

FATED TO THE CURSED LYCAN PRINCE

Chapter 1261 Wild S*ex

(Crystal's POV)

Rufus k*issed me so passionately that I couldn't resist him.

I grabbed his collar tightly with both h*ands. My heart was banging against my chest so wildly that I felt like I was about to have a heart attack. Love, affection, and desire surged through my body, rendering me unable to think straight.

At this moment, all I could do was hold the man in front of me tightly, as though he was my lifesaver in the middle of the ocean.

I knew this was wrong. I shouldn't have indulged myself in this feeling, but his k*iss was so irresistible that I couldn't help but compromise.

Rufus pressed me onto the bed and k*issed me, making his way down my neck to my shoulders, leaving a trail of hickeys.

All this pent-up desire came gushing out.

Rufus and I couldn't help but hug and k*iss each other almost desperately.

When he was about to take off my pajama pants, he suddenly stopped and looked up at me, his eyes burning with lust. "Can I?"

I wrapped my arms around his neck, bit his l*ips, and asked hoarsely, "When did you become so indecisive?"

Now that he had my consent, Rufus practically ripped my clothes off.

Then he k*issed my b*reasts and sucked my n*ipples.

I was drowning in waves of electric pleasure and couldn't help but m*oan softly. "Ah... Hmm..."

With one n*ipple in his mouth, he fondled the other n*ipple with his h*and. His other h*and reached down to my p*uss*y, stroking my wet clit gently.

Without warning, he thrust his f*ingers inside me, causing me to gasp. While his f*ingers slipped in and out of me, his thumb drew circles over my clit, slowly picking up in speed.

"Rufus..."

Stimulated by his f*ingers in my p*uss*y and his tongue on my n*ipple, I couldn't help but roll my eyes with pleasure. Sometimes he sucked, sometimes he licked.

Gradually, I grew to want more. "Rufus... I need you inside me..."

Hearing this, he cracked a s*exy smile.

Then he began to unbutton his shirt, exposing his well-defined chest muscles and abs. Even though I had seen Rufus naked countless times in the past, he still took my breath away.

The next second, he quickly unbuckled his belt, unzipped his pants, and took off his pants and underwear.

His erect c*ock bobbed in front of me. I spread my l*egs wide, ready to receive Rufus.

He grabbed me by the waist and hoisted me on top of a pillow. Then he grabbed his p*enis and started rubbing it against my wet p*uss*y. Just when I thought I couldn't stand it anymore, he finally thrust his long, thick c*ock inside of me.

My p*uss*y was so wet from the foreplay that it didn't take him much effort to slip his p*enis inside.

His c*ock kept gliding in and out of my p*uss*y smoothly.

My eyes rolled to the back of my head and I m*oaned with satisfaction. “Oh, my God...”

Gradually, Rufus picked up the pace. Soon, the sound of skin slapping skin echoed in the air.

“Harder, Rufus... Harder...”

Rufus didn’t say anything, but he obediently started thrusting harder. I wrapped my l*egs around his waist and arched my back, letting his c*ock go inside me all the way.

My b*reasts jiggled every time he slammed into me.

Rufus put his h*ands on my restless b*reasts, cupping and fondling them aggressively. Then he lowered his head and started sucking one of my n*ipples while simultaneously thrusting into me. I m*oaned with pleasure.

“Ah... It feels so good...”

“Honey, you’re so wet...” Rufus grunted hoarsely, and lifted my l*egs up higher.

“Oh, Rufus... No...”

My m*oans became louder and louder, and he started f*uc*king me harder and harder. Rufus’ forehead and chest shone under the dim light with sweat.

He sped up and gritted his teeth. “Baby, I’m cumming...”

“Rufus... Ah!” I wrapped my l*egs around his strong waist and climaxed alongside him.

Rufus’ pulsating c*ock rampaged through my v*agina. At that moment, I was too busy drowning in a wave of pleasure that I didn’t notice that he had stopped thrusting.

After a while, he groaned and shivered slightly.

I thought it was over, but Rufus' c*ock was still in my p*uss*y.

I propped my head up and looked deep into his eyes.

He looked at me pitifully and pointed at his hard d*ic*k. "He wants more."

After saying that, he pulled out his cock. Cum spilled out of my p*uss*y, but Rufus still wasn't satisfied. He patted my butt and said, "Let's change positions."

I nodded and lay on my side obediently.

Rufus knelt beside me and once again, he pressed his p*enis against my p*uss*y. After climaxing, my v*agina was wet and slippery, so his p*enis slipped inside without a hitch.

Rufus grabbed and raised my left l*eg, blue veins standing out on his arms. He started thrusting back and forth, sending his c*ock deep into my p*uss*y.

"Ah... Rufus... It hurts..."

"Really?"

"Please... Slow down."

"Okay." Rufus obediently slowed down.

After a while, I got used to the feeling and said in a sweet voice, "You can go faster now."

Rufus didn't need to be told twice. He sped up and tightened his grip on my calf. He cupped my b*reast with his other h*and, his f*inger greedily drawing circles on my n*ipple.

"Ah... Don't... It's itchy."

"Why are your n*ipples are so sensitive?"

“Well... It’s itchy. It feels weird.”

“Get used to it.” Rufus’ h*and started to move faster.

My breathing became more rapid, and my face was extremely hot. “Ah... Rufus...”

The sound of skin slapping skin became louder and louder.

The longer Rufus f*uc*ked me, the more excited he became.

His d*ic*k kept slamming into the deepest part of my v*agina. I kept m*oaning with pleasure, and my p*uss*y got wetter and wetter. The bed sheet was soaked. In the room, the atmosphere was thick with l*ust and desire...
