

Four Skills 251

Chapter 251: You Are a Royal

The next morning, after Father Zheng woke up and heard about his glorious deeds, he went out and did not return for the entire day.

The others were about to laugh to death. It seemed like Father Zheng was too ashamed to come back and face MO Xiu and Zheng Yi.

Early in the morning, Ye Qian 'er went to school and Mrs. Ye went to work.

Li Yuan was packing her things. She had to go to work later.

"Mom, are you in a hurry to go to work?" asked MO Xiu."

Li Yuan was stunned for a moment." No hurry," she said." Is there anything you want to tell me?""

MO Xiu nodded seriously. Li Yuan saw that the situation was not right and sat beside MO Xiu.

"Tell me, what is it?"

"Mom, do you know Mr. Tang?"

Li Yuan was stunned for a moment, then nodded.

"Do you know that he accepted me as his disciple?"

"I heard some rumors, but I didn't pay much attention to them," Li Yuan said lightly."

"Elder Tang told me that you're from the royal family."

Li Yuan wasn't surprised. She said calmly, ""It's time. I'm indeed from the royal family, but... I'm not anymore."

"Can you tell me about it?"

"There's nothing much to talk about. I'm pregnant, and the other party isn't the designated candidate for the royal family. I don't want to cause trouble for the family, so I came out."

Li Yuan spoke faster, and her emotions began to fluctuate. MO Xiu knew that this was something his mother did not want to remember.

His mother made it sound simple, but MO Xiu understood that things were definitely not just like that.

MO Xiu didn't want to force his mother to continue, so he didn't ask further.

' MO Xiu, I'm sorry," Li Yuan said." I don't want to talk about these things. If you want to ask who your father is, just pretend that you don't have a father."" Moxiu fell silent, not knowing how to continue.

Li Yuan stood up and walked to the door. Just as she was about to leave, MO Xiu said,"Mom, I want to go to the royal family to take a look." Li Yuan did not turn her head and left a sentence.

"Let me think about it!"

With that said, he walked out, leaving Xio sitting there alone.

MO Xiu didn't want to mention these things to his mother, but since he had decided to go to the Imperial Family, he had to find out his background. This was a path that he couldn't avoid.

Li Yuan's mood was very unstable now. He could only wait until she came back at night.

MO Xiu didn't want to waste this day's time. Since there was nothing else, he would go and see Yue Long.

Before he left, he even went to the Zheng family to ask Zheng Yi if he wanted to go with him.

When Zheng Yi heard that he was going to see the City Lord, he was a little excited. However, after thinking about it, he still rejected it.

They could indeed see the world there, but it might affect MO Xiu and Yue Long's conversation.

He knew that he wouldn't be able to understand what they were talking about.

After MO Xiu walked out of the Zheng Family, he gave Yue Yuan a call.

He called Yue Yuan because Yue Long was now a city lord and had too many things to deal with every day.

He asked Yue Yuan to make an appointment for him. Yue Yuan was still the same as before, and his efficiency was extremely high.

Ten minutes later, he called back and told MO Xiu that he could go over now.

MO Xiu did not delay and immediately set off for the Yue Clan.

The previous City Lord's Mansion had become a hero's tomb. The Yue Clan had also become the new City Lord Manor.

Although it was the City Lord's Mansion, it was no different from the last time MO Xiu came. It was still very simple and had not been renovated.

Just as they reached the entrance, someone brought MO Xiu in.

MO Xiu didn't need to be introduced, because everyone knew who MO Xiu was now, let alone in Shun City.

Entering the courtyard, a small office building was newly built on the empty space in front of the Yue family's villa.

This should be where Yue Long usually worked.

Yue Long was still as organized as ever, separating public and private matters. This time, he chose to meet MO Xiu in his own study.

MO Xiu walked into the study room. Yue Long was reading a book as usual.

"Uncle Yue, are you busy?"

Yue Long closed the book and said, "I'm not busy. I was busy rebuilding Shun

City a while ago. Now, I'm more free."

MO Xiu sat down without any hesitation and said, "I see that you're always reading a book. I'm curious what book you're reading."

Yue Long and MO Xiu interacted often and understood MO Xiu very well. If there was anything, MO Xiu would just say it. Now that they were chatting, it was obvious that they were here to reminisce.

Yue Long didn't say anything. He handed the book in his hand to MO Xiu.

MO Xiu took it and took a look.

“Dealing with sudden pregnancy situations and post-natal care, huh???”

After seeing the title of the book, Yue Long’s lofty image in MO Xiu’s heart collapsed.

“Uncle Yue, look at this book... I want a younger brother or sister for Yue Yuan.”

“I haven’t thought about it yet.” Yue Long replied seriously.”

“Then why are you looking at this?”

Yue Long took the book back and carefully placed it back on the bookshelf.

“It doesn’t matter what book I read. What’s important is that reading can calm my heart.”

MO Xiu could not quite understand. What kind of realm was this? Reading a book on postnatal care could change one’s state of mind.

“I admire you, I admire you. I should learn more from you, Uncle Yue.”” “Haha, don’t think you don’t know. You’re scolding me in your heart!” MO Xiu smiled and actually agreed.

Yue Long pointed at MO Xiu and scolded with a smile, “You brat!” “How’s Shun City?” MO Xiu asked. Does Uncle Yue have any plans for the future?”

Yue Long shook his head and said,” I don’t have any plans. Managing Shun City well is what I will do in the future. ””

The fighting spirit in Yue Long’s eyes was gone, replaced by satisfaction.

However, MO Xiu understood that if Shun City was in trouble again, the omnipotent Yue Long would still stand in front of everyone.

Yue Long continued, "Sigh, I originally thought that the Yue family was the peak that I could reach and I didn't want to take another step forward. I didn't expect Shun City to be in trouble, but it also forced me to take a step."

"How can you say that? At that time, no one was more suitable for the position of City Lord than you. You were also mentally prepared at that time, right?"

Yue Long nodded and said, "That's right. Sigh, my life has already been set in stone. It's not worth mentioning anymore. As for you, you're just a freshman and you've already become the strongest student. What are you going to do next?" Where are we going?"

"Elder Tang's suggestion is to go to the imperial family to take a look."

"Oh? Was he going to come into contact with the royal family so soon? Wasn't he afraid of seeing those top geniuses suffer a blow?"

"Uncle Yue, how can people like us who climbed up from the bottom be afraid of pressure? The greater the pressure, the stronger I will grow."

"Well said! I support you. You can also investigate the royal family. I've been the city lord for so long, but I still haven't figured out what's going on with the

royal family."

"I will definitely turn the Imperial Family upside down!"

"Hahaha, you must do it!" Yue Long laughed loudly. I'm watching you."

If outsiders heard MO Xiu's words, they would definitely think that MO Xiu was crazy. That could be the royal family, the highest combat power of the Alliance.

It was reasonable to say that he could get proof from the royal family, but to turn the royal family upside down? It was impossible.

However, Yue Long believed in MO Xiu unconditionally.

That day, MO Xiu, who was still a university student, came to his office and said, "I can save Shun City," and he did it.

From then on, Yue Long believed everything MO Xiu said!

Chapter 252: Where is the Imperial Family?_I

"Uncle Yue, there's something I want to talk to you about. It's about Elder

Tang."

"Tell me!"

"Elder Tang already knew about the Devil Hawk and suspected Qiu Qiu, but he didn't take action immediately. Instead, he handed all the clues to me..." MO Xiu told Yue Long about Elder Tang's theory of a general achieving the feat of a thousand bones.

Yue Long fell silent after hearing that and fell into deep thought.

MO Xiu didn't bother to know that Yue Long was thinking about how to answer Mo Xiu.

After waiting quietly for a moment, Yue Long said slowly.

“I think Mr. Tang did the right thing!” “What do you mean?” asked MO Xiu. “What do you think my position is?”

Shun City Lord!”

Yue Long shook his head and said,” You don’t understand what I mean. I can be considered a hero, but I’m not a leader. Even Old City Lord Qiu Qiming, whose influence is much greater than mine, is only a hero.”

“You mean...”

“Elder Tang wants to nurture you into a leader, perhaps the leader of the entire alliance.”

“I don’t understand,” replied Moxiu.

Yue Long smiled and said,” No matter how great my influence is, it’s only in Shun City. But you’re different. You’re more famous now. You can lead at least everyone in the central region to fight together.”

Moxiu fell silent, as if he had discovered something.

“What a leader needs is not only fame, but also the ability to drive and inspire.

The battle intent you displayed against Bobosai can drive people’s hearts. Among all the people I’ve met, I think only Bai Fan has this trait.”

MO Xiu nodded.

“Not only did you gain fame in the firearms war, but you also gained everyone’s respect and trust. What you lack now is proof of your strength. This is also why Elder Tang sent you to the royal family.”

‘Wait!’

MO Xiu finally spoke, interrupting Yue Long’s analysis.

“Uncle Yue, I understand what you said. If what you said is true, then... Why

was Elder Tang so eager to nurture human leaders?”

Yue Long leaned back in his chair and immediately understood. Originally, he was the one teaching MO Xiu, but now MO Xiu was teaching him. Moxiu continued, “Does it prove that the next war...” Not far away?”

Yue Long nodded with a dull expression.

“You’re right. It’s possible. I have to start preparing now.”

” We can start preparing in secret,” Moxiu said.” There’s no need to cause panic!!”

“Understood!” Yue Long replied.

After leaving the City Lord Manor, MO Xiu was still a little uneasy. There was one thing that MO Xiu did not tell Yue Long.

MO Xiu thought of a possibility. This was also based on his analysis of Elder Tang’s poor health when he came that day.

Could it be that during the war with firearms, the wild beasts attacked in a small area, but were stopped by Old Master Tang?

This could also explain why the Demon Falcon had appeared and why Qiu Chunxia was alone and helpless.

If this was true, how long could the peace that had just been restored last?

If this hypothesis was true, it would explain many things. However, from a subjective point of view, Moxiu didn't want this to be true.

If that happened, it would not be as simple as a war with firearms. It would be a

disaster for all mankind.

MO Xiu unconsciously agreed with Elder Tang's thoughts.

In the face of a true catastrophe, Elder Tang had to control the overall situation and make a choice.

Thinking of this, MO Xiu's determination to go to the Imperial Family became even more firm.

When he returned home, Li Yuan had already returned.

"Mom, why are you back so early today?"

Li Yuan said, "I came back to talk to you. I don't want to talk about the past. I just want to ask you a question!"

"Go ahead." Moxiu nodded and replied.

"Do you really have to return to the Imperial Family?"

MO Xiu nodded his head firmly. "Mom, I have to go, whether it's for myself or for my responsibility."

Li Yuan sighed and said, "Alright, give me two days. I'll deal with the things here. Then, I'll go to Yan City with you."

Li Yuan's voice was trembling. MO Xiu was very touched. All of this was for him.

MO Xiu walked over and gently hugged his mother.

At night, Ye Qian 'er and Mrs. Ye returned.

Mrs. Ye and Li Yuan went to cook while Ye Qian 'er and MO Xiu sat together.

Qian 'er, the college entrance examination is coming up soon. Have you decided which university you want to go to?" MO Xiu asked.

"Of course I'm going to Yan University. I'm going to look for my president! "

"Alright, Yan University welcomes you." MO Xiu smiled.

As an older brother, MO Xiu had to fulfill his duties and accompany Ye Qian 'er through actual combat training. He also told Ye Qian' er about the experience he had summarized.

For the next two days, MO Xiu's tasks were roughly as such. He hung out with Zheng Yi during the day and tutored Ye Qian 'er at night.

Li Yuan was also very busy these two days. There were many things that needed to be handed over at work.

Two days later, April 15.

Li Yuan followed MO Xiu back to Yan City.

Originally, Moxiu's plan was not urgent. However, after guessing Old Master Tang's intentions, he felt that time was of the essence. Or rather, he did not know when a war would break out.

Ever since he was young, Moxiu had always been forced to advance by himself. Now, he was forced to advance by one thing after another.

After Li Yuan made up her mind, she didn't delay any longer and rushed to Yan City with MO Xiu.

In the car, Li Yuan sighed." It's been so many years, but I still came back to Yan

City. I ran away from Yan City at that time.""

"Why did you choose Shun City, Mom?" MO Xiu asked."

"Because I had only heard of Shun City. When I arrived at the train station, I bought a ticket to Shun City and stayed there for 19 years."

"Don't you miss your grandparents?" MO Xiu asked again."

Li Yuan looked out of the window and whispered,""Yes, and I often dream about it. I thought I would never go back again, but it's all because of you!" "Aren't you happy that I let you go home?" MO Xiu said with a smile."

Li Yuan shook her head."

When they arrived in Yan City, MO Xiu brought his mother back to the Cloud Top Villa to settle down.

As soon as they entered, Li Yuan said, “Mo Xiu, why did you buy such a big house?” It must be very expensive at this location, right?”

“Of course it’s expensive, but I didn’t buy it. It’s a gift from Mr. Tang.” Li Yuan nodded and said, “Oh, it’s Mr. Tang. How has he been recently?” I haven’t seen him for more than ten years.”

MO Xiu was a little puzzled. Elder Tang had always been in the library of Shun City No.1 Middle School. Since the two of them knew each other and were in the same city, they would at least meet occasionally, right? How could they not see each other for more than ten years?

“Mr. Tang is fine. Maybe he’s getting on in age, so his energy isn’t particularly good.”

” Yes,” Li Yuan said.” Old Master Tang is too old. But for someone like him, even time can’t defeat him, right?””

” Yes,” MO Xiu said.” Oh right, Mom, I’ve been in Yan City for so long. Why haven’t I heard of the position of the royal family?””

“Don’t you know? I don’t know either!”

Chapter 253: Daughter-in-law (1)

“Ah? No way, Mom. If you don’t know where the Royal Family is, how did you get out?”

Li Yuan’s eyes moved as if she was recalling something.

“There should be an entrance to the royal family. I can’t remember. At that time, there was a door. After I ran out, I went to another place.”

MO Xiu’s face darkened. This was the first time he felt that his mother was so unreliable. Who would be able to tell where the imperial family was based on this description?

“Mom, you...” MO Xiu asked. Could he think of any other key information?”

Li Yuan shook her head and said, “I can’t remember. It’s been too long. I was less than twenty years old when I first ran out. I was very flustered at that time and can’t remember so many details.”

“What should we do?”

It wasn’t easy for her mother to agree to return to the Imperial Family, but now she didn’t know where the Imperial Family was. This was awkward. “You haven’t heard anything about the royal family in Yan City for so long?” Li

Yuan asked.”

The royal family? Relate?

MO Xiu slapped his head. Ask Xiao Hong. Xiao Hong would definitely know!

MO Xiu immediately gave Xiao Hong a call. “Hello? Do you miss your child?” “Yes, no! Let me ask you something!”

“Ask!

“Where is the royal family?”

Xiao Hong changed her tone and said in surprise, “”Why are you asking this? Are you going to the royal family?”

“Of course, why wouldn’t I ask you?”

The other side was silent for a while before saying, "Come to the herb garden to find me. I'll take you there, but I'm not sure if you're qualified to enter."

"Qualification? Alright, let's talk when we meet. I'll go over now!" After hanging up the phone, Li Yuan asked, "How is it?" Did you get it?"

"Let's go find her. She'll take us there." "Are you a girl?" Li Yuan asked.

MO Xiu nodded.

"Daughter-in-law?"

"Um... No, you'll know when we get there."

MO Xiu drove the car and took the old road to Xiao Hong's herbal garden.

Seeing Xiao Hong's figure from afar, Xiao Hong shouted behind her, "Come out and take a look. Your father is here."

Her voice was not soft, so Li Yuan heard it clearly.

"You still say you're not my daughter-in-law?" Li Yuan whispered. I already have a grandson?"

Before MO Xiu could explain, this so-called grandson ran over and threw himself into MO Xiu's arms.

MO Xiu rubbed his head against Little Fu Shun's head and said, "Alright, look at your acting. Didn't you just break up for three to four days?"

MO Xiu turned his head to look at Li Yuan and said, "Mom, this is your so-called grandson."

Li Yuan was stunned. She pointed at Little Fu Shun and said, ""This... What's going on?"

"Elder Tang gave him to me to raise, so he can be considered my son," Moxiu explained."

It had to be said that Li Yuan's ability to accept things was quite strong. Extremely strong! He accepted this fact instantly and bent down to stroke Little Fushun.

However, this was not strange. MO Xiu had never seen his mother panic since she was young. Other than the mention of returning to the imperial family, her emotions fluctuated slightly.

Li Yuan caressed him, but Little Fu Shun was still unwilling and was reprimanded by MO Xiu.

"Behave yourself! This is my mother, so she's your grandmother! If you dare to be disobedient, I'll teach you a lesson too."

Li Yuan lightly hit MO Xiu and said, "Speak properly. Don't scare him!"

Little Fushun's big head was filled with confusion. He didn't understand what his grandmother meant, but judging from MO Xiu's tone, he should be a very powerful person.

At this moment, Xiao Hong walked over and said to MO Xiu, "You've only been gone for a few days and you're back? Did he really want to go to the Royal Family, or did he miss Little Fushun?"

"I really want to go to the royal family," replied MO Xiu."

"For what?"

"Can't I just gain some experience?"

Xiao Hong lowered her head slightly and said, "I think it's a little early for you to go at this time!"

“Are you afraid that I’ll lose confidence?” asked MO Xiu with a smile. When I first entered Yan University, wasn’t I also a kid who was afraid of fighting you?” Xiao Hong’s expression immediately turned ugly as she said, “Are you mocking

Moxiu understood that what he said was inappropriate. He immediately explained, “No, that’s not what I meant.”

Xiao Hong didn’t argue with MO Xiu and said, “And this is?”

MO Xiu helped Li Yuan up and said, “This is my mother!”

“Miss, your name is Xiao Hong, right?” Li Yuan smiled kindly. I’m MO Xiu’s mother.”

Xiao Hong gave a very standard bow and said obediently, “Hello, Auntie!” Xiao Hong was no longer as fierce as before.

Xiao Hong looked at Li Yuan and then at MO Xiu. She knew what was important and did not ask why MO Xiu’s mother wanted to go to the royal family. This was a family matter.

“We’re going out for a while,” MO Xiu said to Little Fushun. “You stay in the cellar. If we don’t come back, you can’t come out. Do you understand?”

Little Fu Shun rubbed against MO Xiu’s leg, feeling wronged. MO Xiu comforted him, “We’ll be back soon!”

Seeing that he couldn’t convince MO Xiu, Little Fu Shun could only obediently run back to the cellar.

“This big guy is quite obedient,” Li Yuan said curiously.

MO Xiu said, “Of course. Why don’t you take a look at who raised it?”

After bragging, they returned to the main topic.

“Xiao Hong, where is the imperial family? Take us there.”

Xiao Hong nodded and said, “Let’s go. I’ll bring you guys to try your luck. I don’t know if we can find it.”

“What do you mean by trying your luck?” MO Xiu stopped Xiao Hong and asked. Could the entrance of the royal family be moved?” Xiao Hong looked at MO Xiu as if he was an idiot.

“Of course!”

MO Xiu could only leave with Li Yuan and Xiao Hong.

They got into the car, and MO Xiu became the driver. Xiao Hong and Li Yuan chatted enthusiastically in the backseat.

MO Xiu was extremely shocked. He had never known that Xiao Hong had this side to her, to be able to accompany her elders so well.

After thinking about it, he understood. Xiao Hong had once said that she had befriended some of the royal family’s descendants. This meant that Xiao Hong’s social skills were not bad. She might be much better than MO Xiu.

They drove all the way to a small tavern near Yan City before Xiao Hong signaled for MO Xiu to stop.

After getting off the car, Moxiu looked left and right. This place was filled with simple and crude one-story houses. No matter how he looked at it, it didn’t look like there was an entrance for the royal family!

Li Yuan also frowned. She had no impression of this place.

“Xiao Hong, are you kidding me?” MO Xiu asked. Are you sure the imperial family is here?”

MO Xiu followed Xiao Hong into the shabby tavern with a puzzled expression.

In stark contrast to the cold and cheerless atmosphere outside, there were actually many people inside in broad daylight.

However, almost all of them were drunkards. It was like a shelter.

Xiao Hong looked left and right as if she was looking for someone. MO Xiu also followed suit and observed the surroundings.

Suddenly, Xiao Hong stopped in her tracks.” MO Xiu, looks like you’re in luck. You found it!””

MO Xiu followed Xiao Hong’s gaze and saw two well-dressed men sitting in the corner of the tavern..

Chapter 254: Team Assembly (1)

MO Xiu was puzzled as he followed Xiao Hong to the two people. Could it be that only these two people knew about the entrance to the Imperial Family?

After getting closer, Moxiu carefully sized up the two of them. Both of them were very thin, one tall and one short. They looked somewhat similar, so they should be brothers.

MO Xiu and the other two sat down opposite the two of them. They could see clearly that the tall man’s skin was glowing. It was not very clear from afar due to the dim lighting, but it was still very obvious now. His skin was so bright that it reflected light, making him different from ordinary people.

The short one was also very strange. There was something inside his coat.

Looking at the shape and the corner that was exposed, it felt like...Turtle shell?

Before Xiao Hong could say anything, the tall man said,""Xiao Hong, your Xiao family has been removed from the royal family. You don't have the right to enter the royal family."

"Uncles, it's not that I want to join the Royal Family. It's a friend of mine who wants to join the Royal Family. Look..." Xiao Hong said.

MO Xiu was a little puzzled. Eldest Uncle? Could it be that his surname was Da? "Isn't this MO Xiu?" the tall man asked after sizing him up. Who doesn't know the name of the company?

"Can the two of you bring me into the Imperial Family?" asked MO Xiu."

"No problem!" the short one said.

The tall one added," You are Elder Tang's disciple. You have the right to enter the royal family to train. Elder Tang has already told you about this.""

MO Xiu was stunned. Why didn't Elder Tang tell him? He even brought his mother over.

"But did you come with just a few people?" the tall man continued."

Moxiu nodded." Yes, I know. Don't you know what the rules are?""

" There are no rules," the tall one said." It's just that according to the rules, you can lead your team into the training grounds. Is this your team?""

"Team? Seniors, do you have any requirements for this guild?"

The tall guy seemed a little reluctant to explain, ""Why didn't Elder Tang tell you anything? You can bring five people into the royal family. You have the royal pass and can enter and leave once a month."

MO Xiu's eyes lit up when he heard this. Not only could he enter, but he could also bring people in? However, he did not know what the situation was like in the Imperial Family.

These five people would be the core of Moxiu's strength, and they were also the reason why Liu Jingshan and Yue Yuan had raised their conditions back then.

"Senior, I haven't gathered all the people yet. Can I come to you two after I've gathered all of them?" MO Xiu said."

"Sure, we'll still be here tomorrow. If you want to join the royal family, come over tomorrow," said the short man."

Moxiu nodded in agreement, and the three of them left the tavern.

MO Xiu understood why these two people were here. Their voices were not soft, and everyone around them could hear them.

However, no one cared. This place was filled with drunkards. Even if they boasted that they were the highest commander of the Alliance, no one would care.

After getting into the car, Xiao Hong said, "Mo Xiu, you can bring five people in. These five people..." Do you have anyone in mind?"

MO Xiu snickered. This Xiao Hong clearly wanted him to choose her, but she had to beat around the bush. It was not like her at all.

"Yes, I know what I'm doing. I've already chosen one. I'll inform them one by one later."

Xiao Hong was a little disappointed when she heard MO Xiu's words.

Li Yuan saw Xiao Hong's emotions and spoke up for her."Mo Xiu, Miss Xiao, she...

"Xiao Hong, you're the first person I'm going to inform," MO Xiu interrupted Li

Yuan."

Xiao Hong instantly understood that MO Xiu was toying with her. He wanted to see her make a fool of herself.

He raised one leg and extended it to the front row."She placed it beside MO Xiu's hand.

MO Xiu looked at a long leg coming over and said,"Don't disturb my driving! My driving skills are not good."

"I'm fine!" Xiao Hong said.

Xiao Hong did not take her leg away. She just left it there and continued to talk to Li Yuan on the other side. Her attitude was humble and polite.

MO Xiu sighed in his heart. How did Xiao Hong manage to portray the split personality so vividly?

A few people first returned to Xiao Medicine Garden, and then brought Little Fushun back to the Cloud Top Villa. If Xiao Hong also went to the Royal Family, Little Fushun would have to find someone else to take care of him.

When they returned to the Cloud Top Villa, it was already night time. Li Yuan played with Little Fushun while MO Xiu began to make arrangements.

MO Xiu called Zheng Yi and told him to return to Yan City immediately.

Zheng Yi wasn't a candidate to enter the Imperial Family. It wasn't that MO Xiu didn't want him to enter, but that Zheng Yi's talent wasn't enough. Entering an environment like the Imperial Family, which was filled with immense pressure, wasn't a good thing.

This time, he had asked Zheng Yi to come back mainly to look after Little Fushun. Little Fushun had always been a worry for MO Xiu.

Then, the first person besides Xiao Hong was Yue Yuan!

Back when he was working with Yue Long, he had promised Yue Long to let Yue Yuan join his team.

Yue Yuan wasn't a picky person. He didn't have much contact with him, so MO Xiu understood him quite well.

He had his own views on many things and was swift and decisive in doing things. He was somewhat similar to Yue Long.

In terms of skills, MO Xiu did not have much understanding recently. However, just looking at the Level 1 Five Elements Array back then, his talent surpassed Yue Long.

MO Xiu called Yue Long first. The two of them were both teachers and friends. They could be said to be one of MO Xiu's most trusted people. He had to tell him first.

Yue Long was very happy after hearing that. He had been waiting for MO Xiu to summon Yue Yuan to his side. This time, his wish had finally come true. Not only that, he could even borrow the light to enter the Imperial Family.

MO Xiu called Yue Yuan again. After Yue Yuan heard the news, he fell silent for a while before agreeing to leave for Yan City tonight.

However, before he left, Yue Long could not help but give Yue Yuan a lesson.

The second candidate was Yang Qingzhuo.

Yang Qingzhuo was a very important support, but MO Xiu had placed him second.

For no other reason, MO Xiu could completely trust Yang Qingzhuo. However, MO Xiu was still unclear of her father's motives.

When he called Yang Qingzhuo, he only told her that he had something urgent to attend to and asked her to return to the Cloud Top Villa. He didn't tell her what it was over the phone in case Yang Zekun eavesdropped.

Yang Qingzhuo agreed immediately. He would be back tonight.

MO Xiu put down the phone and sneezed. Yang LeKun knew that he was going to the Royal Family with Yang Qingzhuo, he might not be back for a month.

Would Yang Zekun think that MO Xiu had kidnapped his daughter? Thinking of the shameless Yang Zekun's ugly expression, MO Xiu found it funny.

The third person was the extremely talented Xiao Xinru.

Xiao Xinru was from the Xiao family of Yan City. The Xiao family was also very powerful, but Xiao Xinru didn't care about her family's affairs. She was focused on researching skills.

MO Xiu made a phone call and told Xiao Xinru that he wanted to bring him to a good place to practice his skills. Xiao Xinru agreed without hesitation.

Xiao Xinru and Xiao Hong had been tricked into coming here. There was a total of four people, and they were still missing one person.

MO Xiu already had a candidate in mind, but he had been hesitating for a long time. It was Liu Ziyang.

Whether it was skills or traits, Liu Ziyang was a top-grade Assassin.

The only obstacle was Liu Jingshan. Moxiu didn't trust Liu Jingshan, so this was more difficult. How could he distance himself from the Liu Clan and still use Liu Ziyang?

After thinking for a while, Moxiu thought of a solution and called Hao Ren and Liu Ziyang!

Chapter 255: Rollcoaster (1)

April 16th, 8 AM.

A company had opened in the commercial street of Yan City, where every inch of land was worth an inch of gold.

The name was special and familiar. It was called the Strongest Group.

There was no preparation for the opening ceremony. It was just a simple opening ceremony. The invited guests had just been sent out in the morning.

Even though he was in such a hurry, he still came to half of the business world in Yan City.

Many big shots came to congratulate him. As the chairman, MO Xiu naturally came as well.

After welcoming the guests, the ribbon-cutting ceremony was held immediately. After that, no one was arranged to eat.

The entire opening ceremony was so rushed that it was hard to imagine. It was as if they were in a hurry and were afraid of being caught.

In order to make up for the lack of hospitality to the bosses, each of them was given a beautiful gift. It was not very expensive, but it was very thoughtful.

After the one-hour opening ceremony, everyone dispersed.

These bosses were all very busy, so they took the time to attend the event. It was completely out of respect for MO Xiu.

It ended so quickly. Other than not being able to build a relationship with Moxiu, everything else was fine. After all, they were all busy.

However, some observant people still found some clues.

Many people had come to the opening ceremony. Beside MO Xiu were Yang Qingzhuo, Yue Yuan, Xiao Hong, and even Xiao Xinru.

These people were all people from factions that had a good relationship with Moxiu, but there was no one from the Liu Clan.

In fact, no one from the Liu Clan came to the opening ceremony. This was very strange. The Liu Clan, which had always claimed to be under MO Xiu, did not come to such an important event. Or rather, MO Xiu did not invite them.

Li Jingshan immediately conveyed one message to the Liu clan and then came out. At this moment, Li Jingshan, who was in the company, was in a mess.

Moxiu was simply too fast, not giving him any time to react.

When Li Jingshan learned that the Strongest Group had opened for business, the opening ceremony had already begun.

Liu Jingshan reacted quickly. Even if Moxiu didn't invite him, he still had to go. At the very least, he had to improve his relationship with Moxiu.

However, just as he arrived at the entrance of the Strongest Group after preparing the gift, he saw a crowd leaving one after another.

Liu Jingshan knew that he was late, so he could only quietly return the way he came to avoid being seen by others to avoid embarrassment.

After returning to the office, he was so angry that he flew into a rage. MO Xiu was a little disloyal.

Liu Jingshan was indeed in the wrong when it came to the firearms incident. However, he was clearly trying to make it clear to the world that MO Xiu had nothing to do with the Liu Family.

Such an act of turning against him made Liu Jingshan very angry.

However, after calming down, Jingshan Liu began to regret his decision. Why didn't he listen to MO Xiu's orders when he was working with him?

At that time, he had only thought that Moxiu was involved in the firearms incident, and it was very likely that he would die. Liu Jingshan had left a way out for himself and did not want to fall from a tree and die.

If they completely listened to Moxiu, once Moxiu died in the war, or if Moxiu's plan failed, the Liu Clan would suffer a huge loss, and might even completely decline.

As a shrewd businessman, Liu Jingshan did not do anything wrong. In fact, he was very thoughtful.

However, he had neglected the fact that he was not only a businessman, but also a human being, a person who should have a conscience.

In that situation, even if he didn't fully cooperate with MO Xiu's plan, he should have done his best to protect the people of Yan City and win their hearts.

However, what Liu Jingshan did was to protect himself and minimize his losses.

In the entire firearms war, the only place Liu tribe contributed was to intercept the people who defected to Bai Fan outside Bai City.

At that time, there weren't many people who were sent to help. After that, Liu Jingshan didn't contact Moxiu. Moxiu was also a little disappointed and didn't ask the Liu Family to do anything.

On the other hand, Yue Long's decision was the exact opposite of Liu Jingshan's. He stayed in Shun City for the sake of the people and won the hearts of the people.

She trusted MO Xiu unconditionally. It could be said that she was now firmly tied to MO Xiu.

At that time, Liu tribe's self-defense had received a lot of criticism from the outside world. However, MO Xiu's actions were too fast. He quickly broke through Shun City and temporarily brought peace to the Alliance.

And everyone knew that the Liu Clan was MO Xiu's people. All the criticism had vanished into thin air under MO Xiu's glory.

After the battle at Shun City, Liu Jingshan realized that he had missed the best opportunity to show his loyalty.

After that, he tried his best to make up for it, but it was too late. MO Xiu no longer needed him.

During this period of time, the Liu family had received many benefits. All sorts of companies had come to seek cooperation. They all wanted to rely on MO Xiu.

After that, MO Xiu defeated Qiu Chunxia and single-handedly turned the tables. His name as a hero resounded throughout the central continent.

When Moxiu's reputation reached its peak, the Liu Clan's business also reached its peak.

However, from then until yesterday, Liu Jingshan had been feeling very

uneasy. Outsiders might not know, but he knew that Moxiu could give up on the Liu Family at any time.

He did not expect this day to come so suddenly. In less than an hour, many companies had canceled their cooperation with the Liu family.

The Liu Clan flew to the highest point because of MO Xiu, and also because of MO Yu's fall.

After Liu Jingshan calmed down, he realized that he had lost. He had a chance that no one else had, but he had not grasped it.

This time, they might not only miss out on the portion of profits that Moxiu had brought to the Liu Clan, but it might also affect the Liu Clan's foundation.

Liu Jingshan had lost the bet. He had not lost unjustly. He had lost because of his selfishness, because his stance was not firm, and because he was short-sighted.

Just as Liu Jingshan was in pain and regret, a phone call brought him a chance to turn things around.

It was Liu Ziyang who called to tell Liu Jingshan a piece of news.

Liu Ziyang had officially become a member of Moxiu's team. He was going to cultivate with Moxiu today.

Liu Jingshan naturally understood the intentions of this team. Moxiu had not given up on Liu Ziyang.

When this news reached Liu Jingshan, it was a highly operational piece of news.

This was the sliver of hope that MO Xiu had left for the Liu Clan. It was up to Liu Jingshan to use it.

After hanging up the phone, Liu Jingshan was a little excited. He imagined that the Liu family would reach the peak again.

Liu Jingshan's excitement quickly disappeared. He began to ponder, wondering what Moxiu meant.

Why did he have to do these two things at the same time? Give a mouth and a sweet date? It was not that simple.

After thinking for a long time, Liu Jingshan finally understood. After understanding, he realized how naive he was. It was impossible for him to win against Moxiu.

This was a test. If Liu Jingshan had gotten carried away and used Liu Ziyang's information to fight for the Liu Family's benefits, then MO Xiu might not have been polite to the Liu Family anymore. He might have directly fallen out with them. Fortunately, he had not spread the news just now.

The opening ceremony was to draw a clear line. Moxiu had no relationship with the Liu family, but he had a relationship with Liu Ziyang.

Moxiu's true goal was to draw a clear line between them and the Liu Clan. He didn't want to hurt the Liu Clan's foundation, so he treated it as if they had never worked together.

This was MO Xiu's benevolence, allowing Liu Clan to protect their foundation. This move was not very brilliant.

However, it made Liu Jingshan feel like he was on a roller coaster ride..

Chapter 256: The Royal Family, the Great Family

In the morning, everyone had arrived. Before they set off, MO Xiu and Li Yuan had a private chat.

MO Xiu led Li Yuan to the rooftop and sat down quietly.

“What do you want to say?” Li Yuan asked.”

“Mom, I thought about it carefully yesterday. If you don’t want to go back, you don’t have to go back with me. You can tell me who my grandparents are and I’ll go find them myself.”

MO Xiu had been thinking about this matter ever since he mentioned the imperial family to Li Yuan. He did not want to force his mother to do something she was unwilling to do.

Li Yuan had never forced MO Xiu to do anything she was unwilling to do. It was unfair to Li Yuan.

Moxiu has been hesitating. He wants your mother to return to the clan. After all, she has suffered for so many years. She must miss your grandparents very much.

Li Yuan’s reaction was beyond MO Xiu’s expectations. She said frankly,“”I’m going back. Now that I think about it, I was too irresponsible when I ran out back then. I didn’t even bid farewell to them properly. Now that you’re older, it doesn’t matter if you have royal status or not.”

Of course, MO Xiu was happy that his mother was relieved. He nodded and said, I’m going to go back!

Back to the place that MO Xiu had never been to.

After going downstairs, Moxiu gathered everyone for lunch. The main purpose was to explain that they were going to the Imperial Family.

Other than Xiao Hong and Yue Yuan, the other three didn't know about it before, and their faces were filled with shock.

Yang Qingzhuo's reaction was relatively calm. He was only slightly surprised and didn't say anything. After all, in the past, she would go wherever MO Xiu went. However, this time, the place she went was called the Royal Family.

Liu Ziyang was very excited. He stood up and said, "F * ck, I've gone too far this time. Boss, can I post it on my Moments?"

"Don't even think about it. If you dare to tell anyone, I'll kick you out right now!" Moxiu said angrily."

Liu Ziyang covered his mouth and sat down.

"MO Xiu, aren't you lying to me?" Xiao Xinru said reluctantly. You said you could bring me to a place where I can train my skills. The royal family has more restrictions, right? Can I still use my skills freely? Would he be locked up if he caused trouble?"

The only person here who knew the details of the royal family spoke.

Don't worry," Xiao Hong said." Moxiu didn't lie to you. You'll have plenty of opportunities to practice your skills. ""

Xiao Xinru was relieved when she heard this. She had no objections.

Alright," Moxiu said." Since everyone has no questions, let's go find the two great seniors. ""

' I wanted to ask you last time, Xiao Hong. Do these two people have the surname 'Da'?' Is there such a surname?"

Xiao Hong nodded and said, "These two are also members of the royal family. Their surname is indeed Da, and they have been the guardians of the royal family's entrance for generations. The taller one is called Da Songbi, and the shorter one is called Da Wangba."

Everyone was stunned when they heard this. It was fine if the surname was strange, but this name...

Liu Ziyang was the first to burst out laughing.

"Hahaha, big coward? Big bastard? This was too awesome! Xiao Hong, are all the names given by the royal family so creative?"

Xiao Hong glared at him, and Liu Ziyang's laughter immediately stopped. He was afraid that Xiao Hong would directly hit him.

"Cough, cough," Moxiu said. "Alright, stop making fun of Senior's name. Let's set off, hahaha."

Towards the end, he couldn't help but laugh. Everyone laughed along with him.

Xiao Hong said expressionlessly, "Boring!"

This time, Xiao Hong was under even more pressure than Mo Xiu after

entering the Imperial Family.

If a member of the Royal Family who had been removed from the list entered the Royal Family with another identity as a member of the Dark Shadow Prince's team, he would inevitably be ridiculed.

Mo Xiu would also be implicated, but he didn't care about this.

Xiao Hong urgently needed to prove herself and let everyone see that the Xiao family had not fallen from grace. This was a good opportunity. No matter how much pressure she felt, she had to go.

The few of them packed up and headed to the tavern.

After getting out of the car, everyone had the same expression as Moxiu when he came yesterday.

There would be royalty in this place?

Even now, MO Xiu still couldn't figure out where the imperial family was.

After entering, Big Pine Brush and Big Wang Ba were still in their usual positions.

The few of them went over and sat down. MO Xiu said, ""Seniors, we're all here. Can you take us to the imperial family now?"

"Yes, yes," Big Pine Brush said. "Have you decided on a candidate?" Xiao Hong too? Tell me the names of these people. I need to record them down."

"Alright. MO Xiu, Xiao Hong, Yang Qingzhuo, Liu Ziyang, Yue Yuan, and Xiao Xinru.""

"Alright, that's enough," Big Pine Pen said after recording. "I'll tell you what you need to pay attention to after entering the Royal Family. After that, you can enter. ""

MO Xiu and the others nodded and listened carefully.

"First of all, the rules of entry and exit are that each of you can only enter and exit once a month. Today is April 16th. If you enter today and come out this month, you will not be able to enter again in April, understand?"

"Understood," replied MO Xiu.

“Alright. Next, there’s something you need to pay attention to. Although MO

Xiu is Elder Tang’s disciple, you can’t treat him differently. After you enter the

Imperial Family, you’ll be treated the same as other outsiders.”

“Great Senior, who are the outsiders?” asked MO Xiu.”

Big Pine Brush sighed and said,” Ah, it’s an outsider. An outsider who doesn’t belong to the royal family. They have a separate residence that’s separated from the royal family.”

MO Xiu saw that Big Pine Brush wasn’t in a good mood, so he didn’t ask further.

“Do you understand?” asked the Big Pine Brush.”

With such a bad attitude, who would dare to say that they didn’t understand? Everyone nodded to show that they understood.

Big Pine Brush took out a small bronze mirror from his pocket and placed it on the table.

The bronze mirror was only the size of a palm, and there were no decorative patterns on its appearance. It was just an ordinary mirror.

“Alright, you can go in now!”

“This is the entrance to the Imperial Family?” MO Xiu pointed at the bronze mirror and asked.”

“That’s right,” Xiao Hong said.”Through this bronze mirror, we can reach the imperial family. ”

It was simply unimaginable. Except for Xiao Hong, everyone, including Li Yuan, was stunned.

Even if the entrance of the royal family was not magnificent, it had to be something special, right?

How could he pass with such a small bronze mirror? How?

Just as everyone was shocked, Wang Ba, who had been silent all this while, covered the bronze mirror with his hand.

Everyone's gaze was attracted by Wang Ba's actions. What did he mean?

"What's wrong?" asked Big Pine Brush curiously."

"There's one more person," Wang Ba pointed at Li Yuan."

It was only then that Big Pine realized that Li Yuan was not on the list. "You have one more person. Those who have more, please leave!"

"Senior, this is my mother..." Moxiu frowned.

Before Moxiu could finish his sentence, the Big Pine Brush said firmly,""Not even your mother. Rules are rules!"

MO Xiu was a little angry. He could disrespect himself, but he couldn't disrespect his mother.

He wanted to argue with her, but Li Yuan stopped him..

Chapter 257: Powerful Innate Skill (1)

“I was originally a member of the royal family. I’ve been away for many years and want to go back.” Li Yuan pulled MO Xiu back and explained.”

Big Pine Brush and Big Wangba looked at each other and said in a frivolous tone,””Really? Are you lying to me?”

Senior,” Moxiu said coldly,” I’ll repeat myself. This is my mother!””

MO Xiu was truly enraged. Even if he was from the imperial family, there was no need for him to speak in such a tone, right?

He directly launched the [God’s Sight] on the two of them, wanting to see what the Da brothers had up their sleeves.

First was the Big Pine Brush.

“Talent Skill: Skill Duplication (Used)

[Skill Effect: Choose a target to copy a skill. You can permanently copy a skill and skill level of this target and make it your own four skills.]

[Cooldown time: Permanent (one-time use)]

[Skill 1: Invisible Person 10(in use)]

[Skill effect: After releasing the skill, you will become invisible. All attacks (physical, elemental, spiritual) will not be able to hit you. At the same time, your attack power will become o.] [Duration: 6 hours]

[Cooldown time: 24 hours]

[Second Skill: Invisible Person 10(to be used)]

[Third Skill: Invisible Person 10(to be used)]

After that, it was Da Wangba. “Talent Skill: Skill Duplication (Used)

[Skill 1: Turtle Godly Armor 10(in use)]

[Skill effect: Summon the Turtle Godly Armor to wear.]

[Normal form: Increases Defense (Physical, Elemental, Spirit) by 80,000%.]

[Shrunken Head Form: Shrink your limbs and head into the turtle shell. Your defense will double again, and you will not be able to attack.]

[Duration: 6 hours]

[Cooldown time: 24 hours]

After looking at their skills, MO Xiu was speechless. Big Pine Brush was really a coward, and Big King Ba was really a bastard.

These two people’s skills didn’t have any offensive capabilities, but their defense was almost invincible. Moxiu couldn’t imagine who could hurt these two people.

Due to the skill’s insane nature, the cooldown time was relatively long. It was 24 hours, but the duration was 6 hours. With the four skills that were exactly the same, he could use the skill for the entire day.

This should be the reason why the two of them could become the guardians of the royal entrance. As long as the two of them released the next skill after the previous skill ended, it would be difficult for any accidents to happen.

This was the first time Moxiu had seen a Level 10 skill, but he was not surprised.

Because the 'big' player had an insanely powerful innate skill that could copy a person's skill and level, Moxiu thought that the 'big' player had wasted this innate skill.

In other words, he could copy the skills of his elders and inherit their skills and skill levels.

It was entirely possible to only cultivate one skill for generations. Many people, or rather, many generations, were studying one skill. It was very difficult for this skill not to have a high level.

The reason why he thought that this innate skill was wasted was because Moxiu felt that if the 'big' family used the entire clan's strength to research an offensive skill, its effects might be even greater.

Even if it's just a fireball, it should be able to break through to grade-10, right? In that case, everyone would definitely play a more important role in the royal family, not a gatekeeper.

After seeing Big Pine Brush and Big King Tyrant's skills, Moxiu's anger dissipated. It was useless to be angry against such people. It was not a matter of whether he could defeat them, but whether he could hit them.

At this time, Big Pine Brush said,""Alright, I'll give Elder Tang some face. Then tell me, which family are you from? Where were his parents from and what were their names? I need to verify it before you can go in."

Li Yuan replied," I'm from the Li family. My name is Li Yuan. My father's name is Li Xin. My mother..."

Without waiting for Li Yuan to finish speaking, the Da brothers suddenly stood up and took a few steps back with the bronze mirror in their hands. They looked at Li Yuan warily.

"Li family? Are you from the Li family? Is MO Xiu also a member of the Li family?"

MO Xiu was dumbfounded. The two of them were already so cowardly with their skills. What else was there to be afraid of? Could it be that his mother's skill could attack the two of them?

Don't even think about using God's Sight to see his mother's skill. However, now that the skill was reversed, he needed to use the Descent of the Martial God first.

The Descent of the Martial God had a triggering effect, so it was obviously not the right time to use it.

Senior," MO Xiu asked," my mother made it very clear that we are members of the Li family. It's just that we haven't been back for many years."

"What's wrong?" Li Yuan asked slowly. I haven't finished speaking yet. I still have two brothers..."

"You don't have to say anymore. You can go in now!" said Wang Ba."

The two of them slowly returned to their seats and stared at Li Yuan and MO Xiu as if they were afraid that the two of them would suddenly attack.

The more MO Xiu thought about it, the more puzzled he became. He had just analyzed that there were only two reasons why the two of them were so afraid of Li Yuan. One was that the Li family had a very high status in the royal family, and the other was that the Li family's talent could hurt the two of them.

Looking at the two of them now, it must be the second possibility.

The Big Pine Brush placed the bronze mirror on the table and said,""Miss Li Yuan, Young Master MO, I may have been a little presumptuous just now. Dont take us seriously. We're just gatekeepers."

Big Pine Brush's words revealed his cowardly temperament.

"I think I've emphasized to you twice that this is my mother," Moxiu said seriously."

Da Song's brush hand started to tremble. He said, "'1 drank too much just now, right! If you drink too much, let's forget about today's matter."

MO Xiu had only wanted to give it a try, but he hadn't expected it to succeed. These two were indeed very afraid of the Li family.

Someone who didn't even give face to Mr. Tang was actually so afraid of the Li family.

"It's not impossible to forget about this matter, but..." Moxiu continued.

The feeling of extortion permeated the entire tavern, and everyone understood what Moxiu meant.

"Young Master MO, you see, the two of us are just gatekeepers. We don't have anything that we can take out."

Wang Ba nodded and echoed, "That's right. In the royal family, the two of us have it the worst. We stay in this broken tavern every day."

MO Xiu didn't believe their nonsense. How could such an important position not have any benefits? In particular, these two people had absolute defense. Ordinary people could not afford to offend them.

However, Moxiu didn't intend to argue with the two of them.

"I won't make things difficult for the two of you. You can at least give me some convenience within the scope of your current abilities, right?"

"What do you think?" Big Pine Brush thought for a while and said, "Each person can go in and out three times a month. '"

Moxiu snorted. "I don't think so. It's too unorthodox to say the number of times, isn't it?"

Big Pine Brush and Big King Ba looked troubled.

MO Xiu continued to say, "Since it's difficult for me, then I'll go back to the Li family to see my grandfather and tell him about the grievances I've suffered outside for so many years."

When he said the word 'aggrieved,' he deliberately raised his voice.

Big Pine Brush sighed and said, "Hey, in the future..." Come and go as you please!"

Chapter 258: The Hundred Clans of the Royal Family

The Great Pine Brush reluctantly agreed to MO Xiu's request, allowing them to enter and exit at any time.

"Alright, can we go in now?" Moxiu nodded in satisfaction."

Big Pine Pen nodded and said, "You can give me a good idea!"

MO Xiu looked at Xiao Hong, implying that she should demonstrate how to enter first!

Xiao Hong understood. She reached out her right hand, and the moment her fingertips touched the bronze mirror, she disappeared.

When MO Xiu saw this scene, he couldn't help but click his tongue in wonder. What kind of treasure was this copper mirror?

Or rather, whose skill was it?

With Xiao Hong's demonstration, the others also entered the bronze mirror.

MO Xiu was the last one. Before entering, he said to the Da brothers, ""Seniors, goodbye! Hahaha!"

Moxiu disappeared, and his undisguised smug laughter still echoed in the tavern.

Big Pine Brush's expression was very ugly as he said, ""If we get entangled with this MO Xiu, we might suffer a great loss in the future."

The king said tyrannically, "There's no choice. We're unlucky. The Li family has very few people and never goes out. I didn't expect MO Xiu to be a member of the Li family. As long as he doesn't make a move, everything else is negotiable! ""

MO Xiu entered the bronze mirror and instantly released the Descent of the Martial God and flipped the skill.

He couldn't wait to see what his mother's skill was. Why were the Da brothers so afraid?

Considering that he had just entered the royal family, there should not be any need to use his skills.

With so many companions around him, Motheo could use it without worry. The cooldown of the War God's Descent was only 20 minutes.

Moxiu's vision turned white, and space distorted. In the next second, he appeared in an empty square.

Moxiu looked around carefully. His mother and companions were all there.

Moxiu immediately used God's Snooping on his mother.

"Skill sealing! "

There was only this word in his mind, nothing else. This...

Just as Moxiu was feeling regretful that his efforts were useless, he suddenly realized something. Seal?

Skills could be sealed? Who sealed it?

There was a high chance that it was sealed by the Li family. If the Li family's talent skill was a sealing skill, this could explain why the Da brothers were afraid of the Li family.

Moxiu suddenly felt that it was a pity that he did not inherit such a powerful innate skill.

Yang Qingzhuo tugged at MO Xiu's sleeve and said, "Mo Xiu, where are we going next?"

Moxiu came back to his senses and looked around. When he walked to the side of the plaza, he realized that this wasn't a plaza at all. This was the rooftop of a skyscraper.

"Mom, did you leave from here more than ten years ago?"

Li Yuan shook her head and said, "No, I remember there was a door. I went out from there. ""

"The entrance of the royal family was only changed here ten years ago," Xiao Hong explained. "It's not strange that Auntie doesn't know.""

MO Xiu noticed that the way Xiao Hong looked at her mother had also changed. She had become more respectful, which made MO Xiu more and more interested in the Li family.

"This place is not bad, but why did the imperial family put the entrance here?"

Xiao Xinru asked."

Xiao Hong pointed to the side and said, "Follow me!"

Everyone followed Xiao Hong to the edge of the rooftop. When they saw the scene below, they were all stunned.

"It's because you can see the royal family from here," Xiao Hong continued. "The building under their feet should be the tallest building in this space."

Moxiu had originally thought that the Imperial Family would be a place with ancient customs and there were courtyards everywhere.

However, the scene in front of him was filled with high-rise buildings.

MO Xiu asked, "Conceal... The imperial family?"

"This is the royal space," Xiao Hong replied. "It's a separate space. Don't ask me how there's a separate space. I don't know either."

"Senior Sister Xiao, where are all these buildings?" Liu Ziyang asked curiously. Is it fun to play?

Xiao Hong glared at Liu Yang, but still answered.

"Other than a few public places, every building here is a royal family." "So many?" MO Xiu asked in surprise. There are over a hundred of them, right?"

MO Xiu knew about the origins of the imperial clan. He knew that the imperial clan definitely did not start with just the Hundred Clans. There might have been hundreds of thousands or even millions of people.

However, after a hundred years, the royal family had suffered a heavy blow during this period. In the future, there would definitely be a family integration and annexation.

This was because there were only a few people in the royal family. They were basically not related by blood. The best way to continue the royal family's bloodline was to get married within the royal family.

In the beginning, it was impossible for two people to become a family. It would be dozens or hundreds of people joining together and forming a family after decades of reproduction.

This was also the reason why Moxiu felt that even though the Imperial Family had a large number of people, there would be fewer clans.

He really did not expect that after so many years of development and four or five generations of inheritance, the imperial family could still have so many families.

Xiao Hong said, "Right now, the royal family just happens to have the Bai clan. This is also the result of intentional control. If one clan is missing, a large clan will be split into two and remain in the Bai clan."

After some thought, Moxiu understood. What was the Imperial Family's greatest advantage? It was an innate skill.

Every loss of a royal family was equivalent to the loss of a talent skill. If they wanted to maintain the highest combat strength of this human, they had to maintain the number of royal families.

Moxiu muttered to himself, "The Hundred Clans of the Imperial Family. Interesting. Let's go down. Where should outsiders report to?"

"There will be people waiting for us downstairs," Xiao Hong said.

Everyone followed Xiao Hong to an elevator. This was the only way down from the rooftop.

When he arrived downstairs, there was indeed someone waiting in the hall. It was a man in his twenties.

When he saw them, he immediately went up to them. "Hello, my name is Wen Tengdao. I'm also an outsider." MO Xiu walked to the front and greeted, "Hello, I'm MO Xiu."

“You’re the leader, so I’ll just tell you what I need to do.””

MO Xiu nodded and said,” Mm, alright. It’s our first time here. We don’t know many of the rules here. Brother Wen, please teach us more. ””

Wen Tengdao had a smile on his face and a humble attitude, giving MO Xiu a good impression.

“Moxiu, I’ve heard of your name before. I wouldn’t dare to teach you. I’ll definitely help you if I can. I’ll bring you to the residence of the outsiders first.”

Wen Tengdao led MO Xiu and the others past two streets before finally stopping.

He pointed at a building in front of him and said,””This is where we outsiders live. We have all the daily necessities inside, including training equipment and training grounds. If you have points, you can also buy herbs. The price of herbs is much lower than outside, but it is limited.”

After that, Wen Teng Dao arranged rooms for MO Xiu and the others, one for each of them.

He also informed Moxiu that after he settled down, he would have a small meeting in the hall on the first floor to explain the things to take note of..

Chapter 259: Outsider (1)

The entire building had a total of 28 floors. Moxiu and the others were assigned to the same floor, the 13th floor.

Each person had a room. The treatment was not bad. The room was also very large, about 100 square meters. Daily life would be very comfortable. It was impossible to cultivate in the room.

MO Xiu tidied up and walked out of the room. When he realized that the others had not come out yet, he walked to the elevator alone to take a look.

There was a map at the elevator entrance, probably for the newcomers.

The first to fifth floors were the training grounds, the sixth floor was the cafeteria, the seventh floor was the medicine hall, the eighth to tenth floors were the skill training grounds, and the remaining eleventh to thirtieth floors were the accommodation areas.

Moxiu understood everything else, but what was the meaning of this skill training ground?

At this moment, the others also walked out of the room and came to MO Xiu's side.

MO Xiu pointed at the Skill Training Ground on the map and asked,"Xiao

Hong, what is this place for?"

Xiao Hong looked at MO Xiu as if he was an idiot and said,"The name is written so clearly, and you still ask me what it means. It's to cultivate skills."

Xiao Xinru perked up when she heard this. She leaned over and said, "Cultivating skills? How do I cultivate?"

MO Xiu nodded and pointed at Xiao Xinru, implying that this was what he wanted to ask.

"It's a hidden way to level up skills," Xiao Hong explained."

These words attracted everyone's attention. This was closely related to everyone. Every level up of a skill would greatly increase the overall strength.

Currently, there were only two ways to increase one's level, which were the two methods Wang Yu had mentioned, enlightenment and eating!

Could there be a third? Everyone looked at Xiao Hong, waiting for her answer.

"Spiritual energy! This principle was actually the same as eating spirit herbs. There was spiritual qi in the herbs and in the air, but it was too thin and useless to people. This skill cultivation field was actually releasing the spiritual qi in the herbs into a small space. While people were comprehending skills in the small space, they could also increase the level of their skills."

"I don't understand one thing," Moxiu asked. "Is this very useful?" Wasn't it the same as eating herbs and comprehending?"

Xiao Hong looked at Moxiu with an evil smile and said, "This isn't the real benefit. The effects of herbs are different. Some herbs can't help improve skills. For example, the aphrodisiac grass that you have isn't that good. The skill cultivation field can convert these herbs into spiritual energy and absorb them directly."

Everyone, including Li Yuan, looked at MO Xiu.

Why would MO Xiu have aphrodisiac? And Xiao Hong knew about it.

Li Yuan's gaze alternated between Xiao Hong and MO Xiu. MO Xiu could only smile awkwardly.

Yang Qingzhuo was dumbfounded. Why did MO Xiu want the aphrodisiac herb?

Liu Ziyang turned his back and snickered. It seemed that what he said before was right. Boss did have a problem in that aspect.

MO Xiu glared fiercely at Xiao Hong. She was deliberately toying with him.

He didn't know the effects of the herb at first. It was given to him by Xiao Hong.

There was also a herb that wasn't called the "Herb." Although it had the same effect, Xiao Hong had deliberately said that. It was obvious that she wanted to see MO Xiu make a fool of himself.

MO Xiu was about to explain when Xiao Hong pressed the elevator button. The elevator door opened and everyone went in except for MO Xiu.

MO Xiu stood at the door and looked at Xiao Hong. How much hatred did she have with him?

Xiao Hong smiled as she turned her head and said to MO Xiu, who was outside the elevator, "Aren't you coming in? We still have to go down for a meeting!"

MO Xiu silently walked into the elevator. Xiao Hong's performance outside was not bad, but once she came in, she completely burned the bridge.

They came to the lobby downstairs and saw Wen Tengdao sitting on the sofa waiting for them.

After everyone sat down, Wen Tengdao said to MO Xiu, "Is everyone here?"

"Everyone is here. Let's begin."

Wen Tengdao nodded and started the meeting.

"Where do you want me to start?"

"Let's start with what outsiders are."

Wen Tengdao was surprised. These people entered the royal family as outsiders, but they didn't know what outsiders were.

Although he was surprised, Wen Teng Dao still patiently answered.

Outsiders are ordinary people who don't belong to the royal family and come from the outside world. They don't have any innate skills and are usually selected by the royal family. The target group is students who have just graduated from university. The selected ones can enter the royal family to cultivate and can only leave when they are 30 years old."

It sounds too nice," Xiao Hong said." Actually, she's the spouse of the royal family.""

Hearing this, Wen Teng Dao was shocked. After looking around, he immediately made a hand gesture to keep quiet.

Moxiu roughly understood the situation after contacting the two of them.

Outsiders entered the Royal Family at the age of 21. It just so happened that all four skills had been awakened, and the complete talent could be seen.

If there were people with especially good talent, they should be able to marry into the Imperial Family.

Since the development of the royal family, many people had blood relations and needed a small number of outsiders to supplement them.

Although there was no guarantee that their descendants would possess innate skills, there was still a certain chance that they would.

If that was the case, MO Xiu guessed that the men of the royal family might have three wives and four concubines, and the women might have many partners. Even if outsiders entered the royal family and became members of the royal family, they would not be valued.

MO Xiu sighed. Reality was cruel.

After entering the royal family, the proud sons of heaven in the outside world might only be at the bottom of the royal family. They might even be used as tools to carry on the family line.

When the outsiders were no longer of any use after they turned 30, they would be released.

This method was very cruel, but Moxiu was unable to judge whether it was right or wrong.

Humans needed the royal family to protect their homeland. They needed the highest combat strength.

This might be one of the few ways to protect the royal family.

It was time to make a choice between righteousness and kindness. If it was before, MO Yu would have chosen to save everyone, but that would have been a little short-sighted.

The current MO Xiu didn't want to make such a difficult decision. It wasn't his turn to make a decision yet.

"Miss, there are some things you can't say. No matter what our identities are, we've all received benefits, haven't we?" Wen Teng said." Xiao Hong wanted to say something but stopped.

"Brother Wen, please don't mind it," MO Xiu said."

"Alright, outsiders don't belong to the royal family. Although it's not said that outsiders have a lower status, we still have some restrictions."

Wen Tengdao stretched out three fingers and said, "To sum it up, there are three things you can't do. First, you can't enter the private territories of the royal families. Second, you can't enter and leave as you please. If you have something important to do in the outside world, you have to report it to the higher authorities. Third, you can't fall in love."

There was one more thing that Wen Teng Dao didn't say. Actually, the royal family couldn't fall in love with each other.

All the measures taken by the royal family were to ensure the bloodline.

MO Xiu suddenly felt that the royal family was actually pathetic after stripping away their glamorous outer clothing.

They had power and power, but at the same time, they had lost their freedom.

It was very likely that he was not as happy as an ordinary person..

Chapter 260: Everyone Wants to Be 101

Wen Tengdao took out a map and placed it in front of everyone. He circled the center of the map with a pen.

“The places we can go are limited. The main thing is this building. Actually, even if we don’t go out, we can live very well here and improve.”

Wen Teng Dao’s words were meaningful. If he didn’t go out, he wouldn’t have to come into contact with the imperial family, and he wouldn’t be affected?

“Where else can we go?” Moxiu asked. Is it the place you circled?”

Wen Teng said,” Yes, only the central area is a public area. The other places are private territories. If you want to earn points, go to the central area and take a look. ”“

MO Xiu nodded and Wen Teng Dao continued,” Next up, the points system is only for outsiders like us. The Royal Family doesn’t need it. You can install this software.”

Wen Tengdao downloaded the software for everyone. Moxiu was no stranger to this. Wasn't this the same trick as Shadow?

Entering his identity information, he entered the page directly. The software only had one interface and was extremely simple.

There were three digits on it, the first was 623, the second was 66, and the third was 0.

"What do these three numbers mean?" asked Moxiu.

Wen Tengdao explained, "The first number is the ranking of all the people below the age of 30, including the Royal Family. Moxiu, your ranking is already very high. The second number is the ranking of all the people who have not awakened all four skills. Because outsiders have basically awakened all four skills, almost all of them are Royal."

Moxiu understood. He pointed at the third number 0 and said, "So this is the points?"

"That's right," Wen Teng said. "The third number is points. You're 0 now. There's only one way to get points, which is to increase your ranking."

"Challenge?" asked MO Xiu.

"Then what are the rules of the challenge?" asked MO Xiu. "What was the ranking based on?"

"The rules are one-on-one without weapons. You can go to the central area to look at the rankings."

MO Xiu looked at Xiao Hong with some doubts in his heart. He asked, "What is the ranking based on? Who arranged it? Why do I have a ranking now? Could it be that the computer analyzed it?"

Wen Teng said, "This ranking is based on your own skills, not your actual strength. That's why there's a challenge. Every time you level up your skills or awaken your skills, your ranking will also increase. As for

who ranked you, I don't know. I only know that this ranking is very reliable." MO Xiu looked at Xiao Hong with a puzzled expression. Xiao Hong spread her hands and said, "Tianji School!"

"Tianji School? Surnamed Tian Ji or know Tian Ji?"

Xiao Hong replied, "Both. They have the surname Tianji and know Tianji. Their family's skills are very special. They don't have any offensive abilities, but their status is extraordinary. Don't doubt the credibility of the information they released. Back then, Beast was willing to sign a contract with the Alliance, and Tianji played a big role."

"They know everyone's skills?" Moxiu asked."

Xiao Hong thought for a moment and said, "You can say that. Their family members can be evaluated for their combat strength."

Moxiu was very concerned about this. If Royal knew that he had so many skills and two passive skills, who knew what they would do.

They might not capture him for research, but it was definitely possible for them to force dozens of wives into his hands.

After all, the top priority of the royal family was to carry on the family line.

Moxiu's double passive would definitely become their new favorite, and they would definitely let Moxiu have more children.

At this stage, everything was for the sake of carrying on the family line. MO Xiu did not want to become a tool for reproduction.

He didn't want anyone to discover these secrets. These were all Moxiu's trump cards. Once news of them leaked, his skills would be exposed.

Wen Tengdao talked about some trivial things. He was really serious and responsible. He explained everything in detail and answered every question seriously.

After explaining everything, he checked with Moxiu and the others several times to see if there were any more problems. When everyone said that there were no problems, he decided to leave.

Before he left, Wen Tengdao said, "Oh right, I forgot to tell you. The first room on the right side of the first floor is our chief manager. He rarely goes out. If you need anything, you can look for him. But I advise you not to provoke him unless it's very important. I heard that he's very scary.""

"Understood." Moxiu nodded and said, "I've wasted your afternoon. Keep in touch in the future." "

Wen Teng said, "Haha, receiving you is a job that many people are fighting to do. It's good that you can remember me. I'll leave first.""

"MO Xiu, where are we going now?" Xiao Hong asked after Wen Tengdao left."

MO Xiu looked at the time and said, ""Let's go to the central area first. I'm very curious about that place."

The few of them headed straight for the central area.

"Mom, don't you have any impression of these?" MO Xiu asked Li Yuan."

"I've heard a lot of things," Li Yuan said, "but I've never seen them before. I rarely went out before.""

The central area was no different from other places. There were only buildings.

From the outside, it was impossible to tell what these buildings were for or what was inside.

In such a modern scene, there was only one place that seemed out of place, and that was the huge stone tablet in the center.

This stone tablet was three floors tall and was as black as an inkstone.

MO Xiu knew that this should be the ranking that Wen Teng Dao was talking about.

Other than Xiao Hong, everyone else was surprised and went closer to take a look.

When he got closer, he realized that there were many people around him looking up at the stone tablet. There were even people looking at the top with binoculars.

That person looked at the binoculars for a long time. In the end, he put down the binoculars and left, shaking his head. It was unknown whether he saw a

powerful enemy or did not see the name at all.

Moxiu curiously looked at the highest point. The words looked like they were written by hand. They were hot gold, and each stroke carried a carefree air. That's right, Moxiu could tell that it was carefree.

"First place..."

MO Xiu rubbed his eyes and looked over again. He then looked at the others around him, and they all had puzzled expressions.

He could only see the words 'first place' clearly. The name behind it was blurry. Why was that?

MO Xiu continued to look down, but he still couldn't see the second place clearly.

He didn't see the name of the 100th place.

101st, Nine Peaks.

Suddenly, his name changed. Pang Wu.

His name changed again, Yuan Geng.

“Why can’t I see the top 100?” MO Xiu asked Xiao Hong. The 101st place was still jumping?”

Xiao Hong replied,” It’s weird if you can see it. Only the monsters in the top 100 can see it. Only the 101st place can see it. ”“

Moxiu was stunned for a moment. In other words, he wanted to see the rankings in front of him rise to the 101st place.

101 changed so quickly because the competition was too fierce. Everyone wanted to be 101..
