### Chapter 271 - 271: Kneel Down and Apologize 1

“Since you don’t welcome us, let’s leave!” Huangfu Ruiling said lightly, “Li San, let’s go.”

Li San didn’t say anything. He returned to Huangfu Ruiling’s back and pushed his wheelchair to leave. As for Ye Leng’an, he naturally couldn’t stay any longer.

“Young Master Huangfu, this is all a misunderstanding.”

Seeing that Huangfu Ruiling was about to leave, Old Master Shu was filled with regret. At this moment, he did not care about his face and quickly stopped him. “It was my mistake for wrongly accusing your female companion without getting the facts straight. Speaking of which, this whole matter is Yaqi’s fault.

I’ll have Yaqi apologize to your female companion now.”

He was a flexible person. Since Young Master Huangfu wanted to protect that girl, he was willing to let his granddaughter come out and apologize. After all, offending the Huangfu family was more important than offending his granddaughter.

“Grandfather!” Shu Yaqi couldn’t believe her ears. Her grandfather, who had just said that he would seek justice for her, was now asking her to apologize to a woman who had nothing and could only enter this banquet by relying on a man.

If she really apologized here today, how could she continue to face others in the future? She would definitely become the joke of the entire upper-class society. In the future, this matter would also become a stain on her. Those girlfriends would definitely use this matter to mock her from time to time. “Shut up.” Old Master Shu glared fiercely at Shu Yaqi. “It’s all your fault. You actually dare to refute now.”

Under the suppression of Old Master Shu, Shu Yaqi could only force down the unwillingness in her heart, lowering her head and not speaking. However, deep down in her heart, she probably already wanted to cut Ye Leng’an into a thousand pieces.

“Old Master Shu, you really change quickly!” Ye Leng’an had a mocking smile on her face. “Just now, you still looked like you wanted to eat me up. Now, you want your granddaughter to apologize to me immediately. The speed at which your expression changed really caught me off guard!”

“Little girl, what happened just now was the fault of our Shu family.” Old Master Shu said slowly, “I didn’t understand the situation and came to denounce you. However, I was misled by Yaqi, so I had a misunderstanding. Are you going to argue with an old man like me over this?”

“Old Master Shu is indeed flexible and eloquent!” Ye Leng’an sneered and said, “Unfortunately, I won’t be restricted by morality. Everyone had seen what just happened. Therefore, even if you apologize now, I won’t choose to forgive.”

Seeing Ye Leng’an’s expression, a cold glint flashed through Old Master Shu’s eyes. The smile on his face also became a little more sinister. “Little girl, you’re young and impetuous. I can understand. However, it is not as simple as you imagine to survive in this society. Today, you can rely on Young Master Huangfu’s influence to spout nonsense against our Shu family. But have you thought about the future?”

The reason why he was willing to apologize was not because he felt that he was wrong, but because he did not want to offend the Huangfu family. The girl in

front of him was too arrogant. He had already offered the olive branch, but she was still unwilling to take it. Did she really think that Young Master Huangfu would protect her forever? She didn’t even know her status, and she still dared to confront him like this.

“Hehe, Old Master Shu, do you think that I’m living off of Huangfu Ruiling?” Ye Leng’an found it funny. “Only an old-fashioned person like you would think that a woman must rely on a man to survive. Unfortunately, I’m not that kind of person. The reason why I dare to oppose you here today is not because of Huangfu Ruiling, but because I am me.”

As she spoke, Ye Leng’an’s aura was unleashed, and that powerful pressure directly pressed down on Old Master Shu.

Old Master Shu had been threatening Ye Leng’an, but he suddenly felt a strong pressure. He felt as if a huge burden was pressing down on him, almost making him unable to breathe.

He wanted to look away. He didn’t even dare to look Ye Leng’an in the eye. She was clearly just a little girl, but facing her gave him unprecedented pressure..

Chapter 272 - 272: Kneel Down and Apologize 2

Everyone looked at Ye Leng’an, who seemed to have become a completely different person. They could not help but feel shocked.

Previously, everyone had only treated Ye Leng’an as a subordinate of Young Master Huangfu. However, when they saw the powerful aura that Ye Leng’an exuded, they knew that this young lady was definitely not a simple person. A person like her would never be willing to become a man’s accessory.

In an instant, they saw Ye Leng’an standing beside Huangfu Ruiling. They suddenly felt that these two people were destined to be together. Other than the two of them, it seemed that no one else was a match.

Just as Old Master Shu was about to lose his breath, Ye Leng’an withdrew her aura.

“You... Who exactly are you?” Old Master Shu clutched his chest. When he looked at Ye Leng’an, his eyes were filled with fear.

“I’m Ye Leng’an,” Ye Leng’an said with a smile. “Of course, I have another identity. I’m a doctor. Old Master Shu, as a doctor, I’ll give you a piece of advice.

You’d better go to the hospital for a check-up as soon as possible.”

“You’re cursing me!” Old Master Shu was so angry that his face turned pale. “I didn’t expect you to be so vicious!”

In his opinion, Ye Leng’an’s words were cursing him to get sick. Although he didn’t want to admit it, he was indeed old now. What he couldn’t stand the most was others saying that he was sick.

“This is not a curse, but a reminder.” Ye Leng’an shook her head speechlessly.

“However, if you don’t want to believe me, then forget it.”

As expected, people feared both disease and treatment. However, this was normal. The reason why she reminded him today was just a spur of the moment. As for whether he listened or not, she did not care at all.

“Let’s go!” Huangfu Ruiling said lightly, “In the future, as long as there are people from the Shu family present, the Huangfu family will not attend any and all banquets again.”

These words were like a thunderclap, shocking everyone present.

With Young Master Huangfu’s words, wouldn’t the upper class no longer dare to invite the Shu family to their banquets? Moreover, would they attend the banquet held by the Shu family in the future or not? If they did attend, wouldn’t that be offending the Huangfu family?

Moreover, the people present were not fools. They could think of much more than just banquets, like business dealings too. Although the Shu Family was one of the top families in Jin City, they were nothing compared to the Huangfu Family. Now that the Shu family had offended the Huangfu family, they would have to reconsider their cooperation with the Shu family in the future! After all, no one wanted to suffer losses.

“Young Master Huangfu!” Old Master Shu exclaimed, “What happened today was the Shu family’s fault. I wonder what needs to be done for you to cool your anger.”

Things had already come to this point. He only knew that he had to obtain

Young Master Huangfu’s forgiveness today no matter what. Otherwise, the Shu family would really decline. At that time, let alone continuing to develop, it was hard to say if they could even maintain their current status.

Huangfu Ruiling turned a deaf ear.

Li San pushed the wheelchair without stopping. Without Huangfu Rui’s instructions, he would not stop.

However, Ye Leng’an suddenly stopped and turned around to face the Shu family.

This sudden action rekindled the hope of the Shu family.

Shu Hui took a step forward and said, “Miss Ye, today’s incident was caused by my daughter, Yaqi, distorting right and wrong, leading to such a misunderstanding. I apologize to you on her behalf. She’s young and insensible. I hope you can forgive her.”

“Hehe, Mr. Shu probably doesn’t know!” Ye Leng’an sneered and said, “I’m only seventeen this year. I’m not an adult yet. Isn’t it inappropriate for you to say that she’s young in front of me?”

Shu Hui didn’t expect such a reply from Ye Leng’an. He was speechless for a moment. After a moment of silence, he said, “Miss Ye, I don’t know what it will take for you to be willing to forgive Yaqi.”

Old Master Shu, who was at the side, did not speak. This meant that he agreed to let Shu Hui come forward to resolve this matter.

Just now, he had already made things too rigid. At this moment, if he spoke again, he was afraid that it would not be of any help. Moreover, when facing an arrogant person like Ye Leng’an, he really couldn’t speak calmly. Therefore, letting Shu Hui take over was the best approach..

Chapter 273: Kneel Down and Apologize 3

“Previously, Miss Shu Yaqi insisted on snatching the bracelet that I had already paid for in the jewelry store. Today, she warned me in the washroom.

Unsatisfied with just a warning, she even tried to hit me. This is the upbringing of the Shu family!” Ye Leng’an calmly recounted the sequence of events before continuing, “Actually, my request is very simple. Just do what your father said just now.”

The grudge between her and the Shu family was not that deep, so there was no need to completely wipe them out. That was why she suddenly changed her mind. In the end, the grudge between her and the Shu Family was only the grudge between her and Shu Yaqi. As for whether it could be resolved, it would depend on the Shu family.

Ye Leng’an’s words stunned everyone. Everyone recalled what Old Master Shu had said just now and immediately understood. Because Old Master Shu had just said that he wanted Ye Leng’an to kneel down and apologize to Shu Yaqi, and also to slap herself three times. Then, Ye Leng’an’s intention was to...

At this thought, everyone’s eyes immediately settled on Shu Yaqi. Because everyone was curious if Shu Yaqi would do what Old Master Shu had said. One had to know that usually, with the power of the Shu family, Shu Yaqi bullied others without restraint. If she really had to kneel down and apologize now, it would probably be even more unbearable than death!

Shu Hui had just arrived a little late, so he did not understand the meaning behind Ye Leng’an’s words. However, this did not stop him from asking the people beside him.

“In your dreams.” Before the others could speak, Shu Yaqi had already jumped out. “Who do you think you are? I’m the eldest daughter of the Shu family. It’s impossible for me to kneel down and apologize to you.”

She was not a fool. How could she not think of what others could? Therefore, after thinking it through, her first reaction was that it was impossible. She couldn't even apologize to Ye Leng'an, so how could she possibly kneel down?

"Shu Yaqi, shut up." Shu Hui opened his mouth and shouted in a low voice, "It's all your fault. You still dare to talk back now!"

Being reprimanded by Shu Hui like this, Shu Yaqi pursed her lips and gritted her teeth, not daring to say anything else. However, when she looked at Ye Leng'an, her eyes were filled with hatred.

Shu Mei'er, who had been standing at the side without any sense of presence, could not help but reveal an excited smile when she heard Shu Hui's words. Because today, she could finally see Shu Yaqi get what she deserved.

Although Shu Yaqi seemed extremely unwilling, she was very clear that her opinion was not important. What was important was the opinion of her grandfather and father.

Because of Shu Yaqi, the Shu Family had offended Young Master Huangfu. Now that they finally had a chance to resolve this matter, how could her grandfather and father not be willing? Forget about getting Shu Yaqi to kneel down and

apologue, even snu Yaql was asked to Kneel down and IICR ye Leng'an's shoes, they would agree.

Only Shu Yaqi, this idiot, was still so stupid that she couldn't see the situation clearly because this was something she could resist.

Shu Hui's expression was troubled. He looked at Ye Leng'an and said in a negotiating tone, "Miss Ye, such a request is really too much. Why not just have Yaqi apologize to you? As for the rest, our Shu Family is willing to pay you for your mental damage. What do you think?"

If he could solve the problem with money, he would never let his daughter kneel down and apologize in front of such a large audience. Other than the fact that he felt sorry for his daughter, the most important thing was to protect the Shu family's reputation.

"How can it be too much!" Ye Leng'an didn't buy it. "Wasn't this Old Master

Shu's own suggestion? Since he doesn't think it's too much, how can you say it?.

For a moment, Shu Hui was somewhat speechless.

At this moment, Old Master Shu was also regretful. He didn't expect that the request he had just made would be repeated by Ye Leng'an.

However, even so, he could not stand up and express his opposition. Because he knew very well that this was definitely their last chance. If this matter was not resolved today, the Shu family's future would be bleak. The power of the Huangfu family was definitely not something that the Shu family could compare to. Offending the Huangfu family was like hitting a rock with an egg..

Chapter 274: Kneel Down and Apologize 4

"Since Mr. Shu can't make a decision, then forget it. I won't make things difficult for you."

Ye Leng'an turned around and looked at Huangfu Ruiling. "Let's go!"

"Wait a minute!" Shu Hui immediately called out to Ye Leng'an. Gritting his teeth, he said, "Miss Ye, since it was my father who suggested it, it's naturally not excessive. This matter was Yaqi's fault. She is no longer a child and has to take responsibility for her own actions. I'll make her kneel down and apologize to you now."

He was very clear that Shu Yaqi kneeling down and apologizing today was already an irreversible fact. Since that was the case, it was better to get it over quickly. Besides, Yaqi had been too arrogant. It was a good opportunity to teach her a lesson so that she wouldn't cause more trouble in the future.

Protecting the Shu family's reputation was out of the question now. Without the Shu family, what was the use of this so-called reputation?

"Dad!" Shu Yaqi couldn't believe her ears. "You want me to kneel down and apologize? Are you serious?"

She didn't want to believe that her father would actually agree to such an unreasonable request. This was no different from stomping her face into the ground as well as the Shu family's reputation.

"Shut up." Shu Hui looked at Shu Yaqi with a darkened face and said, "Why aren't you coming over to kneel down and apologize to Miss Ye now? And... slap yourself three times as an apology to Miss Ye."

"I don't want to." Shu Yaqi couldn't accept this fact. She turned her head and looked at Old Master Shu, asking for help, "Grandfather, hurry up and stop Father. He actually wanted me to do such a thing."

In the beginning, it was Old Master Shu who brought her here to seek justice.

Therefore, she felt that the only person she could rely on now was Old Master Shu. Therefore, her first reaction was to ask Old Master Shu for help.

"Apologize!" Old Master Shu didn't have any pity on his face. In fact, there was even some dissatisfaction. "Since you caused this trouble, you have to bear the consequences yourself. From the moment you started lying, you should have known what would happen."

To be honest, at this moment, he also harbored complaints against Shu Yaqi in his heart. Indeed, because of Ye Leng'an, he had lost all his face today.

However, in the end, it was all because Shu Yaqi lied and misled him, which led to such a result. Therefore, he now hated this granddaughter of his even more. There was no way he would defend her.

In a place where no one noticed, the excitement in Shu Mei'er's eyes became more obvious. Right now, she seemed to have already seen Shu Yaqi kneeling on the ground pitifully.

“I don’t want to.” Shu Yaqi pointed at Ye Leng’an and said firmly, “You want me to kneel down and apologize? In your dream!”

Ye Leng’an didn’t bother wasting her breath anymore and turned to leave.

“Wait a minute!”

Shu Hui hurriedly called out to stop Ye Leng’an and then came in front of Shu Yaqi. Without any mercy, he gave her a slap, directly causing Shu Yaqi’s cheek, which already had a clear palm print, to swell up at a speed visible to the naked eye.

“Dad, you hit me?” Shu Yaqi couldn’t believe that the person who attacked her was her father.

Because ever since she was young, her father had never laid a finger on her. However, he slapped her in front of so many people. How could she accept this?

“I’m hitting you. I’ve spoiled you since you were young, making you unable to tell right from wrong.” Shu Hui’s expression was serious as he said, “Shu Yaqi, I’ll give you two choices today. The first is to apologize to Miss Ye obediently. The second...”

At this point, Shu Hui paused for a moment before continuing, “From today onwards, leave the Shu family. In the future, you are no longer the eldest daughter of the Shu family. Also, don’t even think about taking a single cent from the Shu family.”

Such harsh words stunned Shu Yaqi. From her father’s serious expression, she knew that there was no escaping today.

She didn’t have the guts to leave the Shu family because she knew very well that if she left the Shu family, she might not even be able to live.

Ever since she was young, she had never earned a single cent because her family did not need her to earn money at all. After graduation, she had been staying at home, eating, drinking, and having fun every day.

Moreover, without her identity as the eldest daughter of the Shu family, she could only wander the slums in the future. This would make her feel worse than death.

Seeing Shu Yaqi’s silent expression, Shu Hui knew her choice. He said directly, “Apologize to Miss Ye.”

Shu Yaqi’s eyes were brimmed with tears, and her expression was filled with humiliation. She walked in front of Ye Leng’an and glared at her fiercely before slowly kneeling down. Before anyone could react, she slapped herself three times and said in a sobbing voice, “This is all my fault. Miss Ye, I apologize to you. I hope you can forgive me.”

She had never suffered such humiliation before. She swore that one day, she would return all the humiliation she had suffered today back to Ye Leng’an.

At this moment, Shu Yaqi was secretly planning to take revenge in her heart. However, she did not expect that after today, her position in the Shu family would plummet, and she would even be hastily married off by them.

At that time, with her days being turbulent chaos, she would have no chance to take revenge on Ye Leng'an.

The excitement in Shu Mei'er's heart was almost tangible now, and the corners of her mouth could not help but curl up into a smile. She finally witnessed Shu Yaqi in such a sorry state. Usually, the anger she received from Shu Yaqi seemed to have disappeared all of a sudden.

However, she also knew that at this moment, she absolutely couldn't show any gloating expression. Otherwise, the anger that was originally directed at Shu

Yaqi would only be transferred to her.

"Very good." Ye Leng'an nodded and smiled. "I've heard your apology."

As for whether she forgave her or not, she did not say it.

Shu Yaqi gritted her teeth in hatred. "Are you satisfied now?"

"I'm quite satisfied!" Ye Leng'an nodded. She then bent down and continued with a smile, "However, don't feel humiliated. I believe you have forced others to do these kinds of things many times. The tables have turned. You probably didn't expect that you would have this day too. Therefore, everything you've suffered today is merely what you yourself have inflicted on others in the past.."

Chapter 275: The Inquiry 1

"Don't be too complacent. You and I are just the same." Shu Yaqi raised her head and glared fiercely at Ye Leng'an, "The reason why you could humiliate me today was just because you used your power to bully me. What's so great about it?"

"No, I'm different from you." Ye Leng'an smiled and shook her head. "Unless I'm willing, no one can force me to lower my head. If I were in the same situation as you today, I would turn around and leave without hesitation.

Because even if I leave my so-called family, I can still live a good life alone."

Regarding Ye Leng'an's words, Shu Yaqi didn't listen to a single word. "You make it sound so easy. When you really end up like me, you'll know what reality is."

Ye Leng'an stood up straight. Then, his gaze fell on Old Master Shu. She said calmly, "Old Master Shu, it's up to you whether you want to listen to my words or not. But let me tell you, I never curse people. I only speak the truth.

After saying that, she turned around and looked at Huangfu Ruiling. She smiled and said, "Let's go!"

Old Master Shu's face immediately darkened. The other members of the Shu family also had ugly expressions on their faces.

Soon, the three of them left.

sigh of relief before they were given a headache by this mess. Originally, it was definitely a good thing for them that Young Master Huangfu was willing to attend the birthday banquet. However, it was because of Shu Yaqi that the good thing had turned into a bad thing.

Although Ye Leng'an had accepted the apology that night, this matter would definitely affect the Shu Family. Everyone present today was shrewd. After today's incident, they probably had thoughts in their hearts.

After today, all the businesses of the Shu family would definitely be affected. Even if they would not be suppressed by the Huangfu family, they would still be suppressed by other families taking advantage of the situation.

However, even so, the birthday banquet continued. Because if the birthday banquet was suddenly announced to end at this time, then the Shu family would really lose face this time. Therefore, even if they had to force themselves, they had to continue. Otherwise, after tomorrow, the rumors would probably spread even more unpleasantly.

Old Master Shu forced a smile on his face and began to entertain all the guests. Everyone was also very taciturn, not continuing to talk about what just happened. However, whether they would continue to discuss it when they returned was another matter altogether.

Yang Tianfu did not want to meddle in the matter, but after much consideration, he still went to look for Shu Hui.

"Mr. Yang, what's the matter?" Although there was a smile on his face, Shu Hui's eyes were still clouded with gloom.

When he saw Yang Tianfu, he was not in a good mood. It was obvious that Yang Tianfu and Ye Leng'an knew each other. Otherwise, Yang Tianfu wouldn't have spoken to Ye Leng'an earlier. Now seeing Yang Tianfu reminded him of Ye Leng'an and the humiliation that the Shu family had just suffered.

However, Yang Tianfu's business was quite substantial in Jin City, and the two families had worked together before. The Shu Family was about to be attacked from both sides, so it was impossible for them to offend Yang Tianfu at this time. Although Shu Hui was unhappy, he still forced a smile to entertain him.

Yang Tianfu could naturally sense Shu Hui's dissatisfaction, but he still spoke up. "Mr. Shu, I think it's best if you find time to bring Old Master Shu to the hospital for a physical examination."

"Mr. Yang." The smile on Shu Hui's face disappeared without a trace. His face was gloomy as he said, "I respect you as a guest today, so I don't want to say anything unpleasant. But if you insist on saying such words on my father's birthday, then I can only ask you to leave."

"Mr. Shu, I know you're angry." Yang Tianfu's expression did not change at all. He continued, "However, I'm just being kind. I only reminded you because we used to cooperate before. You should also know that I have been troubled by a chronic illness. However, not long ago, my chronic illness was cured. And the person who cured me was Healer Ye. It doesn't matter if you believe me or not."

I still feel that I need to tell you.”

“You mean...” Shu Hui narrowed his eyes, and there was a strange glint in them.. “Ye Lengan is really a doctor?”

Chapter 276: The Inquiry 2

“I can only tell you that she cured my illness. As for the rest, I won’t say anything else.” Yang Tianfu raised his cup and said, “Of course, in the end, the final decision still lies with the Shu family yourselves.”

After saying that, Yang Tianfu turned around and left, not lingering any further.

What decision the Shu family would make had nothing to do with him. He only wanted to satisfy his conscience by giving them a reminder.

Shu Hui, who was left behind, had a gloomy expression on his face. He did not know if he should believe Yang Tianfu’s words or not. He did not want to believe it emotionally, but rationally, he knew that Yang Tianfu had no reason to harm him.

He began to consider whether it would be better for his father to go for a physical examination. Putting aside the fact that Old Master Shu was his father and he didn’t want anything to happen to his father, the Shu family couldn’t do without Old Master Shu. All these years, it had always been Old Master Shu guiding the overall direction of the Shu family. Even though his sons had a lot of power now, the main power was still concentrated in Old Master Shu.

Especially since something like this happened tonight. If something happened to Old Master Shu at this time, the Shu family would definitely be in chaos. Therefore, regardless of whether it was true or not, it seemed necessary to persuade his father to go for a physical examination.

On the other side, Huangfu Ruiling and Ye Leng’an went straight back to the hotel after they left. However, the two of them did not return to their own rooms. Instead, they went to the hotel restaurant.

The birthday banquet hadn’t even been going on for long before such an incident happened. Their stomachs were still empty. Originally, Ye Leng’an had only planned to eat by herself. However, since Huangfu Ruiling wanted to go with her, she did not refuse.

Ye Leng’an was really hungry, so she ate quickly. However, even though she ate quickly, she didn’t look like she was wolfing down her food. Instead, she maintained her elegance.

Not long after Ye Leng’an put down her bowl and chopsticks, Huangfu Ruiling also stopped eating.

“You don’t eat much!” Ye Leng’an glanced at Huangfu Ruiling and said, “Actually, you really don’t have to be reserved in front of me. Look at me, I’ve completely let myself go.”

“I’m really full.” Huangfu Ruiling smiled and explained, “I usually eat less at night.”

Hearing Huangfu Ruiling's explanation, Ye Leng'an shrugged and did not say anything else.

Soon, all the plates on the table were removed and replaced with tea. Then, the two of them began to chat.

"When do you plan to leave Jin City?" Huangfu Ruiling asked, "Your matter in Jin City should have been settled, right?"

"In a few days!" Ye Leng'an smiled and said, "There are still a few days before the auction. There's no need to rush to Paris. However, I plan to stay in Paris for a few days after the auction. If you have something to do, you can come back first.

Huangfu Ruiling's eyes flashed and he said, "We'll talk about it when the time comes! Are you planning to stay in Jin City for a few days?"

"No, I just want to rest for a few days." Ye Leng'an smiled lazily. "I keep feeling that I'm in a rush recently, so I want to slow down. Why? Do you need to go over earlier?"

If Huangfu Ruiling really had something urgent to attend to and needed to go over earlier, then she could also cooperate. After all, she was just a freeloader. Naturally, she had to cooperate with the other party's time.

"It's nothing." Huangfu Ruiling shook his head. "Since you want to delay for a few days, then we will go over a few days later! Anyway, you plan to rest for a few days. There are many interesting places in Jin City. Do you want to go out for a walk? I'll make the arrangements. We can't stay in the hotel forever!"

"Alright." Ye Leng'an nodded. "You can make the arrangements!"

The next day, Huangfu Ruiling and Ye Leng'an began to tour Jin City. In the next few days, the two of them had a lot of fun.

In stark contrast to the two of them, the Shu family could be said to be filled with dark clouds these few days.

After the birthday banquet, although Ye Leng'an accepted the apology and Huangfu Ruiling didn't say anything else, those opportunistic people saw that the Shu family had already offended the Huangfu family, so they all ended their cooperation. However, some of them had no choice but to continue cooperating because the penalty fees for breaching the contracts were too high..

Chapter 277: The Inquiry 3

All in all, because of this matter, the Shu family was still greatly affected.

Although it would not shake their foundation, they would still lose a lot of benefits.

And as the instigator of this matter, Shu Yaqi was naturally even more out of favor. For the past few days, no one had been nice to her at home. As for her, even if she felt depressed at home, she did not dare to go out.

At the birthday banquet, many people witnessed how she knelt down to apologize to Ye Leng'an and slapped herself three times. Especially her friends, all of whom had witnessed her humiliating moment. She was afraid that she would have to face those people's strange gaze the moment she went out. Therefore, even if everyone in the family was cold to her she had always stayed at home.

On the other hand, Shu Mei'er's status in the Shu Family had risen quite a bit because of Shu Yaqi's matter. Her father's attitude towards her was much better. Now, Shu Yaqi could be said to be finished, so she could be said to be the only daughter of her father who could be married off.

Seeing Shu Mei'er's triumphant appearance, whether it was Shu Hui's first wife or Shu Yaqi, they were all gnashing their teeth in hatred. However, they didn't dare to do anything, so they could only let her be complacent for a few days.

The Shu family's business was affected, and Old Master Shu's health was also affected.

On the second day after the birthday banquet, Shu Hui tried his best to persuade Old Master Shu to go for a physical examination.

Originally, because of Ye Leng'an's words at the birthday banquet, Old Master Shu felt upset in his heart, and was unwilling to go no matter how hard anyone persuaded him. However, Shu Hui persuaded him to prioritize his health. Moreover, if the physical exam really showed no problems at all, it could be spread that Ye Leng'an was just talking nonsense.

In the end, Old Master Shu still went to the hospital for a physical examination.

The result showed there really was a problem. A tumor was found in Old Master Shu's brain. In the worst-case scenario, after a check-up, it was found to be malignant and had to be removed as soon as possible. Otherwise, it could erupt at any time and endanger his life.

Originally, he just needed to arrange for the surgery as soon as possible. The Shu family had plenty of money. They could definitely let Old Master Shu receive the best treatment. However, the location of Old Master Shu's tumor was too tricky. It was near the nerve center, and a part of it was even close to the nerve center. It was not that easy to remove the tumor. The doctors in the hospital were not very confident.

Old Master Shu was already hospitalized for observation.

At this moment, Old Master Shu's three sons were in the study room of the Shu family mansion, discussing Old Master Shu's matter.

"What did the doctor say?" The second son, Shu Huang, said, "Can we get an expert from overseas to come over and operate on Father?"

"I've already contacted the brain tumor specialist there and sent my father's medical case over." Shu Hui rubbed the space between his eyebrows and said helplessly, "Their opinion is the same as the hospital's. The success rate of this surgery is less than 20%."

The room fell silent again.

“What should we do now?” The third son Shu Yao looked depressed. “So many things have happened at home recently, and now there’s a problem on Father’s side. If this continues, our Shu family will really decline.”

The current Shu family couldn’t afford to lose Old Master Shu. Old Master Shu was like a pillar that stabilized the Shu family. Moreover, with Old Master Shu around, the other families would give him some face. However, if Old Master Shu died, it would be hard to say. After all, favors were something that needed someone to fulfill.

“Actually, there is still a way.”

After a long silence, Shu Hui spoke again, “Do you still remember who was the one who first said that there was a problem with my father’s body?”

As soon as he said this, Shu Huang and Shu Yao immediately understood what he meant.

They weren’t there when the incident at the birthday banquet happened. That day, because the company had an important cooperation project with substantial interests involved. Therefore, they had to settle the company’s matters before going over that day. Later on, they only learned about that matter from their wives and children and didn’t know the details.

However, this didn’t stop them from feeling hatred and disgust towards Ye

Leng’an. Although Shu Yaqi was at fault in the first place, if it were not for

Leng’an’s coercion that night, things wouldn’t have turned out like this. After that, their Shu family would not have suffered such setbacks because of this..

Chapter 278: The Inquiry 4

“She’s just a teenage girl. Do you really believe that she has the ability to cure our father?” Shu Yao scoffed. “So many experts don’t dare to guarantee it. Eldest Brother, why do you think that a young girl will have a solution?”

“Because she cured Yang Tianfu’s illness.” Shu Hui said, “You should all know about Yang Tianfu’s strange illness. No doctor could determine the disease. However, Ye Leng’an not only found the cause of the disease that night, but she also cured it.”

Therefore, even though he felt that it was unbelievable, he still had a faint sense of anticipation. Because if the other party really had such an ability, then it was very likely that she could cure his father.

“This is just what Yang Tianfu said. Who knows if it’s true or not?” Shu Huang adjusted his glasses and said, “Besides, we have fallen out with Ye Leng’an. Even if she really has a way, how could she be willing to help?”

“Although I don’t know if Ye Leng’an really has the ability to cure Father, but...” Shu Hui frowned and said, “Don’t forget that she was the one who warned us first that there was a problem with Father’s health.”

For a moment, the study fell into silence again.

Everyone was skeptical about Ye Leng'an. After all, she was still young. Unless she started learning medicine when she was still a baby, her medical skills couldn't be that good. However, without any sophisticated equipment, she directly pointed out that there was something wrong with their father's health. It would be impossible for her to not have any ability at all.

At this moment, everyone was very hesitant. Especially now that the Shu Family and Ye Leng'an were now in an adversarial relationship. If Ye Leng'an could really cure him, would she be willing to help?

After a long while, Shu Hui finally spoke. "I'll ask Yang Tianfu out tomorrow.

Since he's willing to remind me, I'm sure he won't hide anything when I ask. Let me find out clearly first, then we'll decide what to do next."

Shu Huang and Shu Yao didn't say anything else. Clearly, they also agreed with this decision.

The next day, when Yang Tianfu received Shu Hui's invitation, he was still a little surprised. He thought that after the birthday banquet, the Shu family would not want to contact him for the time being. He did not expect that in just a few days, they would ask him out to meet again.

However, he didn't think about Old Master Shu's matter. Because Old Master Shu's illness was not made public by the Shu family. They even deliberately hid it. Therefore, he did not know.

After being invited to the teahouse, Yang Tianfu saw Shu Hui who seemed to have been waiting there for a while already.

"Mr. Shu, what made you free today to ask me out?" Yang Tianfu sat down and went straight to the point. "I wonder if there's something you need?"

He had heard about the recent events in the Shu family. It could be said that the Shu family's business had suffered quite a blow these few days. At this time, shouldn't Shu Hui be busy dealing with those things? How did he have the time to invite him to this place for tea?

Shu Hui looked a little awkward. He took a sip of tea to calm himself down before saying, "Mr. Yang, I actually have something to ask you today."

Yang Tianfu was a little surprised, but he still said, "Mr. Shu, you can speak plainly!"

"Mr. Yang, I heard that Ye Leng'an was the one who cured you of your chronic illness. Is that true?" Shu Hui said straightforwardly, "I just want to ask, does

Ye Leng'an really have such ability?"

Yang Tianfu was stunned for a moment when he heard Shu Hui's question. Then, as if he had thought of something, he raised his head abruptly. "Could it be Old Master Shu?"

There was only one reason why Shu Hui would ask him out at this time and ask such a question. It must be that Old Master Shu's health really did have an issue like Ye Leng'an had said. Otherwise, with the Shu Family's hatred for Ye Leng'an, they wouldn't possibly inquire about this matter at this time. "Mr. Yang, I hope you can answer my question honestly." Shu Hui did not respond to Yang Tianfu's words directly. He only said, "Ye Leng'an is so young. Are her medical skills really

so superb that she could actually cure your chronic illness? Also, how did you know about Ye Leng'an in the first place?"

Although Shu Hui did not answer directly, his attitude had already explained everything.

Yang Tianfu was sensible, so he didn't pursue the matter further. After thinking for a moment, he said, "Mr. Shu, to be honest, Healer Ye was introduced to me by someone else. As for the problem of her young age, I was also suspicious when I first saw her. However, when my illness acts up, even though it's not fatal, it's worse than death. Therefore, I came with the mentality of trying whatever I could. After all, trying couldn't hurt. However, Healer Ye's medical skills are indeed brilliant. You probably don't know! She also found out the reason why my wife and I hadn't been able to conceive for so many years. During this period of time, we've been taking medicine to recuperate. We'll have a child soon."

He did not hide anything about this matter. After all, almost everyone in the upper class knew that he and his wife had been childless for many years, so it was not a big deal to speak of it.

"Really?" Shu Hui frowned. "Then, Mr. Yang, how did you find Ye Leng'an back then?"

At this moment, he had conflicted feelings. He hoped that it was true, but he also hoped that it was not.

"You know about the Chen family in the capital, right?" Yang Tianfu smiled and said, "It was Old Master Chen Kang from the Chen family who introduced her to me. He was also a patient of Healer Ye. You probably don't know! His heart disease was treated by Healer Ye. Now, he is in good spirits and goes hiking all day!"

After hearing Yang Tianfu's words, Shu Hui was secretly shocked.

Because from the looks of it, Ye Leng'an really did have some skills. Old Master Chen Kang of the capital and Yang Tianfu in front of him, it was absolutely impossible to ask these two people to act as props.

However, the Shu family could now be said to be completely at odds with Ye Leng'an.. Even if they did find Ye Leng'an, would she be willing to treat his father?

Chapter 279 - 279: An Unexpected Person 1

Seeing Shu Hui's silent expression, Yang Tianfu did not say anything. He also understood the conflict in Shu Hui's heart at the moment. After all, the birthday banquet had just ended. It would be very difficult for him to go to Ye Leng'an's door and beg for help now.

After some time, Shu Hui finally spoke again, "Mr. Yang, I wonder if you can help me contact Miss Ye Leng'an?"

"Alright."

Yang Tianfu did not refuse. After all, the two families were somewhat acquainted. Moreover, this matter concerned human lives, so helping was the right thing to do. Moreover, he was only helping to make contact. As for whether Ye Leng'an agreed or not, it had nothing to do with him.

Shu Hui looked nervously at the phone in Yang Tianfu's hand, like a prisoner waiting for his sentence.

Soon, the call connected, but there was some noise on the other end.

"Hello, Healer Ye." Yang Tianfu could hear the noise on the other side and asked, "Is it convenient for you to talk now?"

Ye Leng'an's voice came from the other end. "Mr. Yang! I'm at the airport now! What's the matter?"

"Airport?" Yang Tianfu raised his voice. "Are you leaving Jin City?"

Shu Hui, who was sitting opposite Yang Tianfu, immediately became nervous after hearing what Yang Tianfu said.

"Yes!" Ye Leng'an's crisp voice came through. "I'm about to board the plane. If there's anything urgent, just speak up!"

Yang Tianfu glanced at Shu Hui, who was sitting opposite him. He thought for a moment and said, "Healer Ye, the Shu family..."

Ye Leng'an immediately knew what was going on. "It's about Old Master Shu, right?"

Knowing that Ye Leng'an had already guessed what was going on, Yang Tianfu continued, "Yes, the Shu family came to me. They hoped that you could help treat Old Master Shu and wondered if it would be convenient for you."

"Does Old Master Shu know that they came to me?" Ye Leng'an chuckled. "Are you sure he's willing to accept my treatment? You'd better let them settle the internal matters first! I'm leaving Jin City soon, so I can't take new patients for now."

Compared to treating patients, she was more concerned about the precious medicinal herbs that were about to be auctioned. Everything else could be postponed.

Hearing Ye Leng'an's words, Yang Tianfu didn't continue to persuade her. "Alright, I won't take up any more of your time."

After saying that, he hung up.

"Mr. Yang, how is it?" Shu Hui anxiously asked, "What did Miss Ye say?"

"Mr. Shu, you want Healer Ye to treat your father's illness." Yang Tianfu asked bluntly, "Does your father know about this? Did he agree?"

Yang Tianfu's words made Shu Hui feel awkward for a moment. However, he immediately said, "I'll discuss it with my father. But what did Miss Ye say?"

When he heard Yang Tianfu on the phone, he knew that Ye Leng'an was about to leave Jin City. This was definitely not good news for him.

“Healer Ye is about to board the plane.” Yang Tianfu did not hide anything and said directly, “She said that she doesn’t plan to take new patients for the time being. She probably has something important to do!”

Shu Hui frowned. After thinking for a while, he said, “Then, Mr. Yang, I wonder if you can give me Miss Ye’s contact information? I’ll contact her personally when the time comes.”

Yang Tianfu thought for a moment and did not refuse. When they were on the phone earlier, Healer Ye had already guessed what was going on with the Shu family. Therefore, even if he gave her contact information to Shu Hui, it wouldn’t affect anything at all. Healer Ye would make the decision on her own. Moreover, with Young Master Huangfu around, the Shu Family would definitely not dare to make things difficult for Healer Ye.

Besides, even if he didn’t give Shu Hui the contact information, it wouldn’t be difficult for the Shu family to find a way to contact her. He might as well do this favor.

On the other hand, after Ye Leng hung up the phone, she boarded the plane with Huangfu Ruiling.

As soon as she sat down, Huangfu Ruiling said lightly, “The Shu family wants you to treat Old Master Shu, right?”

“Yes!” Ye Leng’an smiled and said, “However, I don’t think that Old Master Shu knows about this. Right now, the most important thing to me is the auction.. Let’s talk about the Shu family later! Maybe they can find a better doctor!”

Chapter 280 - 280: An Unexpected Person 2

“If they come looking for you, will you take this patient?” Huangfu Ruiling asked curiously, “I don’t seem to want to refuse!”

“Why should I refuse?” Ye Leng’an smiled and shook her head. “In the end, the Shu Family and I don’t have a life-and-death grudge. Besides, to me, he’s just an ordinary patient. However, it is still too early to talk about this. The auction in Paris is more important.”

“The Shu family will probably look for you again.” Huangfu Ruiling frowned and said, “Since they could find out about you from Yang Tianfu, they should know that you are highly skilled in medicine. Old Master Shu’s illness is probably not easy to treat. That’s why they came to you.”

“Of course, it’s not easy to treat.” Ye Leng’an smiled and said, “That’s a brain tumor, and it’s growing in such a dangerous place. I think that there probably aren’t many doctors who are confident that they can successfully remove it. However, surgery cannot be avoided or there could be a danger to his life at any time.”

Huangfu Ruiling wasn’t surprised when Ye Leng’an accurately described Old Master Shu’s condition. If Ye Leng’an couldn’t tell, he wouldn’t have reminded Old Master Shu in the first place.

“Can you do this surgery?” Huangfu Ruiling raised his eyebrows. “I thought you specialized in Chinese medicine!”

“Who said that surgery is necessary?” Ye Leng’an laughed and said, “Indeed, under normal circumstances, brain tumors do require surgery to remove them. However, Old Master Shu’s tumor is malignant. Even if it is removed, there is still a risk of recurrence.

“Are you planning to...” Huangfu Ruiling was a little curious.

Ye Leng’an smiled but didn’t reply.

Huangfu Ruiling raised his eyebrows and did not continue to ask. Since Ye Leng’an didn’t want to say anything, he wouldn’t get to the bottom of it. Besides, Old Master Shu’s matter didn’t have much to do with her.

The two of them successfully arrived in Paris. Because it was a private jet, many procedures were skipped. After arriving in Paris, the two of them arrived at an ancient castle.

“I thought we were going to stay in a hotel!” Ye Leng’an looked at the magnificent castle and couldn’t help but exclaim, “Huangfu Ruiling, you’re really rich!”

To be able to own such an ancient castle in Paris, money was not enough. At the very least, status was absolutely indispensable.

“If you like it, I’ll give it to you.” Huangfu Ruiling said casually.

“No need.” Ye Leng’an rejected him immediately. Then, she laughed and said, “I realized that you really like to give things casually! You said you wanted to give me a private jet, and now h an ancient castle. You are really rich!”

However, she wasn’t envious. If she wanted to, there were ways for her to obtain these things too. However, she felt that it was unnecessary. Of course, she was just teasing him.

Huangfu Ruiling was not surprised to hear Ye Leng’an’s rejection.

Soon, the two of them took the car, passed through the huge manor, and entered the ancient castle. However, they did not expect to see two people who should not be there sitting in the living room as soon as they entered.

“Big Brother Huangfu, you’re here!” Zhongyu Yiran, who was originally sitting on the sofa, immediately went forward with a happy smile on her face when she saw Huangfu Ruiling enter.

She automatically ignored Ye Leng’an, who was beside Huangfu Ruiling.

Ye Leng’an did not care about Zhongyu Yiran’s actions. However, she was indeed a little surprised to see Zhongyu Yiran here. After all, she had never heard Huangfu Ruiling say that Zhongyu Yiran would come along.

However, this was Huangfu Ruiling’s decision. She was just tagging along, so naturally, she could not have any objections.

However, he did not expect Zhongyu Yiran to be able to withstand the long journey abroad. After all, Zhongyu Yiran's body should still be very weak. Judging from her frail appearance, it was obvious that her body had not recovered. She really shouldn't have gone abroad at this time and even had to consider carefully when going out.

Huangfu Ruiling frowned and asked directly, "Why are you here?"

After that, he looked directly at Ford, who was waiting at the side, and asked, "Why didn't you announce their arrival when we entered just now?"
