

## Four Skills 291

### Chapter 291: Demanding a Debts

After MO Xiu walked out of the cafe, he contacted Yue Yuan and Lin Feng, asking them to come over and look for him.

The two of them rushed over as soon as they received the news.

"Is there anything I need to do?" Yue Yuan asked."

"Yesterday, we warned the people who attacked us directly. Today, we'll start looking for the mastermind.""

"Boss," Lin Feng said worriedly, "I'm going to say something. You may not like what I'm saying, but you'll feel bad if you don't say it.""

"It's alright. Tell me about it.""

"To be able to hire so many people to deal with us, the people behind are either powerful or rich. After all, these people aren't stupid. Without enough benefits, they won't provoke you."

"I know that," said Moxiu."

"Since you know, why are you in such a hurry to find out who's behind this?" Lin Feng asked anxiously. No matter what, you have to wait a little longer. You've only entered the Imperial Family for less than a month. It's not a wise move to face the Imperial Family now."

"Hahaha, good, well said!"

MO Xiu laughed out loud.

“We should be enduring hardships and tasting courage now to increase our strength. Shall we go back?” said Lin Feng.”

“Why should we go back?” asked MO Xiu. I’ll assign the investigation tasks.”

Lin Feng was dumbfounded. He immediately interrupted MO Xiu and said, “Boss, I kind of understand. Didn’t you laugh just now because you agreed with what I said?”

“I agree, but I won’t do it!” Moxiu nodded.”

The expression on Lin Feng’s face was extremely interesting. He really could not understand MO Xiu’s thoughts.

MO Xiu smiled because Lin Feng was really thinking for them, which was why he made such a suggestion.

“What’s wrong?” Moxiu continued. Don’t you want to investigate with us? If you don’t want to, I won’t force you.”

“Boss, what kind of person do you take me for?” Lin Feng said with a serious expression. I said those words not because I was afraid, but because I was thinking about the big picture. Sometimes, I, Lin Feng, am a little glib with my words, but I am definitely not a person who is afraid of death. I am willing to share hardships with you, and I will obey all your arrangements.”

“Good job, Lin Feng. You’re not far from becoming an official member!” Actually, MO Xiu knew that Lin Feng’s plan was the most feasible and correct one.

However, the current situation was different. If Xiao Hong told him the truth and was willing to expose the person behind it, everyone would deal with it together.

MO Xiu would consider Lin Feng's plan. He was not in a hurry to face them. Perhaps he would settle the score after making a plan. If the other party was really strong, he could put down his grudges first and make plans after he became stronger.

But now, Xiao Hong refused to tell them who she was. If they didn't know, they wouldn't be able to guard against it. The person behind it would continue to cause trouble for Xiao Hong and the others.

Moreover, after seeing Xiao Hong's expression yesterday, MO Xiu knew that something was wrong. If he didn't hurry, something might happen to Xiao Hong.

MO Xiu said to Lin Feng and Yue Yuan, "I've already found out that the other party issued the mission through the cafe. We'll have to investigate the specific situation at night. What we need to do next is to find those challengers and see if we can get some information from them. If there's any danger, we'll retreat immediately."

Lin Feng and Yue Yuan nodded. After assigning the people they needed to find, they separated.

After yesterday's incident, Moxiu believed that these people would not attack his men again.

If he still dared to make a move after warning them, it meant that he didn't want to leave the imperial family.

However, these people basically wouldn't say anything useful. They were also feeling very uncomfortable now. Self-preservation was the most important, but they still had to try if there was a chance.

After the two of them walked far away, MO Xiu was ready to take action. He had just taken two steps when he received a message from Lin Feng.

"After one day and one night of rescue, Dai Zhengyou died this morning." Moxiu frowned, He was well aware of the hospital's medical standards.

Xiao Xinru's injuries were definitely more serious than Dai Zhengyou's. When her life was hanging by a thread, she could still maintain it for a period of time.

No matter what, Dai Zhengyou's injuries were slightly lighter. MO Xiu's attacks were very heavy, but he basically wanted to cripple Dai Zhengyou. He didn't really want to kill him. Even if he died, how could he die so quickly?

However, MO Xiu did not expect that someone would kill Dai Zhengyou. Dai Zhengyou was the fuse previously, but now, he was useless. Even if he was cured, he would still be a cripple. What was the point of killing such a person?

Putting away his phone, Moxiu began to check the list one by one.

There weren't many people, and these people were very cooperative. They finished asking all of them in the morning, but they didn't get anything.

These people all had a unique characteristic. They were very polite when they saw Moxiu and wanted to reconcile with him on this matter.

Not only was their attitude good, but most of them also took the initiative to apologize to Moxiu in front of others. Their intention to reconcile was very strong.

There were even some who gave MO Xiu some Spirit Grade herbs.

Moxiu had received more than ten herbs in the morning, making it look like he was collecting money.

But what did he want to ask? It was impossible. Everyone didn't know anything.

Moxiu didn't look like he was here to ask for information, but more like he was there to collect a debt.

After contacting Yue Yuan and Lin Feng, the situation was basically the same.

It was normal for this to happen. When these people challenged Moxiu and his group, they didn't expect such a serious outcome.

However, Moxiu's actions yesterday weren't small. This group of people might be stronger than Moxiu, but their statuses were too different.

On one side was Shadow Moxiu, and on the other side was the unknown royal family. No one could afford to offend these people. They only wanted to let this matter pass as soon as possible and never participate in such matters again.

Since he did not obtain any useful information from them, MO Xiu had Yue Yuan and Lin Feng return first.

He looked at the time. It was only noon. There was still some time before Liu Ruxue opened for business.

He looked at his pitiful points. With just these points, he couldn't get any useful information from the greedy Liu Ruxue.

After thinking for a moment, he went to collect his points.

MO Xiu took out a piece of paper from his pocket. This piece of paper was a map given by the Da Brothers, which was the location of the Da Clan.

There were seven million points waiting for him there.

Moxiu followed the map and searched for a long time before he found the 'big' house. It wasn't that the map wasn't detailed enough, but the 'big' house's location was simply too difficult to find.

Among the surrounding buildings, there was a shorter building in the corner. There was a huge mirror around it as a camouflage.

MO Xiu had thought that the Da Brothers were playing with him again, and he had only discovered the mystery after accidentally touching the strange mirror.

After going around the mirror, they would reach the 'big' building. The building was relatively short, and its appearance was very inconspicuous.

This 'big' family was really interesting. Even the place they lived in was so cowardly.

Moxiu walked to the main entrance and followed the instructions of the Big Pine Brush to verify the fingerprints at the entrance. Someone would naturally hand it over to him.

Looking at the fingerprint lock, Moxiu pressed it doubtfully. Last time, he was beaten down by Li Chong who suddenly rushed out of the Li family's house..

Chapter 292: The Most Cowardly Family (1)

Moxiu heaved a sigh of relief when the alarm did not sound.

Not long after, a figure appeared at the door.

As soon as this figure appeared, MO Xiu saw it. This person thought that MO Xiu didn't see it and sneakily looked outside the door.

This made MO Xiu extremely amused. This was the entrance of the 'big' house, and he was the guest. Why did it seem like the opposite? The person from the big family was like a thief.

MO Xiu had no choice but to say to the door, "I am MO Xiu. Are you the person that Senior Big Pine Brush and Senior Big King Ba arranged to receive me?"

Hearing MO Xiu's words, this person was still a little flustered, as if he had been caught stealing. However, he still braced himself and walked out.

This person was not tall and had an ordinary appearance. He was the kind of person who would not be noticed if he was thrown into a crowd. His appearance also matched the image of a coward from a 'big' family.

"Hello, I'm MO Xiu. How do I address you?" MO Xiu extended his right hand and said."

This person extended his hand and shook MO Xiu's hand before immediately withdrawing it.

"My name is Da Pa Pa, and Da Song Bi is my uncle."

Big Afraid spoke in a very soft voice, as if he was really afraid of everything. Uncle was Big Pine Pen, and it was true that only family members would enter the same house.

Since you're willing to come out and hand over the points to me, it means that Senior Big Pine Brush has already told you everything," Moxiu said." Then don't waste any more time. Hurry up and hand over the points to me. ""

"Okay, but..." Big Scared whispered. However, the machine for trading points is in the building. Follow me in first."

MO Xiu was stunned for a moment. This 'big' family wouldn't have any tricks up their sleeves, right?

As he nodded in agreement, he took out his phone and typed a message. The recipient was his mother, Li Yuan.

Once the 'big' family made a move on him, he would immediately send this message.

It wasn't that Moxiu was being overly cautious, but that the 'big' family's actions were a little strange. He could also detect a problem from Big Afraid's words. Big Afraid didn't seem to be telling the truth.

Moxiu followed Big Afraid into the building and took the elevator to the 17th floor. According to Big Afraid, this was the core area of the 'big' house.

The members of the clan would usually move around on this floor. MO Xiu walked on the seventeenth floor and indeed saw many people.

These people were generally not old. They should be under the age of 30. There were also children who were a few years old.

Strangely, the people here could be divided into two types, two types of people with obvious differences.

One was like Big Fear, as timid as a mouse and didn't even dare to look MO Xiu in the eye.

The other type was the complete opposite. From their words and actions, one could see that they were very arrogant.

MO Xiu asked," Big Scared. Why do I feel that the people here are a little strange? Some are cautious, while others are swaggering."

Moxiu spoke very tactfully, but he believed that Fearful Big could understand.

"Because of our family's skills, we have some weaknesses before we awaken the complete skill. However, once we awaken all the skills, we will become invincible."

MO Xiu found it funny. This big scared and timid girl wasn't stupid at all.

In his words, he hid the innate skills of the 'big' family and avoided the important points to explain that after awakening all the skills, he would be invincible.

He was timid, but he boasted a lot.

Even though Fearful Big was very vague, Moxiu understood.

Moxiu had seen the skills of the Great Pine Brush and the Great King Tyrant. The four skills would form a closed loop, and they could be used 24/7. They were indeed invincible, except when facing the Li family.

If he did not awaken all his skills, he would not be able to form a closed loop. There would be a period of time when he would not be able to activate his skills. This was probably the weakness that Big Fear had mentioned.

For some reason, Big Fear walked very slowly. MO Xiu could only follow behind Big Fear to avoid causing trouble.

Such a slow speed allowed Moxiu to see what the others were doing better.

Moxiu roughly understood what this place was. This seventeenth floor was a school, the school of the Da Clan.

The 'big' family inherited two skills, the invisible man of the Great Pine Brush and the turtle armor of the Great King.

These two skills did not have much attack power, but there were still some differences.

The invisible person was completely invincible and could not be injured. He also did not have any attack power, not even the attacks of ordinary people.

The Turtle Divine Armor didn't have the same type of skill. It only increased defense, but it retained its original attack power. There was a possibility of its defense being broken.

The invisible person had nothing to do. All he needed to do was release his skills. The Sea Turtle Divine Armorist increased the percentage of his defense. The stronger his physical fitness, the stronger his skills.

This had also evolved into two factions in the family. They had to observe the children's personalities from an early age. Those who could endure hardships and spend time honing their bodies would be allowed to learn the Turtle Godly Armor. In the future, their development direction would be to hone their bodies.

For those who could not bear hardships and stand hard work, they were taught to be invisible people. Their education methods were more literary, learning communication methods, and training their brains.

This could also explain why Big Pine Brush was always the one talking to Moxiu, with Big Wangba occasionally adding in.

MO Xiu was impressed by the "master" for dividing these two cowardly skills into a civil skill and a martial skill.

But thinking about it, what kind of skill did this big fear cultivate?

Judging from her figure, she didn't look like she had been trained. Judging from her eloquence... He had no eloquence at all.

Just as Moxiu was about to use God's Snooping to take a look, he stopped in fear.

"We're here. Come in with me!"

Moxiu followed Big Fear into a room. This room looked like an office, but there was no one inside.

Big Fear opened the drawer and took out a machine. He said to Moxiu, "Come on, I'll give you points!"

When Moxiu saw the machine, he was puzzled. This machine was no different from the card swiping machines outside. It looked like it could be moved. If that was the case, why did it bring him here?

"What do I need to do?" Moxiu walked over and asked.

“Um, take out your phone and open the ranking app...

MO Xiu interrupted Big Fear and said, ““Okay, I understand. There’s no need to say anything.”

Moxiu was afraid that it would be too troublesome to talk, so he did not want to listen to him. He opened the app and pasted it on the screen.

“Beep!”

“Alright, that’s enough.”

MO Xiu looked at his phone and saw that his points were more than eight million. Did he give an extra one million? How could those two be so close?

MO Xiu looked at Big Fear with a questioning gaze.

Big Fear still didn’t dare to meet MO Xiu’s gaze. She avoided MO Xiu’s gaze and lowered her head.”My uncle said that as the captain, it’s not too much to take three times the amount.”

Was he really that generous?

After that, Big Fear sent Moxiu back downstairs, left his contact information, and left.

The ‘big’ family brought Moxiu around the clan, exposing their family’s way of education.

He didn’t cause any trouble for Moxiu and even gave him an extra million points.

If Moxiu still didn’t understand such an obvious intention, he would be a fool. This was to please him, no! It should be to curry favor with the Li family!

## Chapter 293: Ouyang Shenfeng

MO Xiu didn't know the relationship between the Li family and the 'big' family, but the Li family was the nemesis of the 'big' family. The 'big' family would definitely avoid the Li family.

This time, they wanted to use Moxiu's relationship to break through the barrier and make their nemesis one of their own. No one knew who came up with this move.

MO Xiu shook his head. He had originally wanted to use the 'big' family, but he didn't expect to be used by the 'big' family instead.

The points that he had extorted were now more like things that the 'big' family had befriended.

Moxiu looked at the points in the software and suddenly felt that it was not good anymore. He did not feel at ease holding it.

This 'big' family was indeed cunning. MO Xiu sighed and left in a hurry.

In the evening, in Liu Ruxue's cafe.

Moxiu also disguised himself and walked in. It had just opened for business, but there were already more than ten people queuing up in front.

MO Xiu quietly queued up. Liu Ruxue was still as efficient as ever. The work of more than ten people was quickly handled.

When it was MO Xiu's turn, Liu Ruxue lowered her head and was recording something. Without even raising her head, she asked, "Do you need to accept a mission or issue a mission?"

"It's me!" said Moxiu.

Liu Ruxue heard Xio's voice and raised her head with a teasing smile.

"Yo, why are you dressed like this? Haven't you always been open and aboveboard?"

"Uh..." Moxiu said awkwardly. When in Rome, do as the romans do!"

' I know what you want to know," Liu Ruxue said." I can answer your question, but it won't be cheap. Did you bring enough points?!"

MO Xiu took out his phone and showed it to Liu Ruxue.

"You can't have so many points!" Liu Ruxue said in disbelief. Where did these points come from?"

"Hahaha, interesting. You're doing an illegal business, and you still care where other people's points come from?"

Liu Ruxue stared into MO Xiu's eyes, as if she wanted to see something from them.

MO Xiu wasn't afraid at all and looked at her.

Liu Ruxue's scouting abilities were very strong, but not to the extent of being able to read minds.

Liu Ruxue suddenly laughed." Haha, what are you talking about?" Of course, I don't have the right to care how the points come about. As long as I earn points, it's fine."

" That's good," Moxiu said." Since you know the information I need, it's much simpler. Tell me!

Liu Ruxue pushed a cup of coffee to MO Xiu and took a sip herself.

“Do you deliver coffee to business meetings at night?” Moxiu asked as he took the coffee.”

“I won’t send you off for normal customers, but for a VIP like you, we’ll discuss the price before the mission.”

MO Xiu picked up his coffee and said, “Alright, say it!” How many points do you need?”

MO Xiu took a sip of coffee. Liu Ruxue extended two fingers and said, “Your identity is special. so T won’t Olav games with voll- Friendship price. two

million!”

Moxiu really wanted to spit out the coffee and return it to Liu Ruxue before slamming the door and leaving. Two million points and a friendship discount?

“Isn’t your friendship price a little high? Could it be that he’s here because of my points? If I had known earlier, I wouldn’t have given you my points. You treated my trust as a business deal. Sigh!”

Liu Ruxue was stunned for a moment before bursting into laughter.

“Haha, are you bargaining?”

“What else? I can’t afford it if it’s too expensive.”

Liu Ruxue’s laughter gradually faded away, and her expression turned grave.

“Moxiu, I’m not joking with you. This is a friendship price. I’m willing to do you a favor. Otherwise, I won’t tell you how many points you have.”

“Then I won’t ask you. How many points do you need to know the answer to the mission that I’m giving you?””

Liu Ruxue said unhappily, “”You’re still bargaining! I can tell you that you have no one else to ask about this other than Xiao Hong and me.”

MO Xiu’s eyes narrowed. Since Liu Ruxue knew about Xiao Hong, she must really know something.

“You really know?”

“You don’t believe me?”

“Why should I believe you? I originally wanted to collect clues from you, but your asking price was too high.”

My intelligence network is the largest in the entire imperial family,” said Liu

Ruxue.”

“Then you don’t know where my points come from?” Moxiu smiled.”

“There were seven of you when you entered Royal, but now there are only six. I think the points should be related to the seventh person, right?”

Liu Ruxue was talking about Li Yuan. From a certain perspective, the points were indeed related to Li Yuan.

“Alright, I’ll ask the last question, and then we can decide whether to trade or not.”

“Ask! ”

“What information can I get after paying?”

Liu Ruxue thought for a moment and said, “I can tell you who the mastermind is, and I can also tell you the five questions you asked!”

MO Xiu handed the phone to Liu Ruxue and said, “Swish!”

Liu Ruxue placed MO Xiu’s phone on the machine and swiped it. “Beep!” He returned it to MO Xiu.

MO Xiu took a look. He had lost 2,000,000 points. This was really shady.

“Tell me who the mastermind is!”

Liu Ruxue lowered her voice and said, “Ouyang Clan, Ouyang Shenfeng.”

Ouyang Shenfeng? He seemed to have heard such a chuunibyou name somewhere before.

That’s right! MO Xiu suddenly remembered that Xiao Hong had asked him to pretend to be her boyfriend to avoid Ouyang Shenfeng.

‘First question,’ MO Xiu asked. “Why is Ouyang Shenfeng looking for trouble with Xiao Hong?”

MO Xiu could roughly guess what was going on, but there were still many things that he had no clue about.

Liu Ruxue said, “It seems like you haven’t heard of the Ouyang Family. Everyone in the Ouyang Family is a womanizer with many wives and concubines. However, Ouyang Shenfeng is a little different. He likes to snatch things by force. The more he can’t get it, the more he has to use all sorts of methods to get it. After getting it, he’s very cruel. Xiao Hong is one of his targets. When he saw that Xiao Hong followed you in, he wanted to get it even more.”

What kind of weird habit was this? The royal family could have a group of

wives and concubines, but that was not enough? Must he play some dirty tricks?

MO Xiu looked at Liu Ruxue and didn't say anything. Liu Ruxue smiled.

"You're asking me how I know?"

MO Xiu nodded but didn't say anything.

"You're really too smart. I don't like doing business with people like you. If you want to know, don't ask."

I've spent so many points, after all. I'm not a rich man, so I'll save as much as

I can." Moxiu said with a smile."

Liu Ruxue didn't mind and continued,""Because he had designs on me, but he didn't succeed. During that time, I looked up a lot of information about him. I hated him, so I told him all this."

MO Xiu looked deeply at Liu Ruxue. It seemed like Liu Ruxue wasn't as simple as she looked.

Although Liu Ruxue didn't say why Ouyang Shenfeng didn't succeed, MO Xiu could guess.

If an outsider could escape from the demonic claws, there must be someone supporting him.

Ouyang Shenfeng didn't even put MO Xiu in his eyes for Xiao Hong, yet he gave up on Liu Ruxue.

One could imagine how terrifying the power behind Liu Ruxue was..

Chapter 294: Xiao Hong Disappears

“Understood,” said Moxiu.

After saying that, Moxiu stood up and prepared to leave. There were many things to arrange next.

Liu Ruxue was stunned.” You still have four questions. Aren’t you going to ask them?” she asked.”

“Who said that you can’t ask for the exit?”

“I saw that you were about to leave, so I thought you weren’t going to ask anymore.”

“I am indeed leaving!”

“Then are you going to ask or not?” Liu Ruxue asked with her hands on her waist.”

‘ Of course,” said Moxiu.” But I won’t ask about it today. I won’t ask about this matter either.”“

Liu Ruxue immediately felt like she had been deceived. She stopped MO Xiu and said,”“Don’t go, finish your questions! Expired!”

When MO Xiu heard this, he sat back down and said,”Then let me explain it to you. We discussed the price and conditions before the deal, right?”

Liu Ruxue nodded with a dark expression.

“Did you say that you had to finish asking today?”

” You’re even more cunning than a businessman like me,” Liu Ruxue said with a cold face.” You really won’t take any losses.””

MO Xiu looked at Liu Ruxue pitifully, just like how Liu Ruxue looked at MO Xiu pitifully in the morning.

Liu Ruxue was a little annoyed when she saw MO Xiu drop out of school. She glared at MO Xiu.

“She’s still a little girl after all,” said Moxiu.”She’ll get angry in front of her brother! Farewell!”

After saying that, MO Xiu walked out laughing. Liu Ruxue was so angry that her face turned green.

Not only did MO Xiu have four questions to put her at a disadvantage, but he also used a trick to give her a taste of her own medicine to anger her.

This MO Xiu was truly petty! How hateful!

The other people in the queue were stunned. Who was that person just now? After chatting and laughing with Liu Ruxue for so long...

Just as he was about to leave, Liu Ruxue stopped that person.

The most puzzling thing was that this person seemed to have rejected Liu Ruxue in the end, which made Liu Ruxue very angry.

Those who had interacted with Liu Ruxue knew that although she appeared very enthusiastic on the surface, she actually maintained a certain distance from others and never talked about anything other than business.

Many people coveted Liu Ruxue's beauty and wanted to pursue her, but none of them succeeded. They were all rejected.

But that man just now didn't seem to care about Liu Ruxue at all. He was even toying with her like a toy.

Everyone in the room cast envious looks at MO Xiu's back. Could Liu Ruxue be pursuing this man?

Liu Ruxue's ability was to read people's minds. She knew why the people in the cafe were looking at Moxiu, which made her even angrier.

At this moment, the next customer sat down and said, "Sister Liu, I want to accept a mission."

"What sister? Who is your sister? There were no more missions. Business was over for the day! Let's go!"

MO Xiu hurried back to the building. He had already investigated the matter, so he could roughly guess what Xiao Hong was going to do.

Thinking back to Xiao Hong's eyes yesterday, she either wanted to fight Ouyang Shenfeng to the death or agree to Ouyang Shenfeng's request.

No matter what it was, MO Xiu would never let it happen! No!

After returning to the building, MO Xiu first went to look for Liu Ziyang. "Boss, I've been watching for a long time today. Xiao Hong hasn't gone out for a day."

"That's good, thank you for your hard work!" said MO Xiu." MO Xiu patted Liu Ziyang's shoulder and went to Xiao Hong's door.

"Dong dong dong."

MO Xiu knocked on Xiao Hong's door. He waited for a while, but there was no movement.

Feeling uneasy, he knocked on the door again, but there was still no response.

"Xiao Hong, are you inside?" MO Xiu shouted. Open the door!"

The feeling of unease intensified. Moxiu began to knock on the door and shout loudly.

Liu Ziyang and the others also heard the commotion at such a late hour.

"Boss, isn't Xiao Hong inside?" Liu Ziyang asked. I stayed by her side today and she didn't go out."

MO Xiu didn't have the time to answer Liu Ziyang and kicked the door.

"Bang!"

MO Xiu was bounced back. The door here was quite solid. Lin Feng said, "I'll go find the administrator!"

"No need!"

MO Xiu took out his black Kirin and directly opened the door lock. MO Xiu was the first to enter the room, and the others also rushed in.

There was no one in the room. MO Xiu punched the wall. Things were bad.

Liu Ziyang saw that MO Xiu was angry and immediately went forward to say, "Boss, I didn't do my job well. You can punish me however you want."

MO Xiu walked around the room and found an open window. It was not difficult to guess that Xiao Hong had used her fire feather skill to fly out from here.

MO Xiu turned around and said to Liu Ziyang, ""It's not your fault. I didn't think it through."

Then, he said to everyone, "Everyone! Meeting!"

MO Xiu didn't know when Xiao Hong left, and he wasn't sure if she had been killed or not. The more time they were racing against each other, the more MO Xiu forced himself to calm down.

MO Xiu didn't hide anything. He quickly recounted the news he had received from Liu Ruxue.

"That's what happened. Now, I want you to quickly decide if you want to move with me."

Liu Ziyang replied: "Boss, what did you do? I followed you. This time it was because of my mistake.""

Liu Ziyang was the first to express his opinion after hearing the whole story. He knew the seriousness of the matter and blamed himself even more.

Yue Yuan and Yang Qingzhuo expressed their stance almost at the same time. These two people had always been MO Xiu's trusted aides and would not back down at the last minute.

Finally, it was Lin Feng. His eyes were firm as he said, "I've already said that I'm not someone who's afraid of death."

Set off immediately," MO Xiu said." Lin Feng, you don't have to participate in the battle. Your mission is to bring us to the Ouyang Clan.""

Lin Feng nodded heavily and everyone set off!

None of them spoke along the way. Everyone knew the seriousness of this matter. They were facing the royal family. In such a situation where they were alone and helpless, forcefully barging into the royal family was no different from courting death.

However, in the current situation, Xiao Hong might be killed in the next second, or she might have already been killed. There was no other choice.

Ouyang Clan, 23rd level.

Xiao Hong sat in a room expressionlessly.

The room was dimly lit, and there was a shelf in the corner. On the shelf were handcuffs, whips, and even torture instruments.

This was Ouyang Shenfeng's secret room, specially used to deal with the women he had captured. He used these terrifying props to satisfy his perverted desires.

Any woman, or anyone, would be frightened when they saw that cabinet.

However, Xiao Hong didn't. At this moment, Xiao Hong didn't have any emotions. She looked coldly at Ouyang Shenfeng in front of her.

"Xiao Hong, I only attacked someone else, and you couldn't hold on and took the initiative to come to me?"

"I'm already here. I hope everything will end after today."

"End?" Ouyang Shenfeng sneered. Alright, that depends on whether you can satisfy me today. It won't do if you keep having this dead man's expression."

"Ouyang Shenfeng, don't go too far!" Xiao Hong stood up and said."

"You seem to have forgotten where we are!"

Chapter 295: Night Attack on the Ouyang Family

“You seem to have forgotten where we are.”

Ouyang Shenfeng slapped Xiao Hong to the ground and roared.

Xiao Hong had never been so angry before. She was about to use her skills to resist.

Ouyang Shenfeng said disdainfully, “You have to be clear. You took the initiative to come here. If you dare to attack me, not only will you not be able to escape, but that wild man of yours, MO Xiu, will also not be able to escape.””

Xiao Hong glared at Ouyang Shenfeng, but in the end, she didn’t make a move.

“Bitch!” Ouyang Shenfeng said. How did MO Xiu play the game?”

Xiao Hong frowned and filtered out all the insults.

At the same time, Moxiu and the others had already arrived at the Ouyang Clan’s building.

Liu Ziyang wanted to use his skill to sneak into the Ouyang family, but he was stopped by MO Xiu.

Liu Ziyang said, “Boss, it’s too late if we don’t do it now.””

It’s too slow to go in and search,” MO Xiu said.” If we want to stop Ouyang

Shenfeng, we have to make a big commotion!””

The moment he said this, everyone looked at MO Xiu. What was he going to do?

Moxiu summoned his greatsword and steadily stepped on it, flying to the top of the building.

Looking out from the sky, MO Xiu knew the reason. He had wanted to replicate the divine skill that had destroyed the city lord's mansion in Shun City, but unfortunately, he did not succeed.

He didn't know what material this building was made of, but Moxiu's Descent of the Martial God was unable to move it.

In the end, he could only take a step back and shorten Black Scale slightly to break the glass of the entire building.

The results didn't meet Moxiu's expectations, but the effects were about the same.

The entire building was made of special glass. The moment the glass shattered, it caused a loud sound.

This way, he could see the interior of the building clearly. MO Xiu rode on his greatsword and quickly searched for Xiao Hong.

The loud sound of glass shattering broke the silence of the night.

Everyone in the Ouyang family's building was alarmed. Not only that, but many people also rushed out of the surrounding Royal Building.

These people knew that someone was looking for trouble with the Ouyang family. They originally wanted to quickly come out and help the Ouyang family deal with it so that they could befriend them.

When he came out to take a look, the person who flew in the air and shattered the glass was none other than MO Xiu.

The imperial family disdained to participate in matters involving outsiders, but they would more or less pay attention to it. Yesterday, Moxiu had challenged everyone below the rankings. They were naturally aware of this matter.

He didn't expect to do such a thing today. Even the Crown Prince of the Dark Shadow couldn't be so arrogant, right? Was he crazy?

However, these people still gave up on the idea of helping the Ouyang Clan. Now, it seemed that the Ouyang Clan could easily resolve this matter whether they helped or not. MO Xiu and the others simply couldn't cause any trouble. Since that was the case, why would they offend MO Xiu?

Moxiu didn't stay idle in the air. He searched around the game but didn't find Xiao Hong.

"Ouyang Shenfeng, listen up. Hand over Xiao Hong, or I will definitely turn your Ouyang Clan upside down!"

MO Xiu shouted as loudly as he could, but it was still not enough to spread throughout the entire Ouyang Building.

Just as Monet was about to make some more noise, a sound came from the ground.

"Ouyang Shenfeng, listen up. Hand over Xiao Hong, or I will definitely turn your Ouyang Clan upside down!"

Moxiu looked at the ground in shock. Not only did he say the same thing as him, but even his voice was the same.

It turned out that Lin Feng had found a loudspeaker at some point in time and changed it into MO Xiu's voice to say MO Xiu's words.

Seeing MO Xiu looking over, Lin Feng said, "Boss, don't worry about it. I'll be your spokesperson."

Moxiu gave the ground a thumbs up and looked back at the Ouyang Clan's building.

It was a little strange that the Ouyang Clan had not made any response after such a long time.

Time returned to the time before Moxiu broke the glass.

Inside Ouyang Shenfeng's secret chamber.

"I'm already here. What else do you want me to do to let MO Xiu and the others go?" Xiao Hong asked."

"Oh, are you so worried about MO Xiu?" Ouyang Shenfeng said with a smile. If Moxiu knew that you had fallen into my hands, I wonder how he would react? Just thinking about it made me excited. It was a pity that I couldn't capture him. If only I could let him admire it from the side."

Xiao Hong shook her head lightly. Ouyang Shenteng was simply not human. How could such a beast appear in this world? Moreover, he had the identity of a royal.

Ouyang Shenfeng became more and more excited as he said, "No, I can't take it anymore. I originally wanted to choose a good time to taste you, but I think it's better not to wait. Men, tie her to the bed!"

Two women entered the room and held Xiao Hong in place.

Xiao Hong saw sympathy and fear in the eyes of the two women. They were also victims.

Ouyang Shenfeng walked up to Xiao Hong proudly and reached out to touch her chin. Xiao Hong closed her eyes tightly and didn't want to open them. She didn't want to see Ouyang Shenfeng.

This was the worst-case scenario Xiao Hong could think of, and it was also an inevitable outcome.

Xiao Hong wanted to leave, but Ouyang Shenfeng couldn't do anything if she wasn't in the imperial family. However, Ouyang Shenfeng threatened Xiao Hong. If she dared to run, she would completely destroy the Xiao family.

Xiao Hong knew that Ouyang Shenfeng could do it. Thinking of her younger siblings, Xiao Hong couldn't escape.

However, Ouyang Shenfeng would not only attack Xiao Hong but also MO Xiu and the others. This time, Xiao Xinru had almost lost her life. Who would it be next?

In the end, Xiao Hong contacted Ouyang Shenfeng and promised him that she would stay at Ouyang Building for one night. After one night, she would not cause trouble for them.

This decision was very difficult for Xiao Hong. She, who had always been proud, gave up her dignity and bottom line.

Just as Ouyang Shenfeng's hand was about to touch Xiao Hong's chin, there was a loud bang, followed by a series of tremors.

Ouyang Shenfeng staggered and almost fell.

"Damn it, what happened? How f \* cking unlucky!"

Ouyang Shenfeng went out to take a look and realized that the glass on one side had completely fallen off. He went closer to take a look and realized that Moxiu had come!

Ouyang Shenfeng instantly flew into a rage. MO Xiu's arrival at this time had disturbed his good time.

And no matter what the result was, Ouyang Shenfeng would definitely be punished by the elders.

Ouyang Shenfeng angrily returned to his room and slapped Xiao Hong twice with all his strength.

Xiao Hong stared at Ouyang Shenfeng, not knowing what had happened.

Ouyang Shenfeng angrily scolded, "B \* tch, your little lover is here to save you. I'm going to kill him now. When I come back, I'll make you wish you were dead."

Ouyang Shenfeng turned around and left, leaving Xiao Hong stunned in the room.

MO Xiu was here? How did MO Xiu know? Why?

Xiao Hong didn't break free from the restraints. Instead, she lay down weakly and stared at the ceiling quietly. Was her efforts in vain?

Why did he come to court death?

"Ouyang Shenfeng, hand over Xiao Hong, or else..."

MO Xiu's voice rang out. Xiao Hong tilted her head as if she hadn't heard him clearly.

"Ouyang Shenfeng..."

The second time, the third time, the fourth time.

Xiao Hong could no longer control her emotions and cried loudly.

"Why? Why did you save me? You came to save me, but who can save you!!"

Chapter 296: Seizing Power

Ouyang Shenfeng had just walked out of the door when he was blocked by someone.

“Divine Wind!”

Ouyang Shenfeng took two steps back and said, “Dad!”

“Did you provoke those people outside?”

“Yes, sir!”

“Don’t show yourself later. Your grandfather will take care of it.”

Ouyang Shenfeng said, “Grandfather is already old and muddle-headed. He must want to keep the peace. MO Xiu has already bullied our doorstep. Dad, don’t let Grandfather manage the family. You should take action.”

“Without my orders, you are not allowed to do anything!”

Outside the Ouyang Clan’s building, MO Xiu was in the air, preparing to charge into the Ouyang Clan.

At this moment, an old voice sounded.

“MO Xiu, if you return now, my Ouyang Clan will let bygones be bygones.”

Moxiu looked around and found an old man standing in his room on the top floor.

Due to the shattered glass, he was looking at Moxiu.

“May I ask who you are?” asked MO Xiu. I’m here today to settle the score with Ouyang Shenfeng. If you hand over Xiao Hong now, I can leave first and settle the rest later.”

The old man said, "I don't know what happened yet. I don't know if the person you want is in my Ouyang family now, so I can't jump to conclusions easily. However, my Ouyang family has always been the most reasonable. After I investigate, if my Ouyang family is in the wrong, my Ouyang family will apologize. If you mess around, you have to bear the consequences!"

This old man should be the Clan Leader of the Ouyang Clan. His words were reasonable, but MO Xiu could not wait any longer!

"I'm sorry," MO Xiu said. "I won't leave until I hand Xiao Hong over!"

"You little kid, you're unreasonable!"

"I'm sorry!" MO Xiu cupped his fists and said.

MO Xiu controlled the giant sword and charged directly into the building. Liu Ziyang, Yue Yuan, and Yang Qingzhuo, who were on the ground, also began to move. They were ready to attack and rescue Xiao Hong no matter what.

"MO Xiu!"

MO Xiu and the others all stopped what they were doing. This was Xiao Hong's voice.

He only heard a voice but didn't see anyone. As MO Xiu was searching, a familiar figure flew out of the building.

Moxiu controlled the greatsword to fly over and receive it.

It was Xiao Hong. She was in a very bad state. There were many shocking wounds on her body, and blood kept flowing out of her mouth.

Just as Moxiu and the old man were confronting each other, a battle broke out in the building.

Seeing that his father wouldn't let him go out, Ouyang Shenfeng returned to his room and prepared to teach Xiao Hong a lesson.

When he returned, Xiao Hong had already activated her skill and broke free.

"B \* tch. are you DreDarinz to resist? Do you want to die with MO Xiu? Ah?"

In this desperate situation, Xiao Hong's eyes lit up again.

"The person I want to save is right here. Why should I stay? Why did he have to live without dignity?"

A Flame Blast directly blasted towards Ouyang Shenfeng.

Xiao Hong's attack was too sudden, and Ouyang Shenfeng was hit head-on.

However, Ouyang Shenfeng was not seriously injured. He wiped the blood from the corner of his mouth and said, "Courting death!!!"

Xiao Hong was sent flying and landed in MO Xiu's arms.

Ouyang Shenfeng walked out of the building. There was no need to explain this scene.

"What else do you want me to say?" MO Xiu looked at the old man.

The old man said to Ouyang Shenfeng, "Shenfeng, stop for now. Wait for me to find out the truth."

Ouyang Shenfeng did not take the old man's words seriously at all and directly attacked MO Xiu.

MO Xiu was also filled with anger, but Xiao Hong was in his arms and was heavily injured. He had to ensure Xiao Hong's safety first. He did not take Ouyang Shenfeng's attack head-on and dodged to the side.

Without the restrictions of the field, Motheo's mobility could be maximized, and he could dodge in the air.

The old man was very angry at Ouyang Shenfeng's actions and said, ""Men, capture Ouyang Shenfeng!"

No one in the entire Ouyang Clan responded. The old man shouted again, but there was still no response.

"Father, you're old. Don't bother about the clan's matters."

The old man turned around and saw Ouyang Shenfeng's father, Ouyang Zhigu.

"You, you want to rebel?"

Ouyang Zhigu said, "I'm just afraid that you're too tired and need to rest! ""' The two people behind Ouyang Zhigu drove the old man out.

How could the old man not think that his son would take advantage of the chaos to take over the control of the family?

Ouyang Zhigu took a deep breath on the top floor, enjoying the fresh air and his new identity.

"Everyone from the Ouyang family, listen up! All attack! Other than MO Xiu, who needed to be kept alive, everyone else was killed!"

As soon as the order was given, the people of the Ouyang Clan all moved and pounced towards MO Xiu and the others.

This order also shocked the surrounding royal families. MO Xiu was indeed going overboard, but this order was also a little ruthless.

If he wanted to kill them, he would have to wait until he had a crime before killing them.

After all, everyone could clearly see that the person MO Xiu was looking for was indeed in the Ouyang Clan.

No matter what, he had to make things clear. He had to give Master Tang an explanation for killing Master Tang's people.

MO Xiu was not surprised by the Ouyang family's current methods.

Now that the situation was like this, they could proceed with the second phase of the plan.

In fact, the moment Xiao Hong appeared, Liu Ziyang and the others started to run.

This was what MO Xiu had instructed him to do. Once Xiao Hong was rescued, he would leave everything behind and run immediately.

Seeing Xiao Hong and MO Xiu together, the others immediately fled without hesitation.

This was because they were facing the imperial family. In the face of such a behemoth, there was no luck to speak of. If they were even a little slower, they would cause trouble for Moxiu.

As long as they escaped, they would be helping Moxiu share the burden.

Due to Ouyang Zhigu's sudden usurpation of power, the Ouyang Clan's actions were very slow. At this time, other than MO Xiu who was entangled by Ouyang Shenfeng, the others had already disappeared.

Ouyang Zhigu had been planning to be the family head for many years, and he had been waiting for his old master to abdicate.

The elderly head had been kind all these years and his attitude of tolerating as much as possible made many young people in the family unhappy.

In addition, Ouyang Zhigu had been trying to win over people's hearts during this period of time, gaining more supporters.

However, Ouyang Zhigu was very experienced and did not intend to seize the position of the family head. He wanted to wait for a suitable opportunity to mention this matter to the old family head.

The elderly head was old and still had many old injuries on his body. He did not have any combat strength. He only relied on his prestige to suppress Ouyang Zhigu. As long as the time was right, he would give up his position to Ouyang Zhigu.

Ouyang Zhigu didn't want to go too far and wanted to suppress the matter.

That was why they had not appeared before. However, Ouyang Shenfeng and Xiao Hong suddenly appeared outside.

If he allowed the elderly head to control the situation, he would definitely teach Ouyang Shenfeng a lesson and apologize to MO Xiu.

Ouyang Zhigu was trying to protect his son, and he didn't want to see the Ouyang Family apologizing to an outsider like MO Xiu.

That was why he had decided to seize power immediately. Although there might be disagreements within the family, he could still control the situation..

Chapter 297: Who Said It Had Nothing to Do With the Li Family (1)

MO Xiu was having a hard time evading Ouyang Shenfeng with Xiao Hong. At this moment, Ouyang Zhigu gave the order and everyone charged towards MO Xiu.

While he was entangled with Ouyang Shenfeng, MO Xiu had already been surrounded.

Xiao Hong was very weak at the moment. She said in a low voice, ""Mo Xiu, thank you. You've made me understand many things."

Xiao Hong was seriously injured and had lost her mobility. She knew that she was dragging MO Xiu down and wanted him to leave on his own.

However, Xiao Hong's thoughts were a little too simple. Even if MO Xiu gave up now, she wouldn't be able to escape. She was surrounded.

'I know why you're here," Moxiu said softly." You should also know why I'm here.""

Xiao Hong smiled. Hearing MO Xiu's words, she actually smiled happily. That's right, wasn't MO Xiu here to save her? What was the point of leaving him behind?

Xiao Hong looked at MO Xiu, her eyes filled with complicated emotions. This man had risked his life to come here.

The more Ouyang Shenfeng looked, the angrier he became. He said angrily, ""Damn it, you're about to die, yet you're still acting like a slut. I should have killed you a long time ago, Xiao Hong, you slut!"

There were quite a number of imperial family members watching the commotion. MO Xiu intentionally spoke louder so that they could all hear him. He would first explain the right and wrong relationship. Perhaps he could have a chance of survival or buy some time.

"Nonsense," retorted Ouyang Shenfeng, "Xiao Hong came by herself."

“Are you saying that Xiao Hong can barge into the Ouyang Clan by herself?” asked MO Xiu. If it was Xiao Hong, why was she seriously injured by you when she escaped?”

Ouyang Shenfeng was angered by MO Xiu and attacked him once again.

“Is your Ouyang Clan reasonable?” MO Xiu shouted. You stole my friend, and now you want to silence me?”

Now that things had come to this, the others could see the clues of the matter. MO Xiu’s words were indeed a little exaggerated, but what he said was basically the truth. It was indeed the Ouyang family’s fault first.

At this moment, Ouyang Zhigu spoke. He had just taken over as the family head, so he couldn’t let the family be tarnished.

“MO Xiu, my clan won’t bully you. The grudges between the younger generations will be resolved by you.”

The meaning of this sentence was very obvious. He wanted Ouyang Shenfeng to fight against MO Xiu.

MO Xiu knew very well that Ouyang Zhigu wasn’t a good person. He was extremely cunning.

Ouyang Shenfeng was stronger than MO Xiu to begin with. Now that MO Xiu was dragging Xiao Hong along, he was even less of a match for Ouyang Shenfeng.

In addition, the Ouyang Clan’s encirclement had not been removed, and MO Xiu could not escape. How could this be resolved between the younger generation?

This was clearly asking for Ouyang Huangfeng to kill him.

MO Xiu couldn’t fight back with Xiao Hong in his arms. He could only run away passively. When he reached the edge of the encirclement, he would be attacked by others.

“MO Xiu, let me go and fight him,” said Xiao Hong.”

“No!” said MO Xiu.

If he let Xiao Hong go now, she would definitely die. Ouyang Zhigu wouldn’t leave Xiao Hong behind.

Ouyang Shenfeng continued to pursue, and MO Xiu was unable to dodge in time and was hit by a punch.

He spat out a mouthful of blood. “MO Xiu, put down the ‘I’s!”

“I said, no!”

After being injured, Moxiu’s movements slowed down, making it even more difficult for him to deal with Ouyang Shenfeng’s attack. Not long after, he received another punch.

The power of this punch was even greater, almost knocking MO Xiu off the giant sword.

Xiao Hong knew Ouyang Shenfeng’s attack power. If this continued, MO Xiu would definitely be killed.

Xiao Hong pushed MO Xiu hard and said, “”Mo Xiu! Let go of me!”

MO Xiu glared at Xiao Hong and hugged her even tighter.

Ouyang Shenfeng looked at the two of them and became even angrier. His attacks became more and more fierce.

MO Xiu was already very tired from parrying, and this time, Ouyang Shenfeng was even targeting Xiao Hong.

In order to protect Xiao Hong, MO Xiu took a few more punches.

As time passed, MO Xiu's stamina and concentration decreased due to his injuries. He could only protect Xiao Hong in his arms.

After taking two punches with his body, he could no longer hold on and lay on the giant sword.

The giant sword fell uncontrollably. MO Xiu had already lost consciousness. Xiao Hong shouted for MO Xiu desperately.

"MO Xiu! Wake up!

The moment the giant sword was about to land on the ground, it suddenly stopped, preventing MO Xiu and Xiao Hong from getting hurt.

Xiao Hong had closed her eyes and hugged MO Xiu tightly, thinking that her life was about to end.

However, when he thought about how mysterious this giant sword was, not only did it not disappear even when MO Xiu was unconscious, it even stopped on its own.

Even if the two of them did not fall to their deaths, the crisis was not over yet. Ouyang Shenfeng had caught up.

He punched MO Xiu and Xiao Hong with all his strength. In Ouyang Shenfeng's opinion, this attack would definitely kill the two of them. This was the outcome of disobeying him.

Just before the fist landed on MO Xiu's body, the fist suddenly became powerless. This fist had indeed landed on MO Xiu's body, but it did not cause much damage.

MO Xiu was affected by this punch. Not only did he not die, but he even woke up from the pain.

MO Xiu and Xiao Hong had completely lost their fighting strength as they looked at Ouyang Shenfeng, who had just landed.

Ouyang Shenfeng was also stunned. Skill...It was gone.

“Ouyang Shenfeng, if you want to fight, I’ll fight with you!”

Ouyang Shenfeng looked up and saw that it was Li Chong. He finally understood why the skill had failed. It turned out that Li Chong had suddenly attacked.

“Li Chong, why are you here? Mind your own business. What does this have to do with you?”

Li Chong didn’t waste any words and continued to attack Ouyang Shenfeng. MO Xiu was the flesh and blood of the old master. If he had beaten MO Xiu to such a state, he could have just attacked him directly. If anything happened, the old master would take responsibility.

After Ouyang Shenfeng’s skills were sealed, how could he be Li Chong’s match? He was knocked to the ground in just two moves.

Li Chong rode on Ouyang Shenfeng’s body and kept hitting him. Ouyang Zhigu could not sit still anymore.

Li Chong jumped down from the top floor, and when he landed, he smashed a deep hole in the ground. Sand and stones flew everywhere, causing Li Chong to retreat.

“This is the Ouyang Clan’s business, what does it have to do with your Li Clan?”

If you don’t leave now, don’t blame me for being rude!”

The other members of the Ouyang family also came over and stood behind Ouyang Zhigu. Their auras were very shocking.

Li Chong did not panic at all in the face of such a lineup. He slowly said, "This is your Ouyang family's business, and also my Li family's business."

Ouyang Shenfeng struggled to get up from the ground. He wiped the corner of his mouth and said, "Damn it, what does it have to do with the Li family?" "Who says it has nothing to do with my Li family?"

This sentence came from behind Li Chong. Ouyang Shenfeng and Ouyang Zhigu looked over, and everyone present looked in that direction.

When they saw who it was, almost everyone cried out in surprise. This matter had gotten out of hand!

Five people walked over from afar.

They were Li Xin, the head of the Li family, and the core members, Li Shiyu, Li Zhengwu, Li Ling 'er, and Li Yuan, who no one knew.

The entire Li family was mobilized. Although the Li family was small, no family in the imperial family dared to underestimate the Li family.

Ouyang Zhigu didn't expect the Li family to stand up for MO Xiu. It seemed that today's matter would be left unsettled..

Chapter 298: Who Dares to Stop Me?(seeking recommendation votes, seeking monthly votes!)

"What is the purpose of your Li Family mobilizing such a large force?" Ouyang

Zhigu asked. Do you want to make an enemy of my Ouyang family?"

MO Xiu didn't want to borrow too much power from the Li family, but he knew that his people were definitely not strong enough to save Xiao Hong from the Ouyang family. Therefore, he sent a message to his mother before he left.

MO Xiu felt very uncomfortable about this kind of behavior of finding his mother when he couldn't beat her. However, for the safety of Xiao Hong and her companions, he could only do this.

Li Xin walked up and said, "I came here today to pick up MO Xiu. I'll settle the score with your Ouyang family after I ask about the matter. ""

These words were very arrogant, meaning that he would take her away first and settle the score later.

"Old man, do you think this is your Li family?" Ouyang Shenfeng asked. Come and go as he pleases? He still wanted to take MO Xiu away? That's impossible!"

Ouyang Zhigu also wanted to refute. He was still considering how to answer, so he took advantage of Ouyang Shenfeng's unbridled words to say it.

Li Xin glanced at the Ouyang Divine Wind, then turned back to look at MO Xiu, who was covered in injuries.

"Why aren't your injuries as serious as my grandson's? Li Chong, you don't understand this matter."

This sentence conveyed two meanings. One was that Ouyang Shenfeng still wanted to fight, and the second was that MO Xiu was Li Xin's grandson.

This was huge news. The Ouyang family had beaten Li Xin's grandson to such a state today. Li Xin would definitely not let it go.

The younger generation might not know about Li Xin's tyranny. Those who were slightly older would avoid Li Xin.

More than ten years ago, Li Xin's daughter went missing, and the entire imperial family was thrown into chaos.

"The other Ouyang Clan members attacked just now, so I..." Li Chong immediately lowered his head and said.

Li Xin smiled and turned to Ouyang Shenfeng.

Ouyang Shenfeng saw Li Xin's eyes and took two steps back.

Trying to hide? It was too late!

With a flash of cold light, countless wounds appeared on Ouyang Shenfeng's body.

The intense pain caused him to faint on the ground.

Li Ling'er tossed the dagger in her hand and said,""Li Chong, have you learned how to be a policewoman? Just keep your life!"

The people of the Ouyang Clan immediately went forward to check on Ouyang Shenfeng's injuries.

Ouyang Zhigu was furious. He had just taken up his post and encountered such a thing.

Although the other party was from the Li family, they definitely could not back down in this situation.

"Does the Li family not want to leave?"

Li Ling'er pointed her dagger at Ouyang Zhigu and said,""Don't look at your age, don't look at the crowd, do you believe that I can take your head in three seconds?"

Being provoked by a junior, Ouyang Zhigu couldn't take it anymore.

"Everyone from the Ouyang family, listen up. No one from the Li family can leave! Leave them all behind!"

There were more than a thousand people from the Ouyang family, surrounding the Li family.

Everyone in the Li family was very calm. Li Shiyu and Li Zhengwu took out their weapons and prepared to fight.

Li Xin laughed out loud.

"Hahaha, where's the old master of the Ouyang family? Letting the old man speak out, since when was it your turn to make decisions in the Ouyang family?"

"I'm the Ouyang Family's Patriarch now," Ouyang Zhigu said. "Is there a problem?"

Li Xin's expression changed. "Since the old man doesn't care about the Ouyang family's matters anymore, I don't have to give him any face. I've already said it! I'll take her away today. I'll settle the score with you when I know the cause and effect!"

Li Xin carried MO Xiu, Li Yuan carried Xiao Hong, and the few of them walked out.

Ouyang Zhigu had just given the order, and the Ouyang family would not let them leave so easily.

Everyone rushed forward, but when they got close to the Li family, they realized that their skills had failed.

Not just one or two people, but everyone!

"I'm leaving today. Let's see who dares to stop me!" Li Xin shouted.

Without skills, who would dare to charge forward? They all made way for the Li family.

Ouyang Zhigu frowned. He knew that since the Ouyang family did not stop the Li family, the Li family must have released their Absolute Seal skill. Ouyang Zhigu watched the Li family leave unwillingly and did not give another order.

He knew that Li Ling 'er was not joking or bragging. Li Ling' er could really kill him.

If a war really broke out today, there would definitely be a river of blood. If such a thing happened right after he took office, it would affect Ouyang Zhigu's reputation. He had no choice but to let the Li family leave first.

With the matter coming to an end, such a huge commotion naturally caused a storm in the city.

The Ouyang family visited the surrounding royal families that night and sent gifts to express their apology for causing such a big commotion at night.

Ouyang Zhigu wanted the people around him to shut up and not tell anyone about what happened today.

He wanted to seal it, but he wasn't sure if he could seal it or not.

Tonight, there were a few things that might spread in the Ouyang family. One was that Ouyang Zhigu seized power, the second was that Ouyang Shenfeng snatched Xiao Hongguan from the Ouyang family, and the third was that the Li family took MO Xiu away in front of everyone.

These few things were unfavorable to the Ouyang family, and Ouyang Zhigu wanted to hide these things.

Therefore, the Ouyang family did not investigate the cause of the matter and the right and wrong. The first thing they did was to block the news and release a lot of fake news to control public opinion.

On the other hand, the Li family would first use their resources to treat MO Xiu and Xiao Hong. The faster, the better.

It was already the next morning when MO Xiu and Xiao Hong's injuries stabilized.

Li Xin immediately asked about what had happened. When she heard what MO Xiu and Xiao Hong had said, she said angrily, "Ling 'Er should have killed that kid last night."

After hearing Xiao Hong describe Ouyang Shenfeng's perverted hobby, he stomped his feet in anger.

"Xiao Hong, did we make it in time?" MO Xiu asked Xiao Hong.

In fact, what he wanted to ask was that Ouyang Shenfeng didn't do anything to him, right? But he felt that it wasn't good, so he was a little tactful.

The matter had already passed. Ouyang Shenfeng probably wouldn't pester Xiao Hong anymore. Xiao Hong's mentality calmed down a little.

"You came just in time," Xiao Hong said with a smile. "If you were a little later, I might have..."

Li Xin left after asking. MO Xiubo didn't know what to do next.

Inside the Outsider Building.

Liu Ziyang, Yue Yuan, Yang Qingzhuo, Lin Feng, and even the injured Xiao Xinru were discharged early when they heard about this.

Everyone gathered together.

Yue Yuan said, “Mo Xiu sent me a message that he’s safe. You can rest assured.””“

After the few of them had found out about it last night, they returned to the building and gathered together to wait for news from Moxiu.

After waiting for an entire night, a lot of news spread, such as the news that MO Xiu had been rescued by the Li family.

However, they were still worried. They had to wait until Moxiu personally sent a message to inform them that they were safe.

Just a moment ago, MO Xiu sent a message, and everyone heaved a sigh of relief.

Yang Qingzhuo burst into tears. MO Xiu was in danger, and she didn’t want to leave. However, she knew that she would become a burden if she stayed, so she could only grit her teeth and leave.

“Don’t cry. Isn’t MO Xiu fine?” Liu Ziyang comforted him. I told you that Boss was fine. I didn’t expect the Li family, which Boss never mentioned since he entered the royal family, to be so powerful..”

Chapter 299: You Should Have Apologized

Yue Yuan said,” That’s right. When I first entered the Imperial Family, I heard that MO Xiu’s mother was from the Imperial Family. I was just surprised. After I entered, I completely forgot about this matter.””

Yang Qingzhuo wiped away his tears and said, “As long as MO Xiu is fine! ””“

Xiao Xinru was stunned for a moment. The news I heard at the hospital was even more shocking than this.”

“What did they say?” Liu Ziyang asked curiously.”

Before Xiao Xinru could reply, Lin Feng said, "Let me explain. This matter is not simple. Someone is controlling public opinion."

The current situation was that those few incidents seemed to have been covered up by rumors.

The most widespread rumors were the following.

Firstly, Xiao Hong and Ouyang Shenfeng were on good terms, and MO Xiu had entered the Ouyang Clan out of jealousy.

Second, MO Xiu had injured the Ouyang Clan's Patriarch during the process of causing trouble. Ouyang Zhigu would take over the scene.

Third, the Li Clan ambushed the Ouyang Clan and saved MO Xiu in the end.

They pushed almost everything onto MO Xiu, and the Ouyang Clan was an innocent victim.

When the people present heard Lin Feng's words, they were a little worried. This was the Ouyang Clan deliberately smearing their reputation. They did not know if it would affect MO Xiu.

They didn't know everything, and they didn't know what was going on in the royal family. It was normal for them to be worried.

Lin Feng said, "You don't have to worry. These rumors won't affect Moxiu and us. This is the Ouyang Family's response. Their methods are inferior. It seems that this Ouyang Zhigu isn't very good."

Li family.

When Moxiu heard this news, he almost burst out laughing.

This Ouyang Zhigu is too funny. What's the use of controlling public opinion? Do you want to stabilize your position as the family head?

In reality, it was useless. Every family had their own intelligence system. In reality, it was not difficult to investigate what had happened.

The rumors that the Ouyang family had spread could not be spread within the royal family. They would only spread among outsiders.

What was the point? The power of outsiders was small, and they could not affect the internal affairs of the royal family.

The only benefit of doing so to the Ouyang Clan was that they could smear MO Xiu's name.

But now, Moxiu was the God of Plagues. Who would dare to get close to an outsider?

In the past two days, Moxiu had been crazily challenging the rankings, making people tremble in fear.

After that, he barged into the Ouyang Clan at night. No matter how the rumors spread, MO Xiu came out alive. Moreover, MO Xiu's relationship with the Li Clan was not shallow.

Who would dare to provoke MO Xiu? Who would dare to curse? There was no point in smearing Moxiu's name.

After the rumors were spread, the other imperial families would know what was going on, and they would have a bad impression of Ouyang Zhigu.

Li Xin's reaction after seeing this news was similar to MO Xiu's. She felt that the new head of the Ouyang family was a little too stupid.

From last night to this morning, Xiao Hong had been looking at MO Xiu in a strange manner.

MO Xiu was also very embarrassed. There was only him and Xiao Hong in the room, and Xiao Hong kept looking at him.

“That...” Moxiu said. Xiao Hong, don’t keep looking at me. If you have something to say, just say it.”

” I have so many words of thanks to say,” Xiao Hong said with a smile.” But I don’t know how to say them.””

“There’s no need to thank me. Didn’t you go to the Ouyang family for us?”

“I have to thank you. For me, you used the Li family’s power to oppose the Ouyang family. I think you don’t want to ask the Li family for help, right?” Moxiu nodded and looked out the window.

“That’s right, I’m here to gain experience, not to borrow Mother’s power to receive protection. However, there’s nothing I can do. With my current strength, I’m not strong enough to fight against the Ouyang Clan.” “So I want to thank you for doing something you didn’t want to do for me.” “Don’t thank us. We should thank you too. For me...We’ve made a lot of

changes.”

MO Xiu had witnessed Xiao Hong’s transformation the entire time.

From the very beginning, Xiao Hong was insufferably arrogant. She would do anything for her own goals. She would ignore family ties and use MO Xiu. At that time, Xiao Hong had no human feelings at all.

When it came to the war of firearms, she didn’t consider benefits and prioritized helping Moxiu solve various problems. At this time, Xiao Hong’s mindset changed. She still prioritized benefits, but she had already begun to consider favors.

He had also seen Moxiu’s strength during the war with firearms. He understood his own shortcomings and became humble. He was no longer arrogant.

Xiao Hong released all the emotions that she had been suppressing for many years. At that time, Xiao Hong regained her humanity and became herself.

During the inter-school competition, the many experts gathered together, making her seem less outstanding. Xiao Hong gradually lost confidence and repositioned herself.

When he first entered the imperial family, he was pressured from all sides and completely lost his confidence. He lost himself and believed that he was just an ordinary person.

After regaining her confidence, Xiao Hong opened her heart and stopped thinking about herself.

He was more concerned about the safety of his family and MO Xiu's group, so he took the initiative to head to the Ouyang Clan.

Can you imagine? The once arrogant Xiao Hong, the Xiao Hong who treated everything around her as a transaction, would give up her dignity for MO Xiu and the others. She might even give up her life.

Xiao Hong's every change was traceable, but it still seemed so abrupt and surprising.

MO Xiu was touched. He had completely trusted Xiao Hong when he entrusted Little Fushun to her.

However, at that time, he could not call Xiao Hong his partner. Now, he could.

Not only Xiao Hong, but everyone who had risked their lives to save her as well.

Since they dared to snatch someone from the Ouyang Clan, everyone had the determination to die.

Moxiu turned around and looked at the team he had brought in.

Xiao Hong, Yang Qingzhuo, Liu Ziyang, Yue Yuan, Xiao Xinru, and Lin Feng.

At that time, it was a group of people who had gathered together. The relationship between each of them and MO Xiu might not be as good as Zheng Yi's.

With MO Xiu as the leader, everyone followed his orders and helped each other.

However, no matter what kind of plan Moxiu made, grouping, assigning tasks, and reviewing every day, everyone's progress was very fast, but it did not meet Moxiu's expectations.

MO Xiu had always felt that something was missing. He couldn't figure out what was missing in the past, but now he knew what it was. It was an invisible thing that brought everyone together.

It was hard to say, and he didn't want to say.

Now, this team was complete. They would not back down in the face of any difficulties.

This was a blessing in disguise. MO Xiu had to thank Xiao Hong for helping him find the answer.

"Xiao Hong, you don't have to thank me or anyone else," MO Xiu said. "This is what teammates should do. You should apologize. ""

Xiao Hong lowered her head and said guiltily, "That's right. I made everyone risk their lives for me. I'll go back and apologize to them properly. I'm sorry, MO Xiu!"

MO Xiu turned his head to look at Xiao Hong and smiled. "You don't know where you went wrong. I said that this is what teammates should do." Xiao Hong was stunned for a moment. When she looked at MO Xiu again, tears were already flowing down her cheeks..

Chapter 300: It's Not That I Don't Want to Report (1)

Xiao Hong understood what MO Xiu meant.

‘ Apologize to them when you go back,” Moxiu said.” You shouldn’t have kept this a secret. If anything happens, just say it and we’ll bear the responsibility together. Understand?’”‘

Xiao Hong nodded, wiped her tears, and smiled like a fool.

Xiao Hong had never felt so warm and blissful before. It was as if everything was no longer a problem now that she had Moxiu and the other companions.

In the cafe in the central area.

Ruyan Liu laughed when she heard the news.

“Hahaha, so the Li Clan is behind MO Xiu. This time, the Ouyang Clan is finished. ”

Liu Ruxue happily hummed a little tune as she watched the discussion between the outsiders.

“This Ouyang Zhigu is really stupid. How did he become the head of the family? MO Xiu...Let me help you with another small favor.”

May 4th, early morning.

In Ouyang Zhigu’s room, a day had passed since the incident. The family had stabilized, and there was no movement outside.

It seemed that the matter had passed. Ouyang Zhigu lay on the bed and quietly enjoyed the power he had just obtained.

The Li Clan was nothing. He had been guarding against the Li Clan’s sneak attack and the entire Ouyang Clan had been on guard for so long.

In the end, it was because the Li Family had too few people. Even if they were angry, they had to hold it in.

Ouyang Zhigu was still imagining his future life when he was pulled back to reality by a series of hurried knocks on the door.

“Who is it?”

“Patriarch, something is wrong!”

Ouyang Zhigu put on his clothes slowly and opened the door. “What is it? Why are you so flustered? Let’s talk in the office.”

Ouyang Zhigu returned to the office and sat down before continuing, “Tell me, what is it? In the future, if there was anything, they could talk in the office.”

‘I understand. Family Head, the public opinion has changed. The fake news that we released has all been refuted. The public opinion of our Ouyang family is not very good now.’”

Ouyang Zhigu was also surprised. He knew that fake news would be discovered sooner or later, but he didn’t expect it to be so fast.

“Who did this? How did he move so fast?”

“I’m not sure. I can’t find out who did it.”

Ouyang Zhigu looked around and asked, “Did the other imperial families have any reaction?”

“There’s no reaction. The Li family hasn’t made any movements either. I don’t know what they’re busy with.”

Ouyang Zhigu smiled and said, "Then it's nothing. Let's take a look first!"

After his subordinates left, Ouyang Zhigu leaned back in his chair, looking very relaxed.

There was only one thing Ouyang Zhigu had to do now, and that was to stabilize the position of the Ouyang family's head. He could talk about other things later.

As long as the Li family didn't cause trouble and the other imperial families didn't react, it would be fine.

It was a special period now. In order to prevent Ouyang Shenfeng from causing trouble, Ouyang Zhigu even found someone to watch Ouyang Shenfeng.

Ouyang Shenfeng was restricted from going out for the time being to prevent any accidents from happening.

There was no other news until noon.

Ouyang Zhigu was a little proud. The Li family was just so-so.

Just as he was about to get up to have lunch, his subordinate came over in a panic and told Ouyang Zhigu an explosive piece of news.

The Li Clan declared war on the Ouyang Clan!

Ouyang Zhigu was caught off guard. He had been on guard against the Li family's sneak attack. He was afraid that the Li family would do something behind his back.

What they were guarding against was the heart of a villain, but the Li Clan's actions were open and aboveboard, directly declaring war on the Ouyang Clan.

When there was a dispute within the royal family, no one would care about the private friction as long as it did not cause large-scale casualties.

Such a big move like declaring war must be notified to the manager, or else they would be severely punished.

The Li family had been waiting for this day to apply to the manager for this matter. The manager had agreed, which meant that they would not care about the dispute between the two families. It was confirmed that it would be a big war.

The Li family's sudden declaration of war caused a great uproar in the imperial family. The other families of the imperial family were all very surprised.

Even if MO Xiu is Li Xin's grandson, the grudge between MO Xiu and Ouyang Shenfeng is a matter of the younger generation. It shouldn't cause such a big commotion.

Without waiting for the Li family to clarify, the other imperial family members who were present at the time helped the Li family explain.

At that time, MO Xiu had come to save her. When Xiao Hong appeared, it was obvious who was right and who was wrong.

However, the Ouyang Clan's method was to silence them and even kill MO Xiu in the end. If it were any other imperial clan, they would also declare war on them.

These imperial families originally did not want to participate in this matter, but the Ouyang Clan's actions were too despicable, and many people could not bear to watch.

Most importantly, the Li family had applied to declare war on the manager, and the manager had agreed.

The manager had every right to reject the Li family's application, and he had every reason to do so.

However, the manager didn't. The Li family and the Ouyang family were both very important. If one looked deeper, it must be the Li family's talent that was more important. There was no need to say who the manager was biased towards.

Ouyang Zhigu had also considered this. The Li family had successfully declared war, and the general direction was set. Even if the Ouyang family did not die this time, they would shed a layer of skin.

Now that the Ouyang Clan was isolated and helpless, even if the other clans did not kick them while they were down, it was impossible for them to help the Ouyang Clan.

Ouyang Zhigu was extremely furious. The first to suffer was Ouyang Shenfeng,

who scolded him.

Right now, the Ouyang Clan was in a terrible situation. The external threat had not been resolved, and internal problems had also appeared.

Ouyang Zhigu's position, which had just been stabilized, began to waver again. There were many voices of opposition within the family.

They wanted Ouyang Zhigu to apologize publicly and punish Ouyang Shenfeng accordingly.

This way, the Ouyang family could regain some of their reputation, and they could also gain a reputation for being brave and understanding.

Of course, Ouyang Zhigu wouldn't agree. If he wanted to apologize, he would have done so from the start. If he apologized now, it would only make the Ouyang family and Ouyang Zhigu lose face.

The Ouyang family had always been very tough. Why did the Li family immediately admit defeat when they declared war?

Ouyang Zhigu clenched his teeth tightly. He could not do that, or he would be notorious for thousands of years.

Ouyang Zhigu gathered all his confidants for a meeting to prepare a response.

Instead of responding, it was more like preparing to fight. Ouyang Zhigu would never apologize.

While they were discussing, the second piece of news came. Ouyang Zhigu lost all his confidence.

The 'big' family declared war on the Ouyang family!

This news came very suddenly, and the content was unbelievable. The 'big' family and the Li family were not enemies, but they could be considered enemies. Why would they suddenly jump out to help the Li family?

Could this be related to MO Xiu? That was even more inconceivable. MO Xiu had only been in the Imperial clan for less than twenty days. How did he get the 'big' clan to stand up for him?

What was truly terrifying was not the fact that the 'big' clans joined the battle, as they did not have much fighting power.

However, the signal was very terrifying. The general trend was leaning towards the Li family.

If the Li family had one supporter, it was very likely that there would be a second and third.

Moreover, the real scary thing about the 'big' families was not their strength, but their connections.

There were too many families that had good relations with the 'big' family. If they really angered the 'big' family, it would be even more terrifying than angering the Li family..
