

# Chapter 416

Li Meng suddenly stood on tiptoe to kiss Qin Ming forcefully.

Qin Ming naturally refused. He immediately pushed Li Meng away with his arms. He scolded: "Li Meng, it's impossible between us. Don't you understand the truth that it's hard to be covered? You deceived me twice. I pretended to lie to me this time, I still remember."

Li Meng did not make trouble, did not scold, but appeared very awkward. She didn't know how to place her hands, like a child who did something wrong. She bit her lip, and tears gradually fell.

Li Meng cried and bowed and apologized: "I'm sorry Qin Ming, I, I can't help thinking of you. After breaking up with you, I have been unhappy. Although I was poor before, I have an unprecedented sense of security with you. It's a great time to be protected by you. There are some things that you know before you know it. The best thing is to lose."

"I know you have someone you like now, but I... I'm sorry, I won't bother you again."

After speaking, Li Meng hid his tears and walked out.

As soon as Li Meng left, Zhao Liniu, who was squatting at the door and eavesdropping, walked in, and they all looked at Qin Ming with admiration.

Qin Mingzheng was depressed, and said, "What are you doing?"

Zhao Liniu started his hand and said: "Come one, two, three, we are different, different, brothers for so many years, who knows you better than us, it's really easy for you to pick up girls..."

Qin Ming laughed helplessly when he was fiddled with by these three people.

He didn't get angry: "Okay, don't join in the fun for me, it's impossible for Li Meng and I, she's just wishful thinking."

Sun Zhipeng said: "Xiao Ming, you can do it, live with Zhang Xiaoyan in the morning, take a plane, board a yacht, go to a hot spring, and make a fortune? Hidden and tucked, or is it not a brother?"

Zhao Liniu said: "Xiaoming, you are also making your head. I still remember that you used to have three meals of green vegetables and white porridge for more than half a year."

Qin Ming said, "Aren't you giving me some meat? It's not that bad."

Liang Shaoyong asked: "The last time you helped me act in front of my sister, you spent a lot of money? Where did your kid get rich? Brothers are still worrying about work."

Qin Mingsheng said: "I was not free a while ago, and I didn't have time to tell you. I am doing mergers and acquisitions in a multinational company, and the boss appreciates me very much. I am the vice president of Greater China."

Qin Ming didn't tell the truth to his brothers. It wasn't that he had any strange thoughts. He was simply afraid of scaring them. Qin Ming felt that this statement was more appropriate. Many people in this senior year are looking for internships.

Anyone with a background in the family is preparing for the national exam, or has become a manager in a large company. It is not too sudden for him to become a vice president, which is surprising.

"Vice, vice president?" The three of them were dumbfounded, and the head felt very high-level just by listening.

“Greater China?” Zhao Liniu exclaimed again: “Xiao Ming, what kind of company have you entered? You are so cowhide, can you be the vice president? Oh, I don’t look down on you, I know you have been very capable, but, This span is too exaggerated? Didn’t you still deliver food last semester.”

Liang Shaoyong also exclaimed: “Fuck, multinational companies, companies with hundreds of billions of backgrounds.”

Sun Zhipeng was more straightforward and asked, “Xiao Ming, who is the brother of our two brothers, right? I don’t ask too much, just ask me to be your driver. It’s almost 30,000 yuan after the monthly salary and taxes. Anyway, you have a girlfriend. The secretary introduced me to it.”

Zhao Liniu kicked it over, cursing, “Young Master Peng, you are dreaming, you are making trouble for Xiao Ming.”

Qin Ming grinned, feeling that the pressure regulation was still a little high, frightening the brothers.

He lied again: “I was originally just a small assistant clerk. There were originally five vice presidents in the Greater China Region. The original one has retired. I will have done a good job. The boss intends to cultivate me, so I will do something with him. I don’t actually have much real power, and there is still the possibility of being fired at any time. If the vice president goes well, it will work for a lifetime.”

“I would do it for two lifetimes,” the three brothers said in unison.

Qin Ming said: “Brothers, you want me to help you find a job. I will arrange it at any time, okay? We have been good brothers for many years, can you treat you badly? The monthly salary is guaranteed to be 50,000 yuan. As long as I work for a day, it will cover you, and you have priority. get promoted.”

The three brothers in the dormitory looked at each other. It was so exciting.

The three asked: "Really?"

Qin Ming packed the ticket and said: "The real money is the real one."

"Yeah!" The three of them rushed up at the same time, lifted Qin Ming in the dormitory, and threw Qin Ming up in the dormitory.

"Boom." Because the three of them threw it too high, Qin Ming bumped his head against the ceiling light bulb.

Qin Mingle was extremely sad, and wailed: "Ah~ah."

The light bulb broke and the dormitory suddenly went dark. The three of them failed to pick up Qin Ming. Qin Ming directly pressed Zhao Liniu under him. The four brothers in the dormitory wailed, but when they got up, the four of them looked at each other and smiled and embraced each other. Together.

In the days that followed, the brothers didn't have to worry about work anymore. They started skipping classes every day and slumped their bodies. Every day they nestled in the dormitory to play games and drink in the nightclub. They called it the last craziness before graduation.

Qin Ming was helpless and could only say that the company would not be able to hire if he could not graduate successfully, which forced the three of them to continue attending classes.

After attending classes for more than a week, Qin Ming's life was more fulfilling. After the school network passed, nothing happened. Knowing that Feng Dongxiang's phone call broke Qin Ming's stable life.

"Master, I have arranged a blind date in the Zhao family. When will Master have time?"

Qin Ming received a call from Feng Dongxiang, one of the four elders, and suddenly fell into a gloomy mood.

The six-year-old hadn't found Nie Haitang yet, so the Zhao family acted first.

The Zhao family's influence on Huaxia Century Group's business here is very large, and a lot of benefits are distributed every year. This has always been Chang Hongxi's thorny eye, but because the Zhao family's power in China is too large, it is not easy to get rid of it.

If Qin Ming wanted to gain a firm foothold in China, Chang Hongxi asked him to marry the Zhao family.

Qin Ming smiled helplessly. It's the 21st century, and political marriage is still indispensable.

However, there are policies and countermeasures, and Qin Ming had thought of dragging the word tactics.

Qin Ming asked, "Where is the old Chang?"

Feng Dongxiang said: "Chang Lao is rectifying some loss-making industries in South America. He is fully aware of this blind date. He is quite satisfied with the arrangement of the Zhao family. This woman from the Zhao family is young and beautiful, well-educated, and is a member of the family. Send it to your secretary. The other party will be at the airport tonight. The subordinates personally suggest that Master pick her up at the airport."

Qin Ming said: "No, let her go directly to the Century Building. I will go there after I finish the elective courses."

Qin Ming hung up, feeling melancholy.

He is the heir of the world's richest man, and his marriage is still involuntary. Is this the helplessness of the rich? Are they all women? Must sleep a noble person? The shoes are suitable and inappropriate, so I don't know until I wear them.

"Foster father, I will never follow your old path." Qin Ming squeezed his fist and muttered to himself: "A real man will never give up the love in his heart for any reason."

That night, Qin Ming finished his evening class and came outside the school. Along opened the door for Qin Ming.

Qin Ming was about to get into the car, and suddenly heard the sound of a bell ringing, and then heard a long and hoarse recitation: "The fate of the world is counted, fate interprets dreams, mysterious and mysterious, wonderful and wonderful, come, take a look, guide The lost gentleman, remind the long-trapped hero."

Qin Ming was taken aback, and his head, which had already gotten into the car, moved out again and followed his sight. Fuck, isn't that the old liar Zhang Quanzhen?

Why did he show up at the gate of his university?

## Chapter 417

"Wipe~! You bad old man, stop for me. Aaron, get on me."

Qin Ming recognized Zhang Quanzhen at a glance, the veteran fortune teller who fooled him into Mu's house. Along listened to Qin Ming's order, and the arrow rushed up immediately and reached out to grab it.

Zhang Quanzhen didn't know if it was a coincidence or an accident. He even avoided it. The bamboo pole with the banner of Zhang Zhenxian's dream interpretation and fortune-telling in his hand suddenly stood up to Aaron, making Aaron unable to advance or retreat.

Zhang Quanzhen smiled: "Young man, don't run too fast, be careful of falling."

Along was startled, was it an illusion just now? He felt that Zhang Quan really wanted to avoid his grappling gesture.

Qin Ming also followed up and said, "Old man Zhang, it's not easy to find you."

Zhang Quanzhen chuckled, "What's wrong? Mr. Qin."

Qin Ming frowned, President Qin contained a lot of things.

He asked: "Mu Mu told you about the recent events?"

Zhang Quanzhen said: "It's a little bit. For example, you almost broke the wealthy Xu family in the market with a phone call. This is not something ordinary people can do. Calling you President Qin, I'm afraid it's not enough. Look, you come in and out. There are luxury cars and bodyguards with you. You are not a poor boy that day."

Qin Minghao smiled, and said: "You are not a fortune teller who looks so downcast, people, there are always some unknown secrets. And what is your secret?"

Zhang Quanzhen looked at the bodyguards around Qin Ming, Qin Ming immediately understood, and said to Aaron: "You tell Xiaoying, let her help me drag the time, I want to say a few words to Zhang Daochang."

The Weiming Lake in the University Town, after the start of summer vacation, there were already colored lights at night, and Qin Ming and Zhang Quanzhen came to the lake.

Qin Ming said: "Old man Zhang, don't tell me, you appeared in front of me by accident tonight. You must have something to do with me."

Zhang Quanzhen wrinkled his old face, stroked the goat's beard, and said with a smile: "There are many coincidences in the world. The so-called coincidence is not a book, right? I just follow the Big Dipper and go south, looking for people who are destined. Whoever meets is destined. people."

Qin Ming's heart moved, and he looked up, silly, there is no cloud tonight, the rare good weather, there are many stars in the night sky, and a few particularly shining stars are vaguely seen.

Qin Ming said: "Okay, I won't listen to your silly talk anymore. I won't listen to you fooling around again. Ask a price, you make up a reason, let Mu Hairan and Mu Hao agree to let me leave the Mu family."

Zhang Quanzhen said: "Flicker, it is cheating. Mr. Qin, what you said is a great insult to me. I am a monk. I have fortune-tellers for a lifetime. I never deceive. Whatever you ask, you must lose. When I let you into Zumu's house, didn't the person you like come back to you?"

This Nima is logically invincible, and Qin Ming can't refute it.

Qin Ming insisted: "That's a coincidence! Nie Haitang was deceived by her mother."

Zhang Quanzhen smiled indifferently, stroked the goat's beard, held the fortune-telling slogan, and said: "Then Mr. Qin admitted that I was not wrong? Fortune-telling is mysterious and mysterious, wonderful and wonderful, and sincere is spiritual."

Zhang Quanzhen continued: "What I told the Mu family is all true. How do I compile it? Our Taoist metaphysics pays attention to gains and avoids disadvantages, and solves problems for ordinary people.

I relieved the worries for the Mu family and solved the problems. I did it. What's wrong? How do I edit it?"

Qin Ming was holding his forehead speechlessly. This terrible old man had such a terrible mouth that he deserved to be a quack.

Qin Ming said: "Zhang Daochang, now I am divorced from Mu Xiaoqiao, but Mu Hao hasn't said it yet, and people in the Mu family don't know. I get along well with the Mu family, and I don't want to hurt. The feelings of the Mu family. Can you do me a favor and let Mu Hao agree to leave the Mu family?"

Zhang Quanzhen stretched out his fingers and pinched fingers to forget, and said: "Mr. Qin, you lied to me, didn't you? The deviation of my fortune-telling last time, didn't you lie to me?"

"At the beginning I asked you, have you ever met a nobleman, you said no, in fact you did."

"One step is full of mistakes. You should also know this truth? To use a scientific explanation, it is the butterfly effect. There must be an effect if there is a cause."

"If you are just an ordinary person, you may not be favored by the Mu family now; if you are just an ordinary person, you cannot help the Mu family again and again; if you are just an ordinary person, you will no longer be sad. Can't do without Mu's house."

"You said, is it your fault or my fault? It's clearly your fault, why do you want to give it to me?"

Qin Ming's face turned dark, your sister, he looked around, there happened to be a brick on the ground, he quickly leaned over and picked up the brick, he was about to kill the old man.

Zhang Quanzhen smiled and stroked his beard, and said, "The more excited you are, the more proof you can't refute, and the weaker your heart is. Even if you break my head, you can't change anything."

“I’ll go to you.” Qin Ming threw away the moving bricks, and told Zhang Quanzhen to kick down into the Weiming Lake.

Zhang Quanzhen was dispatched from the lake, still maintaining his tolerance, wiped the water marks on his face and said: “Actually, I knew last time that you deceived me. So I said, your face has changed, you are overly rounded, and peach water is overflowing. Now, your face is just like the Emperor’s Peach Blossom Tribulation. I once reminded you not to forget your original intention. You did a good job on this point.”

“If you insist on your original intention, we might not meet today because of destiny.”

Zhang Quanzhen was right and unassailable. Although Qin Ming had the intention to refute, he was unable to explain.

Qin Ming asked: “You said this is a peach blossom robbery, what do you imply me?”

Zhang Quanzhen said: “It implies that you will be overworked in sex in the future, you will suffer from kidney loss, or maybe you will have an enlarged prostate.”

“...” Qin Ming was silent, this conclusion is really brilliant.

He said: “I will marry whoever I like, how can others force me?”

Zhang Quanzhen pinpointed and counted again, and said: “Others can’t force you, why do you have a beautiful blessing tonight? The main star emperor, the middle palace broken melon, the other party is still a virgin, Mr. Qin is very convinced. I promise, if I don’t show up, you must Will sleep a woman.”

Qin Ming raised his brows and looked at Zhang Quanzhen in horror. Is this guy really fake?

He didn't know too many people about the internal affairs of the World Century Group, mainly arranged by Feng Dongxiang, who was sent by the Zhao family, a mysterious family of China.

Qin Ming also only found out a few hours ago. This is a true pinch and he will know it?

This fortune telling thing...

Qin Ming wondered, should he believe it?

Qin Ming asked: "Old man Zhang, did you know something a long time ago? Your identity must not be simple, right?"

Zhang Quanzhen smiled and said: "All Huaxia, anyone who knows me knows that I am not easy. I am the 561st generation master of Hulongshan Zhengyimen. I am a descendant of the Taoist School, young. I also served as a representative to the National People's Congress at the time, and contributed to Taoist propaganda."

Zhang Quanzhen said again: "I don't know what you are going to do next, but I can see a little bit from your face. This is a leak of my secrets and my life will be lost. If you don't believe me anymore, then I will do it. Just leave."

Seeing that Zhang Quanzhen was about to leave, Qin Ming hurriedly stretched out his hand to hold him, and said, "Daoist, wait a minute."

## **Chapter 418**

Seeing that Zhang Quanzhen was about to leave, Qin Ming immediately got up and stopped him.

Zhang Quanzhen said: "Mr. Qin lied to me and I didn't care about you. But since you don't believe me, it's useless to say more. What else can I say?"

In the dark night, Qin Ming stared at Zhang Quanzhen with sharp eyes, as if he would see people through. Zhang Quanzhen behaved very naturally, with a righteous appearance, without any guilty conscience.

Qin Ming's thoughts turned sharply, and a smile suddenly appeared: "Let's not make a joke with Dao Master you. Dao Master, you are an expert, why bother with a layman like me?"

Qin Ming asked again: "Will you be willing to help, let Mu Hao and Mu Hairan stop embarrassing me? Otherwise, I will directly say publicly, I am afraid that Mu Xiaoqiao and Mu Sichun will be very angry, and friends will not have a chance. Done."

Zhang Quanzhen pinched his fingers, forgot it, and said, "Hoho, Mr. Qin is really a man of love and righteousness. But the fate between you and Miss Mu has been forged. Whether you admit it in your heart or not, you were once a husband and wife. This is the cause, and there will be results in the future, good or bad, it all depends on you."

Qin Ming said: "It is precisely because I don't want to bear bad results, that's why I am looking for you. I just want to get together and get together, and when the husband and wife are destined, they are also friends."

Zhang Quanzhen twisted his beard and smiled calmly and said: "It is my bounden duty to solve problems for those who are destined, but I was pushed down into the lake by you. My clothes and surname Li are soaked, so it's not easy to start work."

Qin Ming said: "Okay, I will treat you tonight."

Qin Ming directly invited Zhang Quanzhen to stay in the Century Mansion for a good night.

It was eleven o'clock when Qin Ming arrived at the World Tower, which was more than thirty minutes behind the agreed time.

This clearly shows Qin Ming's attitude towards this blind date.

He didn't even read the information sent by Song Ying.

When Qin Ming arrived at the Century Mansion, he asked the manager to entertain Zhang Quanzhen and look for a few beauties to serve him, but he couldn't let this cunning old guy escape.

Later, Qin Mingcai came to the state guest service floor of the Century Building.

In the magnificent and luxurious hall, professional pianists are playing music, cellos and violinists are also playing classical music, the tea room full of flowers, Song Ying and Ao Mei, dressed in formal costumes, are already waiting at the door. Qin Ming couldn't help but look at the two sister flowers in the East and the West.

There are also a few bodyguards in Tang suits nearby, who should be the personal bodyguards of the woman in the Zhao family.

Feng Dongxiang waited very anxiously, and when he saw Qin Ming, he greeted him and said, "Master, you don't need to pick up the plane, why can you be late? Ms. Zhao has taken good care of her, but she didn't care about it."

Qin Ming wondered, why is Feng Dongxiang so tight on his blind date? Chang Hongxi didn't care that much. He also said that there are many children in the Zhao family, so whichever one you fancy.

Didn't this tell Qin Ming that he could go on this blind date for a year and a half?

However, he hasn't had much time lately, so today this one can be taken away directly.

Qin Ming walked into the hall, and the bodyguards on both sides stood up and looked at the future heir of the Universal Century Group, so young and magnificent.

Qin Ming's eyes fell on a luxurious bench in front of the band. The woman stood up slowly, then turned around gracefully, leaned slightly towards Qin Ming, and said, "Shao Qin."

Qin Ming looked at the woman, she looked good.

It's really just okay. Qin Ming has seen too many beauties recently, all of them are dazzled, all of them are pretty tight, Shen Yuluoyan, all over the country, like two sisters Mu Xiaoqiao and Mu Sichun, really top.

Zhang Xiaoyan, who is in the style of childlike sex, Bai Yuchun, who is a commoner school flower, Nie Haitang who has different personalities, even the dance teacher also thinks about Liao Qingjing, and the beautiful police flower Sun Changxi.

Qin Ming's vision is naturally higher when he sees more beauties. If he counts Nie Haitang's one hundred points in his heart, this girl is only eighty-five, better than Li Meng. With makeup and luxurious clothes, she can rank among them. More than ninety points.

Of course, Qin Ming doesn't judge people by appearance, this is just his first impression.

Qin Ming was actually a little nervous. After all, it was his first blind date, and his father and mother didn't know that there was such a baby in the world?

Qin Ming responded politely: "Ahem, hello, Miss Zhao, please sit down."

After the girl sat down, she said, "Qin Shao doesn't even know my name, right? My name is Zhao Xinyu. Is it a name that Qin Shao will forget soon?"

Yo? Quite powerful, want to retreat?

But Qin Ming didn't like her, and said directly: "Miss Zhao, let's get straight to the point. Since it's a blind date. I'm in my situation, I'm very troublesome. People who know me call me "humanoid self." Take the school flower harvester'."

Zhao Xinyu smiled in disbelief and said, "Ho ho ho, is it? But Mr. Feng provided me with the information, but Shao Qin is a very innocent person. Your ex-girlfriend broke up with you. You have been sad for a long time and you are single. Qin Why should you lie?"

Qin Ming said: "How can I lie? I saw that the two standing at the door were my women. Although I am single, there are many women who maintain relationships with me."

The corners of Song Ying and Ao Mei's mouths were twitched at the door. How did the young master change his style today? It seems that I don't like this blind date.

Feng Dongxiang couldn't help saying: "Master, the other party is from the Zhao family. He came all the way to meet you on a blind date. You are full of sincerity. You don't pick up the airport, you are late, and you don't have a bouquet of flowers. This is too far from your identity It's up to you. Moreover, Song Ying and Olsen are just your subordinates."

Qin Ming said in surprise: "Isn't my subordinates my women? Are they just after I dive?"

Qin Ming snapped his fingers with a "pop" and said, "Aomei, come here."

Ke Li Olsen stepped on her long legs, brushed her long golden brown hair, smiled and walked to Qin Ming's side.

Aomei's face and body are of a relatively petite type, and her appearance is even better. She is definitely a beautifully conquered face from the East and the West. Her face is small, and her lower jaw is slightly wider, forming an angular curve. If you look closely, , You will find that her eyes are very charming, they seem to be attractive, but they are by no means seductive.

To tell the truth, Qin Ming thinks Aomei is more beautiful, especially the enchanting figure she has trained all the year round, full of fatal temptation, for the pampered Zhao Xinyu, a little fleshy feeling.

Qin Ming stretched out his hand to hook Ogilvy on the back of her neck, making a gesture to kiss her.

Aomei did not resist. When she was captured by Qin Ming for the first time before, Qin Ming had a stolen kiss. With psychological expectations, she didn't mind kissing Qin Ming in public.

This.....

The legato staff were shocked, damn it, is this the rich man's blind date? It's exciting.

Hey, after a few seconds, when the two of them split their lips, Ao Mei also deliberately pulled out the water. This scene is extremely charming.

Qin Ming waved his hand and asked Ao Mei to retreat, and said, "You see? If you want to marry me, you have to bear the advantages of my caress. After all, I am more fraternity, but all beautiful women are my strategy objects."

Tortoise, flower heart has become an advantage?

Feng Dongxiang frowned his eyebrows and said in a deep voice, "Master, this is a big disrespect to the Zhao family."

Qin Ming lowered his face majestically, and immediately shouted: "Old Feng, recognize your identity. Who has the say here? You say, who has the final say here. Who do you want to serve? Who do you want to be loyal to?"

Feng Dongxiang was taken aback. Qin Ming's pair of sulky eyes were full of starlight. He was a little flustered who stared at the killing and battlefield. He couldn't believe it. He was surprised by a Qin Ming in his early twenties. jump?

Feng Dongxiang reacted quickly, and he bowed and apologized for the first time: "Master, I offended. I just hope you can take this blind date seriously. The Zhao family is not malicious. I am afraid that if Miss Zhao is unhappy, both parties will make it unhappy."

Qin Ming said: "I'm very serious. I'm so careless. I don't want to deceive Ms. Zhao. Should I tell Ms. Zhao after I get married, am I a big carrot? Ms. Zhao, do you believe me now? Don't worry, if you are willing to marry me, I promise you prosperity and wealth, but I don't guarantee your happiness. If you don't believe it, then, Xiaoying, come over."

Song Ying was still depressed just now, why did Qin Ming look for Aomei in acting instead of her?

When she saw Qin Ming kissing Ao Mei, she felt extremely uncomfortable, or jealous.

Hearing that Qin Ming was still acting now, he walked over happily.

Zhao Yuxin started to feel uncomfortable. She moved her lips to calm herself down, and raised her hand and said, "Shao Qin, that's enough, I believe you. I didn't expect you to be so honest."

The moment Song Ying was stopped, there was an urge to kill.

Qin Ming said with a smile: "Of course, honestly I am the advantage. But I am a very manly person, I can play around, but my woman must only serve me alone, and occasionally can also be with other beauties. Serve me. How good is it? Miss Zhao, can you accept it?"

Zhao Yuxin was obviously a very well-bred wealthy eldest lady. When she heard Qin Ming's filthy words and such lewd demands, she felt a little vomiting.

She lightly beat her chest with her little hand, and said with a slight pant: "That Shao Qin, I, I answer, promise..."

## Chapter 419

Zhao Yuxin was born in a prominent family, and she was placed in Beijing. She was the object pursued by countless wealthy families.

Her background in Zhao's family in China, it's the handsome guy she wants to pick, and the other party may not even have the idea of opposing it, not to mention that she is not bad, and she knew that she would be a world-class giant when she was young. The hostess, lives like a nobleman.

This time, following the family's arrangement, she has no choice but to come to the future heir of the world's top enterprise Universe Century Group.

She thought that even if it didn't go well, she would get along for a while.

Everyone is of the same age, and there will be many topics.

As a result, Qin Ming came up and told her that he was very diligent and couldn't give her sex. He wanted her to serve Qin Ming with other women. He also had a French wet kiss with a blonde foreign

girl in public. It is Zhao Yuxin's good cultivation. I couldn't control it, and I couldn't breathe a little bit of anger.

This is an insult to her.

She beat her chest lightly with her little hand, struck her breath twice, then said: "That Shao Qin, I, I answer, I promise...nothing."

Qin Ming shrugged indifferently and said, "Then... the blind date failed. Feng Lao, you can arrange Miss Zhao's return trip."

Zhang Yuxin was startled, she flew all the way over to have a blind date, just these few minutes are over?

She looked at Qin Ming, she only felt that he was so arrogant, didn't he really understand how influential the Zhao family behind her Zhao Yuxin was? Is she that boring?

Zhang Yuxin got up and said, "Shao Qin..."

But Qin Ming didn't want to say more, got up and walked out.

Qin Ming motioned to Song Ying and other subordinates to follow him into the office.

The first thing Qin Ming sat down, he looked at Along, Ao Mei, and Song Ying, and asked, "What's said here won't leak out, right?"

Song Ying promised: "Master, please rest assured, since I accepted Huaxia's industry, I have personally checked the security and information work of all parties in the Century Building, and there will be no more omissions."

Qin Ming trusted Song Ying more, and said, "Okay, Aomei, you start from today to collect all the information about Feng Dongxiang and all his actions in the future. You and Along will work together. One day in the future, I will definitely take it. In the position of the fourth veteran, I will be my own in the future."

Qin Ming glanced at the three of them when he said the words "his own person". This implies that it was obvious that he would be promoted from the three.

The four veterans of the Universe Century Group are in charge of all the industrial affairs of a certain continent in the world, and they have to do all kinds of things for Qin Ming. This is a very high position, and the power within the group is very huge.

Aaron and Aomei are both very interested. If they have a little ambition, they are not reconciled to be bodyguards or intelligence chiefs forever.

But Song Ying was willing to serve as Qin Ming's secretary for a lifetime.

This is like the difference between the frontier ministers and the eunuchs around the emperor. Each has its own beauty and benefits.

Song Ying also knew very well that as long as she was Qin Ming's secretary, she could suppress and fear anyone except Qin Ming, and she could protect Qin Ming all the time.

She said: "Master, I won't be involved, leave this to the two of them."

Qin Ming was very happy. Song Ying meant to stay by his side, which made Qin Ming a little vainly satisfied.

Ao Mei and Along said in unison: "I know, we will arrange it."

Qin Ming said again: "Xiaoying. In the future, Mr. Feng will arrange a blind date for me, try to delay as long as possible, push as long as possible, it is impossible to push and arrange again. The other Zhao family information, can you find it?"

Song Ying said embarrassingly: "There are regulations within the group that members of the top board of directors cannot conduct investigations. I have also sent people to search some content in private, but I found nothing. The other party hides it deeply. I am afraid that there is a deep official background."

Qin Ming said: "Aomei, in the future, you will mainly collect all the content and information about Zhao's family. You will temporarily separate China's intelligence system from Huanyu Group."

Aomei did not refuse, but she deliberately cried and said, "Boss, I have a salary of 1,000 per month, how can I start work? My sister is still receiving rehabilitation treatment in general public hospitals, and life is a problem."

After speaking, the coquettish blinked towards Qin Ming, and the symbol of small money was revealed in his blue eyes.

Qin Ming wondered: "Xiaoying, haven't you hired her yet?"

Song Ying looked at Ao Mei hostilely, and said, "Master, this is your personally hired employee. As Chang Huan's former subordinate, Ke Li Olsen has not passed the inspection period and will not be accepted into employment in accordance with the regulations."

Ao Mei hugged her arms, aggressively, and said: "Look, Master, she is jealous that I am more prettier than her and more talented than her. It's like just now, Master chose me not to choose her for acting."

Speaking of Song Ying's pain, Song Ying was so angry that she couldn't wait to jump on her for a fight.

Qin Ming waved his hand and said: "Okay, I have money myself, I will give you 100 million, whether you hire someone or buy it, if you don't do something, you will get me a monthly salary of 1,000 yuan for the rest of your life."

Aomei was overjoyed and said: "Ok, I will not let the boss down this time."

After Qin Ming ordered a few things here, he signed several more important industrial investment files. Qin Ming thought of Zhang Quanzhen, and now he had to go to him to deal with private affairs.

Qin Ming came to the eighty-eighth floor of the Century Building.

He saw Master Zhang Quanzhen enjoying the massage of three beauties, lying on the glass platform, overlooking the entire Pearl River, and the night view of Guangzhou City.

Qin Ming said: "Tsk tusk, Zhang Zhenren, are you still a monk? Isn't the monk not close to women?"

Zhang Quanzhen smiled and said: "There is a saying that is well said, the wine and meat have passed through the intestines, and the Buddha will keep it in the heart. As long as I have the door in my heart, and do not violate my conscience, I can't do anything. What's more Yes, they may be punished. I am also helping others."

Qin Ming smiled and said: "You can really blow this, and this can bring you back..."

Qin Ming waved to the waitresses to leave, and said: "I remember when I came, you said I had Yanfu tonight, but I was forced to have a blind date with a woman tonight. But you are wrong, and I will not have a blind date with her. Any relationship."

Zhang Quan really laughed: “Because you brought me back, there must be an effect if there is a cause, I am your cause, and your beautiful blessing is gone, and it is the result I gave you.”

Qin Ming disagreed and said, “Bringing, is it possible that I should go back to sleep now, Miss Zhao, can’t refute you?”

Zhang Quanzhen said, “Well...Let’s go back now, guess what will happen to you and that woman?”

Qin Ming doesn’t believe in evil anymore, can Zhang Quanzhen say this kind of thing?

Qin Ming turned back immediately, but he didn’t believe it. Could it be that Zhang Yuxin still has charm skills? Be fascinated by him?

And Qin Ming came to Zhang Yuxin to live in the presidential suite on a whole floor, but saw that there was no one serving staff here?

“Where are the people?” Qin Ming looked around and muttered, “There are a few waiters standing at the door.”

With a wiping sound, the bathroom door suddenly opened, and the mist inside floated out, and a woman walked out of it.

## Chapter 420

Zhang Yuxin came out of the bathroom with a wet mist, her complexion was pink and her curves were charming.

But when Zhang Yuxin walked out, she found a man standing at the door, two steps away from her.

Qin Ming was wronged. He saw that the room didn't even have a bodyguard. It was too abnormal. He thought Zhang Yuxin was angry and left. He wasn't here. He was still proud, Zhang Quanzhen, did you make a mistake? As a result, she took a shower here alone, and she didn't wear anything when she came out.

"Ah! Qin Shao, what do you, what do you mean? Break into my room." Zhang Yuxin screamed in fright and asked loudly.

Qin Ming convicted: "I'm sorry, Miss Zhang, I still have something to come to see you. As a result, there was only our waiter at the door. I didn't see your bodyguard after I came in. I thought you were gone. No matter how you are a bodyguard, Don't keep it?"

Zhang Yuxin was in a hurry and ran back to the bathroom. The result was a bad one. She tripped under her feet and fell into the bathroom with a bang, knocking her head.

Okay, Qin Ming was completely obsessed with the look of leaning up and down.

Zhang Yuxin fell to the ground, making a painful noise, and fainted in no time.

Qin Ming felt very wronged. He didn't do anything. He just stood at the door all the time, and it turned out to be like this.

Qin Ming quickly picked up the towel and put it on, and carried the person to the bed.

Qin Ming took a deep breath and calmed himself down, but the fragrant smell of the woman in the room made him feel uneasy, and the evil fire surged, and he actually had the idea of doing that kind of thing.

Qin Ming laughed at himself: “My concentration is getting worse and worse. I want to sleep when I see a woman. What’s wrong with me? However, this woman is absolutely impossible to move, and the Zhao family is still not offended, as long as she doesn’t\* \*, it’s easy to deal with afterwards. Besides, Zhang Quanzhen is still waiting for me.”

Qin Ming knew that he couldn’t do that kind of thing, so he left immediately, but when he walked to the door, he walked back awkwardly.

In a trance, Qin Ming felt this way for the second time.

The last time I was saving Nie Haitang in the ancient fort of China, I was admitted to the wrong person by the world-class rich man and became a relative. Then I was sent to have a blind date with a deceased eldest from Xiangxi Tuzhai.

Qin Ming had forgotten what the lady’s name was Lin and Yurou.

At that time, Qin Ming was calculated and drank the problematic water, which was also a trance.

His mind and brain were blank, as if he had forgotten what he was going to do? Looking back and seeing Zhao Yuxin lying in a coma, Qin Ming rushed forward.

He kissed Zhao Yuxin who was in a coma, enjoying her little lips, and gently kissing every inch of her skin.

Zhao Yuxin, who was in a coma, was also drunk, and she was still cooperating with Qin Ming in her subconscious.

But in Qin Ming’s consciousness, he knew that this was wrong, but he couldn’t control his own sex.

It's almost time to kiss and touch again. Qin Ming took off his clothes. When he was about to go further, he suddenly rushed in one behind him. Isn't it Zhang Quanzhen?

Zhang Quanzhen screamed: "Wake up!"

Qin Ming was hugging Zhao Yuxin, his blank brain suddenly awakened, and then Zhang Quanzhen's stamina was a little harder with his fingers. Qin Ming suddenly felt nauseous and immediately lay on the bed to vomit.

"Oh!" Qin Ming spit out bitter water, but he was sober.

After waking up, Qin Ming looked back to tidy up the scene in horror. He touched his trousers. Fortunately, the trousers hadn't taken off yet.

When he recalled what he had done to Zhao Yuxin just now, he felt refreshed, ah, not right, he was afraid after a while, and almost committed a crime.

"What's the matter?" Qin Ming said to himself: "I didn't drink any unknown liquid?"

Zhang Quanzhen covered Zhao Yuxin with a quilt, covering his body, and then said to Qin Ming, "How about? Xiao Qin, I didn't lie to you? Or if I come, you might make the girl pregnant."

Qin Ming frowned and said, "What the hell is going on? Zhang Daochang, did you move your hands and feet to me?"

Zhang Quanzhen waved his hand and said, "I'm a monk, and I don't do this kind of detrimental things. It's you who followed other people's ways. Last time I saw you, I felt that you smelled wrong. This time the smell is bigger and I am more assured. You have a worm in your body, and another female worm is looking for the male worm in your body, so the smell is particularly obvious."

“Insects? Parasites?” Qin Ming sniffed his body in doubt, making sense, there was no smell? Are you an old dog nose?

Zhang Quanzhen said: “Yes, it is a parasite, as we call it, it is also an ancient gu worm. In layman’s terms, the x-worm is on the brain, and it is this kind of worm.”

“This male worm is parasitic in the human blood. Its excrement affects the body’s endocrine, a large number of hormones, and excites the brain and nervous system, which makes people completely lose their minds.”

“I’m dangling.” Qin Ming felt bitter, but he couldn’t tell.

The first time this kind of physical uncontrollable thing happened was in the ancient castle of China. The owner of the castle mistakenly regarded him as a similar-looking relative, so he forced him to give a blind date to the child of a wealthy family in a native village in western Hunan. He drank a glass of water at that time, and then fell asleep with the woman.

Qin Ming thought there was nothing serious, so he didn’t just give it a shot. You don’t take care of the medicine first, and Laozi runs unrighteously behind, so it’s not a loss, right?

Anyway, he slipped away afterwards, thinking that the old and the dead would not be with each other, but it turned out that the other party was not medicine, but worms and parasites.

Qin Ming suddenly remembered a very old movie, and asked, “Zhang Zhenren, will someone hold a drum and knock it at me, and my stomach hurts?”

Zhang Quanzhen smiled and took out a snare drum. Qin Ming saw it, sweating, fucking, you bad old man is very bad.

Zhang Quanzhen patted his hand with a thud.

Qin Ming squinted, feeling nothing.

“Hahaha!” Zhang Quanzhen laughed loudly, patted Qin Ming, and said: “You have watched too many movies, how can it be so mysterious. The reason why you are out of control is because there is a female worm in this woman. And this female worm is with the male worm. Worms are very different.”

Zhang Quanzhen paused, and then said: “Female worms dominate. The excrement of female worms can enhance a woman’s physical fitness, improve immunity, and can control male worms in your body, thereby affecting your body’s endocrine. Let’s be straightforward. Say, if the woman wants to get you, you will lose control and become the woman’s plaything.”

“If the woman wants you to die, you can also let the male worm in your body commit suicide through the smell secreted by the female worm. Once the male worm commits suicide and necrosis in the blood vessels, it will produce poison, which usually leads to thrombosis and heart infarction. No evidence can be found.”

Qin Ming heard this horror, but he questioned again, and said, “But, didn’t this Miss Zhao fainted?”

Zhang Quanzhen explained: “The other party is now injured and unconscious. You go straight away. When the male worm leaves the female worm, the female worm will secrete fragrance to control the male worm in your body and let you come back...”

“This...” Qin Ming was speechless. This lesson was really heavy. It’s really a way to go out and drink less other people’s water.

Zhang Quanzhen said puzzledly: “It’s weird, where is this woman from? This kind of ancient Gu worm is actually rare, and most people don’t use it easily. The law of causality in the world is really amazing.”

Qin Ming touched his body and asked immediately: "Zhang Zhenren, don't worry about these things. Can the parasites in my body get out?"

"Um...it's so hot, Qin Shao, Qin Shao..." Suddenly, Zhao Yuxin transformed slowly, licking her dry lips.

Qin Ming said immediately: "Dao Master, you go first, I will deal with this matter before I come to you."

Zhang Quanzhen frowned and stared at Zhao Yuxin's body solemnly.

Qin Ming said: "Dao Master, you are not kind to take advantage of this."

Zhang Quanzhen slapped her thigh and said, "Oh, I'm late. You just had a foreplay with her. In this little baby's body, the mother worm caused her endocrine imbalance. You must have a relationship with her. Otherwise she might get hurt."

Qin Ming raised his eyebrows in shock, and said, "No, Daoist Chief, didn't you say it, it's okay if you come? If this is not the beginning, I have to have a relationship with her?"

Zhang Quanzhen spread his hands together: "That can't be helped. You, the Emperor Peach Blossom Tribulation, are too strong. You can't blame me for the fate you made yourself."

Qin Ming was speechless and said, "Then, then I can only sleep with her?"

Zhang Quanzhen calmed his face, nodded, smiled mysteriously, and said: "Congratulations, Mr. Qin, remember to press insurance."

I'll wipe it, you bad old man is very bad.

Qin Ming said: “Dao Master, you must have a way, don’t you? Don’t go around the monks, just say it directly?”

Zhang Quanzhen stroked the goat’s beard and said, “Hey hey, there are methods, of course. I am the descendant of the celestial master of Tiger Dragon Mountain. In this raging world, isn’t it just to point out the lost gentleman and the hero who has been trapped for a long time? It’s just... ..”
