

## Four Skills 41

### Chapter 41: If You 're Not Family, You Won I t Enter the Same Door

Moxiu was stunned for a moment before saying, "Power attack type. The other types might not be suitable for me. ""

Great!" Hao Ren said excitedly." I'll choose the power attack system too.

Maybe we can share the same dormitory. ""

Hao Ren was indeed a good person. He explained the entire process of queuing to Moxiu, and Moxiu was very grateful to him. In the end, they exchanged contact information.

Finally, it was MO Xiu's turn. The registration area was in a very large classroom with five teachers sitting inside.

MO Xiu entered the classroom and sat in front of a free teacher.

The teacher's gaze was fixed on the computer screen in front of her. She did not look up at MO Xiu. It seemed that she was a little tired after a day of work.

"Name!"

"MO Xiu!"

When the teacher heard MO Xiu's name, he raised his head and looked at MO Xiu.

"You are MO Xiu?"

MO Xiu politely replied, "Yes, teacher."

"Aiya, I looked at the college entrance examination results. You're very suitable to enter the power attack department."

"I'll consider it," said Moxiu."

"What's there to consider? With your skills, which element can you enter if not the power attack system?"

MO Xiu had a confused look on his face, and the teacher was helpless. He took out a piece of paper and handed it to MO Xiu.

"Please fill out this form. After you fill it out, I will assign you a class and dormitory."

MO Xiu took it and took a look.

"Name, contact details, chosen department, expertise."

Don't even think about taking a long time to write, making the teacher feel a little helpless. What was there to think about?

When the teacher saw MO Xiu's registration form, his eyes almost fell out.

He looked at Moxiu in disbelief and said, "Mo Xiu, is there something wrong with your head? Are you sure you made the right choice?"

MO Xiu glanced at his report and said, "That's right. Teacher, please help me enter it into the computer. It's getting late. I still have to go back to the dormitory to clean up."

The teacher looked at the report form and didn't say anything for a long time. In the end, he sighed helplessly and entered MO Xiu's information into the computer.

"The registration is complete. He is in Class 6, and his dorm is Dorm 312 of Dorm 9."

Moxiu stood up and said to the teacher, "Thank you, teacher. I'm leaving.'""

The teacher waved his hand and whispered, "Young people nowadays are simply wasting their talent. ""

MO Xiu bumped into Hao Ren as soon as he stepped out of the door.

Seeing MO Xiu, Hao Ren immediately walked over and said, ""Mo Xiu, which dormitory did you get assigned to? Are you in the same dormitory as me? I'm from Dormitory No. 2, Room 517."

Hao Ren said in disbelief, "That's not right. I heard from the teacher that the power attack system is in Building 1 and Building 2. How did you get No. 9?""

"Oh, I forgot to tell you. I suddenly changed my mind just now. I didn't choose the power attack system."

"Which one did you choose?" Hao Ren asked in confusion. Agility system?"

In Hao Rents mind, only the agility-type and the power-type were close. If Moxiu didn't choose the power-type, he would definitely choose the agility-type.

Moxiu shook his head." No, I chose the support system.'""

"What?" Hao Ren asked in shock.!! MO Xiu, are you crazy? Isn't your skill an offensive skill? Why did you choose the support system?"

“Hehe, didn’t you say so?” MO Xiu laughed strangely. Some rich second-generation heirs like to go to a department with more girls. You also said that there are more girls in the support department.”

Wang Yu had also mentioned this before. Due to the limitations of their physiques, women’s physiques were more inclined towards support and spells, while men’s physiques were more inclined towards warriors and superpowers.

Hao Ren looked at Moxiu up and down and said in disbelief,“”Are you a rich second-generation heir? Are you going for girls?”

“What?” MO Xiu smiled. Doesn’t it look like it?”

After saying that, Moxiu turned around and left, leaving Hao Ren with his mouth twitching.

“You really don’t know a person’s heart by his appearance. He looks like a talented person, but I didn’t expect him to be a lecherous person.”

Hao Ren said righteously. He turned around and whispered,“”Sigh, I’m jealous. I want to be willful too.”

MO Xiu took his luggage to Building 9. Before he entered, he saw a girl coming out.

He quickly confirmed it. That’s right. This is Building 9. Why would there be a girl coming out?

She stood outside the door for a while and saw a boy coming out. She then went in at ease.

After entering, MO Xiu finally understood. How was this a dormitory? It was clearly an apartment. Every dormitory was independent, so men and women could live in the same building.

Moxiu first reported to the dormitory management office on the first floor. The gatekeeper was an old man who looked to be in his sixties.

He knocked on the door and went straight to the point. "Hello, I'm a new student reporting for the door key."

Sir System glanced at MO Xiu and said, "Name!"

"My name is MO Xiu. I was assigned to Room 312."

"I have the final say in this building. Let me tell you a few rules. First, the room must be clean. Although I won't check the dormitory, I won't let you off easily if you let me know whose room is messy."

"Two, you are not allowed to fight anywhere in this building."

"Third, this building is for men and women. Men and women are not allowed to live in the same bedroom. If you can't stand it, go out and get a room."

"Fourth, you have to report that you haven't returned to the dormitory for a long time."

After Sir System finished speaking, he handed a key card to Moxiu.

Moxiu took the key card and left silently when he saw that Sir System did not want to speak anymore.

He went up to the third floor and found Room 312. He used the key card to open the door. The moment he entered the room, he felt a familiar feeling.

The entire house was not big, but it was clean and simple. There was a living room, a kitchen, a bathroom, two bedrooms, and a balcony.

Overall, it looked somewhat similar to Moxiu's old house.

The lights in the living room were on, so his roommate must have arrived before MO Xiu.

MO Xiu called out softly.

“Is anyone there?”

A person ran out from one of the bedrooms. He was shirtless and had a very strong body. He was a whole size bigger than Moxiu.

“I’m here, I’m here. Hello! My name is Dong Fang. You must be my roommate, right?”

After Dong Fang walked closer, MO Xiu realized that this fellow had developed too well. He was more than 1.9 meters tall, and his explosive muscles gave off a sense of oppression.

The last time he saw such a person, it should be Moxiu’s first opponent in the Underground Arena, the Bulldozer.

Although Dong Fang’s figure was frightening, he gave off an inconspicuous feeling. Perhaps it was because of his relatively ordinary appearance and honest voice?

MO Xiu extended his hand and shook Dong Fang’s hand. “Hello, my name is

MO Xiu. Are you also a support-type?”

What surprised MO Xiu the most was that Dong Fang looked like a student of the power attack system.

Dong Fang scratched his head awkwardly and said, “Actually, I could have applied for the power attack system, but my mom told me to find a wife in the university. In the end, after thinking about it, I still decided to apply for the support system.”

He didn’t expect that not only was MO Xiu a weirdo, but his roommate was also a weirdo.

MO Xiu suspected that the teacher at the registration office had deliberately divided the students. Otherwise, how could it be so coincidental that two students who were supposed to be power attack students had applied for the support system?

Actually, Moxiu's true purpose for reporting to the Support System was to secretly research God's Snooping.

After such a long period of experience, Moxiu knew that God's Sight wasn't as simple as it seemed.

In the Underground Arena, Xue Jin's skill was unable to lock onto Moxiu, which meant that God's Sight could not be detected.

MO Xiu raised his head and glanced at Dong Fang. It wasn't like they were all family..

Chapter 42: School Opening Ceremony

Dong Fang pointed to a bedroom and said," I came here first. I didn't know which bedroom to stay in, so I picked one randomly. Look, if you like my room, I'll give it to you.""

MO Xiu waved his hand and said," No need. I'll stay in the other room. Have you eaten?" Let's go out for a meal?"

"I've eaten. I have to sleep. I drove all night yesterday and was busy all day today. I'm a little tired. I'll treat you to dinner after the opening ceremony tomorrow."

Moxiu nodded and said,"Alright, you should rest first.""

After saying that, she took her luggage back to her room and packed up.

Liu Ziyang had been calling MO Xiu.

“Boss, where did you go? Why didn’t I find you?” “I’m in Room 312 of Building 9.”

“No. 9 building?” Liu Ziyang exclaimed. Support-type?”

“That’s right.”

“Boss, are you crazy? With your strength, you are the leader of the power attack system. Why would you go to the support system?”

Moxiu found an excuse and said,” In terms of actual combat, Teacher Wang Lei and Teacher Wang Yu have taught me more or less. I want to understand some support skills.””

” Tsk, boss, you’re bad. This is not true. You’re not going to the support system for a girl, right?” Oh my god, Mu Qingyi just left, and you’re already looking for another family?”

MO Xiu couldn’t be bothered with him and said,” Come and find me. Let’s go out for a meal.”

After hanging up the phone, Liu Ziyang quickly found MO Xiu. The two of them went to the cafeteria together.

It was six o’clock in the evening. Due to the large number of new students today, the huge canteen was a little crowded.

Moxiu searched for a long time before finding an empty seat for two.

Liu Ziyang said,” There are too many people here. I’m going to buy something to eat. Why don’t you reserve a seat here?”

MO Xiu nodded in agreement. He took advantage of the time Liu Ziyang left to look around.

He noticed a girl in a fiery red dress sitting at the table next to him. The more he looked at her, the stranger he felt.

This girl's dress was completely out of place with the others. The style of her red dress was very similar to Han clothes. Her facial features were exquisite and could be considered a first-class beauty, but no one came over to talk to her. No one even dared to share a table.

The girl seemed to have noticed Moxiu peeking at her. She suddenly turned her head to look at Moxiu. Her gaze was like a sharp blade.

Moxiu secretly thought that this person was not to be trifled with. However, it was not easy to avoid being discovered, so he could only smile back.

The girl in red seemed to have sensed that Moxiu didn't have any ill intentions. After giving him a warning look, she continued eating.

MO Xiu didn't look at her anymore. It was already very unreasonable to stare at a girl, and now that he was discovered, he was naturally embarrassed to look at her again.

Liu Ziyang came back with a plate of dishes and said excitedly, "Boss, I didn't expect the dishes here to be so good."

MO Xiu took a look. There were a total of four dishes, and they all looked pretty good.

The two of them were about to start eating. Moxiu picked up his chopsticks and was about to add more food when a hand appeared and hit Moxiu's elbow.

MO Xiu was caught off guard. He threw his chopsticks on the ground and looked up. Three men were looking at MO Xiu and Liu Ziyang with dissatisfaction.

Liu Ziyang immediately got angry. He slammed the table and stood up. "What do you mean? Are you looking for trouble?"

The leader of the three said, "This is our seat. Hurry up and make way. We're going to eat."

Moxiu bent down to pick up the chopsticks that had fallen to the ground and placed them on the table. He turned his head to look at the three of them. "We're already eating here. Why do you say that this seat is yours?"

"Because I ate here yesterday, so this seat is mine."

'Then I'll be eating here today," Moxiu said." From now on, this seat will be mine. You didn't manage to keep an eye on it, so I'm sorry."

That person stretched out his hand and grabbed towards MO Xiu. MO Xiu

leaned back and dodged, but that person missed and grabbed at him with his other hand.

Moxiu grabbed his hand and pulled him down, causing him to fall to the ground.

The person laughed after falling down. He got up and said to Moxiu, "Kid, you're hitting people in the canteen. Are you tired of living? I'm in pain all over. If you don't pay, I'll report it to the school. If you fight in the cafeteria, you'll be suspended or expelled."

MO Xiu's brows were tightly knitted together. It seemed like this group of people was deliberately finding fault with him just to extort money.

"I didn't expect that even Yanjing University would have a scum like you." That person did not want to be outdone. He directly lay on the ground and shouted.

'Aiya, beating someone up! A new student who just arrived is already beating someone up! Is there anyone who can stop me?!"

The two people who came with this person also cooperated very well. One of them went up to help him, while the other pointed at Moxiu and shouted, "That's right. I saw it clearly just now. It was this person who hit him."

MO Xiu sighed softly. What was going on? She didn't want to come over for a meal, so she looked up at Liu Ziyang and let him settle it.

Liu Ziyang was originally watching the show with a smile. These people were really interesting. When he saw MO Xiu looking over, he immediately understood that they wanted him to deal with them.

Before Liu Ziyang could pick up the phone, a cold and emotionless female voice was heard.

"Get lost! "

The three people who were acting immediately got up from the ground and looked around to find the source of the voice.

In the end, everyone's gaze was locked onto the red-dressed girl.

When the three of them saw the girl, they were shocked and immediately walked over to bow and apologize.

"Sister Xiao Hong, I didn't know you were here. Sorry for disturbing your meal."

Xiao Hong glanced at MO Xiu and said to them, ""Didn't you hear what I said just now?"

"Get lost, get lost!"

The three of them ran quickly and disappeared in a moment.

MO Xiu didn't expect this red-robed woman named Xiao Hong to be so awesome. He was glad that he didn't offend her.

Since he had helped, he naturally had to thank him. MO Xiu stood up and wanted to go over, but he was pulled back by Liu Ziyang.

MO Xiu didn't understand, but he still sat down opposite Xiao Hong.

"Thank you for your help just now."

Seeing MO Xiu sit down, Xiao Hong frowned slightly. She was clearly unhappy and placed her chopsticks on the table. It seemed like she wouldn't eat anymore.

Xiao Hong ignored MO Xiu and stood up to say to Liu Ziyang, "'Liu Ziyang, is this your boss? You have the same bad taste as your father."

After saying that, he turned around and left. MO Xiu sat back down awkwardly.

"What happened? You know him?"

Liu Ziyang said helplessly, "Boss, don't ask about this. I can't even afford to offend her. If you meet her in the future, just hide if you can."

MO Xiu curiously looked in the direction Xiao Hong had left. What kind of place was Yanjing University? What kind of place was Yanjing?

The two of them were not in the mood to do such a thing. They hurriedly ate and went back to the dormitory to sleep.

The next morning, MO Xiu didn't look for Liu Ziyang. The two of them weren't from the same faculty, and the opening ceremony wasn't arranged for them to sit together.

MO Xiu and Dong Fang went out together. After breakfast, the two of them headed straight for the first training field. The opening ceremony was held there.

MO Xiu looked very petite when he walked with Dong Fang, and the number of people who turned their heads along the way was not low.

Upon entering the first training field, MO Xiu was stunned. Wasn't this too exaggerated?

This stadium was the largest in the world. There was nothing inside except for the middle area and countless chairs around it.

According to the data given by the teacher yesterday, MO Xiu and Dong Fang came to the designated area of the Support Department and sat down.

It didn't take long for people to arrive one after another, filling up the entire martial arts field.

With a resounding voice, Moxiu's university life began.

"The opening ceremony officially begins!"

Chapter 43: Support

"The opening ceremony has officially begun. First, let's introduce the history of Yanjing University. Our school was the first school to reopen after the war. Our school..."

Moxiu thought that the opening ceremony would talk about some very important things, but it was actually just an introduction of the school's history and some of the school's rules. There was nothing else.

In summary, there were the following points:

Firstly, the school's education method was relatively free, and there was a lot of free training time.

Second, the school's education competition was mainly based on theory.

Third, the school encouraged duels and challenges, but it was forbidden for seniors to challenge juniors unless they had permission from the juniors.

Fourth, look for the form teacher if there's anything.

There were only a few rules in total. The first one said that you needed to work hard on your own. The second one meant that the education was completely based on actual combat. The third one was to protect the lower grade students. After all, one more skill meant that they would be stronger.

The opening ceremony ended in less than two hours. After it ended, every class began to gather.

MO Xiu and Dong Fang were both from Class 6. The two of them came to a field in the No. 3 training ground.

A lazy man sat at the front. Seeing that almost everyone had arrived, he shouted, "Support class six, gather!"

MO Xiu took a rough look. There were a total of 50 people in Class Six. Indeed, there were more girls, accounting for about three-quarters of the entire class.

"My name is Cao Fenglin, I'm your class teacher. You heard what I said at the opening ceremony. The education of Yanjing University is based on competition. The entire university life is a competition."

"Cough cough! The types of competitions were divided into individual battles and team battles. Sometimes, a pair battle would be added."

“There are two organizers for the competition. The first is the school’s official competition. It’s held once every school year and is divided into class battles, department selection battles, school selection battles, and national battles.”

“The second is the student council’s group battle. It will be held within the school. If you want to improve your combat ability, it is recommended to join a group. Because our support system is the weakest in the school, but we are popular in the group. If you want to get good results and represent the school, you have to practice more.”

“Next, I’ll talk about the advancement method. Two people will form a group for the inter-class battle. The first two groups will advance to the selection battle of the faculty.”

“The class selection will begin now. Do you have any questions? Good! If not, then let’s start, huff!”

He recited the entire competition as if he was reading a script. After he finished, he even let out a long sigh as if he was finally relieved.

MO Xiu didn’t expect Cao Fenglin to be so perfunctory. This was a teacher from Yanjing University, but why did he feel that he was inferior to his high school form teacher, Gao Quan?

After Cao Fenglin finished speaking, he sat down at the side. After a while, he realized that none of his classmates had moved.

“Why aren’t you guys starting?”

A short-haired girl standing at the front of the class said, “Teacher, how are we going to compete? Also, how do we group them?”

Cao Fenglin narrowed his eyes and said impatiently, “What’s your name?”

“My name is Mu Mu,” the short-haired girl said.

“Alright, you are the class monitor now. You will organize the competition and divide the groups according to the dormitory. Each dormitory will form a team.”

MO Xiu and Dong Fang looked at each other. Wasn't this teacher too casual? Was this really the best school?

Mu Mu was also a little helpless, so he could only brace himself and organize the group.

There was no way he could do that. The cooldown time of a level 1 skill was three hours, and there were less than two hours before lunch.

In other words, most people could only use their skills in the first match. The cooldown for the rest of the match had not ended yet, so they could not use them again.

Mu Mu asked everyone to divide into groups and then said, “Does anyone have any suggestions? Is there any way to choose the two strongest groups within two hours?”

Everyone fell silent. Only one battle could be fought. How could they determine which two teams were the strongest? How can we be fair?

Even if the fastest elimination round was used, there would be a total of 50 people and 25 teams. After the first round, there would be 13 teams left. Most people would not be able to continue using their skills in the remaining matches. It was simply unfair.

MO Xiu looked at the silent crowd and stood up.

“Actually, everyone is thinking too complicated. It's fairest to only have one match, so let's just have one.”

Mu Mu frowned and said, “It's easy to say, but there's only one match. How can we choose two?” Could it be...

MO Xiu walked to the front.” That’s right. It seems like the class monitor has already thought it through. There’s only one answer. It’s a battle royale. The last two teams will be the winners.”

Everyone started discussing this idea. Cao Fenglin also glanced at MO Xiu.

From the moment Moxiu thought things through, he knew that Cao Fenglin wasn’t simple.

The students had to think of their own ways. In the end, this was the only way.

The free-for-all might not be fair to the other Elements, but this was the Support Element. It was very difficult for the Support Element to be fair.

On one hand, it was difficult to group them. If two people were in a group, who knew if these two people were pure healers? Without attack-type students, the support-type students would not be able to display their full strength.

On the other hand, it was also unfair to have two people in a group. This way, only the two groups with the strongest combat ability would be selected, and not the people with the most practical support skills.

Therefore, the battle royals in the support system were the fairest. It tested the students’ combat ability and the support’s ability to adapt. When should they support whom?

After everyone unanimously agreed, Mu Mu announced that they would use MO Xiu’s method, a battle royale!

“Since no one has any objections, shall we begin the competition?” Mu Mu said.”

“I have an objection!” Moxiu raised his hand and said.”

Mu Mu was stunned. What was going on? Weren’t you the one who suggested the free-for-all? Why do you have objections now?

“What’s your problem?” Mu Mu asked in confusion.”

MO Xiu looked at Cao Fenglin and said,” Teacher, I have a suggestion. I don’t

know if I can say it!”

Cao Fenglin still looked lazy as he said,”“Speak! What suggestion?” “I don’t think it’s fair for each dormitory to have one group.

what do you think is the fairest?”

“Is the purpose of the class selection to choose two teams of four?” asked MO

Xiu. ”

Cao Fenglin nodded.” That’s right. There are four of them.”“

MO Xiu smiled and said,”Then why don’t you give me something more exciting?” We won’t split into groups and fight on our own. The last four people will win. How about it?”

Cao Fenglin’s interest was piqued when he heard MO Xiu’s words. He stood up and walked towards MO Xiu.

“Good, good! You’re interesting, kid. I like you. Let’s advance according to what you said. There’s no need to divide into teams. Everyone will fight for themselves. The last four people will come!”

It was fairest for everyone to fight for themselves. This was especially important for judging the situation on the field.

As soon as the match began, everyone was an enemy, and at the same time, everyone could be teammates.

Whether they were friend or foe was entirely up to them. In a battle between two people, it was entirely up to them to decide who to buff.

This was also the most important thing for support-type people, other than the strength of their skills, their judgment and adaptability!

A good Support might not be the leader, but they were definitely the ones who could judge the situation.

Cao Fenglin's interest was piqued.. He stood at the side of the arena and shouted, ""Competition...Begin!"

Chapter 44: Controlling the Situation

"Let the competition begin!"

As Cao Fenglin's voice faded, the competition officially began.

At the start of the match, everyone took a step back and did not rush to attack. They wanted to see the situation on the field.

For a moment, no one made a move. The arena was in a deadlock because everyone knew in their hearts that whoever made the first move at this time would be the target of everyone.

The silence didn't last long before it was broken by a bespectacled girl.

She did not make a move. Instead, she pointed at Moxiu and said, "Everyone, listen to me. He's from Shun City like me. He's the top scorer of the college entrance examination, and his skills are very likely to be extremely aggressive."

Moxiu widened his eyes as he looked at this girl. He had no impression of her at all. This way, Moxiu would have no way to quibble. Everyone would definitely attack her together. He didn't expect to shoot himself in the foot.

As expected, after hearing the girl's words, everyone hesitated for a second before attacking Moxiu together.

Moxiu had no choice but to activate the Descent of the Martial God. His entire body flashed with golden light as he quickly flashed to the other side of the arena.

At this time, he could not be careless. The people here were all support skills. If all these skills were added to one person, the skills would be ever-changing. He might not be a match for them.

MO Xiu slowed down and started to face the enemy head-on. After two moves, he discovered that the people in front of him had skills, but there was no situation where many skills were stacked on one person.

After thinking about it for a while, he understood that although he was the public enemy now, even if he was eliminated, the others would still continue to fight for the rest of the time. No one wanted to make a wedding dress for others.

Those who could cast support skills on themselves would definitely do so on themselves. If they could not, they would definitely buff each other or cast them on people who were not in a state. After all, no one wanted to create a powerful enemy.

This way, the pressure on Moxiu was greatly reduced. With the buff of the War God's Descent, it wouldn't be difficult for him to fight against these support-type people.

However, Support players generally had very strong physiques because they did not have strong self-defense abilities. They could only use their own speed and strength to fight against the enemy.

Those who could enter Yanjing University were definitely outstanding, so their combat strength was much stronger than ordinary people. MO Xiu didn't have it easy either.

Moxiu frowned. Even if he was much stronger than the others, there were simply too many people on the other side. There were already more than 30 people who had joined the battle.

Fortunately, these people weren't sincere in their cooperation. Occasionally, some of them would be ambushed, and the battle behind them would become chaotic, reducing some of the pressure on Moxiu.

Just as Moxiu was feeling vexed, the situation on the field changed. Six people suddenly helped Moxiu fight against the others.

MO Xiu took a closer look. It was Dong Fang, the class monitor Mu Mu, and three women and a man. MO Xiu didn't recognize them.

At this point, the situation on the battlefield became clear. There were only two factions.

Moxiu's side had seven people, while the other side had thirty-eight people. Eleven people were eliminated.

Cao Fenglin was very satisfied with the battle and nodded his head slightly.

Of course, the person who helped MO Xiu wasn't looking at MO Xiu pitifully.

It was because they were stronger than the others. After the others defeated Moxiu, they would definitely join forces to attack them. They had no choice but to help Moxiu and form a temporary alliance.

The girl who had just pointed out MO Xiu said, "Students who haven't used any skills, give me all your amplification skills. I'll deal with Moxiu, and you guys deal with the others."

As soon as this girl said this, many people added their skills to her. It was not because she was trustworthy, but because the benefits and risks were proportional. Although she received more skills, she would face the strongest Moxiu.

The match entered a white-hot stage. The battle on the field was extremely intense, and there were players who were eliminated at any time. The bespectacled girl had indeed exchanged blows with Moxiu, but after only two moves, she felt that she was unable to defeat Moxiu and retreated.

From this moment on, Moxiu began to slaughter in all directions. With six helpers, Moxiu could harvest as much as he wanted.

There was another person who was invincible in the crowd, and that was Dong Fang. Dong Fang's skill was very strange. After he released it, his entire body turned golden. It seemed that it had increased his defense and attack power.

Moxiu had originally wanted to take the bait in the middle of the scuffle before attacking. He did not expect that because of the bespectacled girl's report, he would have to fight with all his might from the start.

However, there was also an advantage to this, which was that he had learned more strange skills.

Moxiu had personally seen a person making strange movements like rubber. This should have increased his flexibility by a lot.

There were also those who immediately recovered and continued fighting after being knocked down and injured.

There was also a girl called He Lingyue on MO Xiu's side. Her attack power was average, but her speed and agility were insane.

Moxiu believed that his speed was definitely faster than hers, but her agility was too terrifying. It was as if she knew what her opponent was going to do next and dodged in advance. She was not hit even once in the chaotic battle.

As time passed, the number of people on the stage decreased, and the elimination rate increased.

The bespectacled girl started by testing MO Xiu, then she started to fish in troubled waters in the middle, and then she started to attack the weakest student in the later stages.

"You... I just increased your speed. You can't eliminate me. You said that you would deal with Moxiu."

"This is a solo battle," the girl said. "There's no real alliance. If I can't beat him, do I have to die?" "You..."

"I'm sorry."

As the bespectacled girl switched sides, the main force did not have any top-notch combat strength and was quickly defeated.

Two minutes later, there were only five people left on the field.

MO Xiu, Dong Fang, Mu Mu, He Lingyue, and the bespectacled girl.

With one more person eliminated, the remaining four people would advance. At this moment, the five people stopped and looked at each other.

Moxiu was the most relaxed. He walked to the side of the arena and sat down, looking at the other four.

At this moment, the bespectacled girl said, "The current situation is very obvious. Moxiu is the strongest here. We just need to join forces to defeat him and we can advance. With the strength of the four of us, there shouldn't be any problem."

MO Xiu looked at the bespectacled girl carefully. What kind of grudge did this person have against him? From the beginning to the end, he had been targeting him.

Moxiu looked at the time and said, "Hurry up and end the match as soon as possible. ""

Dong Fang, Mu Mu, and He Lingyue looked at each other.

Mu Mu said to the bespectacled girl, "Alright, we agree. However, you betrayed us before. We can't trust you completely. You'll take the lead. We'll take down Moxiu together. ""

The bespectacled girl was very satisfied with this answer. It seemed that the situation had been turned around this time.

The bespectacled girl nodded and ran towards Moxiu. The other three followed closely behind.

MO Xiu didn't move. He remained seated on the spot, looking rather lazy. "Moxiu, you're done for!" The bespectacled girl shouted."

Before he could finish his sentence, the three people behind him attacked together. They did not attack Moxiu, but the bespectacled girl. They quickly knocked her to the ground.

At this moment, Cao Fenglin said, "The name list for the advancement is out. The four of them are MO Xiu, Dong Fang, Mu Mu, and He Lingyue. ""

The bespectacled girl said to Moxiu in disbelief, "What happened? You knew that the three of them would attack me? Are they your people?"

MO Xiu smiled as he stood up and walked to the center of the arena.

"There are a total of five people on the stage. As long as one of them is eliminated, the others will advance. Then, who would choose to fight the strongest one? When you said that you wanted to join forces to defeat the both of us, you had already lost!"

"You think that you have the hearts of the people and control the situation, but in fact, you are too involved to see!"

## Chapter 45: Encyclopedia Hao Ren

The bespectacled girl was stunned by MO Xiu's words. However, not long after, she started shouting at Cao Fenglin again.

"Teacher, I don't agree with the results of this competition. MO Xiu and Dong

Fang are not support skills at all."

"It's a waste of time talking to people like you." MO Xiu sighed."

The bespectacled girl glared fiercely at MO Xiu.

Cao Fenglin had a serious expression on his face." This student, did you not hear the rules I explained at the beginning?" The remaining four people would be the ones who advanced!"

Seeing that the teacher was a little angry, the bespectacled girl stopped talking.

Cao Fenglin gathered everyone and said,""The class selection has ended, and the names of the four who have advanced have been confirmed. From now on, there will be no classes for the next half a month."

"Teacher, does that mean that those of us who didn't advance have no chance?" asked another student."

This student asked what everyone was thinking. If it was decided on the first day that they could not participate in the competition this semester, wouldn't it be a little too cruel?

"Didn't you guys hear what they said at the opening ceremony?" Cao Fenglin asked. Yanjing University's education was based on competition. Everyone had a chance."

“There will be a class competition every month. The four winners can challenge the students who have already advanced. If they win, they can replace the students who have advanced.”

“Due to the special circumstances of our support system, some students with outstanding skills may be directly selected by the teachers to advance. Everyone, don’t relax. Everyone has a chance, and at the same time, everyone may fall behind.”

After hearing this, MO Xiu couldn’t help but sigh at the teaching methods of Yanjing University.

It seemed like there were no restrictions, but in reality, there was competition everywhere, making it impossible for people to relax for a moment.

Cao Fenglin continued, “Half a month later, the four who have advanced will go to the faculty for the selection. The rest will come here for the inter-class competition. Alright, you are dismissed!”

For most people, their college life began in such a cruel way.

“MO Xiu, wait!”

Cao Fenglin called out to MO Xiu. MO Xiu told Dong Fang to go eat first and stayed behind alone.

“Teacher, why are you looking for me?”

Cao Fenglin looked at his phone and said, “You’re the top scorer of this year’s college entrance examination?”

“Yes, Teacher.” MO Xiu nodded.

“With your skills, you would be the best in the power attack system. Why did you choose the support system?”

“For women! ” “Nonsense!” “To relax!”

“Nonsense!”

“I chose it randomly!”

“Nonsense! A commoner kid who got into Yanjing University through hard work. Why would he choose randomly?”

Moxiu shook his head helplessly and said seriously, “I want to form a team!”

Cao Fenglin’s eyes widened. What kind of team?”

MO Xiu puffed out his chest and said word by word, “An invincible team, a team that can sweep away everything in the world.”

Cao Fenglin narrowed his eyes and didn’t say anything.

MO Xiu thought that Cao Fenglin still had doubts and continued, “Because of this reason, I chose the support system. The support of a team is especially important. I also want to learn how to support thinking and be an outstanding leader!”

Cao Fenglin waved his hand and said, “Alright, I understand. You may leave.”

Moxiu walked out of the No. 3 training ground and felt relieved. He could finally relax now. This reason was enough to dispel the doubts of others.

Actually, what Moxiu had said just now was not completely fabricated. Moxiu had thought about all these things. While he could make friends with more people, he could also train himself.

“Ring, ring, ring...”

The phone rang and MO Xiu picked it up. It was Liu Ziyang.

“Boss, where are you? Have you eaten? I just finished class. Let’s have a meal together?”

MO Xiu and Liu Ziyang had agreed to meet in the cafeteria. This time, there weren’t that many people in the cafeteria, so the two of them randomly found a seat and sat down.

“Boss, isn’t Yanjing University too tiring?” Liu Ziyang said with a tired face.” “Tired? Where are you tired?”

“There are 60 students in our class, and we’re going to have the inter-class competition,” Liu Ziyang said weakly.”

“Me too. I’ve already chosen the list of people who will advance to the next round.”

“What? How? Why so fast?”

“In the free-for-all, the last four people have advanced.”

Liu Ziyang raised his thumb and nodded repeatedly.”Awesome, we need to fight for half a month to confirm the advancement list.”

“A round every day?”

“Yes, I am!”

“It won’t take more than half a month, right?”

“In the remaining days, the losers will challenge each other. Only the four winners can defend the arena to advance.”

The image of Cao Fenglin’s lazy appearance appeared in MO Xiu’s mind. It seemed like it had something to do with the form teacher. The reason why class six’s selection method was so simple was definitely because Cao Fenglin had made his own decisions.

When MO Xiu found out that the entire school’s class had the same idea of the same thing as Liu Ziyang’s, he instantly felt like he had been cheated. How did he end up with such a class teacher?

“Boss, the club is recruiting this afternoon. Which club are you going to join?” Liu Ziyang asked MO Xiu.”

MO Xiu looked at Liu Ziyang and then held his head. This Cao Fenglin didn’t even mention the club’s recruitment.

“I don’t know either. What clubs are there?”

Liu Ziyang quickly ate the rice in his bowl and stood up.”I’m not sure either. Shall we go and take a look now?”

MO Xiu was also a little curious about the club. The main reason was that for the next half a month, everyone else would be in the class selection competition. He had nothing to do.

The two of them came to the front of the teaching building, which was now surrounded by people.

MO Xiu squeezed his way in with much difficulty. He realized that there were rows of tables and chairs inside, and there was a person sitting in front of each table. It was probably the club’s recruitment registration office.

Looking around, MO Xiu and Liu Ziyang had no clue. They were a little dizzy from looking at the various clubs.

At this moment, a familiar figure appeared in front of Moxiu and walked past him.

MO Xiu's eyes were sharp and his hands were fast as he grabbed the ball.

"Hao Ren, what a coincidence!"

Seeing that it was MO Xiu, Hao Ren said excitedly, "Mo Xiu? I've asked around. You're actually the top scorer of the college entrance examination, and you've easily obtained the qualifications to enter the internal department selection." "You're quite well-informed, aren't you?" Moxiu was stunned for a moment."

Hao Ren raised his right thumb and pointed at himself. "Of course. I'm famous,

Hao Ren from the Encyclopedia."

Halfway through his sentence, he saw Liu Ziyang beside MO Xiu and asked, "And this is?"

MO Xiu glanced at Liu Ziyang and said, "This is my friend, Liu Ziyang." "Hiss! But the son of the Liu Corporation, Liu Ziyang?"

Liu Ziyang smiled and said, "It's really an encyclopedia. Even I know about it."

Hao Ren quickly shook hands with Liu Yang and said, "Of course. A small character like me has to know who not to mess with in Yanjing University.

You're one of them."

Liu Ziyang said proudly, "Of course, but you look good. If there's anything in the future, just tell me."

Hao Ren was overjoyed and shook his hand again. "Thank you, Young Master

Liu, for taking care of me,”

Then, he said to Moxiu, “You two are here to join the club, right?” MO Xiu and Liu Ziyang nodded together.

Hao Ren looked at the time and said, “Let me introduce you guys.” This was MO Xiu’s goal. He immediately said, “That’s exactly what I want..”

#### Chapter 46: The Strongest Club

Hao Ren didn’t mind and said, “What kind of club do you want to join?”

“Liu Ziyang and I don’t really know what kind of clubs there are.”

“Hmm... There were three main types of clubs. The first type was a restricted club with certain recruitment restrictions. For example, it only recruited students from the power attack department.”

“The second type is a hodgepodge club. As long as you are strong enough, you can join. The team formed by such a club is more balanced, and it is also the club with the largest number.”

“The third type of club is a local club. For example, if you come from Shun City, there is a Shun City club.”

“Then the strongest one should be a hodgepodge club, right?”

Hao Ren shook his hand. “Not necessarily. There are six clubs in our school, and four of them are restricted clubs.”

“Six clubs?” Liu Ziyang asked. “What are there?”

“Green Dragon, White Tiger, Vermilion Bird, Black Tortoise, Yanjing, and

Chenxi. These six clubs have always been the strongest in Yanjing University.”

“Among them, the Four Divine Beasts Society is a single-attribute society.

Azure Dragon only recruits males, Vermillion Bird only recruits females, White Tiger only recruits agility-type students, and Black Tortoise only recruits assault-type students.”

“The Yanjing Club represents the strength of Yanjing. There are countless masters in it. Finally, there is Chenxi. Chenxi is known as the Dawn of Yanjing University. They are also top existences.”

MO Xiu and Liu Ziyang more or less understood. This club seemed to be messy, but in reality, there were so many divisions.

Hao Ren continued,” With your strength, I suggest you join the six major clubs.

First, you can train yourself. Second, you can make a name for yourself.” “Does the club restrict freedom?” asked MO Xiu.’

Hao Ren replied,” No, but there will be a tryout near the competition. It’s more troublesome. Although the official competition time is staggered with the school’s official competition time, most people who advance in both the school competition and the club competition will give up one of them.”

MO Xiu also started to think. If the official competition was staggered, then the time of the club selection would definitely clash with the school’s official competition. Therefore, most people would focus on one side. What should they do?

Don’t even think about participating in as many competitions as possible instead of wasting time on the qualifiers.

Liu Ziyang sneakily asked Hao Ren, ""Are men really not allowed in the

Vermilion Bird Club?"

"I didn't expect Brother Liu to..." Hao Ren asked with a strange smile. Ahem, I'm afraid not. The Vermilion Bird Club doesn't accept any boys. You should apply for the support system like MO Xiu."

Liu Ziyang tidied his clothes and pretended to be profound. "Hao Ren, I was just joking. Do you think a man like me would lack women?"

Hao Ren gave her a thumbs up and said that she was awesome.

After that, Liu Ziyang went around alone and returned five minutes later with a head full of sweat.

"What's wrong?" asked MO Xiu. Who was chasing after him?

Liu Ziyang said with lingering fear, "Don't mention it. I was just about to go for a walk. When I walked to the Vermilion Bird Club's registration office, I saw Xiao Hong. Fortunately, I ran fast. Otherwise, I might have died there."

Hao Ren widened his eyes and cupped his fists in admiration. ""Impressive, impressive. Brother Liu is indeed a big shot. You even have connections with people like Xiao Hong."

MO Xiu looked at Hao Ren and thought, "Isn't this flattery too much?"

At this moment, Liu Ziyang and Hao Ren both looked at MO Xiu, waiting for his decision on which club to join.

Hao Ren felt that he had nothing to do with this and was ready to leave.

“Um, if there’s nothing else, I’ll be leaving. I’ll contact you later.” MO Xiu suddenly came back to his senses and stopped Hao Ren.

“Wait a minute, Brother Hao Ren, I still have something to ask.”

Hahaha!” Hao Ren laughed heartily.” Ask me anything. I’ll tell you everything I know.””

“How do I create a club? Can I create it now that I’m a freshman?”

Hao Ren was surprised and quickly said,””Mo Xiu, with your strength, why did you create your own club? Now that the clubs in Yanjing University were basically stable, there was no room for new clubs to develop. Only those who couldn’t enter the top clubs and were unwilling to join other clubs would create clubs.”

“Oh?” MO Xiu asked. Are these people’s clubs not developing well?”

Of course not, good, bad, too many problems, one, can’t recruit people, two, there are too few people in the club after recruiting people, no competition.”

MO Xiu clapped his hands and said,” That’s great. I want a club like this. Tell me quickly. how do you create a club?””

Hao Ren looked at Moxiu as if he was an idiot. This guy was too weird. The top scorer of offensive skills joined the support class, and he could choose any club he wanted. However, he created a useless club himself.

“The building next to the teaching building. The first floor is the student union.

There is a club management office.”

MO Xiu held his chin as he pondered. Five people? She suddenly looked up at

Hao Ren.

“Brother Hao Ren, do you have a club now?” Hao Ren took two steps back.

Student Union, Club Management Office.

At this moment, a staff member was receiving MO Xiu. “Have you thought it through? Create a club?”

“I’ve thought about it,” Moxiu replied.

The staff member looked at the four people behind Moxiu who had not spoken and said, “Are you all willing?”

They were Liu Ziyang, Hao Ren, Dong Fang, and He Lingyue.

This was almost everyone that MO Xiu knew in university. He had wanted to invite class monitor Mu Mu, but when he found Mu Mu, she had already joined the Vermilion Bird Club.

“I’ll ask you again. Are you guys willing?”

Seeing that the four of them did not answer, MO Xiu lightly coughed a few times.

“Cough, cough, cough!”

Liu Ziyang had no choice but to say, “Yes, I volunteered.”

Seeing Liu Ziyang express his stance, the others followed suit.

The staff always felt that this group of people was strange, but it didn’t matter. After all, this kind of club would usually disband within a month.

“Are there any requirements for joining the club?”

MO Xiu replied, “No!”

“What is the name of the club?”

MO Xiu scratched his head. He really hadn’t thought about this. He turned around and looked at the four of them. The four of them had the look of ‘you decide.’

MO Xiu was overwhelmed. What kind of name should he come up with? He couldn’t be too casual and too high-profile.

At this moment, MO Xiu’s phone rang. It was Zheng Yi.

He thought to himself, Zheng Yi, this kid, has come at the right time. This kid has many ideas.

“Wait a moment,” Moxiu said to the staff. “I’ll take this call and ask my friend for his opinion. I’ll get back to you immediately.”

The staff was getting impatient. It was so difficult for these five people to create a club for fun.

“Zheng Yi, your call came at the right time.”

Zheng Yi casually said, “You’re too busy. You don’t know how to call me and ask me how I’m doing. What’s the matter?”

“I want to create a club. What do you think it should be called?”

Zheng Yi said excitedly, "F \* ck, that's awesome. He even created a club. Let me think..." I got it!" What?!"

Strongest Club!"

MO Xiu thought he had heard wrongly and repeated himself.

"What? The strongest club?"

The staff member at the side quickly filled out the declaration form and said to the few of them, "Alright, the club has been successfully created. There are no recruitment restrictions. Strongest Club, Club Number: 666!"

The few of them looked at each other. Wasn't this too ridiculous? "Moxiu, can I still quit now?" Hao Ren raised his hand and asked.."

Chapter 47: New Mission

"Hello?" Zheng Yi called out over the phone. Hello? MO Xiu? Why aren't you talking?"

MO Xiu and the others walked out of the management office before sighing and saying to Zheng Yi, ""I'll hang up first. You're really my good brother."

"Of course, between the two of us..."

"Beep! Beep! Beep!"

After MO Xiu hung up, he said to Liu Ziyang and the others, "I'm sorry for the accident, but the club has been established, so this is the only way."

Hao Ren, Liu Ziyang, and Dong Fang all looked bitter and reluctant.

Only He Lingyue, who MO Xiu was not familiar with, spoke up for MO Xiu.

“Actually...I think the strongest club is not that bad. It’s still acceptable.”

MO Xiu pointed at He Lingyue and praised, “Look, you three old masters, look at how enlightened he is. This is called enlightenment. If he can accept it, why can’t you?”

Liu Ziyang still felt very uncomfortable.” Boss, I don’t think this name is bad.

It’s just that this name is too pretentious. It’s easy to become a target for others. “

“Hey, why did we create this club?” Moxiu said earnestly. What do you think it’s

MO Xiu pointed at Hao Ren, signaling him to answer.

“To prove yourself?” Hao Ren asked.”

MO Xiu nodded his head affirmatively.” Sigh, that’s the point. Why did we come to Yanjing University?” You need to become stronger in order to grow faster under pressure. Liu Ziyang, you’re still not aware enough.”

After Moxiu finished speaking, he walked forward by himself. After this persuasion, everyone reluctantly accepted the fact that they were the strongest club.

Confused, Hao Ren asked Liu Ziyang,”Sigh, why do I feel that MO Xiu is different from usual? How could someone with such high awareness enter the support system?”

Liu Ziyang shook his head and said, “Mo Xiu calls himself MO Yingdi. His acting skills are definitely first-class.

As they spoke, they caught up with MO Xiu.

“MO Xiu, since our goal is to become stronger faster, should we start training tomorrow?” Dong Fang asked.”

MO Xiu had never thought about training before. He wanted to complete a mission during these fifteen days of free time. Dong Fang’s sudden question caused him to be at a loss for an answer.

Seeing that MO Xiu didn’t answer, Hao Ren interrupted,””Hey, Brother Dong

Fang, you don’t understand. The most important thing for a new club is to recruit people. MO Xiu, can you organize our recruitment?”

“Who said anything about recruiting new people?” asked MO Xiu. The five of us are enough.”

Moxiu had created the club so that he would not have to participate in the club selection. If he wanted to recruit people, wouldn’t he have to choose again? Only five would be suitable for the competition. There was no need for selection.

“Don’t joke around, Boss. Are you planning to only have five people in our club?” Liu Ziyang asked in surprise.”

Moxiu nodded.” Yes, that’s right. Is there a problem?” The five of them could participate in the individual battle or the team battle.”

He Lingyue looked at the others and said, “Our configuration isn’t very

balanced. Three offensive, one agility-type, and I’m a semi-support. How can we fight in a team battle?”

“The Black Tortoise Club can fight by force, so why can’t we?””

He Lingyue said, "But we only have five people. We don't even have a substitute."

Moxiu nodded and said seriously, "Indeed, five people is a little too little. How about this? I'll give you a mission, and the four of you will discuss and pull in one person. Remember, it's only one person."

The four of them looked at each other. What kind of club did they join? Recruiting only one person?

MO Xiu looked at the time. It was already night.

"Let's have a simple meal together to celebrate the success of our club."

The few of them were celebrating while looking miserable. They were simply unlucky.

MO Xiu brought the four of them to the cafeteria. It was really just a simple meal.

Ordinary meals, ordinary conversations, no lofty aspirations, no goals. The elders of the strongest club were born during this peaceful dinner.

9 pm, Dorm 312, Dorm 9.

MO Xiu lay on the bed. He could not believe that university life had begun. In the past, he had worked hard so that his mother could live a better life.

Her mother's life was already very good now. In the future, she would work hard to protect the person she loved for the rest of her life.

When he thought of this, MO Xiu remembered the girl who yearned for ordinary peace, Mu Qingyi.

MO Xiu took out his phone and sent a message to Mu Qingyi.

“How is it? Is everything going well at school?”

After waiting for a long time, Mu Qingyi replied.

“If you want me to call, please leave a message!”

MO Xiu unknowingly started to laugh. Mu Qingyi was still so mischievous. Oh, no, she seemed to only be mischievous towards him.

MO Xiu made a call.

“Hehe, I knew you missed me. I’m fine here. I’m not as sad as I thought.

Everything is normal.”

“Mm-hm, that’s good.”“

“How are you? Did you cause any trouble in Beijing?” “Of course not. Don’t you know how obedient I am?”

“Which part?”

The phone call between the two of them lasted for half an hour. MO Xiu told Mu Qingyi about Yan Jing University’s competition education methods and how he had created the strongest club, making Mu Qingyi laugh out loud.

However, after hanging up the phone, MO Xiu still realized that something was not right. Mu Qingyi used to be calm and elegant, but she kept joking around today.

In the past, when the two of them were talking, Mu Qingyi would always be the one talking, while MO Xiu was more of a listener. But today, it was the other way around, and MO Xiu was the one talking. Although Mu Qingyi was talking all the time, she did not talk about herself.

MO Xiu sighed. Mu Qingyi was actually not happy, right?

Moxiu couldn't fall asleep as he kept thinking about this. He opened the Shadow app to look for a quest.

Beijing was different. There were many more missions than Shun City, and there were all kinds of missions. MO Xiu had to choose for a long time before he found a suitable mission.

"Pursuit Mission: Pursue Wang Jinyang.

[Difficulty Level: B]

[Mission details: Wang Jinyang robbed a bank and escaped with a large amount of cash and precious herbs. Age: 24 years old. Three skills are offensive skills and one skill is stealth. According to reliable sources, this person is still active around Yanjing.]

[Mission Completion Condition: Capture Wang Jinyang and hand him over to the Law Enforcement Team (additional reward for handing over the stolen goods).]

[Mission Reward: 6000 points, 4 million cash.]"

Moxiu felt that this skill wasn't too bad. Judging from the description, the person he was chasing should be an expert. Otherwise, it would be impossible for him to not be caught until now. However, he didn't know if he could defeat an expert with four skills with his current strength.

MO Xiu felt that it was not safe for him to accept this mission alone. After thinking about it, he still gave this mission to Liu Ziyang.

Liu Ziyang called directly.

“Boss, are you joking? A B-rank hunting mission? Even if we can find him, can we beat him? Other than the investigation mission, the other missions that required the help of the law enforcement team would be rewarded.”

“I have my own way.”

Liu Ziyang complained, “Boss, you’ve already advanced, I still have to compete in the class competition. I compete in the day and carry out missions at night, how tiring is that?”

“Alright then, I won’t bring you along. I’ll go by myself.”

Liu Ziyang immediately changed his words. “Alright, alright, alright. I’m afraid of you. But you have to tell me what your plan is.” Let me learn.”

“Hehe, you’ll know tomorrow..”

Chapter 48: The Serious Club Has a Mission

The next morning, in the activity room of the Strongest Club.

Moxiu had come early in the morning to apply for a room that was less than thirty square meters. The staff had made it very clear that with the current scale of the Strongest Club, they could only apply for this room.

However, Moxiu didn’t mind. There was no training or selection anyway. There were only five people in total. It was fine as long as there was a place for the meeting.

Liu Ziyang and Hao Ren were both going to participate in the class selection, so MO Xiu called for a meeting before class started.

After they arrived, they were all very puzzled. Moxiu's performance yesterday clearly showed that he wanted to be a hands-off manager. Why did he suddenly wake up after only one night?

"MO Xiu, why did you call us here?" Hao Ren asked. There was no training, no selection, and no recruitment."

"Sigh, there's no need for a proper club to do such flashy things," Moxiu said shamelessly."

Dong Fang asked seriously,""Then what does a proper club like ours have?"

MO Xiu praised," Look at Dong Fang. He knows what to ask. We are a proper club. A proper club has missions.""

When Liu Ziyang heard this, he finally understood what MO Xiu wanted to do. So this was the method MO Xiu had mentioned last night? Pulling the entire club into a trap?

Moxiu took out a few pieces of printed mission information and handed them to them.

Liu Ziyang took it and looked at it. As expected, it was the capture mission of An Ying.

When Dong Fang saw the mission, he was a little excited. He had never come into contact with this before.

Hao Ren and He Lingyue both looked at MO Xiu strangely.

'What's wrong?' asked MO Xiu. Why are you looking at me like that?' "Boss, you joined the law enforcement team?" Hao Ren asked tentatively." MO Xiu shook his head.

"Then why did you receive such a mission?" Hao Ren asked again."

Before MO Xiu could answer, He Lingyue continued, ""This is not the task of the law enforcement team. If the law enforcement team has such information, they will definitely send out a small team to capture them. They will not issue a task to let people escape.""

MO Xiu looked at He Lingyue with interest. He didn't know He Lingyue very well, but he didn't expect her to be such a meticulous girl.

"Where do you think the mission came from?" Hao Ren asked He Lingyue."

He Lingyue pondered for a moment and said, "The information is more well-informed than the law enforcement team, and they can also issue missions. That can only be the shadow.'""

MO Xiu couldn't help but applaud He Lingyue. She had figured out that it was Shadow's mission based on this little clue.

Other than having a clear mind, she also had a certain understanding of the various departments. MO Xiu was a little curious about He Lingyue's background.

Liu Ziyang couldn't help but say, "D \* mn, this girl is amazing. Moxiu and I are indeed Shadow.'""

MO Xiu didn't mind Liu Ziyang revealing his identity. Wang Yu had said before in the cosmic tuition class that the Dark Shadow wasn't a secret organization that needed to be kept a secret.

Previously in Shun City, he didn't publicly announce that he was Shadow, mainly because he wanted to hide the Universe cram school.

"That's right, this is our Shadow's mission. You guys should consider if you want to join us.'""

Hao Ren and Dong Fang didn't really believe Liu Ziyang's words. He had never heard of it before.

As for He Lingyue, she only said that this was a Dark Shadow mission. She didn't expect MO Xiu and Liu Ziyang to be Dark Shadow members.

Now that Moxiu had spoken, they were certain that these two were monsters.

“How did you join Shadow?” He Lingyue asked. As far as I know, Shadow’s recruitment requirement is two skills, and only one in ten thousand people are selected. Many of the school’s top talents are not selected.”

MO Xiu directly said, “I can’t tell you how I got selected. Do you guys want to participate in this mission?””

Hao Ren said, “I’d like to join. After all, it’s Shadow’s mission. I want to see it. But the reward... Do we have a share?”

Dong Fang, who had been in a daze and did not speak, looked at MO Xiu expectantly when he heard about the reward.

“I’ve already given you a reward in the information I gave you just now,” Moxiu said. “It’s 6000 points and 4 million in cash. Do any of you want to quit?” If not, I’ll talk about the reward distribution.”

Seeing that no one spoke, MO Xiu continued, “This mission is divided into two phases, investigation and arrest. Hao Ren and Liu Ziyang have to attend classes in the morning, so they can’t participate in the investigation completely.” The two of them shook their heads.

“You won’t need the points. I’ll split it with Liu Ziyang. I’ll get 4000 points, Liu Ziyang will get 2000 points, Dong Fang and He Lingyue will each get 1.5 million, and Hao Ren will get 1 million.”

This time, Moxiu didn’t want to be egalitarian. It was better to use a reasonable distribution method.

The few of them were very satisfied with Moxiu’s distribution. After considering it thoroughly, they all nodded and agreed.

Alright,” MO Xiu said. “The first meeting of the Strongest Club is over. Hao Ren and Liu Ziyang, go to class. He Lingyue and Dong Fang, get ready to go with me to investigate.””

MO Xiu suddenly thought of something and stopped Liu Ziyang. "By the way,

Liu Ziyang, Qiang Zi is from your company, right? Can we use it temporarily?"

Liu Ziyang said indifferently, "Of course you can. Qiangzi is my dad's chauffeur at Yanjing University. I've already told him. If you want to go out and find him, you can contact him yourself."

After bidding farewell to Liu Ziyang and the other two, MO Xiu contacted Qiang Zi. Qiang Zi was also from the support system. His skills were not practical and he was eliminated early in the third-year inter-class competition. This was also the reason why Qiang Zi came out to find a part-time job.

Qiang Zi was on call and soon drove to the school gate. MO Xiu and the other two got into the car.

"Boss, where are you going?" Qiang Zi asked as soon as he got on the car. "Moxiu handed the map marked on the mission information to Qiang Zi.

"Have you been to this place before? We found a secluded spot to park the car and walked over."

Qiang Zi frowned and said, "Boss, you want to go to Fan Street?" "What are you going there for?"

"What happened there?" asked MO Xiu. "Let's go carry out the mission."

Qiang Zi nodded and said, "I'm on a mission. It's very chaotic there. It's in Yanjing, but it's not under Yanjing's jurisdiction. It's a chaotic area. There are all kinds of ghosts and monsters there, and there's often a black market."

"Have you been there before?" asked MO Xiu. "Do you know anything about that place?"

Qiang Zi answered truthfully, "I've taken a few business deals. Some bosses wanted to go to the black market there to buy things. For safety reasons, they brought me there. Of course, they had a lot of bodyguards. I've been waiting in the car and didn't go in."

MO Xiu looked at Dong Fang and He Lingyue, wanting to know what they knew about Fan Street. Dong Fang shook his head, indicating that he didn't know.

He Lingyue said, "I've been to Fan Street once. It's not as chaotic as I thought. Most people are very law-abiding, but it's very dangerous if you offend someone there. Murders often happen.""

"Alright, let's go and take a look first."

There was one thing that interested Moxiu, and that was the black market. The things in the black market had unknown origins and could have been robbed. If he wanted to sell them, the price would definitely be cheaper.

MO Xiu and the others were dressed somewhat like students, so they had specially bought some clothes from the mall.

After changing their clothes, they went straight to Fan Street....

Chapter 49: Fan Street Black Market

Mo Xiu and the other two got out of the car and told Qiang Zi to return to school first. They would contact him if there was anything to prevent him from giving himself away.

The three of them had been carefully styled. Mo Xiu was dressed in an exaggerated manner, looking like a rich kid.

He Lingyue was dressed in branded clothes. She wasn't very flirtatious, but she exuded an aristocratic aura as she played MO Xiu's girlfriend.

As for Dong Fang, he didn't even need to dress up. He wore a black suit and looked like a bodyguard.

When the three of them walked into Fan Street, it was obvious that the two rich second-generation heirs had brought bodyguards here to look for excitement.

Fan Street was indeed a street, and on both sides of the street were two rows of residential buildings.

This location was very special. It was a street with two rows of residential buildings. It was surrounded by mountains and there were no other buildings around.

It was like a lonely tribe. Because it was surrounded by mountains, ordinary vehicles couldn't enter. MO Xiu also asked Qiang Zi to park the car at a farther place. The three of them had to climb over a mountain to reach this place.

As soon as they entered the street, MO Xiu sat down by the roadside and said, "What the hell is this place? I still have to climb the mountain to come in.

I'm so tired."

He Lingyue saw MO Xiu sitting on the ground and immediately came over to persuade him, "Aiya, why are you sitting down? It's already noon. We might not be able to leave today, Let's find a place to stay first."

When MO Xiu heard this, he jumped up and grabbed He Lingyue's shoulder. "Baby, why are you in such a hurry? You've only just arrived, and you're already thinking..."

He Lingyue gently pushed MO Xiu away and said, "Aiya, you're so bad. Let's get down to business first."

When the people around them saw MO Xiu and He Lingyue like this, they were no longer surprised. There were too many people like this.

MO Xiu and the other two walked around and were surprised to find that Fan Street had all kinds of places.

After taking a look, Moxiu almost thought that this was a resort. There was no bad atmosphere here, and every shop owner was trying to attract business.

MO Xiu and the other two entered a small restaurant and were immediately welcomed by a shop assistant.

“What would you like to eat?”

MO Xiu glanced at the shop assistant and said to He Lingyue, “Baby, what do you want to eat?”

He Lingyue looked at the decorations in the shop with disgust.

“Aiya, what can a small shop like this have? Just take a bite.”

“Bring up all your best dishes. Hurry up!” MO Xiu said to the shop assistant.” The shop assistant agreed and went down.

The dishes were served very quickly, but the dishes were very ordinary. They were all vegetarian dishes that they usually ate.

“What’s wrong with you?” Moxiu asked the shop assistant unhappily. Did you not understand what I said just now? I want your best vegetables.”

After the shop assistant served the dishes, she became much more unyielding and said disdainfully, “What’s wrong? Was this boss looking for trouble? This is our best dish!”

MO Xiu slammed the table. Dong Fang immediately stood up and grabbed the shop assistant’s collar.

The shop assistant was caught, but he didn’t panic at all. He shouted, “Someone is causing trouble!”

Seven or eight people appeared out of nowhere in the originally small store and surrounded MO Xiu and the other two.

MO Xiu stood up and shouted at this group of people, ""Aiya, are you trying to scam me? Do you know who I am?"

One of the burly men walked over and said, "It doesn't matter who you are here. Everything in Fan Street is based on strength. Don't ask for names. Today, you

guys 0Decnent1Y eat your rooa ana pay tne Dill."

"You..." Moxiu said angrily. You!"

At this moment, He Lingyue said to the burly man, "Misunderstanding, it's all a misunderstanding. We just wanted to have a simple bite."

"Alright, don't forget why we're here.""

MO Xiu suppressed his anger and sat back down. Dong Fang also let go of the shop assistant and sat down.

The big man smiled and said, "Kid, look at your girl. She's more sensible than you.""

MO Xiu turned his head around and ignored the burly man.

The burly man said to He Lingyue lecherously, "Beauty, my name is Prisoner. Come and find me when it's convenient?"

When MO Xiu heard this, he was so angry that he cursed, "F \* Ck you, how dare you flirt with my woman?"

The prisoner laughed and left.

MO Xiu was still talking about something at the table, causing the people around him to laugh out loud. Wasn't this just a lack of ability and only knew how to act cool?

After the meal, MO Xiu went to the front desk to pay the bill. The four vegetarian dishes cost a total of 5000 yuan.

Moxiu's heart twitched, but he didn't seem to mind as he threw out the cash.

After paying the bill, MO Xiu left unhappily. He Lingyue stayed behind. He Lingyue found the prisoner and asked, ""This big brother."

When the prisoner saw He Lingyue, he chuckled and said, ""So what if she's a beauty? Are you tired of your useless boyfriend and want something exciting?"

He Lingyue said helplessly, "Sigh, if it weren't for the fact that I had no choice, who would want to follow him? I'm here to ask about some things." "What is it?" asked the prisoner.

"We came here to look for some things in the black market. I heard that the things in the black market are more complete than the market, but we didn't find any black market just now."

When the prisoner saw that He Lingyue had something to ask of him, he immediately lost interest.

"I can also tell you. You can either exchange it with money or you. In this place, no one will help you. Everything is a transaction."

"I'll exchange it with money!" He Lingyue said.

The prisoner stretched out three fingers and said, "I won't cheat you. Thirty thousand!"

He Lingyue took out 30,000 yuan of cash from her bag and handed it to the prisoner.

The prisoner took the money and weighed it before saying, "The black market starts at midnight every night. It's on the street. There's a small market every day and a big market every three days. The big market just ended and there'll be a big market the night after tomorrow."

He Lingyue nodded and said nothing more. She turned around and walked out of the store.

MO Xiu and Dong Fang were waiting at the door. He Lingyue looked at each other when she came out.

"Let's find a place to rest first," He Lingyue said.

Alright," Moxiu said lazily." Let's quickly find a place to stay. I'm exhausted from the journey.""

It was easy to find a place to stay. There was only one hotel on Fan Street. Surprisingly, it was quite large and occupied an entire building. There was a big advertisement outside the hotel: 'Fan Street's Safe Haven.'

As it was a residential building, the rooms inside were all ordinary. MO Xiu chose a room with two bedrooms and a living room. He didn't need to show his ID card or register his name. He just needed money and a deposit. The three of them had just entered the room when Dong Fang said, "We..."

MO Xiu interrupted him halfway.

"What are you standing here for? Don't disturb our interest, go back to your own room."

MO Xiu and He Lingyue looked at each other and began to search the room.

"Dong Fang, how's your room?" MO Xiu asked half an hour later."

Dong Fang came out and said, "I just found out that you were afraid of being monitored. I looked in that room, but there was nothing. ""

The three of them sat on the sofa. MO Xiu asked He Lingyue, ""How did your inquiries go? Where is the black market?"

He Lingyue told MO Xiu everything the prisoner had told her about the black market.

"MO Xiu, aren't we here to look for Wang Jinyang?" Dong Fang asked in confusion. Why are you acting?"

MO Xiu explained, "You just need to act as your bodyguard. If we were to look for Wang Jinyang directly, not only would we alert the enemy, but it would also cause dissatisfaction in this place. Did you see what happened at the restaurant just now?" This place was not as peaceful as it seemed.."

Chapter 50: Step by Step

He Lingyue continued, "If you want to find Wang Jinyang, the best way is to enter the black market and lure him out, right?"

MO Xiu nodded. Now he felt that He Lingyue was very smart. They hadn't discussed this before coming, but she had been cooperating very well.

MO Xiu saw that Dong Fang still didn't quite understand, so he continued to explain.

"Do you remember the information given by the mission? Wang Jinyang robbed the bank and had a lot of cash on him. He also had a Spirit Gathering Grass. This grass is the key. I guess he's probably preparing to make a move here."

"How can you be sure that Wang Jinyang hasn't sold it yet?" Dong Fang asked."

If it were me, I wouldn't easily sell a precious herb of unknown origin," said

MO Xiu.” I would definitely find a fool to raise the price.””

He Lingyue covered her mouth and pointed at MO Xiu.””Moxiu is currently playing the role of this fool.”

Dong Fang suddenly understood and said,” Mm, MO Xiu, you’ve performed the essence. If I were Wang Jinyang, I’d sell it to a fool like you.””

MO Xiu rolled his eyes at Dong Fang. What they needed to do now was to wait until midnight to go out and see the black market.

At this moment, Liu Ziyang sent a message.

“Boss, Hao Ren and I are done with class. Shall we go over and find you now?”

He Lingyue looked closer and said, “There’s no need for them to come, right?” If they come to meet up with us, it might arouse the suspicion of others.”

Liu Ziyang and Hao Ren don’t need to join us,” MO Meng said after a pause.” They can act alone. They have their own uses.””

“What use is it?” He Lingyue asked.”

“Do you think Wang Jinyang came here for any other purpose other than selling herbs and taking refuge?”

He Lingyue pondered for a moment and shook her head. She couldn’t think of any other possibility.

“Hahaha, women don’t understand...” Moxiu said.

As she spoke, she replied to Liu Ziyang's message on her phone.

Dong Fang was not listening to the conversation between the two. Instead, he turned on the television and was laughing loudly.

At 11:30 pm, Moxiu and the other two went downstairs. When they reached the hotel counter, Moxiu asked, "'Hey, bro, this Fan Street is so awesome. Is there any... That kind of place? A place where you can spend money to play?'"

The young man at the counter glanced at He Lingyue and said, "Yes, it's just in front. It's easy to find at night."

"Hehe, thank you, brother." MO Xiu laughed lewdly."

He gave the counter man a look that said, "You know what I mean."

He Lingyue grabbed MO Xiu's ear and said, "'We're here for serious matters."

The three of them walked out of the hotel. He Lingyue appeared on the street with MO Xiu by her arm, and Dong Fang followed behind them.

It wasn't even 12 O'clock yet, but there were already some people preparing to set up their stalls.

MO Xiu carefully observed the people who were setting up stalls. Most of them were locals who lived here, but there were also some who came from outside to sell things.

At the same time, Hao Ren and Liu Ziyang also arrived.

"Brother Liu, what's our mission?" Hao Ren asked.'

"After my efforts, our mission is very simple." Liu Ziyang said proudly."

“What mission?”

Liu Ziyang took out a printed photo of Wang Jinyang and handed it to Hao Ren. “Remember Wang Jinyang’s appearance, the rest is just for fun.”

The two of them didn’t even look at the black market on the street. They went straight to the place that Moxiu had mentioned.

He Lingyue happened to see this scene.

He Lingyue whispered into MO Xiu’s ear, “This is your arrangement? Is this something that women don’t understand?”

Moxiu replied, “A man who stole so much cash and a precious herb to come here instead of running away could only have two goals. One is to sell medicine to earn money, and the other is to spend money for fun.”

He Lingyue said in an inaudible voice, “Despicable!”

As the three of them walked, the entire black market was revealed. Both sides of Fan Street were filled with stalls.

Moxiu walked over to a shop and squatted down to see if there was anything good. However, as he looked around, he saw that it was filled with common herbs and weapons. He asked for the price and found that it was about 30% lower than the market price. It was still a considerable price.

From a rough look, there was nothing important. After chatting with the stall owner, he realized that good things were hard to come by. They either appeared in the market or were occasionally sold in a hurry and had to be taken out.

MO Xiu and the other two walked around and were about to go back to sleep when an item on a stall caught MO Xiu’s attention.

It was a short black scabbard. Moxiu was interested in this because the dagger that Elder Tang had given him previously did not have a scabbard.

The black dagger was extremely sharp, and it was very inconvenient to carry it without a scabbard.

Moxiu crouched down and did not directly ask for the price of the scabbard. Instead, he pointed at a medicinal herb that he did not recognize.

“Boss, what is this?”

When the stall owner saw that MO Xiu was so gullible, he immediately said, “This is an extremely precious medicinal herb that can strengthen the body.”

“Oh?” MO Xiu’s eyes lit up. Would it improve his body greatly? I’m here to find herbs to improve my physical fitness. As long as the herbs are good, no matter how much it costs, it’s not a problem.”

When the boss saw Moxiu’s idiotic look, he immediately flattered him.

“Needless to say, the energy contained inside is extremely strong. It has reached the spirit level. I’ll give you a cheaper price, 500,000.”

MO Xiu found it funny. Herbs were divided into four levels according to the energy they contained. The Human Level was the more expensive herbs on the market. Most of them were used to strengthen the body.

It was different when one reached the Spirit level. It could have a breakthrough in a certain aspect. For example, the Spirit Ring that could upgrade a skill from Level 1 to Level 2 was a Spirit level herb.

MO Xiu had never even seen Earth Grade or Heaven Grade herbs before. The Spirit Gathering Grass that Wang Jinyang had stolen this time was at the peak of the Spirit Grade, and its effect was to completely improve one’s physical fitness.

As for this lousy herb in the stall, it was still questionable whether it had reached the Human Rank or not.

Although he thought that this boss was really evil, Moxiu looked very tempted on the surface. As he spoke, he was about to take out the money.

He Lingyue stopped him.” We’re not buying it. Boss, aren’t you too ruthless? This thing looks like a weed. Let’s go.”

Seeing that he had been seen through, the boss immediately called out to MO Xiu and the others.

“Hey, hey, hey, don’t go. I have something new here. Do you want to take a look?”

When Moxiu heard that it was something novel, he stood up and squatted down again.

“Boss, what is it? Show me!”

The boss took out something from his pocket. Moxiu took a closer look and saw that it was a pistol.

He Lingyue obviously didn’t expect that there would be firearms in this place.

MO Xiu snatched it over and held it in his hands.

The boss smiled and said,” Be careful. This can be used. Don’t let it go off. Noble children like you love this kind of thing the most.”

“Boss, how much is it?” He Lingyue asked. I think even if this is the black market, this kind of thing can’t be sold openly, right?”

“The lady is right. How about I sell it to you for 100,000 yuan?”

MO Xiu took out 100,000 yuan and handed it to the boss.””Deal. I’m not bargaining. You have to give me something.”

The boss pointed at the herbs that Moxiu had just seen and said,””How about this herb as a gift to you?”

Moxiu grabbed the scabbard and said,”I don’t want that stupid grass. I’ll just take anything.

With that, he turned around and left.

The boss shouted from behind, “No, come back. I’ll give you something else...”

Sigh, I’ve lost it, I’ve lost it..”
