

## Full-Level 101

### Chapter 101: The Choice 2

Because the defamation case was about to go to court, the public security authority had already collected the evidence. This time, she took Zhao Yanran to court. In the past half a month, the Zhao family did not come to look for her. Now that it was too late to withdraw the case, there was a good chance that they would come.

Hu Ping was also afraid that Ye Leng'an would carry the matter further and that her teaching career would be implicated. Moreover, the school had yet to punish Hu Ping because they were waiting for Ye Leng'an's decision.

Ye Leng'an walked over to open the door while thinking about whether she should find a nanny or something. Even though she usually cleaned the villa directly with the dust removal technique. However, there was nothing she could do about cooking. She still had to go out or order takeout. Moreover, she had to open the door herself when somebody knocked at the door.

However, she had to be careful when hiring a nanny. After all, there were many things in her villa, especially the medicinal herbs in the alchemy room. They were all very precious.

While thinking, she had already opened the door.

When she saw the people standing outside the door, she raised her eyebrows with surprise in her eyes. Obviously, these were unexpected visitors.

"Why are you guys here?" Ye Leng'an asked with a frown, "Also, how did you know that I lived here?"

Ye Li, who was outside the door, had a hint of impatience on his face. "Let's go in and talk."

He didn't want to talk to her at the door and be looked at by others. Moreover, what they wanted to say wasn't anything good, so it was even more impossible for them to talk about it at the door.

After that, Ye Li nudged Ye Leng'an out of his way and walked inside. He didn't look like he was a guest at someone else's house. Instead, he looked as casual as if he was at his own home.

Lin Wanqin, who was beside Ye Li, didn't feel anything wrong and followed Ye Li inside.

Without getting angry at their impolite behavior, Ye Leng'an shrugged, closed the door, and entered.

When she walked into the living room, she saw Ye Li and Lin Wanqin sitting on the sofa. They looked so casual that they didn't have the self-awareness of being guests at all.

"Say it!" Ye Leng'an casually sat down on the sofa opposite them. Then, she looked up and asked, "What are you here for today? Don't tell me that you came to see me because you missed me! You probably won't believe it yourself." Hearing Ye Leng'an making snide remarks about them, Ye Li was fuming with rage. "Is this how you talk to your parents? Now that you left the Ye family, you turned up your nose at us, didn't you?"

“Mr. Ye is quite forgetful.” Ye Leng’an leaned back against the sofa and smiled lazily. “You were my parents in the past. You raised me up. However, don’t forget that I’ve already given you 50 million to buy out the kindness of raising me. You accepted the money and agreed.”

“You...” Ye Li felt breathless when he heard Ye Leng’an mention the 50 million.

Initially, he had thought that Ye Leng’an would never be able to fork out that 50 million, which was why he suggested that figure. Who would have thought that Ye Leng’an would really give him 50 million? However, he would not reject it because that money could play a role in the development of the company. At least, because of this 50 million, they no longer felt the squeeze on finance.

If he were to return the 50 million to Ye Leng’an now, he would not be willing to do so. But...

Ye Li glanced around at the furnishings in the villa. When he looked at Ye

Leng’an again, his eyes were filled with doubt. “Where did you get the money? Also, what was going on with this villa?”

According to Mrs. Zhao, this villa was registered under Ye Leng’an’s name. A villa like this, especially in this neighborhood, would definitely cost tens of millions. How could Ye Leng’an afford it? As to that 50 million, where did Ye Leng’an get so much money?

Lin Wanqin stared at Ye Leng’an with a concerned look, but there was disgust more than worry in her eyes. “Leng’an, although you’ve already left our Ye family and we’re no longer mother and daughter, we’ve been together for so many years. Even as your elder, I still have to advise you that some money can’t be earned..”

Chapter 102: The Choice 3

“As a girl, you can’t just seek the immediate pleasure. You have to think about your future. You will definitely regret the present indulgence in the future.”

What was the fastest way for a girl, a very beautiful girl, to earn money? The answer was self-evident.

“Cut the crap.” Ye Leng’an’s face was filled with impatience when she faced Ye Li’s doubts and Lin Wanqin’s self-righteous advice. “Don’t judge my life. You don’t have the right to do so. Why don’t you just tell me your purpose today? Otherwise, I’ll have to send you away.”

She didn’t think that Ye Li and Lin Wanqin came today to see her and lecture her.

Ye Leng’an’s attitude completely infuriated Ye Li. He slammed the table and roared, “Ye Leng’an, what kind of attitude is this?”

Even if he accepted that 50 million, he didn’t feel that he had to lower his head in front of Ye Leng’an. Until now, he still believed that even if he was not Ye Leng’an’s father, he was her elder. He became furious at her indifference.

“Don’t make a show of your authority in my house.” Ye Leng’an didn’t back down when Ye Li flew into a rage. Her cold gaze fell on the couple opposite her. “If you don’t want to tell me your purpose, then leave. Otherwise, I’ll call the security.”

This neighborhood was expensive, and the facilities were also very good. At least, the security guards were on 24-hour shifts. The security service was available at any time for all the owners.

“How dare you!” Ye Li became even angrier when being threatened by Ye Leng’an.

“You can try and see if I dare. However, if you are thrown out of the neighborhood, don’t blame others for laughing at you.”

Ye Li was so angry that he gritted his teeth. He even wanted to stand up and sort Ye Leng’an out. However, Lin Wanqin, who was sitting beside him, stopped him.

“Alright, hubby, that’s enough.” Lin Wanqin tugged at Ye Li’s sleeve and reminded him, “Don’t forget why we’re here today. This is the most important thing.”

Lin Wanqin’s words made Ye Li regain his senses. He took a deep breath and tried his best to suppress the dissatisfaction in his heart. He looked at Ye

Leng’an and said, “Did you take Zhao Yanran to court for slander recently?”

“So, you came to visit today for this matter!” Ye Leng’an was a little surprised. “Looks like the Zhao family asked you for help! However, even if you know, so what? Are you trying to persuade me to let Zhao Yanran off?”

She didn’t expect the Zhao family to turn to Ye Li and Lin Wanqin for help. However, this was not surprising. After all, she had lived with the Ye family for the past 16 years. Ye Li and Lin Wanqin were her parents. The Zhao family probably thought that even if she left the Ye family now, she should still have feelings for her parents!

Honestly, the Zhao family had made a good move! If she were the little girl in her first life who longed for her parents’ love, she would definitely agree immediately.

“I want you to withdraw the case immediately.” Ye Li took it for granted. “All along, we’ve done a lot of business with the Zhao family. We often see each other. If you sue Zhao Yanran, it will definitely affect our cooperation.”

Most importantly, the Zhao family promised that as long as Ye Leng’an was willing to drop the case, they would be willing to surrender 30% of the profits on this collaboration.

This was quite an amount. As long as he could get it, the company would earn at least 200 to 300 million. It was also for this reason that he came to visit today. Otherwise, he wouldn’t want to see Ye Leng’an at all.

“What does this have to do with me?” Ye Leng’an had a mocking smile on her face. “Your cooperation has nothing to do with me. Why should I give in for your sake?”

It seemed that the benefits the Zhao family promised to give this time were quite a lot! Otherwise, Ye Li wouldn’t be so anxious to ask her to withdraw the case. After being father and daughter for so

many years, she knew well about Ye Li. He was definitely a person who placed profit above all else. As long as he was given enough benefits, he would definitely be able to do anything.

“You...” Ye Li was furious.

“Hubby, let me do the talking!” Lin Wanqin tugged at Ye Li and shook her head gently..

Chapter 103: The Choice 4

Ye Li didn't say anything else. He turned his head around, not even wanting to look at Ye Leng'an again.

“Leng'an, I know that you've become distant from us ever since Xiyuan came back.” Lin Wanqin looked at Ye Leng'an with complicated feelings in her eyes. “You must be feeling quite resentful towards us because we wanted to transfer you to another school earlier. However, Xiyuan is our biological daughter after all. As her parents, we have to think about her. If the school transfer matter made you upset, I'm here to apologize to you. Actually, in our hearts, you are still our daughter. You can come back to our family as long as you want.

Although she was disgusted by Ye Leng'an's no self-respecting behavior, she had raised the child for so many years. Even if Ye Leng'an was not her biological child, she still had an attachment to her. Therefore, she hoped that Ye Leng'an would repent and stop selling herself out for money.

“There's no need.” Ye Leng'an raised her hand and interrupted, “Since I've already left the Ye family, I have no intention of going back. Ye Xiyuan and I will never be good sisters. I hope that you will take good care of your daughter and stop her from calling me sister. I was born on the same day as her. Who knows if she's younger than me? Don't pretend to be familiar with me. She goes her way and I'll go mine.”

Ye Leng'an's attitude made Lin Wanqin frown, so she changed the topic. “As for the Zhao family, we still hope that you can drop the case. This is not for us but for you. Zhao Yanran is the daughter of the Zhao family, so they won't let anything happen to her. Therefore, it's unknown whether you can win this lawsuit. But one thing is for sure, as long as you go to court, you will really offend the Zhao family. Have you ever thought about what kind of situation you will face after offending the Zhao family? Besides, even if you win the lawsuit, what can you get? It will only be an apology and a little compensation. Now, the Zhao family is willing to give you five million as a settlement. This is money that you will never get even if you win the lawsuit. So taking a step back is beneficial to everyone, isn't it?”

“Looks like the price has increased!” Ye Leng'an said with a sneer, “It was a million before, but it has increased several times in just a few days. It seemed that the Zhao family also knew that they would definitely lose this lawsuit!”

“Leave them some room so that you won’t fall out and become enemies in the future.” Lin Wanqin continued to persuade Ye Leng’an, “I know that you’re still young, so you’re doing things recklessly. However, in the future, you will understand that we are doing this for your own good.”

In fact, she did think so. If Ye Leng’an persisted, in the end, both sides would suffer. Even if she won the lawsuit, the Zhao family would continue to make things difficult for her. She would also lose her future.

“Mmm.” Ye Lengan nodded. “That’s really well said. Unfortunately, I don’t agree with that.”

Seeing Ye Leng’an being so stubborn, Ye Li pointed at Ye Leng’an’s nose and scolded, “Ye Leng’an, what do you want? Do you want to be enemies with the Zhao family and the Ye family at the same time? Let me tell you if you insist on suing Zhao Yanran, then the Ye family will not provide you with any protection in the future. Also, we will completely sever all ties with you. At the same time, we will also stand on the same side as the Zhao family.”

Ye Leng’an upturned her hands and said indifferently, “I have nothing to do with the Ye family anymore. As for what you want to do, that’s your freedom. I won’t interfere.”

Ye Li could do absolutely nothing to Ye Leng’an. Although he was angry, he could only vent his anger with words, not fists.

Was he really going to return empty-handed today?

When he thought of the cooperation and profit that the Zhao family had promised, his heart ached so much that he could not breathe. It seemed that he really couldn’t get the profit anymore.

Thinking of this, Ye Li looked at Ye Leng’an with hatred in his eyes.

At this moment, Lin Wanqin suddenly said, “Leng’an, do you remember that before you left, you said that you would make a promise to us? Now, did this promise still count?”

Chapter 104: The Choice 5

Ye Li’s eyes lit up when he heard Lin Wanqin’s words. He had almost forgotten about this matter. Ye Leng’an had promised them when leaving the Ye family and when in the principal’s office.

However, he did not take this promise to heart at all before and didn’t think that he would need Ye Leng’an’s help. So that sentence went in his ear and out the other. If his wife hadn’t suddenly brought it up today, he would have forgotten it.

Ye Leng’an sat up straight and narrowed her eyes, looking thoughtful when hearing Lin Wanqin’s words. “Do you mean that you want to use this promise now?”

Since she had made this promise, she naturally would not go back on it. The 50 million she gave Ye Li would not erase their kindness in upbringing her for so many years. So, this promise was still valid.

“That’s right.” Ye Li nodded. “I want you to deliver on the promise today. I want you to withdraw the lawsuit and not take Zhao Yanran to court for defamation.

It would be best if Ye Leng’an was willing to fulfill this promise. If they could get two to three hundred million with this promise, that was really worth it!

Ye Leng’an nodded her head and revealed a meaningful smile. “I remember what I said and will definitely keep it. If you insist on using that promise, then I won’t sue Zhao Yanran. However, I’m curious about one thing. Who will you choose, Zhao Yanran or Ye Xiyuan?”

Both Ye Li and Lin Wanqin had a bad feeling when they heard the question and saw the smile on Ye Leng’an’s face. They didn’t know why Ye Leng’an suddenly mentioned Xiyuan at this time.

“What do you mean?” Ye Li looked at Ye Leng’an with his piercing eyes. “Ye Leng’an, are you trying to play tricks just because you don’t want to agree?”

“No, you’re thinking too much.” Ye Leng’an leaned back on the sofa again and smiled lazily. “This time, you came to visit me because the benefits offered by the Zhao family were enough for you to make this trip. But I wonder which one you will choose, the benefits or your daughter?”

“Ye Leng’an, let me tell you. If you hurt Xiyuan, I will never let you off.” Lin Wanqin looked at Ye Leng’an with coldness in her eyes. “If you dare to harm even a hair on Xiyuan’s head, I will definitely fight you to the death. I’m not just saying that. I’ll definitely do what I say.”

After spending so much time with her daughter who was lost and now found, she really doted on Ye Xiyuan. At the same time, Ye Xiyuan’s understanding made her heart ache.

She often thought that if she had been more careful back then, she might not have lost her biological daughter for so many years. Therefore, she always wanted to make it up to her daughter. Now, her daughter was her inverted scale. If Ye Leng’an dared to harm Ye Xiyuan, she would not show mercy.

Ye Leng’an remained calm when seeing how protective Lin Wanqin was. If it was her first life, she might have felt sad because of Lin Wanqin’s protection of Ye Xiyuan, but now, she was completely different. After experiencing so much, she no longer had any feelings for her parents. That promise was only to completely cut off the karma between her and the Ye family.

“You guys should know clearly that Zhao Yanran slandered me because she chose to believe those rumors. However, do you know where those rumors came from?”

“What do you mean?” Ye Li looked at Ye Leng’an as if he wanted to see through her.

“Don’t tell me you want to say that those rumors have something to do with Xiyuan!”

“That’s impossible. Xiyuan isn’t that kind of person.” Lin Wanqin subconsciously retorted, “She’s so kind and will never spread such rumors. Ye Leng’an, I won’t allow you to slander her here.”

She had absolute trust in her daughter. Xiyuan had a nice personality and would never do such a thing. Ye Leng'an was trying to mislead them on purpose.

"Mrs. Ye, it seems that you really don't understand your daughter at all!" Ye Leng'an smiled and shook her head. "According to the police's investigation, Ye Xiyuan didn't just spread rumors.. She's the culprit!"

Chapter 105: The Choice 6

Ye Li and Lin Wanqin were shocked. After regaining their senses, their first reaction was to deny this fact.

"Ye Leng'an, stop talking nonsense." Ye Li pointed at Ye Leng'an and started scolding, "Xiyuan is different from you. She will never do something like that.

If you continue to spout nonsense here, don't blame us for being impolite."

Just like Lin Wanqin, he didn't believe that Ye Xiyuan would do such a thing. Although it hadn't been a long time since Ye Xiyuan came back to the Ye family, he knew that Ye Xiyuan was kind. He always prioritized his interests, but he still had feelings for his biological daughter.

Of course, the most important thing was that Ye Xiyuan had already caught Young Master Nangong's eye. Therefore, no matter what, he had to protect his daughter. He absolutely would make her life spotless.

"I didn't say that. The evidence proved so." Ye Leng'an's expression didn't change in the slightest when she faced Ye Li's domineering manners. "I think that the public security authority will be summoning Ye Xiyuan soon! She is indeed very smart and knows how to make use of others. Unfortunately! Her method was still too immature, so it was discovered. Justice has long arms, doesn't it?"

The police just found out about this yesterday evening. Of course, even without the investigation result from the police, she could guess that Ye Xiyuan must have done it. However, she didn't expect that the police could find out in the end.

From her experience in her first life, Ye Xiyuan was still very intelligent. At least, even if Ye Xiyuan really did something bad, you wouldn't be able to find out. Therefore, when Ye Leng'an heard the reply from the police, she was still a little surprised.

"There must be something wrong." Lin Wanqin was unwilling to believe the truth. "Ye Leng'an, did you deliberately mislead the police?"

Ye Li looked at Ye Leng'an, his eyes filled with suspicion. Ye Leng'an had always disliked Xiyuan, so it was possible that she wanted to take advantage of this incident to attack Xiyuan.

"You think too highly of me." Ye Leng'an smiled disdainfully. "If I really want to deal with Ye Xiyuan, I won't resort to such childish methods. If you don't believe me, you

can go back and ask Ye Xiyuan if she did it before! Besides, you will be able to see the evidence when the police summon her.”

Ye Li and Lin Wanqin felt even more uneasy when they saw Ye Leng’an’s expression. They came today to lobby for the Zhao family, but now they suddenly knew about such a fact.

For a moment, the couple’s minds were in a whirl and they did not know what to say.

Ye Leng’an stood up and looked down at Ye Li and Lin Wanqin. “I will naturally honor my promise. However, my promise is only enough to let one person off. Do you choose Zhao Yanran or Ye Xiyuan? But you don’t have to be anxious. I’m not in a hurry to know the answer. Go back and think about it carefully before telling me! You’d better be quick, or else the police will not wait for you!”

Ye Li and Lin Wanqin’s thoughts were in turmoil. They didn’t know if they should believe Ye Leng’an’s words. However, the confident look on her face made their hearts waver.

They almost forgot the purpose of their visit to Ye Leng’an today and returned home in a daze.

“Dad, Mom, where have you been?” Ye Xiyuan was very curious when she saw her parents’ worried expressions. “Why do you guys look so pale? Are you feeling unwell?”

Ye Li and Lin Wanqin had complicated feelings when they looked at Ye Xiyuan, who had a concerned look on her face.

Facing Ye Li and Lin Wanqin’s strange gazes, Ye Xiyuan couldn’t help but reach out and touch her own face. “Why are you looking at me like that? Is there something on my face?”

Lin Wanqin took Ye Xiyuan’s hand and asked her to sit down. “Xiyuan, we have something to ask you.”

Ye Li was straight-faced. “Xiyuan, tell me honestly. Did the rumors Zhao Yanran heard about Ye Leng’an being kept have anything to do with you?”

Ye Xiyuan’s heart skipped a beat when she heard Ye Li’s question. However, her expression did not change at all. In fact, there was even a hint of confusion on her face.. “Dad, what are you talking about? Where did you hear it from?”

Chapter 106: The Choice 7

“Don’t worry about where I heard it. Just answer me.” Ye Li’s eyes settled on Ye Xiyuan. His sharp gaze seemed to be able to see through her. “Be honest, or you won’t be able to come to a good end, and you’ll get hurt.”

Ye Xiyuan was a little flustered, but she still pretended to be calm on the surface. She didn’t know if her father had heard something from somewhere, but she knew that she absolutely couldn’t ruin her image in her parents’ hearts. Moreover, she had done it very discreetly at that time and would not be found out.

"I didn't do anything." Ye Xiyuan said calmly, "Zhao Yanran and Ye Leng'an have an old grudge. I don't want to get involved in their matters."

"Xiyuan, you shouldn't hide anything at this time." Lin Wanqin held Ye Xiyuan's hand. "The police have already found out. Moreover, you might be summoned in the next two days."

"What?" Ye Xiyuan was shocked, and at the same time, she felt a little guilty. However, she immediately came back to her senses and knew that she had overreacted, so she tried to compose herself quickly. "Dad, Mom, where did you get this news from? Maybe the police made a mistake!"

Although she said so, she couldn't stop feeling panicked. She didn't know what went wrong and was found out. If that was really the case, what should she do next? Without the help of the System, she did not know if she could get through the crisis.

The more she thought about it, the more uneasy she felt. Right now, she began to think about what she should do if she was really found out.

"What exactly did you do? What role did you play in this? Tell me everything in detail now." After all, Ye Li was an old fox who was successful in the business world for many years. Ye Xiyuan's guilt could not be hidden from him. "If you dare to hide anything, then don't blame us for not being able to help you."

Initially, he felt like trying his luck, but now that he saw Ye Xiyuan's expression, he understood everything.

"I..." Ye Xiyuan didn't know what to say for a moment when glancing at Ye Li who had a stern face.

"Xiyuan, just be honest!" Compared to Ye Li's seriousness, Lin Wanqin was much gentler. At this moment, her face was full of worry. "You have to know that this is no longer a skirmish in school. Ye Leng'an has already made a big deal out of it, and you must know what happened to Zhao Yanran recently! Even the Zhao family can't resolve this matter now. If you don't want to tell us, then we can't help you as your parents."

As Lin Wanqin persuaded patiently, Ye Xiyuan's eyes were filled with tears. Her eyes moistened as if she was about to cry at any moment. It made her parents' hearts ache. "Dad, Mom, I didn't do it on purpose. Actually, I've been worried all this time that it'll be found out. But I really didn't do it on purpose. Besides, I didn't expect things to turn out like this."

"So, the rumors really have something to do with you, right?" Ye Li's face instantly darkened. "Can't you just focus on your studies? Why did you provoke Ye Leng'an?"

"I didn't." Ye Xiyuan quickly shook her head. "Besides, I wasn't the one who spread the rumors. I only told Gumeng something when we were chatting. I

didn't expect to cause a big fuss in the end. Dad, Mom, I really didn't mean to slander my sister."

"You just said something about her?" Ye Li's tone carried a trace of suspicion.

"But why did Ye Leng'an say that you were the culprit behind the rumors?"

Moreover, the police have already found out everything."

"Dad, something must have gone wrong." Ye Xiyuan looked aggrieved and defended herself, "I only complained a little to Gumeng, saying that I didn't know where my sister's money came from. I've never slandered her. However, I didn't expect that there were so many rumors."

Under Ye Li's penetrating stare, Ye Xiyuan felt very guilty. However, since things had come to this point, she had no way out. She could only insist that she did not do it on purpose.

At the end of the day, she was still afraid. She didn't know how much the Police had found out, but she feared that she would be taken to court like Zhao

Yanran.

Actually, it was good that her parents knew about this. At least, after the matter was exposed, they would definitely think of a way to protect their daughter.

"Xiyuan, why are you so stupid?" Lin Wanqin looked at Ye Xiyuan who looked aggrieved. Though her heart ached, she still disagreed. "You can't say stuff like that casually. Look, Ye Leng'an is going to hold the related parties accountable now, and you're also involved. Even if Gumeng is your good friend, there are some things you shouldn't say to her."

"Mom, what should I do now?" Ye Xiyuan couldn't help but show a hint of panic on her face. She tugged at Lin Wanqin's sleeve, looking especially nervous. "The police really thought that I was the culprit behind the rumors. Will they detain me? Will Ye Leng'an take me to court then?"

"Now you are scared?" Ye Li looked at Ye Xiyuan with disappointment. "Can't you think before you speak?"

"Dad, I really didn't do it on purpose." Tears kept running down Ye Xiyuan's cheeks when she was scolded by Ye Li. "I also didn't expect it to turn out like this after I said something to Gumeng!"

"So Qian Gumeng must be the one who spread the rumors." Lin Wanqin looked at Ye Li and tried to defend Ye Xiyuan, "Because Qian Gumeng is her good friend, so she spoke to Gumeng in an offhand manner."

"It doesn't matter if the rumors were spread by Qian Gumeng or not." Ye Li looked a little impatient. "What's important now is that Xiyuan was indeed the one who said those things first. Moreover, the police have already found evidence."

“Mom, what should I do now?” Ye Xiyuan cried her eyes out. “Am I going to be sued by Ye Leng’an too? If Brother Nangong knew what I had done, he will definitely hate me.”

“Alright, stop crying.” There was a gleam in Ye Li’s eyes before he said, “I’ll settle this matter. You just need to be careful when you speak in the future.

Don’t get caught..”

Chapter 107: Return of the System 1

Ye Xiyuan looked up at Ye Li timidly and nodded. “Okay, Dad, I understand. I will be careful what I say in the future.”

“Um.” Ye Li nodded and then changed the topic. “Why didn’t you ask Young

Master Nangong out recently? Aren’t you good friends?”

He was a little dissatisfied with what happened to Ye Xiyuan this time. Since Ye

Xiyuan was also involved in this matter, it meant that he could only choose Ye Xiyuan and there was nothing he could do to help Zhao Yanran. So he could not get the profit the Zhao family promised him earlier.

However, the 200 to 300 million was nothing compared to the young master of the Nangong family. As long as her daughter had Young Master Nangong in the palm of her hand, he would be able to take back that money very quickly.

His mood rightened a lot when he thought of this.

“Dad, we all have our own things to do! It’s impossible for us to hang out often! Brother Nangong is usually very busy.” Ye Xiyuan said with a smile, “Besides, have you forgotten? I’m also going to participate in the Mathematical Olympiad qualifier soon!”

“Oh, there have been too many things recently. I almost forgot about this.” Ye Li didn’t dwell on this question. Instead, he asked, “You can enter the qualifier this time, right?”

“There’s absolutely no problem with the qualifier.” Ye Xiyuan’s face was full of confidence. “However, I can’t guarantee that I will get a place in the Mathematical Olympiad Competition.”

Speaking of the Mathematical Olympiad Competition, she couldn’t help but think of the System. Previously, the System had issued a mission. As long as she could get first place in the Mathematical Olympiad Competition, she would be rewarded. Now that there was no news from the System, would she still be able to get the reward if she won first place?

“It’s good enough that you can participate.” Lin Wanqin’s mood lightened a lot, and even her voice became delightful. “Even if you really can’t win the award, it’s good to get some experience. Xiyuan, don’t feel too pressured.”

“What are you talking about!” Ye Li frowned. “Since she is to participate in the competition, she naturally has to do her best to win the prize. You are rationalizing her incompetence to emphasize the importance of participation.”

After that, he turned his head to look at Ye Xiyuan. “Xiyuan, you’re outstanding. I believe that you’ll definitely win an award! How about this! If you get first place, I’ll reward you with a house. What do you think?”

“Really?” Ye Xiyuan’s face was filled with surprise. She then nodded and said, “Dad, I’ll study hard and strive to get first place.”

Although she said that, she felt that her winning first place was already set in stone. Although She could not contact the System for the time being, the rewards from the System she received before did not disappear. Therefore, she felt that with her current IQ, it would be very easy for her to win first place if she worked hard during this period of time.

Of course, she was also very tempted by the house that Ye Li mentioned. After returning to the Ye family, although her parents had bought her a lot of expensive gifts, she had very few things in her possession. In order to buy a bracelet, she had to get that money in the name of Nangong Xuyao. However, after she managed to get the money, Ye Leng’an took that bracelet away.

“Good girl.” Ye Li nodded approvingly. “Alright, you can go upstairs and study first!”

“Okay, Dad, Mom, I’ll go up first.”

After Ye Xiyuan left the living room, Lin Wanqin urged, “Hubby, call Ye Leng’an immediately!”

It was better to resolve the matter as soon as possible. She was also worried that things would change if she delayed it. Although it was a pity that they couldn’t make the promise of the Zhao family fulfilled, the first thing they had to do now was to protect their daughter. As for Zhao Yanran, they really couldn’t do anything.

Ye Li nodded and called Ye Leng’an, telling her their choice.

“Alright, I promise you.” Hearing Ye Li’s choice, Ye Leng’an wasn’t surprised at all. “I won’t hold Ye Xiyuan responsible for this matter. However, from today onwards, I have absolutely nothing to do with you.”

After that, Ye Leng’an felt a sense of relief because all the ties between her and the Ye family had been severed.

Ye Li didn’t know what Ye Leng’an was talking about, but he said in a self-righteous tone, “Ye Leng’an, you’re so stubborn, you’ll have to bear the consequences yourself! The Zhao family isn’t kind, if you insist on not letting

Zhao Yanran off, they won’t let it slide either..”

Chapter 108: Return of the System 2

When he thought about losing two to three hundred million because of Ye Leng'an's refusal to withdraw the lawsuit, his heart ached. Therefore, he was filled with resentment while speaking.

"Mr. Ye, you don't have to worry about my business." Ye Leng'an's indifferent voice came up. "If you have time, you should discipline Ye Xiyuan properly! You have to know that I only have one promise. Next time Ye Xiyuan falls into my hands again, I won't show any mercy. At that time, you won't have a second promise to save her."

"It's none of your business." Ye Li became even gloomier when Ye Lengan spoke to him as if she was lecturing him. "Xiyuan is very good and totally different from you. She's a very outstanding child, but you are unruly and willful and only know how to cause trouble. I'm really glad that I have such an outstanding daughter."

Ye Leng'an wasn't angry after hearing that. Instead, she smiled. "Since Mr. Ye loves your daughter so much, you should discipline her well!"

After that, she hung up the phone.

Ye Li's face darkened at a visible speed as he looked at the phone after the line was dead. He didn't expect Ye Leng'an to have the audacity to hang up on him.

Lin Wanqin knew that Ye Leng'an must have said something disgraceful again when seeing Ye Li's expression. She tried to coax him, "You know what kind of person Ye Lengan is now. Don't get angry over someone like her! Xiyuan is much more outstanding than her. Isn't it worth being happy to be able to have such an outstanding daughter?"

Ye Li managed to compose himself.

After Ye Xiyuan returned to her room upstairs, the smile on her face immediately disappeared. Her face instantly darkened, and even the temperature in the room dropped by several degrees.

Sitting on the bed, Ye Xiyuan gripped the bedsheets tightly with both hands and gritted her teeth, muttering to herself, "Ye Lengan, Ye Leng'an, it's you again. B\*tch, why don't you go to hell! Why do you have to stand in my way here? I won't let you off."

Her fierce-looking features set into a grimace. If someone saw this, they

would definitely be shocked. Because this Ye Xiyuan was definitely not the kind and understanding girl they usually knew.

Ye Xiyuan's hatred for Ye Leng'an grew even deeper when she thought of what had just happened downstairs. She did not expect that the police really find out. More importantly, Ye Leng'an told her parents everything.

Fortunately, she had already thought of an excuse. Otherwise, although her parents saved her today, she would have a terrible hang-up about it.

However, she could still tell that her father was quite unhappy when he agreed to solve it. That was why she mentioned Nangong Xuyao.

She wanted to let her father know that she still had a place in Nangong Xuyao's heart. As long as Nangong Xuyao was around, she would still be her father's good daughter.

Just as Ye Xiyuan was still immersed in her own thoughts, a mechanical voice suddenly rose up in her mind.

"Beep beep beep beep! The System has been reactivated."

She wasn't scared by the mechanical voice that suddenly appeared in her mind. Instead, her eyes lit up with joy. She quickly called out, "System, is that you?"

Ever since she lost contact with the System, she had been feeling uneasy. She was afraid that the System would disappear without a trace. She could not imagine what kind of situation she would be in if she lost the System.

Now that she heard the System's voice again, even the gruff mechanical voice sounded like the angelic voice.

"Yes, host. Previously, there was suddenly a bug in the System, and it had been fixed all this time. The repair is now complete."

Ye Xiyuan quickly asked, "System, before you lost contact with me, I asked you to check that man's information. Since you're back now, tell me everything about that man!"

She hadn't forgotten that before the System malfunctioned, her points had been deducted for checking all the information about the man sitting in the wheelchair with Ye Leng'an.

"I didn't find any relevant information." the mechanical voice said coldly..

Chapter 109: Return of the System 3

"What?" Ye Xiyuan immediately jumped up from the bed. Instead of communicating with the System in her mind, she said directly, "System, 500 points had been deducted previously for checking on that man. But now, you're telling me that you didn't find anything."

That was 500 points. How many missions did she have to do to accrue them? She had originally planned to use these points to exchange for props, but in order to know more about her enemy, she had gone through the agony of losing 500 points. But now, the System told her that it didn't find out anything. Her 500 points were wasted for nothing.

"After the search, the System didn't find any information about the man." The mechanical voice was emotionless.

Hearing this answer, Ye Xiyuan felt that if the System were a real entity in front of her, she would definitely smash it without hesitation.

However, no matter how dissatisfied she was, she tried her best to calm herself down. She didn't dare to show any dissatisfaction with the System in her mind. She did not forget that she had been electrocuted as punishment for cursing the System in her heart.

“How’s that possible?” She didn’t accept such a result. “Didn’t you say that the inquiry was an advanced-level one, so you needed to deduct certain points? How can you not find out now?”

If the System really couldn’t find anything about that, then how was the inquiry classified as advanced-level?

“I can’t find any information about the man.” The mechanical voice repeated the same reply without giving any explanation.

Ye Xiyuan felt like she was about to explode from anger. She had spent 500 points, but this was not the result she wanted.

She took a deep breath and continued to communicate with the System. “Since there was no result for the inquiry, then forget it. Will the 500 points deducted be returned to me?”

If she could get back 500 points, or even half of it, it would be good. Otherwise, her losses would be too great.

“Once the mints are deducted, they cannot be returned.” the mechanical voice replied. “Host, please continue to work hard to accumulate mission points.”

Although she knew that this was very likely the result, she still couldn’t help but feel disappointed after she got the confirmation. However, she also knew that reasoning with the System would not work. Therefore, she could only silently suffer this loss.

She felt a little aggrieved, but she still tried to calm herself down.

Anyway, now that the System was back, it was enough. As for the points, she could still slowly accumulate them in the future. The most important thing now was the Mathematical Olympiad Competition. As long as she could get first place, not only would she become more beautiful, but she would also be able to obtain points.

Just as Ye Xiyuan was trying her best to mentally prepare herself, the mechanical voice came up again.

“The host made her own decisions, which caused her own energy to decrease. All points will be deducted as punishment. Now you have zero points. Please continue to work hard.”

Before Ye Xiyuan could react, she realized that her points had all been cleared. She anxiously called out to the System in her heart, “What exactly is going on? Why did you deduct all my points?”

She did not expect the System to tell her that the 500 points she had deducted were for nothing. Now, all the other points were being cleared for no reason. This was undoubtedly a bolt from the blue for her.

“Host, have you forgotten what happened downstairs just now? You took the liberty of spreading rumors, but you failed to damage Ye Leng’an’s reputation. In the end, you almost lost your future. Such a foolish act caused the host’s energy to decrease, which is why all the points have to be deducted.”

After hearing the System's explanation, Ye Xiyuan almost choked with anger. She tried her best to restrain it, but in the end, she could only grit her teeth and accept it. She did not dare to show any dissatisfaction in her heart because she was afraid that not only would her points be deducted, but she would also be punished. That would really be a double loss.

However, her hatred for Ye Lengan was even deeper. Because if it wasn't for Ye Leng'an, she wouldn't be in such a situation.

On the other side, Ye Lengan didn't know that Ye Xiyuan's hatred for her had deepened quite a bit. However, even if she knew, she probably wouldn't care.

After all, the ill-fated relationship between the two of them wasn't shallow.

Moreover, they were separated by a blood feud of two lifetimes. Even if these things didn't happen, Ye Xiyuan's hatred for her wouldn't be less..

Chapter 110: Return of the System 4

After hanging up the phone, she felt extremely relaxed. Although she couldn't drag Ye Xiyuan down with her this time, it was good that she could end the karmic relationship with the Ye family.

She didn't regret the promise she made earlier because she was a cultivator.

Cultivators paid attention to karma. No matter what the reason was, the Ye family had raised her for so many years and had done her a favor. Therefore, she made a promise to the Ye family. Now that the promise had been fulfilled, the karmic relationship between her and the Ye family could be considered settled. In the future, they would be even.

In fact, she had made this promise in the beginning because she wanted to give the Ye family a glimmer of hope when they were at rock bottom. With a daughter like Ye Xiyuan around, it was impossible for the Ye family to be stable.

However, the world was always beyond one's expectations. She didn't expect that they would use that promise because of this matter. It was actually a pleasant surprise! After all, the relationship between her and the Ye family was so tense now. Rather than not knowing how the Ye family would use this promise in the future, it was better to fulfill this promise now.

She just didn't know how the Zhao family would feel if they knew that Ye Li gave up on Zhao Yanran to save their daughter, Ye Xiyuan.

"Ding-dong!" The doorbell rang.

A hint of helplessness flashed across Ye Leng'an's face.

It seemed that there were quite a number of visitors today! She knew it must be Huangfu Ruiling.

She opened the door and saw Huangfu Ruiling sitting in a wheelchair waiting at the door. Behind him, Li San was still pushing the wheelchair. There was a

food box in Huangfu Ruiling's hand.

Ye Leng'an's burning gaze fell on the food box in his hand.

She was already used to Huangfu Ruiling buying her food from time to time. Therefore, when she saw him holding the food box in his hand, she could not help but guess what delicious food was there today.

A moment later, Ye Leng'an was already seated at the dining table, enjoying her delicious dinner.

Huangfu Ruiling did not have dinner with Ye Leng'an but sat not far from her, and there was a cup of steaming coffee in front of him.

In the beginning, Ye Leng'an still felt a little reserved. Because Huangfu

Ruiling brought her delicious food, but he never ate with her, just sitting there quietly. It didn't feel good to be stared at while she was eating.

However, as time passed, she had already gotten used to it. Now, she could completely ignore the existence of Huangfu Ruiling and enjoy the food by herself.

After filling her stomach) Ye Leng'an returned to the living room with Huangfu Ruiling. As for Li San, he stayed in the dining room to clean up the mess.

Ye Leng'an looked embarrassed as she watched Li San clean the table.

"Actually, there's no need to clean. I can do it myself later."

Not only did he send delicious food to her door, but he also helped her clean up the mess after she finished eating. No matter how thick-skinned she was, she would still feel a little embarrassed.

"No need, just let Li San do it." Huangfu Ruiling looked around and asked casually, "Did you have any guests today?"

"Yes!" Ye Leng'an felt that there was nothing to hide. "Ye Li and his wife came today because of Zhao Yanran. However, in the end, they gained no ground either."

After this period of time, she and Huangfu Ruiling had gotten along a lot. At least, they could get along like normal friends. Therefore, she did not feel that she needed to hide anything from Huangfu Ruiling.

"Zhao Yanran's matter is about to go to court." Huangfu Ruiling did not ask further, but said, "After the lawsuit is over, no one will bother you."

"Actually, it didn't bother me." Ye Leng'an shrugged her shoulders and didn't seem to mind it at all. "By the way, have you found the Yuanyang Flower and Baizhe Wood yet?"

It had been a long time since she went to see Miss Yiran. She had not been to the nursing home since then. After all, that person's condition was not serious. As long as the Gu worms did not come out, she could only sleep.

Therefore, without the medicinal herbs, even if Ye Leng'an went over, it would be useless..
