

Full-Level Rich Daughter Makes a Strong Comeback

Chapter 31

The Privilege

“Ye Leng’an, where did you get the money? How can you have 50 million?” Ye Li asked directly.

Lin Wanqin was also startled and couldn’t help taking Ye Li’s phone. When she saw the message, her reaction was the same as Ye Li’s.

Even Zheng Anyang, who had been watching them from the side, couldn’t help giving a curious glance at Ye Leng’an.

“I don’t need to explain my income to you, right?” Ye Leng’an didn’t answer that question. “I’ve already returned the money to you. I hope you won’t bring up this debt of gratitude again.”

Since Ye Leng’an had done what Ye Li asked for, they were even. Of course, the promise she made was still valid. Karma was very important to cultivators, and that was her only relation with that Ye family.

“Very good.” Ye Li glared fiercely at Ye Leng’an. “Since you said so, you will no longer have any relationship with us. Don’t ever tell others you are a member of our family.”

Although he didn’t know where she got that money, he believed that she definitely didn’t earn it through any normal means. He couldn’t help sneering after throwing a glance at Ye Leng’an’s pretty face.

There was only one way for a beautiful girl to make a fast buck. Fortunately, Ye Leng’an no longer had any relationship with them. Otherwise, it would really be a disgrace to the Ye Family. .

Seeing the change in Ye Li’s expression, Ye Leng’an knew what he was thinking. However, she did not care about it at all. She had no more feelings for them. All that was left was the unfinished karma.

With a long face, Ye Li directly waved his hand and left the principal’s office.

Lin?Wanqin glanced at Ye Leng’an, her eyes filled with complicated emotions. She opened her mouth, wanting to say something, but in the end, she didn’t say anything and left behind Ye Li.

“Ye Leng’an, it’s all right now. You can go back first.” The countenance of Zheng Anyang’s face did not change at all. He was still very calm as if nothing had happened.

“Principal Zheng, I have something to discuss with you.” Instead of leaving, Ye Leng’an looked at Zheng Anyang and said, “I want to apply for the privilege of taking leave at any time. Of course, in exchange, I can guarantee that I will be in the top three in every monthly exam.”

She had planned to tell the principal about it anyway. Although today was not the right time, it was better to do it right now. Since she was already here, she could just put it bluntly.

Zheng Anyang was drinking water, but when he heard Ye Leng’an’s words, he immediately choked and coughed non-stop.

Ye Leng’an looked innocent when seeing Zheng Anyang be shocked. She did not expect him to react like this. It was not her fault. It was just because he had a low mental threshold.

When he finally managed to stop coughing, he looked at Ye Leng’an with disbelief. “Ye Leng’an, do you know what you’re talking about?”

He actually admired Ye Leng’an’s ability to keep cool in a crisis earlier, but she immediately threw such a bomb at him, making him wonder if he just had misheard and if there was something wrong with his ears.

“Principal Zheng, I know what I’m talking about.” Ye Leng’an remained calm when being doubted. “Actually, I’ve already learned all the knowledge in high school through self-study. So I don’t think there’s a need to be stuck in school all the time. I think you have heard about what happened between me and Ye Xiyuan. Now that I’ve left that Ye family, I have my own things to do, so I want to apply for this privilege.”

“Well...” Zheng Anyang stared at Ye Leng’an. “You said that you’ve already learned all the knowledge in high school, right?”

“Yes.” Ye Leng’an nodded.

“All right, in that case, you should take a test!” Zheng Anyang said, “I’ll ask someone to bring over this month’s exam papers for the seniors. As long as you can get 80% marks for each subject, I’ll agree to your request. However, if you can’t, then you have to go to school obediently and never mention this matter again.”

For some reason, he felt that this student could surprise him. Being able to become the principal of Sheng’an High School, he was not a rigid person.

Soon, the class president of the seniors came with the examination papers for each subject.

After receiving the test papers, Ye Leng'an took out a pen, sat down, and started writing.

Zheng Anyang and Qian Tong, the class president of the seniors, couldn't help but frown when they watch Ye Leng'an answer the questions.

Because Ye Leng'an immediately started writing her answers after receiving the test papers as if she didn't even need time to think about them. They wonder if she really took the test seriously.

Ye Leng'an finished all the exam papers very quickly and almost only spent half an hour on each subject, except for Chinese, because she needed extra time to write an essay.

Chapter 32

The Test

Qian Tong began to mark Ye Leng'an's test papers. As time passed, the seriousness on his face was replaced by excitement.

Zheng Anyang didn't pressure Qian Tong for results, but when he saw the excitement on Qian Tong's face, he was lost in thoughtful silence.

On the contrary, Ye Leng'an sat there quietly, waiting for the results. She appeared very calm as if she had nothing to do with the test.

After about half an hour, Qian Tong came up to Zheng Anyang with the papers, his face glowing with excitement. "Principal, look at them..."

"Looks like she passed!" Zheng Anyang was still very composed. "So..."

"No, no!" Qian Tong interrupted Zheng Anyang, "Principal, take a look at the test papers. Full marks, full marks on all of them."

In the end, he could not help but raise his voice a few degrees, which showed how excited he was at the moment.

"What?!" Zheng Anyang stood up abruptly. The chair suddenly shifted, making a sharp screech.

However, he had no time to care about that. He directly snatched the papers from Qian Tong's hands. The more he looked at them, the more shocked he became. Just as Qian Tong had said, all her answers were correct. Also, when she did the math paper, she probably used a few mathematics formulas that could only be learned in university to skip the steps. Most importantly, the last question of this month's exam was set by the Dean of the Mathematics Department of Capital University. There were only a handful of people in the entire city who could solve it. But now, Ye Leng'an worked it out.

Judging only from the math paper, one could tell that Ye Leng'an was definitely not in the league of high school students.

"Principal Zheng, Ye Leng'an is good enough to take the college entrance examination now." Qian Tong's eyes lit up, "I think such a good student shouldn't continue to waste time being a freshman. She can directly be a senior."

He had never thought that a freshman had so much great potential. It wasn't an exaggeration to say that even if Ye Leng'an took the college entrance examination this year, she would definitely be able to get into a first-class university.

"So, Ye Leng'an..." Zheng Anyang took a glimpse at Ye Leng'an.

Obviously, he was very excited at the moment. Although Sheng'an High School was an exclusive school, it also paid great attention to the quality of teaching and the performance of its students. Moreover, in order to increase the enrollment rate, the school had many specially recruited students every year. However, even so, Sheng'an High School was still inferior to Capital No. 1 High School.

Every year during the college entrance examination, Capital No.1 High School would surpass Sheng'an High School. Moreover, the city's top scorer was never from Sheng'an High School during all these years.

However, after seeing Ye Leng'an's marks, he thought she had a great chance of being the top scorer.

"Principal Zheng, I have no intention of skipping a grade." Ye Leng'an shook her head. "I just hope that I can take leave at any time."

She just wanted to live as she pleased if she could start over. She didn't plan to skip a grade now, but she was not sure if she would in the future.

Of course, she didn't plan to tell them that.

"All right then! Since you have already decided, I won't say anything else." Although Zheng Anyang felt a little wistful, he still respected Ye Leng'an's decision. "Although you can take leave at any time, you have to participate in the monthly exams. Also, besides what you promised before, if it is a city-wide monthly exam, you must also guarantee

that you will be in the top three in the city. If you can't make it even once, you have to go to school timely like others."

The latter condition could be said to be harsh. However, he had a strong feeling that Ye Leng'an would agree.

Just as he expected, after he finished speaking, Ye Leng'an immediately nodded. "All right, it's a deal. "

After getting the reply she wanted, Ye Leng'an left in satisfaction.

"Principal, it will be a waste of time for Ye Leng'an to be a freshman." Qian Tong didn't give it up, "Why don't you continue to persuade her? Maybe she'll change her mind."

"Can't you tell?" Zheng Anyang shook his head with a smile. "Ye Leng'an is not an ordinary student. She has her own opinions and will not change her mind easily. Besides, it's a good thing if she continues to be a freshman."

Qian Tong was puzzled, "Principal, you mean..." Search* The website to access chapters of novels early and in the highest quality.

"Ye Leng'an is definitely better than this." Zheng Anyang smiled meaningfully. She still has two more years to stay in our school. In these two years, there will be many competitions, and we'll have a promising medal contender."

Qian Tong instantly understood.

Ye Leng'an didn't know what the principal was planning. Before she could return to the classroom, she was stopped by Yuan Silei.
