

Chapter 381

Song Ying was in a good mood tonight, with a natural smile on her face, holding Qin Ming's hand, she was a cheerful, lively, cute, and enchanting big beauty.

And Qin Ming, who made up with her own hands, can be said to have reached the level of disguise. The wide clothes concealed Qin Ming's large bones and muscles, and the long skirt showed Qin Ming's slender body and the feeling of a tall beauty.

The most important facial make-up is even more horrifying, and it has changed a person. It is also Qin Ming's facial contour that is relatively correct and suitable for disguise.

Brother Tie Zi's brother took the two women to a chess room and saw Cao Wei who was healing.

At the same time, Qin Ming saw the Honda nanny car downstairs, Zhao Menghua, Chen Muling and other women gathered together to chat happily.

Qin Ming looked at the time. Actually, it was just past eight o'clock. Looking at it this way, it seemed that Cao Wei's activities hadn't started tonight.

Brother Tiezi's brother nodded and bowed to Cao Wei: "Brother Cao, you found the two beauties I was looking for. They are all superb? They are both poor at home and have no money. They want to live a comfortable life with a big boss."

Cao Wei sneered disdainfully: "Hey, how can there be so many comfortable days in the world?"

She glanced at Song Ying, raised her eyebrows, and immediately swallowed her saliva, her eyes exposed his sordid sight, and said: "Xiao Dongzi, good job, this girl is a superb stunner, thank you for finding such a beauty."

Cao Wei looked at Qin Ming, who was making up as a woman, frowning, and said, “The other one has put on makeup, and it is estimated that you will lose a lot of points if you take off. .”

Cao Wei lost five thousand yuan and said: “Okay, reward you, go back.”

Brother Tiezi took the money, and when he passed by Qin Ming, he whispered: “Sister, I’ll rely on you in the back. I’ll take care of what Tiezi told me.”

Cao Wei called the two people to the front, immediately restored the appearance of Mr. Sven Hao, and asked: “Do you want to meet some rich people? Since Xiaodong introduced me, I can’t help but give face. That’s right, I’ll be ten o’clock tonight. There was a lecture that was attended by entrepreneurs. There were a lot of talents with a net worth of more than 100 million, and there were a lot of young talents. After the lecture, there was the wine bureau. Whether you can seize the opportunity or not depends on you.”

Qin Ming said with a throat, “Thank you, Mr. Cao.”

Song Ying also had a silly expression, and said, “Thank you, Mr. Cao.”

After Cao Wei’s healing, she gathered all the girls together and said some nonsense, such as the big brothers, the Sicong brothers, the investment loss of several hundred million yuan, the state-owned enterprise bosses, etc. .

In short, it is difficult to find a seat for their lectures, and even Jack Ma comes in without giving him the chance to enter the venue.

Those girls in Gao Ping are looking forward to it very much. After all, people are rich, but there are many benefits. Once hooked up, they won’t have to work for the rest of their lives. They will have no worries about food and drink. Even if they don’t agree, they can still get the breakup fee.

Zhao Menghua didn't have any expressions, and Chen Muling was half drunk and half awake, as if she wanted to sleep.

Song Ying is also very cooperative in acting, doing the fantasy of a girl.

Cao Wei finished bragging and said: "Wait, I'll call for a bigger car. When you get to the hotel, you first go to the hot spring, change into the clothes I prepared for you, and then follow me to the lecture."

Why do you have to take a bath when attending a lecture? Why do you need to prepare clothes? Isn't this very confusing?

But these women were immersed in the fantasy of meeting handsome, rich and rich people immediately, and didn't think much about it.

Gao Ping took out the makeup box to touch up her makeup, and said at the same time: "Sister Zhao, thanks to you, we have the opportunity to meet those rich second generations."

Song Qiuyan was unwilling to lag behind, saying: "Yes, some men in ordinary times just want to have sex, don't even have a villa, so what is the money to transfer? That Liang Shaoyong is also funny, what is the use of having a house in his hometown? Guangzhou is a first-tier city, it's difficult. If you don't become a girl in our city, you will go back to live in the countryside in the future?"

Gao Ping said with a smile: "Don't talk about those idiots, I get angry when I talk about it, especially the swollen face, Qin Ming, who wants to prevent us from making a fortune. He also slanders Mr. Cao, haha, it's really funny."

Chen Muling nodded and said, "That's right, he has a pitfall in his head. Does he have a bad life and don't let others do badly? Mr. Cao is such a gentle and polite person, how could he..."

Bang.

Suddenly, there was a loud noise, and a young woman with disheveled hair, fair complexion and melon-seeded face burst out on the second floor. She rushed down and laughed: "I want more, hahaha... I will do more good things and help more. Many people, hahaha. Eros, I helped eleven people with my body today. You must bless me, hahahaha."

The women were stunned, what's going on?

This woman has no clothes!

At this time, President Cao and a shirtless man ran out in a panic, and President Cao hurriedly took the woman back to the second floor.

And the shirtless man was an uncle, a little flustered, and said: "This, this will be fine, right?"

Cao Wei immediately scolded: "Shut up, what can you do? Go back and continue, it's okay, how long have we been doing it?"

Chen Muling was startled and said: "That woman seems to be Marui, do you remember Marui? We used to play together..."

Zhao Menghua suddenly interrupted: "It's Ma Rui. I met Awei and joined the Eros Church, which was also introduced by Ma Rui. This is nothing, this is to respond to the call of Eros, and this is to save the world. Later we Will join her in saving the world together."

"Huh?" Gao Ping and the other women were stunned. This sentence came from Zhao Menghua and surprised them.

Qin Ming asked: "Do you use your body?"

Zhao Menghua still nodded blankly, and said, "Yes, we are all people chosen by Eros. This is our duty."

Chen Muling stunned: "This...?"

Gao Ping also stunned: "Sorry, that, that, Qin Ming is right? There is a problem with this Cao Wei. Don't you think that Senior Sister Zhao is also a problem? She has this expression all night, she used to be like this."

Song Qiuyan regretted and said: "This must be. Didn't Ma Rui say that she met a rich second generation? She is quite rich. How could she fall to the point where she uses her body to pay back money? That Qin Ming didn't lie to us. Instead, we did not believe him."

Chen Muling also showed an expression of annoyance and regret: "He, he really didn't lie to me. Qin Ming...you stink, why didn't you be tough at the time and pulled me back? Why didn't I, I believe him at the time? Alas, let's leave now."

After Chen Muling reacted, he immediately pulled Zhao Menghua to leave.

But as soon as the two women walked to the door, two men immediately stopped the way and stopped the two women, with ill-intentioned smiles on their faces after the incident was revealed.

"Where are you going?" Cao Wei came down from the stairs with a harmless smile on his face: "There was a misunderstanding just now. The car is here, let's go to the hotel."

In addition to Gao Ping, two other women also felt that something was wrong, and said loudly: "Cao Wei, are you lying again? This...what the hell is going on?"

Cao Wei smiled and said, "I didn't lie to you. I will introduce you to the young, rich and handsome rich second generation. Oh, the car is coming. Please get in the car."

Chapter 382

Shaking, shaking constantly.

Qin Ming saw a few girls who had seen through Cao Wei's deception. They were terrified. They were shaking constantly. They wanted to escape, but they were stopped by a few men.

Zhao Menghua's abnormal appearance, the sudden appearance of his former friend Ma Rui, seemed to be a madman.

There is also what Zhao Menghua said about the Eros Church, which believes in Eros, purifies the filth of others, and saves the world.

This is simply nonsense.

Everyone is an adult, why can't you tell? They realized that they had been deceived. This was not to get to know the second-generation car of the rich. It was a thief car from Heiyaozi.

But what about seeing it? Can they run? They can't run.

Chen Muling was so anxious that her tears rolled, and she said to herself: "What should I do? Oh... I would have listened to Qin Ming if I knew it. Qin Ming, I'm sorry... I was like that to you, and you helped me at the last minute. I'm really the one I'm so stupid, I even scolded you. I make mistakes again and again, why can't I see the right thing?"

Zhao Menghua still had no expression, and said calmly: "Muling, it's okay. I heard from other church sisters that they are very happy, believe in the love of God, sacrifice themselves, and save the world. This is a good thing to help people. You are tonight. Have the opportunity to serve the designated heir of Eros, Professor Fu."

Chen Muling shuddered when she heard Zhao Menghua's words. Why did she say such horrible words so calmly? What's in her mind?

She also guessed what the so-called service was, and she cried out of fright.

She took out her mobile phone and hurriedly asked for help. Without knowing who she was calling, she called Qin Ming, because she felt that calling Qin Ming would save a lot of explanation. Didn't Qin Ming want to pick her up recently? When Qin Ming heard that she was in danger, he would definitely come.

Moreover, she was inexplicably confident that Qin Ming would come to rescue her.

However, Qin Ming has already come, and is here for his good brother Liang Shaoyong. After all, Liang Shaoyong is already drunk and he can only do his brother a favor.

Qin Ming stood next to Chen Muling, glanced at her, and saw that Chen Muling's mobile phone gave him the note "Scumbag No. 39 Qin Ming". When Qin Ming saw this note, she turned her eyes directly. She had seen many scumbags. ?

But before Chen Muling dialed, Cao Wei snatched the phone.

Cao Wei squinted his eyes and said, "Miss Chen, I've said everything, it's okay. That was a misunderstanding just now, you see, the car is here, get in the car."

A small bus drove to the entrance of the chess and card room, and there were other women in the car.

Several men forced the women to get in the car, and when they came to the intersection, they were asked to take away their mobile phones, on the grounds that they would send their phone bills to attend the lectures and use them to charge the phone bills.

This kind of high-sounding reason is really impossible for elementary school students to deceive.

But the girls have no choice but to hand over their mobile phones obediently, without them, and without getting in the car or leaving. Wouldn't it be worse to stay?

There are many other young women in this car. These women are quite happy. They are discussing and waiting to meet the rich second generation, fishing for a beetle-in-law, going to the big boss, and worrying about food and clothing in the next life and so on.

The women such as Chen Muling and Gao Ping were silent, and their gloomy expressions contrasted sharply with the talk and laughter of other women.

Chen Muling sat with his hands folded and murmured and prayed: "Qin Ming, you are coming soon. Don't be as knowledgeable as a little woman like you, don't care about so much, I'm wrong, will you come to save me? I apologize to you, as long as you come to save me, I can do whatever I want."

Gao Ping also shook hands and prayed: "Anyone is good, who will save me? Qin Ming, since you have found a problem, please save others to the end. Save me, oh... Dad, Mom... I knew I had promised. You can go and have a blind date with the bank manager. At least they can afford to drive a joint venture car worth more than 100,000 yuan. Woo..."

Song Qiuyan sighed and said, "Stop dreaming. We humiliated Qin Ming like that. How could he come to save us? We might as well be careful and find opportunities to escape. It is better to ask ourselves."

Zhao Menghua still calmly said with no expression: "Don't worry, you will know then. Professor Fu is the heir of the love of God, and he is very friendly. The sisters in the church are proud to serve Professor Fu."

Chen Muling looked at Zhao Menghua's appearance and covered her face in pain: "Sister Menghua, what happened to you? How did you become like this?"

Song Ying sat aside, saw the appearance of the women, and said amusedly: "Master, they are really shameless, and they count on you to help."

Qin Ming had no expression, looked at Zhao Menghua, and said, "Look at what is going on with Senior Sister Zhao? If you are brainwashed, you won't be deprived of your feelings, right?"

Song Ying shook her head and said that she was not sure, and then asked: "If it is caused by drugs, there are too many types to choose from. I don't know which one they use. You must pay attention to what is in your import when you wait, Master. There is also some emergency medicine on the side."

The minibus came to a hotel on the outskirts of Guangzhou. The high-rise lobby of the hotel is very lively. There are really many businessmen with the appearance of the boss who come together to chat. It seems that they are all coming to attend the wealth lecture.

This caused Gao Ping and other women to relax their vigilance, because they finally saw some normal people.

There are a lot of tables and chairs in the hotel lobby, and there are also a lot of grand bosses. Looking at the luxury cars at the door of the hotel, they are all serious people.

Cao Wei smiled and said: "Look, I have said that I have not lied to others. There are many bosses, rich second generations, and diamond king five, all of which are your goals."

Chen Muling and others grinned awkwardly, completely distrustful.

Cao Wei and a few men “betted” the women to a gentleman in a suit. The man was about forty years old. He was chatting and laughing with some big bosses, chatting about investment, and talking about the international market. Nowadays, Which industry is good for gold and so on.

Everything looks alike, nothing strange.

Qin Ming had participated in many part-time lectures in the past, specializing in teaching business concepts to some small and medium-sized enterprises. He was responsible for the brochures and could earn two hundred yuan a day.

Looking at this very serious Professor Fu, Qin Ming guessed that he was a big flying dragon, and he looked like a dog. He really couldn't tell what the Eros designated heir of the Eros Church.

At this time, Professor Fu saw that Cao Wei was coming, so he stopped chatting with other bosses, went to a place with few people, and said, “Why were you beaten?”

Cao Wei smiled awkwardly: “How can you recruit three new members of the best without being beaten?”

Professor Fu first saw Song Ying who was pretending to be silly and sweet, looked up and down at her, smiled mysteriously, and his eyes fell on Song Ying's chest, seemingly satisfied.

Professor Fu looked at Chen Muling who was panicking for the second time. He looked up and down the black dress and dark makeup of Chen Muling, and licked his lips with satisfaction.

Finally, he looked at Qin Ming and nodded, feeling that it was okay.

Professor Fu took Cao Wei a few steps away, whispered in a whisper, and said, "Well done, those two best products must be absorbed as members of the Church of Our Eros. I will open buds for them tonight. Other arrangements are for them. Other cadres have worked hard for more than a month, so they can also enjoy it."

Cao Wei said: "Boss, can you have two? Let me have one. It's hard to find such a superb beauty. I have been looking for more than two months and developed through two foreigners and one woman."

Professor Fu snorted, "Didn't you run away as a female college student recently? You let her suck that, which is tame and docile. It's pretty good, not satisfied yet? Forget it, the one with makeup is quite tall. 'S girl gave it to you."

Professor Fu glanced at Qin Ming who was disguised as a woman.

Qin Ming turned his head and asked, "Xiaoying, what are they talking about?"

Song Ying looked at the lips of the two, with cold face masks, and said: "Discuss how to allocate us, huh, we are looking for death."

Qin Ming waited here, looking everywhere, but he suddenly saw an acquaintance on the guest side, Qin Ming's heart jumped, why is she here?

This is too unexpected, right?

Chapter 383

Qin Ming unexpectedly discovered that Sun Changxi was there. She obviously changed her long hair and put on a cute girl-style skirt through makeup and dressing, but her appearance was still recognized by Qin Ming.

She was mixed with other young women, just like Song Ying, pretending to be a silly persona.

Qin Ming muttered in his heart: "Isn't that the suggestion I gave her? Is she here to collect evidence or collect the internet?"

It doesn't matter which kind of chaos is, Qin Ming doesn't care, and it doesn't prevent him from getting a complete picture of this church of Eros.

Professor Fu's wealth lecture began, and at least nearly a thousand people attended the lecture.

"Hello everyone, this is Professor Fu. Recently, many big business owners have a headache. They asked, Professor Fu is not doing business well now, and every line is difficult..."

"I'll just say, how hard can it be? Is it harder than the 2008 financial crisis?"

"The country's slogan is well chanted. It is both a challenge and an opportunity. Hey... The focus here is on the challenge. Don't think of the difficulties so hard. The difficulties want to defeat you. If you admit defeat, it will be difficult, but if you don't admit defeat, then it's a challenge."

"A challenge is an opportunity that can be transformed into you. Our society is changing in every era. Many big bosses are not young anymore..."

Professor Fu spoke passionately on the podium, telling how to operate under the pressure of today's economic environment.

After listening to Qin Ming for a while, he shook his head. This person also said that the space is full, and he feels like talking without practicing fake handles. He is full of reasons. It is very useful at first hearing. But after careful thinking, he feels that he can't really deal with the company. crisis.

Qin Ming has studied with Chang Hongxi in the past month. His vision is from countries around the world. His experience is the essence of Chang Hongxi's decades of business. A word is more effective than what Professor Fu said for a day, so he didn't feel that What's wrong with the global economy now, because for Huanyu Century, there are too many baskets of eggs.

Song Ying also snickered and said, "Master, this kind of person can also be a professor? Isn't it just a liar? Let's talk about the boss of a branch office, and they are better than him.

Qin Ming sneered, comparing the talents of that group to this liar is an insult to the talents of the group.

Qin Ming and others were arranged at the end of the lecture seats, and there were also special guards. They were assigned a stack of information, all of which were information from some wealthy people such as big bosses, rich second generations, and diamond kings.

Cao Wei tried his best to calm the emotions of the women, saying: "Wait for the selection of the target, it is easy to chat during the banquet, it does not matter if the chat is not successful. If the chat is not achieved, wait for the next time, rest assured, you can go home tonight."

Gao Ping and others smiled awkwardly, already terrified.

Cao Wei continued: "There will be another absorption meeting for the members of the Eros Church, so please listen to it. Joining or not joining is voluntary, and it is not forced."

It's here, it's here, it's really here, Cao Wei's real purpose, I'm afraid it is this church of Eros.

Seeing what Zhao Menghua looked like, the women also knew that the Eros Church is not a normal sect, and why is it willing or not?

Halfway through the lecture, the women were asked to leave, saying that they were going to listen to a sect of mutual help and love. Cao Wei didn't care whether the women were willing or not, but let a few fierce men force them to leave.

Qin Ming and Song Ying were very cooperative, and they obeyed the orders without saying a word. This made Cao Wei not embarrass them. After all, Qin Ming didn't think she was in danger, and Song Ying enjoyed the process of holding Qin Ming's hand all the time. , I don't want things to end so early tonight.

However, Gao Ping and other women were reluctant. Instead, they were slapped several times, their faces flushed, and they were threatened by a knife.

Cao Wei has shown his true shape: "You have to dare to ruin my good deeds. Tomorrow will be a floating corpse on the Pearl River."

Faced with the threat of multiple knives, even if Chen Muling and others were reluctant, they were afraid to keep up with the team.

The women were taken to a meeting place with hundreds of people. The clothes here were more agreeable. The men wore suits, the women's boats had a red and white dress, and there was embroidery on the sleeves. It was a woman sticking her tongue back. Hold your head and wait for the graphics of water droplets to drip from the sky.

Qin Ming is a man with a slightly broader mind, and it feels like a yellow pattern when he looks at it?

Qin Ming saw that there were only two groups of newcomers. There were eight people on their side and seven people on Sun Changxi's side. There were fifteen young women in total. Of course, Qin Ming was a fake.

As soon as the women entered this hall, the men and women took their hands and persuaded, "You must join us."

"Believe in and love God, and you will have eternal life."

"Life is unsatisfactory, use love to influence, love God long live."

"Beauty, you must be guided by Eros."

"Be sure to join us, we are waiting for you."

Chen Muling was held by a salty pig, and she was so scared that she was crying, and she struggled to get rid of it, but she couldn't get rid of it. Regardless of the heavy makeup of her dark angel, she was actually just a little girl. , Cried feebly: "Let go of me, let me go."

Suddenly, Qin Ming beat the crazy man from the side and rescued Chen Muling.

After being saved, Chen Muling seemed to have found support, and immediately leaned against Qin Ming, hugged Qin Ming tightly, and said, "Thank you, sister."

Qin Ming was happy, he was very polite at this time.

Song Ying was dissatisfied. Qin Ming's right hand was occupied by Chen Muling, and she was still holding her tightly. The chest almost clamped Qin Ming's arm in. Isn't this a clear advantage to Qin Ming?

The girls were arranged in front of the crowd, and the fanatics of these churches were staring at the back.

Cao Wei played the video of Professor Fu on the podium, some about the origin, doctrine, goal, etc. of the Eros Church.

Professor Fu argued that people are filthy, and the combination of yin and yang is a gift from nature that helps people to take out the filth. He also cited various examples of distorted facts, and then sublimated himself into the reincarnated heir appointed by the god of love. He is omnipotent and omniscient. He came to the world. , Is to influence and help the world with love.

In fact, the propaganda is very lame. Qin Ming and others don't think it is true at all. How can this be deceiving?

After the video was played, Cao Wei waved his hand. Someone brought out a glass of white and transparent liquid. It was called holy water. Drinking holy water was a friend of the Eros Church. Every girl was purified.

This time not only Chen Muling and others questioned it, but the seven young women on Sun Changxi also refused to drink.

However, Zhao Menghua stepped forward and said, "Don't worry, everyone. This is the real holy water. I have drunk it. After drinking the holy water, I have been redeemed. I have unprecedented joy. This is not a poison, it is a gift from the god of love. Our holy water."

"Well said." Hundreds of people around were applauded, an invisible pressure oppressing every girl.

Zhao Menghua drank the holy water, nothing happened, and said, "Do you want to change your current life? Do you want to vent your dissatisfaction? Just drink the holy water."

"Drink holy water, drink holy water."

"Believe in God of love, omnipotent and omniscient."

The surrounding church members kept clamoring and creating pressure, and the closer they got, they didn't mean to let these ignorant girls go.

Song Ying sniffed the unknown liquid, frowned, and muttered in Qin Ming's ear: "Master, this should be Happy Water. It is a mixture of many kinds of drugs. It is addictive in a short time. It may be dosed smaller."

Qin Ming's face sank, holy water was fart, this was poison.

But now hundreds of people are clamoring, looking at them, and persecuting them, what can we do now?

Chen Muling was also panicked and dissatisfied, and asked Qin Ming, "Sister, sister, what should we do?"

Chapter 384

The girls in the hall felt the coercion and coercion of the church members, and all the women felt the huge group pressure. There was also Zhao Menghua's taking the lead in drinking "holy water." Do not drink.

Song Ying quietly took out a small bag with a small black sphere in it, and whispered: "Master, this is our latest product of biotechnology. It has super-absorption nano-carbon spheres, a must for survival in the wild."

"They can absorb all impurities except water accidents, including these drugs. In the end, only pure water is left in the cup, and the nano-carbon ball has a hard taste, which can be distinguished by the tongue. Be careful not to swallow it in your stomach. If you swallow it, it will be excreted with the stool."

Qin Ming was secretly pleased that Song Ying is worthy of being professional, and all this stuff is ready.

Song Ying took advantage of the woman in the head seat being booed to drink “holy water”. With a light stroke of her finger, Qin Ming saw a small ripple in her cup.

After that, Qin Ming could see with naked eyes that something turbid was attracted to the small black dot in the cup, and the small black dot became a little bigger, about half the size of a fingernail.

Qin Mingduo took one and handed it to Chen Muling, and whispered in her ear: “Put it into the cup, it won’t be affected, don’t be found.”

When Chen Muling heard the voice, he felt a little change, and curiously asked: “Sister, why has your voice changed a little?”

Qin Ming turned his eyes and didn’t speak, so as not to expose his stuff, Chen Muling didn’t think much anymore when he saw Qin Ming didn’t speak.

She knew there must be something wrong with the water, she could only go to the doctor in a hurry, put the nano-carbon ball into her cup, and really saw some turbid things adsorbed into the carbon ball.

Qin Ming looked at Sun Changxi who was separated by several people. She was too far away to help. She didn’t know how she would avoid this so-called holy water drinking ceremony. She hoped that as an undercover, she should have a way to solve it, right?

But soon Gao Ping and several other girls were forced to drink the holy water. When it was Song Ying’s turn, the surroundings were quiet.

Because Song Ying was so beautiful and attracted everyone’s attention, Song Ying still smiled gracefully, took the cup and drank it, a little liquid flowed down the corner of her mouth and slipped across the neck, full of fatal temptation.

The men at the scene couldn't help but swallowed their saliva, and some people whispered: "This superb stunner, Professor Fu has decided it?"

"Sure, so is the little beauty next to me. We can only wait for a while, for fear that Professor Fu will not be willing to let it go for us to enjoy."

"The black clothes next to him are also good. Although they have heavy makeup, they are very pure."

"Shhh, don't talk about it, there is another heroic man over there, who is also the best."

The sound is so low that you can't hear it if you don't listen carefully.

After Song Ying drank it, higher applause and cheers broke out around them, and these people were crazy.

Qin Ming and Chen Muling drank directly, and were not embarrassed, but there was a woman who came with him who refused to drink, she was surrounded, and after a severe beating, she drank "Happy Water" forcibly.

In the end all the women drank the "holy water", and then the hall began to play songs, some dreamlike electronic sounds that stimulated the eardrums, some men and women began to undress, and they were all excited.

With the beat of the music, this place seemed to have become a dance hall, and these people began a rhythmic dance and screamed in groups.

Qin Ming found out that Zhao Menghua was also excited. Because of the drug addiction, she finally got an expression. She laughed and laughed happily, twisting her body, electric hips, shaking her head, twisting waist, and shaking her chest, as if she had become Strippers, please don't want to be so happy.

And Gao Ping and Song Qiuyan also started to jump up just like her because of drug addiction. There were some men throwing hands on them and touching them randomly. They also became indifferent. They didn't want to escape here anymore.

Some church members also kissed and had relationships in public, which caused a series of cheers.

Some were scolded by cadres for failing to complete their mission targets, were ordered to climb like dogs in public, and barked as dogs.

All the sins and ugliness happen here.

Chen Muling was frightened by these changes. She took the nano carbon ball between her teeth and asked, "Sister, can this thing be swallowed?"

Qin Ming directly spit out the nano carbon ball in his mouth, and Chen Muling threw it away when he saw it.

Qin Ming wanted to find Sun Changxi, but when he saw Sun Changxi with a female cadre of a church, Sun Changxi's expression did not change, nor did he get upset, and did not seem to drink happy water.

The worry in Qin Ming's heart rested a little longer, "Sister Chang Xi seems to have a helper, so I have to pay close attention to Zhao Menghua."

Qin Ming's worries are superfluous. Zhao Menghua seems to have someone watching him. After all, he is Cao Wei's "girlfriend." Cao Wei seems to have a certain position in the Eros church.

On the contrary, Song Ying and Chen Muling were constantly harassed by others, but Song Ying inadvertently beat up these people, and none of them could get close to the two women.

Qin Ming took Chen Muling to pretend to be addicted to drugs, and followed him up, shaking his head frantically to avoid showing up.

The people in the hall were almost overjoyed, and Professor Fu came in.

The music in the venue was turned off and some soft lullabys were put on, and Professor Fu greeted everyone again.

He has perfectly transformed from a lecturer of wealth lectures to the behind-the-scenes leader of the Eros Church.

As stated in the propaganda film, these people believe that he is the reincarnation of Eros and that he is the origin of eliminating all filth. As long as he has a relationship with him, he can purify people's filth, and both the **** and the soul can be redeemed.

After Professor Fu made a few declarations of Eros to save the world, the members of the church began to worship the professor, kneeling on the ground one by one, respecting Professor Fu as Eros' reincarnation, their savior, and slogans, shouting very loudly. neat.

The women such as Gao Ping, who were affected by the poison, became confused after being excited. They were similar to Zhao Menghua. Listening to these people, they followed these people in bowing to Professor Fu. Hearing Professor Fu said that people were filthy and needed. He, the reincarnated savior of Eros, purifies, otherwise he will become the devil.

Gao Ping was completely mad. She pulled Chen Muling madly, and said, "Mulling, what should we do if we have demons? If we don't accept purification, we will become demons. What should we do? What should we do?"

Chen Muling didn't drink the "Happy Water". Seeing Gao Ping, who was worried about how to leave here just now, he was brainwashed like this after the onset of drug addiction.

She was so frightened that her tears rolled, and she reproached herself: "I'm sorry Gao Ping, Qin Ming has warned us, if I believe him once, maybe it won't happen like this, I'm sorry."

Gao Ping did not listen to Chen Muling's words at all, and said to herself: "Ho ho ho, if I can be purified by the leader, then it will be fine. The leader is so handsome, and there is money, ah... Eros, please let the leader Pick me."

Professor Fu raised his arms falsely, and everyone fell silent.

He glanced at the dozens of "new people" in front of him, suddenly covered his eyes, and exclaimed: "The new members have drunk the holy water, but they have not been purified. I saw that the filthy evil in their bodies and minds is too great. It's serious. They need to be purified by the almighty and all-knowing Eros, or they will turn back into demons."

Hundreds of people who inquired about shouted slogans: "Almighty love God, pity me the world, descend the son of God, remove my karma, and save my world. Please Professor Fu to purify them."

Professor Fu said solemnly: "It seems that I need to respond to the call of Eros and personally purify this group of new members."

Qin Ming listened, slandering in his heart: "Purify your sister, you are a proper cult."

Song Ying whispered: "Master, do you need me to do it? These are ordinary people, and I can handle as many times as they come."

Qin Ming touched his chin, smiled mysteriously, and said, "Wait, it's not bad to watch the excitement."

Chapter 385

Qin Ming was in trouble at this time, and a large number of assassination teams would soon rush in to rescue him.

There is Song Ying to protect him, and he is very safe.

So Qin Ming is different from other people. He is at this crime scene, but he is a bit like watching a lively audience, and he is more ordinary, a bit like seeing the lively.

Moreover, he saw Sun Changxi lurking in. This was probably a police netting operation. Qin Ming felt that the rash action would ruin Sun Changxi's actions, so he decided to bear with him again for the time being.

If it is for his sake, and let the mastermind behind the scenes escape, it would be bad.

Song Ying understood what Qin Ming meant, and she raised her lips and whispered: "Continue to stand by."

At this time, the assassination team that had surrounded this suburban hotel, after receiving the order, continued to choose to stand by.

On the podium, Professor Fu enjoyed the fanatical beliefs of the people at hand, and said: "In the lecture just now, there were many wealthy bosses who were polluted by the world. Unfortunately, I can't handle them all by myself. Therefore, I need you. Believers who love God."

The believers in the audience shouted feverishly: "Dedicating everything to the God of Love."

Professor Fu raised the corner of his mouth and said, "Go, President Cao will lead you on the road to save the world. You are the people of God of Love. Use your body and your love to purify everything and save the suffering world."

"Love God Almighty, pity me the world, I am gaogao." The fanatical believer shouted again.

Qin Ming discovered that among these enthusiastic believers who responded to Professor Fu, there were young women and young men. They all followed the guide and left the conference hall.

Chen Muling asked Qin Ming suspiciously, "Sister, sister, where are they going? Can we take the opportunity to get in and slip away?"

Qin Ming squeezed his voice and said: "They go to serve the business bosses in the wealth lecture just now. No, maybe they don't necessarily have to be business bosses. They are the ones who spend money to enjoy themselves. These people have been brainwashed, thinking that they just have a relationship with their bodies. It is tantamount to purifying the filth and saving others. In fact, the people in the wealth lectures spend money to enjoy it, and that money should be earned by the professor."

Chen Muling was surprised: "Isn't this just pimping?"

Qin Ming squeezed his voice and said, "Otherwise, what do you think this is for? Haven't you seen it for so long? This is a yellow den with wealth lectures and fake skins from cults."

Chen Muling was completely scared and said: "Sister, what shall we do? Sister, don't leave me, okay? I will repay you when I go out."

Qin Ming didn't want to take care of Chen Muling, but seeing that Chen Muling kept holding Zhao Menghua's hand, she wanted to leave, but did not give up her good girlfriend Zhao Menghua. Qin Ming

also felt that she was not too bad to be hopelessly bad, and she was still a little conscientious. Yes, at least she still cherishes her good friend.

Qin Ming said blankly: "Okay, follow me to make sure you are safe."

Chen Muling's heart warmed when she heard this, and she felt that this "sister" was so cool. Looking at her profile, why did she feel a little familiar? It seems a bit like someone, and I won't remember it for a while.

Chen Muling stared at Qin Ming's neck suddenly, and muttered in confusion: "Huh? Is the elder sister's Adam's apple? No, no, no, why does a woman have a Adam's apple? Maybe her elder sister is tall, so it shows up."

Qin Ming's neck has also been treated in disguise, but if you don't look carefully, you can't see it.

After most of the people dispersed, some conscious "inside personnel" remained, about forty people, and some fierce thugs. They all looked at Qin Ming and others, especially Song Ying and Chen Muling, and received the most attention, because They are the most feminine.

Of course, Sun Changxi received a lot of gazes. They were all first-class beauties, like a group of ancient elders, choosing their own things for tonight.

Professor Fu rubbed his hands and said: "Okay, it's still early, it's not until eleven o'clock. Everyone first go to the hot spring on the first floor of the hotel. After the soaking is complete, there is also a carnival night show to meet the rich.

"Oh~!" The women who had drunk "Happy Water" took it seriously and raised their hands in excitement and clapped their hands. It is estimated that the strength of the medicine still has some stamina.

Qin Ming and his party were guarded by a few men and led them all the way to the hotel hot spring residence on the first floor.

The people on Qin Ming's side and Sun Changxi's side were all concentrated in front of the hot spring, and everything seemed to be fine.

Cao Wei smiled and rubbed his hands and said, "A few beauties, are you hi tonight? Are you looking forward to it?"

The girls said with joy and laughter: "Hey~ I look forward to it."

Cao Wei squeezed Zhao Menghua's chin triumphantly, admiring her beauty, looked at Qin Ming again, patted Qin Ming's ass with his hands, his eyes were full of evil thoughts, and a big man in Qin Ming shuddered.

"Fuck." Qin Ming exclaimed in his heart, you gentle scum.

The women rushed into the hot spring bath on the first floor. Cao Wei also prepared some clothes, but only clothes and no underwear. His wolfish ambition is self-evident, not just to let the unconscious women wash their bodies. And then give them sleep?

If Qin Ming hadn't come, I'm afraid all the girls will be poisoned by these wicked men tonight.

These people's routines are all round and round, and several steps are linked together, making these ignorant girls have nothing to do, and in the end they can only become their money-making playthings.

The most important thing is to use drugs to control the minds of these people.

The behavior of the Church of Eros is extremely sinful.

But Qin Ming had a problem. The hot spring is not a mixed bath, not a single room, but a female bath. How can he be a man?

Song Ying always thought about Qin Ming, took a towel, and said, "Master, take off your clothes and go in. No one will notice your difference in the water. The latex you wear will not change in the hot spring. The lower body is easy to wear."

Qin Ming was anxious and said, "No, didn't I just show you all?"

Song Yingqiao blushed, bit her lip and said, "My body, master, haven't you seen it long ago?"

The corner of Qin Ming's mouth twitched. This is what I said, but what about the other women? Isn't he... he doesn't have time to think about it, the girls have already swarmed in.

Qin Ming rolled his eyes, there is no time for him to think?

There was no way. With Song Ying's urging and help, Qin Ming could only take off his clothes quickly, and was the first to rush into the hot spring and find a corner to hide.

Gululu...

Qin Ming hid half of his face in the water, vomiting bubbles.

Out of courtesy, Qin Ming turned his back and did not peek at these women going down to the pool. The hot spring in this hotel was quite big, and a dozen people didn't seem crowded.

Although Qin Ming didn't take a peek, but listening to the voices of these women behind his back, Qin Ming felt hot in his ears.

He got caught in a hot spring female bath. This is about to be discovered, but it is hard to explain.

Suddenly his back softened, who was leaning against him with his chest? Song Ying?
