## **Chapter 26**

### *The Humiliation*

*Mr. Pan shook off the woman's hand and walked towards Ye Leng'an. "Miss, I like you very much. Will you be my girlfriend? As long as you say yes, I'll buy that house for you immediately today."*

*"Hubby." Miss Xu obviously didn't expect such a sudden change. "What are you talking about? Aren't you here to buy a house with me today?"*

*While talking, she turned her head and looked at Ye Leng'an as if she wanted to eat Ye Leng'an up. "You are a b \* tch! You dared to seduce my husband. I'm going to kill you."*

*After that, she was about to pounce forward and beat Ye Leng'an.*

*Before Ye Leng'an could react, Mr. Pan had already made his move. He grabbed Miss Xu and slapped her across the face. "Are you crazy? What a cheek! Don't embarrass me! If you don't stop, then return everything I gave you. Also, don't annoy me again. Otherwise, I'll make sure you can't survive in the capital."*

*Miss Xu wanted to make a scene, but when she saw Mr. Pan's face, she immediately flinched, because she knew he meant it. If she continued fussing, there would really be nothing left. Moreover, although Mr. Pan wasn't a big shot, it was still easy for him to tackle a nobody like her.*

*Mr. Pan looked at Ye Leng'an and tidied up his clothes. He fixed his hair and tried to make himself look more handsome, although it didn't work.*

*"Hi, my name is Pan Ting. I'm the boss of Zhenlang Industries. I mean what I said. As long as you agree to be my girlfriend today, the ownership transfer procedures can be completed today. Besides, I'll buy you whatever you want."*

*Pan Ting looked generous and tried to make himself look like a successful businessman. Unfortunately, with his fat figure and ordinary features, although he exuded the aura of a rich man, he looked like a country bumpkin.*

*"I'm not interested in that." Ye Leng'an said calmly, "If you like that house, take it. I don't want it anymore."*

*"You'd better know what's good for you." Pan Ting was irritated by her refusal. "Everyone has a price. You just need to name yours."*

*Although Ye Leng'an was extremely beautiful, she seemed to come to this place to meet a rich man with the ordinary clothes she wore. However, for the sake of her pretty face, he could still pay a higher price.*

*But he was not willing to take out tens of millions to keep a woman, so even if he really bought that full-floor house today, he would not put it under the name of a woman completely. Also, he would not make a one-off payment to buy the house.*

*"You..." Ye Leng'an gave the man a cold look. "Don't think you are invincible just because you have some money. Remember this is the capital."*

*Hearing Ye Leng'an's words, Pan Ting's pupils constricted, and a trace of hesitation flashed across his eyes. His business thrived in the capital because he knew how to read people. However, he didn't know if Ye Leng'an really had the confidence or was just bluffing. He hesitated for a brief moment.*

*Ye Leng'an ignored Pan Ting and looked at Xiao Su. "I want the villa you mentioned just now. Let's sign the contract!"*

*"Oh, okay."*

*Xiao Su was also confused by what had just happened. However, after hearing Ye Leng'an's words, she immediately regained her senses and felt a surge of joy.*

*As long as the contract was signed today, her commission would double.*

*"Miss, let me help you!" Sister Zhu was a weathercock. She immediately stepped forward to push Xiao Su aside and said to Ye Leng'an in a flattering manner, "Xiao Su has just arrived. She doesn't know a lot about the procedures. She'll take up a lot of your time."*

*"Sister Zhu, I..." Xiao Su felt wronged. She did not expect Sister Zhu to steal her customer so blatantly.*

*"What do you mean?" Sister Zhu glared at Xiao Su. "Did you sort out the information that the manager asked you to do this morning? You still have the time to stroll around here?"*

*She gave Xiao Su a threatening gaze. Search\* The website to access chapters of novels early and in the highest quality.*

*Xiao Su naturally knew the threat. The manager was Sister Zhu's uncle. If Sister Zhu complained, she might lose her job.*

*When Xiao Su was about to leave dejectedly, she was stopped by Ye Leng'an.*

*“No, I want her to help me!” Ye Leng’an said, “I have plenty of time now. I can wait.”*

*“But, I...” Sister Zhu tried to explain.*

*“What? Is there a rule here that I have to sign a contract with you?” Ye Leng’an immediately interrupted, “If that’s the case, then please bring your manager here. I wonder if you really want me to buy a house here.”*

*What Ye Leng’an said left Sister Zhu speechless. Although the manager was her uncle, if she dared to kick out such an important client today, her uncle would definitely not help her.*

*“Go print the contract.” Ye Leng’an reminded Xiao Su coldly.*

*Then, she sat down on the sofa and waited for Xiao Su to bring the contract.*

*“I’ll go right away.”*

*Xiao Su replied with joy and immediately went to print the contract. She thought there was nothing she could do, but to her surprise, Ye Leng’an chose her in the end, which was really amazing.*

*Pan Ting hadn’t left yet, so he naturally heard Ye Leng’an’s words, and that made him panic. At the same time, he was a little glad that he did not force anybody to do anything just now.*

*Anyone who could afford a villa in such a high-end neighborhood was definitely not a simple person. If he had really offended her just now, he would have really gotten into trouble. Fortunately, she did not seem to be planning to argue with him. This was really a blessing in disguise.*

*Thinking of this, Pan Ting immediately turned around and left. He did not want her to see him and take revenge.*

*Ye Leng’an saw Pan Ting leave. The corners of her lips curled into a cold smile.*

*She wouldn’t let him off easily after humiliating her like that. Since he liked beautiful women so much, what would he feel if he could only see them with his eyes but couldn’t have them?*

## **Chapter 27**

## *The Man in the Dark*

*Just now, she had inadvertently shot out a stream of hidden energy and blocked one of his acupoints. She believed that he would soon find out that he would never be a real man again.*

*Ye Leng'an quickly signed the contract and paid the full amount. Sister Zhu regretted it so much when seeing Ye Leng'an buy a villa with a one-off payment. A villa, that meant a commission of hundreds of thousands!*

*When Ye Leng'an walked out, an ordinary-looking man pushed a wheelchair out from the dark.*

*If anyone saw the man in the wheelchair, they would be amazed. That face was simply a gift from the Creator. His clean and fair face was cold and handsome. His deep black eyes had a mesmerizing luster. His thick eyebrows, tall nose, and beautiful lips all exuded elegance and nobility.*

*Moreover, although the man got a pretty face, he didn't look feminine. Instead, he seemed to be unapproachable with his isolated temperament.*

*But it was a pity that such a beautiful man was sitting in a wheelchair.*

*Life was indeed fair.*

*"Master, that little girl..." The man pushing the wheelchair said, "She's not an ordinary person. There's no information about this person in the Hidden World. Should we investigate that?"*

*The man pushing the wheelchair had a tall and slender figure. He had a healthy tanned complexion, sharp eyebrows, a prominent nose, and thin but tightly pursed lips. Coupled with his coldness, he did not look like a bodyguard. Although he tried to hide it, there was still a faint killing intent. He was a killer.*

*"There's no need to do that." The man in the wheelchair looked away and said indifferently, "Li Yi, don't tell anyone about what happened today."*

*"But, Master..." Li Yi frowned. "Most cultivators are from the Hidden World. That little girl's move today was not simple. I wonder who taught her that."*

*"Don't worry about her." The man shook his head. "We'll know it when the time comes. Remember what I said, don't investigate her. She is indeed not simple. At the very least, you are definitely not her match. Otherwise, we may get nothing from the investigation and even offend her."*

*“No way!” Li Yi was shocked. “She is indeed very powerful given the move she made just now, but if she is really that powerful, how could she not notice us!”*

*Although he said that, Li Yi already believed what his master said. Because he knew his master was always right.*

*“How do you know she didn’t notice?” The man said coldly, “All right, let’s go back!”*

*Li Yi opened his mouth and wanted to say something, but seeing that his master had no intention of speaking, he did not dare to say anything else.*

*Ye Leng’an, who had left the sales center and got into a taxi, was still confused. .*

*When she was in the sales center, she already felt that someone was watching her in secret. However, she didn’t show it, nor did she look for the suspect. Other than the fact that she didn’t sense any malice, the most important thing was that the person in the dark didn’t seem to be an ordinary person.*

*Even though they were so far away, she could still feel a ghastly murderous aura. The killing intent that was so thick that it was almost about to materialize made her panic*

*Even in the cultivation world, she had never felt such a dangerous aura. Since the person didn’t intend to show up, she naturally pretended not to know anything.*

*Besides, they probably just encountered each other today. She was noticed when she taught Pan Ting a lesson, so he was a little curious.*

*Ye Leng’an shook her head and didn’t want to think about these things anymore.*

## **Chapter 28**

### *The Complaint*

*The atmosphere in the Ye family’s study was a little oppressive.*

*“Deze, is what you said true?” Lin Wanqin’s face was filled with disbelief. “Did Leng’an really bully Xiyuan in school?”*

*Ye Li drew a long face, and at the same time, he was also disgruntled and angry.*

*“Uncle and auntie, if you don’t believe me, you can go to the school and ask others.” Li Deze didn’t get angry with their doubts. “I promised Xiyuan that I wouldn’t tell you about*

*this. She didn't want me to do so, afraid that you would be sad. But I think you should know it. Otherwise, it'll be too unfair to Xiyuan."*

*"Stupid girl." Lin Wanqin's heart ached. "Why did she still want to hide such a thing from us? Leng'an herself wanted to move out, but now she's blaming Xiyuan."*

*"Please forgive me for speaking." Li Deze said after thinking for a while, "You know Ye Leng'an's personality very well. Now that they are in the same school, I'm really afraid that Xiyuan will continue to be bullied. Besides, Xiyuan has a soft personality. She won't say anything even if she's wronged."*

*"How dared she!" Ye Li blurted, "We've raised her for so many years, and we don't expect her to repay us. Now, she had the cheek to bully our biological daughter."*

*Since Lin Wanqin had raised Ye Leng'an for so long, she still felt connected to Ye Leng'an. However, when she heard that Ye Leng'an bullied Ye Xiyuan, her feelings were suppressed.*

*After losing her biological daughter for so many years, she felt extremely guilty about Xiyuan. All she thought about was how to make it up to Xiyuan. She couldn't accept the fact that Xiyuan was bullied by Ye Leng'an. Search the website to access chapters of novels early and in the highest quality.*

*She had nothing but complain about Ye Leng'an. They were no longer mother and daughter now.*

*"In fact..." Li Deze pretended to be troubled as he said, "Uncle, since Ye Leng'an has already left, are you going to make her leave our school? I don't think the other Ye family can continue to pay for her tuition fees!"*

*Sheng'an High School was an exclusive school for the rich, so the yearly tuition fee was naturally not cheap. The other Ye family was only working-class people. It was impossible for them to afford her education.*

*However, he probably had to wait until the next semester when Ye Leng'an would drop out of school. So, if he wanted Ye Leng'an to leave as soon as possible, the best way was to ask Uncle Ye to step in.*

*"I'll go there tomorrow to help her with the withdrawal procedures." Ye Li immediately made a decision. "I was the one who paid for her tuition fees back then, so I should also be the one to make her leave."*

*Lin Wanqin was still a little hesitant. She felt that this was too heartless. However, when she thought about Ye Leng'an bullying Xiyuan in a place where she couldn't see, she couldn't utter a word of protest.*

*When Ye Xiyuan heard the system retelling the conversation in the study, a smirk appeared on her face.*

*In her previous life, Ye Leng'an was a willful and unruly person. However, because Ye Leng'an was better than her in other aspects, everyone stood on Ye Leng'an's side. It was because of her feelings of inferiority that Ye Leng'an seemed to have a more magnanimous gesture. This also made her parents favor Ye Leng'an.*

*This time, she would let everyone see how useless Ye Leng'an was. She would make Ye Leng'an look like the dirt beneath her feet. She would take back everything that originally belonged to her and send Ye Leng'an to hell.*

*"Host, Li Deze's favorability towards you has reached 80%. You have to work hard and raise it to 90% as soon as possible," the system's mechanical voice came up. "When the favorability reaches 90%, you can enjoy his energy."*

*"I will make it soon." Ye Xiyuan looked determined.*

*In her previous life, Li Deze was touched by Ye Leng'an and got together with her in the end. After that, Li Deze was no longer as cold as before and doted on Ye Leng'an so much.*

*Every time she witnessed Ye Lengan's happy moment, she would grit her teeth in hatred. She should be the one who was happy, but Ye Leng'an had taken over her place. Even everyone else was on Ye Leng'an's side.*

*In this lifetime, she would never let such things happen again.*

*On the other side, Ye Leng'an contacted Chen Kang and decided that she would go and treat Chen Kang this weekend.*

*The next day, when Ye Leng'an arrived at the school, she received everyone's attention just as expected.*

*She ignored everyone's gazes and returned to the classroom, sitting in her seat. At this moment, she was still a little frustrated.*

*As long as she and Ye Xiyuan were in the same school, she would probably be the center of attention every day. Although she could ignore them, it was still quite annoying if this happened too often. Moreover, she had already learned all the knowledge in high school. It would be a waste of time for her to go to school.*

*It seemed that she really should find an opportunity to meet the school principal and ask for some privileges. Of course, she would prove that she was worth it with her capability. If the principal didn't agree, then she might really have to consider transferring to another school.*

## Chapter 29

### *The Dropout*

*When Ye Leng'an was still lost in thought, a student ran over and asked her to go to the principal's office, saying that the principal wanted to talk to her.*

*Ye Leng'an raised her eyebrows. Was the principal a psychic? But when she arrived at the principal's office and saw the people inside, she cast this thought aside.*

*She greeted Ye Li and Lin Wanqin sitting in the principal's office with a nod and smile, "Hello, Uncle Ye and Auntie Lin."*

*Both Ye Li and Lin Wanqin froze when they heard what Ye Leng'an called them. They were probably used to hearing Ye Leng'an address them as mom and dad. They somewhat felt a little uncomfortable with the sudden change.*

*After the greeting, Ye Leng'an glanced at the principal of Sheng'an High School, Zheng Anyang. "Principal Zheng, what is it you want to see me about?"*

*Although she had no idea about what was going on, she knew that this wasn't a good thing when she saw Ye Li and Lin Wanqin here. Apparently, Ye Xiyuan had done something behind the scenes to make Ye Li and Lin Wanqin come to the school directly. Ye Leng'an hoped that they wouldn't say they missed her since even a fool wouldn't believe that.*

*Zheng Anyang looked at Ye Leng'an without changing his facial expression. He simply repeated the fact, "Mr. and Mrs. Ye came here today to make you quit school. You're the student, so I think I should ask your opinion."*

*He of course had heard about what was between Ye Leng'an and Ye Xiyuan, but he didn't care about it too much. There were too many rich kids in Sheng'an High School. Whether she left or stayed, it didn't make any difference. Moreover, the Ye family could no longer be considered a middle-class wealthy family in the capital.*

*"Oh, really?" Ye Leng'an wasn't angry when hearing this. She just shook her head with a smile. "Principal, as you said, I'm the one who's involved. Then I'll tell you my thoughts now! I have no intention of dropping out. Moreover, I don't think they have the right to make me leave school and handle the dropout procedures for me."*

*“Good, I understand.” There was amusement in Zheng Anyang’s eyes when he saw Ye Leng’an remain so calm. He turned to Ye Li and Lin Wanqin. “Mr. and Mrs. Ye, you heard that. Since Ye Leng’an doesn’t want to quit school, we can’t force her to do so.”*

*In the past, he hadn’t paid much attention to Ye Leng’an. It was only recently that he had heard a lot about her and Ye Xiyuan. Today they finally met, but to his surprise, Ye Leng’an wasn’t as willful and arrogant as in those rumors!*

*Ye Li didn’t expect that his request would be rejected. He suppressed his anger and said, “Principal Zheng, I believe you knew that Leng’an and Xiyuan were swapped when they were little. And we sent Leng’an to this school. Now, the two of them have returned to their respective places. After that, we can’t continue to pay Leng’an’s tuition fees. But since we’ve been together for many years, we’ve already found another school for her. We are here to help her with the dropout procedures today so that she can go to the new school earlier and adapt to the new environment.”*

*What a high-sounding excuse! It sounded as if they really did so for Ye Leng’an’s sake.*

*Ye Leng’an just sneered when hearing that. “You don’t have to worry about whether I can afford the tuition fees in the future or not. Anyway, I will not drop out of school today. However, I still have to thank you for your kindness.” Search\* The website to access chapters of novels early and in the highest quality.*

*“Leng’an, why did you insist on staying?” Lin Wanqin frowned. “It won’t do you any good if you continue to stay in Sheng’an High School. We are doing this for your own good. You should go to a new school as soon as possible and start a new life.”*

*“I know that you want me to leave because of Ye Xiyuan.” Ye Leng’an shrugged her shoulders and told the truth. “So there’s no need for you to say it’s for my own good.”*

*“If you stay here, you and Xiyuan will meet every day. Won’t you have any bad thoughts?” Ye Li looked at Ye Leng’an, his expression cold and stern. “Besides, you’ll have to leave sooner or later. Instead of doing this, why don’t you start a new life as soon as possible?”*

*“Uncle Ye, you don’t have to worry about my business,” Ye Leng’an said firmly. “I have no intention of leaving Sheng’an High School. As for my tuition fees in the future, you two don’t have to worry about it.”*

*“You...” Ye Li was really angry that Ye Leng’an couldn’t tell the difference between good and bad. “Ye Leng’an, you have to leave now. I’m the one who paid your tuition fees, so I have the right to make you leave.”*

*“Oh, do you mean that as long as I return the tuition fees to you, I can make my own decision?” Ye Leng’an nodded. “If that’s the case, then give me your bank account number. I’ll return the tuition fees to you now.”*

*She did not expect Ye Li to say such words. It seemed that he was really furious.*

*Ye Li was boiling with rage after hearing that. He wanted to say something, but Lin Wanqin tugged at his sleeve and stopped him. This also allowed him to temporarily regain his reason and slowly calm down.*

## **Chapter 30**

### *Fifty Million*

*“Leng’an, we’re really sad that you considered us as that kind of people.” Lin Wanqin gave Ye Leng’an a soft look. “After all, we’ve raised you for so many years. It’s something that can’t be easily measured. You might think that we’re doing this for Xiyuan, well, we don’t deny it. But this is also for you. You may now feel awkward meeting Xiyuan after the swapping thing is out, but at the same time, you’re in the same school. What will others say about you? Won’t it be better for you to leave here and go to a place where no one knows you to start over again? Besides, we found another good school for you. We’ve already talked to the people of No. 5 High School. They’re willing to accept you.”*

*No. 5 High School was considered a pretty good school in the capital, and its enrollment rate was above average. The students studying there all aimed to get into universities, so the campus life there was quite simple.*

*“There’s no need to do so.” Ye Leng’an rejected her immediately. “If you feel awkward, you can help Ye Xiyuan to transfer to another school.”*

*Both Ye Li and Lin Wanqin pulled long faces at Ye Leng’an’s attitude. They didn’t expect that Ye Leng’an would remain unmoved even after they tried to reason with her and analyzed the pros and cons.*

*“Principal Zheng, please help me handle her dropout procedures!” Ye Li looked directly at Zheng Anyang. “I’ve raised her for so many years. I can make such a small decision.”*

*If a carrot didn’t work then try a stick.*

*He did so for Ye Xiyuan in the beginning, but now he felt that his authority was challenged. In the past, Ye Leng’an didn’t dare to defy him when she was still his daughter. Now she left them and had the audacity to challenge him. He couldn’t accept this.*

*Instead of speaking, Ye Leng'an looked at Zheng Anyang in silence. She wanted to see how the principal would handle this matter. If the principal really stood on Ye Li's side and asked her to drop out, then there was no need for her to stay.*

*"I'm sorry, Mr. Ye." Zheng Anyang adjusted his glasses and said, "I'm afraid that you really can't make a decision for Ye Leng'an regarding this matter. You're not her guardian now, so you can't make the dropout decision for her."*

*When Ye Li heard this, his face instantly darkened. "Principal Zheng, are you sure you want to do this? When Ye Leng'an first entered this school, we donated three million."*

*"So, Mr. Ye, are you planning to ask our school to return that amount to you?" Zheng Anyang said directly when being threatened, "If that's the case, then I'll call the finance department to transfer the money now."*

*To be honest, Zheng Anyang really didn't care about three million at all. Sheng'an High School was not an ordinary school. Most of the people who could study here were either rich or noble. Even if there were really gifted students, they were in a tiny minority. So the donation from those parents started from at least a million, and quite a few of them even donated tens of millions.*

*Therefore, Ye Li's threat was nothing to him.*

*"Principal Zheng, you..." Ye Li didn't expect Zheng Anyang to reject him so straightforwardly. He could even feel the indifference in Zheng Anyang's tone.*

*"Uncle Ye, don't worry. I'll transfer all the money I've spent living in the Ye family over the years to you." Ye Leng'an looked at Ye Li and Lin Wanqin without too much emotion in her eyes. "Thank you for taking care of me all these years. The promise I made to you before still holds."*

*Lin Wanqin's eyes widened as if she couldn't believe her ears. She looked very hurt by Ye Leng'an's words. "Leng'an, are you trying to disown us?"*

*Even though she was resentful of Ye Leng'an, she still felt connected to Ye Leng'an after all these years. She didn't expect that Ye Leng'an would actually say such words today as if she wanted to sever all ties with them.*

*For a brief moment, she felt as if she had lost her daughter. However, when she thought of Ye Xiyuan, she thought Ye Leng'an had gone too far this time.*

*"Good, very good." Ye Li was so angry that he laughed. "Ye Leng'an, that is so you! As you said, you've spent a lot of money over the years, but since we used to be father and daughter, you can just repay me 50 million. Can you afford that amount?"*

*All these years, although Ye Leng'an had been living the life of a rich young lady, the majority of her spending went to designer clothes, bags, and jewelry. She did not take these things with her when she left the Ye family.*

*Apart from these things, she could never spend as much as 50 million.*

*Ye Li was intentionally making things difficult for her. He absolutely didn't believe that Ye Leng'an would be able to fork out 50 million. Even if Ye Leng'an were still in their family, she wouldn't have 50 million. She might not even have 50 thousand, let alone 50 million.*

*"All right." Ye Leng'an didn't say too much. She took out her phone and operated it. Later, she said, "Mr. Ye, you can check if you have received 50 million in your account."*

*As soon as she finished speaking, Ye Li's phone buzzed with an alert. He took out his phone, and his pupils dilated immediately after taking a look. He raised his head and looked at Ye Leng'an in shock.*
