

Four Skills 521

Chapter 521: The Turtle King Is Dead, The Situation Has Changed

The Bear King's right claw slashed out, and the claw instantly enlarged in the air, landing on the Turtle King's body.

The Turtle King had long been heavily injured, and its defense had greatly decreased. It was unable to resist the Bear King's huge claws. Its body had been divided into four parts, and there was no longer any vitality to speak of.

The Turtle King was dead!

Even MO Xiu had not expected this outcome. He had not even expected this outcome.

When the Turtle King had barged into the Bear King's cave with injuries, the Bear King should have known that he had been framed by Moxiu.

According to Moxiu's estimation, the best outcome would be that both the Bear King and the Turtle King would suffer heavy losses.

Even though Moxiu had thought deeply about the grudge between the two clans, there were still some low points.

Now, it seemed that the Bear King hated the Turtle King to the bone. Even after knowing that all of this was MO Xiu's scheme, he still killed the Turtle King.

He didn't want to give up the opportunity to kill the Turtle King. Looking at the torn body of the Turtle King, the Bear King laughed loudly.

“Hahaha! You old turtle, you’re finally dead. I’m going to turn your body into meat soup for every bear clansman to taste.”

The Bear King seemed a little crazy. MO Xiu held Mu Qingyi’s hand tightly, indicating for her to leave immediately.

Mu Qingyi’s reaction was also very fast. She immediately used teleportation and left the side of the cave.

After that, Moxiu ran wildly without any scruples, not caring if anyone saw him.

Together with Mu Qingyi’s instant-flash, the two of them left the Northern Region’s territory at eight o’clock at full speed.

Moxiu’s original plan was to appear again when the bear king and the turtle were fighting, or say something, or ambush the turtle king again.

In short, he had to make the Turtle clan believe that he and the bear king were working together to deal with the Turtle King.

However, in the situation just now, the Bear King’s performance was better than he had imagined. It had directly killed the Turtle King.

With the Turtle King dead, the Turtle clan would definitely go crazy. There was no need for Moxiu to appear anymore. It was enough as long as he was seen on the way out.

Moxiu had read the Turtle King and Bear King’s skills.

The Turtle King’s defense was simply too strong. The size and position of its defense could be adjusted at any time, and the adjustment was linked to spiritual power.

This was the Turtle King's wariness. The greater the wariness, the higher the defensive power. It could reach an infinite defense.

The control of the water element was also related to mental strength. The higher the anger, the greater the damage of the water element.

This was the first time Moxiu had seen such a skill. Both skills were passive skills, and Moxiu's additional skill, Silence, was useless.

This was the fundamental reason why Moxiu had chosen to launch a sneak attack.

The Bear King's skill was even simpler. After conversion, its physical strength was a hundred times stronger than Moxiu's, and it was almost as if it was golden.

There was only one attack skill, which was divided into passive and active.

The passive trigger was an ordinary iron claw attack, which doubled the attack power and added a permanent crippling function.

The skill that had been triggered was the one that the Bear King had used on the Turtle King earlier. The skill that had its claws become huge increased its attack power by ten to fifty times. It was the Bear King's absolute killing move.

The characteristics of the two races were very obvious. The bears had stronger basic abilities, while the Turtle clan's strength fluctuated greatly according to their emotions. They were the type that grew braver as they fought.

Now that the bear king had killed the turtle king, the Turtle clan would definitely be furious. Even if the beast king was no longer around, they would join the bear clan and fight to the death.

The outcome was not as expected, but the impact on the situation was the same. He knew that it was better than what Moxiu had expected.

The moment the two races clashed, the Northern Alliance's chance had come!

Moxiu had already done what he could. All that was left was to observe the situation.

MO Xiu and Mu Qingyi quickly returned to the northern camp.

Boboqi, Li Xin, and Li Ling 'er had been waiting at the entrance of the camp.

Seeing that MO Xiu and Mu Qingyi had returned safely, they heaved a sigh of relief.

The three of them had the same thoughts at this time. Whether the plan was successful or not, it was fine as long as the two of them could return safely.

MO Xiu withdrew his Holy Sword, and the two of them landed on the ground!

MO Xiu and Mu Qingyi were both in good spirits. They smiled as they walked towards the three people at the door after they landed.

Boboc and the other two immediately came forward.

The first to speak was Li Xin. Li Xin walked around MO Xiu and Mu Qingyi a few times, and only heaved a sigh of relief after confirming that the two of them were not injured, saying, "It's good that you're fine. It's good that you're fine."

Boboqi's eyes were filled with anticipation. He wanted to ask how Moxiu's plan was going, but when he saw Li Xin's concerned words, he swallowed his words. It was good that he was fine.

Moxiu had seen Boboqi's reaction. Boboqi's current performance was completely different from when he first met him. Moxiu was very curious about what caused such a huge change in the time of the wave band.

Moxiu didn't want Boboqi to wait, so he stepped forward and said, "Chief, don't worry. The plan is very successful. The rest is to chase the Bear Clan and Turtle

Clan out of the northern territory."

Boboqi couldn't hide the excitement on his face.

"MO Xiu, quickly tell me! How did you do it?"

Moxiu smiled and looked around. Why don't we go in first?"

Boboqi patted his head and said, "I was too slow. It's really inconvenient at the entrance of the camp. Let's go back and talk.'""

Boboqi led everyone back to the camp. From the back, one could see that Boboqi was walking very fast, obviously a little anxious.

Back in the office tent, everyone sat down.

"Moxiu!" Boboc immediately asked. What do you think?"

Moxiu said a few words at a moderate pace, causing the entire tent to fall silent. Or rather, the entire northern region fell silent.

"The Turtle King is dead!"

This news struck Boboqi's heart. The Beast King was dead. Two months of war had passed, and Bei Qing had used everything he had. He hadn't even managed to injure the Beast King, let alone kill it.

This young man from the central continent had only used one night to sneak into the northern region of the wild beasts and bring back such shocking news.

Even Elder Tang had to exchange his life for his own to kill Old Snake.

Moxiu could really become someone like Wu Shang. Boboqi was the first to believe it.

No matter what method Moxiu had used, the Turtle King had died.

The few people present were all stunned, including Mu Qingyi who had witnessed the Turtle King's death with her own eyes. Until now, they had yet to react and accept this fact.

The Bear clan and the Turtle clan of the alliance had been working together against the humans just a day ago.

In just one night, Moxiu did something unknown. The Turtle King had charged into the Bear King's residence, and the Bear King had killed the Turtle King.

Mu Qingyi was not good at analyzing the big picture, but the current situation was very clear. The beasts were in chaos, and the humans' chance had come.

Seeing that no one was speaking, MO Xiu continued, "Don't look at me like that.

I don't have the strength. The Turtle King was killed by the Bear King."

MODOC was even more shocked. He asked, "'Discordic'"

"That's right!" MO Xiu nodded.."

Chapter 522: MO Xiu, You've Grown Up! 1

“That’s right!”

After Moxiu finished speaking, Boboqi asked curiously, “Can you tell me exactly how you did it?”

“I’m sorry, I can’t say this. It involves my secret.”

Boboqi didn’t hide his joy, and the smile on his face couldn’t be removed.

“Alright, since it involves your secret, I won’t ask anymore. What’s next? What should we do?”

“Head captain, you’re the head commander of the north. The bear king has killed the turtle king. You’ve fought many battles with the Turtle clan, so you should know the personality of the Turtle clan. There’s bound to be a great war between the two races. Once the war begins, they’ll definitely send people from the north. We just need to find a good opportunity to attack.”

“Moxiu, you’ve already done so much. Continue to help us. We’ll return to the central region after we’ve recaptured the northern region.”

Before MO Xiu could say anything, Li Ling ‘er and Li Xin frowned.

Li Xin was a little angry. “I say, captain, don’t you realize what Moxiu has done?” You and I both know the temperament of the Turtle clan after the bear king killed the turtle king. They have never known what it means to retreat. The two races will have a battle of life and death. This is a great opportunity for the north. The urgent situation in the north has been resolved, and there are still many things waiting for Moxiu to do in the central region. If you keep

Moxiu here, it will not only affect Moxiu, but also the entire central region!”

I just want to borrow Moxiu for a while,” Boboc said with a smile. “It’ll be fine when we regain control of the north.”

Li Xin had a bad temper and would never admit defeat. She said, "You're clearly pushing your luck. My grandson's reputation in the central continent has already been tarnished. Now that I've helped you solve your problem, it's the best time to go back. If this drags on any longer, Moxiu will be rejected by the people. As the highest commander in the north, you should consider the big picture. Once the central continent is defeated, all humans will perish."

Boboc was a little unhappy. He stopped smiling and said, "Old man, I'm not someone who doesn't know the big picture. You don't understand me, do you? I want Moxiu to help me seize the opportunity. The war between the bear clan and the Turtle clan has already begun."

When Li Xin heard Boboqi call him an old man, he was unhappy and said angrily, "You're the highest commander in the north, yet you're actually relying on a young man from the central region. Aren't you afraid of being laughed at if word gets out? MO Xiu had already made things this far, yet you couldn't even grasp the right timing. How embarrassing."

"Moxiu's ability is indeed stronger than mine, I admit it! This was not embarrassing! I say, you...'

"Enough!"

The two of them were about to continue arguing when Moxiu interrupted their conversation.

Everyone's gaze was focused on Moxiu. The quarrels between the few of them were useless. The one who could make the decision was Moxiu.

Just like what MO Xiu said when he first came to the northern camp, no one could stop him if he wanted to leave.

This time, Boboqi really believed him. Moxiu could come and go as he pleased

near the two Beast Kings. Leaving the northern camp was as easy as flipping his hand.

Everyone's eyes were fixed on MO Xiu, waiting for him to speak.

Boboqi was very much like MO Liuliu, but he knew that Li Xin was right.

Now was the best time for Moxiu to return. The resentment towards Moxiu in the central continent had not reached its peak yet, so there was still room for him to calm down. Moreover, when the news of what had happened in the north spread, Moxiu would still be a hero.

This was because helping the north solve the problem was equivalent to helping the central region. It would not cause the central region to be attacked from both sides.

However, if Moxiu chose to stay at this moment, it would be different.

The news of the victory in the north reached the central continent at the same time as Motheo's return.

They might be labeled as disregarding the life and death of the central region and helping the northern region solve their problems.

At that time, it would be difficult for Moxiu to salvage his impression in the hearts of the people.

At this moment, Li Xin and Boboqi's expressions were the opposite. Li Xin had a face full of confidence. Moxiu wasn't stupid, he would definitely choose to return to the central continent at this time. Boboqi could also handle the matters in the north.

Boboqi had a worried look on his face. He also felt that Moxiu's chances of staying were not high.

Li Ling 'er and Mu Qingyi stared intently at MO Xiu. The two people who understood MO Xiu the most could not tell what decision MO Xiu would make.

MO Xiu finally spoke.

"Grandpa, head captain, I've decided to stay. I might stay a little longer."

No need to disturb me!” Boboc said with his eyes wide open.” Stay as long as you want!””

After that, Boboqi even looked at Li Xin as if he was showing off.

Li Xinqi gritted his teeth and said hatefully,”Mo Xiu, you brat, you’re really slapping Grandpa’s face!”

“Grandpa, I have other plans,” said Moxiu with a cheeky smile.”

Li Xin stood up and said,” I know that you’re stronger than Grandpa. You have a lot of things to consider. You can make your own decisions.””

After saying that, he walked out of the tent. It was obvious that he still felt a little embarrassed and did not want to stay here.

Of course, Boboqi was a pleasant surprise for the remaining few people. Even if Moxiu stayed in the north, it was not bad at all. It was also a form of insurance!

Mu Qingyi guessed that MO Xiu wanted to stay, mainly because he was direct, because MO Xiu had never taken the usual path.

Li Ling ‘er’s basis was even simpler. It was because of what MO Xiu had said to her and Zhuge Zhong yesterday.

“This time, I plan to destroy it before building it.”

Since they wanted to destroy it and then rebuild it, it meant that they wanted to give up on the reputation of the central region. At this time, returning would be a remedy. There was no such thing as destroying it and then rebuilding it.

” The time will come soon,” said Boboc.” Are we waiting?” Or should we go out and take a look?”

“There’s no rush! I’ll go back first. Just let me know if there’s any major movement from Beast!”

Boboqi nodded. No matter what Moxiu wanted, he would satisfy it immediately.

MO Xiu, Mu Qingyi and Li Ling ‘er walked out of the tent.

Only Boboqi was left in the office tent. Boboqi couldn’t help but laugh out loud.

“Hahaha! Hahaha!”

“How did Moxiu do it? Was the Turtle King really dead? MO Xiu didn’t know how to lie. It felt too unreal!”

The three of them walked out of the tent. Li Ling ‘er asked,”“Mo Xiu, do you really intend to rebuild after destroying this place? Was it really possible? Would the battle situation in the central region be affected?”

Moxiu said,” I’m not sure if what I want to do is right or wrong. After all, my master has always been trying to build up momentum for me. However, I don’t like it. I’ve always grown under my master’s shadow. This time, I want to test my own ideas!”

Li Ling ‘er looked at MO Xiu and burst out laughing. ‘Mo Xiu, you’ve grown up!”

“Sis, I’ve grown up a long time ago!” MO Xiu raised his right eyebrow..”

Chapter 523: MO Xiu, You’ve Grown Up!_I

Li Ling ‘er went back to take care of Zhuge Zhong. This time, Li Xin’s treatment had caused great harm to Zhuge Zhong. Not only did he pay for his lifespan, but he also suffered physical injuries.

Since they had nothing to do, MO Xiu held Mu Qingyi's hand and strolled around the camp, the two of them completely relaxed.

At this moment, the barrier between the two of them was gone, and the pressure was temporarily gone.

The pressure of the family on Mu Qingyi and the heavy burden on MO Xiu.

All of Mu Qingyi's concerns and MO Xiu's doubts had vanished into thin air. The two of them were very relaxed, even more relaxed than the first time they had chatted on the big rock outside the cosmic cram school.

At that time, Moxiu had been thinking about becoming stronger every day. He wanted to change his poverty and give his mother a better life.

At that time, Mu Qingyi only thought about freedom and did not like everything to be arranged by her parents.

But now, it seemed that the two of them were still too naive at that time, and their thoughts were limited.

These things were not the fundamental problems. There were even greater obstacles behind the two of them.

Fortunately, there were no obstacles between the two of them now. Or rather, the two of them did not think about those obstacles anymore. Everything was not important. What was truly important was each other.

All of this had to be said from the moment when MO Xiu put down everything and came to the north to look for Mu Qingyi.

The two of them chatted as they walked.

Mu Qingyi pointed at a tent at the side and said, "" These are the tents of the northern elite leaders. This area is filled with them. Over there is..."

"You're treating this place as the Holy City to introduce it to me?" Moxiu said with a smile."

Mu Qingyi took two quick steps, then turned around to face MO Xiu and said, ""How is it? Can't I?"

Just treat this place as the Holy City," Moxiu said." I don't want to hear your introduction this time."

Mu Qingyi's eyes widened as she said, " I can give you an answer this time. In the future, I will be wherever you are. Other than you, nothing else is important.""

Moxiu sighed and shook his head.

"What's wrong?" Mu Qingyi came over and asked. Are you not satisfied with my answer? Are you doing something with another woman behind my back? Is it Yang Qingzhuo or Xiao Hong?"

It seems like you still don't understand me," Moxiu said with an evil smile." Last time, I wanted an answer, but you told me to rest. This time, I wanted to rest, but you gave me an answer that I already know.""

Mu Qingyi lowered her head and said softly, ""Rest...you!"

Mu Qingyi's face instantly turned red. She turned her head and walked a few steps quickly, then turned her head and said, ""Hooligan!"

Although she said that she was a hooligan, Mu Qingyi brought MO Xiu back to her tent slowly.

MO Xiu was no longer that inexperienced youth. Last time, Mu Qingyi had hit him in time and made him feel embarrassed. This time, he had to take the initiative.

Just as they entered the tent, MO Xiu carried Mu Qingyi up and walked inside directly, placing her on the simple bed.

Mu Qingyi quickly crawled into bed and covered her head.

“What are you doing?” MO Xiu asked with a smile. I remember that last time, you seemed to have asked me if I would accompany you. Aren’t you tired? What happened?”

Mu Qingyi pulled the blanket down slowly, revealing only her eyes.

“You’re so bad. I thought that was the last time we met.”

“So what?”

“You think that this is the last time we’re meeting, so you’re more open?”

Mu Qingyi’s eyes shrank back into the blanket.

“MO Xiu, if you continue to tease me, I will ignore you.”

MO Xiu did not speak, but quietly lay down beside Mu Qingyi.

Mu Qingyi could feel MO Xiu lying down and even moved to the side to make room for MO Xiu.

MO Xiu couldn’t let go of such a good opportunity to push his luck. He grabbed the corner of the quilt and wanted to go in.

And Mu Qingyi was like defending her last piece of land, holding onto the blanket tightly and not letting MO Xiu succeed.

“Qingyi, what are you doing?” MO Xiu asked. I was tired and wanted to rest, but you didn’t even cover me with a blanket.”

Mu Qingyi lifted a corner of the blanket and poked her head out.

“Moxiu, it’s daytime now.”

“What’s wrong? Let me see!”

MO Xiu seized the opportunity to pull a corner of the blanket and burrowed into it.

Mu Qingyi’s strength was not as great as MO Xiu’s, and she could only watch as MO Xiu entered.

“You scoundrel!”

MO Xiu said, “I’m being shameless. How about it?””

“You...”

Mu Qingyi still wanted to say something, but it was no longer important.

MO Xiu covered Mu Qingyi’s mouth with his.

In the evening.

The two of them slept in each other’s arms. They slept very soundly because they were hugging their beloved.

MO Xiu opened his eyes and looked at the beauty in front of him. Mu Qingyi had not changed from the beginning to the end, she was still the same as before.

Mu Qingyi seemed to feel that MO Xiu was looking at her. Her eyelashes trembled before she slowly opened her eyes.

The distance between their eyes was very close, but neither of them avoided their gazes.

Qingyi, you haven't changed," MO Xiu said." You're still the little girl who sat on the big rock and told me about your troubles. ""

"MO Xiu, you've changed!" Mu Qingyi covered her mouth and laughed."

"What changed?" MO Xiu asked in puzzlement." "Sister Ling 'er is right. You've grown up!"

"Grow up?

In the middle of the country, Yan City's border tavern is under the control of the country.

At this moment, the appearance of the tavern had changed greatly. All the drunkards had disappeared and were replaced by a large-scale army.

This army was made up of people who stayed in the royal space.

A few days ago, the royal space shattered, and the medicinal herbs inside were thrown near the tavern outside. All the royals inside came out.

Even the royal family had never encountered such a thing. The royal space they had lived in since they were young had been shattered.

After a brief moment of panic, three people appeared to take charge of the situation.

One of them was the Elder of Heavenly Secrets, who had the highest prestige and qualifications. Another was Elder You, who represented the government. The last was Big Cat, who represented the Royal Family.

The three of them took over all of the imperial clan and temporarily formed an army.

After the army was built, they did not move and stayed near the tavern.

There were many reasons, but there were two main reasons. One was that the Elder of Heavenly Secrets did not allow him to move.

At this moment, there were two people sitting in a private room in the tavern, the Elder of Heavenly Secrets and Big Cat.

Big Cat picked up a glass of wine and drank it in one gulp. He said to the Elder of Heavenly Secrets, "Elder of Heavenly Secrets, the war in the west is rather intense now. I heard that the Ape King appeared yesterday. Our 'big' family should go and help."

"The time has not come yet." The Elder of Heavenly Secrets shook his head.

"What timing?" asked Big Cat. Is it the time for our 'big' family to make a move?

Then when will the time come?"

"I don't know!" The Elder of Heavenly Secrets stroked his beard and said.

Bigcat was about to go crazy. He was already prepared to fight. He had been trapped here by the Elder of Heavenly Secrets for a long time, starting before the Royal Space shattered.

"Who knows?" "You've asked the right question this time. Someone really knows!"

“Who is it?” “MO Xiu!”

“MO Xiu?”

“That’s right.. When Moxiu returns, he will tell you the time!”

Chapter 524: Discord! 1

Northern camp, inside a tent.

MO Xiu stopped Mu Qingyi, and Mu Qingyi obediently lay in MO Xiu’s embrace.

“Moxiu, what did you do last night? Why was the Turtle King able to charge into the Bear King’s cave and the Bear King even killed the Turtle King?”

“Do you want to know?” Moxiu asked with his eyes closed.”

Mu Qingyi rolled her eyes.”

MO Xiu was very cocky and said,“This involves me, my secret, you kiss me, I’ll tell you.”“

Mu Qingyi was a little speechless. How did MO Xiu look like the hero who had saved the north, and how did he look like the hope of the central region? She was clearly a child.

Initially, she wanted to ignore MO Xiu, but after thinking about it, Mu Qingyi still pressed her red lips against his.

Moxiu nodded his head in enjoyment. He seemed to be enjoying himself.

“You really spoil me!”

Mu Qingyi leaned her head against MO Xiu’s chest and said, “”You’re more used to your own way of life. Since you came to the north at this time, I have nothing to compare with you.”

‘ What I did last night was very simple,” Moxiu said.” I used one of my skills, a doppelganger skill. ”

Mu Qingyi was a little surprised. MO Xiu had a clone skill? Did he hide it so deeply?

“Clone skill? But how can we split them?”

“My doppelganger can pinch faces. For example, I can make my doppelganger look like you.”

Mu Qingyi covered her mouth and laughed secretly, saying, “”And then?”

There was nothing to hide in front of Mu Qingyi. In any case, she had no plans to keep Mu Qingyi by her side in the future, and she would not tell anyone.

This was what happened in the wee hours of the morning.

First, Moxiu had found the Bear King to pretend to cooperate. Then, he had used the Turtle King as a breakthrough point. This was the result of an analysis from the previous night.

First, the Turtle clan’s skills seemed stronger, but they were not very stable. They were also easily angered and easier to ambush.

If MO Xiu was allowed to fight the Beast King head-on, the final result would likely be both sides suffering, and MO Xiu would end up fleeing in a sorry state.

The Turtle clan’s skill had caused their defense and attack to become unstable.

Thus, Moxiu's initial plan was to use his clone to pretend to be the Bear King, and then work together with his main body to ambush the Turtle King.

At that time, the outcome was to slightly injure the Turtle King, mainly to anger it.

Then, the Bear King returned to the cave and lured the Turtle King over.

Moxiu was also following the plan. The first step was to meet the Bear King.

The information and photos sent by Boboc alone could not completely replicate the Bear King's physical characteristics.

Therefore, the first step was to find the Bear King, observe its appearance and characteristics, and think of a way to create the illusion that he had a deal with the Bear King.

This was the first key point.

The Bear King was more conceited, but he was more cautious than the Turtle King in doing things.

He had appeared in front of the cave and was the first victor. At that time, Moxiu had expressed the intention of cooperating, but it depended on whether the bear king would listen to him.

It would be best if he listened, but if he didn't, he would directly attack. Moxiu wasn't that arrogant. If he attacked in the territory of the Bear Tribe, he could only teleport away and head directly to the Turtle King

Fortunately, the bear king found it interesting and wanted to chat with Moxiu.

After the two of them entered the cave, Moxiu handed a supreme letter he had personally created to the bear king.

He even told a huge lie.

The beasts had internal strife, and so did the humans.

In fact, Supreme had always been in the central region. He had only waited for a suitable opportunity to attack when the northern and southern regions of the human race were destroyed.

At that time, it would be killing two birds with one stone. He would use the strength of the wild beasts to flatten the south and the north, then kill the wild beasts to stabilize the morale of the army.

Supreme's condition was that the bear tribe would be the human's spy. When the time came for an all-out war, the bear tribe would be spared.

The previous Bear King had died in the hands of Wu Shang, so the Bear King knew how powerful Wu Shang was and did not act rashly.

After MO Xiu finished speaking, in order to prove the authenticity of his words, he directly disappeared into the cave and said that Wu Shang would pick him

up.

That was how the next scene happened. Many Bear Tribe soldiers entered the cave and then searched the surroundings. They were looking for Moxiu's whereabouts.

The Bear King didn't appear. It was studying the so-called supreme handwritten letter.

The words were flamboyant, and some of the words were unclear. The bear king could only read each word one at a time. As it considered the authenticity of the letter, it thought about what Moxiu had said. That was why it did not come out of the cave.

This sent a message to the Turtle clan.

Moxiu and the Bear King had not come out after entering the cave. The two of them should have some unspeakable secret.

After that, it was the most crucial second step. Moxiu did more than that in the cave. On one hand, he was fooling the Bear King. On the other hand, he was observing the Bear King's appearance. Not only that, he also carefully studied the Bear King's expressions and habitual movements.

When he found the Turtle King, he had used all of his skills, including the Bear King's iconic sitting posture, actions, words, and expressions.

This made the Turtle King believe it.

However, this only convinced the Turtle King that the Bear King was real. The key to the success of the entire plan was to be able to successfully launch a sneak attack, injure the Turtle King, and make the Turtle King angry.

Thus, Moxiu controlled the clone that was disguised as the Bear King and continued to converse with the Turtle King, arousing the Turtle King's curiosity. The more curious the Turtle King was about something, the less guarded he would be.

In addition, they were in the territory of the Turtle clan, so the Turtle King had some mental advantage.

This was the best way to lower the Turtle King's defense, so the first attack was especially crucial.

At that time, the Bear King's clone was very close to the Ghost King. When the Turtle King's curiosity was aroused to the maximum, it clawed out and injured the Turtle King.

The doppelganger did not have such high attack power, and the sharpness of its claws was far inferior to the bear king.

However, Don't even think about getting a method. After disintegrating the Holy Sword, it would shrink and hide in the bear paw. When it attacked, it would reveal itself and release the additional skill 'One

Sword'. Even if the damage was reduced under the Million Swords state, it was still enough to injure the Turtle King.

However, the position where its defense soared was the side facing the Bear King's clone. It would not be on guard against the back.

At this moment, Moxiu used the additional skill of the Martial God skill, Martial God's Descent. In addition to the Holy Flame state, he delivered Moxiu's strongest punch, heavily injuring the Turtle King once again.

At this moment, the Turtle King was completely enraged. He gathered his clansmen and surrounded Moxiu and the Bear King's clone.

At this point, the plan had already succeeded. All that was left was for the Bear King's clone to escape back to the cave, then remove the clone skill and make the fake Bear King disappear.

If the Turtle clan caught up to them, they could just make contact with the clone and disappear.

Moxiu's goal in using Void Destruction was not to heavily injure the Turtle King but to stall for time..

Chapter 525: Mature Vacuum Destruction and Distraction Skills

At the same time, the clone Fake Bear King also deliberately took a blow from the Turtle King.

Moxiu's thought was that if the Turtle King was injured and the Bear King wasn't, even if the Bear King escaped, the Turtle King might not chase after it.

The two Beast Kings were about the same in strength. When the Turtle King was injured, the Bear King was at its peak.

Even if the Turtle King was angry, it would still consider whether it could defeat the Bear King. This way, if it was intentionally injured, the Turtle King would chase after it without any scruples. freewebno(v)el

However, Moxiu had somewhat underestimated the Turtle King's attack power when it was in a state of anger. A stream of water shot through the clone.

The clone was a little unstable at that time and almost disappeared. If it disappeared, the entire plan might have failed.

This was also the most dangerous step. The clone stabilized and did not disappear. In the end, it escaped into the bear king's cave and disappeared.

When the Turtle King brought the nobles into the cave, the Bear King was still studying the letter.

Seeing the Turtle King suddenly barge in, the Bear King hurriedly put away the letter in his hand.

Originally, the Bear King thought that the Turtle King knew about the letter. However, the Turtle King did not say a word when he came in.

When he saw the furious expression on the wounds on the Turtle King's body, he finally understood that he and the Turtle King had fallen into MO Xiu's trap.

It wasn't that the Bear King hadn't thought of explaining during the battle, but the Turtle King's anger was monstrous. It didn't listen to the Bear King's explanation at all. Even if it did, it wouldn't believe it.

All sorts of signs indicated that the Bear King and Moxiu had joined forces to ambush him.

The wound on the Turtle King's neck that could not heal was proof.

Every move of the Turtle King was very vicious, aiming for the vital points of the Bear King.

The Bear King was also not someone who could endure. Facing the Turtle King's indiscriminate and violent attacks, the Bear King's anger was slowly being beaten out.

The killer move started to appear. The Turtle King had always thought that the Bear King was injured, but as they fought, he realized that something was wrong. The Bear King did not seem to be injured.

As the battle continued, the Turtle King slowly showed signs of declining. In the end, it was beaten out of the cave by the Bear King, and that was the scene that MO Xiu and Mu Qingyi saw.

The bear king hesitated before killing the Turtle clan. If he killed the turtle king, he would fall into Moxiu's trap. The bears would not be able to deal with the humans for the time being, but if he did not kill them, there would not be such a good opportunity next time.

After some thought, the Bear King finally decided to kill the Turtle King.

The humans and the Turtle clan were mortal enemies. After completely defeating the humans, they would still have to fight the Turtle clan.

The hatred between the two races was too deep to be resolved.

Since there was going to be a battle, he might as well take this opportunity to kill the Turtle King. He would have an absolute advantage in the battle against the Turtle clan.

The humans were just delaying the war. Even if the beasts retreated temporarily, it would not increase the strength of the humans in the north.

He could have dealt with the humans after dealing with the Turtle Clan.

At this moment, the Bear King's thoughts were that in the face of the temptation of killing the Turtle King, the Bear King would rather fall into MO Xiu's trap.

This was Moxiu's complete plan and the development of the entire incident.

In the process of this matter, two skills played a crucial role.

It was the 'Soul Clone' and the 'Void Annihilation'.

These two skills were the skills that Moxiu had focused on cultivating while he was in seclusion. Their levels were on par with the other skills, reaching Level 7.

" Third Skill: Vacuum Destruction 7

[Skill Effect: Summon Destruction Bubble (No size limit, the main body can see the whole thing at a glance, and it will wrap tightly after being released). Can be used on up to 50 targets (can be divided into 50 uses). The bubble will wrap around and track the target. The bubble will be in a vacuum state. After 5 seconds, it will cause Destruction Elemental Damage (5000) to the target inside the bubble (You can also choose to trigger the damage immediately). The Destruction Element will ignore all Defense and Immunity.]

[Choice: Vacuum Cage. Destructive elemental damage is canceled. The duration of the vacuum bubble has been increased to one minute.]

[Additional effect: Destruction. Damage caused by the Destruction Element cannot be healed within 6 hours.]

[Additional effect: Bubbles. Bubbles cannot be broken.]

[Additional effect: Restriction. The speed of the target trapped in the cage is reduced by 80%.]

[Additional skill: Fusion. When 50 vacuum bubbles fuse into one, the damage will be tripled. If it is a vacuum cage, the duration will be reduced to 10 minutes.]

Cooldown time: 1 hour."

Vacuum Destruction was Moxiu's trump card before he went into seclusion. With the addition of the Destruction attribute, the skill had a very objective true damage.

This upgrade was mainly in a few aspects: power, size, and time.

Its power had increased from 500 to 5000. Moreover, it was true damage. Once it hit, it would definitely cause serious injuries or death.

The original size was only three cubic meters, but now it has no limit, as long as you can see the target completely.

This was also the reason why the vacuum bubble could envelop the giant Turtle King.

Also, the duration of the cage had increased to one minute. Coupled with the new additional effect limit, it was very easy to trap the enemy.

Finally, there was the new skill, "Combination ", which was similar to the Holy

Flame skill, "Stacking."

However, it wasn't as overpowered as the Holy Flame, which directly stacked damage. Instead, it increased damage and duration to a certain extent.

Back then, when he was fighting the Turtle King, the Void Destruction had hit the Turtle King, causing it to be heavily injured.

He could not help but sigh at the physical attributes of wild beasts. The Destruction Element ignored defense, but it still did not cause fatal injuries to the Turtle King.

From this, it could be seen that the Turtle Clan had increased their defense, and it was more like their physical attributes had increased. That was why the game was able to take this attack head-on.

” Third Skill: Divinity 7

[Skill Effect: Summons a clone with 100% of the main body’s attributes. You can choose to use a skill and freely turn off the clone.]

[Additional effect: Divine Sense. The clone and the main body share the same divine sense. The main body can freely control the clone without reducing its spiritual power.]

[Additional effect: Infinite. There is no distance limit between the main body and the clone.]

[Additional effect: Sharing. The doppelganger has an independent vision and can share it with the main body.]

[Additional effect: Separation. After the clone appears, the state of the main body will not affect the clone, and vice versa.]

[Additional effect: Camouflage. Before summoning a clone, you can disguise yourself. The clone will change its body shape, appearance, and voice according to the original body’s imagination (no restrictions).]

[Additional skill: Zhan Kui transforms into a war puppet. It can break away from the main body’s control and carry out indiscriminate slaughter without considering the losses. All attributes will be increased by 200%. Can be released once. Cannot be closed.]

[Duration: 6 hours]

Cooldown time: 1 hour.”

The Distraction skill was the one that surprised Moxiu the most. After leveling up by four levels, there didn’t seem to be much of a difference.

However, upon closer inspection, the improvement was still very large. Firstly, the disguise effect of the doppelganger had evolved. There were no restrictions, which meant that Motheo could create a giant.

Next was the cooldown and duration. The most important thing was leveling up, but it was useless against Moxiu. He could use Flipping to reset the cooldown.

The biggest upgrade was the additional skill, Battle Chief.

All his attributes had increased by 300%!

Chapter 526: A Pot of Tea

The two three-level skills were the two most crucial skills in this plan.

Moxiu still didn't know how powerful Battle Chief's additional skill was. When he started to lose his life, his combat strength soared far beyond what was written on the books.

MO Xiu told Mu Qingyi his plan bit by bit.

Mu Qingyi thought about it for a while and said, "Rather than saying that your wisdom is unparalleled, it's better to say that you have thoroughly studied your own skills and formulated this plan based on your own skills."

Moxiu nodded. When he was undercover in the Western Regions, he had discovered something. The fewer people there were, the more stable a mission would be. If there were more people, there might not be any problems.

Before Moxiu came to the north, he had already thought of how to help the north temporarily avoid their predicament.

However, his plan was to complete it by himself as much as possible without relying on the power of the north.

Firstly, he wasn't familiar with the forces in the north, so he didn't know if they could be compatible with each other. Secondly, once he used the forces in the north, it would be a large-scale operation, and there would definitely be casualties.

Under the current circumstances, the north was already weak. Weakening it again would cause problems. It was better to leave it for counterattack.

Moxiu said, "Yes, many things seem magical, but they're actually not that big of a deal. They're just confused by the appearance. I didn't do much, but I found the root of the problem.""

Mu Qingyi pursed her lips and said, "Stop talking nonsense. If it was someone else who didn't have your skills, they wouldn't be able to accomplish what you did, You're still amazing. "" "If you're powerful, do it again?" MO Xiu smiled and said."

"What again? You..."

The next morning.

From yesterday morning to the next morning, MO Xiu and Mu Qingyi had not left the tent for an entire day and night.

The two of them enjoyed and cherished their time together. Perhaps it was because they spent less time together and more time apart.

MO Xiu wasn't anxious, but there were people who were.

Since last night, Boboqi had wanted to ask MO Xiu, but he heard from others that MO Xiu and Mu Qingyi had entered the tent.

A couple who had not seen each other for a long time would definitely be intimate when they met.

Boboqi knew that disturbing Moxiu at this time was not sensible, and it would easily anger Moxiu.

However, this morning, Boboqi received a piece of news and could no longer remain calm. He paced around outside Moxiu and Mu Qingyi's tent for a long time before he finally spoke.

Boboc was a certain distance away from the tent. He shouted, ""Mo Xiu! I have a battle report to discuss with you. Is it convenient for you?"

MO Xiu and Mu Qingyi looked at each other in the tent.

Mu Qingyi said, "I've lost a lot of face this time. The Head Captain is here. He'll think that I'm delaying the proper business. ""

MO Xiu caressed Mu Qingyi's hair lovingly and said, ""He dares! No one will be able to take you away from me in the future."

Mu Qingyi leaned on MO Xiu's shoulder and said, ""Yes, I believe in you, go out quickly. The captain will be anxious later.""

Boboqi was waiting outside, and Moxiu couldn't stay there forever. He stood up, put on his clothes, and went out.

He saw Boboqi, who was spinning in circles.

"Captain, what's wrong?" MO Xiu asked. What's so urgent?"

Boboqi handed a letter to Moxiu and said, ""Our scouts have received news that the Turtle clan and the Bear clan are mobilizing their troops. The beasts in the north are less than half of what they were before."

“Oh? So fast?”

MO Xiu was somewhat surprised. It seemed like the battle between the two races was very intense- They had already made their move so quickly-

Boboqi saw that Moxiu only asked questions without giving clear instructions, so he asked, “Mo Xiu, how was it? Should we make a move now?”

Moxiu looked at Boboc meaningfully and said, “Head Captain, you are the highest commander in the north. Why are you panicking when something happens? It should be stable.”

After hearing Moxiu’s words, Boboc was stunned for a moment. That’s right, it wasn’t like this in the past. He had to do everything himself. Now that Moxiu was here, he felt that Moxiu could do things that he couldn’t and create miracles.

He slowly became dependent on Moxiu. In addition, he didn’t have much time left. He was anxious to chase the wild beasts out of the north.

Therefore, when Boboc received the information, he didn’t even think about how to deal with it and immediately went to look for Moxiu.

‘ Moxiu, I won’t beat around the bush with you,” Boboqi said with some shame.” I admit that I’m not as good as you. Quickly tell us how we should deal with this.”

MO Xiu smiled as he walked forward and said, “Let’s talk in your office tent.” Boboqi nodded and brought Moxiu back to the tent.

Looking at Moxiu’s figure, Boboqi felt a little emotional. A few days ago, when Moxiu had just arrived, he had never thought that Moxiu would really become the savior of the north. Now, the fate of the north was in the hands of this young man.

The two of them came to the tent. Moxiu and Boboqi sat side by side. “Can you tell me now?” asked Boboc.”

“En, there’s actually nothing much to say. We’ll just sit tight for now. ””

“If we don’t do anything, what if the beasts stop fighting and come back?”

Boboc said anxiously.” “Head Captain, you’re in a mess!”

“Chaos?”

“I don’t know why, but you’re a little confused and can’t think about this calmly. ”

Boboc was deep in thought. He suddenly raised his head and said, “But...” Moxiu waved his hand and interrupted Boboc.

“Commander, you and I both know that this is an unprecedented opportunity, but the more we get to this point, the more we have to calm down and find the best opportunity to attack. ”

Boboc knew that he was getting impatient. He had always been elegant and calm, but now that the north was at stake, he was in a mess.

After taking a few deep breaths, Boboc asked, “”Then, shall we wait?”

Moxiu nodded.” That’s right. We have to hold it steady. The bear clan and the Turtle clan have a personal grudge. I reckon that the Turtle clan will most likely perish this time. The battle won’t stop for no reason unless we’re anxious and make the Turtle clan and the bear clan our greatest threats.”

Boboc understood and nodded,””Got it. I’ll be in charge of the frontline investigation. I’ll go and investigate again.”

Moxiu didn’t know whether to laugh or cry. This person didn’t want him to leave the tent.

Bobo Qi was indeed afraid that MO Xiu would leave and enter Mu Qingyi's tent again, and he did not know if he would be able to call him out.

However, Moxiu didn't mind. This was a crucial moment, and every second could be the best opportunity. He couldn't miss it.

Boboc walked out of the tent to investigate. Moxiu was relatively free. He looked at the red wine on the table. Yes, he wasn't interested. After looking around, she saw a tea set and tea leaves in the cabinet.

MO Xiu took it out and brewed a pot of tea.

Drinking tea could calm one's mind, so it was the most suitable time to drink it..

Chapter 527: Doubt (1)

In the time it took to make a pot of tea, Boboqi returned from outside.

Moxiu looked at Boboqi's anxious expression and asked, "Head Captain, what's wrong? Is there any important information?"

As he spoke, Motheo poured a cup of tea for Boboc.

Boboc looked a little tired as he picked up the teacup and drank it in one gulp. Moxiu refilled the cup. Boboc picked up the teacup and hesitated for a moment before downing it again.

He filled it up again!

This time, Boboqi glanced at Moxiu and took a small sip before putting it down.

“What do you mean?” asked Boboc.”

“I’ll let you calm down so that you can think seriously,” Moxiu said.”

“What did you give me to drink? It’s very refreshing. It’s bitter at first, then sweet again.”

” Captain, you’re not an ordinary person.” MO Xiu said in surprise,” You can still taste the tea after drinking such a big mouthful of tea.””

In fact, Moxiu didn’t know that the people of the north were very tough. They usually drank white wine. People like Boboqi, who had a high status, usually drank red wine. They were very particular about drinking red wine. They also needed to taste it, which was why Boboqi had a good tongue.

“Tea?” Boboc asked in confusion. Did you take it from my cabinet?”

“Oh, I’m sorry. I saw a tea set over there, so I took it out.”

It doesn’t matter,” Boboqi said with a smile.” A friend from the central continent gave it to me. I didn’t take one out to try. Now that I’ve tasted it, I know it tastes good. It really soothed my anxiety.””

MO Xiu raised his teacup and took a sip. “Now tell me, what information do you have?”

Genius Bobo came back to his senses. The battle on Beast’s side had made some progress.

“It’s like this. The Turtle clan has taken the lead in withdrawing most of their main forces back to the northern region. Now, only the necessary people are left to watch over each stronghold. The Bear clan should make a move soon.

I’m afraid it’ll be too late if we delay any longer.”

Moxiu said, "Captain, you're still too anxious. You should calm down. It's still too early. Let's wait a little longer. ""

"But..Alright, I'll go take a look."

Boboqi walked out of the tent. Moxiu poured the tea out of Boboqi's teacup and started sipping his tea again.

In the past, Moxiu was just like Boboc. He would be anxious and impulsive whenever something urgent happened.

MO Xiu had once gone to look for Xi Bei in order to save Mu Qingyi, and the two of them were still somewhat unhappy at that time. In the end, in order to make MO Xiu feel at ease, Xi Bei sent Li Xin to the north.

At that time, MO Xiu thought that he was not inferior to anyone, but in reality, he was not. He lacked a little calmness. Xi Bei had it at that time, but he did not.

During this period of seclusion, MO Xiu had thought through many things.

There were many times when it wasn't necessary to blindly charge forward.

Only by occasionally stopping could he see more clearly.

Moxiu used the time he had while sipping tea to think about what he should do next. When would it be most advantageous for him to counterattack in the north? And what kind of counterattack would he use?

Not only that, since he had chosen to stay in the North, he would definitely bear the infamy when he returned to the Central. But what should he do then?

Time always passed quickly in his thoughts. Unknowingly, it was already night. Boboc hurried back again. As soon as he entered the tent, he said, "" Moxiu, the Bear Tribe has also begun to evacuate on a large scale. Now that all the wild beast strongholds are empty, this is the best opportunity! Can we make a move now? I've already ordered the army to be reorganized."

MO Xiu poured a cup of tea, pushed it forward, and said, ""Sit down and have a drink! "

Boboc was a little anxious, but he still sat down patiently and slowly finished the cup of tea.

"How is it?" Boboqi asked after putting down the teacup. Can we fight back now? We now have the ability to drive all the wild beasts out of the north." Moxiu was still sipping his tea, seemingly deep in thought.

"Having the ability might not be the best time. I think we can wait a little longer."

This time, Boboc was a little excited. He stood up and said, ""Moxiu, if you miss this opportunity, you might not get another one."

"Head captain, I don't think this is the best time. Even if the Turtle clan doesn't have a beast king, it won't end so quickly. Head captain, the final decision is in your hands. You're the leader of the northern side, and I'm only staying behind to help. If you believe me, then wait a little longer. If you don't, it's not a problem for you to act now."

Boboqi pushed his teacup forward and asked for tea from Moxiu for the first time.

MO Xiu smiled as he filled the cup with tea and said, ""It's good that you've thought it through. After all, the entire north will follow you."

Boboqi thought for a long time, his gaze switching between the teacup and Moxiu countless times.

Finally, he sighed heavily and said, "I'll check again!"

In the end, Boboqi chose to believe in Moxiu. This opportunity was brought to the north by Moxiu, and he was the one who personally asked Moxiu to stay and help.

Since that was the case, he should completely trust MO Xiu. However, whether this was the best time or not, he should trust MO Xiu.

Right now, the two races of wild beasts were fighting each other, and they would fight to the death. The Turtle clan had to take revenge for killing their king, and the bears would definitely use this opportunity to eradicate the Turtle clan. The worst-case scenario was that the Turtle clan would be destroyed and the bears would be heavily injured. At that time, the northern side would only have to face the bears.

No matter what, Moxiu had bought precious time for the northern side. He should trust this mysterious young man.

Boboc went out to gather information again. Moxiu was a little bored in the tent, so he went out for a stroll.

He said that he was strolling around, but he actually brought Mu Qingyi over.

Mu Qingyi thought that MO Xiu was done with his work and the two of them were going to walk around. She did not expect MO Xiu to bring her to the large tent where Boboqi worked.

After Mu Qingyi came in, she said, "MO Xiu, it's not good for me to be here. Many people know what you've done for the north, but you're in the Head Captain's tent now. No matter how much credit you've made, there will definitely be people gossiping about you. If I stay here in this situation, the voices opposing you will be even louder."

MO Xiu leaned back in his chair and said, "It doesn't matter. Let them talk. Don't care about what others say. Only by following your heart will you be at ease. This is a principle that I've come to understand."

Mu Qingyi could not persuade MO Xiu and sat down as well.

"What logic!"

Mu Qingyi was right. There were indeed many people who objected to MO Xiu commanding the entire situation in the tent. Even if they knew what MO Xiu had done, they still objected.

He felt that Moxiu was only a person from the central continent and shouldn't occupy such an important position in the north.

After Mu Qingyi entered the tent, these people became even angrier. They did not do anything for the entire day and only knew how to point fingers. Now, they had brought a woman into the tent. They did not know if they were doing something indecent, but it was simply a stain on the entire north! Moxiu had heard all these voices. Some people could say it in front of Moxiu.

In the end, these voices were all laughing in the tea..

Chapter 528: Opportunity (1)

As time passed, the voices questioning MO Xiu grew louder and louder.

The reason was very simple. Moxiu did not allow Head Captain Boboqi to take action, and he brought Mu Qingyi to be carefree.

Many people couldn't stand it anymore, and more voices reached Boboc.

These people wanted Boboqi to teach Moxiu a lesson so that Moxiu wouldn't think that he could be lawless just because he had some credit.

When Boboqi heard this, his reaction was beyond everyone's expectations.

First, they were furious. They thought that those who doubted Moxiu were crazy. Even if Moxiu was not doing his job properly, just the things that he had done previously were enough to surpass his master.

After that, Boboqi conducted a thorough investigation in the northern camp and punished everyone who spoke ill of Moxiu.

For a moment, the camp was bustling with noise. The voices questioning Moxiu didn't disappear, but the voices questioning Boboqi rose again.

If all of this was in chaos and the morale of the army was unstable, how could they subdue the enemy?

In the big tent, Mu Qingyi heard the lively sounds outside and said worriedly, "Moxiu, the situation in the northern camp is not good. You should quickly think of a way to do something."

Moxiu only replied with one sentence, "The innocent know their own place. I believe that the head captain thinks the same way, so he did this. He doesn't want to disappoint me."

Mu Qingyi continued, "But the Head Captain is going to lose the hearts of the people because of you. ""
"The facts have proven it!"

"Hmm?"

"I'm trying a brand new way to prove myself with facts and strength. I don't need a false reputation."

Mu Qingyi saw that MO Xiu's expression was unusually firm, so she did not try to persuade him anymore. She knew that it was useless to persuade him as MO Xiu had already made up his mind.

Two days later, due to Bobo Qi's tough methods, there were no more people pointing fingers at MO Xiu, but there were more people discussing him behind his back.

The most common rumor in the camp was that Boboqi was controlled by Moxiu. Now, they blindly believed in Moxiu and had no opinion of their own. Even if they managed to overcome the beast crisis this time, the northern region would still be ruled by the central region.

The strange thing was that although Poppy stopped others from discussing Moxiu, he didn't stop them from discussing him.

That night, Boboqi came to the tent again and poured himself a cup of tea. After drinking it, he said, "There's new progress."

"What progress?" asked MO Xiu.

"At this moment, all the wild beasts have retreated to the north and returned to the Western Beast Region. I have also asked people to investigate the situation there. The battle situation is very tragic. I admit that I was anxious before, but now we can take back the north without any effort."

MO Xiu nodded and didn't say anything.

Boboc saw Moxiu's silence and said, "I'll arrange for everyone to set off for the border now."

MO Xiu held his forehead in contemplation and still did not speak. Boboc stood up and was about to arrange things when Moxiu suddenly spoke.

"Head Captain, wait a moment!"

Boboqi sat back down and wrong? Do you have anything else to arrange?"

"I mean, we should wait for a while before taking action."

Boboqi frowned. He had admitted that he had been too anxious the previous few times, but this was the best time. Once the bear clan had destroyed the Turtle clan and they had time to deal with the humans, it would be very difficult to take back the border.

"Moxiu, this time, I don't understand."

Moxiu looked at Boboc seriously and said, ""Head Captain, do you believe me? If you believe me, listen to me again. Now is not the time."

After thinking for a while, Boboqi said, "Of course I believe you, but you should tell me why?"

MO Xiu put down the teacup in his hand and said, "It's indeed a good opportunity now, but there's a limit to how much time we can buy. Without the Turtle King, the Turtle clan will not be able to defeat the Bear clan. Once the Bear clan finishes off the Turtle clan, they'll still attack the humans. I think there is still a chance to create a stalemate!"

"Sigh! If we wait any longer!"

Boboqi was a little depressed. This time, he was really shaken.

"I've said it before, you're the highest commander here. The decision is in your hands.""

Boboqi walked out of the tent without saying a word. After he walked out, he sighed heavily at the sky and left.

After that, Moxiu didn't receive any orders from the north. It seemed like Boboqi had listened to him.

Boboqi believed in Moxiu, but the others in the north didn't. After this news spread, the soldiers in the north were in an uproar.

Many people shouted that Motheo was a spy for the beast, and Boboc was confused.

The sound grew louder and louder until it reached its peak three days later.

At first, Boboqi was still trying to suppress his thoughts, but later on, the number of people participating was too much, and he couldn't suppress them anymore.

In the end, Boboqi had to use his resignation as a threat to suppress the urge to charge into the tent and cause trouble for Moxiu.

No matter what was happening outside, MO Xiu remained unmoved in the tent.

“MO Xiu, do you want to explain?” Mu Qingyi asked worriedly.”

“Qingyi, when we reach the central region, you will know that this is nothing. Since you have chosen to rebuild after the destruction, you will have to accept all kinds of questioning voices and withstand the pressure.”

“Alright then!”

A week later, the people who should be scolding MO Xiu were still scolding him.

When the news reached the northern camp, it completely ignited everyone.

The battle between the Turtle clan and the bear clan had not ended. The battlefield had reached the northern region.

It was obvious what the situation was now. Because Moxiu did not allow the army to move to the border, the beasts had returned to the north and missed the best opportunity.

After Boboqi received the news, he immediately went to the main tent to look for Moxiu.

He looked exhausted. It seemed that the doubts he had received during this period of time had affected him greatly.

Boboc didn't sit down after he came in. He stood and said,“”Moxiu, now that the wild beasts have returned, what should we do?”

His tone was filled with despair. The other meaning behind his words was that they had messed up and how could they fix it.

Moxiu stood up and walked in front of Boboqi, a smile on his face. "Head Captain, don't worry. This is the best opportunity I've mentioned."

"Moxiu, are you kidding me?" Boboc asked in surprise. Attack now? Are we going to join the battle between the two beasts?"

Moxiu suddenly raised his voice, as if he wanted everyone eavesdropping around the tent to hear him.

"That's right! We want to join the battle. Not only do we want to join, but we also want to control the battle!" Boboc seemed to have understood.

"You're saying...we'll help the Turtle clan?"

Moxiu nodded." To be precise, we will help whichever race is weaker! ""' Boboc's eyes regained their luster and started to spin.

"Humans and wild beasts are not necessarily mortal enemies. After so many years, the enmity between humans and wild beasts is not that great anymore. However, the enmity between the Turtle clan and the bear clan has lasted for a hundred years.. Both clans hope that we can help!""'

Chapter 529: Return to the Central Region!_I

Yes, there was no indication that humans and wild beasts could not coexist, and humans did not have much enmity with the bear and turtle clans in the north.

There was no way to resolve the grudge between the Turtle clan and the bear clan now.

Moxiu's strategy was to disrupt the situation. The irreconcilable hatred between the two races had formed. As long as this battle did not end, the northern beasts would not attack the humans.

At this time, they could not be regarded as the two forces of humans and beasts.

It should be the bear clan, the Turtle clan, and the humans. This way, the situation would be much clearer.

The biggest misconception of Boboqi and the northerners was that they viewed the wild beasts as a whole, not the bear clan and the turtle clan, which were opposing each other.

It was understandable that the long battle had given them such an illusion.

However, everything changed after the Bear King killed the Turtle King that night. The two races were completely at odds with each other.

The current three factions could be ranked like this.

The bear clan had a beast king and was the strongest.

Although the Turtle clan had not lost the Turtle King, their overall strength was still there. They were ranked second.

What about humans? After losing a portion of his strength in the previous battle, he was ranked last.

This was the truth. The north was too weak, so weak that they couldn't even deal with two races.

If the first and second strongest forces fought to the death, the last force would become a bargaining chip.

Whoever had the weight would be stronger.

The weakest party had two choices.

The first was Boboqi's previous idea of taking back the north while the Turtle clan and the bear clan fought.

It was naturally possible during the battle between the bear clan and the Turtle clan. This battle was a deathmatch. Even if the Turtle clan did not want to fight anymore, the bear king would not let them off.

After the battle ended, the northern side still could not defeat the bear tribe. They could only stall for time. This time was uncertain, and the initiative was in the hands of others.

The second method was the opportunity that MO Xiu had mentioned.

Now that the battle between the bear clan and the Turtle clan had moved to the north, there was only one explanation. One side had become weaker, so they probably knew that it was the Turtle clan.

Only when they were no match would they shift the battlefield and wait for an opportunity.

This was the best time for the humans. They just needed to help the Turtle clan when it was about to collapse and make the bear clan suffer.

As long as they could grasp the timing, when to help, and when to help, they could continue the battle between the two races.

There were two reasons why MO Meng wanted to wait for the two races to move the battlefield. One was because the Turtle clan was on the verge of collapse, and the other was because humans could not cross the border.

If he entered the Northern Region to interfere with the war, the meaning would be different.

Interrupting and controlling the war in the northern region was perfectly justifiable, and it would not make the wild beasts think too much.

This was what MO Xiu wanted to do. If he could do it perfectly, he could use his remaining strength to wipe out both races.

The power of humans as a bargaining chip was much less harmful than the bear clan and the Turtle clan.

The bear clan and the Turtle clan were constantly being depleted while the humans were trying their best to preserve their strength. In theory, the humans could become the greatest faction.

However, it was very difficult to achieve such a goal. They had to grasp every opportunity and not let the two races win before they achieved their goal. They also had to disguise themselves well and not go too far. They could not let the two races know the human's intentions.

And most importantly, he had to hide his strength! If the bear clan and the Turtle clan knew that the humans were almost as strong as them, the situation would change drastically once again.

Every mistake would cause the entire plan to fail. This was too difficult. Moxiu believed that even he might not be able to do it. Could Boboqi do it?

The next night, Moxiu and Boboqi had a long chat.

Moxiu told him the whole plan. Boboqi understood the whole plan and expressed his approval.

The next morning, MO Xiu looked at the sky and said, ""Head Captain, to be honest, I really dislike you at first glance. However, after interacting with you later, I slowly got to know you. I admire you for being able to quickly accept your mistakes and correct them."

Boboqi shook his head with a bitter smile. Rather than saying that he knew his mistakes and could change, it was better to say that he knew that his life was about to end and suddenly realized it.

“This isn’t your fault. To be honest, I also dislike my past self, arrogant and self-righteous. You’ve made me understand an old saying in the central continent, ‘There’s a specialization in every field, and you’re stronger than me in many aspects.’”

“I don’t deserve it. I’m still a little lacking in experience.””

“You told me all your plans. Are you leaving?” Boboc continued.”

Moxiu nodded and smiled bitterly as well. No one would feel good standing in the center of attention during a war, and Moxiu was no exception.

There was no signal in the north. He did not know what the situation in the central region was like, but it was definitely not good. The news of him in the north must have spread. Even if Xi Bei had extraordinary abilities, he could not keep suppressing it. Paper could not keep fire.

If he stayed in the north to help, he would not have the time to return to the central region immediately. It was only a matter of time before he sent it back.

It was nothing for Moxiu to face the North. The real challenge would be when he returned to the Central Region.

“That’s right! We have to go back eventually. It’s all up to you, head captain, to see how things will turn out here.”

This time, Boboqi didn’t try to persuade Moxiu to stay. He knew that he couldn’t.

“I understand. You’re very detailed, but I’m afraid it won’t be so easy to do it.

I’m afraid I won’t be able to do it well.”

Moxiu pushed the tea set towards Boboc and said,“”Drink more tea to calm your heart. Remember to be steady at all times.”

Boboqi nodded humbly, not feeling that Moxiu's lecture was too abrupt.

"I've learned my lesson!"

MO Xiu waved his hand and said, "I don't deserve it. I'll leave now!"

Boboqi's expression changed a little. MO Xiu held Mu Qingyi's hand and walked out of the tent.

MO Xiu and the other two found Li Xin, Li Ling 'er, and Zhuge Zhong and asked them to pack up before setting off. The few of them did not have much luggage, so they quickly gathered and prepared to set off.

The few of them walked to the entrance of the camp together. Along the way, they received a lot of rolling eyes and curses.

Li Xin and Li Ling 'er were so angry that they stomped their feet. However, MO Xiu didn't do anything and didn't even look at these people. The two of them could only give up.

Boboqi still had time to tell them the whole plan, but he couldn't. Therefore, these people thought that Moxiu was useless to the situation, so he left in a sorry state.

MO Xiu didn't explain, nor did he need to. Who could tell what was right or wrong?

These people had only seen a corner of the matter, so they thought that they were right.

Even if MO Xiu explained, the men might not understand.

The current Moxiu was doing what he wanted to do, doing what he thought he should do. He didn't care about anything else!

At the door, the guard rolled his eyes and said, "Deserters, cowards!"

"If you can survive, we'll see who's the coward in three years!" Moxiu said with a smile.."

Chapter 530: Two News That Changed the Situation

MO Xiu led a few people out of the camp.

Li Xin said angrily, "MO Xiu, I know the whole thing very well. They are the ones with the problem. Your strategy is the best choice. Why don't you explain

Grandpa, there's nothing to explain," Moxiu said with a smile." If I explain now, it'll only help my reputation in the north. There's nothing else that can help. Besides, even if I explain, it might not make sense.'""

Li Xin's temper was still very bad. She said, ""You just think it's troublesome. If you don't want to explain, I'll explain it for you!"

After saying that, he turned around and was about to go back to argue with them when he was stopped by MO Xiu.

MO Xiu didn't realize that at first. He didn't expect his grandfather to be so angry, so he could only explain patiently.

"Grandpa, there are other reasons why I didn't explain. Boboc has been questioned for protecting me recently. Now is the time for him to make up for it. It's useless for me to take the credit. Also, the plan can't be known to everyone."

Li Xin stood there and thought for a moment, then said, "So that's how it is. You think too much!"

Since the matter was settled, Li Xin no longer felt conflicted. MO Xiu and the others returned to the central continent.

At the border, Xi Bei was on the battlefield when a secret letter came.

The letter stated that Moxiu had left the north and might be coming back.

The deputy general beside him also saw the contents of the letter and said, "This Moxiu is truly willful. To think that Elder Tang left so many resources for him. If he had appeared at the start of the war, the entire central continent would have regarded him as supreme."

Xi Bei said, "You can't put it that way. Moxiu has made great achievements in the north. He has temporarily solved the problem in the north and can be considered to have removed the hidden danger for the central region.""

"Are you saying that the Turtle King's death is related to MO Xiu?"

Xi Bei said, "Of course, it's related. The news that came back clearly stated that Moxiu appeared at the Bear King and Turtle King's residences. I don't know exactly how Moxiu managed to make the two Beast Kings fall out with each other, but it definitely has something to do with Moxiu."

"Even so, Moxiu didn't return immediately. Instead, he delayed his return until now."

At the mention of this, Xi Bei was also a little troubled. He asked, "What is the reaction of the people towards Moxiu?"

"A few days ago, the public's attitude towards Moxiu was very bad. They felt that Moxiu didn't know what was important and didn't know what was important. He went to the north instead of staying in the central region at such a critical time. However, recently, due to Moxiu's contributions in the north, the public's opinion has improved a little. This is because the news that Moxiu didn't return from the north has yet to spread. If the public finds out that

Moxiu didn't return immediately, things won't be as simple as they seem."

Xi Bei still had great expectations for MO Xiu, whether it was because of Elder Tang and the Elder of Heavenly Secrets 'strong recommendation, or because of the time he had spent with MO Xiu.

MO Xiu chose this one time, and now it seems that Xi Bei is still not the correct choice, even if MO Xiu solved the urgent needs of the north.

Even if Moxiu did not listen to him, Xi Bei had always been helping Moxiu, hoping that Moxiu would be able to regain the hearts of the people when he returned to the central region.

But now, it seemed that Moxiu didn't think so.

Just as Xi Bei was thinking about it, he received another message. It had nothing to do with MO Xiu, but it seemed to have something to do with him.

It had a huge impact on the entire battle.

There was news from the eastern region. Ever since Old Snake's death, there had been no news from the eastern region. This was the first news Xi Bei had received.

The only beast king of the eastern region, the Heaven Devouring Beast, had joined forces with the snake tribe to represent the two overlord races of the eastern region.

The Eastern Region would not participate in the battle with humans, but if anyone wanted to take the opportunity to invade the Eastern Region, no matter who it was, they would be killed without mercy.

His words were very domineering and clear. I don't care what you want to do. I promise I won't participate. However, if anyone wants to attack the Eastern Region, I won't let them off, whether they are humans or beasts.

Western Beast Region.

The Fox King and the Ape King had been feigning their attacks for the past few days. They did not use all their strength to attack. Their main goal was to deal with the urging of the Northern Region and the Southern Region. They would only make the next decision after they looked at the situation.

Among the four regions of wild beasts, the two beast kings of the Western Regions were the most careful and cunning.

Recently, the Southern Region and the Northern Region had not disturbed them so much. The two Beast Kings had been living relatively comfortably. However, just now, two pieces of news had reached their hands without any warning.

The two of them couldn't sit still, and the situation changed!

Originally, the Eastern Region hadn't participated in the battle. It didn't matter if they participated or not. However, it was now clear that they wouldn't participate.

If there was only this news, it would be fine. The news from the Northern Region was the real deal.

The Turtle King had suddenly died and was killed by the Bear King. The Bear

Clan and the Turtle Clan were now fighting to the death, ignoring the humans.

The Fox King and the Ape King had thought that the Northern Region was their most important ally, but they were unable to interfere in the central region for the time being.

The battle in the southern region was not over yet. The humans had thought that the southern region was the weakest. They did not expect it to be so resilient. Even now, there were no signs of defeat.

In this way, the Fox King and Ape King were worried. What should they do?

The situation was unprecedentedly clear. The other three regions would not help. Would the Western Region continue to attack or retreat?

If they continued to attack, they would have to face the central region alone.

If they retreated, it would mean that Beast's war had ended in failure, and he would be in a dilemma.

The ape king looked at the fox king and said, "What do you think we should do now?"

The Fox King hesitated and said, "Was it really supreme that day?"

"It might be, but it might not be. If it's Supreme, why didn't he personally show up to warn him?"

The Fox King didn't have any expression on his face. After thinking for a long time, he said, "Let's attack from all sides! What is about to happen is a chaotic war. The treaty between the beasts and humans has been torn apart by us. The companions of the beasts are also unreliable. This is a great reshuffle. There is only war and no friends. The remaining people will rule the entire continent."

The ape king did not say anything. He nodded and left.

In a tavern at the border of Yan City.

The Elder of Heavenly Secrets leaned against the sofa with his eyes closed. It was unknown if he was asleep or not.

Big Cat was a little anxious. The battle at the front line was not very intense. It could be said that staying here made him very uneasy.

Looking at the Elder of Heavenly Secrets in front of him, he hesitated for a while before speaking.

"Elder Tianji."update by n?w?o??l. ?R?

The Elder of Heavenly Secrets slowly opened his eyes and sat up straight when he saw the big cat in front of him.

“Yes, you’re here. This is how old people are. It’s easy to doze off.”

After interacting with him for so many days, Big Cat already knew the Old Prophet’s tricks. It would definitely be a waste of time to continue chatting with him.

Big Cat was smart this time and went straight to the point. “You said that I wanted to wait for Moxiu, but Moxiu is currently in the north. When will he return?”

The Elder of Heavenly Secrets smiled and looked behind the big cat.

The big cat looked in the direction the Elder of Heavenly Secrets was looking at in puzzlement.

Five people walked in from outside the door.. The person in the lead was MO Xiu!
