

Chapter 665

Faced with this Ye Shaoshan suddenly pulling out his woodpecker knife to scare people, Qin Ming was also drunk, were all the dudes in Beijing so direct? Do they think they are invincible?

Mu Xiaoqiao, however, was a bit scared, after all, she was only an average person and was somewhat powerless in the face of violence, she was also worried about Qin Ming getting hurt and said, "You people, how shameless. I want to call the police."

Qin Ming reached out to stop her and said, "It's alright, I'm not someone who can be intimidated by a knife. To be honest, when I was in my first year of junior high school, someone used a watermelon knife to scare me. That kind is nothing at all."

"Oh?" Ye Shaoshan raised the corner of his mouth manically, "Kid, you think I'm scaring you? Hahaha, you've piqued my interest yet."

The female attendant at the side shuddered at Ye Shaoshan's smile and said, "You are lacking brains, aren't you? If you don't know what kind of person Young Ye is, then let me tell you, I advise you to hurry up and apologise to Young Ye. No, get down on your knees and apologise to Younger Ye, perhaps Younger Ye might even forgive you."

There were also people beside him who kept gossiping, "Yeah, the last time Ye Shao fought with the mayor's son for a girl, Ye Shao didn't lose either, he ran over the other guy straight away."

"There's also a rich young master from a ten billion dollar family, his background is not comparable to Ye Shao's, he was directly beaten up by Ye Shao and didn't even dare to squeal."

"Kid, I advise you to save your life, offend Ye Shao's people, lightly, you will break your hands and feet, seriously, you won't be able to be a man oh."

"Last time I saw a so-called rich man from abroad, he was beaten up by Young Ye and became incontinent."

Hearing the bar regulars next to her bragging about Ye Shaoshan like this, Mu Xiaoqiao's face gradually gloomed, although their Mu family was also considered an old and powerful family in Guangcheng, this was Beijing, and they still couldn't take into account their abilities.

She looked to Qin Ming worriedly, her hand couldn't help but pull Qin Ming, the worst thing she could do was to run out.

When Ye Shaoshan saw Mu Xiaoqiao move like this, his eyes half narrowed, filled with jealousy.

Ye Shaoshan took out a card and said, "Such a beautiful woman, her looks, body and voice are all one of a kind, boy, I don't want your girl to resist me too much either. Here's the deal, here's ten million dollars, worthy of your girl's stature, right? Take the money and get out."

The waitress next to him added, "Wow, Young Ye is so generous. Kid, you need to hurry up and say thank you to Young Ye."

"Tsk, Young Ye really likes this woman."

"Indeed, so pretty, who wouldn't like it?"

"Wow, if Young Ye is willing to buy me for 10 million, I'm willing too."

Qin Ming was speechless as he listened to the person next to him rambling on, he finished his lemonade and said, "Ten million? Are you wrong in your valuation of the woman beside me?"

Qin Ming took Mu Xiaoqiao's hand with one hand and wrapped his arm around her small waist with the other, deliberately sniffing in her ear.

Mu Xiaoqiao instantly turned red in the ears, suddenly shy in front of so many people.

She glared at Qin Ming in shame, as if asking him, what for?

Qin Ming said, "Ten million is not enough, plus my life, it should be enough."

"Hey?" When Mu Xiaoqiao heard Qin Ming's protective words, her heart pounded with a deer in the headlights, accelerating, shy and happy.

"Eh~!" The people in the bar all looked at Qin Ming, at such a young age, he was so pretentious?

Didn't this mean that to snatch Mu Xiaoqiao, one had to step over his corpse?

"Hahaha." Ye Shaoshan suddenly laughed loudly, for a full minute or so, then suddenly stopped abruptly, looking at Qin Ming with an evil look, saying, "Who do you think you are? The main character in a TV drama? A fool like you, hahahahaha, thinking that you can change everything by saying a few standard lines about picking up girls?"

"It seems that someone doesn't know who I, Young Ye, am. Forget it, I've had enough patience. I've decided."

Pointing at Qin Ming, Ye Shaoshan said, "I want you to beg me on your knees and beg me to fuck your woman. Move your hand."

As soon as the words left his mouth, several brawny men beside him, clenching their fists, rushed up to separate the two.

Qin Ming shook his head speechlessly, "I blame Academician Yuan for making you all eat too much, ah, there's nowhere to vent."

Ye Shaoshan's men almost swarmed on him, but before they could get close to Qin Ming, a man with athletic arms suddenly rushed out from a diagonal, one person kicked all these fighters away, wasn't it Yang Xiaoxuan?

Yang Xiao Xuan's strength was just a small test against these small players. After some chaotic beatings, all of Ye Shaoshan's men were lying in a wave of blood.

The bar was so quiet that a pin drop could be heard, the man who suddenly came out of nowhere was too powerful, not even under pressure, he had beaten down five or six big brawny men.

Ye Shaoshan was even more dumbfounded, these were the fighters he kept, usually good at nothing but fighting, yet they were so easily taken care of.

Qin Ming mocked, "Is that the level of your men? Or didn't you bring enough people? There's still some time now, you can go and call someone. Just relying on threats and beatings to deal with the weak, that's the extent of you. How impressive is that?"

Everyone in the bar was shocked by Qin Ming, it was really a case of having that diamond in the rough to take on this porcelain job.

It turned out that this young man, who looked, all over his body, like a stall, was the one who was hiding the deepest ah.

Ye Shao looked at Qin Ming's calm and collected look and was greatly annoyed, hating him so much that he gritted his teeth and said, "Kid, are you proud of knowing someone who can fight? Let me tell you, I know your woman, she seems to be a fashion designer, right? She works in the Boa Building on Dong Fang Road, right? I felt familiar just now, and now that I think of it, it's her."

Qin Ming asked rhetorically, "So what?"

Ye Shaoshan laughed treacherously, "Hahahaha, not so much, Boya Mansion is one of Laozi's properties. You may not believe it, one phone call from me and your woman's company disappears from the building, not in the sense of moving out oh, hum hum hum."

Not in the sense of moving out, then in the sense of destroying?

Mu Xiaoqiao listened with great urgency, many of the company's plans and designs were there, how could this be destroyed by someone?

Qin Ming opened his phone and immediately did some research, and immediately frowned: "Ye Group ah so you are the young master of the Ye family dude ah."

"Hahahaha, since you know the background of this young master." Ye Shaoshan said smugly, "Then immediately"

Qin Ming said nonchalantly, "It's no big deal, A Xuan, waste him and have him hospitalized for a year. Also the ten million he just took out and the sports car outside take it away and count it as your reward."

After saying that, Qin Ming walked away with his arm around Mu Xiaoqiao, he spoke calmly, but the meaning of every word, every sentence was so inevitable and handsome.

"No big deal?" Ye Shaoshan was dumbfounded, looking at Qin Ming who was leaving and immediately stepped forward, he was being underestimated and ignored?

He couldn't bear it, the young master of the Ye family was ignored by an unknown kid? How humiliating would it be for him if word got out?

But he had just taken two steps when he was suddenly pulled by someone, but it was Yang Xiaoxuan who smiled coldly at him, "Don't blame me, I'll try to make it less painful for you."

Within thirty seconds, everyone in the bar fled, and the bar was filled with the miserable screams of pain from Ye Shao, a miserable deep sink that brought tears to the ears and sadness to the smell.

Mu Xiaoqiao turned back to look inside the bar and said, "I'm sorry Qin Ming, I've caused you trouble. I didn't expect that I would run into that kind of rotten person."

Qin Ming said, "It's alright, who made you look pretty. To protect you, I have this responsibility. Besides, I can take care of it, trust me."

Mu Xiaoqiao smiled warmly, not thinking too much about it, not bothering to probe Qin Ming's secrets, and took the initiative to

wrap her arms around him, tucking him into her own plump embrace, saying, "Mmmmm. I have a party tonight, and if I go alone, I'll attract the attention of other men again like I did just now, why don't you go with me?"

Qin Ming was stunned and asked, "You're not telling me that it's the Sun family's marriage recognition banquet, are you?"

Mu Xiaoqiao said in surprise, "Ah, yes, how did you know?"
