

## Four Skills 601

### Chapter 601: Battle Dragon!

Pushing Xiao Hong away, Yang Qingzhuo rushed forward.

Yang Qing became stronger when he was stronger. He used all his skills and attacked the dragon with all his might.

The dragon was still moving at high speed. It did not expect someone to stop it in front of it.

First, he smiled contemptuously. He didn't take this little girl whom he had never seen before seriously and directly rushed over.

The dragon felt that it could easily crush Yang Qingzhuo with its speed, so it had no intention of stopping.

"Bang!"

A loud bang resounded through the clouds.

When Yang Qingzhuo and the dragon collided, something unexpected happened.

Yang Qingzhuo wasn't thrown far away or even smashed into pieces as he had imagined.

Yang Qingzhuo stood still and punched the dragon in the chest.

On the contrary, Long Qiang took the punch and staggered back a few steps before stopping.

The dragon stopped. Yue Yuan and the other two, as well as the four clan heads led by Xi Bei, caught up and surrounded the dragon.

At this moment, everyone's reaction was the same. They looked at Yang Qingzhuo in shock.

Yang Qingzhuo didn't reveal his skills to the public. He had been focusing on support for the past few days and hadn't shown his strength.

When no one else had a choice, Yang Qingzhuo had forced the dragon back with a single punch. This was simply incredible. Even Xi Bei, who was known as the strongest warrior of the royal family, felt inferior.

Where did this little girl get such great strength?

Yang Qingzhuo's eyes did not change. He looked at the dragon with daturrninntinn

The Dragon was still carrying the Fox King and looked at Yang Qingzhuo resentfully.

This was the first time the Dragon had suffered a setback. He had thought that he could not withstand a single blow, but he had managed to stop him with a single punch. He hated Yang Qingzhuo in his heart and walked towards him step by step.

The moment the dragon moved, everyone raised their guard and prepared to make a move.

When the dragon charged through the front line just now, he had already exchanged blows with everyone. The dragon's strength was even stronger than the ape king. It was definitely not something that anyone present could deal with alone.

They couldn't let the dragon hurt Yang Qingzhuo. They could only win if everyone attacked together.

The dragon had just taken two steps when the first to move was not the humans around him, but the Fox King.

The Fox King patted the dragon on its shoulder.

The Dragon looked at the Fox King and said, "I'm going to kill her!" Everyone knew that she was referring to Yang Qingzhuo.

'You can do whatever you want, but the plan can't be changed. You know what to do!'"

The Dragon looked at the Fox King and then at Yang Qingzhuo, seemingly making a decision.

The Dragon put the Fox King down from his shoulder and onto his arm. He threw the Fox King into the air and sent it flying.

Yang Qingzhuo and Xiao Hong were right in front of them. They couldn't let the Fox King escape. They had to chase after him immediately!

Long wanted to stop the two of them but was stopped by the crowd behind them. Yang Qingzhuo and Xiao Hong had just chased after them when their vision blurred. They realized that the Fox King had disappeared and immediately stopped searching.

On the other side, Xi Bei was paying attention to the situation. When he saw

Xiao Hong and Yang Qingzhuo standing still, he shouted, "Hurry up and chase!"

The two women were shocked by the shout. The Fox King appeared before them, but he had already run far away. It was probably too late to chase after him.

At this moment, the two women realized that they had been hit by the Fox King's illusion.

Just as Xiao Hong and the other two were hesitating whether to give chase, the dragon broke through the encirclement with its powerful strength and headed straight for Yang Qingzhuo.

The threat of the dragon was too great. Yang Qingzhuo and Xiao Hong had no choice but to turn around and face it.

At this point, the Fox King had completely disappeared. He had entered the central continent and would probably not be able to catch up.

Yang Qingzhuo threw another punch. This time, Dragon did not choose to take it head-on. Instead, he threw another punch back at his opponent.

The two fists collided. This time, Yang Qingzhuo was not as shocked as the last time. He was sent flying.

Blood seeped out of the corner of his mouth.

“Hahaha!” Long Zhangkuang shouted. None of you humans can be compared to me. I was just careless just now. I’ll kill you first!”

The dragon’s words did not sound like a beast king’s. Instead, it sounded like the words of a child.

As soon as he finished speaking, he immediately continued to attack Yang Qingzhuo. Yang Qingzhuo knew that he was no match for him, so he used four skills to absorb.

However, the power of the Dragon’s punch was too great. It had exceeded the limit of Yang Qingzhuo’s skill.

After absorbing some of the energy, he punched Yang Qingzhuo.

Yang Qingzhuo suffered a heavy hit, didn’t dodge, meant, left hand will just absorb a punch and released.

The Dragon knew that Yang Qingzhuo wanted to fight back, so he raised his hand to block.

Yang Qingzhuo endured the pain and punched out with all his strength. He hit the dragon's abdomen and repelled it.

At this moment, the others came over and surrounded the dragon, releasing their skills to stop it.

The Dragon was furious and glared at Yang Qingzhuo. The same person had made him suffer twice. The Dragon could not swallow this.

Yang Qingzhuo had suffered a serious injury in the brief encounter. He held his abdomen and staggered a few times before regaining his balance. "Everyone, he is very strong and has special skills, but he has no combat experience!"

This was the important information that Yang Qingzhuo had obtained after fighting the Dragon twice.

For the first time, the dragon didn't dodge Yang Qingzhuo's fist. An experienced person would be able to sense what kind of attack would hurt them and avoid a direct confrontation. The dragon didn't have such a feeling.

The second time was just now. Yang Qingzhuo used the most basic feint. Generally, people with some combat experience would avoid revealing such a flaw in front of the enemy.

The Dragon became even angrier when he heard Yang Qingzhuo's words. He wanted to rush over.

In Yang Qingzhuo's current state, he could no longer fight the dragon head-on.

The first to support was Liu Ziyang. At this moment, Liu Ziyang was at his full speed. He was a person who did not lose to the Dragon in terms of speed.

Liu Ziyang came to the back of the dragon and continuously dealt critical hits.

The damage was very high, and it had already injured the Dragon. However, the Dragon did not react at all and continued to walk towards Yang Qingzhuo. It seemed that Yang Qingzhuo's words had completely angered the Dragon. The dragon charged forward without a care.

Just as the dragon was about to reach Yang Qingzhuo, a wall suddenly appeared in front of them, separating the two of them. The dragon could not attack Yang Qingzhuo.

The dragon looked at the golden wall in front of him and punched out. The wall was not damaged at all.

The golden wall was actually Yue Yuan's fourth skill, Golden Bell Cocoon. At this moment, Golden Bell Cocoon had enveloped Yang Qingzhuo and Xiao Hong, who was beside him, and had 30 seconds of invincibility.

The dragon turned around furiously, wanting to see who was blocking him.

In the end, his gaze locked onto Yue Yuan.

The dragon moved here and headed towards Yue Yuan.

Yue Yuan calmly released the Yin Yang Formation, and Yue Yuan and the dragon swapped positions.

The dragon's position suddenly changed, and he did not react for a moment.

The family heads beside him reacted and immediately attacked the dragon.

Yue Yuan stood at the spot where the dragon originally stood and smiled.. No combat experience? Such an opponent was the easiest to deal with!

Chapter 602: MO Xiu. Come Out Obediently! 1

Yang Qingzhuo discovered the weakness of the dragon and Yue Yuan took advantage of it, putting the dragon in a passive position.

In terms of schemes and plots in battle, MO Xiu had to learn from Yue Yuan sometimes.

As a fledgling, how could he defeat Yue Yuan without any battle experience?

With the addition of the four experienced clan heads, they could join forces to play tricks and not fight head-on.

For a moment, the dragon was extremely frustrated. The other party did not want to fight him head-on and kept trying to stall him.

“Is that all you humans can do?” the dragon said angrily. Is there no one who dares to face me head-on?”

At this moment, Xiao Hong and Yang Qingzhuo came out of Yue Yuan’s Golden Bell Shield and joined the battle.

Xiao Hong replied,” You beasts are really powerful. As the Beast King, are you trying to find excuses for your stupidity?”

The dragon was instantly enraged. Once it was enraged, its movements changed, and its reaction speed also decreased. The four clan heads took this opportunity to attack continuously, injuring the dragon.

The Dragon’s fighting style was already very clear. It relied entirely on physical attacks.

Previously, when Moxiu had seen the dragon, he had used his God’s Authority to check that the dragon had all the skills of the fox and ape tribes in the Western Regions.

However, the dragon had become the Beast King and replaced the Ape King's position. The Fox Race's skills had disappeared and were replaced by the Purple Qi inherited from the Fox King.

The dragon's aura was not purple, but a dazzling gold. It was very different from the Fox King's purple aura.

The Fox King's purple gas could be used as a medium for charm, and it could also be used as a physical attack.

The dragon's golden aura had the ability to charm and was always in the state of materialization. It was more like a tentacle than a gas. Therefore, the transformed tentacles had shocking offensive power.

The dragon's physical strength and attack power surpassed the Ape King's peak.

If the dragon had more battle experience, it could easily deal with these people with its golden tentacles.

Unfortunately, the dragons had never been trained to fight since they were young. They would only kill when they attacked, and no wild beasts would fight back.

After becoming a beast king, he only cared about enjoying himself every day. At this moment, he was in a predicament.

The four clan heads and the five members of Moxiu's team, a total of nine people surrounded the dragon and firmly controlled it within a certain range.

At this moment, the human army was stronger than the wild beasts. As long as they could stall the dragon, victory was only a matter of time.

However, at this moment, everyone was worried about one thing. The Fox King had entered the central region. They did not know what would happen. The key was whether anyone could stop the Fox King.

The Fox King did not have the same lethality as the Dragon and Ape King, but her illusions and charm were even more terrifying. If she was not careful, she could destroy the entire central region.

The west side was temporarily stabilized. The Fox King's crisis had just begun.

After the Fox King entered the central region, he didn't rush to cause trouble. Instead, he headed straight for Yan City.

There was one person who had always been a knot in the Fox King's heart. As long as he didn't die, the Fox King wouldn't be at ease.

This person was MO Xiu, who had been in seclusion all this time.

The Fox King had heard of Moxiu before the war started. At that time, he only heard that Moxiu was quite famous in Yan City and the central region. He paid a little attention to him but didn't think much of it.

Later on, when MO Xiu led his men to infiltrate into the Western Region, the Fox King discovered that he had failed to capture him. At that time, he still did not take MO Xiu seriously. He only thought that MO Xiu was lucky.

Later on, Moxiu stirred up trouble in the north and joined forces with the Bear King to kill the Turtle King.

At this moment, the Fox King realized that Moxiu was not a simple person. His strength was not worth mentioning, and his schemes and schemes were not as good as his.

The Fox King began to pay attention to MO Xiu, but it was all too late. Every move that MO Xiu made in the Western Regions was foiled by the Fox King, and in the end, he suffered a crushing defeat.

The ape king had also died because of Moxiu. The Fox King had always wanted to kill the ape king, but he had never expected it to be so fast.

The plan was to think of a way to kill the ape king after taking down the central region.

On that day, Moxiu had pushed the ape king into a desperate situation. The ape king's injuries were too severe. Even if the dragon had not killed the ape king, the ape king would have been in a state of recuperation for a long time after that. It would have been useless. It would have been better to let the dragon become a beast king as soon as possible and join the battle.

Moxiu's ability to plan was too terrifying. From the early stages of the plan to the timing of the tables being flipped, to the final finishing touches.

Every step was perfect, and no flaws could be found. Even if such a person did not make any moves, the Fox King would not be at ease.

He had to kill MO Xiu first before he could feel at ease. Therefore, his target this time was Yan City!

The Fox King's actual attack power was not strong, but his speed was not slow. At full speed, he quickly arrived at Yan City.

Standing in front of Yan City, the Fox King paused for a moment. Most of the cities in the Western Region were built according to Yan City, but this was the Fox King's first time here.

The Fox King revealed a charming smile and walked into the city step by step.

When the soldiers at the city gate saw this strange woman, they immediately went forward to stop her.

Halfway through, he saw the Fox King's face. His eyes went blank and he stood still, watching the Fox King slowly walk into Yan City.

After entering Yan City, the Fox King rushed to the square in the center of Yan City. Here, the Fox King spread the purple qi around his body until it enveloped the entire Yan City.

The purple gas seemed to be able to transmit not only charm but also sound. The Fox King's seductive voice spread to every corner of Yan City.

"MO Xiu! Hehehe, hehehe, where are you? Come out obediently!" His voice spread throughout the entire Yan City, including the surrounding taverns.

There were a total of three people guarding outside MO Xiu's room. They were Mu Qingyi, Li Yuan, and Big Cat.

Originally, Big Cat didn't guard here every day. Ever since it heard from the Elder of Heavenly Secrets that MO Xiu was Supreme, it stood motionless outside the door.

No matter how Mu Qingyi and Li Yuan tried to persuade him, they did not stop.

The three of them stood guard at the door. Suddenly, a strange purple gas floated over, followed by the Fox King's words.

The three of them immediately became alert when they heard the sound.

"What's going on, First Master?" asked Li Yuan."

The two girls looked over when they didn't hear the big cat's response.

He noticed a trace of confusion in the big cat's eye, then quickly shook his head and knocked his head hard.

"Eldest Master, are you alright?" Mu Qingyi asked."

Big Cat was covered in cold sweat as it looked in the direction of the city center in shock.

“Not good, this is the charm of the fox clan. The strength and voice of the charm just now are definitely not simple. There was only one person who just entered Yan City alone!”

“You mean...the Fox King?” Li Yuan asked. ?!”

“That’s right! The charm of the fox race is far more effective on the opposite sex than on the same sex. I was affected just now, but the two of you are fine.”

“Are we going to fight the enemy?” Mu Qingyi asked. Or should we stay here and guard Moxiu?”

Big Cat said,” Stay here. You heard what she said just now. Her target is Moxiu.. She found her own target!””

Chapter 603: I Want MO Xiu’s Life (1)

The big cat’s words made Mu Qingyi and Li Yuan nervous. Would they be facing a Beast King next?

“Everyone, gather!” Big Cat shouted.”

Hearing no response, Big Cat frowned and shouted again,”Vice-captain! I’m scared! Where is he?”

There was still no response. A bad feeling rose from the bottom of Big Cat’s heart.

At this moment, a voice sounded.

“Everyone, come here!”

An extremely charming voice rang out. The 'big' family's troops quickly gathered and surrounded Big Cat's group of three and Moxiu's room. Big Cat knew that the big family was under control and said, ""Damn it!"

That voice appeared again." Damn it? Head Master, are you saying that he deserves to die?"

The big cat bit the tip of its tongue the moment the voice sounded. At this moment, blood was already seeping out of the corner of its mouth.

The big cat knew very well that it could not be controlled. Once it was controlled, Mu Qingyi and Li Yuan would have to face the Fox King alone, and MO Xiu would be doomed.

"Fox King! Since you're already here, why don't you show yourself?"

A ball of purple gas appeared in front of the three of them. It became thicker and thicker, forming a huge ball. It kept spinning, and its speed became faster and faster. When the purple gas dissipated, a woman walked out from it.

Graceful and beautiful.

The Fox King appeared and said, "Master, why are you doing this?" You would rather harm yourself than stay away from me, can't you play with me?" Big Cat was sweating profusely, but he still gritted his teeth.

"Don't even think about it!"

' Hahaha!" The Fox King laughed." You're the second man who can resist my charms. The first is MO Xiu!"

Big Cat forced a smile and said, ""1 feel honored!"

The Fox King seemed to be bored and waved his hand.""Go! Kill your master and these two women!"

The 'big' family's army quickly gathered, preparing to attack Big Cat, Mu Qingyi, and Li Yuan.

"Wake up!" Big Cat shouted. Look at what you're doing."

The Fox King laughed and said," It's useless. Don't waste your energy. I heard that the skills of your branch are the same. You should think about how to deal with them!"

The three of them had solemn expressions. They knew the strength of the 'big' family's army. If they really fought, it would be very difficult.

At this moment, a man jumped into the encirclement and stood with Big Cat and the other two.

This person was Nong Zhang!

"Oh?" The Fox King asked curiously. There's a man I can't charm?"

Nong Zhang looked at the Fox King with interest. Unfortunately, it was not the Fox King's desire, but his desire to fight her. "You guys drag out the 'big' family's army, and I'll deal with her!"

"Arrogant!" The Fox King said unhappily." "And me!"

Another person came, Li Ling 'er!

The Fox King didn't expect that there would be so many people guarding Moxiu, and he was a little frustrated.

"Do you think you can deal with me? Ridiculous, let's solve the enemy in front of us first!"

Li Yuan took a few steps forward and said, ""Leave the 'big' family to me. You guys deal with the Fox King!"

The Fox King angrily rebuked, "How dare you boast! Kill them all!"

As soon as he said that, all the people from the 'big' family, as well as some people who came in from the outside, seemed to be the people that the Fox King had charmed in other parts of Yan City. At this moment, they rushed towards the few of them.

Everyone looked at Li Yuan, as if they wanted to see if Li Yuan could really hold back these 'big' family members.

"Set!" Li Yuan shouted.

The skill, Wood Spirit, was activated, controlling a portion of the people at the front. Then, he jumped up and released Wood Spirit in the air, controlling a large area.

Then, he released another skill, Coffin Sealing, which trapped almost everyone.

The Fox King was stunned, and so were the others.

Li Yuan was a member of the Li family. It was no secret that she was a wood-type mage.

Li Yuan had sealed her skills for twenty years and did not know the secret. The strength that she had erupted with at this moment was comparable to a

top-tier expert. How did she do it?

In fact, what they did not know was that after MO Xiu awakened his four skills, he had enlightened not only Xiao Hong and the others, but also Li Yuan and Mu Qingyi.

Li Yuan's four skills had all been upgraded. There was nothing particularly strong about them, but in terms of control, she had already reached the top level.

He had controlled all the 'big' family members by himself. The only thing left was to stop the Fox King. It was a little difficult, but it was much better than before.

Mu Qingyi took a few steps back and said, ""Leave Moxiu to me. No one can touch a single strand of Moxiu's hair."

Li Yuan did what she said, and Mu Qingyi could do it too.

This thought appeared in everyone's mind. Big Cat, Li Ling 'er, and Nong Zhang looked at each other. The three of them were combat personnel. Whether or not they could survive this tribulation depended on them.

The Fox King obviously did not want to face the attacks of the three of them.

After all, charm was not very effective on the three of them, and their actual combat ability was not strong.

He immediately controlled the purple qi to spread out again. As soon as the purple qi spread out, people began to surge over.

From afar, they looked like ordinary people in Yan City.

"Fox King!" Big Cat said angrily. Don't go too far. They're just ordinary people.

What do you want to do?"

The three of them began to attack the Fox King, but the Fox King did not accept the attack and kept dodging!

The Fox King could teleport for a short time in the purple gas. Coupled with the interference of the purple gas, it was difficult for the three of them to lock onto the Fox King.

Time passed slowly. Many people had gathered around. All the people of Yan City had come.

The people's expressions were dull, and their movements were wooden. They squeezed together tightly, like walking corpses.

The Fox King had caused such a huge commotion that they could not bear to look at him.

At this moment, the Fox King stopped dodging. A crafty look appeared in his eyes.

The three of them naturally stopped. Big Cat asked, "What exactly do you want? Speak!"

As soon as the Fox King attacked, the crowd immediately became chaotic. The people began to beat each other aimlessly. Some people even picked up stones from the ground and threw them at others.

"Stop!" Big Cat immediately shouted.!

The Fox King waved his hand again, and the people stopped moving and huddled together again.

How could they not understand what the Fox King was trying to do? All of them clenched their fists secretly. This was too despicable.

The Fox King laughed proudly and said, "I believe you all know that the lives of everyone in Yan City are in my hands. As long as I give the order, they will not beat each other up like before. Instead, they will kill each other. No one in the city will survive. Moreover, it will not be just this city. I will do the same thing in the next city until there are only a few of you left in the central region!" "What do you want?" Big Cat asked through gritted teeth."

The Fox King didn't act immediately because he had some ulterior motive.

The Fox king pointed behind Qingyi and said, ""Before I came, I said that I want MO Xiu's life!"

Chapter 604: Space God, Mu Qingyi!\_1

"Before I came, I said that I want MO Xiu's life!"

Big Cat answered without hesitation, ""Are you kidding me? It's impossible for

MO Xiu to hand it over to you!"

MO Xiu was a supreme being. The old man had asked Big Cat to stay here and not go to the front lines to protect MO Xiu. How could he hand MO Xiu over just like that?

The Fox King raised his hand again, and everyone's hearts were in their throats.

Fox king if let the whole city residents kill each other, but also really not good to deal with.

'You're Big Cat, the person in charge here, right? Then I'll leave this choice to you to decide. Do you choose to protect Moxiu or save everyone in the process?"

Bigcat stared at the Fox King without saying a word. He could not make a decision. Moxiu could not give up, and neither could the people.

Everyone fell silent. The Fox King could see that Bigcat was in a dilemma, so he added fuel to the fire!

"You might not be able to make a choice. I'll give you one minute. If you don't speak, everyone in Yan City will die. If you speak, it means that you have to hand over MO Xiu."

Big Cat glared at the Fox King and said, ""Not much! "

The Fox King laughed scornfully. " You might not understand the current situation. You don't have the final say. The initiative is in my hands. Aren't you humans the most merciful? He should have saved all the residents in the city! It should be said that all the people in the central continent were guarding Moxiu. This meant that humans were selfish by nature. Now, the countdown began. One minute!"

After the Fox King's guidance, Big Cat began to consider which was more important, MO Xiu or the Yan City residents.

If it was possible, the cat would never want to make such a choice, but the Fox King was pushing it too hard!

Time passed second by second, and soon, half a minute had passed. Big Cat did not answer at the last second. Half a minute later, he spoke.

"I've decided!"

The Fox King was delighted. According to what he had just said, the big cat's words meant that it had chosen to give up on Moxiu.

Humans were really gullible. He didn't expect that he could get rid of Moxiu so easily. After getting rid of Moxiu, he would massacre Yan City. If he had enough time, he would massacre the entire central continent.

Big Cat said, " No matter what I choose, the result will be the same!"

The Fox King had been guessing Big Cat's thoughts, and Big Cat knew what the Fox King was thinking.

Big Cat's words meant that he would not give up, so there was nothing more to say about the Fox King.

He raised his hand and then put it down heavily.

“You will regret this!”

As the Fox King put down his hand, the citizens of Yan City who were huddled together went crazy and started to kill each other!

Big Cat, Nong Zhang, and Li Ling ‘er immediately attacked the Fox King. There were too many residents in Yan City, and only a few people could move freely.

It was possible to stop them, but they had to find a way to control the Fox King.

He had just verified that it was too difficult to capture the Fox King. At this moment, the Fox King was still going in circles, not giving the three of them any chance.

The residents of Yan City were fighting non-stop. With every second that passed, many people died. For a moment, Big Cat didn’t know what to do.

At this moment, a figure suddenly appeared above the residents of Yan City. With a wave of his hands, all the residents disappeared.

Not just one, but everyone had disappeared.

The person in the air was Mu Qingyi. Mu Qingyi had also received Moxiu’s enlightenment and had awakened all four skills. Moreover, all of them had risen to level ten, and she was using her skills to teleport everyone to different locations.

Mu Qingyi's four skills had all awakened, and she did not choose the path of strong attack or agility attack, choosing the path of support.

It was because Mu Qingyi could help MO Xiu the most in the future by choosing skills like this.

Mu Qingyi originally wanted to stay by Mi Xiu's side, but if the situation was not right, she would immediately send MO Xiu to another place.

As he didn't know if the teleportation would affect Moxiu, he didn't make a move when the Fox King arrived.

In the current situation, Mu Qingyi had no choice but to do so. MO Xiu would have made her do so even if he was sober.

Mu Qingyi had chosen a remote place in the north as the people's base. It was very far away from here, so it was relatively safer.

Even if these people were controlled by the Fox King, as long as they were separated by a certain distance, they would not kill each other. As long as the residents were far away, they would not be controlled by the Fox King.

Mu Qingyi had completed such a divine skill, and the Fox King was the first to feel shocked.

The Fox King could clearly feel that the residents had escaped his control.

There were only two ways for a person controlled by the Fox King to escape. One was that the Fox King voluntarily released the control, and the other was that the target was too far away from her.

The current situation could only be the second one. The Fox King looked at Mu Qingyi in shock. What kind of ability was this?

The Fox King looked at Mu Qingyi.. At first, he was shocked, but then it slowly turned into a smile, a smile that showed that his scheme had succeeded!

Chapter 605: Staring at Each Other!

The Fox King laughed as he watched Mu Qingyi perform such a miracle.

The others were also shocked. How did Mu Qingyi make so many people disappear?

Li Yuan and Mu Qingyi had solved the problem twice in a row. Now, all they had to do was defend MO Xiu.

The Fox King did not pay attention to Big Cat and the other two, his gaze still fixed on Mu Qingyi.

He was smiling because of Mu Qingyi's current state.

Mu Qingyi was lucky enough to be able to send everyone in the city away. She was in a terrible state as she sat on the ground and panted heavily.

He forced his eyes open, looking extremely tired.

The Fox King was not stupid. He knew that Mu Qingyi could not use her skills anymore.

They had used the lives of the entire city to threaten Big Cat and the others. However, now that Moxiu's last line of insurance was gone, there was still a chance.

Big Cat and the other two did not give the Fox King a chance to catch his breath because of this change and continued to attack.

This time, the Fox King didn't retreat. Instead, he charged forward. Big Cat and the other two were very close to the Fox King, and the three of them attacked at the same time.

Then, a strange scene appeared. The three of them released their skills, but the direction of their skills was different. They were aimed at Mu Qingyi.

Mu Qingyi saw the skill coming towards her and used the last bit of strength in her body to teleport to the side before fainting.

Big Cat and the other two did not seem to notice that they had almost hurt Mu Qingyi by accident. They actually started to fight in front of the Fox King, and they started to fight.

Despair!

The Fox King had taken control of the 'big' family's army that had been stationed here previously. Li Yuan could only do her best to stop these people.

Mu Qingyi was exhausted and unconscious, while Big Cat, Li Ling 'er, and Nong Zhang had been hit by the Fox King's illusion, and they were currently locked in a battle.

Li Yuan was the only one who remained conscious.

Li Yuan couldn't move at this time. If he moved, the 'big' family would be out of his control. At that time, the situation would only be worse.

The Fox King's purple gas gathered around the tavern. His body floated on the gas, and his gaze locked onto the room where MO Xiu was in seclusion.

"This is Moxiu's residence, right?"

"What do you want to do?" Li Yuan asked."

The Fox King waved his right hand, and a burst of purple gas struck Li Yuan's body. Li Yuan withstood the attack and spat out a mouthful of blood.

His body remained motionless as he tried his best to control the 'big' family's army.

"Wait here for a while. After I finish off Moxiu, I'll come back and reunite you with him.""

The Fox King immediately entered MO Xiu's room.

Li Yuan's entire body trembled. She was very clear about MO Xiu's closed-door cultivation state. It was similar to enlightenment. Once he was disturbed, there would be a big problem.

Li Yuan watched as the Fox King entered the room. Tears flowed down her face as she shouted with all her might, ""Mo Xiu!"

On the western battlefield.

The five members of Moxiu's team and the four clan heads used all sorts of tactics to surround the dragon.

The dragon suffered some injuries, but his body was too strong. None of the injuries had a serious impact on him.

As the descendant of the Fox King and the Ape King, the dragon's intelligence was not weak. It was just that it did not use it in the right place. It had figured out a lot of ways to kill people.

Under the siege of nine people, he was forced to retreat twice by Yang Qingzhuo at the beginning, and then he was provoked by Xiao Hong's words. Coupled with Yue Yuan's tactics, he suffered a lot.

They were still filled with anger. Otherwise, the nine of them would not have had such an opportunity to attack.

Slowly, the dragon began to realize that something was wrong. These nine people seemed to be playing with him. After such a long time, he felt that he could not use his strength.

As time passed, the Dragon became more and more frustrated. However, he was injured again and again, and the pain slowly made him walk out of his anger.

He discovered the nine people's skills. These nine people never fought with him, as if they were stalling for time.

Looking back, the wild beasts behind him were exhausted from the long battle because they did not have the Fox King's command.

If this continued, the wild beasts would be killed off by humans bit by bit.

Dragons were cruel and merciless, and they might have killed more wild beasts than anyone else present.

However, the dragon was the king of beasts after all. It did not want to not have a single subordinate.

After understanding the thoughts of the humans, Long Manman began to change and slowly studied the tactics of the nine people.

It had to be said that the dragon was indeed the descendant of two beast kings. It had the most outstanding genes and quickly discovered the flaw in Yue Yuan's tactics.

They would feign an attack on Yang Qingzhuo and gather around him to protect him.

Then, he used the golden tentacles to attack Xiao Hong behind him.

Xiao Hong had a certain degree of defensive ability, so she would definitely not be able to face the dragon's direct attack.

At this moment, they were all on Yang Qingzhuo's side. No one could help Xiao Hong share the pressure.

Xiao Hong had no choice but to retract her fiery feathers and wrap herself up, unleashing all her defensive skills.

"Boom!"

The golden tentacle struck Xiao Hong's flame feather, and flames shot into the sky.

In the end, the fiery red ball still flew out and crashed into a huge rock not far away.

At that moment, the boulder was melted by the high temperature, and the fire feathers scattered.

In the next second, he spat out a mouthful of blood.

Xiao Hong clutched her chest with one hand and supported herself with the other. She tried to stand up but failed.

After adjusting her posture, Xiao Hong supported herself with both hands and finally stood up. She wanted to return to the lineup, but she fell to the ground after taking two steps.

Xiao Hong was lying on the ground. She used her hands to support herself, but she couldn't get up again. Her right fist hammered the ground weakly. This was already her greatest strength.

A faint voice could be heard coming from Xiao Hong's mouth.

"I'm sorry! I'm sorry..."

Xiao Hong was so regretful because she knew that she was seriously injured and there was a gap in her formation. She wouldn't be able to stop the dragon.

The dragon's attack had directly made Xiao Hong lose her ability to fight. The difference in strength between the two sides was just that big.

They had been able to hold on for so long because they had relied on this lineup to help each other.

Now that Xiao Hong was gone, Long Xi regained his confidence. Yue Yuan did not expect that a person like Long would actually think of feigning an attack on Yang Qingzhuo and sneak attacking Xiao Hong.

Seeing this, the remaining eight people couldn't delay any longer. They wanted to see if they could take advantage of this opportunity to hurt the dragon.

The eight of them charged forward.

Half an hour later, all eight of them had fallen to the ground. Only the Dragon remained standing. At this moment, the Dragon had gained combat experience and was truly invincible.

Dragon slowly walked towards Yang Qingzhuo and said, ““You humans have lost. You will be the first to die!”

Yan City.

Li Yuan’s roar woke Li Ling ‘er up. Li Ling’ er was a woman, so she was the least affected.

After waking up, he ignored Big Cat and the other two beside him. He rushed straight to Moxiu’s room and attacked the Fox King.

The Fox King poured all the purple qi around him into Li Ling ‘er’s body.

Li Ling ‘er stood still, her eyes devoid of life.

“I’m so happy to use my last trump card to deal with a character like you.” The Fox King sat beside Moxiu and smiled as he reached out to touch Moxiu’s face.

Just as his finger touched Moxiu, he suddenly opened his eyes and met the Fox King’s gaze!

Chapter 606: Supreme Vacuum Destruction and Holy Flames

Just as the Fox King's fingertips touched MO Xiu's face, MO Xiu suddenly opened his eyes and looked at the Fox King.

Moxiu's actions shocked the Fox King. He immediately stood up and took two steps back.

MO Xiu didn't say anything and turned his head to look at Li Ling 'er who was

behind the Fox King. She was taken away by a black shadow. Without even thinking, it must be Zhuge Zhong.

When the Fox King saw MO Xiu looking down on him, he was furious.

Thinking about it carefully, the last time he saw Moxiu, his strength was still a hair's breadth away from that of a peak expert.

Now that the closed-door cultivation had been interrupted and the team had forcefully come out of seclusion, they could not get much stronger.

After thinking about all this, the fox king stepped forward again and boldly looked MO Xiu in the eye. As long as she could make MO Xiu fall into an illusion, she might be able to kill him.

They looked at each other again. The Fox King immediately retreated and prepared to leave.

The Fox King had lived for more than a hundred years, and this was the first time he had seen such a gaze. It was as if he could see through everything and was pure and flawless. His intuition told him that charm, illusions, guidance, and all other mental attacks would have no effect on Moxiu.

"Don't even think about leaving since you're here!"

Moxiu's voice was filled with endless coldness, as if he could kill the Fox King in the next moment.

The Fox King panicked and gathered the purple qi back. He had just used his ultimate move on Li Ling'er, so the purple qi was not particularly abundant at this moment.

MO Xiu stood up and punched out without warning. The entire space seemed to freeze.

The Fox King was locked on and had no chance to dodge. He could only gather all the purple qi on his body and compress it into a solid shield in front of him.

MO Xiu suddenly smiled. The Fox King saw MO Xiu's smile and knew that he had fallen into a trap, but it was too late.

A bubble appeared out of thin air, and the Fox King and her purple gas were all wrapped within it.

The Fox King wanted to break free from the strange bubble, but no matter how hard it struggled, it could not attack. Its body felt powerless. This was the complete state of vacuum destruction.

" Third Skill: Vacuum Destruction

[Skill Effect: Summon Destructive Bubble (No size limit, the main body can see the whole body, and after releasing it, it will wrap around the target tightly), can be used on up to 10,000 targets (can be divided into 10,000 uses). The bubble wraps around and tracks the target. The inside of the bubble is a vacuum state. After one minute, the target inside the bubble will receive Destructive Elemental Damage (500000)(You can also choose to trigger the damage immediately). The Destructive Elemental will ignore all Defense and Immunity.]

[Choice: Vacuum Cage. Destructive elemental damage is canceled. There is no limit to the duration of the vacuum bubble, and it will not cause any damage to the target within the bubble.]

[Additional skill: Unify, 10,000 vacuum bubbles combine into one, damage increased by 100 times.]

[Additional skill: Destruction. After locking onto and hitting a target, destroy the target.]

Cooldown time: 10 minutes.”

Ever since the Void Destruction skill was awakened, Moxiu had been using it as a trump card.

During this seclusion, the comprehension of the two lifetimes had fused into one, and his skills had broken through the limit. The limit of other people’s skills might be level 20.

Motheo’s limit was LVIO. After LVIO, the skill level would no longer be displayed.

He had placed the Fox King in the bubble using a cage, so he hadn’t killed him.

The Fox King was in an extremely weak state inside the bubble, but his eyes were filled with fear as he looked at MO Xiu.

This was because the Fox King had once heard the Ape King say that there was a skill that could trap him like Genmoxiu.

MO Xiu smiled and said, “You won’t be able to come out in this life. Just watch from inside!” Also, I can answer your questions. I am Supreme!” Moxiu pressed Bubbles to the ground and went out.

When they went out, the situation outside stunned everyone.

Big Cat and Nong Zhang regained their consciousness, while the rest of the 'big' family regained their consciousness. They were at a loss.

All of this was because Moxiu had imprisoned the Fox King in the Void Destruction and silenced him.

Li Yuan had been using her skills for a long time. Coupled with the injuries on her body, she was a little weak.

Li Yuan was the only one who knew the situation. She pushed through the crowd and ran to MO Xiu's room.

As Li Yuan ran, Big Cat and Nong Zhang also reacted and ran straight to the door.

The three of them arrived at the door almost at the same time. It was at this moment that Moxiu walked out of the door.

Seeing that MO Xiu was fine, Li Yuan released her suppressed emotions and threw herself into MO Xiu's arms to cry.

MO Xiu placed one hand on Li Yuan's back and waved his other hand gently.

The golden light enveloped the entire tavern, and the fatigue and nervousness on everyone's faces disappeared.

His injuries had also healed, and Moxiu had used his Holy Flame skill!

' Second Skill: Holy Flame

[Skill Effect: Holy Flames form an armor that increases attack and defense

(physical, elemental, spiritual) by 500,000%. In the armor state, you can use Holy Flames to attack indefinitely.]

[Additional skill: Holy Light. Choose an area (within a million meters) to eliminate negative statuses and negative emotions. Treat them with powerful healing and recover stamina. There is no limit to the number of times.]

[Additional effect: Holy Flames will not be extinguished. After Holy Flames burst, it will continue to burn and cause damage (10000) until the skill enters cooldown.]

[Additional skill: Purification. The holy flames will turn harmless. After using it on an area (within a million meters), it can eliminate all hostility of the target.(The exact amount depends on the target's mental defense, not absolute.)) ,There is a certain chance to make the target listen to you (The lower the target's mental defense, the higher the chance of triggering the [Complete Control]. ) ,[Duration: 10 minutes, unlimited usage]

[Additional Skill: Holy Flames. When using Holy Flames, the Holy Flames can be kept in the palm of the hand instead of being shot out immediately. The Holy Flames used the second time will stack with the Holy Flames in the palm of the hand, causing damage to be stacked (Currently, the damage can be stacked up to 10,000 times).] [Duration: 24 hours.]

Cooldown time: 10 seconds.”

The Holy Flame Skill had become a skill that was both offensive and defensive. However, to Moxiu, the most important effects were healing and essence.

MO Xiu said softly, “You’ve worked hard.””

His voice wasn’t loud, but it spread to everyone’s ears. The big cat looked at Moxiu with abnormal excitement.

That's right! This was supreme!

Everyone was silent. How was it hard? He did not help much.

MO Xiu looked at his mother in his arms and said, "Are you alright?"

Li Yuan wiped her tears and shook her head. "I'm fine! Quickly take a look at

Qingyi."

MO Xiu looked in Mu Qingyi's direction. At this moment, Mu Qingyi had been treated and had woken up from her coma.

He looked at Moxiu from afar.

The two of them looked at each other and smiled..

Chapter 607: I Can Change the Heavenly Secrets

The two of them looked at each other and smiled.

In the next moment, MO Xiu disappeared from where he was and appeared in Mu Qingyi's position.

Coincidentally, Mu Qingyi also disappeared and appeared at MO Xiu's original position.

The two of them were in a hurry to run towards each other, but they made such a mistake.

The two of them looked at each other again. Mu Qingyi smiled and opened her arms, asking for a hug in front of so many people.

Big Cat was stunned for a moment. He didn't think that MO Xiu would do such a thing. MO Xiu was supreme.

The next moment, MO Xiu appeared behind Mu Qingyi, but he did not hug her.

Big Cat nodded. That's right. How could Wu Shang do such a thing?

Before he could finish his thoughts, Big Cat saw a shocking scene.

Mu Qingyi was not angry. She put down her arms and MO Xiu carried her up in a princess hug from behind.

Even Mu Qingyi did not expect MO Yucheng to do this. She looked at MO Xiu in confusion and said, "I just want to hug you. Put me down quickly!"

"Just hug me like this!"

Big Cat's image of the supreme being collapsed. I didn't expect you to be so supreme.

Due to the effects of the Moxiu Holy Flame, everyone was in a good mood and forgot about the Fox King.

Big Cat reacted and immediately asked, "Wu...Uh, MO Xiu, where is the Fox King?"

Moxiu pointed to the room and said, "I've locked up the Fox King. Just send someone to guard it."

The Fox King was inside the bubble and could not use any skills. The bubble could not be opened from the inside or outside, so he only needed to send someone to guard it.

Big Cat took out a letter and handed it to MO Xiu, saying, ""The Elder of Heavenly Secrets said that he would give it to you after you have finished your seclusion."

After handing the letter to Moxiu, Big Cat brought the others into the room to check.

MO Xiu put Mu Qingyi down and opened the letter to read it.

Inside the house, the big cat entered the room and saw that the Fox King was trapped in a transparent bubble. It looked very weak.

At first, he approached the Fox King carefully. After checking, he found that the Fox King had lost all its abilities and was now more fragile than a baby. It looked at the big cat with a tired face.

"Fox King, where's your arrogance from just now?" Big Cat put her hands on her waist and said. Now, let's see if you want MO Xiu's life or MO Xiu wants yours. "

Outside the house.

Moxiu finished reading the letter and burned it. He muttered to himself, ""I can change the heavenly secrets!"

MO Xiu turned around and said to Mu Qingyi and Li Yuan, ""1'11 go deal with some things first!"

The two of them knew that the situation in the west was urgent. They didn't say anything and just nodded.

After that, MO Xiu split into three and went in different directions. One went west, one went south, and the last one held Mu Qingyi's hand and wanted to go north.

Moxiu used his Distraction skill.

### “Third Skill: Distraction

[Skill Effect: Can summon two clones. They have 100% of the main body’s attributes when summoned. They can use all the main body’s skills and can freely turn off the clones.]

[Additional effect: Divine Sense. The clone and the main body share the same divine sense. The main body can freely control the clone without reducing its spiritual power. ]

[Additional effect: Infinite. There is no distance limit between the main body and the clone.]

[Additional effect: Sharing. The doppelganger has an independent vision and can share it with the main body.]

[Additional effect: Separation. After the clone appears, the state of the main body will not affect the clone, and vice versa.]

[Additional effect: Camouflage. Before summoning a clone, you can disguise yourself. The clone will change its body shape, appearance, and voice according to the original body’s imagination (no restrictions). ]

[Additional Skill: Battle Chief. Transforms into a war puppet and breaks away from the main body’s control. Executes indiscriminate slaughter regardless of losses. All attributes increased by 500%. Can be released once. Cannot be deactivated.]

[Additional skill: Independent. The avatar can become a complete individual independently and inherit all the attributes of the main body.]

[Additional skill: Stacking. Can be stacked twice. The number of clones will be doubled without affecting their attributes.]

[Duration: Permanent.]

Cooldown: 1 second.”

The final form of the avatar could summon up to four avatars. There was no difference in strength between the avatar and the main body. It was equivalent to Moxiu forming an invincible team by himself.

On the western battlefield.

Dragon General knocked down the nine masters and walked towards Yang Qingzhuo.

“If it weren’t for you, I wouldn’t have wasted so much time. You’ll be the first to die!”

Yang Qingzhuo’s injuries were severe, and he could only retreat bit by bit.

During the battle with the humans, the dragon had deeply experienced the craftiness of the humans. It was unwilling to give them any more time. It killed the few people present. After the humans were crippled for a long time, the dragon could do whatever it wanted in peace.

Yang Qingzhuo had nowhere to hide, so he threw a punch at him.

The Dragon smiled. He felt very happy when he thought that the battle was about to end and he could do whatever he wanted with the rest of the time.

“Bang!”

With a loud bang, the scene of Yang Qingzhuo being smashed into pieces did not appear. It was like hitting an iron plate.

The smile on the dragon’s face disappeared. A sword blocked his fist in front of him. He looked around and found no one.

After the battle with the nine people, the Dragon became more cautious. He did not continue to move immediately. He took two steps back and said, "Who is it? Don't be so paranoid. Come out if you have the guts."

The sword turned around and pointed at the dragon.

A figure gradually appeared on the sword. At first, it was just a light shadow, but slowly, it became a living person.

"MO Xiu?" The Dragon frowned. Why are you here?"

Moxiu came down from the sword, held the Holy Sword, and placed it behind his back.

"The Fox King is your mother, right? She has done so many things for you, but you're not willing to call her mother?"

The Dragon laughed disdainfully. Are you trying to reason with me by using the fact that humans have no morals at all? What she did for me was something she was willing to do. Why should I thank her? Ridiculous."

"I killed the Fox King," MO Xiu said with a slight smile."

' Nonsense!!!"

The dragon was furious and appeared to be somewhat flustered. "I thought you didn't care about the Fox King? Why are you so nervous?"

' She must have been trapped by your schemes," the Dragon said with a panicked look in his eyes." I'll go find her after I kill all of you.""

Moxiu chuckled. With a wave of his hand, a golden light appeared. The Holy Flame skill was activated, and the nine people on the ground recovered. They stood up and saw Moxiu.

When Xi Bei saw that MO Xiu had arrived, the burden in his heart was lifted. MO Xiu's appearance here meant that the Fox King was at least being controlled. Furthermore, the Elder of Heavenly Secrets had said that if MO Xiu did not move, the heavenly secrets would not be determined.

The five members of Moxiu's team were even more excited. Moxiu was not only their captain, but also their faith.

Xiao Hong and Yang Qingzhuo, in particular, had tears in their eyes when they saw MO Xiu.

The Dragon looked at the nine people around him in disbelief. How did they recover in an instant?

"You didn't answer my question directly. The fact that I'm here means that the Fox King is finished.. Can't you even think of such a simple question? Also, do you still think you can kill all of us?"

#### Chapter 608: Final Form Holy Sword and Passive Skill

Just now, the nine of them working together had already given the Dragon a headache. Now, there was another MO Xiu. For the first time, the Dragon thought of escaping.

With the thought of escaping in his mind, his body moved as well, and his feet retreated slightly.

This action was captured by Moxiu.

"You still haven't answered my question, Dragon! You've already lost."

While thinking about how to escape, the Dragon said stubbornly, "Nonsense!"

How did I lose? Do you humans only know how to bully people with numbers?"

MO Xiu stretched out a finger and pointed forward."Go back and look at the battlefield! Wild beasts are selfish by nature. They don't have any cooperation, which is why they lost to us humans. Also, who said that we only rely on numbers? I'll fight you one-on-one now. Do you dare?"

Before the Dragon could speak, Xiao Hong said,""Mo Xiu, don't underestimate the enemy!"

MO Xiu waved his hand and smiled at Xiao Hong, signaling her to rest assured.

Dragon One immediately perked up when he heard that. It would be difficult to escape with so many people blocking their path. If he could hold Moxiu hostage, he might be able to escape unscathed.

"You were the one who gave the final, don't blame me for bullying you!" "How could that be? I've already seen through your true nature."

Moxiu threw the saint sword in his hand into the air, and it immediately turned into tens of thousands of swords that flew into the chaotic battlefield.

The Holy Sword seemed to possess intelligence, accurately distinguishing the beasts and piercing through their heads,

It was the same for every sword. Tens of thousands of swords passed through the battlefield, and more than half of the wild beasts died in a short while.

Wherever the Holy Sword passed, the heads of wild beasts would fall to the ground, whether they were ordinary soldiers or city lords.

He had no resistance against the Holy Sword and died immediately.

This move shocked everyone present. The nine of them looked at the battlefield with their mouths agape, then turned to look at Moxiu.

The human soldiers stopped what they were doing and stood rooted to the ground, not knowing what was going on.

The reaction of the beast soldiers was the most realistic. When they saw the invincible Holy Sword, they immediately turned around and ran.

In the previous battle between wild beasts and humans, they were at a disadvantage, but they still had the strength to fight.

The addition of the Holy Sword completely broke the balance between the two sides.

“Second Skill: Holy Sword

[Skill effect: Summon the Holy Sword from any place (as long as it has an impression in your mind). You can freely control the movement of the Holy Sword (the movement distance is unlimited). The sharpness of the Holy Sword is equivalent to 1,000,000 of the attack power of the main body when releasing the skill.]

Additional effect: 10,000 swords can control the Holy Sword to instantly turn into any number of small swords to attack. Each small sword can be controlled independently (the number of small swords is dependent on the strength of the spiritual power). The power of each sword is unchanged.

[Additional effect: Sword Comes. When the Holy Sword is within the control range, it can teleport back to the hand at any time (the object on the sword can be brought back). ]

[Additional effect: Sword Go. The Holy Sword can teleport (unlimited number of times and distance). It can also teleport when carrying objects.]

[Additional effect: Sword Soul Holy Sword has self- awareness. All the swords in the state of ten thousand swords have self-awareness. The first purpose of the game is always to protect.]

[Additional effect: Perception sharing. The Holy Sword's perception is shared with the main body. The main body can see what the Holy Sword sees, and the main body can use the Holy Sword to do things.]

[Additional Skill: One Sword. The sharpness of the Holy Sword is converted back into attack power. It can attack once every minute.]

10,000 swords, it can activate 10,000 Swords as One. It attacks the moment it is combined. The sharpness and attack power are completely stacked.]

[Additional effect: Space. There is an independent space in the sword that can store people and objects (100 cubic meters). ]

[Additional skill: Skill Storage. When the Holy Sword is activated, it can store a skill of the main body and release it alone (10 times).]

[Summon duration: 100 hours]

Cooldown time: 10 seconds.”

After the Holy Sword was upgraded to its complete form, it could also be used as a clone of Moxiu and could transport a large number of objects.

The passive skills had also been upgraded. The final form of Reversal was that all skills did not have a cooldown and all skills appeared at the same time. From four skill slots, it had become eight.

There was also a hidden function, which was to activate the skill automatically. After activating it, the effect of the next skill would increase by 50. The final form of the passive skill, Self-Healing, was to be immune to all negative effects. It could be activated and deactivated.

When it was turned off, there was a partial self-healing effect. When it was turned on, it would self-heal to the limit.

In other words, as long as he was still alive, any injury would be healed.

The passive skill was random, and the final form of the skill was random. It definitely did not match its name.

Because it was no longer random, the entire skill library was open to Moxiu, who could use it at will.

It looked like an extremely heaven-defying skill, but in reality, Moxiu felt that this skill was the most useless because no skill could compare to his own skill.

Back at the scene.

The wild beasts fled in panic. Xi Bei knew Moxiu's intentions. The last time, Moxiu had ordered them to pursue.

Xi Bei immediately ordered the human army, "All troops, pursue!"

This time, MO Xiu waved his hand to stop him.

"Let them leave!"

Xi Bei looked at Moxiu, not knowing what Moxiu was thinking. In the end, he still listened to Moxiu and asked the human army to stop chasing, because Moxiu's previous decisions were never wrong.

Dragon Boy gritted his teeth. If the Fox King was really dead as Moxiu had said, and the Beast Army had retreated, then he was the only Beast left in the central region.

Human!" The dragon angrily said to Moxiu, "Humans are despicable indeed. Moxiu, you clearly said that you wanted to fight me one-on-one just now. Why did you suddenly attack the battlefield?"

“I never went back on my word. The battle between us is still valid. I just don’t want anyone to disturb us. Don’t you think it’s a little noisy behind us?”

The dragon was a little angry. Facing the current situation and facing Moxiu, the dragon that had been lawless since young felt fear for the first time.

This fear was very strange. The Dragon clearly knew that he was still the strongest person present. Even Moxiu was not his match.

However, there was a kind of fear. He recalled what the ape king had said in the past. If he smiled at his opponent, he would die sooner or later.

Now, the dragon finally understood what the ape king had said. Just based on the strength on the books, the wild beasts of the Western Region were still stronger than those of the Central Region.

However, judging from the current outcome, even without Moxiu, the only advantage the Western Regions had was the two Beast Kings.

Other than the top experts that humans could not deal with, the rest of the places had been flattened by other methods.

Humans were not lambs. They were terrifying and could often do the impossible.

The dragon stood in place and did not speak. MO Xiu wrong? Are you afraid now that you don’t have any other helpers by your side?”

“Nonsense! Why would I be afraid of you? I almost forgot the purpose of coming here this time. It’s to kill you! MO Xiu!”

Moxiu stretched out his index finger and hooked it. The dragon was alone, shrouded in loneliness..

Chapter 609: Martial God (1)

MO Xiu curled his fingers.

The Dragon didn't hesitate. There was nothing to worry about in this situation. If he wanted to escape, he had to capture Moxiu.

The dragon leaped up and charged straight at MO Xiu. It raised its hand and punched.

No matter how Long felt, he didn't feel that he was inferior to MO Xiu. No one present could withstand this punch.

The time it took for the punch to arrive in front of Moxiu was clearly in the blink of an eye, but it seemed exceptionally long.

After attacking the central region, the Dragon's state of mind underwent a huge change. It went from being arrogant to facing the strength of humans, and then to fear.

Moxiu had long seen what kind of person the Dragon was. Compared to a ferocious beast, he was more like a child spoiled by his mother.

He never considered the feelings of others, not even his mother, the Fox King.

When he lost his mother's protection, he felt fear and hesitation. This was a dragon.

At the end of the day, he was just a child, a child who killed cruelly.

The fist descended. Just as it was about to hit Moxiu's face, a hand appeared and blocked the Dragon's punch.

The Dragon was slightly stunned. Judging from Moxiu's reaction, it was impossible for him to receive his punch so quickly.

Dragon's first reaction was that someone was helping Moxiu. He looked around and saw no one.

He looked back at Moxiu, who was smiling at the dragon.

This smile was filled with contempt, which made the Dragon extremely unhappy. He didn't retract his right fist and punched out with his left fist again.

As expected, this punch was also blocked.

Anyone who had fought knew that punching and receiving punches were two completely different concepts.

It was difficult to catch a punch of the same strength.

It was even more difficult to receive the punch, not to mention that Moxiu was able to steadily receive it. This was enough to show that Moxiu's strength was not inferior to the dragon.

The dragon could not accept this fact and continued to attack Moxiu with its golden tentacles.

The golden tentacles split into more than ten and attacked Moxiu.

"MO Xiu, let me see how many hands you have!"

Clang! Clang! Clang! Clang!

The golden tentacles were all blocked. The dragon took a closer look and saw that it was a flying sword!

'The flying sword that had just killed the Beast army successfully destroyed the tentacle.

Mo Xiu said with a smile, "I have countless hands! Do you still want to try?"

The first time!

The dragon felt that it was inferior to others.

The dragon replaced the ape king's position as the beast king. Its attacks were mainly physical attacks. If it could not even defeat Mo Xiu in close combat, then there was no hope.

"Do you understand now?" asked Mo Xiu. The Fox King is dead, and you are about to die!"

The dragon retracted its fists and tentacles." Mo Xiu, even if I die today, I will bring you along!"

"Oh? If you say that, I'll be afraid."

"Are you afraid of death? We wild beasts are not afraid!"

"No, I can't! You beasts are afraid of death too. Otherwise, why did you show fear just now? Why did the beast soldiers of the Western Regions flee?"

"No, I can't! I have never been afraid! I am a dignified Beast King, how can I be afraid of you alone?"

Mo Xiu did not respond to the dragon and continued, "However, the reason for fear of death is different. Beasts are selfish and instinctive, but humans are afraid that they will never see their loved ones again!"

"What bullshit! Go to hell!"

‘Roar!’ The dragon roared, and the golden liquid gradually softened. In the end, it turned into a liquid that wrapped around the dragon’s body.

MO Xiu had seen a similar scene before. When he fought Zhou Qiuwu in Yan Da, Zhou Qiuwu’s skill was similar to this.

However, the dragon did not stop there. The golden liquid did not stop after it covered the dragon’s body and began to shrink.

As the golden liquid shrank, the dragon’s screams could be heard clearly.

The scream lasted until the golden liquid stopped shrinking. After it stopped, the liquid became hard again and finally turned into a sharp spike the size of a normal sword.

This scene terrified everyone present.

Why did the dragon scream?

It was because the golden liquid had squeezed the dragon’s body from its normal size to the size of a spike.

The spike turned around and aimed in Moxiu’s direction. The dragon’s voice sounded weak and strange.

“MO Xiu! Take this!”

After saying that, he didn’t give Moxiu any time to speak and directly shot out.

Moxiu sensed danger from the spike and wanted to dodge, but the spike seemed to have locked onto him.

The speed of the spike was extremely fast, and it pierced Moxiu in an instant.

Moxiu blocked it with one hand and pushed the spike out.

The fourth skill was ineffective!

Spike hesitated for a moment. The dragon was clearly stunned by Moxiu's method. What was so magical about those hands? How could he catch anything?

However, since Mount Gu was a road, the dragon had no way out and could only continue to attack.

Seven consecutive times, MO Xiu didn't fail to do anything. He used his hand to receive the attack twice, and these two times, MO Xiu managed to close the deal without any danger.

After seven times, the golden spike that had completely retracted its might turned into a pool of golden liquid again, and the dragon's body instantly returned to its original state.

The liquid was no longer under the dragon's control and seeped into the ground.

The dragon was extremely weak. Its eyes were filled with hatred as it looked at Moxiu.

"Impossible! How can there be someone stronger than me in this world?" "At this point, haven't you recognized the reality?"

The dragon sat on the ground weakly, as if it had completely given up.

Moxiu was able to receive the Dragon's ultimate move because, apart from the fact that his four skills were ineffective, he also relied on his core skill, the Martial God.

"Skill 1:

[Skill effect: Increases all attributes by 1,000,000%. Immune to all elemental damage.]

[Additional effect: Cripple (can be turned on or off), injure other targets under the effect of the skill, permanently unable to heal (no healing skills can heal). ]

[Additional Skill: Divine Armor. Active activation. Permanent activation.

Physical Defense, Elemental Defense, and Mental Defense increased by

800,000%.]

[Additional skill: Martial God Possession. The Martial God is attached to the main body. All attributes of the main body at this stage are doubled. The main body's comprehension ability is increased by ten times. Twelve hours.]

[Additional skill: Martial God's Hand. The defense of both hands has reached the limit. It can receive skills and attacks from others.]

[Additional skill: True Essence of the Martial God. When used on other targets, it can increase the target's talent and comprehension ability.]

[Duration: Permanent.]

Cooldown time: None."

The War God and God's Authority had always been Moxiu's core skills. No matter how many skills he had awakened on his path of growth, this had never changed.

He had used the Martial God's additional skill, the Martial God's Hand, to receive the Dragon's ultimate move.

In his previous life, Moxiu was able to be called Supreme because he had killed his way out. He had also relied on this Martial God skill.

In his previous life, MO Xiu had wanted to pass down the Martial God's skills and find the 'big' family to duplicate them. Unfortunately, the limit breaking skills could not be duplicated. The family head had only copied the Martial God's skills in the initial stage. Now, it could reach Level 7. This was the result of the hard work of the 'big' family..

#### Chapter 610: The Victory I've Been Waiting For A Hundred Years

The dragon sat on the ground and seemed to have given up resisting.

Moxiu waved his hand and activated True Destruction, trapping the dragon within the bubble.

At this moment, an expression that should not have appeared on the dragon's face appeared.

The dragon laughed, and Moxiu laughed as well.

With another wave of his hand, a bubble rose from the ground. Inside the bubble was the pool of golden liquid.

The Dragon's expression instantly changed, and he looked at Moxiu in horror. Moxiu waved his hand again, and the two bubbles merged into one. The dragon and the golden liquid were trapped together.

This time, the dragon lost all hope and asked in despair, "Mo Xiu! How did you know?"

"Your acting skills are not bad, but you are a beast king. I will never underestimate any beast king."

The Dragon stared at Moxiu for a while before shaking his head. "I lost."

The others looked at Moxiu and the Dragon in confusion, not knowing what they were talking about.

MO Xiu's next words answered the doubts in everyone's hearts.

"If my guess is correct, when you fused with the golden liquid, a portion of your genes remained in the liquid, right? As long as the golden liquid can escape, you can regenerate!"

The surrounding people were all shocked. What kind of vitality was this? How could it be like this?

Another question appeared in everyone's mind. How did Moxiu know?

The dragon did not speak, nor did he struggle in the bubble. The moment he was trapped by the bubble, he knew that there was no hope. At this moment, he closed his eyes and lay quietly in the bubble.

Seeing this, everyone rushed forward and surrounded MO Xiu.

This time, Moxiu didn't use any tricks. He relied purely on his strength to resolve the crisis.

Only when one's strength was insufficient would one think of ways to make up for the difference in strength.

The current MO Xiu was the supreme and invincible existence of his previous life. There was no need to waste time and effort.

Everyone surrounded Moxiu, and the entire central army cheered.

Even if at this time they are exhausted even if at this time they want to fall on the bed snoring.

At this moment, he used the last of his strength and shouted crazily.

Some were shouting Moxiu's name, some were shouting that they had finally won, some were crying tears of joy, and some didn't even know what they were saying.

No matter how people reacted, it was no longer important because they had won.

The crisis that had troubled mankind for more than a hundred years had finally been resolved. The two kings of the Western Regions had been locked up by Moxiu.

Of the eight beast kings, only the eastern region's Heaven Devouring Beast, the southern region's Phoenix King and Elephant King, and the northern region's heavily injured Bear King remained.

It would be very difficult for a new Beast King to appear, at least not for a while. This was especially true in the Western Regions, which had suffered a great loss. It would take decades for another Beast King to appear.

In these few decades, humans had enough time and energy to wipe out all the wild beasts in the Western Regions.

The beasts had lost their advantage, and the humans had won.

The news spread very quickly. Many soldiers immediately called their families to report the good news. It did not take long for the celebration in the west to turn into a celebration in the entire central region.

Moxiu, who was seated in the center, was laughing happily. This scene had finally appeared. Moxiu knew that the final victory wasn't just due to him alone. Everyone had contributed to the battle. Everyone's hard work had combined to form the final victory. However, the battle wasn't over yet. The cheers gradually quieted down, and a figure walked over from afar.

Everyone who saw this figure moved to the sides to make way.

This figure was the Elder of Heavenly Secrets, who had not appeared all this while. He walked towards MO Xiu.

When Elder Tianji walked up to MO Xiu, the two of them looked at each other.

The hundreds of thousands of soldiers present were silent. The two of them were the two greatest heroes of the victory.

The Elder of Heavenly Secrets was preparing for the battle, effectively stalling the wild beasts until Moxiu appeared to turn the tide.

Moxiu, on the other hand, had turned the situation around at the most critical moment.

The two of them were facing each other. This was a historic moment. Everyone wanted to hear what the two of them would say, so there was no noise at all.

The first to speak was the Elder of Heavenly Secrets.

“You are stronger than before.”

There was no reason for him to say this. The others still didn’t know that MO Xiu was Supreme, so they felt that the Old Prophet’s words were a little unnecessary. He had been in seclusion for so long. If he wasn’t as strong as before, would he have come out of seclusion at the end?

Only MO Xiu knew that what the Elder of Heavenly Secrets wanted to ask was that he was even stronger than in his previous life.

In his previous life, Moxiu had been supreme and possessed strength that no one could match. However, he could not control a war by himself like he did now.

“Yes, Old Master Tang and I made the right choice. We have some new insights.”

What MO Xiu meant was that Elder Tang didn’t mention Yoruhan because he didn’t want others to misunderstand.

The two of them chose not to interfere with MO Xiu's life in this life, allowing him to grow freely. Only then would he be able to gain more insights.

He had broken through the bottleneck that he had been unable to break through in his previous life, and his strength had increased by a step.

"Yes, the day has finally come. I believe you are right. You have changed the fate of heaven again. Do you want me to send people to deal with the south and north?"

"There's no need. I've already taken care of it!"

The Elder of Heavenly Secrets was stunned. Those who were familiar with him were all very surprised. This was the first time they had seen him with such an expression. It was as if something had gone out of his control.

"I can no longer see the heavenly secrets on your body."

"What do you mean?"

"You are no longer in the heavenly secrets."

"Is that so? This was the best. He wouldn't be restricted."

"The others are still in the heavenly secrets. I'd better go back to the Yan City

Tavern."

"Oh? Did something happen over there?"

“Yes, perhaps only you can solve it.”

North of the Alliance.

An hour ago.

Boboxiu was organizing information in the tent. There was news that the battle between the bear clan and the Turtle clan had continued until now, and both sides were exhausted.

Due to the rush along the way, the bear king did not recover well, and its injuries worsened.

Boboxiu made a prompt decision and found Boboguo. After a simple discussion, the two of them immediately set off towards the northern region.

He had to catch the two races of the Northern Region off guard. The best opportunity in a long time had appeared.

On the other side of the north.

Mu Qingyi rode the Holy Sword to the place where the residents were transferred.

They were at the foot of a mountain. At this moment, all the residents of Yan City were here. They were under the control of the Fox King. They couldn't remember what had happened before, but now that the Fox King was captured by Mo Xiu, all of his skills had been removed.

The residents of Yan City who had regained their consciousness were a little panicked. They didn't understand why they were busy with their own things in Yan City one second ago and why they were here the next.

Mu Qingyi was floating in the air on the Holy Sword, and many of the residents were relieved when they saw Mu Qingyi.

There was no one in the central region who did not know MO Xiu. Ever since MO Xiu had returned from the north, Mu Qingyi had been following by his side. Even a fool would know what kind of relationship they had.

Mu Qingyi did not speak, the holy sword under her feet split into tens of thousands of swords and surrounded all the residents.

“Everyone, come home with me!”

MO Xiu’s voice came from the sword..
