

Full-Level Rich Daughter Makes a Strong Comeback

Chapter 13

Visiting the Other Ye Family .

Class!

She stopped for a moment when hearing Yuan Silei's words. Then she finally realized that she was still a high school student.

She had been in the cultivation world for so long that she forgot she still had to go to school.

"Leng'an, are you still there?" Yuan Silei's anxious voice continued to come from the other end of the phone. "What's wrong with you? The class teacher said that if you didn't return to school tomorrow, your parents would be notified."

"I'm fine." Ye Leng'an quickly calmed down. "I'll be there tomorrow morning. Let's not talk about it first. I still have things to do."

After that, she hung up the phone.

Before Yuan Silei could react, there was only the "beep" sound on the phone.

She still had something to say, but Ye Leng'an had already hung up. She wanted to tell Ye Leng'an about the news that had been spreading like wildfire in school today since this was something about Ye Leng'an herself and it seemed quite serious.

After hanging up the phone, Ye Leng'an went straight to the grocery store to buy some fruits. Then, she went to a mid-range neighborhood.

Standing at the door, she stretched out her hand and knocked on the door.

"Who is it?"

As the voice came out, the door was opened from the inside. An ordinary middle-aged woman walked out. When she saw Ye Leng'an standing outside, she was a little puzzled. "Hello, who are you looking for?"

"Is this the Ye family?" Ye Leng'an asked, "Are Ye Shen and Li Zhaohui at home?"

She recognized at a glance that the person who opened the door was none other than Li Zhaohui, her biological mother. To be precise, she was told that Li Zhaohui was her

biological mother. Of course, it was the first time she had seen Li Zhaohui in this life, so she could only pretend that she didn't know her.

She was suspicious of her so-called parents, Ye Shen and Li Zhaohui. It was true that she wasn't Ye Li and Lin Wanqin's biological daughter, but Ye Shen and Li Zhaohui might not be her biological parents.

After finding out that the two families had carried the wrong babies, Ye Li and Lin Wanqin immediately investigated the matter back then in order to find their own daughter, Ye Xiyuan. On the contrary, Ye Shen and Li Zhaohui's behavior was very strange. It seemed that they never attempted to look for their biological daughter.

In her previous life, she stayed with Ye Li and Lin Wanqin because she could not bear to part with her adoptive parents. She did not want to have too much to do with her biological parents, so she didn't come to this house in the end.

But Ye Shen and Li Zhaohui also never went to see her. They had never been to her school. She had only met the two of them a few times by chance. Moreover, it could be seen that they treated Ye Xiyuan better than her.

"I'm Li Zhaohui." The middle-aged woman looked at Ye Leng'an in confusion. "You are..."

This little girl never existed in Li Zhaohui's memory, so she wondered if this girl knocked on the wrong door. But she must know Ye Leng'an's name.

"Although you haven't seen me before, you must have heard of me." Ye Leng'an narrowed her eyes and kept them fixed on Li Zhaohui. "My name is Ye Leng'an."

Li Zhaohui was shocked to hear this name and subconsciously wanted to close the door.

Ye Leng'an stuck her hand out and blocked the doorway. "Are you going to invite me in?"
