to be so overboard.""

After saying that, he entered the stadium. Moxiu stood outside alone and sighed.

Xiao Hong was definitely taking revenge on Yang Qingzhuo.

However, MO Xiu felt wronged. He clearly had nothing to do with the two girls, but now it was as if he was two-timing them. Even he felt guilty.

In the stadium, there were only Cao Fenglin and Mu Mu, as well as the starting lineup. The substitutes weren't here yet.

After MO Xiu entered, Mu Mu said," Alright, everyone's here. This emergency meeting is held because there's a relatively important piece of information.""

MO Xiu, who had just entered, said as he walked,""Is it the information of the southern and northern team members?"

“Not bad!”

Mu Mu placed the list of participating schools from the south and north on the table.

“This is the list of participants from the strongest Federal Academy in the north and the strongest Faith Academy in the south. Did you find anything?”

Moxiu looked at the name list. There were only names on it, and no other introductions. He couldn’t see anything unusual.

Looking up, only Xiao Hong and Liu Peixiong had solemn expressions.

Qiao Yang and Yang Qingzhuo, like him, did not seem to notice anything.

Cao Fenglin took out a pen and circled two names.

Federation Academy, Bobo. Match.

Belief College, Sha Emperor. Teacher.

MO Xiu had also noticed this earlier. The others all had ordinary surnames, but these two people’s surnames were more special.

MO Xiu didn’t want to beat around the bush and asked directly, “What do these two surnames represent?”

Mu Mu said, “I’ll explain it to you this way. The owners of these two surnames are equivalent to the royal family in the central region of the Alliance! ”

MO Xiu was shocked. Sending the royal family out for this inter-school competition?

Mu Mu continued, "I originally didn't know either. Cao Fenglin told me about it. Without considering anything else, just the strength of these two people alone might be on the same level as Liu Ci. They won't be easy to deal with."

"They didn't use an alias," Moxiu said. "That means they're not afraid of us finding out. Why?"

Cao Fenglin pointed at MO Xiu..

Chapter 230: Bobo and Sha Emperor

MO Xiu was speechless. How was this related to him?

When the firearms incident was resolved, it had indeed caused a huge impact. For a time, everyone in the Alliance knew about it.

MO Xiu had thought that this was all. He hadn't expected that it would affect the south and north, and that the imperial clan would be sent over.

Cao Fenglin saw that MO Xiu didn't say anything and continued, "It's true that you're related to the Liu Family. Their intelligence is definitely better than ours. They knew long ago that the Liu Family would represent the martial arts universities and signed up right from the start."

Mu Mu said, "They signed up at the beginning and didn't come back. Otherwise, what would the people from the central region do?" They did not cheat, so they did not hide their surnames."

"Then, what are the characteristics of these two people's skills?" asked Qiao Yang. Let's hurry up and train!"

Qiao Yang was originally the least enthusiastic one. However, after the last two battles, he was targeted twice in a row and was the first to be eliminated. He felt a little uncomfortable.

Mu Mu shook his head. Cao Fenglin also turned to look at Xiao Hong. If there was anyone here who understood the matters of the imperial clan the most, it would definitely be Xiao Hong.

MO Xiu was a little worried. Xiao Hong was no longer a member of the royal family. Would it not have any effect if she casually revealed the news?

Xiao Hong said indifferently, ""Alright, then I will give you a general explanation of the current situation."

Everyone was curious about the unknown. When they heard that there was a secret to listen to, everyone pricked up their ears, including Moxiu.

"First of all, I want to correct your statement. There is no royal family in the north and south. The north is called the leader, and the south is called the noble. "

MO Xiu nodded. This was the first time he had heard of this. It was very interesting.

"As you can see, the names of the other people in the north and south are almost the same as ours. Only the surnames of the leaders and nobles are different. '

"During the war, the central region was the first to discover the uniqueness of the royal family and quickly informed the south and north. It was also the central region that took the lead in the war and paid the most for the war."

"So after the war ended, in order to unite the Alliance, the south and north also decided to keep only two surnames in order to commemorate the contribution of the central continent to the war. The remaining people changed their surnames and names to the same as the central continent, and also began to use the language of the central continent. "

‘ After many years of evolution, the language and names of the north and south are no different from mine. As for the two surnames that I retained, the north changed the surnames of all the leaders to Bobo, and the south changed the surnames of all the nobles to Sha Di.”

Motheo raised a question.” I understand the process and the origin of the name. I want to ask, if the central continent has such great influence, why did the south and north become independent?”

Xiao Hong explained,” The central continent doesn’t have absolute power to rule. It seems like the north and south have made a huge sacrifice, giving up a part of their culture to unite. In fact, the central continent has also paid a huge price in exchange, but this can’t be said.”“

MO Xiu nodded and waved his hand to signal Xiao Hong to continue.

Xiao Hong continued,” Only in the central region are the various families piecing together the royal family. The highest combat power in the south and north is more united, which also guarantees the continuation of the bloodline.”

“The Xiao family was ostracized by the imperial family because they had children with ordinary people, resulting in their bloodline being impure and losing their innate skills.”

At this point, Xiao Hong’s eyes were a little lonely, but also filled with determination.

“I’m saying this to let you understand that their skills aren’t as diverse as the Royal Family’s.”

Mu Mu’s eyes lit up and asked,”“Tell me, what are their characteristics?”

“The southern Sha Emperor’s nobles mainly use gods and buddhas for their skills. Most of them are buffing and amplification skills!”

“The northern Bobo leader. His skills are mainly Summoning, and most of them are Beast type. They will amplify the main body!”

Mu Mu started to ponder. Cao Fenglin asked, ""Then...What was their individual strength?"

Xiao Hong thought for a moment and said, " They definitely won't send their strongest. Their strength shouldn't be as terrifying as Liu Ci's, but I think they should be stronger than MO Xiu.""

As Xiao Hong spoke, she stole a glance at MO Xiu.

MO Xiu did not get angry. Instead, he nodded humbly.

Moxiu knew very well that there was a certain gap between his strength and those of the royal family.

Although his strength had improved very quickly during this period of time, the education that the royal family had received since they were young and the resources they could use were too different. It was not something that could be smoothed out overnight, even if they were talented.

Mu Mu seemed to have thought it through and said," If that's the case, we have very few tactics available to us. They are definitely strong, and the other members will definitely not be weak. If that's the case, we have very few tactics available to us."

Mu Mu looked at MO Xiu. MO Xiu shrugged helplessly and said,""Listen to the arrangements!"

MO Xiu knew that Mu Mu wanted him to face the strongest point again.

"The tactics are basically the same as when we fought against the Devil. Moxiu will face the strongest point, and the others will quickly finish the battle."

Qiao Yang said awkwardly, "What if..." What if they attacked the others like Lu Zhihao?"

Cao Fenglin said," Don't worry. I can tell you with certainty that the southern and northern regions have sent out the royal clan. Ah, let's just say the royal clan. Their goal is to spar with Moxiu and Liu Clan. We'll see if the strength of the ordinary youths in the central region of the Alliance can challenge them."

"Teacher Cao, have you forgotten something?" MO Xiu corrected. "There's an individual competition before the team competition finals. They want to test my strength. They'll be able to see it then."

Cao Fenglin was indeed negligent. He lowered his head and pondered.

Mu Mu nodded. "There's no way to think about it now. This is the only way to win. So, I need you to increase your speed again and stall them as fast as you can."

Liu Peixiong patted MO Xiu's shoulder and said, "Brother, I wish you good luck."

Mu Mu said, "We can't relax either. Their teammates are not ordinary people either. They might not be weaker than you. They are also the elites of their respective schools."

Mu Mu took out a pen and explained while drawing on the paper.

"MO Xiu's mission is very difficult. There's no way for him to give commands on the spot."

Xiao Hong nodded in agreement.

"Other than MO Xiu, the rest of you will be split into two groups. Liu Peixiong will act alone, while Xiao Hong, Yang Qingzhuo, and Qiao Yang will be in one group."

Liu Peixiong raised her hand and said, "I know. I want to finish off the weakest one of them quickly!"

Mu Mu replied, "No, you have to deal with the person who has the greatest impact on the situation. We don't have detailed information. You can only judge for yourself on the field!"

Liu Peixiong nodded.

If they were to judge their opponents on the field, then they needed to have a good tacit understanding. Otherwise, they might collide.

For the next day, the five of them conducted countless simulated battles to prepare for the finals.

At night, training had just ended.

MO Xiu's phone rang. After picking it up, he heard the long-lost voice.

"MO Xiu, I've arrived at Yan City!"
