Fated To The Alpha Chapter 269

Kyan growls ,

pushing off the wall behind him and standing , making me grip his shoulders before I fall off his lap . I wrap m y legs around his waist tightly . The crunch of broken glass under his feet makes me cringe . Thankfully , the alarms sounding outside had stopped , yet I could tell it was chaos downstairs .

Kyan nips at my neck , his hand squeezing my ass as he moves toward the bed , which was covered in glass from the explosion . He grips the blanket , ripping it off and flinging it away before tossing me on the bed and making me bounce . A shrill shriek leaves my lips at the sudden motion of falling , and I land on the bed o n my back .

Kyan stood at the end of the bed , and my heartbeat quickened at the look he gave m e . A seductive smile tugged at his lips , and his eyes flickered dangerously , making m e gulp when he leaned over , gripping my underwear . He places a kiss above my knee before his canines bite into my soft flesh , making me hiss before sliding my underwear down my legs .

I waited for him to toss my underwear aside , but he didn't . Instead , he twirls them around his finger . " You don't think he was being serious about punishing us , right ? " I ask Kora . " I don't know , but glad it's your ass and not mine , " Kora howls when I feel his fingers wrap around my ankles .

My eyes widened as I ripped toward the edge of the bed . Kyan grips the front of my shirt , tearing it down the middle , ripping the front of the shirt clean open . He grabbed my hips and flipped me onto my stomach . " I'm out , " Kora purrs , leaving me the bitch . Kyan tugs the rest of the shirt away and gets rid of it when I feel the heat of his chest seep into my back as he leans over me .

" You don't look so sure of yourself now , ' Kyan chuckled as he ran his nose across m y jaw to my ear , his breath fanning my neck , making me shiver when I felt him grip my wrist . daily latest chapters only The bed dips between my legs where he placed his knee , tingles rush between my legs when his knee brushes against my bare pussy , and he sits up before gripping my other wrist .

He jerks my arms behind my back . I roll on my side , his knee between my legs , preventing me from turning fully over and his hand gripping both wrists . You do know destroying the hotel wasn't my intention ? " I ask him .

" I'm not punishing you , " Kyan laughs . " Unless you want me to . " Kyan purrs , leaning down and brushing his lips against mine . " Say no ! " Kora hisses in my head . Kyan bites my bottom lip , tugging at it and making me moan . My wrists are still trapped in his hand behind my back , and I try to wiggle them free of his

tight grip . " But I will let you go if you can't handle it , Kyan says against my lips , and I snort .

" Pft , your so – called punishments don't scare me , ' " " I tell him , and he smiles darkly . " You idiot !! Have you seen the size of that man's hand ? " Kora growls in my head .

" What ? I have seen is fifty shades of grey , " I tell her . " Yeah , a movie , Marabella . A movie , you know , with an actress making that shit look fun . He isn't really hurting her . I hope you know what you are getting yourself into , " Kora laughs . " Can't be that bad . Who doesn't like getting their hair pulled , besides Kyan won't hurt me ?

" I tell her . A giggle escapes me as she puts her paws over her eyes and shakes her head . Kyan grips my chin , tilting my face up , amusement clear on his face . " Something funny ? " he asks . " Oh , just waiting for this punishment , " I chuckle . " Oh , is that right ? " Kyan growls , pressing his erection against my ass , his cock sliding between my cheeks , making me moan . " Is this what you want ? " Kyan purrs , his hand sliding down to my neck as he gripped my throat and squeezed .

" I wasn't going to punish , but maybe I should now ? " he laughed . I purse my lips , thinking . " Don't do it ! That man got the devil in his eye . We have seen him clean a bathroom with a toothbrush . Who has the patience for that ? There is something not right upstairs in the psycho lobe of the brain , " Kora growls at me . I roll my eyes a ther , silly wolf .

" Let's see what you got then , " I taunted for Kora's sake as she shook her head . " Are you sure you know what you're asking for , Marabella ? I haven't even told you what I am doing , ' " Kyan laughed , sat back up , and shoved me back onto my stomach . daily latest chapters only " Pretty sure you're tying my hands behind my back , and best not be with my panties because that is a tad gross , " Kyan laughs , dangling them next to my face . " These ones ? " he asks before laughing .

I try to tilt my head to see what he is doing when I feel him slip them over my wrists . " Kyan ! " he laughed before securing my hands behind my back , and the bed dips again as he climbs off it . He grips my hips , pulling me to the edge of the bed . M y feet were placed back on the ground when he used his foot to kick my legs apart before tugging my hips away from the bed , so only my top half was resting on it .

I giggled , thinking it was funny until his hand slapped my ass so hard I forgot how to breathe , and tears burned my eyes while he groaned loudly , and I wanted to beat him to a bloody pulp . He smoothed his hand over the mark before pressing his erection against my ass . " Is this what you were expecting ?

" Kyan asks , yet words fail me ; it fucking hurt ! " Told you so ! Can't chicken out now , Kora drawls . When I felt his hand leave m y ass , I snarled at him . When his hand came down on my ass again , I tried to escape . Kyan gripped my tied wrists , tugging me back . I take it back . " Kora , swap places with me , " I beg her .

" Nope , his hands are huge ! " she laughed i n my head . " I did warn you , " Kyan laughed , pinning me back to the bed , his hand on the center of my back . " She lied , " I whimper , my ass stinging as I wiggled , hoping to dodge his hand . " Huh ? " Kyan asks , stopping . I relax and sigh . " That bitch Anna . " I felt his confusion through the bond when he leaned over m y back , his nose skimming across my shoulder . " And who is Anna ? " Kyan asked .

" Off the damn movie ! She lied . It fucking hurts , " I shrieked , trying to wiggle away when I felt his hand move down my side t o my ass . He rubs his hand over the spot , tingles rushing everywhere , and I sigh . " What movie ? " he says , standing up and admiring his handwork on my flesh , his fingertips tracing over my raised flesh .

" Fifty Shades Grey , it was a lie . " his hand stops . " I'm not sure about fifty shades of grey , but your ass is about fifty shades of pink , " he laughed . Gosh , my ass stings .

" I can't believe you based your answer off a movie ! " he says , clicking his tongue and stepping away from me . I look at him over my shoulder , wondering what he was doing , and he smiles darkly , and my eyes widen . " I swear to god you slap my ass again , I will slap you back , " I snarled at him . " What was that ? " Kyan taunted , tugging o n my restraints .

I closed my eyes , expecting my ass to burn again when he kicked my feet back apart . This time he smacked between my legs . I whimpered a t the sting until he cupped my pussy with his hand , rubbing his fingers over my folds before parting my wet lips with his finger , shoving it inside me .

A moan escapes my lips as he drags it back out slowly before plunging it back . M y hips rock back against his hand , chasing the friction he was offering when he pulled his finger and added another , curling them inside while his other hand smoothed over my ass before his hand came back down hard on it .

My inner walls clenched his fingers as I jumped . Yet the pain was dull compared to the sensation his fingers were building up inside me .

Kyan grabbed my ass , pulling my cheeks apart , and I knew he was watching his fingers drenched in my arousal slip in and out of me . He curls them inside me , earning a moan before pulling them out and adding a third .

I squirmed at the stretching feeling his fingers caused and wiggled up the bed , only for him to grip m y hips and tug me back . " Stay still , " he growled before he kneeled , and I felt his lips press to my ass cheek as his fingers slipped out of me .

Both hands gripped my ass , his elbows pushing against my thighs , forcing my legs further apart when I felt his warm breath fan over my pussy . His tongue delved between my folds , and I squirmed , not liking having my ass in his face until his tongue flicked over my clit , and he sucked it into my mouth .daily latest chapters only

A moan escaped , and my shoulders ached , yet I pushed back against his hot , fiery mouth , devouring me . His fingers dug into my ass cheeks , forcing them apart , yet the feeling of euphoria that rushed through me made my mind blank .

I couldn't care less about what he was doing , as long as he didn't stop . His hands slid down the backs of my thighs , pushing my legs further apart as he tilted his face to a different angle , his tongue slipping inside me as he lapped at the juices escaping me , making my legs tremble . My breathing turned to pants as his hot tongue moved back to my clit .

He sucked on it , swirling his tongue around the swollen bud , making me cry out . His hands squeezing my thighs are the only thing keeping me upright , my legs shaking terribly when I feel my stomach tighten , my hips rock against his mouth , chasing the building sensation . My toes curl , digging into the floor as I reach my climax and shatter .

My legs go weak , and his grip tightens as he forces me to remain upright , his tongue relentless as I ride out , the waves of my orgasm that ripples through me , leaving me breathless . He stood with one last flick of his tongue , and my knees buckled beneath me when he gripped my wrists , yanking me upright . His hand wraps around my throat , his chest presses against my back as he tugs me against him , his other hand pressed flat to my stomach .

He nips at my mark before his tongue trails up the side of my neck to behind my ear . He flicks my ear with his tongue before tugging it with his teeth . His hand on my stomach moves to cup my oversensitive pussy , his fingers teasing . The cold draft from the broken windows was welcomed . My skin flushed and burned , and his teasing fingers drove me insane .

The cool air is pleasant as it caresses my heated skin . Kyan growls , sliding two fingers in me , pumping them in and out of me slowly while his lips nipped and licked my skin before he abruptly pulled his finger out and turned me to face him . Kyan chuckled , earning a growl from me when he shoves me backward on the bed .

He crawls on the bed between my legs , his arm going under my waist as he lifts me further up the bed toward the bed head . His lips cover mine , and he forces his tongue between my lips , tasting every inch of my mouth before laughing again , making me giggle . " What ? " I laughed . He shakes his head . " Nothing I will tell you later , " he says , shoving me on my back . I squirm , my shoulders aching more now that I lay on my back .

I tugged on my wrists , which were rub together painfully . Kyan's hand goes under my back to my wrists , and I feel him undo them . I sigh , rolling my shoulders , only for him to grab my wrists again . I glare at him , and he chuckles , sitting on his knees . He grips my hips , dragging me closer to him and pulling my legs over the top of his thighs before reaching into the top drawer of Jonah's bedside table . He pulls out a rolled – up silver tie and a black one .

" Kye ? " I wanted to touch him , but clearly , he had other plans as he tied my wrists with the silver one before looping the black one through them and securing my wrists to the headboard . " There is something wrong with you , " I tell him , and he smirks before palming m y breast . His finger swirls around my areola , making my nipple harden under his touch when he pinches , rolling it between his fingers , making me hiss .

" No , there is something wrong with you for agreeing to something you have no idea about , just because you saw it in a movie , " he laughs . " You better not spank me again , so help m e , god , I will , " he twists my nipple , making me cry out . " You'll what , Ella ? " he growled before dipping his head and sucking on the nipple he just assaulted .

My back arches , loving the feel of his tongue on my body when he sits up . His hand runs over my thigh , his eyes between my legs while the other strokes his hardened length . Kyan ran the tip between my wet folds before smirking . He grips my hips , dragging my ass higher up in his lap . Kyan grabbed the back of my left knee ,

forcing it to my chest before leaning forward , so the back of my knee pressed against his shoulder . He leans down and presses his lips to mine . I answered his kiss instantly as he settled his weight against me , hooking my other leg around his waist . His erection pressing against m y slit , and I roll my hips , coating his length in my arousal .

Kyan groans before his hand moves between our bodies , and he adjusts himself , the tip of him pressing against m y entrance , and I gasp , pulling my lips away , looking at the rather odd position I was in . Kyan kisses my knee before pressing his lips softly against mine before he shoves in with one hard thrust , making my lips part as pain rippled through me .

His cock smashes into my cervix painfully . He stills , giving me time to adjust to his size , nipping and licking at m y lips , his pelvis flush against me . He pulls out slowly and groans , pressing his forehead against mine before gently pushing back in ; Kyan moves slowly , letting me adjust to the position and him .

I go to wrap my arms around his neck , forgetting they are tied above my head when he kisses me . His tongue invades m y mouth and tangles with mine , and I rock my hips against him , desire flaring violently when he pulls out , ramming back in , making me gasp with the brutal momentum . My walls flutter around his cock , squeezing him as he builds up friction .

Kyan growls , plunging in harder , impaling me on his cock , his cock hitting against my cervix painfully , but the pain is overridden by the sensation that pools in my stomach from the friction . My airy cries of pleasure fill the room . I push my restrained hands against the headboard , pushing against Kyan as he pounded into me .

Warmth courses through me when my stomach tightens , my inner walls clenching . I moaned loudly as I reached the precipice and was shoved over violently , Kyan slams into me harder , and I cry out , my pussy pulsating when he stills , warmth fills my stomach , his cock twitching inside me , and warm ropes of his release bathe my insides . Kyan groans and my leg slips off his shoulder as he drops his weight on me , and we both try to catch our breath .

Kyan kisses my jaw , his hand palming and kneading my breast softly . When I tug on my hands , he reaches above my head . Claws slip out of his fingertips , slicing through the tie holding my wrists together , and I wrap my arms around his neck .

He smiles when I tug his lips to mine and kiss him gently , my tongue tracing his bottom lip before he growls , nipping at it ; I laugh , and Kyan pecks my lips .

" I love you , " He whispers . " I love you more , " I tell him before yawning . Kyan pecks my cheek before pulling out of me , and I stretch before rolling onto my stomach . Kyan laughs , and I turn my face to him on the pillow and raise an eyebrow at him . " What is so funny ? " I ask . " Jonah is ? " he laughed while getting up . Furrowing my brows , I stare at him , wondering what he is talking about ; Jonah felt fine through the bond .

" What is funny about Jonah ? " " He gets to lay in your wet spot , " Kyan laughs . I sit up , looking at Jonah's side of the bed . " Kyan ! " I hissed , but he just laughed while sauntering off to the bathroom .

Chapter 271

Jonah POV

I knew the moment she marked him , I felt it . And I also felt Kaif stir and shove forward , though not out of anger but more curiosity , and I knew she marked Kaif . The bond surged , and my mark heated on my neck , tingling , making me shiver as the bond grew stronger than ever . I had only just stepped out of the fire exit when it sounded like a bomb went off . The windows blasted , bursting and raining glass down everywhere .

The power going out caused enough chaos , but this caused a stampede in the foyer . Panicked people screaming and rushing out of the building . Some screamed about terrorists while one of my smartass employees , Ben , screamed out " It's aliens , " to frighten them more . I click my tongue and shake my head . (Latest chapters uploaded Everyday on infobagh.com Read Your Favorite Novels)

Humans were so gullible ! Walking over to the foyer desk , I see security staff rushing everywhere . I had already mind – linked to let them know what was going on .

" Get all First Aid officers out here . They will be needed , " I quickly add through the link . No doubt people would have been injured by the exploding glass . Sirens blared loudly outside . Even the Tornado signals were blaring in the street , not that we ever got Tornados here . Stopping next to Ben at the foyer desk , he talked to staff on the walkie – talkie . It is a waste if you ask me , with all employees being a werewolf and part of Kyan's Pack .

Yet we had to keep up appearances so kind of necessary . " Kyan lost the plot ? " Ben asks . His white button – up shirt had minor tears , and blood drops from where he was sprayed with glass . Although he was already healed , he looked like a bloody mess . His sandy blonde hair stuck up in every direction .

" Nope , Marabella marked Kaif , " I tell him . " Kyan will have fun explaining this away , " Ben states . Nothing that couldn't be put down to natural disasters . I can already see earthquake headlines . " He'll handle it . Money talks , something he has plenty of , " I tell him , and he nods . " Ambulances are the way , so is an electrician .

Security is monitoring the casino . All the machines went down . And everyone else is playing medic . I sent Scott to assess the damage , " he tells me , and I nod just as the backup generators kick in and light up the place . Now with better visuals , I see the destruction at total capacity .

Walking out the front of the casino , the street wasn't much better . It was complete chaos . I walked back inside with a sigh , deciding authorities would take care of everything outside the casino . They were all in Kyan's pocket anyway . Just another thing he would have to handle . " Alpha ? " Ben calls from the foyer desk , waving me over with his hand .

Glass crunches under my shoes as I make my way back to the white counter . He was looking at a laptop , and I walked around the counter to see what he was looking at . " We have 908 patrons staying in the hotel tonight . What do you want me to do ? " " Send someone to check their rooms and make sure everyone is accounted for . Send security and medics up to each floor . All those staying issue refunds , and give vouchers for next time if they ever return.

Also , see if any available hotels off the main street have vacancies for those wanting to leave , " I tell him . Ben nods , writing everything down on a sticky note while I turn to go check the bar area , walking away from the chaos . Despite the explosion , most of those in the bar area thought it was more reason to keep

drinking . Macy was working behind the bar with Soyer . Both of them are still serving . Macy smirks as I approach .

" What's up , boss ? " Soyer asks as I approach . I walked around the counter to the registers , which had been opened manually since the generators wouldn't run those . They mainly only powered the elevators , lighting , fridges , and security cameras . " Call last round on the house , get the cashboxes to the safes and start to clean up . " They both nod , and Macy slides a glass of whiskey across the counter , full to the brim . I raise an eyebrow at her , and she whistles , nodding toward my crotch .

I look down at the front of my pants and " Fuck ! " Macy laughs , serving someone before waving their money away . I scull the glass hoping it would help mute the bond , but now she pointed it out , I was smashed with the feelings through the bond . Their arousal going to the forefront of my mind . " Suppose I know where you are going then , " Soyer laughs while I try to readjust myself . Why didn't I put underwear on ! I tap the counter , and Macy laughs , sliding another glass over to me .

" You're not heading up ? " Soyer asks when I scull the glass before walking over and grabbing the bottle . " No , they only just sorted things out . I will let them have a moment , " I say , tipping the bottle to my lips ; I chug a few mouthfuls and shake my head as heat rushes through me , burning down my throat and into my stomach . " Well , I am off to hide somewhere no patrons are , " I chuckled , about to walk out of the small bar door when Macy rushes over to me .

She takes off her apron and tosses it at me , and I groan at the tent I fucking pitched . " It won't hide it , " I tell her , tossing it back to her . " Worth a try , " she laughs , flicking her chocolate brown hair over her shoulder before pulling it in a bun on top of her head . I headed out to staff areas toward the security office . I instantly get laughed at by Daniel as I walk past his desk . He was head of security , an older gentleman with greying hair and a beard that went to the middle of his chest that was braided .

His eyes crinkled as he laughed and snorted at my erection . " Fuck up , you old fossil , " I snap at him . " Hey , Midnight Delight is down the street . Sure , someone there will take care of you ; don't come in here with that . I ain't helping ya out , " he laughs . I growl at him . " Marked and Mated ! Idiot , and have you seen the girls in that place , should be called Midnight Fright , not Delight , " I tell him , with a disgusted shiver . Flopping into one of the chairs with my bottle of whiskey . Daniel shrugs .

" I don't mind them ; they get the job done , " he laughs . " Yeah , probably because they are all about your age , went once , and the lady had more wrinkles than my nutsack , " I tell him . He laughs and shakes his head ; going back to monitoring the screens . A few hours later , I headed back to the apartment , becoming distracted by the shit storm the explosion caused . Exhausted , I make my way back upstairs , unlocking the door . The breeze from the busted windows makes me shudder .

I shower quickly before walking around to my side of the bed . Mara was tucked under the blankets , and I could tell she was still naked as the blanket was pushed

down to her waist , giving me a nice view o f her perky boobs . Jax licks his chops in m y head , wanting to chew on one of them . Bloody grub .

I shake my head at my horny wolf , pull the blankets back , and climb into the bed to hear Kyan snicker . As I rolled on my side . " Fucking asshole , " I tell him , feeling the dampness of the mattress . " You don't even seem fazed , " he says , sitting up on his elbow looking over at me . " Some random I would be , but my mates .

Na , I'm all good , " I laugh , and he scrunches his face up . " I am surprised you're not spring cleaning , " I tease him . His aggravation is evident through the bond at me , mentioning the room's state . " Don't , I am pretending the room is in order , " he growls , and I shake my head before tugging Marabella closer . She rolls into me and sighs . Like a magnet , Kyan moves into her and drapes his arm over her waist and my arm .

" We will have to go back to the manor while this place gets fixed up , " I tell him before yawning . " Yeah , you should probably just move your stuff back home , " Kyan says , pressing his face into the back of Mara's neck and inhaling her scent . " Can I have a drawer too ? " I laughed at his invitation to move in with him . Not like he had much choice now . " You do have a drawer in my bloody room filled with all the crap you leave at my place , " he says , and I shrug .

I usually help myself to his shit , anyway . Moving in with him wouldn't be much different . I spent the majority of the time in the city there with him , anyway . " You better get a bigger bed . Yours is a little squishy , " I tell him , yawning and closing my eyes . " Already ordered one . Should arrive tomorrow assuming Ella didn't blow up the factory as well , " he laughs . Before closing my eyes , I nod .

I should have realized he would have everything sorted , The man ; I swear he had files in his head o f everything set in place , and heaven bit something doesn't line up with his schedule or on time . Marabella POV Waking the following morning , the morning air was freezing . Jonah was asleep beside me , although Kyan was no longer in bed . Tugging the covers back , I climb out of bed . It was still early in the morning . Stretching and yawning , I place my feet on the floor , before I lift them ,

DARECE remembering the broken glass , only to open my eyes to find the room spotless . " Kyan ! " Kora sighs , and I nod , walking to the bathroom to pee . When I am finished , I steal Jonah's dressing gown and his slippers before stepping out into the hallway . Besides the broken windows , everything was in order , the curtains blowing inward from the slight breeze but everything was spotless . Turning the corner into the kitchen , I run into the Kyan carrying coffee .

" Woah , bloody scared me . I was about to wake you , " Kyan says , holding a mug out t o me . I take it from him and he pecks my cheek before wandering off down the hall while I wondered what time he got up to clean all this . " Jonah , I am leaving , " I hear him say to Jonah before Jonah grunts when I hear the sound of flesh on flesh , and Kyan snickers as he comes back down the hall . " Coffee on the bedside table , now get up !

" Kyan calls to him as he comes back out to the kitchen . " What time did you get up ? " I ask him . " Not long after Jonah got home , we will b e going back to the manor today , so grab what you need . I have to go see the mayor and a few officials . So I will be awhile . " he Hitl says , pulling his suit jacket on over his black button – up shirt hanging on the back of the dining table chair .

He buttons it up . " Shit , my car isn't here , " Kyan growls . He spots Jonah's keys on the microwave . H e snatches them off before grabbing me and kissing me . His tongue invaded my mouth , and I tried to pull away , worried about morning breath , but he didn't seem to care . My mug clutched tightly in my hand as I tried not to spill it over him .

He lets me go before looking behind me toward the bedroom , making me look over my shoulder to see Jonah walking toward us . " I am taking your car , " Kyan tells him , and Jonah waves him off with his hand , looking exhausted . He kisses my head as h e walks past me toward the kitchen sink . H e yawns loudly , leaning on the bench and sipping the coffee Kyan made him . " I'm up happy , Boss ? " Jonah groans and Kyan nods , turning his attention back to me .

" Love you , I need to go . I should have already , " Kyan says before walking out in a rush . I shake my head while Jonah glances around the place . " Kyan ! " we both say simultaneously , looking at how clean the place is now . Jonah shakes his head before dumping his mug in the sink , pouring the contents down the drain .

He then walks back toward the room . Where are you going ? " I ask . " Back to bed , I didn't get in till after 2 , " h e states . " Well , I am ringing my brother . We are ? " I call out to him before thinking of a reason to go with him . " We're going to lunch , " I tell him . " My card is in my wallet , " Jonah sings out , and I nod before remembering he can't see me .

" Thank you ! " I get no reply but feel him fall asleep , which would undoubtedly anger Kyan that he went back to bed . Heading into the room , I retrieve some clothes and put them in the main bathroom , not wanting to wake Jonah before stealing his phone and dialing Eziah's number .

He answers after the second ring . Marabella ? " he says . " How did you know it was me ? " I ask . " Inklings I had , what's up ? " " Don't suppose you could help me with something ? " I ask him , remembering to keep my voice low , not wanting to wake Jonah and have him overhear . " If it's to buy you pads again , the answer i s no , get one of your boy toys to do it , " he says , and I roll my eyes . " No , but it is important . " Eziah sighs . " Fine , where are you ? "

" The Casino , " " You want me to come to the city ! " he groans . " That's hours in the car . When you said you wanted help , I thought you asked because you were at Uncle Andrei's or in town ! " he whines . " Please ? " " Ah fine , I will be a few hours , " he says . " Just portal here , " I tell him . " Ah , I can't . Do you think I can just portal whenever I want ?

I can only do that leaving the Moon Goddess realm , " " Then go – to the Moon Goddess realm , " I tell him . " And what do you want me to tell mum ? A h , can you drop me into the realms so I can take a shortcut to the city ?

" " Yep , besides , I need you to go there anyway to look for something , " I tell him . " You're lucky you're my twin , or I would disown you for making me your little bitch all the time , " he growls and I laugh . " So , is that a yes ? " " Yes , Marabella . Now , what am I looking for in the realm ? " " Celeste's Grimoires and I need that dagger , " " You want me to steal mum's dagger and a n old book ? " " It's not stealing . We are borrowing , " " Did you ask mum ? "

" No , but you can , " I chuckle . " Of course you didn't . Fine , where am I meeting you ? " I bite the inside of my lip , knowing this would raise questions . " City graveyard , " I tell him . He falls silent on the other end of the phone . " We are not raising the dead , Marabella , " " No , we are just digging up a grave , " I tell him .

" So I suppose I gotta bring a bloody shovel , too ? " " If you don't mind , it may look funny if I carry one through the main street , " he growls . " Anything else . Do you need a bodily organ , an alibi ? " " I will let you know on the organ and Alibi is already sorted . I told Jonah we are having lunch together ,

" " Great , I am bringing a picnic basket too , " Eziah says , and I laugh . " Thank you . I love you . " I tell him . " Love you too , see you in an hour , " he says , and I hang up . I place the phone down before turning on the shower . Now t o just dig up my father in – laws grave and hope to god we can break this curse before the madness comes for me .
