

Full-Level Rich Daughter Makes a Strong Comeback

Chapter 21

The Disgust

“You’re a judge? Or a cop?” Ye Leng’an said coldly, “You are clamoring here without knowing what really happened. Li Deze, who do you think you are?”

The so-called love she thought they had when they were young and innocent had long disappeared. Now she felt nothing but only disgust for this man she once had a crush on.

What she said left everyone else in disbelief. .

Offspring from rich families could be seen everywhere in Sheng’an High School. The Ye family didn’t rate high on the rich list in the capital and was only considered a medium-sized business at most. However, many people knew Ye Leng’an’s name here in this school.

But that wasn’t because of her good reputation. It was because Ye Leng’an liked Li Deze.

Li Deze was a famous school hunk in Sheng’an High School. Many girls had a crush on him. Among them, Ye Leng’an was the one further out of line. She often claimed to be Li Deze’s childhood sweetheart and even his fiancée, which made many girls hate her to the core.

Therefore, it was hard to believe that Ye Leng’an’s attitude toward Li Deze suddenly changed. There was even speculation that Ye Leng’an might have suffered too much from being chased out of the Ye family.

“Ye Leng’an, what is that attitude?” Li Deze obviously didn’t expect that she refused to do him any favors. “You’re the one in the wrong now, but you are still unrepentant.”

In his opinion, she tried to seek his attention by doing so.

He knew very well how much she liked him. Also, he knew that the two families planned to form an alliance through marriage. Unluckily, he was very resistant to such a plan. But if Ye Xiyuan was the one who would become his fiancée, he was very happy about that.

His wife was supposed to be so gentle and kind, definitely not the unruly and willful young lady like Ye Leng’an.

“This is between Ye Xiyuan and me. If you don’t know the ins and outs, then don’t stand up for injustice here.” Ye Leng’an said with a cold smile, “Because that will reveal your IQ.”

While she was talking, she even pointed at her head with her index finger. Apparently, she called him stupid.

“Ye Leng’an, you really haven’t changed at all!” A look of disgust came over his face. “You’re still so wayward at this point. Xiyuan is Uncle Ye and Auntie Lin’s daughter. You stole her parents away for so long, and now you’re bullying her. You’re really hopeless.”

She suddenly found it so boring when looking at his face. “You can think whatever you want. I don’t have the time to play along with your acting. Good dogs don’t get underfoot. Get out of my way.”

“Ye Leng’an, why are you so arrogant?” Zhao Yanran took a step forward. “Who the hell do you think you are? You can’t even afford your tuition fee now. Do you think you’re still the daughter of the Ye family? You’re just a wild girl from the slums now. You really took down the level of Sheng’an High School. You’d better know what’s good for you. Get out of here, and don’t come back again.”

.

Chapter 22

Her Arrogance

“What a joke.” Ye Leng’an wiped the offhand look off her face and emitted her aura. “Zhao Yanran, let me tell you. Leave or not, it’s up to me, but it has nothing to do with you. Also, I’m arrogant, so what? I’m arrogant not because I’m the daughter of the Ye family, but because I’m Ye Leng’an.”

While talking, she no longer kept a tight rein on her breaths and started emitting her imposing aura. She was shining bright under the sun.

At this moment, everyone’s gaze involuntarily fell on Ye Leng’an. as if they had just met her. In the past, Ye Leng’an seemed to be only labeled as unruly, but today, she was filled with confidence. Her beautiful face seemed to glitter in the sun.

Li Deze suddenly couldn’t take his eyes off her. It was still the same face, but he felt as if her entire person had undergone an earth-shattering change. He didn’t even want to cast a glance at her in the past. But now, she had his full attention.

Noticing the changes in the people around, Ye Xiyuan’s eyes were filled with jealousy.

It wasn't easy for her to gain the favor of so many people, but now, Ye Leng'an had easily stolen everyone's attention with just a few words. As expected, as long as Ye Leng'an was still alive, she would be ignored.

"System, does Ye Leng'an have another system with her?" Ye Xiyuan was suspicious. "Or was she also reborn into this world?"

The current Ye Leng'an was completely different from the one she remembered from her previous life, except for the facial features. In her memory, Ye Leng'an was originally very willful, but she became very forbearing and even strived to be better after the swapping thing was out. She became a really well-bred girl in the end.

It was also because of this that Ye Li, Lin Wanqin, and Ye Anyun all felt guilty about Ye Leng'an. But at the same time, they were very proud to have such an outstanding daughter and sister.

On the contrary, under the shadow of Ye Leng'an, Ye Xiyuan was like an ugly duckling, hiding in a dark corner. In the end, she married the wrong person and had a miserable ending.

When thinking of this, Ye Xiyuan almost couldn't hold back the hatred in her heart.

"No, Ye Leng'an doesn't have a system, and she wasn't reborn." The system's cold voice rose, "In a world, it's impossible for so many people to be reborn. Otherwise, it will disrupt the order of the world. The Way of Heaven will not allow such a thing to happen. So, please complete your mission and make Li Deze fall in love with you as soon as possible. This will be of great help to you."

Ye Xiyuan let out a sigh of relief. At the same time, it hardened her resolve to take away all of Ye Leng'an's energy.

In this world, there was only one Lady of Destiny, and that was her.

"Brother Deze, forget it!" Ye Xiyuan took a step forward and put on a kind and magnanimous look. "Don't make things difficult for Leng'an anymore. I shouldn't have come back and taken her family away." Search The website to access chapters of novels early and in the highest quality.*

Ye Xiyuan's words brought Li Deze back to his senses. When he looked at Ye Leng'an again, his gaze was ice-cold. "Ye Leng'an, you are really shameless! Is that your family? That's Xiyuan's family. You're the one who stole her family away for so many years and you have the audacity to bully her here. If you don't apologize to her today, I'll definitely tell Uncle Ye and Auntie Lin everything in detail so that they can know what an ingrate you are."

Chapter 23

The Heartache

A hint of joy flashed across Ye Xiyuan's eyes.

As a sensitive, kind, and gentle daughter, she naturally would not complain to her parents. But if Li Deze was the one who told them, then she didn't have to worry her image would be ruined. Moreover, it would make her parents more heartbreaking.

"It's up to you." Ye Leng'an didn't care about it at all. "If you want to say it, then say it. You don't have to inform me."

After that, Ye Leng'an grabbed her bag and left. No one present dared to stop her.

Li Deze, who had been left behind, drew a long face. He had never expected Ye Leng'an to humiliate him like this. In his eyes, Ye Leng'an was his admirer, falling at his feet. However, she totally ignored him today.

The sudden change was not easy for him.

"Brother Deze, please don't tell my parents about what happened today." Ye Xiyuan noticed Li Deze's change. She tugged at his sleeve and said, "Leng'an didn't bully me today. We were just talking. Don't misunderstand her."

He regained his reason after hearing Ye Xiyuan's words. He shook his head as if he wanted to get rid of the strange thoughts he had just now.

Ye Xiyuan was bullied, but she was still so generous and understanding. He couldn't help but feel a little sorry for her. "Xiyuan, why are you so kind? Ye Leng'an did all this to you, but you still want to cover it up for her sake."

Yes, Ye Leng'an and Xiyuan couldn't be compared at all. Ye Leng'an was a willful and cold-hearted ingrate, while Xiyuan was a good girl who was always considerate of others.

It was better Ye Leng'an stopped pestering him. A girl like Xiyuan was the most suitable for him. Ye Leng'an must be playing a trick in order to attract his attention. She would not get far with that trick, and her true colors would soon be revealed.

"She really didn't bully me." Ye Xiyuan said gently, "Also, I don't want to place my parents in a difficult position. I know that they still miss her. It would be great if she could go back with me to see them today."

“Xiyuan, don’t be silly.” He reached out his hand and patted Ye Xiyuan’s head. “It’s just because they are still concerned about Ye Leng’an that we should tell them about the bully thing. They should know what kind of person Leng’an is. If we keep hiding it and let them continue to keep such an ingrate in mind, that would be the greatest lie to them!”

“I don’t care. You just can’t tell my parents.” Ye Xiyuan was a little anxious. She held his hand, her eyes almost red. “You have to promise me, or I won’t speak to you in the future.”

“I really don’t know what to do with you! I promise you, okay?” He sighed helplessly. “Your kindness will put you at the greatest risk of bullying.”

Although he gave her a verbal promise, he still planned to find an opportunity to tell her parents about the matter as soon as possible. Otherwise, Xiyuan would always be bullied by Ye Leng’an.

“Thank you.” Ye Xiyuan smiled sweetly.

When everyone’s attention was elsewhere, there was a hint of pride in her eyes. Because she knew that the more she insisted, the better chance Li Deze had of telling her parents.

.

Chapter 24

Buying a House

Ye Leng’an left the school with a bright smile on her face.

She was so happy, not because of what just happened, but because of the text message on her phone. She just received a text message from the bank. Her account balance had increased by 200 million. It seemed that Ren Shan Tang had already determined the price, so they transferred the money into her account. Search the website to access chapters of novels early and in the highest quality.

She didn’t know these Beauty Pills were so valuable! Ren Shan Tang was good, and if she wanted to sell more pills in the future, she could continue to cooperate with it.

With such an income, Ye Leng’an wasn’t going to tough it out herself. She immediately went to the sales center of a high-end residential area.

A young saleswoman walked up to Ye Leng'an and said enthusiastically, "Hello, how may I help you?"

The person beside her pulled her back. "Xiao Su, what are you doing? Do you think she can afford a house?"

They had already seen Ye Leng'an before she came in, but no one was willing to greet her. Because Ye Leng'an was dressed in ordinary clothes and was carrying a student bag. She didn't wear any designer clothes, so she didn't seem to be able to afford a house.

"Sister Zhu, she is a guest anyway!" Xiao Su shook her head. "Didn't the manager say that the customer was God and that we couldn't snoot our customers?"

"Not everyone is a customer, only the one who can afford a house!" Sister Zhu reached out and poked Xiao Su's forehead. "You're just wasting your time if you receive her."

Xiao Su ignored Sister Zhu's dissuasion and came up to greet Ye Leng'an.

Sister Zhu sneered at Xiao Su's complaisant manner. Later, a middle-aged man who looked quite rich walked in with a young and beautiful girl. She immediately put up a smile and walked up to them.

Ye Leng'an naturally knew Sister Zhu held her in contempt, but she didn't care about it at all. She had no feelings for these strangers.

"Do you have a full-floor house?" Ye Leng'an asked after thinking for a while. "I don't need it to be too large. Two to three hundred square meters will do."

This was a high-end residential area, and a common full-floor house should be that big. Although she lived alone, she still planned to continue refining pills, so the house could not be too small.

"Two to three hundred square meters?" Xiao Su was a little surprised. "Are you sure? How many people are there in your family?"

It was not cheap to buy a house in this high-end neighborhood. The unit price was about 200,000 to 300,000 per square meter, so a house would cost at least tens of millions.

This little girl seemed to be underage. Xiao Su did not know if she could make the decision on her own.

"Just tell me the details." Ye Leng'an said straightforwardly, "You don't have to worry about anything else."

She emitted some threatening aura while speaking.

Xiao Su immediately felt the pressure, and it was even more terrifying than when she was facing her boss. She replied right away, "The houses in this neighborhood are very popular, especially the full-floor ones. There's still one left on the south side, but it's a little big, about 350 square meters. It's already furnished and you can move right in."

Ye Leng'an nodded. "Show me around!"

Xiao Su glanced at Ye Leng'an. When sensing the aura emitted by Ye Leng'an, she immediately took Ye Leng'an to the house without hesitation.

Chapter 25

The Interception

Ye Leng'an felt very satisfied after seeing the house.

The house was on the 19th floor. There was plenty of light and fresh air. Moreover, the environment and Feng Shui of this neighborhood were not bad. From the moment she stepped into the neighborhood, she felt a very weak spiritual energy. Although it was weak, she was very surprised to be able to feel the existence of spiritual energy here.

When she moved in, she would try to get some jade stones and set up a spirit-gathering array. Her cultivation would definitely be more efficient.

Moreover, the decoration of this house was very simple and elegant, which she liked a lot.

"This is it." Ye Leng'an immediately made her decision. She looked at Xiao Su and said, "Let's sign the contract now. When can we go through the ownership transfer procedures?"

"What?" Xiao Su was shocked and could not believe her ears.

There were many people coming to see the houses every day, but only a few could make the final decision. And most of them needed to see a lot and then compared the prices. No one could make a decision immediately after the view.

"Let's sign the contract now." Ye Leng'an repeated, "I plan to move in recently."

“Miss, this house is 350 square meters, and its price is 67.6 million.” Xiao Su said, “If you really want to buy it, I can make the decision to give you a round sum. You only need to pay 67 million.”

“Perfect.” Ye Leng’an nodded.

When they were back at the sales center, Xiao Su felt as if she was floating in the air. Indeed, one could not judge a book by its cover. She could not believe that this girl who seemed to be still underage had actually decided to buy a house, and it was a luxury one that was worth more than 60 million.

Until now, she still felt like she was dreaming. She pinched herself and felt a burst of pain. Then, she was overjoyed, because she could get a commission of more than 100,000 on today’s deal.

“Wait a minute.”

Just when the two of them were about to sign the contract, a hand reached over and snatched the contract from Xiao Su’s hand. The contract was torn up.

“Sister Zhu, what are you doing?” Xiao Su was startled by her sudden move.

“Someone has already decided to buy that one.” Sister Zhu said bluntly, “So this contract is invalid. Why can’t I tear it up?”

“How could that be?” Xiao Su was shocked. “When I printed the contract just now, it was still available!”

“When I say it’s sold, it’s sold.” Sister Zhu took a tough stance. “Mr. Pan was very satisfied after seeing it and has already decided to buy it.”

She looked at Ye Leng’an and Xiao Su with disdain while talking. She didn’t believe that Ye Leng’an could afford such an expensive house. Moreover, this was related to her performance, so she would not give in no matter what happened. This was a commission of hundreds of thousands, not tens of thousands.

“Sister Zhu, apparently, this lady decided to buy that full-floor house first, and she even planned to sign the contract.” Xiao Su argued, “There’s a first come, first served rule. You can’t do this.”

“I don’t need you to teach me how to do things.” Sister Zhu gave Xiao Su a fierce stare. “Anyway, Mr. Pan said he wanted that full-floor house. Look at her! Does she look like someone who can afford a house? I’m doing this out of kindness to prevent you from being deceived.”

Xiao Su obviously couldn't compete with Sister Zhu, and Sister Zhu was backed up by the manager. If she offended Sister Zhu, she would probably get fired.

She could only look at Ye Leng'an apologetically. "I'm really sorry, Miss..."

Ye Leng'an didn't make things difficult for Xiao Su. She knew very well that this wasn't Xiao Su's fault. She said directly, "Since the full-floor house is sold, then forget it. Do you have villas?"

"Villas?" Sister Zhu said mockingly, "Little girl, if you have the time to show off here, you might as well study hard. Maybe you can afford a house in the future."

Ye Leng'an only fixed her eyes on Xiao Su, totally ignorant of Sister Zhu, and said calmly, "You must still have villas that haven't been sold, right? It's best if it's furnished so that I can move in as soon as possible."

She calculated her account balance and thought she could afford a villa. Moreover, even if she used up her savings, she had a way to earn money quickly.

Since she came here today, she naturally did not want to return home empty-handed. The old house she was living in now was too small, and she didn't have enough space to refine pills.

"Yes, yes. We have several villas here. One of them is decorated in a style similar to that full-floor house. It's a three-story small villa, but its price is almost twice that of a full-floor house. It costs about 140 million."

For some reason, she had never doubted whether Ye Leng'an could really afford it. Perhaps it was because Ye Leng'an was always so calm that people couldn't help but believe in what she said.

"Haven't you finished yet?" A dissatisfied female voice asked.

That fat middle-aged man came over with the young girl in his arms. The young girl was the one who just spoke, her tone filled with dissatisfaction. "What took you so long? If you can't sign the contract, we don't want it."

Although she said that, the thing in her mind was that she had to get the house whatever happened today.

"Just a minute! Just a minute." Unlike her indifference toward Ye Leng'an, Sister Zhu crawled to the couple. "Mr. Pan and Miss Xu, I'll go and print the contract. We can sign it right away. Do you want to pay in full or..."

"Of course, we'll pay in full! Are you looking down on us?" Miss Xu said arrogantly, "Hurry up and print the contract."

“Wait a minute.”

Just as Sister Zhu was about to print the contract, Mr. Pan suddenly asked, “Girl, do you also like the full-floor house?”

He gave Ye Leng’an a leering look.

He didn’t notice this little girl earlier, and he couldn’t help but have a crush on her when he finally saw her. Although she was wearing ordinary clothes, she had striking features.

He immediately lost interest in the woman in his arms when meeting such a beauty.

“Honey, what are you looking at?” Miss Xu naturally noticed the way he was looking at Ye Leng’an, and she instantly had a sense of crisis. She grabbed his hand and started acting coquettishly. “Let’s hurry up and sign the contract!”

*It wasn’t easy for her to persuade this old man to buy her a house. She couldn’t let her efforts go to waste. It was all this b*tch’s fault for seducing her husband so blatantly. She would definitely beat that b*tch if this were the right occasion.*

.
