

Four Skills 531

Chapter 531: The Great Poor Man (1)

Big Cat turned around and recognized the four people walking towards him.

Zhuge Zhong, Li Xin, and Li Ling 'er were led by MO Xiu. There was only one Mu Qingyi whom he did not recognize.

Big Cat wasn't surprised to see Moxiu, but it felt relieved.

Big Cat immediately turned to look at the Elder of Heavenly Secrets and said, "This time, I can bring the 'big' family to the battlefield, right?"

Big Cat had been feeling very depressed recently. The skill of the "big" family was the Descent of the Martial God. It would not be an exaggeration to say that they were the strongest warriors. However, such a powerful team had never fought since the beginning.

The Elder of Heavenly Secrets said with great interest, "Big Cat, you're the leader of the 'big' family. Why can't you understand what I'm saying?" "What do you mean?" asked Big Cat.

At this moment, MO Xiu and the others also approached and respectfully nodded at the Elder of Heavenly Secrets.

The Elder of Heavenly Secrets pointed at MO Xiu and said, "What did I say? You asked me when I would join the battle, and I said what?"

"Wait for the right time!"

"I don't know when the time will be. MO Xiu knows, but he didn't say that you can participate in the battle once MO Xiu returns. If you want to know when you can participate in the battle, you can ask MO Xiu."

Big Cat looked at Moxiu with anticipation.

MO Xiu first looked at the Elder of Heavenly Secrets and said, "The power you said you left for me is the 'big' family?"

"What's wrong? Are you not satisfied?"

Moxiu glanced at Big Cat and said, "How could I not be satisfied? I couldn't be more satisfied. It's just a little pleasant surprise.""

The Elder of Heavenly Secrets nodded. MO Xiu turned to the big cat and said, "First Master, I think we should wait a little longer for the matter you asked!"

Big Cat was a little depressed, but he wasn't an impulsive person, so he didn't show any excitement.

"Then can I ask when we need to wait?"

Moxiu nodded politely. It was not the first time he had interacted with Big Cat, so the two of them were very familiar with each other.

The two of them were somewhat similar. They were both relatively stable types. Big Cat was anxious to participate in the battle purely because it felt that it should participate. "I think it's going to be soon!"

"How fast?"

"The specifics will depend on the actions of the Western Regions."

“Wait until the Western Regions launch a full-scale attack?” “No, wait for them to flip the table!”

The big cat fell into deep thought and stopped talking.

The Elder of Heavenly Secrets looked at Big Cat and said, “Big Cat, all of you will only listen to Moxiu’s orders in the future. Moxiu’s words are the highest order!”

The big cat looked at the Elder of Heavenly Secrets solemnly, then looked at MO Xiu and nodded.

At this moment, Big Cat only had one word in his mind, doubt!

His heart was filled with doubts!

Why?

Whether it was Elder Tang or the Elder of Heavenly Secrets, they both thought highly of MO Xiu.

These two people were the most important people in the central continent. The Elder of Heavenly Secrets protected MO Xiu in every way.

There was no need to mention Elder Tang. Almost everything he did in the final stages of his life was to pave the way for Moxiu.

What kind of magic did this Moxiu have?

Moxiu wasn’t like Elder Tang, who spared no effort to sacrifice for the central continent and humanity. Moxiu didn’t choose to stay in the central continent at the critical moment.

The ‘big’ family had always been partners with MO Xiu. Big Cat also admitted that MO Xiu had extraordinary talent. However, at that time, it was the Elder of Heavenly Secrets who ordered them to be on good terms with MO Xiu. Big Cat had never thought that MO Xiu was that important.

Moxiu didn't seem like a hero who had grown up on his own. Instead, he had been pushed up by his most respected seniors.

This time, Moxiu didn't listen to the lecture like before. He went on his own.

This was Big Cat's opinion of Moxiu.

MO Xiu knew that there were many people like the cat, but MO Xiu did not like this feeling. He was trying to break free from the shackles and get rid of this impression.

The Elder of Heavenly Secrets emphasized when he saw the big cat's solemn expression.

"Big Cat! Did you hear that?"

This time, the Elder of Heavenly Secrets' voice was no longer misty. There was an indescribable majesty mixed in his voice.

The people who heard it all trembled. Big Cat was obviously shocked. Even he had never seen the Elder of Heavenly Secrets like this. This was obviously a death order.

To be able to make the Elder of Heavenly Secrets say it so solemnly for the second time, this matter was definitely no small matter.

Big Cat didn't dare to delay and immediately said, "Yes, sir! I understand!" Only then did the Elder of Heavenly Secrets nod his head in satisfaction. He waved his hand and gestured for the few of them to leave.

Moxiu and Big Cat looked at each other, and everyone left the room.

As soon as he walked out of the room, Big Cat said, ""Mo Xiu, since the Elder of Heavenly Secrets has said so, in the future, the people of my branch will listen to your arrangements!"

“You’re exaggerating. I like the word cooperation. We’ll work together to help mankind out of its predicament.”

“Alright, what’s next?” Big Cat asked.”

MO Xiu turned to look into the distance and said, “Let’s stay here for the time being. This is a good spot, we can see the situation in Yan City at a glance.”

Big Cat turned to leave, but Moxiu said,“”Wait a minute, I want to ask, where is Elder You?”

When MO Xiu asked this question, he was a little nervous. He was worried that the big cat would say that Old You was no longer around.

It was certain that Elder Tang was dead, and it was also certain that Elder Du and Elder You had not returned. What was also certain was that Elder Bai was dead. Otherwise, the royal space would not have disappeared.

Big Cat only wanted to head southeast and said,“”Whatever Elder You is doing now, guard the supplies. You can see him over there.”

After the big cat left, Moxiu turned to look at the people beside him.

“Are you going to stay or leave?”

Li Xin glanced at Li Ling ‘er and Zhuge Zhong and said, “”“The three of us should go back to Shun City to take a look first. I’m the head of the family, so I should go back and take charge of the overall situation. The two of them ran out on their own for me.”

“Alright, then you guys go back first. Be careful on your way back. “”“

Li Xin patted MO Xiu's shoulder and said, ""You're much more outstanding than me. You have to remember that no matter what, the Li family will always be your backing. "

"I understand, Grandpa."

The three of them left immediately after saying that. It was currently a war, and there was no extra time to delay. They left as soon as they said so.

The three of them had just taken a few steps when Li Ling 'er turned around and mouthed at MO Xiu, causing MO Xiu to be stunned.

However, in the end, MO Xiu still managed to understand what Li Ling 'er meant.

If it weren't for Li Xin, the two of them wouldn't have gone back. This time, they went back to pretend. If there was a chance, they would run out to look for her.

Li Ling 'er really made people not know whether to laugh or cry. MO Xiu smiled as he sent the three of them off.

Only MO Xiu and Mu Qingyi were left. Mu Qingyi behaved very obediently and did not say a word.

"MO Xiu, are we going to look for that Elder You now?"

'Yes!"

"What kind of person is he?"

MO Xiu pondered for a moment and said,"A great and pitiful man!"

There was an old man squatting in front of the warehouse. He was dressed sloppily and was holding a wine flask.

MO Xiu walked over and sat beside Elder You. Elder You looked at Xiu with a lifeless gaze.

“You’re back?” En, come back!”

“It’s good that you’re back!”

“Don’t you blame me for not staying in the central continent?” “Why should I? You helped Old Tang make up for the regrets in his life..”

Chapter 532: Who Wants to Become a Saint?

Elder You’s words were meaningful.

MO Xiu had thought that You Lao would blame him for not cherishing Master Tang’s efforts. He did not expect that he would say that he had made up for Master Tang’s regrets.

Elder You continued,” During the two months of waiting, Old Tang told us about what happened when he was young. At that time, he was faced with the same choice as you. He chose to stay on the battlefield and lost the person he loved. He was stubborn and said he didn’t regret it, but Old Du and I could see that he regretted it.”

“It’s fine as long as Senior doesn’t blame me. I wanted to apologize to you.””

Old You raised the wine pot in his hand and took a gulp. He spilled half of it and drank half of it, choking himself.

MO Xiu could empathize with Elder You’s feelings. Without Elder Du by his side, it meant that all his old friends had left, leaving him alone.

Now, even if he drank wine, it would not taste good. It was just a formality, pretending to be drunk.

“MO Xiu, I’ve lived to my age and seen too many things, but I don’t think I can see as clearly as you can. I’m not as arrogant and domineering as I was when I was young. I’m not as arrogant as I was when I was old. I’m too timid to even say that I like you. I’m very weak and have never followed my heart.”

Senior, you can’t say that,” Moxiu advised.” The contribution you’ve made to humanity in your life is something I can’t compare to. ”“

Elder You looked at MO Xiu with lifeless eyes and smiled indifferently.

“Hahaha, if possible, who would want to become a Saint? Everyone’s essence is first and foremost a person. If you don’t follow your heart, how can you call yourself a person? You did something we didn’t dare to do. I believe you can go further than us.”

” That’s exactly what I thought,” Moxiu said with some emotion.” It’s just that it’s a pity for Master’s expectations of me and the things he has done for me. ”“

Old You shook his head and said,”“Moxiu, I originally thought Old Tang was right, but now that I’ve lost everyone close to me, I finally understand that Old Tang was wrong. Did he really change the status quo of mankind after giving his life? No! He had given up too many things in his life, so there were some things he was wrong about. It was just like how you didn’t like the reputation he gave you, but he didn’t know.”

MO Xiu was taken aback. He suddenly felt that this old man, who had always been a hypocrite in front of his friends, had suddenly sublimated. He had seen through many things, and he was now somewhat like the Elder of Heavenly Secrets.

It was just that one was unfathomable, while the other was drowning his sorrows in alcohol.

The two of them chatted for a long time. MO Xiu asked about Old Tang and Old Du, and then asked about Old Bai.

What surprised MO Xiu was that Elder You didn't resist these painful things and calmly told Xiu about them.

"Elder You, was my master handsome when he died?"

Elder You pursed his lips and said, "To be honest, he's a little handsome, but he's still far from me. Old Du was also very handsome when he died. It's just that Old Bai is not as handsome."

MO Xiu smiled apologetically.

It was almost time. MO Xiu had asked all the questions he needed to ask, so he got up and left.

The moment MO Xiu stood up, the vitality that Elder You had just recovered from chatting disappeared from his eyes again. He continued to sit there with the wine pot in his hand.

MO Xiu silently left. He didn't try to persuade Elder You anymore. He couldn't persuade him anymore.

Mu Qingyi had been waiting by the side, and MO Xiu was smiling at her.

"This Elder You is really not bad."

"You heard our conversation?"

Mu Qingyi nodded in embarrassment and said, "Well, I was a little curious about what the great poor man you spoke of was like, so I eavesdropped on your conversation."

"It's nothing!" said MO Xiu.

Unknowingly, it was already night time. MO Xiu and Mu Qingyi did not do anything else and stayed here for the night.

Big Cat went to look for MO Xiu once that night and brought Big Afraid over. He told MO Xiu to let Big Afraid follow him so that it would be easier to communicate with him.

MO Xiu was already very familiar with Big Afraid, so he didn't reject it. It would be much more convenient to have someone by his side.

Moreover, Big Scared was a member of the Big Cat Clan. His skill was the Descent of the Four Martial Gods, and his combat strength was extremely strong.

He was speechless for a night.

The next morning, when Qingyi woke up, she looked at MO Xiu or her phone. She had been looking at it since last night.

"MO Xiu, what are you looking at? Is there something important?"

MO Xiu caressed Mu Qingyi's hair and said with a faint smile, "I'm arranging some things for you. When you're back, you still have to see what the people think of me." "How is it?"

"What do you mean?"

"I don't understand what you've arranged, so I'm asking how I evaluate you."

Moxiu said, "What's the matter? There's a serious disparity between the two. Some people have a bad impression of me, while some people support me. Is it proportional?" Half and half."

Mu Qingyi thought about it and said, "If you say it's half and half, then the situation is not good. There must be someone helping you in secret. In other words, more than half of the people don't like you."

“That’s right!”

Mu Qingyi’s brows were knitted together as she said, “It’s all because of me. How can you still laugh?”

MO Xiu said nonchalantly, “I’ve already said that this time, I’m going to destroy everything before I can rebuild. Therefore, the remaining positive comments will also disappear after a while.”

Mu Qingyi did not really understand why MO Xiu would do this. It was clearly still too late to salvage the situation. She had never received so much attention like MO Xiu and had never shouldered so many people’s expectations, so she could not understand.

Since she did not understand, Mu Qingyi did not ask. This was what Mu Qingyi made MO Xiu feel comfortable about.

Without disturbing Xiu, Mu Qingyi intentionally led the conversation to

MO Xiu was able to understand Mu Qingyi’s intentions and felt very happy.

“Dong dong dong!”

Someone knocked on the door.

MO Xiu opened the door and was terrified.

“What’s wrong?”

“Um...” Big Fear said, “You said yesterday that we were going to the downtown area of Yan City. I forgot to ask you about the time last night. I’m here to confirm it now. Um...I’ll make the arrangements!”

Moxiu looked at the time and said, “Let’s do it in half an hour. Our destination is the headquarters of the Strongest Group.”

Big Fear nodded and left, starting to make arrangements.

MO Xiu turned to Mu Qingyi and said, "Qingyi, pack up and prepare to leave!" "Should I go with you? Will it affect your work?"

"There's nothing important for now," Moxiu said. "I'll bring you to meet my friends officially and get to know them."

In such a long time, MO Xiu and Mu Qingyi barely met each other, let alone introduce each other to their friends.

There was no actual mission for the gathering of the strongest group this time. The main purpose was to meet his friends and see how they were doing recently.

After a simple packing, the two of them went out and got into Big Fear's car.

Actually, it would be faster to fly there without taking a car. However, they were already in the city, and Moxiu was on a work mission. It was better to keep a low profile..

Chapter 533: Some Things Have Never Changed

The journey was smooth. Yan City was no longer as glorious as it used to be. There were very few cars on the streets, and Da Ba drove very fast.

The original two-hour journey was completed in less than an hour.

When they arrived at the entrance of the Strongest Group, they could see that this building was the vitality of the entire Yan City. It was not as lifeless as other places. The employees who came in and out were very energetic.

MO Xiu was a little impressed by Mu Mu. The most powerful corporation was based on its own reputation. During this period of time, his reputation had fallen like a cliff. The most powerful corporation was not affected too much because of this incident. Every industry was carried out according to plan.

This was also due to the development of medicinal liquids. After a series of policies, it had become a must-have for the people of the central region.

Those who rejected MO Xiu would not reject the medicinal liquid.

Other than the people working in the building, there were also many reporters squatting at the door, trying to catch some news.

Big Fear and Mu Qingyi also saw these people.

"Moxiu, do you want me to get out of the car and chase them away? Or they could just park the car at the gate and block them."

MO Xiu directly opened the car door and said,""There's no need for that. I'm back. There's no need to hide!"

After MO Xiu got out of the car, he reached his hand into the car to help Mu Qingyi.

Mu Qingyi was stunned for a moment.

The look in his eyes meant that this wasn't good!

As Mu Qingyi was hesitating, MO Xiu grabbed her hand and slowly pulled her up.

Just like that, before Mu Qingyi could react, she got out of the car. She grabbed MO Xiu's arm and followed him into the building.

The group of reporters didn't let MO Xiu off and surrounded him.

"Mr. MO, may I know if you really went to the north to pick up Madam after not showing up for so long?"

"May I ask if this lady beside you is the person you would rather give up the central region to look for in the north?"

"Why didn't you go directly to the front line this time? Why did you come here?"

Moxiu smiled. Faced with so many aggressive questions, he didn't feel anxious. He said, "The answer is the same as what you want. I went to the north to pick up my girlfriend. I didn't go to the front line. Please make way!"

After MO Xiu finished speaking, all the reporters were stunned. They took the initiative to make way for MO Xiu and let the two of them pass.

This was different from what he had expected. Moxiu didn't explain and admitted everything.

If he didn't quibble, the reporters wouldn't know how to deal with him!

The reporters at the entrance only reacted after knowing that Moxiu had left for a long time. They began to make calls to report the situation and continued to wait for Moxiu to come out.

With MO Xiu's status, these reporters didn't dare to go overboard. They didn't have the guts to stop MO Xiu from leaving.

Even if Moxiu was no longer a proud son of the heavens and the hope of the entire central continent, his status and ability were not something reporters like them could afford to provoke.

On the other side, after MO Xiu and Mu Qingyi entered the building, the expressions of the staff members inside were surprisingly the same when they saw MO Xiu.

He was stunned at first, then greeted the chairman. MO Xiu waved his hand to greet them.

MO Xiu knew what they were thinking. They were surprised by MO Xiu's sudden appearance. After all, MO Xiu was the boss.

Mu Qingyi asked MO Xiu softly, "MO Xiu, it's not good for you to do this!" "Didn't you say that you heard my conversation with Elder You?"

"Yeah, I heard it!"

MO Xiu continued, "Even someone like Elder You supports me in doing what I'm doing now. Why don't I do it thoroughly? I'll abandon all my false reputation and prove myself with true strength.""

Mu Qingyi said, "The war with firearms, the inter-school competition, the development of medicinal liquids, what else do you need to prove?""

"Not enough. In the face of war, this is not enough. There is too much excessive propaganda."

Mu Qingyi did not say anything else. MO Xiu's choice was her choice.

It was not the first time they had come to the building of the Strongest Group. MO Xiu brought Mu Qingyi to the top floor with ease. If there were no accidents, Mu Mu and Cao Fenglin would be working there.

As soon as they reached the top floor, the elevator doors opened and familiar people greeted them.

Mu Mu and Cao Fenglin were naturally here.

There were also Xiao Hong, Yang Qingzhuo, Liu Ziyang, Yue Yuan, Xiao Xinru, and the members of MO Xiu's team.

He Lingyue, Zheng Yi, and Xiao Lan were also there.

MO Xiu was a little surprised to see so many people. He said, "What's going on? If you know that I'm back, you guys will gather together. You don't need me to look for you one by one, right?"

Cao Fenglin was the first to speak. Perhaps it was because he was the oldest.

"Moxiu, you've created a huge problem for us. Your reputation has dropped, and everything related to you has been affected. We've been together all this time to keep each other warm."

Mu Qingyi felt a little embarrassed when she saw so many people at once. There were some that she had seen before and some that she had never seen before. For example, she was very familiar with Liu Ziyang and Yue Yuan.

She gently pinched MO Xiu.

MO Xiu finally reacted. He had not introduced Mu Qingyi yet.

MO Xiu said, "Let me introduce you first. This is my girlfriend, Mu Qingyi. The main reason I went to the north this time was to pick her and my grandfather up."

He did not hide the fact that Mu Qingyi was his girlfriend. This would make everyone feel more comfortable, and he would also admit the reason why he went to the north.

Liu Ziyang smiled cheekily and said, "Boss, not bad!" You're still the best at chasing women!"

"You're so poor, aren't you afraid that Du Ya will teach you a lesson?"

Liu Ziyang straightened his back and said, "Boss, you don't know about this, do you?" Du Ya has been taught a good lesson by me."

"So you're standing up?" Moxiu raised his eyebrows."

"Of course!"

It was time to reminisce about the past. The few men discussed it together.

On the women's side, Mu Qingyi and Yang Qingzhuo were more extroverted, so they quickly got along well with Mu Qingyi. He Lingyue would also occasionally exchange a few words, appearing to be happy and harmonious.

Yang Qingzhuo was the most active among them, calling her Sister Qingyi.

However, there was one person who was acting strangely. It was Xiao Hong!

Xiao Hong was one of MO Xiu's most trusted people. She did not come over to talk to MO Xiu, nor did she join the group of women.

Accompanied by Xiao Lan, he seemed a little lonely.

When Moxiu was chatting with his brothers, he would occasionally glance at Xiao Hong. Xiao Hong seemed to be looking at him, but the moment their eyes met, Xiao Hong lowered her head and avoided them.

There was nothing serious about the men's topic. They were mainly chatting and joking with each other.

During Moxiu's absence, it was as if everyone had lost their backbone. The pressure on their minds and bodies was immense.

Now that Moxiu had returned, the heavy burden on everyone's shoulders was lifted and they felt much more relaxed.

Liu Ziyang joked, "Boss, you've been in the north for so many days.. Do you want to give birth to a little boss?"

Chapter 534: Happy Cooperation (1)

The entire morning passed in idle chatter.

Now was not the time. They were not in Yan University, so they could not continue to be happy. The topic slowly turned serious.

The person who broke the joy was Moxiu himself.

"Tell me about your current situation!" Moxiu suddenly said seriously."

This time, Cao Fenglin was the first to speak.""That's the current situation. Everyone in the Strongest Group is working in the building and hasn't gone to the front line."

Liu Ziyang, Yue Yuan, and the others also had names in the strongest group. They were all members of the strongest group.

Yue Yuan added, "Actually, we have the idea of going to the front line to help. We can help you make up for some of the negative effects. But after consulting my father, he said that it's best for us to stay in Yan City. He said that if you want us to go to the front line, you should tell us before you leave.""

MO Xiu suddenly laughed out loud.

“Hahaha, Uncle Yue knows me well. That’s right! You don’t need to go to the

front line. Staying in Yan City is the best choice.”

Cao Fenglin looked at MO Xiu in a daze and said, “Moxiu, you want to abandon all your comfort and start anew, right?”

MO Xiu nodded.

Cao Fenglin was one of the few people who understood MO Xiu the most. He had also experienced the feeling of being restricted because of the disparity between reputation and strength.

Cao Fenglin didn’t know whether to laugh or cry at the fact that he had made the headlines by eating an ice cream.

Liu Ziyang interrupted at this moment, “Boss, your evaluation in the eyes of the people is extremely polar. Some people think that you don’t care about the life and death of the central region, while others think that you’re doing the right thing. The people who support you are mostly women, because the main reason you went to the north is Mu Qingyi.”

After Liu Ziyang finished speaking, the few men looked at MO Xiu with strange gazes.

Zheng Yi, who had been silent all this while, said, “Mo Xiu, I really didn’t expect you to be such a devoted person.”

“Don’t look at me like that, I’m just pretending to be myself,” said Moxiu. “MO Xiu, what should we do next?” Cao Fenglin asked.”

Moxiu didn’t directly answer this question. He first gathered everyone to start the meeting.

The number of people in this meeting was the highest in history. After everyone took their seats, Moxiu directly said, "Right now, our Strongest Group only has one mission. You guys will be busy for the next few days."

Mu Mu represented everyone and said, "MO Xiu, if you have any instructions, just say it. We have nothing to do during this period of time, so we have made sufficient preparations. ""

Moxiu's gaze swept across everyone's faces and said, "I only trust everyone here. Three days. I'll give everyone three days to screen everyone inside and outside the strongest corporation and eliminate all the problematic people."

"You mean, the people who suspect that there are wild beasts in our strongest group?" Mu Mu asked."

"I'm not suspecting. There must be!" MO Xiu shook his head. Wild beasts have lived in Yan City for over a hundred years. If it is possible for them to reproduce with human beings, many wild beasts are very similar to human beings. It is very difficult to distinguish them. I need you to examine them one by one."

Everyone's expression was a little solemn. There were too many people in the strongest group. It was too difficult to investigate one by one. There were only these people here. It was too difficult. There were only three days.

"The requirement is that within three days, no one else other than you can know about this. Complete the mission." Moxiu continued."

It was fine if the time was three days, but it had to be kept a secret. This...

Seeing that the person was silent, MO Xiu explained, ""This matter is not suitable for a long time. Otherwise, it will alert the enemy. Only by completing it in a short period of time will the wild beasts not be able to react."

Everyone remained silent. This was too difficult.

“You guys think it’s very difficult, don’t you? While assigning tasks to you, I also have a task. My task is to investigate everyone in Yan City except for the strongest group.”

Everyone looked at each other. They had thought that their mission would be very difficult, but they didn’t expect Moxiu’s workload to be so huge.

Cao Fengli was the first to say, “Alright! Moxiu, beast spies are the trump card of the Western Regions. Before the full-scale war, the Western Regions will definitely flip the table. If you want us to press the table to death, then we will do our best to press it!”

MO Xiu nodded and looked at the others.

The others nodded in agreement.

“Alright, since everyone has agreed, you can begin. This mission will be led by

Cao Fenglin, Mumu, and Xiao Hong. Qingyi! You should stay and help!”

Mu Qingyi, who was sitting beside MO Xiu, seemed to know MO Xiu’s arrangements and nodded without any hesitation.

The people present were all people that MO Xiu trusted, and they were also MO Xiu’s foundation. Letting Mu Qingyi stay behind to help was firstly, having more people meant more strength, and secondly, he wanted Mu Qingyi to integrate into this group as soon as possible.

After settling everything, Moxiu left. Just as Moxiu had said, he had a very important mission.

After MO Xiu left, Cao Fenglin, Mu Mu, and Xiao Hong took over the scene.

Everyone is simple, discuss, begin, formulate plans, want, don’t need others, help, that, can only go down to the bottom, explore, all present, all are the strongest group, the top, want channels, the bottom, need an excuse.

Mu Mu Mu made a suggestion, which was accepted by everyone.

Hold an event close to the bottom and let all the upper management and middle-and low-level employees work together.

To the public, it could be said that the higher-ups were experiencing the work of the employees and improving the clarity between the higher-ups and the employees. In fact, they could investigate every employee.

Time was tight and the task was heavy.

After making the plan, they began to allocate manpower.

There were too few people who could be used. In order to prevent them from not being able to see through it thoroughly, everyone went to investigate other people's subordinates.

For example, Mu Mu had always been in charge of the headquarters of the strongest group, so Mu Mu couldn't investigate the headquarters to avoid being blinded by the inherent impression.

Mu Mu went to investigate the Xiao Corporation, and Xiao Hong went to investigate the center of the strongest corporation.

Everyone went in and out, and when it was finally Mu Qingyi's turn, the distribution was already complete.

"Qingyi, where do you want to investigate?"

Mu Qingyi thought for a while and finally mentioned an unexpected place, the headquarters of the Strongest Group!

This was handled by the Xiao sisters. In their previous interactions, Mu Qingyi had a good relationship with everyone else except for Xiao Hong.

Everyone had thought that Mu Qingli would choose to work with someone she had a good relationship with. They did not expect her to choose Xiao Hong, who did not speak much.

When Xiao Hong heard Mu Qingyi's words, she was stunned as she looked at Mu Qingyi in surprise.

Mu Qingyi smiled as she stretched out her right hand to Xiao Hong and said, ""Happy cooperation!"

Xiao Hong could only extend her right hand." Happy cooperation.""

The women were happy to see this scene, happy that Mu Qingyi could blend in with them quickly.

The men all felt that this scene was very strange. It was hard to say what the relationship between Xiao Hong and MO Xiu was, but they felt that it was a little ambiguous.

Mu Qingyi was MO Xiu's acknowledged girlfriend, and the two of them were even holding hands as they stood together, giving off a feeling that a war was

about to break out..

Chapter 535: 100% of the country's going to be a

Mu Qingyi and Xiao Hong's combination was indeed interesting, but now was not the time to think about this. Everyone's mission was very heavy, and they did not have time to watch the show.

Some people could start their missions immediately, while others needed to prepare. They didn't stay here and went to do their own things.

The remaining three, Xiao Hong, Xiao Lan, and Mu Qingyi, were in charge of the headquarters of the Strongest Group.

Xiao Hong said, "Xiao Lan, you're in charge of these two departments. Mm, Mu Qingyi, you're in charge of this department. Leave the rest to me. How about that?!"

Xiao Hong skillfully assigned the tasks. Xiao Lan agreed and went to work. The current Xiao Lan was smart and capable. She learned from her sister Xiao Hong in every way and took her as a role model.

After Xiao Lan left, the atmosphere became even more awkward. Only Mu Qingyi and Xiao Hong were left. "The mission is too heavy. Let's hurry up and get busy!"

Xiao Hong said and stood up to leave.

"I've heard of you. You're called Xiao Hong!" Mu Qingyi said unhurriedly.

Mu Qingyi wanted to continue chatting, but Xiao Hong could not just ignore her and leave. She sat down again, but her expression was still a little abnormal.

"I've often heard of you too." Mu Qingyi smiled, smiling very happily.

"Is that so? Did you hear it from Moxiu?"

Mu Qingyi looked very good when she smiled. Xiao Hong was stunned for a moment before she said, "Yes, MO Xiu would occasionally mention you, and Yang Qingzhuo would also talk about you."

"Oh? Does Yang Qingzhuo often mention me?"

This surprised Mu Qingyi. She was not very familiar with Yang Qingzhuo.

Xiao Hong nodded in response.

Mu Qingyi saw Xiao Hong's unnatural expression and asked, ""Don't you want to know where I heard about you?"

Xiao Hong shook her head, indicating that she wanted to know.

"As far as I know, you're not such a shy person. You often joke around." Joke?

Xiao Hong recalled how she had always been acting and joking with MO Xiu in the Royal Space. Had MO Xiu told Mu Qingyi about these things?

"Yes, but now is not the time to joke around. I'll go get busy first. You should hurry up and work too."

Xiao Hong did not want to continue chatting. Actually, she did not dislike Mu Qingyi, but she just felt a little awkward when she was with her.

Mu Qingyi was still sitting in the distance, watching Xiao Hong stand up and turn around to leave.

Just as Xiao Hong walked to the door, Mu Qingyi's voice came from behind her. Her voice was very calm, but her words seemed to have some kind of magic that froze Xiao Hong, making her unable to take another step forward.

"You like Moxiu, right?"

A simple sentence made Xiao Hong feel ashamed, and she turned her head to look at Mu Qingyi.

Xiao Hong did not understand why Mu Qingyi said that.

"I, Xiao Hong, dare to do what I do. I like MO Xiu, but I don't want to snatch him from you."

Mu Qingyi smiled gently. "You're thinking too much. I didn't mean it that way."

On the other side, Moxiu walked out of the building of the Strongest Group

alone.

The reporters, who had been waiting for a long time, once again rushed over and surrounded Moxiu.

"Mr. Moxiu, did you come to the Strongest Corporation for some big move this time?"

"Do you have any plans for the future?"

The question this time was much gentler than the one in the morning.

These reporters were probably afraid that Moxiu wouldn't cooperate, so there was nothing they could do.

Moxiu's answer was simple. "I came to the Strongest Group to catch up with my friends. I will be staying in Yan City for a while."

After saying that, he drove the crowd into Big Fear's car. From today onwards, Moxiu decided not to explain anything to others.

After getting into the car, Da Sha even glanced in the direction of the building.

Just the two of us," Moxiu said. "Mu Qingyi will stay here temporarily."

"Oh."

Big Fear responded and continued, "Where are we going now?"

Moxiu looked at the time and said, "Let's go back. When we get back, find Big Cat and we'll have a meeting!"

Moxiu didn't say anything along the way and kept looking at his phone.

After returning to the tavern, Big Fear quickly found Big Cat.

Moxiu started the meeting. There were only three people in the meeting, Moxiu, Big Cat, and Big Afraid.

Unlike the strongest corporations and other forces, the 'big' family was a family that was almost absolutely loyal to Big Cat. Big Cat alone could represent the entire 'big' family.

The big cat sat down and immediately said, "Moxiu, how is it? Are we going to start the operation?"

MO Xiu's answer this time was very straightforward. He said, "That's right, and it's a very important operation." As soon as he said this, Big Cat's eyes lit up. He said, "Tell me, what plan is it?"

"Find out all the traitors in Yan City."

Big Cat frowned. Although Big Cat was a brave and resourceful man, he still preferred to fight directly. It was too complicated to deal with a mole. Moreover, Commander Xi Bei and the staff officers had discussed it many times. The mole of Beast was deeply rooted in Yan City and could not be solved.

"Chief, I know your concerns. Leave the matter of the traitor to me. I'll be responsible for finding the traitor. You just need to bring people to help me capture all the traitors. Kill him."

When Moxiu said that he would kill them, he was a little hesitant. Although they were spies from the wild beasts, they had lived in human society for so long that they were not much different from humans.

However, when Moxiu thought about his various experiences in the Western Regions, the things he had seen in Fox City and Ape City, he strengthened his belief that wild beasts were not worthy of sympathy.

There was another reason. Moxiu didn't know how the wild beasts communicated with each other. If he only captured the wild beasts, it was very likely that he would alert the enemy.

After hearing Moxiu's words, the big cat was first delighted, then it looked worried.

With the strength of a 'big' family, killing wild beasts would not be a problem. The problem was that Moxiu had to search the entire city. No matter what method Moxiu used, this was a long-term mission that could not be completed in a short period of time.

' Moxiu, our clan will listen to your orders. However, there is one thing I don't understand. Isn't it a little too much of a joke to spend so much effort to find the traitor bit by bit at this time? There is a war in front, and we are at the rear..."

Big Cat stopped halfway and did not continue. It would not be nice to continue.

Moxiu extended two fingers and said," I'll correct you on two things. First, there's no need to go through so much trouble. I can do it alone. Second, this process will be very short. It'll be within three days, so your workload will be very heavy. "

Big Cat and Big Fear were confused. They had been searching for traitors in Yan City for three days and killing them all?

Then the accuracy would be very low. What if he killed the wrong person? This was not a wise choice.

Big Cat asked the question in its heart," MO Xiu, you checked so quickly. What's the accuracy rate?"
"100%!"

" What?!"

This time, the big cat exclaimed.

"I can't tell you the exact method," Moxiu explained. "It involves my skill." The corner of Big Cat's mouth twitched.. MO Xiu still had an undisclosed skill?

Chapter 536: Infinite Possibility (1)

Moxiu had an undisclosed skill? How many skills did Moxiu have? This was simply inconceivable.

The big cat looked at Moxiu as if it was thinking about something. Not long after, it said, "Good! When do we start? How do we do it?"

Checking was very difficult, but Moxiu had God's Authority. God's Authority could check skills. No matter how much a beast disguised as a human was, skills would not lie.

There were some fundamental differences between human skills and beast skills. As long as one looked at the skills, one could see them at the first moment.

Moxiu originally wanted to bring the troops of the 'big' family around. This was the most efficient and time-saving way.

However, MO Xiu later thought that if they were to run back and forth the entire city, there would be a time difference when capturing the beasts. They did not know how to contact the wild beasts. Once the news was leaked, all the wild beasts in the city would be on guard. Moreover, they would alert the enemy and let the Beast King know.

After thinking about it, Moxiu came up with a plan. He would use his mobility and the records of the people of Yan City to investigate first, and then get the 'big' family to agree to arrest him.

Motheo's God's Authority had been upgraded to such a level that he no longer needed to lock onto a target with his naked eye. As long as he scanned an area, he could analyze the skills of 1,000 people.

With the latest additional effect, Moxiu could find all the wild beasts as long as he thought of the filtering conditions.

The analysis was also very comprehensive, including the appearance. However, the name could sometimes be seen and sometimes not. Moxiu didn't know why.

Therefore, MO Xiu needed to bring someone with him to enter the records of all the people in Yan City into the computer. This way, MO Xiu would be able to filter them based on their appearances.

Then, this person would record which person was the beast and finally capture them all.

It was the City Lord of Yan City's credit for this. When Xi Bei sealed the city, he had collated everyone's information with the City Lord of Yan City. However, there was no way to screen so many people, so he gave up.

Apart from his own skills, Moxiu told the big cat about his plan.

Big Cat said to Big Fear," Go to the City Lord's Mansion immediately and copy the information of all the residents. Tell the City Lord what we are about to do and ask him to cooperate with us as much as possible.""

"Yes, sir!"

Big Fear answered and went out.

Moxiu smiled. He looked at his partner with great fear.

After Big Panther left, Big Cat looked at Moxiu with a strange gaze, even though Moxiu did not say what the skill was.

However, even a fool could tell that Moxiu had managed to screen all the people in Yan City in just three days.

Then this skill was simply a divine skill. Three days! He also had to give the 'big' family time to capture him.

"Head Patriarch, don't look at me like that. If you have any questions, just say it."

Big Cat said cunningly, "I think it's better not to say it. You can't tell me what I want to know!"

Moxiu pointed at the big cat and said, "You! There was nothing to hide now. I

could use my skills to distinguish between humans and beasts."

"Amazing! "

"No more?"

"You want me to praise you?"

MO Xiu quickly shook his head and said, "No!" Aren't you curious?"

The big cat looked at Moxiu with a profound look and said, "I know why Elder Tang and Elder Tianji think so highly of you."

"Why?" asked MO Xiu.

Big Cat said slowly, "Because you have unlimited possibilities!"

“Just because I was able to use my skill to pull out the wild beast this time?”

No, your unlimited possibilities aren't limited to just this. Of course, your skills and strength are the most important. Your skills have unlimited possibilities, and your thoughts have unlimited possibilities. For example, no one can do better than you in dealing with firearms. You also have unlimited possibilities in your choices. This time, going to the north alone was very surprising.”

MO Xiu laughed out loud.” Hahaha, Head Patriarch, I don't even know if you're praising me or criticizing me.”

Big Cat said with a serious face,” Of course I'm praising you. In the end, I'm talking about the possibility of your choice. I want to express that you might be able to make a better choice than Supreme.”

Moxiu's eyes lit up. What the big cat said was exactly what he had tried to do.

It was time to end the conflict between the beasts and humans. Otherwise, even if the war ended, there would still be a great war in a hundred years.

“Then I'll have to praise you more!”

While the two of them were chatting, Big Fear came back with her computer. “MO Xiu, the Patriarch's matter has been settled.”

MO Xiu nodded. Big Fear was usually timid, but he was really not sloppy when it came to doing things.

“How many people are there in Yan City now? Oh, right, exclude the people related to the strongest corporation.”

Moxiu had no intention of interfering with the investigation of the strongest corporation. These people worked for him and trusted him. If he was arrested three days later, it was very likely that it would cause dissatisfaction among the others.

But now, Moxiu had sent all the higher-ups of the strongest corporation down to the bottom to conduct an investigation. The results would be much better in the future.

Big Fear turned on the computer and started calculating. He said, "Right now, there are a total of 1.35 million people."

When Moxiu heard this number, he felt a headache coming on. There were still more than a million people.

After Yan City was sealed, everyone who could leave had left.

As expected of the capital. A starving camel was still bigger than a horse.

Moxiu could only read 1,000 people each time he used God's Authority. Although there was no cooldown, it would still be difficult to complete it in three days.

"When do we start?" asked Big Cat."

"Now, I'm afraid that I can't do it alone. First Master, is it convenient for you to come with us?"

"Hahaha, no problem." Big Cat laughed heartily."

The operation officially began!

Moxiu and Big Cat were afraid that the three of them would wear more concealed clothes. After walking out of the tavern, they began to screen them from the outside to the inside.

The first was an old residential area at the edge of Yan City. The three of them flew to the roof and Moxiu used his God's Authority to scan it.

Big Panther and Big Cat saw a magical scene.

Moxiu squatted on the roof and closed his eyes. Three seconds later, he opened his eyes and the computer started to search for photos.

Ten minutes later, 117 names were listed.

The three of them were shocked.

However, the three of them were shocked by their different levels of power.

Big Cat and Big Fear were shocked by Moxiu's ability. Was it over just like that? Closing his eyes for three seconds, and then quickly browsing through the photos, he was able to screen out wild beasts?

Wasn't this a little hasty? Was this accurate?

Big Cat and Big Afraid looked at each other. In the end, they still believed Moxiu. It was not because of anything else, but were there not many things that were difficult to understand in this world?

What shocked MO Xiu was the number!

This was only the number of people who had been scouted. There were more than a hundred wild beasts among the 1,000 people. It could be seen how shocking the number of wild beasts was..

Chapter 537: Blood Light Soaring into the Sky

With such a ratio, if they didn't deal with it in time, Yan City might become a city of disaster.

Coupled with the general attack of the beasts of the Western Regions, the internal and external troubles of the central region would erupt together, and the situation of the beasts would be great.

Moxiu came out of his thoughts and saw Big Cat and Big Afraid's surprised expressions.

"Do you guys see the seriousness of the problem?" asked Moxiu."

Big Cat and Big Fear had no intention of admitting defeat. They only prepared to record the name that Moxiu had mentioned. They were still in awe of Moxiu's divine skill.

Big Cat didn't know what Moxiu was talking about, but it still agreed.

"Then let's speed up and leave more time to catch them," Moxiu said seriously."

As soon as he finished speaking, Moxiu jumped to the roof of another building and did the same thing.

Big Cat looked at Moxiu and said,""Is there no cooldown for such a powerful skill? Do you know what Moxiu just said?"

Big Cat didn't hear any response and turned around to look at Big Scared. He was staring at the computer in a daze.

"What are you doing?" Big Cat patted Big Scared."

"Patriarch, I know what MO Xiu means!"

"What does he mean?"

I've just sorted it out. The building that Moxiu investigated has over 900 people living in it. The list of MO's that Moxiu gave us has over 100 people. This ratio... "

Big Cat's expression turned serious. He looked at Moxiu again and said, "Follow me! Don't drag us down!"

"Yes, sir!"

By the time the two of them arrived, Moxiu had already finished screening and had used the computer to verify it. He directly said the name list, and Big Cat and Big Afraid quickly recorded it.

After that, the three of them came to the next building without stopping.

When Moxiu used his God's Authority to scan the building, he discovered a strange phenomenon.

Moxiu's tightly furrowed brows were seen by the big cat.

"What's wrong, Moxiu?" asked Big Cat. Is there a problem?"

Moxiu didn't reply, as if he was deep in thought.

Just as he used God's Authority, Moxiu saw a strange case from the data.

One was a 14-year-old girl with two skills. One was a beast skill, and the other was a human skill.

In Moxiu's opinion, even if a human and a wild beast could mate, the child born should be polar. It could be a human or a wild beast. There shouldn't be such a thing.

In Moxiu's opinion, no matter how similar wild beasts and humans were, there were still fundamental differences between the two.

Humans had their own long history. Up until today, most of their wildness had been washed away. They had conscience, morality, and a bottom line.

This was a quality that beasts did not possess, and it was also the difference between musicians and humans.

In Moxiu's opinion, if there was a wild beast that had these characteristics of a human, even if its appearance was very different from a human, Moxiu would still be willing to call it a human.

On the contrary, if a human did not have these qualities, they would not be human and would be no different from beasts.

This was Moxiu's standard for identifying wild beasts. Wild beasts never had a

bottom line. Among all the wild beasts that Moxiu had seen, other than Little Fu Shun, they were all bloodthirsty and had no bottom line to speak of.

However, not long after the screening began, such a problem appeared.

This girl was undoubtedly the descendant of a beast and a human. She might have appeared many generations later.

What followed was a difficult question. The little girl's bloodline was complicated, and she grew up in human society. Did such a person have the conditions to become a human? Was he a spy for Beast?

After hesitating for a while, Moxiu felt that he shouldn't waste time and put the little girl's name on the observation list.

Big Fear did not have any doubts and carried it out, recording the name list that Moxiu had mentioned.

However, Big Cat was meticulous and knew what the list of people under observation meant.

“Moxiu, what’s the meaning of this observation list? Was there no way to be more specific? According to the plan, we have to kill all the wild beasts in the end because it’s not safe to lock them up. We can’t observe them clearly enough. How should we deal with these people after three days?”

MO Xiu sighed heavily and said, “‘Head Patriarch, I’m still thinking about it. What I’m sure of now is that there are still such people, and there won’t be a small number of them.”

“Can you tell me what’s the situation with these people?” asked Big Cat.” Moxiu only said two words, and Big Cat fell into an intense mental struggle.

“Mixed blood!”

The mixed-blood had become the biggest problem in eliminating the spies. Moxiu hesitated, and so did Big Cat.

However, they still had to do what they had to do. The three of them continued to work on the list.

Another difficulty is the mobility of the human.

There might be fish that slipped through the net if MO Xiu and the other two were to screen by region.

Fortunately, Yan City was sealed off, so there wasn’t much movement of people. In addition to the constant war, the people of Yan City were in a panic. Most of them stayed at home and didn’t want to go out.

There were no cars or people on the street, and the flow of people was further reduced.

Three people like this investigation will not find any problems, even if there are a few fish that have escaped the net, it is not a big deal.

The key was to quickly find and eliminate most of the spies.

Three days later.

The entire Yan City was in turmoil. This time, the killing range was too big. The manpower of the 'big' family was far from enough. The royal family who stayed in the tavern was all mobilized, plus the Yan City Army and the law enforcement team.

All the available armed forces were mobilized.

An hour before the operation, they would hold a meeting to assign tasks, and an hour later, they would act directly.

The target was locked on accurately, and the mission was very clear. It was to kill!

Within a day, all the wild beasts that Moxiu had screened died. At the moment of battle, some of the wild beasts revealed their true forms.

Compared to Moxiu, who had God's authority and could quickly screen, the strongest corporation was not so easy.

The foundation of Moxiu was not only the strongest corporation, but also the strongest society. The Xiao family and some branch companies were involved in too many things, and there were too many people.

It was too difficult for the few higher-ups to understand all the employees and find the beast within three days.

Moxiu's friends were the ones who had it the hardest.

In three days, the higher-ups of the Strongest Group did not come up empty-handed. They found thirty-one beasts.

Moxiu had confirmed that none of them were wrong.

The high accuracy rate made MO a little worried. It meant that the higher-ups' screening conditions were very strict, so there must be a beast that was very well disguised.

Moxiu once again screened the employees of the Strongest Group and found 127 people.

Report the name list to the 'big' family and let them settle it.

Moxiu could be said to have been found by the higher-ups, so he wouldn't cause any resentment among the other employees.

On this day, Yan City was filled with blood!

On this day, Yan City was defending the territory of the human race, and not a single soldier showed mercy..

Chapter 538: Death God (1)

MO Xiu didn't do it himself. Instead, he stood on the tallest building in Yan City and looked down.

Suddenly, MO Xiu had the illusion that he was no different from Zhou Qiuwu, an executioner.

Intense battles, screams, and blood filled the entire city.

All the names came from Moxiu's mouth. There were old people, women, and children, but they all had one thing in common. They were all wild beasts!

MO Xiu didn't make a move in such a cruel massacre, but his hands were covered in blood.

MO Xiu wasn't an indecisive person, but when it came to this, he still felt a little sympathetic.

It was precisely because of this that Moxiu didn't kill or capture those on the list of people under observation.

Let them live in this city and slowly become humans.

Moxiu sat on the rooftop for a long time. He only returned to the tavern when the sky turned dark and the last scream stopped. When he returned, Mu Qingyi was waiting at the door.

MO Xiu smiled and said, "Go in!"

Mu Qingyi held MO Xiu tightly and said, "Mo Xiu, I know you're not having a good time."

MO Xiu held Mu Qingyi's hand and said, "It's nothing. I've already experienced this during the firearms war."

After entering the tavern, he saw Big Cat sitting in the hall drinking.

Moxiu walked over and snatched Big Cat's glass of wine. He downed it in one gulp.

MO Xiu didn't like drinking. He felt that the wine was a little strange, but he felt very comfortable after drinking it.

Big Cat looked at Moxiu and said, "I've confirmed that those who died in my hands today were all wild beasts. You didn't do anything wrong. Why are you putting so much pressure on yourself?"

MO Xiu gently placed the wine glass back on the table and said, "I've never had such an experience before. It's really hard to decide life and death."

The big cat shook its head as if it could not understand Moxiu's feelings. "Those people who are still under observation, this is the first step?"

MO Xiu pulled Mu Qingyi forward and said as they walked, ""Let's leave it at that for now. We've killed enough people today."

Today was the day of slaughter. Beast spies could only be slaughtered when they were unprepared.

Something interesting happened on a day like today.

The reporters who had interviewed MO Xiu three days ago had just finished writing the press release. MO Xiu's words would be exposed the next day.

Due to the pressure from the City Lord of Yan City, it was only delayed by three days. It was in these three days that the news that the media had carefully prepared became worthless.

Today, all the armed forces of Yan City had been mobilized and killed nearly

ten percent of the people in Yan City.

Screams replaced the city's noise, and the blood red color shone into the sky.

And the mastermind behind all of this was MO Xiu!

This person had left when the central continent was in a difficult situation, but after returning, his influence had not decreased at all. In fact, it had even increased.

He actually mobilized all the armed forces in Yan City to kill for him.

Everyone in Yan City was stunned. The entire city stopped moving.

What kind of power was this? What kind of cruelty was this?

Moxiu didn't even try to hide his actions. He stood on the highest roof of Yan City and watched everything as if he was admiring his work. He didn't try to hide the fact that he was the mastermind behind this.

That night, everyone in the city knew the truth.

This plan was planned and directed by Moxiu. The goal was to eliminate the wild beasts in Yan City.

The big cat believed these words, the Lord of Yan City believed them, and all the armed forces believed them, but the people did not!

Why?

It was very simple!

Those who were killed were their friends, colleagues, classmates, and even relatives.

In the past, those who died were no different from ordinary people. They went to work, got off work, and were busy.

However, he suddenly said that these people were wild beasts and had to die. If they didn't die, Yan City would be in danger. No one could accept it.

Some people lost friends, some people lost relatives.

A wife who watched as the law enforcement team killed her husband who had lived with her for most of her life, would she believe that her husband was a beast? No! Would she forgive MO Xiu? No!

MO Xiu's name was deeply imprinted in the hearts of the people of Yan City.

Moxiu no longer represented hope and was no longer the hero of the people.

From today onwards, Moxiu was the devil, the Grim Reaper who took away their family and friends.

Due to the sudden intrusion of the armed forces, the biggest media agency in Yan City had not yet resumed its normal operation.

The general manager of this media company was sitting in his office, holding his forehead as he thought about something.

As she thought about it, she began to mutter to herself.

"I've written a lot of fake news in my life. Every time I get a big piece of news, I'll be very excited, but...sigh! How I wish this was fake."

At this moment, the office door was pushed open, and a young man entered. His eyes flickered with the desire for a big event.

This young man was the general manager's most valued reporter. He was persistent about big events, passionate, and motivated.

The young man rushed in and placed the information he had carefully organized on the table.

Director Zhang, this is the latest report on the true death toll of the Moxiu massacre, as well as the analysis of the true motive behind it. Take a look, if I release the news now, it will definitely cause an uproar among the entire population!"

The general manager raised his head and looked at the young man with lifeless eyes.

“Do you know anyone among the dead?”

The young man paused for a moment and said, “Director, now is not the time to talk about this. We should release the news as soon as possible!”

“Is what you wrote true?”

“I’ve analyzed Moxiu in depth. I think it’s true!” the young man said in a crazed

”

tone.

The general manager threw the document at the young man and roared, “You think it’s true? Before this happened, did you think it would happen? What do you think? MO Xiu can control the entire Yan City. Do you think what you wrote is important?”

The young man gritted his teeth and said, “If the officials don’t allow it, I’ll make a copy and send it to someone!”

Hahaha!!”

The general manager laughed wildly and said, “The war is coming!” Anyone who affects the morale of the army must die. Do you believe this? You’ll die before you walk out of this door after photocopying?

The young man panicked and said, “But...are we not going to do anything?”

The general manager lit a cigarette. In the past, he had never smoked in the office.

He took a deep puff of the cigarette. He didn’t know if it was because he inhaled too hard or because his body was a little uncomfortable.

The general manager choked on the smoke and coughed non-stop. The young man went up and patted his back.

The general manager slowly recovered. After sitting up straight, he said, "Who says we're good at everything? Go! Write an analysis, agree with MO Xiu's point of view, and appease the people!"
"Director! Is this the truth?"

"I don't know! Just write it as your own wish!"

Chapter 539: Wind Direction (1)

The next morning.

MO Xiu did not read any messages after he woke up and only accompanied Mu Qingyi.

The two of them chatted as if nothing had happened. Mu Qingyi did not mention what happened yesterday again, but she would occasionally mention Xiao Hong and Yang Qingzhuo's names.

MO Xiu was not stupid and could vaguely feel that Mu Qingyi was trying to get information out of him.

The peaceful and leisurely time did not last long. It was soon broken by a hurried knock on the door.

When she opened the door, it was Big Fear.

Big Afraid came in and said to MO Xiu anxiously, ""Mo Xiu, something bad has happened!"

MO Xiu was a little anxious when he saw Big Fear. He said, "Don't be anxious. Tell me slowly. What happened?" "Right now, the reaction of the people is very intense!"

"Oh? How intense? Tell me the details!"

Big Fear took out her phone and placed it in front of Moxiu. "Look, all the major media outlets are praising you now, but between the lines, they reveal that you're not confident. There's also the public. All the discussions on the Internet have almost completely worsened your image. Beasts, but to them, you are a human. No one will have a good impression of you."

MO Xiu took the phone from Da Afraid and flipped through it for a while before saying, "It's okay. Let them continue!"

"You can't go on like this. Aren't you afraid that even your strongest corporation won't support you anymore?"

"I'm not afraid!"

Moxiu's reply rendered Big Fear speechless. He was not good at communicating to begin with, and now he did not know what to say.

Seeing that Big Fear was silent, MO Xiu smiled and said, "It's nothing. Go ahead and do your work. I'll call you if there's anything!"

Big Fearless nodded and went down. Moxiu knew that Big Fearless would tell Big Cat about these things again. It wouldn't be long before Big Cat came looking for him.

MO Xiu's phone rang just as he sent Big Fear away.

It was Xi Bei.

MO Xiu had always felt guilty towards Xi Bei. Xi Bei had always taken the big picture into consideration, and he had gone against his wishes several times.

MO Xiu picked up the call. Hello! Uncle Xi, you should be at the front line, right? Why are you calling me?"

There was silence on the other end of the phone.

MO Xiu awkwardly continued,""Uncle Xi, if you have anything to say, just say it."

Xi Bei spoke.

"MO Xiu, I can't see through you more and more. I already knew what you did in Yan City before you took action, but I should have hidden the fact that you're the mastermind.'

"I did it, so why don't you admit it?" Moxiu asked."

"I did two things after I came out of seclusion. One was to go to the north. Although I solved the urgent problem in the north, I didn't come back immediately. The other was to screen the beasts that were equivalent to massacring the city.

These two things will leave an indelible shadow in the hearts of the people of the central continent. Everything that Elder Tang has done for you will be destroyed in one day. Are you taking revenge?"

MO Xiu suddenly laughed." Haha, Uncle Xi, a reputation that doesn't match my strength is a shackle to me. It limits me from doing many things. For example, what happened yesterday. If I hadn't broken free from the shackle, I might not have been able to do it."

Xi Bei sighed heavily and said,"Sigh! It's up to you. This matter is very serious. Should we block the Internet?"

“No need! The people have the right to discuss. Since I’ve done such a thing, I should bear the consequences. When everything is clear, their views will change.”

“Alright, look for me if you need anything!”

“Yes, I understand!”

The call ended.

“MO Xiu, aren’t you being a little too humane by doing this?” Mu Qingyi said from the side. You’re not the only one affected.”

Moxiu said,” Actually, I don’t feel that this will bring trouble to others. On the contrary, it will reduce their burden. Uncle Xi doesn’t have to worry about me. Cao Fenglin and Mu Mu’s pressure has been greatly reduced. The only thing that has been affected is the morale of the entire central region. The Western Regions haven’t launched a general attack yet. When the time comes, I have a plan. ”

Mu Qingyi looked at MO Xiu in a daze. She now remembered that MO Xiu was different from before. He was still a relatively innocent boy in the past, but in just two short years, MO Xiu had become a person who could control everything.

As for Moxiu, he had once been placed with high hopes by the entire human race. Now, he had to bear all the infamy, giving the people another outlet to vent their anger.

But no matter what, MO Xiu didn’t care. Everything was just an empty title.

MO Xiu’s current realm was like the Supreme Realm in the past. He had concealed his identity all his life until he was called Supreme Realm.

It was just like when the glorious Tang Wanhua decided to give up his name and call him Elder Tang.

Moxiu had been carrying too many burdens from the start, which led to his rapid growth.

Today seemed to be a peaceful day, but in reality, undercurrents were surging.

Coincidentally, news of Moxiu's incident in the north spread.

Moxiu schemed to cause internal strife between the two wild beast tribes in the north region. He didn't return immediately after that and stayed in the north for a period of time.

During this period, Moxiu did not do anything. Not only did he not have a good plan, but he also organized the highest command operation in the north.

It seemed like Moxiu treated this trip to the north as a honeymoon trip. He didn't want the Alliance to take back the northern territory, afraid that the war would affect his trip.

Such comments became more and more intense on the Internet, and they were linked to the massacre of the people by Moxiu yesterday.

Moxiu's heroic image was gone.

Sometimes, the world was just so wonderful. It took a long time to lay the foundation to remember a person's good points.

To destroy a person, only one or two things were needed.

Moxiu was like this. Because of these two incidents, everything he had done for the central continent would be quickly forgotten.

The two words that Moxiu was scolded the most on the Internet were "selfish" and "childish"

In their opinion, Moxiu had gone to the north for women and for pleasure. He was selfish and childish.

As for the massacre, most people thought that Moxiu had discovered that his reputation in the central continent was not good after he returned and wanted to quickly restore his image.

That was why he had directed and acted out this act, killing innocent people and saying that these people were wild beasts. This way, he had made a great contribution. However, Moxiu had not played it well, resulting in the opposite effect. His reputation had worsened, and he was selfish and childish.

Not only that, but there were also people who overthrew Moxiu's past deeds. They said that Moxiu had been waterproof during the school competition and that he was the official champion, so it was not worth mentioning.

They even said that there was a master behind the war with firearms and that Moxiu wasn't the only one who planned it. Moxiu was just pushed onto the stage.

However, not everyone was scolding MO Xiu. There was a very famous ID defending MO Xiu on the Internet.

At this time, standing up for Moxiu meant that he had to endure a huge amount of pressure.

This ID was the one who had once said the 24-second theory.

This person gave a lengthy analysis of the authenticity of Moxiu's past deeds and Moxiu's motives for these two incidents.

It was reasonable and there were even some things that were right. For example, the analysis of the strength of the three northern factions...

Chapter 540: 10,000 People Spit

This article could be said to be a clear stream among the many posts scolding

Mo Xiu.

He didn't scold or praise MO Xiu. He only objectively analyzed what MO Xiu had done during this period of time.

Even though he was so objective, he was still being scolded.

The administrator, who had never been afraid of things getting out of hand, pinned the post to the top so that more people could see it.

"OP, your ID is no longer valuable when Moxiu went to the north. Hurry up and delete it, lest people chase after you and scold you!"

"That's right. You're still speaking up for MO Xiu at a time like this. You're really not afraid of death. Aren't you afraid of being found out by others?"

"I am the OP, did you guys read the article seriously? I didn't brag about Moxiu in the entire article. I've been analyzing the entire situation objectively. Take a closer look at what I've pointed out in the article. Moxiu's motives are insufficient, and there's no benefit to Moxiu doing this. You'll understand that things might not be as you think."

"Nonsense! It was a fact that Moxiu went to the north and didn't stay in the central continent. It was also a fact that he planned to kill so many people in the few days after he returned to the central continent. I only believed what I saw. Your analysis is only your analysis, not the truth."

"The original poster's logic is very smooth, but the original poster's analysis was based on the premise that 'MO Xiu isn't an idiot. This premise doesn't hold!"

"The previous poster is correct. This post ends here!"

Similar comments were everywhere. There was basically no one who agreed with MO Xiu. The Internet was filled with abuse.

The major media outlets could only release some news that agreed with Moxiu's actions. However, due to the intense reaction of the people that day, the major media outlets did not say anything else.

In fact, most of the people who cursed MO Xiu were not in Yan City. The people of Yan City were still in grief. It was the people of other cities who started cursing after seeing what MO Xiu had done.

The strongest group was also affected.

No matter what, the strongest corporation was unable to break away from its direct relationship with Moxiu, and it was also affected.

However, it didn't have much of an impact because there were also people who died in the strongest group.

From this point of view, MO Xiu treated everyone equally.

However, Mu Mu still called for a meeting with all the higher-ups.

After everyone sat down, their expressions were very serious. Mu Mu said, "I didn't expect things to turn out like this. Moxiu didn't tell us the real plan. He just wanted us to put on a show so that he could find all the wild beasts."

Cao Fenglin had a worried look on his face." The most important thing is that Moxiu's actions are too decisive. He didn't give the people any time to react. After finding the beast spy, he will be executed immediately. It might be better if he was locked up first."

Xiao Hong shook her head and said," I think MO Xiu's approach is right. It's a time of war now, and the Western Regions may use spies to do something at any time. We can't delay it. If we lock them up, what if other spies work together to release them?"

Cao Fenglin agreed with Xiao Hong and said,""You're right, but why did Moxiu admit that this was his plan?"

At this moment, Zheng Yi spoke up, "I think MO Xiu wants the people to hate him. With a point to vent, the people will feel better."

Ever since Zheng Yi had joined the top management of the most powerful corporation, he had not spoken much. This was because compared to the others present, he always seemed to be inferior.

The people here were either very strong or very famous. Only Zheng Yi himself was unknown. He was only the branch president of the strongest society, and his strength was average.

Zheng Yi usually didn't talk much during meetings, but this time, his words made everyone look at him.

That makes sense!

In reality, as MO Xiu's childhood friend, Zheng Yi was the one who understood MO Xiu the most.

In the past, he had never seriously considered what MO Xiu was thinking. Now that he was thinking about it, he had matured a lot and started to analyze MO Xiu's thoughts.

"That makes sense!" Mu Mu said. However, if that was the case, MO Xiu would have to bear too much."

At this moment, Cao Fenglin was a little happier. He said, ""All this while, hasn't Moxiu been carrying enough burdens?"

"That's true!" Mu Mu said.

"Have you contacted MO Xiu?" Xiao Hong asked. What did he say?"

As soon as Xiao Hong said that, everyone looked at her.

Not for anything else, but the connection between Xiao Hong and MO Xiu was no less than that of others. Why hadn't she contacted MO Xiu herself?

Mu Mu saw Xiao Hong's embarrassment and said, "I contacted him. I asked him what to do with the loan and what the next move of the Strongest Group would be. He told me to adapt to the situation and contact him when there was a big move."

Cao Fenglin snorted coldly. 'This kid only knows how to torment us this time.

He's starting to be a hands-off shopkeeper again."

Two days ago, the beast had gone to the Western Region!

Fox City.

"Fox, how's the spy?" The ape king asked while lying on the bed."

"The news has been passed down. Tomorrow night, Yan City will be in chaos.

We will launch a general attack at the same time."

"Why tomorrow night?"

The Fox King rolled his eyes and said, "We have more than 100,000 spies in Yan

City. We can't announce that we are going to take action, right? We need time to secretly inform them. Otherwise, the humans will be prepared."

"Oh! Alright, I understand. I'll lead Ape Cities 3, 4, and 7 to attack. You lead the main force and be ready to provide support at any time." (f)ree

The Fox King said, "Don't always be in such a hurry. It will take some time for the spies planted in Yan City to be fully effective. Although tomorrow night is a general attack, we don't have to use too much force. The first wave of attack will definitely suffer the greatest resistance. If we delay for a few days, they will naturally collapse.""

"There's too much going on recently. Let's just settle it quickly!" The ape king said impatiently."

The ape tribe was actually more intelligent than the fox tribe, and it was the same after the world's metamorphosis.

While the mutation gave the wild beast stronger abilities, it also amplified other aspects of the wild beast.

For example, personality!

This was the reason why the wild beasts of today were more murderous than the wild beasts of the past.

The ape race was more impulsive than the wild beasts. After evolution, this characteristic was retained.

The fox race was more patient. This was a stark contrast between the two races. It could also be said that they complemented each other.

Even if the apes had higher intelligence, their lack of patience often affected their judgment.

Therefore, the fox clan was more cunning and liked to use strategies.

Unless the ape tribe's strength was not a match for the other party, they would be reckless if they could.

"You're too impatient. Calm down and listen to me. Besides, we're not sure about the supreme news from the humans yet."

The ape king was convinced when he heard Supreme's name. He said,""Alright then, let the humans be arrogant for a while longer."

The Fox King looked outside the door and said," Bring your son along this time. Let him get used to the battlefield. He will inevitably have to fight in the future.""

The next day, the Fox King and Wish sat in the room first.

A fox ran in in panic.

"King! Something bad has happened!"
