

Four Skills 341

Chapter 341: I've Grown Up

"Hao Ren, did you encounter any difficulties in becoming a know-it-all?" Moxiu asked."

Hao Ren nodded and said," There are too many difficulties, but most of them have been solved. What's missing now is the foundation. The basic information is still lacking. If we collect it again, it may waste a lot of time. The first step is to have a stable source of information in the central part of the Alliance."

MO Xiu nodded and said, "I've thought a lot about the development of the know-it-all, and I've made two decisions for you.""

Hao Ren nodded and looked at Moxiu expectantly.

Ever since Hao Ren got to know MO Xiu, MO Xiu could change the situation every time he made a move, and he trusted him unconditionally.

I've contacted Teacher Wang Yu and asked him to give you access to the information system," Moxiu said." You can see all the information about the Dark Shadow for a month."

Hao Ren stood up excitedly and asked in disbelief,""Moxiu, you mean...A know-it-all could copy Shadow's homework?"

Not only was Hao Ren surprised, but even Lin Feng couldn't believe it. Even if Moxiu was the Crown Prince of the Dark Shadow, this was too much!

"It's still a lot of work to sort out all the information in a month," said Moxiu." "It doesn't matter. As long as there's a way out, the workload isn't a problem."

Moxiu continued," Mhm, this path is open. However, I still have two requests.

First, the information cannot be leaked. Second, the information from the Dark Shadow can only be used as a reference. The information that comes after must be investigated independently and distinguished from the Dark Shadow.”

Hao Ren knew that Moxiu’s two points were nonsense, but he had to say them out loud.

The information could not be leaked. Not only would the Know-it-all fail, but Shadow would also pursue the matter.

The difference between him and the Dark Shadow was mainly because Moxiu wanted his own information system. If he was no different from the Dark Shadow, then there was no point in knowing everything.

Don’t worry.” Hao Ren nodded seriously and said,” Leave it to me.””

” Yes,” Motheo said.” There are two most important elements to intelligence. One is authenticity, and the other is security. If you fail to do any of those things, then the know-it-all will be dismissed.”” Moxiu trusted Hao Ren a lot, but he had to say it first.

Hao Ren didn’t mind and nodded excitedly.

This had been troubling Hao Ren for a long time. The biggest difficulty in building the intelligence system was not how to collect intelligence, but the information.

Intelligence required a foundation. If one wanted to know something, the information needed was not only the current information, but also something that had happened a few years ago or even decades ago. Without a foundation, it was difficult to move forward.

This was what the know-it-all lacked. The system’s information vault was solved as soon as Moxiu returned.

"The second thing," Moxiu continued, "After we're done here, you and Lin Feng will lead Know-it-All to officially leave the Strongest Society and merge into the Strongest Group. It will become a branch of the company."

Hao Ren was confused." Motheo, I don't quite understand this. The Know-it-all needs a lot of money. The Strongest Society has stabilized. It has sponsorship, membership fees, commission, and other fixed income. It can still support the development of the Know-it-all. The Strongest Group is in the development stage, and every sum of money is useful. Wouldn't it affect the development of the Strongest Group at this time?"

It was only a matter of time before Know-it-all merged into the strongest corporation, but Hao Ren didn't quite understand the timing.

Moxiu said, "The Strongest Group is about to enter a period of rapid development. The same goes for the know-it-all. The funds of the Strongest Group are limited, limiting the development of the know-it-all. After entering the Strongest Group, you can rest assured and develop."

"The Strongest Group is developing so fast?" Hao Ren asked."

Moxiu nodded." Mhm, it won't be too long. There will be news at the end of this month. Don't worry. ""

Since Moxiu said so, Hao Ren had nothing else to say.

After that, the three of them began to chat about the start of school.

Lin Feng and Hao Ren knew each other well, and they admired each other.

Lin Feng was excited when he heard that Hao Ren had single-handedly developed the most powerful corporation from seven people to the current Yan University.

Hao Ren said modestly that everything was because of MO Xiu's influence. Otherwise, things wouldn't have developed so well.

Lin Feng's story also surprised Hao Ren. Moxiu didn't hide the royal family's story and told Hao Ren about it.

Hao Ren was the head of intelligence under Moxiu, and he needed to know as much as possible. In the future, he would be involved in the royal family, and this could be considered a warning.

In Moxiu's eyes, their cooperation was a match made in heaven. Lin Feng could find his own value, and Hao Ren had a capable Great Deceiver to help him.

After handing Lin Feng over to Hao Ren, MO Xiu left. There were still many things to do, and he couldn't stay here for too long.

After walking out of Hao Ren's office, MO Xiu went to He Lingyue's office.

He Lingyue was now the manager of the club, and she was even busier than Hao Ren. MO Xiu left after a short chat.

MO Xiu didn't leave Yan University. He still had an important matter to attend to, so he went straight to the Assassin Department's dormitory.

Due to the release of Wang Yu's skill book, the five departments of Yan University were officially renamed.

Now, it was the Warrior, Assassin, Mage, Support, and Esper classes.

MO Xiu hadn't appeared on the campus of Yan University for a long time, but his popularity didn't decrease at all. This was MO Xiu's home ground, and MO Xiu was also the president of the strongest club.

Soon, people gathered around MO Xiu. The seniors who were in their second year and above were more friendly to MO Xiu. They greeted him, and MO Xiu nodded in response.

The freshmen were different. They maintained a certain distance from Moxiu and looked in his direction.

The boys looked at MO Xiu with envy. MO Xiu had only been in Yan University for a year, but he had already dominated the entire school. Moreover, he had an earth-shattering feat like firearms.

Everyone wanted to have a life like MO Xiu's. How many girls would adore him if he stood at the peak in a year?

However, the girls looked at MO Xiu in a different light. A minority of them looked at him with respect and admiration.

Most of the girls looked at Moxiu as if they wanted to eat him up. In other words...This was Gluttony's body.

However, as they had just arrived, no matter what these people thought, they did not dare to go up and talk to them.

Moxiu stood there at this moment, looking like he was waiting for someone. "What is President MO doing? Why are you standing here without moving?" "It's obvious that he's waiting for someone!"

"Whoa, what kind of person can make President MO wait? Could it be his girlfriend?"

"I heard that President MO doesn't have a girlfriend. There are quite a few rumors about him, but you don't have to think too much about it."

While everyone was discussing, a woman walked out of the Assassin Dormitory. Her words and actions were full of the temperament of a young lady from a noble family.

When he saw Moxiu, he slowly walked over with a smile.

MO Xiu also smiled and went over to welcome him. He said, "I'm sorry, I didn't pick you up."

“Brother, what are you talking about? When I grow up, I can do it!”

Chapter 342: Old Green Tea

This woman was Ye Qian ‘er!

After Ye Qian ‘er’s college entrance examination results came out, she immediately told MO Xiu about it and shared her joy with him. MO Xiu was also happy that Ye Qian’ er could get into Yan University.

MO Xiu wasn’t surprised that Ye Qian ‘er could get into Yan University. Her results had always been good, and the only variable was the awakening of a skill.

Mrs. Ye’s skills were not strong, but Qian ‘er Ye’s father was Qingfeng Ye, one of the strongest people in Shun City. The skills she awakened would not be bad.

When the surrounding people saw MO Xiu and Ye Qian ‘er chatting and laughing, they all cast’ friendly ‘looks at them.

Ye Qian ‘er’s personality had changed. In the past, she would be shy and afraid in situations like this at her age. Now, she could only cover her mouth and chuckle.

“These people seem to want to eat me.”

Just like what Ye Qian ‘er had said, she had grown up and was no longer the little girl she used to be.

Thinking about it, whoever had experienced those things in Shun City and lost their father would have changed.

MO Xiu was glad that Ye Qian ‘er was developing in a good direction.

The two of them walked side by side and headed out. The boys were only envious and did not care. MO Xiu was such a big shot, so what was so surprising about him having a girlfriend who was a freshman?

However, the girl had a different idea. She followed behind the two of them to see where they were going.

“Didn’t you say President MO doesn’t have a girlfriend? What’s going on?”

“I don’t know. The two of them seem very intimate. This girl is pretty, but I don’t think I’m that bad.”

“That’s right. Why did she get there first? Investigate her. I want to see what her background is.”

These words were filled with viciousness. As soon as he finished speaking, MO Xiu immediately stopped.

They felt that their voices were very soft, and MO Xiu and the other man couldn’t hear them.

Ever since Moxiu no longer had a cooldown, he had been using the Einherjar. His hearing was now ten to twenty times that of an ordinary person.

MO Xiu could hear what the people behind him were saying, but he didn’t pay much attention to them.

However, someone said that they wanted to investigate Ye Qian ‘er. It was obviously troublesome, and MO Xiu could not tolerate this.

MO Xiu suddenly stopped. Ye Qian ‘er asked softly, “What’s wrong? Brother.” MO Xiu smiled at Ye Qian ‘er and suddenly turned around.

The people following behind him were all frightened by MO Xiu’s sudden stop and turn around. They were a little flustered.

Moxiu took a few steps closer and swept his gaze across everyone's faces. In the end, his gaze stopped on the long-haired girl standing in the middle.

"It's you!"

The long-haired girl was stunned for a moment. She didn't expect MO Xiu's intentions and thought that her beauty had attracted MO Xiu's attention.

Hello, Senior Mo. Let me introduce myself. My name is..."

"What did you just say? Say it again!"

Before the girl could finish introducing herself, she was interrupted by MO Xiu's stern words.

"What? Senior MO, I'm introducing myself! My name is Cai Ning.

As Cai Ning spoke, she even leaned towards MO Xiu. The girls beside her looked at her with envy. Now, she had the chance to interact with MO Xiu.

MO Xiu retreated a little, and Cai Ning said, "Senior MO, I didn't stand properly just now."

Cai Ning had a sweet appearance, and the few moves she was using now would cause many boys to fall for it.

However, MO Xiu felt more and more disgusted with Cai Ning, especially after hearing what she had said earlier.

"Say what you said before again!" Moxiu reiterated.

Cai Ning was not an ignorant person. On the contrary, a woman like her was the best at seeing into a man's heart.

MO Xiu's expression was serious right now. If he didn't get serious, MO Xiu might get angry.

Cai Ning could only put on a pitiful look and said in a low voice with tears in his eyes, "Senior MO, I don't know what I did wrong. If I made you unhappy, I apologize."

There were two kinds of expressions on the faces of the onlookers.

Some of them were the people who had just spoken to Cai Ning. They were looking at her in shock. It would be a pity if she did not put her acting skills to good use.

The rest of the people didn't understand the situation. They just happened to see Cai Ning's aggrieved expression and thought that there was some misunderstanding between her and MO Xiu.

MO Xiu was so angry that he laughed. "If you don't want to say it, I'll say it for you. You just said that you wanted to investigate her behind her back. From your tone, you won't let it go."

MO Xiu pointed at Ye Qian 'er who was walking over.

Cai Ning was exposed on the spot. No matter how good his acting skills were, he could not continue acting and was at a loss.

This time, everyone's expression was unified. They looked at Cai Ning with disgust. Wasn't this the legendary green tea b * tch? One in front of him, one behind his back.

The other people's one-sided situation made Cai Ning even more embarrassed.

It wasn't that her acting wasn't good, nor was it that she didn't act pitiful enough just now. It was just that MO Xiu's prestige in Yan University was unmatched.

MO Xiu's status in the eyes of ordinary students was no less than Principal Zeng Liugen's.

Therefore, this had nothing to do with acting. Even if Cai Ning was really wronged, the others would believe MO Xiu unconditionally, let alone if he wasn't.

Cai Ning instantly understood the current situation. Since MO Xiu knew about it, there was no way she could defeat him.

Cai Ning's move was truly impressive, and the boys in the audience once again felt pity for Cai Ning.

The girls, however, revealed extremely disgusted expressions. For Cai Ning to say such words, it seemed that he was an experienced old green tea.

MO Xiu also found it funny. This Cai Ning was truly a talent. Her persona had changed so quickly. She was still a silly and sweet girl just a moment ago, but now, she had become an infatuated woman.

However, Cai Ning's words also forced MO Xiu to not go overboard with her. After all, there was no way to verify whether it was true or not.

At this moment, Ye Qian 'er walked to MO Xiu's side and said softly, "Brother, forget it. It's not a big deal."

When Cai Ning heard this, his eyes lit up. He wanted to say something, but MO Xiu stopped him.

"You don't have to say anything or investigate. I'll tell you in front of everyone. Her name is Ye Qian 'er and she's my sister. Whoever dares to cause trouble for my sister will have to think about the consequences."

Everyone was puzzled. MO Xiu had a younger sister? So Ye Qian 'er was the princess of the strongest club?

The way the boy looked at Ye Qian 'er changed. It was very complicated. He wanted to be the Prince Consort, but he was afraid of MO Xiu.

MO Xiu's intentions couldn't be any clearer. He didn't want to find trouble with Cai Ning. Cai Ning alone wouldn't be able to cause much trouble. He was just using this opportunity to explain things to everyone.

This is Ye Qian 'er, my sister. Be careful in the future."

Cai Ning was extremely smart. He immediately pulled Ye Qian 'er back and told her about his infatuation with MO Xiu. In the end, he insisted on leaving Ye Qian' er his contact details.

The two of them were chatting happily. Seeing this, MO Xiu pulled Ye Qian 'er away.

"Brother, I think Cai Ning is a good person," said Ye Qian 'er."

"What's not bad?" asked MO Xiu. Don't interact with her in the future!"

Cai Ning was simply a man of the world. She made full use of the advantages of a woman. Not only did she regain her reputation, but she also got involved with Ye Qian 'er..

Chapter 343: Xiao Qjng

MO Xiu brought Ye Qian 'er out of the school.

"Brother, where are we going?" Ye Qian 'er asked."

"Let's go home. I'll bring you to my house!"

The opening ceremony was tomorrow, and MO Xiu was prepared to bring Ye Qian 'er back to the Cloud Top Villa for a night to get to know the family and also to welcome them.

MO Xiu himself drove Ye Qian 'er back to the Cloud Top Villa and did not contact Qiang Qiang Zi.

Qiang Zi was Mu Mu's driver now, so he had no time to care about MO Xiu.

Along the way, Ye Qian 'er talked about the things that had happened recently, the friends she had met, and how Mother Ye had moved to Yanjing.

In the past, when the two of them were together, Ye Qian 'er would be so nervous that she couldn't speak. It was always MO Xiu who led the way.

The current Ye Qian 'er seemed to have endless words to say, and MO Xiu had become a listener instead.

From Ye Qian 'er's tone, one could hear the closeness. It seemed like she truly treated MO Xiu as her brother.

Or rather, he was like a father, the most solid support.

After a pleasant conversation, the two of them returned to the Cloud Top Villa.

Ye Qian 'er sighed at the corruption of a rich man like MO Xiu. He actually lived in such a good place.

MO Xiu knocked on the door when he arrived at the villa. He informed Zheng Yi that he would be back today and that Zheng Yi should be home.

Sure enough, the door opened a few seconds later.

Zheng Yi was listless, but when he saw Ye Qian 'er beside MO Xiu, he forced himself to be alert and said, ""Sister Qian 'er, you're here. Come in quickly. I'll arrange the dishes."

Ye Qian 'er was very familiar with Zheng Yi, so she called him Brother Zheng Yi affectionately.

As soon as the two of them entered the door, a big guy pounced over and pounced on Moxiu.

"Ah!" Ye Qian 'er exclaimed. This... What is this?"

MO Xiu had not told Ye Qian 'er about Little Fushun before, so it was inevitable that she would have a big reaction when she saw him for the first time.

Ye Qian 'er's reaction also made Little Fu Shun unhappy. He glared at Ye Qian' er angrily.

MO Xiu lightly slapped Little Fu Shun's butt and said,""This is your aunt. Don't be fierce. Act cute. By the way, why did you gain weight again?"

Little Fushun had already understood human nature and could understand everything she said. He immediately rubbed his head against Ye Qian 'er's body.

Ye Qian 'er still couldn't accept it. After MO Xiu's explanation, she finally accepted Little Fu Shun.

Perhaps it was because girls liked furry things, Ye Qian 'er quickly got along with Little Fushun.

Little Fushun was the same. He liked to hang out with girls. Whether it was Yang Qingzhuo, Xiao Hong, or even Ye Qian 'er, he had no problems getting along with them. The only thing he did not get along with was Zheng Yi.

Ye Qian 'er and Little Fushun were having fun, so MO Xiu went to the kitchen to see if there was anything he could help with.

As soon as she entered the kitchen, she was hugged by Zheng Yi, and her voice sounded a little choked.

MO Xiu patted Zheng Yi's back and said, " Alright, big man, what are you doing?"

Zheng Yi let go of MO Xiu and sighed.”” Brother, I feel wronged. I didn’t dare to take Little Fushun out to play when you weren’t around. He teased me every day. I...”

MO Xiu laughed. Zheng Yi’s current expression was even uglier than when he was injured by Wang Xuanhu.

“Alright, just treat him as a child and you won’t feel so wronged. Aren’t I back now?”

Zheng Yi shook his head helplessly and said,” Sigh, it’s already like this. It’s useless to say anything else. You’re not leaving this time, right?” I can finally be free.”

“I’m leaving on the first of July!” Moxiu whispered.” “What? F * ck! Are you still my brother?”

In Zheng Yi’s fury, the meal was done.

Zheng Yi still had a lot of complaints during the meal. However, Ye Qian ‘er was here, and the main purpose of the meal was to welcome her. He resisted the urge to spit it out and finished the meal.

After dinner, Ye Qian ‘er did not return to school. MO Xiu prepared a room for her to stay in.

Ye Qian ‘er looked at her hero brother tidying up her room and was a little touched.

Brother, thank you!

MO Xiu did not stop working. He turned his head to look at Ye Qian ‘er and said, ””Thank you for what? You’re my sister. This will be your home in the future. You can come anytime you want!”

Qian ‘er Ye nodded. When Qingfeng Ye passed away, she was a little devastated. Her life at that time was dark.

It was MO Xiu who had pointed her in the right direction. Coupled with the constant persuasion of Mrs. Ye and Li Yuan, she had a new hope.

Now, this brother had many identities. He was a human hero, the Dark Prince, the chairman of the strongest group, and the overlord of Yan Kingdom.

However, the current MO Xiu was only her older brother.

The two of them did not have a long conversation. They had already said what they needed to say on the way here and at the dining table.

Ye Qian 'er lay on the bed with a myriad of thoughts running through her mind. Who would have thought that the youth who had saved her from the Demonic Falcon would become her elder brother and become her strongest backing?

He was speechless for a night.

The next morning, Zheng Yi left in a hurry, as if he was afraid that MO Xiu would leave Little Fushun with him again.

Before MO Xiu left, he repeatedly told Little Fushun to stay at home and bring him out to play when he came back.

MO Xiu's words were very useful to Little Fushun. After interacting with him for such a long time, he discovered a pattern.

If it was a short period of time, Little Fushun would remember MO Xiu's words and carry them out resolutely. However, it would be hard to say if it was a long time.

Little Fushun would completely forget what MO Xiu had said and start acting up.

This was also the reason why Moxiu had to find someone to watch over him every time he left.

MO Xiu brought Ye Qian 'er back to Yan University. Today was the opening ceremony, so they couldn't be late.

After returning to school, Ye Chener went to the class to gather. MO Xiu was prepared to bring Little Fushun to play.

The club's recruitment was tomorrow, so there was nothing much to do at Yan University now.

Just as he was about to return to the car, MO Xiu was stopped by someone. He looked up and saw that it was Xiao Hong.

MO Xiu smiled." You came at the right time. I want to bring Little Fushun out to play. Get in the car?"

Xiao Hong didn't reply to MO Xiu and got into the car. MO Xiu pursed his lips. It had only been a day, and she had become so cold.

"Why do you have the time to come to school?" asked MO Xiu."

Xiao Hong should have a lot of things to do when she returned to the Xiao family. MO Xiu felt that she shouldn't have the time to come to school.

Xiao Hong was somewhat absent-minded and answered subconsciously,""I'm here to send my brother off."

"Your brother is called Xiao Qing, right? I haven't seen it yet. Can you introduce it to me one day?"

Xiao Hong nodded as if she was thinking about something. MO Xiu didn't disturb her.

It must be about Xiao Qing. Although he had never seen him before, Xiao Qing was a famous person in Yan City.

Liu Ziyang often mentioned that MO Xiu had even pretended to be the leader of the hedonistic playboys when they were arresting Wang Jinyang.

He had been ignorant and incompetent since he was young, and Xiao Hong had been worried about him.

Soon, the two of them returned to the villa. Little Fushun was excited to see Xiao Hong. Knowing that they were really going out to play, he threw himself into Xiao Hong's arms.

Xiao Hong was still absent-minded. MO Xiu said, "Xiao Hong, Xiao Hong! What's wrong with you?"

"What? Ah! Moxiu, there's something..."

"Speak!"

"When Xiao Qing awakened a skill, his innate skill also awakened!"

Chapter 344: Quickly Settle It)_I

MO Xiu frowned when he heard Xiao Hong's words. When Xiao Qing awakened a skill, he also awakened his innate skill.

It was a simple sentence, but there were two hidden problems.

After the end of the royal family, it meant that the talent skills disappeared. There had never been a situation where talent skills appeared across generations. This was one of them.

Secondly, it was unprecedented to awaken an innate skill at the age of 18. The innate skills of the royal family were innate.

After Xiao Hong finished speaking, she looked at MO Xiu expectantly, hoping that MO Xiu could give an explanation.

MO Meng paused for a moment before he sat on the sofa and said slowly.

“This matter is indeed very strange. From my analysis, there are only two possibilities. One is that there is an unknown mutation. This is impossible to investigate and we will not discuss it. The second is that someone is lying. It could be Xiao Qing or even your father.”

Excluding the possibility of a sudden mutation, this was the only explanation. Xiao Qing lied. It could be explained that she was born with an innate skill and had been hiding it.

After all, there was no Tianji School in the outside world. Whether or not there were any innate skills was up to him to say.

If Xiao Hong’s father was also lying, then the second suspicious point could be explained. The Xiao family did not have a broken generation at all. It was just

that Xiao Hong and Xiao Lan did not have any innate skills.

However, this led to an even greater suspicion. Xiao Hong’s father was born in the royal family, and the Tianji School had determined that he had no talent.

If Xiao Hong’s father was lying, then Tianji School would also be lying. Even MO Xiu’s grandfather, Li Xin, was lying.

This was a very big deal. MO Xiu didn’t want to think about it, nor did he dare to think about it.

Xiao Hong had her suspicions before, but after hearing MO Xiu’s words, she also thought of this.

The two of them looked at each other and did not continue the topic. There were too many things to discuss. It was not time to discuss.

“How did you know Xiao Qing had awakened his innate skill?” MO Xiu asked.” If they didn’t discuss the higher ups, they could straighten things out. “He told me before I competed with him,” said Xiao Hong.”

“Is the innate skill automatically used? Will it show?”

Xiao Hong nodded.” I know what you’re going to ask. The Xiao Family’s innate skill is no secret. Many people know that the fire elemental damage is randomly increased by two to ten times. It will be reflected in the competition. ”“

Moxiu’s heart tightened. Two to ten times...

What kind of concept was this? If Xiao Hong’s Flame Blast could increase her damage by ten times, it would be a devastating skill.

Would the imperial family give up on such a family so easily? It was not an exaggeration to say that the Xiao family was a Fire God family clan.

In this way, Moxiu felt that his previous guess was very likely to be true.

Moreover, Xiao Qing’s actions were also abnormal. He did not tell Xiao Hong about the awakening of the skill, but said it before the competition. It was obvious that he had a guilty conscience.

If they were hiding it, what was the imperial family’s motive?

The two of them fell silent again. MO Xiu understood why Xiao Hong was distracted.

Xiao Hong originally wanted to follow Li Xin’s instructions and change the Xiao family’s structure, but Xiao Qing suddenly appeared.

Once again, the flames of the Xiao family returning to the royal family were ignited. Moreover, with the strength of the Xiao family's innate skill, as long as it was made public at this time, the royal family had no reason to reject the Xiao family's return.

Xiao Hong was worried about this. Hope had come too suddenly and too late, so she was at a loss.

Little Fushun's head was filled with question marks. What was going on? Didn't we agree to go out and play?

Why did these two people sit down and not move? Little Fu Shun used up all his patience and endured for ten minutes. In the end, he couldn't take it anymore and pounced towards MO Xiu.

MO Xiu pushed Little Fu Shun to the side.

"Go to the side. We're talking about serious matters."

Little Fushun was a little angry.

Even though he felt wronged, he didn't disobey Moxiu and waited at the side.

Xiao Hong laughed when she saw Little Fushun and MO Xiu's actions.

"Haha, Little Fushun can't wait any longer. MO Xiu, hurry up and settle it, okay?"

"Solve what?"

"Are you teasing me?" Xiao Hong asked."

"I don't dare, I don't dare." MO Xiu hurriedly waved his hand and said."

“What should I do now? Should he develop steadily according to the plan, or should he use Xiao Qing as a guide to return to the imperial family?”

Actually, whether Xiao Qing was hiding it or not did not have much of an impact on Xiao Hong. The most important thing now was to figure out where the Xiao family should go and where they should go.

MO Xiu didn't reply immediately. Since Xiao Hong was asking for help, he had to give her some advice.

This suggestion was very important to Xiao Hong, the Xiao Clan, and even MO Xiu himself. He needed to think about it carefully.

As MO Xiu pondered, Little Fushun became more and more impatient, and even a little restless.

Xiao Hong held Little Fushun in her arms and kept comforting him before calming down.

MO Xiu couldn't help but say when he saw Little Fu Shun lying in Xiao Hong's arms with a look of enjoyment on his face.

“Perverved cat!”

After a while, MO Xiu said, “I think you shouldn't tell anyone about Xiao Qing. You should follow my grandfather's suggestion. ””

“Alright, understood!”

Xiao Hong's thoughts were similar to MO Xiu's. Now that they had reached a consensus, she agreed immediately.

The matter was very simple. Just now, Moxiu had been thinking about what their goal was if everyone was lying.

She had thought about it for a long time, but she didn't figure it out. She couldn't figure it out because she lacked key clues. Since she couldn't figure it out, she would do as her grandfather said.

There shouldn't be any harm in having so many key figures involved.

Li Xin wanted to lead Xiao Hong in the direction of breaking away from the royal family, so she might as well trust Li Xin.

The matter was settled. MO Xiu patted Little Fu Shun's head and said, "Alright, let's go. I'll bring you out to play. You're getting impatient." Little Fushun lowered his head and cried out in grievance.

"Alright, don't feel wronged," Xiao Hong said.

Little Fushun was acting strangely today. In the past, when MO Xiu asked him to do something he was unwilling to do, he would throw a tantrum, but he would always listen.

It had only been an hour, but Little Fushun couldn't wait any longer.

MO Xiu felt his heart ache as he hugged Little Fushun. It seemed like he had been too stifled during his time at the Imperial Family.

Two people and a beast drove to the Xiao family's medicine garden. As soon as they arrived, Little Fushun ran out and disappeared.

MO Xiu didn't even have time to remind Little Fushun not to run too far away.

Seeing MO Xiu's anxious expression, Xiao Hong chuckled and said, "Look at how anxious you are. Have you forgotten that Little Fushun lived here before? He was familiar with this place and would not run around."

The two of them came to the small house next to the herb garden and sat down. Xiao Hong and MO Xiu talked about the specific matters of the Xiao family's development.

Unknowingly, it was nighttime. When MO Xiu saw that the sky had darkened, he suddenly felt that something was wrong.

He hadn't seen Little Fortune. Even if he had gone crazy, he should have passed by here.

MO Xiu walked out of the house to look around. Xiao Hong followed him out.

"What's wrong? Don't worry, kid?"

A hint of unease appeared in MO Xiu's heart!

Chapter 345: Unsettled Heaven's Secrets (1)

Seeing MO Xiu's serious expression, Xiao Hong also became serious.

"Let's split up and search. If we find Little Fushun, we'll call him." Xiao Hong nodded and the two of them split up.

The two of them searched until late at night, but they still did not find any trace of Little Fu Shun.

After searching the entire forest, Xiao Hong slowly became anxious. If Little Fushun ran out and was discovered, the consequences would be unimaginable.

Moxiu's expression was solemn as he flew high into the sky to investigate. In the end, he discovered some clues at the edge of the forest.

Little Fushun's fur was silver-gray, reflecting the moonlight. Moxiu immediately caught the fleeting light and sped away.

Moxiu slowly approached the place he had just been at and stopped in his tracks.

He could already see Little Fushun crawling on the edge of the forest, looking at the outside world.

MO Xiu slowly walked over and sat beside Little Fu Shun.

Even though Little Fushun was domesticated, he had always been very sensitive to wild beasts. MO Xiu knew that Little Fushun had already discovered MO Xiu, and he might have intentionally revealed his weakness. MO Xiu sat beside Little Fu Shun, but Little Fu Shun didn't react.

"Do you want freedom?"

Little Fu Shun turned his head to look at MO Xiu, his eyes filled with confusion.

MO Xiu sighed. Was it time? Should she say goodbye to Little Fushun?

Little Fushun's abnormal behavior tonight was clearly because he wanted complete freedom. Otherwise, he wouldn't be hiding here.

The reason why he didn't leave was probably because he was also reluctant to leave. MO Xiu gently hugged Little Fu Shun's body.

The man and beast looked up at the moonlight, not knowing what to say. It was getting late. MO Xiu stood up and patted Little Fu Shun's body.

"Let's go back!"

The moment he stood up, his gaze fell on Little Fushun's fur that was shining under the moonlight.

MO Xiu suddenly felt his entire body go weak. He sat down once again, unable to pull his gaze away as he entered an illusion.

The silver-gray light gradually faded, and his vision gradually turned white. When he could see the things in front of him clearly again, he had already arrived in an unfamiliar environment.

This was a sealed space, and it should be a room. Moxiu looked around carefully and understood that the room was set up to imprison something.

The thing that was imprisoned was in a huge metal cage in the middle of the room. The cage was tightly sealed, and it was impossible to see what was inside.

This time, Moxiu was able to walk. He tried to open the cage to see what was inside, but he could not touch anything.

At this moment, two men walked in from outside.

One of them was slightly older, looking to be in his thirties or forties. He looked exhausted.

The other was very young, in his twenties. He was in high spirits, forming a sharp contrast between the two.

“Yoruhana, the war has just ended. How should we deal with this mutated Heaven Devouring Beast?” asked the middle-aged man.”

The young man called Yoruhana opened a corner of the cage, revealing the

Heaven Devouring Beast’s true appearance.

At this moment, the Heaven Devouring Beast was tied up by several metal chains. When Yoruhana opened the door, the middle-aged man reminded her from the side.

Be careful, Yoruhana.”

“It’s fine, this Heaven Devouring Beast has already been sealed by Old Li, it’s no threat.’

Old Li? The Li family? This thought immediately appeared in Moxiu’s mind. This was the first time he had heard of someone who could connect with reality in an illusion.

“The beasts are currently searching for the lost Heaven Devouring Beast.

Should we return it?” the middle-aged man asked. They had just signed the truce agreement. What if the beasts went back on their word and attacked?”

Yoruhana didn’t mind and said,” You’d better change your mindset as soon as possible. The beasts are willing to sign the contract because we’re strong. If they dare to tear up the contract, then we’ll fight again. Let’s see if they have the guts.””

The middle-aged man continued to persuade, “But there’s no point in keeping this Heaven Devouring Beast. What did Wu Shang say?””

“Sigh, Wu Shang has something very important to do recently. I’ll be in charge of the overall situation. My idea is to keep it, but I still have to ask the Tianji School for their opinion before making a decision.”

“I’ve asked Tianji, and he also said he’ll let you decide.””

“Oh? Old Tianji had never spoken so bluntly. What were his original words?” The middle-aged man paused.

“Nothing has been decided yet. Yoruhana will make the most correct decision.”

Hahaha!!!!!!!!!!”

Yoruhana laughed out loud. His laughter was filled with arrogance, ambition, and an incomparably heavy responsibility.

The simple conversation between the two attracted Moxiu's attention.

Moxiu felt that the two of them were very familiar, as if he could understand their emotions.

The middle-aged man's worries and Yoruhana's ambition.

His words revealed a lot of information. Moxiu felt that he was very close to the truth, but in the next moment, his vision blurred and he returned to the moonlight.

Xiao Hong stood beside Little Fushun.

Seeing that MO Xiu had regained consciousness, Xiao Hong asked, "Mo Xiu, what happened to you just now? Have you entered a state of epiphany?"

"No, let's go," said Moxiu.

Xiao Hong went home. She had been delayed for a day, and she still had a lot of things to do.

MO Xiu brought Little Fushun back to the Cloud Top Villa. Zheng Yi wasn't home when they returned. He must have gone crazy.

There were only MO Xiu and Fu Shun in the villa. It was getting late, so MO Xiu returned to his room and prepared to sleep.

Little Fushun had become very dependent on MO Xiu, and MO Xiu followed him wherever he went. It was as if he had returned to the night when Little Fushun first arrived.

MO Xiu followed him back to his room and lay on the same bed as MO Xiu. In the past, MO Xiu would chase Little Fushun away, but this time, he didn't.

Little Fushun had grown up. MO Xiu knew that the day of their separation was not far away, so he cherished the time he spent with Little Fushun.

After all, Little Fu Shun was a wild beast. Even if he grew up, Moxiu didn't want Little Fu Shun to lose his freedom and become a pet for the rest of his life.

Lying on the bed, MO Xiu thought about where Little Fushun went. It was impossible to let him go, he would be in danger.

The time was roughly set. MO Xiu planned to return to the Imperial Family on the 1st of the 7th month and finish his work before sending Little Fushun away.

MO Xiu was afraid that Little Fu Shun would become irritable again, so he explained everything to Little Fu Shun.

Little Fu Shun seemed to have heard MO Xiu's words, and he closed his eyes and fell asleep.

Looking at Little Fu Shun beside him, MO Xiu thought of the illusion again.

The Li family and the Tianji family were mentioned, and there was also the Wu Shang who appeared last time. Who was this Wu Shang? Why could he control the heavenly secrets?

Who was Yoruhana? Was he the leader of the humans? But why had he never heard of it?

Also, why did Wan Hua leave the Heaven Devouring Beast behind? Was it related to Little Fushun?

Chapter 346: One Against One Hundred

June 24th, on the campus of Yan University.

Today was the day for the club to recruit new members. In the past, each club would set up recruitment points and recruit people based on their popularity and their results in the previous year's club war.

This year was very different. After the war with firearms, most of the clubs were eliminated. There were only a dozen clubs left.

Moreover, the form of the clubs had also changed. In the past, regardless of the size of the clubs, they were all equal and managed by the student union.

Now, there was no student council, and it was under the unified management of the strongest society. The strongest society had also become the upper-level organization of other societies and needed to be promoted.

It was especially important for the club to recruit new members for the first time after the reform, which was why Hao Ren came back to help.

Moxiu didn't participate in the planning and organizing work, but it was necessary for him to come back and support the situation.

The plan for recruiting Hao Ren and He Lingyue this time was to ensure stability. All the first-year students would join the sub-clubs, and the strongest club would select members from the first-year students.

For this reason, He Lingyue also set up many benefits for the freshmen to enter the headquarters first. It could be said that it was comprehensive.

After half a day of recruiting, everything went according to plan and went very smoothly.

Most of the new students signed up enthusiastically, and the fair treaty set up by Hao Ren had also played a role. There were no new students who gathered in one branch and no one else.

MO Xiu had arrived at the venue early in the morning and was walking around. Even if he wasn't working, he had to pretend, right?

It wasn't just MO Xiu. The other elders were all present. Xiao Hong was also present. She was the honorary vice president.

Seeing the harmonious scene, Moxiu was relieved. He planned to find an opportunity to slip away in the afternoon. He had been back for a few days, but he had yet to visit the Strongest Corporation.

Just as MO Xiu was about to slip away, something happened, causing the entire recruitment venue to boil.

The reason was very simple. Some people did not want to follow the rules and wanted to make their own rules.

The reason was that a group of freshmen, about a hundred people, directly approached He Lingyue and proposed to establish a new club.

This wasn't a big deal, so He Lingyue kindly persuaded him.

Currently, it was very difficult for a newly established club to develop. If they joined the strongest club after the establishment, they would immediately widen the gap with other clubs due to the actual gap, causing the development of the club to stagnate.

If one did not join the strongest society, it would mean that they were out of touch. The annual society battle was held by the strongest society. Those who did not join the strongest society could not participate.

He Lingyue explained all the disadvantages to these people, but they didn't listen and even insulted her.

She said that a woman was using MO Xiu's reputation to bully Yan University and suppress the new forces.

Even so, He Lingyue wasn't angry. She had already expected this situation. It was indeed a disadvantage for the strongest club to not have any new forces.

However, Hao Ren had thought of a solution a long time ago. Campus was not a society, and it didn't need the balance of many forces to promote development.

The best way for the strongest group to keep improving was to strengthen internal competition and maintain everyone's competitiveness.

He Lingyue tried to explain to them again, but she still didn't move them. Not only did this group of people not listen to He Lingyue, but they also gathered together to make trouble.

After Hao Ren's mediation failed, he was ready to use force to solve the problem.

At this moment, MO Xiu appeared and squeezed into the crowd to stand beside He Lingyue and Hao Ren.

He looked at the hundred people and asked, ""Who is the leader? Come out and talk! "

A man walked out from the opposite side and said, "Hello, my name is Zhou Fu. We want to create the most awesome club. President MO, can you give us a chance?"

The most awesome club seemed to be a group of people who thought highly of themselves and wanted to make a name for themselves, or rather, they wanted to replicate MO Xiu's achievements.

MO Xiu found it funny. No one who had the last laugh would be so arrogant from the beginning. If they didn't know how to endure, how could they achieve great things?

"Zhou Fu? Good name. I once destroyed a family and my surname is also Zhou.

I wonder if you've heard of it?"

Everyone knew who MO Xiu was referring to. It was Zhou Qiuwu's clan.

Zhou Qiuwu and MO Xiuyu had once shone brightly in their freshman year. Because of a competition, the two of them were completely at odds with each other, and in the end, the Zhou family was destroyed.

Zhou Fu naturally knew about these things. When he heard MO Xiu's words, his eyes narrowed slightly.

"President MO, are you threatening me?"

"As you see!"

"Isn't this a little bullying?"

"Power? What power? Did I mention any factions? I only represent myself, I am the power!"

Zhou Fu clenched his fists tightly. He was still very unconvinced, but what MO Xiu said was true. In Yan University, the strongest club was built on MO Xiu's reputation. To put it bluntly, the strongest club borrowed MO Xiu's power, and even Yan University borrowed MO Xiu's power.

No matter how unconvinced Zhou Fu was, this was the truth. Moreover, even if he attacked now, he was no match for MO Xiu. MO Xiu was the strongest student.

MO Xiu's tone softened slightly as he said, "Clubs are now directly supervised by the school. The strongest club only has the right to recruit new members and can only deal with internal matters. If you want to create a new club, go and apply to the principal!"

Zhou Fu had no intention of leaving. He continued to look at MO Xiu.

MO Xiu shook his head. "Young man, don't be too arrogant. If you leave now, I'll let bygones be bygones. ""

How could Zhou Fu be willing to leave just like that? The reason why he caused all this trouble was because he wanted Moxiu to notice him and show off his abilities. Then, he would recruit all his brothers into the strongest club and join the Shadow.

Even if he couldn't, MO Xiu would send someone to negotiate with Zhou Fu after the establishment of the Cow Society. Zhou Fu had already confirmed that MO Xiu wanted to unify Yan University, so he could also raise some conditions.

Unfortunately, He Lingyue wasn't the only one who didn't buy it, and neither was MO Xiu. Zhou Fu was embarrassed by the situation, and the people behind him were all looking at him.

At this time, I can't admit defeat, or else I won't be able to lift my head in university life.

Zhou Fu still didn't answer MO Xiu. MO Xiu was a little impatient. The recruitment that had been going smoothly had been ruined by these people. "I'll say it one last time. If you don't leave, I'll personally ask you to leave."

Zhou Fu was under a lot of pressure. MO Xiu would definitely do what he said. If this continued, the gains would not make up for the losses.

"Wait, I'm dissatisfied. Can I say it?"

"Speak!"

"President MO isn't the actual person in charge of the strongest club right now, right? It should be a few elders. If you were in charge, I would be completely convinced. However, if it was them, I wouldn't accept it. They don't have the strength."

Some of the second-year and third-year students who were watching the show laughed. Was this guy here to be funny? This excuse had already been used by others.

Zhou Fu knew that he would be laughed at if he said this, but it was still better than being embarrassed like this, right?

MO Xiu turned around and said to the other freshmen, ""Since Zhou Fu has a question, let's perform a show for everyone!"

Zhou Fu was stunned. A performance?

"Liu Ziyang is an elder, right? Next, Liu Ziyang will fight against the hundred of you!"

Chapter 347: Trick (1)

At this moment, Liu Ziyang and Du Ya were watching the commotion in the crowd. They had just said that this person called Zhou Fu was going to be unlucky. He had actually provoked MO Xiu.

When he heard his name, Liu Ziyang was stunned. What kind of joke was this?

Liu Ziyang wanted to run, but MO Xiu called out that if he ran now, the consequences would definitely be more serious. He could only brace himself and walk out of the crowd.

He came to MO Xiu's side and said to MO Xiu in a very soft voice, "Boss, I'm your little brother. You can't just sell me like that, right?"

"Asking you to fight is not asking you to die!"

Liu Ziyang widened his eyes and said, "Stop joking. There are more than 100 people on the other side. If there were more than 10 of them, it would not be a problem. But with so many people, their skills could kill me.""

Liu Ziyang's worries were not without reason. It would be fine if it were a

hundred ordinary people, but these were all students of Yan University.

Those who could enter Yan University were one in a hundred. How could there be weaklings?

MO Xiu said, "I'm a good person. Don't be afraid. Just perform normally. Remember to finish the battle quickly. I guarantee you'll win. ""

Liu Ziyang was still a little confused, but since MO Xiu had said so, even if he lost, it would be an embarrassment to MO Xiu.

Liu Ziyang, who was relieved, showed his comical character.

He swaggered over to Zhou Yu and said, "" Zhou Fu, right? Young man, don't be too arrogant. Let me ask you, if I win against you today, will you admit defeat?"

If more than a hundred people were to attack together, even if MO Xiu came personally, Zhou Fu was confident that he could defeat him, let alone this Liu Ziyang.

Zhou Fu's confidence increased, and he spoke with confidence.

"Of course we'll admit defeat if we lose, but what if we win? What can your strongest club offer?"

Liu Ziyang laughed out loud, completely disregarding Zhou Fu.

"Hahaha, kid, if you win, you'll become famous. Go and create your own club. Do you think you have the capital to negotiate with the strongest club? I've already given you a lot of face by agreeing to fight with you!"

Liu Ziyang's words sounded harsh to Zhou Fu, but this was the truth. If you want to fight, you don't have to fight. If you don't fight, you will be chased away.

Zhou Fu angrily pointed at Liu Ziyang and said, ""You... Don't go overboard!"

Liu Ziyang turned around and said, "Boss, this kid doesn't want to fight!"

Zhou Fu quickly changed his words. "Wait a minute. We're going to fight. Which stadium?"

This time, Liu Ziyang didn't act pretentious and needed MO Xiu to decide.

"Here, hurry up!" said MO Xiu.

Zhou Fu's expression was very ugly. MO Xiu was obviously looking down on him, but there was nothing he could do now.

"Alright, shall we start now?"

"Start anytime!"

Both sides had come to an agreement. The crowd cleared a space and the competition was about to begin.

Liu Ziyang was boasting as he glanced at MO Xiu. Where was the help he promised? The competition was about to begin, so why was there still no movement?

The competition had officially begun. Liu Ziyang did not count on MO Xiu anymore. It seemed like he was most likely going to trick him. More than a hundred people rushed over, but Liu Ziyang did not panic. After all, he had a lot of battle experience.

Liu Ziyang wasn't afraid of anyone else. Someone had control skills, but once he was controlled, he would lose.

Zhou Fu was not leading a group of more than a hundred people. They had their own formation and tactics.

MO Xiu laughed. This was exactly what Liu Ziyang liked.

If it was a plate of loose sand, it would be more chaotic for a hundred people to attack. Liu Ziyang would be in trouble because he could not find the main point.

Now, once the formation was formed, a wily old fox like Liu Ziyang could tell the positions of the Support and Mage at a glance.

An afterimage disappeared in front of everyone.

After two slashes, more than ten people had already fallen.

A team of over a hundred people, without a long period of training, would not be able to display their might even if they had tactics and formations.

The most fatal point was the slow reaction speed. Liu Ziyang had grasped this point. After taking down more than ten people, the team only reacted. When they locked onto the target again, Liu Ziyang disappeared again.

After three or four times, less than half of the 100-man team was left.

Zhou Fu panicked. He did not expect Liu Ziyang to have such strong combat strength.

“Control! Whose skill was a control-type skill? Hurry up!”

“I do, so... Eh?”

When Liu Ziyang heard the commotion, he appeared in the middle of the team and knocked out a few people. He also sent Zhou Fu flying.

Ten minutes later, the competition ended. Liu Ziyang won completely.

In the end, many people expected it, but they didn't expect Liu Ziyang to be so relaxed.

No matter what, it was more than a hundred skills against Liu Ziyang's two or three skills.

Even if these 100 skills were of a lower level, they were still skills.

When he knocked down the last person, Liu Ziyang himself was stunned. He was so lucky? There were no control skills or mental attack skills?

In fact, Motheo had done something to it. After the Einherjar leveled up, there was no effect when it was activated. It could be used without being detected. This way, God's Sight could be used indefinitely.

During the battle, Moxiu had checked the skills of all 100 players. All the skills that could pose a threat to Liu Ziyang were silenced. Three seconds of silence was enough to make these people panic.

These people were all freshmen and only had one skill, which made it even more convenient for Moxiu to remain silent.

If not for MO Xiu's secret help, Liu Ziyang might have won, but it would have been much more tragic.

After the competition ended, Liu Ziyang came to MO Xiu's side and said, "Boss, although you lied to me, my strength is here. Take them all down."

"Thank you for your hard work!" MO Xiu said with a smile."

With the end of the competition, Zhou Fu no longer had the face to stay here. He could only lead everyone away.

The little plan in his heart did not come true and he lost face. In the end, he could not figure out how a second-year Liu Ziyang defeated more than a hundred people.

This time, not only did they not achieve their goal, but it was also difficult to take a step back. These more than a hundred people would not have an easy time in Yan University in the future.

He had wanted to prove his courage, but he had been slapped in the face in public. Now, it was impossible for him to join the branch of the strongest society.

With so many people looking at him, he really did not have the face to do so. Zhou Fu looked at his brothers' disappointed expressions and felt regretful.

On the other hand, the people who saw this scene had a new view of the strongest club. Liu Ziyang was also so powerful.

Judging from the competition just now, Liu Ziyang's strength had also reached the top level of Yan University. This... It was unbelievable.

This was the opinion of the seniors. When the freshmen saw this scene, their expectations for the strongest group increased by another point.

The elder of the strongest guild had only used a year to increase his strength to this extent. Moxiu seemed to have some kind of magic that allowed the people around him to grow continuously.

These new students were once again reassured. They felt that entering the strongest club was an honor.

This time, Moxiu did not personally take action, but he managed to stabilize the situation once again..

Chapter 348: Glass Bead (1)

MO Xiu did not expect such an outcome either. He had inadvertently promoted the strongest club again.

Their original plan was to let Liu Ziyang teach them a lesson and establish his prestige.

Now, it seemed that it had even pushed the recruitment of new members to proceed smoothly.

If the biggest beneficiary of the Zhou Fu incident was the strongest club, then the second beneficiary was Liu Ziyang.

Liu Ziyang's words were frivolous and exaggerated at first, but he showed his strength in the battle that followed.

Coupled with his handsome appearance, he attracted the attention of many juniors.

Liu Ziyang went back to Duya's side to show off.

"Look, hasn't my strength increased a lot?"

Du Ya glanced at the crowd and said, "I see that your ability to pick up girls has increased a lot!"

"Ah what?"

Du Ya grabbed Liu Yang's ear and left the crowd. As she walked, she said to the girl who was looking at Liu Ziyang, "What are you all looking at? This is my man!"

When MO Xiu saw this scene, he could only snicker. Liu Ziyang might fall into Du Ya's hands in this lifetime.

With Hao Ren and He Lingyue present, the scene quickly regained order.

MO Xiu watched for a while more and felt that there should be nothing else, so he quietly left.

Before he left, MO Xiu even found Ye Qian 'er. Ye Qian 'er was very sensible and told MO Xiu to take it step by step and rely on himself. Thus, he joined a branch and wanted to enter the strongest club through his own efforts.

MO Xiu had originally planned to do the same. He did not want Ye Qian 'er to enjoy too many privileges.

Now that the whole school knew that she was his sister, it was enough to ensure her safety. There was no need to take care of her too much.

Otherwise, it might affect Ye Qian 'er's normal life.

However, there was one thing that made MO Xiu unhappy. Ye Qian 'er's female companion was actually Cai Ning.

MO Xiu was very unwilling for Ye Qian 'er to become friends with this actor, but Cai Ning had acted too quickly. The relationship between the two was already very good.

Under such circumstances, MO Xiu felt helpless and could only secretly warn Cai Ning.

After walking out of the crowd, Moxiu tossed a glass orb in his hand. This was his new habit. He always had a glass orb in his hand.

At first, Liu Ziyang and the others saw MO Xiu holding a glass orb for no reason and thought it was some treasure. Later on, when they took it from MO Xiu, they realized it was just an ordinary glass orb.

Not only that, but IVIOXILI'S pockets would also be filled with these pearls.

Moxiu's explanation was that these beads might be nothing in the hands of others, but in his hands, they were bullets.

The others thought about it and agreed. With Moxiu's current strength, the damage caused by the glass orb might really be comparable to that of a bullet.

On the way to the school gate, Xiao Hong appeared again. "MO Xiu, you ran away just like that?"

"You're also trying to sneak away, aren't you?" MO Xiu said.

Xiao Hong and MO Xiu agreed and left together.

Xiao Hong returned home immediately. She had a lot of work to do in the past few days. If she wanted the Xiao family to completely break away from the royal family, the first step would be to turn it into a business. She had been preparing to set up a company these few days.

Moxiu, on the other hand, headed straight for the Strongest Group. It was time for the Strongest Group to amaze the world.

The rapid development of the strongest group made it so that Mu Mu and Cao Fenglin couldn't escape. They didn't even return to school for the opening ceremony and stayed in the company.

Because of this, Cao Fenglin even scolded MO Xiu. He had really stepped into a thief's boat.

In fact, Moxiu didn't even need to go to the Strongest Group to understand the situation. At the beginning of the month, MO Li had taken over the Strongest Group and set the general direction.

The so-called younger brother MO Li was actually MO Xiu, MO Xiu's clone.

After Moxiu awakened his third skill, he had been thinking about how to use this clone.

The effect in the challenge was not necessarily as strong as the destruction bubble. There was a high chance that it had to be hidden.

After some experiments, when Moxiu used the [Soul Divergence] skill again, the doppelganger would not be reset. Instead, the duration would be refreshed.

In other words, even if the doppelganger was very far away from Moxiu, Moxiu could still control it from afar. The doppelganger would not be affected by the refresh duration.

This was equivalent to a second him! Coupled with various additional effects, it ensured that the clone could be controlled freely and that information could be shared.

Moxiu felt that it was a pity not to use such a clone.

Therefore, at the end of last month, Moxiu secretly left the Imperial Family.

After arriving in the outside world, he would use his Soul Clone to summon his clone to avoid arousing the suspicion of the Da brothers.

After leaving his clone in the outside world, MO Xiu returned to the Imperial Family.

Since the clone existed for a long time, it needed an identity to facilitate its work.

That was why there was the gentle and refined MO Li. MO Xiu also had a younger brother from then on.

Setting the identity of the clone as MO Xiu's younger brother was to let MO Li's identity integrate into the strongest group faster and gain trust.

Of course, there was trouble. Moxiu's friends had never heard of Moxiu having a younger brother, so it was inevitable that they would have some doubts.

At this moment, one had to admit how powerful the Distraction skill was.

He could also pinch his face. MO Xiu could imagine a face that looked very similar to his and Li Yuan's. This would dispel most of his doubts.

In addition to Moxiu's explanation and superb acting skills, even Cao Fenglin didn't notice anything amiss.

Of course, MO Li's identity pointed directly to the Li family and needed the Li family's help to cover up.

MO Xiu didn't explain the cause and effect. He only asked Li Yuan to help him hide this matter. As for the rest of the Li family, he would leave it to Li Yuan.

Li Yuan was still doting on MO Xiu. Unlike other parents, she doted on him in a different way. Li Yuan absolutely believed in MO Xiu.

When MO Xiu mentioned this matter, Li Yuan did not ask any more questions and agreed immediately.

This way, MO Li's status would be established and she could work in the strongest club.

There were two reasons for MO Li to join the strongest organization. One was to protect Mu Mu and Cao Fenglin, and the other was to protect the strongest organization.

In the process of establishing the strongest group, Moxiu had gathered almost all of his forces together.

In the past, MO Xiu's base was Shun City. Now, it was Yan City, the strongest corporation in the world.

Once there was any movement, MO Xiu would know immediately.

The second reason was that MO Xiu needed to control the direction of the strongest corporation's development. In the past, he didn't have the energy, but now that he had MO Li, this problem was naturally solved.

When MO Lichu arrived in the outside world, MO Xiu did not control him to act immediately.

After he found that there were no problems, he went to Zeng Liugen and obtained the identity of a teacher at Yan University.

After that, he came to the most powerful group until now.

However, Moxiu also encountered some small problems, which were caused by the flip.

The Soul Clone and Destruction Bubbles shared the same skill slot. If he wanted to keep using Soul Clone to keep MO Li from disappearing, he would have to keep using Destruction Bubbles to flip.

Moxiu thought of two methods. The first was to continuously accept challenges and release them in battle.

The other was the glass orb in Moxiu's hand..

Chapter 349: Foundation

Destruction Bubbles could be used not only on living creatures, but also on objects.

Moxiu was currently holding the glass bead in his hand, but in reality, he was holding the Destruction Bubble in his hand.

In other words, every half an hour, a glass orb would turn into ashes in Moxiu's hands.

They arrived at the building of the Strongest Group. The last time they were here, only one floor of the building belonged to the Strongest Group. Now, the entire building belonged to the Strongest Group.

When MO Xiu walked through the door, the receptionist immediately saw him.

"You are Chairman MO? I...

"I can go up myself." MO Xiu waved his hand.

MO Li had been working here for almost a month, so MO Xiu knew this place like the back of his hand.

Knowing where Mumu and the others were, he went straight to Mumu's office.

He didn't knock on the door and pushed it open.

"Who is it? Why didn't you knock?"

Cao Fenglin's voice rang out as he walked towards the door in a rage.

"MO Xiu? F * ck! Why didn't you tell me you were back?"

MO Xiu patted Cao Fenglin's shoulder and said, ""You've been back for a few days. You've been back to Yan University twice. You're too busy to pay attention."

Cao Fenglin said excitedly, "MO Xiu, this is too awesome. You actually thought of such a good idea. The strongest corporation is about to succeed in its transformation. Your brother is also very powerful.""

The two of them walked into the office and saw Mu Mu and MO Li.

Mu Mu looked at MO Xiu differently this time. The emotions in his eyes were very complicated.

“Old Cao, why is your wife looking at me like that?” MO Xiu turned to Cao

Fenglin.”

Cao Fenglin snickered.”

Mu Mu said,” MO Xiu, you have a good plan. I finally understand your purpose. You want to tie me to the strongest group. When I set the direction of the strongest group’s development, you let MO Li appear and overturn my plan. You also want the strongest group to develop rapidly so that Feng Lin and I can’t leave.”

This was what Mu Mu was thinking. The original strongest group had already stabilized. Mu Mu felt that he might not be needed anymore. Just as he was about to withdraw, MO Li came with MO Xiu’s plan.

This plan was too shocking. Mu Mu was amazed, but at the same time, he gave up on the idea of leaving.

“I didn’t expect to get such a business opportunity,” replied Moxiu.”

Mu Mu sighed. He had no choice. He was completely tied down by MO Xiu.

After that, they sat down and began to discuss the current development of the company.

During the discussion, Cao Fenglin and Mu Mu praised MO Li’s abilities many times.

This made MO Xiu feel a little awkward. This was equivalent to hearing someone praise him in front of him, and he had to go along with it. Right, right, right. You guys were right. MO Li was indeed not bad.

Not only that, MO Xiu also gave MO Li a lot of encouragement, telling him to work here without worry.

Even a veteran actor like MO Xiu felt extremely awkward when he was acting with himself, and it was even a show that praised him.

The company's current direction of development was to stop all projects other than security and use all its strength to develop Moxiu's plan.

Therefore, since this month, the turnover of the strongest group had actually been declining.

However, the few of them knew one thing.

Now was the most crucial time. The product was about to be listed. Once it was listed, the strongest group would become the largest company in the central region of the alliance.

Back to MO Li's interview.

Mole Lee opened the box that he carried with him in front of Mumu and Cao Fenglin.

When he saw what was inside, Mu Mu was so shocked that she couldn't say a word. Cao Fenglin's eyes widened as he cursed.

"What kind of expression is that?" asked MO Li."

Cao Fenglin pursed his lips and said," If I'm not mistaken, the box is filled with herbs, right?" Could it be that there were Earth-rank herbs from the aura it emitted?"

MO Li smiled and nodded. He closed the box and said, "That's right! There were

Larcn uraae neris ana Heaven oraae neris.'

Cao Fenglin was so shocked that he took a few steps back. He was once a proud son of the Yan University and was now a teacher. However, he had never come into contact with heaven-grade herbs before. MO Li actually brought a box of them?

It was precisely because Cao Fenglin knew the preciousness of heaven-grade herbs that he lost his composure.

Mu Mu Mu and herbs had less contact, and relatively, calmness was faster.

“Did MO Xiu ask you to bring these herbs?”

‘Yes,’ MO Li nodded. “My brother not only asked me to bring herbs, but also a whole set of plans!”

“Plan?” Cao Fenglin asked. Selling herbs? Was MO Xiu crazy? If there were herbs, why didn’t he keep them for himself and sell them out?”

To be able to bring back so many herbs, Cao Fenglin wasn’t stupid. He could roughly guess where Moxiu had been during this period of time.

However, even the royal family would not sell herbs in the outside world. What was MO Xiu planning?

“Tell me!” Mumu said.

MO Li took out two documents and handed them to the two of them. He then began to explain. MO Xiu naturally knew that there was a limit to the number of herbs. Otherwise, the herbs in the outside world wouldn’t be so scarce.

When the entire plan was displayed before Mu Mu and Cao Fenglin, the two of them understood one thing. Moxiu’s ambition was too great. He wanted the strongest group to become the number one in the alliance.

There were a few key points in the entire plan.

Firstly, herbs were not for sale, but for cultivation.

Secondly, MO Li had brought back a set of rapid breeding methods. They could produce a batch every seven days.

Third, the herbs that were cultivated had been specially processed and had direct benefits to the human body. It was not difficult to strengthen the body. If consumed for a long time, it might even be helpful in upgrading skills.

Fourth, a complete production plan and the direction of the strongest group.

Moxiu immediately set the direction for the strongest group. All that was left was to implement it.

This was a matter of great importance, and the fewer people who knew about it, the better. Thus, MO Li, Mu Mu, and Cao Fenglin held a meeting that night and finalized all the details.

The next morning, the Qiangqiang Group announced to the public that they would stop all projects except for security.

The security department had become a branch of the strongest group and had undergone a large number of personnel changes.

The entire Strongest Group building was divided into two areas. The lower half was used for public and security projects, while the upper half was used for secret research and development.

More than three weeks had passed, and most of the cultivated herbs were already usable. The next step was to determine the type and positioning of the product.

The outside world could see that the strongest group was making a big move, but the strongest group was like an iron bucket. No one knew what the strongest group's next move was.

Mu Mu and Cao Fenglin's workload was extremely heavy during this period of time. The first batch of herbs had to be kept a secret, which was especially important. Most of the time, they had to do it personally.

In the beginning, they still didn't know if the product would work. Mu Mu and Cao Fenglin were completely relying on their trust in MO Xiu.

At this crucial moment, Moxiu had returned to the battlefield..

Chapter 350: Pharmaceutical Production (1)

Moxiu's plan was very comprehensive, but even he couldn't guarantee that it would succeed.

This was because Motheo had no experience and had never experimented with it. All of this was the result of discussing with Big Cat.

The first time Moxiu used the Skill Cultivation Room, he had already thought about whether he could use this method of converting herbs into spiritual energy in the outside world.

However, there were limited herbs. Even if he could use this method in the outside world, there were not enough herbs to support it.

If there were enough herbs, there would be no need to concentrate resources on the royal family.

Moxiu had found a big cat last month. Even if he couldn't promote it, he could let his friends use it.

What MO Xiu wanted was none other than the technique to convert herbs into spiritual energy.

Big Cat's answer disappointed Moxiu.

The difficulty of transforming herbs into spiritual power was not in terms of technique. There was a turning point in this process.

Herbs were not directly converted into spiritual energy. They were first converted into undamaged medicinal liquid, and then the undamaged medicinal liquid was converted into spiritual energy.

It was divided into two steps. The first step was also very difficult, but it could be solved through technology. However, the special effect of the herb would be lost if it was not damaged. The only advantage was that it was easier for people to absorb spiritual power.

The real key was the second step, the process of Qi Transformation. This was a step that returned to its original state. It could not be solved technically and relied on skills. Big Cat did not know who the person who possessed this skill was.

Big Cat's words disappointed Moxiu. This way, he would not be able to bring the Skill Cultivation Room to the outside world.

Since he couldn't bring the best to the outside world, Moxiu started to have other ideas.

The first thing that came to his mind was the free herbs in the herbal medicine store. If he sold these herbs outside, it would be of great help to the strongest corporation.

However, they were always sold out, and there didn't seem to be many of them.

After Moxiu asked the big cat, he understood that the herbs were not natural. They were man-made.

This piqued Moxiu's interest. The fact that it could be cultivated meant that it could be endless.

After Big Cat patiently explained, he came up with Moxiu's current plan.

The fact that herbs could be cultivated was something that someone had thought of during the early stages of the mutation.

However, the results were not ideal and even disappointing.

The source of the Reiki was the meteorite 'Origin'. After the global eruption, the Reiki entered the living bodies of humans, animals, and plants as if it had a consciousness.

There was no residue in the air, and animals and humans could pass it on according to their genes.

However, plants basically reproduced asexually. After mutation, their ability to reproduce naturally became extremely weak.

Even if it was artificially bred, in an environment without spiritual energy, it would lose most of its medicinal strength.

There were a few characteristics of the plants that could not be changed. Even after so many years and countless experiments, they could not be changed.

The difference between spiritual power and wild plants was huge. To what extent?

After cultivating Human-level and Spirit-level plants, they would become ordinary plants without any spiritual power. This was also the origin of those forests and greenery.

After growing Earth Grade herbs, they would bring very little ling power, and the concentration of ling power would not even reach the standard of Human Grade.

Heaven-grade herbs depended on luck. If one was lucky, there might be human -grade or spirit-grade herbs. If one was unlucky, they might be no different from ordinary herbs.

Moreover, all the herbs that were cultivated would lose their medicinal effects and only retain their spiritual power.

It was useless to the outside world, so no one cultivated it. They would immediately consume the herbs they obtained.

There was a skill training room in the royal family, so they were constantly breeding. They were breeding a large number of Human-level and Spirit-level herbs in case the herbs were completely exhausted.

These two pieces of information were actually useless. After all, there was no room for manipulation.

However, if the two were combined, it would be useful. If the cultivated plants were used to make medicinal liquid, it would be better for people to absorb it. Would it have any effect?

Moxiu told the big cat about his thoughts. He had not tested it before, so the big cat did not know if it would work. However, it was likely to work.

If it was useful, all the problems would be solved. The cultivated herbs were useless to consume directly. They could be turned into medicinal liquid. The medicinal liquid was useful but lacked raw materials. It could be cultivated.

Moxiu looked at the big cat with bright eyes. His intentions were obvious. He had the attention and could implement it. Now, he was just lacking the skills.

He lacked the advanced techniques to grow herbs and the methods to make herbs into a harmless liquid.

Big Cat naturally understood Moxiu's intentions. If this was successful, who knew what heights Moxiu's strongest group would reach.

"Can you help me this time?"

"It's not difficult to obtain the breeding technique and the method to make the non-destructive medicinal liquid," Big Cat said. "However, I need to consult the Tianji School for such a major matter.""

“That’s how it should be!”

Just as Big Cat was about to visit the Elder of Heavenly Secrets, a message was sent.

“Moxiu isn’t the strongest, but the entire human race.”

This was sent by the Tianji School. Big Cat and MO Xiu both understood the meaning behind this sentence.

That night, Moxiu took out a portion of herbs from his small treasury and put them in his suitcase before making a trip to the outside world.

“How’s the progress now?” Moxiu asked in the office.”

Cao Fenglin said,” This matter is very important. The three of us are in charge of different tasks. MO Li is in charge of cultivating the herbs, I’m in charge of creating the machine to extract the non-destructive medicinal liquid, and Mu Mu is in charge of the general direction and the entire process.”

“On my side, after many failures, I created the first batch of machines to prevent the technology from being leaked. This batch of machines is not a lot, and each machine has a number to facilitate management.”

Mu Mu said, “The entire production line has been arranged, and the personnel for each step has also been arranged.””

Now, he only needed the raw materials for MO Li.

MO Li smiled slightly.” The breeding is very successful, but in order to increase the production, the first and second batches of products have all been put into reproduction. The third batch has also come out. I will keep some to continue breeding, and the rest can be used as the first batch of products.”

Mu Mu and Cao Fenglin were both excited. This was great. After working so hard for so long, there were finally results.

“Haven’t you tested the effects of the medicinal liquid before?” asked Moxiu.”

Cao Fenglin replied,” Of course we’ve tested it. The three of us have tested the human-grade medicinal liquid produced. It’s effective, and the effects are obvious. However, there’s still a difference between experimental products and mass-produced products. Whether the first batch can be produced is very important.”

Next, everyone started to get busy. They started to produce the first batch of medicinal liquid, and MO Xiu stayed behind to help.

The work only ended at night. The first batch of medicinal liquid was successfully produced.

There were a total of thirty-five bottles of Spirit-grade medicinal liquids and one hundred and fifty-two bottles of Human-grade medicinal liquids.

All of them had medicinal effects. After analysis, all of the effects that MO Xiu had mentioned before were present.

Moreover, there was also a crucial point. The effect was very fast. It was so fast that as soon as he drank it, he could feel the spiritual power flowing through his body and the changes that had happened in his body..
