

# Chapter 421

In Qin Ming's subconscious mind, he still didn't trust Zhang Quanzhen's tactics. He knew that something happened to you, but he began to think that Zhang Quanzhen was really capable.

At least he explained why Qin Ming would suddenly lose control, and would have a strong impulse to a woman who was not interested at all. It turned out that there were gu worms in his body.

Qin Ming looked at Zhao Yuxin, who was all over the bed, and said, "Dao Master, you can't save yourself. She and I are both innocent."

Zhang Quanzhen smiled mysteriously: "You can save people, but I'm an old-fashioned fortune-teller, but I'm a real fortune teller, and I have to charge some fees."

When Qin Ming heard asking for money, he said, "Please make a price."

Zhang Quanzhen stretched out a finger and said, "Not many, Mr. Qin's favor is enough."

As the saying goes, it is hard to pay back money, but it is hard to get back. This kind of debt is not measurable by money.

Qin Ming frowned, and said with dissatisfaction: "Dao Master, this is difficult for a strong man. He is threatening me with human life. Not to mention, saving people is important, I owe you. Please save people quickly."

Zhang Quanzhen looked at Qin Ming with admiration, then smiled and said: "Tsk tusk, Mr. Qin, you misunderstood me. Even if I don't take action, this lady won't die. I just said she might get hurt, I didn't say her I must die, please understand what I said clearly."

“I rub! You old miscellaneous Taoist Taoist me?” Qin Ming was taken aback, he then got up, rushed into the bar and drew a knife to show the smelly old man a little bit of color.

Zhang Quanzhen hurriedly made smiling faces: “Calm down, Mr. Qin, don’t be impulsive, murder and commit crimes. I didn’t persecute you at all. You misunderstood what I meant, it’s none of my business.”

Qin Ming hit Zhang Quanzhen’s neck with a stab and cursed, “Do you still want to deny? You will do it again, don’t blame me for being cruel. Forget it, it’s important to save people first.”

Zhang Quanzhen still put a smile on his face and said, “Ho ho, Mr. Qin, go and get a plate of cold water.”

Qin Ming obeyed immediately.

As soon as Qin Ming left, Zhang Quanzhen immediately looked at Zhao Yuxin solemnly, probed the arteries in her neck, and then took out a black pill from his carrying bag and gave it to Zhao Yuxin.

When Qin Ming came back, Zhang Quanzhen said, “You can wipe Ms. Zhao with a cold water towel all over her body.”

Qin Ming was startled and said, “Nothing else?”

Zhang Quanzhen said, “Nothing. Oh, don’t be rude, I will avoid it first.”

Qin Ming stared at him with bitterness. It turned out that it was enough to wash his body with cold water. There was no technical content at all. This stinky old Taoist lied to him for nothing.

Qin Ming couldn’t help but called Song Ying to deal with it, and when Zhao Yuxin woke up, he would apologize and pay compensation, and he followed out.

Qin Ming followed Zhang Quanzhen back to the eighty-eighth floor. The old man was lying beside the glass bar watching the night view of the tall buildings. Qin Ming stepped back and sat down.

Qin Ming said: "The Daoist seems to be very familiar with the Gu worms that only appear in these novels."

Zhang Quanzhen said: "Gu worms are not fabricated out of thin air. They are also a kind of strange creatures. Modern people think that gu worms are not science and are imaginary. But who has the opportunity to study these things? They are passed down from generation to generation. In ancient times, Gu worms were used for many purposes, such as curing diseases, saving people, solving intractable diseases, poisoning princes, and enslaving their subordinates. The shadow of Gu worms is indispensable."

Qin Ming asked again: "Now I have Gu worms in my body. I can't stand a female worm at random. Is there a way for the Taoist commander to take out this gu worm in my body? I must thank you very much."

"Of course there is a way." Zhang Quanzhen said: "It's not that I brag about my ability. For the entire Huaxia, people who can solve this gu worm without hurting the body can count on one palm."

Qin Ming felt that this old way became more mysterious, and he was sure that Zhang Quanzhen was not an ordinary person.

Qin Ming sat upright and said sincerely: "Please Daochang Zhang will help me this time."

Zhang Quanzhen said: "There are two common methods. One is to forcefully pull out insects, which is more harmful to the body. You have to lie in bed and cultivate for a year or a half. The second is to rely on yourself to pull out insects, but you need to practice a martial arts hard."

Qin Ming listened to this and asked, "I don't like the first one. I don't have so much time to cultivate. Practicing martial arts? Just the one in the movies?"

Zhang Quanzhen shook his head: "The movie is called martial arts. I'm talking about martial arts. It is a kind of martial art for strengthening the body of our Hulongshan Taoist school. It is practiced once a day and night. Three months can have a small effect. It can help you arouse the whole body. By taking a special musk to lure worms in your body into the large intestine, you can hold back the feces and spray the worms out."

Qin Ming said quietly: "Why do you feel a little sick, different from what the book says?"

Zhang Quanzhen laughed: "The book is a deceptive trick, I'm telling the truth."

Qin Ming hesitated after hearing Zhang Quanzhen's words, the first method hurt his body. And the second method obviously requires some exclusive secrets from Hulongshan Daomen. How can it be given to him casually?

Qin Ming asked, "Does the Taoist master have any other ways?"

Zhang Quanzhen spread his hands together and said: "The last method is to let the host of the mother worm come to you and draw the worm out. This is the easiest and most convenient way. But as far as I know, it is generally It is some declining big clans and some gu females in the deep mountain villages of our country, who would do this in order to keep the bad guys."

Qin Ming said: "Dao Master, I drank a glass of water at the time, and that's it. I didn't even know her."

Zhang Quanzhen smiled mysteriously, leaning into Qin Ming's ear, and said: "Actually, I have already guessed who it is. I heard that people from the Lin family in the Tuzhai village in western Hunan are looking for you. Does Mr. Qin need me to inform the Lin family? When it's there, it's the fastest and easiest way to bring it to you directly."

Qin Ming's face condensed, this stinky Taoist actually knows so many things?

This was something that had nothing to do with him, but he knew it as soon as he heard it. It was surprising.

Qin Ming simply spread out his hand and said, "In that case, please give me a copy of your martial arts secrets. Money is not a problem, and favors are not a problem."

Zhang Quanzhen twisted his beard and said, "Hey, what is Mr. Qin talking about? Didn't I say it just now? I followed the Big Dipper, looking for people who are destined to solve problems for them. Just now I have accepted your favor. I won't ask you for favor. As for money, it's nothing but an external object to me. I'm not rare. I'll help you with this for free."

With that said, Zhang Quanzhen touched the hanging bag on his body, and suddenly his expression changed: "Huh? It's strange, where did I put it? Hey, forget, when I came to Guangzhou, I went to Mu's house and put my things in. Mu's house. You can go to Mu's house to get it."

Qin Ming's heart moved, and he said, "Okay, I'll get it. Thank you Zhang Zhenren for your help, Qin Ming is not unforgettable."

Zhang Quanzhen waved his hand and said, "These are trivial things, but I have one thing I want to ask Mr. Qin later. I hope Mr. Qin can repay my hard work today."

The fox's tail appeared.

Qin Ming smelled something, but didn't know how to say it. What do you want to say about the relationship between the Zhao family and Zhang Quanzhen? He has no evidence. Secondly, because of the Mu family, he is not quite sure what purpose Zhang Quanzhen has for him.

Secondly, when Zhang Quanzhen first started, he just fancied his birth date and didn't know the World Century Group behind him, which means that he didn't come for money from the beginning.

What does he want to do?

What does he want Qin Ming to do?

## Chapter 422

No matter what Zhang Quanzhen wants to do, Qin Ming will get rid of the gu worm in his body, so he doesn't ask for it for the time being, and get the worm out first.

But he smelled a taste, a taste of conspiracy.

He felt that Zhang Quanzhen was like an invisible net, and suddenly caught his fish in the net.

But Qin Ming didn't know Zhang Quanzhen in the past. They met for the first time when they saw him arguing with Li Meng at the intersection of the pedestrian street. Then they suddenly discovered that he was a guest of Mu's family. Mu Hairan has a deep connection.

And tonight Zhang Quanzhen's ability to predict the future also told him to see, and when he guessed it accurately, he also pointed out the problem with the worm in his body.

Qin Ming did not directly agree, because he was taught a lesson tonight.

Young and immature, he found Zhang Quanzhen this old fritters, it was easy for him to do things, he learned.

Qin Ming just said, "Don't worry, Chief Daoist, I will do what I can about your business and mine."

Zhang Quanzhen rolled his eyes, what the hell did he do? Isn't that what you do if you want to do it, don't do it if you don't want to do it? I learned so smoothly at a young age, and I was so slick.

But he had already said the method, and he didn't know how to use Qin Ming.

Zhang Quan said sincerely: "It's still not anxious, good destiny has good results, and sometimes patience is needed."

Qin Ming still had something to say, but Zhang Quanzhen wanted to continue traveling around the country and set off on the grounds that he had leaked too many secrets and could not be said.

Qin Ming wanted to find someone to follow him, but the younger brother who was following him last time couldn't keep up with Zhang Quanzhen, so Qin Ming changed his contact information.

As a result, this old man didn't even have a mobile phone. Qin Ming said he would give one away. He didn't want it yet, and threw it away when he took it. It was stubborn.

Qin Ming is gone, so he can only let him go.

He also wants to leave immediately to Mu's house to find some martial arts books.

Qin Ming hurried to the Mu's compound by car. To tell the truth, he really didn't expect that he would come to the Mu's again.

Standing at the door, Qin Ming happened to see Mu Hao's car coming back.

Mu Hao smiled very happily and said, "Oh, Xiao Qin, are you going home?"

He came up enthusiastically and took Qin Ming's hand, and said, "I happened to be discharged from the hospital today. Have you come to see me? Hahaha, filial piety."

Qin Ming saw that Mu Hao was angry like this. He waved his hand and broke free and said, "Boss Mu, time and time again, I won't be polite to you like this. I obviously divorced Mu Xiaoqiao, the divorce certificate. It's still you. What are you going to do?"

Xu Shulan was taken aback and said, "What? Xiao Qin, when did you divorce Xiao Qiao? Why don't I know?"

Mu Hao rubbed his hands, embarrassed, and said, "This is indeed my fault. Xiao Qin, I deceived you. The divorce certificate in your hand is fake. In fact, you are still a husband and wife legally."

Qin Ming's face was black: "..."

Mu Hao said again: "Xiao Qin, don't be angry, I'll tell the truth. I was really not satisfied with you at the beginning, but Zhang Zhenren said that your horoscope is good for my daughter, so it must be good. That's why I am I set the terms of the articles of association with you. Later I found that you were really good and satisfied with you. Xiao Qiao didn't resist her, so I completely regarded you as my good son-in-law. I didn't want you to leave, nor did my Mu family. Do you feel wronged too much?"

"So, when you asked to leave our Mu's house, I made a mess, didn't do it, and didn't notify other people."

"I think after a long time, you might change your mind."

Mu Hao sighed melancholy: "I didn't expect your attitude to be so determined, okay. Let's go in and say, say it clearly. I just hope you don't regret it."

Yeah drink? Qin Ming is strange, is Mu Hao so happy today?

Xu Shulan was anxious: "Why do you want a divorce? Qin Ming, did I scold you and laugh at you before, and you hold a grudge? You can also scold me and humiliate me now. This, this is about to divorce, our daughter will not become Broken shoes? We are a big member of the Mu family, and she will have to be pointed behind wherever she goes in the future."

Mu Hao held his wife with a decided look: "Xiao Qin will go his own way, then there is no way. Let's go in."

The three of them entered the house. No one else was in the hall. Only Mu Xiaoqiao was reading an agreement. Qin Ming had sharp eyes and saw the divorce agreement when he entered the door.

When Mu Xiaoqiao saw Qin Ming, her eyes were complicated, but she quickly recovered her former calmness and rigidity, a piece of iceberg alive.

Qin Ming's heart moved. He didn't expect that Mu Xiaoqiao would give up on him. She actually asked for a divorce first?

Mu Xiaoqiao sternly stood up and said, "Dad, you came back just right. Since everyone is here, I have something to announce that I am going to divorce Qin Ming, and I have prepared the agreement. Qin Ming, you just need to sign it, and there will be The law is effective."

After speaking, Mu Xiaoqiao watched Qin Ming angrily throw the divorce agreement, turned around and picked up his shoulder bag, and said, "I have an appointment tonight. I won't come back to sleep."

Mu Xiaoqiao's determination and indifference made Qin Ming feel a little uncomfortable.

But he didn't say a word either. This was something that should have happened long ago. It was dragged by Mu Hao until now, and it was finally over.

Xu Shulan hurriedly chased it out: "Eh, eh, Xiao Qiao, don't be impulsive."

Mu Hao picked up the divorce agreement and said, "It seems that I don't need to do anything. Xiao Qin, our Mu family has been in trouble several times, and they are all comparable to the destruction of the door. The lives of my father and my son are also dependent on you. Help is saved. If you are my son-in-law, then everyone is your own, and I won't talk about repaying you."

"But you have to go, Mu Hao will not forget the kindness of that mud."

Qin Ming said: "Your sister Mu Shuyun gave me one billion, and it's a tie. Boss Mu doesn't have to worry about it."

Qin Ming picked up the pen and was about to sign on it.

Suddenly, a plate of cold water poured down on his head.

With a crash, Qin Mingquan was soaked, and so was the agreement.

Qin Ming looked up, but Mu Sichun made a grimace at him: "Slightly... Brother-in-law, if you dare to sign, I dare to ignore you. Or if you don't sign, come up and beat me?"

Qin Ming wiped the water on his face, the paper was so wet that it was not easy to sign.

He asked again: "Boss Mu, has Zhang Zhenren been here?"

Mu Hao nodded and said, "Yes, he still left something. He said it was given to Xiao Qiao. It was a box. He said it was a guide for women's anti-wolf martial arts. They were handed down from Hulongshan. Girls are easy to learn. It's just a small gift."

"..." Qin Ming listened, how does it feel different from what Zhang Quanzhen said to him?

He asked: "No, did he leave anything else? For example, he will definitely come back to get it?"

Mu Hao said in surprise: "No, he was chatting with my dad in this living room at the time. When he left, nothing was left. The only thing left was the box for Xiao Qiao."

Qin Ming frowned, such a coincidence? Then doesn't he have to find Mu Xiaoqiao?

Qin Ming had to call Mu Xiaoqiao.

As soon as the phone got through, I heard Mu Xiaoqiao's cold tone and asked, "Have you finished signing the name? Just leave the divorce agreement. I put the nine-eyed dzi you gave me in the study, so you can take it by the way."

Qin Ming asked, "Did Zhang Zhenren give you a box? I want that box, can I..."

Mu Xiaoqiao coldly snorted: "Qin Ming, that was something that Zhenren Zhang gave me. It doesn't cost you a penny. It has nothing to do with you. I have no intention of giving it to others. Since you have signed the divorce agreement, we will spend the rest of our lives. I won't see each other again. You go on your Yangguan Road, and I'll walk on my single-plank bridge.

"Oh? Xiaoqiao, have you finally figured it out? Divorced with that door-to-door son-in-law, I said it a long time ago, you are like this..."

“Dudu...”

Qin Ming wanted to say a few more words. He did hear other men’s voices on the phone, and then the phone hung up.

Qin Ming put away the phone, his face was gloomy, his eyes were murderous, and he said: “Boss Mu, tell Zhang Quanzhen, next time he dares to show up in front of me, I will take his life. I can’t Qin Ming. Being teased over and over again.”

After speaking, Qin Ming turned and left.

Qin Ming took out the phone and called Along as he walked, and said, “Along, make arrangements with Bi Yuan. We will go to Xiangxi this weekend. Um, do something and prepare more people.”

## Chapter 423

“Dad, can this be messed up?”

Mu Hao paced back and forth anxiously in the study. He pointed to the drenched divorce agreement and looked at Mu Hairan with a silent face and said, “I didn’t expect Xiao Qin’s personality to be so strong. He should have guessed that Zhen Zhang is here. Help us keep him.”

“He’s not going to find Xiao Qiao anymore.”

“Oh, I originally thought that Qin Ming was not worthy of our Xiao Qiao, but the result was that our Mu family’s small fish pond could not keep him.”

Rao is Mu Hao and a shopping mall crocodile, but in the face of this kind of love for children, he is a little helpless.

Especially when Qin Ming was in Guangzhou, a phone call almost wiped out the status of his relative Xu's family in Haishi. Now he is also a little afraid of Qin Ming's methods.

Mu Hairan was holding a copy of "Ghost Valley", flipping through it slowly, and said: "Our Mu family has a net worth of tens of billions, and we do business all over the world. How can we be called Xiaoyutang? Indeed, Qin Ming has become more mysterious now. The background is complicated and confusing. But you can't see his character? Is that measured by money? There are many people chasing fame and fortune, and few people who value love and righteousness, but Qin Ming is one."

"But as far as he is leaving the Mu family, he has always handled it carefully, not wanting to cause too much harm and trouble to us, which shows that he is not ruthless and even gets along with us very happily."

"Maybe it irritated him this time, but there is still room for maneuver. Those who value love should be moved with true feelings."

"According to my observation, Qin Ming is a person who is soft and not hard. If you talk with him well, you will surely become friends. If you play tricks on him, you will easily irritate him. This time, Zhen Zhang is wrong."

Mu Hao said in amazement, "Zhang Zhenren is wrong? I admire Zhang Zhenren's methods the most."

Mu Hairan's old face wrinkled, and he smiled: "A real person is also a human. My brother has often made mistakes in the past. The reason why he is considered to be a "strategy" is that he knows how to learn lessons and mistakes, but it does not mean He really won't make any more mistakes."

Mu Hao was unwilling to say: “Dad, then we two father and son can only stay in Guangzhou City? When our family was driven out of Beijing City, should we carry the humiliation that year for a lifetime? You were a master in Beijing city back then. character.”

Mu Hairan’s Weirong froze and seemed to be lost in contemplation of the past, causing him to gradually become cold, his fists involuntarily clenched.

Mu Hao said again, “Dad, since everything has become like this. Then I’ll let Xiaochun go. My Mu’s family is also very thin, with only two daughters.”

Mu Hairan snorted coldly: “I asked you to raise a child outside. You can’t raise it. Now that you are old, you can’t live anymore. You regret it? But fortunately, Xiaochun’s personality is completely different from that of her sister. . You go call Xiaochun.”

After a while, Mu Sichun was called to Mu Hairan’s study.

“Grandpa, what’s the matter?” Mu Sichun was a little unhappy, eyes a little red.

Mu Hairan said lovingly: “Oh, who is bullying our little princess? Is there someone bullying you in the filming of Director Feng?”

Mu Sichun’s flat mouth: “I have a brother-in-law who is covering me. Where can I be bullied? I am angry. My brother-in-law is leaving, why should he leave? Is our family treating him badly? So is my sister, my brother-in-law is not very good. Is it true? Why did she file for divorce?”

“Who is right about feelings?” Mu Hairan laughed, “Actually, I don’t think Qin Ming has deep feelings for your sister, but it’s good for you.”

Mu Sichun nodded innocently: "Well, I didn't know my brother-in-law before. I thought he was incompetent and unreasonable. Later I found that my brother-in-law is very powerful and gentle. Hey, I envy my sister."

Speaking of this, Mu Sichun is still a bit shy, she thinks about it carefully, and the time she spends with Qin Ming is very happy.

Mu Hairan smiled and said, "No. Xiao Qin is a very good man. Unfortunately, he has no relationship with your sister. Moreover, suffering from incurable diseases, I am afraid that he will die soon."

"What fate is coming soon?" Mu Sichun's expression changed.

Mu Hairan said: "Xiao Qin got a strange disease, Zhang Zhenren sent a box, that is the box for your sister, which contains things you can save him. But the two divorced, your sister I won't give it to him, so...Oh, it's froze."

"How can my elder sister be like this? It's important to save people. Brother-in-law is too miserable, right?" Mu Sichun clenched his small fist angrily and said, "I'll ask her to reason."

Mu Hairan stopped Mu Sichun and said, "Hey, what do you mix with a child? Leave it to adults. Go back to the room, and you won't pick up Director Feng's play? You are only the big one. Second, how lucky are you to be able to cooperate with well-known domestic directors? For the sake of Qin Ming's affairs, leave everything else alone?"

Mu Sichun pursed his lips unhappily, and walked back to the room angrily.

She took out a backpack and hummed: "Grandpa is too hateful, isn't brother-in-law's divorce agreement not signed yet? Isn't there still room for redemption? Isn't brother-in-law's life important? He helped With so many families in our house, how can we ignore it?"

Mu Sichun picked up the phone, called Qin Ming, and said, "Brother-in-law, where have you been?"

When Qin Ming heard that it was Mu Sichun, she was not annoyed that she poured cold water on him just now, but just said, "What's wrong? Xiaochun, I will no longer be your brother-in-law in the future, and I hope I can still be friends with you."

"Brother-in-law, I don't want you to go." Mu Sichun looked a little aggrieved, and said: "Where are you? I will go to my sister with you and let her give you something. After all, it is for life-saving."

Qin Ming said: "Okay, adults, don't worry about your children, study hard."

Qin Ming hung up the phone, Mu Sichun's anger, which was exactly the same as Mu Hairan's tone, completely angered Mu Sichun.

She gritted her teeth in anger: "Okay, Qin Ming, you're just two years older than me? What kind of adult do you pretend to be? No, I can't ignore it. I must catch Qin Ming back. "

In other words, when Qin Ming came out of Mu's house, he felt angry in his heart. He felt that he had been routine from the beginning, but there was no evidence.

Mu Haoyang's violation of Yin also made him very upset. Zhang Quanzhen had an unusual relationship with the Mu family. This act of secretly keeping him in the Mu family made him very unhappy because he hated the fate of being manipulated.

Since you want me to find Mu Xiaoqiao, Qin Ming wouldn't look for it.

Now Mu Xiaoqiao is going to divorce him, that's exactly what he wants, and each has his own way.

But there were Gu worms in his body, which he didn't expect.

Since Mu Xiaoqiao refused to give him the box, Qin Ming could only find it in Xiangxi.

But the divorce agreement still has to be returned to her.

Qin Ming came to a night market bar, because Omei's intelligence network investigated that Mu Xiaoqiao had come to the nightclub.

At the bar, it was obvious that Mu Xiaoqiao was dressed in full costume, and there was a handsome man in a suit and leather shoes sitting beside him.

Generally speaking, beauties like Mu Xiaoqiao appear in bars to buy drunk, they are all heroes of all walks of life competing objects, but the man sitting next to Mu Xiaoqiao, he also has bodyguards, four sturdy men formed A safe coterie, no strangers to enter, can be described as domineering.

Qin Ming walked over directly.

## Chapter 424

Qin Ming walked over and saw Mu Xiaoqiao, who had already drunk more than a dozen cocktails in front of him, her face was ruddy, her eyes were hazy, and the charm of a woman was revealed.

Qin Ming said, "Mu Xiaoqiao, even if you get divorced, you don't need to get drunk in such a place, right?"

The drunk Mu Xiaoqiao looked back at Qin Ming, and said coldly, "Let things go, you can go."

When Qin Ming saw Mu Xiaoqiao who was so drunk, he blamed himself. If it weren't for him, how could Mu Xiaoqiao come to such a night bar alone to drink and buy drunk?

Mu Xiaoqiao's situation was already very dangerous. Once she was drunk, she let the handsome guy next to her play around.

Qin Ming met the Mu family somehow, and couldn't bear to watch Mu Xiaoqiao abuse himself like this.

Qin Ming said: "Okay, go back with me first. I have something to say."

Mu Xiaoqiao broke away from Qin Ming's hand and said, "Who are you? Who are you? Why should I go with you? I don't know you, and I don't want to listen to you."

"stop!"

A bodyguard of the man in a suit suddenly stopped Qin Ming and scolded: "Where is the stinky silk? Go away. Didn't you see that someone didn't recognize you? Our young master is drinking with someone. Do you want to die? Look at that. The men on the side, if you beep what they end up, you will end up."

Qin Ming glanced at the few alcoholics on the side, all of them had bruises and swollen faces, and seemed to be very angry with the handsome guy in the suit.

Qin Ming said, "Get out of the way."

"Let him come over." The elegant handsome man took care of his "Brother Booker", put his hands in his pockets, and looked at Qin Ming arrogantly: "If you guessed right, you are the son-in-law of the Mu family, Xiao Qiao said before. Is the one who was too poor?"

Qin Ming asked: "Yes, it's me, who are you?"

“Me? My name is Su Shiming, and I am Mu Xiaoqiao. I am a business partner. The fabric materials of their luxury brands are all provided by our company. Strictly speaking, the supply and demand of fabric materials of many luxury brands in countries around the world follow I have cooperation.” Su Shiming proudly introduced himself: “Wealth is more than a billion, how about you, have you graduated from college? Oh, I remember, Xiao Qiao said that you were just in your senior year.”

The arrogant tone of a successful person in society, the lofty posture of a rich man.

Qin Ming said, “Ho ho, what if you have money? I’m talking to Mu Xiaoqiao, do I still need you to take care of it?”

Su Shiming said again: “Obviously, Mu Xiaoqiao has divorced you, and you don’t need to take care of her affairs. You are not a stalker? Can’t bear the prosperity and wealth of the Mu family? A man like you can’t help Mu Xiao at all. Joe, do you know? You are a burden, do you know?”

Su Shiming lit a cigarette, took a sip of it, and said, “Do you know how much trouble Xiao Qiao’s company is facing now? Do you have the ability to solve it? Do you know how bad competition is for international luxury brands?”

“You don’t know anything, you know to eat soft rice. Isn’t it?”

“Put down your divorce agreement and let’s go. You were indifferent to her at the beginning, and you can’t afford her in the future.”

“However, I have to thank you. I have known Mu Xiaoqiao for several years. I have been pursuing her, but she doesn’t like me. It turns out that I secretly married you, a poor boy, and Boss Mu wants a son-in-law. Ho ho, now is the time when Xiao Qiao is sad, and I am thankful that you gave me this opportunity.”

Mu Xiaoqiao suddenly stood up, took the divorce agreement, and said, “What do you say so much? Su Shiming, send me back to my old company building. I don’t want to see this face.”

Mu Xiaoqiao drank a lot of wine, and walked staggeringly.

Seeing this, Su Shiming knew that his opportunity had come, and hurriedly stretched out his hand to help.

But Qin Ming suddenly violent, knocked his arm away, and grabbed Mu Xiaoqiao who was about to fall with one hand.

Mu Xiaoqiao staggered and fell on Qin Ming again. She saw Qin Ming and weakly pushed him away, and said, "What are you doing? Since you have signed, then divorce, don't you miss Nie Haitang? Go, go find her. If you get divorced, won't I prevent you? Wouldn't you be free if you are divorced?"

Qin Ming was startled when he heard these words, and he felt a little bit heartbroken.

Qin Ming said: "Su Shiming has no good intentions for you, don't be naive."

Mu Xiaoqiao said excitedly: "Can't I see it? But at least people are interesting to me, and even want to sleep with me, how about you? Putting it naked in front of you, you don't want me. Is it the second time? I think I'm not as good as Nie Haitang's hair. You let me go, I don't want you to control it."

Snapped!

Mu Xiaoqiao slapped her angrily under the influence of alcohol.

Qin Ming was slapped loudly, with red marks on his face.

This slap in the face calmed everyone in the bar.

In fact, some people have noticed the dispute here.

“Isn’t it? Such a superb beauty, even if she is naked?”

“Who is that named Nie Haitang? Is it more beautiful than this?”

“It won’t be the wealthy daughter Nie Haitang who went bankrupt in Guangzhou City? Fortune magazine often reports that wealthy wives from the wealthy Guangzhou city want to give their sons the daughter-in-law daughter-in-law, but there is no news after the bankruptcy.”

“Ho ho, man. Are they all greedy for the new and disgusting with the old? Eating from the bowl and looking at the pot. The goddess you are fond of, you don’t know that people are getting sick every day.”

Su Shiming looked at him and smiled triumphantly. He knew very well that at this time, he didn’t need to show the limelight, and low-key was the most cowhide act.

Mu Xiaoqiao grabbed a bottle of whiskey from the wine counter and took a sip, which caused many drinkers in the bar to shout: “Okay, the beauty is bold enough and amazing.”

Mu Xiaoqiao wiped her mouth, tears bursting into her eyes, but the bar was dimly lit and she couldn’t see clearly. She pointed to Qin Ming and said, “I will give you the freedom you want. I will follow the road in the future. The dog on the side has nothing to do with you. Su Shiming, are you dead? Help me back to the company.”

Su Shiming directly dropped a stack of money and said, “Pay the bill. Xiao Qiao, I’m here, I’m here, be careful, see you are drunk, so don’t go back to the company and work overtime. Let’s go to the hotel and take a dip. How nice the hot springs are.”

The four bodyguards of Su Shiming also stood up in a timely manner to block Qin Ming's path, so that he should not hinder the boss from picking up girls.

Qin Ming saw that it was these four people again, and said annoyed: "Get out of the way, otherwise you will be at your own risk."

The four bodyguards looked at each other and grinned.

"Brothers, I heard you right? This kid told us to move away? Just his small body."

"Oh, after being a son-in-law of a wealthy family for a few days, I treat myself as a person."

"Boy, you can't beat our Master Su. Our Master Su is young and more golden, handsome, and knows how to be considerate to women."

"Your stinky door-to-door son-in-law was dumped, don't you hurry to get out?"

Qin Ming waved his hand, and Aaron, wearing slippers, immediately walked out from the side and yawned lazily, "Master, how should I fix it?"

Qin Ming pointed to the four bodyguards, Su Shiming, and said, "Tonight is not good today. Let them stay in the hospital for a few months."

Aaron hurriedly agreed: "Okay, you go first, young master, silly big guy, get out of the way."

As soon as the voice fell, Aaron slapped it, and the speed was fast. The bodyguard who blocked the way did not react, and was directly slapped on the face by Aaron, fainted to the ground, unable to stand up!

Aaron's slap is simple, direct, rough, and even unexpected.

Qin Ming glared at a few people before walking out swaggeringly.

The other three bodyguards were dumbfounded. What happened? This kid has such a great bodyguard? Isn't it the son-in-law?

Aaron stretched his waist and said, "Alright, let's go together. In five seconds, I will send you to the hospital for a few months."

Behind Qin Ming, there were wailing and screams. He didn't care much about them. After all, he was the boss, and he just gave orders and his subordinates did the work.

At the door of the hotel, drunk Mu Xiaoqiao was pulled into a BMW by Su Shiming.

Qin Ming walked over and kicked him, snatching Mu Xiaoqiao over.

Su Shiming fell a dog and gnawed shit and turned around and cursed: "I'm rubbing! It's you again, Lao Tzu's bodyguard? Qin Ming, you are a poor man, believe it or not, Lao Tzu smashed a million and asked people to buy you. I have money. Dealing with your poor life is as easy as drinking water."

At this time, Qin Ming drove a golden Rolls-Royce extended version, and a row of people in black guarded Qin Ming, watching Qin Ming take the drunk Mu Xiaoqiao into the car.

Su Shiming was stunned, why suddenly a luxury car appeared? He knew this car, and it was the luxury car customized by Rolls-Royce on the top of Yunshanding Villa.

Su Shiming's family lives in Yunshanding Villa, but he lives at the foot of the mountain and occasionally sees this luxury car coming in and out. The license plate is correct. The owner of this car is widely discussed in the rich circle of Guangzhou. No one knows the identity behind it.

All I know is that the big businessman Hou Qing and the wealthy Qi's people all act with the owner of this car.

The owner of this car also has a super beautiful secretary.

Gluck... Song Ying stepped on high heels and came in front of Su Shiming. The latter trembled. She was a beautiful woman, but at the same time her pupils shrank, and everything in front of her seemed to confirm his thoughts.

This, this Qin Ming, Mu Xiaoqiao's man, is the owner of the highest mountain villa on the top of Yunshan Mountain? That mysterious super rich man?

impossible? Isn't he a student? Besides, the clothes he wears are still so shabby, and his secretary is so beautiful, why marry Mu Xiaoqiao?

Bang bang!

Aaron threw out four of Su Shiming's bodyguards, each with his face bruised and swollen, fractured and unconscious.

Su Shiming was even more frightened, his legs weakened, and he no longer dared to ask, can't you see this? His four bodyguards are all professionally trained, but the result is not enough for a kid wearing slippers?

Condescendingly, Song Ying looked at Su Shiming coldly. She didn't know when she had already held a sharp blade in her hand, and said, "I heard that you are going to pay for the life of our young master?"

Su Shiming was so frightened that he knelt on the ground and hurriedly said: "I, I, I am sorry, I was shocked and disturbed, Mr. Qin and Mr. Qin, what I said just now was that I failed to speak after drinking and drinking. Please forgive Mr. Qin."

After Qin Ming put Mu Xiaoqiao in the car, he walked over and said, "Master Su, right? Send you a word. If you dare to tell a little bit about what happened today, I will destroy your family in the future."

Seeing Qin Ming's sharp eyes, Su Shiming was so frightened that he didn't dare to say a word. He could see that Qin Ming was serious.

After Qin Ming turned to leave, he said, "Smashed Su Shao's car and let him remember this lesson."

Su Shiming watched Qin Ming's people smash the car. He didn't dare to step forward to stop it, and he didn't dare to ask, he could only admit it.

## Chapter 425

Headache, Mu Xiaoqiao's head hurts.

There were fragments of her consciousness, and her last self was taken into the car by Su Shiming.

Who is Su Shiming? One of the richest celebrities in Guangzhou, but just a playboy, she was drinking at a bar tonight, and she happened to pick up girls when she saw him there, and then she got hooked.

Due to the cooperative relationship with his father, Mu Xiaoqiao was not too rude to drive him away.

In the end, in order to be free and easy in front of Qin Ming, Su Shiming was asked to send her back to the empty old company building, and could not say anything.

She opened her eyes abruptly. She didn't know how long she had been drunk. If Su Shiming took her in the car in the end, would she have sex? When she thought of this, Mu Xiaoqiao was sweating and she woke up instantly.

She won't be taken advantage of by Su Shiming, will she?

When Mu Xiaoqiao woke up, she looked around, touched her clothes and immediately breathed a sigh of relief, and then lay comfortably on the bed.

This is her room, and her clothes are not messy.

"Unexpectedly, that gentleman like Su Shiming sent me back directly." Mu Xiaoqiao let out a long sigh, and couldn't help but feel a little more fond of Su Shiming in her heart.

Mu Xiaoqiao looked at the clock, and it was only three o'clock in the morning.

She also saw the babysitter Aunt Fang dozing off, and she called out a few times: "Aunt Fang, Aunt Fang, get me a glass of warm water."

"Oh, Miss, you are awake." Aunt Fang yawned, and quickly poured a cup of warm water for Mu Xiaoqiao, and said: "Oh, your dad and wife saw that you were sent back drunk, and it hurts. Fortunately, my uncle sent someone to bring you back, otherwise if you meet a bad guy, then..."

Mu Xiaoqiao was taken aback, and said, "Didn't my friend send me back?"

Aunt Fang said, "No, it's my uncle's friend, she's a woman, very beautiful."

Mu Xiaoqiao reached out and grabbed her atrium. She felt a little uncomfortable. She clearly decided to forget the man with a heart of stone. She obviously didn't want to remember him anymore. But when she heard Qin Ming sent her back, she couldn't help but feel happy and instinctive. Can't deceive people.

Mu Xiaoqiao flipped through her bag, but couldn't find the divorce agreement. After thinking about it, she seemed to have fallen into the bar.

The divorce agreement must be handed over to a lawyer before it can be processed for legal effect. If you lose it, you have to sign another one.

Mu Xiaoqiao sighed: "Forget it, look for it later. Aunt Fang, go to sleep, you have worked hard."

Aunt Fang got up to leave, stopped again, and said, "Oh, that's right. Just now, Missy, your cell phone keeps ringing, so I will turn it off. I'm afraid of quarreling you. I don't know if it matters if you missed something. Matter, miss you first look at your phone."

Mu Xiaoqiao took the mobile phone and found that it was all the calls from his sister Mu Sichun, which was more than thirty. Because she couldn't get through, she sent a message later.

Only after reading the information, Mu Xiaoqiao was shocked, and immediately got up and ran without putting on shoes. After running out the door, she turned around and grabbed a pair of shoes.

Aunt Fang, who came downstairs, wondered: "Huh? Miss, are you going to the kitchen? What do you want to eat? I can get it for you."

Mu Xiaoqiao said, "Auntie Fang, I'll go out for a while. Don't tell my parents."

After she woke up, Mu Xiaoqiao didn't dare to drive by herself. He called a taxi from the side of the road and went back to the nightclub bar where she was drinking at night.

Even after three o'clock in the morning, the nightclub was still very lively outside, but there was a BMW 7 series smashed by someone on the roadside. Mu Xiaoqiao recognized that it was Su Shiming's car.

But she didn't care about so many reasons. She quickly walked into the bar and asked the bartender who had mixed her before: "Sir, do you remember me? I drank eighteen glasses of your cocktail at the beginning, and finally seemed to take it. After leaving you a bottle of whiskey, and my husband came to see me, he is holding a divorce agreement, where is the agreement?"

The bartender said, "Oh, I saw it. We cleaned it and threw it in the trash can. If you want to find it, look for it in the trash can."

Mu Xiaoqiao ran to the alley outside the bar again.

"Ah!" As soon as she walked out, she saw a few drunk women lying here, she was taken aback, and some men next to her were staring at her.

There was a beautiful one who was carried away, but a few ugly ones were left unattended.

Mu Xiaoqiao endured fear first, and walked quickly to the trash can.

The garbage dump in the stinking ditch behind this bar was piled up like a mountain, giving off all kinds of stench, and I saw a sleeve with an unknown liquid in front of me.

Mu Xiaoqiao frowned disgustingly, but she had to find out the divorce agreement.

She wanted to confirm something. When Qin Ming came to see her, did the agreement sign it?

Is he so hard-hearted? If he is really so hard-hearted, why bother with her again? Don't let her fall, don't let her get drunk?

Mu Xiaoqiao remembered the information sent to her by her sister Mu Sichun just now, saying that Qin Ming had a strange disease and would die, and needed something in a box in her hand to save her life.

Mu Xiaoqiao was actually quite puzzled. Her box was given to her by Zhenren Zhang when she came to Mu's house today. It said it was a martial arts book for physical fitness. There was also a musk bag that was fragrant and fragrant.

It's just a very ordinary gift, nothing special.

She thought it was weird. She has always been in good health. She is not interested in martial arts for physical fitness. If she wants to exercise, she also goes to the fitness room.

How did Zhang Zhenren give her this thing?

Later, she heard Qin Ming's call and realized that Qin Ming wanted this thing.

But she really didn't know that Qin Ming was going to save her life with something.

At that time, Mu Xiaoqiao was very angry, and when she heard Qin Ming asked for the box, she threw the box directly into the trash can at the back of the bar.

Therefore, the boxes Qin Ming asked for, as well as the divorce agreement, were all thrown into the garbage.

Mu Xiaoqiao could only slowly dig through the bags one by one, looking for this pile of rubbish.

In addition to wine bottles, cigarette cases, food, there are many adult products, women's sanitary napkins, and bags of covers. The smell makes her want to vomit.

"Oh!" Mu Xiaoqiao really vomited, vomiting watery, vomiting out all the drinks.

But after she finished vomiting, she wiped her mouth. She didn't care about that much and could only continue to look for things that were related to Qin Ming's life. She regretted it and lost it.

Mu Xiaoqiao gritted his teeth and said, "Why did he get a strange disease? It doesn't look like it usually."

Mu Xiaoqiao has been looking for it for almost an hour. The mountains of trash have been scattered, every plastic bag has been opened, and the contents have been dumped. She also found her sweaty and dirty. .

"Huh..." Mu Xiaoqiao swallowed, wiped her sweat, tiredness swept across her body.

"Hey, what are you doing? You stinky beggar, looking for trash elsewhere, all messed up, but I will be deducted." The cleaning aunt at the bar swept Mu Xiaoqiao angrily on the back.

"Ah!" Mu Xiaoqiao grunted painfully and fell to the ground.

"Huh? You...you're not a beggar." Auntie Cleaning saw Mu Xiaoqiao's beautiful face, but her clothes were ridiculously dirty, and she knew she had called the wrong person: "Are you taking too much drugs? What are you doing through the garbage dump? Oh, sorry, I thought you were a beggar nearby."

Mu Xiaoqiao endured the pain and said, "Auntie, I'm fine. Have you ever seen a piece of paper, which is a divorce agreement. There is also a very ordinary wooden box, but it is very fragrant."

Auntie Proctor thought for a while and said, "Oh, wooden box? I picked it up. You want it. You have to give me a tip."

Mu Xiaoqiao hurriedly opened the bag, took out all the more than 3,000 yuan in cash, and said, "Auntie, I only have that much. The box must be returned to me, life is dead, please."

Auntie Cleaning took a one-hundred yuan sheet and said, "We're not wronging you, one hundred tips is enough."

Mu Xiaoqiao met with the wooden box given by Zhang Quanzhen, and found that there was nothing in it, and he was relieved immediately, with a smile of relief on his cold face.

She pushed all the money over and said, "Auntie, you also accept the money as compensation for messing up here. Then, did you see a divorce agreement?"

Auntie Proctor said: "I saw it, but you can write another copy. I used the white paper to wipe my butt without paper when I went to the toilet. Anyway, I'm divorced, what's the point of writing another copy?"

"..." Mu Xiaoqiao was speechless, so he flushed the toilet?

Mu Xiaoqiao asked, "No, auntie, is there any face written on the man's signature? It's obvious, right? You can see it at a glance, right?"
