

Four Skills 301

Chapter 301: An Unexpected Ally

5th month, 5th day, Li Residence.

After two days, MO Xiu and Xiao Hong's injuries were almost healed, but the person who came didn't return to the Outsider Building.

On the contrary, he called Liu Ziyang and the others to the Li family. This went against MO Xiu's original intention.

However, there was nothing they could do during this special period to prevent the Ouyang family from attacking them again.

When the Li Clan declared war, Moxiu wasn't worried about this. After all, if the Ouyang Clan wanted to win, they needed to maintain a positive image. Otherwise, the other clans might intervene.

However, last night, the 'big' family declared war on the Ouyang family, which had truly shocked MO Xiu.

Even though Ouyang Zhigu did not have a strong view of the big picture, he was still very cautious.

If this matter spread to the Ouyang family, the Ouyang family might be desperate and do something out of line.

In order to ensure everyone's safety, Moxiu decided to bring them all to the Li family.

Li Xin immediately brought MO Xiu over to talk to him and asked him about his relationship with the 'big' family.

Li Xin knew the moral character of the 'big' family. He always hid at the back when he had something to do. This time, he rushed to the front, and his intention to please the Li family was very obvious.

As for whether or not to ally with the 'big' family, Li Xin still had to ask MO Xiu for his opinion.

MO Xiu was also stunned. He had only extorted the points from the Big Pine Brush and the Big King Tyrant. He had not expected things to develop to this extent.

MO Xiu didn't know much about the Li family and the 'big' family, so he couldn't make his own judgment. He could only tell Li Xin everything that had happened.

Li Xin couldn't stop laughing after hearing this. Her grandson really knew how to extort people, but his level of extortion wasn't high, so people clung to him.

In the end, Li Xin decided to be on good terms with the 'big' clan. Since the 'big' clan had no other intentions, they just wanted to use MO Xiu to be on good terms with the Li clan.

It was not impossible. After all, the Li family's skills countered the 'big' family and had the initiative.

This was a mutually beneficial cooperation. What did the Li family lack the most? It was manpower. On the contrary, the 'big' family had sufficient manpower.

The 'big' family might be on good terms with their natural enemies, so there was no need to worry too much.

Normally, it was difficult to reach a cooperation in a situation where one party restrained the other.

Because the party that was restrained would be suppressed, but the Li family had fewer people. They didn't need to occupy too much of the resources of the 'big' family, and they wouldn't send people to interfere in the internal affairs of the 'big' family. Why not?

After the partnership was established, Moxiu contacted Big Afraid.

Big Fear's answer was still so cowardly. The family had already asked him to contact Moxiu.

However, he didn't dare to. He waited until MO Xiu contacted him.

Big Afraid said it in bits and pieces and could not express it clearly.

In the end, Moxiu concluded that the cooperation between the elders would be discussed when the elders went back. In other words, the higher-ups of the 'big' family would contact the Li family.

As for the declaration of war this time, the 'big' clan was standing up for Moxiu. Everything that happened during the battle would be under Moxiu's command.

The 'big' family's actions surprised Moxiu. His grandfather had already agreed to cooperate, so there was no need for him to be the center of attention.

However, this was a smart move. At the very least, he had gained Moxiu's trust and had some bargaining chips in his future cooperation with the Li family.

Thinking about the battle, MO Xiu frowned. The Ouyang Clan wasn't weak. On the contrary, they were very strong. Moreover, they had many people.

Without the participation of the other imperial families, it would not be a problem for the Li family to teach the Ouyang family a lesson, but it would be difficult to deal a heavy blow to the Ouyang family.

The Ouyang family's innate skills were very strong and could restrain most warriors.

"Talent Skill: Energy Conversion (in use)

[Skill effect: Able to switch between elemental attacks and physical attacks.]

[Additional skill: Special privilege. When elemental attacks are converted into physical attacks, the damage will be increased by 30%, and the body will be strengthened.]

[Additional effect: Thunder God, turns his entire body into lightning, attacks have additional elemental damage (300).]

[Duration: 40 minutes]

Cooldown time: 1 hour.”

When he saw Ouyang Shenfeng’s innate skill, MO Xiu didn’t quite understand.

During the battle, he realized that Ouyang Shenfeng did not use any elemental skills. He was only using melee skills.

However, Moxiu could clearly sense that all of Ouyang Shenfeng’s attacks dealt elemental damage.

In fact, this talent skill was to turn elemental skills into physical skills, preserving and strengthening elemental damage.

Using physical attacks to deal elemental damage was different from Wei Lingyun’s melee Mage. Wei Lingyun still relied on elemental skills.

However, the Ouyang family was different. The members of the Ouyang family were warriors. It was just that the damage they dealt was elemental damage that did not have elemental attributes.

However, this already had a restraining effect on ordinary warriors. Elements could strengthen one’s physical fitness. Using elemental attacks to fight ordinary warriors without elemental defense had a huge advantage.

Not only that, but it also increased elemental damage.

For example, Ouyang Shenfeng's skill could deal 300 elemental damage. With the 30% bonus, it would be 390. This was already very terrifying. Normal attacks could deal at least 390 elemental damage, and there was also a portion of physical damage.

Not to mention the two Wind Blades that had a 10-second cooldown. They were almost as powerful as Xiao Hongyan's explosion with each punch.

Even someone like Moxiu, who had high elemental defense, could not withstand a few punches.

Not only was the Ouyang family not weak, but they were also very strong.

The advantage of the Ouyang family was that they had more people. Putting aside the fact that the Li family only had a few people, they could not seal all the people of the Ouyang family.

Even if it was sealed, the Ouyang family had more than a thousand people. The Li family had to fight more than a thousand people without any skills.

Can we win this war? MO Xiu felt that it was unrealistic.

MO Xiu understood that Li Xin's purpose of declaring war was to force the Ouyang Clan to hand over Ouyang Shenfeng and make a public apology..

Chapter 302: Who's the Coward (1)

In the evening, in the coffee shop,

Just before the opening ceremony, Liu Ruxue was in a good mood. Finally, someone was going to clean up the Ouyang family.

“MO Xiu, MO Xiu, you really keep surprising me. It’s normal for the Li family’s old master to declare war with his temper. I didn’t expect that he could actually invite the ‘big’ family.”

As Liu Ruxue muttered to herself, she took out a notebook from the bottom of the table and placed it on the table to flip through it.

“Yes, that’s it. Moxiu did well, but his speed is a little slow. I’ll add fuel to the fire for you, hehe!”

That night, a piece of news instantly spread among the outsiders.

The evidence of Ouyang Shenfeng playing with women was leaked.

The authenticity of the incident was very high, and the evidence was solid. There were photos as proof.

It was said that more than a hundred women had been harmed in the past six years, two of whom were from the royal family, and the rest were outsiders.

The news spread quickly and was highly authentic. It quickly spread from outsiders to the royal family.

There was no victim in the photo, but there was Ouyang Shenfeng. There was also something on the cabinet in the corner of the room.

This was already irrefutable evidence. There was no room for excuses. As a member of the royal family, the Ouyang family’s reputation quickly fell to the bottom.

If the Ouyang Clan had a chance to turn the tables previously, it was gone now.

The Ouyang Clan would not only be facing the Li Clan and the ‘Big’ Clan, but also the other Imperial Clans.

Ouyang Shenfeng had captured two members of the imperial family before.

Even if they knew in the past, the two victims did not have a high status in the family and were unwilling to offend the Ouyang family.

Now, I've been exposed, I can't sit idly by, I don't care, I'm related to my own family, I'll at least ask for an explanation from the Ouyang family.

Ouyang Zhigu couldn't sit still anymore. Too many things had happened in the past two days.

After Ouyang Zhigu received the news, he immediately went to beat Ouyang Shenfeng up.

Ouyang Shenfeng was beaten black and blue all over, but he did not dare to fight back. He had also seen this news.

Now, many people in the family were suggesting to hand Ouyang Shenfeng over. The only person who could save him now was his father, so he didn't dare to fight back or talk back.

Ouyang Zhigu shouted angrily, "I should have beaten you to death. I've already said that I don't care what you want to do, but you have to clean up your own mess. Don't leave any evidence behind. How did you do it?"

Ouyang Shenfeng crawled to Ouyang Zhigu's feet and hugged his leg, saying, "Dad, I know I was wrong. Please save me. You must save me." Ouyang Zhigu slapped Ouyang Shenfan to the ground.

"Dad, go ahead. As long as you can calm down, you have to save me!!!"

Ouyang Shenfeng's current appearance did not have a trace of the arrogance he had shown Xiao Hong that day.

Now, he was really afraid and regretting it. There were so many women waiting for him to play with, so why did he have to go to Xiao Hong and offend that fiend MO Xiu?

Ouyang Zhigu's mood eased a little, and he said, "Just stay here obediently. No one will dare to touch you. You know what the situation is now."

"I know, I know!" Ouyang Shenfeng nodded vigorously.

Ouyang Zhigu walked out of his room and returned to the top floor. He didn't have his own room but walked into the room opposite.

There were two people standing at the door. When they saw Ouyang Zhigu walking over, they quickly lowered their heads and said, "Patriarch!" "How's the elderly head these days?" Ouyang Zhigu asked.

"He's not noisy or noisy, and he doesn't care about what's going on outside.

He's probably focused on his retirement."

Ouyang Zhigu nodded and walked into the room.

The old man who had dedicated his life to the Ouyang family was looking out the window with his back to the door.

"Father!"

"Father? Are you going to put your father under house arrest here?"

"This was also forced by the situation," Ouyang Zhigu said. "Your method was wrong at that time!"

The old man turned around, his eyes filled with complicated emotions.

There was wisdom that could not be erased by time, sadness from his son's betrayal, and even more helplessness and fatigue.

“You said that my way of doing things is wrong. Then tell me, what’s the situation outside now?” The old man said. Did you catch MO Xiu? Did Elder Tang come looking for you?”

The old man did not know what happened after that, but he knew that the Ouyang family’s situation was not good.

‘ Father, none of this happened,” Ouyang Zhigu said.” I came here to ask if you have any way to solve the Ouyang Family’s current predicament. ’”

Ouyang Zhigu recounted the events of the past few days. The more the old man listened, the more his heart ached. He closed his eyes tightly.

“Father, can you solve the current situation?”

The old man shook his head and said,” Ouyang Shenfeng has actually done so many heartless things. It’s still too late to turn back now. We will publicly execute Ouyang Shenfeng and then apologize to everyone. Doing so may cause the Ouyang family to become second-rate. However, as long as the foundation is still there, the Ouyang family is still alive.”

Ouyang Zhigu sighed.” Sigh, you’re old after all. The Ouyang family has never been second-rate.”

The old man saw that Ouyang Zhigu still insisted on going his own way under such circumstances. He stood up angrily and said,””My Ouyang family has always been upright and upright. It’s indeed our fault. Why don’t you dare to admit it? You coward! I can’t believe I have a son like you!”

Ouyang Zhigu widened his eyes and pushed the old man back into the chair. “Who’s a coward? I dare to fight to the death, but do you dare?”

The old man wanted to say that when my father and I were defending the Alliance territory, we were even more daring than you.

But was that the same thing? It was a battle of life and death, a battle between humans and beasts.

And now? You want to lead the Ouyang Family to fight with your comrades and the royal family, but you still don't know why.

The old man did not say these words out loud. He knew that it was useless even if he said it.

He thought about how his life was so brilliant, but he didn't teach his son well and ended up like this.

Tears fell from the old man's withered eyes.

Ouyang Zhigu looked at the old man in front of him and felt that he was unprecedentedly powerful. He was not here to ask for advice, but to show off.

"Old man, you're really old. You don't have a way, but I do! "I have a plan. Not only can it help the Ouyang Clan resolve this crisis, but it can also help the Ouyang Clan rise to a higher level and become a super-first-class clan in the imperial family."

"What's the use of proving that you're stronger than me?" the old man said lightly. I admit that you're stronger than me. Will you do as I say? Just once!

Just this once!"

The old man grabbed Ouyang Zhigu's hand and begged.

Ouyang Zhigu shook it off.

"Old thing, put away your tears, put away your weakness, and take a good look at how strong I am."

Ouyang Zhigu left.

The old man sat quietly on the chair, blaming himself.

“Hey!”

With a sigh, the old man slowly closed his eyes and never opened them again..

Chapter 303: Flipping the Table)_1

Li family, late at night.

The others had already fallen asleep. MO Xiu stared at his phone in a daze.

The news of Ouyang Shenfeng had spread. The Ouyang family was now the target of public criticism, and the Li family would have more help.

This is a good thing, Li Jia is in an invincible position, I am also in an invincible position.

However, MO Xiu felt a little uneasy. The night was too quiet.

In the past, MO Xiu was unwilling to be involved in schemes and schemes and play with people’s hearts. He had focused all his attention on cultivation.

After arriving in Yan City, one incident after another made MO Xiu grow up.

He learned these things that he had once disdained to come into contact with, and the more he used them, the more skilled he became.

In the war, in the competition, or in life.

Moxiu had once manipulated a war and used schemes to change the outcome of the battle.

Even if this was the imperial family, no one was more experienced than MO Xiu.

A few days later, the Li family and the Ouyang family seemed to be at peace, but everything was unfavorable to the Ouyang family.

One stone after another fell on the Ouyang family. Tonight, another heavy bomb surfaced.

When all the chips were placed on the table, the chances of the Ouyang Clan turning the tables were slim.

MO Xiu put himself in Ouyang Zhigu's shoes. If he was Ouyang Zhigu, what else could he do in this situation other than flipping the table?

Thinking of this, MO Xiu walked out of the room and hurried to Li Xin's room.

"Dong dong dong!" "Who is it?" "Grandpa, it's me, MO Xiu!"

"Come in!"

Li Xin walked out of the bedroom and seemed to have fallen asleep.

"What's wrong? Why aren't you sleeping?"

"Grandpa, I think the Ouyang family is going to flip the table tonight!" MO Xiu said with a serious expression." Li Xin asked in confusion, "Flipping the table?" What do you mean?"

"A night raid on the Li family!"

Li Xin seemed to have just woken up from her sleep. She widened her eyes and said, "Mo Xiu, how did you know? You have an insider?"

"No, I have a feeling. Also... Tonight is too quiet!"

It was too quiet. Such a big matter, but the Ouyang family actually did not make any movements.

"Are you sure?" asked Li Xin.

"How can we be sure about this?" Moxiu shook his head. However, there's no harm in being prepared, Grandpa. Let's start preparing."

If one didn't know MO Xiu well, they would definitely think that MO Xiu was fooling around.

This was simply a matter of time. He couldn't sleep in the middle of the night and was on guard.

Li Xin first trusted MO Xiu, and he also knew about MO Xiu's experiences. MO Xiu was able to do such a big thing in the outside world, but Li Xin knew that he couldn't do it.

"Alright, I'll inform Shiyu now!"

Just as the two of them walked out of the room, the entire building sounded an alarm.

MO Xiu and Li Xin looked at each other. Oh no, it was too late!

Li Xin immediately went downstairs to find his two sons and prepared to fight.

Moxiu also quickly went to his companions' rooms and gathered everyone together.

"What's going on?" Yang Qingzhuo asked. "Why is there an alarm clock in the middle of the night?"

“What alarm clock?” asked Lin Feng. This is an alarm. Something has happened!”

Everyone looked at MO Xiu nervously.

“Boss, what should we do now?” Liu Ziyang asked.”

“Peng! ”

With a loud bang, the entire building shook.

The battle had begun!

Let’s go upstairs,” Xiao Hong said.” It should be safer to go to the top floor. If someone comes in, they’ll be the last to reach the top floor! ““

The few of them felt that it made sense and prepared to go upstairs together.

Moxiu was sending a message to the rest of the Li family. No one replied, which meant that they were all in combat mode.

“Wait!”

The moment MO Xiu spoke, everyone looked over and listened to MO Xiu’s arrangements:

“Let’s go downstairs as fast as we can!”

Everyone didn’t understand why Moxiu had decided to go downstairs, but at this moment, no one doubted his judgment.

Moxiu had done this after careful consideration.

If MO Xiu's guess was correct, the person who ambushed them was the Ouyang Clan. The safest way to deal with this was to meet up with the core members of the Li Clan, and it would be best if it was his grandfather.

However, Moxiu had no choice but to separate from his grandfather just now to look for his companions. His grandfather had to go downstairs to take charge of the situation.

The battle had just begun, and the weakness of the Li family's lack of manpower was already reflected.

The strength of MO Xiu and the others was not on the same level as the royal family of the Ouyang family who had awakened their complete skills.

He could only rely on the Li family's strength. Although escaping to the rooftop could obtain temporary safety, he would definitely be far away from the Li family.

Once the people of the Ouyang Clan rushed over, MO Xiu and the others would face death.

It was better to go downstairs and meet up with the main force of the Li family. No matter what, in this situation, gathering strength was the most important.

Other than the core members of the Li family, the rest of the members did not have high combat strength and were unable to protect MO Xiu and the others.

The elevator malfunctioned, so Moxiu and the others could only run down the stairs.

As Moxiu ran, he sent a message to Fearful Big, telling him that the Li family was under attack.

The 'big' family didn't have any combat power, but it was better to have more help now. The people of the main family couldn't fight, so it was good to bring some helpers from other families.

Moxiu and the others were originally on the seventeenth floor. When they ran all the way to the sixth floor, they encountered enemies.

“It’s these people. There’s a reward for taking them down!”

MO Xiu didn’t need to use God’s Snooping to see that these people were from the Ouyang Clan.

A total of more than ten people pounced towards MO Xiu and the others.

Everyone activated their skills and prepared to fight. Just as the dozen or so players were about to reach them, a circular plate suddenly appeared on the ground. With a flash of green light, all ten of them were frozen.

MO Xiu immediately looked at Yue Yuan. This was Yue Yuan’s Five Appearances Formation. He did not expect it to evolve to such a degree.

“Run!” Yue Yuan shouted.

MO Xiu summoned his giant sword and split it into three. He brought Yue Yuancheng with him, Lin Feng with him, and Xiao Xinru with him.

Xiao Hong released her Fire Feather skill and flew up with Yang Qingzhuo. After they flew up, they immediately fled.

Although flying in the stairway was not very convenient, at least he could dodge more nimbly and escape from this group of people.

Liu Ziyang was the only one who didn’t fly. He didn’t need to fly either. He could just use his skill to sneak away.

Yue Yuan’s array formation had made great progress, but it could not trap these people forever either.

After these people broke free, they immediately turned around to give chase. Fortunately, Moxiu and the others were very fast, so these people could not catch up for a while.

When they reached the third floor, they were about to meet up with the Li family downstairs. Another group of people rushed up and formed an encirclement with the previous group.

There were pursuers in front of them, and MO Xiu and the others stopped. It seemed like they were going to charge over.

The people behind them caught up and a bolt of lightning struck down, followed by countless bolts of lightning falling on the dozen or so people behind them.

Xiao Xinru attacked. Her choice was correct. She attacked the person behind her.

The power of the lightning might not be enough to defeat all ten of them, but it would not be a problem to stall them.

Xiao Xinru held back the people behind her, and MO Xiu and the others could break out of the encirclement without any worries.

In front of the people, rushing to come, MO Xiu knows that it is very possible that you are not an opponent, but... There was only one path.

Just as they were about to explode, several branches grew out of the wall and trapped these people.

Moxiu looked at everyone. Whose skill was this?

“Xiao Xiu! Come down quickly!”

Chapter 304: I Still Have to Depend on Mom (1)

“Xiao Xiu, come down quickly!”

Moxiu was stunned for a moment. This was...

Moxiu could not believe it. The powerful wood elemental skill just now was released by his mother?

When Li Yuan appeared in front of everyone, MO Xiu finally believed it.

Even though he was shocked and curious, he didn't use God's Snooping on his mother before the battle.

Li Yuan protected everyone and ran downstairs.

MO Xiu looked at his mother's back. He did not know what to feel in his heart. There was pride and bitterness.

Pride was because his mother was strong. No matter when, children would feel proud when they saw their mother's strength.

He felt bitter because he had thought that he needed his mother's protection when he was young. Now, he could protect his mother.

She did not expect herself to still be the child who needed her mother's protection.

Now, it seemed that all of Li Yuan's skills were of the wood attribute. She did not use her innate skill Absolute Seal, but she could easily defeat these people from the Ouyang family. What kind of talent was this?

Moxiu wasn't the only one who was shocked. Everyone else was shocked as well. This was too terrifying. The Li Clan, who didn't use their innate skills, could suppress the Ouyang Clan?

Even Li Xin couldn't do this, right?

Soon, they arrived downstairs and walked out of the building before seeing Li Xin and the others.

At this moment, the few of them were surrounded. When Li Xin saw MO Xiu come out, she fought as she moved closer to MO Xiu.

With Li Yuan's powerful skills, all the core members gathered.

The current formation was that Li Xin stood in the middle while the others stood around Li Xin, fighting the enemy with physical strength.

The reason for this was Li Xin's innate skill.

The last time he saved MO Xiu at the Ouyang Clan, Li Xin had released her innate skill. However, MO Xiu's mind was not very clear at that time, so he did not pay attention to it.

Only at this moment did MO Xiu know that Li Xin's innate skill was different from Li Chong and Li Ling 'er's. The innate skills of the Li family were truly different for everyone.

Li Xin's skill wasn't as powerful as Li Ling 'er's, but MO Xiu believed it to be the strongest skill.

The other people's seals were targeted at one person or a few people.

Li Xin's seal was a domain!

Anyone who entered a certain area would be sealed and unable to use skills. There was no limit to the number of people who entered. No matter how many people entered, they would be sealed.

According to Moxiu's estimation, this area was 100 meters wide. With Li Xin as the center, the circle with a radius of 100 meters was the sealed area.

Not only would players be sealed if they entered, but ranged skills would also not be able to enter. Once they entered the range, they would disappear.

This innate skill was too terrifying. It targeted all skills.

Li Chong made use of the convenience of his skills. Sometimes, he would walk out of the safe area to fight, but he would return very quickly.

Li Chong's skills did not have a cooldown and could be cast indefinitely. However, there were only three targets. If he went too far or was surrounded by multiple targets, he would be finished.

As for Li Yuan, Li Ling 'er, and MO Xiu's two uncles, they did not stay far away from Li Xin. They were fighting the enemy by her side.

Li Ling 'er's skill had a cooldown time, and it would be very troublesome if she used it.

Li Shiyu and Li Zhengwu probably wanted to preserve their strength and leave some backup.

Li Ling 'er held a dagger as she moved around. Li Shiyu held two blades, Li Zhengwu held a sword, and Li Xin held a spear.

These few people were the main force in melee combat. The others were slightly weaker in melee combat.

No one had expected that the combat strength displayed by Moxiu at this moment was not inferior to the Li family. Without any skills, Moxiu's actual combat strength was indeed inferior to theirs.

However, Moxiu had a cheat. With the Black Qilin in hand, Moxiu's combat strength soared. Although he could only extend his body to three meters, the sharpness of his sword was enough.

Under Li Xin's skill, everyone's combat strength was clearly higher than the Ouyang family's. However, there were too many people from the Ouyang family. If this continued, even Li Xin would be exhausted.

Moreover, the Ouyang Clan's strategy was very clear. They didn't attack together, but in batches, wave after wave.

Whether it was psychologically or physically, doing so put a lot of pressure on the Li family.

In their hearts, they would feel that the Ouyang family had an endless stream of people.

They would attack and then stop. Their bodies would tighten and relax at times, accelerating their fatigue.

Another point was that Ouyang Zhigu had considered the Li family's skills and wanted to use this method to consume the Li family's talent skills.

Ouyang Zhigu was not completely useless. At least, he was very good at controlling these details.

After half an hour, the Ouyang Clan's attack stopped for the fourth time. In the high-intensity deathmatch, Moxiu was already beginning to show signs of exhaustion.

Not only did they have to face enemies that outnumbered them, but they also had to protect those who had no combat strength behind them.

The Li family's physical fitness was stronger, and their condition was slightly better. Only Li Ling'er looked a little tired.

Just as everyone was preparing to continue fighting, the Ouyang family did not attack again. The surrounding people began to slowly retreat.

MO Xiu felt that something was wrong. Everyone had just gotten used to this kind of battle rhythm. What tricks did the Ouyang Clan have up their sleeves?

Ouyang Zhigu appeared in the distance.

Ouyang Zhigu, how dare you!" Li Xin shouted." The Li family has declared war. How dare you attack us?"

' Li Xin," Ouyang Zhigu said," the Ouyang family has been having a meeting for the whole day. Do you know what we are discussing?" It's how to break your skill. "

"You mean you have a way?" Li Xin laughed. Bring it on!"

Ouyang Zhigu laughed out loud.

"Hahaha, after today, there will be no more Li family. If your Li family had a hundred people, I would be helpless, but you have less than ten people." Ouyang Zhigu raised his hand high and then quickly lowered it.

Just as everyone was puzzled, they saw countless arrows rising from behind Ouyang Zhigu.

Li Xin and MO Xiu were shocked. It was too late to dodge.

"Grandpa, take back your skill," said Moxiu."

Li Xin shook his head. It seemed that the Seal Domain was not a skill that could be controlled at will.

The arrows were fired from afar. Under the enhancement of the skills, the strength of the Ouyang family members increased.

The arrow was very fast, and it was a physical attack. There were no skills on the arrow, so Li Xin's Seal Domain was useless.

On the contrary, within a hundred meters of Li Xin, MO Xiu and the others couldn't use their skills. They could only use their bodies to block the arrows shot by the other party when they used their skills.

Li Xin's sealing domain was like a cage, forcing everyone into a desperate situation.

Ouyang Zhigu wasn't stupid. He was extremely cunning, and he had studied Li Xin's skill to such an extent.

The area covered by the arrows was very large. It was definitely too late to run, so they could only defend.

Li Xin's reaction was the fastest. She protected Li Yuan and MO Xiu's companions. MO Xiu and Li Xin stood side by side.

Li Shiyu, Li Zhengwu, and Li Chong took up their weapons to protect themselves.

Li Ling 'er's reaction was out of everyone's expectations. The moment the arrow appeared, she started running in Ouyang Zhigu's direction.

Everyone looked at the arrows flying at them with a serious expression.. Could the Li family pass this test?

Chapter 305: Desperation (1)

Li Ling 'er was running in the direction of Ouyang Zhigu. As long as Li Ling' er could get out of the sealed domain, she would be saved.

When MO Xiu saw Li Ling 'er's actions, he said," Grandpa, let's retreat!" Li Xin understood what he meant. Li Ling 'er was running out. If he took a step back, Li Ling' er would run one step less.

Everyone followed Li Xin, but they couldn't run too fast. They had to keep an eye on the arrows flying down from the sky.

The speed of the arrow was too fast. Everyone retreated less than ten meters before they stopped. They were about to face the arrow.

As the arrow landed, MO Xiu's gaze was fixed on Li Ling 'er. He ran out, but he was also injured.

MO Xiu clearly saw an arrow pierce through Li Ling 'er's left shoulder.

Li Ling 'er disappeared the moment she stepped out of the sealing domain.

Moxiu used all his strength to deal with the arrows. He relied on the length of the black kylin to resist the arrows. The power of the arrows was too great.

After a few arrows, he was forced to kneel on the ground by the immense force.

Moxiu could not fall. If he fell now, his comrades behind him would definitely be heavily injured.

He forced himself to stand up and continued to deal with the arrows.

On the other side, after Li Ling 'er was injured, she used all her skills and rushed in front of Ouyang Zhigu at full speed. She released Absolute Seal and killed him with one slash.

Then he sat down and became weak all over. The arrow was poisoned!

That's right, Ouyang Zhigu had already done so much. Why wouldn't he be poisoned by the arrow?

But it didn't matter. Once Ouyang Zhigu died, the Ouyang family would definitely be in chaos.

As Li Ling 'er thought about this, her voice shattered all her hopes.

“Impressive. As expected of Li Ling 'er. If I had stood there just now, I might have already died.”

Li Ling 'er looked up and saw Ouyang Zhigu standing there unharmed.

When he looked at the person he had just killed, it was not Ouyang Zhigu at all. That person had disguised himself, so he could not tell that it was not Ouyang Zhigu without looking closely.

Li Ling 'er dragged her weak body to stand up, wanting to attack again.

However, he had already handed over his talent skill and was still injured. He was quickly taken down by the surrounding people.

The other arrow landed, and everyone from the Li family was hit.

The ones with the least injuries were Li Yuan and MO Xiu's companions. They were not shot, but they were more or less scratched.

Next were Li Shiyu, Li Zhengwu, and Li Chong. The three of them didn't have to split their attention to protect the others, so they were only hit by two arrows at most.

Next was MO Xiu. He had been shot five times, but he was still standing there, looking at Li Ling 'er who had been captured.

The most seriously injured was the strongest Li Xin. At this moment, his back was facing the Ouyang family. He hugged Li Yuan and the others with both hands and used his back to protect everyone.

When the arrow fell, MO Xiu and Li Xin knew that they couldn't block it!

Li Xin was determined to use her body to block all the arrows. MO Xiu desperately blocked the arrows for Li Xin.

However, the injuries on Li Xin's back were still shocking. He had been shot dozens of times.

But even with such serious injuries, Li Xin did not faint. He propped himself up and shouted at Ouyang Zhigu, "The Li family...It's still here!"

Ouyang Zhigu laughed wildly. He walked to Li Ling 'er and grabbed her neck. "Are you still there? Then I'll let all of you die, one by one. First of all, Li

Ling 'er!"

Ouyang Zhigu exerted force, and Li Ling 'er's breathing became difficult. However, her eyes were still glaring at Ouyang Zhigu.

"Let go of Sister Ling 'er! If anything happens, come at me!" MO Xiu shouted.

"You?" Ouyang Zhigu asked. You're not worthy."

Li Ling 'er exerted more strength and struggled violently, but she was unable to break free.

' Stop!!!"

This voice was not from the Li family. Everyone looked over.

It was a man. MO Xiu recognized this man. He was the man who had saved Xiao Xinru's life.

"Who are you?" asked Ouyang Zhigu. If you don't leave, kill!"

“Zhuge Zhong!” the man said indifferently.”

Ouyang Zhigu was shocked. Zhuge family??

Ouyang Zhigu’s expression was troubled, and he unconsciously loosened his grip, which gave Li Ling ‘er a chance to catch her breath.

“What is your Zhuge family doing here? Should he interfere with the grudge between the Ouyang Clan and the Li Clan?”

Zhuge Zhong was just like when MO Xiu first met him. He was expressionless and looked at Ouyang Zhigu coldly.

“I said, stop!”

Ouyang Zhigu felt a little embarrassed after being lectured by a junior. He increased the strength of his hand again.

“I don’t want to get involved in your dispute. I only want Li Ling ‘er!” Zhuge

Zhong said.”

“What if I don’t let her go?” Ouyang Zhigu shouted.”

“Then from now on, the Zhuge Clan will only treat the imperial clan that has attacked the Ouyang Clan.”

Ouyang Zhigu panicked when he heard this. The Zhuge family was the only family in the royal family that could heal people. They had the magical ability to bring the dead back to life.

As long as the Zhuge family said the word, the other families would definitely try their best to befriend them. The only thing Ouyang Zhigu was not sure about was Zhuge Zhong's status in the Zhuge family and how much influence he had.

Ouyang Zhigu was still hesitating when someone beside him whispered, "Logically speaking, Zhuge Zhong hasn't been born yet. I heard that he's the most beloved junior of the Zhuge family's head."

Hearing this, Ouyang Zhigu no longer hesitated. He let go of Li Ling'er and handed her over to Zhuge Zhong.

"Zhuge Zhong, I can give the Zhuge family face and let Li Ling'er go, but I can't let the rest of the Li family go."

Zhuge Zhong took Li Ling'er over. Li Ling'er was already unconscious.

Zhuge Zhong's eyes were filled with heartache. He turned around and left without any intention of saving the others.

Ouyang Zhigu didn't stop him. It was good that he had left. Although Li Ling'er's survival might pose a greater threat to him than Li Xin's survival, it was the only way in the current situation.

On the other hand, the other members of the Li Clan and MO Xiu's group were all affected.

During this period of time, the poison on the arrows had taken effect. Everyone, including Li Xin, could not exert any strength.

Other than MO Xiu!

MO Xiu's injuries were very serious, but at this moment, he pulled out the five arrows on his body one by one.

After that, he staggered and steadied his footsteps, took two steps forward, and stood in front of all his relatives and friends.

Due to his passive skill, Self-Healing, the poison did not have any effect on Moxiu.

Now, the only person who had the ability to fight was MO Xiu.

Ouyang Zhigu laughed. "Not bad, MO Xiu. You can still stand up. What are you doing now?" "Do you want to protect the people behind you?"

MO Xiu did not have any expression. He did not feel angry or emotional.

Moxiu couldn't retreat from such a hopeless situation. Even if he had to die, he had to defend this place. This was because the people behind him were all people that Moxiu cared about. He wouldn't take even half a step away.

Gradually, MO Xiu could no longer hear any sounds. He did not know what Ouyang Zhigu was talking about. He only saw hundreds of people rushing towards him.

Li Xin's innate skill was dispelled. MO Xiu subconsciously released his skill. The crowd attacked, and it was a mechanical battle.

These people's combat strength was stronger than MO Xiu's, and there were so many of them. MO Xiu was quickly defeated.

Can't you even protect your family?

In the midst of despair, a figure descended from the sky and blocked MO Xiu.

"Moxiu, I'm late.. Leave the rest to us!"

Chapter 306: The Real Everyone (1)

When MO Xiu saw who it was, he was instantly shocked. This was...Scared?

When Big Fear fought against Moxiu, the combat power he displayed was shocking. It wasn't the two defensive skills of the 'Big' family at all, but a warrior skill that was similar to amplification.

One person might not be able to change the situation, but a hundred people could.

After Big Fear landed, a total of 100 people descended from the sky. Each of them displayed terrifying combat strength, instantly turning the situation around.

Ouyang Zhigu appeared to be a little flustered from behind. "What's going on? Who is the one who came?"

"Patriarch, these people seem to be from the 'big' family."

Ouyang Zhigu said in disbelief, "Bullsh * t, how could the 'big' family have such combat power?"

Ouyang Zhigu's question was quickly answered.

Ouyang Jia mobilized 800 people to fight before the battle, consumed 300 people, and the remaining 500 people were quickly defeated by these people who descended from the sky.

The leader of the other party controlled the people of the Ouyang family and came in front of Ouyang Zhigu.

"Who are you?" Ouyang Zhigu asked. I haven't seen you before."

The other party's strength was too shocking. Such a person would definitely be very famous in the royal family, but Ouyang Zhigu did not know him.

"My name is Big Cat, the captain of the 'Big' family's branch."

Ouyang Zhigu took two steps back and said, ""Are you really a member of the 'great family'? But..."

"I'm sorry," Big Cat said, "but the 'big' family has come into being, so I'm going to start with your Ouyang family."

Ouyang Zhigu couldn't understand. What did it mean to be born? Could it be that the 'big' family had been hiding their strength?

They couldn't care less now. The people of the Ouyang Clan had been killed and the remaining people had surrendered.

The situation had been decided. Ouyang Zhigu turned around and ran. The big cat calmly chased after him.

While Ouyang Zhigu was running away, he felt sorry for himself. If it wasn't for the strange things that happened, he would have won.

Looking back, the big cat was chasing after him alone. Ouyang Zhigu saw the way these people fought just now. They probably couldn't fly. They wanted to use the advantage of flying to shake off the big cat.

Ouyang Zhigu had just flown up when the big cat suddenly appeared in front of him and threw a punch.

With just one punch, Ouyang Zhigu was sent flying. The huge impact caused Ouyang Zhigu to fly back hundreds of meters, leaving a deep ravine on the ground.

"Puff!"

Ouyang Zhigu spat out a mouthful of blood. He looked at the big cat in disbelief and fell unconscious.

In the end, Ouyang Zhigu still did not understand where this group of people had come from and why their combat strength was so terrifying.

After the big cat landed on the ground, it still walked over unhurriedly.

He came to Ouyang Zhigu and raised his right hand, ready to strike again to end his life.

“Wait!”

The big cat stopped moving. A person in a black robe walked out from the corner. His face could not be seen clearly.

“Give me some face and hand him over to me.”

Big Cat scratched its head and said, “What are you talking about? Who would dare to not give you face?” Farewell!”

After saying that, he jumped deep into the air. This time, he jumped directly to the roof of a 20-story building.

The black-robed man looked at the half-dead Ouyang Zhigu on the ground and sighed.

Downstairs of the Li family building.

MO Xiu saw with his own eyes that the people from the ‘big’ family easily dealt with the people from the Ouyang family and quickly controlled the situation. One of them chased after Ouyang Zhigu and left.

This...’ The combat power of a big family was very strong, but this was too terrifying. It was equivalent to a hundred people taking down a family in a short period of time.

The situation was stable. The Li family members were all seriously injured and were all sent to the hospital.

Out of MO Xiu's companions, only Yang Qingzhuo and Xiao Hong's injuries were lighter. They were fine after taking the antidote. The rest were sent to the hospital.

"We're late, sorry."

Moxiu shook his head and said, "It's not too late. It's all thanks to..."

Moxiu stopped halfway through his sentence because he had activated God's Snooping on Fearful.

"Talent Skill: Skill Duplication (Used)

[Duration: 1 hour]

[Cooldown time: 10 minutes]

[Second Skill: Descent of the Martial God 7(Used)]

Skill effect: ‘

Moxiu was shocked. He was so shocked that he couldn't say a word. The 'big' family's skill was the Descent of the Martial God?

What he could be sure of was that the skill was not copied from Moxiu. He had only interacted with the "master" a few times, so there must have been some restrictions when copying. Moxiu did not sense it, and judging from his level, it did not seem to have been copied recently.

The name of the skill was the same, but the effect was slightly different. The elemental immunity was as high as 80%. This was the natural enemy of the Ouyang family. No wonder the Ouyang family could not fight back.

The fact that the 'big' family possessed the Descent of the War God filled MO Xiu's mind with questions.

The biggest question was that skills were hereditary. Could his father be from the 'big' family?

"MO Xiu! MO Xiu! What's wrong with you?"

Big Fear saw that MO Xiu was suddenly stunned and called out.

"Ah!" said MO Xiu. It's nothing."

Big Fear looked at the injuries on MO Xiu's body and said,""Are your injuries a little serious? I'll send you to the hospital too!"

MO Xiu suppressed the curiosity in his heart. There was still one more thing he had to do.

“No, the Ouyang Clan is finished. Where is Ouyang Shenfeng?”

Big Fear took out his phone and contacted him for a while before saying, “The Ouyang family has been controlled by the ‘big’ family and a few other families who have helped. Ouyang Shenfeng has also been captured.”

MO Xiu turned around and looked at Xiao Hong. “Go now and settle this matter. I’ll have to trouble you.”

The battle power of the ‘big’ family was far superior to the Li family. After this battle, everyone would have a new level of respect for the ‘big’ family.

Moreover, the help of the ‘big’ family was originally a dispensable help. MO Xiu had once thought that the ‘big’ family only wanted to use this opportunity to curry favor with the Li family, but now it seemed that that was not the case. The ‘big’ family was not afraid of the Li family.

The ‘big’ family played a crucial role in the battle, turning the tables with one move.

The identities of both parties became that the ‘eldest’ family was the savior of the Li family.

Moxiu did not have the authority to order Big Fear around. They were here to help, and they had helped a lot.

Thus, Moxiu spoke in a very polite tone and was very grateful to the ‘big’ family..

Chapter 307: The End (1)

Putting aside all the questions, MO Xiu and Xiao Hong headed to the Ouyang Clan.

Yang Qingzhuo didn’t follow them. He went to the hospital to take care of the injured.

When they arrived at the Ouyang family's building, MO Xiu and Xiao Hong stood downstairs and looked up.

A few days ago, Xiao Hong had come here to look for Ouyang Shenfeng to ensure MO Xiu's safety.

At the same time, MO Xiu brought his companions to break into the Ouyang Clan at night to rescue Xiao Hong.

At that time, the two of them could not imagine that the Ouyang family would become like this.

The Ouyang Clan had fallen just like that. Such a colossus.

This may be the royal family, or a thousand people, a prosperous family.

MO Xiu didn't think that Ouyang Shenfeng would be his target in the future, and he would kill him to avenge Xiao Hong.

Because of the intervention of the Li family and the intervention of the 'big' family, everything became different.

"Are we going in?" Big Fear asked." MO Xiu nodded and said,"Let's go and find Ouyang Shenfeng.""

Big Fear nodded and led the way.

"How did the 'big' clan mobilize so many people in such a short period of time to support the Li clan while attacking the Ouyang clan?" MO Xiu asked."

Moxiu was also very concerned about this. The 'big' family's ability to mobilize

and react was too fast.

There were less than ten people from the Li family, and their reaction speed was not as fast as the 'big' family.

It was still early in the morning. If they received the news at this time, it would be very difficult to react quickly and mobilize personnel.

Big Fear answered Moxiu's question, but he still said bits and pieces. Moxiu only understood what he meant after sorting it out in his mind.

That was to say, when Li Xin was discussing the cooperation with the 'big' family, he mentioned the matter of dealing with the Ouyang family.

Li Xin told the 'big family' to gather their members and prepare to surround the Ouyang family at any time.

Because of Li Xin's request, the 'big' family had already made preparations and arranged for people to be near the Ouyang family.

As it was late at night, these people were all asleep. They were afraid that they would receive MO Xiu's message and immediately report it.

After that, the higher-ups of the 'big' family started to make arrangements. First, they ordered the elites to go to the Li family to rescue them.

Then, he thought that the Ouyang family's main force had gone to sneak attack the Li family. The Ouyang family must be empty. It was a good opportunity to steal the family, so he ordered the troops near the Ouyang family to move out.

The order was to save the Li family first, but in terms of efficiency, it was faster to encircle the Ouyang family.

The battle at the Ouyang family's side had already ended before Big Cat's team reached the Li family.

Soon, the three of them arrived at Ouyang Shenfeng's room, which was the room that tortured countless women.

The door was open. After walking in, he saw Ouyang Shenfeng being controlled by two people in a corner. There were no signs of a battle in the room. It seemed that Ouyang Shenfeng was captured without resisting.

In fact, Ouyang Shenfeng had a mental breakdown.

The remaining people in the building were almost all people Ouyang Zhigu didn't trust. They were the veterans who hoped to reconcile.

These people didn't dare to attack Ouyang Shenfeng, but they kept insulting him outside the room.

In the beginning, Ouyang Shenfeng would still scold back, but after being in this environment for a long time, Ouyang Shenfeng's heart was occupied by fear, and he kept hiding in a corner and trembling.

He was afraid of death, very afraid of death.

When the alliance army of the big family broke into the Ouyang family and entered this room, Ouyang Shenfeng was still hiding in the corner, hugging his head and muttering to himself.

Ouyang Shenfeng had gone crazy. It was not sudden. He had been confined for the past few days, but he could hear the voices in the family. The voices of handing him over were getting louder and louder, as if they were cutting his heart one knife after another.

He could also understand the situation outside through his phone. One after another, bad news came to him, like salt sprinkled on his heart.

The enclosed and quiet environment made him think more and more, and his heart became more and more afraid. In the end, he became like this.

At this moment, MO Xiu and Xiao Hong entered the room. Ouyang Shenfeng's listless gaze landed on the two of them.

Ouyang Shenfeng saw the two of them as his saviors, so he got up and ran towards MO Xiu.

The two people from the 'big' family wanted to stop him, but MO Xiu waved his hand, indicating that there was no need. Ouyang Shenfeng was no longer a threat.

Ouyang Shenfeng directly knelt in front of MO Xiu and Xiao Hong.

"You two forgive me, right? I haven't touched a woman for many days. Please forgive me!"

Xiao Hong's eyes were filled with disgust. Such a person would eventually get his retribution.

MO Xiu smiled and shook his head."

Ouyang Shenfeng didn't seem to hear MO Xiu's words and continued, "Mo Xiu, if you let the Li family kill those people outside my door, they deserve to die!"

MO Xiu walked past Ouyang Shenfeng and came to the cabinet at the side. He looked at the various cruel props on the cabinet and walked back to Xiao Hong with his head lowered.

"Do you want to do it or should I?"

"Let me do it!"

MO Xiu handed the black kylin to Xiao Hong.

“Hurry up. It’s unfair for such a person to live for another second!”

Ouyang Shenfeng seemed to have realized something and suddenly stood up and shouted angrily, “What do you want to do? I treat you guys as friends, you guys want to kill me, am I right? Alright, you all have to die today!”

Ouyang Shenfeng was about to attack Xiao Hong and MO Xiu. Just as he released his skill, the two people from the ‘big’ family pressed Ouyang Shenfeng to the ground.

“Let me go, let me go! What did I do wrong?”

Xiao Hong didn’t say a word. She held the black kylin and squatted down.

Ouyang Shenfeng trembled and said, “Xiao Hong, can you tell me where I went wrong?”

Xiao Hong pressed the back of Ouyang Shenfeng’s neck with her black kylin and said, “You’re pathetic because you don’t know where you went wrong.”

“Puff! ”

Xiao Hong stood up and used her own clothes to wipe the stains off the Black Qilin before handing it back to MO Xiu.

After MO Xiu received the black Kirin, he smiled and said, “You’re so straightforward. I thought you would torture him for a while.”

“What’s the difference between me and him if we torture him?” Xiao Hong asked after glancing at MO Xiu.”

The two of them chatted and laughed as they walked out of the room. It was over. Ouyang Shenfeng died very quickly. This was also MO Xiu’s intention.

Such a person was not worth MO Xiu and Xiao Hong wasting their time on.

The entire incident started with Xiao Hong's decision and ended with Ouyang

Shenfeng's death.

After leaving the room, he asked, "Are we going back?"

"There's someone else I want to see, the Ouyang Family's old master." MO Xiu still remembered that elder, that sensible elder.

If Ouyang Zhigu hadn't suddenly seized power, things might not have developed like this.

The Ouyang family would not disappear just like that. This matter involved many innocent people.

It was impossible for the Ouyang family to be filled with villains like Ouyang Shenfeng, and it was also impossible for them to be filled with petty people like Ouyang Zhigu.

Some people were innocent and should not be punished for Ouyang Shenfeng and Ouyang Zhigu.

And that old man was the most innocent person when he saw his family destroyed by Ouyang Zhigu..

Chapter 308: The Descent of the Martial God

The few of them walked to the top floor together and came to the old man's door.

There was no one here to watch over him, so he said fearfully, "There is indeed an old man here, but..."

MO Xiu pushed open the door and entered. The old man had his eyes closed as he sat on a chair.

When he got closer, the old man had already left.

He hadn't walked for long, and it was obvious that it hadn't been more than a day. His face still had the same expression as when he left. Helpless, unwilling and remorseful to become a winner

MO Xiu sighed and bowed."I'm sorry!"

Xiao Hong and Big Fear didn't know what MO Xiu meant, but they also bowed.

MO Xiu looked at this old man whose name he didn't know. Judging from his age, he should have participated in the great war, right?

Yes, those who survived from that era were all heroes.

He would probably hate himself for not stopping Ouyang Zhigu, right? Would he hate himself for not leading the Ouyang Clan to battle again?

MO Xiu shook his head and said to the big fear,""Please give the old man a proper burial."

The 'big' family would appear at this time. After the battle, the Ouyang family's territory and resources would definitely fall into the hands of the 'big' family. Everything here would also be decided by the 'big' family.

"I'll report what you said to the higher-ups," Big Fear replied."

MO Xiu did not leave. He sat in the room for a long time, accompanying the old man until dawn.

If the old man still had the strength to manage the family, would the Ouyang family continue to prosper?

Now that the entire Ouyang Clan was almost gone, did he have any responsibility?

Moxiu felt pity for the old man, and at the same time, he adjusted his mentality.

This was not the outcome Moxiu wanted. Losing one imperial clan was a loss for all of humanity.

Sunlight shone into the room and onto Moxiu's face. The simulated sun outside was playing its role.

Moxiu finally understood why the manager didn't stop this from happening.

The royal family was corrupted internally. The managers needed some major events to warn the royal family. The Ouyang family's failure was a warning.

MO Xiu stood up and said to Xiao Hong and Da Afraid, who had been by his side, "Let's go back!"

"Where are we going back to?" Da Sha asked in fear. "Where do you want me to go?" Moxiu asked curiously.

"Hmm... No, I... Yes!"

"Just say what you want to say!" said Moxiu.

"Actually, my family wants to see you. Is it convenient for you to come with me?"

Moxiu lowered his head and pondered. What did 'big' mean? It shouldn't hurt him.

At the same time, Moxiu still had many questions, and this 'big' clan head was the person who could answer them.

"Can I go with you?" Xiao Hong asked."

Xiao Hong's face was full of worry. The 'big' family's recent behavior was too strange.

Big Fear looked troubled. It was obvious that his superior did not tell him that he could bring others.

"Get someone to send Xiao Hong back. I'll go with you," said MO Xiu."

Xiao Hong said anxiously, "Mo Xiu!"

"It's okay, don't worry!"

After Xiao Hong left, MO Xiu followed Big Fear to the 'big' house.

Along the way, Moxiu had been thinking about how the 'big' clan possessed the rank 7 Descent of the Martial God, and all four of its skills.

This was even stronger than the Liu Clan's unlimited strengthening, and there were no side effects. Moxiu really could not think of anyone who could threaten the position of the 'big' clan.

All four skills were activated. Although some attributes could not be stacked, such as elemental damage immunity, even if it was only the basic effect, it was already terrifying enough. With a 5,000-percent increase in all attributes, the four skills stacked up to 20,000.

In other words, anyone who possessed the Descent of the Martial God could easily kill Qiu Chunxia, who was at her peak.

They were invincible in the outside world. Did such a family need to endure?

The car stopped, and Moxiu followed Fearless all the way to the top floor of the 'big' house. They stopped at the door of what looked like an office.

"Moxiu, you can go in directly. I'll go back first. Contact me when you come out."

Moxiu nodded and pushed the door open. There wasn't much space inside. There was only a desk and two chairs.

This wasn't an office, but a place for conversations. There was a person sitting in front of the office desk. He wasn't very old and looked to be in his thirties. After observing him carefully, MO Xiu recognized him. He was the person who chased Ouyang Zhigu last night.

"Moxiu, please sit. My name is Big Cat!"

"You shouldn't be the head of the 'big' family, right?" MO Xiu asked as he sat on the chair."

"Not in name, but in power," Big Cat said with a smile."

MO Xiu was a little puzzled. Was this 'big' family very chaotic internally?

Big Cat saw Moxiu's confusion and explained,""Everyone is divided into two groups. One group is the people who have been on the surface, and the other group is the branch that I lead. As for why we can't hide it, it's a family secret and can't be told."

"Understood. Do you know what my first skill is?"

The big cat seemed to be very easy to talk to. Moxiu did not intend to beat around the bush and went straight to the point.

<<< Martial God Descends >>

MO Xiu was even more puzzled. The 'big' family actually knew about it! "Your branch skill is also the Descent of the War God, right?"

"That's right, this is the real reason why our 'big' family cooperated with the Li family, and also the reason why our branch came out."

"I don't understand. For me?" said Moxiu. Why?"

"Hahaha, MO Xiu, let alone you, even I don't understand. This is the Tianji School's instruction, and I'm just following it. The 'big' school will be your strongest backing in the future, do you understand?"

"I don't understand!" said Moxiu. What's your reason?"

Big Cat spread his hands and said, "I told you, it's the Tianji School's instructions.""

MO Xiu was getting more and more curious about the Tianji School. Why did the 'big' school listen to the Tianji School so much?

"In that case, can I ask you a few questions?"

Big Cat replied," No problem. To be precise, our 'big' family's ally is you, MO

Xiu, and not the Li family. Ask away. I'll tell you everything I know.""

"How did you guys obtain the skill [Descent of the Martial God]?" Who did you get it from?"

"I don't know! Ever since I was born, my family has had this skill."

“Is my father related to all of you?” Moxiu continued to ask. Why do I also have the Descent of the War God?”

This was what Moxiu was most concerned about. It was possible to find his father.

This question seemed to stump Big Cat. Big Cat thought for a while before answering.

“I wouldn’t dare to say that. If Old Man Li Xin were to come and cause trouble, we would be in trouble. It shouldn’t have anything to do with my ‘big’ family. The Descent of the Martial God is a copied skill. My ‘big’ family wouldn’t inherit it.”

Moxiu slapped his head. That’s right, why didn’t he consider this?

At the same time, he heaved a sigh of relief. It was still acceptable to change his surname to Li and call him Li Xiu.

MO Xiu really couldn’t accept it if it was changed to a long break..

Chapter 309: The Strongest Support!)_I

“Where is Ouyang Zhigu now?” MO Xiu continued to ask.” “I can’t tell you!”

“You just said that you would tell me if you knew.”

” Then I take back what I said,” Big Cat said.” I didn’t tell you because I wanted to protect you.”

“According to what you said, the ‘big’ family has obtained the Descent of the Martial God for so many years. I don’t think your strength has reached level ten yet, right?” Moxiu asked again.”

Big Cat replied, "This is the only reason I can think of. The Tianji School wants us to cooperate with you. Regarding the research of the Descent of the Martial God, our progress is very slow. We are only level seven now. According to the information, you should have reached level five. You have only awakened for a year. We have a lot to learn."

Level 5? Moxiu was a little puzzled. His War God's Descent was clearly at the fourth rank. How did it become the fifth rank? He didn't know what made Big Cat miscalculate.

However, Moxiu did not say it out loud. He continued, "Could this be your true goal? In order to get my help in researching and upgrading skills."

"I've already made it very clear. This is the Tianji School's intention," Big Cat said helplessly.

"Do we have to listen to the Tianji School?"

The big cat seemed to have heard the funniest joke as it laughed non-stop.

"Hahaha, MO Xiu, you're such a powerful person, how come you don't even have a bit of common sense?"

"What do you mean?" Moxiu asked awkwardly.

Big Cat suddenly became serious and said seriously, "Let me tell you an open secret. The Tianji family controls the fate of mankind. Even the managers obey them."

MO Xiu was stunned. He thought that the Tianji School was very important, but he didn't expect it to be this important.

However, after thinking about it for a moment, he understood. The Tianji School was a prophet in ancient times. They could guide humans on the right path.

"Could it be that the Tianji School arranged for you to talk to me this time?"

asked MO Xiu.”

“That’s not it. We want to cooperate with you, so of course we have to inform you face to face.”

The ‘big’ family was a huge help. Perhaps it could make Moxiu invincible, but this would go against Moxiu’s original intention.

MO Xiu had entered the Imperial Family to gain experience. How could he gain experience with such a strong backing?

Seeing that Moxiu’s expression was not right, Big Cat asked, “Moxiu, is there anything you’re dissatisfied with us about? If you’re not satisfied, just say that we’re allies. We have to communicate.”

“Since we’re allies, I can’t help you with anything.”

“It doesn’t matter. Your identity is beneficial to our ‘big’ family. What we want isn’t the present but the future.”

MO Huan thought for a moment and decided to accept the goodwill of the ‘big’ family. The other party took the initiative to express goodwill and did not ask for anything in return.

To Moxiu, there were only benefits and no disadvantages. It was just that some aspects might be different from what he had imagined, so there was no need to reject it.

“Okay, I understand. Let’s have a good cooperation.”

Although Moxiu didn’t know what he had done with the ‘big’ family, he knew that they had done it.

Big Cat laughed and said, “Alright, we’ll be on the same boat from now on. If you need any help, just contact Big Scared. The two of you keep communicating and are familiar with each other. You can also contact me directly.”

Moxiu really wanted Big Cat to help him switch to another person. Big Scared couldn't even speak properly, but Big Scared was quite pitiful. Forget it.

"Alright, thank you for your help this time. Otherwise, the Li Clan might have been destroyed."

"Don't worry," Big Cat said. "Even if our 'big' family doesn't make a move, the manager will. The Li family is the strongest support. They're indispensable royalty! ""

Stronger or Lesser?

Moxiu repeated softly, but he suddenly woke up.

That's right, the Li family's skill was an absolute seal. Everyone's skill could be used as a support skill.

If a team had a member of the Li family, they would be ridiculously strong.

Li Ling 'er was silent for three seconds, and Li Xin's Territory Seal could stall a lot of people or beasts.

Li Chong was probably the most suitable support. If he silenced three people, his teammates would quickly deal with them and then silence the other three.

In Li Xin's opinion, Li Ling 'er was more useful than Li Chong because the Li family had fewer people.

From the perspective of a manager and the overall situation, Li Chong's role might be far more important than Li Ling 'er's. No matter how strong Li Ling 'er was, she could only kill one person in a short period of time. After that, she might be in trouble.

Li Chong was different. He had unlimited possibilities. If he could arrange a reasonable lineup around Li Chong, an invincible team would appear.

Big Cat said, "It seems that I've thought it through. The Li family was such an existence during the war. They were the strongest support. No matter what team it is, as long as you join a Li family, your combat strength will increase exponentially."

"I understand, but it's a pity."

"It is indeed a pity. The Li family suffered too many casualties during the war.

They haven't developed in the past few years, and their numbers are too small."

The two of them chatted for a while more. Moxiu took the opportunity to ask a lot of questions. The big cat did not show any impatience and answered everything it knew.

When the two of them were done chatting, Big Cat said, "You should be very tired. Why don't we call it a day?"

"I have another request. I wonder if you can help me?"

"You're welcome," Big Cat said with a smile. "I'll definitely help you if it's within my ability."

"I want to meet the Tianji School."

MO Xiu had always been curious about the Tianji School, but he had been hiding from them ever since he entered the Imperial Family.

Today, Big Cat told him about Tianji's status. Such a family wouldn't tell anyone even if they knew his secret.

Furthermore, the cooperation between the 'big' clan and MO Xiu was instructed by the Tianji Clan. In other words, the Tianji Clan also had a share in saving MO Xiu and the Li Clan.

Whether it was out of curiosity or gratitude, he should go and meet the Tianji School.

Big Cat was a little surprised." I might not be able to meet the Tianji School. You can try your luck!"

"Trying my luck?"

"That's right, Tianji sect is near the central region. Unless they summon us, we can only try our luck."

"How should I touch it?" asked Moxiu.

Big Cat laughed and said," Hahaha, just stand in front of the Tianji School and wait. You don't have to wait too long. Half an hour is enough. If you want to see you, the Tianji School will naturally open the door. If you don't want to see you, it's useless to wait.'

What a grand display. Just how much had Tianji contributed to the Alliance? His status was simply a transcendent existence.

From Big Cat's words, MO Xiu could tell that Tianji School had no offensive capabilities.

In the age of skills, what kind of divine power could a person who did not have any means of attack rely on to survive and obtain such a high status?

The more he thought about it, the more curious he became. MO Xiu bid farewell to Big Cat, went out to find Big Fear, and headed straight for Tianji School..

Chapter 310: Tianji School)_I

It was already past ten o'clock when she walked out of the 'big' house.

News of last night's battle had spread all over the city.

The first to know of the news were naturally the various imperial families.

To them, the most shocking thing was not the battle between the Li Clan and the Ouyang Clan, nor the Ouyang Clan using despicable methods to sneak attack the Li Clan. It was not even the Ouyang Clan's crushing defeat, but the appearance of a 'big' clan.

The Ouyang Clan's defeat had nothing to do with them, because the Ouyang Clan's resources would either fall into the Li Clan or the 'big' Clan.

However, the 'big' family had appeared. Just the hundred people who appeared that night were enough to flatten most of the imperial family.

His strength was too terrifying. It was so terrifying that it could change the structure of the royal family, or rather, it could affect the internal balance of the royal family.

This was what the various families were most concerned about. They had placed all their focus on this matter and used all their strength to investigate the 'big' family. Instead, they had neglected the main characters of this incident, as well as Moxiu.

As for the outsiders, it also caused a huge commotion. The outsiders would not think so much because many things had nothing to do with them.

What about the Li family? How is the Ouyang family? No matter how powerful the big families were, they had nothing to do with outsiders and could not be touched.

However, there was one person who had interacted with them, and that was Mo Xiu.

Moxiu didn't display any shocking performance in this battle, but it was all because of him.

Outsiders weren't as well-informed, which caused the news to spread more and more astray.

The news was split into two completely different directions.

One was that this matter had nothing to do with Moxiu. Moxiu was merely used by the 'big' family and the Li family. He was just a fuse. Without Moxiu, the other families would still have fought.

The other was the mastermind behind Moxiu City. After all, Moxiu was leading the war against firearms in the outside world, so it was normal for him to cause trouble here.

Both statements made some sense, and both sides had a heated discussion about their respective views.

In the end, the two sides parted on bad terms, but they reached a consensus.

No matter what the truth was, MO Xiu and his people couldn't mess with them.

Even the Ouyang Clan had been toppled. Who else could withstand MO Xiu's fury?

In just a few hours, Moxiu had a new nickname. It wasn't a very nice name, but it was definitely a resounding one.

MO Sha Xing!

Liu Ruxue sat down in the shop and laughed as she read MO Xiu's message. "This is great, MO Sha Xing's name is going to spread throughout the entire royal family, hahaha!"

Liu Ruxue had never underestimated MO Xiu. Others might not know the weight of the Dark Shadow Crown Prince, but she knew!

Moxiu's backing had increased from Elder Tang to the Li family and the newly established super first-rate family, the 'Big' family. He could now do whatever he wanted in the Imperial Family.

Once this matter spread, MO Xiu's reputation would once again grow. It was likely that many members of the imperial family would not dare to offend MO Xiu.

Regarding this situation, MO Xiu had already guessed it long ago. When he asked the Li family to step forward, he had already predicted it.

This time, his fame was different from the outside world. In the outside world, he had proved it with his own strength.

This time, he was only relying on his background. The difference was that there would be many experts challenging MO Xiu in the outside world, but it was different in the Imperial Family. Everyone would hide from MO Xiu because it was useless to defeat him. They had to defeat the faction behind him.

Although it wasn't MO Xiu's intention to bully others, and MO Xiu was also very disgusted, after this incident, he would definitely be labeled as such by others.

Big Fear and Moxiu arrived at a building near the ranking board. From the outside, it looked no different from other buildings.

"MO Xiu, we've arrived. This is Tianji School."

MO Xiu alighted from the car and asked, "' Aren't you getting out of the car?" "Yes... No, it's you who wants to see Tianji School. It's not good for me to be here."

"Alright then. You can go back first. I'll go to the nearby hospital to visit my friends."

Big Fear didn't say anything else and drove away.

This was the good thing about Big Afraid. He was obedient and did whatever she asked him to do. He didn't ask too much.

Moxiu turned to look at the building and was stunned.

Big Cat only said that he would stand in front of Tianji School, but where was the appropriate place to stand?

When he walked closer, he saw that the door of Tianji School was open.

This put Moxiu in a difficult position. He didn't even know if this door was open in the past.

There was no hint at all. The door was open. Was he going to enter or not?

After waiting at the door for five minutes, there was still no movement. Moxiu decided to go in.

A young man in his twenties appeared out of thin air just as he took a few steps through the door.

"Why did you barge into my Tianji School?"

Moxiu turned around and looked at the door." The door was open. I thought you let me in, so I came in.""

"You didn't receive the summons to enter Tianji School, do you know what you are doing?"

MO Xiu explained," I'm MO Xiu. I have no ill intentions. I came here to meet the Tianji School. I didn't know the rules and accidentally barged in. If I offended you, I'll leave now.""

The young man saw that MO Xiu's attitude was not bad, so he did not make a fuss.

"You are MO Xiu? Wait here for a moment. I'll go and inform them."

Moxiu nodded and stood still.

However, he was thinking a lot in his heart. This was completely different from what Big Cat had said.

Didn't they say that the Tianji Sect would know if they stood at the door? If he wanted to see her, he would naturally open the door.

Why was this completely different? The door was always open, and he had to inform someone when he entered.

This time, the Tianji School's reputation was dragged down.

Fortunately, MO Xiu didn't have to wait for too long. The man from earlier returned very quickly.

"The family head has agreed to see you. Come with me!"

MO Xiu followed behind the man. The strange thing was that he didn't take the elevator and insisted on taking the stairs with MO Xiu.

The decoration of the stairs was very special. It was ancient and the decorations were close to nature, giving people the feeling of walking in the fields. The visual deviation caused by the spiral staircase was as if there was no end to it.

The man was still walking very slowly in front of MO Xiu. MO Xiu could not help but ask.

"Hello, how may I address you?"

"Tianji Jin!"

"Let me ask you a question. I saw you take the elevator when you went upstairs.

Why are we taking the stairs now?"

Tianji Jin looked cold, but MO Xiu could sense that he was not someone who was difficult to talk to.

"This staircase is called the Meditation Ladder. Everyone who wants to meet the head of the family has to take this staircase in order to eliminate the killing intent and impatience of the person. On the way, think about what you should ask and what you shouldn't ask."

MO Xiu nodded and followed Tianji Jin. Since it was a rule, he had to abide by it.

The stairs were not as simple as they looked

MO Xiu seemed to see another version of himself talking to MO Xiu on the wall.

MO Xiu also spoke to him.

"Moxiu, what exactly do you want from your journey here?"

"MO Xiu, why have you worked so hard until now? Giving up hard work would make life better, wouldn't it?"
