

# *Full-Level Rich Daughter Makes a Strong Comeback*

## **Chapter 10**

### *Saving a Life*

*The driver also seemed to be frightened and could not react in time. "No, we forgot."*

*Ye Leng'an frowned. She stepped forward, squatted down, and began to examine the old man. His face was ghastly white, and he had difficulty breathing, even his heartbeat very weak. If this continued, he would probably die before the ambulance arrived.*

*She reached out to check the old man's pulse. With a sigh, she murmured, "You're lucky enough to meet me today. Forget it! I'll just think about it as an act of kindness to help people."*

*Ye Leng'an reached into her pocket. In fact, she took out a medicinal pill from her space and was about to put it into the old man's mouth.*

*"What are you going to do?" The driver who had been paying close attention to the old man naturally saw her movement.*

*He didn't know what this little girl wanted to do, but if anything happened to the old man, he wouldn't be able to escape punishment.*

*"I'm trying to save him." Ye Leng'an didn't get angry when she was questioned. "He won't be able to wait for the ambulance to arrive. If you don't let me save him, he will definitely die today."*

*She wasn't a busybody, but when she took a glance at the old man, she noticed that there was a faint auspicious aura around him. That was something that only could be seen in people with merit. So, this old man must have done a lot of good deeds. Since she had seen such a person, she was naturally willing to save him.*

*"You're talking nonsense!" The driver was furious. "How could you curse our old master? Also, I don't even know what this is. How can you just give it to him? You may not be able to take responsibility if anything happens."*

*"Hey, little girl, stop. The ambulance will be here soon." Search the website to access chapters of novels early and in the highest quality.*

*"That's right! You're still so young, stay away from the chaos."*

*People in the crowd also began discussing. Clearly, no one believed that Ye Leng'an could save the old man.*

*Ye Leng'an's countenance remained the same when she faced doubts from others.*

*Before anyone could react, she opened the old man's mouth directly and put the pill in it.*

*"Old Master!" The driver screamed with fear. He reached out and tried to push Ye Leng'an away.*

*He didn't expect that this seemingly kind little girl would actually do such a thing. He did not even know what she gave to this old man. If anything happened to him today, the master and the young master would definitely not let him off easily.*

*Ye Leng'an had a swift response and dodged his push quickly.*

*"Girl, how could you do such a thing! This is murder!"*

*"Oh, really! You can't do this even if you want to seek attention. You're playing with human lives!"*

*"Everyone, don't let her escape. If anything happens to this old man, she'll be the murderer."*

*Everyone's tongues were wagging, but they all agreed that they could not let Ye Leng'an leave.*

*Ye Leng'an didn't plan to leave either. She turned a deaf ear to all the accusations. She just kept observing the old man's condition.*

*"What's going on?"*

*At this moment, an old voice brought an abrupt halt to all the discussions.*
