

Full-Level 71

Chapter 71: Class F

“I don’t think this is a good suggestion!”

Ye Leng’an raised her eyebrows. Then, under Hu Ping and Zhao Yanran’s gazes, she calmly called the police.

After hanging up the phone, Ye Leng’an waved the phone in her hand at Hu Ping and Zhao Yanran and said with a smile, “Let’s wait for the result of the police’s investigation!”

Looking at Ye Leng’an’s smug expression, Hu Ping was furious. She brushed her hand, turned around, and left the principal’s office.

Now that things had come to this point, she must think of a way to minimize the impact of the matter. Ye Leng’an had already called the police. The police would be here soon to investigate. She needed to go back now and get all the students present to hush, especially Yuan Silei. Yuan Silei and Ye Leng’an were good friends. It would be terrible if she was a big mouth.

Zhao Yanran was also anxious and just wanted to call her parents immediately. She didn’t expect that it ended up calling the police because of her quick tongue. Although she knew that her parents would scold her, she still needed her parents to deal with the aftermath.

Hu Ping and Zhao Yanran left the principal’s office in a hurry without saying goodbye.

Zheng Anyang turned around and looked at Ye Leng’an after watching the other two leave. “Do you really think that it will be resolved after you call the police?”

Even though he supported Ye Leng’an’s decision to call the police to protect her legal rights, it didn’t mean that he believed that this was the best way.

“Zhao Yanran’s family won’t just sit there and do nothing,” Zheng Anyang continued, “Hu Ping has been a form teacher for so many years, her methods can’t be underestimated. I’m afraid that you won’t get the justice you want.”

“Since I’ve decided to call the police, I naturally understand.” Ye Leng’an said with composure and even a smile. “Besides, Principal, how do you know that I’m not just making an example out of them?”

Ever since she left the Ye family and Ye Xiyuan entered Sheng’an High School, rumors about her had never stopped. Many people were gossiping behind her back. No one, except Zhao Yanran, dared to bring it to her face and have a head-on clash with her. It was a good opportunity to let those who liked to spread rumors see that most of the time, they could not say whatever they wanted. Everyone needed to speak responsibly.

As for the rumors this time, obviously, it was Ye Xiyuan who started it.

However, Ye Xiyuan’s actions this time were not like her usual style. In the past, although Ye Xiyuan liked to frame people in secret, it was well-charted. However, this time, Ye Xiyuan had completely made up something out of nothing. There wasn’t even a specious photo.

It seemed that the worm had turned.

Zheng Anyang froze for a moment at Ye Leng'an's words. Then, a smile appeared on his face. "I didn't expect that after being the principal for so many years, I wouldn't be able to see things as clearly as a young girl like you. However, since it already happened, you won't be able to continue staying in your original class. Even if Hu Ping is no longer the form teacher, you can't stay there."

"Then I'll go to Class F." Ye Leng'an shrugged. "I think Class F is still willing to accept me!"

"Class F?" Zheng Anyang could not help but frown. "You should know what that means. It's not a good thing for you to go to Class F."

In Sheng'an High School, there was a Class F in every grade. The students in Class F all came from rich families. However, they all had one thing in common, and that was that they were extremely bratty. They didn't listen to the teacher at all. Not to mention their grades, no one could control them even during normal times.

It was also because of this that Class F was privately called the Class of Trash. Of course, no one dared to say this in front of the students of Class F. After all, they were all rich and noble.

However, although the people in Class F were difficult to discipline, there were still many teachers who were willing to teach them. Firstly, the salary and subsidies for teaching Class F were higher than other classes. Secondly, there were also people who wanted to curry favor with the students of Class F in order to gain some benefits for themselves in the future.

"Principal, don't you think Class F is more suitable for me?" Ye Leng'an's lips curled into a faint smile. "Besides, such a relaxed environment is more convenient for me, isn't it? Even if I take leave now and then, the form teacher probably won't treat me differently like Hu Ping!"

This was a derogatory but not commendatory remark.

Zheng Anyang pondered for a moment and finally nodded. "If you made your decision, then I'll arrange for you to go to Class F. However, Ye Leng'an, don't forget our agreement. If you can't do what you promised during the exam, your privilege to take leave at any time will be revoked."

"Of course." Ye Leng'an nodded. "Don't worry, Principal. I'll keep that in mind.."

Chapter 72: Yuan Silei's Worry

After Ye Leng'an called the police, the police quickly arrived at Sheng'an High School.

Although there weren't many police officers, such a scene had never happened in Sheng'an High School. In other words, since the establishment of Sheng'an High School, there had never been a police visit.

After asking around, everyone found out that Ye Leng'an had called the police to deal with the recent rumors. For a moment, the people who were still gossiping didn't dare to say anything more about Ye Leng'an being kept as a mistress. After all, no one had any evidence for this matter.

Everyone was just following what others said. If anyone was sued by Ye Leng'an for being quick-tongued, it would not be worth it at all.

On the other side, Ye Xiyuan was also shocked to hear that Ye Leng'an called the police. She had originally planned to make use of the rumors to make it impossible for Ye Leng'an to continue staying in Sheng'an. Moreover, after Ye Leng'an left Sheng'an, she planned to make it impossible for Ye Leng'an to continue staying in the capital.

Of course, she had also thought about how Ye Leng'an would react to the rumors. No matter how Ye Leng'an dealt with it, there was no way she could clear herself of suspicion. Even if there was no evidence, rumors could drive a person crazy. Moreover, Ye Leng'an had no evidence to prove her innocence.

She had thought of many possibilities, but she had never thought that Ye Leng'an would call the police and let them investigate this matter.

When she heard that even the police had known about this matter, she could not help but feel a little frightened. However, on second thought, she had done this very discreetly and had never even said anything bad about Ye Leng'an. Moreover, when others were talking about it, she defended Ye Leng'an. So, she calmed down a lot when thinking about this.

As for Zhao Yanran, she didn't care at all. In her eyes, Zhao Yanran was just a gun she used against Ye Leng'an. Moreover, this time it was because Zhao Yanran was too stupid that things had turned out this way.

Because Ye Leng'an was the one who called the police, she went to see the police as soon as they arrived and explained everything to them. After that, she planned to go back to the classroom to pack up and then go home.

She had planned to transfer to Class F, but she would only go there after this matter was resolved and still planned to continue taking leave during the investigation period.

Once she returned to the classroom, the noisy classroom immediately became silent. Especially when they saw Ye Leng'an enter the room, everyone immediately looked away, not daring to take another look at her.

When Ye Leng'an went to the principal's office earlier, they had thought that she was going to make a big deal out of it. No matter what the outcome was, she would probably not be able to gain any advantage. But nobody expected it to end up in this way.

It indeed got pretty serious in the end, but it remained unknown who would be punished. To everyone's surprise, Ye Leng'an was so stubborn and directly chose to call the police.

Ye Leng'an ignored others' reactions and returned to her seat and put away her belongings.

"Leng'an..." Yuan Silei stepped forward. "Are you okay?"

"I'm fine!" Ye Leng'an nodded. "I've already applied for leave from the principal.

Before the matter is settled, I plan to stay at home and study."

Yuan Silei nodded, indicating that she understood. After thinking for a while, she asked, "Leng'an, do you really have to deal with it in this way?"

She did not expect Ye Leng'an to call the police. Although she was very worried about Ye Leng'an after the rumors were everywhere on campus, she didn't approve of Ye Leng'an's actions.

Of course, she was very concerned about Ye Leng'an. Naturally, she also hoped that the rumors would be clarified as soon as possible so that Ye Leng'an's innocence could be proven. However, she did not expect the police to come. She was worried that if Ye Leng'an called the police, that would be a deterrent to many people. However, how would Ye Leng'an continue to have a foothold in Sheng'an in the future?

"It's not my fault that things have come to this point." Ye Leng'an raised her head and looked at Yuan Silei. "Silei, do you think that I shouldn't call the police?"

"No, no..." Yuan Silei shook her head hurriedly. She looked at Ye Leng'an and deliberated for a moment before saying, "I just feel that there should be a better way to resolve this matter."

"This is the best way." Ye Leng'an gave Yuan Silei a thoughtful look. "Silei, you're my good friend. Shouldn't you be on my side at this time?"

"Leng'an, I'm just worried about your future." Yuan Silei said earnestly, "Even if you're proven to be innocent in the end and it's Teacher Hu and Zhao Yanran's fault.. What will happen in the future? Will the teachers and other students in the school be even more afraid of you? If everyone stays away from you at that time, how can you continue staying here?"

Chapter 73: Moving on

"Won't it be better?" Ye Leng'an didn't mind at all. "Silei, I'm here to study, not to make friends. It's better for them to stay away from me than to spread those rumors!"

"Leng'an, what about Zhao Yanran's family?" Yuan Silei continued, "Even if you called the police, Zhao Yanran might not be in trouble. Moreover, what will you do if her family takes revenge on you after this?"

If Ye Leng'an was still the daughter of the Ye family, she might not be so worried. As an even match of the Zhao family, the Ye family would definitely be able to protect Ye Leng'an. However, Ye Leng'an had already left them, so the Ye family might not care about her at all after all these had happened.

"Silei, do you think I did something wrong?" Ye Leng'an raised her head and looked deep into Yuan Silei's eyes. "But, have you ever thought that if I give in this time, the rumors in the school will only get more widespread? Do you think I can continue to have a foothold in Sheng'an? If I really back down because I'm afraid of revenge, do you think Zhao Yanran will let me go? Zhao Yanran and I already had a grudge, if I back down, she won't let me go and will only press on step by step. At that time, what

will happen to me? Will I drop out of school dejectedly? And even have to leave with a bad reputation.”

For a moment, Yuan Silei couldn't say anything to refute it. She looked at Ye Leng'an and opened her mouth as if she wanted to say something. However, she didn't know where to start.

“I'll be leaving first.” Ye Leng'an packed her things and was about to leave.

“Leng'an,” Yuan Silei suddenly called out to Ye Leng'an, her tone filled with panic. “Are you blaming me?”

She didn't know why, but she had a feeling that after the news of Ye Leng'an and Ye Xiyuan being switched was exposed, she and Ye Leng'an seemed to have grown distant. The two of them had been good friends since they were young. But now, she felt that their relationship was no longer as intimate as it used to be. Now, they were just a little better than strangers.

“I didn't blame you.” Ye Leng'an turned around and said calmly, “We just have different standpoints. Silei, perhaps we've all changed! Our previous friendship was no longer as pure as before. In the future, we'll still be friends. It's just that I don't want you to interfere too much.”

Just like Yuan Silei couldn't understand why Ye Leng'an had to leave the Ye family, Ye Leng'an also couldn't understand why Yuan Silei kept persuading her to get along well with Ye Xiyuan. Since the two of them had gradually drifted apart, there was no need to continue to maintain the so-called intimate friendship.

Although it made Ye Leng'an very sad to lose her friendship with Yuan Silei, she moved on as time passed. In her first life, although Yuan Silei stood on Ye Xiyuan's side in the end, it was a fact that Yuan Silei had saved her once in the end. Therefore, she didn't have any hatred for Yuan Silei. She just felt a little regretful.

It turned out that even though she had started over again, some things would still go according to the original track. It was not something she could control.

Yuan Silei froze on the spot after hearing Ye Leng'an's words. For a moment, she did not know what she was thinking. However, she knew that the moment Ye Leng'an turned around, she seemed to have lost a good friend. But she did not know the reason.

After returning to the villa, Ye Leng'an called Huangfu Ruiling and told him about what happened today. At the same time, she also told him that she hoped the police would handle this matter fairly.

Since Huangfu Ruiling did not allow her to change her household registration, she naturally had to let Huangfu Ruiling fulfill his duty as her guardian!

Besides, even if she didn't say anything, the police would contact Huangfu Ruiling because she was still a minor now! After such a thing happened, the police definitely had to contact her guardian.

Huangfu Ruiling said, “I got it.” After that, Ye Leng'an hung up the phone without any hesitation.

Huangfu Ruiling looked at the phone when the line went dead and smiled helplessly. In the end, he still instructed someone to keep an eye on the police.

After hanging up, Ye Leng'an also contacted Chen Kang.

Originally, she had planned to go to class during the period. That was why she had agreed with Chen Kang to visit Chen Hailan during the holidays.

Since she wasn't going to school for the time being, she would treat Chen Hailan first! The earlier she started the treatment, the better it would be for her to bring this matter to an end.

After receiving Ye Leng'an's call, Chen Kang was a little surprised. However, when he heard that Ye Leng'an had the time to treat Chen Hailan, he hurriedly agreed.

Soon, the two of them agreed to go to see Chen Hailan the next day.

The next day, Chen Kang sent a driver to pick Ye Leng'an up..

Chapter 74: Arriving at the Zhang Family

After Ye Leng'an was picked up by the driver, they arrived at the destination very quickly. Unexpectedly, this was neither a hospital nor a nursing home, but a villa. To be precise, it should be Chen Hailan's house!

As soon as Ye Leng'an entered the house, she saw Chen Kang and Chen Haichao inside. Other than them, there was also Chen Hailan's husband, Zhang Hongguang, and their son and daughter, whom she had met at Chen Kang's house.

At this moment, they were all sitting in the living room waiting, looking obviously anxious.

When he saw Ye Leng'an walk in, Chen Kang immediately stood up. "Healer Ye, there you are."

Chen Haichao followed Chen Kang to greet her.

Watching Ye Leng'an walk in, Zhang Hongguang glanced at Chen Kang with hesitation on his face. "Dad, isn't this the one who treated you previously? "

"Grandpa, is this person reliable?" The one who spoke was Chen Hailan's eldest son, Zhang Hui. There was a hint of dissatisfaction in his tone. "Mom didn't trust this person before, did she?"

He had seen this girl before when he was in Chen Kang's house. At that time, her mother was chased out by her grandfather because she doubted this girl. His grandfather now asked this girl to treat his mother again, he thought this was crazy. He didn't think that a girl younger than him knew how to treat people. They had consulted many specialists about his mother's illness, but those specialists could not do anything about it. He didn't believe that this teenage girl in front of him could cure a disease that even the specialists couldn't cure.

"Brother, be careful what you say." Zhang Yiyi tugged at Zhang Hui's sleeve and persuaded him, "Grandpa must have his own ideas. We should believe in Grandpa."

Zhang Hongguang looked at Ye Leng'an, his eyes flickering with uncertainty. However, in the end, he said, "Dad, since you believe in Healer Ye, then I will also believe in her."

Then, he turned around to glance at Ye Leng'an and said with a smile, "Healer Ye, please forgive Hailan for offending you before. She abruptly fell ill this time, and we have no idea what happened. Please go and take a look at her."

"Dad, why do you believe this liar?" Zhang Hui was even more displeased. "Mom is getting so sick, but you still let such a liar treat her. Moreover, they had a feud before! Aren't you afraid that she'll secretly do something to take revenge?"

Anyway, he just didn't trust this girl.

Ye Leng'an stood there and kept a straight face when confronting Zhang Hui's questioning. She didn't defend herself. As far as she was concerned, she came to see Chen Hailan only because Chen Kang asked her to do so. Now that she had not seen the patient, she naturally would not say that she could definitely cure Chen Hailan's disease.

Besides, it was fine even if they didn't let her treat Chen Hailan. She could leave immediately.

"I invited her here. Are you expressing your dissatisfaction with me?" Chen Kang looked at Zhang Hui and said sternly, "Hailan is not only your mother but also my daughter. Do you think that I will harm my own daughter?"

"Zhang Hui, shut up!" Zhang Hongguang stared at his son and reprimanded,

"What are you talking about? Hurry up and apologize to your grandfather."

"Grandpa, I didn't mean it that way." Zhang Hui's face turned red as he quickly explained, "I just, just..."

He stammered, not knowing what to say. In the end, he chose to shut up because he felt that the more he said, the more mistakes he might make. However, this didn't mean that he believed that Ye Leng'an could cure his mother.

He turned his head to glare at Ye Leng'an, and there was a warning look in his eyes. It seemed that if Ye Leng'an wanted to harm his mother, he would immediately take action.

Ye Leng'an had no interest in this reckless young man who had no brains. She did not even look at Zhang Hui. Instead, she looked at Chen Kang and said, "Where is the patient? Show me the way."

Chen Kang was the one who invited her this time, so she only needed to see the patient. And she didn't really care what the other members of the Zhang family thought.

"She's upstairs." Zhang Hongguang quickly said, "Healer Ye, I'll take you there."

After that, he stepped forward and led the way.

The others followed him upstairs.

Zhang Hui quickly followed. Although there were so many people, he was still worried that Ye Leng'an would use this opportunity to seek revenge on his mother for what his mother had done to her. Also, he didn't trust Ye Leng'an.

Soon, everyone arrived at the room.

At this moment, Chen Hailan was sleeping on the bed. Her expression was very calm and did not look like she had a mental disorder as Chen Kang had said. However, her hands and feet were tied up with soft cloth strips. It was obvious that she was not as calm as she looked on the surface.

“What’s going on?” Chen Kang sounded a little dissatisfied to see Chen Hailan was tied up. “She wasn’t tied up before.. What happened to her?”

Chapter 75: Showing off Her Skills

“Zhang Hongguang, is this how you treat my sister?” Chen Haichao glared at Zhang Hongguang, his eyes flashing fire. “If you don’t want to take care of her, just tell us. We can bring her back to our house. Why did you tie her up like

“Dad, Brother, you’ve misunderstood me.” Zhang Hongguang looked anxious and quickly explained, “If there was a way, I wouldn’t treat Hailan like this. Hailan was fine when she was asleep, but once she woke up, she would hurt herself. Even the servants couldn’t stop her. So, I could only tie her up.” “That’s right! Grandpa, you’ve misunderstood Dad.” Zhang Hui also explained, “Dad comes to take care of Mom whenever he has time. He just doesn’t want Mom to hurt herself, so he has no choice but to do this.

Chen Kang and Chen Haichao still looked displeased, but they didn’t say anything else, which meant they accepted Zhang Hongguang’s explanation.

Chen Kang looked at Ye Leng’an and said with respect, “Healer Ye, I’ll have to trouble you again this time.”

Zhang Hongguang couldn’t help but glance at Ye Leng’an because of Chen Kang’s attitude. A dark light flashed in his eyes.

Ye Leng’an nodded. She stepped forward and was about to stretch out her hand to take Chen Hailan’s pulse. At this moment, Chen Hailan, who was still in a deep sleep, suddenly woke up.

“Let go of me, let go of me! You bunch of bandits, how dare you tie me up! I’m going to kill you all.”

Chen Hailan struggled violently as she cursed. Her face twitched and twisted in anger. It seemed like she really treated everyone else in the room as her enemies and wanted to kill them as soon as possible.

Chen Kang and Chen Haichao had seen Chen Hailan get out of control before, but it wasn’t this serious. They did not expect that in just a few days, her condition had worsened so much.

On the other hand, Zhang Hongguang seemed to be used to it. He immediately turned his head to look at Zhang Hui and ordered, “Call Dr. Li immediately and ask him to come over.”

Zhang Hui didn’t dare to delay. He immediately picked up the phone and dialed the number.

Seeing Chen Hailan go crazy was really frightening. However, Ye Leng'an didn't react at all. She took out a golden needle from her bag and went forward. Before anyone could react, she stabbed it at Chen Hailan.

"What are you doing?" Zhang Yiyi stepped forward, wanting to stop Ye Leng'an. However, she immediately froze.

Under everyone's gaze, Chen Hailan who was very emotional suddenly calmed down and fell into a deep sleep.

Zhang Hui and Zhang Yiyi looked at each other, their eyes filled with hope after seeing the change in their mother. Every time their mother fell ill, the doctor could not calm her down except by injecting her with sedatives. However, this young girl had calmed her down with just a needle. It could be seen that she was really capable.

As expected, the person their grandpa found was very reliable.

After Chen Hailan fell asleep again, Ye Leng'an stepped forward and placed her finger on Chen Hailan's wrist, listening to her pulse quietly. Ye Leng'an looked very calm, and no one knew what was on her mind.

A moment later, she retracted her hand and looked at Chen Kang. "It's just a small matter. It can be cured."

"Really?" Chen Kang was delighted. "Healer Ye, are you really confident?"

Even though he trusted Ye Leng'an, he still couldn't help but feel happy when he heard her reply.

The others also looked at Ye Leng'an expectantly.

"It can be cured," Ye Leng'an repeated. "I can give her acupuncture today. Her condition will improve. However, I still need to go back and concoct medicine for her."

Everyone was very happy to receive Ye Leng'an's reply.

After giving Chen Hailan the acupuncture treatment, Ye Leng'an stood up and left.

To express his gratitude, Chen Kang insisted on sending Ye Leng'an home personally.

In the car...

"Healer Ye, you must know why Hailan suddenly fell ill after taking her pulse today, right?" Chen Kang didn't beat around the bush and said directly, "I want to know the cause of her illness. Please tell me honestly."

Ye Leng'an raised her eyebrows. "I thought you wouldn't ask! "

"Hailan is my daughter. Of course, I care about her." Chen Kang said, "Also, I think the cause of Hailan's illness isn't that simple!"

"You are right." Ye Leng'an said calmly, "She was poisoned."

"Poisoned?" Chen Kang was shocked. If he wasn't in the car, he would have stood up immediately. "You said she was poisoned?"

“That’s right.” Ye Leng’an nodded. “She was poisoned by a very rare toxin that can directly affect her nerve center and cause hallucinations..”

Chapter 76: The Uninvited Visitors

“At this time, as long as someone whispers something into her ear, she will easily fall into the delusion of being harmed. She always feels that the people around her want to harm her so she wants to kill the people around her.”

After hearing Ye Leng’an’s explanation, Chen Kang couldn’t help but take a deep breath. Suddenly, he seemed to have thought of something and asked, “After Hailan recovers, will she suffer any consequences?”

No wonder he was worried. After all, no one knew what would happen to the brain. Chen Hailan’s nerve center had been damaged. Even if she was cured, it would probably be difficult for her to fully recover.

“No,” Ye Leng’an replied calmly. “Since I’ve promised you, I’ll definitely cure her.”

If it was an ordinary doctor, there would definitely be sequelae after the treatment. But since she was asked to be Chen Hailan’s doctor, there would absolutely be no problem.

“That’s good.” Chen Kang heaved a sigh of relief after hearing Ye Leng’an’s reply.

“Don’t be happy too early.” Ye Leng’an continued, “I can indeed cure your daughter, but I can only diagnose the cause of her illness. As for why she was poisoned, that’s your business. You’d better find out why she was poisoned.

Otherwise, even if I cure her this time, she may fall ill next time. You have to know that if the nerves are damaged too many times, no one can guarantee that there will not be any sequelae.”

She was only responsible to treat Chen Hailan’s illnesses, and as for other matters, it had nothing to do with her. She had already done her best to remind him out of kindness.

Chen Kang didn’t say anything else, but from his ever-changing expressions, it could be seen that he was not calm at the moment.

In the next few days, Ye Leng’an stayed at home and didn’t go out. She only called the police station from time to time to check on the progress of the incident.

One day, Ye Leng’an seemed to be in a good mood after hanging up the phone.

Just as she expected, the Zhao family wanted to wash Zhao Yanran’s hands of the affair with the help of their connections. Unfortunately, they never succeeded. The police had officially opened a case to investigate this matter, so it wasn’t easy for Zhao Yanran to settle it simply with an apology. If Zhao Yanran was found guilty, then she would have a criminal record.

“Ding dong, ding dong.” The doorbell rang.

Ye Leng'an couldn't help but frown. She didn't know who would come looking for her. Not many people knew that she lived here, not even the Ye family. As for Huangfu Ruiling, they had just talked on the phone. He would not come at this time.

She really couldn't figure it out, but she still went to open the door.

When Ye Leng'an saw the person standing outside, she raised her eyebrows and smiled mockingly. "What a rare visitor! Zhao Yanran, I didn't expect you to come!"

Outside the door, a middle-aged lady was standing there with Zhao Yanran. She knew that it was Zhao Yanran's mother. Zhao Yanran's face was filled with anger and unwillingness. If it wasn't for the middle-aged woman, she might have lost control and retort.

"Miss Ye, can we go in and talk?" Different from Zhao Yanran, her mother remained very kind without a change of her countenance even though she was not very pleasant to see Ye Leng'an. "I think we do need to have a good talk, don't we?"

"Come in!"

Ye Leng'an stepped aside to let the two of them in.

Although she didn't like Zhao Yanran, she didn't want outsiders to watch her show. Even though this was a villa area and there wouldn't be people coming and going, she still did not want to talk with them at the door.

Soon, everyone was seated.

As the host, Ye Leng'an didn't pour tea or water for them. Instead, she sat there calmly. It wasn't that she didn't know how to treat guests, but she didn't consider those uninvited visitors her guests.

Unlike Ye Leng'an who was calm and steady, Zhao Yanran shot her a fiery gaze. If people could kill others with their gazes, she probably had cut Ye Leng'an into a thousand pieces by now!

"Miss Ye, let me introduce myself first." The middle-aged lady was neither angry nor anxious at Ye Leng'an's indifference. "I'm Yanran's mother. You can call me Auntie Zhao. I've already heard that there's a misunderstanding between you and Yanran. Today, I specially brought Yanran here to apologize to you."

"Mom, I..." Zhao Yanran was unwilling to submit, but just as she opened her mouth, she backed down under her mother's gaze.

"Mrs. Zhao, I don't think there's any misunderstanding between Zhao Yanran and me." Ye Leng'an rested her chin on one hand and looked at them sitting opposite her. She continued, "Besides, I've already handed this matter over to the police. Isn't it against the rules for you to come and look for me at this time?"

She was a little surprised that Zhao Yanran and her mother came to her door. However, it could be seen that Mrs. Zhao played her cards better than Zhao

Yanran..

Chapter 77: One Million

“We can still have a talk whether it’s a misunderstanding or not, can’t we?” The countenance on Mrs. Zhao’s face did not change. She even gave a faint smile. “Whether it conforms with the regulations or not, that depends on the outcome of our discussion! The police are also quite busy. Isn’t it better if we don’t add to their burden?”

“I don’t think so.” Ye Leng’an shook her head with a smile. “Aren’t police officers supposed to help the people? I think they should be happy to seek justice for me.”

There was a gleam in Mrs. Zhao’s eyes when she saw Ye Leng’an’s stubbornness. She still had a smile on her face, as if she did not hear Ye

Leng’an’s rejection at all. “Ye Leng’an, Yanran was indeed at fault this time. However, this was not her intention. She was just misled by those rumors. In the end, the culprit was the most detestable.”

“That’s why I won’t let the culprit off!” Ye Leng’an replied with a smile, “However, Zhao Yanran isn’t innocent for ruining my reputation!”

“Ye Leng’an, since things have come to this, why don’t we get straight to the point?” Mrs. Zhao decided not to beat around the bush since she couldn’t persuade Ye Leng’an. “I believe you already knew the reason why we came here today. We admit Yanran’s mistake and are willing to make compensation. If you have any requests, just tell us directly. Let’s see if we can discuss it properly. As long as this matter doesn’t end up in court, we’re willing to compensate you within a reasonable range for your emotional suffering.”

“Oh, Mrs. Zhao wanted to use the money to make me drop the case.” Ye Leng’an didn’t seem surprised at all. “Then, how much do you think will be enough to compensate me for my emotional distress?”

“Hmph, Ye Leng’an, I knew it. You made such a big fuss just to extort money.” Zhao Yanran, who had been sitting at the side, couldn’t help but say, “One million. Ye Leng’an, as long as you’re willing to drop the case, we can give you one million which you won’t be able to earn in your lifetime.

Zhao Yanran had a disdainful look on her face while speaking. Although she was a little scared when the police first came to her door, she later realized that Ye Leng’an had made such a big deal out of it just to extort money. After all, Ye Leng’an had already left the Ye family and couldn’t squander like before. So, she was definitely short of money now.

What Ye Leng’an said confirmed her guess.

“Yanran, shut up!” Mrs. Zhao quickly said, but she couldn’t stop Zhao Yanran from talking.

“A million?” Ye Leng’an looked as if she had heard a joke. “Zhao Yanran, raise your head and take a good look at this villa. Do you know that this villa is mine and is registered under my name alone? Do you think I need one million?”

“You’re lying.” Zhao Yanran’s expression suddenly changed. “You’ve already been kicked out of the Ye family, how could you have the money to buy such a villa?”

She was definitely unwilling to believe this fact. This neighborhood was well-located, and the houses here were not cheap, let alone the villas. Even if she was the daughter of the Zhao family, it was impossible for her to afford such a villa. It didn’t mean that the Zhao family didn’t have the money, but her parents wouldn’t spend such a large amount of money on her.

Mrs. Zhao was also shocked and suspicious. She had initially thought that Ye Leng’an stayed in the villa for the time being. In the beginning, she didn’t plan to come for Ye Leng’an. However, no matter how hard the Zhao family tried, the police still refused to relent. She had no choice but to discuss it with her husband. In the end, she decided to look for Ye Leng’an.

However, when she heard Ye Leng’an say that the villa was registered under her name, she couldn’t help but feel shocked. Ye Leng’an had already left the Ye family, but she was still able to buy this villa. It was obvious that Ye Leng’an was not as simple as she looked on the surface. She just didn’t know whether it was Ye Leng’an or the person behind Ye Leng’an that was powerful.

“Who told you that I was kicked out of the Ye family?” Ye Leng’an’s lips curled into a mischievous smile. “Did you see that? Let me tell you, I left the Ye family out of my own will.”

“Everyone said so.” Zhao Yanran’s eyes widened, her face filled with disbelief. “How could you..”

“Zhao Yanran, don’t forget what makes you lose this time.” Ye Leng’an raised her eyebrows. “Why do you keep repeating what others say?”

“Ye Leng’an, what can I do to make you forgive Yanran?” Mrs. Zhao stopped Zhao Yanran from being quick-tongued and turned to Ye Leng’an. “We came here with great sincerity. As long as it’s a reasonable compensation, we’re willing to pay.”

No matter what, she had to resolve this matter today. Yanran definitely couldn’t have a criminal record, or else her life would really be ruined. Moreover, if the daughter of the Zhao family had a criminal record, the Zhao family’s reputation would be damaged..

Chapter 78: The Breakdown of Negotiation

“But what should I do?” Ye Leng’an pursed her lips and said, “I don’t want anything. I just want the law to bring justice back to me.”

In the beginning, she really did not want to make a big deal out of it. However, since things had already reached this point, she could not let it go easily. “You...” Even Mrs. Zhao, who had been remaining calm, could not help but feel emotional at Ye Leng’an’s attitude. At this moment, the

smile on her face had long disappeared. “Ye Leng’an, there’s a saying that goes, ‘Take a step back and life will be easier.’ Sometimes, when the time comes, one has to take a step back so they won’t regret it.”

“I only know that if I give them an inch, they will take a mile.” Ye Leng’an smiled wantonly. “Besides, as long as I make the decision myself, I won’t regret it even if I have to bleed.

“You’re young and impetuous now, so, you don’t think it matters. However, this society is very cruel.” Mrs. Zhao looked at Ye Leng’an and said in a threatening tone, “I don’t know how you managed to buy this villa, but I think that you must have spent most of your savings on it! You’re still a student now. When you go to university and get a job in the future, you’ll need money! Moreover, having more friends means more options. Today, if you let Yanran off, you can make friends with our Zhao family and everyone will be happy, isn’t that great?”

Ye Leng’an’s eyes flashed with ridicule after she heard that. She naturally understood what Mrs. Zhao meant. If she was willing to drop the case, she could get a sum of money. On the contrary, if she insisted on suing Zhao Yanran, then the Zhao family would be her enemy.

“Mrs. Zhao, Zhao Yanran and I can’t be friends anymore. Do you think the Zhao family can be my friend? Moreover, even if I drop the case today, I don’t think you’ll let me off. Since we’re destined to be enemies, why should I give in?”

At this moment, Mrs. Zhao’s face had already turned ashen. When she looked at Ye Leng’an, her expression became even more gloomy. “Then it seems you really want to go against the Zhao family. If that’s the case, then don’t blame us for bullying the weak.”

After saying so much, she could tell that the girl in front of her had no intention of backing down at all. Letting them in today was just to play with them. She had never been humiliated like this before. Today, she had a feud with Ye Leng’an.

“Don’t talk in such a high-sounding tone.” Ye Leng’an’s lips curled into a disdainful smile. “Mrs. Zhao, instead of spending the time to negotiate with me here, why don’t you teach your daughter how to behave properly? Zhao Yanran offended me with her arrogant personality today, but she might offend someone else tomorrow. You can’t always clean up the mess for her, right?”

“Ye Leng’an, you...” Zhao Yanran was exasperated. She wanted to retort but was stopped by her mother.

“Yanran, shut up.”

After scolding Zhao Yanran, Mrs. Zhao looked at Ye Leng’an with a darkened face. “Since you are unwilling to drop the case, then I have nothing to say. However, when the time comes, if you lose the lawsuit and end up losing both your life and money, don’t blame me for not reminding you.”

“Goodbye, Mrs. Zhao.” Ye Leng’an immediately showed Mrs. Zhao the door. “I hope that Mrs. Zhao will not come to visit me again in the future. I’m just a student and don’t have much time to socialize. I still have to focus on my studies.”

Mrs. Zhao’s face was ashen as she left with Zhao Yanran.

Although Zhao Yanran felt disgruntled, she had to leave with her mother.

“Mom, why did you let Ye Leng’an off so easily?” Back in the car, Zhao Yanran couldn’t help but complain, “How arrogant she is! She turned up her nose at us. She was just the fake daughter of a rich family. If she hadn’t been switched with Ye Xiyuan back then, she wouldn’t have been qualified to study at Sheng’an High School now!”

“Alright, shut up. It’s giving me a headache.”

Zhao Yanran’s incessant complaints rang in Mrs. Zhao’s ears, and she couldn’t help but rub her temples. Then, she looked at Zhao Yanran, her tone full of disappointment. “It’s already at this point, and you still have the mood to complain. You’d better think about how to deal with the upcoming lawsuit!”

Now that the negotiations had broken down and Ye Leng’an refused to drop the case, the matter would definitely be brought to court. The police wouldn’t relent, and the evidence submitted to the court would all be against Yanran.

“It should be fine!”

After Zhao Yanran calmed down, she became a little scared. “Mom, what should we do now? Will I end up in jail? Mom, I don’t want to go to jail.”

She couldn’t imagine what it would be like if she went to jail. She could not help but start to panic at this thought..

Chapter 79: Being Followed

“Even if you lose the lawsuit, you don’t have to go to jail.” Mrs. Zhao said unhappily, “Under normal circumstances, you won’t be sentenced to jail for defamation. At most, we will compensate for her loss and apologize publicly.” “That’s good.” Zhao Yanran let out a sigh of relief, but she was very dissatisfied.

“You still want me to apologize to Ye Leng’an! I don’t want to.”

“What are you thinking about?” Mrs. Zhao couldn’t help but poke Zhao Yanran’s forehead with her finger. “Although you’re still underage, you’re already 16 years old. If you’re really convicted, you’ll have a criminal record. What are you going to do in the future with this in your file?”

“What?” Zhao Yanran became visibly nervous. She pulled on Mrs. Zhao’s arm and said anxiously, “Mom, what should we do now? I definitely can’t lose the lawsuit. I don’t want to have a criminal record.”

“Now you are afraid.” Mrs. Zhao snapped, “Then why were you so arrogant at Ye Leng’an’s house just now? I wanted to persuade her to drop the case, but you ruined everything.”

“Mom, don’t scold me anymore. I didn’t do it on purpose.” Zhao Yanran pursed her lips and said aggrievedly, “You saw it just now. Ye Leng’an clearly didn’t plan to let me off. No matter how good my attitude is today, she won’t be willing to give up! Since that’s the case, why should I lower my head?”

“There’s no other way now.” Mrs. Zhao sighed, and a dark light flashed in her eyes. “There’s only one way left now. If it doesn’t work, I’m afraid you’ll really be doomed this time.”

“What is it?” Hearing Mrs. Zhao’s words, Zhao Yanran’s eyes lit up.

“She can reject us, but there’s always someone she can’t reject!”

On the other side, after Ye Leng’an sent them away, she went straight into the alchemy room and started concocting the antidote to the toxin in Chen Hailan’s body.

Although the toxin that Chen Hailan was poisoned with was rare, it was not that complicated. Therefore, in less than half a day, Ye Leng’an had already developed the antidote.

However, after developing the antidote, she did not rush to inform Chen Kang and the others. Instead, she calmed down and took out her book.

She had told the principal before that she wanted to study at home. She was not all talk, but she really planned to take advantage of this time to do the Mathematical Olympiad questions. Although she was very confident in herself, it had been a long time since she was a student. To be honest, it was two lifetimes apart. Therefore, she felt that she still needed to brush up.

Unlike others, Ye Leng’an only picked up her book and flipped through it casually. If someone saw this, they would definitely not think that the person in front of them was studying. After all, no one studied in such a superficial way.

In fact, Ye Leng’an remembered everything at just one glance. Furthermore, she was able to draw inferences immediately. This was also thanks to her current abundant spiritual energy. She was really able to get better results with less effort in her studies.

It was already evening. Ye Leng’an stretched her body and looked at her watch. Then she decided to go out and buy some food.

Although she had refined quite a number of Fasting Pills, even if she did not eat anything, she could still use Fasting Pills to replenish herself. This was what she had done in the cultivation world. However, after she was back in the 21st century, she did not like this method anymore. She still wanted all kinds of delicacies, not only to appease her hunger but also to satisfy her appetite.

Not long after she left the neighborhood, Ye Leng'an felt someone following behind her.

Her lips curled into a cold smile and there was a gleam in her eyes. Apparently, the people behind her only treated her as an ordinary high school student! Otherwise, those lousy people wouldn't have been sent over. They didn't even know how to hide.

But they only followed her and did not do anything else. It seemed that she still had to give them a chance! Otherwise, how would she know the person behind them?

The smile on Ye Leng'an's face widened when she thought about it. She walked into an isolated alley.

The people who had been following her looked at each other when they saw that she was moving toward a quieter area. Then, they speed up to follow behind her.

After turning into a small alley, the two people who had been following Ye Leng'an quickly stepped forward and blocked her path.

Ye Leng'an didn't scream or run when she was suddenly stopped. Instead, she calmly turned around to find there were another three people behind her. Right now, she was surrounded by five people.

She couldn't help but feel a little puzzled when staring at them. Did the person behind them think highly of or look down on her? If the person thought highly of her, why these lousy people were sent here? However, if that person looked down on her, she was now sieged by five men. There was no need to send so many people here to deal with an ordinary high school girl..

Chapter 80: The Instinct

Seeing Ye Lengan's dazed look, the man who took the lead couldn't help but frown.

Before coming here, he had thought of many possible reactions, but he did not expect that she did not panic at all after seeing them. Instead, it seemed that she was still in a daze. This situation made him wary. That was because such a reaction was not something an ordinary high school girl should have.

"Say it!" Ye Lengan regained her senses and looked at the people in front of her. "Who sent you here?"

"You..." The leader looked at her warily and said fiercely, "You don't need to know too much. If you want to know, go die and ask the King of Hell!"

As he spoke, he gestured for the others to surround her.

Soon, they were getting closer and closer to Ye Leng'an. It seemed that they could attack her as soon as they made a move.

"The King of Hell?" However, Ye Leng'an didn't panic at all. When she saw the people surrounding her, she didn't even move. Suddenly, her expression changed and a cold smile appeared on her face. "I feel that the person who will be meeting the King of Hell tonight isn't me. It's you."

“Heh, what kind of joke are you talking about?” After hearing her words, one of the men with a wretched appearance acted as if he had just heard a joke. “Do you think you can escape today!? Let me tell you, there are no surveillance cameras along the way, and there are not many people passing by here. If you want someone to save you, then I advise you not to fantasize.”

“I know!” The smile on Ye Leng’an’s face grew even brighter. “That’s exactly why I brought you here!”

“Did you lure us here on purpose?” The leader’s expression changed suddenly.

“What do you think?” Ye Leng’an asked instead of answering.

“Boss, what are you talking about?” The wretched man who had just spoken did not care at all. Instead, he laughed wildly. “Don’t tell me you really believe this little girl’s words! If she really knew that we were following her, it would be too late for her to escape. Why would she choose such a remote place? She must be trying to scare us. In fact, she might be so scared that her legs are weak!”

“That’s right,” another man with a scar on his right eye said. “Lao San is right. She’s just a little girl. If it weren’t for the high price and strong demand from the person behind us, we wouldn’t have all gone out. Boss, don’t tell me you’re still afraid of such a little girl!”

After that, he could not help but laugh out loud.

The others also burst into laughter. They didn’t care about Ye Leng’an at all. In other words, Ye Leng’an was already a dead person in their eyes.

Only their boss was not relaxed at all. Instead, he became even more vigilant. Because he realized that Ye Leng’an was too calm. She was not acting, but showing her real emotion. It was as if she did not care about them at all.

Or in other words, in Ye Leng’an’s eyes, they were just a bunch of insects.

Thinking of this, their leader couldn’t help but have the desire to escape immediately.

His instinct had always been very correct, especially when it came to danger. He had a very sharp sense which could be compared to that of a wild animal. It was also because of this that he had escaped many dangers.

“Run!” The boss gave the order. Then, he turned around and ran toward the main road.

The others did not react timely for a moment after seeing their boss’s sudden move. However, they immediately followed suit.

The reason why that man could become the boss was because he managed to lead everyone to escape danger many times. Everyone knew that their boss had a beast-like instinct that could sense danger.

Therefore, after the boss gave the order, although they didn't know what was going on, they had already subconsciously left.

Ye Leng'an's smile widened as she watched the group of people suddenly flee.

They were really rude! How could they leave before she said anything? However, since they wanted to run, she wouldn't stop them!

The boss was running fast and didn't forget to glance in Ye Leng'an's direction.

When he saw that Ye Leng'an was still standing there still, for some reason, his heart started beating faster and faster. This was much more serious than any danger he had ever predicted before. The only thing on his mind was to leave this alley as soon as possible.

He knew very well that they would only be safe if they left the alley and went to a crowded place. As for the instigation of the person behind the scenes, they could no longer care about it now. Right now, he only wanted to bring his companions and leave safely. He did not want everyone to die here..
