

## **Four Skills 461**

### Chapter 461: Meeting Rong Bang Again, Mission Completed

Moxiu was thinking about what he should do next. What should he do next?

Was he going back to Ape 69 City?

It was meaningless!

However, if he wanted to further understand it, he would have to go through the more troublesome procedures. It was too much of a waste of time.

After hesitating for a long time, Moxiu decided to go to the other top ten cities to collect different information. Going to a few more cities would make the information more accurate.

After deciding on the direction, MO Xiu prepared to leave and walked towards the exit.

Suddenly, a hand landed on Moxiu's shoulder.

Moxiu reacted quickly. After grabbing the hand, he pulled it towards him.

He couldn't see the person, but he caught the hand.

It was Rong Bang!

In the next second, Rong Bang appeared in front of MO Xiu.

MO Xiu looked around and asked, "Rongbang, why are you here?"

"I'm here to find you," Rong Bang said. "I snuck into Fox City and obtained some important information. I think we can retreat now."

MO Xiu smiled and patted Rong Bang. "Good job. As expected of you. What information?"

"It's not convenient to talk here. Let's retreat first."

Moxiu nodded and said, "That's good. Find a safe place and tell me the news. I'll immediately send it back."

"You can send messages?" Rong Bang asked in surprise. Moxiu nodded and said, "Yes, but it's a little slow."

"It doesn't matter if it's slow, as long as it can be transmitted back."

"It's faster than us going back at full speed!"

Rong Bang thought for a moment and said, "Alright then, let's go out. How did you get in?"

Now that the two of them were very close to the exit, MO Xiu led Rong Bang to the place where he came in and went out through the hole he came from.

The two of them had just come out when MO Xiu asked, "What news is it? Tell me so that I can send it back faster."

Rong Bang looked around and said, "It's still not safe here regarding the news of the Beast King. Let's find the others first. Have you contacted King Xi?" Moxiu nodded. "I just contacted you. How did you find me?"

Rong Bang said, "I've found Bailey and the others. They told me that you're in Ape 9 City. Let's go find them now. I think we have enough information."

"There's no need to stay any longer. Let's meet up and evacuate immediately." "

Moxiu took out his phone and glanced at it. Then, he nodded and said, "Alright, let's go find Bailey and the rest first!"

The two of them ran quickly together. When they were far away from Ape 9 City, MO Xiu suddenly stopped and turned around to look at Rong Bang.

"MO Xiu, why aren't you leaving?" Rong Bang asked in confusion. "It's time to seize every second." "

"It's precisely because we're racing against time that you should tell me the information you've obtained now," Moxiu said. "I'm the captain. I'll assess whether we should converge and retreat." "

"MO Xiu, you still don't trust me?" Rong Bang was stunned for a moment. Why was he acting like a captain now? Alright, I'll tell you, the information I got is..."

"There's no need to say anymore!"

"Hmm? What are you doing, MO Xiu?"

"I said, there's no need to say anymore!"

After saying this, MO Xiu suddenly attacked. He used Vacuum Destruction and trapped Rong Bang in the bubble.

Rong Bang looked at MO Xiu in horror and was about to run away.

With the limitation of the bubble, Rong Bang's speed was greatly reduced. He could not shake off MO Xiu at all. Three seconds later, the bubble burst and Rong Bang fell to the ground.

Rong Bang did not have any defensive skills, so he was severely injured. He fell to the ground and looked at MO Xiu.

At this moment, MO Xiu took out his phone and dialed a number!

"Mission failed! Everyone, retreat immediately!" "MO Xiu, what are you doing?" Rong Bang said weakly."

MO Xiu's reply to Rong Bang was a heavy punch!

After that, Rong Bang lost consciousness. After MO Xiu carried Rong Bang, he did not care anymore. He carried Rong Bang and directly summoned his Holy Sword to fly away!

He headed straight for Lao Bails location!

When Rong Bang opened his eyes again, it was already three days later.

MO Xiu, Bailey, Zhuge Zhong, and Li Ling 'er were sitting at the side.

Rong Bang looked around and said, "MO Xiu, you brought me back?"

MO Xiu nodded and said," That's right. You were controlled. After I brought you back, Uncle Xi found the Elder of Heavenly Secrets and helped you remove the control."

Rong Bang sat up strenuously and looked at the members of the team. He asked, ""Where are Xi Wang and Nong Zhang? Will anything happen?"

MO Xiu explained, "The two of them are fine. We all retreated that day. It's been three days now. Uncle Xi has some arrangements for the two of them to go to the outside world to help."

"That's good. It's good that you're not injured. I'm sorry, Moxiu. It's all my fault. The mission failed, so I could only force you to come back."

Moxiu said, "It doesn't matter. We've collected enough information. I've mainly investigated the social form of the wild beasts and the strength of the army. The progress on King Xi's side is also not bad. We've found out all the species in the Western Regions. Other than the fox clan and the ape clan, there are also four enslaved races, namely pigs, sheep, cattle, and dogs."

Rong Bang sighed heavily and said, "Sigh! I can only blame myself for being too rash. Otherwise, I might have obtained more information."

Moxiu glanced at his companions and said, "'Rongbang, the mission didn't fail. Tell me how you were controlled. This is also very important information."

Rong Bang began to describe what happened after entering the beast territory.

The core of the beast was in the top ten cities of the ape and fox.

Rong Bang relied on the convenience of invisibility to sneak into Fox City.

After entering, he immediately realized that something was wrong. There was a strange fragrance in the city that made Rong Bang unable to concentrate. He kept thinking about other things.

The most outstanding assassin knew that something was wrong, so he carefully walked towards the center of the city.

The more he walked, the more he felt his mind becoming more and more distracted. In the end, he revealed his body when he was not focused. He immediately felt weak all over. He did not know what happened after that.

Rong Bang had lost consciousness for a full day. When he regained consciousness, he could sense the outside world, but he could not control his body.

His body was being controlled by someone else, and Rong Bang was like a bystander.

For the next few days, Bangbang stayed in a small space, unable to move.

Until one day, he moved his body and rushed toward Ape 9 City at full speed. There, he saw MO Xiu.

MO Xiu knew what happened after that. MO Xiu ordered everyone to retreat and knocked Rong Bang unconscious before carrying him back to the royal space.

Three days later, Rong Bang woke up.

What Rong Bang said was very bizarre. There was a high possibility that there was a Beast King in Fox City, and it was the Beast King who personally took control of Rong Bang.

Controlling a person to travel a thousand miles away, this could not be considered a skill, but a divine power, right?

Moreover, from the moment Rong Bang entered Fox City until it was completely controlled, they did not see this Beast King.

It was very terrifying to control it without knowing it. Would this Beast King control a city in the future?

Who would have thought that Rong Bang, whom he thought was the least of his worries, would have a problem?

Chapter 462: Very Simple!\_I

After listening to Rong Bang's story, everyone present felt that it was strange.

Rong Bang was a little rash and entered Fox City directly, but it shouldn't be so easy to control, right?

"Rong Bang, what did you see after you entered Fox City and were controlled?"

It was impossible that he did not see anything along the way, right? What is Fox City like?"

Rong Bang frowned and began to recall. Gradually, his expression became a little painful. He suddenly shouted and covered his head. "I'm sorry, I can't remember. I can't remember at all."

Not good!

"Why do I feel like Rong Bang's memory has been deleted or sealed?" Li Ling 'er asked. "

When the others heard this, they looked at Rong Bang strangely. Was there such a skill in the world?

MO Xiu said," That's right, it's very possible. I think that's not all. When Rong Bang was first controlled, they were unconscious for a few days. During this period of time, the person who controlled Rong Bang read Rong Bang's memories!"

Rong Bang's expression was a little disappointed. He felt it too.

"Moxiu, how did you know?" Bailey asked."

Moxiu stood up and said," It's very simple. Rong Bang said that when he met me, he was still unable to control his body. In my conversation with Rong Bang, he mentioned Nong Zhang, Xi Wang, and Bailey. Tell me, how do you think the person controlling Rong Bang knows these names?"

Everyone present, including Rong Bang, broke out in cold sweat.

At that time, Rong Bang's words meant that he wanted everyone to gather together. What was the purpose of gathering? Of course, they would capture all of them in one fell swoop.

Therefore, MO Xiu did not hesitate at all. He directly injured Rong Bang and used his fastest speed to escape from the wild beast territory.

If they wanted to capture all of them in one fell swoop, there would definitely be other people lying in ambush not far from Rong Nation. They would either be top-notch experts or an army. Once everyone gathered, these people would quickly rush over to capture MO Xiu and the others.

At that time, if MO Xiu had not quickly injured Rong Bang and caused him to lose consciousness, MO Xiu would have been in danger.

After thinking through everything, everyone felt a lingering fear.

If MO Xiu hadn't discovered the abnormality of Rong Bang in time and acted decisively, this advance party might have been completely annihilated.

The way everyone looked at Moxiu changed. At first, they felt that Moxiu was very powerful, but they didn't expect him to be so accurate and decisive at the critical moment. He didn't give the wild beasts any chance to take advantage of him.

From a certain perspective, Moxiu had saved everyone from this dangerous situation. It seemed that letting Moxiu be the team leader was the best choice.

Rong Bang was still blaming himself. At this moment, he said, "This is all because of me. I...I'm really sorry, everyone. But I'm curious, Moxiu, how did you determine that I was being controlled in such a short time?"

It's not difficult to determine this," Moxiu said." Even if the person controlling you has read your memories, he's not you after all. The way he speaks and does things is fundamentally different from

yours.” After a pause, Moxiu continued,”” First of all, I had my doubts when we met. At that time, you patted my shoulder and revealed your true body after I discovered it. This is not your style. If it were you, you would be more cautious and would not reveal your true body no matter what. You would probably pass me a note to tell me.”

Rong Bang nodded.” That’s right. I wouldn’t do that. But what if it was really because I got some incredible information and got carried away?””

“Let me continue. There are many suspicious points. After that, you told me that you had obtained information. When I asked what information it was, you didn’t tell me at that time and didn’t obey my orders. This is the second suspicious point. Since you didn’t consider that others would see you and reveal your true body, why can’t you tell me where?”

“Then, it was my first test. I said that I could send the news back, but you still didn’t tell me the news immediately. Instead, you asked me how long it would take for me to send the news back. This isn’t normal. It’s like you’re investigating me. With your personality, you wouldn’t ask such a question. After the two of us left the city, I asked again what the news was, but you still didn’t tell me. At that time, I was more than 50% suspicious of you.”

” You only said a few words about the Beast King. Then, you asked me if I could contact King Xi. At that time, I didn’t manage to contact King Xi, but I lied to you and did. Then, I asked you a question to confirm that you were abnormal. I asked you how you found me. You said that you found Bailey and Nong Zhang first, and they told you that I was in Ape 9 City.”

Moxiu looked at Bailey and asked, “Bailey, what did I repeatedly tell you before I left?””

“Unless it’s life-threatening and I can retreat immediately, I have to report everything else to you,” Bailey replied.”

“Did you hear that? ” I even took a look at the phone. There were no missed calls or messages, which means that you haven’t seen Nong Zhang and Bailey. At this time, I was already sure that you weren’t Rong Bang, or that you were controlled by someone. Not only did you not see Bailey and the others, but you also didn’t know where they were. Because I deliberately led you in another direction, you didn’t notice, so I led you far away.”

Rong Bang smiled and said, ""Thank you, MO Xiu. I didn't expect you to understand me so well. It's all thanks to your meticulous mind that I didn't become a sinner."

Moxiu added," There's one more thing. When I first sneaked into Ape 9 City, I was suspected. At that time, I wasn't sure if I was discovered. Now, it seems like I was discovered. I was suspected in the afternoon, but Rongbang found me at night. Isn't that too much of a coincidence?"

"Amazing! It's really amazing!"

The person who spoke was Zhuge Zhong.

Zhuge Zhong had never taken the initiative to speak, so this sudden sentence made MO Xiu a little unaccustomed.

"MO Xiu, you should feel lucky. Zhuge Zhong doesn't praise people easily." Li

Ling 'er said with a smile."

"Your house?" asked MO Xiu. You're not even avoiding it now?"

Li Ling 'er pursed her lips and said, "What's there to avoid? Grandpa won't care about me, and the Zhuge family is very busy right now. They don't have time to care about us. Besides, it's not like we haven't made any contributions, so what reason is there to separate us?"

Li Ling 'er was now unyielding. She seemed to have forgotten the scene where she begged Zhuge Zhong to join her before she went to the Western Beast Region.

However, the Zhuge Clan was indeed very busy right now. They didn't have many people. If they wanted to play a role in the war, they needed to spread out. Therefore, the Zhuge Clan and the Tianji Clan were exceptions. They didn't participate in the One City One Clan mission.

There were only two people from Tianji School, and they didn't leave the royal space. They were sitting on the fishing platform. The Zhuge family was split up and distributed to various cities to ensure that there were people from the Zhuge family in every city in case of any emergencies..

#### Chapter 463: Listen to My Plan (1)

"Thank you for the compliment," MO Xiu said to Zhuge Zhong."

Zhuge Zhong quickly said," You don't have to thank me. I should be the one thanking you. If you hadn't given the order to retreat, Ling 'er and I might have been in danger. ""

Zhuge Zhong actually knew how to be polite. MO Xiu looked at Zhuge Zhong seriously. Before entering the beast camp , he was not like this.

No one knew what happened there, but Zhuge Zhong also began to slowly change.

MO Xiu nodded and did not reply. He turned around and looked at Rong Bang.

"Rongbang, you should rest first. Your injuries are a little serious and you might need some time to recover."

Why would Rong Bang mind? If it wasn't for his mistake, the mission wouldn't have ended, and Moxiu and the others wouldn't have left the wild beast territory in such a hurry. Perhaps they would have been able to obtain more information.

MO Xiu led everyone away. Once they left the door, everyone left. At this critical juncture, no one could stay idle. They all had missions to carry out.

This was the Xi residence, where Rong Bang was temporarily recuperating.

After MO Xiu walked out, he walked straight into Xi Bei's office.

Xi Bei saw MO Xiu enter and said,""How's Rong Bang's situation?"

Moxiu sat in his chair and did not speak for a long time, as if he was thinking about something.

After a long time, MO Xiu reacted and said to Xi Bei,"I'm sorry, Uncle Xi. I was just thinking about something."

Xi Bei was liking MO Xiu more and more. The information he sent back was accurate and systematic.

What was certain to be accurate and what was open to discussion were all clearly marked out. Some of the information even included MO Xiu's views and ways of dealing with it, which gave Xi Bei a lot of help.

The final decisive retreat also left a deep impression on Xi Bei. In a situation where he was alone, he immediately gave the order to retreat and avoid losses.

Xi Bei asked himself, if he was in the same situation as MO Xiu, he might not have done better than MO Xiu.

When MO Xiu was deep in thought, Xi Bei knew that MO Xiu had an idea.

"It's okay. Have you sorted out the matter?"

MO Xiu nodded and said," It's about time. The Elder of Heavenly Secrets 'words are not wrong. After Rong Bang returns, he will regain control of his body due to the long distance. However, the other party might see and hear everything about Rong Bang. It might also affect Rong Bang's thinking."

In fact, Rong Bang did not receive treatment at all. The Elder of Heavenly Secrets only said these words and left.

“From what you’ve just come into contact with, how’s Rong Bang?” Xi Bei asked. Do you need a place?

MO Xiu nodded and said, “We need to keep a close watch on them. We can’t let them know the truth. There are still some problems with Rong Bang’s personality, but it doesn’t seem like they’re being controlled. It’s very likely that the other party is influencing Rong Bang’s thinking. We can try to send some fake news to test Beast’s reaction. If they can really obtain information from Rong Bang, they might be able to use it in the future.”

Xi Bei nodded and said, “Your suggestion is very good. I will remember it. MO Xiu, sometimes your ideas are better than mine. How about you help me by my side?”

MO Xiu shook his head and said, “Uncle Xi, you must be joking. You are very capable. You don’t need me to tell you what to do. If I discover anything, I will discuss it with you.”

“Alright, I know I can’t keep you, but can I ask you for someone?” Xi Bei said with some pity.

Moxiu didn’t quite understand. The person in his hands? Could it be Xiao Hong and the others?

Xi Bei said, “I want your brother MO Li. I’ve been working well with him recently. I want him to stay by my side to help me for a long time.”

So that was how it was!

Even someone as upright as Xi Bei would occasionally resort to some tricks.

Earlier, he had said that he wanted MO Xiu to stay by his side, but that was just a pretense. He knew that he couldn’t keep MO Xiu. His real goal was MO Li. “Uncle Xi, MO Li still has other tasks to do.”

MO Xiu really wanted MO Li to stay by Xi Bei’s side. Unfortunately, MO Li’s mission had already been decided long ago, and it was also very important.

“Oh?” Xi Bei said. Is his mission very important?”

"It's very important!"

"What is it?"

"Continue with my mission," said Moxiu with a smile."

Xi Bei suddenly reacted and said, "Are you saying that you want MO Li to go to the wild beast territory? Would it be a little risky? Also, the people you asked me to gather are ready. What exactly do you want?"

"Uncle, didn't you say that the advance party is under my command?" "That's right!"

"Then shouldn't I be in charge of the continuation of the advance party's mission?"

Xi Bei nodded and said with a smile, "Of course you can command. MO Xiu, don't beat around the bush. You know I like to get straight to the point!"

"Alright!" MO Xiu suddenly stood up and said. Uncle Xi, weren't you asking where Nong Zhang and Prince Xi went? I can tell you now that they haven't returned and are still in the wild beast territory."

"What?!"

When Xi Bei heard this news, he was also a little surprised. After MO Xiu returned, he said that he had sent Prince Xi and Nong Zhang on a mission. He did not expect that the two of them would not return and would stay in the Beast Territory to carry out a mission.

"Uncle Xi, calm down. Listen to my plan."

Xi Bei calmed himself down and said, "I roughly know what you want to do, and

I can guess what you want me to gather people for.”

Moxiu chuckled and said,” There are a lot of spies in the human territory. You’ve investigated this, especially in Yan City. Even if someone is suspicious, it’s not easy to find them. They’ve been moving the core forces of Yan City recently, right?””

Xi Bei said,” You’re right. There’s no way to eradicate the beast spies. Beasts may have lived in the central region for decades or centuries, and they may have given birth to offspring with humans. If we investigate thoroughly, it’s very likely that Yan City will be paralyzed. What I can do now is to discuss with the city lord of Yan City and slowly transfer our forces to stop the losses in time.” ”

MO Xiu smiled and said,”Uncle Xi, I’ve recently thought of a move, and it’s what

I’m going to do now.””

“Oh?” Xi Bei said in surprise. Tell me!”

“Our thinking has been solidified. This is a war. There are both offense and defense. Spies are beasts that make the first move. We discovered it too late, and it’s too late to defend now. As you said, we can only stop the losses in time, but we still have one hand.”

When Xi Bei heard this and combined it with what MO Xiu had been doing recently, he understood what MO Xiu meant.

“You mean, we can also send a large number of spies into the Beast Territory. They will collect intelligence, and we will collect intelligence. They will organize a rebellion, and we will organize a rebellion. Don’t even think about it. This is indeed a good idea, but Rong Nation did not see Prince Xi and Nong Zhang.. Will they strengthen their defenses?

Chapter 464: War Is Revenge for Flaws

"That's right," MO Xiu said. "Every time you hit me, you punch me. I only want to be beaten. How can I win?" "I believe that in war, every flaw must be repaid. You hit me, and I have to return the favor. Since this is a life-and-death battle, injuring the opponent is a good defense, isn't it?" "That's right!" Xi Bei said.

MO Xiu continued to answer Xi Bei's question.

"You don't have to worry about King Xi and Nong Zhang. When we were in the territory of the wild beasts, I gave the order to retreat in front of Rong Bang. This information will be sent directly to the wild beasts. If you were the beast king, would you believe it?"

Xi Bei thought about it and said, "Yes!" Because I know your names, characteristics, and even your appearance. You even gave the order to retreat. Staying behind will only lead to death."

"I don't think Beast will strengthen their defenses, and it's very difficult to do so. Other than the top ten cities that are more regulated, the people in the other cities don't have any identification. You can buy a cell phone with money.

I've also checked their network. It's just some announcements and news. There's nothing to prove their identity."

Xi Bei said, "I've read all the information you sent back. It's indeed very easy to infiltrate, but won't people be suspicious if so many people go at once?"

"Why would I leave Nong Zhang and Prince Xi behind?" MO Xiu asked with a smile. It was to guide the main group. It was embarrassing to say that the best people to mix in the beast society were not me, but these two people. Nong Zhang was a famous person in Ape 69 City at night and could be considered to have a reputation. No one cared about having a few more underlings. King Xi was doing very well in the village. After entering the city, he even entered a

formal company."

Prince Xi and MO Xiu had contacted each other. Coincidentally, when MO Xiu was rushing back with Rong Bang, Prince Xi saw the advertisement in the newspaper and called MO Xiu.

Moxiu did not hesitate at that time and directly gave the real order. Only Prince Xi and Nong Zhang were left behind, and the rest were all withdrawn.

Xi Bei thought about it for a moment. He had never been to the territory of wild beasts. Everything he had heard was the information that Moxiu had sent back. From the looks of it, the plan that Moxiu had mentioned was very feasible.

After careful consideration, Xi Bei said, "Since I've promised you, I'll leave this matter to you to command. I won't interfere. You have to be careful with everything. If there's anything you need, let me know."

MO Xiu and Xin Bei agreed. He smiled and said, "Don't worry, I'll handle it properly. Nong Zhang and Xi Wang's abilities have been tested, there won't be any problems."

"Alright, looks like I still have to work alone," Xi Bei asked. According to your plan, Xi Bei will go down the corporate route and make a difference during the day. Nong Zhang will go down the gang route and mix in with the underworld. What will MO Li do then?"

"That's my younger brother," Moxiu said. "Of course he has to play the most important role. He has to join the army!"

Xi Bei's expression suddenly turned solemn as he asked, "Are you sure you can do it? This was too dangerous. One mistake in the army of wild beasts could cost one's life."

"Don't worry," Moxiu explained. "MO Li has the ability to disguise herself and escape. There won't be any problems."

Xi Bei thought about it for a moment. MO Li had a skill that could communicate with Moxiu. Now, there was an escape skill and a disguise skill. That was three skills. The remaining skill should be a status enhancement skill. Otherwise, how could he pass the beast test?

MO Li was just a clone. Even if he died, it wouldn't be a big deal. MO Xiu could release another MO Li without any danger. That was why he sent MO Li to the most dangerous place.

Xi Bei said, "Alright, I'll leave it to you. I don't have to worry. MO Li's work has been arranged. What are your plans after taking over?"

MO Xiu really hadn't thought about this. He had been busy with many things before.

Now that everything was sorted out, he did not know what to do. Xi Bei saw the opportunity and said, "Why don't you come and help me?"

"Hahaha! Hahaha!"

The two of them laughed at the same time.

Moxiu walked out of Xi Bei's office and returned to the Outsider Building.

He had wanted to meet Xiao Hong and the others, but he realized that they weren't all there.

Xiao Hong and Yue Yuan weren't around. They had returned to the outside world to help. Now, only Xiao Xinru, Yang Qingzhuo, and Liu Ziyang were left.

The three of them were all cultivating with all their might, but no one actually suggested that they gather together.

Everyone had changed. Perhaps it was because of the gap between their strength and theirs, or perhaps it was because of the external factors of the impending invasion of the wild beasts, everyone wanted to become stronger with all their might.

Even Liu Ziyang had put away his silly character and cultivated day and night.

If it was in the past, without MO Xiu and Xiao Hong in the team, Liu Ziyang would definitely be clamoring to return to the outside world. After all, he had not seen Du Ya for a long time.

MO Xiu was very interested in finding them and then came back dejectedly.

Xiao Xinru and Liu Ziyang didn't bother with MO Xiu at all. They simply greeted him.

When they finally found Yang Qingzhuo, they chatted for a while.

MO Xiu found Yang Qingzhuo in the skills training room. The moment Yang Qingzhuo saw him, he immediately threw himself into MO Xiu's arms.

"MO Xiu, where have you been all this time? I didn't reply to your messages. No matter how busy you were in the past, we kept in touch."

MO Xiu also felt a little guilty towards Yang Qingzhuo. When they met in the internal competition of the Yan University, he had said that he would let her be his support.

However, after that, apart from the competitions within the school, MO Xiu did not have much cooperation with Yang Qingzhuo most of the time. Now, he did not even know what level Yang Qingzhuo's skills had reached.

"Are you worried about me?" asked Moxiu. Don't you understand me? It'll be fine."

Yang Qingzhuo came out of MO Xiu's arms and wiped the tears from the corner of his eyes. He returned to his normal state and said firmly, "Yes, you're so strong. How could anything happen to you? I also want to work hard and cultivate, hoping to be your partner again."

After saying that, he turned around and returned to the skill training room. Moxiu stood there awkwardly.

Everyone was working hard, but what was he doing?

Moxiu first rented a martial arts field and began to train himself in actual combat and basic strength and speed training.

It had been a long time since he had gone through such training. He had trained himself to the limit and then used the holy flames to recover his stamina. The improvement was very obvious.

MO Xiu had this idea for a long time, but he never had the time to put it into practice.

After training his body and moves, Moxiu began to cause trouble. He unleashed his skills without restraint in the training field.

Moxiu had been holding it in for a long time, and he hadn't fought much in the wild beast territory.

Skills flew everywhere, and the skills in Random were also continuously released. Moxiu wanted to see if he could add Random to regular battles. After all, some of the skills were very powerful, such as the skill he used when fighting Nong Zhang.

Looking at all kinds of skills with different functions being released by him, Moxiu had a strange feeling that he could release all the skills in the world.

It was only when the 'random' image turned into a familiar pattern that Moxiu was stunned for a second before he was overjoyed.

It was a vortex!

Chapter 465: I'm Going into a Closed Door Meditation!\_I

The 'Random' skill's pattern had changed to the same pattern when it had just awakened. It was because of this skill that Moxiu's strength had increased by leaps and bounds. At that time, he had turned off the skill and was filled with regret.

Now that this skill had appeared once again, how could Moxiu not be excited?

At this critical moment, he might be able to greatly increase his strength once again. No matter how much information he had on the enemy, no matter what strategy the central continent had, his own strength was the foundation.

With this opportunity, MO Xiu had to use it carefully. He could have his clone, MO Li, take on his appearance to handle various matters, but MO Li had an even more difficult task.

Moxiu decided to settle everything first before entering seclusion until the beasts invaded.

Thinking of this, MO Xiu hurriedly walked out of the training field.

As soon as he walked out, he realized a very important problem.

Where to?

There seemed to be nothing for him to do now.

Moxiu's foundation was the strongest organization, and it was developing very well. Even if there might be Beast's spies inside, there was nothing they could do now. They had already informed Mu Mu to be on guard.

He couldn't stop the development of the strongest group just because of a few spies, right? If he did that, he might not be able to find the spy. There was nothing he could do when he went back.

After MO Li left the strongest corporation, Cao Fenglin was now in charge of the pharmaceutical production line. All of Cao Fenglin's original work was handed over to the Xiao Family. Xiao Lan couldn't handle it alone, so Xiao Hong went out to help.

As the predecessor of the Strongest Group, MO Xiu was completely out of touch with the Strongest Club. According to Hao Ren, He Lingyue's strength and management skills were far superior to his, so he didn't have to worry about her.

The second-best city, Shun City, had a few people whom Moxiu trusted the most. The current Shun City could be considered one of the strongest cities in the central continent.

With Yue Long in charge, the second batch of Li family members had already passed. Other than Grandfather Li Xin, everyone else was in Shun City. It was a place that MO Xiu was most at ease in.

His comrades were busy with their own tasks, and none of them were idle. MO Xiu really didn't know what he could arrange for them.

As he grew up, the others also slowly matured. He no longer needed to do it himself.

Then... directly enter closed-door cultivation?

Before he entered seclusion, MO Xiu had arranged something.

For the most important information, Moxiu contacted Wang Yu and Hao Ren and asked them to send a team of people they absolutely trusted.

MO Xiu led these people into the royal family and then split them into batches to head to the Western Beast Region.

Moxiu's goal was to have multiple sources of accurate information.

Even if something went wrong with the royal family, there was still Wang Yu and An Ying's intelligence. If something went wrong with An Ying, Hao Ren would be there to make sure everything went well.

When they arrived there, it was crucial to establish an intelligence system. They made use of the signal overlap area.

Humans and beasts had their own communication systems, so there would be a relatively small area at the border where the signals of both sides overlapped. Placing someone in that position could guarantee that the news would be sent back.

MO Xiu had already asked Old White at the border to help investigate, and the results were feasible.

This way, a stable intelligence system could be established. Of course, there was always a backup plan.

The three forces that entered the wild beast territory, the Royal Family, the Dark Shadow, and the Know-it-all, would each choose a captain to send information to MO Li once a week. MO Xiu could receive it directly. Once everything was ready, the operation began.

MO Xiu once again came to Xi Bei's office to discuss the details.

"MO Xiu, your operation this time is extremely important. Is there anything else you need me to cooperate with?" Xi Bei asked.

Moxiu shook his head. "I've already told you what I need. I don't have any other requests for the time being. If there's anything, I won't be polite. ""

Xi Bei sighed. MO Li left and no one helped me. I'm not used to it. I'll have to go to the outside world next. I can better see the situation outside."

"Everything went smoothly," Moxiu said solemnly."

Xi Bei smiled and got up to leave. MO Xiu suddenly remembered something and asked, ""I've always had a question. I wonder if Uncle Xi can answer it for me?" "Go ahead. At this point, there's nothing I can't tell you."

"I want to know. We have been working hard to investigate the Western Region. What about the Eastern Region?"

Xi Bei looked at MO Xiu in surprise and said, ""Don't you know about this? There are two advance parties. One is led by you to the western region, and the other is led by Old Master Tang to the eastern region with the manager."

'My master and managers?" Moxiu asked nervously."

Xi Bei nodded in confirmation and said, ""That's right. They went to the eastern region together." "Did they send back any news?"

Xi Bei shook his head.

Oh no!

It seemed like Elder Tang's trip was not for information, but to challenge the Beast King.

Old Tang, Old You, and Old Du, who was sitting in front of the surveillance

camera, should stay behind to control the royal space.

The three old men headed to the Eastern Domain with an obvious motive. They wanted to wait for the beasts to invade and surround the Beast King!

But with Old Tang's condition, would he be able to come back after another battle?

Was that really the last time? That's right. The moment Elder Tang handed the diary to him, he should have realized that Elder Tang was prepared not to come back.

Xi Bei looked at MO Xiu's worried expression. How could he not know what MO Xiu was thinking? He had already thought about what MO Xiu was thinking when Elder Tang left.

There was a high chance that Eldest Brother Tang would fight to the death with the Beast King and wouldn't come back.

MO Xiu was Elder Tang's disciple, and Xi Bei couldn't bear to see MO Xiu like this.

He patted Moxiu's shoulder and comforted him,""Moxiu, you don't have to worry too much. The purpose of Tang Lao's group might be to obtain information. The Eastern Region is different from the Western Region. The

Western Region's races are apes and foxes in human form, while the Eastern

Region's races are snakes and cats."

MO Xiu raised his head and smiled at Xi Bei. This was only a consolation. It was impossible for it to become a reality. Both of them knew this very well.

However, what Xi Bei said about the eastern region was true. It was not like the western region, where there were natural conveniences and could learn from everything about humans.

Even if it had developed very quickly in the past hundred years, it should still be in the form of a primitive society.

Moxiu suddenly felt a little powerless. What he could do now was to help the humans tide over the crisis, but to a certain extent, it went against his original intention.

In the beginning, Moxiu wanted to become stronger because he wanted to protect the people close to him.

But now? Everything else was going smoothly.

The few people closest to him were in danger.

Mu Qingyi who was far away in the north, Old Master Tang who was lying in ambush in the eastern region, and Little Fushun who was missing. "I'm going into seclusion!" MO Xiu shook his head and said.."

#### Chapter 466: Blushing Face (1)

"I'm going into seclusion!"

Xi Bei hadn't expected that MO Qijue would choose to enter seclusion at this time. The wild beasts might not attack at any time, so even if he were to cultivate at this time, how effective would it be? Also, could he feel at ease?

"If we go into seclusion at this time, what about the infiltration mission?"

'I can contact MO Li," Moxiu said." There's no conflict between the closed-door training and the command mission. Don't worry."

Xi Bei still wanted to open his mouth to persuade MO Xiu. MO Xiu's current strength was already very strong. Even if he could not reach the peak of combat power, he was still one of the most outstanding people in the younger generation. Moreover, he had only recently improved greatly. According to common sense, even if he went into seclusion to cultivate again, he would not improve greatly in a short period of time.

However, the person in front of him was MO Xiu, so he couldn't use common sense to analyze him.

Since it didn't conflict with the mission and Moxiu had his own plans, he would just let him be.

Xi Bei said,"Since you have such a plan, go ahead. Is there anything I can help with?"

Monet thought for a moment. Cultivation required a large amount of herbs and points. He had the herbs himself. The herbs that the 'big' family had given him last time were enough for him to use for a

long time. He did not have to worry about points either. However, the location of the skill cultivation room and the herbs was a little far, so it was not very convenient to go back and forth.

There should be a skill training room in the building of the Ouyang family, but he still had to go out. How could this be called seclusion?

Since the person in front of him was one of the most influential people in the Imperial Family, MO Xiu voiced his request.

Xi Bei didn't know whether to laugh or cry when he heard this. With MO Xiu's current strength and status, resources were no longer a problem. No matter what conditions he proposed, Xi Bei would agree. He didn't expect him to make such a strange request.

Build the best skill training room in a designated space, so as not to be disturbed.

This way, Moxiu would have his own Skill Cultivation Room and a place to store herbs.

Xi Bei made the arrangements very quickly. It didn't take long for him to find such a place. It was in the Xi residence, and he left a floor empty for MO Xiu to use.

A portion of the Xi Family was in Yan City now, so they had enough space.

MO Xiu was full of praise for Xi Bei's generous behavior. Although MO Xiu was a little rude, in terms of seniority, Elder Tang was someone of Xi Bei's grandfather's generation. MO Xiu was Elder Tang's disciple, so in terms of seniority, he was older than Xi Bei.

Now that he had a place, Moxiu did not want to take up the Xi Clan's resources. The main reason was that Moxiu had herbs.

He immediately contacted Big Fear and gave some of the herbs to Yang Qingzhuo and the rest. This seclusion would not last long, and it would consume a lot of herbs.

Everything was ready. Moxiu sent a message to his family and friends, informing them that he was going into seclusion.

Soon, he received many replies.

Relatives like his mother and relatives would reply that everything was going well.

It was like teasing between friends.

Like Cao Fenglin.

“MO Xiu, you bastard! I’m working my ass off outside, and you’re actually going into seclusion. Hurry up and bring MO Li back.”

At this moment, MO Li had already set off for the Western Beast Region. It was impossible for him to find her. MO Xiu ignored Cao Fenglin’s message.

There was also Liu Ziyang.

“Boss, you’re going overboard! I’ve been cultivating day and night just to catch up to you. I finally felt that I might be able to close the gap, but you’re going into seclusion again. Do you want to die?” MO Xiu replied.

“Don’t, you have to live for Du Ya.”

Ye Qian ‘er.

“Brother, I haven’t seen you in a long time. Are you going into seclusion again? You are the hope of the central continent. I have been working hard on my cultivation recently, striving to be able to contribute during the war.”

As the news of the beasts 'invasion was made public, the education methods of all schools changed.

Including Yan University.

Originally, Yan University's education method was mainly based on competition, but now it was all canceled and the teachers focused on special training against wild beasts.

The system in the central region was like this. Students were the group of people with the most potential, but they had yet to fully mature.

The schools did this because they wanted their students to grow up quickly and protect them. These were the main forces of the next generation of mankind.

After that was Yang Qingzhuo.

"MO Xiu, you've just returned and you're already going into seclusion? I was going to cook you a meal. Alright, let's do it this way. You'll go into seclusion and I'll go into seclusion as well. When I come out of seclusion, we'll kill wild beasts together. I'll find my own path, but I'll always be your shadow."

MO Xiu sighed. It turned out that Yang Qingzhuo hadn't changed. He had only matured.

Xiao Hong.

"Cultivate in peace. Leave the matters outside to me! Also...I haven't seen you for a long time. I miss you a little."

"Hmm..."

When Xiao Hong said that she missed him, MO Xiu couldn't believe his eyes. At first, Xiao Hong was arrogant, but later on, she would always tease him. This sudden emotional change made MO Xiu unable to react.

She didn't know how to reply, so she decided not to reply.

Of course, MO Xiu also sent a message to Mu Qingyi.

As expected, he did not receive a reply. It seemed that Qingyi was still under control, and he did not know when he would be able to contact her.

The few people that MO Xiu was most worried about were Old Master Tang, Mu Qingyi, and Little Fushun.

He could not contact the three of them, but at least he knew where Mu Qingyi was. He did not know where the other two were.

MO Xiu entered the large room that Xi Bei had prepared for him. It was filled with boxes of herbs, and there was a skill training room in the corner.

He picked up a few herbs and went straight to the skill training. Let's begin!

He put the herbs into the drawer and soon, spiritual energy appeared. The speed and concentration of spiritual energy released were very fast, which was very different from the skill cultivation room in the Outsider Building.

Of course, the consumption of herbs was also huge.

Moxiu couldn't waste such a good environment. He immediately closed his eyes and began to cultivate his skills. He would start with the War God.

As he cultivated, he was still thinking about Mu Qingyi. It was MO Xiu's regret that he could not bring Mu Qingyi back.

At this moment, all sorts of memories with Mu Qingyi flashed through his mind.

In the end, his face turned red!

At the same time, MO Li led the first batch of people to the border.

After meeting up with Lao Bai, he trained these people in a few grass huts and explained the things to take note of after entering the wild beast territory.

The next day, everyone entered the Western Regions under MO Li's lead. This batch consisted of thirty-five people, and they were to be assigned to Prince Xi and Nong Zhang.

The first to arrive was Ape 53 City, where King Xi was located.

Prince Xi's path was completely different from MO Xiu's and Nong Zhang's.

What MO Meng wanted was to obtain information as soon as possible and then make his next move.

And because of Prince Xi's character, he was too steady in doing things, so steady that it was unexpected.

He actually settled down in the first village he encountered and gradually gained trust. The village chief even recommended him to enter a formal enterprise in the city.

Prince Xi also did not have any academic qualifications, but he had the recommendation letter from the village chief. It was also a path. He did not expect to successfully enter a large-scale company..

Chapter 467: MO Xiu Enters Seclusion, MO Li Moves Out! 1

MO Li held MO Xiu's phone and easily contacted Prince Xi. It was noon now, and Prince Xi was at work, so it was not convenient to meet. The group could only wait until Prince Xi got off work at night before meeting.

The 30-plus players in the team were a little conspicuous. MO Li had previously trained everyone. At this moment, he made a prompt decision to immediately disband. Just like MO Xiu when he first entered the Beast Territory, he let these people go around on their own to adapt and try to find a job.

They waited until evening, when Prince Xi met up with MO Li after work.

'Who are you?' Prince Xi asked."

"I'm MO Li!"

Prince Xi was stunned. Then, he said thoughtfully, "Mo Li? I don't know this person."

MO Li was helpless. She showed MO Xiu's phone number to Prince Xi and then told him some things that only MO Xiu knew.

Prince Xi then said," So it's really Brother MO Li. Don't blame me for being too careful. It's really because of your appearance..."

Before MO Li set off, MO Xiu had remade MO Li into a standard strong ape form, so when Emperor Xi saw MO Li, he did not dare to recognize him.

In MO Li's current state, as long as he did not encounter a skill like God's Authority, he could face it calmly.

Whether it was his appearance or his skills, MO Li perfectly matched the standards of a strong ape.

MO Li's body was no different from the state of the Vigorous Ape. Even wild beasts would not be able to notice anything unusual, let alone King Xi.

MO Li still had to pretend that he did not know King Xi and repeat the pleasantries with him. He also explained that his current appearance was created using a skill.

The two of them quickly entered the main topic.

“How many people are there in the first batch?” King Xi asked.”

MO Li replied,” There are thirty-five people in total. There are more things to pay attention to during the day, so I’ll give you ten people this time. See if you can arrange it. ”“

“Ten people? It’s a little difficult.”

Prince Xi’s expression was a little serious. It was very difficult to enter a formal company without a degree certificate. Even with Prince Xi as an insider, it was also very difficult.

MO Li took a step back and said, “Then see what your limit is. I’ll take the rest.”“

Prince Xi waved his hand and said,” No need. Leave these ten people behind. However, they should not contact me for the time being. I have their contact information. When I can arrange for them to enter, I will contact them.”“

Prince Xi’s meaning was very clear. He could arrange it, but he could not rush it. He had to take it step by step.

Okay, but I just came here, so I don’t have any money. Look...”

MO Li rubbed the fingers of his right hand, and King Xi smiled as he took out twelve thousand yuan and handed it to MO Li.

Prince Xi said,” I haven’t been here for long. This is all I have. I don’t have any more.”“

Without saying anything else, MO Li took the money and left. The first thing she had to do was to pick out ten people to stay. Then, she would give them a mobile phone and leave a small amount of money for each of them.

After he was done, MO Li sent the phone numbers of these ten people to Prince Xi, and the matter here was considered completed.

By the time he was done, it was already past 10 pm. Looking at the city, it was exactly the same as Ape City, The world at night was different from the world during the day.

The world at night was very barbaric. In order to avoid trouble, MO Li left the city at night.

He headed straight for Ape 69 City.

There were only 15 people left. MO Li picked out five people with stronger abilities and entered the cities they passed by with their phones.

If there was a whole, there must be a zero. These people were more outstanding and had the ability to survive independently. Placing them alone in a city would prevent the source of information from being too singular.

After a night's journey, MO Li brought the ten of them to the familiar Ape 69 City.

MO Li was MO Xiu's clone, but in essence, they shared the same brain. MO Li was like MO Xiu's hands.

At this moment, MO Li had returned to Dao Ape 69 City, just like MO Xiu had returned by himself.

MO Li was more familiar with this place. He directly brought a few people into the city. Like before, he dismissed everyone as soon as they entered the city and went to see Nong Zhang himself.

He arrived at the residence before his residence and knocked on the door. Not long after, the door opened.

Nong Zhang looked at MO Li warily. It seemed like he had been sleeping.

MO Li took out MO Xiu's phone again and explained his identity. Only then did Nong Zhang let MO Li in.

Nong Zhang and Xi Wang couldn't be blamed for being careful. They could only blame MO Xiu for being too realistic when he pinched the face.

After the two of them entered the house and sat down, Nong Zhang went straight to the point and said, "I don't really understand what Moxiu's plan is. I've been following Moxiu's instructions all this while."

MO Li nodded and explained the general content of the plan. Nong Zhang nodded as he listened, but he didn't know if he listened.

At this stage, everyone believed that MO Xiu and MO Li were two different people. In order to differentiate them, MO Li would explain.

Halfway through, Nong Zhang finally couldn't hold it in anymore and said, "Wait, can you stop for a moment?"

MO Li waved his right hand, indicating for him to speak!

Nong Zhang said awkwardly, "To be honest, I don't really understand what you're talking about. Just tell me what you want me to do!"

MO Li smiled helplessly. Nong Zhang was still the same. Other than fighting,

he cared about everything. It was hard to imagine that he was doing well in the night world.

MO Li said, "Alright, there are two things. First, I've brought ten people. These ten people were selected by Xi Bei and MO Xiu. You'll lead them in the future. Once they're capable enough, place them in key positions."

"I understand." Nong Zhang nodded. "Moxiu told me about this before. He said that I might have to bring many people in the future.""

"Yes, Moxiu is right. This is only the first batch. There will be a second and third batch."

Nong Zhang said, "That's not a problem. There's no order in the world at night. There are only rules that everyone recognizes. No one will suspect if we bring them directly into the gang. What about the second thing?"

Nong Zhang's matters at night had always been handled by him, so there was no need to worry.

"The second thing is that if I want to enter the top ten cities, I need the City

Lord's Estate to issue an identity certificate."

Nong Zhang was stunned. He had a headache. This matter was difficult for him.

If he was asked to fight, expand the sect's power, and lead underlings, all of these were fine, but he could not do such a thing.

With Nong Zhang's current strength at night, it was still not enough to come into contact with the City Lord's Estate. To do this, he needed to find a middleman. Nong Zhang knew nothing about these interpersonal relationships and social interactions.

MO Li saw that Nong Zhang was in a difficult position and knew where the problem was. He reminded, "I heard from Moxiu that there's a person called Ape 9527 in your gang. His family is very powerful in this city."

“His family is very powerful, but he doesn’t have any say in the family. It’s useless.”

“I also heard from Moxiu that there’s a person called Brother Ape Six who has a good relationship with you?”

Chapter 468: I Am MO Xiu

At the mention of Ape Six’s brother, Nong Zhang suddenly understood.

“Yes, yes, yes. Brother Ape Six is good at both black and white, and he treats me very well. My way of dealing with things at night is to fight if I don’t agree. Many big shots think I’m too rash. Only Brother Ape Six and I have a good relationship. Teach me!”

MO Li scratched his head and didn’t intend to teach Nong Zhang what to do. Are you willing to learn? Are you sure you can learn?

No matter how he thought about it, it was not safe. It was better to do it himself.

MO Li said, “You’re wasting too much time. I need to enter the top ten cities as soon as possible. How about this? I’ll go with you tonight. You introduce me to Brother Ape Six and tell him that I’m very close to you. Ask him for help. That way, he will consider it. After all, you’re here. Leave the rest to me.”

When Nong Zhang heard that MO Li didn’t want to teach him, he wasn’t unhappy. Instead, he seemed a little excited.

This was the case for the farmers. They were not willing to do these troublesome things. This way, everyone would save trouble.

“Give me some money,” said MO Li. “I’ll arrange for my brothers to give it to you.”

“Oh!”

After agreeing, Nong Zhang casually took out tens of thousands of yuan from his backpack and calmly handed it to MO Li.

“I’ll give you these first. If it’s not enough, I’ll go get it for you. Moxiu asked me to save more money, or else I wouldn’t care about these.”

After MO Li took the money, the corner of his eyes twitched. Thinking about how it was difficult for Prince Xi to take out more than 10,000 yuan, the farm stamp could easily give him tens of thousands of yuan.

It seemed that the Beast World was the same. It was difficult to make money through legal channels, but it was easy to make money in the dark lands.

However, there was one difference. The human world generally understood that it was wrong to profit illegally, and everyone followed the law.

But the beast world is not the same, the night world is not the same, but this is the default of all beasts.

MO Li took the money and was about to leave when Nong Zhang suddenly called out to him.

“Wait, I have a question to ask you.”

“What’s the problem?” asked MO Li.

After Nong Zhang got closer, he started to touch MO Li’s body and exclaimed, “Don’t you look too much like a strong ape? From his figure to his appearance, they were exactly the same. You were born to be a spy. Aren’t you MO Xiu’s younger brother? Why don’t you two look alike at all?”

MO Li found it funny. Nong Zhang actually thought that he was born like this.

“This is a skill. I wasn’t born like this.”

Hmm...

Oh no! MO Li regretted it immediately after saying that. With Nong Zhang’s obsession with skills, he would definitely read the skill and copy it after saying that.

MO Li wanted to leave immediately, but looking at Nong Zhang’s expression, he should have already used his innate skill.

Nong Zhang was expressionless as he looked at MO Li in a daze.

“Nong Zhang, what’s wrong with you?” asked MO Li.”

Although he already knew that the farm badge had read his skill, he still had to ask and go through the process.

Nong Zhang looked at MO Li strangely and said,””Mo Li, first of all, let me apologize to you. I used my innate skill on you just now, but...don’t you have any skills?”

MO Li lowered her head and thought for a moment.” Of course I have a skill. Maybe your talent skill is ineffective against me! ””

“Impossible!”

Nong Zhang said as he stepped back.

One could clearly see that his eyes were trembling, as if he was doubting his most trusted talent.

Nong Zhang was a martial arts fanatic. Once he doubted his skills, he might cause irreversible serious damage.

Right now, Nong Zhang was fearless. Coupled with his few skills, he was simply fearless. Even if he was asked to kill the Beast King now, he would not hesitate at all.

However, once the Nong Zhangs started to doubt their innate skills, they would start to doubt their own strength. After all, innate skills were the skills that Nong Zhangs relied on the most.

If that happened, Nong Zhang's strength would be greatly reduced. MO Li did not want to see such a situation happen.

At this critical moment, Nong Zhang's combat strength was too crucial.

With the farm badge, it was equivalent to having one more top-notch fighting force in the middle of the human race. At the critical moment, they could face a beast king.

When MO Xiu was carrying Bang back to the royal family, Xi Bei kept asking where Nong Zhang and Prince Xi were because of this.

The farm badge was a fighting force that could not be lost. It was even more important than Xi Bei's own family, Xi Wang.

Before MO Li set off, Xi Bei had repeatedly reminded him to retreat immediately if anything went wrong!

Looking at Nong Zhang's expression, MO Li sighed helplessly. His faith was about to collapse.

He had revealed the fact that MO Li was only a clone!

After weighing the pros and cons, MO Li felt that it wasn't worth it to lose a combat ability like the farm badge just to hide a skill. Even if it was just a possibility, it was not worth it.

Moreover, even if he told Nong Zhang about the skill, it might not spread. Nong Zhang could still be trusted as long as he did not go to Fox City!

After hearing MO Li's explanation, Nong Zhang recovered a little and asked in disbelief, ""Are you really Moxiu's skill? How many skills did Moxiu have?"

MO Li replied, "There are many skills! ""

If MO Li was a doppelganger, that would explain why the farm badge did not read any skills. How could a doppelganger have any skills?

Even if it had a skill, the clone itself was a skill. How could it treat a skill as a

target?

Nong Zhang's eyes gradually returned to normal, and MO Li heaved a sigh of relief.

"You are one of Moxiu's skills and share the same consciousness. Should I call you MO Li or MO Xiu?"

MO Li smiled and said, "I'm MO Xiu in essence, but you have to call me MO Li. Do you understand?"

"I can help you keep the secret of this skill a secret, but you have to promise me one thing."

MO Li was stunned. He had only been in the wild beast territory for a few days, and his farming skills had already gone bad? Have you learned how to negotiate?

"Alright, tell me!"

Nong Zhang's eyes turned excited as he said, ""1 can keep it a secret, but the next time we meet, you have to let me study this skill."

The next time they met, he would naturally be talking about when he saw Moxiu in person. f(r)ee

He suddenly recalled that when he was fighting with Nong Zhang, Nong Zhang had made a similar request.

He was really a martial arts fanatic. In order to research more skills, he actually threatened Moxiu twice.

This time, the state of the agricultural chapter was restored, but it was not confirmed that the association would not be because of this matter, leaving a hidden danger in the heart of the agricultural chapter.

Nong Zhang wasn't unconfident in himself. On the contrary, he was extremely confident, and he believed in his innate skill for no reason.

However, MO Xiu didn't know what the consequences would be if he became suspicious.

It was a huge blow to anyone to suddenly see that something that they had always believed to be the truth was not true.

Skills might be fine for other people, but for Nong Zhang, skills were everything, and battle was everything!

He would not allow any problems to occur with his skills..

Chapter 469: I Am Only Twelve Years Old

MO Li was still worried, but the farm stamp had already begun to study it.

“This clone is too magical. It can set its own appearance, share a brain, and can be separated from the main body by thousands of miles. I just don’t know how strong it is.”

Nong Zhang sized up MO Li curiously. It seemed like he wanted to make a move here and personally test MO Li’s strength.

“Nong Zhang, don’t do anything rash!” MO Li immediately said. Otherwise, I’ll tell Xi Bei to transfer you back. When that time comes, you won’t have so much freedom!”

When Nong Zhang heard this, he immediately lost interest. He said, “How boring.” Then he went back to his room to sleep.

Now that Nong Zhang already knew MO Li’s true identity, there was no need to hide it. He might as well use MO Xiu’s own tone to speak. Otherwise, it would be quite tiring to pretend.

MO Li saw that Nong Zhang was no longer paying attention to him, so he went out to do something.

He arrived at the mobile phone shop with ease. The moment he entered, he was still familiar with the formula and the smell.

Seductive Fox held her arm and brought MO Li to the counter.

The seller was still the skinny ape boss. Last time, he had been tricked and cheated of so much money. This time, he definitely wouldn’t do it again.

“You don’t look familiar. You’re not a local, are you?” The boss asked enthusiastically.”

“If he’s not a local, where is he from?”

“Aiyo, are you from the local area? That’s great! There’s a discount for locals!”

MO Li thought to himself, “You’re quite quick at reacting to the situation. I don’t believe you!”

“Stop wasting time. I want this phone!”

MO Li pointed at the latest cell phone that he had spent a lot of money to buy last time.

“How much do you know about this phone?” asked the boss.

He wanted to set up a trap again. This time, MO Li would not fall for it again. He slapped his phone on the table and said, “I’ve been using it for almost a month. How much do you think I know? Stop wasting time. I want twelve sets. Give me the lowest price.”

Seeing that he was an old user and there was no room for him to fool him, the skinny ape boss did not say anything else.

“Twelve is not a small amount. I’ll give you a discount for a group purchase price of 1,000 yuan per phone.”

MO Xiu turned around and was about to leave when the skinny boss gave him a

look. The Seductive Fox immediately stood in front of MO Li and blocked his path.

“Why?” asked MO Li. Boss, are you trying to force me to buy it?”

The boss immediately said, “What are you talking about? I wanted to ask you what happened. Why did you suddenly leave after a good discussion?”

“Good talk? A thousand? Do you think I’m stupid?”

According to MO Li’s understanding, the market price of this phone was 1,000 yuan. The thin ape obviously wanted to earn more.

Seeing that there were no more chances, the skinny ape boss finally said the wholesale price.

“The lowest is seven hundred. It can’t be lower than this.”

MO Li stretched out a monkey’s hand and opened its fingers. “Five hundred!”

“Impossible!” “It’s possible!” “Then I’ll lose money.”

“I want a lot!”

“Twelve is not a small number, but it’s only twelve.” “What if we add another 100 units?”

“It’s not about adding or not, the key is...Wait! Deal!”

Moxiu took out 12 units and left a deposit of 10,000 yuan. Both parties signed an agreement.

After walking out of the phone shop, MO Li wasn’t happy about his successful bargain. Instead, he felt that he had been scammed too much last time.

The price was actually lowered to 500!

There was still some time before everyone gathered. MO Li couldn’t leave for the time being, so he started to stroll on the streets.

After taking two steps, they arrived at the entrance of Fox Fate. MO Li did not enter, nor did she look inside.

Yiyi was no longer the Yiyi in his heart.

Moxiu had never been an indecisive person. Yiyi's appearance was not completely useless. At the very least, he knew that there was no need to hold back when fighting against wild beasts because...they did not deserve sympathy!

Wild Beast Eastern Region.

The three old men sat under a tree.

"Old Tang! Your life is really miserable. You still don't have a wife." "What do you know! I'm already married, it's just that you haven't met me." "Really?" Elder You asked curiously. Tell us about it!"

Old Du also perked up and said,""Yeah, just tell me, what would your wife be like for the once insufferably arrogant Tang Wanhua?"

The wife that Mr. Tang was talking about was definitely no longer alive. Mr. You and Mr. Du did not hide anything.

At their age, they had fought for humanity their entire lives and were covered in internal injuries. The amount of time they could still live was already calculated in days. Moreover, they had experienced so much in their lives that they had nothing to hide.

Mr. Tang leaned against the tree and smiled.

Old Man You covered his face and said to Old Du," Look! I don't know what this old man has thought of. He's still smiling happily. Isn't it embarrassing?"

Mr. Tang didn't mind Mr. You's teasing and slowly said, "Since I have nothing to do, why don't I tell you?"

"Hurry up and tell me!"

Their eyes were filled with anticipation.

"How should I put it? "Let's start from the beginning. Her name is Li Qing. When I first met her, I was still a 12-year-old youth. At that time, I was in the early stages of the mutation. I lost all my relatives and was lost. When I met her, she was also alone."

"What the f \* ck, a man and a woman alone?" Elder You said excitedly."

Old Du interrupted Old You.

"Twelve years old, twelve years old! What can I do?"

"Oh, oh, that's right. Old Tang, continue."

"The moment I saw her, I decided that protecting her would be my goal to live on. At that time, I really needed a spiritual sustenance. After that, the two of us lived together for a period of time. During that time, there were dangers everywhere, and I couldn't even sleep well. But now that I think about it, that might have been the best time between us."

Old Man Du and Old Man You looked at each other. When they were twelve years old, it was the best time. It seemed that it was not easy for the two of them.

Elder Tang continued," After that, I was summoned by the higher-ups of the Alliance. It was about the meteorite fragment. I remember that Old Bai was there too. After that, Li Qing and I didn't spend much time together. We were very happy to be able to go back once in a while, but every time I saw her living alone, I felt my heart ache. At that time, she didn't have any other companions, so she stubbornly told me that she could only have me by her side."

“After the alliance was formed, I thought that humans could finally live a stable life and I could finally return to Li Qing’s side. However, the beasts started a war!”

” We were separated again, reunited again, fought again, and separated again. When we met again, I proposed to her directly. I felt that it was the result she had been waiting for all this time. I could be considered to have wooed her. However, as soon as we got married, war started again. When I came back, she was already dead.”

If Moxiu were to hear these words from Elder Tang, he would understand why the diary was intermittent.

That was because Elder Tang wanted to save face and was afraid that he would see it after tearing it up!

Chapter 470: Kill, Let Mo xiu Kill (1)

“Hey!” Elder You asked. Did you change your mind after that?”

Mr. Tang nodded and said,” Yes, I changed after that. At that time, there was a crossroad. I could choose to abandon the army and go back to save Li Qing alone, but I didn’t do it.”

“Do you regret it now?” Old Du asked.”

“No regrets! Li Qing is a righteous person. If I go back, she might not be with me anymore, right? The trajectory of my life will also change greatly, but...”

But if that was the case, Li Qing wouldn’t have died. Mr. Tang didn’t say the words that were about to come out of his mouth.

Although she said she didn’t regret it, tears welled up in the corners of her eyes.

Old Du tilted his head and didn't look at Old Master Tang. He seemed to have remembered something.

Having lived through war and war, which of the three people present did not have regrets?

It was these regrets that changed their lives and prompted them to devote their lives to mankind.

'Ahem, let's not talk about this anymore. There's no point in reminiscing. How dissolute was I when I was young?' He was handsome and capable. He had changed girlfriends countless times. Wasn't he still alone now? Let bygones be bygones.'

"Yeah, it's in the past." Old Du sighed.

Mr. Tang sighed heavily and said, "Go over? Don't lie to yourself. The past doesn't mean that you've let it go. That's just the past!"

Elder You seemed to be very uncomfortable with this atmosphere and immediately changed the topic. "Old Tang, how long do we have to wait here?" "Wait until the beasts attack, then we'll kill the Beast King!"

Elder You thought for a moment and said, "I have a question. The Beast King of the eastern region is Old Snake. Recently, there is news that the Beast King of the cat clan, the Heaven Devouring Beast, has returned. It's not that I'm afraid of fighting, but it's not worth it to die with an old bag of bones. However, our current strength is not enough to fight two Beast Kings!"

"Who said we were going to kill two? We don't need to worry about the Heaven

Devouring Beasts. we just need to kill Old Snake."

"This isn't your personality. Don't you hate the Heaven Devouring Beast the most?"

"I don't hate him."

“Then why did you kill him so many times?”

“Does killing him mean that you must hate him? My guess is that the Heaven Devouring Beast was hit by a large meteorite fragment. If it is allowed to grow, it is very likely to reach the supreme level. That is why I killed him so many times. ”

“Since the Heaven Devouring Beast is so dangerous, shouldn’t we prioritize killing him this time?”

Master Tang looked at their confused expressions and said, “The Heaven Devouring Beast was raised by MO Xiu!”

” What?!”

Even these two were shocked to hear such shocking words.

The Heaven Devouring Beast used to be the strongest beast in the world, but it was actually grown up by MO Xiu.

Elder You said excitedly, “ Elder Tang, I know you want to bet, but isn’t the bet a little too big? What if the Heaven Devouring Beast didn’t care about MO Xiu’s feelings?”

Mr. Tang waved his hand to signal the two of them to calm down.

“I’ve met Tian Ji before I came here. You all know the relationship between Wu Shang and Tian Ji. Tian Ji can be considered half my master. I asked him if he wanted to kill the Heaven Devouring Beast.”

“What do you mean? You won’t let me kill you?”

“Hahaha, don’t you know how Tianji talks?” Elder Tang laughed. He never said anything clearly. He only said one sentence, ‘Kill! I want MO Xiu to kill him!’

Elder You and Elder Du looked at each other. They didn't understand why Elder Tang and Tianji trusted MO Xiu so much.

Yes! MO Xiu indeed had top-notch strength and ability among the younger generation. However, if Elder Tang were to nurture someone with outstanding talent, he should be able to achieve a similar level as MO Xiu. Why did he choose MO Xiu and trust him unconditionally?

Elder You knew that this was Elder Tang's business, but he couldn't help but ask.

"Old Tang, who exactly is this disciple of yours?"

Master Tang said meaningfully, "Only he can save humanity!"

Beast West Region, Fox City.

In the palace at the center of the city.

Two figures were talking.

"Fox, did you get any useful information from the kid you controlled last time?"

"Ape, don't be a busybody. If it weren't for your injuries, we would have attacked long ago."

"Aren't your words a little unreasonable? Do I want to get hurt? It's really that Tang Wanhua, he...he's risking his life against me."

"Don't talk about this nonsense. When have you ever been afraid of others?"

"Pah! I fought him a hundred years ago, and I've also fought him occasionally in the past hundred years. I know his body better than he does. I'll be fully recovered in a while, but he...won't live for more than two months.'

“You mean...wait for him to die before attacking?”

” That’s right. Tell me your information.”

It was going very well. I’ve already found traces of MO Xiu. It’s all my fault for being greedy and wanting to catch them all in one fell swoop. Otherwise, I should have been able to capture MO Xiu. Now that I think about it, MO Xiu’s actions were too decisive. I can’t let this kid live. As for the kid I controlled, he’s now in the Guan Royal Clan.”

“How troublesome, but it doesn’t matter. We just have to wait quietly for a month. Baby, I haven’t seen you for such a long time, let me...”

“Go away! My son is here!”

Western Beast Region, Ape 69 City.

The next morning, MO Li and Nong Zhang returned to their residence.

Things went smoothly. The ten of them did not arouse the suspicion of others and quickly integrated into the gang.

MO Li spent the entire night with Brother Ape Six. He went by the alias Ape 2222.

Nong Zhang left after introducing MO Li to Brother Ape Six. After that, the two of them stayed together.

Accompany Brother Ape Six to eat and drink, and watch the arena.

The last time they met, Moxiu had paid attention to this person and had a rough idea of his personality.

When he was with him, he started from the details and treated him like a

strong ape, which made Brother Ape Six very happy.

Brother Ape Six was very fond of this junior, MO Li. He had exchanged blows with MO Li. MO Xiu had seen the skinny ape's skills before, and he could be considered an Assassin.

MO Li, who was playing the role of the strong ape, also exchanged blows with Brother Ape Six.

After testing MO Li's strength, Brother Ape Six agreed readily. He could help with the documents, but it would take some time to communicate. It would take at least five days.

Five days was acceptable. Since the mission had changed from short-term to long-term, five days was not impossible.

After that, Brother Ape Six arranged for a Seductive Fox to accompany MO Li.

MO Li originally wanted to refuse, but after thinking about it, the basic characteristic of the ape race was lust. Otherwise, they wouldn't have gotten together with the fox race. In the end, he didn't refuse.

Seductive Fox was very professional. She sat on MO Li's lap and gently stroked her body with her fingertips.

Even with MO Li's willpower, he was still unable to take it.

Seductive Fox was not only good-looking, but also had a unique and attractive temperament..
