

Four Skills 351

Chapter 351: I Like It (1)

The characteristic of being effective quickly was too important. The medicinal liquid itself was beneficial to the human body, but the benefits were limited.

If a weak person drinks it, it might have a great effect. If a stronger person drinks a small amount, it won't have a great effect.

If the effect was slow and the medicinal effect did not show after drinking it for a long time, it might be considered ineffective.

The characteristic of being effective quickly was the best advertisement.

In addition to these graded medicinal liquids, there were more than 500 medicinal liquids that had not reached the Human Grade. Although the effects were not particularly good, they were still somewhat useful.

"MO Xiu, what kind of product should we make with this medicinal liquid?" Mu Mu asked. Drinks or food? I've made a lot of preparations and can develop in any direction."

"You want to turn the medicinal liquid into a derivative?"

Mu Mu and Cao Fenglin exchanged a glance and said,""Yeah, making a new product will greatly increase production, and we can launch many product lines. Why not?"

MO Xiu smiled. His smile was very sincere.

"In that case, wouldn't it dilute the medicinal effects? Can you add the medicinal liquid to other things without causing any damage?"

Mu Mu shook his head and said, "I can't do it now."

"I'll sell the original solution!"

MO Xiu's words caused Mu Mu and Cao Fenglin to be very surprised. This method could indeed maximize the effects of the medicinal liquid, but there were too many drawbacks.

If we sell it directly, it's very likely that the technology will be cracked by others. Then, a large number of imitations will appear on the market. At that time, it will have a huge impact on us."

This was the problem that Cao Fenglin and Cleansing Eye were most worried about. The reason why they had such a huge workload during this period of time was to prevent the technology from being leaked.

"What if I tell you that the appearance of imitations is inevitable?" Motheo asked indifferently."

Once the medicinal liquid was released, the outside world would research and replicate the pharmaceutical liquid model of the strongest group.

There would be imitators within the royal family. When some of the royal family saw the feasibility, would they bribe outsiders to help them set up companies in the outside world?

Moxiu felt that it was very possible. These technologies were not a problem for the royal family at all, so the imitation would come faster than expected, and there was no way to prevent it.

Mu Mu didn't understand. After all, he didn't know the situation of the imperial family.

Cao Fenglin pondered for a while and guessed some clues. He said,""Mo Xiu, how should we develop our party? Only then could the strongest group survive this war."

The imitation would soon appear, and this would be a war. The first step was especially important.

There were many examples of imitations killing the real thing, and everyone knew that.

“As long as you can do these three things, a replica might not be a bad thing. It might be a good thing!” Moxiu said as he extended three fingers.”

Cao Fenglin asked, “What are the three points?”

” The breeding of the MO Li is going very smoothly,” Moxiu said.” The next batch should have explosive growth, right?”“

No problem.” MO Li nodded and said,” The next batch of raw materials will be a hundred times more than the first batch. ““

MO Xiu nodded his head in satisfaction. Mu Mu and Cao Fenglin stared at MO Li in shock. With such a large number, it seemed like MO Li and MO Xiu were planning something big.

MO Xiu said to Mu Mu and Cao Fenglin,”“Notify all the media to hold a press conference tomorrow. The bigger the occasion, the better. If the reputation of the strongest group is not big enough, tell them my name and Mumu’s name.” Cao Fenglin and MO Xiu nodded their heads, and MO Xiu directly walked out.

When the two came back to their senses, Mu Mu said,”“Did Moxiu not mention the three points?”

Cao Fenglin cursed.

“This kid is still keeping us in suspense?”

The two of them looked at MO Li together. MO Li said, “My brother has this problem. I know a little about it. Let’s discuss it first.”

MO Li,”It’s too difficult. I have to scold myself.”

He didn't stay idle for the whole day. After a busy day, he returned to the Cloud Top Villa very late at night.

It wasn't that MO Xiu didn't want to stay behind to discuss the press conference with Mu Mu and Cao Fenglin. It was just that there was an uncertain factor in the family. It was the same with MO Li.

Zheng Yi had finally been freed, so he wouldn't come back to see Little Fushun so easily.

Little Fushun was home alone, so MO Xiu was worried, especially after what had happened a few days ago.

When he returned home, MO Xiu opened the door and saw Little Fushun obediently lying at the door, seemingly waiting for MO Xiu to return.

MO Xiu patted his head.

MO Xiu hoped to spend more time with Little Fushun.

Little Fushun was becoming more and more sticky. He couldn't even follow MO Xiu and insisted on lying on his body.

MO Xiu could clearly feel the change in Little Fu Shun. He had become clingy and obedient. He no longer looked like a wild beast, but more like a pet.

Did Little Fushun change his mind?

As for which direction it would develop in, it was still uncertain.

The next morning.

The release of the Strongest Group was set to be at night. MO Xiu did not rush over early in the morning. He decided to go to Yan University to take a look.

Yesterday's recruitment seemed to be very successful, but as the president, he should still go back and take a look. He didn't need to show up anymore.

MO Xiu had originally wanted to give a speech at the general assembly after the recruitment ended, but what happened yesterday had caused MO Xiu to appear in the public's eyes ahead of schedule.

MO Xiu also felt that there was no need to speak. He came back today to take a look. After that, he could put aside the matter of Yan University and the strongest club.

Back at school, MO Xiu went to find He Lingyue. He wanted to talk to her, but he didn't expect her to be busier than before.

He Lingyue's office was full of people. MO Xiu was the president, but he could only stand at the door and greet He Lingyue from afar.

Moxiu left with a bitter smile and walked into Hao Ren's office.

In comparison, this place was too deserted, and there were only Hao Ren and Lin Feng here.

"Hao Ren, your wife is so busy. Why aren't you helping her?" said MO Xiu.

Hao Ren said, "I don't have the strength to do so. It's not a good time for me to show my face. After all, the handover has just begun. I have to let the whole school know that she's the one in charge. ""

MO Xiu looked at the two of them packing up and asked, "You two are leaving?"

"Yeah," said Lin Feng. "After the recruitment ended yesterday, the two of us talked for the whole night. We found that there are still many things that haven't been done. We're going to leave and go to various places to perfect it.""

Moxiu nodded." Alright, go ahead. But before you leave, you have to help me do something.

"What is it?" Hao Ren asked. Just tell me."

"Before tonight, I'll make a trip to the Strongest Corporation. One is to transfer

Know-it-all to the Strongest Corporation, and the other is to help the Strongest Corporation's rise."

Lin Feng and Hao Ren said in unison.

"Creating momentum? I like it!"

Chapter 352: I'm Displeased Seeing You

MO Xiu smiled. Indeed, creating hype and publicity was what the intelligence department was best at.

If the intelligence department only collected information, it would not be of much use. Next was the time to test the know-it-all.

In the past few months, Hao Ren had traveled to various cities in the central region, and he had people in every city. Whether or not he could make a difference depended on this.

MO Xiu chatted with the two of them briefly before leaving. He might not come to Yan University for the next period of time, so he decided to visit Ye Qian 'er.

He contacted Ye Qian 'er and arranged to have a meal with her at the cafeteria.

MO Xiu first went to the cafeteria to wait, then looked around since he had nothing to do.

The cafeteria hadn't changed. It was still the same, but there was no sign of the popular act of scamming people.

MO Xiu and Liu Ziyang had encountered each other once, and Xiao Hong had helped them solve the problem.

The cafeteria was generally quiet. The students were of high quality until three boys walked in.

The three of them made a racket the moment they entered. Their voices were clearly much louder than the others.

He was also very arrogant when he ordered his food. MO Xiu frowned and did not meddle in other people's business.

Such people would be educated sooner or later, and their arrogance would be smoothed out, just like Zhou Fu and the others. They must be regretting it now.

Not long after, Ye Qian 'er's figure appeared. There was another person beside her, Cai Ning!

MO Xiu sighed. This Cai Ning was really annoying. He had already warned her yesterday, yet he still appeared with Ye Qian 'er today.

The two of them sat down. Before MO Xiu and Ye Qian 'er could speak, Cai Ning spoke first.

"Senior MO, what are we eating?"

MO Xiu passed the meal card to Cai Ning.

After Cai Ning took the meal card, he lowered his head slightly, looking a little shy.

He thought to himself, 'What does Senior MO mean by this? Why did you give me your meal card?

"Order a few of Qian 'er's favorite dishes. Bring them back when they're ready.

I'll chat with Qian' er for a while!"

Cai Ning's expression suddenly changed. Wasn't MO Xiu's words a little too straight?

This was because he despised Cai Ning for delaying their conversation and wanted to send her away.

Cai Ning was extremely unwilling, but since MO Xiu had already said it, he had no choice but to listen and leave resentfully.

"How have you been these few days, Lil 'er?" MO Xiu asked. Are you used to it?"

Ye Qian 'er said," At the beginning, I'm still not used to the competition education of Yan University. However, we had a class competition today, so I don't think it's that hard to accept. ""

"Is that so? The inter-class competition had begun? What was the result? Did you advance?"

Ye Qian 'er covered her mouth and laughed." Brother, it's only the first day.

How can the results be out so quickly?" I did pass the first round."

Only then did MO Xiu recall that not every teacher was as irresponsible as Cao Fenglin.

Completing the inter-class competition in a day and the selection within a few days. Other than Cao Fenglin, no one else could do it.

After chatting with Ye Qian 'er, MO Xiu gradually relaxed. Cai Ning wasn't as bad as he had imagined.

At the very least, from the looks of it, he did not do anything to harm Ye Qian 'er.

It made sense. It wasn't easy for Cai Ning to establish a friendship with Ye Qian 'er, so why would she harm Ye Qian' er?

On the other hand, with such an experienced and high-level green tea by Ye Qian 'er's side, Cai Ning thought a lot and was more vigilant. Perhaps it would be beneficial to Ye Qian' er as a form of protection.

Thinking about it this way, MO Xiu did not particularly dislike Ye Qian 'er interacting with Cai Ning. MO Xiu also did not want to interfere too much with Ye Qian' er's social life.

MO Xiu also found out about the changes in Yan University. In the past, Yan University only had competitions and rarely had classes.

If he had any questions, he would ask the form teacher directly, and the form teacher would answer them on the spot.

It was different now. There would be a lesson every day. The number of classes was still much less than other schools, but it was still a change.

The main reason for the change was Wang Yu's skill book. The lesson was also based on the explanation of this book.

As MO Xiu and Ye Qian 'er chatted, the voices beside them grew louder and louder.

"What the f * Ck is this? Is this the standard of Yan University's canteen?"

"Sigh, I originally wanted to experience life and come to the canteen to have a taste. I didn't expect it to be so bad."

The voice came from the three people from before. These three people were obviously rich kids.

The purpose of coming to the canteen was probably not to experience life, but to show off.

The commotion was huge, attracting the attention of MO Xiu and Ye Qian 'er.

MO Xiu's gaze landed on the man sitting in the middle. He felt that he was somewhat familiar.

At this moment, Cai Ning came back with a tray. He placed the tray on the table and said, "Let's eat. I ordered everything Qian 'er likes under Senior Mo's orders."

"Cai Ning, do you know the people at that table?" MO Xiu pointed at the table and asked."

Cai Ning looked in the direction MO Xiu was pointing and frowned when he saw the three boys.

"I only know one of them, the famous young master of the Xiao family, Xiao Qing."

As expected!

After Cai Ning finished speaking, he realized something. Xiao Qing's sister, Xiao Hong, had a scandal with MO Xiu. Cai Ning added: Senior MO, don't tell me you don't know him?"

"I haven't seen him yet." MO Xiu smiled."

Xiao Qing's actions and tone of speech were all that of a profligate young master.

At this time, the three of them were getting more and more excited as they chatted. They even stood up and prepared to cause trouble for the canteen staff.

MO Xiu stood up and prepared to go over. Cai Ning whispered, ""Senior MO, I understand them. It's useless to stop them. With you around today, they might not cause trouble, but they will hold grudges. Who knows, they might come and cause more trouble tomorrow?""

Cai Ning's words were very reasonable. It could be seen that she was not a bad person. He wanted to persuade MO Xiu not to care about it.

"What you said makes sense. If it weren't for Xiao Qing, I wouldn't have bothered about this matter.""

Xiao Qing and the other two were casually walking towards the food collection area when MO Xiu suddenly stood in front of them.

Xiao Qing, who was walking at the front, almost bumped into MO Xiu.

"Do you want to die? Why don't you take a look at the person in front of you?" One was scolding, and the other was about to make a move.

"I know who's in front of me," Moxiu said. "You should know who's in front of you too.""

The two of them didn't pay much attention to it, but when Xiao Qing heard this, his expression changed and he immediately sized MO Xiu up.

He quickly recognized MO Xiu and turned around to stop the two people behind him.

"It seems you've recognized him," MO Xiu said to Xiao Qing.

Xiao Qing turned around and said, "We just feel that the dishes here don't taste good. We'll go and communicate with the chef. Is there a problem?""

MO Xiu said, "I didn't say that I was stopping you for this matter. How did you know?""

After the two people behind Xiao Qing calmed down, they recognized MO Xiu and were so scared that they didn't dare to speak.

They were indeed conceited and thought that they were superior, but they were nothing in front of Moxiu.

"Then why are you blocking the way?" Xiao Qing did not panic." MO Xiu rubbed his ears and imitated the appearance of a playboy.

"I just don't like you!"

Chapter 353: Redefine the Press Conference

When MO Xiu's extremely arrogant words came out, Xiao Qing was not as furious as he had imagined.

He lowered his head and left with the two people behind him.

After a short walk, the two people behind Xiao Qing asked,""Young Master Xiao, will Moxiu find trouble with us in the future? If my dad finds out that I offended MO Xiu, he'll definitely beat me to death."

Xiao Qing walked out of the cafeteria without saying a word, and Ye Qian 'er happened to see him.

Moxiu returned to his seat and the few of them began to eat.

It was just a simple probe earlier, but MO Xiu could tell that Xiao Qing was definitely not as simple as he appeared to be.

Not only did he hide the skill from Xiao Hong, but it was also very likely that he was faking his personality.

After the meal, MO Xiu sent Ye Qian 'er and Cai Ning back to their dormitory. He then called Xiao Hong to inform her of what had happened today.

Xiao Hong's reaction was calmer than MO Xiu had expected.

"Moxiu, I've guessed a little. During the transformation of the family in the past two days, I've discovered many secrets. Let's meet another day and talk about it again."

MO Xiu didn't ask further. From Xiao Hong's tone, he could tell that she was tired. He let Xiao Hong handle it herself.

After Ouyang Shenfeng's incident, MO Xiu was no longer worried about Xiao Hong. If she couldn't handle it, she would come to find him.

The matter at Yan University came to an end. MO Xiu went to the principal's office for the last time.

Zeng Liugen was a relatively pure person, so he didn't bother with formalities.

Before MO Xiu left, Zeng Liugen stopped him.

Zeng Liugen took out a box from his drawer and handed it to Moxiu with a hesitant expression.

"MO Xiu, do me a favor. Give this box to the Rong family."

There was no prior reason, and no mention of which Rong family it was.

However, MO Xiu understood that the Rong family Zeng Liugen was talking about was probably one of the four great families of the imperial family.

MO Xiu didn't ask any more questions. He nodded and said, ""Do you need me to bring a message?"

“No need, just give the box to the Rong family, thank you.”

“Principal Zeng, you’re too polite. I’ll take my leave then.”

He walked out of Yan University and looked at the box in his hand. Zeng Liugen was related to the Rong family?

Moxiu found it interesting. So the royal family had never been mysterious from the start. It was closely related to his life. It was just that he had not reached the corresponding level before.

The matters at Yan University were all settled and on the right track. Ye Qian ‘er didn’t have to worry too much. After all, He Lingyue and the others were looking after her.

After that, it was the matter of the Strongest Group. Moxiu drove straight to the Strongest Group.

At 17:00, in the central square of Yan City.

There was a special product launch at this symbolic place today.

The most powerful group that was originally developing rapidly had been silent for nearly a month. Last night, they released an explosive news.

Tonight at 17 O’clock, the Strongest Group would be launching their new product in the central square. MO Xiu would be the speaker of this conference, and Mu Mu would also be present.

It was not easy to apply for the right to use the central square. This was the first time a company could hold a press conference here.

If one wanted to use the central square for personal use, one would need to apply to the City Lord’s Mansion.

However, it was only possible to apply. Based on the previous situation, it was almost impossible to apply successfully.

However, the Strongest Group was different. They had two big mountains, MO Xiu and Mu Mu, and they were well-known.

Not only was it famous, but there were also people above it!

MO Xiu's teammate, Liu Peixiong, was working in the City Lord's Mansion during the school tournament, so he could quickly apply and get approval.

The company was powerful, and MO Xiu and Mu Mu were well-known. Moreover, the press conference was held in such a special place.

With all these factors added together, even without publicity, it would still receive a lot of attention.

Almost all the media and some of the audience were gathered in the central square.

Even some television stations were broadcasting it, and the discussion on the Internet was earth-shattering.

However, there was a strange thing in this heat.

The Strongest Group did not say what the new product was, not even what type it was.

There had been such a press conference before, but the organizers would put up some attractive slogans.

For example, a cross-generation product, a product that would completely change people's lives.

Slogans like these were used to attract attention. After they were released, most people would be disappointed. However, it was not a problem. After all, they attracted attention and gained popularity.

The Strongest Group did not have anything this time. Even the media and most of the employees of the Strongest Group did not know what they were going to release this time.

If there was a theme to this press conference, then the word mysterious was the most appropriate.

Moxiu ignited the internet once again.

“F * ck, the Strongest Group has always been managed by Mu Mu, right? MO Xiu seemed to be the main speaker of the press conference this time. Was there any big move?”

“Is there a need to say that? How long had it been since MO Xiu last appeared? I remember that he hasn’t appeared since the inter-school confrontation.”

“You guys are still a little ignorant. MO Xiu has appeared a few times during this period of time, most of which were at Yan University. Moreover, his actions were very low-key.”

“Let’s wait and see, MO Xiu’s actions are worth watching.”

“I say, are you guys off topic? This was a new product launch. Shouldn’t the focus be on the new product?”

“We don’t even know what the new product is.”

It was time for the press conference.

Under everyone’s expectations, MO Xiu walked up to the podium.

“Hello everyone, long time no see, I...”

"I missed you so much!"

The audience was shouting.

Moxiu smiled and said, "This is a joke from the last century, right? Don't bring it out. I'm serious about my return this time!"

He paused for a second to give the audience time to react.

"This is a new product launch, and I'm the main speaker. If I say anything unrelated to the product, I'll be acting like a hooligan. Let's get straight to the point and talk about the product directly. Don't waste the time of the audience and media friends."

Cheers erupted from the audience. It was rare to see such a straightforward speaker. Under normal circumstances, he would dawdle and say something irrelevant or keep everyone in suspense. It seemed like Moxiu was not going down the normal path.

The Internet was cheering.

"MO Xiu is so handsome. I feel that MO Xiu is even more handsome than before!"

"Brainless fan above, the appraisal is complete. This is called handsome? This was not handsome. There was no such thing as handsome in the world." "MO Xiu is awesome! Redefine the press conference!"

MO Xiu hadn't even started speaking, but the audience had already given him a unanimous praise.

Cao Fenglin pursed his lips. It would be strange if MO Xiu didn't keep them in suspense. Prepare to receive this move.

MO Xiu pressed his hands down, signaling for the crowd to be quiet.

When everyone's attention returned to Moxiu, he continued. First of all, I want to introduce the spokesperson of this product."

Cao Fenglin smiled. Everything was under his control.

The audience was stunned.. First, introduce the spokesperson? What was the product?

Chapter 354: Let the Bullets Fly a Little Longer

Just this?

Whether it was the media or the audience, whether it was in the stadium or in front of the television, these words appeared in their hearts.

He had said it so well just now and thought that he would be releasing the product directly. He did not expect to introduce the spokesperson first. This operation was really awesome.

Moreover, no one could find anything wrong with it. Moxiu indeed did not mention anything unrelated to the product. The spokesperson had a lot to do with the product.

"To be honest, I've put in a lot of effort on the spokesperson aspect. I've been thinking about it for countless days and nights. I've been thinking about what kind of person can match our products."

The audience was dumbfounded. What kind of product was this? You didn't say anything. Isn't this acting like a hooligan?

Cao Fenglin covered his face and couldn't bear to watch. MO Xiu was too good at making things up. You just returned to the strongest corporation yesterday. Not to mention the spokesperson, you only came into contact with the product yesterday. Where did you get countless days and nights?

Our products symbolize the future and hope," Moxiu continued." Our company's purpose is quality. Who is suitable?" Just as I was in a state of panic,

I suddenly woke up! Look for him thousands of times!"

The audience listened attentively to Moxiu's nonsense.

Cao Fenglin and Mu Mu exchanged a glance as though they had realized something.

Is it so suitable for me, or is it so suitable for me? Hope, happiness, a future, and being able to lead by example. It couldn't be said that the product chose her, but it could only be said that the product and her were an excellent combination. "

"I think you should have guessed who I'm talking about. She hasn't appeared in a long time. In order to bring hope to everyone again, she has made a comeback. "

"Let's give a warm round of applause. If it's not sincere, please don't give it to our Goddess of Hope. She's also the only spokesperson for this new product,

Mu Mil!"

Not only Mu Mu, even Cao Fenglin was dumbfounded. What was MO Xiu doing?

With such an arrangement, they should rehearse. Even if they didn't rehearse, they should at least tell Mumu, right?

Wasn't this pushing a duck onto the perch? Both of them knew that MO Xiu was afraid that Mu Mu would disagree.

Under such circumstances, no matter how unwilling Mu Mu was, he had to bite the bullet and go on stage.

Mu Mu was someone who had seen the world, but when he stepped onto the stage in such a situation, he was stunned for a moment and didn't know what to say.

Moxiu hadn't announced the product yet. If he couldn't talk about the product now, what else could he say?

MO Xiu saw through Mu Mu's thoughts at a glance and said, "Everyone, Mumu has been very emotional since she was informed of the endorsement deal. We won't let her speak today. How about letting Mumu sing us a song called

'Hope'?"

Mumu was shocked again. Why was she singing?

Cao Fenglin, who was at the side of the arena, almost cursed out loud. MO Xiu was truly shameless.

MO Xiu got off the stage and Mu Mu braced himself to start singing.

The discussion on the Internet became more and more intense.

"Hahaha, I'm dying of laughter. Moxiu has really redefined the concept of a press conference this time."

"Let's listen to the song. There's no need for so many things!"

Although it was a little strange, it was not bad to hear Mu Mu sing live after such a long time.

Slowly, everyone got into the mood and forgot that this was a press conference. They were all immersed in Mu Mu's singing.

Due to the intense response, after Mu Mu's first song ended, the audience let out a tsunami of cheers.

“One more, one more!”

Mu Mu looked at MO Xiu, who was below the stage, for help. MO Xiu had no intention of going on stage to save the situation, so Mu Mu could only continue singing.

Cao Fenglin asked, “What are you trying to do?””

” There’s no rush,” MO Xiu said.” Wait a little longer. The effect will be even better!””

Mu Mu sang six songs in a row before MO Xiu slowly walked onto the stage.

When the two of them brushed past each other on the stage, Mu Mu glared at MO Xiu.

This was the first time Mu Mu had expressed his dissatisfaction towards MO Xiu, and it was also a feeling that came from the bottom of his heart.

Mu Mu didn’t say a word after he got off the stage.

Cao Fenglin consoled him,” MO Xiu, that bastard. I’ll settle the score with him when we get back.””

Mu Mu sighed and said, “Forget it. MO Xiu is doing this for the company’s good.

When Moxiu returned to the stage, the audience was still a little unsatisfied.

If the press conference did not attract everyone’s attention at the beginning, then after Mu Mu’s performance, people who were not interested in the press conference would pay attention.

Just as everyone was immersed in Mu Mu’s singing, MO Xiu seemed to have changed into a different person and stopped keeping them in suspense.

Moxiu held a small bottle of sealed liquid in his hand and showed it to everyone.

“This is the product we are going to release today, herbal liquid!”

Medicinal liquid? The audience and media could guess just by hearing the name, but they still had to hear what Moxiu had to say.

“Do you see this small bottle of medicinal liquid? The energy contained within was all the energy of a spirit level herb, and it could be absorbed by the human body quickly.”

While everyone was waiting for Moxiu to continue his introduction, Moxiu stopped talking.

It’s a very clear message to everyone that this is the only new product of our strongest group, as you can see.

It was not easy for the real main character to appear. MO Xiu only had two sentences to explain, but just these two sentences caused a huge uproar.

A reporter immediately asked questions.

“Chairman MO, what is the purpose of producing this medicinal liquid? Will it be directly put into the market?”

This question was directly asked at the crucial point. Herbs were already very rare, and the medicinal liquid had to go through the steps of extraction. Wasn’t it even rarer? If they could not mass produce such a product, why would they hold a press conference?

Scarcity meant that the price was expensive, and expensive meant that it could only be sold in a small area. In that case, it would be better to hold a gathering of the rich than a press conference.

Moxiu said, "Of course we'll sell them after we produce them. The first batch has already been produced. There are 30 bottles of Spirit Grade medicinal liquid, 100 bottles of Human Grade medicinal liquid, and 500 bottles of Normal Grade medicinal liquid. This is the first batch. The second batch will produce 100 times more than the first batch."

Everyone was stunned. Since it could be sold, the most important thing now was the medicinal effect.

As expected, a reporter immediately asked.

"Chairman MO, can you give us a detailed description of the medicinal effects?"

"I'll answer this question last. Let's move on to the next question first. Let's..." Motheo smiled. Let the bullets fly a little longer."

Everyone was puzzled, but they could only put it aside for now. There were still many questions to ask.

"May I ask, you said that each bottle has the energy of a medicinal herb. Will the actual product be diluted before being sold?"

"No! I swear on my honor that our Strongest Group only sells the original solution!"

"Chairman MO, how did you mass-produce such a precious medicinal liquid?" You're involved in a trade secret."

"Just now, you said that the medicinal liquid is divided into grades. Then what is the price of each grade?"

This was the question that everyone was concerned about.. If the product could be mass-produced, would the public be able to afford it?

Chapter 355: The Bullet Has Arrived

The entire place was silent. Even the audience in front of the television held their breaths and focused, wanting to hear MO Xiu's pricing.

"The price of a normal grade medicinal liquid is 5000, a human grade medicinal liquid is 20000, and a spirit grade medicinal liquid is 200000," said

Mo Xiu."

Moxiu's words caused everyone to boil with excitement.

This price could not be described as expensive. Compared to the price of the herbs, it was simply free.

The middle and upper class people cheered. They could afford such a price.

However, for the people at the bottom, they were still far behind. However, they did not have much hope at first. After all, things related to herbs had nothing to do with them.

Before the audience could calm down, MO Xiu continued, "But.....

However, the moment he appeared, everyone was silent. Many people thought of all sorts of sales tactics, such as membership, purchase qualification restrictions, and third-party speculation.

It seemed that they had thought too simply. How could there be such a good thing in the world? Everyone was prepared for a turn of events.

"However, there are some restrictions and requirements when purchasing the medicinal liquid."

As expected! The evil membership system.

“There are two main points! Restriction on purchase and assessment subsidy!”

It sounded different. Everyone’s hearts were on edge because of Moxiu.

“First of all, I will explain the purchase restriction system. All sales of medicinal liquids will be transferred offline. Each person will be limited to one bottle per day. After purchasing, they will drink it on the spot.”

If purchased personally, use immediately. Each person can only purchase one per day.

Once these conditions came out, they completely eliminated the scalpers and prevented them from speculating and raising the price by a third party.

Moreover, he had achieved the most difficult thing to do with a product, anti-counterfeit!

As long as there was enough production, how could there be fake goods?

Moxiu gave everyone some time to digest the information. There were many advantages to doing so, but the disadvantages were also very obvious. It required a huge amount of manpower and resources. They needed to open branches all over the Alliance at the same time to occupy the market.

However, this wasn’t a problem. After the press conference ended, Mu Mu and Cao Fenglin’s phones would definitely explode. The number of people who wanted to invest in the company and cooperate with them would be unimaginable. After the press conference ended, they could arrange these things and develop rapidly.

Moxiu continued,” The second point is the subsidy system. We will evaluate the family situation and the user’s talent of the person who buys the medicinal liquid. We will subsidize the person according to the actual situation. The lowest price is zero yuan.”

The moment he said that, the silent scene was once again ignited. MO Xiu tried to silence the scene several times but failed.

Previously, the people who were excited were from middle-class families. This time, it was the turn of the bottom class. With the subsidy mechanism, as long as there were talented children, they could use the medicinal liquid at a low price. They were not afraid that they would not be able to make a name for themselves even though they were talented.

While the crowd was cheering, Cao Fenglin and MO Xiu exchanged glances. How should the evaluation team deal with this? This was a big problem.

MO Xiu cast a glance at Cao Fenglin and ignored him. His meaning was very clear.

I've already thought of a way for you. I don't care what you do.

Cao Fenglin and Mu Mu originally thought that the previous pharmaceutical production was the most difficult moment. They didn't expect that MO Xiu's series of operations would greatly increase their workload in the future. The real test was yet to come.

The scene returned to its usual calm. MO Xiu said, "I'm very happy with your cheers, but don't you have a conscience if you let me stand here like a fool for a few minutes?"

The crowd burst into laughter again.

The reporters continued to ask questions.

"Chairman MO, since you don't want to tell me the effects of the medicinal liquid, are there any side effects?"

"There are no side effects," Motheo said straightforwardly. "You can treat the medicinal liquid as the essence of the herbs, preserving all the energy within the herbs. However, I have to make one thing clear. The medicinal liquid will not retain the special effects of the herbs, such as the effect of upgrading the Spirit Ring's skills."

Of course," the reporter said. "I also want to ask, since the first batch of medicinal liquid has already been produced, when will it be sold?" Is the price the same as the normal retail version? Many people

wanted to experience the first batch of medicinal liquids. Did the first batch of medicinal liquids require special qualifications? After all, there are only a limited number of them.”

“You want to know the details of the sale, right?” Moxiu replied. The first batch of medicinal liquid is not for sale, but the second batch will be available for sale within ten days. Please look forward to it!”

“Mr. MO, what should we do with the first batch of medicinal liquid?

MO Xiu was about to answer when his phone rang. He picked it up and looked at it.”The bullet has arrived. Please look at the screen.”

A video clip appeared on the screen behind Moxiu. The content that was played shocked everyone once again.

A group of people dressed in the uniforms of the strongest corporation shuttled through the alleys. Sometimes, they would appear in a residential building or enter a well-known company.

They were doing the same thing. They were randomly distributing the medicinal liquid to the people of Yan City and interviewing them about their feelings.

These people’s actions were synchronized with the press conference. They had just finished distributing the video and quickly edited it to send it to the scene.

In the video, there were all kinds of people drinking the medicine. They were all doing whatever they wanted. They ranged from the CEO of a famous company to laborers doing manual labor.

Not only was the sample large, but it also contained a wide range of information.

All of the medicinal liquids taken were full of praise for the people who took all of the medicinal liquids.

The company’s CEO commented,” I feel better immediately after drinking it. I feel much more relaxed.”

The couple on the road said, "I'm full of strength now. I feel like I can fight for 300 rounds."

The construction worker said, "This... What kind of divine medicine is this? Can I bring the remaining mouthful back for my son to drink?"

Every video, every segment, made everyone empathize. Such an interview-style promotional video made people feel every use of the medicinal liquid.

In the last scene, an old man with no children sat in a wheelchair in a daze.

This old woman was quite famous in the local area. She had no descendants and was disabled. The savings in her hands did not treat her own legs but helped people who were more difficult than her.

Someone from the Strongest Group found her and handed a bottle of spirit grade medicinal liquid to the old man.

"What is this?" the old man asked in a daze. Was it medicine? I'm not drinking.

Don't waste the good stuff."

"Grandma, this is a drug that I'm still experimenting with. Would you like to try it for us?" said the staff member beside her. The success of the drug research would save many people."

After the old man heard this, he drank the medicine without hesitation. Not long after, the old man suddenly opened his eyes and stood up from the wheelchair.

The staff was very excited, but the old man shook his head and sighed.

“Sigh, what a waste, what a waste!”

The video came to an abrupt end, and many of the audience were already in tears.

Was this a promotional video?

MO Xiu was so evil that he deceived everyone’s tears..

Chapter 356: Three Points

After the audience calmed down.

The reporters finally realized why Moxiu didn’t answer the first question.

What was the medicinal effect of the medicinal liquid? MO Xiu said to let the bullets fly for a while more.

Now, the bullet had arrived and hit everyone’s heart.

First, he talked about the pricing and purchase policy, as well as some other related matters. Only the most important medicinal effect was not mentioned.

Now that the video had been released, was the efficacy still important?

Everyone had seen the effects of the medicinal liquid through this video.

Hearing is false, seeing is believing.

The video contained too many samples and involved too many people. Many of them were ordinary people around him. There was no way to fake it. The truth was right in front of him.

No matter how much MO Xiu said on stage today, it could not compare to this real video.

The audience in the stadium and in front of the television were all applauding for the strongest group and Moxiu.

This time, the applause was not as loud as when the subsidy policy was announced, but it did not die down for a long time.

MO Xiu didn't say another word. It was enough. It was good that he left the stage now.

MO Xiu got off the stage and left with Cao Fenglin. However, the reporters and audience didn't leave. They were still clapping.

This wasn't a press conference at all. This was a speech by Moxiu to the entire Alliance.

From the positioning of the medicinal liquid products, to the pricing, to the policy.

The appearance of the medicinal liquid was no longer as simple as a product. It was a help to everyone.

It would allow everyone, rich or poor, to improve rapidly.

This was an increase in the strength of the entire population and a push for the progress of all mankind. The significance of this was indescribable.

Everyone watching could only applaud to express their respect for Moxiu.

Throughout the entire press conference, MO Xiu controlled the overall situation. Every segment and every sentence was just right.

Moxiu knew every question the reporters asked.

Even though there was no rehearsal for this press conference, Moxiu had gone through it countless times in his mind before he could reach the current situation.

The discussion on the Internet was no longer intense, and all the netizens reached a rare consensus.

“I’m on the forum for no other reason. I just want to see how you guys are bragging about Moxiu.”

“How else can I brag? I’m uncultured, f * cking awesome, isn’t that enough?”

“Looking at the entire press conference, Moxiu did it perfectly.” “Moxiu has used his expertise in conspiracies to do a great thing.”

“Salute!”

Mu Mu and Cao Fenglin returned to the company feeling ashamed. Compared to MO Xiu, they were still too shallow.

Only now did the two of them understand the gap between them and MO Xiu.

Mu Mu and Cao Fenglin were thinking about the strongest corporation. This was also the mission that MO Xiu had given them.

Moxiu’s first thought was also the strongest corporation, but he made a series of decisions at the press conference. Considering the entire human race, the two of them did not have such a broad mind.

Lowering the price of the medicinal liquid and being friendly to the people at

the DOttom was a vvm-vvm situation.

It allowed everyone to use the medicinal liquid. While the entire population improved, it also brought huge benefits to the strongest group.

In other words, the pattern determined the results.

Cao Fenglin couldn't help but sigh. He still remembered what he had said to MO Xiu before. At that time, he said that MO Xiu's scale was small.

How long had it been? The situation was reversed.

Cao Fenglin felt that he couldn't be compared to MO Xiu now.

After returning to the company, the core members had a meeting to settle everything.

MO Li took over the production of the medicinal liquid and was fully responsible for the entire production line.

Mu Mu was still looking at the overall situation, talking about business cooperation and all matters related to sales.

Cao Fenglin's mission was the most important, so he was in charge of the evaluation team.

To assess whether or not to give preferential treatment to the people required a rather large team, and the biggest problem was management.

Once there was a problem with management, it was very easy for the allocation of resources to be unreasonable.

The division of labor between the three of them seemed to be MO Li and Mu Mu in charge of the big section while Cao Fenglin was in charge of a small section.

In reality, the most difficult part was Cao Fenglin's evaluation team. If there was a problem in the rear, the reputation of the strongest group would collapse.

Cao Fenglin had a worried look on his face. He really didn't want to take on this heavy responsibility. In the end, under MO Xiu's coercion and temptation, he reluctantly agreed.

Cao Fenglin had always been lazy, but he was actually very reliable, especially when it came to analyzing the overall situation.

He could be considered as Moxiu's first teacher. He wasn't worried at all about handing such a heavy responsibility to Cao Fenglin.

As long as Cao Fenglin agreed, he would do his best. There wouldn't be any problems.

The meeting went on for a long time. MO Xiu conveyed his thoughts and hoped that Mu Mu and the others would strictly implement them.

At the end of the meeting, Moxiu had said that he would not be afraid of the imitation if he did three things. Those three things had been put to the surface.

First, the opportunity and goods were sufficient. The strongest group was the first to launch, so the biggest advantage was the opportunity.

He would make use of the time when others had yet to react or were still developing to seize the opportunity and seize the market, quickly spreading the market.

This was extremely difficult, but Moxiu had also considered that after the press conference ended, there would definitely be more people seeking cooperation than enemies. After all, everyone wanted to get a share of the profits peacefully.

At this time, what the strongest group had to do was to accept widely and have strict requirements.

He wanted to cooperate as much as possible, and he had strict requirements for his partners.

This was Mumu's job these days. Not only in Yan City, but also in other cities.

When it was released ten days later, Moxiu estimated that there would be at least 1,000 shops in the central region of the Alliance.

We have the goods, and the production at MO Li's side will only increase. It's rare for them to spread out quickly.

Quickly carry out the renovation of the new shop and try to unify the standards of the shop. After the cooperation was completed, it was not difficult to do so with the manpower and material resources. If the renovation was not completed, they could use the temporary sales point. In short, they could open the shop first.

Let everyone know that we have the goods and occupy the market well.

Second, the establishment of a corporate image. The image of the strongest group itself was very good. The chairman was MO Xiu, and the general manager was Mu Mu.

The two of them were convincing no matter where they went, plus Moxiu's press conference.

He had brought the release of the medicinal liquid to a whole new level. Now, before the goods had even started selling, they had already received the recognition of the public.

A good brand image was established. When the public chose products, they would give priority to the strongest group.

Third, the most important point was the price and preferential policies.

What was the imitation for? It was benefits.

If the price of authentic products was so low that everyone could accept it, then why would consumers buy preventive products?

When the profit was below a certain level, the genuine product would completely destroy the counterfeit.

The price of the medicinal liquid could make some people in the outside world who wanted to profit from it give up on the idea.

However, if there were people within the Imperial Family who wanted a share of the loot, all Moxiu could do now was to make them feel uncomfortable.

The benefits are limited, and you might not be able to do it.. Are you going to do it or not?

Chapter 357: Deep Cooperation (1)

After the matter with the Strongest Group was settled, MO Xiu left. Now, it was time to see how Mu Mu would perform.

Moxiu's original plan was to return and follow the matters of the strongest corporation. After all, this was the foundation and could not be lost.

However, Little Fushun's case had always made MO Xiu uneasy.

He decided to go out as little as possible in the next few days and spend more time with Little Fushun.

Little Fushun was raised by MO Xiu, but the time he spent with him was not as long as Yang Qingzhuo and Zheng Yi.

Every time MO Xiu saw Little Fu Shun, he felt a little guilty.

When he returned home, he opened the door and saw Little Fushun waiting obediently at the door, just like yesterday.

She was so obedient that it made one's heart ache.

Moxiu's life was probably the most relaxed period of time these few days.

He played with Xiaoxun every day and occasionally paid attention to the

Internet.

In the past, Moxiu did not pay attention to the Internet because he felt that there was no need to. The news on the Internet was much slower than the information he received.

Now, they were paying attention to it because the release of the medicinal liquid needed the public's reputation.

After giving out the medicinal liquid on the street and shooting the video, Hao

Ren and Lin Feng's new task was to create hvne online-

Some of the posts were obviously made by Hao Ren.

"I'm the cameraman of the team that gave the medicinal liquid to the strongest corporation. What do you want to ask?"

“Heaven’s Son! I was chosen by the strongest corporation and was fortunate enough to try the medicinal liquid. There are pictures that tell the truth.”

MO Xiu took a quick look. Most of the comments were positive, and the internet was filled with laughter.

Of course, no matter the time, there would be no shortage of keyboard warriors.

These people couldn’t cause any trouble, so MO Xiu and Hao Ren didn’t care.

As for the Strongest Group, MO Xiu was able to know the progress of the battle without Mu Mu reporting the situation because of his clone MO Li.

As for the herbs, the second batch was out, and they were rushing to work on the third batch. They were trying to sell them together in ten days.

Mu Mu only took three days to complete the integration of resources. Almost all the enterprises in Yan City became partners, and there were many other cities that cooperated with them.

Mumu couldn’t split up, so she couldn’t go to other cities in person. Hao Ren’s help came into play at this time. He had people in every city to help Mumu solve this problem.

Three days later, Mumu began to prepare for the sale of the medicinal liquid. He spent most of the day in meetings to deal with the problems in various cities.

From this moment on, he stopped cooperating with others. It was too late. He had to wait a little longer.

Cao Fenglin’s side was filled with difficulties. He only managed to get things going after poaching most of the employees of the Strongest Group.

The evaluation department needed a large amount of information. The know-it-all couldn’t take on this responsibility at this time. Cao Fenglin couldn’t afford to make any mistakes.

In the end, Moxiu asked Wang Yu for help, temporarily using the Shadow's intelligence system.

With the intelligence, the team, and the system, the next step was to experiment.

If you want to apply for a discount, you must declare it in advance to give the evaluation team time.

In theory, those who wanted to enjoy the discount would not be able to catch up with the first batch of sales.

Cao Fenglin's method was simple and effective. He opened up a green channel and opened up a channel for preferential reporting on the official website of the strongest group.

There wasn't any publicity, but everyone who sold the medicinal liquid should be able to see it.

There was a quota for the first batch of applications. Only 1,000 applications were accepted.

These 1,000 applications were the best sample. After the application was successful, the evaluation team would inform the applicants that the evaluation was in the testing stage. If there was anything that was not done well, they hoped to feedback in time and make adjustments.

MO Xiu couldn't help but admire Cao Fenglin. This was killing two birds with one stone.

On the one hand, the evaluation team could quickly work and find the shortcomings. On the other hand, the people would be very grateful to the strongest group and could use the preferential policies as soon as they were released.

On the eve of the release of the medicinal liquid, there was another major event in the Strongest Group. Know-it-all quietly merged into the Strongest Group and became one of its departments.

Everything proceeded according to plan.

June 28th.

Zheng Yi still hadn't returned. It seemed like he wouldn't be coming back before MO Xiu left.

However, there was good news. Yang Qingzhuo was back.

Yang Qingzhuo had been home for a short time before, but this time, it was much longer.

MO Xiu knew that Yang Qingzhuo had untied the knot in his heart and communicated with Yang Zekun.

Yang Qingzhuo hugged Little Fushun tightly the moment he came back. She hadn't seen him for a long time.

Little Fushun was also lying in Yang Qingzhuo's arms obediently, rubbing against Yang Qingzhuo affectionately.

MO Xiu couldn't help but curse again, "Perverted cat!"

Yang Qingzhuo's return had released MO Xiu to a large extent.

MO Xiu could finally go out for a walk. After giving Yang Qingzhuo some instructions, he left.

First, he went to the Strongest Group to see the progress of the work.

As everyone was busy, MO Xiu's sudden return was really of no help.

After all, everyone had their own way of working, and each department was on the right track.

If MO Xiu stayed any longer, it would seem like he was pointing fingers.

After leaving the Strongest Corporation, MO Xiu went to the Xiao family. Xiao Hong had been extremely busy. Two days ago, she called MO Xiu and said that she had time to come over.

When MO Xiu arrived at the Xiao Family, he often moved around the Xiao Family's herb garden. He had never been to the Xiao Family's herb garden before.

After getting out of the car, they saw a castle. That's right, it was a castle!

A starved camel was still bigger than a horse. The imperial family that had been removed from the list still had such powerful strength.

There were guards at the entrance. After Moxiu explained his intentions, someone immediately brought Moxiu into the castle.

The outside looked like a castle, but the facilities inside were very modern. There was a hall on the first floor. Moxiu directly entered the elevator and stopped on the sixth floor.

As soon as he got off the elevator, he saw Xiao Hong waiting for him at the elevator door.

"Welcome to your first time here. I still have some work on hand and couldn't go down to pick you up."

"Don't stand on ceremony with me," Moxiu said. "You're all busy people. I'm just an idle person.""

Xiao Hong was wearing a light-colored long dress. As the hostess, she appeared polite.

"Let me show you around!"

Moxiu nodded, and the two of them walked into the Xiao Clan's castle.

As they walked, they talked about recent events, the Xiao family's company, and Xiao Qing.

The Xiao family's company had already completed its preparations. It was a comprehensive company that made use of all their previous connections, but its popularity was still relatively low.

"I have everything ready now, except for the east wind," said Xiao Hong.

MO Xiu laughed and said, "Hahaha, if you have anything to say, just say it. How can I not help?!"

Xiao Hong suddenly stood still and said with a smile, "Awesome, my Xiao family wants to ride on the ship of the strongest group."

"This is not a problem. Contact Mumu directly."

"I've already contacted them," Xiao Hong shook her head and said. "But I want to cooperate on a deeper level."

"Exchange of shares!"

Chapter 358: The Top Secret Mission of Humanity

"Are you trying to be my boss?" Moxiu asked.

"How would I dare?" Xiao Hong said as she walked. The most powerful corporation is much bigger than the Xiao family. How about we exchange according to market value?"

"No problem." Moxiu nodded.

What Xiao Hong wanted was not the immediate benefits, but her reputation.

MO Xiu and Xiao Hong's relationship, many people know that they are very close, but the public does not know.

He needed proof of identity, and holding shares of the strongest corporation was more convincing than being Moxiu's friend.

Xiao Hong could use this opportunity to promote her company.

If it was anyone else, MO Xiu would not have agreed, but this was Xiao Hong, a business partner.

It was equivalent to helping his own family. He had nothing to lose, so why not?

"Alright, it's settled then!" Xiao Hong said happily."

"Good! It's a deal."

After walking around, he returned home.

With Yang Qingzhuo's return, MO Xiu could finally have a good meal.

"What are we eating today?" asked MO Xiu."

Yang Qingzhuo came out of the kitchen with two plates of meat.

"Hotpot! Are you surprised?"

MO Xiu immediately became dejected. Why was it hotpot? He had eaten a lot of hotpot these past few days.

Yang Qingzhuo saw that MO Xiu's expression was not good and asked, "Mo Xiu, what's wrong? Are you very busy today? Are you tired?"

"No, let's eat hotpot."

However, Moxiu was thinking in his heart, 'I hate hotpot!'

After the meal, MO Xiu was in charge of washing the dishes while Yang Qingzhuo and Little Fushun were playing around. Everything seemed to have returned to the time when Little Fushun had just arrived.

At night, Little Fushun lay beside MO Xiu.

MO Xiu and Little Fushun had been sleeping together for the past few days.

Little Fushun was unusually obedient and didn't move.

Looking at the sleeping Little Fu Shun, MO Xiu couldn't help but smile.

Suddenly, a strong feeling told MO Xiu that he would enter an illusion if he looked behind Little Fu Shun.

Moxiu didn't go against this feeling and focused his attention on the patterns on Little Fu Shun's back.

It felt very similar to the last time. This time, the scene was still in the same room.

Yoruhana and the middle-aged man were discussing.

"Wanhua, what is the true form of this Heaven Devouring Beast?"

Yoruhana thought for a moment.” According to various studies, it was a cat before the mutation.”

The middle-aged man was very puzzled and asked, “How did the cat become so strong?” It should be a tiger, right?”

Yoruhana continued in a heavy tone.

“What does this prove?

” I suspect there’s only one Heaven Devouring Beast,” Yoruhana said.” It’s been killed countless times and reborn countless times.”

“What is it? How is this possible?”

Wan Hua opened the cage and stroked the fur of the Heaven Devouring Beast.

“According to my analysis, every generation of Heaven Devouring Beasts has not developed to their optimal form.”

The middle-aged man said in horror, “What is it? Even the Heaven Devouring

Beast that Wu Shang had fought before hadn’t fully developed?”

Yoruhana nodded, confirming the middle-aged man’s statement.

Moxiu was also a little surprised that he was resurrected? Did that mean that when Little Fushun grew to a certain level, he would awaken his memories from his previous life?

The middle aged man asked, “How did the Heaven Devouring Beast revive?” No way to stop it?

Yoruhana shook her head.”

Wan Hwa’s expression was solemn, and the middle-aged man became more and more impatient. He grabbed Wan Hwa and said, “How terrifying will that Heaven Devouring Beast be when it fully matures?”

This was also the question MO Xiu wanted to know. What would Little Fushun become in the future?

Yoruhana sighed and said, “I feel that the Heaven Devouring Beast is the same as Supreme Heaven’s Secrets.””

” What?”

The middle-aged man’s expression seemed to be on the verge of collapse as he shook his head.

“I don’t know where Wu Shang is right now. We can’t let the Heaven Devouring Beast grow.””

After saying this, Yoruhana took out a remote control and was about to press it.

MO Xiu understood what it was. It was a device to kill the Heaven Devouring Beast. Once pressed, the Heaven Devouring Beast would die.

Just as Yoruhana was about to press the button, Little Fushun’s figure flashed across Moxiu’s mind. For some reason, she shouted.

“Stop!”

This voice seemed to have passed through the limitations of space and the torrent of time, falling into Yoruhana’s ears.

“Hmm?”

Yoruhana looked left and right before finally looking at the middle-aged man.

“Did you hear that?”

The middle-aged man was slightly stunned.” No, I didn’t. Did you hear anything?” Is it Supreme’s instructions?”

Yoruhana paused for a moment, shook her head, and finally pressed the button.

The cages were all closed. A scream came from inside, and then there was no more movement.

Yoruhana coldly opened the cage and looked inside. Moxiu followed suit.

He was surprised to find that there was nothing inside except for some blood.

Corpses...It disappeared.

This also verified what Wanhua had said earlier, that the Heaven Devouring Beast could be resurrected.

Moxiu was currently looking into the cage. He was very close to Yoruhana.

Yoruhana seemed to have noticed something and turned to look at Moxiu. Moxiu also realized that something was wrong. He looked at Yoruhana. The two of them were very close to each other, and they were facing each other. Yoruhana’s expression was serious as she stared into Moxiu’s eyes and said, “Activate humanity’s top secret mission, kill the Heaven Devouring Beast!”

These words were like an order to Moxiu. Moxiu took a few steps back, shuddering.

What was the meaning of this? Who was Yoruhana? What relationship did he have with Elder Tang?

What was Elder Tang's purpose for sending Xiao Fushun to her side? Could it be that he was here to carry out this top-secret mission?

Had his and Little Fushun's fate been decided from the start? This... MO Xiu couldn't accept it. With a splitting headache, he returned to reality.

After returning to the real world, Moxiu was unable to calm down. There were no signs, but Moxiu had a strong feeling that this was the last time he would enter the illusion.

What was going on? Shouldn't the illusions be recorded down by the Heaven Devouring Beast? Why would there be an interaction between me and Yoruhana?

If Yoruhana's last words weren't directed at Moxiu, even Moxiu himself wouldn't believe it.

Yoruhana's expression and tone at that time were like an order for Moxiu to carry out a mission and kill Little Fushun.

MO Xiu looked at Little Fu Shun, who was sleeping soundly beside him. No matter what, he couldn't make a move.

If Little Fushun was really that dangerous, MO Xiu would rather keep him by his side for the rest of his life than kill him, even if he could revive.

His head still hurt, so MO Xiu fell asleep as he thought about it.

The next morning, when MO Xiu woke up, he found that Little Fushun had diarrhea and was lying on the bed.

MO Xiu didn't blame him. Wasn't Little Fushun still a child?

After tidying up, MO Xiu went out. Yesterday, he had discussed with Xiao Hong and Xiao Hong about signing the contract today.

As soon as they arrived at the Xiao family's house, MO Xiu and Xiao Hong were about to sign the papers in front of the notary when they were interrupted by a phone call.

It was MO Xiu, Yang Qingzhuo.

After MO Xiu picked up the call, he heard Yang Qingzhuo's panicked voice for the first time.

"MO Xiu, Little Fushun has gone crazy. He just rushed out of the villa and I couldn't stop him.."

Chapter 359: Coming and Going for a Year

Hearing Yang Qingzhuo's words, MO Xiu was also a little nervous.

"How is it now?"

Yang Qingzhuo replied," MO Xiu, hurry up. I can't stop Little Fushun. I can't even use skills. Hurry up!"

"Keep an eye on Little Fushun, I'll be there soon."

Xiao Hong had never seen MO Xiu so anxious before. She asked, "'What's wrong? What happened?"

"There's no time to explain. Come with me," said Moxiu."

Xiao Holu and MO Xiu set off together and explained the situation to Xiao

Hong on the way.

Xiao Hong immediately realized the problem. Regardless of whether she found Little Fushun or not, this matter was very serious.

Little Fushun's importance to MO Xiu was needless to say. After interacting with him a few times, MO Xiu completely treated Little Fushun as his own child.

Even if Little Fushun was found and captured, he would definitely be noticed. At this critical moment, it would have a huge impact on Moxiu and the strongest corporation.

There might be a sudden change in the public's opinion. Taming wild beasts would ruin Moxiu's heroic image and even implicate Mu Mu and the strongest corporation.

At the same time, MO Li, who was in the front line of herbal medicine breeding in the most powerful group, had a sudden change in expression. Ignoring Mu

Mu's obstruction, she put down all her work and rushed back to the Cloud Top Villa.

MO Xiu couldn't care about anything else now. Little Fushun's matter was the most important.

It would be fine if Little Fu Shun could successfully escape from the human territory, but Moxiu could slowly resolve the mess he left behind.

Moxiu wasn't alone now. He had the support of many people. Furthermore, he had the strength and confidence. Once something happened, it wouldn't be as difficult to resolve as before.

Right now, MO Xiu was most worried about Little Fushun's safety. If he was discovered, even if MO Xiu could protect himself, it would be difficult to protect Little Fushun.

In the past, MO Xiu had some confidence, but now, he didn't.

After seeing the illusion last night, MO Xiu knew that even if he didn't make a move, Little Fushun would be in trouble if he was discovered.

MO Xiu was prepared to send Little Fushun away in the next few days, but he didn't expect a problem to arise so soon.

In the illusion, Yoruhana had just finished her mission when Little Fushun ran away the next day. There must be some connection between the two.

He couldn't care too much now. MO Li's position was closer to the Cloud Top Villa, and she was currently running away.

The first to arrive was also MO Li. After proving his identity, he headed straight for the eighteenth floor.

Soon, she found Yang Qingzhuo, who was standing in front of the villa.

"Where is Little Fushun?"

"Who are you?" Yang Qingzhuo asked."

"I'm MO Xiu's younger brother. MO Li, quickly tell me where Little Fushun is."

Yang Qingzhuo pointed at the sky and said,""It flew straight into the sky. I can't catch up."

MO Li clenched his fists tightly. At this moment, MO Xiu and Xiao Hong arrived. Xiao Hong immediately activated her skill and flew into the sky.

MO Xiu summoned his divine swords. One for himself, one for MO Li, and one for Yang Qingzhuo. They flew into the sky together.

"Did you see the direction Little Fushun flew in?" MO Xiu asked Yang Qingzhuo."

Yang Qingzhuo shook his head and said, "I couldn't see it. Little Fushun was too

fast.'"

"Alright, let's split up!" MO Xiu made a prompt decision."

They split up to search. The Holy Sword would disappear after it was a thousand meters away from the main body. In the process of searching, Yang Qingzhuo and MO Li's help was limited. In the end, only MO Xiu and Xiao Hong were left to search.

Time slowly passed, and MO Xiu grew more and more anxious. There was no trace of Little Fu Shun at all. If someone else saw Little Fu Shun first, it would be dangerous.

There was no way he could continue searching randomly. Moxiu calmed down and began to analyze where Little Fushun would go.

Little Fushun had a high IQ. If Little Fushun had seen a map somewhere, he would definitely fly to the nearest place to the wild beast territory. Shortening the distance would increase safety.

Moxiu turned his head and looked in a certain direction. If Little Fu Shun had already made preparations, then this was the only way.

He thought about Little Fushun's strange behavior before and how obedient he had been recently. He should have been ready to leave long ago.

Thinking of this, Moxiu no longer hesitated and flew in that direction.

The Holy Sword's speed was even faster after it was upgraded. Its straight-line speed should be even faster than the Demonic Eagle King.

Little Fu Shun was also very fast. He hadn't fought with Little Fu Shun recently, so he didn't know if he had improved.

Moxiu had to maintain his full speed and catch up to Little Fushun as soon as possible.

In this contest of speed, Moxiu still won.

Moxiu finally saw Little Fu Shun's figure as he sped all the way to the human border.

He had guessed it right, and he had also caught up.

Little Fu Shun seemed to feel that there was someone behind him. Before MO Xiu could shout, he stopped and looked behind him.

MO Xiu walked in, but Little Fu Shun didn't flee.

Moxiu came to a halt as he approached. The man and the beast maintained a distance between them, like the distance between two hearts.

“Why did you leave without saying goodbye?”

Xiaofu looked to Moxiu's side as if he was looking for someone else.

"Are you looking for Yang Qingzhuo?"

Little Fushun nodded, his expression reluctant.

MO Xiu finally understood that Little Fu Shun's choice to leave at this time had nothing to do with the illusion.

Little Fushun had waited until now to bid farewell to Yang Qingzhuo. After all, Yang Qingzhuo had accompanied him for the longest time.

"Do you really have to leave?" asked Moxiu."

This morning, MO Xiu had thought a lot about Little Fushun.

At this point, he already knew about Little Fushun's identity. He wasn't an ordinary magical beast. Once he was discovered, he would die.

There were only two ways to solve this problem. One was to find a way to control Little Fushun and make him stay in the villa for the rest of his life.

The other was to send Little Fushun back to the beast territory as soon as possible.

It seemed like Little Fushun didn't want MO Xiu to make the decision for him, so he made his own choice.

Little Fu Shun looked at Moxiu, then turned back to look at the vast plains in the wild beasts 'territory.

With a reluctant look in his eyes, he nodded his head with a firm expression.

It was very strange for such complicated emotions to appear on a wild beast.

However, MO Xiu didn't have any other feelings at this moment. He only felt a sense of reluctance.

MO Xiu and Little Fushun had only known each other for less than a year, but MO Xiu felt that they had been raised since they were young.

MO Xiu didn't say anything else. He turned his back to Little Fu Shun. He didn't want to see Little Fu Shun leave with his own eyes.

He thought, 'I hope we will never become enemies.'

Little Fu Shun looked at MO Xiu's back and understood what he meant.

He nodded. This time, his nod was different from before. It was a big one, more like a bow.

Then, she turned around and left. A tear fell imperceptibly.

MO Xiu stood on the Holy Sword for a long time without moving, even though he knew that Little Fu Shun had already left.

Letting Little Fushun leave this time might be detrimental to the human camp, but... MO Xiu wanted to be selfish for once.

Scenes of her experience with Little Fushun flashed through her mind. Finally, she froze on this morning, and she was in bed again.

He slowly turned around and saw that there was nothing behind him. He had left! Xiaofu took it!

"In the end, you even pooped on the bed.. Do you want to leave the same way you came?"

Chapter 360: The Flag of All Humanity (1)

When Moxiu returned to the Cloud Top Villa, it was already late at night.

Opening the door, Yang Qingzhuo and Xiao Hong waited anxiously. Xiao Hong rushed over and said, "Mo Xiu, how is it?" Have you found Xiaofu?"

Yang Qingzhuo sat on the sofa and said with a pained expression, "If they found it, they would bring it back. They definitely didn't find it. What should we do? It's all my fault for not stopping Little Fushun. MO Xiu, quickly think of a way!"

MO Xiu walked over and sat beside Yang Qingzhuo. He curled up on the sofa, looking exhausted.

Xiao Hong and Yang Qingzhuo saw MO Xiu's expression and knew that no one was as anxious as MO Xiu at this time. They did not dare to say anything to disturb him. "Found it!"

"What?!"

The two women said in unison,

"I found Little Fushun and let him go. I don't think anyone saw him on the way here. As for the Cloud Top Villa..."

Don't worry," Xiao Hong said. "I've already taken care of it. I've requested for the video to be deleted. Little Fushun was too fast. No one saw it clearly, so it won't spread."

Moxiu nodded his head. All of this was no longer important. Little Fushun had left, and he would no longer be threatened after entering the wild beast territory. All of this cleaning up was just to reduce his troubles.

"MO Xiu, I'm sorry. It's all my fault. If I hadn't stopped Little Fushun, he wouldn't have left." Yang Qingzhuo said.

MO Xiu smiled and said, "Don't mind him too much. Little Fu Shun has already decided to leave. Even if I am here today, I can't stop him. Let him go. This is his own choice. He is grateful for us and doesn't want to leave us. However, he won't be happy staying here."

After saying that, Moxiu returned to his room. He was in a bad mood and only wanted to have a good sleep.

Seeing that there was nothing else, Xiao Hong went back first. She had been out for a day, and there were still many things that the Xiao family had not resolved.

Yang Qingzhuo sat alone on the sofa in the living room, recalling MO Xiu's words.

After a long time, he smiled and returned to his room.

MO Xiu lay on his bed, unable to fall asleep. Although he knew that they would part sooner or later, he still found it hard to accept that it was so sudden.

Gradually, Moxiu closed his eyes. This was the first time he felt the feeling of parting with his family. He imagined how sad his mother must have felt when she left the clan alone for him.

"Little brat!"

This voice was very soft, and MO Xiu immediately sat up when he heard it.

"Master?"

He looked around and saw Master Tang in the corner.

It was unknown when Elder Tang had appeared in MO Xiu's room.

Elder Tang looked even weaker than the last time. Little Fushun had just left, and Elder Tang looked like this. MO Xiu's heart ached.

MO Xiu couldn't agree with some of Elder Tang's methods, but after all, the person who had given him the greatest help along the way was this old man in front of him.

MO Xiu helped Elder Tang sit on the bed and said, 'Master, sit down and rest.'

"Brat, are you looking down on your master?" Old Master Tang asked. I'm in good health."

"Your health is good, but you're tired. Don't tire yourself out."

Elder Tang nodded gratefully and said, "At least you have a conscience, kid. I came here this time mainly to tell you something."

"Please tell me the truth."

"I saw the medicinal liquid you launched. From the pricing to the policy, it's all very good. In the near future, if you show your face in front of the public more, you can further lower the price and increase your prestige."

MO Xiu frowned. He understood Elder Tang's intention. He wanted to deepen his image in case of emergency.

"Master, is the war about to start?"

Hearing MO Xiu's words, Elder Tang was very calm, as if he already knew that MO Xiu would guess it.

"That's right. I'm not far from the battle. I'm old. I might have to hand over many things to you in advance."

“What about you?”

Old Master Tang burst into laughter.

“Hahaha, MO Xiu, who can live forever? Do you know how old I am? It’s enough for me to live until now and see you grow to this point.”

Elder Tang’s words made MO Xiu feel very sad. Would this old man leave him one day?

Elder Tang did not appear often, but he was very worried about MO Xiu. Every step MO Xiu took, Elder Tang’s shadow was there.

MO Xiu nodded and said, “Don’t worry. I know how serious the matter is. Don’t tire yourself out. I can take over at any time.”

Mr. Tang smiled. “I have never doubted your ability. You are more powerful than me. You don’t have to be too eager for success. You just need to develop slowly. You are strong enough now.”

“Ever since I awakened my skill, I don’t think I’ve used it publicly. How do you know my current strength?” asked Moxiu.

“Have you forgotten?” Asked Old Master Tang. I can read you!”

“Hahaha, aren’t you going to give Master some face? I did look for Old Man Tianji. He said that your strength is comparable to the old imperial family and that you are the best among the young disciples.”

“I’m a little embarrassed to hear the old man praise me like this.”

“Don’t be so smug. You were born with a talent for combat. As long as your skills level up steadily, you’ll become a top-notch expert.”

Moxiu had always had doubts about this. Could one be born with combat talent?

Elder Tang could tell what MO Xiu was thinking. He patted MO Xiu and said, "There's no need to think too much."

"Heaven's will can also be changed, can't it?" MO Xiu shook his head.

In the illusory realm, the Elder of Heavenly Secrets once said that before the supreme was moved, the heavenly secrets were uncertain. Everything was not absolute.

"Your appearance is God's will. The purpose of your appearance is to change

God's will. Do you understand?" Elder Tang nodded.

"I don't understand!"

MO Xiu thought to himself. This sentence didn't make sense. It would be strange if he could understand it.

Elder Tang ignored Moxiu's question and continued, "What you need to do now is to continue to establish a good image in the outside world. The strongest group doesn't need to make profits. Money is useless. Use all the money to build your image."

"I understand." Moxiu nodded seriously.

"Also, it's already too late to establish your prestige in the Imperial Family. You need to amaze the world with a single feat and make all the Imperial Family notice you and value you."

Moxiu smiled faintly. This was exactly what he had thought.

"I have the same intention."

“That’s good. I’ll give you the greatest support on my side. You can just do it without worry.”

‘Master, what exactly do you want me to do?’ asked MO Xiu. Can you be more specific?”

Mr. Tang stood up and tidied his clothes, looking a little formal.

“I once said that a general’s achievements will make ten thousand bones wither. This general can protect humanity for many generations. Humanity needs such a leader, and you are one.”

Moxiu clenched his fists tightly. It seemed like the burden was heavier than he had imagined.

“Moxiu, prepare to take over the banner of humanity!”
