

Four Skills 231

Chapter 231: Mu Family 1

“Qingyi? You’re really here? Where are you? I’ll go find you!”

“Are you at Yan University? I’m nearby, I’m going to find you, I don’t have much time.”

“Alright, you can come. I’m at training field number one, just outside the school entrance. I’ll pick you up at the entrance!”

MO Xiu greeted the few of them and left.

Xiao Hong was a little curious. MO Xiu was a little agitated just now. Who was he meeting?

“Little stalker, why didn’t you follow?”

“Hmph, didn’t you hear MO Xiu say Qingyi? It’s Sister Mu Qingyi!”

Xiao Hong muttered softly, “Mu? Mu Qingyi...Sister?”

“Stalker, you know this Mu Qingyi?”

Yang Qingzhuo wanted to anger Xiao Hong, but she suddenly became serious.

He could only answer honestly, “I don’t know her, but I’ve heard of her. She’s

Moxiu’s sweetheart.”

Xiao Hong smiled playfully.”

On the side of Yan University’s field, MO Xiu and Mu Qingyi were sitting together.

The last time when the results of the college entrance examination came out, the two of them also sat on the field and chatted.

However, the last time was at Shun City First High School. MO Xiu sometimes thought that it would be great if Mu Qingyi was also at Yan University. “Qingyi, after you went back last time, did anyone say anything?” Mu Qingyi smiled faintly and raised her eyebrows slightly. She didn’t say anything, but Moxiu understood what she meant.’

“I’ve made you suffer for me!”

Mu Qingyi said,” It’s nothing. I’ve lived in Shun City since I was young. Even if I don’t do it for you, I have to do it for Shun City!””

“I know, you did it for me!”

Mu Qingyi was a little shy as she said,” You’re really amazing. I thought that the battle at Shun City was the best outcome. I didn’t expect that you had so many follow-up plans and handled the entire incident so well.”

MO Xiu smiled and said,”I’m powerful. You know that!””‘

Mu Qingyi was stunned for a moment before she punched MO Xiu and said,””How would I know? Can’t you be more serious?”

“I’m already serious enough. Why should I be serious when I’m with you?” Moxiu shook his head.”

“You, how did you learn to be so glib? Do you know how the northern regions evaluate a hero like you?”

MO Xiu was slightly interested when he heard this and asked, ""What's your evaluation?"

"He said that you have the strength of the royal family and can become the new royal family!"

Moxiu suddenly understood. No wonder the south and north had sent experts over. It turned out that their focus was different from the central region.

The people of the central continent would all think of Moxiu as a hero. Strength was secondary.

As for the southern and northern regions, they had not experienced the baptism of the firearms incident and had no concept of this disaster. Therefore, the discussion was more about Moxiu's strength.

"Then are you proud of me?"

Mu Qingyi stood up and said, " Nothing serious. I won't chat with you anymore. I'm going back.""

"Alright, let's stop fooling around. Let's have a good chat.""

Mu Qingyi looked at the time and said, " I really have to go back. Although my parents didn't follow me out this time, the teacher will be monitoring me. I'm really leaving. See you during the competition. If there's a chance, I'll run out to look for you.

Mu Qingyi turned around and was about to leave when MO Xiu grabbed her hand and said, ""Can't we not leave this time?"

Mu Qingyi did not turn her head, and said with her back facing MO Xiu, ""Moxiu, the last time I went back, I had to give my parents an explanation.

This time, I have to go back and shoulder the responsibility that belongs to me.

Although I yearn for freedom, I won't run away from my responsibility."

I trust you." Moxiu let go of his hand and said," If I can't find you one day, I'll cross the Montenegro and White Water to capture you and tie you to my side.""

Mu Qingyi was a little touched and helpless when she heard MO Xiu say such domineering words in a gentle tone.

Mu Qingyi walked far away, and MO Xiu sat alone on the field, watching the sunset.

A person sat down beside him.

"Did you fall out of love?"

MO Xiu knew it was Xiao Hong.

"Lovelorn? No, they just didn't agree."

MO Xiu did not deny his relationship with Mu Qingyi, even though their relationship had not been confirmed yet.

"That's good!"

"What you said this morning..." said Moxiu.

"What's wrong?"

"Speaking of the Xiao family's problem in front of so many people, do you not want to ease up with the imperial family?"

“Relax? I’ve already set my goal. I just don’t want to let myself have a way out!”

MO Xiu smiled but didn’t say anything. This was really in line with Xiao Hong’s personality.

Xiao Hong looked at MO Xiubai and then looked ahead, seemingly hesitant.

“Just say what you want to say! ” “Sigh! I don’t know if it’s right or wrong to tell you!”

“Do you think I want to know?”

That’s the saying, the time to turn the world upside down!

“About Mu Qingyi, about the Mu family!”

MO Xiu looked at Xiao Hong with bright eyes!

“I’ve been investigating this matter, but there’s no result yet.” Xiao Hong smiled smugly.

“What’s the relationship between the two of you? Do you still need to investigate? Why don’t you ask her directly?”

“She doesn’t want to say!” MO Xiu lowered his head and said.” Is it because she doesn’t want to tell you or you don’t want to ask?”

“Are you going to tell me or not?”

MO Xiu found it strange that Xiao Hong, who had always been emotionless, could guess all this.

“Alright, I’ll tell you. Remember what I said this morning? The Alliance’s central region paid the price too?”

It was MO Xiu who had asked this question in the morning, so of course he remembered.

“I remember!” “The Mu family is the price! ”

‘What do you mean?’

Xiao Hong stood up and said,” The Space God Mu Clan was originally a clan in the central region of the Alliance. In exchange, they will assist Bobo in the north!”

MO Xiu instantly understood. This was the responsibility that Mu Qingyi was talking about!

Xiao Hong continued,” During the war, there were a total of three families that were as famous as the Liu family and could compete with the imperial family. After the war, other than the Liu family, the other two families went to the north and the south!”

MO Xiu was still deep in thought, thinking about Mu Qingyi’s matter.

” You should still have a question. Why would the descendants of such a family appear in Shun City? Because Shun City is the only independent city in the central region of the Alliance, news doesn’t spread that quickly. Therefore, many families who want to train their descendants choose Shun City.”

“I understand. Shun City is no longer independent, so no clan will send their disciples there in the future.”” “That might not be the case!” “I have another question!”

“Speak!”

“Will the north restrict the Mu family?”

I know what you want to ask,” Xiao Hong said.” Just say it. The Mu family must stay in the north of the Alliance after they reach adulthood. They have to apply for permission every time they go out. ””

MO Xiu understood. He understood the reason why Mu Qingyi's parents did not allow her to make friends. It was not to control her, but rather to protect her. As for why he had lived in Shun City for so many years, it was still a question.

"Looks like I really have to go to the north next time."

"What did you say?"

MO Xiu's voice was very soft just now, so Xiao Hong did not hear him.

MO Xiu also stood up and said, "It's nothing. Let's go back. Thank you for telling me this."

"It's nothing. I've decided that you're my ally!"

"Haha!"

Chapter 232: Xiao Hong and Lu Zhihao Joining Forces

March 27th and 28th.

Mu Mu trained everyone like a devil. He threw away his previous words about resting well before the competition and trained them hard for two days.

MO Xiu's pestering technique was brought to greater heights, and the Hu Family Fist Technique that he had not used for a long time was also used by MO Xiu.

Xiao Hong, Yang Qingzhuo, and Qiao Yang were trained by Cao Fenglin. He trained the three of them to have a tacit understanding and listed out all the possible combinations of skills that the three of them could use.

Liu Peixiong was in the worst situation. He was tortured by Mu Mu. He had to judge the situation at the beginning and then decide where to support after defeating someone.

Even though Liu Peixiong had gone through high -intensity training, he did not have any complaints because everyone knew that Liu Peixiong was the key to those tough battles.

MO Xiu dragged the most strong, can guarantee that Yan Da will not lose, but can not win, it depends on Liu Peixiong.

Liu Peixiong's usual carefree and bold personality made it easy for others to overlook his strength.

In reality, he was an expert on the same level as Moxiu. Perhaps he was not as well-rounded as he was. He was limited by his skills and was not suitable for prolonged battles. He was suitable for high explosive damage and insta-killing an enemy.

After two days of training, everyone benefited greatly, including Cao Fenglin and Mu Mu.

The two of them also saw endless possibilities among the five people from Yan University.

Since they were prepared, they didn't panic. Everyone was no longer as worried as they were at the beginning and gradually regained their confidence.

Moxiu returned home and prepared to rest early. After all, the intensity of training for the past few days was quite high.

Lying in bed, he suddenly thought of the herbs that Xiao Hong had given him. If they were to replenish his strength, wouldn't it be just right to eat them now?

He took it out to take a look, but he still couldn't figure out what it was for. He could only search it online.

“No branches or leaves...The flesh is divided into three parts. There are patterns on the surface.”

“I have it...”

“This netizen is really knowledgeable.”

“Xinglong Grass...What a strange name. Its function...Replenish physical strength, make the body in a state of excitement, help in a certain aspect, in what aspect?”

“It’s mostly used for... An aphrodisiac?”

MO Xiu recalled Xiao Hong’s smile that day. Only now did he realize that she was mocking him!

March 29th.

The opening ceremony of the inter-school finals!

If the district competition was said to be very entertaining, then the finals would be a real fight. Every team would go all out.

Although the Alliance was a whole, every school wanted to fight for the glory of their respective districts.

Therefore, the finals were even more intense and exciting, and the atmosphere was even more serious.

The host did not stir up the atmosphere at home like he did in the district finals. After all, there were still people from the south and north watching.

After a brief introduction of the participating teams and guests, they began to explain the rules.

The rules of the finals were different from the division competition. The individual competition was separate from the team competition.

The first was the individual competition. The rules of the individual competition were relatively new. There were a total of 24 participants from six schools.

There would be four rounds of competition. The first round would be a group of three. Only one person from each group would advance, which meant that they had to defeat two people.

After the first round, there were only eight people left. Then, the elimination round would be held. The eight people would enter the fourth round, the four people would enter the second round, and then the finals would be held.

On Yan University's side, Liu Yue did not come and forfeited. In the end, it was decided that Qiao Yang would be the substitute!

The way the team competition played was relatively simple. Teams in the same division would not compete, but would fight against the other four teams separately, and the final ranking would be based on the wins.

If the number of wins was the same, the ranking would be based on the relationship between victory and defeat.

Just like the regional competition, the next round was drawing lots. The four members of Yan University who had advanced to the individual competition went up.

After the results were announced, Moxiu was very lucky to not encounter any strong opponents.

Qiao Yang and Sha Emperor were not as lucky. Xiao Hong and Bobo were in the same group. They were divided into a group.

The two of them basically had no chance of being eliminated. Liu Peixiong's opponent was not bad and should be able to advance.

The team competition also required drawing lots to determine the order of the competition. Cao Fenglin went up on stage to draw lots and after determining the order, he said to Cleansed Eye, ""Let's see how lucky I am. The two strongest opponents will fight last, so we have more time to prepare!"

I think it's better to put one first and the other last," Moxiu said." That way, we'll have time to rest. It's a little stressful to fight two in a row.""

"MO Xiu, shut up!" "Hahaha...

Everyone laughed.

The afternoon was still a break. The individual competition would begin on the 30th.

When MO Xiu returned home, Zheng Yi was finally home. He started cooking again.

"Zheng Yi, I'm not injured this time. Did you cook for me?"

"Haha, what are you saying? If you're not injured, can't I make you a good meal?"

Moxiu's face suddenly tensed up." You've returned to the way you used to be when you were around the goddess every day. The branch of the Strongest Society won't let you screw up, right?"

Zheng Yi knew that MO Xiu was joking. He chuckled and patted MO Xiu."Don't worry, I'm doing well. My goddess is now the vice president."

MO Xiu was about to speak when Zheng Yi stuffed a piece of meat into his mouth.

"Don't worry, MO Xiu. She came up bit by bit and didn't use any backdoors." MO Xiu chewed on it, and it tasted pretty good. He pointed at Zheng Yi.

No wonder Zheng Yi hadn't been home all this time. It seemed like he had taken down his goddess.

After the meal, MO Xiu returned to his room, still thinking about Mu Qingyi.

March 30th, the individual competition began.

The eight matches were split up. The first of the four from Yan University to go on stage was Liu Peixiong.

There was one person who posed a threat to Liu Peixiong. It was a warrior from Belief College. It seemed that he would be a member of the team battle. It was a good way to familiarize himself with his opponent.

In the end, Liu Peixiong managed to emerge victorious.

Xiao Hong was the second to go up, and her opponents were Bobosai and Lu Zhihao.

This group could definitely be considered the group of death. Xiao Hong wasn't weak to begin with, and she was ranked second among all the contestants.

There was no need to talk about Lu Zhihao. He might not even be able to defeat Moxiu. There was also one of the publicly acknowledged strongest players in this competition, Bobosai!

The three of them had the strength to enter the top eight, but unfortunately, they met each other.

The match had just begun.

Without any communication, Xiao Hong and Lu Zhihao chose to join forces to attack Bobosai.

Both of them were from the central continent, while Bobosai was from the north. It was only right for them to join forces.

Personally, the strength of the two of them was definitely not as good as Bobo Sai. In order to win, they could only work together to eliminate Bobo Sai first.

Therefore, at the start of the match, the two of them attacked Bobosai without hesitation.

Bobosai seemed to have expected this situation. He stood where he was and did not react. He looked at the two of them confidently.

Xiao Hong and Lu Zhihao looked at each other and stopped.

Xiao Hong released a Flame Burst at Bobosai.

Bobosai still did not move. “The Flame Blast exploded on his body, causing the crowd to cry out in alarm.

MO Xiu also stared ahead. Someone actually dared to take Xiao Hong’s Flame Blast head -on.

As the flames dissipated, Bobosai stood unharmed on the spot.

Three snow wolves, a black bear, and an eagle appeared beside him!

Chapter 233: Home Field Silencer)_I

It was originally a two-on-one situation, but now it was a six-on-two situation.

The five wild beasts stood next to her, giving off a strong aura. It was not just their numbers that were suppressing her.

These five wild beasts were undoubtedly Bobosai's strongest attack. However, wasn't Bobosai's physical strength a little too astonishing?

Even MO Xiu did not dare to take Xiao Hong's Flame Blast head-on, let alone not suffer any injuries.

The entire audience was shocked. Every single one of them had a bad feeling. This year, the people from the south and north were too strong. The central region might not get any good results.

This kind of emotion spread among the audience, and even among the audience in front of the television.

The audience that should have been cheering was now completely silent. Only the team from the north was cheering excitedly, but it seemed small and ear-piercing in the crowd.

After all, this was the home ground of the central continent. 99% of the people who came to watch were in support of the central continent.

However, Bobosai's performance was like a silencer that silenced the entire

process.

Not only the audience, but the two teams in the middle, all the members of Yan University and Magic University, looked at the arena with heavy expressions.

Even Xiao Hong and Lu Zhihao were hesitating. They knew that Bobo Sai was not as strong as a normal leader. The two of them had a low chance of winning.

However, the two of them did not give up. Since Xiao Hong's Elemental Damage did not work, it was Lu Zhihao's turn.

Lu Zhihao summoned his flying sword and entered the flying sword. When he reached Bobosai, he appeared and slashed his immortal feather towards Bobosai.

Bobosai was still as if he had nothing to do. He put his palms together above his head and caught the white blade with his bare hands.

“Bang!”

Bobosai was forced to kneel on one knee by the impact. He made a loud noise, but his hands managed to catch Lu Zhihao’s wing attack.

Everyone exclaimed once again. Elemental attacks and physical attacks were ineffective. How could they fight?

Lu Zhihao did not give up on attacking. He held the immortal sword in his hand and stabbed out!

At this moment, a wolf pounced over and bit the immortal sword. Lu Zhihao was in a sorry state. His wings and sword were controlled, and he kicked Bobosai in the face.

Lu Zhihao immediately took a few steps back to widen the distance between them. Bobosai’s strength was too terrifying.

When Lu Zhihao and Xiao Hong stood still, they did the same thing, something that no one expected.

The two of them looked at Moxiu. When Moxiu saw their gazes, he was slightly stunned. He immediately understood what they meant.

Both of them knew that they were no match for Bobosai. Who else in the central continent could possibly defeat him?

The answer was that only Moxiu had such a possibility. Therefore, the two of them were thinking of helping Moxiu test out Bobosai’s moves.

Now was not the time to divide the schools. They should contribute to the central region.

Moxiu stood in his original spot, his mind filled with a myriad of thoughts.

Based on the strength that Bobosai had displayed, he was no match for him. The strongest was the wild beasts around him, but up until now, he had barely used any wild beasts, so his true strength could not be estimated.

Moxiu didn't use God's Snooping. After all, there was still a competition later. Although the opponent wasn't strong, he couldn't let his guard down.

He sighed in his heart. Was this it? Was this the difference between him and the imperial family?

MO Xiu wasn't affected by the blow. Instead, his eyes were filled with battle intent.

Recently, after MO Xiu awakened his second skill and leveled up, he rarely encountered opponents stronger than himself. Liu Ci was one of them, and so was Bobosai.

Regardless of whether he won or lost, Moxiu wanted to exchange blows with such an expert. He did not want to let go of any opportunity to become stronger.

On the battlefield, Xiao Hong and Lu Zhihao's eyes were filled with fighting spirit as they attacked Bobosai together.

Previously, he was just testing the waters. This time, he went all out and did not hold back at all.

Bobosai was indeed strong, but not to the point where he could ignore the full power attacks of two experts.

The three wolves ran out together, while the black bear and the eagle stayed by their side.

Lu Zhihao and Xiao Hong's choices were surprisingly the same. They both flew into the sky and launched long-range attacks.

Among the animals summoned by Bobosai, wolves and bears couldn't fly, so they had an advantage in attacking from the sky.

At this moment, after the eagle spread its wings and circled around, it stopped near Bobosai. Bobosai jumped onto the eagle.

The eagle carried Bobosai and flew in the air. They were even more agile than Lu Zhihao and Xiao Hong.

Bobosai spoke for the first time.

"I don't like this aspect of you people from the central continent. You just have to be as strong as you are, and you have to use tactics to attack your opponent's weakness!"

Lu Zhihao replied, "Let me give you an old saying in the central continent. All is fair in war. The victory of a battle doesn't just depend on strength. There are many other factors.""

Bobosai laughed maniacally, showing off his dominance.

"I'll give you a word of advice too."

The following battle was very exciting, but neither the audience nor the people of Yan and MO were interested.

No matter how Xiao Hong and Bobosai cooperated, they were suppressed by Bobosai.

In the end, they lowered their flight altitude and used the three wolves to attack, winning.

Xiao Hong went to look for MO Xiu as soon as she got off the stage.

“How is it? Did you get anything?”

” Yes,” Moxiu nodded.” But it’s not big. He probably hasn’t used his full strength yet. It looks like he’s quite relaxed.””

Xiao Hong sighed.” Sigh, I was wrong. This Bobosai is definitely not an ordinary leader. He might be one of the stronger leaders of the younger generation in the north.””

Xiao Hong felt a little lonely and deeply understood the gap between them.

Moxiu didn’t say anything. He understood that any consolation he gave now was just bragging.

Next was Moxiu’s turn to go on stage. Cheers that hadn’t been heard for a long time rang out in the arena. The audience watching the match just now was extremely depressed.

As the most popular contestant this time, MO Xiu adjusted the atmosphere of

the venue.

Moxiu had won this match without much effort. One of them was a member of the Magic University, and the other was a member of the Federal Academy.

It was supposed to be an exciting match, but the contestant from Yan University knew that he had no hope of advancing, so he decided to do MO Xiu a favor. He first worked together to eliminate the contestant from the Federal Academy, then walked out of the ring himself.

Next was Qiao Yang, who was the last to go on stage. In the same group was another favorite to win the championship, Sha Dishu, a southern aristocrat.

Unfortunately, Qiao Yang, who was not strong in a one-on-one fight, had two opponents from the south.

Throughout the entire match, Sha Emperor Shi did not make a single move.

Qiao Yang knew that it was impossible for him to win, so he used his doppelganger to attack Sha Thearch. However, Sha Thearch could only dodge a few moves.

In the end, Qiao Yang was defeated, and the southern contestant forfeited. Sha Thearch advanced.

With that, the first day of the competition ended. Mu Mu wrote down a lot of things in his notebook, most of which was related to the Bobo competition.

“How is it?” Cao Fenglin asked. Did you see Bobosai’s weakness?”

Mu Mu shook his head..”

Chapter 234: Indestructible and of a Condemnation

After the match, Bobosai’s performance shocked many people, including the netizens online.

After the competition, the netizens were not as enthusiastic as before. There were only a few posts that lamented Bobosai’s strength.

Perhaps they were all worried about the central region, Yan University, and MO Xiu.

March 31st.

The second round of the individual competition, four out of eight.

There was good news and bad news for Yan University.

The good news was that MO Xiu and Liu Peixiong wouldn't be able to meet either Bobosai or Sha Dishu before the finals. The two strongest opponents would meet in the semi-finals.

The bad news was that today's match was MO Xiu versus Liu Peixiong.

That meant that after today, there would only be one person left in Yan University.

Not only Yan University, but Magic University had been completely wiped out in the first round. After this round, there would only be one person left in the entire central region.

MO Xiu and Liu Peixiong went on stage. The two of them stood on the field and laughed. They really didn't expect that they would be fighting against each other so soon.

"MO Xiu, I won't admit defeat in today's competition!" Liu Peixiong said.

"Me too!" Moxiu smiled and spread his hands.

"Hahahaha, then let's begin!"

The match officially began. Liu Peixiong and MO Xiu did not let their guard

down and unleashed all their skills!

MO Xiu first used God's Sight. He already knew Liu Peixiong's skill. He mainly used the locking effect to know Liu Peixiong's exact location.

The Martial God's Descent's Amplification felt that it wasn't enough, so it attached the Explosive Divine Flames to the body of the body.

Liu Peixiong activated Divine Movement and Stealth Speed and marked the target.

He quickly arrived in front of MO Xiu and threw a punch. Although MO Xiu's speed was not as fast as Liu Peixiong's, his reaction speed was not slow. He immediately dodged to the side and kicked Liu Peixiong's abdomen.

Liu Peixiong's kick missed, and she suddenly disappeared, activating the Golden Cicada Shedding Its Shell.

Liu Peixiong instantly appeared behind MO Xiu. To his surprise, MO Xiu didn't react at all.

Since it was a good opportunity, Liu Peixiong would not give up. He punched out. This punch was a critical hit that was augmented by two skills. Once it hit, even MO Xiu would be heavily injured.

Before the punch could be unleashed, a giant sword appeared behind MO Xiu and blocked Liu Peixiong's path.

Liu Peixiong immediately withdrew his fist and retreated. The sword was pointed at him just now. If he had punched him, he might have been seriously injured.

This was the tactic Moxiu had thought of from the start. What was the favorite part of an assassin? It must be his back.

Especially when they had the advantage in speed, almost all assassins would choose to circle around the other party's back and attack.

This way, he could avoid the opponent's counterattack and also deal higher damage.

MO Xiu used the marking effect of God's Snooping to know Liu Peixiong's location.

Even though Liu Peixiong had already pulled away from him, the giant sword was still behind MO Xiu.

MO Xiu was prepared to carry his greatsword on his back for the entire match. He only needed to defend against Liu Peixiong's sneak attack.

Under normal circumstances, MO Xiu would use his greatsword to harass his opponent. However, Liu Peixiong was simply too fast. It would be difficult to lock onto the target if he used his greatsword to attack. It would also be easy for Liu Peixiong to use the Cicada Shedding Shell to obtain an opportunity for a sneak attack.

Liu Peixiong laughed when she saw MO Xiu's cautious look.

"Hahaha, Moxiu, are you prepared to carry that sword on your back to guard against me?"

"That's right, defeat me head-on!" Moxiu said frankly."

Liu Peixiong didn't try to be polite. The fingers on his right hand turned golden, and he used his Goldfinger.

When he attacked again, MO Xiu carefully exchanged blows with Liu Peixiong. He used his rich combat experience to prevent Liu Peixiong from finding any opportunities.

Was an assassin strong in a one-on-one battle? It could be said to be strong, but it could also be said to be weak. When the opportunity arose, the Assassin would use a set of skills to instantly kill you. However, if the opportunity did not arise, all skills would be useless.

The two of them were now facing each other head-on. This wasn't Liu Peixiong's strong point, but MO Xiu's strong point.

Therefore, Liu Peixiong did not have any chance to hit MO Xiu. If he did not hit MO Xiu, all the skills would not be able to deal any damage.

However, Liu Peixiong wasn't stupid. He knew that he couldn't face Moxiu head-on, so he had found many opportunities to go around Moxiu's back. No matter how sharp his greatsword was, it could only defend a small area. There would always be an opening.

However, when Liu Peixiong circled behind MO Xiu countless times, whether it was using his speed advantage or using his Golden Cicada Shelling Teleportation, he could not find any flaws.

The giant sword seemed to have eyes, and it would block Liu Peixiong's attack route every time.

However, when he was fighting MO Xiu head-on, he was punched several times by MO Xiu, and his body was covered in injuries.

After about ten minutes of bitter fighting, Liu Peixiong quickly retreated and stood about ten meters away from Li Moxiu.

"MO Xiu, you didn't give me any chance at all. If you had attacked a little more, I might have already lost."

Liu Peixiong was telling the truth. In a situation where an assassin could not launch a sneak attack, the disadvantage of an assassin against a warrior was too great.

If MO Xiu had caught Liu Peixiong and attacked him fiercely, he would have won by now.

Moxiu spread his hands and said," Don't think that I don't know what you're thinking. Although I might have a huge advantage if I attack aggressively, it's also easy for me to reveal my flaws. Don't you Agility Attacks like to find opportunities in desperate situations? It might be a little slow to fight like this, but I'll definitely win."

The two of them were too familiar with each other and knew each other's moves and changes.

MO Xiu was able to see through Liu Peixiong's moves. Liu Peixiong naturally knew that he had no chance of winning, so he simply walked out of the boundary.

The host announced the results of the competition.

“MO Xiu wins.”

MO Xiu also walked off the stage.

“MO Xiu, this is the most humiliating battle I’ve ever fought,” Liu Peixiong said with a depressed look.”

“I’m sorry, I’m really afraid of your skill.”

Liu Peixiong had a golden finger! True damage. Other than the fact that the body of the Liu family’s general had become stronger, a normal person would not be able to withstand a single hit.

That was why Moxiu didn’t dare to be careless and ensured that he didn’t get hit.

What made Liu Peixiong depressed was that from the beginning to the end, he did not hit MO Xiu once. He did not use any of his skills. He did not even get a critical hit. As an assassin, this was a failure.

Other than MO Xiu, the top four were Bobosai from the north, Fan Yiqin from the north, and Sha Emperor Shi from the south.

MO Xiu’s next opponent was Fan Yiqin from the north, the only female in the top four.

Moxiu carefully watched her match. She was a Mage, and her skills were very powerful.

After the match ended, the audience was still in low spirits. How could they be happy when they saw such a grim situation?

However, the popularity on the Internet had recovered a little.

“Only Moxiu is left in the top four. The central region might be in danger.”

“Dangerous what? There were only four people left, and one from the central region. The result was not too bad.”

“I heard that Sha Di shi is an expert on the same level as Bobosai. Can MO Xiu

“During the firearms incident, who would have thought that Moxiu would be able to influence the overall situation?”

“I like the comment above.. Believe in MO Xiu and believe in miracles!”

Chapter 235: Hug (1)

April 1st, the semifinals of the inter-school competition.

Due to the firearms incident in the central region, the competition had been postponed, so the competition schedule was relatively tight.

After yesterday’s match, someone approached Moxiu and asked if he needed to rest for a long time.

Moxiu’s answer back then was no. It seemed like the other members who had advanced would receive the same treatment.

If there weren’t any special circumstances, the competition would proceed as usual.

It was already April. After the competition ended, the southern and northern regions still had to rush back. It was going to be the holidays soon, so time was tight.

In the semi-finals, the first to go on stage were Bobosai and Sha Dishu. The match between these two people received a lot of attention.

Moxiu was also very concerned about this. He wanted to see how Bobosai would display his full strength. Sha Thearch also needed to pay attention to him.

This highly anticipated match did not even begin.

After Bobosai and Sha Emperor Shi entered the arena, they looked at each other for two seconds. Sha Emperor Shi walked out of the boundary and admitted defeat.

When the referee announced that Bobosai had advanced, no one from the south and north was surprised. It was as if they had already known about this outcome.

The players in the central region felt a little regretful, especially MO Xiu. He didn't get to see the battle between two experts of the same generation.

Next was MO Xiu's turn. His opponent was Fan Yiqin from the north.

MO Xiu did not lower his guard against Fan Yiqin at all. She should be the true embodiment of the north's strength.

"Hello, MO Xiu. I'm an Elementalist from the Federal Academy."

"I'm from the Yan University's power attack system. Please guide me. ""

"Before Bobosai came, I was the strongest student in the north. I hope you can fight me seriously and let me see how strong a person who can make a leader move is."

"I will. Let's begin." Moxiu nodded."

Before the host announced the start of the match, Moxiu used God's Snooping.

"Skill 1: Blizzard 5(to be used)

[Skill effect: Form a blizzard within a 50-meter radius. The blizzard can be moved and deals continuous damage to the enemy (damage is 5). The user will not receive any damage.]

20%.]

[Additional effect: Increase. Within the range, your speed increases by 200%.

[Duration: 20 minutes] [Cooldown time: 1 hour]

[Second Skill: Ice Seal 4(to be used)]

[Skill effect: Freeze three cubic meters of ice, causing continuous damage to the interior (100).]

[Skill effect: Choose a target to be a new target, swap body control, and see and use the target's skills that are not on cooldown.]

[Duration: 1 second]

Cooldown time: 1 hour.”

MO Xiu looked at Fan Yiqin's skill and his expression became serious.

Fan Yiqin was very strong. First of all, the damage of her first skill seemed very low, but it was a large-scale continuous damage. Just this alone could deal up to 5 damage.

The damage of the second skill was even more terrifying. It lasted for 30 seconds and dealt 100 damage. One had to know that Xiao Hong's Flame Burst only dealt 500 damage.

The third skill was a killing move. There was nothing much to say about it. It dealt double damage.

The four skills were what Moxiu cared about the most. Although it stated that she could see and use them and that they were not on cooldown, he was not sure if she could see the passive skills.

Moreover, the four skills were not elemental skills, nor were they spells. They were special abilities.

The four skills were all related and could form an attack routine.

At this moment, the host announced the start of the competition.

Motheo immediately released the Descent of the Martial God and the Sword Saint's Divine Weapon. He then used God's Sight again to divert the skill to avoid being discovered after switching bodies.

Fan Yiqin immediately used Blizzard to envelop MO Xiu.

At the same time, Moxiu's greatsword appeared behind Fan Yiqin, ready to attack. Moxiu also launched a long-range attack. His speed was indeed affected by the blizzard, but it was still acceptable.

As for the damage caused by the blizzard, the Descent of the Martial God had a 50% immunity to elemental damage. Coupled with his own elemental defense, it could not cause much damage.

Motheo's own passive skill could offset the effect of the laceration. The spectators could hardly see anything.

Only Fan Yiqin looked at MO Xiu in surprise. She didn't understand why the blizzard couldn't do any harm to MO Xiu.

Rend was the best effect of Blizzard because it ignored Defense and guaranteed that the opponent would be 100% injured. Once injured, the Elemental Defense would definitely decrease, causing a second damage.

However, from the looks of it, Moxiu wasn't affected at all.

Fan Yiqin had dodged the greatsword's sneak attack. It wasn't that she had reacted quickly, but that she had guessed that MO Yucheng would use the greatsword to launch a sneak attack and had made preparations.

Moxiu controlled the greatsword to continue attacking while closing the distance.

No matter how powerful a Mage's skills were, they were still Mages. Mages were most afraid of close-range attacks from Assassins and Warriors.

Of course, the exception was Wei Lingyun, who had become a Battle Mage.

Fan Yiqin's original plan was to use Blizzard to stall Moxiu and then find an opportunity to use Ice Seal. However, Moxiu's performance had completely disrupted her plan.

Moxiu was getting closer and closer, but at the same time, he was still unable to deal with the greatsword.

Fan Yiqin gritted her teeth and used her ultimate move. She didn't expect the match to progress so quickly.

At this moment, MO Xiu had already arrived in front of her and was about to throw a punch at Fan Yiqin.

Fan Yiqin resolutely used two skills, Ice Seal and Soul Exchange.

The live audience saw a miraculous scene. Just as MO Xiu was about to hit Fan Yiqin, he suddenly stopped.

In reality, their souls had already swapped places. Moxiu's vision blurred, and he saw his own body.

Your body is smiling, the scene is very strange.

MO Xiu couldn't see Fan Yiqin's skill, but Fan Yiqin's body was emitting a faint blue light. It was like...He was chanting!

MO Xiu immediately reacted. Fan Yiqin wanted to use Ice Seal to freeze MO Xiu's body!

Soul Swap and Ice Seal's casting time were both one second. They were a perfect match.

Activating a chant while switching bodies was equivalent to controlling Moxiu for one second. After the swap ended, the chant would also end, which would be the perfect time to freeze Moxiu.

In just a second, Moxiu reacted quickly.

However, Fan Yiqin's speed was too different from his. MO Xiu was not used to it.

He wanted to push his body out of the frozen area, but it was too late.

MO Xiu had an idea and controlled Fan Yiqin's body to hug his own.

The two of them hugged each other and were frozen!

Chapter 236: Tactical Need

What followed was the most lovable scene of the entire competition.

MO Xiu and Fan Yiqin hugged each other and were frozen for 30 seconds. A full 30 seconds.

Some of the audience couldn't help but laugh out loud.

Some of the audience members even shouted, "Not only do we want to defeat you, but we also want you!"

Everyone in the north was stunned. They didn't understand what Fan Yiqin's goal was.

Exchange feelings?

In the northern crowd, Mu Qingyi's eyes widened as she looked at this scene in disbelief.

What was going on? Putting aside the fact that Fan Yiqin had wrapped MO Xiu up, why did MO Xiu avoid her?

Mu Qingyi did not even realize it herself as she clenched her fists unconsciously.

Yan University was even livelier. Yang Qingzhuo was extremely agitated. She had been living with MO Xiu for a few months, but MO Xiu had never hugged her.

How could they hug each other after just a few minutes?

Yang Qingzhuo looked at Fan Yiqin carefully. She had yellow hair, blue eyes, a tall figure, and a curvy figure.

Yang Qingzhuo looked at himself again. Could it be that MO Xiu liked this kind of person?

Xiao Hong snorted coldly and left the stands.

Mu Mu's face turned red as she lowered her head.

Cao Fenglin was very excited and even took out his phone to take a photo, making MO Xiu laugh at him all the time. This time, I have something on you.

Dong Fang wasn't present. Otherwise, he would definitely be amazed by MO Xiu's flirting skills.

Not only did he promote the competition to pick up girls, but he also picked up northern girls.

The discussion on the Internet was even more heated.

“F * ck, Moxiu is so awesome. The girls from the north are so handsome. My heart is itching.”

“What’s the use of itching? The people of the north are so fierce. If it were you, would you dare to go up?”

“I wouldn’t dare, I wouldn’t dare. MO Xiu is still the best.”

“Are you guys looking at the wrong thing? It wasn’t a matter of whether or not he dared to go up, it was a matter of charm. Just now, the northern girl had taken the initiative to throw herself at him. MO Xiu merely didn’t reject her. Is there anything to compare?”

“Brother, you’re killing the chat.”

The live audience was also discussing the matter. They were praising MO Xiu’s awesomeness while looking at Fan Yiqin with envy.

MO Xiu was indeed the creator of the topic. This action swept away the depression in the hearts of the audience and netizens for the past two days, and their enthusiasm once again soared.

In the arena, MO Xiu and Fan Yiqin’s bodies had already switched back the moment they were frozen.

They couldn’t move their bodies, not even their eyes. They were in an awkward

position.

They weren’t hugging each other tightly, but their eyes were locked. MO Xiu’s eyes still contained Fan Yiqin’s shock, while Fan Yiqin’s eyes still contained MO Xiu’s anxiety.

This scene would definitely make the headlines tomorrow. Fan Yiqin felt pain just thinking about it, especially when she still had her current actions and eyes.

It wasn't just Fan Yiqin. MO Xiu was also feeling very awkward. He stared at Fan Yiqin, unable to close his eyes even if he wanted to.

If Mu Qingyi saw this, she did not know what she would think of her.

However, he had no choice in the situation just now. When Moxiu controlled Fan Yiqin's body to move, he realized that the casting could not be interrupted, which meant that the Ice Seal would definitely be cast.

His initial plan was to use Fan Yiqin's body to push his own body away so that Fan Yiqin's body would be frozen.

At that time, Fan Yiqin wouldn't have controlled MO Xiu's body to dodge because she had to maintain MO Xiu's body in that position to be frozen.

However, after MO Xiu controlled Fan Qin's body to take a step forward, he discovered the problem.

The difference between Fan Yiqin's body and her body was too great. It was impossible to push her body out in less than a second.

After seeing her actions, Fan Yiqin controlled her body to resist.

At that time, MO Xiu had an idea in his mind. He could resolve this crisis by freezing Fan Yiqin's body.

He might as well hug his own body. This way, he could prevent Fan Yiqin from using Absolute Ice Thorn to attack him after the soul exchange was over.

Now that the two of them were so close, Fan Yiqin couldn't use Absolute Ice Thorn. Otherwise, she would lose first.

Just like that, the two people were forced to look at each other for 30 seconds before the freezing effect ended.

Fan Yiqin retreated quickly. She was in a sorry state, and her injuries were rather serious.

MO Xiu wanted to be better. He immediately used the Holy Explosive Flames on his body to remove the negative effects of the ice seal.

“How is it?” asked MO Xiu. Are you going to admit defeat yourself, or am I going to do it?”

“You’re shameless!” Fan Yiqin said through gritted teeth.”

Fan Yiqin had never used this move before. She rarely even used it when exchanging souls.

Anyone who was hit by a skill like Soul Exchange would have time to react after taking control of another person’s body, right?

This reaction time was enough to waste a second, but Fan Yiqin didn’t expect that MO Xiu didn’t have such a reaction time and quickly thought of a way to break it, even though this method was very stupid.

If it wasn’t for the fact that she rarely used Soul Exchange, she would have thought that Moxiu knew about her skill.

When she switched bodies, she saw that Moxiu had a skill called Explosive Holy Flames. Before she could see the effect of the skill, Moxiu had already controlled her body to pounce over.

“I’m shameless?” MO Xiu said innocently. You were the one who pounced on me and hugged me just now. I didn’t react in time, so you got what you wanted. There’s a saying in our central continent. I don’t know if you’ve heard of it before, but it’s called pretending to be good when you get a bargain!”

MO Xiu was certain that Fan Yiqin did not want to reveal the skill to the public. If it were him, he would not want to reveal the effect of this skill either. This was because once the effects of Soul Exchange were known, its effects would be reduced by half.

Fan Yiqin was furious. MO Xiu was clearly the one who had taken advantage of her, yet he was still blaming her. What was even more infuriating was that there was no way to explain it. This time, he had really embarrassed himself.

In his rage, he activated Absolute Ice Thorn to attack. Without the help of Ice Seal, the Ice Thorn would not be able to hit Moxiu.

Moxiu cleverly dodged the ice and said, "Do you still want to continue? Then I won't stand on ceremony!"

Fan Yiqin's face darkened. When have you ever been polite?

The heavily injured Fan Yiqin couldn't take another blow from MO Xiu, so she could only walk out of the Outer Realm and admit defeat.

"MO Xiu, just you wait!" Fan Yiqin said without turning her head.

Then, he directly walked off the stage. Moxiu wanted to be mischievous and say, "What are you waiting for? Do you want to hug me again?"

However, when he thought about how Mu Qingyi was watching from the sidelines, he might already be angry at this moment. If he were to be mischievous again, he might never see Mu Qingyi again.

The match ended with Moxiu's victory. The list for the finals of the individual competition was also out. The next match would be held on April 3rd, and Moxiu would fight against Bobosai.

As he walked down the stage, MO Xiu was originally looking towards the northern area, wanting to see Mu Qingyi's reaction. Before he could find her, he was entangled by Yang Qingzhuo.

“MO Xiu, tell me, what exactly happened?”

“It’s nothing.. It’s a tactical need!”

Chapter 237: The Pretty Man Trap (1)

“Tactical needs?”

Xiao Hong said.

MO Xiu replied frankly,” That’s right, it’s a tactical need.”

Using Fan Yiqin’s body to hug his own was a tactic and a fact.

However, if he told them about his opponent’s move, it would be a little inappropriate. It wouldn’t be too late to tell them about it when they met in the team battle.

“What tactic?” Xiao Hong said disdainfully. Is it a beauty trap?”

“That’s right!” MO Xiu was stunned for a moment.”

MO Xiu was just joking when the reporters who had just surrounded him heard his words.

This also led to the interview after the match being led astray by Moxiu.

The questions that the reporters had prepared were all very serious because Moxiu had entered the finals and would be facing Bobosai.

Previously, he had been prepared to ask Moxiu if he was confident and if he had thought of a strategy.

However, after the match, the questions were all gossipy.

“MO Xiu, may I ask what is your relationship with Fan Yiqin? Were they a couple in private?”

“No, I’ve never seen him before!” MO Xiu denied.”

“Then why did she suddenly hug you?”

“You should ask her about this!”

“Uh... In that situation, you could have easily dodged it. Why didn’t you?”

Moxiu answered the same question as before,””Tactical needs!”

The reporter wanted to ask more questions, but MO Xiu interrupted him.”There’s no need to ask about tactics. You all heard it just now. It’s a p boy trap!”

All the reporters did not know what to ask. Wasn’t this too direct?

When the news came out that night, Fan Yiqin saw MO Xiu shamelessly boasting about using a handsome man as a bait. She was so angry that her entire body trembled.

“This Moxiu is actually called a hero by the people of the central continent. He’s simply shameless! ! ! ”

Such interesting news instantly blew up the internet.

“What else can I say? Awesome! She had used a handsome man in the competition and actually succeeded!!!”

"This matter is a little strange, but there's no other explanation. Fan Yiqin took the initiative to pounce on MO Xiu, but MO Xiu didn't dodge!" "@ Twenty-four-second theory, come out and analyze it."

"Haha, the Almighty retired after the last argument."

"I think that MO Xiu was simply too cool when he said that Fan Yiqin had taken advantage of him and was still pretending to be obedient."

"You're shameless!"

MO Xiu brought the angry Yang Qingzhuo home. Just as he entered the house, he received a text message on his phone.

"Shameless!"

It was from Mu Qingyi!

MO Xiu smiled. He knew that Mu Qingyi was not very angry. Otherwise, she would not have taken the initiative to send a message.

MO Xiu replied.

"It's really a tactical need. You have to believe me."

"Understood!" Are you angry at me?

"Why should I be angry?"

"That's right. It's not like we haven't hugged before."

Mu Qingyi did not reply to her message. MO Xiu called her but did not pick up. After a while, he received an inconvenient message.

MO Xiu shook his head helplessly. He did not really understand Mu Qingyi's parents' thoughts.

In the past, he had looked down on MO Xiu. But now, wasn't his status as the

Dark Shadow Crown Prince enough? Why didn't he let Mu Qingyi contact him?

"MO Xiu, did Sister Mu send a message?" Yang Qingzhuo shouted."

MO Xiu nodded and did not deny it. "Did Sister Mu say anything about you?" "Why me?"

"You're hugging someone else!"

"Do you think everyone is as petty as you?"

Yang Qingzhuo was furious. He sat on the sofa alone and was in a daze. After a while, he called Yang Zekun.

MO Xiu went upstairs and saw Zheng Yi at the door. He gave himself a thumbs up.

"MO Xiu, if you had given me some of your flirting skills, my goddess would have long since been taken down!"

MO Xiu merely glared at Zheng Yi before returning to his room.

When he returned to his room and looked at his phone, Dong Fang had indeed sent him a message.

“Awesome. I’ve been studying your competition to pick up girls recently and I’ve already made some progress.”

MO Xiu was stunned. A competition to pick up girls? Research?

She replied to a message and fell asleep.

“I wish you success!”

On April 2nd, before the finals, the game was finally over.

MO Xiu was making the best use of his time to study his skills. During the battle with the martial arts university, he had gained a deeper understanding of skills when he shouted “Sword!” at Liu Ci in the end.

It was just that he had not had the time to calm down and study skills during this period of time.

Today was not a suitable day to study. After all, the time was a little short, and it seemed to be in a hurry.

However, thinking about how he was going to face Bobosai tomorrow, it would be good if he could improve a little.

Facing such an opponent, MO Xiu had a strong urge to defeat him.

Moreover, they had to protect the honor of the central region. In the past five years, the central region had always been the champion of the individual competition. Whether or not they could hold on this time would depend on Moxiu.

Moxiu had arrived at the rooftop early in the morning. This was the best training ground. Regardless of the terrain or scenery, it was suitable.

Moxiu first went through a routine physical exercise as a warm-up.

After that, he used the Sword Saint's divine weapon to study it carefully.

When the cooldown time was up, Moxiu sat on the rooftop and closed his eyes in deep thought, wanting to understand the mysteries within.

After repeating this process many times, he finally entered the state in the evening and had some clues.

Just as Moxiu was focusing all his attention on researching the skill, the skill was about to level up.

Someone patted Moxiu's shoulder, messing up his thoughts and making all his previous efforts go to waste.

MO Xiu was a little angry. He wanted to see who it was. He had already told Yang Qingzhuo and Zheng Yi not to disturb him, so why was he still taking pictures of him at such a critical time? He thought that it was most likely that idiot Zheng Yi.

"What did I say?" Moxiu asked as he turned his head. You..."

He turned around and saw the person who was pointing at him, but he stopped halfway.

"What's wrong? You want to teach me a lesson?"

It was Elder Tang!

MO Xiu maintained his posture and didn't move. He had been looking forward to meeting Elder Tang. He had too many questions to ask, but now that he had seen him, he didn't know where to start.

Mr. Tang was in a different state from the last time. Last time, although his hair and beard were white, he was still in high spirits.

This time, the difference was that his spirit, energy, and spirit were a little weak, and his eyes were lifeless.

What an old man feared the most was not being thin and weak, but lacking energy. MO Xiu understood that Elder Tang's health was not very good.

Elder Tang noticed the meaning in Moxiu's eyes. He waved his hand and sat down on a chair. 'Why are you looking at me like that? Your master won't die yet.'

MO Xiu sat at the side worriedly. He couldn't agree with some of his Master's methods, but he had helped him so much after all.

Elder Tang's current appearance made MO Xiu feel a little sad!

"Master, where have you been all this time? Why didn't he appear?"

Mr. Tang leaned back in his chair and said weakly, "To do something very important."

"Is it more important than the impact of hot weapons on the central continent!"

Elder Tang nodded.

He turned to Moxiu and smiled, "Aren't you in the central region?"

Chapter 238: A General's Success (1)

MO Xiu lowered his head. He had originally wanted to confront Elder Tang when he saw him and ask him if Elder Tang had arranged for him to be involved in the firearms incident.

However, when she saw Mr. Tang's current state, she couldn't say anything.

"I know what you're thinking.""

MO Xiu's eyes lit up as he looked at Elder Tang.""Can you answer me?"

"Yes, I was indeed the one who shot down the Demon Falcon back then. I was also the one who arranged your first mission."

"Did you know Qiu Chunxia's goal from the beginning?" asked MO Xiu."

"I don't know." Elder Tang shook his head." I didn't know there was something wrong with Qiu Chunxia, but I found some clues from Qiu Qiu. I've given you all the clues I know.""

"You had some clues back then, but why didn't you investigate immediately or search the Qiu family directly?" MO Xiu frowned. This would be faster, right? By the time I found out the truth, many people had already died."

"Son, there are some things you have to accept. I'm here to help you solve the knot in your heart. There are three reasons why I didn't investigate it myself!"

Mr. Tang sighed."

MO Xiu looked at Elder Tang and waited for his answer!

"Firstly, it is not advisable to search the Qiu family. Qiu Qiming's prestige in Shun City goes without saying. If I make a mistake, I won't be able to bear the consequences. "

"Secondly, I had more important things to do at that time and didn't have the time to investigate personally, so I gave you the clues. Later on, the firearms gradually appeared, and I also got Wang Yu to follow up on this matter. If you gave up on the investigation, there was still a backup plan."

“Third, just like you thought, I wanted to train you. If I had the time, I would have explained the matter to you and asked you to organize the investigation. The result was that you did very well, better than everyone else.”

‘I agree with the first two points,’ Moxiu said. ‘But I don’t agree with the last point. Is training me more important than thousands of lives?’”

Mr. Tang didn’t answer immediately. Instead, he sat quietly for five minutes before speaking slowly.

“People only know that a general can achieve great things, but they don’t know how many people he has protected? How many generations?”

“I don’t think we should sacrifice them for nothing.”

Mr. Tang reprimanded, “You still don’t understand. Even if I were to do this, I wouldn’t be able to do better than you, with fewer casualties.””

“You can’t use the results to reverse deduce!”

“You’re so stubborn!”

“This is a matter of principle. Your original intention was to train me. You can sacrifice some people.”

Elder Tang was so angry that he laughed. “Heh, I’m not someone who doesn’t care about human lives. You don’t have to feel guilty. I knew from the beginning that only you could do this perfectly!”

“How did you know?”

Elder Tang smiled and said, “‘1... I just know!’”

“Why did you accept me as your disciple? Isn’t your disciple’s character the most important? But you probably don’t understand me very well.”

“Just like how I know that you can perfectly solve the firearms incident, I also know your character.”

MO Xiu’s question was answered by Elder Tang’s baseless words.

In MO Xiu’s opinion, Elder Tang was being shameless. Everything should have a cause and effect.

“Is there anything else you want to ask? After this meeting, they might not see each other for a long time.”

You haven’t even explained the questions I asked,” Moxiu said.” What else do I have to ask?””

“Yo, kid, are you angry with me?”

“I wouldn’t dare!” MO Xiu cupped his hands and said.”

“Hmph, you wouldn’t dare. How is Little Fushun recently?”

“Awakened. Not bad, but I don’t think it’s good to keep him locked up in the house.”

“Didn’t you despise him back then?” Elder Tang nodded. Do you have feelings for her now?”

MO Xiu nodded. There was nothing to hide. Lil ‘Fu was very understanding and listened to him. After interacting with him for such a long time, of course he had feelings for him.

“Little Fushun will leave sooner or later, but not now.” Elder Tang continued.”

“When was that?”

“You’ll know when the time comes.”

MO Xiu was fuming. Elder Tang kept asking him questions, but he didn’t give a clear answer. It was as if he hadn’t gotten anything out of him after so long.

“I have one last question.”

“Tell me!”

“Do you know my mother, Li Yuan?”

On the eve of the firearms war, MO Xiu had found a letter that might have been written by Mr. Tang in Li Yuan’s jewelry box.

This was also something that Moxiu was very concerned about. If Elder Tang knew his mother, did that mean that Elder Tang had been looking at him all these years?

That was why he had accepted him as a disciple so rashly and trusted him unconditionally.

Elder Tang was stunned for a moment. He didn’t expect MO Yu to ask this question.

Moxiu also keenly caught Elder Tang’s expression. Now, there was hope. He could finally ask something.

“Yes, I do.” Old Master Tang came back to his senses and replied.”

“How did you meet the imus?

“So be it. We are residents of Shun City. They might get to know each other after buying vegetables together.”

Moxiu's expression instantly changed from anticipation to disappointment. He almost blurted out the words 'damn old geezer' out of his mouth. This master of his was simply too shameless.

Elder Tang looked at Moxiu's ugly expression and laughed loudly.

"Hahaha, MO Xiu, are you not feeling well?"

MO Xiu no longer wanted to talk to Elder Tang.

"Yeah, I don't feel well."

'I can't tell you how I met Li Yuan,' said Master Tang." But I can tell you about her background!

MO Xiu no longer trusted Elder Tang. Who knew what meaningless words he would say next?

Moxiu said emotionlessly, "Tell me! ""

"Your mother is from the royal family!"

MO Xiu narrowed his eyes. He wasn't shocked by the news. Instead, he gave Elder Tang a deep look.

"Brat, what do you mean by that look? Are you suspecting me?"

Moxiu rolled his eyes." Let's not talk about whether I believe you or not. What you said is right. Isn't your intention of getting me close to the Imperial Family too obvious?" Last time, he wanted me to interfere with firearms. This time, he wanted me to get close to the Imperial Family, and he wanted to control me. However, this time, he wasn't as smart as before."

Master Tang's eyes twitched. He was a little embarrassed that he had been exposed.

“Your mother is really from the royal family!”

“I don’t like living my life according to someone else’s plan.”

“It’s not anyone else. This is your own life!”

Don’t even think about it. Mr. Tang did want him to walk on a fixed path, but if what Mr. Tang said was true, then this path had to be taken. In this way, Elder Tang was only helping Moxiu choose the right time.

“Tell me more about it!” MO Xiu said.”

“Your mother is from the royal family, the only daughter of the third generation of the Li family.”” “And then?” “What then? There’s nothing else!”

“I... Sigh!”

MO Xiu sighed and completely lost his trust in Elder Tang..

Chapter 240 - 240: You’re the Younger Brother, I’m the Grandfather

Amidst the discussion of the netizens and the cheers of the audience, the host invited the two finalists to the stage.

The two of them went on stage and looked at each other.

“Moxiu, you should know that I’m here for you, right?” Bobosai said.”

MO Xiu nodded.” I know, but I don’t understand. How can I make your northern leader move?””

“Your identity and the things you have done are announcing to the world that you, Moxiu, have been born, which is why I have come.”

MO Xiu knew that his identity as the Dark Shadow Crown Prince had caused him trouble.

“I will fight with all my might. Don’t think that victory is in your hands.”

Hahaha!” Bobosai laughed loudly.” We northerners don’t have much to say.

We must go all out in battle, even if our opponent is an ordinary person.”” “You didn’t use your full strength when you fought Xiao Hong and Lu Zhihao.”

Bobo Racetrack: ” That was arranged by our teacher, not my original intention.”

“Then...Shall we begin?”

“Come!”

This Bobosai was really dishonest, saying that the northerners didn't have so many schemes.

Bobosai was most afraid of elemental damage. He had two skills in total, but none of them increased his elemental defense.

He had used his innate skill to calmly receive the Flame Blast when he was fighting Xiao Hong. In fact, he was immune to the damage when he released the skill.

This also misled Xiao Hong into thinking that elemental attacks were ineffective.

If he hadn't been suppressed by his initial resistance, he wouldn't have won that game so easily.

This Bobosai was definitely not a simple-minded person.

The two active skills were powerful enough, and they weren't considered passive. Even Moxiu would find it hard to deal with them. If Bobosai hadn't used the fusion of the Snow Wolf's skills, his body would still be considered a weak point.

Once he used Fusion, he really had no weaknesses. MO Xiu didn't know where to start.

Not to mention the power of his innate skills, each skill was equivalent to two seconds of invincibility. Fortunately, Bobosai only awakened two skills.

There were two chances of invincibility. Because he had to use a skill in the beginning, there was only one chance left. The advantage of the talent skill was not fully utilized.

At this moment, the host announced the start of the competition!

"Let the competition begin!"

The two of them reacted immediately. Bobosai summoned three wolves. Moxiu used the Descent of the War God and the Sword Saint's Divine Weapon to stand still.

The giant sword appeared behind Bobo, and Bobo turned his head sideways to dodge the attack.

"MO Xiu, can't you change your strategy? Do you think it's useful to use this move in every battle?"

Moxiu still didn't move. He controlled his greatsword to attack Bobosai again.

Bobosai once again dodged to the side. He knew the destructive power of this giant sword, and it cut open Liu Ci's skin and flesh.

Just as Bobosai thought he had dodged the greatsword, the greatsword split into three.

Bobosai was shocked. The three swords were about to attack him at the same time. It was difficult for him to dodge, so he quickly retreated while protecting his vital points.

However, he had miscalculated. The three swords were not aimed at him, but at the three snow wolves that had not moved.

The three swords were very fast and injured all three wolves.

Bobosai reacted and immediately controlled the three wolves to return to his side.

The three injured wolves would definitely affect the upcoming battle.

Just as the greatsword split into three, Moxiu moved. He dashed behind Bobosai at high speed and punched the back of his head.

Bobosai's reaction was extremely fast. He immediately released his second skill, triggering his innate skill and becoming immune to damage for two seconds.

Just as Bobosai wanted to take advantage of the two seconds of invincibility to launch a fierce attack. Moxiu had already retreated far away.

Bobosai was stunned. It was as if Moxiu could predict the future, and had predicted all of his movements.

“You can!” Moxiu said.

“Huh?” Bobosai asked. What can?”

“Didn’t you ask me if I could change my routine? I said yes!”

Bobosai was speechless. Why did he only reply at this time?

Moxiu still managed to grasp the main point of Bobosai’s skill. Finding loopholes was what Moxiu was best at.

All the animals that Bobosai summoned were controlled by his main body.

Even after training, it was impossible for a person to multitask in a panic.

That was exactly what Motheo had done earlier. The greatsword suddenly turned into three, causing Bobosai to feel threatened. He had no time to care about the three snow wolves, and the three swords turned around to attack the snow wolves successfully.

When Bobosai finally reacted, he was still in a state of panic and focused all his attention on the snow wolf.

From the beginning to the end, he didn’t notice MO Xiu sneaking over.

When Moxiu threw a punch and Bobosai sensed danger behind him, it was too late. He couldn't dodge it.

He could only release his second skill to trigger his innate skill, Double Immunity, to block it.

After tricking Bobosai into revealing his strongest trump card, the real battle was about to begin.

"Brother Bobo, is my new strategy alright?" Moxiu asked with a smile."

Bobosai glared at him and said," All these fancy tricks are useless. I hate this part of you people from the central continent the most. You're scheming and scheming. Can't you just fight fair and square?"

Moxiu raised his eyebrows and said, "Haven't you used a lot of tricks?" But I want to say, you are the younger brother in this aspect, and I am the grandfather. "

' Nonsense!" Bobosai said angrily." I didn't use any tricks at all. And who are you calling grandpa?!'"

"Sigh, you dare to do it but don't dare to admit it. Don't make me think that all you northerners are like this. After all... I think Fan Yiqin is not bad. If you like her, hug her.."
