

## Four Skills 281

### Chapter 281: Creation

MO Xiu cursed at Hao Ren in his heart. How could he sell him out so quickly? How long has it been?

He Lingyue gritted her teeth and said, "Hao Ren really has a good brother like you."

"I want to know how the two of you got along?" Moxiu asked.

He Lingyue blushed and snorted.

"I'm not telling you!"

"Did your family agree?" MO Xiu asked.

He Lingyue's father worked in the Law Enforcement Team of Yan City. Although he didn't have a prominent status, his family background was much better than Hao Ren's.

Hao Ren wasn't talented in skills, but He Lingyue's Future Skill was a top-tier support skill, and her future was limitless.

This was also what MO Xiu was most worried about. Even if He Lingyue agreed to be with Hao Ren, her family's opposition would be a big problem.

He Lingyue smiled and said, "Don't worry. When I told my dad about this, I was also very nervous. I was afraid that my dad wouldn't agree, but I didn't expect my dad to agree without much reaction."

MO Xiu was also surprised that He Lingyue's father was so open-minded.

In fact, it was because of MO Xiu. During the war with firearms, the legend of MO Xiu had spread among the Yan City army.

The law enforcement team was the same, spreading rumors about MO Xiu.

Back then, the Yan City Army was MO Xiu's partner, and the Law Enforcement Team was just a chess piece, a chess piece that accompanied Zhou Qiuwu in his act.

From top to bottom, everyone in the law enforcement team had been fooled by MO Xiu. They could understand how terrifying MO Xiu was.

Many people had come to the conclusion from this incident that their own strength might not be the most important.

Scheming and planning were also very important in war.

Who was Hao Ren? He was one of the most trusted people around MO Xiu, and could also be said to be MO Xiu's strategist. So what if such a person wasn't strong?

Father He knew this very well, so he did not object to the two of them.

MO Xiu chatted with He Lingyue for a while before preparing to leave.

"Have you gone to see Hao Ren?" He Lingyue asked before she left." "Not yet. I'm going to talk to him." MO Xiu shook his head."

"Don't go, he's not here."

"Oh? Where did he go?"

He Lingyue smiled and said, "He left all the affairs of the strongest club to me to complete his great cause. ""

"Know-it-all?" Moxiu asked.

" Yes, it's the holidays now. He and the members are running around everywhere, setting up intelligence points and intelligence personnel. They're very busy. It's not certain if they can come back when school starts." After understanding the situation, Moxiu left after saying goodbye.

Hao Ren did what he wanted to do the most, and Moxiu was very happy for him.

However, when she saw that the people around her were all in pairs, she suddenly thought of Mu Qingyi and wondered how she was doing now.

After the Imperial Family had settled down, he would look for Mu Qingyi and go to the north to take a look.

MO Xiu walked out of the school and did not look for Liu Ziyang. He had originally come back to see Du Ya, so he would disturb her. He would let him continue to be a slut with Du Ya.

After getting into the car, Moxiu drove straight to the Strongest Group. He would go home after finishing his business.

He arrived at the building below the Strongest Group. The Strongest Group had just been established and was not very large. They only rented one floor of the office building.

MO Xiu took the elevator. When the elevator door opened, he saw the front desk.

When the receptionist saw someone coming in, she subconsciously said,"

Hello, welcome to the Strongest Group. What do you need to do...'

She stopped halfway because the person in front of her was the chairman, the well-known MO Xiu.

“Hello, Chairman Mo. Let me take you to President Mu.”

Moxiu waved his hand and said, “No need. I’ll go in and take a look myself. You go ahead.”

Moxiu walked into the company and realized that it wasn’t an open space. Instead, it was decorated like a hotel. There was a long and narrow corridor in the middle and rooms on both sides.

The department was also written on the room. Moxiu pushed open the door to the finance department and looked inside. The space was very spacious, and the working environment looked good.

When the employees saw Moxiu, they all put down their work. After being stunned for a second, they shouted together, “Hello, boss!”

“You guys continue with your work. I’m just looking around.”

After saying that, he closed the door and left. MO Xiu then entered several offices.

When she entered the security office, she saw Father Zheng.

When Father Zheng saw MO Xiu, he felt a little awkward. The incident of him becoming sworn brothers with MO Xiu after drinking too much was still fresh in his mind.

Previously, no matter what, the two of them did not have a direct relationship. This time, it was different. Moxiu was his boss, so it was even more awkward to see Moxiu.

MO Xiu exchanged a few simple words and asked Father Zheng if he was used to coming here.

He didn’t put on the airs of a boss at all. He was more like a junior’s concern.

This also allowed Father Zheng to slowly relax and report his work to Moxiu.

Mr. Zheng was extremely experienced and knew the target group that needed security.

There were two main types. Big bosses with a lot of enemies needed high-quality security because under normal circumstances, those who could become big bosses had some strength. They needed security to be foolproof.

The other was the descendants of the bosses. They needed security when they had no awakened skills or when they were relatively weak.

Then there was the residential area and a series of other security projects.

After Father Zheng arrived, he had a discussion with Mumu. The security project was the first project of the strongest group. Whether it could open up the market and industrial chain was a crucial step.

The company had just been established, and there was not enough manpower. It was impossible to cover all the people.

After some analysis, Mumu and Father Zheng decided to target their boss's child.

Moreover, Mumu had launched an additional service that would disrupt the industry.

That was tutoring!

What else did the children of rich families need besides safety? Good education.

Hiring security guards and then private trainers? It was completely unnecessary.

He only needed to ask for protection from the strongest corporation. Not only could he protect the child's safety, but he could also tutor the child in his homework.

Based on what? All the employees of the Strongest Group were graduates of Yan University. Not to mention their knowledge, just their four years of experience in Yan University was enough to tempt those bosses.

What did a new company need to enter the industry and seize market share?

He needed to create something that others didn't have. Mu Mu quickly found a solution.

Moreover, it could be effective for a short period of time. MO Xiu was overjoyed. Mu Mu really had a trick up his sleeve.

With this group of reliable friends, it saved him a lot of trouble and he could do his own things without worry.

Mumu, Hao Ren, He Lingyue, Du Ya, and even Zheng Yi could take charge of the situation on their own. Of course, Dong Fang was a little weaker.

With Mu Mu's management and intelligence, Father Zheng's experience, and MO Xiu's reputation and connections, the Strongest Group had just been established and had already established itself.

MO Xiu and Father Zheng bade farewell and left. Father Zheng looked at the back of this miraculous youth.

Zheng Yi had made a good friend, which was more than his lifetime of hard work..

Chapter 282: Don't Use Someone You Suspect

After walking out of the security department, Moxiu was no longer worried about the strongest corporation.

Not only did Mu Mu manage it, but it also developed very well.

MO Xiu didn't enter the other departments and walked all the way to the general manager's office.

Pushing the door open, she saw a scene that was not suitable for children.

Mu Mu sat on the chair while Cao Fenglin sat on the table. From MO Xiu's perspective, the two of them were kissing.

MO Xiu coughed lightly. Even if he was the one who had found the two of them and tied them together, he couldn't be so overboard, right? They were making out in broad daylight in the office.

"Cough cough!"

"Who is it?" Cao Fenglin asked angrily. Why didn't you knock on the door?

When she turned around and saw that it was MO Xiumo, she quickly jumped down from the table.

"Old Cao, what are you doing in broad daylight?" asked MO Xiu."

Cao Fenglin picked up the documents on the table and said,""I'm reporting to the general manager. What do you think I'm doing? Do I look like an indecent person?"

Only after Moxiu walked closer did he realize that he had wrongly accused Cao Fenglin. He was indeed reporting his work, but his posture was too easy for people to misunderstand.

"Like?" asked MO Xiu. You're such an indecent person. Why are you reporting your work so close?"

Cao Fenglin wasn't happy. He said, "You're just a hands-off manager and you're here to give orders. I'm afraid that Mu Mu can't hear you. What's wrong with being closer?"

Mu Mu couldn't stand it anymore and said, "Alright, why are the two of you arguing the moment you see each other?" Cao Fenglin said, "He's bragging shamelessly!"

"You're disrespectful!" said MO Xiu.

"How am I old?" "Alright!"

Mu Mu said loudly.

"MO Xiu, you've been very busy recently, haven't you? You came back this time to see the situation of the strongest group, right?"

Mu Mu searched the table for a while before handing a document to MO Xiu.

"You can see the company's current situation in this report. Look, there haven't been any problems so far."

After MO Xiu received it, Cao Fenglin said, "Take a good look. I contributed to these results."

MO Xiu glared at him while Mu Mu explained, "I have less experience in management. During this period of time, Feng Lin has indeed contributed more. I'm still in the learning stage."

Cao Fenglin sat down on the table smugly and looked at MO Xiu with a smug expression.

MO Xiu placed the document on the table without looking at it. He said to the two of them, "There's no need to look at it. I believe in you. I just walked around the company and found that the management is very good."

Mu Mu smiled happily after being praised and said, "Moxiu, since you trust me and have given me such an important task, I will do my best to complete it."

MO Xiu was about to say something when Cao Fenglin started to tear him down.

"Don't give me that. Don't doubt the person you use. The two of us are working for you. If you don't trust us, who else can you trust?" "Feng Lin, speak less," Mumu said."

MO Xiu didn't mind. He knew that Cao Fenglin was joking.

It was hard to say how close Cao Fenglin and his own were to each other. They weren't master and disciple at all. After the war with firearms, their relationship became very good friends. While they respected each other, they often joked around.

Cao Fenglin might be the person who understood MO Xiu the most. He understood all aspects of MO Xiu.

After chatting with the two of them for a while more, MO Xiu left.

Today was April 30th, the last day of April. Tomorrow would be the beginning of the month, so he would probably receive many challenges. Time was tight, and he still had to go home to visit Zheng Yi and Little Fushun.

With Mu Mu and the others looking after the Strongest Club and Strongest Group, Moxiu wasn't too worried. The actual situation was the same. It might be better than having Moxiu help.

The one who worried MO Xiu the most was Little Fu Shun. Little Fu Shun was a wild beast, and he naturally liked freedom.

Nothing would happen if he stayed in the house for too long. Zheng Yi could live with Little Fushun, but he couldn't control him.

If Little Fushun insisted on leaving, Zheng Yi probably wouldn't be able to stop him. Little Fushun's future had always been a knot in MO Xiu's heart. Should he let Little Blessing Shun go back to the beast territory? Staying in human society would cause problems sooner or later.

As he was thinking, MO Xiu returned to the Cloud Top Villa. He got out of the car and headed straight for the villa.

The moment she entered, she saw Zheng Yi sitting listlessly on the sofa.

When she saw MO Xiu, it was as if she had seen a fairy. She jogged over and grabbed MO Xiu's hand.

"Moxiu, you're finally back. I've been going crazy for the past few days." "What happened?" MO Xiu asked. Did Little Fushun bully you?"

Zheng Yi straightened his body and said, "Although I don't get along with Little

Fushun, he doesn't dare to bully me. I'm..."

Before he could finish his sentence, Little Fushun heard MO Xiu's voice and jumped down from the second floor. He stepped on Zheng Yi's body and knocked him down.

Little Fushun stepped on Zheng Yi and pounced into MO Xiu's arms.

Zheng Yi did not forget to mutter as he fell to the ground." Little Fushun, you bastard! "

"Zheng Yi, did you just say..." MO Xiu asked. Little Fushun doesn't dare to bully you?"

Zheng Yi struggled to get up from the ground and said,""He really doesn't dare to bully me. This time, he might be too excited to see you return." Little Fushun shouted at Zheng Yi unhappily.

Zheng Yi took a few steps back and looked at Little Fushun warily.

MO Xiu immediately lectured him.” Little Fushun, you can’t be so fierce to

Zheng Yi. He’s your uncle!”“

Little Fu Shun called out to Zheng Yi in a low voice as if he was apologizing, which amused MO Xiu.

Zheng Yi seemed to have thought of something and ran upstairs. MO Xiu carried Xiaofu to the sofa.

“Why did you gain weight again? I can’t even carry you!”

Little Fu Shun acted as if he hadn’t heard MO Xiu’s words and continued to rub against MO Xiu’s leg.

Zheng Yi quickly came down and changed his clothes. It seemed like he was going out.

“Zheng Yi, it’s almost evening. Why don’t you stay and welcome me? Why are you going out?” MO Xiu asked.”

Zheng Yi seemed a little excited. He gestured with his hands and said, “I haven’t gone out for ten days. I’m going crazy. It doesn’t matter who comes today. I have to go out and play. I have to go back to school. I think the teachers are very cute now. I’ll go to the food street and eat all I can. Don’t stop me.”

MO Xiu thought about it and realized that Zheng Yi didn’t dare to leave. Little

Fushun didn’t listen to him. If he left, Little Fushun might run out on his own.

“Go, have fun. It’s been hard on you these days, but don’t play for too long. I’m leaving tomorrow.”

“You still want to leave?” Zheng Yi asked. Leaving tomorrow?” MO Xiu nodded, and Zheng Yi turned around and ran!

“I have to hurry up. I can’t waste a single minute or second!”

After Zheng Yi left, only MO Xiu and Little Fushun were left in the house.

“Have you been disobedient recently?” MO Xiu asked Little Fushun.” Little Fu Shun shook his head and started rubbing against MO Xiu’s hand.

“Sigh! When I’m not around, you must listen to Zheng Yi. Otherwise, I won’t be at ease..”

Chapter 283: Supreme

Little Fu Shun nodded seriously and replied to MO Xiu.

“Don’t brush me off. You promised me now, but you won’t listen to me once I leave!”

Little Fushun shook his head desperately.

The royal family.

MO Xiu had left early this morning.

Other people have no continuing challenges today, the fourth month, the last day, the final ranking, the relationship to tomorrow’s settlement.

Therefore, the competition for the rankings was extremely intense, and the rankings were changing every second.

Some confident people would accept challenges crazily on this day in an attempt to obtain more points.

There were also some who rejected all the challenges to ensure their ranking.

However, the most proactive ones were the ones who had the absolute right to challenge. Since it was the end of the month, the right to challenge would be re-calculated tomorrow, so today's challenge must be accepted on the same day.

In other words, today's challenge could not be delayed until tomorrow.

Originally, Xiao Hong and the others thought that today would not affect them. After ten days of fighting, everyone's ranking had stabilized and was not the target of those speculators.

These speculators who had the absolute right to challenge generally went through a lot of investigation and chose some people who did not live up to their name to challenge.

Thinking that there would definitely be many people gathered in the central area today, everyone did not want to join in the fun and cultivated in the building.

At noon, something unexpected happened. Xiao Hong, Xiao Xinru, and Yue Yuan received challenge notifications one after another. Moreover, it wasn't just one. Each of them received at least five challenges.

In the Cloud Top Villa.

MO Xiu and Little Fushun exchanged a few moves on the rooftop, and it could be considered as letting Little Fushun exercise.

Xiao Hong didn't come back. Otherwise, she would have brought Little Fushun to the Xiao Family's territory.

After the training, it was time for lunch. Moxiu was a little worried.

Yang Qingzhuo and Zheng Yi weren't here, so there was no one to cook. MO Xiu looked at Little Fu Shun's expectant eyes and waved his hand.

"Let's eat hotpot!"

If he didn't know what to eat, of course, he would eat hotpot. After all, he could also eat clear soup pot.

This meal was probably the worst that Little Fushun had eaten in the past ten days, but MO Xiu and Little Fushun were very satisfied.

He sat on the chair and didn't want to move. After cleaning up, he returned to his room.

It was rare for him to have a quiet moment. Moxiu was prepared to empty himself and completely relax.

This was also the experience Moxiu had gathered over the years. He needed to relax effectively when he was highly focused for a long time.

Emptying oneself was the most efficient way to relax.

Little Fu Shun directly sat on MO Xiu's body, causing MO Xiu to be unable to relax.

She could only play with Little Fushun for a while more until Little Fushun fell asleep beside her.

However, this time, MO Xiu could not relax. He turned his head to look at Little Fu Shun and found him lying on the bed with his back facing him.

MO Xiu suddenly had a feeling that he could enter the illusion through the patterns on Little Fushun's back.

MO Xiu sat up straight and focused his attention on the screen. Gradually, his vision blurred as the scene in front of him changed.

On the battlefield.

Corpses were everywhere.

The giant beast stepped on the giant and stomped down heavily.

The scene continued.

Moxiu's emotions seemed to be the same as the last time. The moment he saw the giant beast, his heart clenched.

MO Xiu wanted to shout for him to stop, but he couldn't make a sound.

He watched as the giant beast's foot landed. Just as it was about to step on the giant, a flying sword pierced through the giant beast's body and dissipated the force of the foot.

The giant beast fell to the side, and the giant took the opportunity to stand up. "Thank you for saving my life," the giant said to the flying sword.

A strange scene appeared on the field. There was no one around, and the flying sword made a sound.

"I don't need to thank you in this life and death situation. Saving you is like saving the world. After we deal with the Heaven Devouring Beast, we will head to the eastern battlefield to provide support."

The flying sword shot out a golden light that enveloped the giant. After the golden light was retracted, the numerous wounds on the giant's body disappeared and he returned to his peak condition.

The giant cupped his hands and said, "Thank you, Supreme!"

The golden light reappeared and enveloped the entire battlefield. MO Xiu was also among them. When the golden light enveloped the battlefield, MO Xiu actually felt warmth.

The golden light retracted, and the humans who had been injured or killed on the battlefield miraculously stood up. Although not everyone stood up, it could be considered a miracle.

The flying sword changed direction and disappeared instantly!

Moxiu knew that it wasn't disappearance or teleportation. It was a speed so fast that it was impossible to catch.

This sword looked simple and unadorned on the surface. It was the size of a normal flying sword and looked similar to Lu Zhihao's immortal sword, but it had amazing divine power.

That's right! Moxiu felt that the skill was indescribable. This was a divine power. A single sword strike had severely injured a giant beast, and two golden lights had saved countless people.

MO Xiu suspected that there was a person in the flying sword who could fuse with the immortal sword like Lu Zhihao.

After the flying sword disappeared, the huge beast known as the Heaven Devouring Beast got up and charged at the giant again.

This is the loss of the other.

The Heaven Devouring Beast was no match for the giant, and it was completely suppressed by the giant.

The moment the Heaven Devouring Beast died, the scene disappeared and MO Xiu returned to reality.

This time, the scene was more complete, and it caused MO Xiu to be unable to calm down. Was this the scene of that great battle?

Whether it was the Heaven Devouring Beast's SKILL, the Flying sword's SKIM, or the giant, they were all extremely terrifying. None of the people MO Xiu had met before could compare to them.

Even Wei Lingyun couldn't do it. It was simply inconceivable.

That flying sword was the strongest support, and it could change the situation of the battle with its own strength.

After Moxiu calmed down, he summarized the two key pieces of information about the fall of the illusion.

One was that the giant beast was called the Heaven Eater Beast, and the similarity between the giant beast and Little Fu Shun was very high. This meant that Little Fu Shun might be the Heaven Eater Beast.

The source of this scene could be analyzed simply. This dead Heaven Devouring Beast and Little Fu Shun had some kind of bloodline inheritance, so it recorded the scene and hid it in the pattern on Little Fu Shun's back.

The purpose of doing this was very simple. It was to provide the descendants of the wild beasts with precious images of human battles.

This was Moxiu's analysis, but Moxiu felt that this was basically the situation.

MO Xiu had mixed feelings. If Little Fu Shun knew that his ancestor had been killed by humans, he wondered how he would feel.

These images were classified information that MO Xiu had stolen. MO Xiu couldn't help but think of Elder Tang.

Could this be Elder Tang's goal?

There was also another useful piece of information. The giant called the flying sword Supreme.

The meaning of the word 'supreme' was not difficult to understand. It was supreme, which meant that the giant was extremely respectful to the flying sword.

This supreme identity was definitely not simple. It was not as simple as providing support on the battlefield.

There were two possibilities. One of them was the leader of the human race at that time, and he deserved the supreme title.

MO Xiu felt that the other possibility was not small. After all, MO Xiu only saw the sword and not the person.

That was the mysterious existence that helped humans overcome their difficulties. To express their respect, the giants called him Supreme..

Chapter 284: Someone Is Playing With Us

Moxiu suddenly felt that the world he had been living in was unreal.

If one didn't delve into it, everything would make sense. However, if one thought about it carefully, they would find that there were doubts everywhere.

First of all, the most important event in the development of mankind, the events during the Great War, were not recorded in school textbooks or various ancient books.

What was even more terrifying was that there wasn't even a name. What was the name of this war? They only knew that it was a great war. After the war, humans and wild beasts signed a non-war contract. What was the name of the contract?

Also, who was the real manager of the Alliance?

Moxiu had once thought that it was the royal family with the highest combat power, but after the war with firearms, Moxiu began to doubt it.

It was only when he entered the Royal Family that he was truly sure that he was not a member of the Royal Family. The Royal Family was also restricted by the managers.

It wasn't that the royal family didn't want to help out in the firearms war, but that the managers didn't want them to come out.

Then who was the manager? Why had he never shown his face?

Moxiu suddenly felt that the world he had been living in was unreal.

If one didn't delve into it, everything would make sense. However, if one thought about it carefully, they would find that there were doubts everywhere.

First of all, the most important event in the development of mankind, the events during the Great War, were not recorded in school textbooks or various ancient books.

What was even more terrifying was that there wasn't even a name. What was the name of this war? They only knew that it was a great war. After the war, humans and wild beasts signed a non-war contract. What was the name of the contract?

Also, who was the real manager of the Alliance?

Moxiu had once thought that it was the royal family with the highest combat power, but after the war with firearms, Moxiu began to doubt it.

It was only when he entered the Royal Family that he was truly sure that he was not a member of the Royal Family. The Royal Family was also restricted by the managers.

It wasn't that the royal family didn't want to help out in the firearms war, but that the managers didn't want them to come out.

Then who was the manager? Why had he never shown his face?

All of this was too suspicious. Moxiu was a little confused. What was the true appearance of this world?

As he thought about it, Moxiu fell asleep. When he woke up, it was already the morning of the 1st of May.

She picked up her phone to check if her points had been transferred to her account, but she saw a message from Yue Yuan.

After seeing the news, Moxiu immediately made two calls. One was to Zheng Yi, asking him to come back immediately. The other was to Liu Ziyang, asking him to prepare to return to the Imperial Family.

Both of them were unwilling. Zheng Yi's voice was very noisy. It seemed like he had played for the whole night and was summoned back by MO Xiu before he could get enough of it.

From Liu Ziyang's voice, he was not awake at all. Where he was, who he was with, and what he was doing, there was no need to think about it.

MO Xiu was a little anxious. During the time that Zheng Yi had returned, he had already packed up and prepared to set off.

Looking at Little Fushun's pious attitude, he should be able to hold on for a while.

After that, MO Xiu drove to the school to pick up Liu Ziyang. The two of them had decided to meet here.

After Liu Ziyang got into the car, he appeared a little unhappy. MO Xiu said while driving, "Why are you unhappy? Did I disturb you when your life is at stake?"

"Sorry to bother you," Liu Ziyang said listlessly. "I was thinking of coming again after waking up in the morning..." Sigh! However, I don't dare to be unhappy."

MO Xiu found it funny. Liu Ziyang's act of daring to be angry but not daring to speak was vividly portrayed.

"I didn't want to go back in such a hurry, but something happened to the imperial family. "

"Xiao Hong is here. What can happen?" Liu Ziyang said indifferently."

MO Xiu threw his phone to Liu Ziyang. It was a message from Yue Yuan.

The content of the information was very simple. It was everyone's ranking at the end of the month. It was all on the combat strength ranking.

"Yang Qingzhuo is 128, Yue Yuan is 3502, Xiao Xinru is 3710, and Xiao Hong is 3810."

The rankings were too strange. Other than Yang Qingzhuo's ranking, the others had dropped too much.

Xiao Hong's ranking was even lower than Lin Feng's. This was simply unimaginable.

According to MO Xiu's estimation, Xiao Hong and Xiao Xinru had the ability to charge into the top 1,000, while Yue Yuan should be around 1,500 to 1,800.

Everyone had been challenged to a very low ranking. There was definitely a problem. Moxiu was almost certain that someone was targeting them.

Liu Ziyang's reaction was a little slow, but he was not stupid. He also realized this problem.

The dispirited look from before was swept away. He said excitedly, "Boss, someone is messing with us! Damn it, what do you think we should do?" "Let's go back and ask about the situation first!" said MO Xiu."

Liu Ziyang gritted his teeth in anger. MO Xiu sped all the way to the tavern.

When they came out, they told the Da brothers that they would return to the imperial family today, so the two of them had been waiting here long ago.

MO Xiu and Liu Ziyang walked over and said,""Take out the bronze mirror, we're going back."

"You're only back for a day, and you're going back already?" asked the Big Pine Brush eagerly. Aren't you going to stay for another two days?"

" No thanks," MO Xiu said with a smile." I'm in a hurry to go back and get the points that the two seniors gave me.""

As soon as he said this, the Big Pine Brush was speechless. Wasn't he just looking for trouble?

Da Wangba took out a bronze mirror and said, "Please.""

MO Xiu and Liu Ziyang didn't hesitate and entered the bronze mirror.

"This MO Xiu is getting more and more arrogant. I was kind enough to chat with him, but he spoke like this. ""

Wang Ba shook his head and said, "I don't think it's that simple. MO Xiu was clearly anxious just now. Perhaps something happened in the imperial family. If something happened to the Li family, then something must have happened to his companion. Let the juniors in the clan investigate.""

"Investigate what?" The Big Pine Brush asked nonchalantly. MO Xiu was a member of the Li family. What could happen to the Li family? We can't get rid of Moxiu."

Da Wangba said with a deeper meaning, "That's not right. It's true that we can't get rid of them. However, we can change our way of thinking. We can become friends with Moxiu. If the Great Consortium and the Li Consortium work

together, won't we be invincible?"

These words seemed to be a fantasy. No matter when the Great Concubine saw the Concubine Li, it was like a mouse seeing a cat.

This mouse and cat are friends? In fact, it was also possible.

MO Xiu and Liu Ziyang rushed back to the building after arriving at the rooftop.

The two of them had returned early, and the others had yet to leave. Moxiu immediately gathered everyone for an emergency meeting.

Seeing that everyone was in low spirits, Liu Ziyang said, "What exactly happened? Who is targeting us?"

Yue Yuan replied, "I'm not sure. The other party knows us very well. They know each of our members. Yesterday, each of us received more than five challenges. The opponent's strength is very strong. We are not a match at all." "Then why didn't I receive a challenge?" asked Liu Ziyang."

"Because you've left the royal family, so people who aren't in the royal family can't challenge you.""

MO Xiu asked.

“Yue Yuan, answer me. What is the principle of the opponent’s challenge? How did it make you unable to turn the tables?”

Yue Yuan replied, “The settlement time was six o’clock last night. We received the challenge at noon. I received seven challenges, and all of them have the absolute right to challenge, which means that I have to accept them. Moreover, due to the tight time, the system automatically accepted the challenge and assigned the battle location.”

“Then can’t you challenge other people during the game?” asked Liu Ziyang.”

Yue Yuan shook his head and said, “The seven challenges took up the time. The challenges came one after another. During the preparation time for both sides to accept the battle, there was no way to issue other challenges. I could only fight one match at a time until the time limit expired. In the end, I only fought five matches. The remaining two were invalid because of the time limit..”

Chapter 285: Crazy (1)

What Yue Yuan said was enough to prove that someone was deliberately targeting them. Moreover, the other party’s power should not be small to be able to mobilize so many people.

MO Xiu was about to ask a second question when he suddenly realized that there was one person missing.

“Where’s Xiao Xinru?”

Everyone lowered their heads. Moxiu knew that things were bad. “Yang Qingzhuo, where’s Xiao Xinru?”

“He’s seriously injured and is still in critical condition,” Yang Qingzhuo whispered.”

MO Xiu clenched his fists and asked in a low voice, “Xiao Hong, who did this?”

Xiao Hong lowered her head and said nothing.

Xiao Hong, I'm asking you a question." Xiao Hong said, "I don't know!"

"You know!"

A few days ago, Xiao Hong had been acting strangely. Her emotions were abnormal, and her ranking was abnormal. Thinking of all this, MO Xiu believed that Xiao Hong must have known something about this.

Xiao Hong lowered her head and refused to speak.

MO Xiu turned his gaze to Lin Feng and said,""Who did it?"

Lin Feng said apologetically," I'm not sure either. I wanted to investigate yesterday, but there are too many people involved in this matter. They are all experts. I can't get close, so I can't find out the result.""

MO Xiu took a deep breath and turned to leave.

"Where are you going?" Xiao Hong shouted.

"Let's go see Xiao Xinru!"

MO Xiu rushed to the hospital and found Xiao Xinru's ward to take a look.

They were still undergoing emergency treatment. There were very few doctors here, so MO Xiu finally found someone to ask about the situation.

He was told that it was not optimistic and that medical treatment or ordinary skills would definitely not be able to save him.

There were more than a hundred wounds on his body, and four of them were fatal. It was already a miracle that he was still alive.

Moxiu had no choice but to use the fastest method.

He took out his phone and sent a message. Then, he stood outside the ward in a daze.

Until a voice called out to him.

‘MO Xiu, what’s wrong?’

MO Xiu acted as if he did not hear anything and did not react at all.

It was Li Ling ‘er.

Li Ling ‘er saw that MO Xiu didn’t react, so she stretched out her hand and patted MO Xiu’s shoulder.

MO Xiu quickly turned his head, his eyes filled with killing intent.

Even someone like Li Ling ‘er felt her body tremble.

MO Xiu immediately reacted. The reinforcements had arrived.

“Sister Ling ‘er, I have a friend who’s seriously injured and can’t hold on much longer. Do you think there’s a family in the royal family that’s good at medicine?”

Li Ling 'er asked the doctor about her condition again. The doctor's words were roughly the same as MO Xiu's, but his attitude was much better.

Li Ling 'er also frowned after hearing that.

"Looks like we can only look for him. Don't worry, MO Xiu. Your friend won't die. Even if he dies, I'll think of a way to save him for you."

Li Ling 'er's words touched MO Xiu. She had come to help him with just a piece of news and spared no effort.

In fact, Li Ling 'er thought nothing of it at first. She thought that it was just a child playing around and nothing serious would happen.

However, when he heard the doctor say that Xiao Xinru was in critical condition and saw MO Xiu's gaze, he knew that this matter was not simple. His cousin was furious.

Not long after Li Ling 'er contacted him, a man rushed over. He looked at Li Ling 'er and MO Xiu coldly before walking into the ward.

"This person is so cold?" asked MO Xiu."

Li Ling 'er whispered into MO Xiu's ear," He's from the Zhuge family. He's a divine doctor in the royal family. Let me tell you another secret. He and I have an affair.""

MO Xiu stared at Li Ling 'er with his eyes wide open. Since this person was from the Zhuge Clan, his status must not be low. He actually had an affair with Li Ling 'er.

Li Ling 'er was a woman with a wife and concubines, yet there were still people outside.

"You're the only one I'm telling. Don't tell anyone else!"

“Understood!” MO Xiu nodded.

Although he was joking, MO Xiu was still worried about Xiao Xinru.

As the two of them were talking, that person came out. MO Xiu was stunned for a moment. He went in for a minute?

The man glanced at Li Ling ‘er and walked straight to the door. Li Ling ‘er gave MO Xiu a look and said, “I’ll leave first. You know what I mean.” This was really a pair...Good man and woman, no, good young man! MO Xiu couldn’t care less about Li Ling ‘er and immediately rushed into the ward.

Xiao Xinru, who was lying on the hospital bed, had actually woken up. Wasn’t this too godly?

“How do you feel now?” asked Moxiu.”

Xiao Xinru’s face was still a little pale as she said, “I actually came back to life. I thought that I would definitely die this time.”

Xiao Xinru laughed as she spoke. She was really heartless.

“I won’t let you die, ” said Moxiu.”

Xiao Xinru nodded.” Back when we were in Shun City, I could tell that you were sick.

“Hmm? What illness?”

“Whether I die or not has nothing to do with you. Why are you under such heavy pressure?”

MO Xiu understood what Xiao Xinru meant and said, brought you in, and you’re also my friend.”

Xiao Xinru shook her head and said, "I wanted to come here. I can indeed cultivate skills here. You didn't lie to me. Also..." I don't know what friends are. I only know how to cultivate skills."

Yes, in Xiao Xinru's heart, everything was for the sake of cultivating skills. There were not many people in the world who were as pure as him.

"You don't have to care about responsibility," Moxiu said. "You don't have to acknowledge me as a friend, but you have to remember that you're a member of my team. I have to be responsible for you. ""

MO Xiu gently patted Xiao Xinru's shoulder and said, ""Recuperate here and cultivate your skills when you're better. I'll help you take revenge first. Who injured you?"

"Moxiu, I don't think there's a need for revenge." "Who is it? I want to tell everyone that we are not easy to bully."

"His name is Dai Zhengyou, an outsider assassin."

"Alright, we'll wait for you to return to the team!"

Xiao Xinru opened her mouth as if she wanted to say something, but she didn't.

MO Xiu smiled and turned around to walk towards the door!

Xiao Xinru suddenly called out to MO Xiu.

"Wait, MO Xiu!"

MO Xiu turned his head and asked, "What?" Is there anything else you want to say to me?"

"Thank you! MO Xiu."

MO Xiu laughed from the bottom of his heart. Xiao Xinru finally understood. "Thank you for saving me and allowing me to continue cultivating my skills!"

MO Xiu was about to go back and give Xiao Xinru a hug when he turned around and walked out of the ward. He was still too young.

After MO Xiu left, Xiao Xinru lay on the hospital bed and whispered, "'Thank you. I will remember this favor. This favor is really strange."

MO Xiu walked out of the hospital and went straight to the bottom of the leaderboard.

He searched for Dai Zhengyou's name on the leaderboard and found that he was ranked 1446.

It seemed that this person wasn't particularly strong, and he should be able to restrain Xiao Xinru.

However, there was a problem. This person's ranking was lower than his, so he could not challenge him.

After pondering for a while, Moxiu smiled and sent a message..

Chapter 286: Return the Money

After sending the message, Moxiu waited in front of the leaderboard and looked at it intently.

Moxiu's current state attracted the attention of many people.

Outsiders were a small group, and it was easy for news to spread.

Ever since MO Xiu entered the Imperial Family, he had received a lot of attention. Because of his status as the Dark Shadow Crown Prince, many people wanted to befriend him. After all, many people could not stay in the Imperial Family forever. They would leave the Imperial Family when they were 30 years old.

In this place, MO Xiu was nothing. He couldn't be compared to any of the royal families. He was just a kid who came here to gain experience.

However, it was different outside. Whether it was his status or reputation, he could call the wind and summon the rain.

Therefore, MO Xiu had always been the center of attention, and many people were looking for opportunities to befriend him.

In addition to the commotion caused by MO Xiu's challenges a few days ago, he had earned enough topics of conversation. For a time, everyone among the outsiders knew about him.

At the same time, the people who came in with Moxiu also received the attention of others.

Under such a situation where everyone was watching, something happened to MO Xiu and his team. It was too sudden.

Someone had attacked MO Xiu's group, and the ones who had attacked were all experts among the outsiders.

This news quickly spread, but even after it spread, no one dared to discuss it openly. On one side was MO Xiu, and on the other side was a big shot from the outsiders. No one could afford to offend the outsiders who mingled in the Middle Reaches.

Moxiu had come to the ranking board early in the morning, so he was definitely going to do something to attract the attention of many people. Gradually, many people gathered here.

Everyone consciously gave MO Xiu some space, wanting to see how MO Xiu would respond.

As the representative of the Dark Shadow Empire, Moxiu hadn't caused any trouble in the past ten days. However, since others had already bullied him, Moxiu wouldn't let it go.

A person who was joining in the fun whispered to the person beside him, "How long has Moxiu been standing here?"

"It's been more than ten minutes, right?"

"Then why aren't you taking action? If you want to challenge me, then challenge me! "

"I'm not sure what Moxiu is thinking. You all know his reputation outside, right? He was simply the idol of the entire nation. Could it be that he was afraid this time?"

"It's possible. Moxiu's ranking is 528. I heard that some of the people who caused trouble yesterday have already entered the top 200."

"I've seen Moxiu's matches outside. It's impossible for him to be afraid of the battle. I think he's thinking of a way, right?"

This kind of discussion filled the entire venue. There were many people who said that Moxiu did not dare to challenge him and that they were unable to get off the stage.

There were also people who couldn't stand those people targeting MO Xiu, and they wanted to speak up for MO Xiu, hoping that they could teach these people a lesson.

Today was May 1st. It was supposed to be a craze for challenges, but because of this incident, only a small portion of the people challenged him normally. The rest were waiting for Moxiu's action.

As for the royal family, they had never looked down on the battles between outsiders and rarely took the initiative to challenge them. If they did, they would challenge other royal families, so no royal family came to join in the fun.

Half an hour. MO Xiu stood there for half an hour before Xiao Hong, Yue Yuan, and Liu Ziyang arrived.

MO Xiu finally made a move and said, "Write down the name list of the people who challenged you yesterday and post it at the corner of the ranking board." MO Xiu's voice was not loud. He was only instructing the crowd, but the attentive audience heard him.

When the people in the front row heard this, their hearts trembled. This was a declaration of war!

One spread to ten, ten spread to a hundred, and soon everyone knew the news.

"MO Xiu, there's no need to make such a big deal out of this, right?" Xiao Hong said."

MO Xiu said," Xiao Hong, I don't blame you if you don't tell me who the mastermind is. I believe that you have your reasons. But this time, we can't just let it go like this. You've already ridden over our heads. Hurry up and write the list!"

Liu Ziyang echoed, "Boss is right. We can't let any of these people go."

Xiao Hong had no choice but to write down the name list. A few minutes later, Yang Qingzhuo and Lin Feng arrived with the complete name list from Xiao Xinru.

The name list was already complete. Xio wrote down the names and pasted them at the corner of the rankings.

MO Xiu raised his voice and said to everyone,""Dai Zhengyou..."

Not only did Moxiu paste the names on the wall, but he also read them out one by one. The meaning of his declaration of war was self-evident.

"Today, I, Moxiu, will challenge everyone on the list one by one. Everyone is a famous person. I don't think you will cower and not dare to accept the challenge, right?"

He was too arrogant. This was the first thought in the hearts of the audience. One person wanted to challenge everyone on the list. There were several big shots in the top 100. They were the best among the outsiders.

Not to mention the number of players, MO Xiu divided the list into two categories. The first category was for those who had fought with Xiao Hong and the others, while the other category was for those who had challenged but did not come to fight.

Moxiu had to focus on taking care of the first-tier people. He would slowly take care of the second-tier people in the future.

The crowd began to discuss animatedly. MO Xiu gave them time to digest the news and also time to spread the news.

The bigger the news spread, the greater the pressure these people would feel. When MO Xiu challenged them, it would be harder for them to reject him.

If he refused, he would have to bear the reputation of being timid and not daring in the future.

This was the first method that Moxiu thought of, forcing these people to accept the challenge. After all, Moxiu only had the absolute right to challenge them.

Seeing that the people present were almost done discussing, MO Xiu continued.

“My goal this time is very simple. Since someone wants to spar with us, then let’s spar openly. We may not be your match, but we’re not afraid of fighting. Fight until you don’t dare to provoke me again!”

Then, Moxiu turned to face the ranking board and shouted in a voice that could be heard by everyone, “First, Dai Zhengyou!”

The people present all exclaimed. MO Xiu’s ranking was higher than Dai Zhengyou’s. How could he challenge him? Then, MO Xiu’s voice was heard.

“Yue Yuan, challenge me!”

When Yue Yuan heard MO Xiu’s words, he was stunned for a moment. Then, he reacted and issued a challenge to MO Xiu.

After the ranking board had allocated the venue, the two of them went together. Five minutes later, the two of them returned together.

Everyone understood that MO Xiu had deliberately lost to Yue Yuan so that he could come to a very low ranking to challenge him.

If he admitted defeat before a fight, Yue Yuan wouldn’t be able to obtain many points even if he won. Even if Yue Yuan returned all the points he won to MO Xiu, he would still lose a lot of points.

In order to challenge, they lost important points, and everyone looked at MO Xiu’s determination.

This had nothing to do with benefits anymore. This was going to be a battle to the death. Looking at MO Xiu’s expression, he wouldn’t let this matter rest.

MO Xiu returned to the rankings and immediately issued a challenge.

The first one must be Dai Zhengyou. He would use the absolute right to challenge him.

Others could hide in their shells and not come out, but he couldn’t. He had to pay the price.

“Dai Zhengyou, accept the challenge. It’s useless to drag it out!” MO Xiu shouted.. I will repay your kindness to Xiao Xinru!”

Chapter 287: Interrupting

After MO Xiu issued the challenge, time passed by, but Dai Zhengyou still hadn't accepted the challenge.

The spectators were also puzzled. It was one thing to be a coward, but MO Xiu was the first to challenge him. There was no point in hiding.

With every second that passed, everyone's impression of Dai Zhengyou worsened. Sooner or later, they would have to accept the challenge, so they might as well come out and leave a good impression of daring to take responsibility.

However, only the person involved knew what was going on. At this moment, Dai Zhengyou was at the scene, watching everything from a corner.

If it was a normal challenge, he would have accepted it, but yesterday, he had killed Xiao Xinyou.

Someone had found him and asked him to deal with Xiao Xinru. After getting the information, Dai Zhengyou was a little smug. She was a Mage with few skills that he could restrain the most.

Xiao Xinru was ranked in the top 1000. Dai Zhengyou had never reached such a high position before. After defeating Xiao Xinru, his heart swelled and he attacked several more times. Those attacks all hit his vital points.

He naturally understood why Moxiu was the first to challenge him. He wanted to settle the score with him. If he accepted the challenge, it was very likely that he would be heavily injured.

Dai Zhengyou wanted to stall for time and see if there was any other way to escape the scene secretly.

Unexpectedly, she was recognized halfway through.

"Sigh! Dai Zhengyou, so you're here. Are you trying to run?"

This person's voice was not soft. Many people around heard it and all looked in Dai Zhengyou's direction.

Dai Zhengyou's heart was stimulated by this sentence. He lost his rationality again and turned around. "Don't talk nonsense. I was somewhere else just now and rushed over after receiving the challenge. How funny."

In order to prove that he did not want to run, he accepted the challenge in front of everyone.

The surrounding people cheered.

"The competition is about to begin!"

"Dai Zhengyou has guts, rushing over from afar and accepting the challenge in front of everyone."

"It smells like gunpowder."

Dai Zhengyou gritted his teeth and walked up to MO Xiu. The moment he accepted the challenge, he had thought it through. MO Xiu was obviously not going to let this go. There was no way he could do anything if he dragged this on. He would die sooner or later.

Moreover, he might not necessarily die. If he had the chance to fight and win against MO Xiu, he would really become famous.

"MO Xiu, I can understand why I want to stand up for my friend by accepting your challenge. However, what you did today was a little overboard!"

In such a public scene, Dai Zhengyou had to maintain his image and shamelessly lectured MO Xiu.

MO Xiu didn't say a word. He just made an inviting gesture. The competition venue had been arranged. The two of them went straight to the venue.

There were no spectator stands in the arena. If others wanted to watch, they had to pay one point and watch it on another app on their phones.

Because it required points, very few people went to watch the competition before. It was troublesome and also cost points.

Unless it was a match that was interesting enough, it would attract people to watch.

In this match between MO Xiu and Dai Zhengyou, MO Xiu should be stronger, but not by much.

The match would be more exciting. After all, the smell of gunpowder was so strong. As for the topic of conversation, there was no need to say much. It was the first match of MO Xiu's revenge journey.

After Liu Ziyang entered the video, he saw that there were already thousands of viewers.

How many outsiders were there? There were actually so many people online. It seemed that the matter had blown up enough. MO Xiu's goal had been achieved.

MO Xiu and Dai Zhengyou entered.

"Both sides have entered the arena. The match will begin in one minute."

"MO Xiu, why are you doing this?" Dai Zhengyou asked. She had only beaten Xiao Xinru up and was still in the hospital. Are you going to be the first to challenge me?"

"Do you think you can win against me?"

"You didn't see the match between me and Xiao Xinru, so you don't know how brutal I was, right?"

"Oh, no, if you went to the hospital to see Xiao Xinru, you should know my methods."

“How’s Xiao Xinru’s injury? Can you still survive?”

Dai Zhengyou did not waste this minute. He kept talking and provoking him.

His motive for doing so was simple. Firstly, he wanted to anger Moxiu. He was an assassin, and angering Moxiu would allow him to find Moxiu’s weakness.

The second was to brag about his strength. He didn’t know how many people were watching this match, but it shouldn’t be a small number.

Dai Zhengyou, who had never received so much attention, had to use this time to brag.

Meanwhile, Moxiu remained silent throughout the entire process and looked at Dai Zhengyou with a dull gaze. This made Dai Zhengyou feel very unhappy, thinking that Moxiu was underestimating him.

The more Dai Zhengyou looked at MO Xiu, the more displeased he became. The more he spoke, the more energetic he became. In the end, he actually started cursing. His cursing was very unpleasant to hear, but MO Xiu still did not say a word.

At the same time, MO Xiu activated God’s Snooping.

[Skill 1: Backstab 5(to be used)]

[Skill Skill Effect: Summons a dagger to attack once. Attack power is 1000% of the original. Attack from the back is a critical hit (Attack power is doubled). ]

[Cooldown time: 30 seconds]

Second Skill: Phantom (5)

[Skill effect: Create illusions to confuse the enemy. Increase speed by 2,000%.

Instant speed can reach 3,000%.] [Duration: 10 minutes]

[Cooldown time: 1 hour]

[Third Skill: Interruption 5(to be used)]

[Skill effect: Interrupts a target's skill within a 100-meter radius. The target's skill has a cooldown of three seconds.]

[Cooldown time: 1 hour]

[Fourth Skill: Critical Strike Dagger 5(to be used)]

[Skill effect: Summons a dagger to attack. Attack power increases by 1,000%.

50% chance of causing a critical hit (double attack).]

[Additional effect: 1% chance to cause a super critical hit (attack multiplied by four times)]

[Duration: 10 minutes]

Cooldown time: 2 hours.”

MO Xiu had originally thought that Dai Zhengyou had a teleportation skill, but he did not expect it to be an interruption skill.

This skill was similar to Silence, but it was different from Silence. It was a common skill for Assassins.

Interrupting skills were considered godly skills, but they were more or less useless to Assassins.

Assassins focused on explosive power. In the future, they would need to use sneak attacks instead of facing enemies head-on like in competitions. Interruption was useful when facing an enemy head-on, but it wasn't very useful. It needed to be used when one had a good understanding of the opponent's skills to achieve the best effect.

Because Interruption was an instant skill, it was very likely that it would miss. At that time, the gains would not make up for the losses.

Most importantly, this skill had no other effect other than interrupting the opponent's skill for three seconds.

This effect took up one skill slot, so most Assassins would choose to dodge or speed up their life-saving skills instead of interrupt.

The only thing that the interrupt skill could restrain was people like Xiao Xinru, who relied on one skill.

Once the skill was interrupted and there was no backup plan, the match was basically over..

Chapter 288: Fight to the Death (1)

"Let the competition begin!"

Moxiu stood in place without moving. Dai Zhengyou's skills were very specialized. There were a total of four skills. Interruption was one of them. The other three skills had similar effects. They either increased speed or increased attack.

MO Xiu didn't attack because he wanted to see how Dai Zhengyou would attack.

Dai Zhengyou was not panicking either. He appeared very confident. A dagger appeared out of thin air and released four skills.

After that, he quickly approached Moxiu. Moxiu released his Sword Saint weapon, but his sword did not come out.

Motheo looked at the skill and saw that it had entered a three-second cooldown. He had successfully interrupted it.

At the same time, Dai Zhengyou immediately released his second skill, Phantom, in order to increase his speed. During the reaction time when Moxiu's skill was interrupted, he could launch a limited attack.

Moxiu noticed his friend's movements and immediately used the Descent of the Martial God to turn around.

At this moment, Dai Zhengyou activated all of his skills, including Backstab. This attack was the highest damage he could deal. He wanted to end MO Xiu in one hit.

However, he was only halfway through when he realized that Moxiu had turned around. What kind of reaction speed was this? Was he still human?

The move had already been launched, and it was impossible to retract it. Dai Zhengyou could only brace himself and stab out with this attack. Even if he couldn't hit Moxiu, Moxiu would definitely dodge. At that time, he could open up space and continue to look for an opportunity.

Dai Zhengyou's thoughts were the thoughts of the audience. This thunderous attack would not be able to hit Moxiu. The two of them would once again widen the distance.

But... What happened next made everyone's hearts tremble, and fear rose from the bottom of their hearts.

Moxiu turned around and didn't dodge. Instead, he raised his left arm to receive the attack.

The dagger pierced through Moxiu's forearm. As the blade of the dagger went through the arm, the bone in the arm did not break. At this moment, MO Xiu's gaze was unforgettable.

Ruthless, extremely ruthless!

He was so ruthless that he had to endure such a serious blow.

Moxiu's actions and eyes revealed a message. This was not an ordinary match. It was a life-and-death battle!

Looking at Moxiu's eyes, Dai Zhengyou was afraid. It was impossible for him not to be afraid. It was obvious that Moxiu wanted to kill him.

Dai Zhengyou lost all will to fight. He wanted to pull out his dagger and escape immediately.

However, the dagger was stuck in Moxiu's bones and could not be pulled out at all.

Dai Zhengyou was even more afraid. Was this MO Xiu even human? How could a normal person endure the pain and use a bone to hold the dagger?

Dai Zhengyou's entire body was trembling, and so were all the spectators. This was too terrifying.

Even Liu Ziyang and the others trembled and said, "Is Boss crazy? He could have dodged it, so why did he have to take this hit?"

Yue Yuan and Xiao Hong didn't say anything and just stared at the screen.

In the arena, Dai Zhengyou didn't want to continue this match. It didn't matter if he won or not. MO Xiu had already gone crazy. If he continued, his life might be in danger.

"I admit..." Dai Zhengyou shouted.

If Dai Zhengyou wanted to concede, he could concede in any match within Royal. This was different from the inter-school matches.

Moxiu would not let him succeed. His right hand grabbed Dai Zhengyou's chin and his palm blocked his mouth.

Dai Zhengyou didn't concede as he had hoped. His eyes were filled with fear. Right now, he only wanted to concede and had no other thoughts.

"In order to prevent you from saying something you shouldn't, I need to shut you up first!" said Moxiu."

"Bang!"

A loud explosion sounded out. Zheng You covered his mouth and rolled on the ground. MO Xiu's right hand was also burnt black.

At this moment, he let go of Dai Zhengyou and pulled out the dagger from his left arm, throwing it on the ground.

MO Xiu had used the Holy Explosive Flames on Dai Zhengyou just now. In order to prevent Dai Zhengyou from suffering too much damage and losing consciousness, MO Xiu had even used his right hand to block the attack.

Dai Zhengyou lay on the ground, his gaze locked onto MO Xiu. He was unable to make a sound, neither did he counterattack nor escape. He just stared at MO Xiu.

Moxiu knew that this was the effect of the holy flame's purification of the soul.

However, Dai Zhengyou only managed to remain calm for a few seconds. MO Xiu's following words filled his heart with fear again.

“Fourth!” said MO Xiu. Xiao Xinru suffered a total of four fatal injuries. Didn’t I say that I would return them in full?”

Everyone was shocked.

Could he survive with four fatal injuries? Was MO Xiu trying to kill someone here?

When Dai Zhengyou heard MO Xiu’s words, he didn’t stay any longer and rushed out of the boundary at full speed.

The giant sword appeared out of thin air and split into three. One of the swords pierced through Dai Zhengyou’s abdomen and nailed him to the ground.

Dai Zhengyou had long panicked and his heart was filled with fear. He did not think of dodging the giant sword at all.

” This is the first area,” MO Xiu said softly.” Next are the second and third areas!

The other two swords also fell and stabbed into Dai Zhengyou’s body.

The three swords were nailed to Dai Zhengyou’s body. He was unable to move at all.

MO Xiu slowly walked over and squatted down.

“Who told you to target Xiao Xinru?” she whispered into Dai Zhengyou’s ear. If you want to tell me, just blink your eyes. The last fatal wound can be avoided, and your chances of survival will be higher.”

Dai Zhengyou’s originally lifeless eyes shone, but then they returned to their lifeless state. He closed his eyes tightly and never opened them again.

It wasn't that Dai Zhengyou didn't want to live. Although MO Xiu was crazy, the other side was also someone he couldn't afford to offend. If he told MO Xiu, he would offend both sides.

If he didn't say it now, the people there might still be able to save him. This was Dai Zhengyou's final decision at the moment of life and death.

MO Xiu smiled as he raised his right fist and smashed it down heavily. Dai Zhengyou suffered another heavy blow and could no longer maintain his consciousness. He fainted.

As for Moxiu, he stood up and slowly walked out after throwing a punch.

The results were announced.

"The match has ended. MO Xiu wins."

Seeing the medical staff quickly carry Dai Zhengyou away, everyone at the scene had the same thought. MO Xiu was too cruel.

However, they didn't know that MO Xiu had already held back by not killing Dai Zhengyou.

Xiao Xinru's injuries were on the verge of death, and she could have lost her life at any moment. Dai Zhengyou was much more ruthless than MO Xiu.

Dai Zhengyou would definitely receive a long rescue this time. Whether he could be saved or not would depend on himself.

There was another reason why Moxiu did this, and that was to tell everyone, including the imperial family.

I'm more ruthless than anyone else. If you don't provoke me, I'll be polite. If you provoke me, I won't rest until you die.

When Moxiu walked out of the arena and returned to the ranking square, everyone made way for him.

MO Xiu had gone crazy. He must not be provoked.

Moxiu walked towards the ranking board step by step. He walked very slowly, but every step he took seemed to step on the hearts of everyone present.

It was so heavy and creepy.

Walking back to the rankings, MO Xiu said to Xiao Hong, "Challenge me."

MO Xiu's ranking had risen again, and it was not convenient for him to challenge her. After his 'battle' with Xiao Hong, he returned to the bottom of the rankings.

He turned around, smiled, and said, "Next!"

Chapter 289: Next (1)

"Next!"

MO Xiu's tone was calm, but everyone could hear the killing intent. The next match? MO Xiu's left and right hands were bleeding!

"MO Xiu, do you want to rest?" Yang Qingzhuo asked.

"No need, we can't let them wait!" said Moxiu.

MO Xiu read out another name under the rankings. It was a person ranked 1342. This person had a skill that countered Yue Yuan.

The fact that the person was so targeted meant that the other party knew them very well.

This time, when Moxiu issued a challenge, this person quickly accepted it. The result of the battle didn't change much, and Moxiu won.

Although the opponent was not fatally injured, his injuries were not light either. It was certain that he would not be able to participate in the competition for ten days to half a month.

When Motheo returned to the leaderboard, he continued to challenge as if he didn't need to rest and his skills didn't have cooldowns.

He had challenged eight people in a row and won all of them. All of his opponents were heavily injured. It was only at noon that MO Xiu took a break.

MO Xiu said in the middle of the field, "Everyone, it's noon. Everyone, go have a meal first. We'll continue in the afternoon. After all, my challenge needs an audience!"

Everyone present went to rest and eat, and Moxiu also had time to rest.

Moxiu was indeed furious, but he didn't let his anger get to his head. Everything he had done up until now had been planned in advance.

The first round was to use the most ruthless method to let everyone know his anger and set the tone.

The next few matches would not rest as they continued to challenge, expressing their attitude and not stopping until one of them died.

In fact, MO Xiu had left some room for consideration. The eight matches that Lin Feng had challenged in the morning were the weakest eight.

Moxiu was the only one who could easily take him down, and the tragic scene he had displayed was all put on by Moxiu.

For example, he had deliberately suffered two injuries in the first match, all for the sake of the show's effect.

The purpose of doing this was to warn others that he, MO Xiu, was not to be trifled with.

The people who were going to challenge them later were not simple. There

were two people in the top 200 of the rankings. MO Xiu was not sure if he could defeat them if he went all out.

The lunch break was for them to consider whether they should accept the challenge. Moxiu didn't want them to accept the challenge.

If there was any hatred, he could slowly settle it in the future. If he were to face them, he would really have to fight with his life.

This was something that could not be helped. In order to issue a warning, Moxiu had no choice but to pick a weaker opponent to fight.

Kill the chicken to show the monkey!

In the afternoon, a large number of people gathered under the rankings again.

MO Xiu saw that the number of people was almost the same, so he continued to issue challenges.

The situation in the afternoon was completely different from the morning. For the entire afternoon, Moxiu issued challenges to the remaining people on the list, but none of them accepted.

Everyone accompanied MO Xiu until night time, but no one accepted the challenge.

Moxiu's plan had succeeded, but his face was filled with rage as he tore down the name list on the rankings.

"Alright, no one will accept the challenge. It's fine if you want to hide like turtles, but it's useless for these people to hide. I'm a vengeful person."

After saying that, he left with a group of people, leaving behind the people who were watching the show with dumbfounded expressions.

After a day, almost everyone knew what had happened.

Yesterday, Moxiu wasn't in the Imperial Family. It was a special time at the end of the month, and Moxiu's companions were challenged.

Xiao Xinru was seriously injured and almost lost her life. That was why MO Xiu was so angry, which resulted in today's scene.

However, other than Xiao Xinru who was seriously injured, the others were fine. They only lost their rankings and points.

MO Xiu didn't have the intention of letting it go just like that. He still wanted to pursue the matter. He really wasn't someone to be trifled with.

The cleverness of Moxiu's move was to give these people a noon to consider. If their emotions remained in the intense battle, these people might be influenced by the audience to accept the challenge.

The remaining people were generally ranked higher, so they had more concerns.

Reputation was important in the royal family, but every outsider hoped to leave the royal family and return to the outside world.

This was not difficult to understand. If he stayed in the Imperial Family, he would never be put in an important position. It was very likely that he would be a servant for the rest of his life.

After a few years of nurturing in the Imperial Family, it would be different if he went out again. He was already outstanding when he was selected, and he had obtained better resources in the Imperial Family.

After going out, his strength would definitely be much higher than his peers. He would be an existence that all the major factions would fight to pursue. He would definitely live a more comfortable life than in the imperial family.

As long as he thought about going out, he couldn't form a death feud with MO Xiu. In order to obtain better resources in the imperial family, he could offend MO Xiu. At most, he could avoid MO Xiu after he went out.

However, if he accepted the challenge and injured MO Xiu, he would definitely become a mortal enemy. It would not be easy for him to leave this place.

When these people decided to offend Moxiu and his group yesterday, they understood that they couldn't be too harsh. Leaving a line of defense was to leave a path of retreat for themselves.

However, he did not expect Dai Zhengyou to appear. Otherwise, MO Xiu would not have been so angry. He might have placed his attention on the mastermind.

Everyone who was involved in this matter hated Dai Zhengyou to the core.

After Moxiu brought everyone back to the Outsider Building, he asked Lin Feng to calculate the points he had lost today.

Then, he said, "Remember the list of challengers. At the beginning of next month, I want you to defeat them on your own. Can you do that?"

Moxiu had done everything he could. Although he had yet to find the mastermind, he had already used his actions to warn everyone.

If anyone wanted to cause trouble again, they would have to worry about whether they could withstand Moxiu's crazy revenge.

Yue Yuan's expression was solemn as he nodded his head seriously. He had planned to do this from the start. He did not expect MO Xiu to put on such a show.

Xiao Hong was still in low spirits. She lowered her head and said nothing.

Everyone, leave!" MO Xiu said." Xiao Hong, stay behind. I want to talk to you alone! ""

No one was stupid. They knew that Xiao Hong wasn't in a good state, and she was a little strange.

Even Yang Qingzhuo didn't say anything and left obediently.

As the others left, Xiao Hong stood up and wanted to leave as well.

MO Xiu stood in front of Xiao Hong and said,""Make things clear before you leave!"

"I have nothing to say. Let me go!"

MO Xiu had no intention of moving aside, so Xiao Hong could only sit back down. The two of them sat there quietly, waiting for the other party to speak first.

After sitting for a long time, Xiao Hong couldn't stand MO Xiu anymore and said, ""This matter started because of me."

"I know! "

I've been in trouble ever since I entered the royal family. I thought I could solve it, but..."

"If you can't solve it, don't you still have me? Even if I can't solve it, there's still everyone, right? You should have said it."

Xiao Hong lowered her head guiltily and said, "I don't want to implicate everyone, but I still want to implicate all of you. I'll cut off all contact with you, alright?"

MO Xiu smiled and stood up.. He moved his face closer to Xiao Hong and said softly, "Impossible!"

Chapter 290: Investigation

Xiao Hong exchanged a glance with MO Xiu and immediately lowered her head.

"I brought trouble to you," she said in a low voice. "The other party is not to be trifled with. I didn't expect it to be like this."

"Xiao Hong, don't forget your identity as a member of the royal family. I brought you here, and you're a member of my team."

"But...Now that you're facing them, you'll be in trouble. It's very likely that it'll make it difficult for all of us to move forward in the Imperial Family."

MO Xiu laughed. "I'd like to see who's so arrogant. They attacked us even though we didn't provoke them. It's the imperial family, right?" Tell me which family it is, and I won't mess around."

Xiao Hong shook her head and refused.

“No, although you’re Elder Tang’s disciple, the imperial family won’t care about this. Elder Tang let you in so that you could gain experience, and he won’t care too much about what happens in the imperial family. You’d better not provoke them. Otherwise, you can expel me out of your team and choose someone else.”

“I won’t give up on anyone, let alone you!”

Xiao Hong felt extremely guilty that she had caused the entire team to fall into a difficult situation because of her.

“I can’t tell you!”

Moxiu frowned and said, “You’ll only make the situation worse if you continue to hold on like this.”

Xiao Hong fell silent. She lowered her head and did not speak for a long time. Suddenly, as if she had made a decision, she raised her head.

“Moxiu, give me some time. Three days, three days it is. I will go and adjust. If I can’t resolve it by then, can you make a move?”

“Alright!” Moxiu nodded.

Xiao Hong slowly walked out of the room. MO Xiu stood there and thought for a long time before finally walking out of the room.

Although MO Xiu had agreed to Xiao Hong’s suggestion, he knew that Xiao Hong couldn’t resolve this matter. If she could, she would have done it long ago. She definitely wouldn’t have dragged it out to this day and caused things to develop like this.

Moreover, from Xiao Hong’s expression, it was obvious that she had made a difficult decision. Xiao Hong might be in danger, and he could not let her do whatever she wanted.

It was almost morning. MO Xiu sent a message to Liu Ziyang, telling him to put down everything he was doing and follow Xiao Hong for the next few days.

The reason for choosing Liu Ziyang was simple. He was fast enough and had experience as an assassin.

After Moxiu left, he went straight to the central area. He didn't look at the ranking board. He wasn't here to challenge anyone today.

When they reached Liu Ruxue's cafe, it was already open.

MO Xiu directly entered. Other than Liu Ruxue, who was in the center, there was no one else.

"Do you know why I'm here?" Moxiu asked as he sat on the chair.

Liu Ruxue was still the same. She smiled charmingly and said, "I know, but you came at the wrong time. The time to accept the mission is at night. Please come back at night."

"I don't have that much time to wait. Let me ask you a few questions first. Do you know that someone is targeting me?"

"Of course I know."

"Was this mission issued to you?"

Liu Ruxue didn't say anything. She didn't admit or deny it.

That meant that he had tacitly admitted that someone had issued a mission to Liu Ruxue to target him.

MO Xiu had already guessed that if he didn't want to give himself away by mobilizing so many experts at the same time, he would have to issue a mission to Liu Ruxue.

'Who is it?'

"There's no point in telling you," Liu Ruxue answered honestly. "The person who came here to issue the mission is just an errand boy. ""

"Since they're errand runners, why are they accepting missions?" asked MO Xiu.

Why did you offend me?"

Liu Ruxue tilted her head and silently looked at MO Xiu.

"What are you looking at me for?" Moxiu shrugged. Answer my question."

"I'm not afraid of you."

"Huh?" MO Xiu was stunned for a moment. What did you say?"

I said I'm not afraid of you," Liu Ruxue said seriously. "From what I know,

although you're not a KIncl person, you won't make tmngs dl1t1CL11t tor a little girl like me.""

"And then?"

"Since I'm not afraid of you, there's no need to break the rules for you. If you want to issue missions or inquire about things, come at night with your points.

It's not business hours yet."

MO Xiu smiled and grabbed Liu Ruxue's wrist. "Why aren't you afraid of me? I discovered another loophole in the royal family. There is no rule that states that you can't fight in a non-challenge state."

Liu Ruxue didn't panic when MO Xiu grabbed her wrist. She looked at MO Xiu pitifully.

Liu Ruxue's appearance, figure, and gaze made MO Xiu feel extremely uncomfortable.

Liu Ruxue covered her mouth and laughed when she saw MO Xiu's flustered expression. "You're still a little boy after all. You'll blush in front of your sister." Liu Ruxue stretched out her other hand, wanting to place it on MO Xiu's chin.

MO Xiu pushed Liu Ruxue's hand away and said, "Don't go too far. Do you really think I don't dare to make a move?"

Liu Ruxue was a little surprised. She didn't expect MO Yu to push her hand away.

"You're quite interesting, but it's useless to pretend to be ruthless with me. I dare to bet with my life that you won't be ruthless to me."

Liu Ruxue was a psychologist, and scaring her was useless. MO Xiu retracted his hand and turned to leave.

Liu Ruxue shouted from behind, "You're welcome to come back tonight. I've already made an exception for you. The news I just told you is a gift for you."

Moxiu turned around and said, "I'll be here tonight even if you don't tell me. Don't call yourself my sister!"

MO Xiu walked out of the coffee shop. Liu Ruxue raised her eyebrows. This MO Xiu really didn't know how to appreciate romance.

In the hospital ward.

After a day and night of emergency treatment, Dai Zhengyou's injuries had stabilized.

Dai Zhengyou was lucky to have survived all four fatal injuries.

In the morning, a man in black entered the ward and quietly came to Dai Zhengyou's bed.

Dai Zhengyou was currently in a state of high alert and had yet to come out of his battle with Moxiu.

Seeing someone come in, he said weakly, "Who is it? Was it MO Xiu? You said that whether I can survive or not depends on my luck. You can't kill me, you can't go back on your word."

The man in black walked closer and took off his hat to reveal his true appearance.

Dai Zhengyou widened his eyes and said, "You..." You're...You were the one who hired me to deal with Moxiu?"

"That's right, it's me."

"The doctor said that my life is saved, but I can't fight in the future. I'm a cripple. Please save me."

"Oh? The doctors here are not good enough."

When Dai Zhengyou heard this, could he still be saved? He could even recover to a healthy state?

"Are you saying that the doctor is wrong and that I can still be saved?" "What the doctor said is wrong, and what you said is also wrong!"

"Who said...Your life was saved?"

Don't, don't!!
