

## G DOCTOR 2781

### Chapter 2781: Drive Away

Upon hearing those words, no matter how well cultivated she was, it couldn't stop Yun Xuexin's expression from changing at that moment. She glanced at Feng Jiu coldly, then her eyes fell on Xuanyuan Mo Ze, who hadn't spoken.

She knew in her heart that it was just wishful thinking, but so what? Feng Jiu was right, Xuanyuan Mo Ze was such a good man, what was so strange about her liking him?

It was just like men and their love for women's beauty, women loving the excellence of men, wasn't that normal?

How can an excellent woman like her with a unique family background, strength and appearance be attracted to ordinary men? Only a strong person like Xuanyuan Mo Ze who exuded the breath of a noble emperor could be worthy of her, Yun Xuexin.

So what if he loved the Ghost Doctor with all his heart? She refused to believe that she, Yun Xuexin, who was excellent in all aspects, would lose to Feng Jiu who came from a small country.

"Senior Brother...." She looked at Xuanyuan Mo Ze and was about to speak when she was interrupted.

"Move out of Feng Manor." Xuanyuan Mo Ze said in a calm voice. He looked at her indifferently: "I will have someone prepare a new courtyard for you."

Women with ulterior motives could not be allowed to exist by his side, even if this person was his Junior Sister, even if she had saved his life, it was still the same.

Yun Xuexin's beautiful eyes opened in disbelief, full of hurt: "Senior Brother wants to drive me away? Senior Brother promised to take care of me, but now you want to drive me away?"

Xuanyuan Mo Ze frowned: "It's not suitable for you to stay at Feng Manor." Even if he didn't understand women's hearts, he could still hear how provocative her words were just now. When she said those words in front of Feng Jiu, her intention was to cause a rift between them!

It's just that she had underestimated their relationship. The feelings that they had developed for each other along the way would not be so easily alienated just by her mere words.

Yun Xuexin looked at him with tears in her eyes, which made her look weak. She spoke in a soft voice: "Senior Brother, if you don't let me stay at Feng Manor, can I stay at your Manor? How can you bear to let me live alone outside?"

Feng Jiu didn't speak, she just looked at Yun Xuexin half-smiling. She wondered how long she could keep the act up! She hadn't expected that she would be unable to hold back when she came out alone tonight.

However, she had to agree that Yun Xuexin was indeed a rare beauty. She looked at the expression on her face, as if she was wronged, her pair of beautiful eyes stared at Xuanyuan Mo Ze with tears in them. If one's mind were not strong enough, they would no doubt soften seeing her like this.

It was a pity that Xuanyuan Mo Ze was no ordinary person and her extravagant hopes were doomed to fail.

"Ah Jiu, let's go back!" Xuanyuan Mo Ze retracted his eyes and didn't look at Yun Xuexin. He held the child with clear blinking eyes, eating his fist with one hand, while he held Feng Jiu's hand in his other and took her away.

Leng Shuang was a few steps behind them. When she turned to leave, she glanced at Yun Xuexin and said coldly: "Young Miss Yun, it is better for people to be self-aware." As soon as she had spoken, she quickly followed her Master's footsteps without looking at Yun Xuexin, whose face had turned pale suddenly.

After she watched them get on the carriage and disappeared from sight, Yun Xuexin took a deep breath. She knew that she had been too restless tonight.

Chapter 2782: Really

In the carriage, Xuanyuan Mo Ze looked at Feng Jiu, who was clearly in a good mood. He was confused, so he asked cautiously: "Ah Jiu, tell me honestly, are you happy?"

He thought that she would be angry, he didn't think that she would look this happy. What was the reason?

Upon hearing this, Feng Jiu glanced at him and saw that he was sitting up with a nervous look on his face as he waited for her answer. So she replied: "What's there to be unhappy about? She likes you, which proves I have a good eye, you are outstanding!"

An outstanding man belonged to her, Feng Jiu. When she thought of this, the corners of her lips twitched happily. When she saw Yun Xuexin's broken heart, she was unable to get her heart's desire, how could she not be happy?

Well, it was in bad taste.

"Aren't you angry?" Xuanyuan Mo Ze heaved a sigh of relief, but he also had some doubts.

"Angry?" Feng Jiu raised her eyebrows: "Why would I be angry? Just because she likes you?" She couldn't help but burst out laughing when she saw his stunned expression.

"Fool!"

How could she forget that this was a thousand year old ice block, one that no strangers should approach! Even though they had spent more time apart than together, she had never doubted that he would find another lover, and give other women special treatment.

When the two of them were together, they rarely blushed or quarreled. In fact, this time when she had returned sulking about this matter, it made him a little worried that she would get angry at some point.

She squinted and looked at him up and down, and said: "We didn't have a good conversation when I came back this time. Your Junior Sister is from an overseas region, you have been over there with your Master and lived with her family. Is there something that happened that I don't know about? Something that you didn't tell me?"

Upon hearing this, Xuanyuan Mo Ze's eyes flashed slightly: "Well..."

"Really?" Feng Jiu's voice raised slightly and she stared at him.

"Well, it's a long story. I'll tell you in detail when we return to the courtyard!" He smiled bitterly as he said helplessly.

Feng Jiu didn't ask anymore when she heard this. So it seemed there really was an inside story that she didn't know about. What could it be that would make Mo Ze promise to take care of Yun Xuexin while she was here? She couldn't help but be curious.

At the other side, more than a dozen corpses on the ground were being disposed of. Yun Xuexin also walked towards Feng Manor as the night deepened. As she thought of what had happened that night, she couldn't help but regret it.

Impulsiveness ruined things. She could still become agitated with her temperament, it showed that the Ghost Doctor Feng Jiu was indeed difficult to deal with.

But, they told her to move out? What should her next move be? As soon as Xuanyuan Mo Ze's words were spoken, there was no room for negotiation. What should she do? How could she break out of this deadlock?

As she pondered in her heart, she heard a faint voice. She paused at that moment and stopped walking towards Feng Manor. She glanced around and backed away quietly, then she went in search of that voice...

Feng Manor.

In the courtyard, Feng Jiu and Xuanyuan Mo Ze were sitting in the room. She looked at Xuanyuan Mo Ze, who had been drinking tea in front of her, and she said: "Didn't you say we will talk about it after we return to the Manor? Yun Xuexin is here for you, isn't she?"

Upon hearing this, Xuanyuan Mo Ze held his teacup and looked at her. He thought for a moment, then he said: "I really didn't know she came for me. I didn't know she felt that way about me. Really, I promise, I have never felt that way for her in the slightest."

Chapter 2783: Kindness is Hard to Repay

Feng Jiu glanced at him: "That's not what I want to know."

Xuanyuan Mo Ze was stunned for a moment, then he said: "She saved my life." He saw her raised eyebrows as she looked at him and waited for his next words. He sighed softly: "It's because she saved my life that she came here with a letter from my Master. That's why I promised to take care of her."

Upon hearing this, Feng Jiu realised this was the reason. No wonder he, who had no respect for his Master, would have agreed to take care of Yun Xuexin. It turned out that there was something she really didn't know about.

"She saved your life when you were beyond the seas? Were you injured? Or did something else happen?" She asked with a frown. He didn't say anything when he returned back then, so she never knew that he had met with an accident when he was away.

"What I did for my Master at that time was very difficult. We were being hunted down. At the time, I was seriously injured and had to avoid those who were hunting me down to kill me. So Master found Junior Sister and sent me to their family so that they could help hide me from those people."

When he spoke about this, he sighed softly: "The force that was chasing us was very strong and powerful. At that time, the Yun Family had risked their clan being wiped out when they protected me. I was also struck with the Golden Thread Heart Corrosion Poison, and it was Junior Sister who had taken the risk to find the item to extract the Golden Thread Heart Corrosion Poison out for me. It was because of this that I was able to survive."

A benefactor's kindness was unforgettable, of course he knew that. However, he always thought that Yue Xuexin regarded him as a Senior Brother, and it was only for the sake of their friendship, he didn't think that...

Feng Jiu's heart couldn't help but raise slightly when she heard this: "Why didn't you tell me you encountered such a dangerous thing when you came back? Golden Thread Heart Corrosion Poison? That is a poison that burrows deep into the bones and blood, in order to draw out the poison you must have..."

She paused and her face changed slightly, but she didn't speak for a while.

"The only way to draw out the Golden Thread Heart Corrosion Poison is to use blood, coupled with Golden Thread Heart Corrosion Poison's favourite Seven Leaf Tip Heart." Xuanyuan Mo Ze said slowly. He looked at Feng Jiu's face and he knew that she already knew of the difficulty Yun Xuexin had gone through to look for the medicine.

"The place where the Seven Leaf Tip Heart grows is highly poisonous, and you need a lot of them." She looked at him complexly and said: "She must have spent a lot of effort in order to get the medicine for you."

Xuanyuan Mo Ze pondered for a while and said: "Although I was seriously injured and fell into a semi-coma at the time, my consciousness was still very clear. So I know that after my Junior Sister removed the Golden Thread Heart Corrosion Poison for me, I lay in bed for several days. I spent about half a month at the Yun Family's home."

Upon hearing this, Feng Jiu looked at him deeply and said: "Why didn't you tell me that you encountered such danger outside? If you had told me that Yun Xuexin had saved your life like this, no matter how much I hate her, I would have saved her some face."

"I was afraid that you would be worried. What's more, my body had already recovered by the time I returned, so I didn't want to tell you and make you worry." He smiled and held her hand, and said: "It doesn't matter. Since you don't like her, we will think of other ways to repay her kindness."

Feng Jiu frowned lightly for a while and thought: Such kindness was not something that ordinary things could repay. Mo Ze was her man, and she didn't want her man to owe another woman a favour.

But, how could she repay this kindness for him?

Chapter 2784: Supreme

"I'll think of a way, I will repay this favour for you." Feng Jiu said. She held his hand: "In the future, don't hide anything from me."

Mo Ze felt a warm feeling in his heart when he heard this: "I'm a man, how can you take care of everything? Don't worry! I will think of a way to repay this kindness."

He was a man, so he couldn't allow her to take care of his affairs. What's more, he was the one who owed the favour, so naturally, he had to repay the favour. He wanted to shield her from the wind, rain and danger. He wanted to protect her forever, so naturally he couldn't allow her to take the lead.

He wanted to protect her so that she would have no worries in her life...

His heart moved slightly. With his current strength at the Celestial Level, maybe he would be considered a strong exponent in this continent, but in order to be considered a strong exponent in the world, a strong exponent that everyone would be afraid of, if he wanted to protect her forever, he would have to become even stronger. Otherwise, if they were to encounter an enemy stronger than them, he was afraid that they would meet their death.

When he thought of this, he looked at her. The person in front of him was someone he placed at the top of his heart, even though he didn't want her to suffer so much along the way but she had encountered so many difficulties and dangers, even if he was reluctant to let her fall, he still had to let her grope and crawl along the way.

Only when she stood at the top of the peak could her strength dominate everything. Only when her strength could kill many powerful people in the world in seconds could she and him be able to look down on the world and not be afraid of anyone!

"Ah Jiu." His voice came out slowly.

"Yes?" Feng Jiu looked at him. When she saw his cold and solemn expression, she couldn't help but be a little surprised.

"This continent will not be our final stop. If we want to dominate everything and protect the people we want to protect, then we must become stronger, until we can stand at the peak of the world."

His voice paused slightly, and then he continued: "So, let's practice together! The way to cultivation is through the Ninth Gate. The Ninth Gate goes beyond the world, the Immortal Ascension Ladder leads to the Immortal Road, the Mystical Glory Sect is divided into Heaven and Earth. We have to go to Penglai Immortal Island again."

Upon hearing those words, Feng Jiu was slightly startled, she hadn't expected him to say such things. After all this time, this was the first time he had suggested that they go to practice together and get stronger together.

"You mean we should go to Penglai Immortal Island and climb up the Immortal Ascension Ladder to the place behind the door to cultivate and improve our strength?"

"Mmm." He nodded and said: "Our strength may be the strongest here, but there are stronger people outside of here. If we want to be fearless of anyone, then we have to stand on top of the world."

He looked at her deeply and said in a deep voice: "I want to give you a grand wedding, so that everyone can share our happiness, so that you will no longer be afraid of anyone in this world. I want to promise you a worry-free life, and if we want to do this, we have to become the supreme exponent."

When she saw the seriousness and determination in his eyes, she listened to the words he said in his deep voice. Feng Jiu's heart shook violently and she didn't speak for a long time. She just clenched his hand until her heart calmed down.

She stood up with determination and a firm belief in her eyes, then she spoke clearly: "Fine! Let's go and practice together! Let's climb the Immortal Ascension Ladder together! Let's go to the place behind the door together! Let's become the supreme exponent in this world together!"

Chapter 2785: Method

"But..." She blinked and said with a smile: "The Immortal Ascension Ladder will probably only appear in another year's time."

"It doesn't matter, we can arrange everything here this year." It would take a year to arrange things, after all, it was not a short journey for them to travel all the way there.

"That's true."

Her heart moved slightly and she said: "Then what about our son? To be honest, his background still hasn't been clarified. I will worry if we leave him behind. But if we take him with us, I worry that no one will take care of him. Moreover, if we climb the Immortal Ascension Ladder, I'm afraid that he won't be able to go up because he isn't at the Immortal Emperor level."

It was purely because of this that she didn't go through the door, what would have happened to them if she had gone through?

Upon hearing this, Xuanyuan Mo Ze stood up and tapped her head: "Where has your usual intelligence gone? Not to mention the little guy, even if you want to bring Leng Shuang, Leng Hua and the others, you can do it."

“Oh?” She looked at him suspiciously, confused.

When he saw that she still hadn't figured it out, he couldn't help but shake his head with a smile: “Have you forgotten that you have a treasure of heaven and earth on you? A self-contained space treasure that can hold life.”

Feng Jiu's eyes widened in astonishment when she heard this: “You mean, bring them all into space and take them there with us?”

“Well, you can use space to take them there. But no matter how loyal Leng Shuang, Leng Hua and the others are to you, you cannot let them know about your space. So, even if you want to bring them into your space, you must do so with them completely unconscious.”

She had the treasure of space in her body, that space was no ordinary space, even the people in her confidante couldn't know about it.

After she listened to his words, Feng Jiu patted her head: “Of course! Why am I so dumb? I didn't even think of this and just kept worrying about it, I'm so stupid, I'm so stupid.”

She patted head and then she cheered up: “Then, if we go, I can take them all there.”

At this time, she was grateful beyond comparison to her nominal Master who had given her this gift back then.

Xuanyuan Mo Ze looked at her with a funny look and said: “Then find a time to pick the people you want to bring and make the preparations.” He paused, then continued speaking: “Make arrangements as soon as possible, then we will find the time to go back and see your parents and my Father to tell them about our plans so they won't worry.”

Upon hearing this, Feng Jiu smiled and nodded: “Well, don't worry! I will make the arrangements as soon as possible.” She looked at him with warmth in her heart and a hint of overflowing sweetness. She took a step forward, then put her arms around his waist and buried her face in his chest.

“Thank you, thank you for everything you have done for me.” She knew it, she had always known it.

The tenderness in Xuanyuan Mo Ze's eyes overflowed when he heard those words. He embraced her with one hand and touched her hair lightly with his other hand, and he said in a low magnetic voice with unconcealed adoration: “Silly.”

In his life, because of her appearance, there were people he wanted to protect. His life had also become different because of her integration. Because of her, he wanted to become the supreme exponent in this world, and only when she was by his side did everything he did become meaningful...

Chapter 2786: Unconscious

As the night got darker, the two of them were about to rest when Leng Hua hurried into the courtyard from outside. When he saw the light in the room was still on, he said immediately: “Master, Hell's Lord, something has happened.”

When the two people in the room heard this, they couldn't help but look at each other. When they walked out, Feng Jiu's eyes narrowed when she saw Leng Hua's body covered in blood: "What happened?"

Leng Hua glanced at Xuanyuan Mo Ze and said: "Master, when Du Fan and I came back, we met Young Miss Yun not far from the gate. She was injured and her steps were unstable, she fainted before we could get closer to her. At the time, it seemed that someone was chasing her. When the person in the shadows saw Du Fan and I, he left. As we saw that she seemed to be seriously injured and was bleeding a lot, Du Fan and I brought her back quickly. Du Fan is now taking her back to the courtyard."

Upon hearing this, Xuanyuan Mo Ze's eyebrows twitched, he didn't know what to think.

And there was a hint of surprise in Feng Jiu's eyes: "How could someone in the city injure her till she passed out?" She glanced at Xuanyuan Mo Ze and said: "Let's go over and take a look!"

!!

Xuanyuan Mo Ze nodded and walked over with her to Yun Xuexin's courtyard.

Leng Hua followed behind them and walked back to the courtyard with them. When they arrived at the courtyard, Du Fan was already waiting there for them. When he saw them walk inside, he called out: "Master, Hell's Lord, the person is already in the room."

They nodded slightly and walked in. As soon as they stepped into the room, the strong scent of blood swept into their nostrils. He was even more surprised when they walked to the inner chamber and saw Yun Xuexin lying on the bed.

The white clothes that Yun Xuexin was wearing was so stained with blood that it looked like it was a red dress. Her dress was torn and she had many wounds. The sight was shocking indeed.

Feng Jiu stepped forward and examined her. After a long time, she withdrew her hand and said to Xuanyuan Mo Ze: "Her internal injuries are quite serious, two of her left ribs are broken, and the rest are just surface injuries. Although there are many wounds on her body, they're not fatal. It's just that she has lost too much blood, so her breath is unstable and her face is pale."

Upon hearing this, Xuanyuan Mo Ze looked at Leng Hua who was beside him and asked: "Did you see who did this to her? With her strength, it is impossible for ordinary people to be able to injure her like this. If there was a fight, it would no doubt have attracted the attention of other people. Send someone to investigate and make sure you find the source."

"Yes!" Leng Hua responded and retreated.

"Du Fan, tell Leng Shuang to come over to apply medicine and bandage the wounds." Feng Jiu instructed Du Fan, who was standing beside him.

"Yes." Du Fan responded and left.

After they left, Feng Jiu looked at Xuanyuan Mo Ze and asked: "Do you have your suspicions?"

Xuanyuan Mo Ze looked at her and nodded without denying: “Yes, I am wondering if the person who injured her came from beyond the seas. But one thing is certain, this person’s strength is on par with Yun Xuexin.”

He walked into the room with his hands behind his back and said: “It’s just, who is the other party? We will have to wait until she wakes up to ask her!” He stopped walking and looked at Feng Jiu: “Tell the Manor to be more vigilant. If you have to leave the Manor in the morning or evening, I will accompany you! It’s better to be a little more careful now.”

Upon hearing this, Feng Jiu smiled: “You don’t have to worry about me. This is obviously not aimed at me, otherwise, why would they target Yun Xuexin? She has probably provoked someone and made an enemy!”

#### Chapter 2787: Suspicions

The two of them spoke in the room for a while, and not long later, Leng Shuang arrived.

“Master, Hell’s Lord.” Leng Shaung bowed to both of them. When she smelt the blood in the room, she glanced inside.

“Go and help her bandage her wounds! Then feed her this medicinal pill.” Feng Jiu handed a bottle to her and glanced at Xuanyuan Mo Ze at the same time.

Xuanyuan Mo Ze was a little puzzled at her glance and asked at the same time: “What’s wrong?”

“Your Junior Sister has been sent back to her courtyard for quite some time, but we didn’t even think about stopping the bleeding first. She has been bleeding profusely, so I guess her body will probably be a little weak when she recovers.” She hadn’t bothered, but Xuanyuan Mo Ze hadn’t even thought about it at all!

!!

But of course, he didn’t care about her, so why would he even have thought about stopping her bleeding even if she was seriously injured? It was only her, who he placed at the top of his heart, would he be nervous and lose all sense of propriety when she was injured.

When she thought of this, her eyes curled into a smile.

Xuanyuan Mo Ze didn’t know what she was thinking about, but he said: “Didn’t you say it earlier? It’s all minor wounds on her body and there’s nothing to worry about.”

It didn’t endanger her life, so before Leng Shuang had arrived to bandage her wounds, she only bled a little. After all, it was impossible for him to apply medicine for her. It would be even more impossible for Feng Jiu to apply medicine for her.

“Well, she won’t die, it’s fine to bleed a little.” Feng Jiu said with a smile: “Let’s go! Leng Shuang will bandage her wounds, let’s go back first.”

When he heard this, Xuanyuan Mo Ze took her by the hand and walked back with her. On the way, Feng Jiu said: "She is unconscious now because of her injuries. We can postpone the matter of her moving out for the time being!" After all, she had saved his life, and it wasn't ideal for her to move out of Feng Manor at the moment.

"You make the decisions." Xuanyuan Mo Ze said: "I have some affairs to take care of at Hell's Palace, so I might be quite busy."

"It's fine! I will send someone to look after her."

Suddenly, Xuanyuan Mo Ze paused slightly, as if he had thought of something. When Feng Jiu saw this, she stopped and looked at him quietly. After a while, she saw him look at her.

"You said that other than internal injuries, she also has two broken ribs?"

Feng Jiu blinked her eyes and nodded: "Yes!" Hadn't she just told him earlier? When she saw his eyebrows twitching slightly, she asked: "Is something wrong?"

Xuanyuan Mo Ze looked at her and sighed softly: "In the days when you were away, she would ask me to accompany her to go out occasionally. She never showed her admiration for me, and I didn't think about her in that way either. I only thought that she would do so because she regarded me as her Senior Brother."

He paused slightly and frowned, then he said with a serious face: "But after what she said on the street tonight, then seeing her injured and unconscious at this time, and the decision for us to postpone her moving out, I can't help but have a bold conjecture in my heart."

Feng Jiu was also a smart person, and his conjecture was obvious to her. Upon hearing this, she was stunned: "Do you mean to say she did this to herself?"

"Mmm."

Xuanyuan Mo Ze responded with a frown. Once the seeds of doubt were planted, he was unable to believe otherwise. Just like he hadn't thought that she would have fallen in love with him and came to him with ulterior motives.

Upon hearing this, Feng Jiu smiled and shook her head: "Impossible." She said with certainty: "I am a doctor, if she injured herself, she would not be able to deceive me."

#### Chapter 2788: Arrangements

She took his hand and said: "Her injuries were caused by an external force, and the location of her internal injury could not have been self-inflicted. The wounds on her body were also caused by an external force blade, that's why they are not deep."

After saying this, she looked at his furrowed brows and asked: "Why would you think that she would do such a thing?"

When he saw her looking at him suspiciously, Xuanyuan Mo Ze said: "Ah Jiu, she is not an ordinary person. The family she comes from is a top class family clan. She is quite famous in the overseas regions. She is about the same age as you, and her strength is already at the level of Immortal Sacred. It is most definitely possible that she did something because she fell in love with me."

He held her hand as they walked, and he said: "Before that, I treated her differently. In addition to the things you know about her, she is also outstanding in all aspects. Such an outstanding person will be appreciated by others wherever she is. And it is because of this coincidence of her being attacked tonight after what she said on the street that I can't ignore the suspicion."

Feng Jiu thought for a while after hearing this, and said: "Well, I will be more careful, don't worry!" If it was as he had guessed, then Yun Xuexin's scheming was out of the ordinary.

!!

A person who dared to deal so ruthlessly with herself was an opponent that couldn't be ignored.

The next day, Feng Jiu woke up late because she went to sleep late the night before. When she woke up, she saw that Xuanyuan Mo Ze was no longer there. So she washed her face and left the room.

"You're awake? I told the kitchen to prepare breakfast, you're just in time to eat it." Xuanyuan Mo Ze, who was dressed in a black robe, was sitting at the table in the courtyard reading a book in his hand, while Shadow One stood in a corner in the courtyard.

She walked over and looked at the breakfast on the table and smiled: "It's everything that I like to eat."

Xuanyuan Mo Ze put the book away after she came out and scooped a bowl of rice for her: "Eat more."

"Last night you said that you had matters to take care of, I thought you would have left early!" She picked up some side dishes and ate them.

"After having breakfast with you, I will return to Ling Manor. I have already told Shadow One to send some people over and I will make the arrangements." He picked some more side dishes for her to eat as he continued speaking: "I will handle the affairs in the Ling Manor. If you need anything, come and find me."

"That's fine." Feng Jiu responded. After she finished eating her breakfast, she wiped the corners of her mouth and stood up: "Go ahead! Don't worry about things here."

Xuanyuan Mo Ze smiled when he heard this, his tender pupils fell on her body: "Don't tire yourself out. I will be back later." Having said that, he left for the Ling Manor with Shadow One.

After Feng Jiu instructed someone to clear the breakfast dishes on the table in the courtyard away, she also left the courtyard and walked to the courtyard where Yun Xuexin was staying. When she arrived outside, she saw Leng Hua who greeted her.

"Master."

"Well, is that woman awake?" Feng Jiu asked and walked forward.

"I was about to come over to inform Master, she has woken up." Leng Hua replied.

Feng Jiu nodded. When she came into the courtyard, she saw Leng Shuang was already there, and she asked: "Leng Shuang, if you are here, then who is looking after Hao'er?"

"Qingcheng is looking after him." Leng Shuang replied.

Upon hearing this, Feng Jiu walked into the room without asking anymore questions. Leng Hua stayed in the courtyard and didn't follow her, while Leng Shuang followed her into the room.

Chapter 2789: Keeping Silent

Yun Xuexin was lying on the bed, her beautiful face was slightly pale and weak at this time. Her eyes were closed and she appeared to be frowning slightly because of the pain from the wounds on her body. When she heard the sounds of footsteps, she opened her eyes slowly to look at the person approaching.

"How do you feel?" Feng Jiu asked as she walked up. She pulled up a chair beside her, then she sat down next to the bed and looked at her.

Yun Xuexin looked behind her and saw that only Leng Shuang was following her. When she realised her Senior Brother hadn't come, a trace of disappointment flashed across her heart. She closed her eyes and looked indifferent: "I'm not dead yet."

Feng Jiu chuckled when she heard this: "Such an injury won't kill you. At most, you will lie in bed for ten days to half a month. But as you are injured, I can't bear to let you move out of Feng Manor. You will stay here for the time being and we will talk about it once you have fully recovered!"

Her quiet eyes fell on her face, but she only saw her closing her eyes and her face was calm and indifferent. She was unable to see anything. Upon seeing this, Feng Jiu sat back leisurely and looked at her on the bed and said: "How did Young Miss Yun get attacked last night? Who did this to Young Miss Yun?"

!!

"I will only tell my Senior Brother." She turned her head slightly and looked at Feng Jiu: "If you want to know, tell my Senior Brother to come and see me!"

"Haha..."

Feng Jiu laughed lightly and played with the strands of black hair that fell on her chest. Her gentle voice had a trace of indifference and banter: "Young Miss Yun's style has really opened my eyes. In all honesty, I have never met a woman like Young Miss Yun before."

Leng Shuang, who was beside Feng Jiu, poured a cup of tea for Feng Jiu. Feng Jiu took a sip of the tea after she took it, then she played with it in her hand and said to Leng Shuang: "It's time to change the bandages for Young Miss Yun."

"Yes." Leng Shuang responded and stepped forward to change the bandages on Yun Xuexin's wound.

Feng Jiu didn't speak anymore but just scraped the tea with the lid of the teacup. She sat there with her eyes closed as she was deep in thought. Yun Xuexin, who was on the bed, allowed Leng Shuang to change her bandages, but she didn't say anything else.

After a while, Leng Shuang had changed all the bandages on Yun Xuexin's wounds and returned to Feng Jiu's side: "Master, they've been changed."

"Mmm." Feng Jiu responded lightly, then she looked at Yun Xuexin and asked: "Young Miss Yun, you've hurt your internal organs, I instructed someone to feed you a medicinal pill last night. I'm wondering if your internal organs still hurt today."

"You expect to see results with just one internal alchemy pill? The Ghost Doctor thinks too highly of your medicinal pills." Yun Xuexin said slowly and looked at her with an indifferent expression.

Feng Jiu nodded when she heard this: "That's right, your internal injuries require a medicinal pill a day in order for you to recover quickly. Otherwise, I'm afraid there will be problems in the future." She said, then with a flick of her hand, a bottle appeared in her hand.

"Seeing as you are Mo Ze's Junior Sister, I will suffer the loss!" She said, then handed the bottle to Leng Shuang.

Leng Shuang stepped forward and took the bottle, then she took a medicinal pill out and came to Yun Xuexin and said in a low voice: "Young Miss Yun, please open your mouth."

Yun Xuexin frowned and stared at the medicinal pill: "What kind of medicinal pill is this? Why does it smell so strange?"

Feng Jiu smiled and played with the teacup in her hand, then she looked at her with raised eyebrows and said calmly: "Young Miss Yun, do you think that I will make a move on you? You are a smart person, how can you think this way?"

Chapter 2790: No...

She took a sip of her tea and said slowly: "If something happens to you on my watch, I won't know how to explain it to your Senior Brother, am I right? Besides, who am I? I am the Ghost Doctor, how can the medicinal pills that I refine be the same as those refined by ordinary alchemists? If I really wanted to hurt you, I wouldn't need to go through so much trouble."

Upon hearing this, Yun Xuexin's eyes flashed slightly. She glanced at Feng Jiu, and there was truth to what she had said. Therefore, she glanced at the medicinal pill and opened her mouth slightly, then she swallowed the medicinal pill.

Feng Jiu's smile deepened when she saw this: "That's right." She didn't leave after she had spoken, but she handed the teacup to Leng Shuang beside her and sat there watching Yun Xuexin lying on the bed.

"You're not leaving yet?" Yun Xuexin looked at her with a frown. Her bandages had been changed and she had also taken the inner alchemy medicinal pill. What was she still doing here?

Feng Jiu smiled: "I'm not in a hurry, I want to wait and see the effects of the medicinal pill first!"

!!

Upon hearing this, Yun Xuexin didn't pay any attention to her but just closed her eyes and rested.

"Young Miss Yun is going to sleep? Didn't you just wake up? Too much sleep is not good." Feng Jiu looked at Yun Xuexin's frowning face as a result of her words. Her lips couldn't help but curl up: "Since Young Miss Yun wants to close her eyes to rest, that's fine. Maybe Young Miss Yun will remember the person who attacked you after a while."

Upon hearing those words, Yun Xuexin's eyes opened and she glanced fiercely at Feng Jiu: "Feng Jiu! What are you trying to do?" Her wounds on her body hurt from her stern shout, and for a while, cold sweat the size of peas oozed out of her forehead and her face became as pale as a sheet of paper.

When she saw this, Feng Jiu reached out and sealed her acupuncture point: "Young Miss Yun, you are injured, it is not advisable for you to get angry like this. Also, don't move around too much or you'll move your broken ribs and it will need reattaching, which will not only be troublesome, but painful."

Her acupuncture point was blocked and she was unable to move her body. Yun Xuexin stared at Feng Jiu: "What did you do to me? Quickly, unblock my acupuncture point!"

"There's no hurry." Feng Jiu shook her head, then she looked at her and asked: "Young Miss Yun, I have a few questions to ask you. After you answer my questions I will unblock your acupuncture point."

She looked at her, her eyes narrowed slightly and she smiled: "Does Young Miss Yun know the person who attacked you?"

Yun Xuexin answered almost instinctively when she heard those words: "I do." But, when those words escaped her mouth, her expression changed and she pursed her lips tightly. She stared at Feng Jiu with cold, stern eyes, but she didn't speak again, as if she was afraid that if she opened her mouth again she wouldn't be able to control what she said.

When she heard those words, Feng Jiu's smile deepened: "So you know the person! Then, is the person who attacked you your enemy?"

Big beads of cold sweat fell from Yun Xuexin's forehead. Her face was even more pale and she looked like she was going to faint any moment. She didn't open her mouth, her teeth were clenched tightly and her lips pursed as she stared at Feng Jiu as if she wanted to devour her alive.

Feng Jiu didn't care. She lowered her voice and asked again: "Young Miss Yun, is the person who attacked you your enemy?"

Yun Xuexin, who was lying on the bed unable to move, felt that there were words in her mind that wanted to rush out. She tried to suppress it, but in the end, she was unable to control herself and said: "No..."
