

# Fated To The Alpha by Jessica Hall

## Chapter 175

The caterers brought the food out, placing plates in front of everyone. The Alpha of Alpha's watching everyone and everyone in the entire stadium tucked into their meals except us. It felt wrong, just the vibe and the way the Alpha kept watching our table. Andrei pushes his plate aside and I see him mindlink who I am assuming is Sage. As his pack was too far to mindlink with. Mateo also pushes his plate aside and I don't even bother looking at my plate. I didn't trust a single person here except my family and it was clear they had got the same vibe as not one of us ate or touched the drinks placed before us.

"Something wrong?" Dominic says and I feel his hands grip my chair behind my back. Ezra's eyes trained on the man standing behind me and I know he was getting ready to lurch out of his chair if needed.

"We ate on the way here" I tell him not even bothering to acknowledge his presence behind me.

“Eat!” He orders and I see Andrei falter as he fought the command, his knuckles turning white as he grabs the fork provided.

“No, put it down Andrei” I command and everyone gasps at me over ordering Dominic. I heard his claws slash through the back of my seat but I knew without a doubt that if he made one move to touch me Ezra and Mateo would be all over him in a heartbeat ripping him apart.

Ezra rises from his seat reaching over and grabbing my plate and holding it up to the Alpha.

“Eat it” Ezra says and I know he didn’t use his aura, just telling him. His aura pulled close, not showing how strong my mates truly are.

“I don’t eat Salmon” Dominic says before stalking off back to his table.

All eyes were pointed at us and I could feel Dominic’s eyes boring into my back. Ezra sits down, his eyes trained on the man sitting at the table behind me. I didn’t bother looking back and Andrei nodded to me in thanks. But that it just proved our point, that something was done to our

food, whether he liked Salmon or not I was unsure but to prove a point he would have accepted the plate but he didn't. Ezra waves one of the caterers over and tells them to clear the table.

My eyes scan the crowd of nervous Alphas before landing on my father who was standing guard over Marge and Sage as well as the kids. The Luna's stared at him nervously and it was obvious they thought it odd he would be in that section and I also noticed no other Beta's were here, this meeting strictly for Alphas and their Lunas. My father however was unfazed by it.

For the most part everyone remained quiet and the atmosphere tense, it felt like it took forever when everyone finished and I got up to use the bathroom. Andrei followed me and stood outside the toilet doors. After I am finished we start making our way back to the table. The plates had been cleared and everyone was waiting patiently for Dominic to do whatever the heck he was doing.

Walking up the aisle and I was nearly to my seat when Dominic spoke. His voice was loud as he tried to humiliate me.

“Here I was thinking you finally learned your place and went back to the Luna’s area” He says, the crowd laughing behind me.

Andrei stops almost running into my back when I glare at the overbearing arrogant man.

“My place?” I ask, gosh what is it with f\*cking Alphas thinking women are beneath them? I laugh walking toward his table.

“Well if you want me to take my place, I believe you need to move because you are sitting in my seat” I tell him, placing my hands on the table. His growl is more like a roar and it echoes around the stadium.

“ I think your place is over at the first table ” I tell him, pointing to where my mates and Andrei sat, watching.

“So if you would like to move I will gladly take my place as the highest ranking Alpha here” I tell him and he jumps up, trying to intimidate me with his large build. His son cowers beside him and I look at

the small boy, his eyes as blood red as his father's, yet it was clear his father scared him, making me feel bad for the boy.

“You dare challenge me girl?”

“I will do more than challenge you Alpha, I will show you where your place is and that is at my feet” I tell him, turning my attention back to him and refusing to back down.

Dominic smirks standing up and addressing the crowd.

“It appears I have been challenged” he says like he thinks it is the most hilarious thing to ever happen to him. It was clear he thought I was no threat.

“I never challenged you Dominic, you challenged me from the moment I sat down, I am simply rising to the challenge but feel free to step down. I would hate for you to make a fool of yourself by challenging me” He laughs and I fold my arms across my chest as he steps down tucking his chair

in.

“I have heard the rumours, Katya. Just because you can resist my aura partially doesn't make you stronger nor will it make me submit to the likes of you” he snarls motioning behind him to the open field.

“You have no idea the power a true Alpha of Alpha's possesses. What I did your brother wasn't even a smidge of my aura, we will see who will bend a knee for the other” He says.

“And you Dominic are not my Alpha and you have no idea the true power of the Gemini Goddess standing before you”

“Gemini, interesting. I don't remember hearing that amongst the rumours” He says, stopping and looking me up and down, but the look on his face he had no idea what I was talking about.

“You are a Luna wolf are you not?”

“I was”

“But not anymore then?” he asks, curiously.

“No, I am so much more than that, Dominic ” his eyes flicker at my casual use of his name, it was a clear disrespect and I noticed every time I said his jaw would clench.

“You seem so sure of yourself, tell me Ezra is she like this at home, does she put you under her thumb and squash you down in front of your pack?” He laughs and so do the other Alphas.

“We are equals” I tell him, answering for Ezra, knowing he would say the same though I had my doubts on that but he didn’t need to know that.

“Interesting, but I must say it bothers me that you would let your bitch get so out of hand to think she could challenge those far superior than her” Ezra laughs behind me and I feel him get closer before the heat of him seeps into my back.

“Katya is many things but a bitch, no. A Queen yes, my Queen and she will make you take a knee and you will regret ever calling your Queen a bitch when she makes you hers” he says.

Whispers and murmurs break out behind us. Dominic peered behind us but he dug himself a hole. If he backs out of challenging me he looks weak, he loses against me, his ego was going to take a massive hit.

“Very well” he says, walking to the centre. Ezra turns me around to face him, his hands gripping either side of my face as he looks at me.

“He is beneath you, now go show him that” I look toward Dominic, nerves setting in. I knew I was stronger but I had never challenged someone of his title before and doubt crept in knowing Maddox could overthrow me even if it was only because he was my mate.

“Kat, don’t think, don’t doubt. Seline made you a Goddess now prove it to him” Ezra whispers and I open up the mindlink.

“What if he wants to fight?” I ask him, having no doubt he was better trained than me.

“Have you forgotten who your mother was already, forgotten who your mates are. You have been trained by the best, you are the best Kat”

“But—”

“No, you will beat him then we go home”

“And if I can’t, you don’t understand Ezra, the vision I saw he was a part of it” I tell him. His brows furrow and I see the first glimmer of worry.

“If you can’t we will for you, nothing is stronger than a Goddess Kat, you have me and Mateo pull on our energy if you need to, take it all just don’t let him win” He says before letting me go.

**“I haven’t got all day, hurry up and lets get this  
over with” Dominic growls. I glared at him before**

walking over to where he was, leaving about 20 metres between us. I see everyone getting out of their seats to come watch with eager eyes. Most were hoping to see me fall as everyone circled around us.

Dominic smiles like he is excited for the challenge and I drop all my guards, the moment I do so does Ezra and Mateo. His smile falters, shock evident on his face and I smile at him, my eyes burning brightly as I feel my power rush over me and I shiver. Looking at Mateo and Ezra everyone shifted away from them, giving them room and clearly too scared to get close except Andrei who walks between them dropping his arms across their shoulders, his eyes sparkling deviously enjoying this way too much.

“Smell that my brothers?” Andrei says loud enough for everyone to hear and Mateo chuckles.

“Pretty sure they all pissed in their overpriced shoes, no amount of cleaning will get that stink out” Andrei chuckles looking over at the Alphas who shifted further away.

“Pretty sure Alpha Cedric shit in his” Andrei addresssniffing the air and an older man standing closest looks away from Andrei and Andrei laughs.

Turning back to Dominic I could see he was hesitant, I could see the glow of my own aura spread around me on the thick lush lawn, glowing gold and glowing bright and I pushed it out further slowly testing its strength. Invisible to everyone or so I thought when Dominic looked down, stepping back when it nearly touched his feet. His eyes scanned over it and I realised he could see it.

“I may have underestimated you, that won’t happen next time” He says and I pull my aura back taking it back in and he looks at me, cocking his head to the side. I watch him flex his fingers, darkness enveloping his hands and his eyes burning bright as rubies. His canines slipped from his gums, the darkness wrapping around him and I mindlink Ezra and Mateo.

“Do you see it, do you see the darkness around him?” I ask.

“What are you talking about?” they ask and I know they can’t but something told me this was no blessing from the moon goddess, but something much darker.

“Now let’s see what you have got” He snarls, before I am blasted with his aura, my feet tearing up the grass as I am pushed back. Mateo and Ezra seemed shocked but I knew he was something else the moment they said they couldn’t see the dark tendrils soaking his body and enveloping him.

He laughs sadistically. “Clearly you underestimated me too, Katya,” he laughs. Despite the shock of his blast, trying to force me to my knees it wasn’t as strong as the pure power I felt boiling in my veins and rising to the challenge.

I chuckle and force my feet forward stepping into the darkness and letting it cover me. I knew being a Gemini. The darkness won’t hurt me, because I am not only light but dark, two halves of a whole merged together.

“Do you know what a Gemini Wolf is, Dominic?” I knew he probably didn’t not believing anything would possibly be stronger than him. He doesn’t answer.

“A Gemini is gifted with the kiss of life and the bite of death, light and dark coexisting and merging and residing in me” I tell him, stepping through his aura like a hot knife cutting through butter, the shadows not touching me, simply splitting around me and caressing my power.

Dominic grits his teeth forcing more out and blasting me with another wave of his power, his aura making some people in the crowd cry out and whimper some even beg for him to drop it.

“Hmm, is that all you got?” I ask, feeling the darkness slip over me. It felt cold to touch and I could feel it entwining with my power, feel the darkness creeping in and making the darkness in me rise morphing and twisting with his, it tickled my insides.

“Because if it is, you are in a world of trouble,

Alpha” I spit the title at him and smile, feel my own darkness rippling through my veins before I let it out, let it burst out of me with a force so strong even I am shocked by the pure weight behind it as it smashes into Dominic, throwing him across the field. His body bouncing and rolling across the ground.

He gets to his hands and knees and I clutch my knees, catching my breath not realizing the energy it took to do that. Dominic gets up, dusting himself off and stalking towards me in a blaze of anger.

Standing upright, I let him get close and could feel Ezra watching me nervously, getting ready to step in.

“Kneel to your Queen” I demand, my voice strong despite feeling on the verge of breaking and giving into the darkness. Dominic grits his teeth trying to fight my command and I pull on the bond feeling for their auras and Ezra and Mateo don’t fight me when I take some of theirs, borrowing it to strengthen mine and bringing the Alpha to his knees in front of me.

He growls menacingly and his neck cracks as he fights the urge to bare it to me. No matter the fight he put up, my command was too strong and he was forced to submit. Shocked silence falls and I feel for what energy I have left, feeling the darkness tainting the edges of my power and snuffing out the light of it. I know I will pay for it when I leave here, that Ezra and Mateo will be forced to deal with me because for once the darkness swallowing me was scaring me.

I use my aura shoving out as far as it would go and one by one they fall, every person taking a knee and baring their necks to me as I fight to keep my sanity. I fought to keep calm when all I wanted to do was run from the darkness eating away inside me. I drop the command and let out a breath.

“You may rise” I tell them.

“Yes my Queen” come the voices echoing back at me. All but one. Dominic growls but he now knows she is beneath me.

“This meeting is dismissed” I tell everyone and they get to their feet rushing off quickly. I stare at Dominic before turning my back on him when Ezra moves in a blur past me as a growl of fury roars from behind me. I turn in time to see Ezra grip Dominic’s neck as he lunges at me with his claws out. Ezra’s hand wrapping around his neck before slamming him to the ground. I hear Dominic’s breath wheeze out of him at the force and I hear the bones in his neck cracking. Walking over to them, I place my shaking hand on Ezra’s shoulder.

“Apologise to your Luna Queen now” Ezra commands him. Dominic rushes out an apology when Ezra leans in next to his ear.

“You ever try to attack my mate again, the only place left for you will be 6 foot under, your corpse rotting away in a wooden box, are we understood?” Ezra growls. Dominic nods and Ezra growls before shoving off him. Dominic clutches his throat coughing and Ezra drapes his arm over my shoulders and escorts us to where Marge and our kids are waiting.

“We need to get you home” Ezra whispers, feeling

the darkness overwhelming me and trying to suck me under. Mateo and Ezra both force their aura's over me and I keep drawing on it.

Knowing it is the only thing that was stopping the Gemini craze from taking over. Something we couldn't afford with me locked in the car with the kids.

Approaching everyone, I knew they could feel the energy oozing off me, I was a ticking time bomb we all knew it and for once I recognised the crazed parts of me trying to take control.

I stop next to the car and watch as Marge and Mateo place the kids in their seats. My fear spiking at the thought of being trapped in there with them.

“ Sage, Jonah do you mind hopping in with Mateo and Marge and the kids. Andrei I need you to take Kat and I home” Ezra tells him, feeling the darkness building within me, my anxiousness only fuelling it more. Mateo walks over and grabs my face kissing my lips.

“Fight it, Kat” He whispers and I nod my head trying my best to, trying not to let it in but it was

calling to me, promising to fix everything if I gave myself over to it.

Sage and Jonah climb in our car and Ezra opens the back door, climbing in Andrei's car and pulling me in with him. Andrei glances at me in the mirror as he starts the car.

"Tell me if you need me to pull over" He says and Ezra nods before I feel the shift in the bond as he hands over control. Looking up, I see Maddox peering back at me.

"I got you Kitty" He purrs, holding me tighter. He sweeps my hair over my neck kissing my mark but also in warning if I lose it. I turn my neck, giving him better access if needs to sink his teeth into me.

I didn't want to hurt anyone, especially those I love and I trusted  
Maddox to take me down if needed.
