

Full-Level 231

Chapter 231: Her Aggressive Manner 3

Although she wanted Ye Leng'an to die and refused to surrender herself to Ye Leng'an, at this point, if she lowered her head, she would gain the sympathy of the others, and others would think Ye Leng'an was an aggressive person. Moreover, it could also repair her image. Therefore, this time, she didn't mind lowering her head to Ye Leng'an.

But this was the only time. She would definitely return all the humiliation she had suffered today to Ye Leng'an.

Sure enough, after seeing Ye Xiyuan's actions, the way everyone looked at her changed. Although they were still a little unhappy about what happened just now, it was good that Ye Xiyuan was willing to admit her mistake.

Moreover, there was Ye Leng'an for contrast, they were with Ye Xiyuan, mentally, of course. No one dared to say anything in public. After all, Ye

Leng'an still had Young Master Huangfu by her side. They didn't want to offend Young Master Huangfu.

"I heard your apology." Ye Leng'an nodded. "However, I will not accept it. You have the right to apologize, but I also have the right to forgive you or not, right?"

She naturally knew what tricks Ye Xiyuan was playing, but she didn't care.

Different from Ye Xiyuan, she didn't care about what outsiders thought of her. Therefore, even if she appeared aggressive, she would forgive Ye Xiyuan against her will.

No one had expected Ye Leng'an to say such a thing. Under normal circumstances, if someone apologized, whether it was sincere or fake, they would be magnanimous and show their forgiveness.

"Ye Leng'an, don't go too far." Seeing that her daughter had been bullied by Ye Leng'an, Lin Wanqin couldn't suppress her anger anymore. She stepped forward and looked at Ye Leng'an with hatred and disgust in her eyes. "You are the only one who doesn't have the right to bully Xiyuan. If you hadn't taken her place seventeen years ago, would you have been able to live the life of a rich lady for so many years? You had enjoyed a good life that Xiyuan was supposed to enjoy for so many years, and now she's finally back. You still want to go after her like this. What are your intentions?"

Hearing the revelations, everyone's eyes instantly lit up. The news of the Ye family's real daughter and the imposter had long spread. They really did not expect the Ye family to have such deep hatred for the fake daughter. They had raised her for more than ten years. Why didn't they have any feelings for her at all?

"Mrs. Ye, if you really want to talk about the swapping thing, what does it have to do with me?" Ye Leng'an sneered and said, "Back then, when I was carried to the wrong

family, I was just a baby. It's not my fault. And it is definitely not the reason that I have to put up with Ye Xiyuan."

Ye Leng'an's heartless words made sense. No matter what the reason was that the two children were switched back then, Ye Leng'an was indeed innocent. After all, she was just a baby at that time and couldn't do anything.

"What happened back then was not an accident at all." Lin Wanqin's eyes were red. She could no longer suppress the emotions in her heart and told everything. "Back then, your biological parents deliberately switched the two of you. They did all this so that you could enjoy the life of a rich lady. Even if you were just a baby at that time, isn't it true that you enjoyed a good life for so many years? You owe Xiyuan everything."

Originally, they had planned to wait for the results of the investigation before settling the score with Ye Shen and Li Zhaohui. However, after seeing Ye Leng'an's aggressive attitude towards Xiyuan, she couldn't hold it in any longer and directly exposed everything.

As soon as Lin Wanqin finished speaking, the entire place was in an uproar. Although everyone had heard about the story of the real daughter and the imposter, they all thought that it was just the hospital's mistake. They did not expect that someone did it on purpose.

If what Lin Wanqin said was true, then Ye Leng'an was no longer innocent in this matter. Because everything her parents did was for her. Her existence had become an original sin.

Nangong Xuyao turned his head to look at Ye Xiyuan. His heart ached for her. He did not expect that there was actually such an inside story behind the incident back then. She was the real daughter of a rich family, but because of other people's selfishness, she had lived in poverty for so many years..

Chapter 232: Her Aggressive Manner 4

"Hehe, what a joke." Ye Leng'an wasn't anxious at all when she heard that. Instead, she looked at Lin Wanqin calmly. "Do you have any evidence? Can you prove that Ye Shen and Li Zhaohui swapped me with Ye Xiyuan?"

At this moment, no one noticed that Ye Leng'an said "Ye Shen and Li Zhaohui" instead of "my parents."

"Do we still need evidence?" Lin Wanqin's eyes were red as she looked at Ye Leng'an. "The hospital has strict rules. It's impossible to make such a mistake. Other than your parents deliberately switching you with Xiyuan, is there any other possibility?"

Ye Xiyuan was also red-eyed, and there was an aggrieved look in her eyes when she looked at Ye Leng'an. "Ye Leng'an, this matter was originally your parents' fault. We never thought of blaming it on you, and we didn't plan to expose it here. If it hadn't been for your aggressive manner, Mom wouldn't have been forced to tell the story in public."

“In other words, everything now is just your guess, right?” Ye Leng’an nodded and then looked at Ye Xiyuan and clicked her tongue. “I thought you should have some feelings for Ye Shen and Li Zhaohui because they had raised you for so many years. Unexpectedly, you just returned to the wealthy family and could not wait to splash dirty water on them. I wonder what they will think after knowing this!”

“I didn’t.” Ye Xiyuan was so angry that her face turned red. “I still have some feelings for them. However, after finding out about this, I can no longer treat them as adoptive parents. I’m not a saint, and I’m not that generous.”

Ye Xiyuan’s words didn’t arouse the disgust of the others. Instead, she won their sympathy. Especially when they saw her hold back her tears, they felt even more pity for her.

“Uh-huh.” Ye Leng’an nodded her head. Then, she threw a meaningful smile at Pang Tingting and said, “I don’t know who misled you and caused you to have such thoughts. However, I have evidence to prove that Ye Shen and Li Zhaohui didn’t swap us back then.”

As soon as she finished speaking, the entire place was in an uproar. Everyone was discussing animatedly, not knowing which side was telling the truth.

Pang Tingting could not help but feel her heart in her mouth. Especially when she saw Ye Leng’an’s strange smile, she became even more flustered. She felt that Ye Leng’an seemed to know about what happened back then. However, thinking about it, she felt that it was impossible.

She kept consoling herself secretly. It had already been more than ten years. It was impossible to find any evidence. She did not need to be afraid. No one would know that she was the one who did this.

“What?” Upon hearing this, Lin Wanqin was stunned for a moment before she subconsciously retorted, “You’re trying to absolve your biological parents, aren’t you?”

“Mrs. Ye, everything you said must have a premise. That is, I am the biological daughter of Ye Shen and Li Zhaohui, right?” Ye Leng’an said slowly, “It’s a pity that you were wrong from the start. Don’t you find it strange? After I left the Ye family, why didn’t I return to my biological parents’ house? Moreover, they never came to me.”

Ye Xiyuan had an ominous feeling when she heard Ye Leng’an’s words. As expected, what Ye Leng’an said next overturned everything they had just said.

“That’s because I’m not their biological daughter. Their biological daughter had died when she was just born. And I’m just the daughter they originally planned to adopt. Do you think they would take the risk and do such a thing for an adopted daughter?”

Instantly, the entire banquet hall fell silent, and the guests’ curious gazes became even more obvious. It had to be said that what happened today had plenty of twists! Until the end, they really didn’t know what the truth was.

They didn't want to leave now. They just wanted to know the ins and outs of the matter as soon as possible.

"That's impossible." Ye Li subconsciously retorted, "If they didn't do it, then who did it?"

"Think about it carefully! Who led you to think in this direction in the beginning?" Ye Leng'an smiled and said, "Just like Qian Gumeng. It's just a trick of a thief crying 'Stop thief!'"

Pang Tingting's heart skipped a beat, and she couldn't help but feel nervous.

As expected, she received glances from the members of the Ye family.

She pretended to be calm as she brushed her hair and said, "Wanqin, I don't even know when you gave birth to your child. Besides, if I really did it, what's in it for me?"

Lin Wanqin thought about it and felt that it made sense. Because when she gave birth to Xiyuan, she hadn't reconciled with Pang Tingting yet, so she didn't inform Pang Tingting at all.

Moreover, although they fell out back then, it was just a small matter. It was really impossible for Pang Tingting to be so ruthless and do such a thing.

Unfortunately, Ye Leng'an did not remain quiet. Instead, she asked, "Since you didn't know when she gave birth, why did you go to the hospital the day after Ye Xiyuan was born?"

"What? You went to the hospital?" Lin Wanqin immediately turned around and looked at Pang Tingting with piercing eyes as if she wanted to see through her. "Tingting, did you go to the hospital back then? Why didn't I see you?"

"No," Pang Tingting subconsciously retorted. However, she regretted it immediately. She could only bite the bullet and continue, "I didn't know that. Why would I go back to the hospital?"

"But I have the hospital's security footage!" In Pang Tingting's eyes, Ye Leng'an's bright smile was as scary as the smile of a devil. "The security footage showed that you didn't go to see Mrs. Ye when you arrived at the hospital.

Instead, you went to see the baby. Then can you tell me why you went to see the baby?"

Hearing Ye Leng'an's words, Pang Tingting felt as if she had fallen into an ice cellar. She did not expect that Ye Leng'an would actually have the security footage in her hands and didn't know if Ye Leng'an was telling the truth or not. She racked her brains, trying to cover up the lie she had just told.

Unfortunately, Lin Wanqin didn't give her any time.. She asked directly,

"Tingting, were you the one who switched the babies?"

Chapter 233: An Outburst of Discontent 1

“No, I didn’t.” Pang Tingting was a little flustered and could only subconsciously retort, “She’s talking nonsense. She... She...”

“Pang Tingting, do you really think that I just talked the talk?” Ye Leng’an sneered. “I still have the security footage from back then! If you want it, I can send it to you. Also, do you think that no one noticed you when you swaggered into the hospital like that?”

Hearing this, Pang Tingting was shocked and her pupils constricted.

When she went to the hospital back then, she planned to reconcile with Lin Wanqin. Therefore, she did not disguise herself and went to the hospital openly. However, after she arrived there, the idea of swapping two babies suddenly struck her. It was a crime she committed on impulse, so she was not sure if anyone really recognized her.

Seeing Pang Tingting’s dumbfounded appearance, everyone understood what was going on! Who would have thought that the babies were swapped deliberately? Ye Shen and Li Zhaohui didn’t do that, it was Mrs. Ye’s good friend who did that.

Lin Wanqin felt as if she had been struck by lightning. She had never expected that the culprit who caused her to be separated from her biological daughter for so many years was actually her former good friend. No wonder Pang Tingting had been away from the capital for so many years. She was afraid that things would get out of hand.

When Ye Li looked at Pang Tingting, his eyes were filled with ruthlessness. At this moment, he was thinking about how to deal with Pang Tingting. It was this woman who had swapped his biological daughter back then. Just based on this point alone, he would not let her off no matter what.

Ye Xiyuan’s eyes were filled with disbelief. It was as if she couldn’t believe that this auntie who had treated her well was the culprit that caused her to be separated from her parents for so many years.

In reality, she hated Pang Tingting to the bone. She wanted nothing more than to eat her flesh and drink her blood. It could even be said that her hatred for Pang Tingting had surpassed her hatred for Ye Leng’an. If it hadn’t been for Pang Tingting, she wouldn’t have lived such a poor life for so many years. Instead, she could have lived a wealthy life and received the best education. In her previous life, Ye Leng’an and Pang Tingting were the reasons why she had a tragic ending. She would not let either of them go.

Pang Tingting panicked when meeting the glances people cast in her direction.

She opened her mouth, not knowing what to say to defend herself. She also wanted to argue head-on what Ye Leng’an said, but Ye Leng’an had evidence in her hands.

Now, she began to regret why she returned to the capital! If she hadn’t gone back, would she have been able to avoid everything that had happened today?

Ye Leng’an, who had been watching from the side, had a glint in her eyes. She threw a glance at Pang Tingting and moved her fingers slightly.

Huangfu Ruiling, who was beside her, seemed to have noticed something and looked in her direction. However, he quickly looked away as if nothing had happened.

“Tingting, why did you do this?” Lin Wanqin tried her best to suppress her anger. She walked up to Pang Tingting and questioned, “Do you know what you’ve done to me?”

Pang Tingting, who was already panicking, didn’t know what to say when facing Lin Wanqin’s relentless questioning. She opened and shut her mouth, unspeaking.

Lin Wanqin gave Pang Tingting a resounding slap across the face.

It was this slap that made Pang Tingting lose all her rationality. There was a hint of madness in her eyes, and she pushed Lin Wanqin away. “That’s right, I did it. I was the one who swapped your baby back then. Lin Wanqin, it doesn’t feel good to be separated from your own child for so many years, does it?”

Since things had already come to this point, there was nothing for her to hide. She had been trying to please Lin Wanqin all this time, and she was really annoyed. If it wasn’t for the fact that she wanted to curry favor with the Ye family, would she need to humble herself like this?! But, in fact, she hadn’t received any benefits from Lin Wanqin during these days..

Chapter 234: An Outburst of Discontent 2

So what if the Ye family found out? Could they sue her?

“Pang Tingting, you b*tch!” Lin Wanqin was so angry that she wanted to slap Pang Tingting again, but before she could do so, Pang Tingting grabbed her hand.

“I’ve repaid the favor by receiving a slap from you. In the future, don’t even think about laying a hand on me.” Pang Tingting flung Lin Wanqin’s hand away. “Do you think I’m still the same person that you can bully at will? You can’t hit me as you want.”

“You... You dare to hit back?” Lin Wanqin was pushed backward. She could not believe it. “Pang Tingting, I will never let you off. I will never let you off.”

“Do you think I’m afraid of you?” Pang Tingting sneered and said) “Anyway, you’re the best at relying on your family and men. I defy you to do something to me.”

Seeing Lin Wanqin fly into a rage, Pang Tingting felt that the pent-up anger in her chest for many years had finally dissipated. Although admitting the swapping thing here might have a huge impact on her. But at this point, she had no choice but to admit it. Since that was the case, she might as well work off her anger.

“Pang Tingting, you have no conscience.” Lin Wanqin looked at Pang Tingting with anger. “Back when you were in university, if it hadn’t been for my help, do you think you could have lived so freely? After graduation, if it hadn’t been for my help, you wouldn’t have been able to find such an easy job. I’ve done so much for you, but you treated me like this. There is divine justice, you will definitely get your retribution.”

“Lin Wanqin, don’t show off your generosity here. Do you really think you’re magnanimous?” Pang Tingting looked as if she had heard a joke. “What’s so great about you? If it hadn’t been for the fact that you were born into a rich family, do you think I would have been willing to be friends with you? Don’t tell me you really think you have some kind of personal charm. You’ve indeed helped me a lot financially, but I also paid the price, didn’t I? I’m like a servant girl, busying around you. Everything you did for me is nothing but charity. And that job. After we quarreled, didn’t you also secretly make things difficult for me in the company? Lin Wanqin, I really hate your superior manner. You didn’t treat me as a friend at all, but as a servant girl that you could order around. You just didn’t expect that the person you had been stepping on would resist you like this.”

Taking advantage of this opportunity, she finally spoke her mind. She wanted everyone to know Lin Wanqin’s hypocrisy.

“You...” Lin Wanqin was so angry that she almost couldn’t speak. There was a pained expression on her face. “So this is how you’ve always thought of me.”

She never expected that Pang Tingting had hated her all these years. The friendship that she had thought of was so vulnerable in Pang Tingting’s eyes.

She was very sad, but compared to sadness, she felt more anger and hatred. Although she used to be very good friends with Pang Tingting, they hadn’t been in contact for so many years. They had only recently reconnected. The deep friendship that she once had in her heart had long faded with the passage of time.

She was not that sad to hear such a truth.

“That’s not what I think of you, but that’s what you did.” Pang Tingting sneered. “So, you don’t have to act like I betrayed you. Everything I’ve done is just to take revenge on you.”

Lin Wanqin was so angry that she panted heavily as if she was going to fall down in the next second.

“Mom, are you okay?” Ye Xiyuan noticed that something was wrong with Lin Wanqin. She immediately went to Lin Wanqin’s side and supported her. She said with concern, “Calm down. Don’t be too angry. It’s not good for your health.”

Looking at her daughter standing beside her, Lin Wanqin relaxed. She grabbed Ye Xiyuan’s hand and looked at Pang Tingting. There was a smug smile on her originally angry face. “Pang Tingting, tell me, what did you get in return for all the things you’ve done? Now my daughter has returned to me, and she’s so outstanding. But what about you? You’re not young anymore, but you don’t have a husband or children. Your annual salary might not even be enough for me to buy a set of jewelry..”

Chapter 235: An Outburst of Discontent 3

Every word Lin Wanqin said hit her where it hurt, causing her originally smug expression to change.

However, even so, Lin Wanqin did not stop. She continued, "Who do you think you are to say such things in front of me? Also, do you really think you're something now? Let me tell you, I can easily get you destroyed."

Gradually, a hint of panic appeared on Pang Tingting's face. She seemed to have just woken up from a dream, and her expression changed drastically. It seemed that she did not expect herself to air all the grievances in her heart.

She raised her head and looked at the Ye family members who all had expressions of hatred as well as the surrounding guests who had been watching the fun. For a moment, she was in a daze.

When she inadvertently saw Ye Leng'an, she seemed to understand immediately. Everything that happened today seemed to be related to this young girl. This young girl was taking every step carefully and put her into such a situation. What exactly did she want to do?

Soon, Pang Tingting, who was in a daze, was asked by the Ye family to leave the banquet hall. Of course, this was just a nice way of saving it. In fact, she was directly thrown out of the banquet hall by the security guards. When Pang Tingting was chucked out, Ye Leng'an also left. Originally, she wanted to leave quietly, but because of Huangfu Ruiling, she left under everyone's gaze in the end just like how she showed up here in the beginning.

After leaving the banquet hall, Ye Leng'an immediately noticed Pang Tingting who looked bereft at the door.

She glanced at Huangfu Ruiling and said with a smile, "Wait for me in the car first. I'll go over and say something to her."

Huangfu Ruiling raised his eyebrows and didn't ask too much. He asked Li San to push him to the car first. However, he didn't get into the car. Instead, he waited by the car, facing Ye Leng'an's direction. It seemed like he was observing what was happening over there.

Ye Leng'an walked over to Pang Tingting's side and smiled. "Are you satisfied with today's result?"

Pang Tingting looked so downcast. She didn't notice that there was someone beside her until she heard Ye Leng'an's voice. When she saw who was beside her, her expression changed drastically.

"It's you, isn't it?" Pang Tingting looked at Ye Leng'an and gritted her teeth in hatred. "You did everything tonight on purpose, didn't you? You deliberately chose to expose this matter today, didn't you?"

"Yes!" Ye Leng'an nodded without retorting. "But, I did give you a chance. It's just that you didn't cherish it. I originally planned to settle this privately, but you didn't have any sincerity at all."

"You..." Pang Tingting pointed at Ye Leng'an, choking with anger. Then, as if she had recalled something, she raised her head abruptly. "You were the one who asked me to meet at the cafe?"

“That’s right.” Ye Lengan nodded. “But you didn’t come.”

“You did it on purpose.” Pang Tingting was indignant. “You used such a method. You never intended to let me off. What you did was just an excuse. You said it so ambiguously that you didn’t want me to keep the appointment at all. ”

Although she said that, she was also regretting it in her heart. If she had arrived on time back then, everything that happened today would not have taken place! Unfortunately, there were no ifs in this world.

“Aha, you’ve found it.” Ye Leng’an smiled mischievously, but then her expression turned cold. “However, why don’t you think about all the things you’ve done? Weren’t you the one who misled the Ye family into saying that Ye Shen and Li Zhaohui might have done it? You were afraid that the truth would be revealed, so you tried to frame innocent people. Now, you just failed in your plan. What’s there to be angry about?”

“You...” Pang Tingting raised her hand, wanting to hit the young girl in front of her. However, under the sharp gaze of the girl, her hand raised high in the air could not drop no matter how hard she tried. Because she had a feeling that the girl in front of her was not to be trifled with.

Moreover, she was not blind. Naturally, she saw Huangfu Ruiling who was not far away watching everything. Just now in the banquet hall, she knew that the young girl in front of her had a deep relationship with Young Master Huangfu. If she offended the Ye family, she still had a chance. However, if she offended the Huangfu family, she would really be finished..

Chapter 236: An Outburst of Discontent 4

“Are you here just to taunt me?” Pang Tingting put down her hand and tried hard to suppress the hatred in her heart. “Say it! What is your motive?”

“I just have something to ask you.” Ye Leng’an said with a smile, “It’s very simple. I just want to know why you chose me back then. I found out that there were other baby girls in the same room, but you chose to swap me with Ye Xiyuan. Was this a random choice? Or...”

“Do you want to know?” Pang Tingting smiled smugly. “But I just don’t want to tell you. What should you do? Aren’t you very powerful? Then investigate it yourself!”

Ye Leng’an got her into such a situation, and now she still wanted to trick her into telling the truth. Ye Lengan must be dreaming! Of course, if Ye Lengan was willing to give her some benefits, she could say it with reluctance. Otherwise, Ye Leng’an would never get a single word out of her.

“Oh, really?” Ye Lengan nodded and said indifferently, “Since you don’t want to talk about it, then forget it. Bye.”

After that, she turned around and was about to leave.

Seeing Ye Leng'an's no-nonsense attitude, Pang Tingting was dumbfounded. She quickly called out to Ye Leng'an, "Aren't you curious about it at all?"

"Yes, I am!" Ye Leng'an nodded. "But, weren't you unwilling to tell me? Since that was the case, then we should not waste each other's time. You're not tired, but I'm tired! I still want to go back and rest early!"

Pang Tingting said in a furious tone. "Don't regret it."

"I definitely won't." Ye Leng'an continued, "But if you regret it, you are welcome to come to me at any time."

With that, Ye Leng'an took out a note from her bag. There was a phone number on it. "You'll need it."

"Hmph, Ye Leng'an, since you don't want to know, then forget it." Pang Tingting didn't even look at it. She crumpled the note into a ball and threw it on the ground. "I didn't say it today, and I won't say it again in the future." After that, she turned around and left.

Ye Leng'an shrugged her shoulders, not caring at all. Then, she turned around and walked to Huangfu Ruiling's side. The two of them got in the car and left.

Not long after that car left, Pang Tingting walked back to pick up the note she had thrown on the ground and put it in her bag before leaving again.

She didn't know why she came back, but there was a voice in her heart that kept telling her to pick up the note, or she would regret it. So, in the end, she still walked back.

After so many things happened in one night, the Ye family had long lost the mood to continue the banquet. After Ye Li said a few words on the stage, he directly asked all guests to leave.

The guests had already expected this, so they didn't say anything or feel dissatisfied. They quickly took their leave.

Even Nangong Xuyao left after comforting Ye Xiyuan. After so many things happened, he naturally wanted to stay. However, he knew very well that he was an outsider and the Ye family did not want him to get involved. Therefore, he tactfully took his leave.

Soon, only the Ye family was left in the huge banquet hall.

Ye Xiyuan looked at the empty hall and the big cake in the middle that she hadn't had time to cut. She felt desolate in her heart. At the same time, her hatred for Ye Leng'an deepened. If it hadn't been for Ye Leng'an, the banquet wouldn't have ended up like this.

The birthday banquet that she had been looking forward to turned into a farce.

The banquet had already ended in a hurry before the birthday cake was cut. She could almost imagine how those people would discuss everything that happened today after tomorrow.

“Xiyuan, don’t be sad.” Ye Anyun noticed Ye Xiyuan’s disappointment. He came to Ye Xiyuan’s side, put his arm around her shoulder, and comforted her, “Later, later, we’ll make up for your seventeenth birthday.”

This was the only thing they could do now. Of course, they would probably just have a meal together to celebrate. It would never be as grand as today.

However, no one expected that today’s banquet would end so hastily. In fact, because of this banquet, the Ye family had become a joke.

“I’m fine.” Ye Xiyuan raised her head and looked at Ye Anyun. She managed to force a smile. “I just feel a little sorry. If you hadn’t prepared this banquet for me, none of this would have happened.”

She turned to look at Ye Li and Lin Wanqin. “Dad, Mom, I’m sorry. It’s all my fault.”

“What does this have to do with you!” Lin Wanqin’s heart ached when she saw Ye Xiyuan’s aggrieved expression. She took a step forward and pulled Ye Xiyuan into her arms. She patted Ye Xiyuan’s back and said, “Who would have thought of today’s matter? Speaking of which, it was all because of Ye Leng’an. She should be blamed. No, Pang Tingting should be blamed. If it hadn’t been for her, we wouldn’t have raised Ye Leng’an for so many years.”

“Alright, stop talking.” Ye Li frowned and said, “In the future, we shouldn’t interfere with Ye Lengan’s matters anymore. It’s best if we don’t have anything to do with her. Now she has Young Master Huangfu backing her up, it is not a small matter to offend her.”

From what happened today, he could tell that it was impossible for him to be on good terms with Ye Leng’an again. However, even though he had gained some benefits from Ye Leng’an, he did not want to offend Young Master Huangfu who was behind Ye Leng’an. Therefore, it would be best if they didn’t have any contact with each other in the future.

“Hmph, who knows what tricks she’s playing!” Lin Wanqin said disdainfully, “What’s so great about Ye Leng’an? She just has a pretty face. She couldn’t be so arrogant without Young Master Nangong. No matter how beautiful a face is, there will be a day when people get tired of looking at it. When that time comes, will she still have a good life without the protection of Young Master Huangfu?”

She didn’t care about a b*tch who tried to win the heart of a man with her pretty appearance. After all, a plaything wouldn’t be favored for too long, especially with Ye Leng’an’s arrogant personality. She would definitely fall out of favor very quickly.

“We’ll talk about the future later.” Ye Li waved his hand and said, “In any case, we can’t afford to offend Young Master Huangfu right now, so it’s better to stay away from Ye Leng’an!”

Chapter 237: Li Qiaomeng's Plan 1

The National Mathematical Olympiad training class of Sheng'an High School began. The top ten students of the qualifier had all set off for Jin City to prepare for the training.

This training was held in Jin City, and everyone set off together.

After getting on the bus, Ye Xiyuan immediately attracted everyone's attention.

After all, Ye Xiyuan had many friends in school. And many students were invited to her birthday party. So what happened at the banquet had already spread. Now when they saw Ye Xiyuan, everyone couldn't help but glance in her direction.

Ye Xiyuan naturally noticed everyone's gazes. Her body stiffened for a moment, but she immediately returned to normal. Then, she found a seat in the car and got down. She smiled and nodded at everyone as she greeted them.

She knew why those people were looking at her. If possible, she did not want to appear in front of these people at this time. However, the training was too important. She definitely could not miss it.

She had accepted a mission from the System to win the Mathematical Olympiad. If she didn't win the championship, she would still have to accept the punishment. Therefore, no matter what, she could not lose. Even though she knew that she would have to face such an embarrassing situation, she still showed up.

Her birthday banquet ended on a sour note, but her family had made it up to her. Naturally, Nangong Xuyao also came. However, it was just a simple meal.

They didn't even order a birthday cake. Of course, this was what she wanted. Whenever she saw the birthday cake, she would be reminded of the uncut cake at the birthday banquet.

The birthday party that she had been looking forward to for a long time turned out to be a joke in the end and almost ruined her image. If she hadn't tried to appease Qian Gumeng the next day, there might have been more rumors.

There was a glimmer of light in Ye Xiyuan's eyes when she thought of Qian Gumeng. Indeed, she was very good at using Qian Gumeng as a tool, a knife. However, the knife seemed to be a little blunt now. Previously, at the birthday party, Qian Gumeng almost exposed everything she had done. Later, if she hadn't comforted Qian Gumeng quickly enough, Qian Gumeng might have disclosed everything. At that time, it would really bring her a lot of trouble.

However, to get rid of Qian Gumeng, she couldn't rush and needed to plan slowly.

Just as Ye Xiyuan was still immersed in her own thoughts, the bus slowly started moving. At this moment, she realized that there was one person missing, Ye Leng'an. But Qian Tong, the teacher leading the team, didn't seem to notice it at all.

"Teacher," Ye Xiyuan finally couldn't help but ask, "Ye Leng'an hasn't gotten into the car yet! Is she going by herself?"

"Ye Leng'an?" Qian Tong raised his head and looked at Ye Xiyuan, who had asked the question. He replied with a smile, "She won't be participating in this training."

“What?” Ye Xiyuan was shocked. “Why?”

Then, she realized that she had overreacted. She quickly lowered her voice and smiled gently, continuing, “I just think it’s a little strange. The training this time is so important) why didn’t she participate? Was she delayed by something?”

Qian Tong shook his head and didn’t think too much about it, saying, “This is her private matter, you don’t need to ask. The principal had personally agreed to her not participating in the training.”

“Is that so?” The smile on Ye Xiyuan’s face stiffened. “I didn’t expect that the principal would actually agree to such a thing!”

“What’s so strange about that?” Qian Tong didn’t notice that something was wrong with Ye Xiyuan and smiled, ‘Ye Leng’an’s knowledge of the

Mathematical Olympiad is extraordinary. I’m afraid that even the teachers in this training can’t match her. So, it doesn’t matter if she didn’t come.”

As long as Ye Lengan was mentioned, he couldn’t help but sound excited. Whether it was he or the principal, they both knew that as long as there were no accidents, the champion of the National Mathematical Olympiad would be Ye Leng’an. This would be the first time that a student from Sheng’an High School won a championship in the Mathematical Olympiad! In the past, it was always the students from Capital No. 1 High School who won the championship. This year, Sheng’an High School would definitely be able to hold its head high..

Chapter 238: Li Qiaomeng’s Plan 2

After Ye Xiyuan heard Qian Tong’s words, the smile on her face became even more forced. She did not say anything else, but her mind was already in turmoil.

She did not expect the principal to have so much confidence in Ye Leng’an. What exactly did Ye Leng’an do to make the principal feel this way? Or was it because Ye Leng’an really had the ability to do so? If Ye Leng’an was really that good at Mathematical Olympiad, then wouldn’t she be her biggest obstacle in the Mathematical Olympiad competition?

Thinking of this, Ye Xiyuan couldn’t hold it in any longer. She kept thinking about what method she should use to prevent Ye Leng’an from participating in the competition! She had to win the Mathematical Olympiad competition this time. No one could stop her. Ye Leng’an was her obstacle, and she would never allow Ye Leng’an to block her way.

Suddenly, Ye Xiyuan seemed to have thought of something. She couldn’t help but narrow her eyes, and there was a strange light in her eyes.

At this moment, Ye Leng’an, who was packing her luggage in the villa, couldn’t help but sneeze. She muttered to herself, “Why did I sneeze all of a sudden? Is someone thinking about me or plotting against me?”

At this point, Ye Leng’an herself found it funny. She shook her head with a smile and continued to pack her luggage.

Originally, she planned to go abroad with Huangfu Ruiling when the New Year was approaching. That was because the auction was held in Paris during the New Year holiday.

However, two days ago, she suddenly received a patient in Jin City who was introduced by Chen Kang. It was said that he was a rich man in Jin City. He was fine at first, but after a business trip to Harbor City, he fell sick after returning. He often said that his whole body hurt, but every time he got sick, he went to the hospital for an examination, but there was no conclusion. Because all the results showed that he was not sick at all. In the end, he even went to see a psychiatrist, but it was still useless.

She was quite interested in this patient, so she admitted him. Now, she decided to go to Jin City first. After treating the patient, she would fly directly from Jin City to Paris. She could take advantage of this opportunity to earn another sum of money. She was sure that she would be able to bid for that medicinal herb when the time came.

Early the next morning, Ye Leng'an got into Huangfu Ruiling's car, and the two of them set off for the airport.

This time, they went out together again. Initially, Ye Leng'an had planned to go there by herself. However, after hearing her schedule, Huangfu Ruiling said that he was also going to Jin City for a business trip and asked if Ye Leng'an wanted to take a private jet with him.

A private jet was much more comfortable than an ordinary plane, so Ye Lengan naturally did not reject it. Therefore, the two of them set off together.

After Ye Leng'an left, Li Qiaomeng felt much more relaxed. She went to the living room and sat down on the sofa as if she was at her own home.

"Mengmeng, what are you doing?" Seeing Li Qiaomeng's unruly behavior, Auntie Zhuang could not help but say, "Look at yourself. What a way to behave."

"What's the big deal?" Li Qiaomeng dragged Auntie Zhuang to sit down with her. "Mom, there's only the two of us in this house now. What are you afraid of? Besides, I didn't do anything! I'm just casually sitting here."

"What are you talking about!" Auntie Zhuang looked at Li Qiaomeng sternly. "You have to understand that this is not our home. I'm just a helper here. Even if the house owner isn't here, we can't be so impudent."

"Mom, there are only two of us here. Can't you let me relax for a while?" Li

Qiaomeng said unhappily, "Besides, I didn't damage anything in this house! I'm just being casual. Isn't that okay? Mom, do I have to be inferior to others just because you're a helper here?"

The more she spoke, the more aggrieved she felt. It was as if she had been labeled as inferior ever since she came here. Her mother was also constantly reminding her of this fact. Was she destined to humble herself like this?

Seeing Li Qiaomeng's aggrieved look, Auntie Zhuang knew that she had gone overboard. She came to Li Qiaomeng's side, touched her hair, and sighed. "Actually, Mom didn't say it on purpose. You

have to know that with my status and education, it's not easy to find such a well-paid job, so I'm afraid I'll lose it one day..”

Chapter 239: Li Qiaomeng's Plan 3

“Mom, I know what you mean.” Li Qiaomeng looked up at Auntie Zhuang and tried to persuade her, “But, Mom, Miss Ye isn't here right now! So, can't we just relax a little during this period of time? Even if I'm not the owner of this house, can't you let me dream for a few days?”

Looking at her pretty daughter in front of her, Auntie Zhuang could not help but sigh. “Fine! You can be more casual when she is away! However, you must remember not to go up to the second floor. Also, the most important thing is that you must never enter Miss Ye's alchemy room, understand?”

“I know. Mom, you are the best.” Li Qiaomeng wrapped her arms around Auntie Zhuang's neck and acted like a spoiled child. Then, she rolled her eyes and asked tentatively, “Then, Mom, can I invite a few classmates over these days?”

“What?” Upon hearing such a request, Auntie Zhuang subconsciously refused, “No, this is definitely impossible.”

“Why not?” Li Qiaomeng hugged Auntie Zhuang's arm and kept shaking it.

“Mom, my classmates all had invited me to their houses. However, I have never invited them to my home. Now is the perfect opportunity. Miss Ye isn't here, so I can invite them over. They won't do anything.”

Initially, she did not have such thoughts. However, a few days ago, she bragged in front of her classmates that her family had bought a house in the capital and that she would be staying in the capital for the New Year. Unexpectedly, a few girls who usually did not get along with her mocked her and said that she was daydreaming. Those girls were all locals in the capital. Their families were a little rich, so they usually looked down on her for not being a local.

She invited a few classmates on impulse. The invitation had already been sent, if she could not let her classmates come inside her house this time, she would become the laughingstock of everyone in the school in the future.

“This is impossible.” Auntie Zhuang was still very insistent. “This isn't our home. How can you turn the table and invite someone else over?! Miss Ye allowed us to spend the New Year here because she trusts us. How can we betray her trust?”

“I don't care. Anyway, I've already invited them. If they are not allowed to come in, how can I face those classmates in the future?” Li Qiaomeng straightened her neck and said stiffly, “If that's the case, then I'm afraid I won't have the face to go to school next semester. I'll have to drop out of school then.”

“You...” Faced with Li Qiaomeng’s threat, Auntie Zhuang choked with anger.

She did not expect her daughter to have such thoughts. However, she had to admit that she was really threatened. After all, her daughter was the first university student in their village, and she had won glory for their family. At the same time, she was also the hope of their family. They had worked so hard to support her daughter’s university education in the capital so that her daughter could find a good job after graduation and help the family.

If her daughter really dropped out of school at this time, then their hard work for so many years would go down the drain. Moreover, their family would become the laughingstock of the entire village.

“Mom, this is just a small matter.” Li Qiaomeng softened her attitude and continued, “Miss Ye won’t come back for the time being. She won’t find out.

Besides, I only invited my classmates over for a day. What impact can it have? When the time comes, you only need to help me entertain them! We promise we won’t mess up anything in the house.”

Auntie Zhuang was caught between a rock and a hard place. Finally, she raised her head and looked at Li Qiaomeng. “You have to promise me that just this once and don’t do it again.”

“Mom, I know you are the best.” Getting Auntie Zhuang’s permission, Li Qiaomeng was in a buoyant mood. She suddenly hugged Auntie Zhuang’s arm, her head leaning on Auntie Zhuang’s shoulder, saying like a spoiled child, “I guarantee, just this once.”

She began to think about how to entertain her classmates. At that time, she would let those girls who looked down on her for not being a local see that there was nothing special about being a local in the capital.

As long as she thought about how those girls were about to be embarrassed, she could no longer suppress the excitement in her heart..

Chapter 240: Li Qiaomeng’s Plan 4

Unlike Li Qiaomeng who was excited, Auntie Zhuang could not help but sigh softly. She also knew that what she was doing was wrong. However, when she thought about how her daughter might have to quit school because of this matter and her future might be ruined, she could not refuse.

Now, she could only pray that nothing bad would happen midway. Otherwise, if something happened and Miss Ye found out, not only would she lose her job, but she was also afraid that trouble would be caused.

On the other side, Ye Leng’an had no idea that her villa was still being coveted by others. At this time, she had already boarded Huangfu Ruiling’s private jet and was flying a few thousand meters above the sky.

It had to be said that a private plane was much more comfortable than an ordinary plane. On such a big plane, there was only her and Huangfu Ruiling, as well as a few people who were on a business trip with him.

However, she didn't know where the others had gone at this moment. There were only the two of them in the cabin now.

"What a luxurious capitalist!" Ye Lengan couldn't help but exclaim, "You even have a private jet. How enviable!"

No wonder everyone liked the life of the rich. It was indeed comfortable! He even took a private jet to fly such a short distance to Jin City. How extravagant!

"I'll give you one plane!" Huangfu Ruiling asked flatly, "What color do you like?"

He said in such a casual tone as if he was not giving her a private jet, but an ordinary bag.

"Truly, a rich man." Ye Leng'an couldn't help but give him a thumbs up. However, she still rejected him. "I don't want such a big gift. And even if the private jet did not cost money, the annual maintenance and parking fees will be a huge expense!"

Although this expenditure was not a problem for her at all. However, it was really unnecessary. Moreover, after she recovered her strength, she could travel through the sky. At that time, there would be no need for a private jet.

Huangfu Ruiling was not surprised to hear her rejection. He shrugged and did not care too much. "Since you don't want it, then forget it."

Ye Leng'an shook her head in amusement. She then continued, "Actually, I feel that it's only an hour or two's drive from the capital to Jin City. It's quite extravagant to take a private jet there now!"

After hearing Ye Leng'an's words, Huangfu Ruiling shook his head. "This time, we took the private jet because it will be more convenient for us to fly to Paris.

We don't have to go back to the capital to board the plane."

"So that's how it is!" Ye Leng'an nodded. "I understand. However, it was really a coincidence! You went on a business trip, so I could hitch a ride."

It had to be said that taking a plane was indeed much more comfortable than taking a car.

Huangfu Ruiling suddenly asked while staring at her, "Do you still remember what you promised me?"

"Huh?" She was stunned by his sudden question. "What are you talking about? What did I promise you?"

She tried to rub up her memory, but she couldn't remember what she had promised Huangfu Ruiling.

"When we were in the southern boundaries." Huangfu Ruiling looked at Ye Leng'an's expression and knew that she must have forgotten about it. "The sachet!"

After hearing Huangfu Ruiling's words, Ye Leng'an also remembered. She pursed her lips. "No way! Now you have already left the southern boundaries,

that sachet is useless!”

She had really forgotten about this matter. It was already hard to remember a small sachet, and she was not cut out for it. It would be easy for her to prepare the herbs used in the sachet. However, if she was asked to make a sachet herself, it would really be difficult for her.

Her hands were not dexterous, and she did not have any talent in needlework. It would be easy if she bought a sachet and put the herbs inside. However, it would be a little difficult for her to make a sachet by herself.

Therefore, after coming back, she subconsciously forgot about this matter. She did not expect Huangfu Ruiling to remember that all the time.

“Then make other sachets for me!” Huangfu Ruiling unexpectedly insisted. “A person must keep her promise. Since you have promised, then you must do it!”

“Um, let’s discuss this, okay?” Ye Leng’an smiled at Huangfu Ruiling. “You know that I’m not good at making sachets. If I make them ugly, you won’t like them either! Why don’t I refine pills for you? What kind of pill do you want?”

Tell me, and I’ll refine it for you.”

She felt that refining pills was definitely much simpler than making sachets. After all, alchemy was what she was best at.

“No need.” Huangfu Ruiling didn’t even consider it and directly rejected this suggestion. “Since you promised to make a sachet for me, then it must be a sachet. You have to keep your word, don’t you?”

“Alright then!” Seeing that Huangfu Ruiling was completely unwilling to change his mind, Ye Leng’an could only nod helplessly. “Fine, a sachet! However, you also know that it’s not something I’m good at. You may have to wait a long time!”

She had already made up her mind. Although she had agreed to it, she did not say when she would finish it. Therefore, she would try to spin out the time. Maybe, in the end, he himself would forget about this matter!

“Are you planning to drag it out?” Huangfu Ruiling saw through her plan at a glance and said directly, “So, you never thought of fulfilling your promise. You are just stringing me along, aren’t you?”

“No, absolutely not.” Even if that was what she thought, she knew that she could not admit it at this time. She quickly said, “Why would I have such thoughts? I’m not such a person at all, okay?”

Looking at her righteous expression, Huangfu Ruiling nodded and then continued to ask, “Then what do you plan to do for me?”

“Wait until we get back from Paris!” Ye Leng’an had no choice but to give him a timeline. “You have to give me some time! So, when I come back from Paris,

I'll definitely give you the satchet..”
