

## Full-Level 121

### Chapter 121: The Private Detective 1

Huangfu Ruiling frowned, who knew what he was thinking at the moment?

Ye Leng'an looked at Huangfu Ruiling's appearance and wondered what was the relationship between Huangfu Ruiling and Zhongyu Yiran. If they were familiar with each other, then why did Huangfu Ruiling call her by her full name? And they didn't seem close at all. If they didn't know each other well, why did Huangfu Ruiling dash around and seek treatment for her illness? It was really strange.

However, she could tell that the people around Huangfu Ruiling seemed to be quite familiar with Zhongyu Yiran, especially Li Yi, who seemed to be very concerned about Zhongyu Yiran.

After a while, Huangfu Ruiling spoke again, "Is there any way to stabilize her condition temporarily? The herbs haven't been found yet."

Ye Leng'an thought for a moment before saying, "I have a medicine that can temporarily make the Gu worms in her body hibernate for three months. During this period of time, no matter what happens, even the owner of the Gu worms cannot control them. But..."

"But what?"

"The side effects of that medicine are a little severe." Ye Leng'an continued to explain, "The medication that can make the Gu worms fall into hibernation will cause a lot of damage to the human body. Moreover, the damage is irreversible. To put it simply, even if the patient wakes up in the future, it will be impossible for her to recover as before."

This was also the reason why she hesitated because the damage would be severe. Even if the patient woke up in the future, she might become a sickly person. So, whether or not to use the medicine, let Huangfu Ruiling decide!

Huangfu Ruiling pondered for a moment and asked, "How severe will the damage be?"

"Her body will become very weak." Ye Leng'an said, "It can be even said that her body will be much weaker than an ordinary person's. Even a cold can develop into pneumonia in a moment of carelessness. In short, she needed to be very careful in recuperating her health. However, if there are some medicinal herbs to nourish her body, such as ginseng or glossy ganoderma, those will help her to recover."

These medicinal herbs were all expensive and precious. However, for Huangfu Ruiling, it should be a piece of cake.

Huangfu Ruiling thought for a while and said, "Then use the medicinal herbs! I will tell the people to hurry up with the search for herbs in the southern boundaries. But... I wonder when you'll be free?"

“The Mathematical Olympiad qualifier is in a few days.” Ye Leng’an pondered for a moment and said, “After the Mathematical Olympiad qualifier is over, I’ll ask the principal if I can take leave. Then, we’ll set off!”

She had planned to go during the winter break, but now that things had changed, it was better to leave as soon as possible. The Gu worms in Zhongyu Yiran’s body were like a time bomb. No one knew when it would explode.

Especially now that something had happened to the owner of the Gu worms.

If this dragged on, she didn’t know if the person on the bed would still be able to wait for the medicine. Therefore, they could only set off early.

However, the principal would probably be unhappy. After all, she had just returned to school not long ago, and now she had to ask for leave again. “That’s good.” Huangfu Ruiling nodded. “I’ll get someone to prepare for it.”

“Then I’ll go back and make pills later.” Ye Leng’an nodded and said,

“Tomorrow morning, remember to send someone over to pick up the medicine. There are no requirements for that pill. Just put it in her mouth and it will melt.”

“Okay.” Huangfu Ruiling nodded and then looked at her watch. “It’s getting late. I’ll send you back!”

“No need.” Ye Leng’an carried her bag and left without waiting for Huangfu Ruiling to say anything. “I still have something to do. I can go back by myself.”

After that, she waved her hand and left.

Huangfu Ruiling was about to say something, but he went silent when watching Ye Leng’an leave.

After Ye Leng’an left that place, she did not go home. She took a taxi to a dilapidated building, then went up to the fifth floor and went straight into a unit. There was a sign hanging outside the room that read “Chaoyang Private Detective Agency”.

The purpose of her trip was to meet the private detective. Previously, she learned from Ye Shen and Li Zhaohui that the only person related to her was a woman with a crescent birthmark on her wrist. Although she didn’t really care about her own life story, she was still curious. Therefore, she hired a private detective to investigate. Two days ago, the private detective called her, saying that there was some progress and he wanted to talk to her..

Chapter 122: The Private Detective 2

She thought that since she was out today, she might as well make the trip. Otherwise, she wouldn’t have the time to come since she was going to the southern boundaries.

“Miss Ye, there you are.” The moment Ye Leng’an entered, an ordinary-looking man, who was the boss of the detective agency, immediately came forward with a smile on his face. “Please take a seat. I’ll go and pour some tea first.”

He attached great importance to Ye Leng'an, a very important client. After being a private detective for so many years, he had never met such a generous client. Therefore, he naturally had to maintain a good relationship with her.

"There's no need." Ye Leng'an stopped him and said directly, "Mr. Ma, just tell me the progress directly!"

After hearing Ye Leng'an's words, Mr. Ma, whose full name was Ma Lei, did not insist. Instead, he turned around and took a document from the table. He sat opposite Ye Leng'an and handed it to her, saying, "Miss Ye, please take a look. This is the result of my recent investigation."

After Ye Leng'an took the document, Ma Lei continued to explain, "I've already gone to the hospital where Li Zhaohui gave birth. She did give birth to a daughter, but the baby fell critically ill as soon as she was born. The hospital tried its best to save her, but she was not revived. They had even informed her family. However, for some reason, the baby came back to life. I heard that the doctors and nurses in the hospital were very surprised. She was already dead, but when they were about to deal with her, they found that she was breathing again and her breathing was even much more stable than when she was just born."

Ye Leng'an nodded as she flipped through the documents in her hands. Obviously, the baby that Ma Lei was talking about was her.

"However, not only the doctors and nurses in the hospital but also the neighbors of the place where they used to live had never seen the woman with the crescent birthmark on her wrist. That person seemed only to be mentioned by Ye Shen and Li Zhaohui and had never existed in real life."

He even suspected that Ye Shen and Li Zhaohui were lying. Because as long as a person appeared, there would be traces left behind. However, this woman who was said to have shown up several times didn't leave any trace. This didn't make sense at all.

"They didn't lie." Ye Leng'an said, "There's no need for them to lie. Because I'm indeed not their daughter."

Back then, they had already laid their cards on the table. There was no need for them to lie to her at all. Moreover, that house was too tempting for them. It was enough for them to reveal those so-called secrets.

Ma Lei hesitated for a moment before he continued, "Miss Ye, actually, when we were in the hospital back then, those doctors and nurses also suspected that the baby had been swapped. Then, they checked the surveillance cameras inside and outside the emergency room and found that from the time the child was declared dead to the time the child miraculously came back to life, no one had entered the emergency room or approached the child. So although they had some doubts, they had to leave the matter unsettled."

Ye Leng'an was stunned. "Did you see the surveillance video with your own eyes? Or is it just hearsay?"

"The surveillance video should have been deleted since it had been a long time." Ma Lei said, "However because the incident back then was a little strange, the hospital

deliberately kept this surveillance video because they were worried that there would be any disputes. They kept it as evidence. I bribed the person who kept the video and saw it with my own eyes. Furthermore, I made a copy and found a professional to verify it. There was no editing or other processing of the video. It was definitely the original.”

Ye Leng’an held her chin with one hand. After thinking for a moment, she asked, “Do you have the video now? Can you make a copy so that I can take it back later?”

Hearing Ye Leng’an’s request, Ma Lei quickly said, “Miss Ye, you can just take it back. I don’t need to keep a record here.”

Ma Lei immediately got up to look for the videotape.

“Mr. Ma, don’t worry.” Ye Leng’an stopped him.. “Is this all you know?”

Chapter 123: The Private Detective 3

“No, there’s something else.” After Ma Lei sat down, he continued, “Miss Ye, I’ve found something interesting. It may be related to the incident that you were switched.”

It didn’t seem to be written in the document. Ye Leng’an raised her eyebrows. “What is it?”

Ma Lei didn’t keep her in suspense. He said, “Back then before Li Zhaohui and Lin Wanqin were discharged, someone went to the hospital. Instead of visiting a patient or seeing a doctor, this person just walked around the hospital and then went back. Most importantly, this person was once Lin Wanqin’s good friend, Pang Tingting. It is said that the two of them had been good friends since university. Even after graduating from university, they still maintained a close relationship. However, for some reason, they suddenly fell out before Lin Wanqin got married. After Lin Wanqin gave birth, Pang Tingting went to the hospital, but she didn’t go to see Lin Wanqin.”

Ye Leng’an immediately understood what he meant. “You mean that Pang Tingting was the one who switched me with Ye Xiyuan?”

“There’s a high possibility.” Ma Lei said, “And after that, Pang Tingting applied to the company to transfer to another city and has not returned for so many years.”

Ye Leng’an nodded and said, “There’s no need to continue investigating that mysterious woman. Also, help me find Pang Tingting’s detailed address.”

Ma Lei was a little anxious after hearing that Ye Leng’an didn’t want to investigate the mysterious woman, afraid that Ye Leng’an did not trust him.

“Miss Ye, give me some more time. I’ll definitely find out.”

“Mr. Ma, relax. It’s not that I don’t believe in your ability.” Ye Leng’an explained, “I just feel that there’s no need to continue investigating. Since there’s no news after

investigating for so long, maybe the time is not right yet. I'm not in a hurry. I'll transfer the rest of the money to you tomorrow. As for

Pang Linlin's address, please find it and send it to my email."

She had already investigated Ma Lei before hiring him. Ma Lei was very good at investigating things. He was considered one of the best private detectives. Therefore, since he had been investigating for so long and had not found anything, the mysterious woman was probably not that simple.

Moreover, if they could even change the surveillance video of the hospital, the forces behind this matter should be powerful. If Ma Lei continued to investigate, she didn't know if he would encounter any danger. Although she was interested in the truth behind the scenes, she did not want to put Ma Lei in danger. If anything happened to Ma Lei because of this, she would feel guilty too.

After hearing Ye Leng'an's explanation, Ma Lei heaved a sigh of relief. Then, he promised, "Don't worry, Miss Ye. I'll send you Pang Tingting's address tomorrow."

Ye Leng'an took the videotape and left the private detective agency. She then returned to the villa.

When she arrived at the villa, it was already late. She was not in a hurry to watch the video. After putting the videotape away, she went to wash up and sleep.

In order to stabilize Zhongyu Yiran's condition tonight, she had really spent a lot of energy. Moreover, in front of Huangfu Ruiling, she did not dare to use her spiritual power casually, so she felt very tired now and just wanted to sleep early.

In the next few days, Ye Leng'an didn't skip class. She went to and from class on time and listened attentively in class. Even if the teacher's lecture on the podium was like a lullaby, she would listen attentively like a normal student.

After a few days of adjustment, she had adapted to life in Class F.

The Mathematical Olympiad qualifier was held as scheduled. Everyone placed a lot of importance on this exam and wanted to represent the school in the Mathematical Olympiad Competition. However, there were not many people who signed up this time. Most of them were students with good results in the Mathematical Olympiad. Everyone was also very serious about the qualifier this time.

A crisp sound rose up. Ye Leng'an stood up, picked up her test paper, and walked to the podium.

"Teacher, here's my paper." Ye Leng'an handed the test paper to the teacher.

The teacher couldn't help but frown at her behavior. Then, he looked at the name on the paper and ask, "Do you really decide to hand in your paper ahead of time, Ye Leng'an?"

Chapter 124: The Private Detective 4

Although he saw that the test paper was filled with answers, he did not think that all the answers were correct. It had only been half an hour since the start of the exam. It was impossible for this student to finish the test paper. These Mathematical Olympiad questions were set by the entire school's mathematics teachers after discussion. It was almost comparable to the real Mathematical

Olympiad Competition. It was impossible to work out all the questions in half an hour unless she didn't need to think at all. Even so, she was pressed for time to write all the answers.

Ye Leng'an nodded and insisted, "I want to hand in my paper."

The teacher did not say anything else after hearing her resolute reply. He could only accept her test paper.

The other students were shocked to see Ye Leng'an hand in her paper. Or maybe they already felt shocked to see Ye Leng'an in the examination room.

If it was someone else, they might not know him or her. However, Ye Leng'an was too famous at Sheng'an High School recently. Everyone had seen her photo, so they naturally recognized her. Therefore, everyone knew about Ye Leng'an's grades.

They didn't expect her to dare to participate in the Mathematical Olympiad qualifier despite her grades. Now, she handed in her paper in advance. Did she write the answers randomly? It seemed that she really wanted to participate this time!

Ye Leng'an, who had already left the examination room, did not go home. Instead, she went to the principal's office. The reason why she went to the principal's office this time was for no other reason than to take a leave of absence. Of course, she wasn't sure how the principal would react when he heard that she was going to apply for leave again.

However, whether the principal approved or not, she needed to ask for leave this time.

But she didn't expect to be stopped before reaching the principal's office.

She couldn't help but frown when seeing the person who stopped her. "Ouyang Xuyan, get out of my way."

The person who stopped her was Ouyang Yiyang, and he was also the one that Zhao Yanran had a crush on. All this while, Zhao Yanran always tried to make things difficult for her because Ouyang Xuyan liked her. However, she did not have a good impression of Ouyang Xuyan.

"Leng'an, I just came back today." Ouyang Xuyan looked at her with a warm smile on his handsome face. "I've heard about everything that happened during this period of time. Are you okay?"

Ye Leng'an's expression didn't change at all when she saw the concerned look on Ouyang Xuyan's face. She even said in a cold tone, "It's none of your business. Ouyang Xuyan, move!"

There was a touch of sadness on Ouyang Xuyan's face when he heard Ye

Leng'an's reply. He then said, "Leng'an, let's sit down and have a talk, okay?"

Ye Leng'an didn't want to bother with Ouyang Xuyan at all. However, she finally nodded after thinking for a moment. "Alright, let's find a place to sit down and talk."

She also felt that it was necessary to have a talk with him. At least, Ouyang Xuyan's actions really disturbed her.

A moment later, Ouyang Xuyan and Ye Leng'an sat opposite each other in a cafe outside the campus. There was a cup of coffee in front of each of them. However, neither of them spoke first. For a moment, an awkward atmosphere filled the air between the two of them.

Ye Leng'an sat there quietly as if she didn't detect the embarrassment.

"Leng'an, I'm very sorry that so many things happened to you during this period of time, but I haven't been by your side." Ouyang Xuyan was the first to break the deadlock. "However, I'm back now. Whatever happens in the future, I will definitely accompany you."

After taking a SIP of coffee, Ye Leng'an put down the cup and looked at Ouyang Xuyan. She then said directly, "Ouyang Xuyan, please don't disturb me in the future. I don't want to have anything to do with you."

She didn't like Ouyang Xuyan, and she was disgusted by his approach. Of course, she didn't think that Ouyang Xuyan really liked her. Everyone around her felt that Ouyang Xuyan liked her, but she knew very well that Ouyang Xuyan did not have any feelings for her.

"Leng'an, why do you keep rejecting me like this?" Ouyang Xuyan looked hurt. "I really like you. Even if you're no longer the daughter of the Ye family, I won't look down on you."

"But I don't like you!" She looked at Ouyang Xuyan with an evil smile on her face. "Besides, Ouyang Xuyan, you don't like me either. You're just pretending to like me. Don't you feel tired of acting like this?"

The affection for someone couldn't be faked, so she could tell that Ouyang Xuyan didn't have any love for her. In the past, she had never doubted him, but now she knew that he did all this for one person.

"Leng'an, what are you talking about?" Ouyang Xuyan looked innocent. "I really like you. I'm not acting."

"Ouyang Xuyan, did you hear this?" Ye Leng'an leaned back in her chair with a lazy expression. "In this world, there are two things that cannot be faked. One is coughing, and the other is love. You don't love me, there is no doubt about it."

Ouyang Xuyan froze for a moment, but he immediately looked at Ye Leng'an affectionately. "I really love you. Everyone knows this, and I've never faked it.

Leng'an, why aren't you willing to accept me?"

She sneered. "It seems like you've been acting too much. That's why even you've deceived yourself."

"You..." Ouyang Xuyan looked at Ye Leng'an, narrowed his eyes, and suddenly said, "Leng'an, you've changed a lot."

Previously, he had gone overseas as an exchange student. When he returned to school, he heard about what happened between Ye Leng'an and Ye Xiyuan. After that, he rushed over to look for Ye Leng'an.

He could not help but feel a little dazed to see Ye Leng'an standing before him. That was because Ye Leng'an was now a completely different person from before. Other than the exact same face, there seemed to be no similarities at all.

No, perhaps it should be said that even her appearance had changed greatly. Ye Leng'an used to be unruly and willful, always chasing after Li Deze. No matter how good-looking she was, that took some shine off her.

However, now she seemed to have been reborn. Just by sitting there, the aura she emitted was impossible to ignore. Her already beautiful face now exuded an indescribable charm..

Chapter 125: The Showdown with Ouyang Xuyan 1

"People have to grow up, don't they?" Ye Leng'an didn't deny it. "However, whether I've changed or not, you never have a crush on me, right?"

Although it was a question, she said that in a certain tone.

"Leng'an, why will you think that?" Ouyang Xuyan shook his head. "Whether you've changed or not, as long as it's you, I like you. I know that so many things have happened recently that you might find it difficult to accept. However, I still want to ask you to be my girlfriend!"

"Ouyang Xuyan, having said all that, you still want to continue acting!" Looking at the man sitting opposite her and gazing at her soulfully, Ye Leng'an sneered. "It seems like you're really infatuated! However, you are not infatuated with me.

"What are you talking about!" He looked at her, but his expression didn't change at all, and there was even a hint of dotiness in his eyes. "Did you hear some rumors that caused you to misunderstand me? I like you. It's an obvious fact. Why can't you see it?"

While he was talking, a hint of hurt flashed across his eyes. Anyone who saw him would think that he really liked the girl opposite him.

"I wanted to save some face for both sides." She sat up straight, her sharp gaze settling on the person opposite her. "Ouyang Xuyan, do you dare to look me in the eye now and tell me seriously, do you love me?"

He did as he was told, raising his head and looking at her, wanting to tell her he loved her. However, when he met her eyes, there was nothing he could say. That pair of beautiful eyes was like a calm ancient well, terrifying deep without any ripples. Under her gaze, he felt as if she could read his mind.

The words were already on the tip of his tongue, but he choked them back.

“Pffft!” Her mocking laughter broke the silence between the two. “Ouyang Xuyan, it seems like you can’t say it either! This is the so-called love you said.”

“No, I...” He anxiously opened his mouth to explain, but he didn’t know what to say. He could only insist, “Leng’an, I really like you. Do I really have to pull my heart out for you?”

“Show me!” She sneered. “Do you dare?”

He did not expect her to react like this. He did not know how to react.

“Ouyang Xuyan, look, even you don’t dare to do it.” She looked at the person opposite her with a cold expression. “In the future, don’t pretend to be a loving person in front of me. It’s disgusting.”

Even now, Ouyang Xuyan was still stubborn. He took a deep breath, looked at her, and said again, “Leng’an, I don’t know why you have such thoughts. However, if my actions disturbed you, I’m very sorry. However, the fact that I like you won’t change. In the future, I will quietly care for you and definitely won’t bring you any more trouble.”

“You really don’t give up!” She sneered. “Ouyang Xuyan, you really want me to make things clear so that you’re willing to let it go, right? From beginning to end, you never liked me. The person you like has always been Qian Gumeng, right? The reason why you said that you liked me so openly was also because of Qian Gumeng. Do you really think I don’t know that?”

She had once thought that he really liked her, but the truth slapped her hard in the face. When she was down and out in her first life, she wanted to ask him for help. However, she didn’t see Ouyang Xuyan but Qian Gumeng later.

At that time, Qian Gumeng had already gotten together with Li Deze, and Ye Xiyuan matchmade them. Qian Gumeng told her that Ouyang Xuyan had never liked her. The reason why he pretended to like her was that her high-key pursuit of Li Deze got in Qian Gumeng’s way.

Of course, she finally saw Ouyang Xuyan later on. Ouyang Xuyan did not even dare to look at her and only apologized.

At that time, she was really hopeless. She felt that her life was a joke and everything around her was fake. Even what she thought was true love was all an act..

Chapter 126: The Showdown With Ouyang Xuyan 2

Ouyang Xuyan raised his head abruptly when hearing Ye Leng’an’s words. There was no more gentleness but shock in his eyes. On closer examination, one could see a trace of guilt on his face. “What do you mean? Did someone say something to you?”

“No one ever gossiped in front of me.” Ye Leng’an shook her head in disdain. “Ouyang Xuyan, do you think that everyone else in this world is a fool except you? You pretended to be affectionate in school and made everyone think that you liked me. Then, those girls who like you will only hold it against me and never think about Qian Gumeng. Speaking of which, I really did become Qian

Gumeng’s cover many times! If everyone else in the school knew that you liked Qian Gumeng, would they feel cheated? Especially Zhao Yanran, do you think she will target Qian Gumeng as she did to me?”

Ouyang Xuyan and Qian Gumeng were childhood sweethearts, and he liked Qian Gumeng. Unfortunately, it was an unrequited love since Qian Gumeng liked Li Deze.

However, Ye Leng’an and Li Deze were childhood sweethearts, and the two families had plans to be connected by marriage. In addition, in the past, Ye Leng’an had always been in hot pursuit of Li Deze, so Qian Gumeng begged Ouyang Xuyan to pursue Ye Leng’an.

“Ye Leng’an, do you know what you are saying?” Ouyang Xuyan’s face had a hint of gloominess. “If you talk nonsense in school, I won’t let you off.”

Everyone in the school knew that Ouyang Xuyan and Qian Gumeng had grown up together, but no one had ever suspected that they were in a relationship because the two of them acted normally, almost like ordinary siblings. Many people who liked Ouyang Xuyan even tried to please Qian Gumeng, hoping Qian Gumeng to create an opportunity for themselves.

“Oh, looks like now you are worried!” Ye Leng’an placed one hand on the table and rested her chin on her palm, looking at him with a dangerous smile on her face. “Qian Gumeng is your goddess, but you were even willing to chase after me for her sake. It seems that you fall hopelessly for her! But...”

At this point, Ye Leng’an’s gaze suddenly turned sharp. “You really shouldn’t have dragged me into what was between you two. I don’t know how great your love is, but since you got me involved, don’t blame me for whatever I do.”

Ouyang Xuyan felt guilty to meet Ye Leng’an’s sharp gaze. However, he still looked into her eyes and said firmly, “Don’t get Gumeng involved in the matter between you and me. Otherwise, you won’t be able to bear the consequences. Moreover, do you think that people will believe you if you spit it out?” She fixed her eyes on him calmly. “Do you want to have a try?”

“You...” As she hit him where it hurt, there was a hint of anger on his face. “What do you want?”

“I don’t want anything!” She said coldly, “Ouyang Xuyan, if you want to be a simp, that’s your business. But you shouldn’t have dragged me into this.

Neither you nor Qian Gumeng is innocent.”

“I did everything. And it has nothing to do with Gumeng.” He was a little anxious. “If you want revenge, then come at me.”

“Ouyang Xuyan, don’t ever appear in front of me again.” She shot a cold glance at him. “Otherwise, I don’t know what I will say to the public. Also, as to the rumor that you liked me, it is your fault, you should deal with it yourself. If another rumor swirls in the future, don’t blame me for being rude.”

With that, she stood up and left.

He was still sitting there with a gloomy expression. He didn’t know how she found out the things about Gumeng, but it was obvious that she already knew what he had done.

Although Ye Leng’an wouldn’t say anything for now, he couldn’t guarantee what would happen in the future. It seemed that he had to think of a way as soon as possible. At least, no matter what, she couldn’t drag Gumeng into this..

### Chapter 127: The Showdown with Ouyang Xuyan 3

Moreover, Gumeng had no idea what he did and even told him not to do this. However, he liked Gumeng, so he wanted to fulfill her wish. That was why he decided to pursue Ye Leng’an.

All this while, Ye Leng’an had never suspected anything. To his surprise, she knew everything now. Moreover, it had only been a few months since they met last time, but he found that she had undergone a tremendous change.

After he returned to school, he heard that Ye Leng’an and Ye Xiyuan were switched when they were babies. He had also expected that Ye Leng’an would change after such a major incident.

However, what he did not expect was that such a change would severely affect him. In fact, when he faced Ye Leng’an earlier, he felt that he was clearly at a disadvantage.

If it wasn’t for that identical face, he would have suspected that she was a different person.

At this moment, Ye Leng’an, who had already left, had an amused smile on her face.

Did Ouyang Xuyan really think that she would let them off so easily? Indeed, she would not say anything to the public for the time being. However, she won’t stop others from doing so.

Ouyang Xuyan didn’t notice one thing, but she did. When they were at the cafe, Zhao Yanran was sitting not far from them, but they couldn’t see each other because of the separation and concealment of the flower pots and plants.

However, she was sure that Zhao Yanran had heard everything.

Zhao Yanran had always been against Ye Leng’an because Zhao Yanran liked Ouyang Xuyan. Now that she knew that Ye Leng’an had always been a shield and that the main culprit was Qian Gumeng, how would she feel? She would probably feel that she had been fooled all along!

However, Zhao Yanran really liked Ouyang Xuyan a lot, so even if she knew that, she wouldn’t hate Ouyang Xuyan, but Qian Gumeng! In the future, Zhao Yanran would definitely not let Qian Gumeng have it easy.

Of course, Qian Gumeng wasn't someone to be trifled with. Also, she had Ouyang Xuyan's protection. The better part of the show was yet to come!

Ye Leng'an thought it was a pity because she was going to take leave soon, so she couldn't watch such a good show.

In the café...

Ouyang Xuyan sat there silently for a while. After calming down, he stood up and paid the bill before leaving. From the beginning to the end, he did not notice that in a corner not far away from him, a person had heard the entire conversation between him and Ye Leng'an.

Zhao Yanran was sitting in the corner, biting her lips tightly. Even though blood was seeping out and she was in pain, she didn't let go.

She was depressed today, so she planned to come over for a cup of coffee to chill out. However, she didn't expect to meet Ouyang Xuyan and Ye Leng'an.

When she saw the two of them, she gritted her teeth with hatred for Ye Leng'an. Since she had come to such an end, it was impossible for her to be together with Ouyang Xuyan. But today she saw Ye Leng'an openly ask Ouyang Xuyan out like this. How could she remain calm?

However, she didn't expect that the conversation between the two of them would change the way she thought. Even though they had already gone, she still couldn't calm down.

She had never expected that the person Ouyang Xuyan liked all this time wasn't Ye Leng'an, but Qian Gumeng.

She hated Qian Gumeng at this thought. She always considered Ye Leng'an as her enemy because of her affection for Ouyang Xuyan, but in the end, she ended up like this. However, it turned out that Ye Leng'an was just a shield for Qian Gumeng.

She thought that Qian Gumeng must have been laughing at her behind her back every time she made things difficult for Ye Leng'an! Ye Xiyuan and Qian Gumeng were good sisters, so Ye Xiyuan definitely knew about it.

She didn't expect that Ye Xiyuan and Qian Gumeng had been setting up on her. B\*tches! She would never let them off!

In the principal's office...

When Zheng Anyang heard Ye Leng'an ask for leave again and she would be away for at least a month, which meant she wouldn't be coming to class for the rest of the semester, he felt a dull pain in his head.

"Principal, don't worry. I'll definitely come back to take the final exam." Ye

Leng'an quickly said, "So, please approve my application.."

Chapter 128: The Showdown With Ouyang Xuyan 4

In fact, she was not very sure if she would be able to rush back in time to take the exams at the end of the semester. However, she still wanted the principal to grant her leave, so she absolutely could not tell him that. Otherwise, he wouldn't bob his head.

If she really couldn't come back in time for the final exams, then she would cross the bridge when she came to it.

"Coming back for the final exams?" Zheng Anyang gritted his teeth and looked at Ye Leng'an. "You're a student. Taking part in the final exams is what you should do. You want to use this to negotiate with me?"

"No, no." Ye Leng'an shook her head repeatedly and explained, "Principal, I really have something very important to attend to. That's why I want to take a leave of absence. If you don't approve my leave, I'll have to skip class." "Ye Leng'an!" Zheng Anyang scolded in a low voice, "Are you threatening me?"

"How would I? Principal, you've really misunderstood me." Ye Leng'an hurriedly explained, "Principal, you know that I've already learned all the lessons by myself. Therefore, even if I sit in the classroom and listen to the teachers attentively, it will only be a waste of time. Besides, you promised me that I could take leave at any time."

Hearing her mention the deal between the two of them, Zheng Anyang felt his head hurt even more. "Yes, I did give you the privilege of taking leave at any time, but you can't keep skipping class like this! Do the math yourself. Have you spent half the time in school this semester?"

He now regretted agreeing to her requests. Ever since he agreed, she took leave every few days and could rarely be seen on campus. She just came back several days ago, but now she wanted to take another month off.

Ye Leng'an rubbed her nose and smiled guiltily. "Principal, I definitely won't ask for leave again next semester."

"No." Zheng Anyang refused without hesitation. "Your attendance rate is too low. There aren't many days left in this semester. If there's anything you need to deal with, you can wait until the holidays!"

Ye Leng'an was a little discouraged to see that Zheng Anyang was impervious. However, she rolled her eyes and said, "Principal, as long as you grant my leave this time, I guarantee that I will get first place in the National Mathematical Olympiad Competition."

Zheng Anyang raised his head abruptly and said in a trembling voice with excitement. "What do you mean? Are you sure that you can get first place in the Mathematical Olympiad Competition?"

This was something he did not dare to imagine. All these years, Sheng'an High School had never won a place in the Mathematical Olympiad Competition. Principal Zhou of Capital No.1 High School would mention this matter every time they met. Zheng Anyang gnashed his teeth with hatred when thinking about this, but he couldn't refute it.

But now, Ye Leng'an said that she could get first place in the Mathematical Olympiad Competition. How could he not be excited? If the student of Sheng'an High School really won the Mathematical Olympiad Competition, Principal Zhou would definitely be furious.

"Yes, of course." Ye Leng'an nodded. "Principal, I can sign on a military-style order now. If I don't get first place in the Mathematical Olympiad Competition this time, I won't be taking a day off next semester."

Zheng Anyang raised his head and stared at Ye Leng'an as if he wanted to see something from her expression. However, no matter how he looked at her, Ye Leng'an always looked confident. It was as if the first place was already in her bag.

Her frequent absence from class gave him a headache. However, he had to admit that he was tempted by what she said.

After a long while, Zheng Anyang sighed. Then, as if he had accepted his fate, he said, "Give me the leave slip!"

Seeing Zheng Anyang relent, Ye Leng'an hurriedly handed over the leave slip, afraid that the principal would go back on his word the next second.

After signing the leave slip and returning it to Ye Leng'an, Zheng Anyang said solemnly, "Ye Leng'an, remember what you promised me today. If you don't get first place, don't even think about getting a day off from me next semester."

Ye Leng'an waved the leave slip in her hand and smiled brightly. "Principal, don't worry. I haven't fulfilled the promise I made to you at that time! If you don't believe me, you can take a look at my result in the qualifier first!"

"Oh? Looks like you're very confident!" Zheng Anyang said, "Don't forget, if you don't get first place this time, you'll still have to participate in the training during winter break."

"Principal, I remember! You don't have to remind me." Ye Leng'an said with a smile, "Principal, I want you to take a look at my score, not my ranking."

"Looks like you're very confident!" Zheng Anyang looked at Ye Leng'an and joked, "Can you get more than 90 points?"

This time, in order to pick the elites of the Mathematical Olympiad Competition, the school spent a lot of effort in preparing the test paper. Moreover, the school even asked a professor from Capital University's Mathematics Department to review the paper.

It could be said that the questions in this paper were almost as difficult as those in the National Mathematical Olympiad Competition. If Ye Leng'an could get more than 90 points, then her chances of winning first place would be higher.

Unexpectedly, Ye Leng'an shook her head. "According to my estimation, if nothing unexpected happens, it should be 100 points."

Those Mathematical Olympiad questions were too easy. She felt that getting 100 marks was no problem.

“A hundred points?” Zheng Anyang sucked in a breath of cold air. “Are you serious?”

“You’ll see when the time comes.” Ye Leng’an said with a smile, “However, isn’t it normal to get 100 marks for such an easy test?”

She didn’t think that the questions were difficult at all. However, what others thought had nothing to do with her.

“Simple?” Zheng Anyang exclaimed. “Do you know what you are saying? How could the Mathematical Olympiad questions be easy? They were even reviewed by a professor from Capital University.”

“Is that so?” Ye Leng’an couldn’t help but nod. She looked indifferent. “I don’t think it’s difficult.

Zheng Anyang’s eyes were actually glowing when he looked at Ye Leng’an. He had always known that she was talented in mathematics, but he did not expect her to be so smart. If her maths was really excellent, then there was a high chance that she would get first place in the Mathematical Olympiad Competition.

“Alright, Principal, I’ll go back first.” Ye Leng’an kept the leave slip and stood up. She waved at Zheng Anyang. “Starting tomorrow, I won’t be coming to class. Please leave me a message if anything happens! I may not have time to answer the call.. When I see the message, I’ll reply as soon as possible!”

Chapter 129: Cheating 1

In a dense forest in the southern boundaries, a group of people was moving forward. The most eye-catching person was a woman walking in front. The simple sportswear she wore did not cover her beautiful face and her otherworldly temperament. This person was none other than Leng’an.

Ye Leng’an was walking while looking suspiciously at the person in the wheelchair.

When she saw Huangfu Ruiling on the plane, she felt that it was strange. This time, the purpose of this trip to the southern boundaries was not to tour the mountains and rivers, but to look for medicinal herbs. Huangfu Ruiling had difficulties moving about, then why did he come here at this time? Was he worried about Zhongyu Yiran so he followed her here? But if that was the case, wouldn’t it be better for him to stay there and take care of Zhongyu Yiran? After all, her condition was unstable!

However, even though she was puzzled, she didn’t say anything. After all, this was his freedom. As an outsider, it was none of her business. Moreover, as long as Huangfu Ruiling did not slow down the progress, she would not care.

In the forest of the southern boundaries, there were all kinds of poisonous insects. Everyone was very careful. The locals leading the way kept reminding the people behind them to be cautious.

However, to everyone's surprise, ever since they stepped into this forest, they had not even seen a mosquito, let alone poisonous insects and snakes.

If they hadn't been surrounded by towering trees and dense plants, they would have thought that they were on an outing.

Others might not know, but Ye Leng'an was well aware that the reason why they didn't see any poisonous creatures along the way was not because they were lucky, but because they had a "lethal weapon" in their team.

That was Huangfu Ruiling's murderous aura. Although he deliberately controlled it, those poisonous insects and snakes were very sensitive and they could still sense the danger of that baleful aura, so they did not dare to approach him at all. In fact, all the poisonous creatures in the southern boundaries were nothing compared to Huangfu Ruiling's murderous aura.

She was a little curious. How did Huangfu Ruiling's murderous aura come about? Moreover, how did he control it?

While she was still searching for herbs in the forest, a piece of news shocked the entire Sheng'an High School.

The crowd began to stir when they saw the name at the top.

"Look, Ye Leng'an is No. 1 in the Mathematical Olympiad qualifier!"

"That is impossible! I was in the same examination room as her, and she handed in her paper in only half an hour. How could she be No. 1?"

"In the past, Ye Leng'an's grades were always below average. How could she get first place in the Mathematical Olympiad qualifier? Tell me, is there something wrong here!"

In short, no one believed that Ye Leng'an had the ability to get first place in the

Mathematical Olympiad qualifier. Ye Leng'an was quite famous in Sheng'an High School now, and almost everyone in the school knew she took Zhao Yanran to court for defamation. However, they knew about her previous grades, so they thought it was impossible for her to get first place in the qualifier.

The purpose of this qualifier was to select students to participate in the National Mathematical Olympiad Competition. In other words, all the students, whether they were in the first year or third year, could participate in the qualifier. Ye Leng'an was just a freshman and wasn't particularly outstanding in her studies, but now she had defeated so many seniors and become the top scorer. It was so suspicious.

At this moment, Ye Xiyuan was standing before the noticeboard looking at the name behind Ye Leng'an's, and there was a hint of gloominess in her eyes. She had never thought that she would actually be defeated by Ye Leng'an in this competition.

All along, she had been very confident in herself. She believed that she would definitely rank first in this qualifier. However, reality had given her a huge blow. She was the second, and the first was actually Ye Leng'an, whom she hated the most. How could she accept this?

However, she soon felt much better. This was because the people around her were all suspicious of Ye Leng'an getting first place.

"Xiyuan, can Ye Leng'an really get first place?" Qian Gumeng, who was beside her, held Ye Xiyuan's hand and asked with a puzzled expression, "I've never heard that she excelled at mathematics before!"

Chapter 130: Cheating 2

"I'm not too sure about that either." Ye Xiyuan shook her head. "But I've heard from my mother that my sister doesn't seem to be very good at this. However, it's also possible that after she left the Ye family, she suddenly became very interested in Mathematical Olympiad and worked very hard from then on!"

"Xiyuan, you really think too highly of Ye Leng'an." Qian Gumeng pursed her lips and said disdainfully, "I think Ye Leng'an must have cheated. Otherwise, how could she get first place?"

Qian Gumeng's words echoed the thoughts of many people present. Everyone had deep doubts about Ye Leng'an's results. At the same time, it also aroused everyone's anger. For the qualifier, they had worked very hard during this period of time, but now a cheater had taken a spot. How could they accept this?

Gradually, the crowd started to stir. Many people were clamoring to go to the principal's office and report Ye Leng'an for cheating, wanting the school to investigate the matter thoroughly.

At this moment, in the principal's office...

Zheng Anyang was holding a test paper in his hand. It was Ye Leng'an's answer sheet for the Mathematical Olympiad qualifier. It was covered with bright red ticks and marked with eye-catching 100 points.

Qian Tong was currently stretching his neck, waiting to have a look after the principal reviewed it.

When he heard that a student had scored full marks in the Mathematical Olympiad qualifier, he guessed that it was most likely Ye Leng'an. When he arrived at the principal's office today, he happened to see the paper in the principal's hand. The name on it confirmed his guess.

"Principal, have you finished reading?" Qian Tong urged, "You've been looking at it for a long time, let me see it too!"

It had been more than 15 minutes since he arrived, but the principal still didn't put it down. Moreover, the principal had already started looking at it before he entered the room. He should have already read the entire answer sheet from beginning to end during this time.

Zheng Anyang handed the paper to Qian Tong and couldn't help but exclaim,

"Ye Leng'an is really amazing. She had a perfect performance!"

Previously, when Ye Leng'an asked for leave, she told him to look at the results of this qualifier. He thought that Ye Leng'an only had the confidence to get first place. He did not expect that not only did she get first place, but she also scored 100 points.

One had to know that there was a fundamental difference between the first place and the first place with full marks. Some people scored 90 points because they could only score 90 points. Some people got 100 points because there were only 100 points on the paper. Ye Leng'an obviously was the latter.

Qian Tong also had a look at Ye Leng'an's paper, and after a long time, he put it down and sighed, "This paper is really of the textbook level. This time, the winner of the National Mathematical Olympiad will finally come from our school."

It was not just the Mathematical Olympiad. In another two and a half years, their school would probably have a top scorer for the college entrance examination.

Zheng Anyang didn't say anything and just nodded.

At this moment, a commotion suddenly came from outside.

Zheng Anyang, who was originally in a good mood, could not help but frown.

"What's going on? Why is there so much noise outside?"

Soon, Zheng Anyang and Qian Tong opened the door and walked out.

When they saw the situation outside, the two of them could not help but frown. The outside of the office was bustling with dozens of students, and their faces were all filled with hatred. The one taking the lead was the runner-up in this qualifier, Ye Xiyuan. At this moment, she seemed to be in a dilemma. There was a girl beside her who kept pulling her.

"What's going on?" Zheng Anyang's brows were tightly knitted, and he was grim-faced. "What are you all doing here?"

Of course, he knew Ye Xiyuan. Not only because she was the runner-up in this qualifier, it was also because of the entanglement between her and Ye Leng'an. However, all of this had nothing to do with him.

As long as they were studying at Sheng'an High School, they were his students. He would not side with anyone.

Qian Tong, who was standing behind Zheng Anyang, also had a look of displeasure on his face. "Is there anything important? Then why are you gathering outside the Principal's Office? Do you show any respect for the school rules?"

Originally, they rushed here hot-headed. Now that they saw that the principal and Teacher Qian, the class president of the seniors, seemed to be angry, everyone regretted their actions today..
