

Found Pregnant After Divorce by Emiissmx Chapter 13

Chapter 13 Vicious Intent

"What?"

Kingston's narrow eyes showed some shock.

"She didn't do a detailed examination before, so nothing was found out. This time, she did a blood test and it confirmed that she's pregnant. It's been three months."

Kingston's mood instantly became complicated. He didn't expect that she would actually have his child after that night.

"Ms. Hardin's body is weak and her mental state is not good. She can't get emotional at all. Now that the baby's condition is unstable, you must pay attention."

"I see. Thank you, doctor."

At this moment, Krista's mood was complex.

Three months...

It was almost as old as the baby in her belly.

What kind of fate was this? Their babies shared a father.

She had no time for wild thoughts, and she straightened her back and knocked on the door.

Kingston turned around and saw her.

She was in a sorry state now, and small cuts could be seen on her face, arms, and back of her hands.

He suddenly remembered that he was eager to save Sandra and pushed Krista,

It was a rose field and thorns were all over the stems of the roses. How could her tiny body withstand it?

However,
when he thought of what Krista had done to Sandra, his eyes involuntarily turned cold.

At the very least, she was standing unscathed, but Sandra was lying there unconscious.

Sandra was pregnant. What if something happened to her? What if both her and the baby would be gone?

He couldn't help but squint fiercely and clench his fists.

This glance made Krista uncomfortable. It was as if it had reached the depths of her soul and was questioning why she wanted to harm Sandra.

"You dare to come here?"

He frowned, his voice low and unhappy, and anger hid behind his eyes.

Krista swallowed and was almost crushed by his powerful aura

She was very scared, but she didn't want others to accuse her for no reason

"I'm sorry about what happened today..."

Before she could finish her sentence, she was interrupted by Kingston.

"If you were dissatisfied with our divorce, you can mention it to me. There's no need to complain to your grandmother and torture Sandra with her hands! Krista, I thought you were a considerate girl, but now I know who you are, your intentions are vicious!"

The last several words stabbed into her heart like sharp thorns.

Her intentions were vicious...

In his eyes, her intentions were vicious.

What did she do wrong?

She only wanted to divorce, but in the end, she lost her virginity and got pregnant.

She didn't dare to tell him, for fear that he would ask her to abort, and she also didn't want to meddle with his life.

She didn't know what her grandma had done, and if she knew, she would definitely stop her.

Also about what happened this morning!

She wanted to prove her innocence.

Gritting her teeth, she clenched the scissors and stabbed towards Kingston.

Kingston was agile, and he grasped it.

“Krista!”

He called out her name gloomily as if he was going to cut her into pieces.

She ignored it and wanted to pull the scissors back, but Kingston was too strong and she couldn't do

“Let go!” She said angrily.

“If you want to kill me, you have to weigh your strength.”

He loosened his grip as he said and didn't treat her as a threat at all.

Even if there were ten people like her, he wouldn't be hurt in the slightest.

He let go for the scissors would definitely hit her because of inertia.

However, she was holding the handle, and there would be no danger to her.

Unless... In an instant, she changed the position of the scissors.

She controlled the direction and it stabbed into her shoulder.

The tip of the scissors stabbed into her flesh, causing her to gasp and sweat.

Facing such a situation, Kingston's pupils contracted and he looked at her with puzzlement.

The moment he saw the scissors go into her body, his heart somehow ached for a moment.

He even wanted to rush over and hug her immediately.

However, he endured it.
