

Four Skills 611

Chapter 611 Meeting Gift (1)

"Everyone, come home with me!"

When Moxiu's voice rang out, everyone felt relieved.

Moxiu was a symbol of hope and victory in the hearts of the people in the central continent.

Hearing Moxiu's voice conveyed two messages. One was that everyone was safe.

Compared to everyone's safety, another piece of news was even more exciting. Mo Xiu's voice had appeared here, indicating that Mo Xiu had come out of seclusion.

Every time Moxiu appeared, it would bring victory. This time was no exception, right?

After that, Moxiu's voice rang out once more, explaining the truth of the entire matter. After listening to it, the people felt as if they had just survived a disaster.

He thought about how Mu Qingyi had chosen to save all the people present at the most critical moment.

The people cast grateful gazes at Mu Qingyi.

After the explanation, the Holy Sword became more rigid. The Holy Sword emitted light and sucked all the people in.

Mu Qingyi disappeared on her sword. The saint swords that contained the citizens of Yan City also disappeared and returned to Yan City.

Back to the northern army.

Boboxiu and Boboguo led the army forward at full speed. They had to arrive before the battle between the Turtle clan and the bear clan ended.

The two races of the Northern Region didn't know what the army meant. They didn't know which side the army belonged to and who they would help.

As long as they could intervene during the battle, the two races would definitely not be able to distinguish between friend and foe. The northern army had to be careful. They could completely defeat the two races while reducing casualties.

This was Boboxiu's plan. He didn't care if the army was tired or not, but he had to reach the battlefield as quickly as possible.

Under the urging of Bobo and Bobo, they arrived at the battlefield in less than an hour.

When they arrived at the battlefield, the scene was completely different from the information.

The intelligence stated that the bear clan and the Turtle clan had launched an all-out war. The Turtle clan would not let go of such a good opportunity to injure the bear king and planned to fight to the death.

Therefore, the battlefield was extremely large and tragic. Bobogo and Boboxiu, who were standing at the front of the northern army, saw that there was not a single beast here.

Bobo looked at Bobo.

Boboxiu didn't know what was going on either, so he said, "Let's walk forward. If we continue forward, it will be the territory of the bear clan. No matter what, the bear clan will not give up their territory, right? Unless the bear clan has already been defeated."

The situation was unexpected. There were no wild beasts here, but there were traces of an intense battle on the ground. However, it was impossible to judge the situation just like that. He walked in and took a look.

"Could this be a trap set by the Bear clan and the Turtle clan?" Boboguo asked worriedly. You want to lure us in and capture us all?"

Bobosio was also a little worried. He shook his head and said, "I hope not! Even if they are, we'll have to jump in. It wasn't easy for us to exhaust the Turtle clan and the Bear clan to their current state in the past few months. If we send out our troops now, our ambitions will be exposed sooner or later. Once the two clans recover, we'll have no chance at all."

Bobo understood Boboxiu's words. No matter what, he could only brace himself and move forward.

This journey took more than an hour, which was even longer than the time they spent on the border.

They walked very slowly because it was too strange. There was not a single wild beast in the bear clan's territory. Where did the wild beasts go?

He only saw a figure when he reached the entrance of the bear king's cave.

However, this figure was not a beast, but a human.

This person stood on the top of the mountain. It was noon at this time. Under the sunlight, one could not see the person's appearance clearly. One could only see a rough outline.

It was an adult male who was carrying something in his hand.

Bobogo looked at Boboxiu. Boboxiu was also a little bewildered.

He did not act rashly and shouted at the top of the mountain, "May I know who you are? Did you see any beasts nearby?"

The man on the mountaintop didn't say anything. He threw the thing in his hand down from the mountaintop.

With a clang, it landed right in front of the two leaders, Boboxiu and Boboxiu.

Boboxiu looked at the figure at the top of the mountain in confusion. Then, his gaze fell on the thing on the ground.

Looking closely, it was actually a head. It was the head of the bear race, and its facial features were facing down at the two of them.

Boboguo frowned and said to Boboxiu, "Xio, what does this person mean? Provoke?"

Bobosio's expression was grave as he stared at the head.

"Turn that head over!"

Boboguo didn't understand the meaning behind Boboxiu's actions.

However, Bobo still obediently walked over and turned his huge head over.

Boboguo, who was initially unconcerned, was stunned when he saw the head.

Bobo was standing at the back and was blocked by Bobo's body. When he saw that Bobo had stopped moving, he rushed forward to take a look.

Bobo's reaction was exactly the same as Bobo's. He was stunned when he saw the head.

Then, under the watchful eyes of the northern soldiers, a strange scene appeared.

The two supreme leaders squatted down in front of the bear clan's head. It seemed like they were studying it.

"Xio, this is...right?"

"Hiss...I think so. You've seen it with your own eyes, so you should know it better than me."

Bobo held the head and looked at it carefully for a long time. He looked at Bobo and confirmed, "I can confirm that this is the head of the Bear King!"

"Whoa!"

Bobosio was shocked. Even he was unable to judge the current situation.

There was not a single wild beast in the bear territory. The bear clan and the Turtle clan had disappeared.

When they arrived at the Bear King's cave, they found a mysterious man who had thrown the Bear King's head down.

All of this was beyond Boboxiu's comprehension. Just as he was thinking about how to get in touch with this man... the man on the mountaintop said.

"Boboxiu, right? I've always wanted to meet you. Take this as a gift for our first meeting!"

Bobosio gazed at the summit, feeling that this voice was somewhat familiar.

"Thank you for solving a big problem for the north. I wonder if you can come down so that we can properly thank you."

"Come up, you're alone!"

"Alright, I'll go up now!" Bobosio said without hesitation."

After saying that, Bobo was about to go up the mountain when Bobo grabbed him." Xiu! No, we still don't know the situation. What if you go up and it's dangerous?"

Bobosio was too important to the north, and Bobogo had no choice but to be careful.

"Don't worry! I'm fine!"

"We can't trust him so easily!"

"I believe you. You said that this is the head of the Bear King. I believe that it should be easier for a person who can obtain the head of the Bear King under the protection of the Bear tribe to take my head, right? Besides, I might have guessed who the person above is."

"Who is it?"

Boboxiu did not speak. He had not awakened any skills yet. He found a path and climbed up.

He jogged all the way to the top of the mountain and was already covered in sweat.

However, when he got close to that figure, Bobosio smiled happily.

"Mr. Mo! I finally see you!"

Chapter 612: I'll Give You a Chance, But You 're Useless

“Mr. MO, I’ve finally seen you!”

Who else could be standing at the summit but MO Xiu?

To be more precise, it was not MO Xiu himself, but his clone that had come with Mu Qingyi. After entering the north, the two of them split up. Mu Qingyi went to fetch the people of Yan City, while MO Xiu came here earlier.

After coming, he killed the bear king and forced the wild beasts back.

“You’re very smart. You guessed it was me before you came up.” “Teacher, you taught me well!”

“Teacher? I didn’t teach you anything. You learned it yourself.”

Boboxiu said, “I changed my name to Boboxiu because I hope I can be like you and save many people without using force.”“

MO Xiu smiled. Why did it sound like he was mocking him? Wasn’t what he was doing now using force to resolve things?

“What do you mean? Do you want to take me as your master?”

Boboxiu wasn’t stupid. When he heard Moxiu’s words, he immediately knelt down.” I, Boboxiu, can forget about asking you to take me as your disciple!”

Moxiu took out a box and placed it on the ground. Boboxiu didn’t understand. Did he agree or not?

“What do you mean?”

“Since you’ve acknowledged me as your master, of course I have to give you a gift! ”

Boboxiu immediately laughed and excitedly picked up the box. He wanted to see what Moxiu had given him.

Opening the box, there was a black dagger inside. Other than the black glow, there was nothing special about it.

“This dagger is called Black Qilin. You haven’t awakened any skills yet, so keep it for self-defense.”

Boboxiu did not know how precious this dagger was, but he still kept it as a treasure.

“Yes, sir! Master!”

“I’m leaving! You’re my second disciple. I hope you can live as you wish.”

Bobosio lowered his head slightly, his eyes revealing a look of disappointment.” Master, are you leaving just like that?” “The war is over. We will have a lot of time to meet in the future.”

“Alright then!”

“Remember to drink more tea. The northerners are celebrating, so you have to remember to drink tea.”

“Yes, yes, I’ve been drinking. Don’t worry! ”

“Also, the wild beasts have retreated to a very far place. There’s no need to kill them all.”

“Good! I’ll listen to you!”

After saying that, Moxiu disappeared from his spot.

Bobosio still didn't know that the central continent had already won. However, his master had said that the war had already ended, so there shouldn't be any problems.

Boboxiu stood alone at the peak of the mountain for a long time. His master was truly a charming person. He had imagined meeting Moxiu countless times, but none of them were the same as reality.

They were just chatting.

Boboxiu descended the mountain, and Boboguo, who was waiting anxiously at the foot of the mountain, went up to him.

"How is it? Who was that person? What did they say?"

"That person...is my master!"

In the south, Moxiu's other clone entered the southern region of the human race.

MO Xiu did not hide his tracks and swaggered into the south, attracting the attention of King Nan.

King Nan invited MO Xiu to his room. As soon as MO Xiu entered the room, King Nan felt that this young man whom he had heard of countless times seemed somewhat familiar.

The first thing MO Xiu said when he entered was, "Sha Emperor, we meet again!"

King Nan's entire body trembled. MO Xiu's words and expression were extremely similar to one person. Supreme.

"You! You!"

"You what? We're all old friends. I didn't expect you to make the right choice in the end. However, the people of the south have suffered for many years."

The Southern King excitedly went forward and looked at MO Xiu carefully.””You’re Supreme? Is this true?”

“It’s the real deal!”

“Hahaha! I knew it. Even I can live until now. How can you, the mighty

Supreme, die just like that?”

“Yes, I let you live for so many years.”

“Wait! Your appearance here means that the central region...”

King Nan could already imagine that at this critical moment, everyone was waiting for the outcome of the battle between the central and western regions.

Wu Shang had actually come to the south, which meant that the battle in the central region had already ended.

“That’s right!” Moxiu nodded. The battle over there has ended. I’m here to help you deal with the Southern Mountain Range.”

The Southern King was so happy that he almost jumped up. Originally, with him alone in the south, they could resist the south. Now that there was Supreme, there was no problem taking down the Southern Region.

“When do we make our move?”

“There’s no need to make a move. Just ask the two Beast Kings of the Southern

Mountain Range out for a chat!”

“We have the power in our hands, so why should we talk?”

“Reduce casualties!”

“Understood. I’ll go now!”

Half a day later, Moxiu and King Nan met with the two beast kings of the Southern Mountain Range to negotiate at the border.

The two Beast Kings were stunned as soon as they arrived. They had never seen Moxiu in person, but they had seen him in photos.

Just like King Nan, Moxiu’s appearance here proved that the war in the central continent had ended.

The Southern Mountain Range no longer had a chance.

The Phoenix King was a fire bird. It folded its wings and stared at MO Xiu, as if it was about to spit fire.

The Elephant King was a giant elephant, so big that it was unbelievable.

The Phoenix King was the first to speak.” MO Xiu, why didn’t you go to the central region? Why did you come to the southern region?”“

‘ Cut the crap,” Moxiu said without any hesitation.” I still have a lot of important things to do. I’ve captured the two Beast Kings of the central continent. The war is over. I want to see your attitude now!’“

The Elephant King retorted,”You captured the two beast kings of the Western Regions?” Shameless boasting!”

"If it's really like what you said, and you came back to negotiate with us, I think there's a trap!" The Phoenix King chimed in."

"Sigh!" MO Xiu shook his head and sighed. Even if I give you a chance, you're useless!"

"What do you mean?" the two beast kings asked together."

"I originally thought that it would be easier to talk to you two and wanted to give you two a chance. Now, it seems that there's no need for that. I'll give you two a choice."

The Phoenix King and the Elephant King were not easy to bully. When they heard this, they immediately became angry and said,"I think you want to die!" The two beast kings immediately attacked. King Nan had waited for a long time. He finally had a chance to move around.

However, before King Nan could prepare, the battle had already ended.

Moxiu knocked down the Elephant King with a punch, and the Holy Sword pierced through the Phoenix King's wings in the air, causing it to fall to the ground.

King Nan watched as Moxiu dealt with the two Beast Kings as if he was bullying children. He was stunned on the spot in disbelief.

Terrifying! It was too terrifying!

The previous Supreme was definitely not so terrifying. If it had such strength in the past, the wild beasts would have gone extinct a hundred years ago!

The two Beast Kings fell to the ground and realized that what Moxiu had said was true. He was not boasting.

From the looks of it, what happened in the central continent was true. The beasts had completely lost this war, and the books had suffered a crushing defeat!

The Phoenix King immediately shouted, "Mo Xiu, I choose!" I choose to lose my freedom!"

MO Xiu raised his hand and activated the Destructive Vacuum, enveloping the

Phoenix King within.

"What about you?"

"I want to live too!"

Chapter 613: No Regrets (1)

In the central region of Yan City.

The Elder of Heavenly Secrets had asked MO Xiu to come back.

With MO Xiu's many years of understanding of the heavenly secrets, he knew that the matter was definitely not simple. Otherwise, the heavenly secrets would not have revealed it at this moment.

Moxiu used Go Forth's teleportation skill to return to the tavern.

Just as he reached the door, he heard a shrill scream coming from inside.

It was so hysterical that her voice was distorted. However, MO Xiu could still tell that it was Li Ling 'er's voice.

In this life, Li Ling 'er had been very good to him. Ever since he was an unknown rising star of the Imperial Family, she had always been helping MO

Xiu.

It made MO Xiu feel that this was his elder sister.

This kind of relationship caused MO Xiu's heart to become a little chaotic. That's right, before he came out of seclusion, it was Li Ling 'er who had blocked the Fox King's last move for him.

After coming out of seclusion, why did he go straight to the three battlefields and forget about Li Ling 'er's injury?

MO Xiu was anxious. He was afraid that something would happen to Li Ling 'er, so he found the right direction and directly flashed in.

When he arrived at a room and saw the scene inside, Moxiu could roughly guess what had happened.

It was not Li Ling 'er who was in trouble, but Zhuge Zhong.

At this moment, Zhuge Zhong was lying on the bed. He had a head full of white hair and a face full of wrinkles. He had suddenly turned into an old man. He was lying weakly on Li Ling 'er's lap.

Li Ling 'er's face was pale, and she was trembling as she said, ""Zhuge zhong! You can't just leave like this!"

Zhuge Zhong looked at Li Ling 'er's face and wanted to raise his hand to touch it, but he couldn't.

Li Ling 'er could tell what Zhuge Zhong wanted to do. She took Zhuge Zhong's hand and placed it on her face.

“What are you trying to say? Tell me quickly!”

Zhuge Zhong was extremely weak, but there was still a smile on his face that would only appear when he saw Li Ling ‘er.

“Ling ‘er, I, I, can’t, accompany you anymore!”

Li Ling ‘er hit Zhuge Zhong’s chest. Then, she felt that she was too useless and apologized profusely.

“I’m sorry, I’m sorry! I don’t want you to go!

At this moment, the two of them only had eyes for each other and could not see anything else. They actually did not notice that MO Xiu was standing beside them.

Looking at the current situation, Moxiu knew what had happened.

Li Ling ‘er was severely injured after being hit. After Lieutenant General Zhuge saved her, he immediately used his innate skill to heal her.

The Zhuge family’s skills could cure anyone and anything, but the price they had to pay was their vitality.

It was pure vitality. At this moment, Zhuge Zhong had less than an hour left.

Moxiu only knew that the two of them had a good relationship, but he didn’t understand why it was like this.

The two of them were not compatible at all, and they were not close to each other in the royal family. How could there be such pure feelings?

In war, they could make mistakes for each other, but they could only think of each other.

At this moment, Li Ling'er's injuries were too severe. Zhuge Zhong did not hesitate to exchange his life for Li Ling'er's.

Zhuge Zhong was too weak to speak. Li Ling'er hugged him tightly.

Only after hugging him did he see MO Xiu.

Li Ling'er seemed to have seen a life-saving straw as she begged MO Xiu, "Mo

Xiu, Zhuge Zhong is about to die. Quickly save him! I beg you!"

MO Xiu walked over and checked Zhuge Zhong's injuries. It wasn't that Zhuge Zhong wasn't injured, but his life force had been used up and there was no way to recover.

It was not because of his injuries or fatigue. There was no way to heal him. It was impossible to extend Zhuge Zhong's life unless another member of the Zhuge family came. However, it was meaningless to sacrifice so many members of the Zhuge family if Zhuge Zhong wanted to live.

MO Xiu shook his head and Li Ling'er started crying. The last hope of the game was gone.

Seeing Li Ling'er crying so hard, MO Xiu felt bad. He really had no other choice.

Wait a minute!

There was one last way!

"Sis, don't cry. I have another idea!" MO Xiu immediately said."

Li Ling 'er was crying her eyes out. Coupled with her pale face, how haggard could she be?

"Really?"

Li Ling 'er didn't want to disappoint Youli again.

"Really, but whether or not we can pass this test depends on Zhuge Zhong himself."

"What should we do? Hurry up and try!"

"Alright, you can go out first. My method can't be carried out here."

Li Ling 'er looked at Zhuge Zhong with reluctance. Even though Zhuge Zhong was weak, he still held Li Ling' er's hand tightly.

Li Ling 'er believed MO Xiu's words. She gritted her teeth and made an important decision. She let go of Zhuge Zhong's hand and walked out of the room.

Zhuce Zhong looked at MO Xiu in confusion, as if he was blaming MO Xiu for disturbing his last moments with his lover.

MO Xiu walked closer to the bed and sat down. He gently tapped Zhuge Zhong's forehead with two fingers.

That's right, enlightenment.

The enchantment could only be used ten times in total. Previously, Xiao Hong, Mu Qingyi, and Li Yuan had used it seven times in total, so there were three times left.

This was Zhuge Zhong's last chance. MO Xiu had enlightened him and wanted to see if he could comprehend the true essence of the Zhuge family's skills in just an hour.

According to Moxiu's prediction, the Zhuge family's skills should be far more powerful than what they had now. If his skills could be upgraded, he might be able to survive.

This was only theoretically possible because there were too many unstable factors.

First of all, whether Zhuge Zhong could upgrade his skills within an hour or not, comprehending the almost impossible upgrade of his innate skills was a difficult problem. Secondly, no one could say for sure whether Zhuge Zhong could survive after upgrading his skills.

His finger lightly tapped Zhuge Zhong's forehead. Zhuge Zhong seemed to have sensed something and looked at MO Xiu in disbelief.

"Do you feel it?" asked Moxiu. This is your last chance. If you want to stay by Li Ling 'er's side, do your best!"

Zhuge Zhong couldn't speak. The determination in his eyes told MO Xiu that regardless of success or failure, this man would give it his all.

He walked out of the room and found Li Ling 'er sitting at the door.

MO Xiu didn't pull Li Ling 'er away. He knew that Li Ling' er wouldn't leave the door, so he simply sat beside her.

"Tell me about it!"

Li Ling 'er looked at MO Xiu in confusion and said,""About what?"

"Tell me your story. I'm very curious about how the two of you got together. I know that you have many husbands."

Li Ling lowered her head slightly as if she was not in the mood. She felt even more depressed when she thought of all the things that had happened in the past.

“That’s all fake.”

“I’m very similar to my aunt. I’m also a traditional person. I have many husbands, but I’ve never slept with any of them. I’m very conflicted. I know that I should continue the bloodline, but I fell in love with Zhuge Zhong.”

“Do you regret it now?”

Li Ling ‘er shook her head and looked at the sky.

“No, I can’t! Whether Zhuge Zhong can come out of the room or not, I won’t regret it!”

Chapter 614: An Ordinary Weekend (1)

“No matter what, I won’t regret it.”

MO Xiu looked at Li Ling ‘er. Li Ling’ er and Zhuge Zhong seemed very different, but they were actually the same kind of people.

He had never regretted making his own decisions. This made MO Xiu a little envious. Even though he had lived two lifetimes, his previous life was still supreme. There were still many things he regretted, such as Tang Wanhua.

“Do you know?” Li Ling ‘er continued. Zhuge Zhong’s attitude towards me was no different from others at first. He was cold, but I liked it. At that time, my mind was filled with one thing. How could I make him smile at me? Now that I think about it, my wish came true. When he was with me, he smiled all the time.”

Li Ling 'er was in a state of mind. As she recalled, she recounted the various things that happened between her and Zhuge Zhong. MO Xiu was listening attentively at the side.

Unlike him and Mu Qingyi, there was also a huge resistance between the two of them.

However, the two of them were braver and more straightforward than MO Xiu and Mu Qingyi. MO Xiu had never been tough in their relationship, while Mu Qingyi had always been in a dilemma.

Li Ling 'er and Zhuge Zhong were different. No matter how many obstacles there were, the two of them kept running towards each other.

After the story was finished, an hour had passed, but Zhuge Zhong still hadn't come out.

The two people sitting outside knew that Zhuge Zhong would not come out.

"Ling 'er!"

A loud shout pulled the two of them out of their disappointment.

Li Ling 'er immediately pushed open the door and entered the room. MO Xiu followed behind her.

Zhuce Zhong was sitting on the bed at this moment, and he looked like a young man. MO Xiu could clearly see that Zhuge Zhong's skills had leveled up, but he only had ten years to live.

Zhuce Zhong looked at MO Xiu with gratitude in his eyes. MO Xiu smiled and left without saying anything.

This was what Zhuge Zhong deserved. In just an hour, because of his conviction, he had done the impossible in order to continue being with Li Ling 'er.

With only ten years to live, who knew if Zhuge Zhong would create another miracle?

Even life and death couldn't separate the two of them. This kind of love was really good!

MO Xiu thought of Mu Qingyi. He had to quickly finish everything and return to Mu Qingyi's side!

Wild Beast Eastern Region.

When the entire continent was in chaos, only the eastern region was not at war.

It was all thanks to Tang Wanhua killing Old Snake and the Heaven Devouring Beast's declaration not to participate in the battle.

At this moment, in the Beast King's residence in the Cat Tribe, the Heaven Devouring Beast was flipping through a book. Ever since he returned to the eastern region, every day had been like this without exception.

The Heaven Devouring Beast was a man of his word, not participating in the battle.

Not only did he not participate in the battle, he did not even inquire about the situation on the battlefield. He did not want to hear some news that he did not want to hear.

The Heaven Devouring Beast was engrossed in its book when it heard footsteps behind it.

"Didn't I say not to disturb me?"

There was no movement behind him. The footsteps were getting closer and closer. The Heaven Devouring Beast realized that something was wrong. These footsteps did not come from the cat clan. They seemed familiar.

The Heaven Devouring Beast turned around cutely. The newcomer was none other than MO Xiu.

“Little Fushun, we meet again!”

The Heaven Devouring Beast’s expression was a little strange. It wasn’t excited to see MO Xiu, nor did it have any other emotions. “If you can come, it means that the humans have won!”

“Yes, the war is over!”

“What do you want to do? We don’t want to be enemies, but if you want to touch my clansmen, we can only fight!”

MO Xiu slowly walked to the Heaven Devouring Beast’s side and sat down. I won’t do anything to your clansmen. I want to discuss something else with you.”

The Heaven Devouring Beast’s expression changed, and a smile finally appeared on its face.

“As long as you don’t attack the cats, everything else is fine.”

MO Xiu stretched out his hand to stroke the Heaven Devouring Beast’s head.

This was a normal action in the past, but it caused the Heaven Devouring Beast to frown.

The current Heaven Devouring Beast was no longer the Little Fushun of the past. It was now a Beast King, the strongest of all wild beasts.

Frowning, he watched as Moxiu’s hand came over. In the end, he didn’t dodge.

“Do you still remember?”

“How could I not remember? When I was at the Cloud Top Villa, although I lost my freedom, I was very happy.”

MO Xiu looked at the Heaven Devouring Beast and smiled.”I’m not talking about that. I’m talking about what happened in my previous life before the mutation.”

MO Xiu and the Heaven Devouring Beast both sank into their memories.

It was early in the morning. The sun was not very bright, but at least it made people feel warm.

MO Xiu, who had just joined the new company, welcomed his first weekend.

The dull work and life made Moxiu feel depressed and dull. He wandered aimlessly on the streets during the weekends.

He did not know when this life would end. There were no dreams, no love, only reality.

Every time he saw a girl who could move his heart, he did not have the courage to confess because he was too ordinary.

The ordinary Moxiu met an ordinary kitten on an ordinary weekend.

As she walked in boredom, she heard a soft meow. It seemed to be as helpless as she was, asking for help.

He looked over and saw a dirty Dragon Li curled up in the corner.

He walked over without being afraid of anyone. He looked straight at MO Xiu and kept muttering.

“What are you talking about?” I don’t understand. You also think that life is very boring, right?”

The kitten stopped meowing. Moxiu stood up and wanted to leave. He had just taken two steps when he felt something rubbing against his feet. He looked down and saw the kitten rubbing its head against his ankle. It was probably looking up at him pitifully.

“How are you acting like a rascal?”

The kitten had no intention of stopping. Moxiu smiled helplessly and bought a bottle of water and a sausage from the supermarket nearby to feed the kitten.

He watched the little guy finish the entire sausage. “Alright, you’ve eaten and drunk now. Stop following me.” After taking a few steps, the little fellow caught up with him again and followed him all the way to MO Xiu’s rented apartment.

“Are you clinging to me?”

MO Xiu carried the little fellow and entered the elevator back to the house. “Let me tell you! You can’t bark at night! Otherwise, I’ll throw you out!” “Were you full just now? I heard that cats are carnivores. Here’s a piece of meat. ”

“Aiya, eat slower!”

“Hey, hey, hey! What are you doing? Why did he poop? I forgot to prepare the cat litter. ”

“It stinks. Let me wash you!”

“Look, doesn’t it smell much better after washing? You grabbed me just now and followed me back, but you still don’t trust me.”

“You’re so skinny. I’ll call you Little Fushun from now on! Don’t starve again!”

During that period of time, Little Fushun was MO Xiu's comfort, adding a lot of fun to MO Xiu's boring life.

To Little Fushun, MO Xiu was his everything.

Until that day, when a meteorite fell, a huge rock smashed into Moxiu's room, separating Moxiu and Little Fushun.

This separation lasted for more than a hundred years.

Moxiu and Little Fushun had become enemies, and when they returned to their old lives, neither of them knew about it..

The *most* up*to*date novels are pub*l*ished on fre(e)webno(v)el.com

Chapter 615: Switch (Final Chapter)

MO Xiu and the Heaven Devouring Beast looked at each other.

"Can I still call you Little Fushun?"

The Heaven Devouring Beast nodded.

"Little Fushun, do you still want to go back to the past?"

The grudge between Moxiu and the Heaven Devouring Beast was simply too long.

It had lasted for so many years. Of course, there was the warmth before the mutation and the Cloud Top Villa, but there was also the fallout during the mutation and the war that lasted for several years.

Until now, no one could say for sure.

MO Xiu knew that it was impossible for the Heaven Devouring Beast to say that it wanted to go back. He was the Beast King now, and he had endless power. How could he possibly want to return to his pet?

‘Yes!’

MO Xiu immediately turned his head to look at the Heaven Devouring Beast, his face filled with shock as he said, “Is what you said true?”

” Yes,” the Heaven Devouring Beast said seriously. “ I’ve been studying human books for a long time. I’ve read almost all of them. In the end, I came to a conclusion. ”

“What is it?”

“Humans are the most suitable to rule this world. In the war that lasted for more than a hundred years, didn’t humans still win in the end?”

“That’s because the eastern region didn’t participate in the war. If the eastern region had participated in the war from the beginning, the humans might have lost long ago.”

“If the humans lose, will the war end?”

“You mean...”

“The biggest difference between wild beasts and humans is morality. What is morality? To put it bluntly, it was a kind of self-restraint. Every race had this kind of self-restraint, but no race did it better than humans.”

MO Xiu didn't want to refute the Heaven Devouring Beast, but he couldn't help but say,""There will be wars between humans. There were many world wars in the past."

"Yeah, even humans rule the earth like this. What about beasts? If it was a beast with a high IQ. in the face of stronger wildness and almost non-existent self-restraint, the creatures on Earth would go extinct."

"I understand what you mean. I didn't expect that the former Little Fushun would actually be a bookworm for several months and understand so many principles. "

The Heaven Devouring Beast put down the book in its hand," Can you make everything go back to the past?"

'Yes!'

"What do we do?"

"Do you still remember what we did to the Sea Tribe?" "Do it again?" The Heaven Devouring Beast's eyes lit up. But..."

"This time, there are only creatures from this continent."

"Alright then!"

At the end of the Eastern Region was a sea area. A hundred years ago, the Beast Kings of the four regions had given a death order not to go near the sea.

For so many years, they had set up a barrier thousands of miles away from the sea. No wild beasts had seen the sea, even if they were right next to the sea.

At this moment, there was a man and a beast sitting by the sea. It was MO Xiu and the Heaven Devouring Beast.

A hundred years was enough to cleanse the sea. In Moxiu's memory, the sea was very dirty before the anomaly.

More than a hundred years had passed. This sea had no end, but it was shockingly beautiful. The clear sea water and the blue sky.

The truth that was hidden was the fact that the fish was swimming freely in the water!

A hundred years ago, after the wild beasts and humans signed the contract,

Moxiu immediately went to the Heaven Devouring Beast to discuss a matter.

The Sky Devouring Beast knew about the Sea Clan. Compared to the human race, the Sea Clan was a bigger threat, so it agreed to join hands with MO Xiu to destroy the Sea Clan.

After repeatedly investigating the Sea Tribe, he discovered that the Sea Tribe was too powerful. Even if the strength of humans and wild beasts combined, they would not be able to deal with the Sea Tribe.

During this period, they also discovered a secret. There were no longer any native creatures on the other continents. They were all occupied by the sea race. The next step would definitely be the Asian continent.

In the end, Moxiu came up with a plan to silence all the Sea Tribes, which meant that they would return to how they were before the mutation.

At first, the Heaven Devouring Beast didn't believe MO Xiu. It was only when MO Xiu turned a flying phoenix into an ordinary bird in front of the Heaven Devouring Beast that it believed him.

Such an ability couldn't be used casually. The price was conservatively estimated to be...two people's lives.

The Heaven Devouring Beast could regenerate indefinitely, so it immediately agreed and transferred all of its life force to MO Xiu.

After thinking about it for a long time, Moxiu saw that the Sea Tribe was acting strangely and that the central region was stabilizing under Tang Wanhua's leadership. Only then did he do this.

Moxiu came to the seaside alone and dived into the sea, silencing all the members of the Sea Tribe and causing them to lose their lives.

All of this was because of Moxiu's first ultimate skill, God's Authority.

At that time, only God's Authority was able to reach the level of this world's skills.

[Skill 1: God's Authority]

[Skill effect: Probing. All skills and skill status (target restriction). Estimated power of elemental skills (Level 1 Fireball has 1 power).]

[Additional effect: Lock on, lock on to the target being read, can sense the target's location.]

[Additional skill: Skill switch. You can switch on and off any creature's skill at will. After turning it off, the target will lose all skills (consumes HP).]"

In terms of additional skills, Xuanji could turn any person or beast into an ordinary person or animal.

The price was simple: vitality.

The Heaven Devouring Beast had a skill that could transfer its own life to another person.

He did not know if this was a coincidence or if it was destined.

In his previous life, Moxiu and the Heaven-devouring Beast had lost their lives. There was no need for that in this life. The number of creatures on this continent was far less than the number in the ocean.

After looking at the scenery for a long time, the Heaven Devouring Beast took the lead and said, "Let's begin!"

"Are you ready?"

"I've long been prepared. Let me become your pet!"

Hearing the Heaven Devouring Beast's words, he felt a little sad.

The Heaven Devouring Beast injected a large amount of the upgrade into MO Xiu's body.

Everything was ready. Moxiu looked at the skill switch in his mind. Once he pressed it, everything would change!

MO Xiu did not press the button immediately as he suddenly thought of something. He picked up the weak Little Fu Shun and teleported back to Yan City's tavern to Mu Qingyi's side.

Mu Qingyi was a little surprised that MO Xiu had suddenly appeared with the Heaven Devouring Beast in his arms. However, she reacted very quickly and said, "It's so scary to see you like this!"

MO Xiu did not reply. He held Mu Qingyi's hand and teleported to the roof of a tall building in Yan City.

"What are you doing?" Mu Qingyi asked in confusion.

"What are you doing?" Mu Qingyi asked in confusion. "

“Do you still remember my promise?”

“What promise?”

“This world is wrong. I want to change the world for you, and today is the time to fulfill my promise.”

“Haven’t you already fulfilled your promise? Now that mankind had won, you would return.”

“I’m not talking about that!”

“What’s that?”

MO Xu pressed the button in his mind. The people on the entire continent lost their skills and became ordinary people.

The past hundred years felt like a long and realistic dream.

The entire continent stopped. The humans put down what they were doing and looked at the blank interface in their minds. The skills had disappeared.

All the wild beasts had changed their appearances. The fox and the ape had returned to their original appearances. The other wild beasts had also returned to their animal appearances.

Mu Qingyi stared blankly into her mind, then turned her head to hug MO XiU

Will everything be normal?”

“Everything is back!”

“Sigh, I didn’t expect the famous Heaven Devouring Beast to be a little kitten

“Sigh, I didn’t expect the famous Heaven Devouring Beast to be a little kitten. So cute! Hug!”

“Hahaha! Little Fushun, you’ve got a day like this!”

“Meow!”

“Moxiu, we don’t have any more skills. Are we going back?”

“Of course we’re walking back. Aren’t you willing to come with me?”

“I’m willing! I’m willing for the rest of my life!”

I thought everything was over, but I often woke up from my dreams.

The humans had restored order and everything was normal. What exactly went wrong?

Right! Beginning!

How could he have forgotten about that meteorite?

After searching for ten years, they still couldn’t find the whereabouts of the meteorite. Where did it go?
How did it disappear into thin air?

What exactly is a meteorite?

Why did it cause a mutation?

Why did all the creatures that were hit by the meteorite fragments become abnormally powerful, including me?

Now that it had disappeared, where did it come from? Where did he disappear

—tom

All of this seemed to be telling me that things were far from that simple.

NO!

I want to protect this planet and this continent.

I want to live on and guard the switch in my mind.

Now that I've turned off the switch, does it mean that the creatures on Earth will lose their combat ability if they lose their skills?

Perhaps this skill switch would be activated again one day...
