

Four Skills 261

Chapter 261: Battle Power Ranking, Potential Ranking

Hearing Xiao Hong's explanation, everyone understood.

In fact, the top 100 was a mystery. As long as one was well-informed, they would know who was in the top 100 by looking at who was under 30 and not on the rankings.

Everyone walked closer and found that the rules of the challenge were written in a corner of the stone tablet.

"First, in front of the ranking board, look at the challenger's name and announce it. The challenge is successful.

Second, each person has an absolute right to challenge once a month. That is, the first challenge must be accepted by the challenged. Other than the first challenge, the challenged can choose not to accept.

Third, after the challenge was established, the battle location would be automatically assigned.

Fourth, the use of weapons or drugs that do not conform to one's skills is not allowed in battle. Otherwise, the battle will fail.

Fifth, after the battle, points will be awarded according to the difficulty of the match and various factors.

Support protection. The support has the right to reject any non-support challenges, including the absolute right to challenge. In a battle between supports, each of them needs to find a non-support whose ranking is within ten places and engage in a two-on-two battle."

After reading the rules, Moxiu instantly understood why everyone was fighting for the 101st place.

He did not want to see the top 100. According to the rules, only the top 100 could be challenged.

In other words, if one wanted to be in the top 100, one had to be in the top 101 first.

Walking to the back of the stone tablet, there was a shorter ranking board.

On the front was the combat strength ranking, and behind it was the potential ranking.

To put it simply, the previous combat strength rankings were for the 21-to 29 -year-olds.

The potential list was for those who were eighteen to twenty years old and had not awakened four skills.

Looking at the others, MO Xiu knew that the rules of this ranking were the same. Only the top 100 and 101 could see the complete ranking. Moxiu was ranked 66th, and the complete list could be seen.

The others 'rankings were:

Xiao Xinru, 97th.

Yang Qingzhuo, 100th. Yue Yuan, 108th.

Liu Ziyang, 127th.

They were all around the 100th place. What surprised MO Xiu was that Yang Qingzhuo was ranked 100th.

It was even higher than Liu Ziyang and Yue Yuan. It seemed that there was something wrong with this ranking. It was not only ranked according to combat strength, but also overall strength.

In other words, if a strong Support could find a good teammate, they could reach a very high ranking.

This mechanism was very fair and relied heavily on Tianji School.

MO Xiu felt that if he had the chance, he would definitely come into contact with the Tianji School and understand this mysterious family.

After looking at the rankings, the few of them walked around again.

Even Xiao Hong didn't know much about this place because the Xiao family had always been sidelined by the royal family. They spent most of their time living in the outside world and rarely returned to the royal family.

After walking around, MO Xiu gained some understanding of this so-called public area. Most of the buildings around were used for battles during the competition.

There were only a few people on the combat power rankings. It was a waste to have so many buildings.

There were also some shops that sold all kinds of things. The things here could only be exchanged with points.

After walking around, the few of them felt that it was boring. No one had any points and could not buy anything. They decided to go back first.

After that, the group separated. Xiao Hong brought Liu Ziyang, Yang Qingzhuo, Yue Yuan, and Xiao Xinru back first.

MO Xiu and Li Yuan also had more important things to do.

That was to go to the Li family!

Since he had already arrived at the Imperial Family, he would have to go back

sooner or later. If he delayed it, he would feel even more uncomfortable.

MO Xiu and Li Yuan both thought so, so they decided to go to the Li family's house at night.

MO Xiu only felt a little touched. After living outside for so long and living a hard life for more than ten years, he had only his mother as a family member since he was young.

She was finally going to see her grandparents and uncles. She wondered if they would be easy to get along with.

However, from his mother's words, MO Xiu felt that the Li family was not bad. Back then, it was not his grandfather who forced his mother to leave the royal family. It was his mother who ran away on her own.

However, Li Yuan was different. She was the one who ran away back then. Her parents and brothers should be very sad. She was a little nervous when she returned home this time, or rather, she did not know how to face her relatives.

MO Xiu followed Li Yuan for a long walk. They walked from four o'clock in the afternoon to six o'clock in the afternoon, but they still did not reach the Li family's house.

MO Xiu knew that his mother was struggling internally. He knew that his mother was still hesitating, so he walked a little slowly.

After walking for a while, Li Yuan turned around and said to MO Xiu, who was behind her, "Little Xiu, it's been too long. This place has changed too much. I can't find the Li family."

MO Xiu was almost hurt by the words of Li Yuan. He couldn't find the place after a long time. It was a waste of time.

“Mom, do you remember the approximate location?” MO Xiu asked.”

Li Yuan nodded and said,” It’s in this area. I remember the location clearly, but there weren’t so many buildings in the past. Now, these buildings are all the same. I can’t tell which one is the Li family’s house.”“

Moxiu began to carefully observe the building and noticed a sign at the entrance of the building with a surname written on it.

The building in front of him was the Lin family, and next to it was the Bai family.

“Mom, let’s split up and look for the door.” MO Xiu said.”

The two of them moved separately. Moxiu walked between the buildings and slowly felt that it was not bad.

Every building looked the same at a glance. There was nothing different.

However, upon closer inspection, one would discover that each building was built differently, with slight differences.

For example, the Lin family had a big bulge on the tenth floor, as if it had been expanded.

The sky was getting dark. Seeing that time was tight, Moxiu began to speed up and run through the jungle of the building.

Hard work paid off. Finally, at around eight o’clock in the evening, they found a building with the words “Li” written on the door.

MO Xiu quickly contacted Li.

This Royal Space was a little special. He couldn't make a phone call, but there was an internet connection. He could contact people inside the Royal Family as well as people outside the Royal Family.

Li Yuan arrived very quickly. MO Xiu asked,""Mom, the Li family is written here."

Li Yuan took a closer look and said," I'm not sure either. The Li family used to have a three-story villa. Now it's all a building. I don't know if it's true."" "Are there any other Li families in the imperial family?"

Li Yuan shook her head gently and said with a smile,""You're right. The imperial family doesn't have repeated surnames. This should be the Li family."

Li Yuan felt that she was a little stupid. She did not even think of this. Who else could it be but the Li family?

Or perhaps, when they reached the door, they were more or less afraid and did not want to admit that this was the Li family.

"Let's go in and ask first!" said Moxiu."

The two of them walked to the entrance of the building. Through the glass door, they could see that the lobby on the first floor was empty.

There was a lock next to the door that required an iris and fingerprint to unlock.

MO Xiu looked at Li Yuan. Li Yuan could only go forward and give it a try.

When Li Yuan touched the fingerprint lock, an alarm sounded in the entire building.

A voice message echoed at the door.

“Outsiders are trespassing! Outsiders have trespassed!

Chapter 262: A Variant in the Era of Skills (1)

MO Xiu and Li Yuan were a little confused. They were just trying to see if they could enter. They had no ill intentions. How did it become an invasion?

“Xiao Xiu, did we get into trouble?” Li Yuan whispered. Wen Teng Dao said that outsiders were not allowed to enter private territory.”

“We’re not outsiders, so how can Grandfather not acknowledge us?” MO Xiu said.”

As he spoke, a man jumped down from the second floor of the building. He was extremely muscular and landed on the ground like a nail, as steady as a rock.

“Who are you? How dare you barge into my Li family?”

MO Xiu stepped forward.” Hello, let me introduce myself. My name is MO Xiu. This is my mother...”

“Explain? Come with me to the cell to explain!”

This person punched out, aiming at MO Xiu’s chest.

MO Xiu saw that this punch was quite powerful, so he immediately used the Descent of the Martial God and protected his chest with both fists.

This punch landed on MO Xiu’s arm, but MO Xiu didn’t move at all.

“MO Xiu, you’re indeed powerful. Then let me see how powerful you are!” Another punch was thrown out, and MO Xiu blocked it again!

MO Xiu knew that this person wouldn’t let this matter rest. Since he wanted to fight, then he would fight properly.

God’s spying, come out!

“Hmm?”

“Bang!”

With another punch, MO Xiu retreated several steps and looked at the person in front of him in shock.

The God’s Sight was ineffective, and he could not read any information.

What surprised Moxiu even more was that the War God’s Descent status on him had disappeared.

When he looked inside, he was instantly terrified. There were only five words in his mind.

“Skill sealing! ”

It was like he was starving to death and finally found a restaurant, but the words “Closed for Rectification” were written on it. The skill had disappeared!

This person’s face was filled with arrogance as he attacked again.

Moxiu came to his senses. Seeing that the other party had no intention of using any skills, since it was melee combat, wasn’t that his forte?

MO Xiu went up to meet mm!

A minute later, Moxiu knew that he was wrong. He was so wrong. This was because MO Xiu had been pressed to the ground in less than ten moves.

The opponent's physical strength was simply too strong. His speed and strength were enough to crush Moxiu. In fact, Moxiu did not even have the upper hand in terms of battle tactics. He was quickly defeated.

"MO Xiu, weren't you quite arrogant just now?"

"Big Brother, when did I become arrogant?" MO Xiu asked as he lay on the ground. You've always been the one being arrogant, okay?"

This person grabbed MO Xiu's arm and exerted a little force, causing MO Xiu to scream in pain.

"Are you saying that I'm unreasonable?"

"No! We really didn't mean to barge into the Li family, Mom! Hurry up and bring her!"

Moxiu should not have been in such a sorry state. After all, he still had the trump card, Black Qilin.

If it was a life-and-death battle, MO Xiu was confident that he would be able to take out half of the other party's life. However, they were returning to the Li family to acknowledge their relatives. This person was very likely to be a member of the Li family. It was fine to spar with the younger generation, but it should not be possible for him to cause serious injuries.

Li Yuan finally spoke.

"You are...Chong-er, right?"

"Who are you?" the man asked as he let go of MO Xiu. Why do you call me that?"

Li Yuan walked over excitedly and grabbed the man's hand. ""Are you really Li

Chong? You were only three years old when I left." "Three years old?" Li Chong asked in confusion."

Then, he frowned as if he was thinking about something.

As if he had found a treasure, he said excitedly,"You... Are you my aunt?" "Yes!" Li Yuan nodded.

"Aunt, you're finally back. My father and grandfather have been talking about you for so many years!" said Li Chong."

Li Yuan smiled gratefully and nodded vigorously.

At this moment, Li Chong realized something. Didn't that mean that MO Xiu was also a member of the Li Clan?

Li Chong quickly turned around and pulled MO Xiu up. He said,"So it's cousin! Wasn't this a flood that washed away the Dragon King Temple?" The moment MO Xiu stood up, he kicked out fiercely.

This kick landed on Li Chong's abdomen. Without any warning, he fell backward and sat firmly on the ground.

"Cousin, what do you mean?" Li Chong said angrily."

MO Xiu cupped his fists and said," Let me introduce myself once more. This brat MO Xiu is your cousin. Recently, we two brothers have met for the first time, so some misunderstandings are inevitable. What happened today is over. In the future, the two of us shouldn't hold grudges. This brat still relies on cousin to take care of him!"

Li Chong understood that MO Xiu was clearly trying to get back at him for the beating he had just received.

MO Xiu's face was humble and obedient. He did not look like he had just kicked someone.

Li Chong stood up and said, "You're not good. You're playing tricks. You're not like the Li family.""

MO Xiu nodded and smiled.

Li Chong said to Li Yuan, "Aunt, let's go in first and see Grandpa.""

Li Yuan nodded, and the three of them entered through the main door. "Cousin, why is my skill sealed?" Moxiu asked as he walked. What are you doing

"Look at my brain. I forgot to unseal you. It's fine now!" Li Chong said."

MO Xiu was speechless. Was he that awesome? Sealing and unsealing just like that, are you the God of Creation?

Moxiu looked inside and saw that the skill had returned. He immediately cast God's Sight on Li Chong.

MO Xiu was stunned when he saw Li Chong's innate skill. This... The Old Li family was cheating!

"Cousin, the Li family's sealing skill is an innate skill, right?" Moxiu sighed.

Isn't that too terrifying?"

Li Chong said proudly," Sigh, the Li family that trains their bodies hard is an anomaly in the age of skills!"

Chapter 263: Li Xin

Li Chong's words, coupled with his smug expression, looked like he was pretending.

After Moxiu saw Li Chong's skill, he understood the Li family's combat style.

When fighting against a strong enemy, they would activate their innate skills.

Absolute Seal was actually an active skill. It could even choose three targets and had no cooldown. This was simply cheating.

With such an innate skill, one had to make full use of their advantages. This also created the Li family's cultivation method.

He focused on cultivating his body, constantly strengthening his body and improving his combat skills.

In this way, the most fundamental four skills became less important to others.

Because no matter how strong the opponent's skill was, if you couldn't use it, it was equivalent to not having a skill.

No wonder the Da brothers were afraid of the Li family. The almost invincible Da family was helpless against the cheater Li family.

One seal and you would have to be beaten up obediently.

Compared to Sha Thearch, Li Chong's skill level wasn't very high. This was because he didn't pay much attention to skills.

In fact, if one disregarded his innate skills, just looking at Li Chong's four skills, he could be considered an armored warrior. Outside of Royal, he could be considered a top-notch expert.

However, he did not know how much the Li family's innate skill would affect the wild beasts. With the strength of the Li family's body, could they fight the wild beasts head-on?

The answer was soon revealed.

Li Chong brought MO Xiu and Li Yuan into the elevator and went straight to the top floor.

The elevator door opened, and the living room was directly inside, just like the second floor of the villa.

“Grandpa, where are you?” Li Chong shouted. Look who I brought for you.”

A stern voice sounded.

“Li Chong! What are you screaming about?”

Li Chong looked at MO Xiu while being reprimanded. He felt that being reprimanded in front of his cousin was a little embarrassing.

“Aunt, Cousin, Grandpa should be in the study. Let’s go over!”

Li Chong swaggered to the door of the study and pushed it open.

“Get out! No manners! Knock on the door! ”

Li Chong, who had just gone in, retreated dejectedly.

Li Chong looked at Li Yuan and MO Xiu and shook his head helplessly. He obediently knocked on the door.

“Come in!”

Li Chong pushed the door open and entered again. MO Xiu and Li Yuan followed him in.

The study was very stylish. There was a huge table in the middle, and the bookshelves on both sides were filled with books. Opposite it was a French window.

At this moment, Li Xin, the head of the Li family, had his back to them and was looking out of the French window.

The back view of the old man was like a small mountain. MO Xiu had a feeling that even wild beasts were not a match for this old man in front of him.

“What’s the matter?” Li Xin asked without turning back.”

“Grandpa, look! Who’s back?” Li Chong asked as if he was taking credit.”

Li Xin slowly turned the chair. The moment she saw Li Yuan, her lifeless eyes instantly regained their luster.

“Yuan ‘er! Is it really Yuan ‘er?”

When Li Yuan entered the door and saw Li Xin’s back, she was already in tears.

r

Two streams of tears flowed down her face, but she stubbornly didn’t make a sound.

Li Xin looked at Li Chong in disbelief, then looked at Li Yuan. She stood up excitedly and ran over.

When he placed his hands on Li Yuan’s shoulders, Li Yuan burst into tears.

“Ah! Father!”

Li Xin's huge body trembled a little. She crossed her arms and held Li Yuan in her arms.

Li Yuan and Li Xin's body shapes formed a huge contrast.

However, MO Xiu didn't feel that it was out of place. This was the true expression of his feelings.

Everyone present knew that Li Xin was hugging his pearl.

After a long time, Li Yuan's crying gradually slowed down and slowly came out of her father's arms.

A second ago, Li Yuan had returned to being 18 years old and crying wantonly.

The next second, Li Yuan collected her emotions and looked at Li Xin, ready to accept the blame.

Li Xin didn't shed tears, but his trembling body showed his current emotions.

"Dad, I'm sorry!"

Li Yuan spoke.

Li Xin looked at Li Yuan quietly. She opened her mouth and closed it again, as if she had a thousand words to say but could not.

"It's good that you're back!"

Li Xin thought about it and felt that it was not good to say anything now. No matter what she said, she could not express her emotions at this moment.

There was only one sentence, 'It's good that you're back'!

Li Yuan nodded and said, "Dad, Yuan 'er has been willful for too many years. I'm sorry for making you worry."

Li Xin shook her head and said, "As long as you are willing to come back, no matter when, you will always be my daughter."

MO Xiu was a little embarrassed. Li Xin hadn't seen him yet, so he couldn't go up and say, 'You still have a grandson!'.

Li Xin chatted with Li Yuan for a while before she saw MO Xiu.

When he saw Moxiu, he was obviously surprised.

"MO Xiu? You're Elder Tang's disciple, MO Xiu?"

MO Xiu nodded.

Li Xin looked at Xiang Yuan again and asked, "Yuan 'er, could he be..." It's just...

Li Yuan smiled and said, "That's right, Father, this is your grandson. He didn't disappoint you, did he?"

Li Yuan's personality was gentle and elegant, but when she mentioned MO Xiu, there was an indescribable pride in her tone.

This was also one of the most important reasons why Li Yuan dared to return home. If MO Xiu was not promising, she would not have returned. It was not for anything else, but because she did not want MO Xiu to be humiliated by the other royal families.

Li Xin laughed out loud, "Hahaha, good, very good!" Come over and let Grandpa take a good look!"

Looking at Li Xin's appearance, she should be quite nice to Li Yuan.

MO Xiu had already made up his mind. If the Li family accepted his mother, he would acknowledge his ancestors. If the Li family ostracized his mother, MO Xiu would not be reluctant to part with her and would definitely leave.

Li Xin's current performance made MO Xiu very satisfied. He immediately went forward and said, "Little brat MO Xiu, you have met grandfather!"

Li Xin said, "Okay, there's no need to be so polite with Grandpa. My Li family is really successful. Not only did they become Old Tang's disciple, but they also saved the Alliance."

MO Xiu smiled modestly and said, "Grandpa, you flatter me. I feel even more honored to have such a good grandpa like you. ""

"Hahaha! "

Li Xin laughed out loud at MO Xiu's praise, while Li Chong pouted his lips.

"Grandfather, will Moxiu's return to the clan bring unnecessary trouble?"

Li Xinyi glared at him and said, "Can't you see that I'm talking to my grandson? Don't interrupt. Is there any trouble that my Li family can't handle?"

Li Xin's words were very domineering, making MO Xiu feel very comfortable listening to them.

Li Chong smiled awkwardly, but he was very unhappy in his heart. I'm your biological grandson.

Li Chong said unwillingly.

Grandpa Wang, I brought you back. Are you satisfied?"

“Speaking of which, I’m angry. Why didn’t you call me immediately when you brought Yuan ‘er and Xiao Xiu back?”

Li Chong was stunned. He shouted. Didn’t you tell him not to scream?

Li Xin slammed the table.” Also, just come in. Why are you knocking?” ‘You’re so slow that you made me see Yuan’ er a few seconds later. You’re not like the Li family at all. Hurry up and get out. I’m annoyed just by looking at you!’“

Li Chong clutched his chest. He was about to die of grievances.. Didn’t you ask me to knock on the door???

Chapter 264: Li?_1

At this moment, Li Xin was sitting on a chair. Li Yuan was standing by the side and accompanying her. MO Xiu was arranged by Li Xin to sit opposite her.

The three of them chatted happily and laughed from time to time.

Li Chong stood in the distance and watched this happy scene. He felt that he was not a member of the Li family.

Shaking his head, he walked out of the study with a hand over his heart.

“Yuan ‘er, why did you leave?” Li Xin asked. No one forced you to leave. You’ve always been obedient and sensible. How could you...Sigh, he had been gone for 19 years!”

MO Xiu listened carefully. This was something that he had always been curious about. He couldn’t ask his mother, but his grandfather could.

Li Yuan looked at MO Xiu and said, "At that time, the manager had already ordered to abort my child.""

"What are you afraid of?" Li Xin said resentfully. Can't I handle this pressure? I told you to keep the child!"

After saying this, he leaned closer to MO Xiu and said, "I asked for it back then!"

MO Xiu laughed. This Sect Leader who was as tall as a small mountain and had the support of the Li Clan actually said such words to him. He was really an old child.

Li Yuan was also amused by Li Xin's behavior. She said, "I just don't want you to be under so much pressure. Also..."

Li Yuan glanced at MO Xiu. This was obviously related to MO Xiu.

"What else?" MO Xiu and Li Xin asked together."

"Also, the royal family's requirements for reproduction are too strict. Once Moxiu doesn't have any innate skills, it's very likely that he will be exiled by the managers. If that happens, Moxiu might not be able to survive."

MO Xiu didn't know what to say. He had affected his mother's life, and he had no way to repay her.

Even Li Xin remained silent after hearing this, because this was reality, and even Li Xin could not change it.

In the following conversation, Moxiu gradually understood why his mother

The first was the pressure from the managers. From Li Yuan and Li Xin's words, it could be analyzed that the status of the managers was higher than that of the royal family, or in other words, they managed the royal family.

Li Yuan was pregnant. The father of the child was not approved by the management, so the management asked Li Yuan to abort the child.

Because Li Yuan was already of reproductive age at that time, the manager had also chosen a spouse. If they did not abort the child, it would take a year. In this year, the child would not be able to conceive a child with better genes.

When he heard this, Moxiu felt sad for the royal family. It was fine if they couldn't love freely, but they were even restricted from having children.

Under Li Xin's resistance, the manager finally compromised, but the rules could not be changed. If the child was born without talent, he could not live in the Li family.

They might be considered outsiders, or they might be directly exiled to the outside world to ensure their royal bloodline.

When the child awakened all his skills and had no talent, he would be exiled. Perhaps there was one last chance for the child to marry and have children to see if he had any talent.

No matter what the final outcome was, if Li Yuan had not escaped from the royal family back then, MO Xiu's fate would have been very tragic. He would have been bullied and insulted since he was young.

MO Xiu remembered everything that Li Yuan had done for him.

There was one thing that MO Xiu was very concerned about. Li Xin and Li Yuan had never talked about their father.

However, after hearing so much, she could roughly guess that her father should be an ordinary person. Otherwise, the manager would not have stopped her like this.

If it was an extremely talented outsider, he might even be left behind in the Li family.

As the three of them chatted, the door of the study was pushed open and two middle-aged men entered.

There was no need to even think about it. These must be his two uncles.

Before the two of them could speak, MO Xiu stood up and said, "Mo Xiu greets the two uncles!"

The two of them smiled and patted MO Xiu.

Li Yuan had two older brothers. The eldest was called Li Shiyu, and the second was called Li Zhengwu.

Li Shiyu had a forthright personality. The first thing he did when he saw MO Xiu was give him a red packet.

Li Zhengwu was more honest and kept praising MO Xiu.

The two of them are over MO Xiu and Li Yuan, chatting with each other, both of them are very excited, talking with each other, Li Yuan, these years alone, one of them is outside, hard work is very painful, looking at each other, out of the past, I loved Li Yuan very much.

Thinking about it, it made sense. The two brothers only had one sister. It would be strange if they didn't love her.

They chatted until late at night. Li Xin watched her two sons chatting with her daughter and said, "Alright, it's getting late. Let Yuan 'er and Xiao Xiu rest first." "Understood," said Li Shiyu. "I'll take my sister to arrange a place to stay." Li Shiyu and Li Zhengwu left with Li Yuan, but Li Xin left MO Xiu behind.

MO Xiu was somewhat caught off guard. Shouldn't he have left his mother behind?

"Grandpa, is there anything you want to ask me?"

Li Xin's expression became serious as she said, ""You were the one who persuaded Yuan 'er to come back, right?"

MO Xiu didn't hide anything." That's right. It's me. How did you know?"

"I know Yuan 'er. She looks like an easy-going child on the surface, but she has taken after my stubborn temper. Since she has already left, she has no intention of coming back. I have to thank you."

Since Li Xin asked so straightforwardly, MO Xiu simply answered.

"I have two purposes. The first is to know my background. "I rarely ask, but now that I'm back, I have to figure it out. The second reason is to train myself. I don't think there's a better place for cultivation than the royal family in this world."

Li Xin said," Alright, he's a child of my Li family. He's ambitious!" You came in as Old Master Tang's disciple, right?"

"That's right. I brought five companions with me this time."

"Alright, go ahead. The Li family will be your backing. Do you know that there is a limit to the selection of disciples by Old Master Tang?" MO Xiu shook his head. He had never heard of this before.

"It can't be the royal family, " Li Xin said with a smile."

MO Xiu was stunned. If he returned to the Li family now, wouldn't that be breaking the rules?

"Then what will happen now?"

Li Xin took a sip of tea and said, "This is why I asked you to stay. I want to ask you two questions."

"Please ask!" Moxiu said.

“Have you awakened Li’s innate skill? Absolute Seal.”

“No, I don’t have this skill.” Moxiu shook his head.’

Actually, Moxiu really wanted to have this insane skill, but unfortunately, it really didn’t awaken.

“If you don’t, you won’t be in too much trouble. As long as Mr. Tang and I can withstand the pressure from the outside world, you’ll be fine. Second question, since you’re back, do you want to change your surname to Li?”

This was the rule of the royal family. Regardless of whether your father or your mother was a member of the royal family, you had to be born with the royal family’s surname.

Someone like MO Xiu had never appeared before, so Li Xin wanted to ask for MO Xiu’s opinion.

Grandpa,” Moxiu said,” before I answer your question, can I ask you a question?””

“Ask!

“Why am I surnamed MO? Who is my father? I won’t change my surname if I don’t know about this.”

Li Xin thought for a moment and said,”You...” No father!”

Chapter 265: Mystery (1)

MO Xiu merely frowned. He didn’t have a father. Could it be that he had jumped out from a crack in the rock?

Li Xin saw MO Xiu's confusion and said, "Let me tell you about what happened back then. You have the right to know."

MO Xiu nodded and listened carefully.

"I remember that day when I just woke up, Shiyu came to find me and said that Yuan 'er was missing. I didn't pay much attention to it at that time and thought that Yuan' er had gone out to play. However, when she didn't come back until night, I knew that something was wrong."

"Yuan 'er went missing for five days. I almost turned the entire imperial family upside down, but I still couldn't find any trace of Yuan' er."

"At that time, although the Li family did not have many people, the security was still quite tight. Yuan 'er's room was between Shiyu's and Zhengwu's rooms. I felt that no one could take Yuan' er away without a sound, unless it was someone with spatial skills."

"They were tortured to death by me, so I stayed in front of their family's door and said that I wouldn't leave until my daughter came out."

"On the fifth day, I was still looking for Yuan 'er. Shiyu sent me news that Yuan' er had returned. I checked carefully when I got home, and Yuan 'er was not injured at all."

"Shiyu said that Yuan 'er appeared in her room out of thin air. She didn't know anything for the past five days. She didn't have any consciousness at all. She only felt like she was sleeping and didn't know that five days had passed."

"This matter was very strange, but the murderer did not leave a trace. I had no way to investigate, and we gradually forgot about this matter."

"But two months later, Yuan 'er came to me and told me that she was pregnant. After calculating the time, it should have happened during the five days that she disappeared. I was so angry that I flew into a rage. I didn't know who had defiled my daughter."

“But now that things have come to this, I can only try my best to hide it, but how can I hide it? With Tianji School around, the royal family had no secrets.

Soon, the manager found the Li family and asked Yuan ‘er to abort the child. That was what happened.”

So that was the reason why Mr. Tang and Grandpa said they didn’t have a father. No one knew who their father was. If there was anyone who might know, it could only be their mother.

MO Xiu asked, “Why did the Celestial Sect tell the Manager?””

Li Xin said helplessly, “Tianji School has its own responsibility. You can’t blame them for this. I also went to Tianji School to ask who your father is.””

“Didn’t they say anything?” Moxiu asked.”

“Their answer is that you don’t have a father! ”

MO Xiu was speechless. It seemed that if he wanted to know who his father was, he would have to find an opportunity to ask his mother. Since this was the case, his mother would not be against answering these questions.

Li Xin threw the question to MO Xiu and said, “I’ve told you everything I know. Now it’s time for you to answer my question.”

MO Xiu knew what Li Xin wanted to say. She wanted to ask him about changing his surname.

‘I’m sorry, Grandpa,” MO Xiu said formally.” Actually, when you asked me the question, I already knew the answer. I won’t change my surname. ‘”‘

“I want to know the reason.’ ‘

MO Xiu laughed and said in a joking manner, "Although Li Xiu is also very nice, I'm used to people calling me MO Xiu."

Both of them knew that MO Xiu was just joking. The real reason was Li Yuan.

Since MO Xiu had no father since he was young, the name MO Xiu was given to him by his mother, Li Yuan.

Li Yuan was the most important person in MO Xiu's life. MO Xiu would never be able to repay Li Yuan's kindness and love.

MO Xiu had no right to change the name his mother had given him, not even a single word.

If it was Li Yuan who asked him to change it, then MO Cheng would not change it.

But of the two people present, one was Li Yuan's son, and the other was Li Yuan's father. Both of them knew that the stubborn Li Yuan would not let MO Xiu change his name.

This had been decided 19 years ago when Li Yuan decided to leave the royal family. It was impossible to change it.

Li Xin knew that. After hearing MO Xiu's words, she didn't get angry. Instead, she smiled.

"Hahaha, good! If you are a member of the Li family, you have a backbone. The

Li family must have the courage to break the rules of the world. You are a good man who values relationships and righteousness." "It's all thanks to you that I'm so outstanding," said Moxiu."

"What do you mean?"

"You see, I was taught well by my mother since I was young. Wasn't my mother taught by you?"

Li Xin was very happy to be praised by MO Xiu.

“You brat! Go back and rest first. I won’t publicize the news of you and your son returning. Let nature take its course. Tomorrow morning, go and see your cousin Li Ling ‘er. She’s much stronger than Li Chong.”

MO Xiu bid farewell to Li Xinchang and returned to the room his uncle had arranged for him. He wanted to ask his mother directly, but it was too late. He would talk about it tomorrow morning.

After returning to his room, Moxiu pursed his lips the moment he entered.

The royal family was indeed the royal family. Wasn’t this room too big? It was about the same size as Li Xin’s room. It could basically be considered a small villa.

This was only Moxiu’s own room, but there was no need to make a fuss.

According to his understanding, the Li Family didn’t have many people.

Excluding his mother and himself, there were only five core members in total.

His grandfather, Li Xin, his two uncles, Li Shiyu and Li Zhengwu, his cousin, Li Chong, and his cousin, Li Ling ‘er.

There were only a few core members in such a big building. It was indeed a little too little. There was too much free space.

However, there was one thing that MO Xiu was more concerned about. Both of his uncles had appeared, so why didn’t his aunt appear?

He took out his phone and looked at the messages of Xiao Hong and Yang Qingzhuo. He looked at them and asked MO Xiu if he would go tonight.

MO Xiu replied to them one by one. He wouldn't be going back tonight and would go back to look for them tomorrow.

Moxiu's plan was to let his mother stay in the Li family while he went back to meet up with his companions. It was impossible for them to be separated from those who came together.

Early in the morning, Moxiu opened his eyes and looked out the window. There was no sun outside, and the light in the entire sky was very uniform.

It felt like a light on the roof that would adjust its brightness according to the time.

Perhaps it was to simulate the sun, but Moxiu simply tidied up, walked out of the room, and knocked on his mother's door.

"Come in!"

After Moxiu entered, he saw two people sitting on the sofa in the living room.

One was her mother, and the other was a woman in her twenties. She had a gentle appearance and elegant manners. Her facial features were even more like her mother than hers.

MO Xiu understood in his heart. This was his cousin, Li Ling 'er, whom he had yet to meet.

When Li Ling 'er saw MO Xiu enter, she said,""Oh, it's MO Xiu. Come in quickly, let big sister see you."

MO Xiu walked over and sat beside Li Ling 'er. Li Ling' er looked at MO Xiu for a

long time, causing MO Xiu to feel a little scared.

In the end, he said something that shocked MO Xiu.

“You’re so handsome.. If you weren’t my brother, I would have taken you in!”

Chapter 266: Li Ling ‘er (1)

This sentence itself was nothing much. No matter what, MO Xiu was someone who had seen the world.

However, it was a little strange for Li Ling ‘er to say such an indecent thing.

How could a woman like Li Yuan say such a thing?

MO Xiu didn’t know how to answer, so he decided not to say anything.

“What?” Li Ling ‘er covered her mouth and asked. Are you still shy? You’re almost nineteen years old. Don’t you have a girlfriend yet?”

MO Xiu smiled but still did not answer. He did not know if he had a girlfriend, and he had not told Mu Qingyi about his relationship.

Li Ling ‘er pulled MO Xiu and said,” How can this be? This is too outrageous. When I was your age, I already had three partners. How about I introduce you to a few girlfriends?””

MO Xiu was truly shocked. When he was his age, he already had three mates? If he didn’t understand it wrong...

“What do you mean by three mates?” Moxiu asked.

Li Ling 'er's eyes moved as she said," It's what I mean on the surface. I already have seventeen partners.""

MO Xiu widened his eyes and looked at Li Ling 'er. This...This was the empress.

Seeing how surprised MO Xiu was, Li Ling 'er explained, ""What's the big deal? My father and Second Uncle each have over a hundred mates. Even Li Chong has over thirty mates. I have the least."

MO Xiu was really shocked. No wonder he didn't see his aunt yesterday. If his aunt had come, his grandfather's room might not even be able to fit.

MO Xiu could understand why everyone in the Li family had so many partners. It was just that the Li family had few people and wanted to cast a wide net.

However, this was too exaggerated and was beyond what Moxiu could accept.

At the same time, MO Xiu also found it unbelievable. The Li family's fertility was too poor, right?

Putting everything else aside, his first uncle and second uncle each had hundreds of wives, but each of them only had one child. How low was the probability?

At the thought of this, Moxiu started to worry about himself. Would he end up like this?

In fact, the royal family still had some autonomy in procreating.

For example, in the Li family, everyone could choose a method of reproduction. The first method was to choose to marry into another royal family. This way, the continuation of the bloodline could be guaranteed. Both parents had innate skills, and one had to inherit them. If they chose this method, it would be for stability.

Because both of them were royalty, their status was obvious. Generally, the two of them would not have other partners.

The second method was the one that the Li family had chosen to cast a wide net, allowing outsiders to become their spouse. This way, they could have many mates.

However, most of the royal women only had one spouse no matter what they chose. After all, women and men were different. There were very few like Li Ling 'er.

It was also because of this that Li Ling 'er had a nickname in the royal family. She was called the Empress. Of course, this was a better nickname, and there were also unpleasant nicknames.

Moxiu knew that it was impossible for his two uncles to only have two children. It was just that the others had not awakened their innate skills and had not become core members.

This was the sorrow of the Li family, the sorrow of the royal family, and the sorrow of mankind.

In order to protect the royal family's highest combat strength, humans had used all kinds of methods, regardless of whether they were good or bad!

"So that's how it is!" said MO Xiu."

His grandfather had asked MO Xiu to interact more with Li Ling 'er, but MO Xiu really didn't know how to interact with such a cousin.

"I'll help you find a few suitable royals. You don't have to care about the rules.

You can have as many as you want, okay?" Li Ling 'er said."

MO Xiu said," Cousin, you've troubled me, but there's no need. I have a girlfriend. These things..." I can handle it."

Seeing that her matchmaking failed, Li Ling 'er said,""Mo Xiu, in the future, if you have any problems, look for me. I'll help you settle it. No one is allowed to bully my little brother."

MO Xiu nodded in response. Li Ling 'er really couldn't understand what he was seeing.

Her appearance was elegant and easy-going, and her words were domineering. In life, she was...

After that, Li Ling 'er kept asking about what was going on outside. She seemed very curious and kept talking about something. The entire morning was wasted.

MO Xiu had no way of chasing her away. He repeatedly looked at his mother for help, but his mother ignored him.

Li Ling 'er seemed to have finally finished her questions in the afternoon. She nodded in satisfaction and stood up.

MO Xiu thought that she was going to leave and was extremely happy. He silently decided that he would never listen to his grandfather and not interact much with this strange cousin.

"MO Xiu, we're almost done chatting. Let me test your strength!" Li Ling 'er stood up and said."

When MO Xiu heard this, he immediately shook his head. Li Ling 'er was two years older than Li Chong, and his grandfather had also said that Li Ling' er was stronger than Li Chong.

He couldn't even defeat Li Chong, let alone Li Ling 'er. She would definitely be beaten up.

It was very difficult to learn from the Li family. How could he learn from the suppression of his body's basic attributes?

Li Ling 'er frowned and said," I heard from my dad that you're not bad. I also saw on the news that you dared to challenge Qiu Chunxia. Why are you so scared?" No, you have to exchange a few moves with me today!"

MO Xiu was dragged into an empty room by Li Ling 'er. It looked like it was used as a training ground.

MO Xiu really didn't want to be beaten up. However, he couldn't avoid it either. In that case, he might as well be more serious so that he wouldn't be beaten up so badly.

MO Xiu immediately used the Descent of the Martial God and then used the God's Affairs Snooping on Li Ling 'er. [Innate Skill: Absolute Seal (to be used)]

After looking at Li Ling ‘er’s skills, MO Xiu knew one thing.

No matter how many geniuses there were in the imperial family, the first place on the combat power ranking was none other than Li Ling ‘er..

Chapter 267: Absolute Seal

Li Ling 'er's innate skill was also called Absolute Seal. However, the effect of the skill was completely different from Li Chong's.

Li Ling 'er's Absolute Seal was an active skill. It sealed a target for three seconds, but her own skill was not sealed.

What was truly terrifying was that Li Ling 'er was an Assassin. Even if one did not look at her innate skills, she was still an extremely powerful Assassin. Three seconds was enough for the assassin to kill the opponent countless times.

Li Ling 'er's Assassin skills were very comprehensive, and her damage output was high enough. Even if it was not high, it was enough to deal with an ordinary person without any skills.

Not only was he ranked first on the Battle Power Ranking, but even if he included people over the age of 30, MO Xiu couldn't think of anyone who could defeat Li Ling 'er in a one-on-one situation.

Now, MO Xiu finally understood why Li Ling 'er had so many partners. Not only her, but the entire Li family and even the entire royal family did not want Li Ling 'er's talent to disappear.

The Li family was really strange. There was actually a difference in the innate skills between individuals. Did that mean that Moxiu's two uncles, grandfather, and mother's skills were all different?

Now that MO Xiu was facing Li Ling 'er, he felt that the only way to win was to launch a sneak attack.

"Since you've activated your skills, does that mean you're ready?" Li Ling 'er asked. "

Moxiu raised his right hand in front of his chest and said, "Wait, I'm not ready yet. As my sister, you have to give in to me. I'll start when I say it.""

Li Ling 'er smiled and nodded. Her smile was very warm, just like her mother's. For a moment, she had forgotten what kind of person Li Ling 'er was.

"What is it?" Li Ling 'er replied seriously. I'll definitely tell you if I know!"

"That's it . . ." It was...Begin!"

When Moxiu saw that the distance between them was about right, he immediately ordered them to begin and immediately attacked.

MO Xiu threw a punch. Halfway through, his fist suddenly lost its strength. MO Xiu knew that his sneak attack had failed. Li Ling 'er had used Absolute Seal.

"Despicable!"

In the next second, Moxiu was pressed to the ground.

After three seconds, Moxiu didn't act rashly. He knew that he had already lost and there was no need to fight anymore.

"Cousin, I admit defeat!" said MO Xiu."

Li Ling 'er let go of MO Xiu and said,"At least you know your place!"

It wasn't that Moxiu didn't want to fight anymore. Even if Li Ling 'er didn't have any innate skills, her other skills were enough to deal with Moxiu.

Not counting her innate skills, Li Ling 'er was also an expert on the same level as Zeng Liugen. The current MO Xiu wasn't even on the same level as them.

"Sister Ling 'er is indeed powerful. Even my sneak attack was useless. ""

Li Ling 'er said unhappily, ""It's quite sinister, but... I like it, hahaha!"

Li Ling 'er laughed as she walked out of the room. When she reached the door, she said, ""Don't forget, if someone bullies you, look for me!"

"I will," said MO Xiu.

No matter where Li Ling 'er was placed, she would be a tyrant. MO Xiu would naturally use this relationship.

Moxiu returned to his mother's room. This time, no one disturbed him. He finally asked what he wanted to ask.

This time, Li Yuan also formally answered MO Xiu that she did not know who MO Xiu's father was.

The incident happened within five days of her disappearance, and she got pregnant the moment she returned.

"Mom, what about Elder Tang?" MO Xiu asked again. How do you know Mr.

Tang?"

"He found me when I ran out," Li Yuan said. "He helped me."

His mother's words were still very vague, but Moxiu finally understood the general situation. Other than not knowing who his father was, everything else was already very clear.

As for Elder Tang, MO Xiu was certain that he had been observing him since he was young. Otherwise, he wouldn't have taken him in as a disciple so easily.

After chatting, Moxiu told his mother about his thoughts. He wanted to return to live with the outsiders.

Li Yuan also agreed, but she said that she would come back often to visit.

After that, MO Xiu went to explain the situation to Li Xin.

Li Xin really wanted to make MO Xiu stay. After all, he was a grandson whom she had not seen for ten years. She wanted all of MO Xiu's companions to come and live with the Li family.

MO Huan thought about it and rejected it. Although he would have better resources and environment if he came to the Li family, it was still against the rules. There would be a lot of trouble if he did not follow the rules here.

Moreover, he had always been under the protection of the Li family, which went against his original intention of coming to the imperial family to train. MO Xiu still wanted to rely on his own ability to fight in the imperial family.

Li Xin saw MO Xiu's firm attitude and did not try to persuade him to stay. He let MO Xiu leave.

It was already afternoon when MO Xiu left the Li family's residence. After contacting his companions, he rushed back.

When he returned to the Outsider Building and found Xiao Hong and the others, he found that everyone was a little unhappy.

"Boss, isn't it too stifling here?" Liu Ziyang said."

"Why are you sullen?" MO Xiu asked in confusion."

Xiao Hong explained," On the day you left, we received a lot of challenges. Most of them were challenges from the Potential Roll. Xiao Xinru and Yang Qingzhuo, who were in the top 100, were fine as long as they refused fewer challenges. But..."

Yue Yuan took over and said, "But I and Liu Ziyang are over 100. There are a few people who have the absolute right to challenge us. We can't refuse. We can only fight.""

"And the result?" asked MO Xiu. Did you lose?"

Yue Yuan replied, "Yes, I lost three matches and won one. Liu Ziyang lost four matches and won two.""

MO Xiu looked at their rankings. Yue Yuan had dropped from 108 to 157, and Liu Ziyang had dropped from 127 to 162. Furthermore, both of them had zero points.

"Didn't you all win before?" asked Moxiu. Why were his points still zero? Did you use it?"

"We won't get any extra points if we win. Maybe we lost a lot before?" Liu Ziyang said with grievance."

Xiao Hong explained, "Actually, losing the competition will also deduct points. The two of them lost before, so their points were negative. It's just that it wasn't shown. ""

The few of them chatted for a while more. Liu Ziyang and Yue Yuan's situation was the worst, and they might still have negative scores now.

Yang Qingzhuo was a Support with protection, so he rejected all the challengers.

Xiao Hong had fought three matches and won all of them. Her ranking did not rise, but she had several hundred points.

The one who felt the best was Xiao Xinru. This guy rejected all the people he could reject and then took the initiative to challenge those who were ranked higher than him. He challenged three people and actually won all of them.

He was currently ranked 57th, higher than MO Xiu, and had several thousand points.

Here, the skill training field, the medicine hall, and some special training fields had to use points. The rest of the food, clothing, and accommodation were free.

However, the resources required points. Without points, it was very difficult to improve here.

This also created a situation where the strong would always be strong and the weak would find it difficult to turn the tables..

Chapter 268: Group Three

They had only been here for a day, and the difference was obvious. Xiao Xinru was at ease, Xiao Hong and Yang Qingzhuo could protect themselves, and Yue Yuan and Liu Ziyang could barely even protect themselves.

No points meant no resources. Without resources, there was no way to increase one's strength. This was a vicious cycle.

Since the Tianji School placed Liu Ziyang and Yue Yuan in that position, then there must be some basis for it. How did you lose back then?" MO Xiu asked."

Liu Ziyang and Yue Yuan were somewhat baffled. Their strength should be about the same as the other party, so why was it that they couldn't fight anymore?

" I watched one of Liu Ziyang's matches," Xiao Hong said." His opponent's skills were obviously meant to restrain Liu Ziyang. In addition, Liu Ziyang was not prepared enough, so he lost.""

Moxiu nodded and said," Since this place doesn't restrict people from watching the competition, we'll be targeted by some people. These people will choose those who are restrained to challenge us. Don't be too sad.""

Yue Yuan and MO Xiu both knew what MO Xiu meant, but they still couldn't be happy. They felt that they wouldn't be able to survive in the Imperial Family in the future.

MO Xiu sat down and said, "Since I brought you here and you are my team, I will arrange your actions in the future."

Of course, they were willing. Even Xiao Hong wasn't familiar with the challenge mechanism. Facing such a new environment, they needed a backbone. Otherwise, there would definitely be people falling behind.

MO Xiu said, "Next, I'll split you into three groups. Liu Ziyang and Yue Yuan will be in the Breakthrough Group. From now on, you will accept all challenges within your capabilities. You will not reject anyone. As long as someone challenges you, you will face them head-on."

Liu Ziyang said with a bitter face, "Boss, if this is the case, my points will never become positive in this lifetime. ""

"It doesn't matter. You have to remember that those who challenge you are those who are ranked lower than you. In other words, they are theoretically weaker than you. It's not scary to lose. You have to know why you lost and why you lost to someone who is inferior to you."

Liu Ziyang and Yue Yuan lowered their heads in shame.

Moxiu continued, "You all represent yourselves, and you also represent me and the Dark Shadow. It's good to have some pressure. Go and improve, and break through. I brought you all here because I believe in you!"

The fighting spirit in Yue Yuan's eyes was the first to recover. He recalled what Yue Long said before he came, 'No matter what, don't give up!'

Liu Ziyang also nodded heavily and said, "F * ck, isn't it just a battle? I'll fight it out with them."

MO Xiu nodded and said, "The second group, Xiao Hong and Xiao Xinru. The vanguard group. I believe that the two of you can make it to the rankings. The two of you can be the vanguard and charge up. Don't have any reservations. Go ahead and challenge them. ""

Xiao Xinru nodded excitedly. Not to mention the benefits of the points, just fighting with so many experts was enough to make him excited.

Xiao Hong's mood was a little down. After such a long time, MO Xiu understood the changes in Xiao Hong's mentality.

Recently, she had suffered too many blows and started to doubt herself. The originally arrogant Xiao Hong had disappeared, but in fact, she was not weak.

In the school competition, other than the cheaters, only MO Xiu, who had leveled up, could suppress Xiao Hong.

Lu Zhihao would need to go through a tough battle to defeat Xiao Hong. As for Liu Peixiong, it was completely a professional restraint.

Xiao Hong's current ranking was around 1,500, which was definitely not her true strength.

"Xiao Hong, you're very strong. Be my vanguard!" MO Xiu continued." Xiao Hong finally raised her head and nodded.

"The third group is me and Yang Qingzhuo. Yang Qingzhuo, you choose your target and let me know. I will fight you. As for myself, I will try my best to reach the highest ranking."

Xiao Hong curled her lips and said, "You really can't leave your little support anywhere! ""

Everyone could tell that these words were filled with jealousy. MO Xiu knew that Xiao Hong was going to cause trouble again.

Yang Qingzhuo said unhappily, "Sister Xiao Hong, what you said is wrong. I think MO Xiu has arranged it well. There's no problem!"

Seeing that the two women were full of gunpowder, Yue Yuan said, "I'm going

to accept the challenge. Time is of the essence."

Liu Ziyang reacted quickly and immediately said, "Yue Yuan, the two of us are a group. Wait for me."

As soon as the two of them left, Xiao Xinru couldn't sit still anymore. She didn't want to waste her time and just said, "Goodbye."

Now only MO Xiu and Xiao Hong were left. Xiao Hong was still angry at Yang

Qingzhuo. MO Xiu couldn't stand it anymore and said, "Alright, stop talking. I've already arranged the mission. Do what you need to do!"

"Why is he still acting like an official?" Xiao Hong asked coldly.

Yang Qingzhuo was much more obedient. He immediately stood up and stuck out his tongue at Xiao Hong before leaving.

MO Xiu also wanted to leave, but he was stopped by Xiao Hong.

"Is there anything you want to say to me?"

Xiao Hong nodded. "Speak!"

"Can I really do it?"

Moxiu immediately stood up and strode forward. Without turning his head, he said, "After entering the Imperial Family, have you forgotten your own name?"

MO Xiu walked far away. Xiao Hong sat alone in her original spot, muttering softly, "Xiao Hong, Xiao Hong. That's right, I'm Xiao Hong!"

Xiao Hong suddenly stood up and walked downstairs with determination!

Moxiu had expected that joining the Imperial Family would deal a blow to everyone's confidence, but he had never expected it to come so quickly.

This was just the beginning. Even Xiao Hong had lost some confidence in her ability to deal with the Royal Family.

However, Moxiu believed in them, and even more so, he believed in his own judgment. They could all do it!

After Moxiu returned to his room, he took out his phone and opened the leaderboard app. He hadn't looked at it for almost the entire day.

After opening it, countless challenge messages popped up. There were more than ten of them who had the absolute right to challenge.

It was written very clearly that if the normal challenge was not accepted within three days, it would be automatically rejected. The absolute challenge had to be accepted within three days.

MO Xiu felt a headache coming on. He wouldn't be idle for the time being.

As he casually accepted a challenge, he thought to himself that this absolute challenge right was only given to the first challenge every month. It was already late April, and there were actually so many people who had not challenged it.

After the challenge notifications stopped popping up, Moxiu looked at his ranking. His combat strength was 692, and his potential was 71.

It seemed that someone had upgraded their skills or awakened a new skill.

He didn't know if he would lose points if his ranking fell.

Not long after, the challenge was established. The other party's name was Lin Feng, and the location was set to be 18-4, Building 4, Central District.

Moxiu looked for the location. There was a verification lock at the door of the room. After Moxiu showed the software information, the door opened.

There was a person sitting at the side. It must be the challenger, Lin Feng.

Lin Feng saw MO Xiu enter and said, "MO Xiu, you're really slow. The first thing

I did after seeing the rankings was challenge you. You only accepted now."

"I didn't see the challenge earlier because of some matters," said Moxiu. "I'm very curious as to what kind of person would reserve the absolute right to challenge until now."

"You'll know in a while!"

Chapter 269: Great Deception

"We'll know once we try!"

On the way, MO Xiu had a rough look at Lin Feng. He was an outsider and was ranked above 3,000 on the battle prowess ranking. He was almost at the bottom.

It seemed that he was a person who rarely challenged others. He did not know why such a person would challenge him.

The sound system in the venue rang.

“The match will begin in one minute. Both sides, please enter the arena!”

The two entered the arena, and Moxiu used God’s Snooping to see what was going on. “Skill 1: Final Victory 6(to be used)

Skill Effect:

[Skill 2: Lobbying (6)(To be used)]

[Additional Skill: Dominate. Reduces all attributes of up to 20 targets by 10%.

Cooldown time: 1 hour.”

MO Xiu understood. This person's skills were not bad, but they were not suitable for combat. To be able to enter the royal family, they should be nurturing special talents.

However, why would he challenge himself with such a skill?

The match started in one minute.

Moxiu did not use a single skill as he slowly walked towards Lin Feng. “Wait, I have something to say!” Lin Feng said.”

Moxiu instantly felt that he didn't want to continue fighting Lin Feng. It seemed that Lin Feng had used a skill that had reduced his fighting spirit.

"Tell me!"

"Do you feel like you don't want to fight anymore?" asked Lin Feng. This is actually my skill. What do you think?" "Not much!" said MO Xiu.

"Hit me if you dare!" Lin Feng said."

MO Xiu's head heated up, and he suddenly had the urge to hit someone. He ran towards Lin Feng.

Lin Feng used Provoke.

Lin Feng continued," MO Xiu, don't move first. I've already used my skill to set a trap under your feet. If you move again, you'll be injured."

MO Xiu knew that Lin Feng was lying, but he still stopped. He actually felt that what Lin Feng said was true.

After calming down a little, MO Xio walked forward.

"I don't believe you have such a skill!"

When Lin Feng heard MO Xiu's words, he was a little flustered, thinking that his skill had failed.

MO Xiu walked closer and closer. Lin Feng said, "Moxiu, you can tell that my skill isn't suitable for battle, right? I can change the fighting spirit of others at will, and I can also make others believe my words. What do you think of my skill?"

Moxiu originally wanted to say that it wasn't much, but he blurted out," Very strong."

At this moment, Lin Feng's remaining two skills were activated.

"Then do you think my skills are suitable for joining Shadow?" Lin Feng said proudly. If you think it's appropriate, why don't you let me be your military advisor?"

MO Xiu finally understood Lin Feng's intentions. He wasn't here to challenge him, but to promote himself.

Lin Feng didn't use a commanding tone. Instead, he used a guiding tone to let MO Xiu think and speak on his own.

This was very cunning. Lin Feng's skill was clearly more effective in commanding.

The reason was that Lin Feng's goal was to promote himself. It was a long-term matter. If he gave the order now, Moxiu might agree, but he would easily get angry and go back on his word later.

Now, he was guiding Moxiu to say it, and he was using a questioning tone to show the effect of the skill. At the same time, he was giving his future boss enough face.

Lin Feng was really compatible with his skills. They were both... The Great Hoodwinker.

Moxiu nodded and said, "Take back all your skills first. Let's talk!" When Lin Feng heard this, he immediately retracted his skill. He knew that there was a chance.

Lin Feng stood on the spot and waited for MO Xiu to speak.

"Ahem, let's talk somewhere else."

As expected, Lin Feng was a person. As soon as he heard MO Xiu speak, he immediately walked out of the boundary to let MO Xiu win.

A voice immediately rang out from the arena.

"The match has ended. Moxiu wins."

MO Xiu nodded his head in satisfaction. He walked out of the stadium with Lin Feng and found a place where no one was around.

Let me ask you a few questions first," Moxiu asked." You don't have any combat strength, so how did you enter the Imperial Family?"

"I'm not an outsider who was chosen from the outside," Lin Feng replied."I'm an outsider from the royal family."

Moxiu instantly understood. The person before him was a sacrificial victim of the Imperial Legacy. He was a member of the Imperial Family without any innate skills.

In other words, if Li Yuan hadn't escaped from the imperial family, MO Xiu's current situation might have been the same as Lin Feng's.

Alright." Moxiu nodded and continued asking," Your skills can't earn points. How are you going to cultivate here?"

Lin Feng smiled embarrassedly.

"It's a shame to say that the outsiders who were eliminated by the Royal Family would have a minimum of 3,000 points every month. I'm also defined as a support, so with the minimum, I can still buy some resources for cultivation."

MO Xiu suddenly felt that Lin Feng was a little pitiful. Fortunately, Lin Feng had a good personality and was very optimistic. If it was someone else, they might not be able to hold on.

“Next question, why are you looking for me? Why did you join Shadow?”

Lin Feng answered honestly, “I’ve already been eliminated. I’m 21 years old this year and can only stay here for a year at most before I’m kicked out. I want to find a way out for myself. Recently, I’ve been contacting other outsiders to see if there’s a way out.”“

“And then you saw me on the rankings, so you went wild with joy and challenged me?” Moxiu laughed.”

“That’s right, I really can’t hide it from you.” Lin Feng gave him a thumbs up.”

“I’m done asking!”

Lin Feng was stunned. Why didn’t he tell her the result after asking? Was he accepted?

“Um, what was the result?”

“Since you want to join the Dark Shadow, you should know what the Dark

Shadow looks at the most, right?”“

“I know. The first is character, and the second is strength.”“

“So, I think you can do it, but you still need to observe. When I think you have no problems, you will officially become a shadow.”

Lin Feng was a little happy. He knew that MO Xiu had said so. As long as he did not make any fundamental mistakes in the future, there should not be any problems.

“Boss, do I have a mission now?”

Don't even think about it." Yes, you're a big hoodwinker. You should be well-informed, right?" Help me gather information first. If there's anything, I'll look for you!"

The two of them parted ways, and MO Xiu smiled. What was missing was what was coming.. Lin Feng was the perfect 'Hao Ren' for him in the royal family!

Chapter 270: Too Dark (1)

After MO Xiu and Lin Feng parted ways, they didn't immediately return.

Instead, they stayed in the central region to continue accepting challenges.

This time, he directly accepted all those who had the absolute right to challenge him and rejected the rest.

Since the system would allocate the time, he might as well accept all the challenges.

At night, MO Xiu returned to the building. Xiao Hong and the others were waiting in MO Xiu's room.

"Why are you all in my room?" Moxiu asked as soon as he entered."

Xiao Hong said, "We should have a conclusion every night, right?" If the location of this conclusion wasn't in your room, whose room could it be?"

Alright," Moxiu said." We'll have a meeting here every night at eight o'clock in

the future. Tell me, what happened this afternoon?" Let's start from the first group!"

After Yue Yuan and Liu Ziyang looked at each other, Yue Yuan said, ""1 accepted a total of six matches, three wins and three losses, zero points. Liu Ziyang accepted five matches, three wins and two losses, zero points."

' Not bad," Moxiu said." You've improved. You must sum up your experience and strive to return to your original rankings before the end of the month.""

The two of them nodded together. After this afternoon's match, the two of them had regained some confidence.

"Second group, tell us!"

I've challenged three people and won all of them," Xiao Hong said." I'm ranked

1023rd now.""

" I challenged him on the Potential List, " Xiao Xinru said." I challenged him twice, one win and one loss. I'm currently ranked 49th.""

MO Xiu said, "Xiao Hong will continue to charge upwards. Xiao Xinru should have reached her limit on the Potential Rankings, right?" He could consider making a name for himself on the combat power rankings."

Seeing that Xiao Xinru didn't suffer a setback even after losing, Xiao Hong regained her confidence. This was the group MO Xiu was most at ease with.

MO Xiu then asked, "Yang Qingzhuo, what about you?""

Yang Qingzhuo said with a bitter face," It's too difficult for a Support to challenge me. Not only do I have to know who is the Support in front of me, but I also have to know who their partners are. If the difference in strength between the two partners is too big, the challenge will not be established.

However, I don't have that much information."

Yang Qingzhuo felt a little wronged. She had been running around the whole afternoon to get information, but very few people were willing to share it.

Even if someone was willing to tell Yang Qingzhuo, most of the information about the support would be kept confidential and it would be difficult to get it.

Moxiu smiled as he took out his phone and sent a message.

Yang Qingzhuo felt even more wronged and said, "Mo Xiu, why are you still playing with your phone? Help me think of a way."

"I've already thought of a way. I'll come right away?" said Moxiu."

Everyone was puzzled.

Not long after, there was a knock on the door of the room. MO Xiu opened the door and a person came in. It was the Great Hoodwinker, Lin Feng.

His name is Lin Feng," MO Xiu said." He's a local member of the Royal Family. He's not a combatant and is in charge of our team's intelligence. He's currently in the internship phase.""

Everyone looked at each other. Moxiu had only gone out for an afternoon, yet he had actually brought back a person. Moreover, he was the key person in charge of intelligence.

MO Xiu continued," The third group will become Yang Qingzhuo and Lin Feng. You two will be the intelligence team. While you are collecting information, help Yang Qingzhuo find an opponent.

"So you're going to act alone?" Xiao Hong asked."

"That's right," Moxiu replied. "I want to act alone. My goal is to enter the top 100 of the combat power rankings. I can't possibly embarrass Elder Tang by coming to the Imperial Family, right?" I accepted 12 challenges this afternoon and won all of them. I think I can challenge them without worry tomorrow."

The few of them were so shocked that they could not speak. Fighting twelve times in an afternoon? Not to mention the terrifying record of maintaining a complete victory, just his endurance alone was not something that others could compare to. Did his skills not have a cooldown?

In reality, Motheo was fighting continuously. He didn't wait for his main skills to enter cooldown before he started the next battle.

The people ranked behind MO Xiu were all weaker than MO Xiu. There were even some who had a huge difference in strength.

Although he had fought twelve matches in the afternoon, MO Xiu was still relatively relaxed.

"It seems like you're a pervert no matter where you go," said Xiao Hong."

In the eyes of Xiao Hong and the others, MO Xiu was very strong, and he could easily handle the Imperial Family.

However, MO Xiu knew that he was still far from it. He had not interacted with many people yet. Just the two from the Li Clan was not someone MO Xiu could defeat.

In fact, he would not be able to defeat her for a very long time. As for Li Ling 'er, MO Xiu had no way of defeating her.

"I'm also very far behind," said MO Xiu. "Lin Feng, if you have enough time, help Xiao Hong and Xiao Xinru pick their opponents and let them charge higher."

After giving instructions, Moxiu dismissed the meeting and everyone returned to their rooms.

After everyone dispersed, Moxiu went to the cafeteria alone for a meal.

The grouping had been completed. Everyone would be very busy during this period of time when they were familiarizing themselves with and settling down. Moxiu could only be alone.

The canteen of the outsiders was very interesting. There were no employees, and all the food was sold from vending machines.

They could just choose whatever they wanted to eat. There was no need to show any identification. It was completely free.

Outside the canteen, there were also clothing and daily necessities stores. Similarly, no one was watching over them, so they could take whatever they wanted.

This made MO Xiu feel a little emotional. In the outside world, some people were still working hard to get enough food and clothing.

The most important thing in the royal family was not food and clothing, but points and cultivation resources.

In this place, one would be eliminated if they did not have the strength. It was just as cruel, but the way of survival was different.

There weren't many people in the canteen at this time, so Moxiu left after eating alone.

Moxiu didn't return to his room. Instead, he went straight to the eighth floor's skill cultivation tube. He had been here for two days, but he still hadn't familiarized himself with the building's environment. The first thing he went to was the most curious skill cultivation tube.

There was still no one to manage it. There was only a scanning machine at the front desk.

Moxiu knew that this was the same as the verification during the challenge. He took out his phone and opened the ranking software to aim at the machine.

“Beep!”

The door opened. MO Xiu pushed the door open and entered. There were individual small rooms inside.

The door of the room was marked with people and no one. MO Xiu randomly found an empty room and entered.

The room was very small, only about one square meter, and could only accommodate one person.

After entering, the software immediately prompted.

“Entering the beginner skill training room, 500 points per hour, points have been deducted.”

Moxiu looked at his points. Indeed, 500 points had been deducted.

After an afternoon of battles, Moxiu had obtained 3187 points. After deducting the points, he still had 2687 points left.

500 yuan per hour was already very expensive. People like Lin Feng who relied on the minimum living allowance could not afford it.

This ranking software was also very interesting. It could not be operated normally. Only when it was challenged or when it was consumed would it send a notification.

After checking the room carefully, he found a red button on the opposite side of the chair. After Moxiu pressed it, a drawer popped out.

Moxiu checked and found nothing. Only then did he understand what was going on.

Wasn't this too dark?
