

## Four Skills 321

### Chapter 321: Li Yuan's Skill

After the arrangements were made, the first match began.

Liu Ziyang and Xiao Hong were fighting. Xiao Hong's expression was solemn, while Liu Ziyang appeared very relaxed. The restraint of his skills gave him a huge psychological advantage.

As soon as the match began, Liu Ziyang used his skill to teleport to Xiao Hong's side. Xiao Hong dodged the first attack, but Liu Ziyang's skill had a second attack.

Xiao Hong had used the Fire Goddess skill, but she had no other skills to use. She had lost the match.

Liu Ziyang seemed to have found his confidence and secretly laughed. Xiao Hong, on the other hand, had an unwilling expression.

"The battle between the two of you is very interesting," said Moxiu. "I've decided that the two of you will continue to fight until Xiao Hong wins. ""

"Are you serious?" Xiao Hong asked."

MO Xiu nodded and said, "Of course. I'll give the two of you a mission. Xiao Hong, think of a way to defeat Liu Ziyang as soon as possible. Liu Ziyang, think of a way to keep winning. Let's see who's stronger between the two of you. ""

This was an improvement for both of them. As an Assassin, Liu Ziyang could better find the opponent's weakness.

However, Assassins' forte was still sneak attacks. The more they fought, the more the other party understood, and the harder it was to win. Therefore, this was also a test for Liu Ziyang.

To Xiao Hong, assassins had always been a shadow.

When he first entered Yan University, he was defeated by Liu Peixiong. He lost to Liu Peixiong again in the school competition. Now, he couldn't even defeat Liu Ziyang.

When Xiao Hong was able to overcome her own difficulties, there would be a

qualitative leap.

Next was MO Xiu and Xiao Xinru's match.

This match looked like it would be very exciting, but it was actually the match with the least suspense.

Xiao Xinru could cast her skills throughout the entire arena, but the time needed to summon the thunderclouds was enough for Moxiu to run to Xiao Xinru's side. In a melee fight, Xiao Xinru was no match for him.

Moreover, MO Xiu still had his greatsword. If he appeared out of thin air, he could instantly defeat Xiao Xinru.

Xiao Xinru had lost this match without using any skills. This made him feel a little uncomfortable. He had not used any skills in the past two days.

After the match, he had even discussed with Moxiu to cancel the competition format. As long as Moxiu could receive the Thunder Crash head-on, it would be enough. Moxiu had rejected it at that time.

What kind of joke was this? If he were to take the Thunder Crash head-on, he would at least lose a layer of skin.

The last match was a two-on-one match. MO Xiu and Lin Feng were up against Yang Qingzhuo and Yue Yuan.

Lin Feng did not have any fighting strength, so he simply stood in the corner of the arena and interfered with the conversation.

MO Xiu was fighting Yang Qingzhuo and Yue Yuan alone.

The two opponents had a very thorough understanding of teamwork. They immediately used a strange move that Moxiu had never thought of.

Yang Qingzhuo's Light and Shadow did not land on Yue Yuan, but on MO Xiu.

This way, even though Moxiu's attributes had increased by 100%, Yang Qingzhuo had obtained half of Moxiu's strength.

The advantages outweighed the disadvantages, so Yang Qingzhuo did it.

Yang Qingzhuo had also cast his Seraphic Speed on himself. Coupled with Yue Yuan's buff, he had the strength to fight MO Xiu.

With this, Yang Qingzhuo changed from a Support to a Warrior.

Yue Yuan became a support, and the combination of the two became reasonable.

Yang Qingzhuo's attributes were close to MO Xiu's, but his combat ability was not even a little bit different.

MO Xiu found a breakthrough and quickly defeated the two of them without the help of Zong Lin Feng.

In this battle, Yang Qingzhuo didn't pose much of a threat. Yue Yuan was the one who was more annoyed.

Yue Yuan's array formation's activation time became shorter, and at the same time, the range became larger. MO Xiu had to pay attention to dodging at all times, which was very troublesome.

After the battle, everyone went to the cafeteria for lunch.

This time, everyone's expressions were no longer serious. They were all relaxed. It seemed that yesterday's gathering had been very effective.

After dinner, everyone got busy and MO Xiu went out for a trip.

Since the Ouyang Clan's matter was over, MO Xiu should return to the Li Clan to take a look.

MO Xiu arrived at the entrance of the Li family's residence and pressed the fingerprint lock. He wondered if the Li family had entered his information to see if he could enter.

The door opened.

Moxiu walked upstairs in satisfaction. Along the way, he met many non-core members, so he just greeted them and went over.

He also saw some people wearing special clothes. Thinking about it carefully, they should be people sent by the 'big' family to help.

This time, he felt very warm, as if he had returned to his own home.

MO Xiu shook his head. What was he thinking? Wasn't this his home?

This time, Moxiu didn't show off. He went straight to his mother's room and knocked.

Li Yuan opened the door and saw that it was MO Xiu. She said, "Child, why didn't you tell me you were coming back so that I could prepare some dishes for you?"

“I’ve eaten. I just came back to take a look. There’s no need to trouble yourself.” Li Yuan had just had lunch and was taking a nap in the house.

As soon as Moxiu entered the room, he used God’s Snooping on his mother, wanting to see her skill.

[Duration: 10 minutes]

Cooldown time: 6 hours.”

After seeing Li Yuan's skill, MO Xiu learned a lot of things.

What MO Xiu was most concerned about was Li Yuan's innate skill.

Li Yuan's Absolute Seal was mutated, which was very different from the other Li family members. The seal was not the main effect, but a side effect.

He sealed himself and refreshed his skills, clearing the cooldown time.

The effect of this seal was useless unless he wanted to seal himself.

What was truly terrifying was the ability to reset skills, allowing him to use them indefinitely.

This effect was the same as the level 2 effect of the flip, but one was active and the other was passive.

Did this mean that Moxiu had inherited the Li family's skill? It was just that Li Yuan had mutated, and Moxiu had mutated again, turning it into a flip?

Chapter 322: Inherited?

If the 'flip' was a mutation of the absolute seal, then did the 'self-healing' come from his father?

The second passive skill could be used as a clue to search for his father.

However, there was one thing that Moxiu was very concerned about. The Royal Family's innate skills could not be leveled up. This was no secret, and many people knew about it.

Then how did the flip level up?

According to Wang Yushu, the skill's level might be sealed. Before the skill reached the maximum level, it would not be perfect.

This might explain why talent skills were relatively perfect skills, but Moxiu's passive skills were not perfect yet. He needed to level up and unlock the seal.

From Li Yuan's skills, he could find many problems. One skill was level 7, and the other skills were at most level 2.

The first skill should have been awakened before she escaped from the royal family. This also showed how talented Li Yuan was.

That was a level seven skill. Among the younger generation, MO Xiu had only seen Sha Emperor's skill.

After that, Li Yuan sealed herself and did not cultivate the remaining three skills. It was very likely that the skills that were upgraded to Level 2 were upgraded after returning to the Li family.

MO Xiu was even more grateful to his mother for everything she had done for him.

Nineteen years of hiding their identity, giving up the glory of the royal family, giving up their talent.

Moreover, judging from Li Yuan's past performance, it was obvious that she wanted to lead MO Xiu safely and steadily for the rest of her life. She didn't want MO Xiu to stand out.

MO Xiu felt that his mother was silly. Was it really worth it to do so much for an unborn child whose father was unknown?

Of course, Li Yuan's talent was not limited to these. She also had skills.

He could reset his skills, allowing them to be used indefinitely. However, such a Mage only had one pure attack skill, and this skill was also focused on control.

However, after seeing all of Li Yuan's skills, he realized how terrifying Li Yuan was.

Li Yuan was actually a support, a support-type mage, and her skills were biased towards control.

The first skill had a crowd-control effect, and the third skill had a crowd-control effect that lasted for ten seconds. Moreover, it was a level one skill, so the fourth skill should have a crowd-control effect as well.

Three skills could be used to control and unlimited skills could be used. There was no need to mention the use of Li Yuan on the battlefield.

MO Xiu knew that not only was his mother important to the Li family, but she was also very important to the imperial family.

Even if Li Yuan did not awaken any other skills at that time, the manager must have known the importance of Li Yuan. After all, there was Tianji School.

There was a suspicious point here. The royal space was to restrict the entry and exit of the royal family.

How did her mother run out on her own back then? Under the investigation of the Li family and the manager, it was impossible for Li Yuan to live for so many years without being discovered.

‘Someone must be helping my mother.’ Moxiu thought of the letter in the jewelry box, and the answer was obvious.

It was still Elder Tang!

It wasn’t that simple for Elder Tang to help his mother escape. It was very likely that Elder Tang knew who Moxiu’s father was.

“Xiao Xiu, have you visited your grandtatner(”

“Not yet. I came to see you first. When I came in just now, I saw some people wearing special clothes. They don’t seem to be from the Li family. Is there anything we need help with?”

Li Yuan shook her head gently and said, “Those are the people of the Ouyang family.”“

“Someone from the Ouyang Clan?” MO Xiu was shocked. Why is he at the Li family?”

“The Ouyang family no longer exists. The remaining Ouyang family members need a place. Our Li family has so few people.”

“Our Li Clan has a feud with them. What if we can’t control them?” MO Xiu asked worriedly.”

“When the Ouyang family ambushed us, the Ouyang family was divided into two factions.”

MO Xiu nodded. Of course, he knew this. One faction supported Ouyang Zhigu, and all of them were mobilized to launch a sneak attack on the Li family.

The other faction was against it and stayed behind to guard the Ouyang Clan. “Mom, are you saying that these people are from another faction?”

Li Yuan said,” That’s right. These people have no enmity with the Li family. It was Ouyang Zhigu who brought about his own destruction. In addition, the manager has personally spoken, so they don’t dare to do anything. If they dare to do anything detrimental to the Li family, they will be courting death.”

“What about those who support Ouyang Zhigu?” MO Xiu asked.”

In the ‘big’ family, freedom will be restricted before stability.”

“Are the buildings and resources of the Ouyang family also in the hands of the ‘big’ family?”

Li Yuan said,” Well, the ‘big’ family is counting. They said that they would distribute it in the next few days. This time, my Li family was saved because of the ‘big’ family, so I didn’t ask for anything from the ‘big’ family this time. Let them distribute it. ””

“Yes, it should be so. Grandpa did the right thing.”

“Oh right, Xiao Xiu, I see that your relationship with Xiao Hong is getting better and better. Also, that Yang Qingzhuo guy, your relationship with him shouldn’t be ordinary, right? I think the two of them are quite harmonious. Are you in the Outsider Building...”

MO Xiu was stunned. His mother rarely joked like this. What was going on today?

“Mom, they’re just my teammates.”

Li Yuan said in disbelief, "Nonsense, it doesn't matter. Why would you risk your life to barge into the Ouyang Clan at night? Don't quibble. It's not that Mom doesn't allow you to find two girlfriends. As long as you don't let them down, it's fine. Also... Control yourself."

"Um, Mom, I'm going to see Grandpa!"

Now, other than MO Xiucang, Yang Qingzhuo, and Xiao Hong, everyone else felt that there was something wrong with the three of them.

MO Xiu went straight to the top floor to look for his grandfather.

Li Xin's mental state was very good. She chatted with MO Xiu a lot, and MO Xiu also learned a lot.

What MO Xiu found the strangest was the matter between Li Ling 'er and Zhuge Zhong.

Zhuge Zhong had played a huge role in the previous battle, and Li Xin paid him a visit to express his gratitude.

After all, Zhuge Zhong represented the Zhuge family. Li Xin went with full sincerity, but the situation was a little unexpected.

Li Xin was the head of the family, so naturally, he was also the head of the Zhuge family when he met Li Xin. It was not a problem for the two of them to exchange pleasantries.

However, Zhuge Zhong did not appear at all. Before Li Xin left, she asked where Zhuge Zhong was.

The answer he received was that Zhuge Zhong was locked up.

Later, Li Xin went home and asked Li Ling 'er about the situation. She found out that the Zhuge family did not agree to Zhuge Zhong being with Li Ling' er.

Given Zhuge Zhong's status, he would never marry someone like Li Ling 'er who had so many partners. If word got out, it would bring shame to the Zhuge family.

In the past, the two of them met in secret. Whether it was Li Xin or the Zhuge family, even if they knew, they could turn a blind eye.

However, Zhuge Zhong had made a move and made it public. The Zhuge family had no choice but to interfere.

Zhuce Zhong had acted under such circumstances. It was obvious that he had fallen in love with Li Ling 'er. This was also not allowed by the manager. The Zhuge family had to take the necessary measures..

Chapter 323: For You (1)

After listening to Li Xin's explanation, MO Xiu was a little confused. What was going on between Li Ling 'er and Zhuge Zhong?

When he first met Zhuge Zhong, MO Xiu thought that he and Li Ling 'er were just playing around. However, when the Ouyang Clan ambushed them, Zhuge Zhong saved Li Ling' er. It was obvious that the relationship between the two was not simple.

Now that things had turned out this way, he wondered if Li Ling 'er was sad. Should he go and take a look later?

Thinking of Li Ling 'er's appearance, MO Xiu shook his head. Forget it.

That woman might be stronger than him, so he shouldn't look for trouble.

MO Xiu asked some of the questions in his heart. It wasn't easy to ask others, but he didn't have to worry about Li Xin.

As for the firearms, Zhou Qiuwu of the Zhou family still retained his innate skill. Why was he expelled from the royal family?

Li Xin's answer was that the Zhou family had made some fundamental mistakes, but Li Xin did not know the specifics.

Back then, the entire Zhou family was relocated to the outside world, deprived of almost all resources, and supervised by managers. They could not hold power for generations and could only live a stable life as ordinary people until they were destroyed.

The Zhou family was chased out in the early days of peace. When it developed to Zhou Qiuwu's place, it was already about to end. If Qiu Chunxia did not put the Zhou family in an important position, the Zhou family might have disappeared in the long river of history.

Moxiu directly asked about firearms. Did the imperial family keep firearms?

Li Xin took a long time to answer this question. The Li family did not have firearms, and the other royal families should not have them either.

However, when the Royal Space was first built, the management was lax. If someone wanted to hide firearms, it was not impossible.

Li Xin was touched by the mention of firearms. In terms of age, Qiu Qiming was a generation older than Li Xin.

Li Xin had witnessed Qiu Qiming's style before, so she could only sigh.

Qiu Qiming's lifetime of accumulated prestige and reputation had been squandered by his son.

The people in Shun City had personally experienced the firearms incident and understood that Qiu Chunxia couldn't represent Qiu Qiming.

different in other cities. They didn't know Qiu Qiming very well in the first place, and their views of him would definitely change after the incident.

His reputation might not exist for many years, which was what Li Xin felt was a pity.

It wasn't a waste of time to talk about relatives from a different generation. Li Xin liked MO Xiu very much, and MO Xiu was also very willing to chat with his reasonable and magnanimous grandfather. The two of them chatted for an entire afternoon.

MO Xiu asked many questions about the war, and Li Xin answered some of them and didn't answer some of them.

MO Xiu knew that there must be someone restricting him from divulging what happened during the war, which was why Li Xin did not go into too much detail.

After bidding farewell to Li Xin, MO Xiu left the Li Clan. He had gained quite a lot this time.

After getting a lot of information from Li Xin, the doubts in his heart lessened a little.

After learning about the Zhou family's situation, the Zhou family was expelled from the royal family at the beginning of peace. With their ability at that time, it was very likely that they had collected firearms at that time.

Li Xin had also expressed her opinion on Qiu Chunxia's matter. Her thoughts were similar to MO Xiu's. They should be colluding with wild beasts to cause trouble. As for why they colluded and when they colluded, the two of them were also confused.

The next morning, Moxiu received a message from Big Fear.

"Moxiu, I'm downstairs at the Outsider Building."

MO Xiu let his teammates train normally, and Xiao Hong led them downstairs to meet Big Fear.

“Why did you take the initiative to look for me?” Moxiu asked when he arrived downstairs.”

“I’m here on the orders of the patriarch to bring you along.”“

“I’ve always been curious. Is the family head you’re talking about Big Cat?” Moxiu asked after getting into the car.”

Big Afraid nodded and said,” The ‘big’ family is divided into two branches. In our branch, Big Cat is the master. Now, most of the affairs of the ‘big’ family are handled by Big Cat.”

Moxiu smiled. When Big Fear mentioned the big cat, it was quite smooth.

However, Big Cat was indeed powerful. At his age, he was able to lead a family, and it was a powerful family like the ‘Big’ family. He was really powerful.

Moxiu had thought about it before. The skills of the big family were all the same, so how did they decide on the leader?

Relying on talent? Stop fooling around. This was an era where the power of the imperial family was the most powerful, and it was a place where the competition within the imperial family was so intense.

Without the support of strength, it was impossible to convince the masses with talent. They would be overthrown in a few days.

After thinking about it carefully, it should have something to do with the descent of the War God.

The War God’s Descent increased one’s Basic Attributes by a percentage.

For two people with the same skill, the increase in their basic attributes would determine the difference. The greater the increase, the more obvious the difference.

Moxiu felt that Big Cat had relied on this kind of hard power to sit in the position of the family head. The last time they met, although Big Cat's size was not as exaggerated as Li Xin's, it still looked like it had explosive power.

Moxiu got into the car and left with Fearful. Fearful was royalty after all. If Moxiu didn't give her face when a royalty drove to the Outsider Building to pick her up, it would be too much.

He thought that Big Afraid would bring him to the 'big' house, but halfway through, Moxiu realized that something was wrong. This wasn't the direction of the 'big' house. It was more like...Ouyang Clan.

"Where are we going now?" asked Moxiu."

"The Ouyang family. ""

As expected!

"Why are you going to the Ouyang family? Where is Big Cat?"

MO Xiu thought that the Ouyang family's building should belong to the 'big' family now, so it wouldn't be a problem for Big Cat to move there.

"No!" Big Fear replied.

Moxiu couldn't be bothered to talk to Fearful Big and began answering whatever he asked. He would naturally know when he arrived.

After arriving at their destination, Moxiu realized that something was wrong. After entering the door, he realized that there were only a few guards inside.

From the looks of it, it didn't seem like the 'big' family wanted to move in. After so long, the Ouyang family building still maintained its original appearance.

Big Fear brought Moxiu to a room on the top floor and stopped.

When he arrived at the top floor, MO Xiu couldn't help but think of the old man from the Ouyang Clan.

"Big scared, did you bury that old man properly?"

"Don't worry, the old man has been taken away by the manager. He will be handled properly.'"

Moxiu laughed at himself. That's right, the old man had experienced a great war and was a hero of all mankind. How could the manager not think of this? There was no need for him to worry about it.

"Why did you bring me here this time?" Moxiu continued."

When MO Xiu opened the door and saw the scene inside, even with MO Xiu's composure, he couldn't help but feel shocked.

Herbs! The entire room was filled with herbs. Each herb was placed in a transparent box, neatly arranged in the room.

"This is..."

"The family head said that these are for you!"

Chapter 324: Resources

"Hmm? For me?"

MO Xiu asked in disbelief.

Big Fear nodded and said, "That's right. These few days, we've been sorting out the Ouyang family's resources. The distribution ratio is decided by the family head. The 'big' family will take 69%, the Li family will take 30%, and you will take 1%."

For the first time, MO Xiu felt that he was ignorant. One percent was so much?

MO Xiu was a little hesitant. This incident was started by Xiao Hong and him. The Li family and the 'big' family were basically helping him clean up his mess.

The destruction of the Ouyang Clan had nothing to do with him. This herb was only one percent, but MO Xiu still felt that he shouldn't take it.

However, on second thought, the Li family was his own family, and the 'big' family was his partner. It didn't seem to be a problem for him to take one percent.

Just as Moxiu was trying to convince himself, Big Fear said, ""Mo Xiu, are you a

little dissatisfied? The family ?head said that the resources given to von were a

little too few because he thought that you had fewer people. In the future, our family will support you. Also, other than the herbs, this building will also be given to you!"

"No, it's a lot of 100%. I was thinking...What?"

Big Fear looked at MO Xiu in panic and said, ""I said that the family will still support you in the future."

"The last sentence!"

“The building is also yours!”

This building was also for him? MO Xiu was stunned. What kind of trick was this?

MO Xiu said, “I want the herbs. I’ll leave them here for now. As for the building, please tell the big cat’s head that I can’t take it!”

Moxiu didn’t want the ownership of the building. He could understand Big Cat’s good intentions. He felt that it was much better for Moxiu to lead the team to the Ouyang Clan Building than the Outsider Building.

There were two main reasons for Moxiu’s refusal. The first was his status. Since he was staying in the Imperial Family’s building, it proved that Moxiu and his group could be considered to be part of the new Imperial Family.

The royal family had more rules than outsiders. It was inevitable that the managers would come looking for him and set some rules. This was something that Moxiu could not accept.

There was also the team members. They had just gotten on the right track and entered the accelerated state of cultivation.

Moving in now might affect everyone’s mentality.

It wasn’t that Moxiu didn’t trust his teammates, but the difference between the two was too great. Now, everyone was chasing after the Royal Family.

Living here was no different from being in the royal family. It was inevitable that they would slack off. This was human nature. Just like how few people would want to continue working hard after becoming rich overnight?

Everyone, including Xiao Hong, had such thoughts. Even MO Xiu himself felt that it was difficult to maintain his current mentality. How could he ask others to do the same? Thus, MO Xiu rejected.

Moxiu didn't intend to tell everyone the truth about the herbs. He would take out some herbs as a reward, or only take them out when everyone had used up most of their points at the end of the month.

These herbs were in reserve, so it was better to use them first.

Moxiu walked around the room, took a few herbs, and left. One of them was a Spirit Ring.

The Spirit Ring was a medicinal ingredient that could directly upgrade a Level 1 skill to Level 2. Although its grade was not very high, it was relatively rare.

One of the most important reasons was that it did not have any side effects, and it did not require much understanding of the skill to advance from level 1 to level 2.

In the eyes of experts, it was simply a divine weapon that saved time.

There were all sorts of drawbacks to upgrading the second and third level of medicinal herbs. Moreover, they did not have the effect of directly upgrading them like the Spirit Ring.

Most of them increased the probability of leveling up, or there was an extremely low probability of leveling up directly.

On the way back, Moxiu looked at Big Fear beside him and felt that he might have underestimated him.

He was timid and couldn't speak clearly, but he was very calm at critical moments. For example, when the Ouyang family suddenly appeared during the night attack on the Li family, or when he saw a room full of herbs.

When they returned to the Outsider Building, it was already noon. The others had eaten, but Moxiu himself went straight to the skill training room to cultivate after eating.

Previously, he had absorbed all the spiritual energy from the Martial God's Descent. He should have succeeded this time, right?

After Moxiu placed a Heaven Grade herb into the cauldron and began to absorb it, he looked at the skill diagram in his mind and was a little lost in thought.

In the following period of time, Moxiu and his companions continued to live and cultivate according to the routine.

Xiao Hong finally defeated Liu Ziyang on the eighth day.

The two of them could finally switch opponents. Just as Moxiu was thinking of a new battle plan, the two of them actually agreed to continue fighting.

After that, the two of them had a winner and a loser in their battle. Xiao Xinru's skill had leveled up again. After leveling up, she asked Moxiu to test its power. Moxiu would not test it himself. It was already so strong before it leveled up.

MO Xiu asked Xiao Xinru to try playing it with air, but Xiao Xinru didn't agree no matter what. She said that it was meaningless to play it with air.

In fact, Moxiu knew that everyone had awakened their second skill, but they were hiding it and not using it. They would be able to show off their skills on June 1st.

After getting used to this training method, everyone felt that this might be better than fighting all the time.

With no one to disturb him, he could cultivate in peace. If he had any insights, he could verify them during the battle every morning.

Battles could also maintain everyone's enthusiasm.

For example, Liu Ziyang and Xiao Hong were competing with each other and would not relax at all.

Yue Yuan and Yang Qingzhuo's goal was to defeat MO Xiu, and they had been working hard for this goal.

As for Xiao Xinru, she was a cultivation maniac. She didn't need MO Xiu's reminder.

One million points was just enough for a month of cultivation. When the last few days were not enough, Moxiu took some herbs from the small treasury that the 'big' family had given him.

For more than half a month, the few of them almost never left the Outsider Building. Other than cultivating, they were still cultivating.

Of course, they would also occasionally gather together for a meal. Everyone would complain about MO Xiu.

This seemed to have become a tradition. Every time they gathered, everyone would complain about MO Xiu, including Yang Qingzhuo and Xiao Hong.

Moreover, everyone became more and more ruthless. In the end, even Lin Feng joined in.

It was as if she was releasing all the words and pressure that she didn't dare to say and taking pleasure in ridiculing MO Xiu.

Moxiu was no longer surprised. At first, he wanted to turn the tables and change the topic to someone else, but he realized that it was useless. Everyone was staring at him.

After that, Moxiu simply let himself go and complained about whatever he wanted.

In the end, everyone else was very happy during the gathering, and only Moxiu was frowning.

They were all in Moxiu's room. Moxiu was responsible for cleaning the table and washing the dishes.

Every time Moxiu washed the dishes, he would decide not to hold a dinner party, but the next day, it would still be held as scheduled.

Moxiu could only helplessly say, "It's too difficult for me!"

Time flew by. This period of cultivation was undoubtedly a happy one.

However, cultivation still had to be tested.

June 1st!

Including MO Xiu, it was time for the exam.

The results of this month's cultivation were about to be revealed..

Chapter 325: Ranking (1)

June 1st.

Below the central region rankings.

Number one was supposed to be a lively day for the first round of the competition. Outsiders and royalty would choose this day to challenge the first round of the competition.

However, the current scene was that there were indeed many people gathered here. However, they did not seem to be here to challenge or accept challenges. It was more like they were here to watch the show.

The reason was because they were surrounded by a few people standing right below the rankings.

It was MO Xiu and his group.

At the beginning of last month, they had caused a huge commotion. First, MO Xiu had challenged the heroes below the rankings, causing many people to not dare to accept the challenge.

Then, there was the great battle of the Ouyang Clan. At the beginning, not many people cared about the matters of the Ouyang Clan.

Everyone knew who was right and who was wrong. Ouyang Shenfeng snatched Xiao Hong, and MO Xiu went to save her.

The result was easy to predict. If MO Xiu didn't have anyone behind him, he would be in a very miserable state. The Ouyang Clan wouldn't let MO Xiu off so easily.

If there was someone behind MO Xiu, they would at most be able to save MO Xiu and his group. After that, everything would be fine.

At that time, the Li Clan had appeared behind Moxiu, just as most people had expected.

However, the tables had turned. The Li family suddenly declared war. At this time, the outsiders had different opinions. Some people thought that the Li family was scaring the Ouyang family and wanted an explanation. Others thought that the Li family wanted to fight to the death.

In the midst of the endless debate, not long after, the news of the Ouyang family's destruction spread.

Everyone was shocked. Regardless of whether MO Xiu was the mastermind or not, who would dare to provoke this fiend? A prosperous imperial clan was gone, so who would dare to provoke MO Xiu?

The Ouyang family was indeed prosperous, but when Ouyang Zhigu took over, the Ouyang family went into decline.

Now that so many people had gathered here, they wanted to see what Moxiu was up to.

MO Xiu and the others had not appeared after the Ouyang Clan incident. After lying low for so long, everyone thought that they were no longer in the royal family.

However, when Moxiu appeared here early in the morning, his memories were instantly awakened.

Everyone, whether they were outsiders or the younger generation of the royal family, wanted to see what this fiend wanted to do with the rankings.

Below the rankings, Liu Ziyang looked at the people around him and said to MO

Xiu, "Boss, are we celebrities now? Why are so many people looking at us?"

Don't worry about it," Moxiu replied. "Today is the day we test the results of our cultivation."

Lin Feng explained, "We haven't appeared for a long time. The last time we appeared was before the Ouyang Clan's matter was over. This is our first time coming out. We'll definitely attract the attention of many parties. ""

Xiao Hong smiled and said, "Everyone is saying that MO Xiu is a jinx. He's an unmistakable second generation emperor with a deep background. Everyone is avoiding MO Xiu. Of course, we're also implicated. ""

"That's great. We can train quietly now." Yang Qingzhuo said excitedly."

MO Xiu looked at the two rankings. Other than Xiao Hong who was only on the strength rankings, the others were all on the two lists.

"There's a difficulty," MO Xiu said. "There's only one absolute challenge right. Do I challenge the Strength List or the Potential List? ""

“You can challenge both of them!” Lin Feng said. The absolute challenge right can be used on both rankings at the same time. Don’t you know?”

Everyone looked at Lin Feng in shock. Didn’t they waste an opportunity last month?

“You don’t know?” Lin Feng asked. This is the basic rule.”

Yue Yuan looked at the book of rules and said, “This isn’t written either!” “I didn’t expect you guys to not even know this.” Lin Feng said helplessly.” Liu Ziyang said unhappily, “Old Lin, you should have said so earlier.””

“That’s right, Elder Lin!”

Lin Feng was the oldest. After everyone became familiar with each other, they called him Old Lin.

“Alright, since we can challenge both the rankings, let’s begin. We’ve been looking at the rankings for so long. We should be done, right?” Don’t let the audience wait for too long.”

MO Xiu said as he pointed at the crowd behind him.

Everyone laughed at me, but I was afraid that the audience would wait for me.

“Who’s the first to go?”

Everyone looked at each other, but no one stood up.

MO Xiu found this group of people funny. When they left the house, each of them had an imposing appearance. It was needless to say how excited they were.

He had been looking at the leaderboard for at least an hour since he arrived here, right? Nobody said anything about challenging the status of the black hole.

Now, they were all retreating. No one dared to go up.

Moxiu could understand. After all, he hadn't challenged anyone for a month. Even if he had cultivated bitterly for a month, when it came time to fight, he still felt a little uncertain.

"Since no one wants to be the first, then I'll..."

Liu Ziyang raised his eyebrows and said, "Yes, Boss, you should give us an example!

The others also looked at MO Xiu expectantly.

Moxiu continued, "Then I'll appoint one person! ""

When he said this, everyone was a little frightened. They avoided looking at MO Xiu, afraid that MO Xiu would ask them to go up. It was very similar to when they were young, afraid of being called out by their teacher.

Moxiu raised his hand and deliberately pointed at them, scaring them so that they would complain about him during the meal.

Perhaps because she couldn't bear the humiliation, Xiao Hong said, "Alright, don't do this. I'll go first. What's there to be afraid of?"

At the same time, MO Xiu's fingers stopped and he said, ""Yue Yuan, go first!"

Yue Yuan was stunned for a moment and said, "Sister Xiao Hong wants to go first. Let her go. ""

"No, you go first. Xiao Hong is second!" MO Xiu said."

MO Xiu had long wanted to mess with Yue Yuan. Usually, he didn't talk much, but when it came to gatherings, he would complain that no one was as good as him. He was the kind of person who was listless.

Yue Yuan had an unwilling look on his face, but this was MO Xiu's order, so he couldn't reject it. He looked at the rankings for a long time before finally making his decision.

Zhu Maren, ranked 312th on the Power Rankings.

Yue Yuan's words shocked the audience. According to the information, Yue Yuan's previous highest ranking was 1142.

He had not fought for a month, yet he had come out to challenge the 312th place. How bold was this?

MO Xiu also felt that it was strange. Yue Yuan had always wanted stability. He had originally estimated that he would challenge around 500 people. He did not expect that he would actually challenge someone ranked so high this time.

Upon closer inspection, the challenger was Ma Ren. He was the person who was bribed by Ouyang Shen Feng at the end of April and defeated Yue Yuan.

MO Xiu understood. Yue Yuan was trying to get up from wherever he fell, but it was a little risky.

Zhu Ma Ren quickly accepted the challenge. It wasn't wise to avoid the battle at this time.

Everyone knew that MO Xiu and his group could not be offended. However, they could not sit still and wait for death even if they were challenged. They had to protect their rankings.

In order not to offend Moxiu, it was best to accept the challenge as soon as possible and not waste everyone's time. This way, they might be able to curry favor with Moxiu. When the time came, they would have some excuse to hold back in the battle.

Yue Yuan headed to the arena. MO Xiu and the others did not continue to challenge him. Instead, they took out their phones and prepared to watch.

They could only challenge him once a month. There was no rush. It was good to see the performance of his teammates..

#### Chapter 326: Terrifying Yue Yuan

Yue Yuan and Zhu Ma Ren entered the arena and prepared to fight.

On the other side, Moxiu also opened the video to watch. God's Sight could not read skills remotely through the screen. Moxiu had already tested this out.

Since he couldn't see Zhu Maren's skill, he could only look at it like this.

Although they didn't know Zhu Ma Ren's skills, they knew that he was an assassin. He was ranked 312th on the strength rankings and was one of the best among the outsiders. A lot of information spread.

And Assassins happened to counter Mages, so Yue Yuan was at a disadvantage in theory.

However, MO Xiu was very confident. MO Xiu had seen Yue Yuan's skills before. Under the situation where he was unprepared, it would be very troublesome for MO Xiu to deal with Yue Yuan's second skill.

Yue Yuan was not weak at all. His talent was top-notch.

Yue Long was already very powerful. Yue Yuan's Five Elements Array was much stronger than Yue Long's skill.

Before the match began, Zhu Maren politely said, ""Brother Yue Yuan, there might have been some misunderstandings between us before, and I have already apologized. Here, I will apologize to you again, but in this competition, I will use my full strength."

Yue Yuan replied, "That's for the best. Don't worry, if you make a move, the grudges between us will be written off. No matter what the outcome of today's competition is, I promise I won't find trouble with you!"

Zhu Ma Ren heaved a sigh of relief and said, "Brother Yue Yuan is magnanimous. I'm relieved to hear that.""

The two of them walked onto the stage and didn't say anything else. Since they had already made things clear, they could just fight normally.

Ten seconds later, the match began.

The two of them used their skills at the same time. Zhu Ma Ren's speed increased, and he sped up towards Yue Yuan.

Yue Yuan used a strange array formation. White light appeared under his feet, and a black shadow appeared under Zhu Ma Ren's feet.

Liu Ziyang, who was watching the video, shouted "F \* ck, this should be the new skill that Yue Yuan is hiding. Let's see how the effect is!"

The others were all focused on watching the match. In a battle between an assassin and a mage, victory and defeat were often decided in an instant.

When Zhu Ma Ren started running, he also noticed the black shadow beneath his feet. He paused for a moment, but after realizing that the black shadow did not affect him at all, he did not pay too much attention to it. After all, his main task was to defeat Yue Yuan.

Xiao Hong looked at the scene on the stage and said with some puzzlement, ""What happened? Yue Yuan should have used the time when Zhu Ma Ren was closing the distance to buff himself. Why didn't he do anything?"

"Just watch," said Moxiu with a smile."

Zhu Ma Ren quickly moved behind Yue Yuan. He was curious that Yue Yuan didn't use any other formations.

In order to prevent himself from being trapped by the array that Yue Yuan had set up in advance, he paused for a second before continuing to attack.

Zhu Ma Ren had experienced Yue Yuan's calculation ability before. In the previous battle, Yue Yuan had even schemed against him when he was at an absolute disadvantage, making him feel uncomfortable even when he won.

Thus, even when Zhu Ma Ren attacked, he didn't use all of his skills, leaving a backup plan.

A punch landed on Yue Yuan's back, and the array formation under their feet instantly enlarged and fused into one. Black and white mixed together and spun non-stop.

Then, a shocking scene happened. Yue Yuan, who was hit, still did not move, but Zhu Ma Ren kept retreating, pulling away from Yue Yuan.

The two of them stood still, and when Zhu Ma Ren's blood flowed down his fingertips, the audience gasped.

It was the same for Moxiu and the others. This...It was a little terrifying.

Yue Yuan's skill was a special ability, but his fighting style was very similar to that of a support and a mage. His nemesis was an assassin.

Zhu Ma Ren was a top-notch assassin in the outside world. He attacked Yue Yuan, but he was injured.

No matter what methods or skills Yue Yuan used, it could prevent him from being ambushed and even make the assassin suffer. It was simply a divine weapon for mages and support.

The audience only cried out in surprise. Only Zhu Ma Ren knew what was going on.

It wasn't that Yue Yuan could reflect the damage, it was more like that punch had hit Zhu Ma Ren himself.

Zhu Ma Ren looked at Yue Yuan warily and said, ""What move is this?"

"Of course it's to deal with your array!" Yue Yuan said."

Zhu Ma Ren did not launch another attack because the shadow under his feet had not disappeared yet. He was not sure if Yue Yuan could use his previous skill again.

The two of them did not move for two minutes.

"Why?" Yue Yuan asked. Are we not attacking? Do you want to wait for the duration of my array to end? Since you won't do it, I'll do it!"

Yue Yuan stretched out his right hand and aimed at Zhu Ma Ren. Zhu Ma Ren was shocked, not knowing what trick Yue Yuan had up his sleeves. He took a few steps back and increased the distance between them once again.

"The match is over!"

Yue Yuan said this out of nowhere. Zhu Ma Ren asked in confusion, ""What?"

As soon as he finished speaking, Zhu Ma Ren disappeared. More accurately, Yue Yuan also disappeared.

The two of them appeared at each other's position in the next moment. Zhu Ma Ren stood at Yue Yuan's original position.

Zhu Ma Ren reacted and wanted to run!

However, it was too late. Yue Yuan had already released his skill in advance. The wooden formation was activated, and Zhu Ma Ren was frozen.

The next scene was a little cruel, and all the audience members were still in shock.

A burst of flames shot into the sky!

MO Xiu and the others all knew that this was a fire array, and not just one!

It looked like an array, but MO Xiu knew that this was at least a dozen fire arrays stacked together to have such power.

"Boom!"

The flames rose and disappeared in the next second. When Zhu Ma Ren appeared, his entire body was charred black. He could no longer be seen. He was kneeling on the ground and had lost consciousness.

The audience was shocked speechless. This was a crushing battle. A mage crushing an assassin?

The competition ended, and Yue Yuan won.

Liu Ziyang held his chin and said," Boss, you can arrange for me to fight Yue

Yuan next time. Yue Yuan is quite interesting. What skill is this?"

MO Xiu 'er smiled and didn't say anything. She already knew about Yue Yuan's skills. For a person like Yue Yuan who was skilled in setting up a trap, this match itself was a trap.

"Skill 1: Five Elements Array 5(to be used)

Chapter 327: Xiao Hong Has Matured (1)

Yue Yuan’s skills were extremely terrifying. Be it in battle or strategy, they were extremely important.

In the last month of the special training, Yue Yuan knew his weakness, which was that he was afraid of assassins.

That was why Yue Yuan chose such a skill. It did not increase attack power, but increased survivability and mobility. At the same time, it also had a strong tactical significance.

The Yin Yang Formation could not only be used on a person’s own body, but it could also be used by others. Just imagine, if MO Xiu fought against an enemy, and Yue Yuan used the Yin Yang Formation on both sides, how much of an advantage would it bring?

Yue Yuan was very abnormal in this match. He did not have any hidden skills and used them openly. In fact, it was also a kind of trap.

Everything that was displayed on the stage conveyed a message: Yue Yuan countered assassins.

Was he really restraining himself? No!

Yue Yuan's array formation would also harm him. When the array formation's range was large, he had to consider himself and think about whether he would be injured.

As long as the assassin moved around Yue Yuan and did not use all of his skills, he could easily break Yue Yuan's Yin Yang Formation.

Therefore, assassins were still their natural enemies. It was just that they had some ways to deal with it. Yue Yuan used this method to tell everyone that assassins couldn't hurt him, so they shouldn't provoke him.

MO Xiu laughed. He thought of some things. Yue Yuan's ability to plan was so strong. If there was a battle in the future, could he let Yue Yuan formulate the battle strategy and command it on the spot?

The competition ended, and Yue Yuan returned to the rankings.

Liu Ziyang said, "Yue Yuan, you're not bad. You've made a good start."

Yue Yuan smiled and said to MO Xiu, "Mo Xiu, I didn't embarrass you."

MO Xiu smiled in relief. It seemed like Yue Yuan was still under quite a lot of pressure. The more ruthless he was when he ridiculed, the more effort he would put in when fighting.

MO Xiu patted Yue Yuan and said, "Well done!" Next, take the initiative."

He was talking to Xiao Hong, who had said that she wanted to challenge him.

Xiao Hong snorted coldly. "Hmph, it's my turn. Watch carefully!" Xiao Hong chose Wu Yang, who was ranked 151st.

Wu Yang was a true top expert among the outsiders. It could be said that everyone knew about him.

He was more powerful than some of the royal families, and many royal families wanted him to enter.

However, at Wu Yang's level, there was no longer any restriction on his movements. The other members of the Royal Family could choose, but Wu Yang's strength was equally important to the outside world. He could choose to stay or not.

Before Moxiu entered the Imperial Family, he was the center of attention for outsiders. Every move he made was watched closely.

Wu Yang was a powerful warrior. He had been in the royal family for seven years and had proven himself in countless battles.

MO Xiu knew Xiao Hong's purpose for challenging Wu Yang. Xiao Hong had four complete skills. In MO Xiu's team, her overall strength was second only to Mo Xiu.

Xiao Hong had been suppressed for too long. No one had worked harder than her in this month of cultivation. She had worked hard to improve her strength. She had borrowed a lot of herbs from MO Xiu and used extremely high-intensity training to absorb spiritual power.

In the last few days, he won five consecutive matches against Liu Ziyang.

Xiao Hong wanted to prove herself. Just as Li Xin had said, if she went in the wrong direction, the royal family would still be able to make her family rise.

Xiao Hong wanted to get rid of her status as an abandoned child of the royal family and even get rid of MO Xiu's reputation so that her name would be valued by others.

MO Xiu was also very confident that Xiao Hong could do it.

When both parties entered the arena, Wu Yang said, "I didn't expect you to challenge me."

Xiao Hong said, "I'm sorry. I'm a Mage and I'm restraining you. This match isn't fair, but it's a match. Other Mages will also challenge you."

Wu Yang said nonchalantly, "It doesn't matter. I'm almost old and will soon leave the royal family. Reputation isn't important to me, but it's very important to you. Speaking of which, there's no fairness in this world. The competition itself is unfair, don't you think so?"

Xiao Hong didn't think too much and said, "Don't go easy on me!"

"No problem!"

MO Xiu was touched by Wu Yang's words. Indeed, it was unfair to measure everyone's value through competition.

The match began!

Wu Yang immediately closed the distance between him and Xiao Hong. This was a crucial step for a Warrior to fight against a Mage.

Warriors were mostly melee fighters, and Mages had ranged skills. If they did not close the distance, they would only be beaten up.

Wu Yang closed the distance while Xiao Hong controlled the distance. With her flying skills, her speed was no slower than Wu Yang's.

A Mage's speed was no slower than a Warrior's. How was Wu Yang supposed to play with this?

Wu Yang smiled. Wings sprouted from his back and he flew up to fight Xiao Hong in the air.

This time, Xiao Hong didn't pull away. Instead, she chose close combat.

Even Moxiu was dumbfounded. Xiao Hong hadn't awakened any new skills, and Moxiu hadn't read Xiao Hong's skills. He didn't understand why he had done this.

Xiao Hong and Wu Yang had only exchanged a few moves before everyone realized that something was wrong.

Xiao Hong was not at a disadvantage!

Xiao Hong was using all her skills and holding the Flame Spear. She was not at a disadvantage at all. On the other hand, Wu Yang was dodging everywhere, afraid of being hit.

Not long after, Wu Yang shook his head and landed on the ground, admitting defeat.

Compared to the shock brought by the previous match, this match was simply inexplicable.

Wu Yang had admitted defeat before he had even used his full strength. Was there a trap? However, with Wu Yang's status, there was no need for him to deliberately admit defeat.

Xiao Hong walked out of the arena and returned to the crowd.

MO Xiu also wanted to know why Xiao Hong made Wu Yang admit defeat.

When he activated God's Sight and saw Xiao Hong's skill, MO Xiu understood everything.

Xiao Hong had matured!

"Skill 1: Flame Blast 6(to be used)

[Skill effect: Summon up to three Flame Balls from the ground within a

100-meter radius of the user (within two minutes) and explode (1500)]

[Cooldown Time: 5 minutes.]

[Second Skill: Flame Spear 6(to be used)]

[Skill Effect: Summons a flame spear. When held, increases 3,000% attack and defense (elemental and physical), 1,000% speed, and causes explosive damage

(1500) when thrown.] [Duration: 45 minutes] [Cooldown time: 30 minutes]

[3 Skills: Fire Goddess (To be used):

[Skill Effect: Elemental Transformation, Attacks with Elemental Damage (200), Immunity to 85% Physical Attacks, Immunity to 50% Elemental Attacks other than Water Elements, Speed increased by 1,000%.]

[Additional Skill: Fireball (200)(No Cooldown)]

[Additional effect: Scorch. Deals 1 minute of continuous damage (50) to other targets after an effective attack. [Duration: 1 hour]

[Cooldown time: 1 hour]

[Fourth Skill: Fire Feather 4(to be used)]

[Skill effect: Flaming wings grow on its back, allowing it to fly. Any elemental skill released in the air will increase damage by 100%.]

[Additional skill: Fusion. It can combine multiple skills into one skill. Damage stacks. Can be used once.] [Duration: 1 hour]

Cooldown time: 1 hour..”

## Chapter 328: Slut Liu Ziyang (1)

Xiao Hong’s skills had all been upgraded, and her core skill, Fire Goddess, was now level seven.

Xiao Hong’s skills were becoming more mature. The others might still be in the middle of developing, but Xiao Hong’s skills were already set.

Her physical immunity was as high as 85%. With the high immunity, high speed, and close combat ability brought about by elemental conversion, Xiao Hong could fight Warriors in close combat without being at a disadvantage.

Normal attacks had additional elemental damage, and Mini Fireball could be used indefinitely. It could be used in both melee and ranged attacks.

Even MO Xiu would have to consider this kind of damage immunity in close combat. Not only in terms of attributes, but Xiao Hong was also not weak in actual combat. She had once trained with Little Fu Shun and MO Xiu.

The elemental damage wasn’t too exaggerated, but it was definitely enough.

The Flame Spear that could be used for melee combat and ranged attacks, the Flame Burst that had a very short cooldown time, and the elemental damage bonus of the Flame Feather, the damage was off the charts.

After this period of training, he was not afraid of assassins. He had almost no weaknesses and was very balanced. He was not as extreme as Xiao Xinru, whose weaknesses were so obvious.

“Amazing!” said MO Xiu. Who wants to go up next?”

The remaining Liu Ziyang, Xiao Xinru, and Yang Qingzhuo all rushed to challenge first.

It had to be said that Yue Yuan and Xiao Hongtou were doing well. Everyone was full of fighting spirit and did not hesitate as much as they did at the beginning.

“Liu Ziyang! You go!”

Liu Ziyang looked at Xiao Xinru beside him smugly, meaning, “So?” You didn’t snatch it from me, did you?

Xiao Xinru gestured for Liu Ziyang to walk to the front.

Liu Ziyang stood under the rankings and looked at it for a long time without saying a word. He puffed out his chest and raised his head, looking imposing.

MO Xiu could tell at a glance that this fellow was showing off and wanted to gain more attention.

“Liu Ziyang, hurry up. If you don’t want to challenge me, change to the next one.”

Liu Ziyang pursed his lips and said, “Boss, wait a moment. I’m seriously choosing my opponent. It’ll be done soon.”

MO Xiu began to urge him, and Liu Ziyang had no reason to delay any longer. He slowly said, “311th place, Bi Weifeng.”

Everyone looked at the rankings. They had never heard of Bi Weifeng before. Why did Liu Ziyang choose this?

MO Xiu looked at the ranking and understood. 311th, wasn’t this just one rank higher than Yue Yuan’s current ranking?

This Liu Ziyang, ah, he still didn't have a proper appearance at this time. Bi Weifeng quickly accepted the challenge and Liu Ziyang walked towards the arena.

Yue Yuan said, "This move of yours is quite cheap. You can only challenge me once a month. Are you going to bet on me for a month?"

"Hehe, I'm betting on you!" Liu Ziyang said proudly.

Yue Yuan did not want to be outdone and replied, "Be careful of overturning!"

The two of them were classmates from MO Xiu's Cosmic Cram School. To be more precise, they were teammates arranged by Elder Tang. The two of them had a lot of connections and were also the two people with the fiercest competition.

Liu Ziyang and Bi Weifeng entered the venue.

Liu Ziyang said, "I'm sorry, brother. I'm just looking at the ranking challenge.

You're unlucky."

"Don't worry about that. No one in our team will take revenge."

"Then I'm relieved. Let's begin!" Bi Weifeng said.

When the match began, Liu Ziyang used his afterimage and disappeared. When he reappeared, he was in front of Bi Weifeng.

With a punch, a beam of light shot out from Bi Weifeng's eyes and entered Liu Ziyang's head.

Just like that, Liu Ziyang was frozen in place. Bi Wei's skill reappeared, and four arms grew out of his body. He punched out a few times in a row, sending Liu Ziyang flying.

MO Xiu smiled as he watched the video. Liu Ziyang was quite lucky. With his skills, he had almost no natural enemies.

Unfortunately, he encountered a special ability, and it was a mental control skill. This was not easy to deal with.

In the arena, Liu Ziyang was sent flying. He regained his consciousness in mid-air and used his afterimage to return to the center of the arena.

He clutched his stomach and said, "D \* mn, this bro is quite ruthless. These punches are not light.""

"You'll lose badly if you underestimate me!" Bi Weifeng said."

Liu Ziyang stood up straight and said, "I really didn't expect your skill to be mental control. That was your only chance to win. If you miss it, you'll lose.""

Bi Weifeng raised his six arms and said, ""Then let's give it a try?"

"He's here!"

This time, Liu Ziyang did not use his afterimage. A sickle appeared in his hand, a huge sickle.

Fortunately, Liu Ziyang had slimmed down. If he was as fat as before and carried a scythe, it would definitely be very comical.

With the appearance of the sickle, Liu Ziyang's speed also increased, instantly closing the distance between the two.

Bi Weifeng's eyes shone with golden light again. This time, he shot an afterimage.

As an assassin, Liu Ziyang's sensitivity had always been excellent. Bi Weifeng's mental control was based on that light. Liu Ziyang understood after seeing it once. How could he be hit again?

Liu Ziyang appeared beside Bi Weifeng and swung his scythe. A shield appeared in front of Bi Weifeng and immediately disappeared after blocking the attack.

Bi Weifeng pulled away, and Liu Ziyang's afterimage was activated once again. He swung his scythe down again.

This time, Bi Weifeng's shield did not appear. He used the four arms that appeared from the skill to block the attack. The effect was not very good and he suffered some injuries.

When they fought again, Liu Ziyang turned into a blur, and Bi Weifeng blocked it with his shield.

The two of them were probing each other's skills. Bi Weifeng wanted to see the trigger pattern of Liu Ziyang's afterimage.

Liu Ziyang also wanted to break the interval between the appearance of Bi Weifeng's shield.

In the end, it was still Liu Ziyang who won. His afterimages seemed to be endlessly unmoving, constantly teleporting.

Bi Weifeng's movements could not keep up with Liu Ziyang's speed, so he could only rely on his shield. However, Liu Ziyang caught the gap between the shield's appearance and ended the battle with a single strike.

The match ended, and Liu Ziyang won.

This wasn't a typical assassin battle. There was no immediate end to the battle. However, Liu Ziyang's afterimages were too varied. In a prolonged battle, he wasn't inferior to Bi Weifeng at all.

Moxiu had already checked Liu Ziyang's skills and made up for his weak Berserk.

"Skill 1: Afterimage 5(to be used)

[Skill effect: Turn into afterimages several times and immediately appear anywhere within 50 meters of the original position. All attacks within 30 seconds after the afterimage is activated will cause a critical hit (critical hit is

2,000 percent of the initial attack power) and increase speed by 1,000 percent.]

[Time limit: The interval between the first and tenth attempt cannot exceed 30 minutes.]

[Cooldown time: 30 minutes]

[Second skill: Death God Scythe (to be used)]

[Skill Effect: Summons the Grim Reaper's Scythe. Attack increased by 800%.

Speed increased by 1,000.]

[Additional effect: Curse. The target hit by the Reaper's Scythe will have their defense reduced by 20%, and their speed reduced by 20%. Lasts for three seconds.]

[Additional Skill: Judgement. Ignore all Defense and Immunity, dealing True

Damage. Can be used once.]

[Duration: 15 minutes]

Cooldown time: 2 hours..”

## Chapter 329: Stupid Xiao Xinru

Liu Ziyang’s previous weakness was that as an assassin, his attack power was insufficient.

His mobility had always been his advantage. When he was still a fatty, his basic speed was not inferior to Moxiu’s.

The skill Afterimage was quite terrifying after leveling up. It had ten chances to move.

If an Assassin could teleport ten times, there was no doubt that he was a top-tier Assassin.

The advantage brought by displacement was too great. He could attack, defend, and even fight for a long time. In this way, speed, which was important to all assassins, was not so important to Liu Ziyang.

If he still couldn’t defeat his opponent after ten times of displacement, then there was a huge difference in strength.

The second skill that Liu Ziyang had chosen, the Reaper’s Scythe, was very targeted. Now that he had mobility, he needed to make up for the damage.

The Reaper’s Scythe solved this problem. It didn’t increase the damage by much, but it had True Damage. 800% True Damage was enough to defeat most people.

Moreover, there was an additional effect of curses that could greatly increase Liu Ziyang’s ability to fight for a long time.

Liu Ziyang’s direction of development was very special. It wasn’t the explosive speed style of normal assassins. It leaned towards the characteristics of mobility and endurance.

Of course, Liu Ziyang was using his explosive power to increase his endurance.

Among everyone in the team, MO Xiu felt that after Liu Ziyang matured, he might be the strongest solo player other than himself. It was not a sneak attack, but a solo player.

Liu Ziyang looked at Yue Yuan proudly and said, ""Brother Yue Yuan, if you want to surpass me, you might have to wait until next month!"

Yue Yuan's face was expressionless, but he still cared a little. After all, the two of them had been competing.

"Next, ?????????????????? it's your turn. ""

Xiao Xinru's eyes lit up. He couldn't wait any longer. For a skill fanatic like him, waiting for a month was a little difficult for him.

At the beginning, when MO Xiu chose the first person to go up, Xiao Xinru didn't hesitate. He had been looking at the rankings and had just finished looking at it before Liu Ziyang went up.

"You Xiang, 161st place!"

MO Xiu smiled. Xiao Xinru didn't have that many complicated emotions. Every operation was manipulated by MO Xiu, including the previous firearms war and the Royal Family.

He was the person with the least team spirit, and he was also the person that Moxiu didn't need to worry about.

Xiao Xinru's understanding of his skills was terrifying. Challenging this ranking should be the limit of his heart.

It wasn't as if he hadn't changed. He had obviously become one with everyone in this month.

In the past, he would never attend such gatherings. However, he had attended all the gatherings last month.

This meant that Xiao Xinru was trying her best to blend in, or rather, she was trying her best to learn.

The challenge was accepted. You Xiang and Xiao Xinru walked towards the arena together.

You Xiang was also an outsider. Unlike Wu Yang, their rankings were about the same, but You Xiang was much more low-key.

However, no matter how low-key they were, they would still attract attention when they reached this ranking.

"This You Xiang is very similar to Xiao Xinru," Lin Feng said. "He's focused on improving his strength and doesn't care about what happens in the outside world. He's also a Mage, similar to Xiao Hong, who's an all-rounded Mage."

In the arena, You Xiang looked at Xiao Xinru and said, "I know you. You're a paranoid person who wants to raise the power of your skills to the extreme. I'm also a paranoid person. However, my direction is different from yours. My direction is all-rounded."

Hearing You Xiang's words, Xiao Xinru became spirited. Exploring skills was also a hobby of Xiao Xinru, but no one in the team wanted to discuss it with him.

"I believe that mages should pursue extreme damage. This is what mages need to do, and also their mission."

"What about survivability?" You Xiang asked. "I heard that you almost died in a battle. This is caused by your lack of survivability. With survivability, you can deal better damage."

Xiao Xinru shook her head. "That's the job of a warrior. If a mage wants to change the outcome of the battle, they have to deal extreme damage. A mage without any damage is a joke."

You Xiang seemed to be angered by Xiao Xinru, and the two of them began to argue.

The two of them were already standing on the field. The match had already begun, but the two of them had no intention of fighting. They kept arguing.

The audience watching the video felt bored at first, but as the topic went deeper, they began to ponder.

That's right, which kind of mage was the correct one?

Xiao Hong was also very concerned and asked MO Xiu, ""Moxiu, which one do you think is correct?"

"Don't tell me you've been intimidated by these two idiots?" Moxiu said with a smile. Both paths were correct and had their own uses. The path that suited him was correct!"

Xiao Hong was relieved after hearing this. She was heading in the same direction as You Xiang, afraid that she would go in the wrong direction.

In the arena, ?????????? and You Xiang didn't come to a conclusion.

"Let's see what happens in the battle," said Xiao Xinru."

You Xiang nodded in agreement.

The match had finally begun. Xiao Xinru wasn't in a hurry to use her skills, which made Liu Ziyang and the others slap their thighs.

Xiao Xinru's skill needed to be preemptive. If she couldn't use the skill, she would lose!

You Xiang immediately used his elemental transformation skill. Elemental transformation usually had elemental damage immunity.

“You Xiang, are you ready?” Xiao Xinru asked. Now, I’ll show you the true power of my skill.”

You Xiang wasn’t stupid. He wouldn’t just watch as Xiao Xinru used her skill to quickly close the distance.

While running, You Xiang bumped into something and stopped in his tracks. Then, he was frozen.

When he came back to his senses, he found himself in a cage of lightning.

Raising his head, he saw that the lightning had already descended from the sky. With his elemental immunity, You Xiang could withstand the baptism of lightning.

However, the lightning that covered a large area instantly shrank.

And then, there was nothing else.

Xiao Xinru retracted her skill, and You Xiang fell to the ground, unable to get up. The outcome was already decided.

Other than MO Xiu, everyone present was shocked. This damage was too terrifying.

Xiao Xinru’s Thunder Force had leveled up, and at the same time, she had awakened the second skill to complement Thunder Force.

“Skill 1: Tense of Thunder 7(to be used)

Chapter 330: Violent Yang Qjngzhuo

After the match, Xiao Xinru returned to the rankings.

Everyone was stunned. This...Xiao Xinru was getting more and more terrifying. No one would fight him in the future.

Xiao Hong looked at Xiao Xinru with a different expression. She only had two skills, but her actual combat ability was almost the same as hers. What kind of level would she reach when she awakened all her skills in the future? MO Xiu saw through Xiao Hong's thoughts from the side. This was actually a wrong idea.

There was no doubt that Xiao Xinru was strong, but the advantages and disadvantages were obvious.

When the others chose their second skills, they prioritized making up for their shortcomings so that they could go further.

Xiao Xinru was an absolute anomaly. The Lightning Cage seemed to be used to trap the opponent and ensure his own safety, but it was actually used to lock onto the target.

Lightning Cage was a very powerful crowd control skill, but it might not be very effective against Assassins and Warriors.

The Assassin's speed was too fast for Xiao Xinru to lock the Assassin's tracks. How could he use the Lightning Cage?

Moreover, an Assassin's must-have movement skill, Xiao Xinru was still helpless against it. She would definitely lose if she encountered it.

Xiao Xinru had chosen the second skill, Lightning Cage, because she wanted to lock down the enemy and use the first skill to deal with it.

It was not to make up for its weakness, but to strengthen its strength to ensure that the full power of the Thunder Strike could be unleashed. There were still two people left, MO Xiu and Yang Qingzhuo!

"Yang Qingzhuo, you go first!" MO Xiu said."

Yang Qingzhuo nodded. As a support, it would be more troublesome to challenge. He had already done his research.

He chose the 41st place, Fuding.

Fuding's skill was similar to Yang Qingzhuo's. It was an amplification skill, and his partner ranking was 325.

Yang Qingzhuo didn't choose MO Xiu, choosing Yue Yuan as his partner.

Firstly, Yue Yuan's ranking was just right, and secondly, Yang Qingzhuo wanted to try out a new tactic.

As expected, Fuding also accepted the challenge very quickly. Fuding's partner was Fulai.

The two of them were half-brothers and had grown up together. Their tacit understanding was natural.

Fu Lai was a warrior, which was why Yang Qingzhuo chose the two of them.

Both parties entered the arena. The Fu brothers didn't waste any time. The only thing they were worried about was Moxiu's revenge. Just now, the other members of Moxiu's party had already said that they wouldn't take revenge, so there was no need to ask anymore.

Yang Qingzhuo was unfamiliar to the Fu brothers, but Yue Yuan, who had just started the competition, was familiar to them. Yue Yuan was similar to a mage and had strong combat strength.

The match began.

The Fu brothers used their skills without any hesitation.

Fu Lai was a standard warrior, and he used all his status skills on himself.

Fuding also spared no effort to add status to Fu Lai.

This was the tactic used in almost all two-man battles. An amplification type support plus a pure warrior. After the support used up his skills, his role was to attract attention!

The two of them had just finished using their skills and looked at the opposite side. Yang Qingzhuo and Yue Yuan's actions made the Fu brothers and the audience confused.

The two of them were standing in front of Yang Qingzhuo and Yue Yuan behind

him. The Yin Yang Formation was on Yue Yuan and Fu Lai.

Furthermore, arrays appeared under Yang Qingzhuo and Yue Yuan's feet. The gold and earth arrays were activated, increasing their attack and defense.

What was the meaning of this position?

Yang Qingzhuo was in front? Could it be that the support was the main attacker?

Before the Fu brothers could understand what was going on, Yue Yuan used his skill.

Yin Yang Formation, Yin and Yang were activated, Yue Yuan and Fu Lai exchanged positions.

He directly split the Fu brothers into two groups of one-on-one.

Yue Yuan against Fu Ding, Yang Qingzhuo against Fu Lai. This way, the Fu brothers would lose their advantage and could only fight on their own.

Yue Yuan's actual combat ability was definitely higher than the auxiliary Ding Fu, this was without a doubt.

However, Fu Lai was a Warrior. He would have the same advantage against Yang Qingzhuo.

Everyone thought that Yang Zhuo and Yue Yuan's strategy was a one-for-one exchange. Yue Yuan quickly eliminated Fu Ding.

Fu Lai had eliminated Yang Qingzhuo, which created a one-on-one situation between Yue Yuan and Fu Lai.

Three seconds later, everyone knew that they had guessed wrong!

Fuding was indeed defeated by Yue Yuan very quickly, but not with Yang Qingzhuo!

Not only was Yang Qingzhuo defeated, Yue Yuan, who had won, did not go to help either. It was as if he believed that Yang Qingzhuo could defeat Fu Lai.

Yang Qingzhuo and Fu Lai were locked in a battle, and judging from Fu Lai's expression, he seemed to be struggling.

This... It was a little unbelievable. The support and the opponent's main attacker were evenly matched. This was simply abnormal.

Yang Qingzhuo had used this tactic against Moxiu before. It was to use light and shadow on the talisman. While the talisman increased all attributes by 100%, Yang Qingzhuo also obtained a portion of the talisman's power.

However, it was still very shocking. Yang Qingzhuo was currently locked in a battle with Fu Lai. Not only did he obtain a portion of Fu Lai's attributes, but he also obtained all of Fu Lai's attributes. Furthermore, he had Yue Yuan's attribute bonuses and was even suppressing Fu Lai.

The more Fu Lai fought, the more frightened he became. After Yang Qingzhuo adapted to his own abilities, he fought more and more vigorously.

Yang Qingzhuo's fighting style was very strange. She was too small and her fighting style was fierce.

Fu Lai wasn't used to the way she fought with her petite body.

Moreover, Yang Qingzhuo was still very strong, so Fu Lai could only defend passively.

However, blindly defending would eventually reveal a flaw. Yang Qingzhuo seized the opportunity and punched Fu Lai in the stomach.

Fu Lai wanted to pull away, but Yang Qingzhuo grabbed his arm and threw him over his shoulder.

Fu Lai was stunned. He didn't expect Yang Qingzhuo to do something like this.

Just as he was about to get up, a punch came over and landed squarely on Fu Lai's face.

Fu Lai fainted, and the outcome was clear.

Everyone was shocked!

Although the previous matches were shocking, they weren't as unbelievable.

A Support was fighting a Warrior head-on. Not only did he win, but he also beat up the Warrior.

Wasn't this against common sense? Violent support?

MO Xm had already seen Yang Qingzhuo's skills.

MO Xiu was very happy that Yang Qingzhuo could find a new path and fulfill her dream.

"Skill 1: Divine Command 5(to be used)

[Skill effect: Divine Command Choice. Choose one of Speed, Strength, Defense

(Physical Defense and Elemental Defense), Attack Power, and Elemental Damage to increase. Total increase of 1,500%.]
