

## Four Skills 561

### Chapter 561: Flipping Open That Diary Again

During the time that MO Xiu had left, many changes had happened to the people of Yan City.

The image of Moxiu in their hearts, which was foolish and detestable, had once again turned into admiration.

MO Xiu!

When this name was mentioned before the battle, everyone would be filled with anticipation.

What would this young man do in the battle for the survival of the Domain Beasts?

When the war started, Moxiu had gone to the north for a woman and abandoned the central region. After he returned, he had issued a City Massacre Order, and his image had completely changed.

And now? After such a long period of questioning, the truth surfaced.

MO Xiu was indeed no longer the MO Xiu of the past. However, he had not become evil. Instead, he had become even more outstanding.

No matter how the Strongest Group and Yang Zekun helped Moxiu turn the situation around, what finally made the people believe in Moxiu and change their minds was what Moxiu did.

This was what they had done during the border trip, destroying the beast army and killing the beast kings.

This was a real battle merit, and no one could say anything about it.

Regardless of whether MO Xiu had done anything wrong in the past, in front of MO Xiu's contribution this time, nothing counted.

The people did not think as thoroughly as Xi Bei, and there was a huge gap in their intelligence and resources.

He didn't know why Moxiu had planned this step by step. Every step he took was leading the Western Regions into the abyss.

They didn't even know about Moxiu's spying activities, nor did they know that the Western Regions was currently in chaos.

However, even the most ordinary person knew that the number of wild beasts attacking this time was definitely not small.

The Western Regions had lost so many wild beasts and a Beast King. It was definitely a serious loss.

The situation in the north was stable. The Beast Eastern Region had announced that they would not participate in the war. The battle in the south had not ended yet. Now, the Western Region had suffered a heavy blow.

The war would most likely end before it reached the central region!

All of this was due to the young man standing in front of the people of Yan City.

Moxiu walked into the city step by step. The surrounding people did not cheer. It was silent.

Before such a huge victory, it was a little strange. In front of human heroes, it was a little lacking.

The hundreds of thousands of people in Yan City fell silent, looking at MO Xiu quietly.

MO Xiu continued walking forward and finally noticed something different. Wherever Moxiu passed by, the people on both sides of the road bowed deeply and did not get up for a long time.

It was only when MO Xiu had walked far away and there were no more footsteps in front of him that he raised his waist.

Men and women, old and young.

Even the old man stubbornly bowed with his walking stick.

Seeing this, Big Cat hurriedly ordered his subordinates to help these people up, hilt he was stopped ?by Moxiu-

Big Cat looked at Moxiu in shock. This was not the way Moxiu did things.

After working together for such a long time, Big Cat felt that he had some understanding of Moxiu.

Moxiu was a low-key person who did not care about fame and fortune. He was not the kind of person who enjoyed the bowing of the people. At this moment... why did he not stop the people from doing so?

After walking for a while, Big Cat couldn't help but feel curious. Would such a magical youth become different because of the worship of the entire city?

"Moxiu, why didn't you stop the people from bowing to you? This doesn't suit your character." .com

MO Xiu smiled and walked slowly. He said, "Oh? What kind of personality do I have?"

"What a low-key and reserved personality!"

"Wrong, I'm not."

Big Cat was stunned for a moment. It wanted to say something but held back.

When Moxiu saw that the big cat was silent, he asked, "Why do you think the people of Yan City bow to me?"

"Thank you," Big Cat said without hesitation. "I'm paying my respects to you.

You've temporarily brought peace to the central continent."

"Wrong!"

Big Cat was a little annoyed. Ever since he became the head of the 'big' family, no one had been able to say that he was wrong.

"What's wrong?"

"If it's just to show respect to me, then we'll be greeted with cheers."

Big Cat was stunned for a moment. It had never thought about this question. Yes, it was a little different.

Moxiu didn't wait for Big Cat to ask the question in his heart and continued, ""They are apologizing for misunderstanding me a few days ago. Humans...interesting, right?"

Perhaps it was just an illusion, but the cat felt that Moxiu's expression and tone did not resemble a human's. Instead, he sounded more like a beast king.

Humans were like this. The guilt in MO Xiu's heart took over. Instead of cheering, he wanted to bow to MO Xiu.

Moxiu felt gratified when he saw the people bowing collectively. If humans could face up to their mistakes, they would be able to go further.

There was still a long way to go. Moxiu continued to walk slowly, giving everyone a chance to admit their mistakes.

Mu Qingyi quietly held onto MO Xiu's arm, feeling happy for her man.

Big Cat was thinking about what Moxiu had said.

When they reached the end of the road formed by the crowd, the big cat suddenly raised its head.

He looked at Moxiu's back and said," That's not right. You don't have enough motivation to do this. Even if the people are expressing their apology, it's fine as long as you know it based on your personality. You won't slowly come to this."

MO Xiu didn't turn around, leaving Big Cat and all the people of Yan City alone.

The sound entered the big cat's ears.

"Just like my master said, humans...need another Supreme."

He did not stay any longer after he finished speaking and flew away on his sword with Mu Qingyi.

Mu Qingyi was shocked by MO Xiu's words and asked,""Mo Xiu, it turns out that Elder Tang had such high expectations for you. You must have been under a lot of pressure, right? But you were so handsome just now!"

MO Xiu smiled cheekily." You can leave after you're done talking. Isn't that cool?""

Mu Qingyi looked at MO Xiu coldly, her emotions gone.

At night, MO Xiu and Mu Qingyi sat in the room.

Mu Qingyi made a pot of tea for MO Xiu. She did not know when MO Xiu had started liking to drink tea.

In the distant north, there was also a youth who was obsessed with drinking tea.

MO Xiu drank his tea and was in a daze. No one knew what he was thinking.

The threat from the Western Regions was still very great, and they could not relax their vigilance at any time.

In the past, Moxiu had a lot of cards in his hands and could slowly play against Western Region. But now, it was different. He had played all the cards in his hand.

The next step was to counter each move. Thinking too much would affect his judgment.

After thinking for a while, MO Huan decided not to think about it anymore.

However, MO Xiu, who had nothing to do, did not know what to do. Now that his every move was being watched by everyone, it was impossible for him to tour the mountains and rivers, and it was unrealistic for him to enter seclusion to cultivate.

After some thought, Moxiu found his backpack and took out a diary.

This was the last diary that Mr. Tang left for him. He had read half of it before, but he stopped reading it when he saw Li Qing's death. Now that he had free time, he could take a look.

"What's this?" Mu Qingyi asked curiously."

“This is my master’s diary.”

MO Xiu answered as such, and Mu Qingyi obediently sat far away, letting MO Xiu watch quietly.

After a long time, MO Xiu opened the diary again..

Chapter 562: The 12 -year-old Young Man Until His Death

Moxiu flipped open Elder Tang’s diary again and started reading from the place he had seen last time.

After Li Qing’s death, it could be seen that Master Tang’s heart had died for a long time.

It was about a year before he started writing again.

Nine months and five days

“Today is the day I officially acknowledge Wu Shang as my master. Wu Shang has accepted me as his disciple. I’m his only disciple. I have a strange feeling. I should be excited to be chosen, but for some reason, I can’t feel happy. Perhaps I’ve experienced too much in my short life.”

“September 6th.

The apprenticeship ceremony was very simple. The core members of the central region of the alliance came for a meal and announced the news. It was considered a successful apprenticeship.

I should also call him Master.

Master’s personality was very strange. Sometimes he was high-profile and sometimes he was low-key.

I am neither high-profile nor low-key in becoming a disciple of the Supreme.”

Until now, Mr. Tang’s way of writing in the diary had not changed much. It was almost the same as before.

From then on, after master lang became his disciple, the format or the diary changed.

It was no longer a first-person narrative, but a dialogue. The conversation between Elder Tang and Supreme was recorded.

Moxiu wasn’t clear about the purpose of this, but he could guess.

There were only two points, and that was the incomparable worship and respect for Supreme. MO Xiu understood Elder Tang, and it was unimaginable for someone like Elder Tang to worship another person so much.

Second, Mr. Tang felt that the conversation between the two of them was very meaningful, more meaningful than a simple narrative, so he continued.

“September 7th. I asked, ‘Master, what’s your real name?’ Supreme: Supreme!

I said, ‘That’s not what I’m asking.

Supreme replied, ‘I forgot my real name.’

I asked, ‘Why did you give up your previous identity and willingly become

Supreme?’

Supreme replied, ‘Humans need a person like this.’”

In the diary, I represented Mr. Tang. Mr. Tang's question was a little strange.

At first, it was still fine, After asking what was the name of the Supreme, the relationship between the two of them had changed and they should be more familiar with each other.

Why did he give up his previous identity and willingly become Supreme?

If an ordinary person read this sentence, they would definitely think that Master Tang was stupid.

Supreme was an identity that everyone wanted to have. It had absolute power and prestige, and it was a position above everyone.

How could it be inferior to the identity of an ordinary person before the mutation?

Elder Tang could ask this because he understood the supreme pressure and had experienced life and death.

Old Tang understood, Wu Shang understood, and MO Xiu also understood!

Supreme wasn't as glorious as he looked on the surface. In fact, he was under a lot of pressure.

Wu Shang had never heard of any children in his life, and Old Master Tang had never married.

Supreme's final answer was also very interesting. It was exactly the same as Moxiu's answer to the big cat. This was because humans needed a Supreme.

MO Xiu could empathize with the helplessness in his reply.

He continued reading.

“September 11th.

I asked, ‘Master, what did you do before the mutation?’

Wu Shang replied, ‘I’m a university graduate. I’m an intern at a company.’

Me: ‘White-collar worker?’ Supreme replied, “Yes, white-collar worker.”

Me: ‘Guess what I do?’

Wu Shang replied, ‘Do I still need to guess? You’re still in middle school, right?’

Me: ‘Yes, a white-collar worker and a middle school student, but now they control the fate of the central region.’

Supreme: “ Life is like this. I don’t know what will happen in the next second. When I just graduated, I was in high spirits and felt that the whole world was mine. After countless rejections, I slowly accepted the truth. The advantage of being smart was too small. In the end, I could only work as a white-collar worker in a small company. During that time, I felt that life had lost hope and motivation. I felt that life was set in stone. After that, all that awaited me was blind dates, marriage, banquets, and children. Tell the child not to become like his father.’

I said, ‘I don’t understand.’

Supreme replied, ‘It’s a feeling of powerlessness. All the ambitions I once had were suppressed in my heart and became Buddhist.’

Me: ‘The meteorite changed you, making you the strongest person in the world.’

Supreme: ‘Sometimes, I feel that I’m the one who harmed this world. There are endless wars. It’s my failure that caused the entire world to change. I obtained the power in the world, but I caused the world

to be in ruins. Whether it's to stop living that meaningless life or to give the world an explanation, I have to become Supreme. It's hard to understand, right?'

" I said, 'Hmm, after the mutation, I spent most of my time wandering around. I had no goals in life and didn't know what to do. I just followed the flow of the waves and fought alongside the Alliance. However, Li Qing left me. That year was very painful. I didn't want anyone else in the world to suffer like me. I wanted peace.'

Supreme: 'You are greater than me, you are more suitable to be Supreme.' Me: 'I might still be that twelve-year-old boy who hasn't grown up after so many years.'

Wu Shang said, 'Try to find other companions. I can't always live in Li Qing's shadow. People like me still have a friend like Tian Ji.'

I asked, 'What's your relationship with Uncle Tianji?'

Supreme replied, 'Very, very good friends. They were before the mutation.'

Me: 'Can I have such a friend?'

Supreme replied, "Why not?"

Me: 'But I don't know how to do it!'

Supreme, Can't you make friends? Then I'll give you a mission. Make five friends in a month!"

Moxiu read the words in the diary and felt the feelings of these two people at that time.

Was this the inheritance of a master-disciple relationship? The two of them did not talk about anything substantial. It was more like they were talking about life.

This was somewhat similar to the conversation between MO Xiu and Elder Tang.

Wu Shang spoke about his past experiences and his thoughts all along. Why did he become Wu Shang and why did he have to bear so much pressure?

Mr. Tang also opened his heart and spoke of his confusion. He finally found a direction.

MO Xiu was very touched by Wu Shang's words. He wasn't willing to be dull, but he could only be dull.

Old Master Tang's thoughts were childish, but it was this childishness that was pure. Just like Wu Shang said, you are greater than me.

Master Tang's original intention was to prevent others from feeling the pain of losing a loved one like him.

Time and time again, fate had taken away the person he loved from Mr. Tang.

Be it his parents or Li Qing.

Old Master Tang's spiritual sustenance disappeared again and again.

With such a blow, if he didn't become a demon, he would become a saint. Elder Tang chose to change the world and make it peaceful.

Elder Tang said that he was still that twelve-year-old youth, and MO Xiu agreed with him very much.

At the stage where he should have received education and grown up, he had experienced chaos and lost his loved ones.

Step by step, he had climbed and rolled until now. Had his heart really grown? MO Xiu didn't think so. At that time, Elder Tang was still a twelve-year-old youth.

MO Xiu even felt that Elder Tang was still a twelve-year-old youth until his death..

#### Chapter 563: The Chaotic Western Regions (1)

Upon seeing this, Moxiu closed the diary and did not continue reading.

Mr. Tang's diary was not a record of a single day, but a record of his entire life. This made MO Xiu feel very emotional, causing him to have to pause and digest every paragraph.

MO Xiu carefully placed the diary away and sat down beside Mu Qingyi.

Gently pulling Mu Qingyi into his embrace, MO Xiu was very glad that he had chosen to go to the north after coming out of seclusion and did not make the same choice as Old Master Tang.

The person you love should be held in your arms and not kept in your heart.

Western Beast Region. [novel.com](http://novel.com)

While Moxiu was enjoying his leisure and the central region was celebrating, the Western Regions was facing an unprecedented predicament.

The Dragon was still in the process of becoming King Cheng, and everything in the Western Regions was handled by the Fox King alone. The most serious problem in front of him was the human spies.

Finding the spy was a very big problem.

In the past, the Fox King had many ways to find spies. The simplest way was to find clues.

It was very difficult to detect spies before they were activated. After all, no one among the beasts could use skills like God's Authority, so they could not directly find spies.

Now that Moxiu had exposed all the spies, there would definitely be clues. It would be very difficult to cover it up.

The method was simple. He just needed to find someone to investigate, but the difficulty was that he did not have the manpower.

The ambush army was the most trusted group of people by the two Beast Kings, and they were also the strongest group of people.

At this moment, the remaining armies of the top ten cities were the strongest in the Western Regions, followed by the underground forces.

The top 10 cities did not have a City Lord, so it was difficult to control them. The underground forces were still fighting and had not stopped.

Due to the economic collapse, the ordinary wild beasts had become bandits and robbed everywhere.

It had truly become a society where the strong preyed on the weak. There were no restrictions at all.

The Fox King was faced with such a mess, and he had no idea where to start.

Not only that, the Dragon was still in the transformation stage, and the Fox King could not leave easily. If he left now, it was hard to say whether the spies of Moxiu would sneak in.

The situation of the dragon was very strange. In half of the cases, it would only take one or two hours for a wild beast to transform into a king. This was also the reason why MO Yi had chased after it.

Now, the dragon had transformed for three days, and it was still not about to wake up.

Dragons were the Fox King's only hope. For the sake of dragons, he would not hesitate to use the Ape King. Therefore, dragons would always be the first in any situation. Nothing could happen to them.

The chaos had lasted for a long time. It was very difficult to restore order, but the dignity of the Beast King was still there.

The first thing the Fox King did was to go to each of the top ten cities and personally appoint the city lords to stabilize the army.

In these five days, every top ten city had undergone significant changes. The main reason was that no one from the front assault team had returned. In other words, the original city lord had died, and the Beast King had not appeared.

The situation of seizing power immediately appeared in the city. If someone had the ability to seize power successfully, it would be a good thing for the Fox King.

Not only did he avoid losses, but he also avoided the trouble of choosing a city lord.

However, most of the situations that occurred in the cities were that when there was no leader, two, three, or even more forces would appear and compete for the dominance of the city.

If there was no winner in five days, the internal consumption would be huge.

In the end, there were a total of 12 top 10 cities left, and they only had 70% of their original strength.

There was another phenomenon that appeared in the middle. The ape clan was not convinced!

The ape king was dead. As the new ape king, the dragon had no way out. Many apes did not obey the fox king's orders.

The Fox King's solution was simple. He just needed to use Charm Control without using too much strength.

After the army stabilized, the Fox King began to clean up the underground forces. He led the army to investigate the two largest gangs.

The Western Gang and the San Ba Gang.

If something happened at the most critical moment of the battle between the two sects, there must be a spy among the higher-ups of the sects.

The West Gang was the oldest gang in the dark zone of the Western Region. They were very strict in management, but the Three-Eight Gang had risen relatively recently.

The Three-Eight Gang had a predecessor, which was a strong ape gang. After Hu Sanba joined the gang, it began to develop rapidly.

One was an old and powerful gang, while the other was a new gang. The rise of Hu Sanba's gang coincided with the time when Moxiu first entered the Western Region. It was difficult not to suspect this.

The Fox King immediately locked onto the Three -Eight Gang and waited for them to arrive at the place where the two gangs were fighting.

When he arrived, he only saw the people of the West Gang. A high-ranking member of the West Gang was called to the Fox King.

"The Fox King has graced us with his presence."

The Fox King's expression was not good." Let's cut the crap. Let me ask you, why did the West Gang stop providing backup at the critical moment of the battle at the front line?"

"Uh, Lord Fox King, we didn't want to either. We had already packed the supplies according to the plan, but the Three-Eight Gang suddenly attacked and burned the supplies."

The Fox King snorted coldly and asked, What about the b \* tches? Where is Hu Sanba?

“The Three-Eight Gang disbanded long ago, and now we are looking for people everywhere.”

“Disbanded?” The Fox King asked curiously. Why did it suddenly disband?”

The man didn’t say anything and ordered his subordinates to bring someone over.

It was a skinny ape dressed like a strong ape.

“Lord Fox King, my name is Ape 2136.”

This person was Brother Ape Six. He and Nong Zhang had brought the Three-Eight Gang to the peak, but now they were caught by the people of the West Gang.

Fox King looked at Sixth Ape and didn’t say anything. Sixth Ape quickly spoke and explained the situation. This was Sixth Ape’s only chance to save his life.

This was what happened. Brother Ape Six did not know that the San Ba Gang had attacked the West Gang. Nong Zhang had gone directly to help them.

Brother Ape Six only knew about it after the fight started, but he was still kept in the dark and thought that the Western Gang had started it.

However, the more Brother Ape Six fought, the more he felt that something was wrong. He did not see Hu Sanba after the battle.

After asking, he found out that Hu Sanba had made the first move. After that, the gang disappeared.

At that time, Brother Ape Six's head buzzed and he didn't know what to do.

At the most critical moment, he sneaked an attack on the gang and disappeared after the battle. No matter how he thought about it, he knew that there was a problem.

Brother Ape Six observed for another two days and finally confirmed that Hu Sanba was a spy. Hu Sanba's most trusted subordinates had disappeared.

If they said they wanted to reconcile halfway through the fight, the Western Gang would definitely not believe it.

Brother Ape Six wanted to clear his name and let his brothers survive, so he had to disband the gang.

Then, he was caught in front of the Fox King.

"Fox King, everything I said is true.. I was deceived!"

Chapter 564: Leave No One Behind, Retreat All (1)

After Brother Ape Six finished his story, the Fox King's expression was serious and he did not say anything.

Brother Ape Six knew that something was wrong and immediately said,""Fox

King, I have some dealings with Hu Sanba. I can provide effective clues."

The Fox King's attendant whispered something in his ear, and the Fox King immediately shrank.

Brother Ape Six could tell at a glance that this was not funny and retreated in fear.

“I heard that you helped Hu Sanba get many certificates to enter the top ten cities?”“

These words were like a bolt out of the blue in Brother Ape Six’s heart. This was a big deal. The identities of these people who had been certified were definitely not clean. If they entered the top ten cities, Brother Ape Six would be an accomplice.

The Fox King’s eyes turned cold as he said, “Kill him!”“

Brother Ape Six begged desperately,”“Fox King, I can help you find all the people who entered the top ten cities under my hands. I can provide clues!”

The Fox King didn’t even look at Sixth Brother Ape and said to the people beside him,”“Didn’t you hear what I said?”

With a swing of his hand and a slash of his blade, the once glorious Brother Ape Six had completely disappeared from the Western Regions.

The Fox King said,” We still need you to investigate these people. Go to Ape 69

City’s City Lord immediately and get a list of all the names that Hu San has gotten his hands on!”“

The people around him immediately went to do it. The Fox King did not hold back at all.

In the Fox King’s opinion, he shouldn’t be the one to bear the responsibility for Brother Ape Six’s mistake.

The Fox King was in a fit of anger. His subordinates were very efficient and returned in a short while.

He handed over the name list. After looking at the name list, he distributed the name list and pulled out all the people on the name list!

After that, the Fox King began his third job, trying to salvage the economic collapse.

It was not difficult to find the source of the economic collapse. After a simple investigation, the Fox King locked the target on King Xi.

King Xi was very strict in his work, but no matter how strict he was, to make such a big commotion, there would be traces left behind.

Prince Xi had surfaced, and MO Xiu's entire scheme had also surfaced.

There were a total of three parts. Prince Xi was in charge of the city's economy, Nong Zhang was in charge of the underground forces, and MO Li was in charge of the army of the top ten cities.

The Fox King looked at the completed layout and felt a chill run down his spine. Beast's spies had been set up a hundred years ago, but after such a long period of development, they were not as perfect as Moxiu's in just a few months.

Moreover, Moxiu had only stayed in the Western Regions for a very short period of time before setting up everything and retreating in one piece.

The Fox King had controlled Rong Bang before, so he knew these people.

When Moxiu said that everyone would retreat, he was lying to the Fox King.

Now that the Fox King knew everything, he really did not expect Moxiu to be so meticulous. He immediately made a judgment and released confusing information.

The Fox King's expression was grim. The wild beast was actually facing such a monster.

They had roughly investigated. There were a total of three human spies. MO Li had been accidentally discovered previously, so now only Xi Bei and Nong Zhang were left. Through investigating the two of

them, they could find spies in the city and underground forces. The spies in the army could also be found through the contact between the two of them and their respective city lords.

It was indeed uncomfortable to have MO Xiu hit his vital points, but now that everything was clear, he could at least catch a group of spies.

These spies could be used as hostages to negotiate with Moxiu. The humans would definitely show up.

The Fox King returned to Fox City, and the matter was basically settled. All that was left was to wait for the news from his subordinates. The order in the city needed to be slowly restored, and they could not launch another attack for the time being.

After returning to Fox City, the Fox King came to the Dragon's side and asked, ""Dragon, how do you feel?"

"My entire body is filled with strength. When are we going to attack the central region? I want to exercise."

The Fox King looked at the dragon with a doting gaze and said, ""We still have to wait for a while. We suffered heavy losses in the last ambush."

The Dragon glanced at the fox king with disdain and said, ""It's all that retard's fault. He was chased by humans all the way to the Western Regions. How embarrassing. Oh right, that MO Xiu, I'll definitely kill him next time." The retard in the dragon's mouth referred to the ape king.

The Fox King said, "Hurry up. We're recovering our strength. We have to make the central region suffer!"

At night, the Fox King was resting when a subordinate knocked on the door and entered.

"I'm not in the mood today. Come again tomorrow night," said the Fox King."

The subordinate paused for a moment and said, "Uh...Fox King, I have something to report."

The Fox King sat up straight and said, "What is it?" Speak!"

"According to what you said, the humans Xi Wang and Nong Zhang have not been found. The people close to them have also disappeared. Those who entered the top ten cities have all disappeared."

The Fox King frowned unhappily and said, "How many people have been captured so far?"

"A total of more than four thousand people have been arrested, and there is no clear evidence to prove that they are traitors."

The Fox King was enraged. "Moxiu, Moxiu, what a good plan. You ran fast enough. Go and get the names and photos of the 4,000 people. Send them to the border of the central continent and leave a message for them to release the captives they captured. Otherwise, we will kill these 4,000 people."

"Yes, sir!"

At noon the next day, his subordinate came again.

"How is it?" The Fox King asked as soon as he entered. Any results?"

The subordinate did not speak.

"Say something!" The Fox King asked.

"I can't say for sure, but you can read their replies."

The Fox King took the note from his subordinate and almost died of anger after reading it.

“The captives have been killed! ”

The humans had killed all the wild beasts they had captured, and they seemed to have a tough attitude. They had no intention of negotiating.

The subordinate carefully asked, “Fox king, what should we do with those

4,000 people?””

“Kill!” The Fox King roared. Kill them all!”

The Fox King also knew that with the central continent’s unyielding attitude, these four thousand people were most likely not spies.

However, Moxiu was full of tricks. He couldn’t be sure if there were any spies among the four thousand people. Would he completely withdraw all the spies? The Fox King couldn’t take any more risks. He could only kill all four thousand of them.

In fact, the Fox King could choose these 4,000 people and read their memories to determine if they were spies.

However, the Fox King did not want to waste his energy on this, so he killed him to end the matter.

The subordinate retreated after receiving the order.

The Fox King slammed his fist on the table. He had never been so angry before.

He had been fooled by a human.

In the middle of the country, Yan City’s border tavern is under the control of the country.

Moxiu knew about the Western Regions. Xi Bei had just called Moxiu to ask about the human spies and hostages. Xi Bei had received Beast's letter, but Moxiu was in charge of the spies.

"4,000?" Moxiu asked in surprise. The Fox King was able to capture 4,000 hostages?"

"Is it very strange?" Xi Bei asked.

MO Xiu laughed and said," Of course it's strange. After the Western Regions were thrown into chaos, all the spies had retreated. Nong Zhang and Prince Xi are now by my side. There's not a single human in the Western Regions."

Xi Bei smiled on the other end of the phone, then hung up.

"I understand.."

Chapter 565: The Return of the Two Ace Players

Xi Bei hung up the phone and sent a reply to the Western Beast, the note that almost angered the Fox King to death.

Moxiu was chatting with two old friends.

Prince Xi and Nong Zhang, who had returned from the Western Regions, had successfully completed their mission and brought everyone back safely.

This was Moxiu's final arrangement. He would not play a second time after he finished playing, so he called everyone back.

Actually, not all of them, but all of the people who had contact with Prince Xi and Nong Zhang.

There were only a few hundred people left in the Western Region. They were Hao Rents subordinates and were responsible for collecting intelligence.

MO Xiu's move had not only caught the Fox King off guard, even Xi Bei had not expected it.

They did not expect MO Yuqing to be so decisive and immediately evacuate a large number of spies.

At this moment, the expressions of the two people in front of Moxiu were very different.

Xi Wangxian was a little excited. He originally thought that the biggest use of a spy mission was intelligence. He did not expect Moxiu to be able to use the cooperation of various departments to deal such a heavy blow to Beast Western Region.

Prince Xi was too steady and upright. He did not think of MO Xiu's plan. After the matter was over, Prince Xi turned back to look at what he had done and appeared extremely excited.

Their actions had made a huge contribution to the central region. This was the reason why Prince Xi was so excited.

Compared to Prince Xi, Nong Zhang had a somewhat bitter expression. He had always been a combative person, but he had been summoned back by MO Xiu before he could even enjoy himself.

At that time, Nong Zhang was standing in front of the West Gang's leader. Just as the two of them were about to engage in a life-and-death battle, they received news of MO Xiu's retreat.

At that time, Nong Zhang felt extremely uncomfortable, but after thinking about it, he had interacted with MO Xiu so many times and trusted MO Xiu's judgment.

It was not that Nong Zhang had not grown up during his time in the Western Beast Region. At least he knew how to be loyal. If he insisted on fighting the leader of the Western Gang, the other humans around him would probably stay in the Beast Region forever.

After a painful internal struggle, Nong Zhang still chose to listen to Moxiu and returned to the central continent.

He was still depressed.

Prince Xi excitedly recounted his experiences. MO Xiu was also intrigued by the story. There were many stories of wild beasts that he had not survived.

Nong Zhang was depressed at the side. This situation continued until evening.

Prince Xi was about to leave.” Moxiu, it was a pleasant collaboration this time. I only found out when I came back that your identity is different now. You are the hope of the entire central region. You have made such great contributions to the central region. I came to look for you immediately after I returned. The Xi family should be at the front lines. I have to go back. If there’s anything the next time, you must call me. I look forward to working with you again.”

Unknowingly, MO Xiu had also pulled away from Prince Xi and the others. However, a person like Prince Xi would not be jealous.

Moxiu nodded.” Have a safe journey. The beasts won’t remain silent forever. I believe we’ll meet soon.”

After Prince Xi left, MO Xiu looked at the still depressed Nong Zhang and said, “”That’s enough. How long do you want to keep your face on? Didn’t I

suddenly call you back?”

“You still know that you suddenly called me back?” Nong Zhang said gloomily. I’ve never fought with a real expert in the Western Region. Now that I finally have the chance, you still...sigh! Forget it, the facts have proven that you are right.”

” I suddenly summoned you back to protect you,” Moxiu said with a smile.”

Where are you going next?" Are you going to look for your grandfather?"

"No!" Nong Zhang said. I've contacted my grandfather. He said that he recognizes your strength and wants me to follow you!"

"Follow me?"

MO Xiu was stunned. Why did he have another follower?

Nong Zhang continued," I'll follow you from now on. I'll listen to your arrangements. How about you give me a good opponent?" Ordering me to assassinate the Beast King is also good."

MO Xiu smiled bitterly. There was no need to talk about the strength of the Nong Zhang. He was very strong, but his combative personality was a little troublesome.

Seeing that Nong Zhangxian was unable to leave, MO Xiu had no choice but to settle Nong Zhangxian down before returning to his room to rest.

When he returned to his room, it was already past ten at night, and Mu Qingyi was already asleep.

MO Xiu smiled as he approached Mu Qingyi and kissed her forehead lightly.

Mu Qingyi was still sound asleep, and MO Xiu said softly, ""They're not guarded at all!"

MO Xiu still didn't want to sleep, so he flipped open Old Master Tang's diary again.

"October 6th.

Master wants me to make friends. Where can I find friends? It's been almost a month."

“October 30th.

After more than a month, the task assigned by his master was finally completed.

I found five friends. Birds of a feather flock together. I thought my friends were a group of people like me. I didn't expect them to be five people with different personalities. However, everyone got along very well. I was very happy.

Making friends is a very difficult thing to do. I have decided to make these five friends for the rest of my life.”

MO Xiu smiled as he looked at them. These five friends should be Elder You and the others. He wondered if Elder You would be moved when he saw this.

“November 3rd.

I said, ‘Master, the wild beast provoked us again today.’

Supreme, “What do you think?”

I said, ‘We can't take it. The beasts have provoked us time and time again. It's obvious that they want to continue searching. We can't take it anymore. We have to beat them into submission.’ Supreme replied, “I'll listen to you!”

Me: ‘What?’

Wu Shang said, “Yoruhana, you've changed after making friends. You've become more assertive and cheerful. I'll listen to you this time. In this battle, we have to beat the wild beasts into fear!”

“November 9th.

Me: 'I'm in charge of that area? Are you still in charge of providing support?

Wu Shang said, 'I want to support you this time. Come and take my seat!'

Me: "Vanguard?"

Wu Shang said, "That's right. In every battle, Tianji is the commander. I'm the vanguard, and you're the support. This time, the two of us will switch. I'll support, and you take the lead!"

I said, 'Yes!'"

It could be seen that Wu Shang had a very good relationship with Elder Tang. Elder Tang respected Wu Shang very much, and Wu Shang also liked his disciple very much.

"November 27th.

I said, 'Master, the wild beasts have ambushed us many times and won't fight us head-on.'

Wu Shang said, 'I'll be in charge of providing support. Leave all the people who ambush to me.'

"November 28th.

I said, 'Master, your sword is too powerful. You actually blocked the sneak attack of a wild beast.' Wu Shang said, 'I said, you only need to charge forward.'

"December 27th.

I said, 'I lost again. I still can't defeat the beast.'

[illegible]

Me: 'Really?'

Wu Shang said, ‘The heavenly secrets have calculated that there will be a turning point. The turning point will be in the 18th year after the mutation. It’s still very early!’”

This time, the humans lost again.. Eighteen years later...when the royal family appeared?

Chapter 566: Kill!

The diary said that the turning point would be eighteen years after the mutation. Wasn't that when the royal family would awaken their skills? The Elder of Heavenly Secrets was really a divine foresight.

Seeing this, MO Xiu closed the diary and returned to the bed to pull Mu Qingyi into his arms.

Mu Qingyi felt MO Xiu's movements and obediently leaned against MO Xiu's chest.

MO Xiu gradually fell asleep. In his dream, Elder Tang and Li Qing were still alive. The two of them were happily snuggling together.

Before MO Xiu could finish his dream, he was quickly woken up by the noise outside.

Mu Qingyi also woke up, and the two of them looked at each other.

"I'll go take a look!" said MO Xiu.

Mu Qingyi nodded.

He looked at the time. It was three in the morning!

Why was it so noisy outside at this time? After MO Xiu left the room, he grabbed a person who was in an emergency and asked, ""What happened?" "Mr. Mo...Mr. MO, the head of the family has called for an emergency gathering.

This person was an ordinary member of the 'big' family, so MO Xiu let him go.

As soon as he left, Big Cat called.

"Hey, what happened?"

Big Cat sighed. There were people causing trouble in Yan City, and the scale was not small. At first glance, it was done by beast spies."

"Got it. I'll go over now."

MO Xiu hung up the phone with mixed feelings.

All the beast spies in Yan City had been killed in the last operation. There were almost no beast spies outside Yan City.

Now that the beast spies had come out to cause trouble, there was only one person who could do it, and that was the mixed-bloods who had been spared!

However, after much consideration, Moxiu finally decided not to kill those mixed-bloods. They had lived in Yan City since they were young, so it was hard to tell if they were humans or beasts.

MO Xiu shook his head and walked outside. Was he still too merciful?

He went outside to meet up with Big Cat. Big Cat was waiting to bring Moxiu along. It kept looking at Moxiu as if it was waiting for Moxiu to make a decision.

“What’s the situation outside now?” asked MO Xiu.

“Beast spies cause trouble. Their main behavior is to disrupt public order, but there are also some extreme cases of murder and arson.”

“Sigh! I gave them a chance, why didn’t they cherish it?”

Big Cat looked at the fire in the distance and asked, “What should we do now? You were in charge of the traitor’s matter before, and the City Lord’s Estate is also waiting for your opinion.”

“What else can we do?” asked MO Xiu. They’ve already started killing people and setting fires. They’ve all been wiped out, right? Do you still have the list?” The special observation list from last time was still there. It said, “Yes!”

“Leave no one alive!”

After Big Cat received the order, all the members of the ‘big’ family were mobilized and informed the City Lord’s Mansion.

The Mayor’s Mansion would give orders to the Yan City Army and the Law Enforcement Team.

The last time, MO Xiu didn’t make a move. This time, MO Huan wanted to go to the scene to take a look.

He went back to his room to inform Mu Qingyi about what had happened outside.

Mu Qingyi asked, “Are you going out to be a chaege?” Do you need me to accompany you

I don't need you for this," Moxiu said. "I'm just going to take a look. You can stay. There's someone else who wants to go more."

MO Xiu walked out of the room and found the person he wanted to go to more, Nong Zhang.

When MO Xiu knocked on the door, Nong Zhang stuck his head out curiously and asked, "Mo Xiu, you've finally come to find me. It's so chaotic outside."

"Yes," Moxiu nodded. "Let's go out and take a look. You might be able to move around."

Upon hearing MO Xiu's words, Nong Zhang immediately followed MO Xiu out. (f)ree

"Where are we going?" asked Nong Zhang.

"Have you been to the high places in Yan City?"

Nong Zhang answered truthfully, "I haven't been there. Why would I go there? Is there a battle there?"

"You'll know when you go!"

MO Xiu and Nong Zhang arrived at the roof of the MO Corporation's building. MO Xiu had been to this place more than once or twice.

Whenever something happened, Moxiu liked to come here to take a look. After the war with firearms, Moxiu came here once to see where Zhou Qiuwu fired his first shot. When he was killing the beast spies, Moxiu also came here once.

After arriving at the rooftop, MO Xiu looked down. This place was so good that he could see more than half of Yan City.

At this moment, Yan City was in chaos. Flames were everywhere, and countless people were causing trouble.

Moxiu shook his head inwardly. The mixed-blood beasts had gone mad, and so had the Fox King.

Since these mixed-bloods obeyed the Fox King, why would the Fox King abandon them?

Letting these people cause such a ruckus would leave them no leeway and let them fend for themselves.

“Out of revenge? Are wild beasts that impulsive?”

“What did you say?”

Nong Zhang was a little bored, not knowing what MO Xiu was talking about.

MO Xiu didn’t answer Nong Zhang’s question and continued, “How cruel, how cruel. Do you know why these hybrid beasts are so crazy?”

“I don’t know!” Nong Zhang paused and said.

Because they all understand that the Beast King doesn’t want them anymore. It abandoned them, and they can’t go back. Living in human society has all kinds of restrictions. In the end, they don’t want to be humans, but they can’t be beasts anymore. They can only give up.”

Nong Zhang didn’t understand what MO Xiu was saying, and he didn’t want to talk to MO Xiu about this, so he simply didn’t speak.

MO Xiu walked to the edge of the rooftop and said to Nong Zhang, “Come up and take a look!”

Nong Zhang followed MO Xiu and said, “Did you call me out just to chat with me? You know, there are many things you say that I don’t understand. I should talk to King Xi.”

MO Xiu calmly looked down for a while. The 'big' family, Yan City Army, and Law Enforcement Team had already started to take action.

"Let's go!" said MO Xiu. Let's go down from here and start a massacre!"

Nong Zhang looked at MO Xiu in confusion.

"Nong Zhang, copy my skill. Let's go down!"

Nong Zhang would not give up on such a good opportunity. He directly copied Moxiu's skill. After copying it, he was stunned. Moxiu's skill had leveled up. It was quite terrifying.

When Nong Zhang came back to his senses, MO Xiu directly jumped down from the rooftop.

Nong Zhang looked at the skill he copied from Moxiu and jumped down confidently.

When it landed, it caused two huge sounds.

The two of them came out from the two pits. Moxiu was expressionless as he searched for the target beside him.

Nong Zhang had a look of excitement on his face. After copying Moxiu's Martial God skill, his body had reached an unprecedented level of strength. Jumping from such a high altitude meant that he would not be injured. MO Xiu and Nong Zhang looked at each other, and the two of them rushed into the chaotic city together.

Today's mission was to kill all the mixed-bloods, not leaving a single one alive!

There was no mercy for wild beasts.

MO Xiu's experiences in the past had strengthened this idea.

The first time was when he saw the wild beasts in the night world. The second time was when he saw Yiyi kill people without blinking. After that, the cruel situation of the pig race was filled with the law of the jungle.

Moxiu had spared the mixed-blood previously as a last act of mercy towards the wild beasts. Wild beasts really had no humanity at all, and they had no bottom line..

Chapter 567: For You!

This time, Moxiu personally took action and killed all of the mixed-bloods.

Looking at the scene before him, MO Xiu felt his heart ache. This could have been avoided, but it was all because of him that so many innocent people had died.

In Moxiu's eyes, those mixed-bloods were no different from wild beasts. He would kill every single one of them. His benevolence had caused even more innocent people to lose their lives.

One night.

The entire night passed.

All parties had killed all the mixed bloods. All the names on the list, no matter where they escaped to, were all found out.

After a night, everything was calm.

Moxiu returned to the tavern and took a nap. Perhaps he was tired from the night of battle, or perhaps he was mentally tired.

The reaction of the people was completely different from the last time. The last time, Moxiu's massacre caused the people to hate him.

This time is the same massacre they are the same Moxiu mastermind, but all the people's thoughts are one and all.

Previously, everyone thought that Moxiu was cruel, but in reality, he was merciful. Cruelty was right, and mercy would only leave behind a disaster.

After the last time MO Xiu repelled the surprise attack from the Western Regions, the people seemed to have become more and more rational. They no longer talked about MO Xiu, but about the province itself.

The conclusion was that this operation was beneficial to Yan City, and they had completely eliminated Beast's spies.

As for MO Xiu, no one mentioned him.

It wasn't because Moxiu always slapped everyone in the face. Some people even enjoyed the process of slapping their faces.

It was because the name Moxiu had a different meaning now. No one had expected that a newcomer like Moxiu would be able to compare to a group of veteran experts.

In the battle against Beast Western Region, Moxiu had taken control of the entire situation.

Moreover, it was rumored that Moxiu had killed the Ape King. That was the Ape King, an existence that ranked near the top among Beast Kings. It had died at the hands of Moxiu, which meant that there was no need to explain.

Whether it was strength, ability, or prestige, Moxiu had become an out-and-out leader of humanity.

Thinking back, everyone found it unbelievable.

The people's initial thoughts were that the royal family would control the entire central region when the battle began, and the leader would definitely be born from the royal family.

After the battle began, due to the strategy of one city and one clan, a situation of a hundred flowers contending formed. Although Xi Bei was the commander on the surface, in reality, there was no true leader.

When Moxiu went to the north, everyone was guessing who would become the leader of the humans.

After all, MO Xiu didn't walk the path that Elder Tang had paved for him. Otherwise, he would naturally become the leader.

Moxiu used his own method to prove himself. He stabilized the north, solved the problem of the traitor in Yan City, defeated the wild beasts in the west, and became a hero in the hearts of the people.

At this moment, in the hearts of the people, Moxiu was like a supreme being who brought hope to mankind.

Those who knew the truth also understood that MO Xiu was from the supreme lineage.

At this moment, Moxiu might not have control over the central continent, but he was already the leader in the hearts of the humans, so the people no longer talked about Moxiu.

At noon, Moxiu woke up.

The moment he opened his eyes, he saw Mu Qingyi. Mu Qingyi was looking down at MO Xiu.

"Why are you looking at me like that?" MO Xiu asked with a smile. It's broad daylight."

After being with MO Xiu for so long, Mu Qingyi could already keep up with MO Xiu's character.

"What happened during the day?" It's not like I haven't tried it before." "Oh?" MO Xiu smiled evilly. Let's try it then?"

MO Xiu stretched out his hands to protect Mu Qingyi, but Mu Qingyi quickly pushed MO Xiu away and said,""I'm not fooling around with you anymore!"

"How is it?" Mu Qingyi asked. Did you feel bad about what happened last night?"

Mu Qingyi asked this partly to change the topic and partly to show her concern.

Moxiu sat up and stretched his shoulders.""It's nothing, I'm used to it. But it's a pity that some innocent people died because of my mistake."

Mu Qingyi leaned her head on MO Xiu's shoulder and asked,""Moxiu, you are very powerful. You are able to single-handedly control the situation of the war.

Sometimes, I wonder what a person like you wants."

MO Xiu stroked Mu Qingyi's hair and said gently,""I'm not very powerful. Up until now, I have many people helping me with everything I do. There's a limit to what a person can do. As for what you said I wanted, my original intention has never changed."

This was MO Xiu's wish since he was young. Seeing his mother suffer, MO Xiu had this wish.

There was a period of time when Moxiu felt that his strength might not be able to protect his family and friends.

It was also possible that they were hurt because of him.

After that stage, MO Xiu understood that it wasn't that the increase in strength would affect his family and friends. It was just that he wasn't strong enough.

After Mu Qingyi heard MO Xiu's words, she closed her eyes quietly and did not speak.

"However, I have another thing I want now."

Mu Qingyi's eyes were still closed. She seemed a little lazy as she listened to MO Xiu's words.

"What is it?"

"Change this world."

Mu Qingyi suddenly opened her eyes and looked at MO Xiu.

"For you!"

In the north.

Something big happened today. Bobocchi passed away.

It was normal for Bobo and the people around him. Bobo's injuries had worsened recently, and he could die at any time. It was torture to live for even a second longer.

Bobo looked at his father's pain and felt lucky that he had passed away faster and didn't suffer more.

All of this was because of Boboxiu!

The Shaomian who had just become an assistant, who had treated MO Xiu as his master and treated tea as his life.

After Boboxiu became his assistant, he understood the complete plan that Moxiu and Boboqi had discussed, and he quickly got into the zone.

There was no need for Boboc to control the situation anymore. This young man was in charge of everything.

After Boboxiu had given the order to help the Turtle clan overcome the crisis, Boboqi was completely at ease and could leave without worry.

Boboqi knew that Boboxiu was stronger than him. Some things could be learned, but some things were innate.

Boboxiu's talent was too strong, saving him a lot of time to learn and train.

The news of Boboqi's death spread throughout the north.

In the north, Boboqi's prestige was unparalleled. For a moment, all the people in the north felt heavy and mourned for Boboqi.

On the other hand, the dragons could not be without a leader.

Although he had instructed Boboxiu to take his place when Boboji left, Boboxiu's prestige was not enough to convince the masses.

Many people raised their doubts, and there were also calls for others to become the supreme leader.

The one with the highest voice was naturally Boboqi's son, the strongest Bobogo.

That night, Bobo came out to express his stance. With just one sentence, everyone shut up.

“I shall appoint Boboxiu as the supreme leader.. Anyone who dares to oppose me shall be considered my enemy!”

Chapter 568: Zheng Yi?l’s Goddess (1)

“I shall appoint Boboxiu as the supreme leader. Anyone who dares to oppose me shall be considered my enemy!”

Bobo’s words were very clear and unyielding.

After these words were spoken, all the opposing voices quieted down. Everyone understood that Bobosio and Bobogo were a whole. The two of them were one. The two of them, civil and martial, formed the highest leader, replacing Boboqi.

In the meeting tent, Boboxiu assigned his assistants to other places and took control of everything.

It wasn’t that Boboxiu couldn’t tolerate others, but in this period of work, he realized that there were advantages and disadvantages to having more people.

The good thing was that there were more people and more ideas, but the bad thing was that there were more ideas.

Moxiu and Boboqi’s plan didn’t require too much thought. There was only one simple path.

He had to control the rhythm and hide his strength.

The major general’s time symbol would instead force that judgment.

Boboqi's departure was a heavy blow to Bobogo and Boboxiu.

Bobo was in a bad mood after losing his father.

To Boboxiu, Boboqi was his benefactor. He treated Moxiu as his teacher, but the one who gave him authority was Boboqi.

Both of them were feeling very uncomfortable, but since Boboqi had just left, there were still many things to do. Bobo Xio discussed with Bobo and removed the assistant team.

Such an approach would definitely cause some criticism from outsiders. He was eager to clean up the people around him as soon as he took office.

Bobo told Bobo about the noise outside.

Bobosio was brewing tea. Apart from inheriting the rights and responsibilities from Boboc, he also had these tea leaves.

Boboxiu said, "I don't need to bother about it. The head captain has already made arrangements for me. With you around, no one will dare to do anything to me. If there are any rumors, just let them be. Mr. Moxiu doesn't care about them."

At first, Boboguo didn't understand why Boboxiu worshipped Moxiu so much. Moxiu had indeed done some things that others couldn't, but he didn't need to worship Moxiu so much, right?

The recent news from the central continent had changed Bobo's opinion of Moxiu.

Moxiu had used some unknown method to severely injure the wild beast Western Domain and kill the ape king. This was simply inconceivable.

Boboguo felt that if someone could do such a thing, it would only be Supreme.

After Boboxiu heard about Moxiu, he became even more determined to learn from Moxiu.

Alright,” Bobo said.” I’m not good at these things. I’ll listen to you. What should I do next?””

“Your next task is to train your soldiers, train them in secret.”

The two of them trusted each other very much. They had to trust each other, otherwise all of Boboqi’s efforts would be in vain.

This was all Boboqi could do.

In a tavern in Yan City.

On the second day after he killed the mixed-blood, Moxiu ran around Yan City again to make sure there were no more beast spies left in Yan City. He had to make sure everything was safe.

After he returned from his tour, Moxiu received a message from Zheng Yi.

“MO Xiu, Sun Yuwei will arrive in Yan City tomorrow. We have quite a lot of time recently. Bring Mu Qingyi along, and the few of us can have a meal together? You’re too famous now. Sun Yuwei said that you’re her idol and insisted on meeting you!”

MO Xiu smiled and shook his forehead. This Zheng Yi, the goddess he had chased after for so long, finally got his hands on, and he wanted to show off to him.

MO Xiu replied.

“No problem. You can decide the time and place tomorrow.”

Mu Qingyi saw MO Xiu smiling as he sent the message and came over.

“Who is it? Why was he laughing when he replied to the message? Could it be your old lovers?”

MO Xiu looked at Mu Qingyi strangely and said, “It’s Zheng Yi. He asked us to have a meal.”

Mu Qingyi pursed her lips and said, “Don’t quibble anymore. I know everything,

Xiao Hong and Yang Qingzhuo.”

“Hmm...there’s nothing between the two of them and me.”

Mu Qingyi asked relentlessly, “If there’s nothing, why are you hesitating?”

Western Beast Region.

The Fox King was having a meeting with the City Lords in the main hall of Fox One City to discuss the next strategy.

At this time, because the Fox King was in power, the Ape King was also biased towards the Fox Tribe. Therefore, in the Western Regions, the Fox Tribe’s power was greater than the Ape Tribe’s power.

The ape tribe could only swallow their words in the face of such a situation. After all, the two beast kings would not protect the ape tribe.

At this moment in the hall, the White Fox Race’s City Lord was even more active than the Ape Race’s City Lord.

Fox City’s City Lord said, “Fox King, the situation in the Western Regions has stabilized for the time being. However, we still have a long way to go before we can attack the human central region again. As long as the humans do not take the initiative to attack during this period of time, it will be easy for us to deal with it.”

“Are you afraid of humans?” The Fox King asked unhappily. “Let me tell you, up until now, no one can make us afraid except Supreme. Humans don’t dare to attack unless they’re not afraid of the sudden attack of the other three regions.” “Isn’t that MO Xiu also quite terrifying?” The City Lord of Fox City asked softly.”

Moxiu’s previous battle had left a deeper impression on the beasts of the Western Regions than on the people of the Central Region.

Especially after the Fox King and the Dragon had framed Moxiu for killing the Ape King.

Almost all the wild beasts were afraid of Moxiu. In their hearts, Moxiu was not only the nemesis of wild beasts, but also someone who could kill Beast Kings.

The Fox King wanted to explain, but he couldn’t tell the truth.

He could only say,” Moxiu isn’t worth worrying about. I have my own ways to deal with him. As long as you do your own thing, we will soon attack the humans again. Don’t forget that you have a new Beast King, an omnipotent new Beast King.”

After the dragon became the new king of beasts, it did not show itself once. It was still enjoying itself in the backyard like before.

Although the Fox King had always mentioned dragons, no City Lord had ever seen what dragons looked like after they advanced. No one knew how powerful they were.

At this moment, they could only echo the cheers of the new Beast King.

At noon the next day, MO Xiu brought Mu Qingyi to the usual place that Zheng Yi had mentioned.

It was actually the hotpot restaurant that he had eaten with Yang Qingzhuo last time.

After so many changes in Yan City, it was already a miracle that this hotpot restaurant was still around.

When the two of them arrived at the shop, Zheng Yi and her goddess, Sun Yuwei, had already arrived.

MO Xiu led Mu Qingyi directly to the private room, and the two of them even disguised themselves along the way.

They were all public figures, and it was easy to get into trouble if they were recognized.

Even so, the owner still recognized him when he arrived at the shop. Under Moxiu's strong hint, the owner did not make a sound.

Then, the two of them quickly entered the private room and took off their disguises.

He saw Zheng Yi and Sun Yuwei.

When MO Xiu saw Sun Yuwei, his heart tightened.. Why did he feel like he had seen her somewhere before?

Chapter 569: Joke (1)

Sun Yuwei had been Zheng Yi's suitor ever since he entered university. MO Xiu had seen photos of her before, but he had never seen her in person.

When he first saw her today, he felt that he had seen her somewhere before. There was a familiar feeling, but he could not remember where he had seen her before.

Sun Yuwei had a unique temperament that left a deep impression on people. No wonder Zheng Yi was unwilling to give up after chasing her for so long. Mu Qingyi pinched MO Xiu's back when she saw him staring at her.

MO Xiu finally reacted and sat down with Mu Qingyi.

MO Xiu sat down and said, "Hello, I'm MO Xiu. This is my girlfriend, Mu Qingyi. ""

Sun Yuwei covered her mouth and chuckled. "You and your wife are so famous.

Who doesn't know you? There's no need to introduce me. My name is Sun

Yuwei. I'm Zheng Yi's girlfriend now.""

Sun Yuwei's giggle made MO Xiu feel even more familiar. He tried his best to think where he had seen her before.

Zheng Yi said casually, "There's no need to stand on ceremony. Let's eat first. Yang Qingzhuo really ate a lot last time. He doesn't have to order so much this time, does he?""

Zheng Yi immediately covered his mouth after he said this because Mu Qingyi's gaze towards MO Xiu had changed.

Mu Qingyi looked at MO Xiu strangely and raised her voice as she said, ""Oh, I came here with Yang Qingzhuo. Why didn't I hear you mention it?"

"Not worth mentioning, not worth mentioning!" said MO Xiu with a smile."

Mu Qingyi smiled and said, "It's okay. If there's anything, just tell me. If you don't tell me, it means that there's something wrong with you. For example, about the Cloud Top Villa.""

MO Xiu's face was covered in cold sweat. Where did Mu Qingyi hear so many things from? It seemed like Mu Qingyi knew that Yang Qingzhuo had once lived in the Cloud Top Villa.

In order to make up for his mistake, Zheng Yi gratefully changed the topic.”“You two stop chatting, hurry up and try his meat. Not only Yan City, but the entire central region is the best.”

MO Xiu took the opportunity to say, “Don’t brag. You haven’t been to any other cities besides Shun City and Yan City. ”“

The four of them began to chat and laugh. Sun Yuwei chatted more and everyone quickly became familiar with each other.

It had been a long time since they had a gathering like this.

Moxiu felt more relaxed. If it was possible, Moxiu wished to live like this every day.

Happy times were always short-lived. Soon, the meal time was over.

MO Xiu and Mu Qinglan were the first to stand up and walk towards the door. Zheng Yi followed closely behind. Sun Yuwei rummaged through her bag as if she was looking for something.

Zheng Yi took two steps forward and realized that Sun Yuwei wasn’t following him. Just as he was about to turn around to take a look, a black shadow flashed past him and went straight behind MO Xiu.

The dagger stabbed straight at Moxiu’s back.

MO Xiu was walking forward and thinking about where he had seen Sun Yuwei. Suddenly, a figure appeared on the alarm clock. After that, he felt danger behind him. He immediately turned around and held the dagger that was attacking him.

The dagger was tightly gripped by Moxiu, and the four people present were all stunned.

As War God Moxiu was always active, he was not injured.

He looked over and saw that it was Sun Yuwei who had attacked him with a dagger.

MO Xiu activated his God's Authority and looked at Sun Yuwei's skills. He then looked at Zheng Yi with a pained expression.

Why was the world so unfair? Zheng Yi was such an optimistic person. How could he encounter such a thing?

Sun Yuwei was a hybrid of a fox and an ape. She had the characteristics of a bewitching fox and a skinny ape.

No wonder Sun Yuwei looked so familiar. Sun Yuwei didn't look like anyone else but the Fox King.

Especially that smile that covered his mouth. His persistence was exactly the same as the Fox King.

Zheng Yi walked over in disbelief and looked at Sun Yuwei in shock.

"Yuwei, you..."

Sun Yuwei reacted quickly. Seeing that MO Xiu was not up to her, she immediately released her dagger and ran to the window, preparing to jump out of the window to escape.

When she reached the window, a sword blocked her way.

At this moment, MO Xiu's regretful voice rang out.

"You should know that no matter whether you succeed in killing me or not, you won't be able to leave Yan City."

Sun Yuwei seemed to have let go. She suddenly turned around and looked at MO Xiu with eyes full of hatred.

“It’s because of you that our plan to rule the central human region has been temporarily delayed.”

Her elegant temperament was gone, and her face was filled with ferocity.

MO Xiu didn’t reply. Instead, he looked at Zheng Yi.

Zheng Yi’s eyes flickered. He could not believe what was happening in front of him. Where had the goddess gone? How did it become like this?

The truth was right in front of his eyes, but Zheng Yi refused to believe that Sun Yuwei was a beast.

“Yuwei, can you tell me that this is a joke?” Zheng Yi pleaded. It was you and Moxiu who were putting on an act to tease me, right?”

Sun Yuwei didn’t even look at Zheng Yi. She continued to glare at MO Xiu fiercely, as if she was looking for an opportunity to continue her sneak attack.

MO Xiu looked at Sun Yuwei coldly. Zheng Yi’s girlfriend was really difficult to deal with.

Zheng Yi stepped forward and continued to ask, “Say something!”

When Sun Yuwei saw Zheng Yi, her expression changed. She reached out with one hand, wanting to hold Zheng Yi hostage.

However, how could MO Xiu let her succeed when she was right in front of him?

The Holy Sword was placed in front of Sun Yuwei and Zheng Yi, blocking Sun Yuwei’s movements.

Then, the Holy Sword split into eighteen parts and stabbed into Sun Yuwei's body, controlling her movements.

Zheng Yi's heart was dead. He had seen Sun Yuwei's attack just now. He didn't need to explain anymore.

Zheng Yi collapsed on the ground and mumbled to himself, "I've been chasing you for so long, haven't you ever been moved?"

Sun Yuwei's expression immediately changed. She suddenly said gently, "I love you. Come and save me!"

Zheng Yi's eyes were filled with yearning as he stood up and walked forward.

A ball of sacred flames landed on Zheng Yi's body, and Zheng Yi's eyes returned to normal.

Earlier, Sun Yuwei had used her Charm skill to try and control Zheng Yi.

Zheng Yi's negative status had been removed by Sheng Shengyan, so he knew what had just happened.

"If you don't behave yourself, you know what will happen to you!" said MO Xiu."

"What happened?" Sun Yuwei sneered. I already knew what it was before I came here today. You don't have to threaten me!"

"Can I ask you one last question?" Zheng Yi asked, still unwilling to accept this."

"Hurry up and tell me!" Sun Yuwei said impatiently."

"We've known each other for so long. Have you never had feelings for me?"

“You humans are really laughable. You hypocritically use your feelings to bind yourself and think that you’re great. What feelings can I have for you? We wild beasts admire strength. You’re not strong enough, so I agreed to be with you only because you’re closer to Moxiu’s Dry Cleaning.” “Hahaha! Well said!”

Zheng Yi turned around and walked straight to the door.

MO Xiu grabbed Zheng Yi and asked with concern, “Are you alright?”

Zheng Yi shook his head and said, “MO Xiu, I’ve been working so hard for so long. It’s a joke to them.. Do I look like a clown?”

Chapter 570: I Remember Everything (1)

“I look like a clown.”

“No! You’re not, but this woman in front of me is!”

Zheng Yi smiled but didn’t say anything. This was the first time MO Xiu had seen Zheng Yi like this. He was a little worried and asked, “How do you want to deal with her?”

Zheng Yi’s face was expressionless. He didn’t even look back at Sun Yuwei. Just like what Zheng Yi said, the question just now was the last question.

MO Xiu could understand Zheng Yi’s feelings. The two of them had been friends since they were young.

Zheng Yi looked carefree and heartless, but he was actually a person who valued relationships. Otherwise, he would not have been seriously injured by Wang Xuanhu in order to stand up for himself.

After entering university and entering Yan City, MO Xiu and Zheng Yi didn’t have much contact. After Zheng Yi met Sun Yuwei, he put all his energy into her.

It was only recently that he finally got together with Sun Yuwei.

During this period, MO Xiu could see Zheng Yi's efforts. He did all kinds of things for Sun Yuwei and learned how to cook.

But in the end, it was such a result. How could Zheng Yi accept it?

People who valued relationships would definitely be troubled by relationships. MO Xiu was very worried about Zheng Yi's current situation.

That was why he asked Zheng Yi and Sun Yuwei how he wanted to deal with the matter.

Zheng Yi continued to walk forward. His voice sounded like his heart was dead.

"Deal with it however you want. Don't worry about me!"

With that, he walked out.

Mu Qingyi could not bear it and whispered into MO Xiu's ear,""Mo Xiu, she...how are you going to deal with her?"

Moxiu sighed heavily. His current mood was even heavier than when he massacred the city a few days ago.

MO Xiu's wish had always been to prevent the people around him from getting hurt. Zheng Yi had suffered such a blow. Who knew what would happen to him?

He looked up at Sun Yuwei, but...she really couldn't stay.

“She knows her ending,” said Moxiu without avoiding the topic.”

“Hmph!” Sun Yuwei snorted. The dragon has already become the king of beasts.

You people of the central continent will be enslaved sooner or later.” At this moment, MO Xiu was no longer in a hurry as he held Mu Qingyi’s hand and sat down.

“Sun Yuwei, what’s your real name? (f)ree

“I don’t know!” said Sun Yuwei. I was sent here after I was born.”

“Logically speaking, you don’t have any feelings for the Western Regions. You grew up in human society.”

“Feelings? What a joke! If you want to kill or cut me, hurry up and stop talking nonsense.”

MO Xiu wasn’t in a hurry. He said,” No matter what, we’ve had a meal together.

We’re somewhat familiar with each other. Don’t be anxious. Let’s chat.”

Sun Yuwei smiled disdainfully.” Everyone says that you’re the most intelligent person in the world, MO Xiu. I don’t think you’re anything special.” I might be the last spy in Yan City. You might know more about the situation in the

Western Regions than I do. Can you get anything meaningful out of me?”

MO Xiu glanced at Mu Qingyi and said,””Logically speaking, you’re indeed worthless. However, out of curiosity, I still want to talk to you. I don’t think you’re in a hurry to die, right?”

Sun Yuwei didn't say anything. There was only despair in her heart. The Fox King had personally given the order to assassinate MO Xiu. Before she came, she knew that the success rate of this assassination was so low that it could be ignored.

They had to obey the Fox King's orders and come here to die.

She had been trapped by MO Xiu in Yan City, and there was no way she could survive. Even if she tried to stall for time, no one would come to save her.

However, just as MO Xiu had said, who was in a hurry to die?

Seeing that Sun Yuwei didn't say anything, MO Xiu asked, "You look like the Fox King. Are you related to the Fox King?"

"The Fox King is my mother," Sun Yuwei said with a self-deprecating smile.

MO Xiu was stunned. Wasn't Sun Yuwei's father the Ape King? Then she would be on the same level as the dragon.

Sun Yuwei saw MO Xiu's expression and guessed his thoughts. She said, "Do you think that wild beasts only have one mate like you humans? The Fox King has many partners, and I'm just one of his dispensable children. My status can't be compared to that of a dragon."

Mu Qingyi covered her mouth and said, "Was it the Fox King who asked you to assassinate MO Xiu? Your mother? In other words, he would say that the Fox King sent his daughter to her death?"

"Hahaha!" Sun Yuwei laughed.!! This was too naive. What was this? I used to be the middleman of the spies in Yan City. Now that there are no more spies in Yan City, I'm useless."

Mu Qingyi looked at MO Xiu. She had not expected the wild beasts of the Western Region to be so crazy.

MO Xiu picked up Sun Yuwei's dagger from the ground and returned it to her hand. He also kept the Holy Sword.

"Do it yourself!"

Sun Yuwei held the dagger and hesitated for two seconds. She held the dagger and didn't stab herself. Instead, she attacked MO Xiu.

The Holy Sword merged into one and shot toward Sun Yuwei, piercing through her forehead.

After Sun Yuwei's body fell to the ground, MO Xiu said,""Sigh! Why bother?"

Western Beast Region.

The Fox King was chatting with the Dragon, and the two of them were thinking about how to rule the entire continent.

One of his subordinates came in to report, but Sun Yuwei did not respond. It seemed that the assassination mission had tailed.

The Fox King did not mind. He waved his hand and dismissed his subordinates, continuing to chat with the dragon.

Sun Yuwei's assassination of MO Xiu was the Fox King's order, but the Fox King didn't have much hope. It was just a test. How could MO Xiu be killed so easily?

Wild Beast Eastern Region.

Today was an important day for the eastern region. The Heaven Devouring Beast had evolved for the second time.

The evolution process lasted for more than twenty hours. An eggshell appeared around the Heaven Devouring Beast's body, enveloping it within, and it continuously emitted a silver light.

The usually lazy and scattered cat clan had gathered at this moment. All the cats surrounded the egg and did not allow any creatures to approach it.

Night fell, and the eggshell finally cracked open. The Heaven Devouring Beast emerged from the eggshell and howled towards the sky.

This roar seemed to be able to travel through time and space, landing in all parts of the entire continent.

MO Xiu, who was far away in Yan City, looked at the sky in the east and muttered to himself, "Little Fushun, is that you?"

The Heaven Devouring Beast was not done yet. It panted heavily and said, "Moxiu...I...I remember everything. I know who you are!"

In the central region of Yan City.

MO Xiu had originally wanted to have a good chat with Zheng Yi and accompany him through this sad period of time.

However, when MO Xiu found Zheng Yi, Zheng Yi was working at the Strongest Group. Everything was normal, as if nothing had happened to Sun Yuwei.

MO Xiu knew that this was just an act. He asked Mu Mu and Cao Fenglin, and the two of them said that Zheng Yi had returned to work as usual and there was nothing unusual about him.

Zheng Yi seemed to have automatically shut out Sun Yuwei's matter. Since that was the case, if MO Xiu went to comfort him, it would be like rubbing salt on his wound. He could only return dejectedly.

As he left, Zheng Yi stared at MO Xiu's back in a daze..
