

Four Skills 311

Chapter 311: The Secrets of Heaven Cannot be Pied On! 1

Moxiu struggled and argued with himself on the wall. In the end, he calmed down.

Suddenly, he disappeared from the wall. Moxiu looked left and right. He had reached the end of the stairs.

“Amazing! ”

“Do you understand now?” Tianji Jin asked. Walking up the stairs was not a test for the guests, but a gift for them.”

MO Xiu nodded and said,” After walking down this flight of stairs, I have a deeper understanding of myself. It’s very magical. Brother Tianji, do you still feel this way when you walk down this flight of stairs often?””

“It’s always different every time,” said Tianji Jin.”

MO Xiu looked at Tianji Jin in surprise. It was different every time. How great was the improvement in his temperament?

He turned around and looked at the stairs he had walked past. He suddenly had the urge to walk a few more times.

“Brother Tianji, why are these stairs so magical? Is there some kind of spiritual medicine to support it?”

“My father used a year to build this, and there are no special materials.””

The two of them chatted as they came to the door of the Tianji Clan's Patriarch. MO Xiu also learned some things from the chat. There were only two core members in Tianji School.

One was the Patriarch of Tianji Clan, and the other was Tianji Jin.

The Patriarch of the Tianji Family was someone who had gone through the great war and had a son in his old age, Tianji Jin.

MO Xiu was shocked after hearing this. A child at an old age? Even if Tianji Jin looked young, he would not be more than 30 years old. The head of the Tianji family was someone who had experienced a great war. He should be at least over 100 years old, right?

This... Only a hundred-year-old has Tianji Jin?

MO Xiu didn't dare to imagine or believe it.

Tianji Jin knocked on the door twice, indicating for MO Xiu to enter.

MO Xiu entered alone while Tianji Jin remained outside.

As soon as he entered, he saw a white-haired old man standing with his hands behind his back. He was very old, but he gave off a feeling of vigor.

When the old man turned his head, his eyes that seemed to be able to see through everything gave Moxiu a very familiar feeling.

Perhaps he had seen this kind of expression on Master Tang before.

MO Xiu cupped his hands and said, "Mo Xiu greets the Patriarch of the Tianji

Clan."

“You want to know my name, right?” the old man asked. I can’t remember my

me that too.”

MO Xiu’s thoughts had been guessed. He reacted and said, “Understood, Elder

Tianji. ”

” I know why you’re here today,” the Elder of Heavenly Secrets said. “I can tell you some things, but I can’t tell you some things. ””

” You once said that I don’t have a father,” Moxiu asked. “I want to ask, why don’t I have one?””

The Elder of Heavenly Secrets definitely knew that MO Xiu was here to ask about the battle, so MO Xiu deliberately asked a rather abrupt question. “Hahaha, I won’t answer that question.”

He didn’t bluff it out, but MO Xiu didn’t have too much hope either. He decided to be honest.

“The main purpose of my visit this time is actually to thank you. Thank you for letting the ‘big’ family help me. Otherwise, I might be very miserable.”

The Elder of Heavenly Secrets said, “You don’t need to thank me. The ‘big’ family has a relationship with you. It’s a small matter for them to help you today, but it’s a big matter for you to help them tomorrow. I never think about myself. I only think of the big picture. Otherwise, I wouldn’t have been sitting here for more than a hundred years.”

MO Xiu respected the Elder of Heavenly Secrets. He nodded and said, “I originally had a lot of questions, but after thinking about it on the Meditation Staircase, I didn’t have so many questions.”

Since you let me come up, I will answer some questions.” “What is the relationship between me and Big?”

“Your skill is similar to the ‘big’ one.”

MO Xiu wanted to ask more, but the Elder of Heavenly Secrets directly said, “Stop beating around the bush. You want to ask if I know your skill? I can tell you that I know.”

MO Xiu frowned. He didn’t know if the Elder of Heavenly Secrets really knew or if he was bluffing.

The Elder of Heavenly Secrets stroked his beard and said, “”Brat, don’t doubt me. Who doubted my words? I haven’t lied for more than a hundred years. If you don’t believe me, I can prove to you that you have awakened twice and have six skills!”

MO Xiu looked warily at the Elder of Heavenly Secrets. The Natural Awakening once, the Heaven Defying Pearl Awakening once, a total of two times, two passive skills, four active skills, a total of six skills, right!

It was unlikely that he had guessed this. After all, Moxiu had only displayed three skills.

The Descent of the Martial God, the Sacred Flame of the Sword Saint, and the Sacred Flame of the Explosive Divine Weapon. Even if the Self-Healing skill was exposed, it only had four skills.

How could the Elder of Heavenly Secrets guess the exact number of awakened skills?

Don’t panic,” the Elder of Heavenly Secrets said.” I won’t tell anyone about your secret. I know it doesn’t feel good to be a Variant. I’ve been a Variant for so many years.”

Moxiu didn’t say anything. He casually released God’s Sight to prevent the Elder of Heavenly Secrets from reading minds. After all, reading skills wasn’t something to be proud of.

MO Xiu was still observing. He wanted to see what kind of skill the Elder of Heavenly Secrets had that could make him so mysterious and omniscient. MO Xiu’s vision went black and he felt a sharp pain in his head. He held his head and squatted on the ground.

“Ah! This...

The pain gradually worsened, and MO Xiu’s head was about to split. He could not hold on any longer and could only hold on.

The pain lasted for more than ten seconds. Moxiu felt like a few hours had passed. When the headache disappeared, he realized that his entire body was drenched.

Moxiu felt as if someone had grabbed his head and controlled the pain to the limit of his endurance.

As long as this person was willing, he could easily torture MO Xiu to death.

Moxiu stood up. His body was still a little weak. The strength he had just displayed was too terrifying.

“I forgot to tell you, don’t even think about reading my skill.”

“How did this happen?” MO Xiu asked.”

“Heaven’s secrets cannot be seen!”

God’s Snooping! MO Xiu looked at the old man in front of him. Was he God?

“Sorry, I’ve offended you!”

The Elder of Heavenly Secrets said indifferently, “It’s okay. I was hoping that you could tell me what my skill is.”

“Senior, don’t you know what your skill is?”

"I know everything in the world," the Elder of Heavenly Secrets said. "Except for two people. One is myself, and the other is..."

The Elder of Heavenly Secrets didn't say who the other person was, and MO Xiu didn't ask.

In this short period of interaction, MO Xiu understood why everyone respected the Elder of Heavenly Secrets so much.

MO Xiu didn't know the Elder of Heavenly Secrets' strength, but from the looks of it, his state of mind was really too high.

MO Xiu adjusted his state of mind and stood up straight. He said, "Kid, I have one last question. Do I have a heavy responsibility? Can I let go of these responsibilities?"

After arriving in Yan City, MO Xiu felt that his life was out of his control. It was as if everything had been arranged, and one event after another pushed him forward.

As time passed, Moxiu couldn't tell if he was willing to do these things.

The Elder of Heavenly Secrets' answer was very concise.

"Yes, sir! No!"

Chapter 312: Legs

"Yes, you can't!"

The Elder of Heavenly Secrets had made it very clear that MO Xiu was indeed shouldering a heavy responsibility, and he could not give up.

MO Xiu still wanted to ask why, but the Elder of Heavenly Secrets said, "Go back to your heart"

"I have another question!" "I won't answer any of your questions. Go back."

Moxiu nodded and left the room.

Tianji Jin had been waiting outside. When he saw MO Xiu come out, he asked, "'Didn't you get the answer you wanted?"

"Could it be that Brother Tianji also knows mind -reading?" asked MO Xiu." "What mind reading? Your face is filled with unwillingness!"

"Hahaha, actually, I already know the answer I want to know. I'll leave now."

Tianji Jin didn't say if he could read minds. MO Xiu sighed at the fact that every member of the Tianji School was a pervert.

When they went downstairs, they directly took the elevator. Tianji Jin sent MO Xiu all the way to the door downstairs before bidding farewell and leaving.

After MO Xiu walked out of Tianji School's main door, he turned around to look. What did he want to know?

He seemed to have learned a lot from this trip to Tianji School, but at the same time, he seemed to have learned nothing.

Moxiu shook his head and walked towards the hospital.

MO Xiu walked around in a big circle. When he walked out of Tianji School, it was already night time. He quickened his pace and headed straight to the hospital.

The Li family members were more seriously injured. They weren't in the central hospital, and they couldn't come here with their royal status. They were all receiving treatment at the 'big' family.

All of Moxiu's companions were here. This was Moxiu's idea.

Firstly, their injuries were not serious. At most, they had some superficial injuries. They would be fine after taking the antidote. There was no need to go to the 'big' house.

Secondly, after this incident, Moxiu had already received enough attention. He had troubled the 'big' family to do a lot of things, so he did not want to receive special treatment anymore.

After MO Xiu entered the room, he saw that his comrades had almost recovered from their injuries after a day and night of recuperation.

Xiao Xinru was still the most severely injured, but there was nothing he could do about it. His body was the weakest, and it was the most difficult for him to dodge when he was in danger.

He had been discharged from the hospital before his previous injuries had fully recovered. This time, he had suffered some new injuries.

Fortunately, he had taken some herbs in the Li family before, and now the effects were showing.

MO Xiu and the others were all healthy. Xiao Hong and Yang Qingzhuo were also doing their best to take care of them.

"Your injuries have already healed, so why are you still here?" asked MO Xiu."

Yang Qingzhuo covered his mouth and laughed. Since you're here, let's go back together! "

Liu Ziyang and Yue Yuan nodded as well. MO Xiu smiled and scolded. The group did not immediately return to the Outsider Building. Instead, they went to the 'big' house first.

This time, MO Xiu did not alert Big Cat and went to find Big Afraid to check on the Li family. MO Xiu was very worried about the Li family's situation, especially his grandfather. His injuries were too serious.

He didn't check on the Li family before because he was afraid that their injuries hadn't stabilized yet, so he didn't disturb them. Now, it should be about time.

Moxiu's companions also clamored to come along to thank the Li family for their protection.

Xiao Hong, in particular, came with guilt in her heart. All of this was because of her. The Li family's injury made Xiao Hong blame herself even more. After arriving at the ward, MO Xiu pushed open the door and saw Li Ling 'er beside Li Xin's bed.

"Sister Ling 'er, you're back?" MO Xiu asked."

Li Ling 'er heaved a sigh of relief when she saw that MO Xiu and his companions were fine.

"I just came back. It's good that you're all fine. Zhuge Zhong is simply a block of wood."

Moxiu had wanted to say," He only seems to care about you." However, after thinking about it, this was his private matter, so he decided not to say it.

"Isn't it fine as long as we're all safe?"

As MO Xiu spoke, he walked closer to Li Xin. Other than Li Xin, the others were fine.

Li Yuan also came over at this time. Li Yuan's injuries were the lightest.

Li Xin's condition was not bad at the moment. She had already woken up. MO Xiu was stunned after a simple check. The wound on Li Xin's back was gone. Could the medical skills of this 'big' family be so godly?

Li Chong was still a little weak and his voice was very soft.

“It’s all thanks to Zhuge Zhong. This time, my Li Clan owes the Zhuge Clan a favor.”

MO Xiu only found out after understanding that Li Ling ‘er had a huge fight with Zhuge Zhong after she woke up.

Li Ling ‘er questioned Zhuge Zhongwen about why he didn’t save the other members of the Li family. Zhuge Zhong couldn’t explain, so he finally agreed to come with Li Ling’ er.

That was why Li Xin’s injuries recovered so quickly. Zhuge Zhong treated everyone in the Li family for an entire day.

In the end, Li Ling ‘er finally let him go when he was exhausted.

MO Xiu couldn’t help but sigh. Were these two people simply having an affair? Li Ling ‘er had so many partners.

During the battle, Zhuge Zhong was able to make Ouyang Zhigu release him, which meant that Zhuge Zhong had a certain status in the Zhuge family.

A person like Zhuge Zhong could get any kind of woman, right? How did he end up in Li Ling ‘er’s grasp?

When MO Xiu thought of this, his gaze unconsciously landed on Li Ling ‘er. What kind of charm did his cousin have?

Li Ling ‘er could feel MO Xiu looking at her. She turned to MO Xiu and said, “What’s wrong? MO Xiu, why are you looking at me like that? Did he fall in love with his sister? Don’t you already have two girlfriends?”

MO Xiu felt awkward. He knew that Li Ling ‘er was referring to Yang Qingzhuo and Xiao Hong.

“Sister Ling ‘er, you’ve misunderstood. They’re my teammates.”

Li Ling ‘er looked at MO Xiu with a strange expression and said, ““That means, you really like me?”

Moxiu shook his head helplessly and said, “I realized that I can’t communicate with you. It’s better if we don’t communicate.”“

“You’re laughing at me for not understanding human language. It’s about time to spar with you.”

MO Xiu hurriedly shook his head in rejection. Li Xin, who was watching from the side, couldn’t stop smiling.

At his age, the thing he wanted to see the most was his children and grandchildren getting along. This battle allowed him to see that there was no coward in the Li family. Now, he saw Li Ling ‘er and MO Xiu chatting so happily.

If MO Xiu knew what Li Xin was thinking, he would definitely be amazed. Could this be called happiness?

“Bang!” interrupted MO Xiu and Li Ling ‘er’s bickering.

MO Xiu looked over and saw Xiao Hong kneeling in front of Li Xin’s bed. “Child, why?” Li Xin immediately asked.”

Xiao Hong knelt on the ground and lowered her head.”Grandpa Li, I’m sorry. I’ve implicated the Li family and caused you to be injured.”

Li Xin said indifferently,” Child, this matter is related to you. But even without you, Ouyang Shenfeng’s matter will be exposed. Our Li family will also take action. This is the inevitable result. It’s you who suffered a lot. Get up!” You’re not wrong!”

MO Xiu glanced at Yang Qingzhuo, who immediately understood and helped Xiao Hong up.

Tears welled up in Xiao Hong's eyes, but she held back her tears.

Recently, Xiao Hong had probably cried back all the tears that she had not cried when she was young..

Chapter 313: Wrong Direction (1)

MO Xiu stood at the side. Not only had Xiao Hong changed, but she had also become a completely different person.

Now, she was no longer selfish. She was more concerned about other people's feelings and whether she had caused trouble for others.

She even looked a little pretentious. Perhaps the once heartless her had suddenly realized that she cherished everything around her more. He did not know if such a change was good or bad.

Xiao Hong bowed deeply to express her gratitude.

Li Xin smiled and said, "Good child, you're from the Xiao family. I've heard about you. ""

Xiao Hong looked at Li Xin in surprise. Although the Li family's status in the royal family was not particularly high, it could be considered a special existence.

How would such a person know about the daughter of a down-and-out family?

"You know me?" Xiao Hong asked.

Li Xin said, "I know Old Xiao, your grandfather. After your grandfather died, the Xiao family fell into desolation. After that, you tried your best to revive the Xiao family. I know all about this. I'm proud of Old Xiao for having a granddaughter like you.""

Hearing Li Xin talk about this, Xiao Hong's mood was a little down.

Li Xin continued, "I want to tell you, child, you're right to work hard, but you're working in the wrong direction. ""

Xiao Hong's eyes flashed with desire. She knew that the head of the Li family was going to give her some pointers. This was a good opportunity.

"Grandpa Li, please tell me and help me solve my doubts."

Li Xin nodded and said, "There's no need to hold on to the royal family. Your goal should be the outside world. There's nothing to be nostalgic about in the royal family. In fact, the removal of your Xiao family from the royal family was proposed by me and a few of Old Xiao's old friends. It has nothing to do with the war with firearms!"

What?!"

Xiao Hong found it hard to believe. She didn't understand why Li Xin would do this. This was her life goal.

"Don't be agitated. You didn't have much contact with the royal family in the past, so you should know a little about it now, right? What's so good about royalty? To put it nicely, they were the strongest fighting force of humans. To put it bluntly, they were just soldiers who were raised in captivity and had no freedom!"

"But the imperial family has more resources," said Xiao Hong."

"You're wrong. Think about it carefully. "You're bound by the reputation of the royal family, so it's difficult for you to advance further. In the outside world, you can still develop the Xiao family. You have resources but you're not bound at all. When the human race was in danger, you didn't lose out to the royal family in the end. At that time, we saw that you were going in the wrong direction and decided to remove the Xiao family and free you."

Xiao Hong seemed to understand. She lowered her head and didn't say anything, trying to digest what Li Xin said.

Li Xin continued, "Also, don't blame your father. Your father is the most disconnected generation. You'll never know what he experienced when he was young. It's been hard on him."

Li Xin said helplessly, "Some talents are hard to pass on. Just like my Li family. It was almost broken in my generation. Fortunately, I have two sons to alleviate it. This is something that can't be helped. No one is bad."

Grandpa, I've always wanted to ask you a question," Moxiu asked. "Why do you want to keep the imperial family here? Isn't it better to keep them outside?" There will be more opportunities for reproduction."

Li Xin laughed self-deprecatingly. "You are still young. You might not have heard of animal protection. If you don't protect animals that are on the verge of extinction, they might really go extinct. It will also cause chaos in the outside world. It is not advisable."

Moxiu understood now. Extinction shouldn't happen. It was very likely that it would cause chaos in the outside world.

The combat strength of the royal family was far higher than that of ordinary people. After they went out, they would definitely dominate a region. It would not be as easy to manage as it was now.

After chatting for a while, Moxiu left with everyone. Li Xin repeatedly emphasized that ordinary people might not necessarily be worse than the royal family.

If humans were to encounter a crisis again, the royal family's role might not be as good as before. At that time, ordinary people would become the main force.

When they returned to the Outsider Building, it was already very late. Everyone was ready to rest.

Xiao Hong gathered everyone together as if she had something to say.

MO Xiu didn't stop him. He had some things to tell him.

Xiao Hong looked at everyone and said, "I apologize to everyone. I hid the truth from you. I won't do it again. No matter what happens, I'll tell you. Let's solve it together.""

MO Xiu was very satisfied with Xiao Hong's words. He didn't thank her politely, which made everyone feel very comfortable. This proved that Xiao Hong treated everyone present as one of her own.

Liu Ziyang said, "Senior Sister Xiao Hong, there's nothing wrong with what you said. You don't have to take it to heart. If I have any difficulties, I'll never be polite with Boss. Hahaha.""

MO Xiu glared at Liu Ziyang. 'You really didn't hold back. You're simply shameless.'

Yue Yuan and Xiao Xinru nodded, agreeing with Liu Ziyang.

Yue Yuan was a down-to-earth and hardworking person. He had always completed MO Xiu's orders accurately and without error. However, he was not a person who was good at changing his emotions. He rarely chatted with others.

There was no need to mention Xiao Xinru. He might not even know what a friend was. He was focused on cultivating his skills, and his relative strength was also very terrifying.

Yang Qingzhuo had been unusually quiet recently. He no longer had the demeanor of a demon king. Perhaps he was under more pressure after entering the Royal Family. He smiled at Xiao Hong.

Lin Feng had only interacted with them for a short time, so he didn't know them very well, especially the cold Xiao Hong.

Therefore, he didn't say much at this time and quietly felt the warmth of this team.

Moxiu was very happy to see everyone's harmony, but he still broke the silence.

“Alright, let’s end this sensationalization. Let’s talk about what we’ve lost because Xiao Hong hid the truth!”

“MO Xiu, there’s no need to talk about this. We’re all safe now.” Yang Qingzhuo said.”

Moxiu waved his hand and said,” I’m not talking about that. Xiao Hong is in danger, so we should all bear the burden together. This is what we should do. I’m talking about what we have lost in order to obtain information.”

Liu Ziyang, follow me when we leave the Imperial Family,” MO Xiu said.” Tell everyone what benefits I’ve gotten from the Big Brothers.””

Liu Ziyang slapped his thigh. How could he have forgotten about the points that MO Xiu had extorted?

After that, he began to explain what had happened. When he mentioned how Moxiu had helped everyone obtain a million points, everyone was stunned. That was a million points!

After Liu Ziyang finished speaking, MO Xiu said, “In order to investigate Xiao

Hong, I spent two million points!”

Chapter 314: Team Fund

Liu Ziyang jumped up.

“F * ck, this information is so valuable?”

He then looked at Xiao Hong and said, “Senior Sister Xiao Hong, I don’t mean anything else. I’m just sighing.””

"Two million is indeed very expensive, but it's not a loss," MO Xiu said. "At least the news was timely and didn't harm Xiao Hong. ""

"MO Xiu, these two million points are my responsibility," Xiao Hong said. "I'll be responsible for them. I'll pay them back in the future.""

Liu Ziyang stood up and said, ""'11 help Senior Sister Xiao Hong return it. I didn't complete the mission you gave me, so I'm also responsible."

"This has nothing to do with you," Moxiu said. "It's mainly because I didn't think it through. Sit down!""

Liu Ziyang refused to sit down and wanted to help Xiao Hong pay back her points.

MO Xiu couldn't resist him and started distributing the points.

Originally, he had agreed with the 'big' family that each person would have one million points, while MO Xiu would have two million points, making a total of seven million points.

After that, he gave Moxiu eight million. After deducting the cost of Liu Ruxue's information, he was left with six million.

Before the allocation, I have something to announce," MO Xiu said. "Lin Feng's assessment period has ended. He has officially become one of us and has the right to distribute points."

Lin Feng's face was filled with shock. He had never thought that he would get a share of the points. He was at a loss when MO Xiu suddenly said this.

The others didn't object. This matter originally had nothing to do with Lin Feng, but he had done a lot of things.

Even if he did not have the ability to fight, he still followed everyone to the Ouyang family. At that time, he was the most dangerous.

Everyone was not very familiar with him, but they were very willing to accept him.

Lin Feng raised his hand and said, "Boss, I don't actually need points. My skill is very special, and it's very difficult to improve through herbs. Giving me points is also a waste. I hope that I can get out of Royal and face more people to increase my skill level. It's not that I'm being polite, but I really don't need so many points."

MO Xiu didn't reply to Lin Feng and directly started distributing the points.

Yang Qingzhuo, Xiao Xinru, and Yue Yuan each have one million points. All of Xiao Hong's points will be deducted. Liu Ziyang has 500,000 points, so he will repay 500,000 points for Xiao Hong."

In MO Xiu's opinion, he and Liu Ziyang were both responsible and should bear the responsibility. Xiao Hong offered one million points for the information, while MO Xiu and Liu Ziyang each offered 500,000 points.

Everyone was very satisfied with this distribution method. As the team leader, Moxiu was also the person who contributed the most to the team, so he should receive the most points. After all, without Moxiu, there wouldn't be these points.

Deducting Xiao Hong and Liu Ziyang's points was a punishment. If they didn't punish them for their mistakes, even the best team would have problems.

There was another more important reason. He wanted Xiao Hong and Liu Ziyang to reduce their self-blame by being punished.

This was a very good psychological comfort. Sometimes, people hoped to be punished for doing something wrong. This would make them feel better.

Yang Qingzhuo counted with his fingers and suddenly raised his head to ask, ""Moxiu, I think there's still one million points left."

Moxiu said, "Yes, I originally wanted to give this one million points to Lin Feng, but I think what Lin Feng said makes sense. Then let's use this one million points as a team fund. Out of this one million, 100,000 points will be accumulated for Lin Feng alone. The remaining 900,000 points will be kept as our fund. Whoever needs it urgently can take it. If there's a need to return it, Lin Feng will keep the points."

Since no one had any questions, Lin Feng asked, "I have a question. This is very reasonable in the short term, but as time goes on, the funds will only increase. If we don't use them, won't it be a waste? It's only meaningful to spend the points."

Moxiu replied, "Then we'll have to set another rule. Every time the points reach 6.1 million, everyone will split it. Lin Feng will have 100,000, and everyone will have one million left. After that, we'll accumulate points again. Is that okay?"

The practical meaning of this method was to help each other. This one million could be divided directly. If it was saved up like this, whoever needed it could use it temporarily. Everyone would lose a little points every month, which might relieve a lot of personal pressure.

Moreover, these points were not given out. In the end, they would still return to him.

This was equivalent to insurance. They would pay some money every month. If there was an emergency, they could take out a sum of money without losing money.

Lin Feng couldn't help but praise MO Xiu's ability. He was really amazing. Not only did he provide a foundation pool, but he also made everyone more united. The most amazing thing was that everyone was willing.

"Then I'll make the decision for everyone. I'll give Xiao Hong the 900,000 points in advance. She can pay it back in six stages."

Xiao Hong was stunned. MO Xiu had done so much for this?

Xiao Hong raised her hand to reject, but when she saw everyone giving MO Xiu a thumbs up and looking at her with affirmation, she put her hand down again.

Why should he reject the kindness of his own people?

Accept it.

That's great!

After the meeting ended, there was no way for him to transfer his points privately. MO Xiu decided to ask Liu Ruxue for help tomorrow. He was too tired today, so he decided to rest first!

MO Xiu lay on the bed and couldn't fall asleep. He was clearly tired, but he didn't feel sleepy. There were many things on his mind.

He had been through too much in the past two days. Moxiu stretched his hand to the ceiling and looked through the gaps between his fingers. He finally remembered the Imperial Family's goal.

He wanted to increase his strength so that he could have the ability to protect himself and his family before the beasts came.

The other mysteries were big, but they were not what he needed to think about now.

The team was already on the right track. Moxiu believed that the next step would be for them to advance by leaps and bounds.

Thinking of this, thinking of his mother and grandfather, thinking of his companions, he gradually fell asleep.

In the morning, Moxiu brought everyone to the cafe.

The moment she walked through the door, Liu Ruxue was stunned.

‘MO Sha Xing, why did you bring so many people to find me? Are you going to tear down my shop?’

“Boss, is she the one who took two million points from you?” Liu Ziyang asked casually. This woman was pretty, but why was she so tanned?”

The corner of Liu Ruxue’s eyes twitched. This man was quite handsome, so why did he speak without restraint?

MO Xiu didn’t answer Liu Ziyang’s question. Instead, he said to Liu Ruxue,“”I’m here to ask for your help this time.”

Help me,” Liu Ruxue said.” Sure. Use your remaining four questions in exchange.”“

Moxiu shook his head.” I said I wanted your help, but it’s actually a business deal. I can use a question to exchange for some benefits.”“ “What business?”

“Help me transfer my points. How’s this business?”

“Sure, I have this project. I’ll charge a handling fee of 0.05%.” Liu Ziyang’s expression changed and he said, “This is really dark! ““

Chapter 315: Leave Once Done

“Who are you calling black?” Liu Ruxue glared at him. How am I black?” “How would I know?” Liu Ziyang whispered.”

Liu Ruxue angrily said to MO Xiu,“Mo Xiu, are you here to do business or to look for trouble?”

MO Xiu stretched his right hand behind his back and gave Liu Ziyang a thumbs up.

However, he said," Liu Ziyang, don't talk nonsense. He has helped us a lot. Give me your phones and wait outside.""

Everyone understood and went out.

Yang Qingzhuo wasn't very happy when he came out. He said, "I think that woman looks like a vixen. MO Xiu won't be charmed by her and suffer a loss, right?"

Xiao Hong hugged Yang Qingzhuo and said, "Mo Xiu is the most cunning person in the world. He won't be at a disadvantage. ""

Yang Qingzhuo didn't resist. He just let Xiao Hong hug him. Ever since Xiao Hong was rescued, the relationship between the two women, who had been at odds with each other, began to improve.

Liu Ziyang smiled and said,""Don't worry. If you want to suffer, it's the woman who suffers."

In the cafe, MO Xiu took their phones and sat down in front of Liu Ruxue.

"Start what?" Liu Ruxue said in a bad mood. I'm afraid you'll go back on your word. You're here to find trouble, not to cooperate."

"Sigh, that's not right. I'm here to cooperate, but I do have another purpose."

" I knew it wouldn't be that simple," Liu Ruxue said." If there's anything else you want me to do, just say it.""

"I'm here to thank you!"

Liu Ruxue immediately frowned and are you thanking me? Everything between us is a transaction."

MO Xiu extended two fingers and said, "You should have intervened twice in the Ouyang Clan's matter. The first time was on the day I rescued Xiao Hong. You helped me clarify the rumors. The second time was when you released

Ouyang Shenfeng."

"I don't know what you're talking about. Why should I help you?"

Moxiu smiled and said, "I'm here to thank you. These two incidents were spread among outsiders. I didn't expect anyone else to have such ability. Although you did something bad with good intentions the second time, it was still out of good intentions. I originally wanted to owe you a favor, but since you don't want to admit it, forget it."

Don't!" Liu Ruxue immediately said. "I helped you with these two things. Don't forget that you owe me a favor.""

Moxiu leaned back in his chair and said, "That incident just now is over. I've also thanked you. Now, let's talk about this matter.""

"You!"

Liu Ruxue pointed at MO Xiu and held her breath.

"What about me?" asked Moxiu.

"You scoundrel!"

"How am I a rogue? I didn't even pursue the fact that you used me against the

Ouyang family, and you still want me to owe you a favor?"

Liu Ruxue couldn't say a word. That was indeed what she thought.

"So you were waiting for me here? I, a psychologist, can't even beat you. You're really not a good person."

"I won't beat around the bush with you. Help me transfer the points."

Liu Ruxue tapped her finger on the table. She had no intention of helping MO Xiu.

"What?" asked MO Xiu. You don't want to help?"

"What about the benefits of trading between us and me?"

"You still owe me four questions," Moxiu said. "I'm willing to give you a question in exchange. From now on, you'll help me transfer points for free. ""

"You wish!"

Liu Ruxue wanted to bargain, but she didn't expect MO Xiu to pick up his phone and leave.

"MO Xiu, what are you trying to do?" Liu Ruxue stopped him."

"Nothing much. If you don't take advantage of such a good deal, I'll go to the Li family or the 'big' family."

Liu Ruxue sat on the chair and said weakly, ""Alright, I agree."

Seeing that Liu Ruxue had agreed, MO Xiu quickly took out his phone again. "This one million and five hundred thousand points, this one million..."

MO Xiu quickly arranged the arrangements. Liu Ruxue was furious. This MO Xiu was really a fiend.

After all the points were successfully transferred, Moxiu picked up his phone and was about to leave.

” MO Xiu, how can you be so heartless?” Liu Ruxue said.” You left after finishing your business. Why didn’t you talk to me? ””

“What’s there to talk about with you?”

Liu Ruxue slammed the table and said,” Let’s go. It’s not romantic at all. I just wanted to tell you that I still owe you three questions. Ask them as soon as

possible. I don’t like owing others.””

“Isn’t this a coincidence?” MO Xiu said as he walked. I like it when people owe me, and I’ll pay them back slowly.”

MO Xiu walked out of the door. Liu Ruxue scolded MO Xiu for being shameless. After doing business for so many years, this was the first time she had seen someone with such a powerful background and such a petty person.

After MO Xiu left, he returned the cell phones to everyone. Liu Ziyang revealed a strange expression and said,””Boss, how is it? Done?”

“Won’t you know if you look at the points yourself?”

Liu Ziyang moved closer to MO Xiu, avoiding Xiao Hong and Yang Qingzhuo.”I mean, did you get that black girl?”

Moxiu glared at him and said, “I’ll keep it for you. I’ll go back and tell Du Ya that you’re fooling around outside.” ”

Liu Ziyang put his hands on his waist and said confidently, ""Du Ya's trust in me is not something you can imagine."

"Then let's see who Du Ya will believe!" said MO Xiu.'

Liu Ziyang thought about it. That's right. How could Du Ya not believe MO Xiu's words? She quickly apologized to MO Xiu.

The people behind him laughed and walked all the way to the rankings.

He didn't go back and directly went to the bottom of the ranking board.

These few days, it had been a hot topic. As the main characters, they had not challenged anyone, nor had they cultivated properly.

Now that everyone was healthy, both their physical and mental states were maintained at a very high level. It was a good time to challenge them.

Furthermore, after this incident, everyone was even more united. There was no longer a need for the team to be divided into groups. Everyone acted alone, and everyone was together.

Since Liu Ziyang, Yue Yuan, and Xiao Hong had regained their confidence, it was time to start the battle.

Everyone entered battle mode, and everyone was choosing their opponent.

An hour later, Moxiu and his companions realized that something was wrong.

MO Xiu knew that his reputation as MO Sha Xing was widespread, so it might be a little troublesome to challenge him. Thus, he directly challenged more than a hundred people. If there were people who accepted the challenge at the same time, the system would arrange the order of the battle.

However, an hour had passed, and no one had accepted the challenge.

How could a person who could enter the Imperial Family not have the courage to do so?

He went to the cafe and waited for another hour, but no one accepted. Moxiu was helpless. When he came back, he saw that everyone else was there.

“Are you guys...” Moxiu asked.

Liu Ziyang nodded mechanically and said, ““No one accepted our challenge. Now, I miss being challenged by so many people when I first entered the imperial family. It’s a little tough, but at least I can fight.”

Yue Yuan agreed by the side, “Agreed!””

Chapter 316: Resetting (1)

MO Xiu returned to the cafe. Liu Ruxue smiled the moment he entered.

“In ancient times, there was Liu Bei who visited the thatched cottage three times, but now there is the MO Xiu Cafe. You don’t have to be like this. I won’t

join you.”

” Can you control the public opinion again and make my reputation better?” Moxiu said as he sat on the chair.” It’s not just me now. My companions can’t fight anymore.””

Liu Ruxue said, "There's no other way!" Your relationship with the Li family has been confirmed. Your relationship with the 'big' family can be spread, but it won't be of much use. The Li family and the 'big' family are on good terms." "Is there really no other way?" Moxiu sighed."

Previously, Moxiu had expected that their cultivation would be affected, but he hadn't expected it to be so severe that they couldn't even proceed with the challenge.

Liu Ruxue said, "I do have a way, but I don't dare to do it. I just want to spread the word that you have a grudge against a family that's on par with the 'big' Li family. It might be useful. ""

MO Xiu carefully looked at Liu Ruxue. Was there something she didn't dare to do? If he said that now, it was obvious that he wanted to raise the price, and it would not be of much use.

After all, no one was stupid. Even if there was a clan that had a grudge against MO Xiu, what did it have to do with outsiders? A wise person would know that they couldn't afford to offend MO Xiu.

MO Xiu didn't want to be scammed by Liu Ruxue. He didn't want to spend this money and directly left.

When he saw that everyone was still waiting foolishly, MO Xiu gave the order to return.

It wasn't like they had nothing to do after they returned. Everyone had enough points to cultivate, so they all started cultivating.

MO Xiu first returned to his room to contact his mother and ask her about the Li family's situation.

The news he received was that the Li family had all gone home early in the morning, and the Li family building had also been repaired.

Moxiu put down his phone and discovered a magical place. The buildings within the royal family would repair themselves. For example, Moxiu had used Black Qilin to break Xiao Hong's door and left a fist mark on the wall.

According to Liu Ziyang and the others, it had already been repaired when they escaped that night.

There was only one manager in the entire Outsider Building, and he never went out. It was simply wishful thinking to expect him to repair it.

The glass of the Ouyang family had no problems when he went last time. Who could repair such a big piece of glass in a short time?

Moreover, the sturdiness of the building surprised Mo. Back then, he had used Black Qilin to not break the Ouyang family building.

MO Xiu's impression of Black Kirin had always been that it was indestructible. He did not expect to encounter something that he could not cut through.

Back then, he had destroyed the City Lord's Estate with a single sword strike. The City Lord's Estate had been in disrepair for a long time, but Moxiu had not used much strength back then.

For the sake of his experiment, Moxiu used Black Qilin to draw a mark on the wall of his room.

He stared at it for a long time, but the wall did not automatically restore itself.

Moxiu was a little curious about this, but there was no point in wasting time.

Moxiu went to the bathroom and prepared to cultivate as well. When he returned, he realized that the marks on the wall had disappeared.

This...

He took out the black kylin and made another cut. This time, the mark was lighter. MO Xiu wanted to see the recovery process.

He stared at it for a long time without any changes. He had not recovered for a long time just now. He would be fine after leaving for a while. Could it be...

Moxiu turned his head and immediately turned back. A miraculous scene appeared, and the traces disappeared.

This... Did he have to carry someone on his back to repair it?

He tried again and again.

Moxiu came to a shocking conclusion.

The building could indeed be restored, but there was a condition. No observers could appear.

Moxiu could use the mirror to reflect the light and hide in a place to secretly watch. Even the wall would not recover.

It would only recover if Moxiu really did not see it.

What was even more amazing was that the recovery speed was beyond Moxiu's imagination.

MO Xiu felt that there was a limit to how fast he could recover, but it didn't seem to be the case here. As long as MO Xiu didn't see it, even if it was just for a moment, he would recover. No matter how much damage he suffered, he would recover.

Moxiu had almost torn down the entire wall. In the time it took to turn around, it had been restored. There wasn't even a trace of it, not even a speck of dust. It had been restored just like that.

This could not be said to be a restoration of the Bane. This was a reset.

It was too amazing to reset when there was no observer. Moxiu couldn't understand how it was done. It seemed like it was someone's skill.

What kind of place was the mysterious royal space?

Moxiu couldn't figure it out no matter how much he thought about it. He looked at the time and realized that it was already night. He even felt that it was funny. Was he being too relaxed with himself? Because of these things, he had wasted an entire day's time.

MO Xiu didn't cultivate after that. He ate and returned to his room. An hour later, he gathered everyone for a meeting. Xiao Xinru walked into Moxiu's room unhappily.

"What's wrong?" asked MO Xiu. Is there a problem?"

Xiao Xinru sighed." The skill training room is not bad, but I always feel that it's not as satisfying as actual combat. When can we fight again?" "I was just about to say something," Moxiu replied."

" Xiao Xinru asked me when I can fight," MO Xiu said after everyone had arrived." I'll tell you. I won't be able to fight anyone for the rest of the month."

Everyone was in low spirits. If they couldn't fight, they wouldn't have the chance to fight.

I'm talking about the others," Moxiu continued." We can have internal battles. I've arranged the battle schedule for the first phase. Take a look."

Everyone's condition improved a little after watching it, but didn't this mean that they had no contact with the outside world?

Moxiu continued," From now on, we will only challenge once a month. We will use the absolute challenge rights to raise our rankings once. You have to keep improving and understand your own strength. If you fail, you will have to wait another month before you can raise your rankings. Work hard."

Not being able to challenge them had the greatest impact on everyone.

He had a million points for resources every month, which was more than most outsiders. It was enough for him to use for a month.

In combat, players could fight internally. Not only could they achieve their combat goals, but they could also understand their teammates. However, they would not be able to learn more Skills and combat techniques.

MO Xiu said that they would challenge him once a month. If they failed, they would have played for nothing this month. This gave everyone an invisible pressure.

Moxiu liked this kind of cultivation method even more. There weren't many external factors affecting him, and he could focus on increasing his strength.

Everyone understood what Moxiu meant and nodded.

"What should I do?" Yang Qingzhuo asked."

"I will arrange a two-on-two match. You will have the chance to play. Don't

worry, if you don't think it's exciting, you can still use your points to gamble."

As soon as this was said, some people supported it while others opposed it. In the end, it was left unsettled.

Everyone agreed with this plan.

"We'll start from today onwards," Moxiu said." Since no one is willing to fight us, we'll wait for a month and show them our strength. Everyone..." Are you ready to amaze the world?"

His true goal was the descendants of the royal family!

Chapter 317: Song Song Song

After the meeting, it was already very late. The immediate implementation of the cultivation plan would have to wait until tomorrow morning.

The crowd dispersed, but Yang Qingzhuo didn't leave. He quietly stayed behind.

"What's wrong?" asked MO Xiu. Is there anything you want to tell me?" "No, I just wanted to chat with you." Yang Qingzhuo shook his head."

It had been almost twenty days since he entered the royal family, and MO Xiu had barely interacted with Yang Qingzhuo.

Yang Qingzhuo was a little disappointed. In the past, no matter if she could help or not, she would always follow MO Xiu and be a qualified support.

However, after joining the Royal Family, everyone, including MO Xiu, was under great pressure. Yang Qingzhuo was no exception.

She was originally a noisy person. In the past, no matter how busy MO Xiu was, they would chat a little every day. After all, they lived together.

Things were different now. MO Xiu was very busy, and so was she.

The two of them sat together and chatted. They didn't talk about cultivation. It was just a simple and meaningless chat.

MO Xiu wasn't impatient. He just chatted with Yang Qingzhuo slowly. He wanted to make up for Yang Qingzhuo's constant companionship with him.

The two of them didn't talk for long, but Yang Qingzhuo's smile was obviously a little more. In the end, he even laughed foolishly.

For a moment, MO Xiu felt that Yang Qingzhuo had returned to his original self.

After sending Yang Qingzhuo off, MO Xiu went to the medicine store alone. Looking at his 1.5 million points, he couldn't help but feel proud.

He directly bought ten of the cheapest Heaven Grade herbs and fifty of the cheapest Earth Grade herbs to cultivate his skills.

He had spent a total of 750,000 points. This time, Moxiu was determined to level up the War God's Descent and figure out the problem.

That night, MO Xiu used a Heaven Grade herb, and the Descent of the Martial God showed no signs of leveling up.

The next morning, everyone gathered at the training field.

The training field wasn't very spacious, but it was more than enough for a few people to use as an activity room.

The training grounds in the Outsider Building were divided into paid and free.

It was free and was usually shared by many people, similar to the hall of Yan University's martial arts field.

Everyone had spent points to rent this room. The price was within an acceptable range. 100 points a day, which was 3,000 points a month. It was not a big deal to split it among everyone.

MO Xiu had arranged for them to train in the morning and cultivate on their own in the afternoon and evening.

As long as he kept fighting every day, it would be fine. With sufficient resources, the efficiency of free cultivation would be higher.

With this arrangement of time, he would summarize his shortcomings in the morning, and then use the remaining time to think and train.

The match allocation in the morning was Liu Ziyang versus Yue Yuan. In the end, Liu Ziyang won.

MO Xiu could still vividly remember the one-on-one fight between the two of them at the cosmic tuition school. Yue Yuan had used tactics to win.

At that time, Liu Ziyang was very innocent. As an assassin, he attacked like a warrior.

In this match, Yue Yuan still had many tricks up his sleeves. However, Liu Ziyang had matured. Yue Yuan was an array master, similar to a mage. Liu Ziyang was able to restrain him.

The next match was Xiao Xinru versus Xiao Hong.

The result was a draw, but it was not an evenly matched draw. Both of them were almost heavily injured.

If MO Xiu and Liu Ziyang hadn't reacted quickly enough to save the two of them, everyone would have been in the hospital by now.

Under the limitations of the dueling arena, Xiao Xinru had a huge advantage. His skills could cover the entire arena. Once the skill was released, Xiao Hong would have no chance.

Fortunately, Xiao Xinru had a buffer time when she released her skill. She didn't have time to cast it, but she needed to summon Thundercloud first before releasing Thunderbolt. This period of less than a second was the key to Xiao Hong's victory.

The moment the match began, the two of them released their skills at the same time. Xiao Hong threw out both Flame Burst and Flame Spear.

Xiao Xinru couldn't dodge Xiao Hong's skill, and Xiao Hong couldn't dodge Thunder Crash either.

Thus, when the two of them were casting their skills, MO Xiu made his move first. He charged straight towards Xiao Hong and saved her.

Liu Ziyang's reaction was also very fast. As soon as MO Xiu moved, he released an afterimage to save Xiao Xinru.

MO Xiu carried Xiao Hong out of Thunderbolt's range. As soon as she landed, she Xiu, what are you doing? What kind of battle is this?"

Xiao Xinru's reaction was similar. She was dissatisfied with MO Xiu and Liu Ziyang's interference.

MO Xiu said, "I don't want to interfere either. I just don't want the two of you to enter the hospital after being discharged. Xiao Xinru's skill is quite special. In the future, you can fight with me."

"Which one of us won this time?" Xiao Hong asked."

Xiao Xinru also looked at MO Xiu, wanting him to give her an answer.

MO Xiu looked at the two of them and said, "You two are tied. Do you still need to ask who won?"

Sigh," Xiao Hong said regretfully, "It's a tie. I didn't win any points."

MO Xiu looked at Xiao Hong, then at Xiao Xinru, and said, ""Did you two bet on points?"

Xiao Hong nodded and said, "That's right. DidDidn't you say yesterday that you could bet on points?" I bet 10,000 points with Xiao Xinru for fun, but I didn't expect it to be fruitless."

Liu Ziyang slapped his thigh and said, "Damn, why didn't I think of that?" If he had gambled with Yue Yuan just now, wouldn't he have won now?"

Yue Yuan smiled sinisterly and said, "How about this? We'll have another round later and bet more points. How about that?"

Liu Ziyang looked at Yue Yuan seriously for three seconds and replied, ""There's no need. I won't fall for your trick."

MO Xiu found it funny. Yue Yuan obviously knew that Liu Ziyang didn't dare to do so, so he said that. Why did he cower?

There were only two battles in the morning. On the first day, Moxiu didn't go on stage to see the strength of his comrades.

Yang Qingzhuo and Lin Feng didn't have the chance to play, so they just sat on the sidelines and watched the fun.

At noon, everyone went to the cafeteria for lunch. It was the first time they had eaten together after so long.

One could imagine the pressure after entering the Royal Family. Everyone had been in a state of tension and had not sat down to eat properly.

Moxiu also realized his shortcomings. He was too eager for success.

After entering the royal family, Moxiu had been thinking about the threat of wild beasts and his identity as Elder Tang.

There were pros and cons to dividing everyone into three groups. He immediately assigned tasks to everyone. While they improved in the right way, there was no place to release the pressure.

Moxiu treated everyone as himself. He didn't need to release pressure and could turn all the pressure into motivation.

Now that he thought about it, what everyone needed was not the daily routine meeting, but to sit together and eat, chat, and talk about things that had nothing to do with cultivation.

Just like yesterday's chat with Yang Qingzhuo, Yang Qingzhuo's condition was much better today.

The occasional relaxation might be more effective than assigning tasks every day and having meetings and reports every day.

When a thread was taut to the point of being tight, if he continued to pull it forcefully, it might break.

It might be better to relax..

Chapter 318: I Think You I re Just Picking Trouble (1)

During lunch, Moxiu didn't mention anything about cultivation. He wanted to change the topic.

However, both Xiao Hong and Liu Ziyang had serious expressions on their faces. Only Yang Qingzhuo looked slightly better. Perhaps it was because of their conversation last night.

Moxiu understood that he had been too strict during this period of time. He should have a chat with everyone and relax. At this stage, everyone could be considered to have stabilized in the Imperial Family.

After lunch, everyone split up.

Moxiu went to the Skill Cultivation Room to continue cultivating his skills. This time, he was still cultivating the Descent of the Martial God.

During this period of time, the more he cultivated, the stranger he felt. The first time he cultivated the Descent of the Martial God, he felt that he was absorbing Spiritual Energy.

However, he couldn't feel it the next few times. The spiritual energy had been absorbed. MO Xiu was certain of this, but where did all that spiritual energy go?

At the end of the training, a skill pattern flashed in MO Xiu's mind.

When he focused his attention on it, he was instantly shocked. It wasn't the Descent of the Martial God that he had been cultivating all this time, but... Flipping!

Ever since Moxiu had obtained the passive skill, Flipping, he had not paid much attention to it.

So so much spiritual energy had been absorbed by flipping, wait... Absorbing spiritual power proved that he could level up.

Flipping could be upgraded? What would happen after the upgrade? Moxiu was extremely curious. The pattern that flashed just now was clearly a sign that he was about to level up.

Just as Moxiu was about to level up his skills in one go, his phone rang.

MO Xiu saw that it was a message from Yang Zhuo.

"Everything is ready. We're just waiting for you."

MO Xiu smiled, smiled, and then upgraded his skills. He would upgrade them at night.

When he returned to his room, Yang Qingzhuo and Lin Feng were busy cooking.

After MO Xiu finished his lunch, he sent a message to Yang Qingzhuo, asking him and Lin Feng to prepare a table full of dishes for dinner.

Yang Qingzhuo was also very happy when he heard that Xio wanted to have dinner.

Everyone had a kitchen in their room, and there were free ingredients on the canteen floor, but almost no one had used them.

The reason was very simple. The canteen provided food for free, and the taste was quite good. The people who came here were all for cultivation. Who would waste time on cooking?

Moxiu took a quick look and saw that the progress was worrying. After a long time, he hadn't even finished washing the vegetables.

"Isn't your efficiency a little too slow? I thought I could eat it when I came back."

"Then you'll have to ask Lin Feng." Yang Qingzhuo pouted."

Lin Feng said embarrassedly, "I'm the one who's dragging you down. I didn't understand what buying groceries meant. Yang Qingzhuo told me to be in charge of buying groceries, so I bought a lot of bento boxes. I just went to buy new ones, so I'm late.""

MO Xiu smiled and patted Lin Feng. Lin Feng couldn't be blamed for this. Lin

Feng had lived in the Imperial Family since he was young. He had probably

never heard of cooking until now.

If there was a chance to find out in the clan, the clan would cook if they had the time.

However, Lin Feng had been living in the Outsider Building since he was young and had grown up eating bento from vending machines.

If no one had told Lin Feng that the food was grown in a machine, MO Xiu would not have suspected anything.

Lin Feng was learning how to wash vegetables. Without any experience, he seemed a little clumsy.

MO Xiu laughed as he watched from the side.

Yang Qingzhuo was unhappy. He handed a kitchen knife to MO Xiu and said, "Don't be idle. Help me cut the meat."

MO Xiu looked at the time. It was already past six in the afternoon. The three of them were still too slow. He contacted the others and asked everyone to come and help.

Yang Qingzhuo saw that MO Xiu didn't move and was playing with his phone. He placed his hands on his waist and said, "Moxiu, you are the host. How can you slack off?" MO Xiu didn't raise his head and sent a message: "How did I become the host?"

"Isn't this your room?"

Moxiu was sweating profusely. So this was the host's intention?

"Don't worry, help will be here soon."

Before he finished speaking, a person entered the room. It was Liu Ziyang. "Boss, you said something big happened?" Liu Ziyang panted. What is it?"

MO Xiu pointed at Yang Qingzhuo. Liu Ziyang saw Yang Qingzhuo's bitter face and immediately went forward to check.

"Sister Qingzhuo, what's wrong? Are you hurt anywhere?"

Yang Qingzhuo handed the kitchen knife to Liu Ziyang and said, "Cut the meat!"

Liu Ziyang looked terrified.

"Cut the meat? What meat?"

"Isn't it on the chopping board?" Yang Qingzhuo said impatiently. If you want to eat, hurry up!"

Liu Ziyang looked around and realized that he was going to cook.

"Boss, can you just say it directly in the future? I thought something big had happened!"

Xiao Hong, who came in next, went straight to Yang Qingzhuo without even looking at MO Xiu.

"Why are you so calm?" asked MO Xiu."

"You have no good intentions," Xiao Hong said." You actually told me that you were injured. I'll settle the score with you later. ""

Next was Yue Yuan and Xiao Xinru. After everyone was present, MO Xiu began to assign tasks.

Yang Qingzhuo and Xiao Hong were the head chefs, while Liu Ziyang and Yue Yuan were the golden partners. They were divided into small teams to cut meat and vegetables.

Lin Feng wasn't skilled enough, so he assigned Xiao Xinru to wash the vegetables.

"MO Xiu, we have work to do. What are you doing?" Xiao Hong asked."

Moxiu said seriously, "I'm supervising. Cooking is a big project. If you're not careful at every step, there will be mistakes. My task is to ensure that the entire assembly line runs normally. It's very difficult."

Xiao Hong and Yang Qingzhuo looked at MO Xiu with disdain as they tried to persuade him.

MO Xiu couldn't bear the pressure and went to wash the vegetables with Lin Feng and Xiao Xinru.

When Liu Zivang saw MO Xiu being humiliated, he laughed happily.

"Hahaha, Boss, this is called being too smart. You're screwed this time, right? Aiyo! Boss, don't kick me."

With more people helping, the progress was much faster. In an hour, the two chefs had finished cooking a table full of dishes.

MO Xiu knew that Yang Qingzhuo knew how to cook. When he was at the Cloud Top Villa, Yang Qingzhuo had studied it for a while. With his natural love for food, he quickly made some progress.

However, MO Xiu found it strange that Xiao Hong knew how to cook. Since she was young, she had carried the family on her shoulders and did everything for the benefit of the family.

When did Xiao Hong learn how to cook?

Xiao Hong saw MO Xiu looking over and straightened her body. ""Mo Xiu! What are you looking at?"

MO Xiu smiled but didn't say anything. Xiao Hong was still the same Xiao Hong that he couldn't afford to offend.

Liu Ziyang rubbed his butt and sat down. He had just been kicked quite badly by MO Xiu, so he had to find an opportunity to take revenge.

He rolled his eyes and came up with a plan.

Liu Ziyang put on an act and said, "Ahem, Xiao Xinru, I have something to say. It's not that I want to start a fight, but when you were fighting Xiao Hong this morning, both of you were in danger. Who did MO Xiu save first? You! You can take a closer look!"

MO Xiu put down the chopsticks he had just picked up.

"I think you're just stirring up trouble!"

Chapter 319: A Family for a Meal (1)

"I think you're looking for trouble!"

MO Xiu put down his chopsticks and glared at Liu Ziyang.

The power of Liu Ziyang's words was not small. The expressions of everyone who had just come to the table changed.

The most well-behaved person was actually Lin Feng. He sat obediently in his seat and looked left and right without saying a word.

Lin Feng hadn't been in contact with MO Xiu for a long time, so he didn't understand MO Xiu's comical nature and didn't dare to joke around.

Yang Qingzhuo looked at MO Xiu and Xiao Hong strangely, wondering if something really happened to them. Did Xiao Hong overtake them?

Xiao Hong lowered her head with a rare blush.

Xiao Hong's actions infuriated MO Xiu. Why are you blushing?

Based on MO Xiu's understanding of Xiao Hong, even if she was shy, she wouldn't show such a girly side.

This expression was obviously an act. Under such circumstances, the others looked at Moxiu with a strange expression.

Xiao Hong was walking further and further down the path of scamming MO Xiu.

Yue Yuan, who had always been honest, even came out to make the most crucial move.

"In the morning, Moxiu was by my side. I saw it very clearly. When Xiao Hong and Xiao Xinru used their skills, Moxiu didn't even look at Xiao Xinru and went straight to Xiao Hong's side."

MO Xiu said, "Yue Yuan, you're talking nonsense. I'm looking at Xiao Xinru."

'Since you looked at me, it means that you noticed me.' Xiao Xinru asked with a serious expression. "Then why did you save Xiao Hong in the end?"

MO Xiu explained, "At that time, Liu Ziyang was closer to you while I was closer to Xiao Hong. You're such a smart person. How could you fall for the trap?"

"I'm not smart," Xiao Xinru said. "Besides, why do I remember that we're almost there?"

As he spoke, he looked at Liu Ziyang, wanting to verify it with Liu Ziyang.

Liu Ziyang saw that his evil plan had succeeded and nodded desperately. "The distance is the same. I only moved when I saw MO Xiu go to save Xiao Hong. Let me analyze the situation."

"What do you know about analysis?" MO Xiu said. "Hurry up and eat. The food will get cold soon!"

For the first time, MO Xiu lost his prestige. No one listened to him. Everyone looked at Liu Ziyang, waiting for him to continue.

Liu Ziyang smiled as he raised a hand and waved it in the air. He pretended to say, "According to my analysis, there are two possibilities for Moxiu to do this!"

He even extended two fingers in the air and did not immediately say which two it was to pique everyone's appetite.

After Liu Ziyang slimmed down, he seemed to have changed. He used to be a joker, but he used to be very immature. Now, he was a mature joker. "Don't talk nonsense. Hurry up and eat!" MO Xiu said.

Still, no one paid any attention to MO Xiu. Yang Qingzhuo asked anxiously, "Which two? Tell me!"

The others also looked at Liu Ziyang expectantly.

Liu Ziyang said slowly.

"The first one is to choose between Xiao Hong and Xiao Xinru. Boss chose to value his lover over his friend, and Xiao Hong completely ignored Xiao Xinru's life."

Don't even think about kicking Liu Ziyang to death and not caring about Xiao Xinru's life and death. He was getting more and more serious.

What was even more infuriating was that Xiao Xinru even cooperated and sighed, looking at MO Xiu with disappointment.

Yang Qingzhuo and Yue Yuan looked at Xiao Xinru sympathetically. If Liu Ziyang hadn't done anything, Xiao Xinru would be lying in the hospital right now.

Xiao Hong's acting skills were getting better and better. She looked at Xiao Xinru apologetically.

MO Xiu really couldn't take it anymore. He stood up and was about to kick Liu Ziyang, but he was stopped by the others.

Liu Ziyang hid behind Xiao Xinru and said, "Boss, are you not up to it? Didn't you say it just now? Today was a gathering, so everyone could speak freely without any scruples."

MO Xiu returned to his seat and sighed. This was the first time he regretted holding this gathering. It was supposed to let everyone relax, but Liu Ziyang had led them astray.

As soon as he sat down, Yue Yuan asked, "What's the second situation?"

MO Xiu rolled his eyes at Yue Yuan. He usually didn't speak, but now he came out to cause trouble.

Liu Ziyang became even more unscrupulous when he saw everyone protecting him.

"In the second case, I have to say that Boss is really scheming. I wonder if you guys have noticed? When Boss saved Xiao Hong, he was carrying her. By choosing to save Xiao Hong, he avoided contact with Xiao Hong and was able to carry her in his arms. Boss, you're really amazing!"

Yang Qingzhuo looked at Xiao Hong's figure, then at his own, and finally glared at Mo Xiu.

"MO Xiu, I didn't expect you to be such a person! Pervert pervert, hmph!" The expressions on the men's faces were much richer. They looked at MO Xiu with envy.

Liu Ziyang added, "I think the second possibility is more likely. What do you think?"

It's already very clear now that things have come to this. Since MO Xiu has taken advantage of me, I'll suffer a little." Xiao Xinru said."

At this moment, Xiao Hong's face turned even redder. She looked at MO Xiu without a hint of blame in her eyes, and everyone started to cheer. MO Xiu covered his face and said no words, please don't act out the one!

"Sister Xiao Hong, what's going on?" Yang Qingzhuo pouted. I want to sleep with you tonight!"

Xiao Hong nodded and whispered, ""1'11 tell you tonight!"

MO Xiu was helpless. One was the joker Liu Ziyang, and the other was the drama queen Xiao Hong. They had a firm grasp of the situation.

MO Xiu did not explain further. With two people controlling the scene, the more he explained, the more chaotic it became.

He decided not to say anything. According to Moxiu's experience, in this kind of situation, as long as the person involved remained silent, the topic would quickly pass.

As MO Xiu had expected, after Liu Ziyang said a few words, he realized that MO Xiu did not have any reaction. He felt that it was boring and did not say anything.

After calming down, everyone finally picked up their chopsticks and started eating.

After the men tasted the dishes of the two female chefs, they were full of praise.

Yang Qingzhuo's cooking skills had improved again, and Xiao Hong's cooking skills were not bad either.

Although the bento tasted good, it was still a little inferior compared to these dishes.

More importantly, the dishes that everyone cooked together had different meanings.

Lin Feng was stunned after eating. In his world, he could not understand how he cooked. Moreover, the taste was different from the bento.

He couldn't explain what was different, but when he ate it, he felt a little touched.

As a native outsider, Lin Feng did not have a childhood or family. He had lived here since he could remember.

The gathering this time was relaxing for the others, but it was even more meaningful for him.

They had a simple meal and chatted about things that had nothing to do with cultivation or the royal family. They teased each other.

This kind of atmosphere made Lin Feng feel very touched. Unknowingly, the corners of his eyes were a little moist.

Everyone was like a family. They would scold each other and tease each other without getting angry.

It was obvious that MO Xiu had been misunderstood just now, but everyone was enjoying it, so MO Xiu wasn't really angry.

Lin Feng had yet to blend in, but he believed that he would join sooner or later.

As he was thinking, MO Xiu pointed at Lin Feng and said, "How did you know the Lin Feng that you know? Have you heard of it? Let me tell you the details of the plan."

Everyone looked at Lin Feng.

“Stop fooling around!” Lin Feng said with a reserved smile..”

Chapter 320: Upgrade (1)

After the meal, everyone was very happy. After the meal, they chatted for a long time before ending the meal.

Everyone recovered very quickly. After dinner, they immediately went from laughing and laughing to being ready for battle.

They all left with serious expressions and went back to their own cultivation.

Moxiu was very gratified. He had grown, and so had they.

She turned around to look at the table and realized that these people had left because they didn't want to wash the dishes.

When MO Xiu saw the table that hadn't been cleaned up, he really wanted to grab them back.

If only these bowls could be reset at this time, how good would it be if they didn't need to be washed?

Even though he was thinking about it, Moxiu still obediently cleaned up the table and washed the dishes. It wouldn't take long anyway.

After finishing the aftermath, Moxiu immediately rushed back to the Skill Cultivation Room. Flipping was about to level up, and this was a major matter that could not be delayed.

After entering the cultivation room, MO Xiu kept a frugal attitude and placed an Earth Grade herb.

After absorbing all the spiritual energy, he realized that the 'flip' did not level up. He put in another herb, but it still did not work.

Not only did it not level up, but the skill did not react at all.

In the end, he could only obediently put in the heaven rank herbs. This time, the 'flip' immediately had a reaction, flashing non-stop.

However, it had not leveled up, but the speed at which he absorbed spiritual power had obviously increased. In the past, he could only consume one heaven-grade herb a night, but now it was used up in less than two hours.

Moxiu's expression was a little solemn. Wasn't the rate of consumption a little too fast?

Moreover, at this critical point where he was about to level up, Earth-rank herbs were useless. Perhaps the skill required a certain concentration of spiritual energy.

Just as Motheo was about to place another Heaven Grade herb in, a golden light flashed from his skill, "Reversal."

He had leveled up.

A Level 2 symbol appeared on the 'flip' icon.

But... There was still no introduction!

Moxiu didn't know where the improvement was. This passive skill was really troublesome. He had experimented for a long time when he first awakened it. Moxiu walked out of the skill training room and went to the training field.

It was still early, and no one else had come. MO Xiu could test it out.

God's Sight could be cast without a target, so he tested it with a skill.

God's spying, the descent of the Martial God, God's spying.

Flipping and flipping!

Motheo only used the skill three times and knew where the upgrade for Flipping was.

With the addition of a skill effect, the 'flip' had undergone a qualitative change.

This effect was...Cooldown refreshed!

After using [War God's Descent], the skill would enter cooldown. The skill would flip over to [God's SSight]. When the skill was used again, the skill would revert back to [War God's Descent]. The cooldown would no longer be in effect, and the skill could be used again.

Moxiu had a guess. The basic rule of a skill was that it would only enter cooldown after its duration ended.

This way, he would not be able to use the skill again after using it.

If he used the same skill again in the skill state, would the effects stack?

Using the Descent of the Martial God as an example, if all attributes were increased by 1,500%, would it increase by another 1,500? If it worked, it would be equivalent to having an unlimited number of skills, and his strength would also increase without limit.

The results of the experiment were that it did not work. The effects could not be stacked, and the greatsword could not be summoned twice.

However, Moxiu was already very satisfied. If he could really stack them, he would not have to work hard in the future.

Once the effect of the 'flip' was activated, it was as if all of Motheo's skills were no longer on cooldown.

The effects could not be stacked, but the duration could be reset. In theory, the skill could be used continuously.

The Descent of the Martial God could be activated all the time without fear of being ambushed. The giant sword could also be used as a weapon for a long time.

There was also Holy Explosive Flames. This skill was not very powerful, but it was the most comprehensive skill. It was often effective in key battles. Now, it could be used indefinitely.

This time, the skill upgrade did not increase his combat power much in a battle under the rules.

Under normal circumstances, the battle would have ended before the Descent of the God of War and the Sword Saint's Divine Weapon went into cooldown. The only thing that had improved was the Holy Flame of Explosion.

However, they had to take a long-term view if they were in a war of firearms or when wild beasts attacked.

Moxiu would have a longer battle strength than the others. In a battle where the battle time was infinitely extended, he might be able to save his life. The skill experiment was completed. The 'flip' only increased this effect, and there were no other effects.

Now that there was no cooldown time, Moxiu felt that hiding the cooldown time and duration would only affect people with low levels.

It wasn't very obvious in the current battle. Moreover, the experts they encountered in the future might have more short cooldown skills.

Moxiu sat in the stadium and started thinking about the other uses of the Level Two Flipping.

She looked at the date. It was May, and her birthday was coming up.

When the time came, there would be a third awakening. The upgrade of the "flip" undoubtedly pointed out a direction for Moxiu to choose his skills.

Now that Motheo's skills were more diverse, he had to choose a skill that had a long cooldown and was extremely powerful. This way, he could maximize the

effect of the 'flip.'

It could also make up for Moxiu's lack of large-scale destructive power, killing two birds with one stone.

While he was still thinking, the door of the training ground opened. Xiao Hong was the first to enter.

Only then did MO Xiu realize that it was already morning.

"You're here so early?" Xiao Hong asked."

"Yeah, I have nothing to do, so I came earlier.'"

As soon as Xiao Hong sat down beside MO Xiu, the others entered almost at the same time.

He looked at MO Xiu and Xiao Hong sitting side by side, revealing a strange expression.

MO Xiu raised his eyebrows. It was getting more and more difficult to explain.

T Zivang wanted to start teasing MO Xin. hilt he remembered that they were

about to fight.

MO Xiu could have done that. Liu Ziyang didn't dare to say anything and shut his mouth.

"Today's battle list is Liu Ziyang versus Xiao Hong," MO Xiu said. "I'll fight Xiao

Xinru, and Yue Yuan and Yang Qingzhuo will team up against me and Lin

Feng."

On the first day, MO Xiu, Yang Qingzhuo, and Lin Feng didn't go on stage.

Today, everyone went on stage, and everyone was also very motivated.

This situation was something that Moxiu had come up with after careful consideration. It might continue for the next few days.

Liu Ziyang was not on the same level as Xiao Hong, but Liu Ziyang was an Assassin, and an Assassin with powerful movement skills that countered most Mages.

Xiao Hong and Liu Ziyang's battle would not be that easy. They might lose.

There was no need to mention Xiao Xinru. In this team, other than MO Xiu, no one else could go against him. Only MO Xiu could fight against him.

MO Xiu did not arrange for Yue Yuan to fight one-on-one. On one hand, there was no one else to fight with him. On the other hand, his skill was special.

He would be more useful in a team battle, so he was placed in the same group as Yang Qingzhuo to fight against MO Xiu and Lin Feng.

Lin Feng's skills were not suitable for battle. They were completely used to make up the numbers..
