Chapter 39

The Chen Family

Ye Leng'an never stalled. After signing the contract, she immediately went to the real estate bureau with Ye Shen and transferred the ownership of the house to him.

Ye Shen and Li Zhaohui were extremely excited after getting Ye Leng'an's house, and they immediately started planning to rent it out. They didn't care about the agreement signed with Ye Leng'an at all.

Ye Leng'an was too weird, and they didn't want to deal with her in the future. The house was the most important thing to them now. Whether that mysterious woman would appear again or not, they were not worried about it at all.

It had already been more than ten years. That woman would have shown up earlier if she had wanted to.

After returning to the villa, Ye Leng'an reclined on the sofa, her eyes a little empty, and her entire person seemed a little lost.

She thought that she would be able to find out the truth from Li Zhaohui and Ye Shen, but in the end, she seemed to have been dragged into an even bigger whirlpool.

It was obvious that only that mysterious woman knew the secret of her life. Moreover, that mysterious woman must have done something to her, otherwise, that woman wouldn't be so sure about the result of the DNA test. Even if she went to do a DNA test, she would only be the daughter of Ye Shen and Li Zhaohui.

However, it seemed to be an accident that she and Ye Xiyuan were switched. That mysterious woman didn't do so. If she wanted to switch them, she didn't need to give Ye Leng'an to Ye Shen and Li Zhaohui.

Since Ye Leng'an couldn't figure it out, she felt that there was no need to continue struggling with this matter. She was indeed curious about her life story, but she did not have a deep obsession. If it was her first life, she might have been eager to find out the truth. However, after experiencing two lifetimes, she had long let go of her obsession.

It would be best if she could find it out. But if she really couldn't find anything, she wouldn't stick to it too much.

After that, Ye Leng'an went to school on time as if nothing had happened. However, she knew very well that Ye Shen, Li Zhaohui, and Ye Ping had completely left her life.

To her surprise, Ye Xiyuan never showed up these days, nor did she do anything to make things difficult for her.

Ye Leng'an came to the Chen family's house on Sunday.

The car slowly drove toward a large villa. Looking at the scenery outside the window, Ye Leng'an's facial expression remained unchanged.

This time, the driver who came to pick her up was the same one as before. However, perhaps because he had seen Ye Lengan's abilities, he was very respectful, different from before.

The car stopped in front of a villa. Ye Leng'an got out of the car and saw a middle-aged man waiting in front of the door.

Apparently, he paused for a moment when seeing her, but he quickly calmed down and walked toward her. "Hello, you are Miss Ye? My father has been waiting inside for a long time."

Previously, his father had already said that the healer who saved his life was very young. He thought that even if she was young, she should be in her twenties or thirties. He did not expect to see a girl who looked like a high school student.

However, even if she was young, he would not underestimate her. He was not a pedantic person, so he naturally would not judge a person by her age.

Of course, he didn't trust this young girl in front of him, but he trusted his father.

Since his father was able to start from scratch and develop such a successful family business, his father's ability to read people was naturally much better than his. So if his father believed that this girl was highly skilled in medicine, he naturally believed it.

"Healer Ye, you're here."

As soon as Ye Leng'an entered, she saw Chen Kang sitting on the sofa. He immediately got up and walked towards her.

"Mr. Chen." Ye Leng'an greeted him with a nod. "You can call me Leng'an."

"Since you've said so, it would be impolite of me to refuse." Chen Kang gestured for Ye Leng'an to sit down and then introduced the people in the room to her.

"The person who received you is my eldest son, Chen Haichao. This is his wife, Li Yiqiu. And this is their son, Chen Hanxi."

Chen Haichao, his wife, and their son, Chen Hanxi, smiled at Ye Leng'an in a friendly manner.

Next, Chen Kang introduced his daughter, Chen Hailan, and her husband and children to Ye Leng'an.

However, their attitudes towards Ye Leng'an weren't quite friendly. It could even be said that they looked at her with doubt.

"This is the healer I told you about." Chen Kang solemnly introduced, "Last time, I suddenly had a relapse. Fortunately, I met her. Otherwise, I would have been in danger. You all need to thank her."

Chen Haichao smiled gratefully at Ye Leng'an. "We will always remember Miss Ye's kindness. We'd appreciate it if you would cure my father."

Ye Leng'an nodded. "Since I'm here, I'll do my best."
