

Four Skills 271

Chapter 271: Skill Cultivation Hall

Xiao Hong had once said that this skill training ground was powered by herbs. This empty drawer clearly meant that there were no herbs here.

After spending 500 points, it turned out that he was only renting this place and did not provide herbs for cultivation.

Without herbs, he would not be able to activate it. Moxiu could only return to his room and take out his two herbs.

One was the 'Yang Strengthening Herb' that Xiao Hong mentioned, which she had obtained from the Xiao Family's herb garden. The other was the King Kong Herb that she had received as a reward for winning the inter-school competition.

MO Xiu returned to the eighth floor and returned to the cultivation room from earlier.

When he entered, his phone rang again. He took it out and saw that the system had gone too far. Another 500 points had been deducted.

Just now, after MO Xiu went out, he was determined to have finished cultivating and was charged again.

Even though he felt a little heartache, he didn't mind it being deducted. MO Xiu first placed the aphrodisiac grass into the drawer.

There was still no change in the room. After more than ten minutes, when MO Xiu wanted to open the drawer to take a look, the space began to fill with misty spiritual energy.

MO Xiu immediately sat down cross-legged and began to comprehend the descent of the War God.

When Motheo's attention was completely focused on a single skill, he could clearly feel the War God's Descent skill pattern trembling.

It was different from directly consuming herbs to level up a skill or having other effects. This was a wonderful feeling. It was like Moxiu was using external force and spiritual energy to flip the switch to level up a skill.

Although there was no notification that he was still lacking in leveling up, Moxiu had a feeling in his heart that when the Descent of the Martial God was about to level up, he could feel it.

A Spirit Grade herb was used up in a short twenty minutes. MO Xiu was still a little unsatisfied, so he placed the Earth Grade spirit herb, the Diamond Grass, into the drawer and continued cultivating.

The introduction of the Diamond Grass had said that its effects were not at Earth Grade, but it had enough spiritual power.

This time, Moxiu cultivated for a very long time. When he felt that there was no spiritual energy around him again, he opened his eyes and saw that three hours had passed.

However, the War God's Descent still showed no signs of leveling up. There were no more herbs, and there were not many points left. Moxiu could only leave.

Looking at the 1,000 points he had left, he wanted to go to the pharmacy to take a look, but he decided to forget it and return to his room to sleep.

The next morning, Moxiu woke up to take a look at the rankings. His ranking had dropped again, and the number of people challenging him had decreased by a lot. They were all people who did not have absolute authority to challenge him, so Moxiu ignored them.

Today's mission was to rush to the rankings and see where his true strength was.

Before setting off, Moxiu first went to Lin Feng to ask him some questions about the skills he had cultivated yesterday.

Logically speaking, an Earth Grade spirit herb should be of great help to the upgrade of a Level 4 skill. However, yesterday, there were no signs of the Descent of the Martial God upgrading.

Lin Feng's explanation to Moxiu was that there were differences between skills. The stronger the skill, the harder it was to level it up through external forces.

Every skill required a different amount of spiritual energy to level up. This could also be the reason why skills were strong and weak.

For example, some skills were at level four or five, but they might not be as strong as other skills at level two.

Moxiu understood after listening to the explanation. It seemed that the research of humans on skills was still in progress. There were many things that needed to be discovered. The outside world could not come into contact with these things, nor did they have so many herbs. Therefore, there was no knowledge in this area.

After understanding it, Moxiu understood that spiritual power was like an experience bar. The stronger the skill, the more experience it required.

After Moxiu finished his breakfast, he headed straight for the stone stele in the central area. After he arrived, he took a look at the rankings.

He was ranked 744th on the combat power list and 73rd on the potential list.

After thinking for a moment, he decided that he should make a move on the Potential List first. There were fewer people on the Potential List, and the age gap between the people on the list was also smaller.

Don't even think about knowing the gap between him and the imperial family among his peers.

Xiao Xinru was currently ranked 49th. MO Xiu thought that he couldn't possibly be lower than Xiao Xinru, so he decided to jump to 48th.

MO Xiu read under the stone tablet, challenging Huo Hou, who was ranked 48th on the Potential Roll.

The software immediately popped up a notification.

"Challenge established, absolute challenge rights triggered. Wait for the opponent to accept the challenge."

They still had to wait. The 48th place was definitely not weak. They should be fully prepared and not challenge anyone else.

However, he didn't know when Huo Hou would accept the challenge. He would find a place to wait first.

After walking around, there was a coffee shop that required 5 points to drink coffee for an unlimited time. It seemed to be specially prepared for people waiting for battle.

MO Xiu had nothing better to do, so he decided to go in and take a look.

He scrolled through the app and found that it was a cafe outside, but it looked more like a pub inside.

There was not much space inside. There was only a bar counter in the middle. The tables and chairs were put together to form a circle around the bar counter.

There was only one person at the bar counter, a woman. She was wearing a cheongsam that accentuated her figure.

MO Xiu walked in to take a look. The woman's appearance could only be described with one word.

That was flirtatious!

This coffee shop was too strange. It sold coffee, the interior of the tavern, and beautiful women wearing cheongsams. With so many elements mixed together, it made Moxiu feel quite out of place.

“You look unfamiliar. Is this your first time here? I’m the boss here. My name is Liu Ruxue.”

Looking at this flirtatious face and this seductive figure, Liu Ruxue? Liu Ruhuo was more like it.

“Hello, my name is MO Xiu. It’s my first time here.””

“So you’re MO Xiu?” Liu Ruxue teased. You are now a celebrity among us outsiders.”

“Oh? What do you mean? So you are an outsider?”

“Would the royal family come to such a place to serve outsiders? The news that you are the Dark Shadow Prince has already spread.”

Moxiu found it very strange. They had been in the Imperial Family for two days, but his group had not spread the news.

First, Lin Feng came to find him, and now, the news had spread. Many people in the outside world knew that Moxiu was related to An Ying, but only a few people knew that he was Old Tang’s disciple.

“How did it spread?” asked MO Xiu.”

Liu Ruxue covered her mouth and laughed. She then changed the topic and said, “”Are you waiting for someone? What do you want to drink?”

“Just give me something. I see that the environment here is not bad, why are there so few people?”

MO Xiu looked at the time. It was already past nine o'clock. There was only one person here other than him.

"How can business be that easy here?" asked Liu Ruxue. The descendants of the royal family would not come to such a place. Outsiders had a hard time surviving here. They wanted to use every point they had to the best of their abilities and were unwilling to enter the shop."

Moxiu joked, "Isn't there a fellow here?"

When this person heard MO Xiu mention him, he glanced at MO Xiu and left in a hurry.

Just that glance earlier made MO Xiu feel that this person was lifeless.

Liu Ruxue sighed and said, "You've driven my guest away. You have to come more often in the future."

Moxiu's expression was a little dazed. It seemed like the situation of the outsiders was worse than he had imagined. Many people had already given up hope.

Those who came in from outside were all talented people, but here they were....

Chapter 272: Pretending to Be a Pig to Eat a Tiger (1)

MO Xiu took a cup of coffee from Liu Ruxue and said, "I'm waiting for someone here today, so I'll sit here for a while. Whether or not I come in the future depends on fate."

Liu Ruxue said, "My place isn't that deserted. There will be a lot of people at night. Why don't you come in and take a look?"

Liu Ruxue's words seemed to be hinting at something. Just as MO Xiu was about to ask more, the software notified him that Huo Hou had accepted the challenge and sent him the location of the battle.

"I'll take my leave first," said Moxiu. "Perhaps I'll come over tonight.""

After walking out of the café, Moxiu finally realized that something was wrong. The rent here was probably not cheap.

With so little traffic, how did Liu Xuxue make a profit? The five points paid before entering the door were like an admission ticket.

MO Xiu decided to come at night to investigate and see just how many secrets the imperial family had.

They arrived at the battle arena. MO Xiu arrived first. Not long after, this person called Huo Hou arrived.

Huo Hou was dressed flamboyantly. One look and one could tell that he was royalty. In fact, one did not even need to look to know that he was royalty.

Those who could enter the top 100 on the Potential List were basically all royalty.

"MO Xiu?" Huo Hou asked as soon as he entered. Interesting, you actually dare to challenge me. Are you trying to show off your might to the Huo family?"

Don't misunderstand, Brother Huo." MO Xiu shook his head and said, "It's just a coincidence that I challenged you. I don't have any other intentions, and I'm not targeting the Huo Family!"

"Not targeting the Huo family?" Huo Hou said stubbornly. Then why did you challenge me first? What if it's not the Lin family or the Bai family?"

This Huo Hou was clearly unreasonable. MO Xiu could not argue with him and only made a gesture of invitation.

Huo Hou entered the arena and said, "I've already informed many friends to watch this match. They will also save the video. Once you lose, your reputation will be ruined."

MO Xiu spread his arms and said, "Victory and defeat are common in military affairs. Winning or losing isn't very important to me. As long as I can learn something from Brother Huo, it's fine."

MO Xiu had come to the Imperial Family to exchange knowledge. After witnessing Sha Emperor's strength, MO Xiu had developed a deep respect for every member of the Imperial Family.

Huo Hou scratched his head. Are you a soldier? Isn't your surname MO?"

The respect he had for her disappeared instantly. Was there an illiterate person in the royal family?

In reality, Moxiu's ideas were tough enough. He ran into the Huo family, which was known as the Twin Wild Herbs of the Imperial Family, and the Li family.

In terms of fighting style, the Huo family was even more ferocious than the Li family.

Seeing that MO Xiu did not speak, Huo Hou asked, "Why aren't you saying anything? I'm asking you a question?"

MO Xiu said helplessly, "Brother Huo, if you don't understand, then pretend you didn't hear it. If you can't figure it out, then don't think about it. It's a waste of your brain."

Huo Hou said angrily, "I understand what you're saying. You're scolding me!"

MO Xiu waved his hand.

"There is!" "I really didn't!" "There is!" "Alright, there is!"

"You dare to scold me?"

Moxiu was speechless. This was no longer a matter of being illiterate. There should be something wrong with his brain. How could such a person be a member of the royal family? Wasn't this a waste of resources?

"Both sides enter the arena. The match will begin in one minute!"

Even if Huo Hou's brain was lacking, he was still an expert ranked 48th on the Potential List. He could not let his guard down.

God's Snooping was activated.

[Innate Skill: Brutal Spirit (Passive)]

[Additional skill: Life-Risking Strike. Can be used once. Attack power doubled.

[Duration: 10 minutes]

Cooldown time: 30 minutes.”

MO Xiu was stunned when he saw Huo Hou’s skill. Talent skills determined the Huo family’s combat style. The Huo family was a natural warrior.

Moreover, the two skills Huo Hou had chosen were skills that required him to risk his life. MO Xiu believed that very few people in the Imperial Family would be willing to challenge him.

This time, he had kicked an iron plate. Just from the surface, Huo Hou’s skills were not inferior to Bobosai’s.

Now, he could only hope that Huo Hou was an idiot. MO Xiu would try his best to find Huo Hou’s weakness in the battle.

“Let the competition begin!”

Huo Hou instantly released the Wolf King and activated his innate skill. The two wolf fangs grew all the way to his chest. It was quite scary. He looked at MO Xiu warily.

Moxiu was very surprised. When this illiterate was fighting, his entire gaze had changed. He became focused, staring at him as if he was his prey.

At the same time, Moxiu used the Descent of the Martial God, the Sword Saint's Divine Weapon, and the giant sword to appear behind Huo Hou and launch a sneak attack.

Huo Hou did not even look behind him and easily dodged it.

Looking at Huo Hou's condition, MO Xiu knew that this would be a tough battle. Huo Hou's battle sense was too strong.

The giant sword split into three and entangled Huo Hou, while MO Xiu directly rushed over.

Huo Hou's strengths and weaknesses were extremely obvious. His attack power was very strong, but his defense was not strong.

As long as they could attack, Huo Hou would definitely be heavily injured.

Therefore, the three swords entangled Huo Hou, and he did not dare to act rashly.

MO Xiu quickly closed in on Huo Hou and attacked him together with the three swords.

Huo Hou knew what was important and kept looking for an opportunity to attack MO Xiu. However, with the three swords around, Huo Hou felt very stifled.

No matter how high your attack power is, what's the use if you can't hit me? That was what Moxiu was thinking.

Huo Hou was in a passive position. As time went on, his defensive moves became chaotic. MO Xiu knew that Huo Hou was getting impatient.

MO Xiu immediately increased his offense, wanting to finish off Huo Hou as soon as possible. However, what happened next was something that MO Xiu would never forget.

Huo Hou used his agility to dodge the three swords with a strange movement.

He turned around and gave Moxiu a cunning smile before punching Moxiu's shoulder.

MO Xiu was directly sent flying. He kept retreating and was about to fly out of the boundary.

MO Xiu punched the ground. His fist only stopped when it hit the ground.

After stopping, he spat out a mouthful of blood. This punch was not light.

Fortunately, Moxiu did not lose consciousness and continued to control the three swords to block Huo Hou. This prevented Huo Hou from continuing to attack him.

This punch was very heavy. MO Xiu was also very annoyed. He didn't expect to fall into such a trap.

This was a battle method that he often used. He did not expect that one day, retribution would come to him.

All of this was confused by Huo Hou's performance before the battle.

Before the battle, Huo Hou had shown that his brain wasn't very useful. The moment he entered the competition, he had so many tricks up his sleeves. Moreover, his moves weren't flustered at all. He was clearly a genius. MO Xiu felt that he had been disguised as a pig to eat a tiger!

Chapter 273: Stationed in the Hospital Again (1)

MO Xiu propped his body up and stood up. Huo Hou's seemingly casual punch was actually so heavy.

It seemed that he had to avoid getting hit in the next battle.

This was actually very difficult. Huo Hou's speed was faster than MO Xiu's, and his agility was almost the same.

From the previous exchange, he knew that Huo Hou did not have much of an advantage in terms of techniques. His Basic Attributes were also top-notch.

However, he couldn't care less now. Huo Hou gradually understood the power and speed of the three swords. His next step was to attack MO Xiu.

MO Xiu immediately began to move. This time, Huo Hou did not play any tricks. Instead, he fought openly.

MO Xiu relied on the harassment of the three swords to fight against Huo Hou. Both of them were hit by each other.

There were victories and defeats in terms of moves, but MO Xiu's injuries slightly more severe. After all, Huo Hou's attack power was too terrifying.

"Brother Huo is really amazing!"

"Haha, you flatter me. You're also very strong."

With these words, MO Xiu was completely certain that Huo Hou's retarded behavior was just an act.

Since that was the case, there was no point in giving up at this stage of the competition.

The tone of the competition had already been set. This would be a tragic battle.

Moxiu took back two of the three swords and prostrated himself. He held one sword in each hand and stabbed both swords into the ground.

If Xiao Hong and Yang Zhuo were here, they would have noticed that MO Xiu's current state was exactly the same as when he fought against Bobosai.

However, he didn't use his hands to support the ground. Instead, he used two swords to replace his hands.

This was Moxiu's improvement on the way wild beasts fought. Wild beasts weren't good at using weapons, but humans were.

Don't even think about combining the advantages of humans in battle with the fighting methods of wild beasts. In the end, he thought of this method. Huo Hou had never seen MO Xiu fight like this before and was curious.

"MO Xiu, what are you doing?"

"You'll know soon enough."

MO Xiu quickly moved and pounced towards Huo Hou. At this moment, there was only one sword harassing him from the side. Huo Hou ignored it and directly attacked MO Xiu.

MO Xiu dodged, but he did not retreat. Instead, he moved forward and dodged the punch. The two swords in his hands slashed out two wounds on Huo Hou's chest.

Huo Hou immediately backed off and revealed a smile as if he had discovered something interesting.

"Good job, Moxiu. Do you want to play tough with me?"

MO Xiu didn't say anything and continued to attack!

Huo Hou's body glowed red. MO Xiu knew that this was his second skill, Life -Risking.

Activating this skill meant that Huo Hou was about to launch his final attack. The battle would soon end.

Huo Hou roared and charged at MO Xiu. MO Xiu charged at Huo Hou with two swords in his hands.

The two of them collided, and in the blink of an eye, they had exchanged several blows.

"Bang bang bang! "

Following the explosion, the two of them were separated by the impact and fell to the ground.

At this moment, there were two bloody holes on MO Xiu's left shoulder. They were caused by Huo Hou's wolf fangs. He gritted his teeth to prevent himself from losing consciousness.

Huo Hou, who was on the other side, was not much better. There were three wounds on his chest, and only the outline of his entire upper body could be seen.

This was the result of MO Xiu's trump card, the Holy Explosive Flames.

The weakness of pure Warriors like Huo Hou and Bobosai was elemental damage. Under normal circumstances, they didn't have any elemental defense skills.

Hahaha!" Huo Hou laughed out loud." You're a man. I'm sorry I lied to you in the beginning!

" All is fair in war," Moxiu said." I was careless. It's just that your friends saw you in a sorry state like me. I wonder if they'll post the video.""

"I'm also lying to you. No one is watching at all. Everyone thinks that the Huo family is a boor, so I'm going to play some tricks and let them see that the Huo family also has wisdom in battle."

“To be honest, I really don’t know the Hunts. I’m just a random opponent. You don’t have to prove this to me at all.” “Understood, I admit defeat!” Huo Hou said.’

” The challenge has ended. MO Xiu has won!”

The moment the two of them fell to the ground and MO Xiu was still conscious, Huo Hou knew that he had lost.

The two of them couldn’t get up for a while, but MO Xiu could control the flying sword to attack.

Both of them were seriously injured. When the results of the competition came out, both of them heaved a sigh of relief. At the same time, they lost consciousness and fainted.

When MO Xiu woke up again, he found himself in the hospital. He didn’t know who had sent him here.

She looked around and saw that there was no one there. Huo Hou was not there either.

Moxiu could feel his wound slowly healing, but it still hurt a little.

Lying on the stage, Moxiu sighed at his stupidity. How could he have overlooked a huge problem? If it wasn’t for the fact that he had many skills, he might have lost by choosing Huo Hou, who was ranked 48th.

Xiao Xinru was able to reach such a high position because he was a Mage, a Mage with extremely powerful skills.

His skills were very suitable for one-on-one fights, especially one-on-one fights that limited the range of the arena.

Once the skill was released, it would cover the entire arena and also have a paralysis effect. It could effectively control the opponent at the first moment. As long as the opponent did not get close, Xiao Xinru could use his Thunder Sword.

Mages generally had a problem with poor defense, but he could avoid it because his opponents generally could not get close.

Xiao Xinru was most afraid of two kinds of people. One was people like Moxiu who had elemental defense and immunity, and the other was people who could teleport.

These two skills were relatively rare in Royal, which was why Xiao Xinru was so successful.

MO Xiu only thought that he was stronger than Xiao Xinru, but he didn't expect Xiao Xinru to suppress the others.

He glanced at the time. It was noon. He had originally wanted to challenge a few more people today, but it seemed that his plan was going to fail.

In this state, he would have to lie down until night.

Since he had nothing to do, Moxiu took out his phone to check the rankings. He saw that his ranking had risen to 48th place, and his points had risen by more than 10,000. He was now at 10248.

Moxiu had paid a certain price for this match, but his earnings were still pretty good. He could spend some money when he returned home tonight.

He had wanted to ask the others if everything went well today, but after thinking about it, he decided not to. They might be fighting, so he did not want to disturb them.

He contacted Zheng Yi and asked about Little Fushun's condition.

Ever since Zheng Yi took over the responsibility of taking care of Little Fushun, he had been guarding Little Fushun.

Little Fushun was the closest to MO Xiu, followed by Xiao Hong and Yang Qingzhuo. Even though he had been with Zheng Yi the longest, it was still a little...He looked down on Zheng Yi.

Moxiu had been lying on the hospital bed many times, thinking that the most boring thing in the world was to recuperate.

Of course, that was except when Mu Qing was with her.

He contacted Hao Ren again. Hao Ren was the one who was having the hardest time now, and He Lingyue had been given full authority to manage the strongest club.

Hao Ren planned to focus on building a know-it- all intelligence system. However, MO Xiu had already opened the Strongest Group before he left, and the senior students of Yan University had already graduated, so he was arranged to join the company.

Since MO Xiu wasn't around, Hao Ren had to take on several responsibilities and was extremely busy..

Chapter 274: The Tricks Win the Hearts of the People

Moxiu realized that Hao Rents work was too stressful. A know-it-all had to put in all his energy and take care of the strongest corporation.

MO Xiu didn't want to tire his most capable assistant out, so he told Hao Ren to focus on building the know-it-all first, and he would figure out a way for the Strongest Group.

After talking to Hao Ren, Moxiu put down his phone. Although he told Hao Ren that he had a solution, he realized that he didn't have a good solution until he hung up the phone.

The Strongest Group had already opened for business. Even if it hadn't opened for business, the graduates of Yan University had gone through many rounds of selection to enter the company. In the end, the company was not managed by anyone and couldn't operate normally. Wasn't that heartbreaking?

Moxiu began to ponder. Right now, he needed to find someone he could trust and who had the ability to help him manage the strongest corporation.

As he thought about it, a smile gradually appeared on Moxiu's face. There was one person, no, two people who were just right.

MO Xiu picked up his phone and sent a message to Mu Mu. Mu Mu's management ability was needless to say, so MO Xiu was very assured.

These two people were Mu Mu and Cao Fenglin. MO Xiu didn't contact Cao Fenglin but directly contacted Mu Mu.

His goal was to prevent Cao Fenglin from arguing with him. Cao Fenglin might be trustworthy, but ever since MO Xiu got to know Cao Fenglin, he had never agreed to his request.

MO Xiu was also afraid of him, so he directly looked for Mu Mu. As long as Mu Mu agreed, Cao Fenglin couldn't wait to work for the strongest corporation so that he could be closer to Mu Mu.

After the inter-school competition ended, the two of them separated again. The reason was, of course, the media.

It was not that the two of them were afraid of the media. They did not care much about their personal reputation.

However, Mumu was the Goddess of Hope. The firearms incident had not happened for long, so Mumu had to maintain her perfect image.

After some time, the public's opinion of firearms and Mu Mu would fade. Then, the two of them could go public with their relationship, but that would definitely be a long time.

MO Xiu and Mu Mu briefly talked about the situation of the strongest group, and Mu Mu readily agreed.

It was a holiday, and Mu Mu had nothing else to do, so he agreed to help MO Xiu manage it for the time being.

There was another reason why Mu Mu had agreed so quickly. MO Xiu had intentionally avoided the topic of how long he would help manage the company.

MO Xiu wanted Mu Mu to continue managing them. Mu Mu probably meant that he would help MO Xiu deal with emergencies during the holidays.

However, it didn't matter. Moxiu still had a backup plan. He closed Mu Mu's chat window and opened Cao Fenglin's chat window.

"Old Cao, what are you doing?"

"If you have something to say, say it quickly! It's so annoying!" MO Xiu smiled. Wasn't he just in time? He immediately returned.

"I know your troubles, and I can solve them."

"Don't brag!"

"Isn't it just that I can't see Mumu?"

"Me? This kid is good? How did you know?"

Even Yang Qingzhuo can tell that you're so weak. "I often miss you and your troubles."

“Don’t do anything useless. Tell me how to solve it?”

Once MO Xiu saw the set, he immediately replied.

“I also think that it’s a pity that two people who like each other can’t meet each other. I specially thought of a solution to let the two of you meet, and it’s perfectly justified!”

Cao Fenglin’s reply was a little excited.

“Really? Hurry up and tell me, don’t keep me in suspense!”

“I’ve already told Mumu that she will help me manage the company. Do you understand what I mean?”

“The strongest corporation? It’s open for business?”

“Of course, do you think this matter...”

“Stop wasting time. Arrange a position for me. It’s best if it’s a secretary!”

MO Xiu laughed loudly. This Old Cao was really shameless. He should be arranged to be a cleaner.

“Report to Mumu at the company tomorrow. She will arrange a job for you.”

“Understood!”

“Wait, there’s one more thing!”

Cao Fenglin was a little impatient.

“Is there anything else? I’m packing my luggage!”

“Mu Mu promised me to manage it temporarily. As for how long you can manage it and how long you can stay with Mu Mu, I don’t know.” “Understood. MO Xiu, you’ve done enough. I’ll do the rest myself!”

MO Xiu closed the chat box and laughed. The plan was successful.

The two of them would restrain each other and stay in the strongest group to help him manage it.

There was a good saying that since ancient times, sincerity did not keep people. Only tricks won people’s hearts.

Mu Mu and Cao Fenglin weren’t enough as the management level, so MO Xiu turned his attention to Yue Long.

After contacting Yue Long, MO Xiu successfully got Father and Mother Zheng to come over.

Zheng Yi was in Yan City and couldn’t go back to Shun City for the time being. He could kill two birds with one stone by being transferred here. Not only could he help Mumu manage the company, but he could also reunite with Zheng Yi.

MO Xiu had actually taken a fancy to Father Zheng’s many years of experience in security work. The Strongest Group’s business was security from the beginning, so he could help out.

As for Mrs. Zheng, she was originally the boss of the company. However, she was severely injured during the firearms incident and was now unemployed. She could help.

In the end, MO Xiu contacted Ye Qian ‘er and asked Mrs. Ye to come as well. Her mother and the Zheng family had come to Yan City. Ye Qian’ er would also come to Yan City after the college entrance examination.

After arranging everything, MO Xiu fell asleep out of boredom.

When Moxiu woke up at night, he realized that his injuries were almost healed.

The battle was still a little strenuous, but at least he could walk normally and be discharged.

MO Xiu got out of bed and walked out of the ward. He realized that there were not many people in the hospital.

Only a few doctors who occasionally passed by would walk over after taking a look at MO Xiu. They seemed to be used to it.

Moxiu didn't think much of it. After walking out of the hospital, he roughly identified the direction and headed toward the ranking board.

After taking a look, he realized that Huo Hou's ranking was not like what he had thought, where he was ranked one place behind. Instead, it was directly swapped with his original ranking.

Such rules...Moxiu couldn't tell if it was good or bad, but he felt that there were some loopholes.

After this battle, Moxiu roughly knew that his ranking on the Potential Roll was basically at this position. The difficulty of challenging anyone higher was too great.

Moxiu was prepared to focus on the combat strength rankings. It was getting late, so he went back to rest first before the meeting.

After taking a few steps, they passed by the cafe that they had visited earlier and realized that there were indeed many more people inside.

Moxiu curiously entered to take a look. He found the situation inside very interesting.

There was only one person sitting around Liu Ruxue, chatting with her. The remaining seven or eight people were standing close to the wall. They seemed to be queuing.

These people were all sticking close to the wall, as if they were deliberately making space for Liu Ruxue and the person in the middle.

MO Xiu took a look and lined up as well, wanting to see what Liu Ruxue was up to.

After careful observation, he realized that every customer was wearing a hat and a mask, as if they were afraid of being recognized by others.

This strange scene made MO Xiu feel like Liu Ruxue was doing some kind of shady deal with these people..

Chapter 275: Special Service (1)

The person in the middle didn't stay for long before leaving. After that, another person went to talk to Liu Ruxue.

Everyone left after saying a few words, while Liu Ruxue kept taking notes with a pen and paper.

Soon, the seven or eight people in front of him left. It was MO Xiu's turn. When MO Xiu walked over, Liu Ruxue said, ""You still came!"

MO Xiu sat on the chair and said unhurriedly, "I'm here to see what your cafe is for."

Liu Ruxue smiled and said, "There's a special service.

Perhaps Liu Ruxue only smiled normally, but this smile, coupled with Liu Ruxue's flirtatious appearance and ambiguous words, made MO Meng think that it was a misunderstanding.

‘MO Xiu, what are you thinking?’ Liu Ruxue said angrily. Do I look like that

kind of person to you?’

MO Xiu thought to himself.

“I’m just curious. What do you mean by this special service?”’

Liu Ruxue started to introduce her real job.

Moxiu finally understood that this coffee shop was actually a black market.

It was not accurate to say that it was a black market. To be more accurate, it was an intermediary for receiving and receiving missions.

Wherever there were people, there would be Jianghu, and the imperial family was no exception. There would definitely be all kinds of grudges.

However, the difference in strength was there. If it was not convenient for him to do something, he could issue a mission here.

No matter what kind of mission it was, as long as there were points, they could send it to Liu Ruxue.

Since someone gave out a mission, someone would naturally carry it out. Liu Ruxue would take a 5% commission, and the rest would be given to the person carrying out the mission.

As for who could carry out what mission, it was up to Liu Ruxue to judge. Liu Ruxue also did this for a living.

Therefore, the people who came here were not necessarily here to issue missions, but to accept missions.

No matter what kind of person they were, they were afraid of being recognized and spread, so they would cover their faces.

“Can points be traded?” Moxiu asked after he understood.”

Moxiu didn’t find this function on the software, so he asked.

Liu Ruxue replied,” Of course not. But this is a coffee shop. We can charge customers. Of course, if the service isn’t good, we can also refund the points to the customers. ”

MO Xiu finally understood. Liu Ruxue really had a business mind. She actually thought of this method to earn money.

This place was considered a dark place and could not be exposed to the light. However, MO Xiu did not think that he could hide it from the Tianji School.

Since the royal family did not cause trouble, it meant that they had tacitly acknowledged the existence of this place.

Thinking about it, he understood that this place seemed unnecessary, but it was a necessary product.

This place could help depressed outsiders take revenge, and it could also give outsiders who were living a difficult life some extra income.

MO Xiu opened his mouth and asked,”I’m going to give you a few missions.”” ” I don’t think you need to accept missions,” Liu Ruxue replied calmly.” “You mean you don’t want to do business with me?” Moxiu asked curiously.”

“No, I’m open to welcome guests. How could I not do business with you? However, I don’t have any missions suitable for you right now. These missions aren’t worthy of your status.”

“So you’re saying that I came here for nothing?” MO Xiu shrugged.”

“No, you don’t. You can issue a mission.””

“There’s no need for that. I don’t have any enemies, and I don’t want to cause trouble.”

MO Xiu said goodbye and walked towards the door. Liu Ruxue stood behind MO Xiu and said,””You don’t have to do it now, but you don’t have to do it in the future. You’re welcome to come again next time.”

After MO Xiu walked out of the door, he thought about it. Liu Ruxue was changing directions to remind him to be careful of his enemies.

Liu Ruxue was the center of missions and also the intelligence center, so she knew the most information.

If there was something that he wanted to know, could he also issue a mission for others to investigate?

MO Xiu suddenly felt that Liu Ruxue’s coffee shop wasn’t that simple.

As for Liu Ruxue, MO Xiu guessed that she was like Lin Feng, a native outsider.

When they were chatting earlier, Moxiu had used God’s Snooping.

The four skills were all scouting skills, and three of them were scouting skills.

The skill’s effects weren’t very powerful, but it had a very short cooldown and could be used almost indefinitely.

Liu Ruxue probably thought of opening this cafe because of his skills.

It was almost eight o'clock when he left the cafe. Moxiu hurried back to the building.

When they returned to their own room, the few of them sat neatly and waited for Moxiu.

As soon as MO Xiu entered, Xiao Hong said, ""The boss is really good at putting on airs. He always comes last."

Xiao Hong and the others, who were brought by Lin Feng, also began to call MO Xiu Boss.

Moxiu sat down and said, " Stop joking. Your boss almost made a mistake today.""

' MO Xiu," Xiao Xinru asked," I took a look at the rankings before I came back and realized that you were one place ahead of me. How was your battle record today?" How many wins?"

"It was just one match. I almost didn't come back after the match.""

Everyone was also somewhat puzzled. They had originally thought that MO Xiu would be able to fight eight to ten rounds.

"Don't mention it. I'm still far from it.""

At this moment, Lin Feng said," Boss, actually, you don't have to worry about it. Today, you challenged Huo Hou. He's one of the most famous juniors in the royal family. It's really impressive that you were able to defeat him.""

"Don't flatter me. Which member of the Huo family isn't famous?" Xiao Hong said."

I'm telling the truth," Lin Feng explained in a low voice." It's really amazing."" "Alright, I'm done with my report. It's your turn!" Moxiu said."

' I accepted six challenges today, five wins and one loss. Liu Ziyang accepted ten challenges, seven wins and three losses." Yue Yuan said very consciously."

' Not bad," MO Xiu said." It's only the third day and you've already improved so much.

In fact, the two of them were very powerful. It was just that they had lost confidence after being defeated repeatedly after entering the royal family.

Slowly regaining their confidence and gaining experience in the game, the two of them would grow the most.

Xiao Hong continued," I challenged six times today and won all six. I accepted one challenge and failed."

"Did he fail the challenge?" asked MO Xiu. Is the opponent's skill very effective against you?"

Xiao Hong nodded and didn't say anything. MO Xiu felt that something was wrong with Xiao Hong.

"I failed the Potential List challenge once and succeeded in the Power List challenge three times," said Xiao Xinru."

Xiao Xinru had always been at the most stable point, so MO Xiu didn't need to worry.

"Lin Feng and I have already sorted out the information of all the Support players ranked before me and are currently choosing their opponents," said Yang Qingzhuo. "

"I've analyzed a list of the restrained and restrained for everyone here. You can take a look," said Lin Feng."

MO Xiu received the document that Lin Feng handed over. On it was written who he recommended to challenge and who he did not recommend to challenge.

This was a big project. There was too much information to organize. It seemed that Lin Feng was quite hardworking..

Chapter 276: Fairness (1)

After the meeting ended, MO Xiuyi went to the canteen to eat a mouthful of food like yesterday. He hadn't eaten anything in the afternoon, so he was a little hungry.

After the meal, Moxiu still wanted to go to the skill cultivation tube to cultivate. The feeling of absorbing spiritual energy was very comfortable, and Moxiu was a little addicted to it.

However, considering that he no longer had any medicinal herbs, he decided to go to the Spirit Herbs Hall to take a look first.

When they arrived at the Spirit Herbs Hall, there were still no service staff. No one was selling the herbs.

There were a few major categories on the machine. The first was the grade classification: human, spirit, earth, and heaven.

After that, there were the categories of herbs that were directly helpful to skills, such as the Spirit Ring and the Heaven-Defying Pearl.

There were also indirect effects on skills. For example, some herbs that were used to improve the quality of skills before awakening, but it was hard to say if they were useful or not.

The last category was special effects that had no effect on skills, such as healing herbs or aphrodisiac herbs.

Moxiu looked at the prices. The herbs weren't expensive. After all, the biggest advantage of the imperial family was that they had plenty of herbs.

The price of Heaven Grade herbs ranged from 50,000 points to 5 million points.

The price of Earth Grade herbs ranged from five to a hundred thousand.

The price of spirit grade herbs ranged from five hundred to ten thousand.

The price of a human grade herb ranged from zero to five hundred.

Among them, the herbs that were directly effective for skills were the most expensive, while the herbs with special effects were the cheapest. This was also the reason why some Earth-rank herbs were even more expensive than Heaven-rank herbs.

Mortal-grade herbs were the cheapest and could be obtained for free. This was not strange at all. Mortal-grade herbs were also sold cheaply in the outside world.

Compared to the price of the herbs, the Skill Training Hall's fees were too expensive. It was clearly a little unreasonable.

MO Xiu chose the cheapest Earth Grade herb since it was going to be consumed at the Skill Training Hall anyway. Once its quality reached Earth Grade, it would possess Earth Grade spiritual power.

He spent 5000 Points on one stalk and went to the Skill Cultivation Hall to cultivate for four hours. He had spent 7000 Points in one night.

Moxiu sighed that the points were not enough, but thinking about it, the difficulty of obtaining points was unreasonable.

The next morning, MO Xiu went to Lin Feng to ask.

“Lin Feng, tell me all the ways to obtain points. When we first came in, the receptionist said that points can only be obtained through challenges. If that was the case, there was no way for outsiders to survive!”

Lin Feng replied, “There’s a standard procedure for what the receptionist says. You can only tell the newcomers this. The rest will have to be figured out by yourself.””

“I don’t want to explore anymore,” said Moxiu.”

Lin Feng smiled and said, “Understood. There are three sources of points. The first is the leaderboard, the second is work, and the third is the gray area.”

“Tell me the details.”

“There are two ways to get points on the leaderboard. One is to challenge and accept challenges. Victory will give you points. The second is ranking. The top ten will get five million points every month, the eleventh to fiftieth will get one million points every month, the fiftieth to the hundredth will get two hundred thousand points every month, and the hundredth to the five-hundredth will get ten thousand points every month.”

“I see.” MO Xiu said, “I get paid every month, but only at the beginning of the month?””

“That’s right,” Lin Feng said. “I’m talking about the average points. The points of each rank may be different, so the end of the month is the peak period for challenges. As long as you rank high at the last moment of each month, you can get a lot of points.”

Moxiu finally understood what those people who still had the absolute right to challenge were thinking. They wanted to save it for the final moment. If they won, they would get more points when it came time to pay their salaries.

Lin Feng continued, “The second is work. This is the world of the royal family.

The status of the royal family is obviously higher than that of outsiders. Therefore, every royal family needs workers. Be it housework, sparring partners, or servants, no matter what profession, they will be rewarded with corresponding points for helping the royal family.”

Moxiu didn’t like this method. This way, his status as an outsider would be suppressed even further. At the same time, there was nothing he could do about it.

Most of the top players on the leaderboard were Royals, which meant that most of the points went to Royals.

However, it was useless for the royal family to get points. Every family had endless resources.

If these points wanted to flow back to the group of outsiders, they needed to do it this way. It was equivalent to exchanging dignity for points.

This reminded Moxiu of the difference between the nobles and the poor. The royal family had endless meat to eat, while outsiders fought over a mouthful of soup.

Moxiu shook his head helplessly. Reality was cruel. Outsiders were sad, and the royal family was sad in a way.

According to MO Xiu’s understanding of the past few days, the royal family could not go out. It was equivalent to being kept in captivity. While enjoying endless resources, they lost their freedom. If humans encountered danger, they had to be at the forefront.

The world was unfair, and there was a huge gap between people. At the same time, the world was also fair. When you gain something, you have to lose something.

Seeing MO Xiu remain silent, Lin Feng continued,””As for the last gray income, it’s from private transactions. There are many such transactions that happen between outsiders, as well as between the royal family and outsiders.”

Moxiu nodded.” I understand. Tell the others what you just told me so that they can understand.”“

“Understood. I’ll do it now.”

Lin Feng stood up and was about to leave when MO Xiu said, “Wait a minute. It’s been hard on you. I won’t let you do so much work for nothing. I’ll give you points at the end of the month.”

Lin Feng sighed and said, “I don’t want points. I want to get out of here. I want to leave this place, even though I might be chased out.”

MO Xiu nodded and did not reply.

“I feel like I never belonged here.”

After Lin Feng left, MO Xiu smiled bitterly. People like Lin Feng had a harder life than outsiders.

After a night of cultivation, the War God’s Descent still showed no signs of leveling up. This made MO Xiu somewhat vexed.

He had already consumed two Earth Grade spirit herbs and one Spirit Grade herb. The Descent of the Martial God was like a bottomless pit, constantly absorbing spirit energy without any intention or leveling up.

He looked at his points and realized that he was going to hit rock bottom again. He immediately went out to challenge the others.

This time, Moxiu was experienced. He did not challenge a very high ranking.

This time, he would challenge them bit by bit. Not only would he gain more points, but he could also increase his combat experience and better understand his own strength.

Moxiu transformed into a battle maniac and was currently ranked 812th on the battle prowess ranking.

Moxiu chose the most time-consuming and laborious method. He challenged them one by one, and they rose up one by one.

The first person to challenge was the man ranked 811.

Based on normal strength, this person should be about the same as MO Xiu. However, MO Xiu's combat strength was much stronger, and he easily defeated his opponent.

Rank 811..

Chapter 277: The Wind Has Changed

After the first match ended, Moxiu had obtained 1034 points. This was quite a lot of points. It seemed like challenging the higher-ranked players one by one would give him more points.

MO Xiu seemed to have found a way to make money, and he began his frenzied challenge.

The rankings were constantly changing. No one noticed that MO Xiu's ranking was steadily advancing as he challenged one person after another.

He had won all five matches. He looked at his ranking, 812, and remained where he was.

When Moxiu saw that the speed of his challenge was not as fast as the speed of others' improvement, he immediately increased his speed.

This increase in speed caused many people to notice MO Xiu. MO Xiu rose from 812th place on the leaderboard one by one.

At first, many people only found it interesting and felt that Moxiu's actions were very stupid.

MO Xiu was also famous, so everyone wanted to exchange blows with him.

Moreover, MO Xiu's method of challenge was to challenge one person at a time. Even if they lost, they would drop a rank. Therefore, almost everyone quickly accepted MO Xiu's challenge.

This also made Moxiu's efficiency higher and higher. The speed of his challenges became faster and faster, and he challenged one after another.

In the morning, Moxiu had challenged more than twenty matches. The matter was still brewing. During Moxiu's lunch, more people had heard about it.

This caused many people to gather in front of the rankings in the afternoon. They were all waiting to be challenged by Moxiu.

It was just the end of April, which was the time when the number of challengers was the lowest. Generally, the peak of the challenge every month was at the beginning and end of the month.

The leaderboard was originally very quiet, but it had suddenly become so lively. MO Xiu felt that it was a little strange.

"Brother, are we challenging the free points event again?" There were very few people when I came in the morning. Why are there so many people now?"

This brother didn't want to answer, but when he turned around and saw that it was MO Xiu, he laughed strangely.

"There are so many people. Half of them are here to watch the show."

"What about the other half?" Moxiu asked in confusion.'

"The other half is waiting to be challenged by you!"

MO Xiu finally understood what had happened. He hadn't expected his actions to attract so many people.

However, Moxiu didn't care about these. These things wouldn't affect Moxiu's plan. He walked to the top of the rankings and issued a challenge. After the challenge was established, someone in the crowd shouted.

"Haha, it's me, challenging me!"

This person raised his hands like a star and walked in front of MO Xiu. He said, "Brother MO, please!"

MO Xiu felt that this person really had nothing better to do. He was just challenging her normally. Was there a need to cause such a huge commotion?

Thinking about it, Moxiu felt relieved. Most of the people in this ranking stage were outsiders.

It was equivalent to making use of himself to increase his popularity.

This person was very domineering when he accepted the challenge, but his strength was not that great. It was unknown how he reached this ranking.

After Moxiu easily won, he returned to the front of the leaderboard to continue challenging.

This time, MO Xiu stood still, and everyone looked in the same direction.

There was a person standing in that direction. This person was one seat ahead of MO Xiu.

If nothing unexpected happened, MO Xiu would be the next to challenge him.

A few seconds later, this person nodded with a smug look on his face and entered the training field with Moxiu.

Of course, as expected, they were defeated five minutes later.

It's the afternoon time, under everyone's cooperation.

Moxiu challenged them one by one, skipping every Support he encountered. After battling for an entire day, he challenged a total of 61 people and won all of them. His ranking rose to 761.

This ranking wasn't as high as when Moxiu had first joined the Imperial Family. However, Moxiu was very satisfied because he had obtained a total of 40,000 points in one day.

At night, they returned to their rooms for a meeting. Everyone began to summarize and everything was progressing steadily.

MO Xiu's method of challenge inspired the others, and Xiao Xinru and Xiao Hong both adopted it.

Liu Ziyang and Yue Yuan were getting more and more successful. Now, they could basically win all the challenges they accepted. Only occasionally would they lose one or two rounds. Their points had also become positive. Although it was not much, they were finally people who could spend money.

Yang Qingzhuo had spent the whole day picking his opponents and finally found a suitable opponent. He was a Support ranked 1021st on the Power List.

This support partner's ranking was about the same as MO Xiu's, so he could be challenged.

That night, Moxiu once again used an Earth Grade herb to cultivate, but he still couldn't fill the bottomless pit of the Descent of the Martial God.

Moxiu wanted to try another skill. The feeling of other skills was not as good as the Descent of the Martial God.

The next day, MO Xiu and Yang Qingzhuo had a dueling match, and the two of them easily won.

The two of them had been together for a long time, and their tacit understanding was not something that ordinary people could compare to. The other party was not weak, but their coordination was quite lacking.

MO Xiu had thought that Xiao Hong would be able to enter the top 1000 in the past few days, but after searching around the top 1000 for a long time, he still could not find her. In the end, he found that Xiao Hong's ranking was 2410. This made MO Xiu feel very strange. How could it drop so low? That shouldn't be the case.

MO Xiu looked at the rankings for a while and realized that Xiao Hong had risen to 1201st place not long after. Only then did he relax.

It was almost the end of the month. Some experts were trying to get into the rankings and coincidentally challenged Xiao Hong, causing her ranking to drop so badly.

MO Xiu and Yang Qingzhuo parted ways and continued their challenge.

After this challenge, Yang Zhuo would have a lot of work to do to find the next suitable Support.

Moxiu's challenge continued. After the challenge began, the same scene as yesterday appeared again. Many people came to the rankings.

Some were waiting for MO Xiu to challenge, while others were watching the show.

Moreover, there were many people who went to watch every match of Moxiu's. Most of them were there to watch the show. There were also people who were not far ahead of Moxiu who wanted to analyze Moxiu's skills. Moxiu only used half a day to challenge fifty-five people.

On the third day, 120 people.

On the fourth day, 181 people.

Moxiu had been challenging almost every day except for eating and sleeping. His ranking had risen to 507, and he was about to enter the top 500.

Only now did everyone realize that Moxiu's strength was a level higher than theirs.

On the surface, there was not much loss. It was just a drop in ranking and he could still gain fame.

However, when these people calmed down and thought about it carefully, they realized that accepting Moxiu's challenge was meaningless.

In the beginning, he could still gain the attention of others and gain fame.

However, as the number of people challenging Moxiu increased, no one cared who Moxiu's opponent was.

Moreover, no one was stupid. MO Xiu had challenged so many people, but he had never lost a single match.

In other words, accepting Moxiu's challenge would not benefit him at all. He would even lower his ranking and lose points.

On the fifth day, the situation changed.. No one accepted MO Xiu's challenge!

Chapter 278: Peeping into the Heavenly Secrets

In the next few days, MO Xiu felt a little helpless. As smooth as the first few days were, the next few days were equally difficult.

Over the past few days, Moxiu had issued more than a hundred challenges, but only three people had accepted them.

Not only did no one accept the challenge, but there were also fewer people challenging MO Xiu.

MO Xiu thought that since no one had accepted the challenge, it was not a bad idea to accept someone else's challenge.

However, there were very few challengers in the country. Not only were they few, but their quality was also poor. They were all very weak.

Moxiu had a rough idea of the distribution of the rankings. The people at the top were basically all royalty. Those in the middle were outsiders who had entered from the outside, and those at the bottom were almost all native outsiders.

This was also very understandable. Those who could be selected from the outside were generally not weak. At the very least, they could be ranked in the middle.

However, native outsiders were different. Their talent could not be predicted. Whether they had talent skills or not, they would know at birth. Therefore, many people became outsiders at birth.

As for the strength of the other active skills, he could only wait until he awakened them.

There were many uncontrollable factors, such as the appearance of Lin Feng's skills that weren't suitable for combat, or Liu Ruxue's detection ability that was useless against wild beasts.

These skills might be very useful under certain conditions, but they were not suitable for survival here, or rather, they were not suitable for survival among outsiders.

They formed the bottom of the rankings and relied on the minimum living allowance to survive.

MO Xiu hadn't earned any points in the past few days, and he had been cultivating the Descent of the Martial God.

It could be said that he was earning his old capital. The more he did not fight, the more he needed to level up his skills.

Leveling up skills and awakening skills would increase his ranking. This was another way to earn points.

Everyone was slowly improving. The ones who improved the most were Liu Ziyang and Yue Yuan, the two brothers in distress.

He had been beaten up by others when he first entered the Royal Family. Now, he had begun to take the initiative to challenge and try to return to the rankings at the beginning.

Xiao Xinru, who was the smoothest, was the complete opposite. She had encountered a bottleneck, and it was difficult for her to advance further on the Potential and Combat Power Rankings.

He had spent most of his time in the Skill Training Hall.

Xiao Hong had always been lukewarm, and her ranking fluctuated greatly.

MO Xiu had also talked to Xiao Hong about whether something had happened.

Xiao Hong's answer was that it was nothing. She had just accepted more challenges and wanted to fight more people who could restrain her to increase her strength.

MO Xiu didn't say anything after hearing this, while Yang Qingzhuo focused on finding his opponent.

The auxiliary protection mechanism was good, but finding an opponent was a big problem.

Something big had happened in the past few days, something that was enough to shake the entire Alliance.

Wang Yu's research on skills had yielded results and she had published a book called "Skills".

If that was the case, it wouldn't cause any big waves. An executive of Shadow was powerful, but his influence wasn't that great.

The real reason why this book caused a sensation was the intervention of the Tianji School. This book was first sent to the Tianji School before it was published.

After the Tianji School saw it, they only said four words.

"I've seen the heavenly secrets!"

There was no need to explain what this meant. This book first became popular among the royal family.

Since the book was recognized by Tianji School, the Alliance would naturally

place great importance on it.

The Alliance didn't publicize it, nor did they emphasize the importance of this book.

It only did one thing to make the people of the Alliance realize how important this book was.

That was to include it in the curriculum of high school and university. High school required them to read through the book, and university would have a detailed explanation course.

Moxiu naturally wanted to buy a copy of such an important book. However, it was very difficult to buy this book in the early stages, and it was only circulated within the imperial family.

Two days later, after the students had joined the course, Moxiu received a free package from the Outsider Building.

There was a lot of content in the book that Wang Yu had once talked about in the cosmic cram school.

The books had already been listed in the textbooks. These five occupations and five types of skills should be standardized in the future.

The five Elements of Yan University should be renamed according to this. Power Attack, Agility Attack, and Elements would all become a thing of the past.

There were also some things that Wang Yu had not mentioned before. They should have been thoroughly studied at that time.

There was a restraining relationship between these five professions.

Among the five major professions, there were two that were relatively few groups, support and special abilities.

Under normal circumstances, the support's combat power was relatively weak. Therefore, when fighting alone, any other class could restrain the support.

Esper abilities were special. There were too many types of skills and there was no fixed attack method. It could be said that there was no weakness in the class, but there was no weakness. It was relatively comprehensive, which meant that there was no absolute strength.

Next were the most popular classes, which were also the most mainstream classes.

The three of them countered each other. Warriors countered Assassins because Warriors generally had strong physical defense and had an advantage in close combat.

Assassins countered Mages. Mages all had powerful elemental damage, but their movement speed was slow and their defense was low. Assassins were at full speed, so it was difficult for Mages to lock onto their targets.

Mages countered Warriors. This was something that Moxiu had experienced several times before. When he fought against Bobosai and Huo Hou, he used elemental attacks to win because Warriors generally did not have any elemental defense skills.

Of course, this was not absolute. This was only a slight restraint in a one-on-one situation.

If it was a war, mages would always hide behind warriors, and assassins would always wander the battlefield.

The general content was that the difficulty of leveling up a skill was not necessarily related to the strength of the skill. The main thing was the level of comprehension.

This surprised Moxiu. In the past, he had always felt that the stronger a skill was, the harder it was to level up. However, he could not rule out the possibility of an epiphany. Thinking about it, what the book said did not seem to be wrong.

The words at the beginning of the book made people fall into deep thought.

‘What exactly is a skill? If it was a superpower, why were there so many restrictions?’

Moxiu had the same doubts. Why did a human’s skill have a duration, cooldown time, or some side effects to limit it?

He continued reading.

“Can we assume that the skill is a gift from the ‘Origin’? However, the gift was damaged when it hit Earth and became incomplete. Is the skill we are using really complete? Isn’t it defective?”

“I think so. It’s a defective product, but don’t be discouraged. Not only can a defective product be repaired to its original appearance, but it can also be cultivated into other appearances. This is the infinite possibilities..”

Chapter 279: Infinite Possibility (1)

Until now, humans still did not know what the limit of a skill’s level was.

It was unknown whether a skill could be maxed out, but Wang Yu had actually guessed in the book that a skill could break through the maxed out level. After breaking through, the skill could be used without restrictions.

There were many other opinions, but they were all guesses.

For example, there was no basis for saying that the skills could be upgraded according to one’s will.

However, Motheo had experienced something similar before. Previously, when he was leveling up the Sword Saint’s Divine Weapon before his battle with Bobosai, he had comprehended the skill ‘Sword Come’. After leveling up, there was indeed an additional skill called ‘Sword Come’.

What if Moxiu had comprehended something else? Would there be other additional skills?

Also, during the match with Bobosai, the greatsword didn’t disappear even after Moxiu fainted. This went against the basic knowledge of the skill.

Did the greatsword undergo an abnormal evolution during the leveling process?

Wang Yu’s description was imaginative. It seemed that every sentence was meaningless, but every sentence was thought-provoking.

MO Xiu couldn't help but sigh. Wang Yu was really amazing. The first two chapters were the results of his research.

The third chapter was clearly throwing the problem to everyone, letting everyone think and study it together.

No matter how powerful Wang Yu was, she had her limits. It was impossible for her to study all the problems thoroughly.

Throwing the problem out and letting more people participate in the research was the final way out.

The first batch of people who studied this book were the university teachers. They needed to teach this book. If they didn't study it, how could they?

While MO Xiu admired her, he was also amazed by Wang Yu's methods and boldness.

Thinking of Wang Yu, MO Xiu suddenly wanted to go out and see his friend.

It was the end of April now, and very few people would accept challenges. It was better to go back and see his friends and the situation of the strongest group.

In the evening, he summarized the time.

After everyone finished reporting their battle results, Moxiu said, ""I'm going back. Is there anyone who wants to go back with me?"

There was a lot of pressure in the royal family, and there were also better resources. They had only been here for more than ten days, and no one wanted to go out.

The only exception was Liu Ziyang.

Liu Ziyang raised his hand high, afraid that MO Xiu wouldn't be able to see it.

Alright then," Moxiu said." No one wants to go back with me, so I'll go back by myself. If there's anything, contact me."" "Boss, I want to go back!" Liu Ziyang said bitterly." "Why are you going back? What's the matter?"

"I want to see Du Ya."

Liu Ziyang answered truthfully.

"I'll help you meet him. I don't trust that big mouth of yours.""

Liu Ziyang said anxiously,"Boss, why are you helping me?" Just take me back. I swear I won't say a word!"

MO Xiu examined Liu Ziyang for a while and said, ""Alright, if you say anything that you shouldn't say, I won't bring you back."

Liu Ziyang immediately smiled and nodded. "Understood, Boss."

"Boss, can you take me out to have a look?" Lin Feng suddenly asked."

Lin Feng's eyes were filled with anticipation. After thinking for a moment, he said, "Sorry, I don't have the authority to take you out."

Moxiu could bring him out, but Moxiu did not want Lin Feng's skill to mean nothing in the Imperial Family because the population here was relatively small.

Once he was out of control, MO Xiu didn't want another Bai Fan to appear. After all, he had only interacted with Lin Feng for a short period of time. Before he completely trusted him, he wouldn't bring

him out. Lin Feng was a little disappointed. MO Xiu said, "Wait, you will get out." "I understand. My identity is indeed very troublesome.""

MO Xiu could tell that Lin Feng hated this world and desired to escape. It seemed that this place was not very stable.

After the meeting ended, Moxiu continued to spend the night in the Skill Training Hall. He had already used up nine Earth Tier herbs and four Spirit Tier herbs.

The bottomless pit of the War God's Descent was still not filled.

He was speechless for a night.

The next morning, MO Xiu and Liu Ziyang arrived at the rooftop of the building where they had entered Royal.

After coming up, the two of them were stunned. How could they get out? There was no one on the rooftop.

"Boss, we weren't tricked by Big Pine Brush and Big Wang Ba, were we?" Liu

Ziyang asked. How do we get out?"

"Don't be in a hurry. Let's look for it first.""

The two of them searched the rooftop, but there were no traps.

MO Xiu recalled that the members of the Imperial Family were not allowed to go out, so it should be very difficult to go out without a guide.

Liu Ziyang asked, "Boss, when we came here, Teng Dao said that if there's anything, we should look for the dorm manager. Should we go back and look for him?"

Morion paused for a moment and said, "We can indeed go out if we look for him. The five of us usually have a chance to go in and out once a month. However, I've already discussed it with Omatsu. We can go in and out at will. Let's look for him again."

MO Xiu relied on his memory to find the location where the others had entered after passing through the bronze mirror.

He stood there and closed his eyes to feel for a moment. There was nothing unusual. He squatted down and knocked on the ground. Liu Ziyang also came over and said, "Boss, what are you doing?!"

"This is where we came from," Moxiu said, pointing to the ground.

Liu Ziyang said in disbelief, "ID * mn, this place is so big and the surroundings are the same. How could you find this place?"

"It's very simple. This is the most central location."

"But what's the use of finding this place?" "I don't believe that this place is not connected to the outside world."

Outside, in a tavern at the border of Yan City.

The two brothers, Big Pine Brush and Big Wang Ba, were drinking wine contentedly.

"Bang! Bang!"

Two soft knocks were heard.

“Why is there a sound coming from the bronze mirror?” asked Big Pine Brush.” “I heard it too. Do you think it’s that jinx, MO Xiu?””

How is that possible?” Big Pine Brush said with certainty.” He’s only been in there for a few days?” Why are you in such a hurry to come out? Besides, the two of us didn’t tell him how to come out. He won’t be able to come out for a while. ”

“Brother, you’re right!” Wang Ba nodded.”

Two people each drink a cup of wine, get up in the morning drink a cup of wine, the whole body is comfortable.

Big Pine Brush!!!”

Da wang Ba!!”

The bronze mirror emitted a small shout, “”“This seems to be MO Xiu’s voice. Did he really find a way to contact the outside world? What should we do?”

“What drunkard can get up so early?” Big Pine Brush also lied. Let’s pretend to be asleep!”

The two of them hit it off and lay on the table, pretending to sleep.

The voice came from the bronze mirror again.

“I heard your conversation.. If you don’t let me out, you’ll bear the consequences!”

Chapter 280: One Million Points per Person

The Da brothers had no choice but to place the bronze mirror on the table and let MO Xiu and Liu Ziyang out.

MO Xiu and Liu Ziyang appeared in the tavern. The surrounding drunkards were not surprised at all, as if they were used to it.

Moxiu looked at his surroundings and quickly adjusted his state of mind. He said to the Da brothers, ""Great Seniors, what happened just now? Do you not want to fulfill our agreement?"

"No, why would I?" Big Pine Brush immediately explained. We brothers are the most trustworthy."

MO Xiu sighed and said, "Aye!" Was that so? But last time, you didn't tell me how to get out. I instinctively came out last night. I looked for the exit the whole night and my voice was hoarse from shouting. I feel like I've suffered a lot."

Liu Ziyang was stunned when he heard that. How did it become a search for an entire night? He had searched for a while, but it had not been more than an hour, okay?

It's fine if this can deceive the Da brothers, but your throat is fine now. Why is it hoarse? Are you too lazy to even pretend?

The Da brothers had ugly expressions on their faces. They could tell that MO Xiu was deliberately looking for trouble. However, the two of them had indeed been careful not to tell MO Xiu how to get out.

Seeing that the two of them were silent, MO Xiu continued, 'When I returned to the royal family this time, I met my grandfather. My grandfather is busy with work, but I have a cousin named Li Ling'er. Have you heard of her? She's very curious about the outside world. I have to bring her out one day to take a look. She can protect me at will, so that I won't be bullied all the time."

The Da brothers' faces turned even uglier after hearing this. In recent years, Li Ling'er's reputation had even surpassed that of Li Xin, the head of the Li family. She was one of the three leading figures of the younger generation of the royal family.

“Well, MO Xiu, we two brothers have done something wrong in this matter.

How do you think we should compensate you?” said Big Pine Brush.”

MO Xiu pretended to think. The two Da brothers were very nervous. They were afraid that MO Xiu would ask for an exorbitant price that exceeded their tolerance. Should they give it or not?

After a long while, Moxiu nodded.” Sigh, I’m an outsider. What do outsiders lack the most?” We have a total of six people. Each of us has one million points per month. As the captain, I get double the points, right?”

Big Pine Brush had a bitter look on his face. Big Wangba said, “Moxiu, it’s not that we don’t want to give it to you. We can’t get any points. We don’t have any points at all!”

MO Xiu’s smiling face immediately disappeared and he said with a straight face: “You don’t have it? Don’t you have it in your family?”

” You should have heard about our family’s skills,” Big Pine Brush said.” We can’t even enter the leaderboard. Where are we going to get the points?!“

Moxiu crossed his legs and said,” I don’t care. No matter what, your ‘big’ family is still royalty. If you don’t have it, you can exchange it with other families.

Won’t you have it then?””

The two of them looked at each other. Moxiu clearly wouldn’t give up until he achieved his goal, so the two of them could only agree.

This time, the two of them didn’t hold back. They told MO Xiu the address of the ‘big’ family and contacted the family in front of MO Xiu. After making arrangements, MO Xiu left with Liu Ziyang.

As soon as he walked out of the tavern, Liu Ziyang said excitedly, "F * ck, boss, you're too awesome. You extorted a million points so easily?"

MO Xiu glared at Liu Ziyang and said, "What are you talking about?" How could this be called extortion? With my relationship with the two seniors, this is a gift for me."

After saying that, he left.

Fortunately, MO Xiu's words were not heard by the Da brothers. Otherwise, the two of them would have vomited blood from anger.

"The God of Plagues is finally gone," said Big Pine Brush in the tavern."

"This might just be the beginning!" said Wang Ba."

The Da brothers were not stupid. On the contrary, they had become smart after so many years.

After MO Xiu's group entered the Imperial Family, the two of them sent people to follow MO Xiu.

That night, MO Xiu and Li Yuan returned to the Li family home. MO Xiu had a fight with Li Chong at the entrance of the Li family home.

When this news reached the ears of the Da brothers, the two of them were extremely happy. They were already prepared to break their agreement with MO Xiu and teach him a lesson.

The good times didn't last long. When MO Xiu and Li Yuan received the news that Li Chong had politely invited them into the Li family, they knew that things weren't good. However, they still had a glimmer of hope in their hearts, hoping that MO Xiu wasn't a member of the Li family.

MO Xiu and Li Yuan had been in the Li family for more than a day, so they didn't know what was going on in the Li family.

However, MO Xiu was the only one who came out the next day. When MO Xiu came out, there were a few people who accompanied him. Although they were not core members of the Li family, they could tell that MO Xiu was really from the Li family from the way he came in and out as he pleased.

At that moment, the Da brothers gave up struggling. They knew that with MO Xiu's personality, the two of them would be bullied for a long time.

This was also the reason why the two of them didn't want to see MO Xiu, yet easily agreed to his request.

MO Xiu and Liu Ziyang drove back to the university first. After arriving at Yan University, Liu Ziyang couldn't wait to run to Du Ya's office.

MO Xiu followed behind. Although he didn't want to be a third wheel, it wouldn't be good if he didn't show up.

Liu Ziyang pushed open the door of Du Ya's office and rushed in. He threw himself into Du Ya's arms and did not look like a man at all.

"I miss you so much!"

Moxiu, who was standing at the side, felt awkward. Just as he was about to leave, he heard Du Ya's reprimand.

"What the hell are you thinking? If you went out to cultivate with MO Xiu, then cultivate properly. Why did you come back? I'll divorce you sooner or later."

"No, I miss you. Let me hug you."

"Hurry up and get lost!"

MO Xiu fled. He couldn't stay in this place any longer. Liu Ziyang might not say anything next.

Liu Ziyang was usually very normal. When he saw Du Ya acting like a woman, Du Ya did not have any problems. She was so manly no matter who she was with.

MO Meng looked at his friends and walked to Dong Fang's door. He hesitated for a while before walking over.

There was nothing much to talk about with Dong Fang, so it was better to just brush past him.

He knocked on the door and entered He Lingyue's office.

He Lingyue's state was completely different from the last time she was busy. There were several people in the office that MO Xiu didn't know, and they were listening to He Lingyue's work arrangements.

The moment MO Xiu entered, everyone greeted him. Who didn't know President MO?

He Lingyue saw MO Xiu and said, ""You guys go ahead!"

As everyone walked out of the office, MO Xiu said, ""Are you still busy?" "I'm not busy, but I don't want to listen to you talk about work."" "Then what do you want to hear from me?" asked MO Xiu."

"I'm with Hao Ren now!"

The corners of MO Xiu's eyes twitched slightly. He pretended to be surprised and said, "Is that so? When did the two of you start?"

Stop pretending," He Lingyue said coldly. "I asked Hao Ren. You already knew because of your help.. I didn't expect that I would fall for such a despicable method!"
